### APPLEBY LOCALS.

June 27—At last our red land farmers have been well watered by the falling of rain, and crops are improving very fast since the showers. But that pesky plague, the boll weevil, has made its appearance in abundance in our cotton fields. Every day some one comes in with quite a lot of them to show until we all are taking the blues and "Jim Jams."

The Free Methodists are holding a very enthusiastic meeting here this week. Good interest and fine attendance.

Quite a number of our people attended a big basket dinner at Holly Springs last Wednesday and say everything was carried on very nicely.

Our entire town took in the big barbecue at Nacogdoches last Friday and found everything so very pleasant and so much good to eat free that they are still coming back from Nacogdoches.

Old fashioned Sacred Harp Song Books, and other kinds, also.

### CITY FILLED WITH VISITORS

The Corner Stone of the High School Building Laid

BY MILAM LODGE A. F. & A. M.

The Barbecue in Connection with the Ceremonies was One of the Finest ever Pulled Off.

From Saturday's Daily:

Nacogdoches entertained the largest crowd yesterday that has ever assembled in the old town.

The excursion trains were crowded, and from every direction the vehicles rolled in, a steady stream. Over ten thousand souls were on the College Campus, and every one met friends they had never expected to see again. Old citizens who had moved to other sections of the State took advantage of the occasion to visit their old home, and strangers who wanted to see the celebrated little city, added to the number.

The program was carried out as published. The installation of officers by Milam Lodge No. 2 was witnessed by hundreds. The following were the officers installed:

Hon. V. E. \*Middlebrook, W M; O. P. Hall, S W; T. H. Murray, J W; John Schmidt, treasurer; H. L. Turner, secretary; W. B. Pearson, S D; W. P. Burrows, J D; John Burrows, Tyler.

The laying of the corner stone with Masonic ceremonies which was the culminating point of the days events, was a beautiful and impressive ceremony. The massive granite where all else fails, heals every sore, makes the blood purer, the skin a rich superintendant and the architect of the building with the date, June 24th, 1904, carved on one side and the inscription "Washington Square; dedicated in 1859 to the education of white children" chiseled on the other. The stone seemed a symbol of difficulties triumphed over, of victory won, of the new building that would spring into beauty because of the hard efforts of the heroes of the pioneer days; and in a silence that was thrilling, the deputy most Worshipful Grand Master, Mr. Smith Garrison, of Timpson, stepped to the platform and made a brief fitting address on the purpose for which the Masons and citizens had assembled. In the receptacle under the stone was placed by Mr. McClure, the Grand Treasurer, many emblems and historic relics. The Masons placed therein, three bottles containing corn, wine and oil, and also Masonic emblems.

Mrs. E. M. Dotson, as representative of the Cum Concilio Club, put in the year book of the Club for 1904, a photograph of the Stone Fort, a copy of the Nacogdoches Chronicle of 1887 and a Sentinel of 1902, containing descriptions of the old Stone Fort, the old Elm and the old School building. Rev. A. J. Holt deposited a stone from the quarries from which the stone was taken for Solomon's temple, making as he did so a beautiful application of the

act in a few short sentences.

Hon. V. E. Middlebrook placed in the box a small silver plate with his name and an emblem of Masonry engraved on it.

One of the old Confederates added his badge of the day to the collection, a graceful and touching act.

Many were the relics that went to make up the contents of the casket now imbedded under the massive stone.

When it was lowered into place and the Grand Master had found it "Well formed, true, and trusty," the cup-bearers, Mr. Hill, with a golden vessel of corn, Mr. John Schmidt, with a silver cup of oil and Mr. Ike Shepherd, of Garrison, with a silver vessel of wine, annointed the stone with the symbols of plenty, peace and joy.

The address of the Grand Master and the invocation concluded the ceremonies.

Few, perhaps know that the corn used is not our American corn, which is maize, and was not known to the ancients, but that all small grain was known as corn, and that pearl barley is the grain used.

Alter an interval of a few minutes, the crowd gathered around the speakers stand in front of the old dormitory, and Judge G. F. Ingraham introduced in a speech at once, eloquent and humorous his life long friend the speaker of the day, Judge Peyton F. Edwards, of El Paso. Judge Edwards received an ovation at the hands of his friends. He spoke of the old days of Nacogdoches when he went to school at four years old, and of the old Masonry. Milam Lodge No. 2 is the oldest lodge in the state, and Judge Edwards grandfather, Hayden Edwards was the first Grand Master.

Moving his great audience to laughter, and the brink of tears by his reminiscences which brought in so many familiar names familiar to even the youngest school boy in the crowd for they are blazoned in history; Judge Edwards was almost swept off his feet in the storm of applause that greeted his statement that if it is possible, he is coming back to his old home, to his old friends, to the place where his name and fame have grown, to be again a citizen of the town that is proud to own him as a son.

The address was ended all too soon and Mr. Cason announced the order of dinner which was, ex-confederates first, and they marched two by two, two hundred strong, to the tables. Then ladies and children, and when they were through, the men who had gallantly waited were served. There was an abundance and more than an abundance for all, several hundred more could have been fed. The meats were delicious. The people had given of their best, and the tender young meats were barbecued by the most skillful cooks in the state. Cakes, pies, salad and cornbread, contributed by the ladies to the barbecue menu, made a dinner worth walking ten miles for.

### Populists Meet.

The populists of precinct No. 1, met at the court house last Saturday and resolved in favor of putting out a full county ticket. A slate was suggested as follows:

For district clerk—Jesse Pye.

For collector—J M McClure and A J Murphey.

For assessor—Isaac Skillern and G W Shopner.

