The Bessie Roberts Mystery.
Nothing has yet been reported in the Bessie Roberts mystery case at Anniston. A man threw a light on the mystery. The reward has been increased to nearly a thousand dollars for the apprehension of the murderer. The state of Alabama offers \$250 and the remainder is made up by private subscription and continues to increase and will soon reach \$1000. Miss Roberts arrived at Anniston from Texas on Sept. 10th. On the 12th she started to visit relatives in Oxanna, a suburban quarter of Anniston, and when last noticed was walking in that direction alone about 5 o'clock in the evening. She was found on the 15th, as has been stated heretofore. The officers have exercised the greatest vigilance from the first.

Wesley Page, of Chireno, was here last night on a trading trip.

Court Notes.
The court adjourned until the 12th inst. Judge J. H. Davis, not having tried all the cases of Tyler in which the former is disqualified.

The grand jury will not convene again until the 12th, two weeks from today.

The Heath forgery cases were called today.

The Charley Roberts case was continued until next court.

B. S. Shirley, who has been sick for about ten weeks with typhoid fever, with his family, was carried by his brothers to his father's home near Nacogdoches where he will remain until he fully recovers.

Cushing Enterprise.
The brick work has been completed on the Central school building, and the building will be finished in another month or such a matter.

JOE'S BAKERY BURNED

Nacogdoches Has Another Lucky Escape From Fire Fiend

From Monday's Daily.
The old Wettemark Bank building, for several years past occupied by Joe Reind and known as "Joe's Bakery", was burned this morning about 7 o'clock. The fire started in the woodpile adjoining the building and was caused from heat from the furnace. The furnace had been fired up at an early hour preparatory to making a "run" with the bakery today, and the intense heat ignited the wood, which was stacked against the furnace on the outside of the building, and which must have burned some time, as it was not discovered until about 7 o'clock. The fire spread rapidly and in a few minutes the building was in flames. The firemen arrived in about 10 minutes and worked for about an hour before the fire was under control. The building was a two-story structure and was used for the purpose of baking bread. The loss is about \$5000 on stock of groceries and bakery. There was no insurance on either building or contents.

The prompt response of the fire company, which means every male citizen in the city limits, the fire was extinguished without damage to any other building, except to the fully building immediately adjoining on the east, the west wall of which will have to be rebuilt, and the glass fronts to several other buildings.

The burned building was the property of R. D. Whitaker and was worth about \$5000.

A new floor is being put on the compress bridge and it is being otherwise repaired.

Invite Them to Nacogdoches.

The Orange Judd Farmer, a leading agricultural journal published at Chicago, announces an excursion of Northern and Northwest farmers through a portion of East Texas during the middle of October. We have received a marked copy of the paper containing the announcement, and feel sure that this excursion will make a stop at Jacksonville, the leading shipping point of fruit and vegetables of Texas.

Our people should make arrangements to show the visitors this country, as they come as it will be an opportunity to interest a desirable class of immigrants in this section. Our real estate agents will certainly be sleeping on their rights if they fail to take this matter up and work it for all it is worth. Jacksonville Banner.

SHOOTING AT TENAHA

Dick Wall Badly Wounded by Jim Ballard

Tenaha, Tex., Oct. 4. A shooting occurred here today at 11:30, in which Dick Wall, of Logansport, was probably fatally wounded by Jim Ballard of this place. The men fell out while matching neckties and Wall attempted to cut Ballard with a knife, where the latter shot him with a pistol. The ball penetrated the stomach and lodged, and the wounded man is in a critical condition.

Garrison Cleanups.
The Garrison cleanup was held at the school house on Monday night. The program was well attended and the proceeds were for the benefit of the school.

The school board has decided to purchase a new building for the purpose of housing the school. The building is to be located on the corner of Main and Second streets.

For President
ALTON B. PARKER
of New York.
For Vice President
HENRY C. DAVIS
of West Virginia.
For Congress
M. L. BROOKS
of San Augustine.

The railroads still continue to decimate the population, but the damage suit industry can be relied on to play more than even.

The report that Tom Watson had broken down physically is denied by that gentleman. He was merely in seclusion wrestling with his letter of acceptance.

Mr. BRYAN is billed for thirty speeches in Indiana. That ought to make the Bryan element solid for Parker and swing over a good lot of independents at the same time.

SENATOR BULLY is canvassing Texas so thoroughly that the state is reasonably sure to go democratic. The senator should now hasten to some doubtful state at the North and remove the doubt.

W. L. DODDASS, the famous shoe man whose interesting nosegay has adorned the advertising columns of hundreds of newspapers in this country, has been agreed upon as the democratic candidate for governor of Massachusetts, and yet there are people who say that advertising don't pay.

DEMOCRATIC candidates for governor two years hence still modestly but firmly step out in front of the audience and announce themselves ready to serve the state. The list is getting too long to be conveniently handled in a paragraph. It is pleasant to know that our great state is in no danger of turning out of great men.

Some eloquence will become a lost art in Texas under the primary system and in the absence of an opposition strong enough to make the result doubtful. For our part, we should like to see a revival of old fashioned speechmaking that will bring the people out and put rival ideas in collision.

The good news comes from New York that Judge Parker has ceased to act in an advisory capacity, and has taken the field in person, so to speak. He is now directing the campaign and is going about his work in the calm but vigorous and decisive way of a general who is sure of himself and his army and means to win.

CHAIRMAN BARBO is one of the big guns of the republican party, is getting pumky and announces that as political sentiment seems to be drifting now, the republicans are likely to lose the next house of representatives. Why, certainly, Bab, old boy? Why should our side want to leave the job half finished by electing Parker and letting the cause remain republican? The republican campaign committee, Alton B. Parker and the White House and a democratic majority at the other end of the Avenue to cooperate with him.

THAT baldheaded old democratic bachelor, David B. Hill, is about to be run in at last, if reports are true. It is said that Miss May Irwin, an actress of good repute and matured charms, has roped the veteran and will soon have him hobbled at the altar.

PEACE to the ashes of old Milt G. Barlow, the veteran black-faced minstrel who died yesterday in a northern city. He delighted millions with his impersonations of the good old time darkey, and the pathetic refrain of "Old Black Joe" is sounding in our heart as we bid farewell to the man who made that song immortal.

The unfortunate jury in the Burton rape case at Athens had to listen to thirteen long speeches after the evidence was all in before they could make their escape to the jury room. The unhappy jurors could hardly be sure of their own identity after such an experience in this fervid September weather.

The biggest thing for Texas in the near future is the great meeting of Texas fruit and truck growers to take place in Tyler on Oct. 6th, to reorganize the whole business, hear the report from the committee that visited California and take the necessary steps to put the industry on an up-to-date basis. Tyler is making preparations to entertain an army of delegates.

