TRUST.

There are Three Kinds of Trust.

1. Is or tries to be a monopoly.
2. Means "Charge it."
3. Means "believe in" or "have confidence in;" as for example the relation which exists between our customers and ourselves.

If you want to know why the people have formed this kind of a Trust with us, bring your prescriptions here and get started trading with us, and you will know why.

Christmas in Nacogdoches was a quiet day with little to distinguish it from the ordinary Sabbath, but Christmas eve on the public square after dark was a holy terror, and the uninitiated might have supposed that war was in progress. It was a fusillade of fire crackers, cannon crackers and other forms of peace disturbers for hours and it would have been about as easy to harness a cyclone as to stop the racket. Apparently several tons of fireworks were used up, but no harm was done and all's well that ends well.

FELL ON HIS PISTOL.

Section Hand Accidentally Shot Himself.

Dr. Lockey was called to see a section hand on the H. E. & W. T. Ry., who had accidentally shot himself. Hanson, while walking along the railroad track in the dark slipped and fell, causing his pistol to go off accidentally, the bullet striking his right side and inflicting a serious wound. Dr. Lockey does not think the wound necessarily dangerous, though it is quite serious.

Bloody "Festibule" Row.

There was a bloody row among the negroes at a festival in Sacul Friday night with the result, so far as heard from, that one negro was killed, another badly wounded and expected to die, and another painfully carved with a knife on the neck, ear and head. The latter whose name was Monroe Ward came in Sunday morning and surrendered to Deputy Sheriff Fall, stating that he had shot another negro at Sacul but was so drunk he could give no details of the row. He was locked up and subsequent investigation showed that a negro named George Copeland had died at Sacul Saturday night from the effects of a bullet wound and another negro who had been shot was expected to die. It is supposed that Ward did the shooting. Witnesses have been summoned and there will be a preliminary examination in the case before Justice Jones next Friday.

Mrs. Hale Dead.

From Tuesday's Daily: Mrs. G. M. Hale, wife of Prof. Hale, of the Appleby High School, died yesterday at the home of her daughter, Mrs. Tom Crawford, in this city, after an illness of several weeks. Mrs. Hale was a noble, Christian woman, loved by all whose pleasure it was to know her, and her death is deeply and universally regretted. She was the sister of Mr. T. J. Pack, who recently moved here from Jacksonville, was the aunt of Mrs. Polk Roberts, of this city, and has a large connection of relatives in other portions of the county, who are bent with sorrow over her death. Her remains were today taken to Chireno for interment.

THERE'S A DIFFERENCE.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.

HALTOM & HALTOM, Proprietors.
R. W. HALTOM, Editor

CORSICANA has joined the popular procession of "dry" towns, and wonderful to say, the saloon keepers there will not contest the verdict at the polls but will go out of business within the prescribed time.

If you want to borrow money in great big chunks, and haven't got the collateral to put up, why just get a good looking woman and put her after the bald-headed old man. She will fetch it. It works in Ohio and it works in Texas. If you don't believe it we can prove it—we can prove it easy.

THERE'S another Port Arthur in trouble. This time it is the town on the Texas coast at the end of the Pee Gee road. A decree has been entered in Judge Bryant's court at Beaumont ordering the sale of the property of the Port Arthur Channel and Dock company to satisfy the bonded debt amounting to more than a million and a half dollars.

DALLAS is improving. Holly Vann, a white man who murdered Solomon Aronoff in the latter's store in Dallas last month has been tried, found guilty and given the death penalty. This is all right as far as it goes, but before we exult too much let us remember that the court of criminal appeals is still doing business at the old stand.

SENATOR STEWART of Nevada, who doesn't expect to be re-elected and is getting reckless in his old age, has introduced a bill in the Senate to raise the salary of the President to \$100,000 per annum, give the Vice-President and Speaker of the house \$20,000 each annually and each Representative and Senator \$10,000 per annum, the bill to go into effect March 4th 1905. It will never pass.

WE wish the Associated Press people in New York city could hear us say and realize that we represent public sentiment down this way when we do say it, that the people of this section are not interested in the fate of Nan Patterson, an obscure actress of immoral character now on trial in New York city charged with the killing of her paramour, a turf gambler named Young. Give us a rest on Nan.

THE Farmers' Union over at Brownwood has opened an office in that town to be known as the Farmers' Exchange, and have placed a man in charge to keep in touch with the markets. A blackboard in the office shows what cotton, eggs, potatoes, corn, etc., are selling for, and a canvass is made each morning to find out what each merchant has to offer for certain products, and the man in charge of the office directs the farmers to the merchants offering the best inducement. Anything the farmer has to sell is listed with the exchange, and the man in charge proceeds to find a buyer.

