Stopped Proceedings.

A suit for divorce was stopped in an unusual manner this week. The case is that of J. M. Butler vs Annie Butler, both suing for divorce and both asking for the custody of their child.

The case was up before Judge Davis Saturday, but he failed to make any orders and the suit is still pending. The father had the child in charge and the mother was trying to get possession of it. By some strategy she got possession of the child here in town Saturday night, then slipped off to Appleby where she took the train and lit out for the Indian Territory, Arkansas, or some other distant country, thus putting an end to the divorce proceedings for the present and completely outwitting her opponents. Geo. F. Fuller, Esq., was attorney for the plaintiff, the husband, and he says that it is the first time he ever lost a case in that manner.

L. H. Shelfer speaks very favorably relative to the tobacco soils of this section of Texas. He says the sandy loam is adapted to the culture of the wrapper and can grow as good wrapper tobacco as can be grown in Cuba. This affirms the Gazette's contention that Woodville has only to undertake it to become the seat of the tobacco industry of the State. There is immense profit in the culture of wrapper tobacco and this industry will be the solution of the boll weevil question for this country at least. The weevil that has wrought such havoc with the cotton crop does not like to chew tobacco. The only insect that assails the weed is the worm and a little paris green puts a quietus on his depredations.—Woodville Gazette.

When cotton fails, and hard work on the farm the year round produces almost nothing, it is not a difficult task to decide what to do when good bookkeepers and stenographers are so scarce, and their salaries are so high. Yet not one in five hundred is shrewd enough to prepare himself for higher wages. He in work. When he has a grade institution in his business, at risk

Jack Veach Dead.

Mr. A. J. Veach, commonly known as "Jack" Veach, died at the residence of his daughter, in this city, last night and will be buried at Fairview cemetery this afternoon.

Mr. Veach was an old citizen of Nacogdoches and was a veteran of the Confederate army, in which he did four years of valient service. He was a member of company J. 4th Texas Cavalry, Sibley's brigade. He was in the campaign of New Mexico and Arizona, and his comrades say he was a gallant soldier. He leaves many old comrades to survive, him who regret his death.

For some time back he has been in declining health, and recently moved to town since which time he has been confined to his room until the grim messenger called last night. Peace to his ashes.

Notice.

Mr. Stanley H. Watson, of Houston, Tex., will be here on Saturday, Oct. 31st at 3 p. m. And it is solicitous of a good attendance. Mr. Watson is the Industrial agent along the fruit and truck belt of East Texas, and has something good to tell the growers in regard to Canning Factory, marketing etc. And I especially ask the attendance of every business man in Nacogdoches if possible to come out and hear what he has to say. He has some new ideas to present to the fruit and truck people, and writes me, it possible to have all lines of business represented. Speaking at the Court house.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at-home, esteem this remedy very highly and very few are willing to take any other after having once used it. DREDGING of the Buffalo Bayou is about to commence again, and Houston expects to have deep water at her very doors in a few months. Let us hope that her brightest dream may be realized.

SEVERAL small deals in Nacogdoches oil lands have taken place during the past week, some of the lands selling as high as \$150.00 per acre. There is talk of some more rigs being set up soon.

THE Endowment Rank, Knights of Pythias, on Sept. 30, 1903, had on hand, in excess of liabilities, assets amounting to \$492,501.39. There is no safer life insurance, and the cost of carrying it is light.

THE Cuero Record has obtained the information that the tobacco crop of Nacogdoches experiment station has been sold at 40 cents a pound yielding a net profit of \$144 per acre, or \$864 for the six acres planted. The fact is, the crop has not been sold, but in all things else, the Record is probably correct.

RUSSIA is figuring America totally out of the Manchurian deal and the door is shut tight. The Russian bear trainer has simply outwitted Secretary Hay. PRESIDENT ROOSEVELT has issued his proclamation convening both houses of Congress in extraordinary session on the 9th day of next November at 12 o'clock noon. The object of this extra session is the consideration of the Cuban reciprocity treaty, in pursuance to a resolution passed at the last regular session of Congress. No other subject is mentioned in the President's call, it evidently being his desire to have the matter of reciprocity disposed of before the movement of this year's Cuban sugar crop.

