From subscriber Wayne W. Bates, a former resident here who now lives in Fairfax, Virginia, comes this tidbit of info about still another Bovina.

This one, sez Bates, is in New York, Delaware County, and that town's name came from the Latin, "because of fitness for grazing."

Bates adds that his source is "The Origin of Certain Place Names in the United States,' Department of the Interior, \* United States Geological Sur-

So, the name of Our Town isn't as rare as we once thought, but it's still highly unusual. Remember, there's a town with a name the same as Ours in Mississippi. That area, too, is known for its good cattle

grazing. We daresay that if they'll let us pick the acreage we can run more cattle to the acre than either of those places. We would, given the opportunity for such competition, select the site of one of the area feedlots, needless to say.

Bovina Businesses Football Contest, now in its 12th year, got off to an impressive start last week. Vera Cox, we'll guess, was the happiest of 219 entrants. She "just" picked 10 out of 10 winners. That earned her the first place weekly prize money as she was the only one of the record number to accomplish that coveted goal. Also, it put her in the lead for the contest grand prize. She now has 10 total points, of course, and the closest players to her are a step back at

Billy Whitecotton is a tough contestant. He got only six right opening week, but says he'll be right back this week trying to do better. We tried to encourage him to "give up" since he was already so far behind. Not Whitecotton. He wouldn't

go for it. Said he was going to "hang right in there." "Aw, I'm just playing for fun, anyway," he said with a

determined look in his eyes. At Friday night's football

game, a part of the public address announcer's pre-game speech had to do with the game officials' 'experience and integrity."

The fellow sitting next to us commented quietly, "We're not doubting their integrity, it's their eyesight we're concerned

The second round of high school football action will be staged Friday night. Bovina's Mustangs go to Friona for their annual session with the Friona Chieftains.

The Bovina team will be the underdog in the Parmer County battle since the Chiefs are in Class AA and have won about 80 per cent of the games between the two schools since they've been participating in 11-man football.

The Mustangs are the only one of the four Parmer County schools to play each of the others. Bovina meets both Class AA Friona and Class B Lazbuddie on consecutive weeks in pre-district play and then takes on fellow District 3-A member Farwell later after the "play

for keeps" starts. Though there's no Parmer County Football Championship as such, except in our imagination, the Mustangs could certainly lay claim to that such dreamed-up title by defeating each of the other three teams. Such a feat would be just as

nice as it is unlikely. The Mustangs of '70, for instance, just five games all year and three of those losses happened right here in the boundaries of our own county.

This would be a good year to get that situation reversed, or at least changed to some extent, in our estimation.

It goes without saying that if we're going to win all the games against Parmer County teams this year, Friday night is the time to start.

\* \* \* \* \* Football fans who enjoyed the shirt-sleeve weather for the game Friday night at Boys Ranch will do well to remember how comfortable they were

A fee of \$2 per vaccination will be charged pet owners for the service.

City license tags for pets may be purchased at City Hall for \$1 each after the rabies shots have been administered. Dogs not tagged may be picked up by the city if complaints are received, officials say.

Revised plans of the facilities for the park complex, which include a community center and a swimming pool, have increased the overall cost to an estimated \$200,000. The city is seeking, and expects to get, a 75 per cent government grant. This leaves the community's portion at \$50,000. However, the land, some 20 acres, has been valued at \$20,000, leaving the \$30,000 in cash to be raised.

potential donors.

Dr. B. L. Russell, Clovis are being asked by volunteer workers to contribute cash or, in the case of farmers, acres of crop, to the drive.

The overall cost of the project has increased during the planning stages of the past several months. Initial estimates were in the \$120,000 neighborhood, but additions have been made because of suggestions of governmental agencies involved.

The community complex will be located on land now owned by the city on Running Water Draw, south of Highway 60 on the town's west side.