THE next Speaker of the House at Austin will be Mr. Seabury, of Starr county, and the Beaumont Enterprise hands him this bouquet: "With the election of Representative Seabury, of Starr county, as Speaker of the House of Representatives at Austin practically assured, there is one thing certain about the next House of Representatives. It will have no unraveled parliamentary wrangles. Mr. Seabury is regarded by many as the best parliamentarian in Texas—Joe Bailey not accepted."

Some farmers in Nacogdoches county have conceived a novel but what seems most practical plan for a cotton factory. The plan is that 1500 farmers will plant and raise one bale of cotton each, to be devoted to an investment for this purpose, and with the money that fifteen hundred bales of cotton would bring at ordinary prices, a sum would be afforded that would put an industry of this kind into actual operation. The plan strikes us as being wise, and worthy of emulation. The movement will be watched with interest by other counties.—Center News.

The News is right in saying that this plan is wise and worthy of emulation. And it is opportune to say that the Nacogdoches county farmers who have originated the idea are very much in earnest about it and intend to press the proposition upon the attention of their brother farmers and not let up until an organization is perfected. The Sentinel has heard many favorable comments here in Nacogdoches upon this farmers' plan to get a cotton factory and we believe that it will not be permitted to pass away in talk but will ultimately realize the hopes of its projectors. It takes time to perfect such a scheme.

Prof. F. W. Mally, speaking of the peach growing in East Texas, says: "Peach orchards are easily brought into profitable bearing the third year from planting. Scattering fruit is frequently produced the second year. Orchards should reach full maturity in the fourth year. At this writing I have one-year old peach trees bearing heavily in the nursery rows. One of these varieties will ripen about May 25th. Think of ripe peaches in nursery rows on trees fifteen months after they were propagated. But fruit is no more successful or profitable than truck crops properly selected and managed. Tomatoes probably lead when proper attention is given them and suitable markets found. Irish potatoes are marketed during May at a dollar per bushel and upwards. In my experience a tall crop of Irish potatoes can be produced as profitably and more safely than a spring crop. This is equally true of some other crops. One great advantage we have is that our soils and seasons are such as to give us two changes during the year. In a general way, good peach lands are suitable for truck growing and hence can be made productive during the years while peaches are growing to maturity. What more could we, as orchardists, ask?"

Editor Haltom of the Nacogdoches Sentinel seems to have been offended at an editorial which appeared in the Journal in reference to a theatrical company showing in his town. The Journal was unaware that Editor Haltom was touchy on the question as to whether or not his town was a good or poor theatrical proposition and this point was not under discussion by the Journal. If Editor Haltom has been offended the Journal is sincerely sorry and in the future will endeavor to boom Nacogdoches as a theatrical attraction and use Jasper for its purpose of illustrating a point. Editor Haltom will doubtless find little comfort in the explanation offered by Myrick's morning excuse that the people of Beaumont wish the Journal would move away from Beaumont. The Journal and its present management have been bona fide citizens of Beaumont for about fifteen years and the present management of the Myrick excuse has been here something over thirty days, all of which Mr. Haltom knows and which will probably cause a smile of amusement to spread over his face.—Beaumont Journal.

Now we don't intend to precipitate an acrimonious controversy between our esteemed Beaumont contemporaries or to haul anybody's chestnuts out of the fire; and we are quite too wise to make invidious distinctions between newspapers with both of which we are on friendly terms. The Journal has indicated its regrets at its disparagement of Nacogdoches as a city of critical theatrical appreciation, and now that our wounded self-esteem has been properly salved and soothed the case is dismissed from the docket without prejudice. We don't mind saying, however, that we are very certain the people of Beaumont do not wish the Journal to move away from that city if they see as many good qualities in it as we do.

THAT it pays a community to tax itself to make good roads is proved by the Statement of Judge Corse at the Palestine Good Roads convention. He said that Hays county has issued \$70,000 bonds for road improvement, and that San Marcos has grown more in eighteen months since the roads were built, at a cost of \$10,000 per mile, than it had in thirty years before.

Turkey Turns the Joke.