For treasurer—W A Barr.

### Tournament and Picnic.

There will be a Tournament and Picnic on July 8th, in Capt. Harris' pasture, 3 miles West of Black Jack on the Black Jack and Nacogdoches road. Everybody cordially invited and we hope they will attend and partake of the pleasures.

### MELROSE ITEMS.

June 27.—We have been blessed with nice refreshing showers for the past week.

Messrs J. C. and H. V. Fall, from Chireno, spent the night in Melrose on their way to the barbecue, and a great many from here attended and report everything in favor of Nacogdoches, and one special feature was not a drunken man to be seen and the best behaved crowd ever seen in Nacogdoches county. So much for a prohibition town.

Prof. Feaselle began teaching a singing class here last Wednesday with thirty pupils in attendance.

The Methodist preachers have gone to Carthage to attend District Conference which is in session there now.

The poor candidates race is almost run and then they will find rest from the public target gun, and that business executive committee will be retired for the present, as there is no more work to be done.

Miss Bora Hardeman will leave Tuesday for Jacksonville to spend a couple of weeks with relatives.

Little Will Eva Simpson, from Garrison, is on a visit to her grand parents, Mr. and Mrs. John Wilson.

Bishop Joseph S. Key, southern M. E. Church writes: "We gave Dr. Moffett's Teethina (Teething Powders) to our little grandchild with the happiest results. The effects were almost magical, and certainly more satisfactory than from anything we ever used." "Teethina" (Teething Powders) counteracts and overcomes the effects of the summer heat's.

The old bridge across the Loco on the upper Douglass road was torn down today by Mr. Beck, who has the contract to erect a new bridge in its stead.

BALTON & HALTON, Proprietors.  
R. W. HALTON, Editor.

It seems that Old Joe Cannon was "it" at the Chicago convention.

K. LAMITY is going too heavy in politics and his Harpoon has been dulled with striking against so many mud turtles and other hard shells.

THERE was no spice in the Roosevelt convention, and it is said that the harmony that prevailed was much like that which attends a funeral service.

IT is a little singular that the prospect of Parker's nomination for president is bringing all the McKinley democrats in line; ala George Clark et al.

DEMOCRATS who have the success of the party at heart should accept the situation without a murmur and encourage all white voters to do the same.

If there is bound to be fighting done in the interest of democracy, The Sentinel is willing to stand in the front rank, provided the enemy is in front and not in our own ranks.

GEORGE CLARK has again become a disturbing element in the democratic party. Parker may be all right, but he is bringing some "bad company" back into the democratic ranks.

THE Roosevelt convention is the thirteenth national nominating convention of the republican party. That is some encouragement for the democrats.

RAINS have fallen as far East as Baton Rouge according to newspaper reports. It has been raining West for a week and in some sections the grain crop has been damaged seriously.

THE sheriffs of Texas are almost a unit for Stephens for comptroller. This is a powerful influence for Blanchette to overcome, yet at present his prospects are not at all discouraging.

THE doctors of Angelina county have formed a trust. They met in Lufkin recently and adopted a uniform fee bill by which the local fraternity is to be governed in its practice in the future.

THE republicans are holding a sort of love feast—taking sacrament as it were—at Chicago. The Roosevelt convention is the tamest affair of its kind ever held, and seems utterly lacking in interest. The cut and dried process took all the seasoning out of the proceedings.

BEAUMONT is wrought up over the failure of Congressman Cooper to meet the Burton party when it visited that city and some severe criticism has been passed upon him for leaving the city to fill his appointments to speak in a distant part of the district on the eve of so important an occasion.

## STERLING P. STRONG.

When the county convention met on 11th of June to select delegates to the San Antonio convention, it, among other things, passed a very strong resolution endorsing Sterling P. Strong for State Treasurer. The resolution was entirely proper and was passed by a unanimous vote of that convention, and meets the hearty approval of the people of this county, whom Mr. Strong has served so faithfully as County Clerk. He has the reputation of being one of the most efficient and trustworthy officers in Texas, and in addition to his duties as county clerk has acted as purchasing agent for his county. In this capacity, through his business foresight and good judgment his purchases for the first two years of his administration resulted in a saving to the county of nearly \$4000.00 compared with the purchases made for the county for the two years previous. This is mentioned to show how faithfully and conscientiously Mr. Strong has performed his duties in the public service.

As a citizen no man stands higher in Montague county, where he has lived for more than thirty years, and his conduct has been such as to merit the esteem of every good citizen, and if the election of a state treasurer were left to the people of this county, Sterling would be chosen without a dissenting voice. His life in Montague county is an open book, without spot or blemish and our people swear by him. One of our county candidates while out hustling in his own behalf said, "I can't interest the people about my own race until I first tell them how well Sterling is getting along in his race for State Treasurer."

We have about five thousand voters in Montague county. Ask any of them about Sterling Strong and you will not find more than one out of every thousand but what will tell you that Sterling is every inch a gentleman and as honorable a citizen as ever lived within the borders of this county.—Montague Democrat.

THE first bale of cotton for the present season has been shipped from Brownsville to Galveston. It is one month and six days earlier than last season.

IT is entirely out of order for democrats to be picking flaws in the ruling of the executive committee. It is being attacked sufficiently from the outside. It is a poor way to court harmony to be in discord among ourselves.

THE race for State Superintendent of Public Instruction, Comptroller, Attorney General and State Treasurer are warming up. The candidates are flooding the mails with literature and are touring the State as fast as they can travel.

FIVE cars of peaches were sold on the track at Jacksonville and in the immediate vicinity for \$2,250; four cars of potatoes brought—\$1,275,

and eighteen cars of tomatoes netted the growers \$13,390, all within three days time. The fruit and truck growers over there seem to be doing business.