City officials, headed by Mayor Chas. W. Flynn, have been working through the Panhandle Regional Planning Commission in Amarillo to obtain the federal funds for the new

facilities here. Contributors to the fund and the amounts through mid-week are Ralph Roming, two acres of milo; Mrs. Thomas Rhodes, \$50; Lawlis Gin Co., \$300; Edwin Lide, one acre of milo; Thomas Ware, two acres milo; Wayne Spears, \$50; Birkelbach Machine and Pump, \$25; G. D. Anderson, Jr., \$500; Tom Bonds, \$300; Bovina Gin Co., \$400; Horn Insurance, \$100; H. J. Charles \$300; Dolph Moten, \$100; Charles Flynn, \$500; Edward Isaac, \$100; First State Bank of Bovina, \$500; Don Spring, \$500 and Big Nick Trienen, \$100.

For record-keeping purposes, an acre of milo is valued at \$150.

The drive is sponsored by Bovina Chamber of Commerce and Agriculture. Area leaders for the drive, which were appointed by Lawlis last month, include Ware, west of town; Tom Caldwell and Roming, south of town; Lide, east of town; and Jim Russell, north of town.

Lawlis and Johnie Horn are in charge of contacting business people. Mrs. Vernon Estes and Mrs. George Cervantez are contacting individuals in town for their donations. The architect's plans for the

complex are available for public inspection at City Hall. Total square feet in the community center building is 5,328. An additional 1,086 square feet A complete report of Bull is included in an entry porch and a covered terrace.

TEN YEARS AGO September 13, 1961

Out of 139 entries in last week's Bovina Businesses Cotton Bowl Football Contest, one had all 10 correct winners. It belonged to Paul Jones. He was awarded \$5 first prize money. An inspired herd of Bovina Mustangs battled the Farwell Steers on even terms Friday night after they had given the highly-favored team from the county seat a touchdown early in

The touchdown, which came from the throwing arm of quarterback Leon Lovelace, was all Farwell could muster against the determined Bovina team, but it was enough for a 6-0 victory --- the seventh in a row for the Steers over their long-time

Boyina's first 1965 bale of cotton was ginned yesterday afternoon at Bovina Gin Co. Produced by Arnold Hromas on his farm a mile west of town, the cotton was hand pulled by a large crew which started work yesterday morning.

Much more excitement and publicity such as occurred here last week may cause the change of the nickname of Bovina from Bull Town to Snake Town.

It all started Tuesday afternoon about 1 p.m. at The Spudnut Shop on Main Street. Mrs. Lula White, owner of the shop, was near the back door of the building when she heard a hissing sound. She started to open the back door to check on the sound and saw a rattler, a three footer with seven rattles!

In the field of four who had all 10 right in Bovina Businesses Cotton Bowl Football Contest were Larry Mitchell, Scott Gober, Pat Whitecotton and Barbara Griffith. Miss Griffith won the \$5 first prize by naming all 10 correctly and missing the tiebreaker by only 10 points.

Almost before they have time to lick their not-too-serious wounds from the Farwell game, the Bovina Mustangs take on their second strong Class A football team in as many Friday nights this week when the Springlake Wolverines come clawing into the Pony pasture.

## Letters

Mr. Dolph Moten Bovina Blade Bovina, Texas 79009

Dear Dolph:

Most Texas newspapers and an unfortunately large number of our citizens reacted to our position on the wage-price freeze, as it affects State employees and teachers, on the basis of emotion, without realizing that there were very good, logical and legal reasons for our position -- reasons which compelled us to take that po-

The issue is not, as has been suggested by many, that we or the State of Texas oppose any reasonable means of curbing inflation. Nor is it that we want special treatment for our State. its employees or teachers.

It is simply a question of whether Texas will be treated in a manner consistent with other States, almost all of which have already had pay raises go into effect for their employees in the past year, whether the Governor is supposed to protect and defend the Constitution and laws of his State, or simply forget his oath of office, and whether the Congress actually could authorize, or did authorize, the President to void State

Indeed, we in Texas have been in the vanguard of the fight against inflation and recession. We operate under a spend-asyou-go budget, unlike the federal government's inflationary policy of deficit spending, which put this nation more than \$20 billion in the red last year.