A turkey stealing a ride out of town on the top of a baggage coach was the novelty that greeted pedestrians near the Texas & New Orleans depot at noon today when the Oriole pulled out of the depot for the east. The turkey came in on the inside of a crate and when the express messengers were pulling it out, the turkey wobbled out through a good-sized hole and proceeded to take a look at his surroundings. The negro help of the express company started to do a regular Liao Yang assault on the lord of the Christmas dinner, but his highness flew to the top of the coach, flapped his wings, and as the engineer turned on the steam and the train began to move, the turkey again flapped its wings and winked at the crowd, then sat down to enjoy its ride on the top of a coach in true tramp fashion.—Beaumont Journal.

GOOD ADVICE FROM IOWA.

Nacogdoches Man Writes from that Frozen Land.

The following letter to T. J. Williams from C. E. Oleson, formerly of this city and later of Cushing, is interesting reading, especially to thoughtful people who want to improve conditions in this section of Texas.

Calmar, Iowa, Dec. 19, '04.
T. J. Williams,

Nacogdoches, Texas.

Dear friend—Eight below zero with 3 feet of snow. How would that suit you? Up until the 2nd of this month we had regular Texas weather, but since that time snow and ice, and some mornings as low as 12 below zero. This kind of bracing weather would be hard on you "Texas Greasers." I was born in Norway, a much colder climate than Iowa, but for myself I am in love with Texas climate and expect to make Texas my home. I am not stuck on such cold weather, but it gives every one a good healthy color. Men, women and children move around actively, not in sluggish fashion. What a contrast! Here boys and girls are out in their fur caps, heavy woolen clothes and overshoes playing in snow with their sled and many with skates, skating on the ice, unmindful of the cold bracing winter weather. I am sure your boys would enjoy Iowa winter sport for a while, at least.

Yesterday 160 cars of cattle, hogs and sheep passed this station for Chicago market. Our Iowa farmers are compelled to have large warm barns and sheds to house their stock, hay, corn and feed for nearly seven months every year and doing this on \$75 to \$90 an acre land. Now if Iowa farmers are making money here what could Iowa farmers make in Texas where they would not have this expense and get farms for \$20 to \$30 an acre and not spend two to three hundred dollars a year for clothes and fuel to keep warm. Last week I was talking with a German who had visited Houston and the country around Wharton, west of Houston four years ago, and he says he could see no reason why he could not raise as good stock in Texas as here, and I don't see any reason why that open country around Cushing could not produce something besides cotton. There is the poultry industry. Many farmers are making good money raising chickens, turkeys, ducks and geese and selling eggs. Live chickens are bringing 8c per pound, live turkeys 12c, ducks and geese 9c, hogs \$4.25 per hundred, cattle \$5.40 to \$6.50—why not Eastern Texas raise this stuff and not cotton, cotton? Iowa has a farm house on every 160 acres of land, yes, many, many places on every 80 acres, school house every two miles, small towns of 300 to 700 people, county seat towns from 3000 to 7000, banks with large deposits and are glad to loan at 6 per cent, thus indicating people in a good, prosperous condition, and this is a country of long cold winter, raising corn and feeding stock. Why not Texas do this with just as good land; no snow, ice or long cold winters, and I believe she will in the near future. I have been anxiously watching to see if you bring in a gusher. Owing to pleasing my folks I am remaining for holidays. Shall see you about Jan. 10th. Merry, merry Christmas to all. Yours, C. E. Oleson.

Damp or Wet Feet Often Result in Coughs and Colds

Sometimes the thoughtless child, again the adult, unavoidably being caught in a rain storm, mud and slush, in reaching home. The winter season is always beset with danger, on account of the sudden changes in the atmosphere. Coming from heated buildings or hot rooms into the open air often brings on coughs and colds. We are all more or less susceptible. A cold once contracted can be quickly arrested by a few doses of

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, spots and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN, Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red eruptions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1.00 for proof that it is not absolutely vegetable. Home treatment book giving the symptoms and other interesting and valuable information about this disease. Mailed free. Our physicians advise free those who write us.

Fired Timpson Calaboose.

Unknown parties set fire to the calaboose last night, presumably to release a prisoner confined therein. It was discovered between 11 and 12 o'clock and smothered out before much damage was done. The walls of the building are almost rotten, and it is supposed that the friends of the prisoner thought they could burn out the hinges without endangering the life of the inmate, and thus secure his release without making much alarm.—Timpson Times

Dr. Holt has returned from the educational rally at Lutkin, where he also attended a meeting of the board of trustees of the East Texas Baptist College. He reports that the decision to move the College from Rusk was made final, but the question of location is still open. There are a number of competing towns working zealously for the prize, but everything considered, he is still of the opinion that it is possible for Nacogdoches to win it. It all depends upon the effort made by our people and the inducements we are willing to offer. The board is favorable to Nacogdoches, but it will take a vast amount of money to establish the institution and the question of donation will figure largely in the selection of a new location.

