NACOGDOCHES, TEXAS, THURSDAY, FEBRUARY 23 1905.

NO 8

TO OUR FRIENDS AND THE TRADE

Nacogdoches, Texas, February 18, 1905.

In another column of this paper, you will note the change in the Drug business of Perkins Bros., wherein Mr. Chas. Perkins sells his entire interest in the stock to M. R. Kleas, Hollis Mast and John Perkins.

Perkins Bros. have served the public in the capacity of Druggists for the past 26 years, and in the advent of the new firm of Perkins, Kleas and Mast, we wish to say that our object shall always be to make the service just as complete as possible, and wish to request each of the old customers and all our individual friends and acquaintances to give us their patronage, assuring you that we shall at all times endeavor to accord you such treatment that we will merit it and you may have no good reason to regret the extended favor.

John Perkins will come over from Henderson and take his place with the new firm in a few weeks, and Hollis Mast will come actively with us at the expiration of his contract with Mr. D. K. Cason.

Now, earnestly soliciting your valued favors and continued patronage, we are, yours very truly,

W. U. PERKINS
M. R. KLEAS
HOLLIS MAST
JOHN H. PERKINS

COTTON ...SEED...

We have been very fortunate in securing a carload of the

Big Boll Cotton Seed

from the extreme northern portion of Oklahoma Territory.

We secured these seed a very large planter, having tried these seed himself at Shepard, Texas, for two or three years, making good crops right in the boll weevil hot bed. He assures us that it will make one-third more than King's Improved, and is easy to pick. We can sell you these seed at 75 cents per bushel.

Can also furnish you with the very best Fertilizer at the right price.

Nacogdoches
Mercantile Co.

HIS LOSS \$500.00 THE FIRST CIGAR

A LETTER FROM CAPT. J. W. IRESON.

A Full Account of How His Home Was Destroyed a Few Days Ago.

Last Wednesday night the home of Capt. J. W. Ireson of Terrell was destroyed by fire, a brief account of which appeared in The Sentinel on Thursday.

The following letter was received from Capt. Ireson yesterday:

Terrell, Texas, Feb. 17. Doubtless your paper has heard about our loss by fire on the 15th at about 7:30 p. m. It came like a clap of thunder from a clear sky.

We were in a nice two story house in a thickly settled neighborhood and the roof was falling in before we discovered it, and while a great many saw the light they attributed it to electric lights in our house and passed on. I had just eaten supper and was in the room reading when the ceiling (the fire originated between the roof and ceiling) was falling in on the second floor, and I barely got wife and children out. When I ran back into the house to turn in the alarm, the smoke and fire came down the stairway and no one could go there.

We lost all we had up stairs, which included all our extra bedding, all our summer clothes, and our furniture up stairs. As we have had three weeks of cold weather we had not unpacked anything except what we actually needed. We had fitted lower rooms with new matings, shades and rugs and while we saved the bulky furniture we lost all our nice ornamental articles and Battenburg work that my wife had done. I saved a few things to wear but lost most of my clothes. Our loss is not less than \$500 and every time I turn around I find that I have lost something. I lost all of my books, accounts, notes, etc., and all my army records which I have been so particular to keep.

We feel the lost very keenly and while the people here have been good to us we are among strangers and I have to plank down the cash for everything, and not like being at home. Still I am thankful. Bad luck as has been on me since last summer and it might have been worse if our fire had occurred at midnight under the same circumstances, and we could not have gotten out anything, and to make matters worse the fire department arrived on time, but the water mains were frozen and we could not get over 10 feet of water pressure, and the people carried my stuff out, threw it in the streets and half of it was badly damaged, especially furniture and china ware. We are pleasantly located in two rooms and taking our meals near by and will come out alright if I keep well.

J. W. Ireson.

MADE IN THE NACOGDOCHES FACTORY

Presented to The Sentinel Reporter Yesterday Afternoon.

Monday afternoon the Sentinel reporter was invited by Mr. L. P. DeMouche, manager of the Nacogdoches Cigar Factory No. 216, 4th district, to visit the factory and witness the making of the first cigar made in the Nacogdoches factory, and made out of the genuine Nacogdoches tobacco.

The reporter accepted the invitation of Mr. DeMouche and made a tour of inspection of this modern factory where cleanliness and sunlight appears to be the chief aim of the manager for the benefit of the cigar makers while at work.

The first place visited was the "private" room on the first floor where many bales of the precious weed, aggregating some six or eight thousand pounds of the Nacogdoches product, is stored. In this room is also placed a large galvanized washing tank where the tobacco is thoroughly washed and all foreign matter and impurities removed, it is then allowed to drain. After going through this cleansing and drying process, the tobacco then passes through the blending process which is under the personal supervision of Mr. DeMouche, and when properly blended it is transferred up stairs and is placed on canvass where it is covered and kept free from dirt.

In the upper story only ten cigar makers tables which are the most approved designs have been put in, but more will be added. After the cigars have been made they are placed in an air tight cabinet in which there is an apartment for every cigar maker employed, and properly labeled and when packed the maker's number is placed in the box so that in the event of defective workmanship the matter can be easily traced.

A large packing table is placed in the north end of the building and here Mr. DeMouche will spend much time personally inspecting the goods when packed.

Six strippers are at work getting everything in shape for the cigar makers. The boys and girls thus engaged have a most pleasant place in the factory. In fact nothing has been left undone in making this one of the most model factories in the entire country; plenty of light and every modern convenience has been provided.

After taking the reporter through the factory and explaining the different divisions Mr. DeMouche then said "the Sentinel man shall smoke the very first cigar made in Nacogdoches Cigar factory No. 216," and made the reporter a smoke out of the Nacogdoches tobacco. Well it was all that a smoker could possibly desire; the aroma found only in the very best imported cigars was there, in fact the cigar was the acme of perfection—no fault could the reporter find, and he has smoked most everything from a cob pipe to the best cigars on the market today and considers himself rather a good judge.

We Solicit Your Trade Upon the Merit of our Goods Only.

Have spent best part of our life in the
Implement Business

Believe we know what is best suited to the lands of this country. We are going to keep your friendship by offering only goods of the best makes. No matter what kind of land you work we have plows, cultivators, harrows, etc. to suit it. Let us show you the line.

D. K. CASON The Implement and Hardware Man.

ogdoches Cigar factory No. 216," and made the reporter a smoke out of the Nacogdoches tobacco. Well it was all that a smoker could possibly desire; the aroma found only in the very best imported cigars was there, in fact the cigar was the acme of perfection—no fault could the reporter find, and he has smoked most everything from a cob pipe to the best cigars on the market today and considers himself rather a good judge.

When the Nacogdoches cigars are placed on the market the Sentinel force will demand of the dealers only the genuine goods cut up in Nacogdoches.

Jury List.

The following names were omitted in the jury list for the first week of district court:

L. N. Lyles, W. M. Finkle, W. A. Wallace, B. Y. Lloyd, E. S. Thrash, T. C. Brantley, John Weatherly, J. B. White, J. J. Arthur, S. C. Brown, R. L. Bentley and O. K. Baxter.

Will Declare Dividends.

W. W. Perry, referee in bankruptcy, said to a Sentinel reporter that the R. D. Chapman bankrupt stock, of Huntington, and the Belk & McCrary stock at Cushing, would declare dividends on March 1st.

Afraid of Strong Medicine.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had simply by applying Chamberlain's Pain Balm and without taking any medicine internally. For sale by Perkins Brothers.

I have a farm of 70 acres five miles North of town on Henderson road that I want worked and on account of having fruit trees on it I will give renters all they make and pay extra besides. Do not apply unless you have teams to work 70 acres.

E. A. Blount.

Jones & Baucom

Are at their old stand next to H. T. Burk. When you are in town see them for DRY GOODS or GROCERIES. They are going to close up their Dry Goods and Notion business. You can SAVE MONEY BUYING FROM THEM. Special inducements to cash trade. Mr. F. C. Jones and J. O. Pinckard are on hand to treat you right. We will pay you cash or trade highest price for Chickens, Eggs and Butter. We invite country merchants to see us if you want some bargains in Dry Goods.

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor

TRY a little diversification this year. Two acres in tobacco would pay big returns.

THE Rough Riders will hold their reunion in San Antonio on March 30th and 31st.

THE Guffey oil company has completed its pipe line from Port Arthur to Humble.

F. A. FALKENBERG, head counsel of the Woodmen of the World, died in Los Angeles, Cal., Tuesday.

To successfully fight the various trusts in Kansas, a constitutional convention may be called by the legislature of that state.

THE farmer who takes nothing to town to sell when he makes his Saturday trips, is usually the one who raises mortgaged crops.

THE Czar of Russia should certainly see the "hand writing on the wall," his domain is now threatened with a cholera epidemic.

ONE of the first duties the farmer owes to himself is to bring his smokehouse from Kansas City, and locate it on his own place. Then it would be wise to make cotton a surplus crop, and devote his time to making a living at home.—Alto Herald.

