### TWO BAD COONS IN JAIL.

Two Negroes Hailing From Shreveport Locked Up. From Tuesday's Daily:

On the early morning train two negroes arrived in Nacogdoches via the blind baggage route from Shreveport. As soon as day light approached they started out on a hunt for trouble, but did not succeed in finding it until about the middle of the morning when they approached the home of Walter Turner near the box factory, and ordered Mrs. Turner to furnish them a square meal on quick notice, and that if their commands were not complied with they would kill her.

Mrs. Turner succeed in notifying neighbors of the presence of the negroes and officers were sent for. The negroes became alarmed and left before the officers arrived. Constable Dock Watson

arrived and took up the trail and soon overtook the negroes a few miles down the railroad. When apprehended the negroes gave their names as Henry Cauley, and John Williams.

They were brought to town and locked up in the county jail to await investigation.

### Sued By His Horse Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea remedy he used as I had reasons to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of Cholera morbus, it never fails. by Perkins Bros.

### DEMOCRACY BEAT NO. 1.

Delegates Elected to County Convention June 11th.

Pursuant to call of Chairman E. W. Smith, the democracy of Precinct No. 1, of Nacogdoches county, met in convention at the court house Saturday June 4th at 10 o'clock a. m., for the purpose of electing delegates to the county convention next Saturday, June 11th.

The object of the meeting was stated by chairman Smith, whereupon the convention was organized by electing E. W. Smith chairman and Steve M. King secretary.

On motion the chair appointed V. E. Middlebrook, A. W. Daniels and A. F. Henning a committee to select a list of ten delegates to the county convention. The committee reported as follows:

Mr. Chairman: We your committee, beg leave to report the following named gentlemen to represent Precinct No. 1, Nacogdoches county, in county convention to be held at Nacogdoches, Saturday, June 11th, 1904, to select delegates to the State democratic convention to be held at San Antonio, Texas, June 21st, to elect delegates to the National democratic convention to be held at St. Louis:

E W Smith, Geo F Ingraham, W G Ratcliff, W O Crain, R C Shindler, Joe Vondershith, Ed Muckelroy, C D Mims, W S Beeson, A T Russell.

A W Daniels, A F Henning, V E Middlebrook, Committee.

The report was adopted with the addition of the following names to the delegation:

S W Blount, John Schmidt, Dr F C Ford, D K Cason, A W Daniels, G P Parks, Henry Millard, J W Christian, W U Perkins, W E Thomason, Jno W Lewis, Tom Baker, R Moor, R E Wisener, W B McKnight, Dave Burrows, Hal Tucker.

Motion was made and carried unanimously that no proxies be allowed.

Following resolution was offered by C. D. Mims, Esq., and was adopted unanimously:

Whereas, It has been suggested that the democratic executive committee of this county convene at an early date and reconsider their order heretofore made relative to those who shall participate in the democratic primary to be held in this county on the 9th day of July, and restrict the participants therein to white democrats only, and

Whereas, We believe that such action on the part of our executive committee at this time would be detrimental to the best interests of our party,

and unfair to a large number of colored men in the county whose fealty to the democratic party is unquestioned and of long standing.

Therefore be it resolved, That we, the democrats of Precinct No. 1, of Nacogdoches county, in convention assembled, respectfully petition our county executive committee to make no change in the order heretofore made by it ordering said primary election, and request the members of said committee from this precinct to so vote should said question come before said committee.

On motion, Judge Geo F Ingraham was requested to appear before the executive committee to urge the adoption of the above resolution.

### Scholastic Population.

The school census which has just been completed in Nacogdoches Independent School District, shows a total of 806 pupils within the scholastic age. Of this number 547 are white and 259 colored.

W. A. Nelson, of this city, received a phone message this morning from Gus Simpson at Garrison stating that Capt. A. I. Simpson was very low and that it was feared he could not live 24 hours longer. He has been in a critical condition several days and has taken a turn for the worse, greatly discouraging hopes of his possible recovery. His many friends in Nacogdoches receive the news sorrowfully. Capt. Simpson is a native of Nacogdoches county, was born near \_\_\_\_\_ city and is sixty-five years of age. He has always held a high and prominent place as a citizen and was a gallant soldier in the Confederate army.

### Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains or bruises. It will effect a cure in one third the time required by any other treatment. Perkins Bros.

The called meeting of Camp Reguet, U. C. V. did not materialize last Saturday. The Camp seems to need some active, zealous leaders. Suppose they call again on the 24th, our big barbecue day. The program for that occasion has given them a place of honor.

Miss Lillian Denman, of Lufkin, came up today to attend the Summer Normal, and will be the guest of Mrs. Edgar Wade during her stay in the city.

### THE WOODMEN UNVEILING.

Beautiful and Impressive Exercises At Cemetery.

As per previous announcement, Liberty Elm Camp, No. 210, Woodmen of the World, held its unveiling exercises yesterday afternoon at the city cemetery, where the monuments erected to deceased Sovereigns, C. D. Stinson and N. G. Wade were unveiled and duly dedicated. The members of the local camp, joined by members from Timpson, Appleby, Lufkin, Diboll, Melrose, Swift, Chireno, and numerous other camps, assembled at the camp hall promptly at 4 o'clock, forming a beautiful procession. The procession then marched to the cemetery headed by the famous Hoo-Hoo band of Lufkin, where the following program was carried out without a break or bobble, at the grave of sovereign Stinson.

1. Selection by Hoo-Hoo Band.
2. Selection by Quartette, I. L. Sturdevant, W. S. Beeson, J. W. Vinyard and W. H. Johnson.
3. Address by Consul Commander.
4. Clerk places pike pole at grave.
5. Watchman and Sentry lay evergreen on grave.
6. Quartette.
7. Recitation, T. B. Lewis.
8. Veil ordered removed.
9. Master of Ceremonies removed veil.
10. Selection by Hoo-Hoo Band.
11. Quartette.
12. Consul Commander, Advisor Lieutenant and Banker dedicate monument.
13. Captain called for Camp honors.
14. Closing by Consul Commander.
15. Master of Ceremonies

### calls for Camp honors

The procession then marched to the grave of Sovereign Wade, where the ceremonies were repeated with the addition of the address, which, in the absence of Head Consul Fraser, was delivered by Sovereign W. S. Beeson.