Judge Jno. W. Stevens, of Hillsboro, was in town today on his way to Nacogdoches on a visit. Judge Stevens is one of the old veterans of Texas and well known over the state.—Athens Review.

HOARSE COUGHS STUFFY COLDS

QUICKLY CURED BY

Foley's Honey and Tar

There is no case on record of a cold resulting in Pneumonia, or other serious lung trouble, after Foley's Honey and Tar had been taken.

It will cure the most obstinate racking cough, and heals and strengthens the lungs.

Foley's Honey and Tar has cured many cases of incipient Consumption and even in the last stages will always give comfort and relief.

Foley's Honey and Tar gives quick relief to Asthma sufferers, as it relieves the difficult breathing at once.

Remember the name—Foley's Honey and Tar—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation.

Contains no opiates.

Cured of Terrible Cough on Lungs.
N. Jackson of Danville, Ill., writes: "My daughter had a severe attack of La Grippe and a terrible cough on her lungs. We tried a great many remedies without relief. She tried Foley's Honey and Tar, which cured her. She has never been troubled with a cough since."

Consumption Cured.

Foley & Co., Chicago. Dana, Ind. Gentlemen:—Foley's Honey and Tar cured me of Consumption after I had suffered two years and was almost desperate. Three physicians failed to give me any relief and the last one said he could do me no good. I tried almost every medicine I heard tell of without benefit, until Foley's Honey and Tar was recommended to me. Its effect right from the start was magical. I improved steadily from the first dose and am now sound and well, and think Foley's Honey and Tar is a God-send to people with Throat and Lung Trouble. Yours very truly,
MRS. MARY AMBROSE.

DURING the past week six counties in Texas have voted that no more whiskey shall be sold within certain boundaries. Every local option election that has been held has favored prohibition. Not a single instance is there where the people voted to have whiskey peddled to the citizens. It is significant—it is even more than that. It is wonderful to know that in "wild and woolly" Texas the people have turned against strong drink. Prohibition is slowly but surely spreading over Texas and every time a precinct is added to the dry district, that much stronger becomes the argument for prohibition. The cry that prohibition kills a town cannot apply when every town adopts it.—Baumont Journal.

THE railroad commission in session at Austin has passed an order requiring all railroad companies in the state to have printed, for the information of the public and for telegraph operators and the companies' agents, the law enacted by the last legislature bearing upon the operations of trains. The law requires that the roads shall run trains at regular intervals for the transportation of persons and property; that all roads shall employ a competent dispatcher to keep agents and others informed of the movement of trains; that, when trains are delayed, notice of the length of the delay shall be posted in depots 30 minutes prior to the time such trains are due. All railroad companies are further required to print this order of the commission and have same posted at each of their stations in the state, where the public may see it.

APPLEBY LOCALS.

Dec. 25th.—Our school closed Thursday till Jan. 2nd. We had a very nice school entertainment Wednesday and Thursday nights. Everything was carried on very nicely and quietly.

Last night we had a Christmas tree that could not be excelled by any town. Everything was carried on just as nicely as could have been. The tree was large and loaded with many handsome and costly presents. The charity basket was well filled and presents were given to all orphan children present.

Today has been noted for its many turkey dinners and jolly good times generally—all seemed to be enjoying Christmas.

Quite a number of visitors are spending Christmas in our town, but their names are too numerous to mention.

Prof. G. M. Hale received a message today that his wife at Nacogdoches was thought to be dying. He and his daughter left at once for Nacogdoches. We all extend our deepest sympathy to this family in their afflictions and trials.

Dr. W. G. Hartt and family will leave tomorrow for Halbert, Texas, to visit his wife's parents and soon after returning he will leave for Galveston where he will take a post graduate course in medicine.

Mrs. Dr. W. H. Campbell has gone to Houston to spend the holidays with her brother, Ely Washburn.

The law should be amended so as to declare that in every case of homicide in which the facts show that the slayer was unlawfully armed, that fact should absolutely limit and abridge his right of self-defense, and make his act in any event manslaughter. Such a law, while protecting the public, could do no harm to any man who might be armed under circumstances which allow him so to be, because any man may lawfully arm himself when he has reasonable grounds for fearing an unlawful attack upon his person, and the danger is so imminent and threatening as not to admit of the arrest of the party about to make such attack upon legal process. The statute so expressly provides.—Houston Chronicle.

Beware of Counterfeits.