THE saloon men turned a trick on the pros of Angelina county and maystave off the enforcement of prohibition a few weeks at least. An injunction was secured after the third trial, being granted by Judge Pope, of "Jim Crow" fame, at Beaumont last Saturday. Papers have been served on the newspaper and the county Judge at Lufkin, returnable to the next term of district court in Angelina county. This will delay the matter at least a month, but the pros have implicit confidence that Judge Davis will dissolve the injunction and that prohibition will become effective in Angelina county in December. The antis presented their petition first to Judge Hamblin, then to Judge

When the Nacogdoches county people voted for prohibition they did so because they want prohibition, and having adopted it they are going to have it, all the devils of hell to the contrary notwithstanding.—Nacogdoches Sentinel.

Oh, you'll find out, Colonel.

You can stand on any corner of the city now and see Houston grow.—Post.

You can stand in our orchards and hear our fine fruit trees grow.—Lufkin Herald.

Nacogdoches' folks are too busy to be standing around. The city is growing so fast that every body has to hustle to keep up with it. As for the fruit trees, we have 'em, thousands of them, but they know better than to grow in October, even if their owners had time to stop and listen.

Just what to say at funerals is a serious proposition that the clergy has to contend with.—Texas Coaster.

Just what to say to the bill collector on the first of the month is a far greater problem.—Floresville Chronicle.

At a funeral say "how natural." On the first of the month say "call again on the fifteenth of the month." Say, what's a good thing to say to one's wife at 3 a. m.—Houston Post.

"Please go way and let me sleep."

It is announced that the Germans of Austin are to have a spiritism seance soon. The Germans are too solid flesh, bone and muscle, and too material in their thinking to indulge in interviews with disembodied spirits. This meeting is rather extraordinary for that phlegmatic nationality.—Austin Statesman.

That's an extraordinary statement for as well informed a paper as the Statesman. The German nation leads in metaphysics, psychology and music, and if those three do not indicate a spiritual temperament what does?

THE antis and pros of Nacogdoches county have contrived to hatch up some of the bitterest feeling that has been felt in that county since the first days of populism. In doing this both sides do wrong. It is a constitutional privilege that is guaranteed to each of us to vote as we please and no man should become offended with his fellowman because of the way he would vote. This way of getting mad at another man for the way he votes shows the littlest kind of narrowness.—San Augustine Visitor.

Progressive Farming

To the farmers and merchants of Nacogdoches county.

Conditions have changed so materially in the past two years that it is necessary for the farmers to adopt a more modern and progressive system of farming.

It has been demonstrated beyond a shadow of a doubt that the old one crop system is a failure, and that the only logical thing to do is to adopt a rational system of diversification. We have proven that East Texas will produce as fine fruit and vegetables as any country in the world. This industry has passed beyond the experimental stage and as far as the production is concerned the business has developed into a certainty.

Having arrived at this certainty of production, however, has not solved the question. The greatest problem connected with this industry remains to be solved. The question of markets; selling our products after they are made. This problem is going to take time, patience and hard work to solve, and to do so at all will require the united effort and hearty co-operation of all those interested.

I know that the result of our last crop of truck was bad and that our farmers lost time and money on the crop. I know that the result was discouraging, but the people of East Texas are not weak enough to allow a temporary failure to drive them out of business. It has been indicated that there are some people who would be delighted to see the fruit and truck business abandoned by our people. I believe that we can grow fruit and truck and make money by doing it, and I want the Farmers of Nacogdoches to meet with me on Oct 31 to discuss these question and plans for another year.

Wonder if Judge Pope would not give the Herald an injunction to stop the Tribune from advertising, if the Herald will swear that the Tribune is injuring it (Herald's) business? It is all left to the way the mind of the Judge leans. There is no statute which says he shall or shall not.—Lufkin Herald.

We hadn't never thought about that. Next time the Plaindealer gets to pestering us we mean to have it "enjoined."

Teachers' Association.

The Houston East and West Texas Teachers Association, extending all along this line of road from Livingston to Louisiana, has been called to meet in Lufkin on the last Friday and Saturday in November.

As our teachers were royally entertained at the May meeting of this association in Nacogdoches, we know the people of Lufkin will open their homes to entertain these visiting teachers in November.

Lets all treat them so well that they will go away believing there's nothing small about the people of Lufkin except their feet.—Lufkin Tribune.

EXTRAORDINARY SESSION CALLED.

Congress to Convene On the 9th of November.