After paying the last fond tribute to the dead, the Woodmen marched back to the forest in regular order, conducting to their homes on the way the families of the deceased Brothers.

### Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which cause them to heal without maturation and in one third the time required by the old treatment. Chamberlain's Pain-Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Perkins Bros.

Dr. J. J. Dollard, who lives in the Southwestern suburbs of the city, is having a distressful time with sickness and other troubles. His wife and daughter are both being tried for lunacy today, and their condition is such that the trial had to be held at their home, as they could not be brought to the court house.

If you want the earth don't be afraid to take hold of it.

The bicycle ordinance seems to have become dormant.

Another enemy to the boll weevil has been discovered in Beaumont oil.

G. J. SPENCER has ascended the editorial tripod of the Center Daily News.

The papers everywhere are talking about our big barbecue. The crowd is coming.

LUFKIN has shipped one car of tomatoes. Nacogdoches will not ship any in car lots this year.

GEORGIA instructed for Parker yesterday. Michigan, Nebraska and Oklahoma failed to instruct.

If Bryan and Cleveland don't quit talking there will never be any harmony in the democratic party.

All democrats are reminded that there will be a democratic convention held at the court house next Saturday.

"There is no way to keep Mr. Cleveland quiet," remarks the Houston Post. Somebody has to do Parker's talking for him.

The alliance and co-operation of Nacogdoches, Beaumont, San Augustine and Center means Greater East Texas.

It is good for Nacogdoches to receive visitors. It brings her own people closer together while striving to entertain the strangers within her gates.

TRAWEEK has at last secured a depot. It took hard work to get it, but they sent Mansfield Crawford after it and the company had to yield.

SENATOR QUAY, the millionaire United States Senator from Pennsylvania, who died a few days ago, was once a country school teacher in South Texas.

There is a probability that Richard Quay will be appointed to the United States senate to fill the vacancy caused by the death of his father, Matthew Quay, of Pennsylvania.

A FARMER in Bexar county says red ants cleaned his crop of all boll weevils. If it was any kin to the Nacogdoches county red ant, he cleaned up the cotton, top down to the tap root.

It doesn't seem possible that a boll weevil could exist in Texas with all the enemies against him that are now being discovered. Why haven't these enemies already cleared them out, if they are so ravenous and destructive? The boll weevil talk in the papers is getting nearly as bad as war news.

OVER a million crates of tomatoes have been shipped this season from the East coast of Florida.

The Japs have captured One Lung, says an exchange. We presume the war will be over when they capture the other one.

Our 'steemed contemporary, the Garrison Gleaner, persists in "digging" The Sentinel. Just keep it up, Charley, if it affords you any amusement.

The East Texas Press Association meets in Beaumont next Monday and Tuesday. The Sentinel will be represented if we have to send the snake editor.

The dirt has been broken, and before long Nacogdoches will boast of the best high school building in East Texas. No wonder our people are in the humor to celebrate.

The attendance at the East Texas Press association at Beaumont will probably be small, owing to the conflict with the State Press association's excursion to St. Louis.

THE SENTINEL is a little long on communications right now. Just have patience and your "piece" will appear as soon as the rush is over, if it will "keep." We have several on ice for they may spoil.

NACOGDOCHES seems more fortunate than most of our neighboring towns in the length of her school term this year. Nearly all the schools have been closed a week, and yet our schools will continue still another week. Yes Nacogdoches is rapidly gaining her old place at the front as an education center.

The value of peanuts as a forage and grain crop is not sufficiently appreciated in the sandy land district of Texas. This year about 60 acres in Spanish peanuts have been planted on the Agricultural and Mechanical College farm, and the product will be used as a substitute for corn. The yield promises to be very large.

The merchants of Texas are putting forth an effort to have the next State democratic nominating convention to declare against occupation taxes. It is argued that the occupation tax is an incubrance on the commerce of Texas, and the democracy is asked to go on record in favor of its immediate abrogation or against it.

It has been shown that the physical qualities of the soil are of greater importance in determining the soil's fertility. The physical qualities are possibly quite as important as are the chemical ingredients of which the soil is composed. Crops must have air, moisture and heat and the soil must be of such a character as to allow the free circulation of these elements. For the purpose of teaching scientifically the principles on which the preservation of heat and moisture in the soil and their free circulation depend, the

Agricultural and Mechanical College of Texas has equipped a first class soil physics laboratory. It is supplied with gas and water and with desks and lockers to accommodate forty students at one time. In addition it is supplied with all the most approved apparatus for measuring the flow of air and moisture through soils and for determining the value of different methods of cultivation in preserving the soil moisture. For the present the laboratory will be used mainly for instruction purposes, but later it is to be used for analyzing soils from every part of the State, thus ultimately making, along with the chemical analyses now being made, a complete physical and chemical survey of the soils of the State.

THE Cushing Enterprise improves with each issue. Cushing exemplified by its paper is one of the liveliest little towns in East Texas, and it and the Enterprise are spreading and thriving like a water mellow patch in June.

Two years ago The Sentinel advertised for a regular gully washer and a trash mover, and when Old Jupiter read the paper he sent us the June Flood. We don't want another rain like that, but if the old gentleman will just send us a good ground soaker he will place us under obligations.

The Sentinel almost envies the editor of the Timpson Times when it reads its daily acknowledgements of cabbage, beans, turnips, jellies and other good things to eat, too numerous to mention.—Sentinel.

You see brother, some towns show their appreciation for their paper much plainer than others.—Cushing Enterprise.

Don't get the idea that The Sentinel is complaining. Nacogdoches people pay cash for advertising.

Editor Haltom of The Sentinel is to be congratulated. Nacogdoches will have a grand barbecue on June 24th on which date the corner stone of the Central school building to be erected in that progressive city will be laid with Masonic honors. If not prevented by unforeseen circumstances the Journal editor intends to accidentally happen in Nacogdoches on the 24th.—Beaumont Journal.

Your are cordially and especially invited. Let no accident keep you away. Depend upon us for a "stand" at the best table.

The newspaper man who leaves his home town and goes into an adjoining county for the purpose of doing a cut throat business either lives in a mighty sorry town or is devilish hard up for something to do.—Lufkin Tribune.

That's the truth; but the shot has missed the mark about twenty miles.