Our respectful sympathies go out to the esteemed and suffering Timpson Times, but if Nacogdoches is a better cotton market than Timpson for Shelby county farmers you surely can't blame us. Subdue your rebellious spirit in this matter, Brother Ford, and be proud of the beautiful metropolis of East Texas where the old Stone Fort formerly reared its awful crest.

The Guatemalan ant has been succeeded by the Guatemalan turkey as the bird to do up the Texas boll weevil. One of Secretary Wilson's agents has made this important discovery, and turkeys galore of that variety are to be turned loose in Texas cotton fields. Old Don Quixote or Col. Mulberry Sellers should next be consulted by spiritual phone for a proper remedy.

At the risk of incurring the displeasure of the Tyler Courier we rise to shout: "Bully for Henry Watterson!" He is in action now for all he is worth and he caused more hot shot into the Roosevelt ranks and hit the mark often than any other democrat in this country North or South. We really didn't know what a low-down white man Roosevelt was until we heard from Watterson.

"If I am elected president I will revoke that order." Those are the brave words of Judge Parker, whitey concerning Roosevelt's notorious executive order usurping the legislative function, and which placed all veterans who had reached the age of 62 on the pension roll without any congressional order whatever.

Roosevelt, of course, issued that order in defiance of law in a shameless and positively indecent play to catch the old soldier vote up North, and Judge Parker has called him down, with magnificent courage—for it takes courage in a presidential candidate to even not to bid for the old soldier vote in that section.

In the district court at Athens the jury in the case against Burton charged with criminal assault on a young woman at Palestine, found the defendant not guilty. The case against Stafford charged with rape on the other girl is yet to be tried and it is said that the evidence is very strong against him.

It is reported that the labor unions of Texas are moving for the repeal of the poll tax amendment to the constitution. And why, pray? No man has a moral right to vote who contributes nothing to the support of the government under whose laws he lives, and recognizing this, the people of Texas have put it in the organic law that he shall have no legal right to vote. The poll tax amendment has come to stay.

At the meeting in the shadow of death for many weeks United States Senator Hoar of Massachusetts, died at his home in that state yesterday morning. The memory of this great man deserves to be revered throughout the entire South, for while a life-long and consistent republican, he was a sincere friend to the Southern people and time and again in the senate and elsewhere he has spoken generous and eloquent words in their behalf.

CONGRESSMAN MORRIS Shepherd of this state has boldly invaded republican Wisconsin in behalf of Judge Parker and will make a number of speeches in that state. He is an eloquent young Texas democrat who "kin narrate it from the stump" along with the best of them and he'll make converts in Wisconsin before he leaves there. It's no easy matter to persuade a man out of his politics but Morris can do it unless the other fellow is past all saving.

The other day up in Fort Worth the pound was full of heart-broken, homeless dogs that had been run in by the dog catcher and condemned to death because the dog tax hadn't been paid on them. Capt. M. B. Lloyd, a rich banker of that city heard about it, at once paid the tax on the whole batch and the condemned canines were set at liberty. It was a kindly, yet a noble thing to do and while we don't personally know Capt. Lloyd, we love him for the dogs he has saved. Dogs may not have souls, but we have known some of them that they entitled to an immortality of happiness that some of us have been compelled to associate with. And we could not that among those Fort Worth dogs condemned to death, through no fault of theirs, there were noble characters, so if they but knew

Capt. Lloyd as the man who saved them, would give their lives to save him a good deal more readily than any of his biped friends resting under a similar obligation. We are glad that we live in the same world with dogs, and if we can't have the good ones without the bad ones we'll take 'em all in preference to none.

The democrats of Colorado have nominated for governor in opposition to Peabody, the dictator, Alva Adams, of Pueblo, who has been twice governor of the state and who is one of the best all-round public men in the west. Mr. Adams is immensely popular in his state and his election is practically assured. It is safe to count Colorado for Parker.

Waco seems at last to have achieved possession of that most valuable, that priceless asset—a brave, aggressive, organized public sentiment. The gamblers have been run out of that city and the citizens are determined that they shall be kept out. As to its moral aspects is just what its own people make it or permit it to be. If gamblers, rowdies, loafers and hoodlums flourish the blame is solely with the community.

This has been a bad year for organized labor and in Chicago, its stronghold, it has emerged from its recent contests so badly wrecked that there is practically no fight left in it. It would be a good time for the unions to do some impartial self-examination. Perhaps they might discover that brutal intolerance for the rights of others had something to do with their defeat and that the American people won't stand for anything of that kind.

The fact should not be forgotten that there is to be a good roads convention held at Beaumont October 10th, to which county and municipal governments all over the state are requested to send delegates. A notable feature of the convention will be the presence of a complete corps of government engineers and road experts with a full complement of modern road machinery to give a practical demonstration of modern road making.

TOM WATSON is good at skinning and roasting his adversaries but he is the veriest tyro in the business compared to the artist on the Houston Post who skinned and roasted Tommy himself on Wednesday's issue of that paper, and he deserved it all. Tom ought to get hold of that article and read it carefully away out in the woods where people can't hear him swear and see him shrivel from the Honorable Thomas Watson, candidate for President, down to snarling little Tommy Watson, booster for Roosevelt.

All the indications from the big pivotal states up North are to the effect that democratic prospects are rapidly brightening. Parker's personality is beginning to loom and Roosevelt's to shrink.

R. N. Phipps, the painter, finds time between jobs to do a little diversified farming. Among other crops he planted this year one acre in cotton, using a portion of home raised and a portion of imported seed. No fertilizer was used, and the crop was attacked by the boll weevil in July, yet the acre yielded 1400 pounds of seed cotton. Mr. Phipps is assured that he would have made a bale and a quarter if the weevil had not infested the crop. The land upon which this cotton was grown was a hill side in the edge of the creek bottom.

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, spots and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for our testimonials. Address: F. J. CHESLEY & CO., Toledo, O. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Chambers Was Acquitted.

From Saturday's Daily:

Messrs. J. P. Bruton, of Douglass, V. E. Middlebrook, Geo. H. Meisenheimer and H. L. Turner, of this city, who went to Shreveport—the first of the week to attend the trial of Oscar Chambers, for murder, returned yesterday afternoon. Chambers came back with them, having stood his trial and was acquitted.

The young man will spend a week or so visiting his relatives and friends here and at Douglass, and will return to Shreveport where he is engaged in the live stock business. The killing, for which he was indicted and tried, occurred several weeks ago, and in the trial it was proven a clear case of self defense.

DR. FRANK FANNING

The World's Greatest Healing Phenomenon, Coming to Nacogdoches October 17th and Remain Two Weeks

There is Yet Balm in Gilead for Suffering Humanity---The Wonderful Healing---The Blind See, the Deaf Hear, the Lame Walk and the Afflicted are Relieved of Their Sufferings---This Great Healer Will be Located at the Boger House, Next to Methodist Church, Nacogdoches, Texas---CONSULTATION FREE.