THE annual Farmers' Congress will be held at College Station on July 5th, 6th and 7th. The railroads will put on an unusually low excursion rate for encouragement of farmers in East Texas to attend the congress.

THE HERALD wants Lufkin to dress up in red, white and blue on the 30th, the day Congressman Cooper and his opponent, Hon. M. L. Brooks, are to speak there. It would indeed be a distinguished honor to the speakers.

IT can only make matters worse by keeping up a constant complaining against the action of the democratic executive committee in excluding the negroes from the primaries. It is too late to undo the work. The call has already been made for the primary elections and the best thing to do is to go in for peace and cease agitation.

IN the interest of peace and harmony, The Sentinel's columns are closed and hermetically sealed against any contributions upon the political situation. This is no time for agitation. Passing strictures upon the democratic executive committee can only make bad matters worse and stir up discord where it now may not exist. Let us proceed with caution and be silent.

THE democratic candidate for presidential elector of this congressional district is the Hon. Geo. B. Terrell, of Cherokee county, than whom no better choice could have been made. There were several candidates, including several of the most prominent men in the district. Mr. Terrell's nomination was for merit alone and not for his conspicuousness as a candidate.

A SHOCKING scene occurred last night while officers were conducting a negro to jail. The negro was horribly beaten over the head with a pistol and much indignation is being expressed over the act. Officers should be more guarded in their conduct. The law does not justify an officer in beating up a prisoner for no other reason than that he uses offensive language toward him.

IF your want to raise your boy for the penitentiary, the receipt is very simple. When he doesn't want to go to school, let him loaf. When he gets into some mischief and your neighbor reports it to you, cuss him in the presence of the boy. When he gets a little larger and purloins something of value and you find it out, laugh at him and let him go at that. When he gets into something that takes him into the justice court, and he is found guilty and fined, pay his fine, cuss out the court, the jury, and every person connected with the matter, and pity the boy. You will soon have a candidate for the penitentiary.—Marietta Journal.

## WORK OF THE CONVENTION.

The Texas democratic state convention gave straight out instructions, under the unit rule, for Parker; adopted a platform of principles, upon which it is believed all democrats and all other opponents of Rooseveltism can unite, and elected the following delegates to represent the state in the St. Louis convention:

Delegates at large: John H. Reagan, Charles A. Culberson, Joseph W. Bailey, James B. Wells, T. D. Cobbs, Thomas H. Ball, Clarence Ousley, Howard Templeton.

## THE PLATFORM.

The Texas democracy in convention assembled congratulate our party and country upon the prospects of national success.

We declare our faith in and adherence to those fundamental principle taught by Jefferson which have given life to our party throughout this whole illustrious history.

We repudiate and denounce the various arbitrary acts of the present chief executive of the nation in invading the province of congress, violating sound international law and tending to destroy free representative constitutional government.

We commend such course as may tend to peace and avoid war, and condemn militarism as destructive of the liberty of the people. The war spirit that has been so pandered to by the present executive we strongly condemn. We denounce all unlawful combinations to control material, labor or products, to the destruction of competition, and demand the rigid enforcement of all laws against such trusts, since "equal rights to all and special privileges to none" must be respected, as basic in our political system.

We denounce the present tariff law known as the Dingley act as an abomination of legislative iniquity and a gross and conscienceless abuse of legislative power, for which no sufficient excuse can be offered or apology made, and we therefore pledge ourselves to its repeal. We denounce the doctrine of protection as a fraud, a robbery of the many to enrich the few, and favor a tariff for revenue only, sufficient to meet the needs of an efficient and economical government, so levied as not to discriminate against sections, but to equalize the burdens of taxation to the greatest extent.

We favor as economical an expenditure of public money as may be consistent with efficiency, and we denounce the extravagance that has so strongly characterized the present administration of the federal government as altogether unnecessary and as tending to corrupt the public conscience.

We trust that harmony will prevail in our national convention at St. Louis on July 6th, and that patriots everywhere will unite in the support of the choice of that convention for president and accomplish the overthrow of the present pernicious administration, believing as we do that the re-election of the present executive would be a menace to our free institutions and the individual labor of the citizen.

We are opposed to asset currency and the control of the volume of money by the banking powers.

The largest dynamo in the world is exhibited in the American section of the Electricity Palace at the World's Fair. It is an alternating current generator and has a capacity of 10,000 horse power.

## PRESIDENTIAL ELECTORS.

The State convention at San Antonio nominated the following democratic candidates for presidential electors from Texas:

Electors at large—Jake Wolters of Fayette county and Lee Clark of Hunt county.

The following district electors:

First—Fred S. Dudley.  
Second—Geo. B. Terrell.  
Third—Ras Young.  
Fourth—T. F. Mangul.  
Fifth—P. T. Ridgell.  
Sixth—C. S. Bradley.  
Seventh—John C. Fagan.  
Eighth—J. D. Ashford.

Eleventh—A. R. Eidson.  
Twelfth—John H. Hiner.  
Thirteenth—A. C. Ousley.  
Fourteenth—J. H. Stanley.

Hon. R. M. Johnson, of Houston, was endorsed for National committeeman from Texas.

There is no need for our towns to be populated with loafers as long as the present demand for farm labor continues. To earn your bread by the sweat of your brow is no disgrace, young man.—Denton County News.