A pendant containing a lock of George Washington's hair and a curl from the head of Martha Washington is exhibited in a collection of relics in the Massachusetts building at the World's Fair. These precious mementoes were presented to John Quincy Adams by Nellie Custis, step-daughter of Washington.

### FAVORS WHITE PRIMARIES.

Committeeman Watkins Thinks Negroes Should be Excluded. Ed. Sentinel:

Douglass, May 31.—I desire to give my views in reference to the coming primaries in our county. In former years the contest between the democrats and populists has been very close. Two years since, the executive committee placed a test upon the democratic ticket in the primaries which at this date I see and realize was perfectly right in every particular. After this test was made the populists all over the county raised a howl that they were perfectly willing then to go into the democratic primaries, but that the democracy had placed such a test to be taken that no decent or respectable populist could take it.

Now at the present time how does the matter stand? Our executive committee a few weeks since held a meeting and placed on the democratic ticket a test that any honorable or respectable citizen could take, simply pledging to support the nominees of the democratic primaries. The democrats have placed a test as the populists requested. Now what are the populist lists doing?

They have met in convention, or, as they call it, a mass meeting, and resolved to put out a ticket, as usual, from president to constable. Now after these few preliminaries I am to the point I can talk to democrats.

As one of the executive committeemen of Nacogdoches county, I am now strictly in favor of a democratic white man's primary. I have in the past few days traveled over several of our northwestern counties and every county I have been in has adopted the plan of a white man's primary and it is working harmoniously and to the good of the democratic party.

Now the premises all considered as one of the executive committeemen of Nacogdoches county, I would respectfully solicit our county chairman to call the executive committee of the county together at an early date and let us consult together in reference to a white man's primary and other matters connected for the interest of the democratic party.

And furthermore the way matters and things are now politically in our county with the opposing element. I don't know but what it would be better for the executive committee to change the test in voting in the primaries. These are the views of one old man of the executive committee that has always voted the democratic ticket and I verily believe if the substance of the above is adopted in the coming contest we will be successful.

Respectfully,  
Jesse J. Watkins.

THE A. & M. College issues a semi-monthly Bulletin of useful information with permission to the press to publish any item without giving credit. The items are crisp, newsy, instructive and interesting, but so artfully are they prepared that everyone of

them contains an advertisement for that institution. The Sentinel admires the keenness of the faculty shown in this little publication, and while it occasionally nibbles at the bait, it does it with its eyes open and does not begrudge the advertising.

Dr. J. T. Seale, of Neches, Tex., was here this week consulting with Prof. F. W. Malley on the subject of fruit growing. He is extensively engaged in fruit culture in Anderson county and is an enthusiast on that subject. Dr. Seale was formerly and for many years a citizen of this county, having been reared at Melrose where many of his relations still reside and rank among the best citizens in the county. He is a brother to Allan and J. M. Seale, of Nacogdoches, and is a possessor of that genial disposition which is sure to win friends for him who is thus endowed with so large a portion of life's blessings.—Garrison Gleaner.

### Sad Death in Bronson.

Mrs Paul P. Beckcom, one of our best known and universally loved ladies, passed away at 2:35 p. m. last Wednesday afternoon. The deceased was the daughter of M. and Mrs. W. Skillern, of Decoy, Nacogdoches county, Texas.

In her early life she was well known and greatly admired in social circles in Nacogdoches and adjoining counties. Having been named Ida Lee by her father in respect of Ida Lee, daughter of General Lee.

She was born in Nacogdoches county, October 9, 1871, and was married to Paul P. Beckcom December 6, 1899, to them was born three children, two of which are now living, the younger being about one year old and had not been weaned.

For a number of years the deceased has been a member of the Congregational church and of untiring Christian fortitude.

The remains were interred in Hemphill cemetery yesterday after a well selected lecture on a well spent and perfect preparations for death by Rev. Christian.—Bronson Bulletin.

### For Justice of the Peace.

Esquire J. F. Perritte, of Etoile, requests The Sentinel to announce him as a candidate for re-election to the office of Justice of the Peace of Precinct No. 4, subject to the democratic primaries of July 9th. Mr. Perritte was formerly a populist and was elected two years ago on the independent ticket. He has returned to democracy, like more than a thousand of his brethren and now offers his services under the democratic banner. He is well known not only in his own bailiwick, but throughout the county, and has made, so far as The Sentinel knows, a good officer since his election as Justice of the Peace of his precinct. He is claiming re-election on his merit, promising faithful service if elected.

THE SENTINEL has troubles of its own. 'Deed it has.

The Y. M. C. A. it appears to me is one of the most laudable institutions in our land, one of the highest attributes of civilization and enlightenment. We find that communities, states and nations of the highest type of the greatest degree of religious fervor support and maintain this institution.

The purposes of the Y. M. C. A. are manifold, and the good resulting is incalculable. I do not deem it necessary to discuss with detail the innumerable ways that the Y. M. C. A. is productive of good. It offers opportunity for the physical, mental and moral development of man. I use the word moral to mean our just subservience to man and God.

The Y. M. C. A. is considered by those who know its purpose a refuge, a home of rest, so to speak, where they can lay aside the cares of the day and rest and enjoy themselves under the hearty welcome it offers all.

The street loafer, oftentimes our dear boys, the gambler, the stranger in our city, whoever he may be, and a thousand more, all are welcome to its rooms. The object being to offer a helping hand to cheer them or better their condition.

Is their a parent who would not much prefer to know that their boy is spending a profitable hour reading, recreating or conversing in good company within the rooms of the Y. M. C. A. than that they spend their leisure hours in dens of wickedness and degradation. There is no deserving parent but cares for their children. They want them to be manly, respected, temperate and all else that is good. They want them to prosper and be some body in this world when they are in eternity.

The question is this, do we reach the maximum of our efforts in trying to secure such environment that will tend to bring about these attributes or qualifications in our dear children? Or do we go along in a heedless "come day go day" way, caring more for filthy lucre and the gain of much property than we do for the welfare of these precious souls.

There is none who can conscientiously question the good of the Y. M. C. A. There is none who should withhold their hearty support from such a grand institution.

Let our minds be and our hearts beat together as one for the Y. M. C. A. cause. Let us treasure it as an auxiliary of the church and ever have in our minds a determination that it shall succeed and we will have success and then our proud town will be raised one step higher in the broad plain of civilization and Christianity. A.