Come and be Healed of all the Afflictions That Man is Heir to, all Without Medicine.

Dr. Frank Fanning Will be Located at the Boger House.

HIS EIGHTEEN YEARS OF UNPARALLELED SUCCESS.

Dr. Frank Fanning has in his wonderfully endowed organism all the resources of a chemical laboratory. Without drugs or medicines he holds his own against all the ills that flesh is heir to and increases his power as the vast storehouse of his curative force is drawn upon. His patients and cures are legion and his testimonials to his skill are as numerous as his patients. No physician in Texas has as large personal following as has Dr. Fanning, and he is a welcome visitor to every city in the State. To the sick everywhere, he offers his marvelous gifts of healing, a gift of touch so potent, that by his wonderful system of healing, the blind secure their sight, the deaf hear, the palsied are restored to strength, and the lame walk.

WONDERFUL HEALING.

Miraculous cures have been effected in thousands of cases pronounced as hopeless in the following diseases: Neuralgia, Paralysis, St. Vitus' Dance, Epilepsy, Blindness, Deafness, Insomnia (sleeplessness), Loss of Memory, Nervous Prostration, and Nerve Diseases in all their complications.

All cases of Female Complaints and Irregularities, including Tumors and Ovarian diseases.

Blood Diseases, Rheumatism, Stiff Joints, Muscular Contractions, Sciatica, Lumbago, Gout, Lame and Weak Back, Diseases of the Stomach, Liver, Spleen, Kidneys and Bowels.

Diseases of the Eye, Ear, Nose and Throat including all forms of Catarrh, Bronchitis, Asthma and Lung Troubles. In fact all chronic diseases yield to the phenomenal power of the healer. From whence comes this mysterious power or how derived, is not known—but that wonderful cures, miraculous almost in their effect, have been made, has been demonstrated by Dr. Fanning too often to be successfully contradicted by even the most skeptical.

THEY SEEK HIM FAR and NEAR.

The fame of Dr. Fanning as a wondrous healer and physician is confined by no narrow limits nor state lines. His name, to use a homely saying, is a "household word," and wherever heard or spoken is a synonym for marvelous success. Whenever and wherever a case is doubtful or desperate his name and services suggest themselves, and many times in the course of his practice has he been summoned to repair with all possible speed to the bedside of some distant sufferer and minister to his or her relief.

CONSULTATION FREE.

A FEW TESTIMONIALS FROM GRATEFUL WOMEN.

The great healing powers of Dr. Fanning are in nothing more marvelously demonstrated than in his treatment of diseases peculiar to women. His success in this branch of his practice borders upon the wonderful. He has treated thousands of such cases, and today thousands of the womanhood of Texas bless and thank him for the relief they have experienced at his hands. Testimonials innumerable could be produced expressive of grateful and loving and kindly remembrance, but the few here presented on this page must suffice. The originals are in Dr. Fanning's possession, and he will be pleased to show them to any desirous of examining or reading them.

Remained Cured Fourteen Years.

Dr. Frank Fanning:
Houston, Texas, October 27, 1901.—Dear Sir: Please accept my testimony as to the wonders you did for me. For nine years I suffered from prolapsus of the worst kind. Had two of the best physicians in Houston, but was relieved only temporarily. Then tried patent medicines with no better result. Could not rest day or night; in agony and distress unbearable. Was a burden to myself and family.

Having heard of your wonderful power to relieve pain, my husband induced me to consult you, but I had no confidence. After six treatments I was well and soon did all my housework. In fourteen years there has been no return of those conditions. I wish all suffering women could have your wonderful treatment and be cured. Will gladly answer any inquiry regarding my case. May God spare you for years to come to heal suffering humanity.

Yours gratefully,
MRS. CLARA A. LANG.

A Houston's Lady's Endorsement.

To Whom It May Concern:
Houston, Texas, January 9, 1902.—For three years I suffered continually with a heavy pain in my right side. Employed two of the best physicians in the State, who could do nothing for me. Always had to make hot applications at night; impossible to sleep without. Through one of my cousins I learned of the wonderful power of Dr. Fanning as a healer. As a last resort commenced treatment. After five treatments was completely cured; no pain left nor has there ever been in that side since, and that is over ten years' freedom of pain of any description.

Four years ago he entirely cured my cousin, Mrs. Kate McGown, of Dallas, of a dislocated hip joint and paralyzed limb, caused by a fall, besides liver complaint and suffering beyond words to express.

Respectfully,
909 Tenth Street.
MRS. M. B. BROWN.

To Suffering Humanity.

Houston, Texas, November 9, 1901.—I write this testimonial to inspire others when all hope seems to have fled. Over two years ago I began suffering with enlarged and torpid liver, producing indigestion and constipation. During this time I suffered great agony, in fact, had no hope of living. Stomach was at times so weak it could not retain food. Two weeks ago I came to Dr. Fanning in great pain. With his first treatment I experienced great relief, and now find myself well. No pain. Enlarged liver reduced to natural size. Indigestion cured. Can eat anything and it agrees with me. Constipation completely remedied. Sleep well, and the terribly bloated condition of stomach has been reduced at least four inches.

It gives me great pleasure to endorse Dr. Fanning, and in thankful appreciation say he is one of the greatest blessings to suffering humanity. I am truly grateful.
Cypress Top, Harris County.
MRS. DORA KNIGGE.

U. S. Senator Reagan's Son.

To whom it May Concern:

Palestine, Texas, January 11, 1887.—This is to certify that I was for four months last winter in an almost hopeless condition caused from rheumatism in both my legs, and what little walking I did was painful and slow, both legs being so drawn from the effects of disease that I could not straighten them. With three or four treatments by Dr. Fanning the pain left me, and I am now as well as ever I was and walk as well as ever I did.
John E. Reagan.

Mr. John E. Reagan was seen a few days ago with reference to the above testimony. He not only corroborates it, but declares that he has not suffered from a single rheumatic pain since Dr. Fanning cured him over fifteen years ago.

Capt. C. H. Williams, of the Kirby Lumber Company Strongly Endorses Dr. Fanning and Advises Others to Try Him, as He Did.

Hotel, Fields, Beaumont, Texas, April 19, 1904.

To the Public:

A word to the wise is sufficient. Those that do not believe, let them try Dr. Fanning, as I did, and they will make no mistake.
Yours truly,
C. H. Williams.

Mr. R. Jacobs Interviewed.

What He Has to Say Concerning Dr. Fanning's Treatment.

A reporter in conversation with Mr. R. Jacobs, a prominent merchant of Luling, Texas, asked him a few questions concerning Dr. Fanning's treatment and received the following answers:

Question—Mr. Jacobs, were you ever treated by Dr. Fanning for rheumatism?