We have cut spending wherever possible and even vetoed the entire second year of the biennial appropriations bill so that we could reduce spending to more sensible levels. We have prevented the enactment

of unnecessary taxes which would have placed an added burden on the already economically strained pocketbooks of our citizens. And, more than a year facility. ago, we called on the Republican Administration in Washington to revise its failing economic policies in favor of wellplanned, reasonable wage and price controls.

complex legal problems involved which make it difficult for the people to understand the action we took. Hopefully, greater understanding of the necessity for our action will become apparent as more and more people acquaint themselves with the facts.

Fryer chickens are a good buy in many markets, the specialist says. Egg prices are a bit lower, so now is the time to include eggs in family meals. At the dairy counter, look

for good buys on cottage cheese,

American cheese and yogurt. New crop red and golden apples, reported in large supply this year, have just arrived at most markets. Pears, plums and grapes are also in good supply. Additional economical selections include bananas, purple prunes, cantaloupes, water-

melons and nectarines. Mrs. Clyatt suggests you enjoy locally grown fresh vegetables while they last --- okra, peppers, eggplant, squash, field peas, and lima beans. Dry onions, celery, cabbage, carrots and potatoes are in good supply. Also look for varieties of hard shell squash and new crop sweet potatoes now on the market.

learn from others." Mrs. Aikin stressed the need to organize a community council to help solve community problems and get people to become involved in community affairs. She listed various projects that could be considered by women's clubs including activities in ecology and education. "To strengthen our-

rather than protest, open the door outward for federation," was her concluding remark. Mrs. Aikin has belonged to Texas Study Club in Denver City for the past 17 years, serving in all elective offices of the club. She has been on the Caprock District board for the past 11 years and on the state board for the past four

> In a business session of the organization, the club accepted the second place plaque in the Bull Town Days parade and set the date for a rummage sale later this month. The sale will be held at the old Charles Oil building on Third Street Friday, September 24. ### Bovina Area Churches Welcome You

Church Chuckles by CARTWRIGHT

"The financial pressure gets worse every year trying to think up new excuses!"

#### JUSTICE

Jesus told the Pharisees they had neglected justice. When Jesus accused the Pharisees of neglecting justice he meant they did not concern themselves with rights of others, especially the poor. Micah told decadent Isrealites that their burnt offerings were useless because the Lord required justice, steadfast love and kindness to others, as well as walking humbly with God (Micah 6:8). Zechariah urged them to "render true judgements, show kindness and mercy each to his brother, do not oppress the widow, the fatherless and poor, and let none of you devise evil against his brother in your heart" (7:9-10). As we view our relationship to God and our fellowman, one of the weighter matters of which Christ spoke is serving and attending the rights of others, especially the poor and helpless. In this way we participate in God's reconciliation of the world to Himself, for we bear the spirit in behalf of the world. When we love mercy, will do justly and walk uprightly, then, and only then, will our religion be of benefit to mankind.

Cecil Bunch, Minister Bovina Church of Christ

### On The Farm In Parmer County

By R. MACK HEALD County Agent

During the past several days fall armyworms have been reported on lawns and certain crops in the Panhandle area. Infestations are generally light and spotted but producers and homeowners should pay careful attention in case damaging infestations develop.

Fall armyworms feed on

grasses and other types of lush growth. Small grains planted for fall and winter grazing are especially susceptible to damage by this pest which is mainly a night feeder.

The larval or "worm stage" may last for 10-25 days during which time they may reach 1-1/2 inches in length. When small grains, native and lawn they are full grown the worms

### LEGAL NOTICES

-- LEGAL NOTICE --All brands and marks on Texas livestock must be rerecorded with County Clerks after August 30, 1971. Producers will be given a sixmonth period (August 30, 1971 through February 29, 1972) in which to register these brands and marks and the location on the animal which they are currently using, after which time any unrecorded brand will be available for use on a "firstcome" basis.

The law further states that all such brands and marks

burrow into the soil where pupation occurs. The larvae or worms may vary in color from pale green to almost black. The worms have two characteristic markings. Three parallel yellow lines extend along the back. A prominent white inverted "Y" also appears on the front of the worm's head.

