Young man, get a business education. We have a complete scholarship in the Tyler Business College that we will trade for a gentle buggy horse.

Cards are out announcing the approaching marriage of Miss Maud Jopling to Mr. Augustus C. Irwin on Wednesday, June 14, at Garrison.

C. E. Farris of Jacksonville, Tex., is in the city visiting his sisters Mrs. J. E. Mayfield and Mrs. Dr. Reagan.

W. H. Johnson has been given a place in the office of the Nacogdoches Grocery Co. here and will remain in Nacogdoches. Louis Council will look after the company's interests in Timpson.

### STRUCK A GOOD WELL.

Williams Bros. of This City Have in Two Wells.

Only a short time ago Williams Bros. of this city saw in the Nacogdoches oil fields a good proposition and they were not slow in taking advantage of it. They sunk a well on their land, but with a number of misfortunes in breaking off pipe after it had gone down to a considerable depth. First one obstacle and then another would retard progress, until finally the hole was abandoned, and well No. 2 started.

Several misfortunes happened, but the last accident was the means of bringing in a flowing well of oil. The well was immediately capped and valves put in.

Well No. 3 was then started and the experience gained in drilling wells No. 1, and 2, proved to lessen the work and expense and it was brought in in a few days ago, and is said to be a dandy.

So many have been drilling in the past and making little or no progress, but very little attention has been given the Williams Bros.' wells which enabled them to conduct their operations almost in secret, and it was by accident that the facts are made public.

Messrs. Williams Bros have bought and hold warranty deeds to over a thousand acres of land which they have purchased within the past few days.

A Sentinel representative called on Mr. T. J. Williams this morning for an interview but that gentleman would not be interviewed. He said however, that Williams Bros. were satisfied with what they had; that with oil selling at ten cents a barrel they had a nice thing. No land in the field to which they have deeds is for sale.

Mr. Williams took pleasure in showing the reporter samples of the oil bearing sand and also pointing out on the map the location of the land which he and his brothers own. He said that they held no leases or options on land now; that the land they controlled was theirs by warranty deed.

The Williams wells are located 14 miles from Nacogdoches and are within about 200 yards of the right of way of the Nacogdoches & South-eastern railroad.

From people who have been out to the wells The Sentinel is informed that oil is oozing out from under the caps on the wells and they say that the wells from outside appearances may prove to be spouters.

This much can be said that will bear out the rumors about the products of the wells, and that is that negotiations are pending to put the products of these two wells on the market.

### THE CARNIVAL ON.

The Woodman to be Congratulated on Their Carnival.

The Whitney Greater shows are here under the auspices of Liberty Elm Camp W. O. W. and about everything advertised is here and just a whole lot better that it was advertised.

The shows are much better than the attractions of the Carnival of last fall and are all worth the small price of admission. It would be difficult to say which is the best, there is something that certainly should please and entertain every one at this big exhibition.

The Ferris wheel seemed to be doing a land office business last night with the small boys and girls, and some of the larger ones too. In fact many there was who liked to take a whirl through the clouds on the Ferris wheel two or three times, and if the small boy's change holds out he will ride the wheel to a finish.

This is in the good old summer time and there are not less than a dozen "wash holes" on the big creek, and the little chaps had a time keeping awake last night until 10:30 to watch the man make the high dive into a shallow tank of water, and it is safe to predict that some of the Nacogdoches boys will be trying to do a few stunts at high diving in their "wash holes."

Don't miss the Carnival it's worth the price, and you'll have so much fun that you will forget all your troubles.

Peterson-Hall.

Invitations are out announcing the approaching marriage of Miss Marie Hall, daughter of Mr. and Mrs. Richard A. Hall of Nacogdoches, Tex. and Prof. Harvey A. Peterson of this city. The wedding will take place Monday, May 29, at 10 o'clock at the home of the bride's parents. Miss Hall is a great-granddaughter of Gen. William Hall, Governor of Tennessee in 1829. She has many friends here, especially in college circles. Prof. Peterson is a native of St. Louis, educated at the University of Chicago and Harvard, who has only recently come to Nashville, where he has many friends. He is a member of the faculty of the University of Nashville. After a two-weeks' trip they will return to this city to reside.—Nashville Banner

We have four car loads of buggies and surreys in stock and are going to sell about half of them by July 1st. To induce you to buy we will allow you a special discount of ten per cent off the very best cash price on any vehicle in stock, till that date. We assure you upon our honor that this discount will positively be allowed from our lowest all cash price. Let us show you the stock and give you the price. D. K. Cason.

Have stood actually the test shown here. Hundreds of users will tell you that Moon Brothers

### Buggies and Surries

will stand any reasonable test put on them. We can sell you cheaper work if wanted.

**D. K. CASON, The Buggy Man**

### NOTARIES ARE INCLUDED.

Statutes Provide That They Must Pay for Their Commission.