A.—About eight years ago.

Q.—How long had you suffered at that time?

A.—For about eighteen months I had suffered terribly with sciatic rheumatism, and at the time I could not walk up stairs to my room without the assistance of two men, and was unable to dress myself.

Q.—What was the effect of the first treatment?

A.—After the first treatment I was able to dress myself, go to my room and walk about the house, but still suffered some pain from the terrible disease with which I was afflicted.

Q.—How did you feel after the second treatment?

A.—As well as I ever did in my life.

Q.—Has the disease ever returned?

A.—For eight years I have been entirely well.

Q.—You certainly believe, then, that Dr. Fanning can do what he says he can?

A.—I certainly do. He cured me when I could get relief from no other source, and my faith is so strong in his power to cure disease that I went last Sunday to urge my old friend, Dan Ferguson, who is now bedridden with sciatic rheumatism, to give him a trial.

Q.—Do you think the doctor can cure Mr. Ferguson?

A.—I certainly do. He cured me of the same disease and I feel sure he can cure others.

Inexpressibly Grateful.

To Suffering Women:

Waco, Texas, June 15, 1887.—For over two years I have been a constant sufferer from neuralgia of the heart, ovaries and womb. For the last two months I grew worse, and was confined to my bed with three other female troubles, suffering excruciating pains, and had no hope of life. All skill and medicine had failed when I was carried in a carriage to Dr. Fanning's office. After his first treatment I was relieved and able to walk, which treatment only lasted thirty minutes. The next day I was able to walk to his office. After three more treatments I was entirely cured and a well woman. I owe this acknowledgement to my afflicted sex, and to Dr. Fanning I owe my life. May God spare him to do unto others as he has done unto me. With inexpressible joy and gratitude I can never pay, I am truly,

POSTMASTER GENERAL PAYNE is a very sick man and his death is not improbable.

THE crusade against gambling in Texas cities has even reached San Antonio but, that it will ever accomplish much in that venerable stronghold of monte, poker and faro may well be doubted. San Antonio without gambling would lose much of the sinful charm that has carried its fame beyond the seas.

A MAN in California shipped a dog of the fox-terrier breed to Orange, Texas, by express recently and the animal died en route. The Californian has brought suit against the express company alleging the value of the dog to be \$1,800. Cows of the \$25 breed frequently jump to \$100 values when struck by the pilot of an engine, but \$1,800 for a terrier makes the \$100 transaction look like thirty cents.

THE floods in the Rio Grande and lesser streams throughout western Texas and New Mexico during the past two days have been something awful measured by the ruin they have wrought. The railroads, particularly the Santa Fe in New Mexico, have suffered in the general damage almost beyond precedent. The Rio Grande is a meek, sneaking little stream as a rule, but when it gets loaded it is the most reckless and devastating desperado in the West.

LETTERS of acceptance in this campaign still continue to come in. The last to arrive is that of Mr. Henry G. Davis, democratic nominee for vice-president. It is a sound democratic document of reasonable length and bristling with the pertinent and convincing facts and figures to be expected from the strong, practical mind from which it comes. Old man Davis is all right and will make a fine presiding officer over the senate.

ONE of the most noteworthy and satisfactory features of the presidential campaign is that the democratic nominee for president is steadily growing in the esteem of the whole country. At the outset only a few—those who knew him best—appreciated the size and strength of the man, but as the weeks have passed and the exigencies of the campaign have revealed his powers, those who were cold or indifferent and sometimes contemptuous, have discovered that they had taken a very thoughtless snap judgment on the New York jurist, and that he was of full presidential size. He will continue to grow and the absence of the spectacular and theatrical in his character is one of the sources of his strength.

THE big truck and fruit-growers convention at which delegates from all parts of Texas, particularly East Texas, are to be present, assembles in Tyler October 6th and it will be perhaps the most important convention of the kind that ever met in this part of the state. Practical measures are to be adopted to put the fruit and trucking industry on an up-to-date basis similar to that in California where the business is conducted by more scientific methods and yields larger returns than in any other part of the Union. We hope there will be a large attendance at Tyler and that the results will be of the most satisfactory character.

IT is announced from Austin that the secretary of state has sent out to the county clerks of Texas certified lists of the nominees of the various political parties as certified to him by the presidents and secretaries of the state conventions. The list includes the presidential electors, state officers and judges of the higher courts. There are six tickets, to wit: Democratic, Republican, Prohibition, People's Party, Socialist Labor and Socialist Party. Each ticket is printed on a separate sheet, on the reverse side of which is the certificate of the secretary of state as to the correctness of the list. The slips are stapled together in the order given above, and the type and spacing are exactly as prescribed by the Terrell election law, thus being a safe guide for the printer to follow.

THE SENTINEL acknowledges the receipt of an invitation from the management to attend the nineteenth annual entertainment of the Dallas Fair from Oct. 8th to 16th.

A NEW OFFICE BUILDING.

Mr. B. F. Hardeman Will Erect One in the Burnt District.

The Sentinel is glad to announce that the work of rebuilding part of the burnt district on East Main street will begin at once. Mr. B. F. Hardeman has let the contract for a handsome two-story brick block on his two lots in that district and the work is to be pushed as rapidly as possible with a view to the completion of the building before the first of December. Mr. S. T. Fleshman of Center, is the contractor and is here today to attend to the preliminaries in the matter. The body of the building will be constructed of Garrison brick which have already been ordered, and the beautiful Corsicana pressed brick will be used for the finishing work in front. The building is to be thoroughly modern and up-to-date in all respects and will be one of the architectural ornaments of the city when completed. The lower floor will be used for store rooms, one of which is already rented and negotiations for the other in progress, and the second floor will be used for offices, in the structure and fitting up of which all modern appliances and facilities will be employed as in other up-to-date office buildings. The work of digging out the foundation for the new building and tearing down the old brick walls is now in progress. Our city is to be congratulated that the unsightly ruins in the burnt district are about to give place to a handsome modern office building. Mr. Hardeman's business sagacity and enterprise deserve hearty commendation.

Dr. Frank Fanning, of San Antonio, the renowned magnetic healer, was in the city today on his way to New York. Dr. Fanning has secured rooms at the Boger house in this city and has placed his advertisement in the local papers, announcing that he will open an office here on the 17th inst, upon his return from New York. There are few people who have not heard of Dr. Fanning, and his wonderful cures are of wide-spread fame. He needs no introduction to the people of Nacogdoches and surrounding counties except to advertise the fact that he will spend two weeks here beginning Sept. 17th. Read the testimonials in his page ad in the weekly papers. He spent the day here with his old friend and school mate, Mr. Jno. T. Watson.

TEXAS FRUIT CULTURE.

Another Iowa Capitalist Has Bought East Texas Land.