That is the gentle way in which the newspapers generally suggest that the non-bread winning but bread-eating element go to work. In every town in the United States—in the world, for that matter—there are many people who do not labor and who will not labor, and yet who must live. This is not meant to include women. It is not meant to include children who are unable to labor. It is meant here to include men and men alone. Small consideration should be given to the loafer. Expostulation goes but a short distance with him. He should be made to work, and that without reference to the shame which he would feel in being made to do so. But the most contemptible of the species is that man who loafs from one year to another and lives upon bread which his wife makes for him. State Press has known dozens of men who have not earned a dime in years and whose estimable wives labor for them. And these infamous fellows—for infamy is attached to such a course of life—are not disturbed simply because communities do not want to mortify the estimable wives and their children by visiting a disgrace upon the husband and father. One thing is certain in this life, and that is this: If a man has no money and will not work he must sponge on some and rob others. As long as he lives he is eating. As long as he is eating and not producing something to secure his food, so long he is depriving others of the fruits of their labor. The tramp and the loafer should be severely dealt with. They are robbers, and they menace and disturb society.—Galveston News.

### THE NEW IRON FOUNDRY.

Building Going Up For the New Enterprise.

Messrs Kellough & Son, the iron founders, who recently came from Jacksonville, have secured a suitable lot for their plant and are now erecting a large building just north of the electric light plant opposite the old Galloway mill place. They will finish the building in a short time and before we know it Nacogdoches will have another big enterprise in operation, one that will add largely to her industries and fill a long felt want. These people are experienced and skilled in their business and will in addition to the foundry run a machine shop where all kinds of machinery may be rebuilt or repaired. There is plenty of business here for such an institution and all that is needed to make it a success is for home folks to remember that hereafter it will be unnecessary to send away for any piece of casting or for any repairs for either light or heavy machinery. Such a concern should be fostered by the encouragement given by simply patronizing home industry.

# PHYSICAL HOUSE-CLEANING

A Thorough Cleansing of the System Now is the Surest Protection Against Spring and Summer Sickness.

No good house keeper ever neglects Spring cleaning. With plenty of soap and water, hard scrubbing and scouring, sunlight and air, she soon gets rid of all rubbish, musty odors, germs and microbes, and the dust and dirt that have accumulated during the long winter months. But when the house has been put in order, and the premises cleared of all old plunder and trash, the great majority of house keepers feel that Spring cleaning is over, and forget that their systems may be in a worse condition than the house, and that the bad feelings, debility, loss of appetite, nervousness and sleeplessness from which they are suffering are due to neglect of the more important and necessary work of Physical house cleaning. A clean house does not insure against disease, but a clean system does. The poisons and humors engendered within the body, the waste matter that is clogging the system and contaminating and vitiating the blood, are far more dangerous to health than the dirt and dust of our homes. In the winter-time we give free rein to our appetites, and eat more and oftener than is for our good. We inhale the polluted air of badly ventilated offices and rooms, take little or no exercise, and our bodies become a veritable hot-bed of disease-bearing germs, and our blood is loaded with impurities and poisons of every conceivable kind; and no wonder that Spring time is so often Sick time and finds us in such poor physical condition, with vitality slowly wasting away, our digestion impaired, the liver torpid, and all the bodily organs over-worked and out of repair. Unless our systems are given a thorough cleaning, and the blood purged and purified, the simplest malady may develop into some serious disorder or end in chronic invalidism, and often the pent-up impurities, poisons and humors break out through the skin, and all through the Spring and Summer you are tormented with boils, itchy rashes, sores, bumps and pimples, and all manner of ugly pustular and scaly eruptions.

Physical house cleaning should begin with the blood. It must be purified and strengthened, and when a stream of pure, rich blood is turned into all the nooks and corners of the system, the rubbish and disease-producing poisons are washed out, and the congested channels and avenues of the body are opened, and Physical house cleaning is made thorough and complete. S. S. S. cleanses the blood of taints and poisons and expels the waste and rubbish from the system. It is to the system what soap and water are to the house. Nothing else so quickly removes the stubborn, deeply-rooted poisons and humors that are destroying the purity of the blood and blocking the avenues of health and life.

A course of S. S. S. now will put your system in perfect order and fortify you against the debilitating diseases and aggravating skin troubles that are sure to come if your physical welfare has been neglected.

S. S. S. is not only the best of all blood purifiers, but an unequalled tonic and appetizer. It builds you up, improves the appetite, and aids the digestion and assimilation of food, and keeps the system in a healthy, vigorous condition. S. S. S. is guaranteed purely vegetable, and can be taken by the old, middle-aged and young without danger of any harmful effects. S. S. S. is a blood purifier and tonic combined, a perfect Spring medicine and indispensable in Physical house cleaning. Write us fully about your case. No charge for medical advice.

# Weekly Sentinel.

HALTOM & HALTOM, Proprietors.  
R. W. HALTOM, Editor.

The populists did not show much strength nor enthusiasm in Saturday's meetings. In fact many voting precincts held no meetings at all.

If you are not familiar with the new election law the best way to get acquainted with it is to vote every opportunity you have.

The present state of affairs with regard to caring for the insane is a disgrace to Texas. It is time the legislature was appropriating more money for the care and protection of those who are thus afflicted instead of hunting some place to dump money as a bait for votes.

Don't forget to bring your poll tax receipts with you when you come to the primaries. If you live in a corporation you may have more than one receipt; if so you must bring them all with you. If you were not assessed last year you can vote without a poll tax receipt. All young men becoming 21 years of age between January 1st, 1903 and Nov 1st, 1904, are qualified voters without a poll tax receipt.

The necessity of confining lunatics in the county jail is absolutely shameful and is a black spot on the good name of Texas. This state is rich enough to provide for unfortunates thus afflicted and it is a disgrace to the legislature and the state administration that room is not provided for them in the asylums. A sick person had as well be denied physica for a crazy person to be confined in a filthy county jail.