Washington, Oct. 20.—The President today issued the following proclamation:

By the President of the United States of America: A proclamation—Whereas, by the resolution of the Senate of March 19, 1903, the approval by Congress of the reciprocal commercial convention between the United States and the Republic of Cuba, signed at Havana on Dec. 11 1902, is necessary before the said convention shall take effect.

And, Whereas it is important to the public interest of the United States that the same convention shall become operative as early as may be.

Now, Therefore, I, Theodore Roosevelt, President of the United States, by virtue of the power vested in me by the Constitution, do hereby proclaim and declare that an extraordinary occasion requires the convention of both

the Congress of the United States at their respective chambers in Washington, on the 9th day of November next, at 12 o'clock noon, to the end that they may consider and determine whether the approval of the Congress shall be given to the said convention.

All persons entitled to act as member of the Fifty-Eighth Congress are required to take notice of this proclamation.

Given, under my hand and seal of the United States at Washington, the 20th day of October, in the year of our Lord one thousand nine hundred and three, and of the independence of the United States the one hundred and twenty-eighth.

THEODORE ROOSEVELT.
(Seal): By the President.
JOHN HAY, Secretary of State.

Mr. O. P. Bard, formerly of Nacogdoches, but who for two years past has been North for treatment of his eyes, has returned to the city for a short stay. During Mr. Bard's absence his wife was killed in a cyclone at Garrison, and his present visit is a sad one. Mrs. Bard's death occurred about a year ago. Mr. Bard has many friends here who sympathize with him in his misfortunes, which do not seem to come singly. It was a sad calamity when his eye sight failed him, for he was once one of the brightest writers on the St. Louis Republic, with which paper he was many years connected and held a high and lucrative position. But the sad part was the loss of his wife.

AROUND SACUL.

Record of Events and Improvements of the Border Town.

Sacul, Oct. 15.—Mrs. John Lucas and son Charlie, are visiting relatives in Nacogdoches this week.

Dr. Price, of Jacksonville, was here Wednesday on a prospecting trip.

The family of Mr. Hull, our druggist, have arrived from Tyler and are in one of the Lucas' cottages until their own home is finished.

Miss Ella Mae Wade, of Nacogdoches, spent several days of last week with relatives here.

Mr. Charlie Fondren was in Nacogdoches several days last week.

Mr. Jim Lucas and Mr. Pinkleton have just returned from a visit to Rusk.

Mr. Oscar Baxter spent Sunday in Douglass.

Mr. Geo. McDaniel and little son George, of Nacogdoches, were here last week on Mr. McDaniel's weekly visit here. He sees Sacul's future and has bought property here, accordingly.

Rev. Wagner, of Jacksonville, came in today to have some rent houses put on his property here.

Mrs. Edgar Wade and infant son Nes, are visiting relatives in Nacogdoches.

John W. Davis, of Nacogdoches, was here Monday and a possum hunt was given in his honor. Some how "Mr. Possum" got wind of their coming and he wasn't "at home," so the valiant hunters started out to hunt him. They run him into a cane patch and there they camped, and here we'll "deverge" from the possum hunt and conclude by saying, not a stalk was left to "tell the tale," and one of the hunters, a Mr. Stack, of Nacogdoches, came very near being "laid away forever" in the peaceful city of Sacul, for in trying to take away what cane they didn't chew, he fell and was so seriously hurt, he had to be carried to the train next day.

Sacul is coming to the front, judging by the prominent business men of other towns buying property here.

TALK OF TRAWICK.

The News of The Little Town and Surrounding Country.

Trawick, Tex., Oct. 21 1903. Editor Sentinel:

We notice in the Cushing annex of Sept 29, stating the condition of business at Trawick and crossties being in the way of getting a depot. We are not in the least surprised at this handsome fellow though but sorry that he knows nothing about the business done here, he was never here only on Sunday and we stay closed on that day.

Mr. J. L. Starr, of Jacksonville, was in our little town yesterday.

Mrs. G. A. McCarmack went to Nacogdoches on a trading trip this week.

Messrs Sam Weatherly, of Linn Flat, and Joe Murphey of Nat, are here today. Sam says things are sure dull enough at Linn Flat.

Paine Bros. and Mrs. H. E. Brewer are having their car of salt unloaded today.