Prof. Fred Mally, formerly State entomologist, but now an extensive orchardist of East Texas, with headquarters at Nacogdoches, was a visitor to the city yesterday, in company with Mr. J. J. McManus, of Iowa. Mr. McManus has recently made extensive land purchases in the vicinity of Nacogdoches, for himself and others and intends to embark in the business of fruit culture on a large scale.

He is greatly impressed with the prospects and believes that this is one among the many flattering propositions that Texas offers for investors of capital.

Prof. Mally stated that Nacogdoches is becoming the hub around which the fine peaches of the State will be grown. People are flocking there from Illinois, Iowa and all over the North and East, and real estate transfers during the past week have been quite numerous.—Houston Post.

Cason & Richardson have sold out a full car of Victor and Kentucky cane mills and Evaporators in the past 60 days and have received their second car. They have the two best mills made.

"Obituary."

Mrs. Eannie Clifton was born in Carroll county, Miss. Dec. 1, 1845. In 1854 her parents moved her to Free Stone county Texas, remained there three years. Then moved to Rusk county and from there came to Nacogdoches county, where she lived until about three years ago and moved to Rusk county.

She professed religion and joined the Methodist church in early life. In 1870 she was married to Tom Clifton, four years later he died, and she was left with two children, a boy and a girl.

She died at the residence of her daughter, Mrs. G. W. Baucom at 11 p. m. Wednesday night, Sept. 14th, 1904. Her suffering was long and severe, but she was resigned and patient, anxiously awaiting the summons to come to be at rest. She passed away as easily and peacefully as a child asleep on its mother's bosom. Her faith was in God and she knew whom she trusted. She was a kind and loving mother, who had many loved ones waiting to welcome her home to that beautiful Mansion with Christ and the redeemed. May we all be faithful to the end and we will meet her in Heaven.

APPLEBY LOCALS.

Appleby, Oct. 3.—Our red land city is getting very dry again, but it is pleasing those who have cotton to pick. The cotton is being picked very rapidly and most all report it turning out even better than once expected, though there is no top crop at all and picking will soon be all over in this section.

Rev. Wilson, of Melrose, filled his appointment here yesterday. Rev. R. Heilin will preach at the Baptist church next Saturday, and Rev. McChristian will preach on Sunday.

There is strong talk of some improvements on the Christian church soon. The work on the new Baptist church hasn't begun yet but suppose it will some time soon.

Our school is progressing just as nicely as possible. Boarders are still coming rapidly.

We are all glad to know that our friend Mr. W. T. Skeeters is improving very rapidly, and without some relapse he will soon be out again.

Mrs. Geo. M. Hale is still confined to her bed with typhoid fever.

A Plain Talk

Is all that we propose to give you, as we believe that is all that intelligent people need. Big talks and large flaming headlines are not always indications of the best road to follow, but some people are caught by them and sometimes regret it. We make you a plain statement, and all we ask is that you come in and give us an opportunity to prove that we are stating facts. We are not trying to run a Wild Cat business, but we want people to come in and quietly and thoughtfully look through our goods, examine their quality, and let us make you prices on what you want. Now, we feel assured that you will do this. We will fill your bill for you and you will be convinced that you have been treated right all along the line. We make no misrepresentations, and, remember, that if, when you get home, there is an article you have bought from us that is not perfectly satisfactory, you can return same and your money will be refunded to you. Now, that is what I call plain talk, and we propose to deal plainly with you as we are plain people.

We are in better condition to serve you than we have ever been, as our new quarters give us opportunity to handle goods that we have never handled before. We are in the store formerly occupied by Kaplan Bros., one door west from our old stand.

Give us a chance and we will do you good.

Confederate Apportionment.

The Confederate pension apportionment made by the comptroller for the quarter beginning Oct. 1, 1904, and Jan. 1, 1905, has been fixed at \$9 for each quarter. There are now 7,385 pensioners on the rolls, but in making the apportionment the death rate is considered. It will take nearly a month to issue warrants due pensioners for the quarter beginning Oct. 1, and the following notice will be sent out to each pensioner.

"Oct. 1, 1864.—To pensioners: Owing to a deficiency in funds in the state treasury to meet appropriations out of the general revenue, the state treasurer will not be able to pay your warrant for about three months.

"I therefore suggest that unless you can cash your warrants less a fair rate of interest, that you hold them until there are public funds to pay them. The warrants have been registered by the state treasurer and will be paid in their turn."

Report of Truck Growers Meeting.

The Truckers held a very interesting meeting at the court house last Saturday afternoon. We had some good talks from several of the members, including Mr. Pirtle's report of his trip to California. There was a good attendance. Though the acreage for next season was not called for, it seems that the acreage will very probably be larger than any we have yet had at this place. We know there is good money in truck growing if we can only get the acreage to induce buyers to come here, and we earnestly ask the business men to come over and help us.

Officers for the coming year were elected as follows: J. A. Pirtle, Pres.; G. W. Tillery, Vice Pres.; J. B. Power, Secy.; E. A. Blount, Treas.

Delegates were elected to attend the State meeting at Tyler, on the 6th and 7th as follows: Allan Seale, J. B. Power, T. E. Burgess, J. A. Pirtle and F. M. McPhail.

IDEAL PEACH COUNTRY.

Northern Capital is Being Largely Invested in This Section. Beaumont Journal.

Mr. C. T. Bunch of the firm of Ward & Bunch, of this city has returned from a brief visit to Nacogdoches and says that he is very much impressed by the impetus which the peach and fruit industry is assuming and by the large investments of northern and western capital in peach and truck lands.

Mr. Bunch learned that a Des Moines, Iowa, corporation had been formed for the purpose of exploiting the peach industry of that section and that acting through its agent, Mr. O. B. Jackman, they had just acquired through H. T. & W. O. Crain a tract of 2,000 acres of land from E. A. Blount for a large consideration. The lands are located near the small place called Llanana on the Houston, East & West Texas railroad, about eight miles from the city of Nacogdoches. Arrangements will at once be made to plant this land in peach trees and the culture of the trees will be conducted by experienced and successful fruit growers. Mr. Bunch also informed the Journal representative that his firm of Ward & Bunch, together with Messrs. C. H. Lowe, A. L. Farmer and J. A. Larcomb of this city, had acquired a tract of 276 acres of peach land near Nacogdoches and would probably put it into a company which will likely be formed to develop these and other holdings which will be acquired.

Mr. Bunch says that the demand on nursery at Nacogdoches and other East Texas nurseries is enormous at this time and that the nursery men have all they can do to keep orders supplied. The large profits made by some of the peach growers this year are becoming generally known and are causing a big demand for desirable lands as well as for the young peach trees. Examples of big money made in this way are almost as numerous as the peaches on the Elberta tree. As an instance it can be stated that this year on a three-year old Elberta orchard near Lufkin, owned by Frank Davis, a peach crop was grown which netted over \$50 per acre. This was the first year's crop and the yield is always more abundant on succeeding crops. This was very good money making, but between Alto and Tyler along the Cotton Belt road many peaches were raised this year and on one single day a lot of 56 cars were shipped which netted the producer ninety cents a crate delivered on board the car.