Austin, Texas, May 26.—The following, from the last issue of the Corpus Crony, is liable to cause some one to make a mistake.

"Many Texans will waste each a dollar on June 1 unless attention is drawn to the fact that the expenditure is unnecessary. Several thousand men and women have been appointed notaries public by the governor, and have been confirmed by the senate. It is necessary that they should take the oath of office before some competent officer and file their \$1000 bonds with the county clerk, but it is not necessary that they should pay

the additional fee of \$1 to secure a commission from the secretary of state. The commission does not add any effect to their acts, and is simply an ornament, its cost a waste of money."

The statutes provide that every officer appointed or elected must have a commission and this applies to notaries the same as the rest of the office-holding trust. The state needs the money, besides, and notaries will help supply the general revenue. Houston Chronicle

The hardwood manufacturing plant in Nacogdoches means that a hardwood saw mill will follow. Then a furniture factory—very the future looks good for old Nacogdoches in the way of manufacturing enterprises.

## Nacogdoches Mercantile Co

The Leading Cash Store.

If you want to see and buy from the best selected and most stylish stock of goods in East Texas, come and look at our display

The Spring Dress Goods are just beautiful.

The Ladies' Hats were never as pretty and stylish.

TACT should be taught continuously, seriously, and thoroughly and should be placed in the forefront of education.

THE SENTINEL acknowledges receipt of an invitation from the Senior Class of the Terrell High School to attend the commencement exercises on May 20-31, 1925.

The boll weevil is reported to be quite a busy proposition now. Hardy Dial was in town today and says the pesky little things are—in fact too numerous to mention. He predicts that what cotton is not drowned out will be taken by the boll weevil.

It certainly looked good to see a letter in The Nacogdoches Sentinel from Hon. R. W. Haltom who is regaining health in Marta. The press of the state hopes to see this useful man at home again where his pen will help East Texas to the front—Pansie in Center News.

The tax payer puts up for the suits instituted against the trusts, and pays the attorney of the trust by having to put up a "little advance" on the necessities of life after the trial. Fact is the common people put up the rhino for for both prosecution and defense. So there you are.

President Roosevelt has stirred up a hornet's nest by announcing that the United States would enter the markets of the world to purchase supplies for the Panama canal. The republican senators are muchly worked up over the matter and an effort will be made to induce the president to let the American manufacturers have another chance to get into the combination.

The following is a special to the Houston Post from Pittsburg, Pa. and is worth reading by all far minded men. "The suggestion that President Roosevelt has agreed with Secretary Tatt for the purchase of Panama railroad supplies in the cheapest market is alleged here to be mainly due to the action of President Ramsey in pointing out to Mr. Roosevelt and his advisers that the steel rail pool has stifled competition on the bids for Panama canal steel rails. The mere suggestion that the United States would buy rails in England and bring them in free of duty has thrown the steelmakers here into a spasm, and they fear a thorough probing by President Roosevelt of the system which, it is alleged, charges America consumers one price and a far lower figure to foreigners. It is held that Mr. Ramsey has convinced the president that the steel trust was about to twist the government's pocketbook. The defenders of the president's policy in Pittsburg are mainly democrats, but they are shouting with glee and assert that the government's actions are the proper thing."

## NEWS FROM THE WEST.

### A Hail Storm and Rain at Marta Saturday.

Editor Sentinel:

Marfa, Texas, May 23.—In a former letter I believe I mentioned the hail storms that sometimes visit this section and which are the only storms the people seem to dread. We had our first experience with these storms Saturday. The hail fell like fury for about five minutes, followed by a splendid shower of rain, the first since March. The hail stones were about the size of marbles and covered the ground nearly an inch thick. It did no harm to our camp, neither did the rain, and we were only made the more comfortable for the settling of the dust and the cooling of the air.

The people in this country live generally in what they call adobe houses, though there are a number of handsome little brick residences at this place. The houses are all built low and a two story house here is no taller than some of the one-story dwellings in Nacogdoches. The adobe houses are not built of logs, the cracks chinked with mud, as the old adobe relics of Nacogdoches were built, but are made of adobe bricks, composed of mud mixed with grass, moulded in blocks about six inches thick, eight inches wide and about fifteen inches long. They make a building resembling stone, and after they "set" are very strong. These are the cheapest buildings that can be erected in this country. A four room cottage with a gallery and hall usually costs about \$1,100. The most expensive part of these buildings is the woodwork, the price of lumber here being \$27.00 per thousand feet. Labor is high, too, though I have not learned the price paid to carpenters and skilled labor. There is no building going on at this place at present. The town seems to be finished in this respect. There is no place here for anyone who is not either a capitalist or has a good job, except those sojourning temporarily, as I am—for their health. There are quite a number of our kind here. Two or three have arrived from South Texas since I come but I have not met any of them. It seems that nine-tenths of the population of this entire section are people who come here sick and have stayed. Those who have been here as long as five years, with very few exceptions, are robust, healthy, fat, and look as if they never had a day's sickness in their lives. This section is not much of a pleasure resort, but for health I do not doubt that it is equal, if not superior, to Colorado Springs or any other famous resorts.