DeWitt's is the only genuine Witch Hazel Salve, writes J. L. Tucker, of Centre, Ala. "I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by Perkins Bros.

\$500,000.00

The past twelve months show a grand total for all of our houses of nearly a half million dollars. Considering that we absolutely do not sell to the dealer, this is a very good "showing" and further, proves that quality wins. Next year we expect to double it.

We distill RED ROCK and CRESCENT CLUB Whiskies and are largely interested in the production of EARLY TIMES and JACK BEAM, however this fact does not prevent our handling other brands, as well as a complete line of Brandy, Wines, Gins and Cordials. We fully realize that two or three Whiskies will not please every one and our earnest desire is to offer the buyer a variety to choose from, which covers every kind and character of Whiskey on the market. We contract for the entire output of the CLERMONT DISTILLING CO. of Warren Co., Ky., one of the state's foremost fruit distilleries, and in APPLE and PEACH Brandy, our qualities are unsurpassed.

We do not rectify. Most Whiskey houses of prominence carry a "RECTIFIERS LICENSE" which in plain English means a privilege sold by the Government for a heavy consideration, granting the rectifier the right to "MIX" Whiskey with anything a dishonest dealer may induce. "UNCLE SAM" offers the consumer of Rectified Whiskey absolutely no protection. We do not carry a RECTIFIERS or MIXERS license and the goods are shipped exactly as received from the Distilleries. In proof of this claim, we refer you to the records of the Internal Revenue Department.

In asking your consideration, we are appealing to your common sense and are not making a lot of extravagant claims, which must appear ridiculous to even a person of limited comprehension. We are "Bona-fide" Distillers and guarantee every drop of Whiskey we sell. We intend to make every transaction so satisfactory to each customer, large or small, that it will be a real pleasure for him to give us his business and should any order not open to your entire satisfaction, we will esteem it a favor if you will return the goods at our expense and the purchase price will be refunded.

Will be the style of our firm after January 1st, 1905. E. M. Dotson has associated himself with ourselves for the future to do a general merchandise business as we have heretofore been doing. His addition to our firm will add \$10,000 more to our capital stock, and thus enable us to carry a larger and more complete stock to supply the needs of our customers, and also enable us to show them more courtesies than our capital would allow us for the past year. We are three men who believe in the future of Nacogdoches and Nacogdoches County. We have confidence in the ability, intelligence and industry of our farmers to the extent that we KNOW they will make crops, notwithstanding the ravages of the boll weevil and all kindred pests.

We will be found at the same old stand of TUCKER & ZEVE with a larger and more complete stock, ready and anxious for your trade. If you have the cash, no man in Nacogdoches will give you more for your money. If you want to give us your credit business, no firm will show you more courtesies than we, or give you better values or offer you any more inducements than we can.

We shall have more to say to you later. Hoping every reader of this announcement will favor us with a portion, if not all, of his patronage the ensuing year, wishing you one and all a merry Xmas and a happy and prosperous new year, we beg to remain. Yours truly,

MISS ALICE WEBB AS WAS

Millionaire's Wife to Visit Beaumont and Other Texas Cities. From The Beaumont Journal:

There has been great rejoicing in certain Southeast Texas quarters during the past few days and the rejoicing has been caused by the good news from the east announcing the marriage of Miss Alice L. Webb, known far and wide as the "Tobacco Queen" of Texas, to B. L. Duke, a member of the famous house of Duke of Durham, North Carolina, and one of the wealthiest tobacco manufacturers in the world. The wedding was solemnized last Monday, but the news of it has been kept quiet. There have been rumors of the marriage during the last few days in this city, but it was not confirmed until a telegram was received here this morning by one of her friends announcing that the wedding was a fact.

Miss Alice L. Webb, that was, is well known to the business interests of Beaumont owing to the fact that she was the leading worker of an organized movement during the past summer to exploit the tobacco lands of Southeast Texas and particularly those of Nacogdoches, where the federal government had established a tobacco experimental station. Fate was unkind to the little band of workers and the failure of the effort to promote the tobacco industry was laid at the door of Miss Webb, now Mrs. Duke, a place where it did not belong, for had others interested in the project been as sincere as Miss Webb, success might have been attained. The people of Nacogdoches did not seem to take well to the proposition, and between the knocking there and an unfortunate combination of circumstances from other points, failure was absolutely assured.