DEMOCRATIC voters should not overlook the fact that in the race for Representative, County Judge, County Attorney and County Commissioner of precinct No. 1, nominations will result in the primaries of July 9th. A full vote is as essential in the first as in the second primary. Don't stay away from the first just to save a day, thinking that it will be sufficient to do your voting after the candidates are thinned out to two in a hill.

The oldest Mason on the barbecue grounds Friday was Mr. John Brewer, of Nat. Mr. Brewer is 87 years of age, and has been a Mason for 56 years. His record in many other particulars is equally interesting as it shows the calm, well balanced intellect of a man who has made a success of life without going off after each new thing. For fifty-eight years Mr. Brewer has been a Baptist, and for fifty years has held the position of deacon in the church of his choice. He has called the same place "home" for fifty-eight years, and never, for fifty years has he failed to raise corn and meat for his own use and for sale. The country is to be congratulated that can point with pride to such men as Uncle Johnny Brewer. They are the main stay of the land.

## HOW TO VOTE.

Henderson Times.

Under the new election law the voter goes to the voting place, unattended, where the managers of the election will provide him with a ticket, and right there he must make it out and vote it like a man. Hundreds of men, voters of many years standing, never made out their tickets, but generally got a friend to do it. Under the new law that plan is not allowed. It is important right now that every fellow who expects to vote in the coming primary should begin to learn how to vote. The first thing for him to learn is who he wants to vote for. If he wants to vote for John Smith for tax assessor, then he must put on his specks, take his pencil and mark out all the other names for that office, and so on clear through the ticket. There are four candidates for attorney general. The voter must make up his mind as to the one he wants, and mark out the names of the others. Every fellow who expects to vote in the coming primary, must have his poll tax receipt and a pencil, and if his eyes are not good he must have his spectacles right there. For the first time in the history of our country, every fellow will have to do his own voting. It is mighty easy to vote after one learns, and there are no difficulties in the world about learning. And the citizen who has not enough pride to learn how, and then vote, is an incompetent citizen and not worthy of the liberty he enjoys. In cases where the voter cannot or does not want to make out his own ticket the law provides that an officer of the election may make it out for him at his request.

## DANGER OF CONTEST.

The Chronicle is informed that the negroes of Upshur county will be permitted to vote in the democratic primary, if they will only pledge themselves to vote the local democratic ticket, allowing them to vote the national republican ticket if they prefer. This is indeed a peculiar and extraordinary state of affairs, and appears to indicate to an outsider that the party organization of Upshur county has fallen into the hands of a few designing politicians who hope to use it to their own advantage.—Pittsburg Chronicle.

If the Chronicle has been correctly informed, Upshur county may have a contest on hand at the Houston convention. The State executive committee adopted rules to govern primaries. One of those rules limits the participation to white democrats. The executive committee makes up the temporary roll of the convention, and if it should be proven to the committee that negroes were allowed to vote in any counties, such counties might be dropped from the temporary roll, and unless the convention goes back on the executive committee, from the permanent roll also.—Galveston News.

According to the construction of the News and Chronicle, the action of the Nacogdoches county democratic executive committee was entirely compulsory, and if it had not taken such action this county would have been denied representation at the State convention. The opportunity will be offered, however, for a definite ruling on this point, as some counties are admitting negroes into democratic primaries, and a precedent will be established upon which future action may be based. In the meantime, let all democrats accept the situation as it is in this county and cease agitation in the interest of peace and harmony. Time alone will smooth out the kinks.

## A Call.

By authority vested in me I hereby call a democratic convention for Precinct No. 1, of Nacogdoches county, Texas, to meet at Nacogdoches on primary day, July 9, 1904, at 2 o'clock p. m., for the purpose of appointing delegates to the county convention July 16th, and to elect a precinct chairman for Precinct No. 1, and for such other business as may come before said precinct convention. E. W. Smith,  
Ch'm. Pre'ct. No. 1.

## Alazan Democracy.

The democratic primary election for the Alazan box will be held at Alazan as originally announced.

J. Y. Baugh,  
Chairman.

Rev. D. Hewitt, county missionary, assisted by G. W. Jefferson are holding a protracted meeting at Douglass. They are greeted with good congregations and interest increases at every service. The meeting will continue indefinitely.

## THE NEGRO VOTE.

The negro vote of Nacogdoches county amounts to only about one-fifth of the total voting population. Of the 3492 poll tax receipts, issued by the Tax Collector, only 610 were issued to negroes. The vote as compared between white and colored, according to the number of poll tax receipts issued stands at the various voting boxes of the county as follows:

Box.	White.	Colored
Nacogdoches,	921	190
Alazan	87	18
Appleby	145	27
Shady Grove	183	35
Martinsville	104	14
Melrose	178	47
Attoyac	84	9
Chireno	127	34
Etoile	92	—
Douglass	106	62
Nat	91	35
Lilbert	54	7
Cushing	167	17
Linn Flat	193	49
Sterne	74	5
Garrison	276	61
	2882	610

Grand total 3492.

## To the Voters of Nacogdoches County.

Not having the opportunity on account of official duties to see you all in person, I take this method of addressing you a few words. As you well know I am now serving my first term as County Judge. I have always belonged to the democratic party and supported its platforms and nominees. While not claiming to be perfect, or free from errors and mistakes, my record both in public and private life is before you, and I am willing for the search light of truth to be turned upon it.