WHEN planting time comes round the Nacogdoches county farmer should set aside a "patch" for truck. Nacogdoches is a splendid market, and enough money can be realized on the small patch, properly managed, to buy a big part of the year's supplies.

WHILE feeding a pet pony the other day a farmer had the misfortune to lose one of his fingers. In putting hay into the trough the pony was nibbling at the feed and bit the fore finger completely off. Use a little caution in feeding horses in future, you may meet with the same accident.

JOHN W. GATES has announced that he will join forces with W. P. Brown and will buy the cotton market. This may have a bad effect on the 1905-6 crop. The price of the surplus will, no doubt, be advanced which may cause the farmers to over plant as they did last year, and when market time comes the market will be paralyzed as it was last fall with a large crop. High prices or no high prices, cut the acreage down.

ANDREW CARNEGIE has announced that he would go to Cleveland to testify against Mrs. Cassie L. Chadwick, who is under arrest in that city charged with obtaining large sums of money on alleged securities bearing Mr. Carnegie's name. It is alleged that the signatures were forged. Mr. Carnegie's announcement was made after a subpoena ordering him to appear to testify at Cleveland March 6 had been served upon him.

THE PANAMA CANAL.

It is rather early for reports of cruel treatment of Americans who are at work on the Panama Canal, but they are beginning to crop out. President Roosevelt promised that "Americans would have the preference in all kinds of work on the canal." Officials it seems has placed a different construction upon the president's idea of treating Americans as is becoming an American gentleman. At any rate the following is taken from a dispatch to the Post from the New York American and Journal for the especial benefit of those who think that if they can secure a place on the canal they will have a soft snap, so that they may see how their fellow countrymen are being treated, which does not seem to be such a soft thing:

"The American and Journal yesterday received a remarkable letter from an employe on the canal zone, who declares Admiral Walker's statements are not in accordance with the facts. He shows that the lives of the Americans in Panama are made miserable; that the houses they live in are not fit for habitation, and that President Roosevelt's promise that Americans would have the preference in all kinds of employment on the canal has not been kept. He says that at least one official has \$3,000 worth of furniture in his home, while the clerks who fall sick do not even get proper medical attention. The hospital, where they are forced to go, is without plumbing and, all told, he paints a picture of horror of how men who are doing the hard work live from day to day.

"The American's correspondent signs his name, which for obvious reasons, is withheld. He is a man of education, and is versed in two professions. His letter is written on the letter head of the Isthmian canal commission. He says, in part: 'A single room costs \$15 per month. A man on \$100 a month receives \$80 per month as commutation of quarters, but if he would enjoy any privacy whatever he must pay \$7 out of his own pocket in order to do so, and all this while the officials have houses with more than enough bed chambers for each member of the family and guest rooms besides. De Lesseps' old palace in Colon, a house of nineteen rooms, baths, upstairs and down, American plumbing, electric lights and detached kitchen, has been fitted up for one man and his wife and child, while the rest of us are glad to get two, three and in some instances four in a room. The sick have to wait until the officials are fixed up. In all the vast hospital only the preliminary work looking to the installation of plumbing has been done. The system of sinks there is a disgrace and a shame. These things are clearly hidden from investigating committees, newspaper correspondents and the like. Nothing is said about the increase given the officials in addition to their already large salaries, especially when

detailed from the army or navy, which amounts to 70 per cent, in addition to which they get about everything else that is going."

THE PISTOL "TOTER."

The news item sent out from New York City stating that an ordinance had been passed whereby the city magistrates can impose a fine of \$250.00 on every person found with a gun on his person, and also to commit the carrier of six-shooters to six months in prison. The New York City authorities have set an example that could be followed by other sections. If the city of Nacogdoches had a power to pass an ordinance somewhat after that of New York, and the law was strictly enforced, the city would in a short time have funds sufficient to pave every street in the city.

It will take a law of this kind to break up the habit of "gun toting" in Texas, and if every dealer was required to pay a tax of \$250 per annum, the sale of pocket fire arms would not be so great. Several years ago the legislature passed a law imposing a dealer's tax that cut off the sale of manufactured cigarettes in many towns, and only the large dealers in cities could afford to pay the tax. By putting a high license on the dealer and a heavy fine and six months jail sentence on the "toter" the pistol habit would soon be relegated to the long list of "has beens."

THE patent medicine bill should it become a law, will be the cause of working a great hardship on many people. True there are many remedies that are fakes pure and simple, yet there are many meritorious proprietary medicines on the market that have been household remedies for years, and to shut these out would no doubt cause great suffering and perhaps death when it was impossible to get a doctor quickly.

FROM the report in yesterday's dailies it appears that the Chicago authorities do not consider the alleged crime that is charged against Taylor a violation of the law. The sum of \$3,000, to the courts of Chicago, is a simple assault with intent to Chadwick, and no doubt the penalty for such will be a reprimand.

CROCKETT is, after a cigar factory to work up the tobacco to be raised in that section, but the monied men seem to be a little slow in taking hold of the proposition. The business men, of our factory thought it a good thing and the promoters of Nacogdoches would not take \$10,000 for future prospects.

SECRETARY HITCHCOCK says that the Indian Territory Oil Company is "a gigantic monopoly."

HUDSPETH and Witherspoon have introduced the freak anti-pass bill. Even the walking upon the right-of-way of a railroad "free" could be construed as a violation of the law.

THE Baptists of Texas have inaugurated a campaign to raise a large missionary fund.

THE proposition to pay members of the legislature a salary for the first year of their term may strike a popular chord.

THE governor of Pennsylvania has withdrawn the death warrants in the case of Mrs. Kate Edwards the white woman under sentence to hang at Reading.

THE Cushing Enterprise of this week gives its readers the following words of wisdom: "When tobacco is spoken of in Texas, Nacogdoches county is next brought into discussion."

AT Nacogdoches this week there is abundant proof of the power of printer's ink. Seale & Donegan, of that city, have, in the last two weeks, spent about \$2,000 in advertising a special ten-days sale, and on the opening day the crowd was so great that The Sentinel reporter could not get in. Fancy a crowd that a reporter could not tread!—Timpson Times.

A FEW of Nacogdoches citizens have organized a company for the purpose of manufacturing cigars. This is no big thing for a town, but it will help—some. Every little helps.—Rusk Journal.

If the Journal man will visit Nacogdoches and see the Nacogdoches Cigar factory, (it occupies both floors of a two-story brick) he will write differently concerning our enterprise.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by Perkins Bros.

Another Brick.

Sol Kaplan will let the contract in a few days for the erection of a new brick business house on his vacant lot on the south side of East Main street. With the Lindsey & Harris building under construction, and the Kaplan building contemplated, only one vacant lot on the street remains.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25, 1902. "For 10 to 12 years, I had been afflicted with a malady known as 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1. Sold by Perkins Bros. W.

THERE'S A DIFFERENCE.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.

A NEW ANTI-PASS BILL.

Claude Hudspeth and J. G. Witherspoon Tuesday introduced an anti-free pass bill in the house. Its main provisions are as follows:

"No railroad, steamboat, street-car, bus or hack line shall issue any ticket, due bill, memorandum or give any sign or password that might enable any person not actually employed by them to ride upon without cash in advance at the regular rates. Provided, nothing in this act be construed so as to forbid members of the legislature riding upon cattle trains, but they shall ride upon or in car containing cattle. If they be allowed to remain in the caboose of said train for a period longer than one minute, it shall be a violation of this act.

"No railroad, steamboat, street car, bus or hack line shall allow the governor, lieutenant governor, justice of the supreme court and appellate courts, members of the railroad commission, members of both houses of the legislature and ministers of the gospel to ride upon the cow catcher, blind baggage, break beams, trucks, steps, nor upon the top or side of such company's property, for less than regular fare. Provided, that nothing in this act shall forbid members of either branch of the legislature when actually employed upon the company's business riding as outlined in this article.

"None of the above enumerated party or parties shall issue mileage books or any form of tickets in exchange for any advertising or editorial advice upon any question or questions pertaining to the management of their business to any newspaper publisher, editor, compositor, pressman, printer's devil, or any person who in the past might have been in any way connected with a printing establishment. Provided, nothing in this section shall prevent any publisher, editor, compositor, pressman, printer's devil, etc., riding upon a hand car when actually engaged at work upon a railroad section. Also this exemption shall apply to mem-

bers of the legislature between sessions of that body.

"Any person or persons violating any provision of this act shall, upon conviction be fined not less than \$500 or more than \$1000.

"That this act shall not apply to any cattle shipper when in the regular discharge of his duties in taking care of cattle when in transit to the market, or in any returning from the markets. Provided, he shall be required to present his prod pole to any one authorized to collect fare, which shall be 'prima facie' evidence that he is in good faith a cattle shipper and entitled to free transportation both to and from markets."

Lagrippe and Pneumonia.

Pneumonia often follows lagrippe but never follows the use of Foley's Honey and Tar. It cures lagrippe coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, of 157 Osgood St., Chicago, writes: "My wife had a severe case of lagrippe three years ago, and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Refuse substitutes. Sold by Perkins Bros.