An insight into the profits of the business is derived when it is stated that a four or five-year old Elberta peach tree will grow from four to six crates in a season, while there are an average of 108 trees to the acre.

But incidentally other crops can be grown on the peach lands which of themselves will defray the cost of producing the peaches. Corn or cotton is usually grown be-

tween the rows until about the third year, when the peach trees get so large and cast so much shade that it is no longer desirable to plant these crops. Crops of tomatoes are also grown on the peach lands and instances are known around the Nacogdoches country of farmers making from \$150 to \$400 per acre on their tomatoes, while at the same time making big money on the peaches. It would seem that the profit in the tomato business is only limited by the skill and experience of the farmer, some of them having made brilliant successes in growing the vegetable.

The culture of Bermuda onions is also assuming the proportions of a big industry in the Nacogdoches country, and they will be extensively grown next season, and can be grown without difficulty on the peach tree lands. Columbus might be written concerning the great expansion and development of the fruit and truck industry around Nacogdoches and elsewhere in East Texas, and now that the railroads are co-operating with the farmers and have promised to supply adequate facilities for marketing the crops, it would seem that East Texas was fast becoming the farmer's paradise.

THE COLORED BAPTISTS.

Sabine Valley Association in Session Here.

The Sabine Valley Association of the colored Baptist church is in session at the colored Baptist church in this city. This is the largest colored Baptist Association in East Texas, and there is an immense attendance, representing every section of East Texas. Some of the most prominent colored ministers in the State are present, and withal the body is composed of highly intelligent and dignified colored men and women.

The colored people of Nacogdoches are delighted with the presence of the splendid delegation, and have opened wide their doors for their entertainment.

PHYSICIAN'S GOOD LUCK.

Dr. Hart's Fortunate Experience of Special Interest to Many in Nacogdoches.

The happiest man in New England today and one who is receiving congratulations from his friends, is Dr. Philip Z. Hart, of Laconia, N. H. For years he suffered with catarrh in its worst form.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians, Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. My wife and I will swear that Hyomei cured me of the worse case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm and was in a horrible condition. However, I am entirely cured, solely through the use of Hyomei." Stripling, Haselwood & Co. are the local agents for Hyomei, the famous treatment which cures catarrh without stomach dosing. A complete outfit costs but \$1.00, extra bottles 50c. They sell it under guarantee to refund the money if it does not give quick relief.

Rose Lake trees grow.

Our town has already begun to get results from our improved school facilities. Mr. J. F. Bates, a well to do and substantial farmer, has moved to town in order to get the benefit of our improved school facilities. Mr. Bates has bought a home on Irion Hill, the trade being consummated through H. T. & W. O. Crain. Mr. Bates is only one of many worthy citizens who have come here lately in search of good schools. We extend a hearty welcome to him and all other such good citizens.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo C Wright, of New London, N. Y. MELROSE LOCALS.

Melrose, Oct. 3.—The ice cream supper Friday night was a splendid success. Quite a large crowd was there with their money and pleasant faces. We acknowledge a nice little sum taken in to aid with our school building, for which all interested return thanks. Two young men from Nacogdoches report a pleasant time while here.

Miss Edith Wilson left this morning for Jacksonville to enter the Alexander Institute for the coming winter school.

The public school opened this morning by Prof. Sanders and wife, with a large attendance. You can visit the school rooms of our county and you will find a good number of grown young men and ladies, which is a credit to our young people. The average American youth is filled with ambition, a desire to progress rapidly in the world, but how few cultivate that necessary qualification, patience. The age in which we live is one of rush and hurry. Let me beg the young people of today to spend more time in careful

consideration of life's important duties, instead of rushing thoughtlessly into actions which retard their progress. Patience and energy lay a foundation for future success. Mr. and Mrs. Ray, from Sacul, are visiting Mr. and Mrs. Oscar Barret.

Only Did His Duty as He Saw it.

"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J Wiley Park, the well known merchant and post master at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not be without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). TUCKER & ZEVE

Are Offering a \$38,000 Stock of Clean Merchandise

This sounds big for us, but we have got it, and it's for sale---not at cost, but at as small a profit as any stock was ever offered in Nacogdoches, and will figure less to the many purchasers than many of these so-called bankrupt and cash sales. This stock will be sold at cost; that is, what it costs you to buy it. It consists of Dry Goods, Boots, Shoes, Hats, Caps, Clothing, Mens, Ladies, Misses, Boys and Childrens furnishings for the fall and winter. Money saved is money made; so when in the city shopping don't miss this October Sale of ours. We are offering the greatest values in town. Satisfaction guaranteed or your goods exchanged, or money refunded.

Just for a Flyer we are selling 25 yards Good Calico for	\$1.00
Just because we love to sell them cheap we are offering A. C. A. Feather Ticking at	12 1-2c
Just because we are satisfied with a small profit, we are selling a 10c Gingham for	7c
Just because we own them cheap, we have on sale a 10c Percale for	7c
Just because we bought it to sell, we are showing in white and red a 20c Wool Flannel for	15c
Just because Cotton is not worth 12 1-2c, we are giving you 20 yards of Good Domestic for	\$1.00

Plaids, Chevoits, Outings, Jeans and all Staple Goods we are selling cheap. These are no baits. We make a profit on every one of the above items. Every other article we offer in our mammoth stock is proportionately as cheap.

Shoes! Shoes! Shoes!

Remember our ad in the last three issues of this paper? If you did not see it, hunt up the paper and read our Shoe Talk! The prices are low, and every pair we sell you are absolutely guaranteed.

Brown, Keith, Krippendorff, Dittman and Wolfe Bros. make them and we buy direct from them. You pay only one profit, and that a small one to us.

Ladies' Dress Goods!

We carry a stock not surpassed by any in town. We have them from the cheapest cotton fabric to the Finest Silk and Wool. Trimmings, Laces and Embroideries to match them, all for most any old price. Our Ready-to-wear department is pronounced by all the ladies as the best assorted stock at the lowest prices in town. Our All Wool Skirts for \$1.50, \$2.00, \$2.50, \$3.00, \$3.50 and \$5.00 are the five biggest values ever offered. Nicely and handsomely made. Our Ladies' Tailor made suits have had another great value added to them this month. A handsome suit, all wool, for \$5.00 worth easily \$10.00. This is the biggest bargain in the house.

Hats made by Jno. B. Stetson for \$2.50!

Only a small lot left.

The Best \$3.00 Hat

A NEW CHURCH.