## COUNTY FINANCES

As it has been circulated that this county has become involved in debt, during the present administration, I submit for your consideration the following statement showing the condition of the various county funds on the 14th day of May, 1904:

- Jury Fund, cash on hand \$732.47.
- Road and Bridge Fund, cash on hand \$6,136.28.
- General Fund, cash on hand \$4,445.20.
- Available County School Fund, cash on hand \$10,603.47.
- Permanent County School Fund, cash on hand \$9,697.23.
- Stenographers Fund, deficit \$12.00.
- Road Precinct Funds, cash on hand \$146.60.

The above figures are matters of record, and have been duly sworn to by the County Treasurer, and every member of the Commissioners Court.

## COUNTY CONVICTS.

During my incumbency of this office I have collected and paid into the county treasury exceeding three thousand dollars, which money was collected on bonds given for the hire of county convicts, and when paid into the treasury, it is, under the law, placed to the credit of the Road and Bridge Fund. I have not collected and do not collect any fines or other moneys for the use of the county, except on convict bonds.

## JURY FUND.

As very little money goes into the county treasury to the credit of the Jury Fund, and as the present road law forbids the Road and Bridge Fund (of which we have a surplus) from being used for any other purpose, it has been difficult to provide a fund sufficient to meet the demands of jury service, and transfers have been made from the General Fund for the benefit of the Jury Fund, instead

of from the Road and Bridge Fund, as was formerly the case.

## POOR FARM.

While most of the county convicts have been hired out under the law regulating the hiring of county convicts, yet the number of those whom I could not hire out at any price have been increasing to such an extent, and so many were laying out their fines and costs in jail that a farm consisting of 204 acres of good land has been recently purchased by the county at a cost of \$2,200.00, upon which our county convicts are now at work, and where our paupers will soon be, when the necessary houses can be prepared for them.

## SCHOOLS.

Following the example set by my predecessor in office, and with the assistance of the Tax Assessor, a diligent comparison of all the community petitions for organization of the schools, has been made with the Assessor's scholastic census, so that the names of more than 500 children, within the scholastic age, have been added to the school rolls. More than \$2,500.00 of school money has thus been brought into the County School Fund, which would not be the case without such examination and comparison.

## COUNTY JAIL.

Within the last 18 months our jail and the cages have been repaired at reasonable cost, and are now as good as new. It has been enclosed with a good stockade, a room for jailer built, and jail supplied with a system of good water works. Since the making of these useful improvements, breaking out of jail by the prisoners, which used to be quite common has not happened.

I thank you for the confidence that you have reposed in me, and will ever try to deserve the name.

If nominated and elected to the office of county judge I will continue to use my best efforts to bring about a wise and economical administration of county affairs.

Yours truly,  
ROBERT BERGER.

## Muckleroy Withdraws.

## TO WHOM IT MAY CONCERN:

After mature deliberation I have concluded to withdraw from the race for County Commissioner, subject to the action of the Democratic primaries. I regret that conditions have changed to an extent that necessitates this course. I believe in Democratic principles and I believe the Populists party comes nearer actual democracy than the Democratic party does. I have all along affiliated with the Populist party. I was elected two years ago on the independent ticket, however, assisted by Democratic friends. Some Populist precinct meetings in my precinct have nominated me to go before the people's party primaries for Commissioner, and if I shall be nominated in said primaries and be subsequently elected, I will be in better position to serve the people than in the past on account of the experience gained in the present term. At the time I announced it was generally understood that there would be only one ticket in the field.

Very respectfully,  
G. L. MUCKELROY.

An eight wheeled wagon seen on the streets Saturday evening was a novelty to many. The wheels were on trucks like car wheels, and the heavy and cumbersome vehicle was drawn by five yoke of oxen. The outfit belonged to a railroad camp that had sent in town for supplies.

## STRUCK OIL.

Report of a Fifty Barrel Well is no Fake.

The report that came yesterday that the Glass well had made a fifty barrel strike was no fake.

The rumor is true. The strike was made at a depth of about 150 feet in a strata of oil sand which has not yet been passed through. A fifty barrel well is "paying quantity" even if the flow does not become greater which it is expected to do after the strata has been entirely penetrated.

## CHARLES T. CLARK

Asks the Voters to Consider His Candidacy for Sheriff.

To the voters of Nacogdoches county:

As the primary is rapidly approaching, and as I am particularly desirous of being one of the two that are left after weeding out the noxious and ill-suited, I rush into print to prevent your forgetting that I am one of the poor unfortunates who was vain enough to believe he would prove the most popular man in the contest and would be the only one left in the race for sheriff after the second primary. I am free to confess that I have no special claims that would entitle me to your support and ask the same upon my own merits, and that based upon the belief that I can serve you well and to your entire satisfaction.

I am sure of one thing, and that is, I will be sheriff of the county if I am elected and will discharge the duties of the office faithfully and impartially, and without favoritism. All law violators, regardless of their position or influence, politically, or otherwise, will receive the same treatment, and will be required to account to the legal tribunals for their misdeeds. I earnestly ask the support of all good citizens who believe they would not do their own and their neighbor's interest injustice by casting their ballot for me.

I am a native of Nacogdoches county and have never lived elsewhere, therefore my record is open to all and I have no fear of an investigation of same by all who are not familiar with it. I am now and have always been a democrat. I mention this fact that all may know "where I am at" and that nothing may be hidden. I desire to say in conclusion that I am seeking the sheriff's office because I want it and do not profess to be making the campaign because I have been solicited to do so. My race is not for the purpose of pleasing others, it is as before stated, because I want the office, and if I am elected will then try to please all.