A reunion for the Rough Riders regiment will be a feature of New Mexico day at the World's Fair, August 18. An effort will be made to have President Roosevelt present. The guidon of Troop F, the first of the Rough Riders to reach the of San Juan hill, is exhibited in the New Mexico building.

## THERE'S A DIFFERENCE.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.

### Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentorville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Stripling, Haselwood & Co., druggists. Trial bottle free, regular size 50c and \$1.00.

### Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was marvellous. I improved at once and now am completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. Its guaranteed by Stripling, Haselwood & Co., druggists.

### Trip to Woden.

Ed Sentinel:

Last Tuesday I visited the Woden townsite laid off by the Hayward Lumber Co., ten miles from Nacogdoches and Southeastern railroad. On the way out I was surprised to see such fine fields of corn. With few exceptions they have been well cultivated and with rain any time within ten days there will be a great harvest. Some cotton looked well and promising, while some looked somewhat of the "rat ear" order.

Woden is a village at present of only two stores and a post office. Upon my arrival there I was invited to dinner by a friend and was fed on almost every variety of vegetables, chicken and old fashion egg bread until I forgot that I had been an invalid for several weeks past. After dinner I went out to the stores and shook hands with all my old friends, examined a bottle of boll weevils and soon found out that a fellow is not in it out in the boll weevil district without his boll weevil bottle. I then went down on the old hunting grounds for a squirrel hunt in the bottom, back of the magnificent corn fields. I had good luck and have enough meat in my ice box to last me a day or two yet.

Hurrah for the Hayward people. Their road is putting new life in those people, and they are building new houses, clearing up land and taking a new start generally, and the town of Woden promises to rival Garrison and Cushing in its importance within a few months. G. H. King.

# SSS THE OLDEST AND BEST BLOOD PURIFIER

## THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just tired, worn out and totally unfit for work or anything else that requires energy or effort. They mope around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion.

Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any warning symptoms of physical collapse are felt, or before the seeds of disease have time to germinate if we would avoid the usual spring sickness; and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

### Special Train for Confederate Veterans.

On account of the United Confederate Veterans' Reunion, the Queen & Crescent Route has authorized extremely low rates from all stations on its line to Nashville, Tenn., and return, selling tickets June 10th and 15th, inclusive, with limit June 18th, and with privilege of extension of limit to July 10th, 1904, by deposit of tickets with special agent at Nashville, and on payment of fee of 50 cents.

To take care of the excursionists in the best possible manner, in addition to its regular service a special train will be operated from Shreveport to Nashville, Monday, June 13th, by the way of Meridian, Birmingham, and the L. & N. Ry.; on a schedule to arrive in Nashville at 9:50 a. m., June 14th.

From Shreveport the rate for the round trip will be \$12.70, and the special train will leave at 10:15 a. m.

This train will carry first-class coaches, sleeping cars and baggage cars.

Any agent of the company will give you detailed information in reference to rates, routes, schedules, etc., or reserve you sleeping car space. Geo. H. Smith, General Passenger Agent, New Orleans, La.

One bottle of Ballard's Snow Liniment cured me." 25c, 50c and \$1. Perkins Bros. w

### Singers Reunion.

The Nacogdoches county Singers' Reunion meets at Rock Springs, eight miles northwest of Nacogdoches, on the Tyler road, beginning Friday night before the second Sunday in June and continuing over Sunday. All singers especially invited. Dinner on the ground. Don't fail to home. We are expecting J. E. Thomas and other good singers. President.

### Driven to Desperation.

Living at an out of the way place, remote from civilization a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. Its the best on earth, 25c at Stripling, Haselwood & Co's, drug store.

### The Ball Game.

The ball game Friday afternoon between Nacogdoches and Lufkin resulted in a score of 13 to 6 in favor of Nacogdoches.

The game dragged owing to the discomfort of playing in a dust storm that seriously interfered with accurate playing and as a Nacogdoches rooster said, laid everybody out. There were no scores the first three innings, but in the fourth the home boys made five runs and kept the lead through the game. Most of the scores were made on errors, though some good batting was done on both sides. The feature of the game occurred when Lufkin's second baseman caught a deep fly, stumbled and turned a summersault still holding firmly to the ball and putting the runner out.

Score by innings:

Lufkin. 0 0 9 3 0 1 2 0—6

The rain was timely and welcome.

DIVERSIFICATION is the last weapon with which to fight the boll weevil.

The populists of Milam county have decided to put out a full county ticket.

The people of Houston are walking again as the result of a stubborn street car strike.

There will be no melons on the "Juneteenth" this year unless they are "brought on."

The Parker papers claim everything that is not positively instructed against the Esophus man.

A CITIZEN of Tyler wants to rent the city hall for a livery stable. Rather a suggestive proposition.

There is a good opening in Nacogdoches for a hardwood mill. Strange the field has not been covered ere this.

TEDDY has won out and Cortelyou is to be the head of the National Republican committee. Cortelyou will be the sufferer.

LUFKIN has shipped two cars of tomatoes to date this season. She did not get as badly discouraged last year as Nacogdoches.

FROM the complexion of the primaries held so far in Texas, it doesn't look as if Parker had a walkover entirely in this state.

SINCE Hanna set the example the idea seems to prevail that the presidency is a commercial commodity to be knocked off to the highest bidder.

IF Folk is nominated for president, it cannot be accredited to his barrel, the railroad lobby nor a paid associated press service. He will come in with clean hands.

ANGELINA county will instruct her delegates to the San Antonio convention to vote for Parker for president. Nacogdoches county will probably send an uninstructed delegation.

SEVERE rainstorms and floods have raged over portions of South Dakota the past week, resulting in several drownings and the loss of property and crops along the overflowed streams.

THE Henderson Times has been mixing The Sentinel and the Kaufman Sun, or else the Sun has been guilty of a grievous offense against journalistic ethics. We are of the opinion the cigars are on the Times.

HON. THAD HOLT carried Harris county, though it took the "skin off his teeth," and will be the chief opponent of Hon. J. M. Pinckney for reelection to congress. Pinckney is serving a short term, having been elected to fill the vacancy caused by the resignation of Hon. Tom Ball.