TAYLOR'S TRIAL CONTINUED.

The Case Has Been Set For Monday. From Saturday's Daily: The attorney's of Chas. F. Taylor in Chicago, are leaving no stone unturned to prevent his return to Nacogdoches county to answer the charge pending in the district court of this county alleging swindling. The case was called before the Chicago courts last Tuesday and was continued until Friday. Yesterday the case was called again and was continued until Monday, February 20th, when it will come up for trial again.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

J. F. Cheney & Co., Toledo, O. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

For Sale.

Don't buy plow goods or Hardware till you see Cason.

IT WILL HURT TEXAS.

The Blanton Anti-Pass Bill as Seen by the Railroads.

Houston Chronicle. General Passenger Agent T. J. Anderson, of the Southern Pacific, has been keeping a pretty close eye on the operations of the Texas legislature from a distance, and it may be that he is a bit perturbed over pending legislation.

The anti-pass bill is not worrying him much, for he believes the roads can rock along even though they do not give passes. The only serious phase that he sees in this bill is that it will cut off the land agents, which would be a hard blow at the material development of unoccupied lands in this state.

The Blanton bill is looked upon as a much more serious measure and the colonel admits that the chances seem favorable for its passage, although he hopes the majority of the lawmakers will awake to the full seriousness of the issue before they cast their vote.

The Blanton bill seeks to force the railroads to redeem return portions of excursion tickets at one-half of what they cost.

"That would mean," says the colonel, "that on the homeseeker ticket now selling at \$15 for the round trip from St. Louis the railroads would be forced on demand to refund \$7.50 to the party who would not want to use the return portion. It would mean that on tickets that are being sold from Northern points at one fare plus \$2, the railroads would have to pay back one-half the cost of those tickets on the holder surrendering the unused return portion. This pretends to be an anti-scalper bill, but it would bring about exactly the reverse conditions; it would foster scalping if the railroads kept on giving those kind of rates. The ticket scalpers are strongly arrayed at Austin, and are supporting this measure to their utmost.

"It must be remembered that the Texas legislature can not make laws that will govern the action of railroads outside of the state, and it is the co-operation of these outside roads that make possible the giving of the low rates into Texas. The outside roads would quickly withdraw from the homeseekers business to Texas should that bill pass. They could not and would not participate in low rates into a state that made such unfavorable terms for the return portions of their tickets, and which would permit of endless manipulation.

"The result of this would be that homeseeker tickets into Texas would be that they could be effective to other states that did not hedge about such drastic and ruinous restrictions. Louisiana, the territories, Missouri, Kansas and other states that are bidding for homeseekers would get the low rates and Texas would be left in the cold.

"This is not idle talk or a gauzy theory," continued the colonel, "but it is cold, plain facts, which any sensible person can readily appreciate and fully comprehend."

Fraud Exposed

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for consumption, coughs and colds, and medicines, thereby defrauding the public. This is to warn you to beware of such people, who profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection to you, is our name on the wrapper. Look for it on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill., and Windsor, Canada. Sold by Stripling, Haselwood & Co.

Mrs. J. T. Goodwin, of Moscow, is visiting in the city. Mrs. Goodwin came up to attend her daughter, Mrs. Jim King, who is quite sick with grippe.

The law of supply and demand has certainly regulated the price of wood the past two weeks. The dealers having advance orders ahead for several weeks.

Strayed.

One roan pony mare, left ear "gotch," branded on left hip. Any information leading to recovery will be liberally rewarded.

R. W. HALTOM, Editor

THE tobacco question is of more than passing importance to the farmers of Nacogdoches county.

THE oil men of Indiana are making preparations to join the war to be waged against the Standard Oil Company.

PLACE Nacogdoches tobacco by the side of the imported article from Cuba and it would be hard for the expert to distinguish a difference, in appearance and aroma, if there is such a difference existing.

JUDGE TERRELL, the great election law advocate, says that his revised bill will pass the house by a good majority. It is out of the committee, and according to his statements, all members of the committee have agreed not to disagree when the bill comes up on the floor of the house.

THE District and County Attorneys' Association of Texas met in executive session at the capitol last Friday. This meeting was called for the purpose of considering pending legislation and taking steps to secure such amendments to the criminal laws as experience has shown to be necessary.

ANNOUNCEMENT was made Friday by R. R. Dancy, the financial agent of the Southern Cotton association, that the headquarters of President Peters will most probably be moved to Houston. This will bring the main offices of the association west of the Mississippi, resulting in a large advance to the cotton interests.

Dr. W. D. HUNTER, entomologist in charge of boll weevil experiments in Texas, has been in Washington for the past two months and is now making a tour of the State investigating progress at the various experimental stations in preparation for the coming season. Dr. Hunter's headquarters have been changed from Victoria to Dallas.

THE senate Friday passed finally, by unanimous vote, the bill authorizing the Texas and New Orleans Railroad company to sell its Dallas-Sabine division. It is thought that no serious opposition will be met with in the house and that the bill will be enacted into law. In this connection, the report is now current that the Frisco interests will be the purchasers of the road in question. It would give that system a direct line from Dallas to the Port of Sabine.

SENATOR GRIGGS has introduced an arbitration bill in the senate known as the senate bill No. 209. The bill provides that the members shall receive \$5.00 per day when serving as a board of arbitration. The governor to appoint two members and these two to appoint the third member; the board to select one of its members for recording clerk and he shall receive a salary of \$1800 per year and necessary traveling expenses, \$7,700.

STAND ON THE PLATFORM.

The editor of the Beaumont Journal has discovered (?) what he evidently believes to be a violation of party principles in a recent paragraph which appeared in The Sentinel, but the Journal well knows that there is no party platform which demands freak legislation. Take the anti-pass plank in the platform of last year—it was intended that that should apply to members of the legislature, judges, etc., in fact to all members of law governing bodies. The framers of the freak bills that have been introduced have more than covered the 9th plank of the last democratic state platform; they have introduced measures, which if enacted into laws, would retard the growth and prosperity of the great state of Texas, and make the 29th legislature the laughing stock of the world.

Right at this particular time the eyes of the nation are turned toward Texas; homeseekers are coming southward on every train. How was this great movement to the South inaugurated? Members of the Texas Real Estate Association working with the Texas railroads, have sent agents to the North, East and West to tell the thrifty farmers of the greatness of our country; the railroads have furnished transportation to the representative real estate men that they may take charge of the new comer and take him to the various localities and show him what there is in Texas. Without these little courtesies from the railroads how many land agents would care to dig down in their pocket and produce the price of car fare, in addition to the incidental expenses incurred in taking visitors around the country? The Sentinel is of the opinion that very few would care make the investment.

In this age of "get-up-and-go" it requires every section, bidding for public favor, to send agents to all points to tell the homeseeker what the new country has in the way of inducements; the railroads recognize this fact and to further the cause along, tender to the land agents and others interested in developing the country along the respective lines of road, transportation.

A man with a wooden head and sand stone eyes, can read between the lines of the anti-pass bill as introduced in the senate.

The Sentinel desires every member of the legislature to stand pat on the democratic platform; pass a sensible anti-pass law, but does not desire that a measure be passed that will retard the growth and prosperity of Texas, and the makers of the democratic platform did not, nor do not, desire such legislation.

LAST Sunday Tyler had a \$200,000 fire. Among the losses appears that of the Southern Printing Company, publishers of the Democrat-Reporter, and Baptist Sword and Shield. The loss is estimated at \$25,000, insurance

THE big brewers of the North want Texas rice.

RUSSIA is on the verge of a sure enough revolution.

It's no boom we have in Nacogdoches, but just a natural growth.

FIVE hundred bills, it is claimed, have been introduced in the Texas legislature.

THE golly man, like a brass watch, will show what he's made of in course of time.

WE are truly thankful that Nacogdoches is not the only county that has bad roads.

THE Standard Oil company struck a snag when it got to monkeying with the Kansas oil proposition.

A WAVE of prosperity is over Texas and Nacogdoches appears to be receiving her prorate of the good things.

You Run No Risk.

The Tyler Commercial College will teach anyone with an ordinary common school education who will do good average work to write legibly 150 words of short hand (unfamiliar matter) to the minute in three months or make no charge for the course. They will make anyone a present of a scholarship who will find any other school using any other system of shorthand that will do this. Any one not satisfied at the completion of the course that the Byrne Shorthand is what they claim for it can get every cent of his tuition back by presenting them with a written statement to that effect.

Their systems of bookkeeping, shorthand, typewriting and telegraphy are thorough and practical, all being taught on the actual business plan of "Learn to do by doing." These excellent systems have made Tyler Commercial College the most famous commercial school of the entire South, and one of the largest in the U. S. More than 200 new enrollments have been made during the past two months. Among the recent enrollments are students from Texas, Indian Ter., Okla. Ter., La., Ark., Miss., Mo., Kansas, Ill., My., and New York. This school is rapidly gaining a national reputation; its graduates are now found in the leading positions of almost every city in the U. S. They have one of the most extensive Employment Agency Bureaus connected with their schools ever connected with a Commercial College.