I have unbounded faith in the wisdom and justice of the people, and if it should develop that I am not the choice of the majority, I will quietly step out, believing that my fellow-countrymen have acted as they thought best. Again asking your support and promising you my best services if elected, I beg to subscribe,

Yours Truly,  
Chas. T. Clark.

## TRAWICK LOCALS.

Mrs. Nevie Gorom, of Nacogdoches, and Miss Linnie Paine, of Douglass, were here this week; also Mrs. Dr. Brown, of Cushing, is visiting here this week.

T. H. Foote has been here this week but failed to organize the Fraternal Tribune.

Mrs. Kate Pain is on the sick list this week.

EVERYBODY, far and near, is bragging on the big barbecue and Nacogdoches.

# RED FIGURE SALE.

We have just completed our June inventory, and have found that we have too many goods and that we must dispose of a lot of them or carry them over until next summer. We had rather have the money and let our customers have up-to-date seasonable goods at a bargain. Most cost sales offer January goods in June or June goods in January, but we are offering summer goods at cost in the good old summer time when they can be used to advantage. We want all our old customers to take advantage of this opportunity of saving money, and we want the general public to have a fair show of the good things now going. The stock is large and varied, but it will pay to come early as we anticipate a rush.

Everything will be marked in Red Figures in accordance with the prices in this advertisement

Askew, a millwright who recently came here from Louisiana to work on the Hayward Mill, has become so favorably impressed with Nacogdoches that he has ordered the Sentinel forward to his brother, J. L. Askew, at King's Mills, Ark., in the hope that it may induce his brother to move here also.

Col. W. B. Ochiltree, of Houston, soent yesterday in the city attending the barbecue and laying of the corner stone of the new University building. Col. Ochiltree is a brother of the late Col. Thos. P. Ochiltree, and spent his boyhood days in Nacogdoches. He left here forty-six years ago and this is his first visit here since. Of course he could not recognize the place, all the old land marks having been obliterated! Even the old Stone Fort is not here to greet the sons of old Nacogdoches, who return after an absence of so many years.

Robt V. Mitchell and family, of Moody, are visiting Nacogdoches and will divide their time while in the city between Mr. Joe Vonder-smith and R. D. Whitaker. Mr. Mitchell is a Nacogdoches county boy. He was raised at Douglas and a boy who was liked and esteemed by all. He is now in the drug business at Moody.

**KILLED HER FATHER-IN-LAW.**  
**Fatal Family Fight in Rusk County.**  
 Near Cushing.

News of a most unfortunate family quarrel with consequences, comes from Rusk county near Sacul Sunday. Andrew Kenney and his wife had been having several little domestic jars and Andrew is alleged to have cruelly mistreated her. Sunday Andrew's father, Geo. Kimmey, went over to try and smoothe things out and in the operation undertook to whip him soundly. He was making good headway when Mrs. Kimmey, Andrew Kimmey's wife, stabbed him with a butcher knife, inflicting a wound from which he died a few hours after.

Mrs Kimmey walked to her father's house, eight miles away, after the deed and told what she had done. Her father, Mr. John Rawlinson, lives between Cushing and Sacul. Mr. and Mrs. Kimmey have been married less than a year. They lived on a place belonging to P. J. Swinks.—Plaindealer.

**Did You Get Skinned?**

Some time ago a number of men were here taking orders through the country for all kinds of merchandise to be shipped in car load lots from some concern outside of the State. In every instance as an inducement the articles were offered at a lower price than the local merchant could make. The early part of the week the first consignment came in, and was distributed.

One man had ordered coffee for which he was to pay at the rate of one dollar for 3 pounds, and when it was delivered to him, he discovered that the local groceryman would have sold him the same coffee, six pounds for the same money. Another ordered 100 pounds of sugar and when it was delivered he had it weighed and found it was sixteen pounds short, and the same way with nearly every order made.

Moral—Trade with your home merchant; you know what you are getting and he is always ready to correct mistakes.—Farmersville Sentinel.

**Call For Democratic County Convention.**

By virtue of the authority vested in me as chairman of the democratic executive committee of Nacogdoches county, I hereby call a county convention to be held at the court house in the town of Nacogdoches on Saturday, July 16th, 1904, at 2 p. m., for the purpose of electing delegates to the judicial, congressional and state conventions, and for the purpose of electing a county chairman and members of the county executive committee.

The precinct chairmen are requested to call their precinct conventions for July 9th, to elect delegates to the above county convention. These dates are fixed by law. This June 20th, 1904.

**Gone to His Final Reward.**

Last Tuesday the frail remnant of an honored and upright life passed to that realm which is eternal bliss when the soul of Mr. Sam Tucker, known all over the county as Uncle Sam, took its flight to greet the Master of heavenly abode. Deceased was born in Marion county, Alabama, in 1822, removing to Texas in the early 50's, and at the time of his death was in his eighty-third year. It was because of his unselfishness and liberality that he failed to accumulate plentifully of this world's goods, but while he failed in earthly affairs he builded for himself a place of rest from the trials and miseries of after life. He was an ex-Confederate, warm in heart for those who gave up their all for a cause they deemed right and while the living this week are answering roll call, he, too, answered the roll call to join those who have gone before.—Lufkin Herald.

**To Sink a Well.**

Mr. T. C. Glass, of Beaumont, is now putting up a derrick on the P. D. Fore land in the oil district and will sink a well there this summer. He is now having the rig and a large amount of piping hauled out and will begin boring at once. It is probable that several wells will be bored in the vicinity of Oil Wells in the near future.

**Always Ready.**

**Cures Old Sores.**

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin Co. Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by Perkins Bros.