RAINS have been general throughout the Territories and North Texas the past few days. Crops are being injured in the Southern part of the Indian Territory and the Northern part of Texas by overflows.

THERE is a strong sentiment in favor of Folk, of Missouri, for President, and it is gaining strength as doubt increases as to the success of Parker or Hearst. Folk will make a most acceptable compromise candidate.

IT has been decided that Cortelyou is too much of a gentleman to be made chairman of the National Republican campaign committee. The New York Times, contrast him with such men as Chandler, Quay, Hanna, Dudley and Clarkson, and exclaims: "Think of Mr. Cortelyou 'buying mules' (a la Barnum) ordering a resort to 'soap,' organizing 'blocks of five,' or even 'frying fat!'"

THE San Augustine Visitor has changed hands again, Messrs Gibbs & Fields retiring and being succeeded by Wm. McDonald. Mr. McDonald is a lawyer, though formerly a newspaper man, and he returns to journalism with ample means added to his experience to keep The Visitor in the lead of the march of progress that has taken hold of our Red Land neighbor since the advent of the Kirby road here.

A TICKET scalping layout at Fort Worth wants to buy all the railroad transportation issued to editors and pay "cash" for it. They write as though a Texas Newspaper man never saw any "actual cash," and doubtless feel that they are offering a tempting morsel. Well, The Sentinel doesn't happen to have anything anything in this line that need "scalping," though it has some five or ten thousand miles of out of date transportation.

THE shipments of every species of fruit and truck so far this season have brought encouraging results. The discouraging prices last year caused the farmers in many places to lose interest in diversification and a great mistake was made in not making another trial this year. The tomato crop would have yielded a great profit to East Texas farmers this spring if the industry had not been almost entirely abandoned.

THE local lodges are enjoying an era and a wave of prosperity never before known in Nacogdoches. There are three lodges here of over one hundred members each, and the two newest, the Red Men and Odd Fellows, are climbing up rapidly and will doubtless equal the others in membership by the time they have grown as old as the Woodmen of the World, which is the next youngest. The Knights of Pythias lead with 130 members, the Masons and Woodmen are a close second with over a hundred members each, the Redmen have about fifty members and the Odd Fellows, which is only a few months old has nearly forty members. Nacogdoches is becoming quite a lodge city.

SIXTEEN people were killed by the blowing up of the Corn-ing distillery at Peoria, Ill. The loss of property ran up into millions of dollars. Thirty thousand barrels of whiskey were destroyed in the burning which followed the explosion.

A COWARDLY attempt was made upon the life of Capt. Wm. Christian, the well known cotton factor and broker, of Houston Sunday night. The would-be assassin approached the Christian home about 9 o'clock, rang the door bell, and upon Mr. Christian responding fired a shot at him inflicting a wound near the right ear. The wound proved not to be serious, and the attempt upon the life of so good and popular a man is shrouded in mystery.

Editor Halton of the Nacogdoches Sentinel has secured a barbecue for his town on the 24th of June.—Tyler Courier.

The credit is due entirely to a small number of young men of this community who took the initiative and were then joined by older citizens. The Sentinel only did a little of the "whooping up Liza Jane" act to get everybody interested. The Courier knows how it is. But the barbecue is a sure thing and Editor Green is invited to come over on the 24th.

Col. William G. Sterrett is back at the head of State Press, discussing politics and things like that. He should return to that paramount issue of diversification. It is not too late to plant peas and June corn, and Sterrett ought to prevail on the farmers to plow up the oat patches, and plant them to these crops. Unless something is done along that line feed stuff will not be equal to the demand by a long sight.—Henderson Times.

Col. Sterrett has indeed done much for Texas by urging upon the people this same "paramount" issue. East Texas has been slow to take hold but she has already tried diversification sufficiently to discover the truth of Col. Sterrett's farm logic, and this country would have been millions better off if it had heeded him when he first began to expound his doctrines. Col. Sterrett is all right.

Old Anderson continues to ship out her truck crop. Next year will see a wonderful increase in this industry, and through this industry will come permanent prosperity. The beauty of this enterprise is that the larger the scale on which it is carried on, and the more experienced our people become in handling these products, the greater will be the profits. It has been the history of this development everywhere that the first years in the business have been the hardest.—Palestine Herald.

Anderson county farmers are receiving the reward of perseverance. In most East Texas counties last year's failure put a quietus upon the diversified crop movement and the farmers fell back on corn and cotton this year, with nothing to help bridge over the dull season except the fruit crop. They now see the mistake. This has been a fine year for tomatoes, potatoes and other crops in the truck line.

### FROM CAPTAIN MAST.

Urges His Claims Before the Voters of Nacogdoches County.

To the voters of Nacogdoches County:

After several solicitations I have concluded to make the race for sheriff.

After I announced my name I hear some saying they thought I was too old to fill the office. Those men who solicited me I don't guess thought so. I will say to the voters of Nacogdoches county I am not the man to ask you for your vote if I didn't know I could fill the office. I ask for the reason I know I have filled the sheriff's office several years.

Some will say there has been a great change in those times and now. I will agree with them in that respect for the sheriff can send dispatches all over the world and have the man caught and put in jail and held for him until he rides by rail after him. I will say to my friends, horses caught my men when I was sheriff.

I would write to every place where I thought my man was until I got him jailed, and then, as Bill Longly said, went out and threw myself on the outside of the horse and took another horse for my man to ride. That is the way I brought 'em in.

Took vigilance, as John said, to make a sheriff. My friend you see it is much easier now to fill the office than when I was sheriff.

It is a pretty come off that old Nacogdoches county hasn't got but one man that has got enough vigilance to make a sheriff.

Fellow citizen all I ask of you is to elect me and you will have a sheriff.

I won't be able to see you all as time is short.

I will go according to the Bible. "The first shall be last and the last shall be first." Hoping you will consider my claim on the day of the primary election, I remain yours for support. Yours truly,  
M. Mast.

A column and a half of "help wanted" ads and less than a column of "situations wanted." That was the story in Thursday's Dallas News and about the same proposition holds good every day. The crying need of the hour is competent help. There are lots of people without anything to do—the trouble is they don't know how to do anything and are too indifferent to learn. The man with brains and energy to put them to work need have no fear of being without work unless he wants to.—Willis Point Chronicle.