This school is doing a great work for our young men and women; it not only gives them a thorough practical training that places them in demand in the business world, but assists them in securing a position and starting on the road to success.

Should you feel interested in attending a commercial school, we suggest that you write to the Tyler Commercial College of Tyler, Texas, for their free catalogue which gives full and interesting particulars regarding their work and the many young people they have started on the road to success.

NEW OFFICER APPOINTED.

County Commissioners Court Appoint a Superintendent of Public Instruction.

The schools of Nacogdoches county, after May 8, 1905, will be under the supervision of a Superintendent of Public Instruction. Monday the commissions court decided to relieve the county judge of the duties of looking after the public schools and to create the office of county superintendent of public instruction. The matter of selecting a suitable man to fill the place was quite a problem for the commissioners. When it comes to checking up the treasurers' report, looking into the working of the poor farm, auditing accounts, locating new roads and building bridges the court has no fears but what they always do the right thing and at the right time. The appointment of the superintendent from the large number of good men in the county who are eligible had the court guessing for a while. Yesterday afternoon the court appointed Prof. J. A. Spear as superintendent of public instruction to take effect on May 8, 1905.

The Sentinel believes that the court made a wise selection, and that much good will be accomplished under Prof. Spear's administration as county superintendent.

DIVERSIFICATION AT CUSHING.

The Farmers Near That Thriving Little Town Enthusiastic.

There can be no mistake about the people in the western part of Nacogdoches county being progressive and especially is this true of the citizens of Cushing and the farmers of that vicinity. The merchants of that town are preaching diversification to their customers, and employing them to cut loose from raising so much cotton.

The Cushing Enterprise has been instrumental, to a great degree, in educating its readers along the lines of diversification. G. W. Carter, editor of the Enterprise, was in the city yesterday afternoon and in conversation with a reporter stated that the farmers in the vicinity of Cushing

in sufficient quantities to ship in car lots; Irish potatoes would be extensively planted, and that a goodly number had agreed to engage in tobacco culture under government supervision. He proposes to plant a few acres as an experiment—just to see what can be made per acre on tobacco under ordinary conditions. Mr. Henry Wineborg, the government tobacco expert, was in Cushing yesterday and the day before and Mr. Carter says that quite a lot of desirable land was found that would produce a fine quality of filler tobacco. He stated that Mr. Wineborg was favorably pleased with the country, and that the merchants and farmers were impressed with the idea of putting in small patches of two acres in tobacco.

Couldn't Read Small Print.

Tom Marshall, Kentucky's famous wit, attended a phrenologist lecture one night. Marshall had been drinking and when he returned to his hotel after the lecture he drank more. The drink gave him belief in his phrenological powers and he declared he could "read" heads as well as the lecturer. So it was decided to test his skill upon some of the guests of the hotel.

Both men and women assembled in the parlor and Marshall, who knew most of them, furnished an hour's uproarious fun by hitting off their failings. When he had finished an empty-headed dandy, whose head had not been examined, loudly and pompously called attention to the fact that Marshall had neglected him. "I beg your pardon, sir," said Marshall, "but you must really excuse me. I am too drunk to read small print by candle light."

Cason will trade you a stalk cutter, cultivator, wagon, buggy or Buck stove for that mule.

Rose Lake trees grow.

We meet any Chicago houses prices on buggies. You see what you are buying here. D. K. Cason.

VISITORS WERE NUMEROUS.

One Hundred and Ninety-Four Visited Cigar Factory.

Mr. L. P. DeMouche had the pleasure of receiving 194 visitors at the Nacogdoches Cigar Factory yesterday, and each and every one expressed great surprise that such a factory was a real Nacogdoches enterprise. Many of the visitors were traveling men and they expected to find the factory in a dirty little hole in the wall with a lot of second-hand furniture and equipment. What they did find, however, was a factory right "down-to-now"—everything new and modern and a factory that is a model of neatness. All were presented with a Nacogdoches cigar, with the compliments of the factory, and it is safe to say that there were last night just 194 walking advertisements for the Nacogdoches Cigar Factory.

The factory will open for business with a pay roll of about \$1000 per month. The bulk of this will be spent with the merchants here, hence the merchants will show their appreciation by pushing the Nacogdoches goods and thereby create a demand, this will necessitate the employment of more cigar makers which will put more money in circulation.

WISE AND OTHERWISE.

The best dressed men in Nacogdoches don't always receive the largest salaries.

To judge from appearances of some forty dollar clerks, one would be led to believe they had Rockefeller skinned a city block on an income.

You can't always convert a fool into a wise man.

"Just charge it to the old man," has been the downfall of scores of young men.

YOKUM has shipped four carloads of eggs to New York during the past four weeks.

Eagle, Avery and Brown stalk cutters. We sell them. D. K. Caton.

AN UNUSUAL SUIT

AGAINST THE SOUTHERN PACIFIC.

Child Asks Damages Twenty Years After Father Met Death.

San Antonio, Tex., Feb. 20.—A somewhat novel damage suit was filed Saturday evening in the Thirty-seventh district court against the Galveston, Harrisburg & San Antonio railroad company. The plaintiff in the suit is Alberta Miles, a femme sole, who sues for \$20,000 damages for the death of her father, who according to the allegations, was killed by the defendant company's train at Spofford Junction on or about the 12th of October, 1882.

The plaintiff alleges that she is a posthumous child, having been born five months after the death of her father, Albert F. Miles. At the time of his death deceased was a brakeman, and while engaged in uncoupling cars at Spofford tripped and fell and was instantly killed by the moving train.

The plaintiff also alleges that she is now 21 years old and is a hopeless cripple and had her father lived would have received support, aid and education from him. In her petition she further says that she is informed and believes that Mary E. Miles, wife of Albert F. Miles, W. A. Miles and Mary Miles have long since settled with the company, but in order to admit any equities that may exist, she makes them parties defendant and asks that they also be awarded damages in the sum of \$10,000.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins Bros.

Withdrawal Notice.

In withdrawing from the drug firm of Perkins Bros. I earnestly thank the many customers and friends of the old firm for the many favors shown us in the past twenty-six years.

I believe the new firm of Perkins, Klease & Mast will be as well or better prepared to serve you, and I trust you will give them your business. With thanks, I am yours truly,
Chas. Perkins.

Feb. 6th, 1905.

Lost.

Hound puppy, about 6 months old, mostly white, brown or tan spots, on head and body, and small spot in top of head. Large tail inclined to be bushy. Suitable reward for information.
d3wtl Neil Ingraham.

COUNTY SUPERINTENDENT.

The Commissioners Court Yesterday Created that Office.

From Tuesday's Daily: For quite a while the leading teachers, principals and superintendents of schools have been discussing the matter of the Commissioners Court creating the office of county superintendent of public instruction, and it was their opinion that the educational interests of the county required the same. The matter was placed before the court at its last session and after investigating the needs of the county decided to act favorably on the various petitions favoring the question. Yesterday the court took a vote on the question and made the announcement that the office of county superintendent had been created.

Mrs. Hildegard Robinson, wife of J. Robinson, died at her home in Lufkin last Saturday evening, Feb. 18th, at 6:15 o'clock. Her remains were brought to this city for interment yesterday. Mrs. Robinson has for several months past suffered with lung trouble which finally caused her death. She was a sister of Mrs. Joe Reindl of this city and those who attended the marriage of Mr. and Mrs. Reindl, a few years ago, will remember her sister who stood as bridesmaid on that occasion; this was the much loved sister who was buried here yesterday. Mrs. Robinson was married to Mr. J. Robinson of Lufkin, about 3 years ago. She was only twenty years old at her death. She leaves one little son eighteen months old. The funeral took place at 3 o'clock yesterday afternoon, at the city cemetery of this city. The Sentinel extends its deepest sympathy to the bereaved husband and relatives.

A Menace to Health.

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. For sale by Perkins Bros.

Money For Lands.

If you have anything to sell in the way of real estate, farm lands, improved or unimproved or city property of any description, located anywhere, see us and we will get you money for it.

Must Pay the Doctor.

At a recent meeting of the physicians of Nacogdoches, the following resolutions were adopted by a unanimous vote: 1st. Every physician that signs this agreement shall furnish to every other physician that signs it, on the first of March 1905, and the first of January each year hereafter a complete list of all those, regardless of social or financial standing, that have failed to pay or secure him for his services since January 1st, 1904, and each physician shall keep a complete alphabetically ar-

ranged list of all such names made up from the reports furnished him by other physicians.

2nd. That no physician that signs this agreement will go to see or render in any way a professional service to any who is listed by himself or another physician who has signed this agreement, as not paying his doctors bills for any year since Jan. 1st, 1904, unless the applicant pays the cash in advance, gives good security or shows a clear receipt from the physician or physicians that have reported him as in arrears.

3rd. That it shall be the duty of each physician who signs this agreement to report immediately to every other physician that has signed it the name of every one that has been reported as in arrears and has paid his bill and put himself in good standing, and then each physician shall be at liberty to go to see such persons if he desires.