The Organization of Prairie Grove Church.

A large crowd assembled Sunday, Sept. 25th, at Blake's school house to organize and to witness the organization of Prairie Grove church.

Owing to the lateness of the hour, caused by some unavoidable misfortune which happened to Bro. Lee Heflin's conveyance, a sermon was omitted and he read only a portion of the eleventh chapter of Hebrews, impressing upon his hearers that the success of their efforts greatly depended upon their faith in God.

He was chosen by the body as moderator pro tem and with the assistance of Bro. Hammons, proceeded to organize the church.

Forty-two zealous workers of God came forward and presented to the moderator pro tem, their letters, thereby expressing a desire for unity in their sacred worship.

The noon hour being past, they discontinued the organization until 2:30 in the afternoon. A sumptuous dinner was spread by the good ladies of that community, and everyone present seemed to enjoy to the fullest extent, the good things spread before them.

Promptly at the hour the moderator called to order the organizing body and adopted the church covenant and the Articles of Faith.

Bro. Hammons was unanimously chosen as their pastor for the ensuing year.

Bro. R. W. Sullivan was made church clerk.

Bro. G. W. Hand and Clark Herrington were selected as deacons.

May the blessings of God ever rest upon this newly organized body and may they ever work in co-operation with God and with one another. And may they live in accordance with Christ's teachings on the Mount where he said, "Let your light so shine before men, that they may see your good works and glorify your Father, which is in Heaven," Matt. 5: 16.

Presidential Election will make no Change

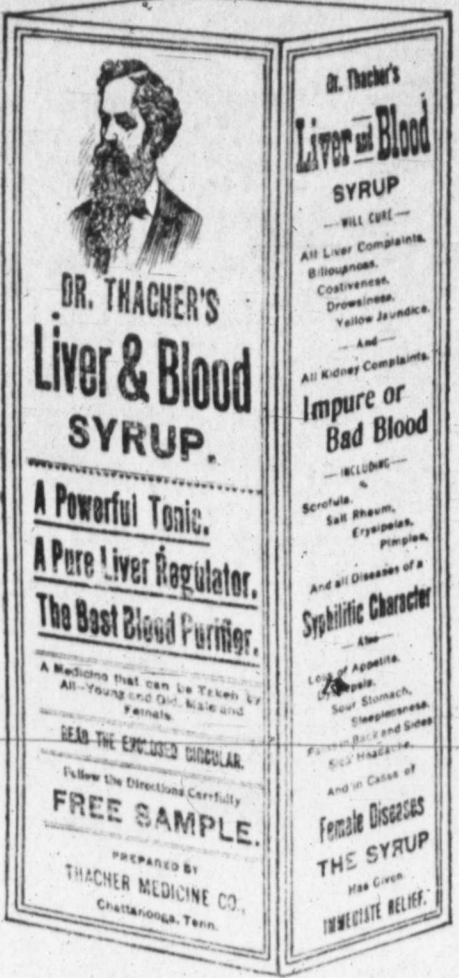

No matter which candidate is elected Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nusbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and 8 doses cured me." Sold by Perkins Bros.

The Cox Case.

From Thursday's Daily:

The motion for change of venue in the three cases of the State vs Dr. J. R. Cox, occupied the district court the greater part of yesterday and was continued until after supper last night, resulting finally in the motion being granted. The case will be transferred to Cherokee county for trial.

The Cal Scott cases, growing out of the same affair in which Cox was indicted, have been continued on application of defendant.

Sounds Fishy.

Nacogdoches received twenty-five bales of cotton today from near Timpon, in Shelby county, and in speaking of it, The Times remarks:

"A procession of thirteen wagons loaded with cotton drove through the public square this morning, en route to Nacogdoches, where they will sell for \$2.50 per bale less than they can get right here. There were 25 bales in the lot and it belonged to members of the Farmers Union lodge at Tennessee church. Of course, if these men want to give a premium on each bale of cotton for the privilege of selling it away from home, no one else has any right to complain; but it doesn't look to be the best business judgment in the world."

The Times will hardly find many believers in the assertion that farmers will haul their cotton thirty-five miles to sell it at a loss of \$2.50 a bale. Nacogdoches pays more for cotton any day the year round than any other town this side of Shreveport.

Consumptives Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages, it always gives comfort and relief. A A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the preparation for coughs and lung troubles. I know that it is a cure for consumption in the first stages." Sold by Perkins Bros.

DAVIS GOT IT.

Twenty-five Bales of Shelby Cotton in a Lump.

From Friday's Daily:

Thirteen two horse wagons loaded with twenty-five bales of cotton from near Tenaha in Shelby county, filed into Nacogdoches yesterday afternoon. With this cotton came O. B. Foster, B. I. Teel, J. B. Paramore, J. R. Weir, J. R. Foster, C. L. Ramsey, J. M. Neal, J. C. Woodfin, J. W. Foster, W. L. Foster, George Hillin, W. T. Jackson, J. N. Crawford, C. H. Paramore, Polk Lane, W. E. Foster, J. B. Woodfin, J. L. Orr, J. A. Crawford, L. C. Fowler, and Billy Jackson. Several of these men were accompanied by their wives.

The entire lot of cotton was sold to Jno. W. Davis at satisfactory prices to the party. The exact price could not be obtained for publication, but enough was learned to justify the assertion that it brought over ten cents a pound.

After buying their cotton Mr. Davis sold the party a bill of goods amounting to nearly one thousand dollars, and so well were they pleased with the prices of goods, the treatment received at the hands of the business men of Nacogdoches, and the price they got for their cotton, that they left promising to return in a few days with not less than a hundred bales, declaring that this was only a trial trip.

We have two cars of Buggies and Surreys bought for cash. It will save you money. See us now.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

A Family Reunion.

Mrs. J. T. Brown of this city left last week for St. Louis to see the World's Fair and also to be present at a family reunion of her brothers and sisters at the American hotel in that city. Mrs. Brown's maiden name was Miss Laura Grissom and she was one of a family of eleven children born and reared in Adair county, Kentucky, all of whom are yet living except one. Two of the brothers are citizens of Kentucky, a brother and sister live in Iowa; two brothers in Kansas, a brother in Colorado, a sister in Oklahoma, a sister in Virginia and a sister in Texas. It has been more than sixteen years since Mrs. Brown has seen any member of this widely dispersed family, and the reunion in St. Louis will undoubtedly be a joyous one—"the old Kentucky home" transplanted for the time to Missouri soil. The reunion was scheduled to take place today and Mrs. Brown will be a little late at roll-call, but that will make no difference as the ten brothers and sisters so long separated will remain in St. Louis at least ten days.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine, and I commend it to suffering humanity." 25c, 50c, \$1.00 at Perkins Bros.

Cures Winter Cough.