Mr. A. B. Harris, of Panola county, is here visiting and seeing after the saw mill business of Harris & Carriker.

Cotton seed is coming from every direction today.

Mr. J. M. Dawson started his saw mill today and will run during the winter season.

No interest is being taken toward the church yet, guess they think we don't need any church, but one is needed here very bad.

BATTLE WITH NEGROES.

Led by White Man—Constable's Posse Killed Three.

New Orleans, La., Oct. 20.—As a result of a bloody encounter between a band of negroes, led by a white man, and Constables and a posse, three negroes have been killed and seven or eight wounded in the rear of Pecan Grove plantation, in St. Charles Parish. None of the posse was hurt. The surviving negroes and their white leader, Pat McGee, are in the swamps and are being searched for. Further trouble is feared. McGee and the negroes had been working for the Mississippi Valley Railroad. Several days ago complaint was lodged that some had contracted debts and refused to pay. Charges were made, and Constable Congy went out to see the negroes. On his way he met John Hinds, negro assistant of McGee, who covered him with a shotgun and commanded him to keep away from the camp. Congy returned to Stroz and organized a posse. Near the camp the posse encountered eighteen of the negroes and McGee all heavily armed. Both parties concealed themselves in the high weeds and a battle of twenty minutes resulted. The negroes and McGee finally lost their nerve and fled. The bodies of three negroes were picked up when the smoke cleared away. Seven negroes had been wounded.

THE frost of the past week had a marked influence on the price of cotton. It once more reached the ten cent mark in New Orleans yesterday.

ACTING on the principle that a stitch in time saves nine, Palestine established a quarantine against yellow fever. It was raised however within 48 hours.

THE health authorities of San Antonio have issued an official bulletin showing only one new case and no deaths Sunday. Total cases 12; total deaths 4. A heavy frost fell there Sunday.

THE governors proclamation declaring quarantine against Santone and Laredo has "balled up" things in the Southwestern and central parts of the State. It has set several papers bawling in those sections, too.

IT is stated that the saloon men are going to continue to do business at Lutkin, in spite of the tactics pursued by the pros in an effort to head off Judge Pope's injunction. They are relying on the matter being taken up in the courts for

ADVANTAGES OF EARLY SEED.

Center New Era.

The Nacogdoches Sentinel is earnestly advocating the idea of a foreign-grown, early variety of cotton seed for next year's planting, that the crop may be grown and matured before the season of the boll weevils appears. Experiments bear out this theory and all authorities agree that this is the only safe method so far discovered. This being the case it would be well for Shelby county farmers to begin to study the matter. This theory was also advanced by John McMurrugh through the columns of the New Era last year. Mr. McMurrugh has lived in the boll weevil district. He is a man of well developed, practical ideas, and he contends that this is the only safe method.

The boll weevils will, in all probability, be here in profusion another year, and unless some safe-guard is used they will play havoc with the farmers of Shelby county. This condition confronting us, it occurs to the New Era that the time is ripe for a discussion of the matter. A mass meeting of the people of Shelby county for the purpose of discussing the matter would not be out of place. In the mean time the New Era solicits correspondence from people who have intelligent ideas on the subject, to the end that some practical course may be arrived at and a dire calamity averted.

THERE is no doubt but that cotton receipts of Nacogdoches will fall off, making

Two thousand acres of land has been purchased in the Southern part of Harris county upon which will be located a colony of Japanese rice growers. The Japanese utilize every portion of the rice plant, both grain and straw, and it is the intention of the promoter of this colony to establish a paper mill and a factory for the manufacture of rice straw bags. Options have been secured on several thousand acres of rice lands adjacent to the body purchased outright.

District Court.

From Saturday's Daily:

Today closes the fifth week of district court, and only one more week remains, which will be devoted exclusively to civil business.

The grand jury adjourned for the term Thursday.

The jury in the Gibson case brought in a verdict this morning finding the defendant guilty of incest, as charged, and assessing his punishment at four years confinement in the penitentiary.

The case against Joe P. Clevenger was continued generally.

It is illegal for Shelby's commissioners to draw \$3 per diem for letting bridge contracts, it is illegal for Nacogdoches commissioners to do the same thing. As scrip is below par we suppose this would be a good time to investigate and see if we can save \$3 now and then.—Nacogdoches Plaindealer.