Signed,

- F R Tucker, M. D.
- A A Nelson, M. D.
- A B Smith, M. D.

- J E Mayfield, M. D.
- E D Williams, M. D.

Talk More Tobacco.

There is a most important moment at hand for the farmers, and for the whole country—an opportunity that seems to be overlooked. The whole thing hinges upon growing tobacco, and to begin right now. Why? First, because it will pay better than any other crop. Second, because the government experts are here to give instructions free. Third, if we start now in the right way we not only gain time but we can induce that big Florida company, the greatest in the country, to operate a big plant here and place a warehouse here, a most important enterprise, which otherwise might go to Palestine or Crockett where the farmers are rushing tobacco culture—while we are asleep. Wake up! and wake others up, before we miss this chance, the greatest of all. We must secure fifty acres more or lose out. Report to Mr. Hinson at the tobacco warehouse near The Sentinel office.

INSPECTED THE FARM.

Judge Berger and Commissioners Visit the Poor Farm.

Yesterday the commissioners court took a recess and made a trip out to the county poor farm. They report the roads leading to the farm in a most terrible condition, but that they found that the superintendent of the farm, J. M. Wisener, has everything out there in fine shape. In fact they give the report of the superintendent their O. K. The county paupers have a home and at the same time help in a way to earn what they eat and wear. Heretofore the paupers would draw their pension and the county got nothing. Now the pauper has to work for a living or go to the poor farm.

You get the best plows at reasonable prices at Cason's.

FINANCIAL REPORT.

In the matter of the County Finances in the hand of John N. Gilbert, Treasurer of Nacogdoches County.

Commissioners Court, Nacogdoches County, February Term 1905.

We, the undersigned as county commissioners, within and for Nacogdoches county, and Robert Berger, county judge of said Nacogdoches county, consisting the commissioners court of said county and each of us do hereby certify that on this, the 18th day of February, 1905, at a quarterly term of our said court. We have compared and examined the quarterly report of the said John N. Gilbert, Treasurer of Nacogdoches county, ending the 13th day of February, 1905, and finding the same correct, have caused an order to be entered upon the minutes of the commissioners court of said Nacogdoches county stating the approval of said treasurer's report, by our said court, which order recites separately the amount received and paid out of each fund by said county treasurer since Nov. 29th 1904, and for and during the time covered by his present report and the balance of each fund remaining in said treasurer's hand on Feb. 13th 1905, and have ordered the proper credits to be made in the accounts of said county treasurer in accordance with said order as required by Article 867, Chapt. I, Title 25 of the Revised Statutes as amended by an act of the 25th legislature of Texas, at its regular session approved March 20th, 1897.

And we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash in the hands of the said treasurer belonging to Nacogdoches county at the close of the examination of said treasurer's report and find the condition of the different county funds to be as follows:

JURY FUND.	
Amount on hand	\$ 201.53
ROAD AND BRIDGE FUND.	
Amount on hand	6,642.61
GENERAL FUND.	
Amount on hand	8,037.42
PERMANENT COUNTY SCHOOL FUND.	
Amount on hand	2,691.16
Amount of permanent county school fund invested in interest-bearing bonds	27,900.00
ROAD AND PRECINCT FUND.	
Amount on hand	309.59
AVAILABLE SCHOOL FUND.	
Amount on hand	5,566.86

Witness our hands officially this Feb. 21st 1905.

The President Will Give Aid.
Washington, Feb. 20.—President Roosevelt today received the committee appointed by the Southern Cotton convention at New Orleans for the creation of a commission to extend to foreign markets for cotton products.
The delegation consisted of about a dozen members, headed by former Senator McLaurin of South Carolina. The committee urged immediate steps looking to congressional action, for this purpose on behalf of cotton interests.
The president discussed the question with the delegation and stated that he would take it up with men who represent the cotton belt in congress. He asserted to the committee that he would do all he could to facilitate the movement.
Senator McLaurin introduced the committee and then submitted the address of the committee. The committee later conferred with Secretary of Agriculture Wilson.

AFTER THE OIL TRUST.

President has Given Instructions to the Commission. Washington, Feb. 17.—President Roosevelt has directed James R. Garfield, commissioner of corporations of the department of commerce and labor, to begin at once the investigation of the oil industry ordered by the house unanimously. The investigation, by direction, will be rigid and comprehensive.

The president has directed a letter to Commissioner Garfield in which he has given his directions and presented the outline of his views. The inquiry will be pressed as rapidly as possible. The scope of investigation and the time it will occupy cannot be indicated at this time.

Representative Campbell of Kansas, the author of the resolution adopted by the house, had a conference with the president today. Mr. Campbell's idea is that the investigation should concern particularly the situation in the Kansas field, but he expressed to the president the belief that the inquiry once begun would extend to the operations of the Standard Oil company in the Beaumont fields of Texas and perhaps to other fields.

Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. L. A. Soper, of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the commendation that can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course she only takes it now when anything disagrees with her." Sold by Perkins Bros.

Mrs. J. Suter, of Galveston, has rented the entire upper portion of the new Hardeman brick building on Main street, and will open an apartment house as soon as necessary arrangements can be made. Mr. Hardeman will add eight new rooms to the rear of his building at once, which Mrs. Suter will also occupy. This will be a great advantage to our little city and we wish Mrs. Suter every success in her undertaking. She has for some time past been engaged in this work and thoroughly understands her business.

Sick Headache.

This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be warded off, or greatly lessened in severity, by taking a dose of these Tablets as soon as the first symptoms of an attack appears. Sold by Perkins Brothers.

Bankers Opinion.

W. H. Rivers, president of the Texas Bankers Association in an address at New Orleans, said:

"There is no use denying the fact that the banker in his respective community, is, or should be, the industrial safety valve to that community, and when he expresses himself on financial matters, the most illiterate and most learned stop to listen, as the bankers of the United States are considered its financiers, and rightfully so. When we want to know law, we go to the lawyer; when we want to know medicine, we go to the doctor, and the world is fast finding out, when they want to learn finances, they must go to the financier.

"In my opinion, we should pass a resolution expressing in the strongest terms that we believe the only remedy, and a safe remedy, is to reduce the acreage of cotton from 25 to 33 1-3 per cent. If this is done, the crop would bring more money than a full crop of cotton. Plant this 33 1-3 per cent in corn and cane, hay, potatoes, etc.; raise some hogs; let the farmer have his smokehouse and corncrib on his own farm; fatten a few bees and hogs with this surplus of corn and hay; let his cotton crop be his surplus crop; send his children to school in place of keeping them at home all fall and winter picking 5-cent cotton. Diversification is the only road to prosperity for the farmer of the South."

Startling but True.

People the world over were horrified on learning of the Chicago theatre in which nearly 600 people lost their lives, yet more than five times this number or over 3,080 people died from pneumonia in Chicago during the same year with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much can not be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York. Sold by Perkins Bros.

Wanted.

A good renter. Apply to V. P. Price, Melrose, Texas.

Mrs. Oglesby Dead.

From Friday's Daily: Mr. E. Hauser received a telegram from G. W. Rankin this morning stating that Mrs. Oglesby died yesterday afternoon at 3 o'clock, and that the funeral would take place this afternoon (Friday). Mrs. E. Hauser and Mrs. Maud Geary of this city, were called several days ago to Brenham on account of the serious illness of their mother, and were in attendance when death came. The Sentinel extends its sincere sympathy to the bereaved family in this their sad hour of affliction.

A LASTING EFFECT.

This Evidence Should Prove Every Claim Made For Doan's Kidney Pills.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer; but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it:

Judge James Moreland, of 1018 West Woodard street, Denison, Texas, says: "Any one who is annoyed with disorders of the kidney secretions, particularly frequent or irregular passage can depend upon it his kidneys are either weakened or over-excited. When this condition fails to respond to the use of ordinary medicines of a diuretic nature or those which act directly on the kidneys, he can be certain that it is high time to at least check the cause or graver results will ensue. Some time ago my kidneys and the renal ure were in such a state that I selected Doan's Kidney Pills, after reading considerably about the claims made for them. One box produced such marked results that I bought a second and a third. The continued treatment brought such results that I unhesitatingly recommended the remedy to my friends and fellow citizens. When a medicine acts just as represented, it should be made known to every one so that they may know how and when to use it."

For sale at Perkins Bros.

The Nacogdoches Cigar Factory is well under headway. Great packages of tobacco, neatly selected, are already in the building. The tobacco is being well washed and drained by Mr. DeMouche himself. The work will begin in earnest next Monday morning. The house formerly occupied by The Sentinel has been newly painted, and nicely cleaned, making everything look bright and new. Carpenters are hard at work getting ready draining shelves and closets in which to store tobacco to keep it free from dirt and dust. Mr. DeMouche shows plainly that he thoroughly understands his business and is very much in earnest. We wish this new enterprise and its earnest manager, the best success possible.

Grave Trouble Foreseen.

It needs but little foresight to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Stripling, Haselwood & Co., druggist, at 50c a bottle.