And yet there are hundreds of idlers and loafers on the street corners of every town. What Texas needs is a wholesome vagrant law, with an extra clause imposing a severe penalty upon all officers who fail to enforce it. Mississippi imposes a fine of not less than twenty-five dollars nor more than one hundred dollars upon any sheriff, deputy sheriff, constable, policeman, marshal or deputy marshal, who fails, neglects or refuses to perform the duties required by the vagrant law of that State. As a result everybody, male or female, white

or black, is made to get busy, and as they had rather work for pay than serve time in the chain gang, the loafers have quit the towns and gone to the country where they find profitable employment. It is said that in Mississippi there is at present no scarcity of labor in the agriculture district, where heretofore farmers have had great difficulty in employing hands to work their crops.

### They Looked Bad Off.

Wednesday afternoon two wagons loaded with about a handful of house hold goods and a brood of children, and the parents of the brood, drove through town in an aimless search for the land where milk and honey flows on every bush. This caravan presented the appearance of being in the direst poverty and were really pitiable to look upon. The teams looked like they could not pull the light loads many more miles, as one of them, in the vernacular of the printing office, was a wrong font mule and an italic horse.—Lutkin Herald.

If Parker is nominated at St. Louis, he will be indebted to the Associated Press more than to any other agency. The Associated Press has reported everybody everywhere for Parker several times over. If Parker gets the vote in the convention that the Associated Press has reported for him he will have sixteen to one for all other candidates.—Tyler Democrat-Reporter.

### Peaches and Tomatoes.

The first car of peaches to leave Jacksonville went out last night, loaded by Johnson Bros. It was a solid car of St. Johns, and the stock was very pretty. This is about two weeks early for this variety, and it is thought other varieties are early in proportion.

Love, Jarratt & Guinn are loading a car of St. Johns today, and another is being loaded by the Union. Lingale shipped the first car out of the state Friday night, consigned to Kansas City.

Love, Jarratt & Guinn sold four cars of Tomatoes yesterday, one each to Pittsburg, Kansas City, Indianapolis and Columbus. Price \$1.20.

The Union sold two cars, one from Lufkin and one from Jacksonville—\$1.30 and \$1.32.

Shoemaker loaded two cars at Turney, but they were unsold this morning.—Jacksonville Banner, June 4th.

### To Establish Cigar Factory.

Miss Webb says the Texas-Cuba Tobacco company will establish a cigar factory in Nacogdoches and also a tobacco warehouse, and people having tobacco one, two or three years old will find sale for it. The firm are now looking for a site convenient to water for the erection of the big tobacco warehouse, and, which site they are expecting to be donated by the Business League.

The ant may get the anti-boll weevil remedy prize money.—Dallas News.

In that case the State may say its the State's ante, and keep it.

### THE BUSINESS LEAGUE.

Regular Monthly Session Met Last Night.

From Tuesday's Daily:  
The Nacogdoches Business League met in regular session last night.

Fifty dollars, or as much thereof as may be needed was appropriated for expenses of the banquet given the Beaumont commercial club, and the following committees were, on motion, appointed by the chair:

On resolution of thanks to the Hoo-Hoo Band, Mrs. B. K. Smith and ladies assisting in banquet: F H Tucker, Robt Lindsey and Chas Perkins.

On Manufactories: D K Cason, J G Smith and C D Mims.

On Railroads: John Schmidt, J C Harris and I L Sturdevant.

On Roads and Bridges: F H Tucker, E C Branch and W H Crouch.

Miss Webb and Mr. Taylor, of the Texas-Cuba Tobacco Co., were present and asked the League to call a special meeting for Wednesday night, June 8th, to hear a proposition from them. Upon motion a special meeting was called as requested for the purpose stated and for such other business as may come before the meeting.

Mr. Killow, of Jacksonville, was present and asked the assistance of the League in securing a lot upon which to erect an iron foundry and machine shops, stating that through a misunderstanding he had shipped a great deal of material and machinery here already thinking the location had been fixed, and that he must secure a lot at once or abandon the enterprise.

On motion the chair, Mr E A Blount and Capt. I L Sturdevant were appointed a committee to aid Mr. Killow in securing a suitable site for his machinery. The committee will report at the called session tomorrow night.

Speaking of the entertainment of the Beaumont Commercial Club here last Thursday night, the Beaumont Enterprise pays Miss Ray Goldberg the following nice compliment: "One of the most entertaining features of the reception was a recitation on "Jining," by Miss Ray Goldberg. It is very seldom that Miss Goldberg's equal is seen on the stage, and for five minutes she held the audience spell-bound while she described the woes of a woman who had a jining husband to contend with. Mrs. W. W. Perry followed with a song."

No. 13. Merchants committee to arrange for closing stores: John Schmidt, chairman; Jno W Davis and F H Tucker.

No. 14. Introduction of orator of the day: Judge Geo F Ingraham.

#### TO THE PUBLIC.

In arranging for the laying of the corner stone of our new public school building shortly to be erected on the college campus, the trustees have concluded that it would be proper to make a noteworthy occasion at the beginning of such a splendid enterprise. In carrying forward this idea the trustees of the Nacogdoches Independent Public Free School District, have requested the Masonic Lodge of Nacogdoches to conduct the exercises of the occasion and lay the corner stone with appropriate masonic ceremonies. This the lodge has agreed to do and will also have a public installation of her officers on the same day.

To carry out the wishes of the trustees, the lodge has appointed the undersigned committee. This committee has appointed sub-committees to work out the details incident to the occasion. It has been determined by the trustees, masons and citizens generally to have a grand barbecue, and to invite everybody in the county to join with us in celebrating the joyous event. Many distinguished visitors have also been invited from beyond our county. The occasion is by no means a masonic celebration. The masons have been requested to take a part, which we will do. But every white citizen of Nacogdoches county should be interested in making this a great occasion. The various sub-committees have been appointed from our citizens generally, without reference to their being Masons at all. We shall celebrate as citizens, the masonic ceremonies being incidental. The installation and laying of the corner stone will

occupy about 60 minutes. The orator of the day, Judge Peyton F Edwards, will speak to us on historic, not masonic, Nacogdoches. We trust we shall have the co-operation of every white citizen of our county. We say white citizens, because this building is for white children.