Large numbers of all armyworms can destroy entire fields or lawns and then often invade adjoining areas. Buildups are generally heaviest after cool, wet weather. However, when host plants are limited by dry weather, fall armyworms may be found in large numbers in grain sorghum or small grain fields. Areas that have been irrigated or that are in lush green growing condition are especially vulnerable to infes-

common name by their habit of moving in large numbers in search of more favorable feeding conditions. These larvae can often be seen crawling across turnrows and irrigation

Producers and homeowners are urged to pay close attention to their small grains, grasses and lawns and carefully examine any signs of possible feeding activity of this pest. Insecticidal control of fall armyworms is accomplished most effectively when larvae are small.

right during this six-month period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded

in his name. It should be noted that it is illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

When the brand or brands are recorded, the location on the animal on which the brand is to be applied must be designated. If the brand is to be applied to more than one location on the animal, it must be so recorded and each additional location for the brand on the animal shall constitute a separate recording of that brand.

There is no limit to the number of brands and/or marks which may be recorded in a county by a person as long as requirements of this law governing the recording and rerecording of livestock brands Armyworms receive their are met. Minors may have marks or brands separate from that of the father or guardian, which must be recorded or rerecorded as provided by the

new law. The County Clerk of each county shall have this act published in some newspaper of general circulation in the county for a period of 30 days. The act shall be published on the effective date, August 30, 1971, and thereafter for 30

# Mustangs Throw Roughriders In Opener

### Bovina Gets Early Lead

In spite of opening game mistakes, the Bovina Mustangs rang up a 27-19 win over the Boys Ranch Roughriders there Friday night to get the 1971 football campaign started off on a winning note.

The Ponies of Coach Gib Hough parlayed a big third quarter, which produced 21 points, and a tough defense to earn the win over the Class AA Roughriders.

The host team got its offense into gear in the final period and scored all its points then, However, the 18-point total was too little and too late to overcome the 27-point margin the Bovina boys had built up in the first three stanzas.

Four of the Roughriders' points were made on two safeties while the Mustang offense was crowded near its own goal

The Mustangs got on the scoreboard with 6:45 remaining in the first quarter. They took advantage of a BR miscue to get possession on the Roughrider four yard line. Three plays later, with the ball on the five, Bill Shelby sailed into the endzone for the six-pointer and the lead the Maroons never gave

Kim Rundell missed the extra point try, his only failure of the evening out of four attempts.

The Roughriders were facing fourth down on their own 15 when a bad snap from center on an attempted punt was recovered by Hugh Rogers, giving the Mustangs possession and setting up the opening

During the remainder of the opening period and in the second quarter, the Mustang offense showed sparks of brilliance, but penalties and fumbles snuffed out the sparks almost as quickly as they appeared.

Early in the third period, the Boys Ranch boys got off to a good start and worked their way down to the Bovina 21-yard line before losing the ball on downs. From there, the Mustangs went 79 yards to paydirt and their second touchdown in eight plays with Jeff McCormick, running out of the tailback position, and Shelby, playing quarterback, eating up most of the real estate.

McCormick carried on the first three plays, netting 10 yards and a first down on the for two yards. 31. Fullback Shannon Davis a five yard penalty against BR | was good for 17 yards and was

made for another first down at the Bovina 42, McCormick then roared for 14 and Davis got two more to put the ball at the host team's 42. Then Shelby broke loose on a 40 yard jaunt that was halted only two steps from the endzone to set the stage for Davis' two-yard scoring plunge.

Rundell's kick was true and the Ponies were in command of the game, 13-0.

Only seconds later, the Bovina men took advantage of another Roughrider misplay to get possession of the pigskin on the 16-yard line. The kickoff was returned from the 10 to the 16, where it was fumbled and the Mustangs recovered. McCormick dashed for six yards and then five more. However, he fumbled on the second carry, but Tackle Rex Beardain covered the loose ball to retain possession for the Mustangs. Then, from the five yard line, Davis sailed through the center of the line for his second six-pointer in less than a minute. Rundell's kick made the count 20-0.