WANTED—You to learn telegraphy for railroad service under an old operator with years experience. Notes accepted for tuition. Positions guaranteed. Free catalog. McKinney Telegraph College, McKinney, Texas.

JUDGMENT FOR MILLION.

It Involves Thousands of Acres of Brazoria County Land.

Anstin, Texas, Feb. 15.—Special Judge W. T. Williams disposed of considerable business in the district court yesterday. Forty-one cases were dismissed for lack of prosecution and other causes, and nine judgments taken, the most important being the suit of the American Loan and Trust company vs. Horatio G. Custis et al. The plaintiff was given judgment for \$1,000,000, with interest thereon at 6 per cent from April 1, 1903, to date.

This debt was secured by several thousand acres of Brazoria county land, which are ordered to be sold by the sheriff. The sheriff is directed to apply the proceeds as follows:

- (a) To the payment of the court costs; (b) to the payment of trustees and counsel fees, expenses of trustee fixed at \$250 and counsel fees at \$3000, and to the payment of \$1295 to the intervenor, Eugene J. Wilson, as part of the cost incurred by the trustee in preservation of the property; (c) to the trustee for the benefit of the holders of the bonds described in plaintiff's petition pro rata, and share and share alike, and (d) the balance, if any, to be paid to the defendants.

Many Good—One Best.

"So many oils and liniments are advertised it is hard to decide which to buy. I tried a number before using Hunt's Lightning Oil. After using it once, however, I realized I had found the best there was, and it was useless to look further. If it fails it's 'all off.' No other liniment will hit the spot if Hunt's Lightning Oil fails."—C.G. Young, Okeene, O. T.

Nacogdoches Represented.

H. Kaplan, a prominent merchant of Nacogdoches, was in our city Monday and Tuesday.

E. A. Blount, of Nacogdoches, was here Monday and Tuesday to bid on the Belk & McCrary bankrupt stock.

T. J. Williams, of Nacogdoches, was here Monday and Tuesday to bid on the bankrupt stock of Belk & McCrary.

J. N. Thomas, of Nacogdoches, was in our city Monday and Tuesday to bid on the Belk & McCrary bankrupt stock.

J. C. Barnes and J. B. Walker, of Nacogdoches, were in our city Monday and Tuesday to bid on the Belk & McCrary bankrupt stock.

The bankrupt stock of Belk & McCrary was sold to the highest bidder in this city Monday evening by W. W. Perry, trustee. It was bought by E. A. Blount, of Nacogdoches, at 65 1-4 per cent. Mr. Blount turned the stock over to Messrs. Belk & McCrary who are disposing of it by retail at the old stand. Except the above nothing definite is known by the writer.—Cushing Enterprise.

Short Hair

THURSDAY'S LOCALS.

Clifton Wilson, of Chireno, is in the city.

John Perkins left today for Henderson. John will soon return to make this his home.

Mace Graham, of Etoile, is in the city on business.

Mr. and Mrs. Eaves are the proud possessors of a new son this morning, who made his arrival last night.

Dr. Richardson, J. F. Gaston, Z. T. Mast and C. B. Patton, of Melrose, are in the city.

A new baby girl came to brighten the home of Mr. and Mrs. Claude Chadwick last night.

Dr. John Reagan, of Clawson, who has been in the city a few days, returned to his home this afternoon.

John Hardeman, of Henderson, is in the city.

Albert and Will Martin and W. P. Page, of Etoile, are in the city shopping.

Rev. C. A. Tower, of Timpson, is in the city, and held quartely conference at the M. E. Church South last night.

Misses Park, of Fairview, spent yesterday in the city attending the big sale at Seale & Donegan's.

FRIDAY'S LOCALS.

Mrs. Parlee Gray, of Jean's mill, spent yesterday in the city shopping.

Judge N. B. Hampton, of Columbus, S. C., is in the city on a visit to his sons, Messrs. Hampton, who have a large timber camp a few miles east of town.

Prot. Tillery and wife, of Appleby, spent yesterday in the city.

Mrs. Ella Swift and daughter, Miss Norma, of Melrose, spent yesterday in the city.

Yesterday morning about 11 o'clock, Mrs. J. C. Scarborough, living over at the foot of Virginia Avenue, died suddenly of heart failure. Mrs. Scarborough had been sick for several days, but not sick enough to be confined to her bed. She was the daughter of W. M. Easley, a well known farmer living near this city. Mrs. Scarborough leaves a husband and three little children, with her mother and father to mourn her loss. The funeral will take place today at Lone Star cemetery. The Sentinel extends its sympathy to the bereaved.

J. E. Sory, of Ruston, La. is in the city prospecting with a view of locating here.

W. S. Patton took an overdose of laudanum last night which came near resulting fatally. Medical aid was summoned as soon as the error was discovered, and by hard work, on the part of the physicians Mr. Patton's life was saved.

SATURDAY'S LOCALS.

Arch Stalling, of Melrose, spent yesterday in the city.

Wiley Burnaman, of Etoile, is in the city.

Miss Summers, of Sacul, is in the city shopping. Miss Summers is one of Sacul's school teachers.

J. Y. Reeves had his wrist badly cut in one of the fans at the Hayward mill yesterday. Had medical aid not reached him at once he would have bled to death in a short while.

T. K. Barrett, of Henderson, was a pleasant caller at The Sentinel office today.

H. V. Sitton, of Looneyville, is in the city today shopping.

You will be delighted to meet Miss Fay at Mayer & Schmidt's.

Mrs. R. W. Murphy left this afternoon for Linn Flat, on a visit to her parents, Mr. and Mrs. F. S. Weatherly.

Mrs. M. J. Dooley returned today from Fort Worth, where she has been visiting for the past week or two. She was called home to attend her son Joe, who had the misfortune to break his leg a few days ago while playing ball at school.

Mrs. Cloud, mother of Mrs. J. W. Bird, of this city, died yesterday afternoon about 4 o'clock at the home of her daughter, Mrs. Bird on North street. Mrs. Lester, daughter of Mrs. Cloud, will arrive today on the noon train, to be present at the funeral, which will take place this afternoon at 3 o'clock, at North Church cemetery. The Sentinel extends its sympathy to the bereaved ones.

Hearing in Kirby Case. Austin, Texas, Feb. 15.—In the district court this morning Judge Caihoun set aside the state's motion for a continuance in the cases against District Attorney Moore and John H. Kirby, and set the cases for Feb. 24.

The regular jury for the term will sit in the cases, and County Attorney Brady will represent the state.

This action was requested by the defendants in the case, who are asking for an immediate trial in order to secure the vindication they anticipate, and for the purpose of exposing the animus of those they claim to be responsible for the indictment. — Houston Chronicle.

Are You Restless at Night. And harrassed by a bad cough? Use Ballard's Horehound Syrup, it will secure you sound sleep and effect a prompt and radical cure. Sold by Perkins Bros. Ca son will trade for the mule if you see him quick.

Geo. W. Nettles, one of the Sentinel's substantial friends, of Linn Flat, was here this morning and paid this office a call.

Miss Clara Wood spent Saturday and Sunday with the home folks at Nacogdoches.—Cushing Enterprise.

Joe Fuller, of Attoyac, is in the city.

Jessie Bruton, of Douglas, is in the city.

Croup
Begins with the symtoms of a common cold; there is chilliness, sneezing sore throat, hot skin, quick pulse, horsness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat. Mrs. A. Vliet, New Castle, Colo., writes March 19, 1902: I think Ballard's Horehound Syrup is a wonderful remedy, and so pleasant to take. Sold by Perkins Bros.

J. W. Ireson's Home Burned. From Thursday's Daily:

Mr. A. B. Ireson received a telegram this morning from his son, J. W. Ireson, who recently moved to Terrell from this city, stating that he and his family narrowly escaped death, by fire, last night. The house he was occupying and all the contents were destroyed. We are sorry to hear of Wallace's bad luck. This is a bad time to be deprived of the comforts of home, and just after the necessary expense of moving, to lose his furniture and clothing by fire, is indeed hard luck. If sympathy, regret and good wishes could replace the loss sustained, Wallace's friends in this city would soon have him comfortably fixed again.

Rest and Sleep.
Few escape those miseries of winter—a bad cold, a distressing cough. Many remedies are recommended, but the one quickest and best of all is Simmon's Cough Syrup. Soothing and healing to the lungs and bronchial passages, it stops the cough at once and gives you welcome rest and peaceful sleep.

Widows' and Orphans' Home. Fort. Worth, Tex. 16.—Chairman A. A. Abey of the committee to receive bids for the Widows' and Orphans' Home of the Knights of Pythias of Texas announces that propositions have been received from Weatherford, Temple, Belton, Palestine, Comanche, Dublin, Fort Worth, Corpus Christi and Brenham.

The committee will soon visit the different towns bidding for the location and will select the most desirable point to be recommended at the grand lodge meeting at Mineral Wells, April 20th.