J. E. Grover, 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c, \$1.00 at Perkins Bros.

Many Good—One Best.

After using it once, however, I realized I had found the best there was, and it was useless to look further. If it fails its 'all off.' No other liniment will hit the spot it Hunt's Lightning Oil fails."—C. G. Young, O'Keene, O. T. 25c and 50c bottles.

THE SLAPPY PEACH.

It is Entirely Without Value for Commercial Orchards.

Quite a number of inquiries have been made at this office recently about a new variety of peach, which is being highly recommended to our people as a most valuable and profitable variety for our fruit growers to plant in commercial orchards. These inquiries are about the Slappy peach.

In order that our local growers may not be misled it will be well to submit a few facts concerning it.

It is a highly colored yellow peach, freestone and ripens early. This brings it into the market at a time when it usually commands high prices. Being largely interested in commercial orchards we took up this candidate for new honors in order to test it thoroughly. We have said very little about this variety because we prefer to be conservative and advise our people and customers safely.

We planted the first orchard of Slappy of any proportion in Texas at Garrison three years ago. We have watched it carefully and patiently since then. In the first place the character of the growth of the tree is against it for a productive tree, and this is being borne out by all the Slappy orchards which come into fruitage sufficient to justify any conclusions.

Last year a few cars of Slappy were shipped into Chicago markets and they attracted general attention, not to say creating a sensation. When the matter was traced down home however, it was found that orchards producing these few cars of fine fruit should really have been producing ten times the quantity.

In its home place of origin where it should be most extensively planted of any locality in the fruit belt, it receives little recognition. Then in central Alabama where the first large commercial orchard of it was planted, we find that this Slappy orchard is being top-worked into other productive varieties. The few cars this immense orchard produced created quite a stir in the Northern markets, but the capitalists and the orchardists at the other end who were paying for this excitement, it seems, prefer to have more peaches and less excitement. At any rate they are displacing it with productive valuable market varieties. This is not all. In every locality in Texas where Slappy has been fruited it had been discarded by those capable of judging of its merits as a money maker for commercial orchards.

Of course it is a fine opportunity for the man with a colored plate and a smooth tongue, but orchardists should be careful about planting new things in any large orchard. The man planting a dozen or hundred trees can well afford to test it, if he wants something new and novel, but let us guard against commercial orcharding being thrown into disrepute by planting varieties which can only bring disappointment.

The writer's nursery interests would naturally incline him to a favorable consideration of anything new which could be conscientiously sold as a valuable acquisition, but at the same time his orchard interests overshadow his nursery interests.

Having perhaps the largest orchard of Slappy in Texas the writer has been in position to propagate them freely and extensively in the nursery with less cost than the nurserymen who have to buy their buds for such propagation. The writer has budded and

grown in his nursery at Garrison more Slappy trees than any other variety, perhaps with the exception of Elberta. But he has propagated them for others by request or upon contracts, and hence his responsibility ceases. The undersigned has doubtless more Slappy to sell, if he chose, than any other nursery in the state, and yet he is actually making no effort to sell at all, and has positively refused to let his solicitors sell them, except at the special request of customers. Hence his judgment in the premises cannot be prejudiced and he has felt it his duty to issue this warning about the Slappy peach to our home people.

Respectfully submitted,
Fred W. Mally.

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Texas, writes, July 19th, 1889: "I have used in my family, Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pain. The cough syrup has been our doctor for the last eight years." 25c, 50c, \$1.00 at Perkins Bros.

During the past six months fully seventy-five thousand dollars have been spent in improvements in Nacogdoches, and the improvement campaign is only started. The amount will be doubled within the next twelve months. The croaker cannot prevent it. The ground plans have already been laid. Just keep your ear to the ground and don't get in the way of the procession.

They Always Make Friends.

"Since using one box of Cheatham's Laxative Tablets we have been friends. They cured me promptly and thoroughly of a bad case of chills. Any one needing a remedy for malarial troubles will certainly find them satisfactory. They are also convenient to carry and pleasant to take."—John Everhardt, Harwood, Texas. 25c per box.

The Georgia militia officers charged with grossly neglecting their duty and showing the white feather in the presence of a mob at the Statesboro burning are now on trial before a military court in that state. This is good but it would be better if the ring-leaders of the mob could be punished for their crime.

It Will Stay There.

"In my family medicine chest no remedy is permitted to remain unless it proves beyond doubt the best to be obtained for its particular purpose.

For treating all manner of skin trouble, such as Eczema, tetter, ringworm, etc., Hunt's Cure has held its place for many years. I have failed to find a superior remedy. It cures itching instantly."—R. M. Swann, Port Arthur, La. 50c per box.

MONDAY'S LOCALS.

"Pomp" Hall, of Attoyac, was in the city today.

Dr. W. S. Fall, of Stewart, Rusk county, is in the city.

T. K. Raynor, the hustling merchant-farmer of Decoy, was here today on his usual Monday trip to the hub.

Mrs. J. A. Murphey and daughter, Miss Mable, of Douglass, are visiting Mrs. R. W. Murphey, of this city.

J. W. Cariker, of Cushing, was here on a business trip today. He is on the grand jury, but it does not convene again until the 17th.

TUESDAY'S LOCALS.

Editor G. W. Carter, of the Cushing Enterprise, is attending court today.

Dr. Blackshear, of Attoyac, was in the city on a short business trip today.

J. C. Hollowell, of Chireno, was a friendly caller at The Sentinel office yesterday afternoon.

Mr. D. C. Turner, of Martinsville, was a friendly caller at The Sentinel office yesterday afternoon.

A. W. Grimes has severed his connection with Deolittle & Son, and is contemplating moving to Oklahoma.

A card from our old friend, B. R. Brown, formerly of this county, advises us that he has moved from Paint Rock to Goldthwait.

Mrs. Dunsen, formerly of this city, has moved from Temple, Texas, to San Antonio, and her address is now 532 Montana street.

Will Finley, our substantial young friend, of Douglass, was a caller at The Sentinel office this morning. Like nearly all callers of late, he dropped a dollar in The Sentinel's "brick pile."

Miss Myrtie Weaver, who for the past two weeks has been nursing Miss Emma Jacobs, ill with typhoid fever on South Fredonia street, returned to her home in the country this afternoon. Miss Jacobs is much improved and it is believed that she will soon be restored to health.

Mr. Sol Henson, many years ago a citizen of this county, but now of Ardmore, Indian Territory, has been visiting relatives here this week, the guest of his nephew Josh Henson, and nieces, Mrs. Casley and Mrs. Baker. He is a brother of the late Uncle Jeff Henson. Mr. Henson will leave tomorrow for New Orleans, via Shreveport, and spend the winter in the Confederate Home in the Crescent City. He is growing quite old and is so enfeebled that he has been unable to perform manual labor for several years. He will return to Ardmore next spring.