**The Rifles Reorganized.**

"There are The Stone Fort Rifles," will be heard soon again in Nacogdoches, with the same tones of heart-felt pride as was felt when the company marched off to the Spanish war, marched back in honor, and disbanded with a record to their credit that will be a pride to the city forever. This company has for years been identified with the Stone Fort City, and has, whenever it attended the State encampments, made enviable records. It disbanded on the return from Miami, but every citizen of Nacogdoches is glad indeed to know that it has been reorganized.

**Acute Rheumatism.**

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City Ill., writes Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c and \$1. Perkins Bros.

**Test Its Value.**

Simons' Liver purifier is the most valuable remedy I ever tried for constipation and disordered liver. It does its work thoroughly; but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs. W. M. Tomlinson, Oswego, Kansas. Price 25 cents.

**Reliable Eye Water.**

A stranger in town suffering with an inflamed eye asked for the best drug store, and was sent to Perkins Bros. They supplied him with a bottle of John R. Dickey's Old Reliable Eye Water.

**Another One.**

T. W. Alexander, Bracken, Mo., says: "I had a chance to purchase and use one bottle Hunt's Lightning Oil. I think it the best liniment I ever saw." M. F. Alexander speaketh wisely and truly. 25 and 50c bottles.

**That Tired Feeling.**

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Herbert, Temple, Texas, writes March 22, 1902: I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fevers." 50c a bottle. Sold by Perkins Bros.

**Hogg's Patriotism.**

Referring to ex-Governor Hogg's roast of the Post, and other like enemies of democracy, the Dallas Times-Herald says:

"James Stephen Hogg was at one time the idol of the masses in the Lone Star State and today he has the largest personal following of any man in public life in the State. And it has come to pass in the Southwest that this sturdy champion of the rank and file of the democratic party gives it as his deliberate opinion that the wise and wealthy men of the East hate Theodore Roosevelt because they cannot use him."

Whatever else may be said of Hogg, he can never be pronounced either a fool or a deceiver, whether the rule of rectitude be applied to his private or public life. He regards Parker as a stool-pigeon for the trusts, and unlike many other public characters, he has the courage to come out in the open and denounce both him and his agents as enemies of the masses.

Mr. Ed Tipton, of Jacksonville, a former resident of Nacogdoches, where he was immensely popular, and Miss Maggie Hodnett, of Caro, were married in that city yesterday afternoon.

## HUGH H. TUCKER HERE Invited to Visit Nacogdoches by Citizens.

### Wonderful Power of Seeing Used in Examinations.

Dr. Hugh H. Tucker, who was invited by a number of our good people, came in Monday morning. Mr. Jas. W. Power, of this city, went to North Texas to see what truth there was in the reports of wonderful cures made by Dr. Tucker, and upon finding them true he returned home and had his friends help get the doctor to come here by signing a letter of invitation.

#### THE LETTER.

Nacogdoches, Texas, May 5, 1904.

Dr. Hugh H. Tucker, Waxahatchie, Texas.

Dear Sir:—We, the undersigned, would be glad to have you visit us in your professional capacity and hereby extend to you a hearty welcome to our town and county:

Wm. Anderson Jas. W. Power W. D. Peevey  
J. A. Spears E. M. Dodson T. H. Summers  
W. P. Pearson J. M. Spradley W. F. Summers  
John Schmidt B. Y. Lloyd Clifton Wells  
J. E. Watson R. A. Hall Robert Berger  
J. F. Risinger W. J. Grimes J. J. Millard  
J. B. Dale D. K. Cason

Dr. Tucker makes all examinations without asking a question, and can tell you better than you yourself could explain what and where the disease is. Those who have some trouble that they do not understand and is not doing well should see this man who has been tested so many times, and who proves that he can do what he says. Dr. Tucker gives no medicine at all. He uses a power he was born with to cure disease, and does cure.

When Hugh H. Tucker examines you he tells you there and then if he can cure you, and if he finds that he can not cure you, he tells you that. Examination free for a short time. Call and meet the Doctor and let him make his statement about your condition. Office rooms at Thompson House.

Office hours 8:00 to 12:00 and 1:00 to 5:00.

#### TESTIMONIAL.

Red Oak, Texas, June 22, 1904.

To my Kindred and Friends of Nacogdoches County:—As Doctor Hugh H. Tucker is going to your town, I will say that I was treated by him and he cured me after two good doctors had failed. They both said I could not live long. I had almost lost my voice from stomach trouble, and I also had a bad abscess on my kidney and I was in such pain all the time that it seemed to me that I could not live long, and I had made up my mind if it was God's will to take me from this world of pain I was ready to go, but Dr. Hugh H. Tucker relieved me and I feel better than I have in several years.

Now, dear friends, I write this because I know that Dr. Tucker can do what he says he can do, and as I was raised in Nacogdoches County, I feel like it is my duty to let you know what Dr. Tucker can do.

Very Respectfully,

WILLIE F. ROARK,  
Step-son of E. F. Coon.

#### NACOGDOCHES OIL FIELD.

Experienced Oil men Getting Started in That Territory.

From the number of oil men with both means and experience becoming interested in the Nacogdoches field that territory promises to have an investigation which it has deserved for a long time.

One draw back with Nacogdoches has been that they have never been able to offer anything but small producers, and as they were so overshadowed by the more southern wells very little attention was paid to it. They were somewhat isolated from the railroads and pipe lines and as pipeline companies had all they could attend to at home, there was no incentive to spend several hundred thousand dollars to reach that field.

Developments are now extending in that direction and oil men are looking for that class of well which they could not afford to notice during the

gusher days. The work projected at the present time is expected to bring the field to the front.—Beaumont Enterprise.