Profit by our sad example and hush, Henning. Since that \$3 per was cut out, the bridges here in Shelby county are all going to the demnition bow wows, and we need bridges more than we need the money. Let 'em have it—legal or illegal. If you take it from them they will balk, just like a steer in a shady place on a hot day.—Center Daily News.

And why shouldn't they

have it. If there is not a law allowing them three dollars a day there ought to be. Why should we expect a commissioner to work for nothing any more than anybody else. The trouble with this country now is that we don't pay enough for public service and consequently get two many "cheap men" in office. If we were a commissioner we would do like Mac says they are doing in Shelby if they cut out the pay—or resign.

THE crisis is passed in the yellow fever stricken sections and in a few more days the disease will be suppressed entirely.

LITTAUER, the glovemaker and congressman, who got mixed up in a big glove deal with the War department and was indicted for bribery and several other things, will escape punishment by statute of limitation. There is a whole cowpen full of just such fellows as Littauer that will get out through some sort of hocus pocus escape valve or loop hole, who really ought to be sent to Sing Sing.

THE shows are heading for Nacogdoches and we yet have a chance at Haag's Mighty and Mollie Bailey's. The season will be a failure if they don't get around this way.

Sam Dorsey, Jr., son of Mr. and Mrs. John Dorsey, had the misfortune to fall from a horizontal bar while exercising at the Nacogdoches University yesterday breaking his arm. The doctor was called immediately and the broken limb was reset and Sam is getting on very nicely. He will have the inconvenience of carrying his arm in a sling for some weeks, but will soon be able to resume his place with his class at school.

Mr. John W. Lewis paid The Sentinel office a visit this morning and brought in some fruit that had been raised with no especial attention on his part. Like Topsy, "it jist grewed." Some of the apples are from a tree that has been bearing twenty-five years and though small are good sound fruit, others from a tree fourteen years old are extra size. The pears from dwarf trees are very good, and the fruit all shows that a fine article can be raised in this country easily, when it is so good when no extra care is bestowed.

Husband and Wife Disagree.
Husband and wife often disagree about some matters that concerns each other and frequently the husband finds that his wife's judgement is the best, the case of Mr. John W. Young, of Lincoln, Ill., is however an exception, he says: "My wife and I both had a severe cold and we decided to get some kind of medicine. I bought myself a bottle of Harts' Honey and Horehound and taking it as directed was well in a short time. She wanted another kind and with the result that she still had a cough. A startling incident, is narrated by John Oliver, of Philadelphia, as follows: "I was in awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at Stripling, Haselwood & Co.'s drug store.

OUR CUSHING CALENDAR.

Current News, Notes and Personals From Our Little Neighbor.

Cushing, Oct 21.—Through some cause my last communication did not appear; so I'll try again.

A great amount of locals and general news about our town have taken place in the past three weeks, so it would be almost impossible to chronicle all happenings.

Rev. S. F. Baucom filled his regular appointment here last Wednesday night.

Mr. Lake Orton made an overland trip to Garrison several weeks since. It is said on good authority that Lake has never failed to keep an appointment.

Mr. Tom Cariker, accompanied by his sisters Misses Robbie and Verna, spent several days in Dallas during the Fair.

Mr. W. J. Vawter is erecting a neat cottage in North Cushing.

Mr. W. J. Brackin is now a full fledged K. P. having taken his Third Rank last Friday night.

Mr. E. E. Thomas is erecting a two story residence in South Cushing.

Mr. T. J. Williams was here on business a few days this week.

The death of Mr. Jesse Coleman cast a gloom over our community. Mr. Coleman was one of our best citizens, and we mourn the death of a good man. We sympathize with his bereaved family, and can only point them to Him who said: "I am the resurrection and the Life."

Mr. J. H. Summers, of Nacogdoches, was here on business this week.

Mr. Geo. Meisheimer, of Nacogdoches, was here on a surveying trip the past week.

Mr. Hugh Morrison has bought the Pirtle saw mill. This mill is situated a few miles North of Cushing. Mr. Morrison is one of our foremost citizens, and we predict for him success.

Mr. F. A. Beal is having his house painted.

The building committee of the Baptist church have let the contract for the erection of the church house to Messrs. Gray & Jack. This building when completed will be an ornament to our town.

Messrs. Spraggins and Gallant have about completed Parks Bros. livery stable. It is a most substantial building and reflects credit on its builders.