When Miss Webb left Texas to go east, she made the frank statement to many people interested with her in promoting the tobacco industry of this section, that her life work was in making a success out of what she had undertaken and while her first attempts had been a failure she was coming back with ample backing to demonstrate her sincerity in the tobacco business for Texas and that this was the greatest tobacco country in the world. In her marriage

to a member of the great tobacco house of Duke, the principal house of the American Tobacco company, Miss Webb is in a position to make good her statement and she is going to do so, is well known to the few who stood by her in the most trying time of her career.

Mr. and Mrs. B. L. Duke are coming to Beaumont within the next few weeks. Besides Beaumont, they are going to pay a visit to Houston and other cities in Texas, but it is not known just what date they will leave for this state from their home in North Carolina. While their coming is anticipated as meaning much for the tobacco future of this state, still there is no definite knowledge as to whether the head of the tobacco trust will actually take a personal interest in the promotion of the Texas tobacco industry. However, Mrs. Duke is certain to do so, and it is barely possible that after Mr. Duke has made an investigation of the prospects offered by Southeast Texas, that he will also take a personal interest in promoting the culture of tobacco. He is considered to be the shrewdest business man at present connected with the tobacco manufacturing industry, an expert in every department of the tobacco business, and the estimation formed by him after he has concluded his visit, will have a great deal to do with promoting the growth of this section.

There is going to be an effort made to tender Mr. and Mrs. Duke a reception upon the occasion of their visit to Beaumont. The movement is at the instigation of Prof. L. H. Shefler, the government expert who has pronounced the red soil of Southeast Texas as the finest tobacco land in the world, and who aided Mrs. Duke to carry out her idea of development out of his own pockets when the success or failure of the tobacco culture idea was at a crisis. Mr. Shefler has had unlimited confidence in the business integrity of the little woman and has always unhesitatingly declared that her heart and soul was in the above movement regardless of all else in life. Some of the local business men are going to interest themselves in the effort to give the visiting couple a big reception after they have arrived in the Queen City of the Neches.

Must Pay the Doctor.

At a recent meeting of the physicians of Nacogdoches, the following resolutions were adopted by a unanimous vote: 1st. Every physician that signs this agreement shall furnish to every other physician that signs it, on the first of March 1905, and the first of January each year hereafter a complete list of all those, regardless of social or financial standing, that have failed to pay or secure him for his services since January 1st, 1904, and each physician shall keep a complete alphabetically arranged list of all such names made up from the reports furnished him by other physicians.

2nd. That no physician that signs this agreement will go to see or render in any way a professional service to any who is listed by himself or another physician who has signed this agreement, as not paying his doctors bills for any year since Jan. 1st, 1904, unless the applicant pays the cash in advance, gives good security or shows a clear receipt from the physician or physicians that have reported him as in arrears.

3rd. That it shall be the duty of each physician who signs this agreement to report immediately to every other physician that has signed it the name of every one that has been reported as in arrears and has paid his bill and put himself in good standing, and then each physician shall be at liberty to go to see such persons if he desires.

My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or dyspepsia should use it." Sold by Perkins Bros.

Burned to Death.

Last Friday evening, about 2 o'clock, on Mrs. Brewer's place, nine miles west of Henderson a negro cabin burned up, and two negro children, 4 and 2 years old, perished in the flames. The parents of the children were in the field at work. Three children were left alone at the house, the oldest, about 8 years, escaped. The largest one had been left to take care of the little ones, and when she discovered fire, she ran away leaving the others in the house. They were burned into a crisp.—Henderson Times.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for sometime. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation."—St. Louis Globe Democrat, Dec. 1, 1901. Mr. G. H. Mynard, who moved from this county to the Pan Handle about two years ago, has returned, just like everybody else who tries this country for a few years. It's Strenuous.

There is no true superiority except that created by true merit. The reason that Hunt's Lightning Oil outclasses all other liniments—it has the merit—it does something. See what it will do for cuts, burns, bruises, sprains, sore and stiff muscles and joints. Your surprise will only be exceeded by your gratification.

W S Baily, P O, True, Tex, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frost bites and skin eruptions. It does the work." 25c, 50c, \$1.00. Sold by Perkins Bros.

A False Report.

The Sentinel was misinformed with reference to the baby recently left at the home of Mr. and Mrs. Roy Davis. The child was carried to the Davis home by Mr. Marion Hall, who received it at the depot at the request of Mr. and Mrs. Davis, it having been sent to them by Rev. W. W. Watts from the orphan's home at Dallas. The babe, however, was so delicate that Mrs. Davis was not satisfied that she could care for it properly and they went to Dallas Sunday night to exchange it for another, but did not succeed in getting another in its place. They came back this morning, leaving the baby, but may decide to take it again later on. Mr. and Mrs. Davis also visited Mr. Davis' parents at Waco while on the

Mr. Maury, the candy man, is enthusiastic over the tobacco prospects of Nacogdoches and is talking of getting a cigar maker for a partner and engaging in raising tobacco and manufacturing cigars. There can be no doubt of his success should he venture in this direction, and it might prove the ground plan to a great enterprise in Nacogdoches.