It Quenches the Fires. "Your Hunt's Cure" is beyond doubt the most remarkable remedy for skin diseases ever formulated. For eight years I suffered almost constantly from an itching trouble the doctors called eczema. My skin was on fire, but less than one box of Hunt's cure quenched that fire. Many of my friends have since used it on my recommendation, and it never fails. Where there's an itch rub it on. It does the work—that's all."—Mrs. Helen Whitmore, Clarendon, Ark.

The Best Physic. When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by Perkins Bros.

GATES IS A BULL.
Will Go to Buying Cotton With Brown.

New Orleans, Feb. 16.—John W. Gates, the noted plunger, is a cotton bull. He has gone into the big southern cotton pool to corral 2,000,000 bales. Mr. Gates arrived today on his private car en route to Mexico. He visited the cotton exchange and held a prolonged conference with W. P. Brown, the cotton bull operator. Mr. Gates expressed himself as being a bull on the cotton market for a long turn, and it is said that he is interested in the cotton pool of which W. P. Brown is the president and manager, formed by the Southern Cotton Association.

Mr. Gates took a close interest in the proceedings of the local ring while he was on the 'change. Mr. Gates does not have time to take an interest in anything in which he does not "see something doing." He expressed himself as a bull, not only on the cotton market, but upon every other kind of southern investment of the substantial kind. He was willing to "bet a million" that cotton will advance. Of late Gates has been training with the Standard Oil crowd exclusively.

Health
Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." 50c. Sold by Perkins Bros.

Beat the Bull Weevil. Only growing some cotton. O grow I can growings one Weevil from the cotton. Trade the wills to Co. for a Prize. Write for full Cutler or Cullinary's.

Plate Glass Front. It is understood that Lindsey & Harris have let the contract for the erection of a brick business house with plate glass front on the Huntley property on East Main street. This will only leave two vacant lots in the district that was burned several years ago.

The lot of Hal Tucker, on the corner of Church and Main and the Sol Kaplan lot near the center of the block are the only vacant lots on the street.

Test Its Value. Simmon's Liver Purifier is most valuable remedy ever tried for constipation and disordered liver. It does its work thoroughly, but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs. — M. T. Thompkin, Oswego, Kan. Price 25c.

Health of American Women

A Subject Much Discussed at Women's Club
The Future of a Country Depends on Health of Its Women.

At the New York State Assembly of Mothers, a prominent New York doctor told the 500 women present that healthy American women were so rare as to be almost extinct.

This seems to be a sweeping statement of the condition of American women. Yet how many do you know who are perfectly well and do not have some trouble arising from a derangement of the female organism which manifests itself in headaches, backaches, nervousness, that bearing-down feeling, painful or irregular menstruation, leucorrhoea, displacement of the uterus, ovarian trouble, indigestion or sleeplessness? There is a tried and true remedy for all these ailments. Lydia E. Pinkham's Vegetable Compound has restored more American women to health than all other remedies in the world. It regulates, strengthens and cures diseases of the female organism as nothing else can. For thirty years it has been curing the worst forms of female complaints.

Such testimony as the following should be convincing:

Mrs. T. C. Willadsen, of Manning, Ia., writes:

Dear Mrs. Pinkham—

"I can truly say that you have saved my life and I cannot express my gratitude to you in words. For two years I spent lots of money in doctoring without any benefit for menstrual irregularities and I had given up all hopes of ever being well again, but I was persuaded to try Lydia E. Pinkham's Vegetable Compound and three bottles have restored me to perfect health. Had it not been for you I would have been in my grave to-day."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Miss Mattie Henry, Vice-President of Danville Art Club, 409 Green St., Danville, Va., writes:

Dear Mrs. Pinkham—"Many years suffering with female weakness, inflammation and a broken down system made me more anxious to die than to live, but Lydia E. Pinkham's Vegetable Compound has restored my health and I am so grateful for it that I want every suffering woman to know what Lydia E. Pinkham's Vegetable Compound will do for her."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency), general debility, indigestion; and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound at once removes such troubles. No other medicine in the world has received such unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine, for you need the best.

A light heart, a cheerful countenance, and all the charms of grace and beauty are dependent upon proper action of the bodily organs. You cannot look well unless you feel well.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

Plate Glass Front.
AFTER PISTOL-TOTERS.
New York Council Wants to Fine Them \$250 and Imprisonment.

New York, Feb. 16.—An ordinance has been adopted by the board of aldermen empowering the city magistrate to impose a fine of \$250 on persons found carrying concealed weapons. The former penalty was \$10 and had little effect. The efforts of the police are asked toward breaking up the practice. The new ordinance empowers city magistrates not only to impose the fine, but to commit the carrier of deadly weapons for six months. The ordinance gives the police a commissioner power to issue permits for carrying concealed weapons, as at present.

MONDAY'S LOCALS.

Mr. Weatherly of Frawick, is in the city.

A fine boy arrived at the home of Mr. and Mrs. J. A. Spears this morning about 9 o'clock.

The many friends of Jim Floyd are glad to know he is convalescent after a long and serious spell of typhoid fever.

A. H. Smith went to Crockett Saturday night on a business trip.

W. S. Bridwell is confined at home on account of illness.

G. W. Blackburn, Merton Blackburn, Lloyd Bowers, Jr. and Horace Wilson left Saturday with a train load of fine, fat cattle, which they took to market at Kansas City. There were fourteen cars loaded with these cattle.

L. W. King and family left last Friday for Beaumont to make their home. Mr. King moved his family to this city from Beaumont about a year ago. They did not leave here because they preferred to live elsewhere, but solely on account of business inducements.

Mr. and Mrs. King expressed sincere regrets that they must leave Nacogdoches, and so well did they like this little city and its people, they left their little son, Clyde, here to continue school. The Sentinel, with the many friends they won while here, express its sincere regrets in losing these worthy people.

Mr. Henry Wineborg, in charge of tobacco culture for this county by the government agricultural department went up to Cushing today to meet parties interested in the work.

Mrs. E. M. Weatherly and little folks, Howard and Mary, returned Saturday to their home in Garrison, after several days visit to Mrs. Weatherly's parents, Mr. and Mrs. T. H. Baker, of this city.

Miss Marie Hall, who is employed as teacher in the public school at Lufkin, spent Saturday and Sunday with her parents in this city.

W. M. Hinson, state agent for the government tobacco experiment was here Saturday and left yesterday for Palestine and Crockett, where the farmers have promised large acreage in tobacco. Shall we let them take it from us?

Mr. Wiley Burnaman returned this morning from Appleby, where he went to place his son in the school for training teachers.

TUESDAY'S LOCALS.

Henry Teutsch, of Chireno, is in the city on business.

Miss Mamie Tucker returned home yesterday after a pleasant visit to Appleby.

Miss Mand Jopling, of Garrison is visiting in the city.

Miss Alma Hall of Nacogdoches, who has been visiting the family of Bob Thomason, went to San Augustine this morning.—Center News.

Otis Jopling, of Garrison, spent yesterday in the city.

W. G. Harrington has just returned from Dallas where he has been to see his son, Mose, who is quite sick with appendicitis. He reports Mose doing as well as could be expected under the circumstances.

Mrs. Ellie Wilson is visiting relatives in Nacogdoches, Jacksonville and other places.—Center News.

August Teutsch, of Chireno, is in the city.

Robt. Metteauer, of Chireno, is in the city.

Robt. Teutsch, of Chireno, is in the city shopping.

Agonizing Burns

are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully, that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at Stripling, Haselwood & Co., druggist.

WEDNESDAY'S LOCALS.

Eli Morgan, of Melrose, spent yesterday in the city.

J. R. Lanier, of Appleby, was here yesterday on business.

The papers report Capt. Ben P. Blakes as postmaster at Sacul instead of Rev. S. F. Baucom who has resigned.

G. W. Carter, of Cushing, was in the city yesterday en route to Timpson. He called on the Nacogdoches Cigar factory and was surprised at the grand scale on which it was organized.

Rev. S. F. Baucom of Sacul, spent last night in the city, returning today. He reports a good deal of gripe with some to spare himself.

Henry Wineborg, the government tobacco expert, returned yesterday from Cushing where he spent several days investigating the soil near that place with a view of getting the farmers in that vicinity interested in the culture of tobacco. He met with good encouragement and it is safe to predict that the farmers there will plant quite a large acreage.

The new building now being erected by Lindsey & Harris on the Huntley lot will be completed by April 1st, and will be occupied by Stroud & Cox and the Casley studio.

Chamberlain's Cough Remedy the Mother's Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a favorite with people everywhere. It is especially prized by mothers of small children, for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by Perkins Brothers.

Candy Maker Badly Burned.

C. W. Williamson, conducting a candy kitchen at Lufkin was severely burned Monday afternoon at his place of business. While tilling a stove with gasoline without turning off the blaze, the gasoline exploded and before the flames were extinguished his hands were completely cooked, left side of face and head burned severely, and the hair on back of head singed off.

The Sunshine of Spring.