Mr. J. W. Cariker has moved to his handsome new home.

confined to his bed with fever and la grippe

Mr. B. H. Shirley paid Nacogdoches a business trip the past week.

Mr. A. J. Mellvane has opened an up-to-date wood work shop. Mr. Mellvane has many year's experience in this line, and we do not see why Cushing would not justify a business of this kind.

Mrs. Jno. Lucas and children, of Sacul, spent Sunday here, the guests of Mrs. Lucas' sister, Mrs. H. B. Davis. They were accompanied by Mr. Jim Lucas, of Rusk.

Rev. Fondren, Baptist Missionary for this association, spent several days with us the past week.

Mrs. J. G. Orton, of Nacogdoches, was here a few days the past week, the guest of her daughter, Mrs. Hugh Davis.

Mr. J. W. Cariker spent several days recently in Clayton and Panola county on business.

Several of our townsmen are adding to their residences, among them Joo, T. Banks, G. W. Brooks, Will Heath and D. Foreman. These gentlemen are doing all they can to make Cushing second to none.

Mr. D. C. Bains is the manager of the new hardware store. Mr. Bains is a rustler, and the business fills a long felt want.

The death of my friend, Mr. Chas. D. Stinton, came as almost a personal affliction, for I regarded him as one of the truest, and best of men. Much has been said, but words cannot express the deepest thoughts, or fathom the emotions of the soul. I here and now pay him the highest compliment when I say "He was a good man." We can only say to the bereaved wife and children: There is no death to the one that has an abiding faith in God, for the Savior said, "I go to prepare a place for you." And did not our friend exercise that faith and is now in the mansions above?

DODGING A MOB.

Kurg Borders Says He Brought Bourland Here to Center For Safety.

Center Daily News:

Last night about 7 o'clock, the Sheriff's office received a message from the County Attorney at San Augustine stating that Mel Bourland had been spirited away by the sheriff of San Augustine and instructing our sheriff to look out for them and to arrest Bourland and put him in jail if they came to Center. A little later Sheriff Kurg Borders and Mr. Bourland and his little girl and one deputy came in. Mr. Border had Bourland under arrest and had a proper warrant which he showed Mr. Swanzy. Sheriff Booth being out of town, and Mr. Swanzy, therefore would not interfere. They stayed at the Hotel Swearingen last night, and Mr. Swanzy and the deputies guarded Bourland all night. This morning a message was received from San Augustine to the effect that Price, the man shot by Bourland, was dead, and Sheriff Border immediately left for San Augustine.

A News reporter went to see Sheriff Kurg Border at the Hotel Swearingen this morning and found him at the breakfast table.

Mr. Border said that he had brought Bourland here for safe keeping.

"I had Bourland under arrest at home," said Mr. Border, "where he was receiving medical attention and it reached my ears that a mob would attempt to take him and so I quietly brought him over here to Shelby county. I do not think that any considerable number of San Augustine people even thought of offering mob violence, nor do I believe that the Prices were implicated,—but I think that other parties who "have it in for me," intended to open up the performance, and kill me; laying it to the Prices.

"The Shelby county officers and people generally," continued Mr. Borders, "have treated me with the greatest kindness and courtesy and I certainly appreciate it.

From what the News can learn there is considerable feeling over the matter at San Augustine. The warrant that was sent by wire to our officers was a Bench warrant and called "for the body" of M. S. Bourland. It was signed by Justice of the Peace John Thompson, and was endorsed by H. K. Polk, County Judge, and is perhaps one of the most peculiar documents that was ever issued by any court, in that it bears the name of the

LARGE STOCK OF BLANKETS AND COMFORTS

WHY? We'll tell you why.

Because we have never advertised our stock at cost and then failed to sell them that way; because we have never advertised that we were going to leave, when we had no notion of doing so; because we have never advertise a bankrupt stock unless it was really so. Do you see the point? Really, friends, haven't you been robbed enough by such fake games? Are you not tired of such clap-trap irresponsible dealing? You ought to be, for you've had a seige of it. The reason why we claim a part of your business is because we have never advertised anything untrue; because we have always been the cheapest house in Nacogdoches on good merchandise; because our methods of dealing are fair and honorable, and

Because we are now--today--offering you goods for less money than you can buy the same goods elsewhere. Then why not trade more with us?