Very respectfully,  
J. H. Summers,  
V. E. Middlebrook,  
D. K. Cason,  
R. W. Haltom,  
A. J. Holt,  
Committee.

#### Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Sold by Perkins Bros.

Four boys belonging to the senior class at the High school invested yesterday in a zinc bucket, a zinc dipper, five cents worth of ice and a dozen lemons and made some lemonade. After the aforesaid lemonade had been standing for two hours they drank it and the result was four absentees from recitations for the rest of the day. It is safe to assert that the physic class knows now, if it never did before that citric acid and zinc forms a very unhealthy combination.

#### No Competition.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the relief and cure of bowel complaints both in children and adults has brought it into almost universal use, so that it is practically without a rival, and as every one knows who has used it knows, it is without equal. For sale by Perkins Bros.

#### Farmers Union Picnic.

There will be a grand Farmer's Union Picnic, free to everybody, at Holley Springs, three miles north of Appleby, on the 22nd day of June 1904.

Everybody is invited to come and bring dinner.

All Farmer's Union people are expected to come with baskets well filled.

We expect to have our state lecturer with us on that day, so everybody come.

J. J. Boyett,  
Pres. Nac. Co. Union.

#### Cemetery Benefit.

The concert last night was well attended and highly creditable to the teacher, Mrs. M. N. Terrell, whose pupils were the performers. Mrs. Terrell is a splendid elocutionist and the recitation by her was highly appreciated by the audience. The proceeds of the concert will go to the cemetery association, which, thanks to Mrs. Terrell, has added a neat little sum to the treasury.

#### For Sale.

### APPLEBY LOCALS.

June 5.—H. H. Greer, of Center, has recently opened up a nice line of drugs here and we gladly welcome such men as Mr. Greer and his family to our little town.

Prof. Geo. M. Hale is out on the road most of his time soliciting pupils for Appleby High School next session. With our nice college building and its equipment and a good corps of teachers we expect to have one of the best schools in East Texas next session.

Miss Viola Durette left today to begin her school six miles west of Nacogdoches. Much success to her.

Dr. W. G. Hartt and family spent last week visiting relatives at Halbert, Center and Garrison.

Prof. W. C. Hurst and brother, Tommie, spent last Saturday and Sunday in Appleby on their way to Nacogdoches, where Tommie entered the Normal school.

W. T. Skeeters and family and Prof. L. B. Tindall and family spent last week at Cushing and part of the time on the river fishing. They report a good time.

Mr. Carlton Smith and wife, of Center, visited relatives here this week.

Mrs. Fronie Smith, of Martinsville, spent a few days here this week.

Quite a crowd of the W. O. W. from our Camp went to the Unveiling at Nacogdoches today and report a pleasant trip and courteous treatment.

Messrs H. A. Dotson and S. M. King locked horns here last night explaining to the people just what they would, could or should do when they reach the Legislative Hall.

Quite a number from our town went to a big singing at Union Springs today and all report a very pleasant time, some very fine singing and plenty to eat for all.

Let us show you a hog fence that turns pigs and hogs alike and will please you. Cason & Richardson.

#### W. O. W.

The Mt. Enterprise camp, Woodman of the World, will give an ice cream supper on the night of the 17th, of June. Admission fee for boys under fifteen years of age 25 cts; men 50 cts; ladies free, but are requested to bring a cake. Everybody invited.

#### Died Saturday Morning.

Tom Shovan, who had his skull crushed last week by a falling limb, mention of which was made in the Visitor died last Saturday morning.

Mr. Shovan has been living near Bland for several months and had the reputation of being a mighty nice man and our people greatly deplore his tragic and untimely end. He was a single man and came from Nacogdoches county.—San Augustine Visitor.

#### Special Train for Confederate Veterans.

On account of the United Confederate Veterans' Reunion, the Queen & Crescent Route has authorized extremely low rates from all stations on its line to Nashville, Tenn, and return, selling tickets June 10th and 15th, inclusive, with limit June 18th, and with privilege of extension of limit to July 10th, 1904, by deposit of tickets with special agent at Nashville, and on payment of fee of 50 cents.

To take care of the excursionists in the best possible manner, in addition to its regular service a special train will be operated from Shreveport to Nashville, Monday, June 13th, by the way of Meridian, Birmingham, and the L. & N. Ry., on a schedule to arrive in Nashville at 9:50 a. m., June 14th.

From Shreveport the rate for the round trip will be \$12.70, and the special train will leave at 10:15 a. m.

This train will carry first-class coaches, sleeping cars and baggage cars.

Any agent of the company will give you detailed information in reference to rates, routes, schedules, etc., or reserve you sleeping car space. Geo. H. Smith, General Passenger Agent, New Orleans, La.

#### Calaboose Burned.

From Monday's Daily:

About daylight this morning the calaboose, back of the jail and court house, was discovered on fire. The alarm was promptly given and a crowd assembled in time to save all adjoining buildings, though the calaboose was too far gone to save it.

The fire was an incendiary. It is said that a transient was arrested last night and locked up, and that he had a friend on the outside who broke the door down, and that they set fire to the bedding and skipped out.

Sheriff Spradley put his dogs on the supposed track of the escaped prisoner but it proved to be the wrong track and led to the residence of W. J. Caylor, who had been to town after a doctor. It is believed that the man is a criminal and must be wanted for some serious crime, or he would not have adopted such extreme measures to escape from the calaboose.

### FROM OAK RIDGE.

You may not find this place on the map but we are here all the same.

The fruit season is opening quite favorable in spite of dry weather, which suits the farmers in one respect, and that is the harvesting of oats, which is going on very successfully under the management of Prof. John Stripling who furnishes the machinery, a team and a man to do the work.

The fields and gardens are needing rain, and the horizon is scanned anxiously every day for "signs," and the weather prophets are getting "shaky" in their beliefs and admit "all signs fail in dry weather."

The absent ones are gathering in from the different schools, glad to be home once more to spend vacation. Gladys Simpson, from Kidd Key; Ford Simpson, from Jacksonville; Joe Parks, from Center; Ira Gaston and Earnest Matthews, from Huntsville. Joe Parks is now attending the Summer Normal at Nacogdoches.

The Sunday school exercises were enjoyed by a large crowd at Melrose last Sunday. The children acquitted themselves with credit to all, and especially was the singing deserving of the highest praise, both the local choir and the class under Prof. Frizzell.