Ronnie Steele, playing in the defensive secondary, set up the Mustangs' final score with a to salad, applesauce cake, milk. pass interception and a return of some 35 yards to the BR two-yard line. McCormick cut the distance in half and then Rundell dove over the goal line for the tally. When he kicked the point, the score was 27-0 and Bovina fans had a secure feeling about the game.

The Roughriders were only beginning to play offensive football, however, and while they didn't threaten to overtake the lead from Bovina because of a lack of time, they put 18 points on the scoreboard before the final whistle sounded.

They got their second of two touchdowns with 2:14 remaining in the game on a one-yard plunge by Marlin Rogers. For the dual extra points, Quarterback Walter Reese threw to James Brower.

McCormick was the leading ballcarrier for the Mustangs with 101 yards in 16 carries. Shelby, running from both the quarterback and tailback positions, made 81 yards in 14 tries. Davis was handed the pigskin eight times and picked up 23 yards. Larry Wiseman and Al Delgado each carried one time

Parmer County Rivalry --

# Ponies Meet Class AA Chieftains Friday Night

their second Class AA opponent in as many weeks Friday with the Ponies set to meet Friona Chieftains in Friona at 8 p.m.

Although the Mustangs won a comparatively easy decision over Boys Ranch Roughriders last week, they can expect much tougher competition from their Parmer County rival this week. The Chieftains will be favorites in the tilt for several reasons: they are a Class AA team, they are a much larger team than the Ponies and had a fairly easy win over the Farwell Steers, 26-18, in their season opener last week.

Area football "experts" have predicted that "... Friona will deal its share of misery this fall, but will lack the horses to make much noise in 3-AA."

Mustang Coach Gib Hough says the Chiefs will be much bigger and stronger than the Mustangs and appear to have a sound defensive club. Hough says the Mustang defense will have to be in top shape Friday night to contain the larger Chieftain team.

Coach Bob Owen of Friona has only one offensive starter returning from last year's team that finished with a 6-4 season record, According to reports,

Bovina Mustangs will take on | he has no defensive starters returning.

Carroll Cook, 5-11, 170 pound senior tackle, is the lone returnee from last year's team and is expected to be one of the more outstanding boys in the line for Friona, Johnny Bandy, 6-0, 155-pound junior, will get the nod as starting quarterback for the Chieftains.

In the past 11 meetings between the two Parmer County towns, Friona has won eight games out of the 11.

The 1951 score was Chiefs, 52, Ponies 6; in 1952, it was Friona again, 53-6; 1953, Friona squeaked by Bovina, 6-0; and in 1954 Bovina won their first game, 47-13, and continued in 1955 with a 13-0 decision over the Chieftains. In 1956, Friona got their revenge with a 52-6 lickin' over the

hapless Ponies. The series was discontinued until 1962 when the two teams met again at Friona with Bovina coming out on the long end of the 35-6 score. In 1963, Friona took their revenge again, trouncing Mustangs, 38-

It wasn't until 1966 that the two teams met again, with the Chieftains blanking the Ponies, 13-0; and in 1967, Friona de- | fense to improve, both the runfeated Bovina again, 28-7.

The competition between the two neighboring towns was again dropped until last year with Friona topping the Mustangs, 27-7, at Friona. This will be the second of

three non-district clashes for

In regard to the Boys Ranch game, Coach Hough said his team was fortunate to win. Hough praised the offensive play of Jeff McCormick, junior fullback, who "did a real fine job of running the ball for

"We are going to have to eliminate our mental mistakes to beat Friona," says Hough. "At times we showed some real fine aggressiveness, but I believe we had the first game jitters and it caused some fumbles at bad times along with

The Mustangs came out of the Boys Ranch encounter in good shape physically. The lineup is expected to remain the same for Friona as it was for last week's game. Hough said the addition of Eddie Pesch, who just enrolled in school this