Save Your Lungs.

Don't neglect that cough. One pair of lungs is all that you'll ever have—treat them well. Simmon's Cough Syrup will soothe and strengthen them, stop the cough and give you a chance to sleep in peace.

As some time has elapsed since Busby was indicted, the people were wondering what had become of the case.—Crockett Courier.

IT'S ALWAYS BAD

The Best of Backs are Bad When They Ache, and Texas People Know It.

A bad back is always bad—Bad at night when bed time comes.

Just as bad in the morning. Ever try Doan's Kidney Pills for it?

Know they cure every back-ache—cure every kidney ill?

If you don't some people do. Read a case of it:

Mrs. A. Sanderson, of Galveston Island, says: "I had kidney complaint off and on for nearly three years, and it could only at times be described as excruciating torture. To stoop or raise after stooping hurt severely and I could scarcely refrain from yelling. It was hard for me to go up or down stairs or even to lift a light bucket of water. I was always worse in damp weather or if I caught cold. I wore mustard plasters and tried home remedies, but never found anything to give permanent relief until I got Doan's Kidney Pills. I felt their direct effect on my kidneys the very first night, and in less than a week's time the pain in my back disappeared. A friend of mine was also benefited by using Doan's Kidney Pills. I never met with such a prompt, reliable, effective remedy."

"I was much afflicted with sciatica," writes Ed C Nud, Iowaville, Sedgwick Co, Kan, "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used 3 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons; all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c, \$1.00. Sold by Perkins Bros.

The Sentinel was never in favor of giving up the University grounds for the East Texas Baptist College, and when it spoke of the "sacred bequests" in this connection, it was itself "hit" as much as anybody else. While the editor is strictly partisan and is agin knockers, we are by no means hunting old sores to open. The Sentinel is that anxious to see the college located here that it does not want to hear any argument—if there is any—against, it and to that end will refuse space to any one opposing it.

Of Interest to Mothers.

Thousands of little ones die every year of croup. Most of them could have been saved by a few doses of Foley's Honey and Tar, and every family with children should keep it in the house. It contains no opiates and is safe and sure. Mrs. George H. Pickett, San Francisco, Cal., writes: "My baby had a dangerous attack of croup and we thought she would choke to death, but one dose of Foley's Honey and Tar relieved her at once after other remedies had failed. We are never a minute without it in the house." Sold by Perkins Bros.

Fourteen convicts, serving sentences from eight to twenty-three years, were released from the Rusk penitentiary Tuesday on pardons from the governor. The Sentinel man saw them leave the prison and they were a happy set.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins Bros.

Nacogdoches is making a bold fight for the location of the East Texas Baptist College. There is not in all East Texas a more suitable place for its location. It can be reached there from every quarter of East Texas.—Cushing Enterprise.

Obituary.

Bailey, son of William and Mary Melford, departed this life Dec. 18th, 1904. He was twenty-three years, two months and twelve days old at the time of his death. Weep not dear parents, brothers and sisters. Be faithful and meet on the other shore.

"A precious one from us has gone
A voice we loved is stilled,
A place is vacant in his home
Which never can be filled.
He is now at home in Paradise,
Away from earth with all its vice;
Why should you wish him back again,
To go through sorrow, woe and pain.
Dear parents do not mourn,
He's gone but not forever.

Trust in the Lord; he'll lead you where death fond ties cannot sever. A Friend.

Mr. R. C. Gramling is recovering from a severe hurt sustained by a fall last week in which he had a rib broken. He is able to be at work again.

Sentenced in Two Cases.

The second case against Dr. Cox, which was called for trial at Rusk yesterday morning, terminated in Cox's entering a plea of guilty. He was given two years in the penitentiary by the jury verdict, making four years in the first two cases. There were four cases in all against him, but his plea of guilty in the second was a compromise and the remaining two cases were dismissed.