The day was fine and the hearts of every one seemed full of joy and fraternal love. May many such days return to all.

**Where Others Failed.**

#### BEAUMONT AND NACOGDOCHES

##### Shake Hands For Mutual Advancement and Closer Relations.

From Friday's Daily:

The special from Beaumont arrived yesterday afternoon nearly an hour late, but in good time for carrying out the program as it had been arranged, with the exception of the drive over the city in a body, which was abandoned on account of the extremely dusty weather. The party was met at the depot by the citizens and were driven to the Business League hall, where an address of welcome was delivered by Hon. S. W. Blount, responded to by President T. S. Reed, of the Beaumont Chamber of Commerce, after which the city was formally turned over to the visitors by Mayor R. T. Shindler. The speeches were short and to the point, and able in their brevity. The meeting then adjourned and the visitors were allowed to enjoy themselves in freedom as individuals for the remainder of the afternoon, some going out to the oil fields, others strolling about town, while many of them were driven over the city, visiting the various enterprises and attractions in the suburbs.

Supper at the Banita followed, and at about nine o'clock the visitors were escorted to the opera house, where, under a banner with "welcome" inscribed on it, in the flag draped hall, tables were set for 200 guests. A cape jessamin was laid at each plate, and ripe tomatoes and peaches decorated the table as well as forming part of the menu.

Small ribboned phials labelled as containing oil from the Nacogdoches oil fields and bearing the compliments of the Nacogdoches Land Co. were not part of the menu, but carried away as souvenirs.

The tables were at right angles to the stage and commanded a view of it, and on the stage the famous Hoo-Hoo and Beaumont Orchestras formed an effective group and delighted the ear with their marvelous music.

W. T. Wilson was toast master for the occasion and filled the office with honor to himself and Nacogdoches. With a few gracefully turned sentences he introduced J. C. Harris, who in his happiest vein assured the visitors that Nacogdoches was far preferable to Heaven and that the representatives of Beaumont could make their happy home right here.

He was responded to by Mr. Wilkerson, of Beaumont, who with the ease of an elo-

quent after dinner speaker, complimented Nacogdoches and its fair ladies in the warmest manner.

Mr. John Schmidt's able address on Business was next on the program, which was then varied by a recitation by Miss Goldberg, followed by a song by Mrs. W. W. Perry.

Mr. Robt. Wilson, of Beaumont, made a short and eloquent address voicing the pleasure of the Beaumont Business Men.

Mr. Geo J McManus, of Beaumont, prevented by a previous promise from speaking on the subject of Rice Culture, told the audience what he would have said on the subject, and what he would say at some future time. His speech was highly interesting and left no doubt that rice is a fine crop for the coast county. Mr. Wilson then announced that the audience would have the pleasure of listening to the initial performance of the Beaumont quartette, an organization formed that morning on the train. The gentlemen responded, and the double quartette of trained and splendid voices sang Annie Laurie. Encores had been unheeded owing to the length of the program, but the singers saw that the game was blocked unless they returned and sang two more numbers closing with "Dixie" when it could be heard for the cheers. As they finished, the stage was apparently enveloped in a sudden snow storm, but was only that of the cape jessamines at each cover, by a simultaneous impulse tossed at the feet of the singers by the delighted listeners.

A cornet solo by a member of the Beaumont band was highly appreciated and magnificently done.

Misses Mag and Elice Harris sang a comic song and in response to the encore were joined by the little Misses Link of Palestine. Then followed the last address, Prof. F. W. Malley's, on the Agricultural Development of East Texas. Master and enthusiast on the subject, he brought facts and figures to prove his poetic flights of fancy and fairly convinced his listeners that in the fruit and truck farming of Nacogdoches county, lie fortunes for all who know how to grasp the golden opportunity.

Mr. Reed, the president of the Beaumont League made the closing speech, praising the ladies for their hospitality and presence, and indeed they deserved it, for to the wives of the business men here is due the brilliant suc-

cess of the reception.

At 10 o'clock the excursionists accompanied by a large number of citizens left on the special for Tobacco, or Redheld as it has heretofore been known, arriving at the latter place fifteen minutes later. The tobacco fields were explored and marveled at by the visitors. It was a complete revelation to them, notwithstanding they had been led to expect wonders. The party was accompanied by Miss Webb and Mr. Taylor, the promoters of the Texas-Cuban Tobacco company, and upon arriving at Tobacco were taken in charge by general superintendent Sheller, who showed them every courtesy and tendered them the freedom of the premises. Cigars made right on the farm, from the crop grown there last year, excelled by nothing except it be by the genuine native Cuban leaf, and that a bare possibility, were passed around, and were enjoyed and lavishly praised by the smokers.

The tobacco under canvass is in fine condition and, in spite of the thirty days drouth, is looking most promising. That which is not under cover is waist high and in excellent condition.

Workmen are still busy erecting framing for canvass, and within a few more days the acreage under canvass will be doubled.

The plants that are still in the beds are in a healthy and flourishing state and are ready to be set out as soon as it rains. The transplanting has been delayed on account of the dry weather, but there is plenty of time, and Mr. Sheller says the plants yet to be put out will produce as fine a crop as those already growing in the fields.

The following is the personnel of the Beaumont visitors:

### Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third street, Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one 50c bottle cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of sufferings." ### NATURE'S OWN CURE

Hyomei Cures Catarrh Without Dangerous Drugging of the Stomach.

Not until Hyomei was discovered has it been possible to truthfully say that a remedy for catarrh was known. This remedy is breathed through the Hyomei inhaler for a few minutes four times a day, and during that time every particle of air taken into the air passages and lungs is impregnated with the germ killing and health giving Hyomei. It is the only treatment that cures catarrh. Stomach drugging often causes disordered digestion or brings on some others disease and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the germs in the blood. It frees the mucous membrane from poisonous microbes and gives perfect health. A complete outfit costs but \$1.00, and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Stripling Haselwood & Co. have so much faith in the merit of Hyomei that they agree to return the money to any purchaser who may be dissatisfied.

Forest Cruse returned from Houston this morning, and says that the Thompson Milling Co's. creditors held another meeting this week and a liquidation committee was appointed at the meeting to straighten out the affairs of the company. The mill will resume operation about the 15th, under the above committee.