The salve that cures without a scar is DeWitt's Witch Hazel Salve. Cuts, burns, boils, bruises and piles disappear before the use of this salve as snow before the sunshine of spring. Miss H M Middleton, Thebes, Ill., says: "I was seriously afflicted with a fever sore that was very painful. Dewitt's Witch Hazel Salve cured me in less than a week." Get the genuine. Sold by Perkins Bros.

Truckers Notice.

Truckers: it is very necessary that you meet at the court house at 2 p. m., Saturday, Feb. 25th, 1905. It being a called session for the purpose of selecting delegates to Palestine and other matters of importance.

J. A. Pirtle, Pres.

HIS WIFE WOKE HIM UP.

Connecticut Man Nearly Choked to Death in Night.

No comment is needed on the following letter. It tells of tearful experiences that have fortunately been overcome.

"Dear Sirs:—

Often in the night my wife had to wake me up because I was almost choking to death with catarrh. I had one of the worst cases that was ever known, and skillful physicians said it was chronic.

Fortunately a friend told me of Hyomei, and I used this treatment faithfully, and today am free from catarrh. I used Hyomei perhaps five times a day and could soon see a great change. A complete outfit and an extra bottle cured me. I always carry a Hyomei inhaler in my pocket, so as to prevent any colds or slight catarrhal attacks that are common at this season of the year.

Yours Fraternally,
Thomas Fincham,
Putnam, Conn.

It is the easiest thing in the world to cure catarrh or catarrhal colds if you use Hyomei. Breathe its health giving, balsamic air for a few minutes, and your catarrhal trouble will soon be cured.

The complete outfit costs but one dollar, and consists of an inhaler that can be carried in the purse or vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a life-time, while extra bottles, if needed, can be obtained for 50 cents. In Nacogdoches there are scores of well known people who have been cured of catarrh by Hyomei. If it does not help you Stripling, Haselwood & Co., will return your money in accordance with the guarantee they give with every outfit. 21

Dissolution Notice.

The drug firm of Perkins Bros. has this day been dissolved by mutual consent. Chas. Perkins having sold his interest in the stock of drugs to M. R. Kleas, Hollis Mast and John H. Perkins, who, with W. U. Perkins will incorporate under the laws of Texas and continue the business under the firm name of Perkins, Kleas & Mast. All notes and accounts due the old firm of Perkins Bros., are still payable to us.

W. U. Perkins,
Chas. Perkins,

February 6th, 1905.

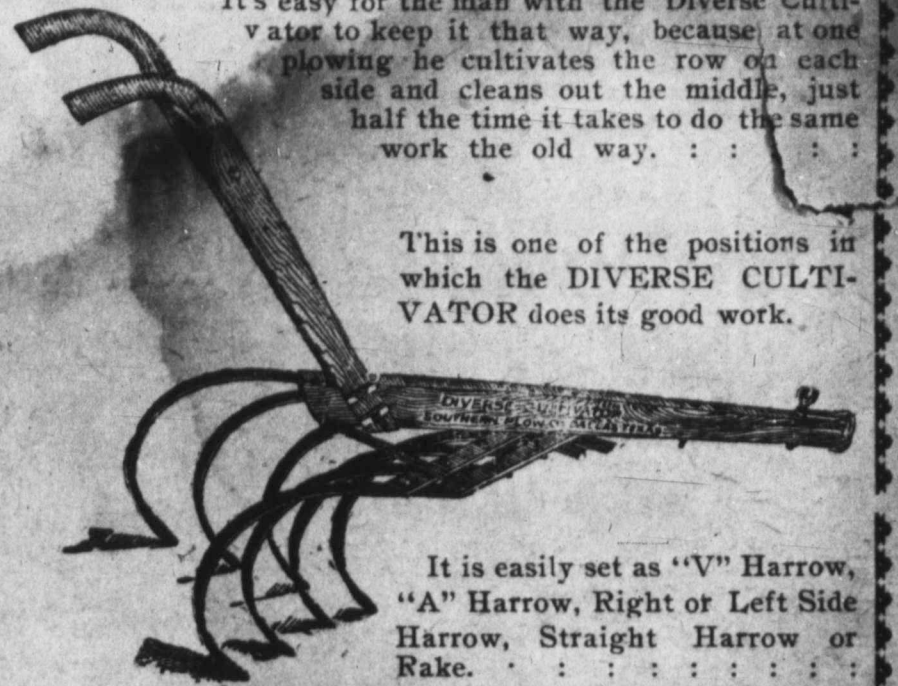

That Tickling in the Throat.

One minute after taking One Minute Cough Cure that tickling in the throat is gone. It acts in the throat—not the stomach. Harmless—good for children. A L Spofford, postmaster at Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. Three doses of One Minute Cough Cure half an hour a part speedily cured her. I cannot praise One Minute Cough Cure too much for what it has done in our family. It always gives relief." Sold by Perkins Bros.

We save you money on log wagons, farm wagons, buggies and farming implements.

D. K. Cason.

You can spot the crops where Diverse Cultivators are used as you ride past on the cars. They are free from grass, the earth is mellow and loose, and the plants healthy and strong. It's easy for the man with the Diverse Cultivator to keep it that way, because at one plowing he cultivates the row on each side and cleans out the middle, just half the time it takes to do the same work the old way. . . .

This is one of the positions in which the DIVERSE CULTIVATOR does its good work.

It is easily set as "V" Harrow, "A" Harrow, Right or Left Side Harrow, Straight Harrow or Rake. . . .

It thoroughly turns and pulverizes the earth its full width, up to 33 inches!

It does good work in rough new ground, the teeth are of best implement spring steel, and will trip over roots and stumps.

It is the best Orchard Cultivator in use.

It is the best Cultivator for potatoes and truck generally.

It is the best Cultivator for cotton and corn.

It is cheap in price, easy to use and will last for years.

See them at the store of your dealer or write to us about them.

You need them right now to prepare your land.

SOUTHERN PLOW CO., Dallas, Texas.

Big Sum Recovered.

Shreveport, La., Feb. 21.—Notes and securities to the amount of \$2,500, part of the fruits of the robbery of the general store of J. E. Grisom, of Boyce, some week or ten days ago, have been found near Derry station, in Natchitoches parish. They were in an old pocket book and were water soaked. It is believed they were thrown away by the thieves in their flight.

Deserved Popularity.

To cure constipation and liver troubles by gently moving the bowels and acting as a tonic to the liver, take Little Early Risers. These Famous Little Pills are mild, pleasant and harmless, but effective and sure. Their universal use for many years is a strong guarantee of their popularity and usefulness. Sold by Perkins Bros.

Cotton Growers' Meeting.

At the request of many cotton growers, I hereby call precinct and county meetings of all persons interested in the growth of cotton. I appoint Saturday, March the 4th as the day for holding precinct conventions, at which time delegates will be elected to attend a county convention of cotton growers to be held at Nacogdoches, March the 11th, 1905. Robt. Berger.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at Stripling, Haselwood & Co.'s drug store. Try them.

Petition in Bankruptcy.

A. Chambers, of Cushing, has filed a petition in bankruptcy in the Tyler Federal court. The petition sets forth that the liabilities are \$1,321.36 with no assets.

Cason sells more hog fence than anybody, because he sells the "American" fence. It is positively the best and the price is low.

Excursion Rates.

The H. E. & W. T. will sell round trip tickets to New Orleans on account of "Mardi Gras" March 1 to 6, at one fare for the round trip. Good for return March 11, 1905.

The T. & N. O. will sell round trip tickets to New Orleans on account of "Mardi Gras," March 1 to 6, at one fare for the round trip. Good for return March 11, 1905.

If you want to buy a mule or horse see Cason. 11

HOARSE COUGHS STUFFY COLDS

QUICKLY CURED BY

Foley's Honey and Tar

There is no case on record of a cold resulting in Pneumonia, or other serious lung trouble, after Foley's Honey and Tar had been taken.

It will cure the most obstinate racking cough, and heals and strengthens the lungs.

Foley's Honey and Tar has cured many cases of incipient Consumption and even in the last stages will always give comfort and relief.

Foley's Honey and Tar gives quick relief to Asthma sufferers, as it relieves the difficult breathing at once.

Remember the name—Foley's Honey and Tar—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation.

Contains no opiates.

Cured of Terrible Cough on Lung.

N. Jackson of Danville, Ill., writes: "My daughter had a severe attack of La Grippe and a terrible cough on her lungs. We tried a great many remedies without relief. She tried Foley's Honey and Tar, which cured her. She has never been troubled with a cough since."

Consumption Cured.

Foley & Co., Chicago. Dana, Ind. Gentlemen—Foley's Honey and Tar cured me of Consumption after I had suffered two years and was almost desperate. Three physicians failed to give me any relief and the last one said he could do me no good. I tried almost every medicine I heard tell of without benefit, until Foley's Honey and Tar was recommended to me. Its effect right from the start was magical. I improved steadily from the first dose and am now sound and well, and think Foley's Honey and Tar is a God-send to people with Throat and Lung Trouble. Yours very truly,
MRS. MARY AMBROSE.

Three sizes—25c, 50c, \$1.00. The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.