The principal witnesses in the Dr. Cox cases that were retained at Rusk to testify in all four of the cases against him, arrived home today, Cox having been convicted in two cases and the other two being dismissed. In all there were probably 150 witnesses subpoenaed from Nacogdoches county, though only about 20 of them were put on the stand. There were also a number of witnesses from Shelby, Sabine and Angelina counties. Messrs George King, F. P. Brewer and T. B. Lewis, of Nacogdoches, and W. E. Donley and Chas. Emanuel, Esqs., of Cherokee county were attorneys for the defendant, and Messrs V. E. Middlebrook, C. A. Hodges and Geo. F. Fuller, of this county, assisted the prosecution. The first case was stubbornly fought, the leading counsel being W. M. Imboden for the state and Geo. S. King for the defense.

Charley Thomason is placing an awning around the front of his new brick building which adds improvement to its appearance.

Notice—Sheriff's Sale.

The State of Texas, County of Nacogdoches: By virtue of an order of sale, issued out of the Honorable District Court of Nacogdoches county on the 21st day of September, A. Hoya, and \$29.50 costs of suit. Given under my hand, this 14th day of December, A. D. 1904. T. E. BUCKNER, Sheriff.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from blood. Unless they good health is Sold by Perkins Br.

TUESDAY'S LOCALS.

Prot. R. W. Tillery, of Appleby, was a caller at The Sentinel office this forenoon.

Misses Webb and Marion Myatt left today for Gary, to spend a few days with relatives.

Miss Hattie Thomas is up from Lutkin to spend the Christmas holidays with the home folks.

Prof. L. C. Spencer, of New Orleans, is in the city, a guest at the home of Mr. Hardy Perkins.

Mr. and Mrs. E. E. Crain, of Longview, are visiting relatives in the city, the guests of Mr. and Mrs. G. B. Crain.

Henry Fuller, now of the Beaumont Journal, came up to spend the holidays but we haven't seen him at these headquarters yet.

Mr. and Mrs. Ralph Muckleroy, of Huntington, spent Christmas with relatives here, returning to Huntington this afternoon.

J. E. Harrell, of Rockland, was in the city yesterday on a business visit, as well as to see relatives and friends.

Fifty Years the Standard

BAKING POWDER

Made from pure cream of tartar derived from grapes.

DR. PRICE'S BAKING POWDER CO.
CHICAGO.

Mr. J. B. Jackson and Miss Alice Gilmore were married Monday afternoon at the residence of Rev. C. W. Harvey, the latter performing the marriage ceremony.

Miss Myra McPhail, teacher in the Beaumont High School is spending the holidays with her parents, Mr. and Mrs. F. M. McPhail, on Irion hill.

J. C. Swift who was many years ago a merchant at Melrose, and is now a resident of Western Texas, is in the city visiting friends and relatives and is greatly astonished at the changes since he left here.

Cotton took another long drop today caused by the latest ginner's report received here by wire at noon from Washington city which showed 11,848,113 bales on Dec. 13 with 80 counties to hear from.

Henry Roper, a white man, who claims Louisville, Ky., as his home is in jail here, and it is not known what charge will be lodged against him. Cal Scott found him in his home yesterday when his family were absent and turned him over to Marshal Spradley. He says he went there to ask for something to eat.

D. G. Humber, of Rainey, Oklahoma, accompanied by his son John, is spending the holidays with his relatives and old friends of Nacogdoches. This is his first visit back home in many years, and town and country has vastly changed since he last saw it. Still, he says the people all look natural, and it is no trouble for him to recognize an acquaintance who had reached the age of maturity before he left here nearly twenty years ago. Mr. Humber moved to the Territory only a few years ago, but is comfortably situated and is prospering in his new home, where he still follows the avocation of farmer. He has not yet been disturbed by the boll weevil in that country and fine crops of corn and cotton were gathered there this fall.

A daughter was recently born to Mr. and Mrs. Marshall Elliott. This is a remarkable baby in the fact that it is blessed with two grandmothers, three great grand mothers and one great great grand mother—probably more grandmothers than any other child in the county. It grandmothers are Mrs. J. H. Haltom, Jr. and Mrs. Robt. Elliott; its great grand mothers are Mrs. J. H. Haltom, Sr., Grandma Elliott and Grandma Gray, and its great great grandmother is Grandma McBee, all living within the vicinity of the child's birth place, except Grandma Elliott, who now lives in Shelby county.

Mr. Frank McPhail and wife of Beaumont, are spending the holidays with his parents, Mr. and Mrs. F. M. McPhail, on Irion hill.

Beware of Ointments for Catarrh That Contain Mercury
as mercury will sorely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damages they will do is ten fold to the good you can possibly derive from them. Halls Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Halls Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Price 75 cents per bottle. Sold by all druggists. Take Halls Family Pills for constipation.