We expect to move from Marfa to Fort Davis about June 1st. It is five hundred feet higher over there and it is said there is plenty of shade and it is a much more desirable place for camping out. I have not been there yet but am told that I will find it more agreeable and pleasant there.

The hot sun and dust at this place are almost unbearable at times out in the tent, though it is pleasant enough in the houses. We had to camp out because we could not afford to pay rent. A two room house with a shed for a cook room costs ten dollars a month, and a real residence would cost more than my allowance.

Things Look Gloomy to the Man From Eastern Texas.

As I stated in former letter, Marfa is the distributing point for the surrounding country for a distance of from 75 to 150 miles. There are five stage lines running out from here, and while the population of the little town is only about 700, yet it has a third class postoffice, paying a salary of \$1,100 and allowing clerk hire and rent. Freight is hauled out to the inland towns, mines and ranches in wagon's drawn by burros, usually ten in the team—two at the wheel and four abreast in the swing and lead. These teams are invariably driven by Mexicans. Vast quantities of fuel oil are hauled out to Shafter, a silver mining town forty-seven miles south of here, by these burro "trains." Large, broad tired wagons are used, upon which are secured long oil tanks similar to those used on railroad transportation, and the "train" resembles a string of water wagons as they are seen in the distance going across the prairie. All freight is hauled in a similar manner, large wagon beds taking the place of the oil tanks.

This is strictly a religious community, for, notwithstanding the small population, there are five churches well supported. Each denomination owns its own church house and they are all handsome modern buildings, though small. These churches include the Methodist, Christian, Episcopalian, Catholic and Mexican Methodist.

It seldom rains in this country. The people say there was more rain here during the past winter than ever before known in the county's history. Cattle are looking fine and are fat and the citizens brag about the fine grass and the flourishing condition of the country. To me the "fine grass" looks like a poor prospect. So far as I have seen it, the grass resembles an Ethiopian with his head shaved all except a little bunch of wool at the crown—a great deal more naked space than wool. The grass grows in little bunches about the size of a saucer, the blades from two to three inches long, with about a foot square of naked ground between bunches. It is not green and looks about the color of todder after it has wilted. Yet the folks here call it fine and boast of not having to feed even the milk cows.

July, August and September is the rainy season here, though the weather prophets are expecting rain next month. During these months rain is accompanied usually with terrific hail which some times does a great deal of damage. This seems to be the only kind of a storm dreaded in this country. I have not experienced one of them yet.

### GOOD ROADS.

The fifth annual convention of the National Good Roads convention will be held in the auditorium at the Lewis & Clark Centennial Exposition, Portland, Oregon, on June 21-24. Texas should be well represented at this convention; especially Nacogdoches county and Eastern Texas. There should be organized at the earliest possible date a County Good Roads association in this county. This is a subject that should be of vital interest to every farmer in Nacogdoches county. It is a subject that should be of especial interest to the owners of work stock. It is a subject that should enlist the support of every tax payer, both real and personal in the county. The reason why it should interest the farmer is too broad a question to be intelligently discussed in a single newspaper article but to briefly state one of the principal points of why the farmer should enter into a proposition whereby a system of good roads might be established in Nacogdoches county is this: It would enable him to haul, at the lowest estimate, one-third more freight to market than under existing conditions. Where he hauls two bales of cotton to market now, he could haul three much easier if there was a system of good roads in this county, thereby enabling him to market his crops in one-third less time than under our present way of building roads, which would give him more time to make improvements on his farm after harvest. The owners of work stock will be greatly benefited because the life of horses and mules will be prolonged and can be kept in much better condition. The tax payer would be greatly benefited because with a good system of county roads the value of farming lands would be greatly enhanced. With good roads, up-to-date farmers from other sections would be induced to locate in Nacogdoches county and of course they would want to buy lands, and become citizens. A meeting should be called by Judge Berger for the purpose of or-

ganizing the county for better roads. Invite the road overseers especially to attend the meeting, and all other citizens who have the welfare of the county's interests at heart.

### He Was Bashful.

A young man from DeKalb called to spend the evening with a New Boston girl the other night. A storm came up and the girl's father asked him to remain over night. He was a bashful young man and the next morning when he was invited to a seat at the table he very reluctantly accepted. He was very nervous and agitated. He sat opposite the mirror and discovered that he had forgotten to comb his hair. Then he dropped his fork on the floor, and as he stooped to pick it up he upset his coffee. Matters went from bad to worse until the young man quit eating and put his hands under the table. The loose end of the table cloth was lying in his lap, and when he touched it he turned pale. He thought it was his shirt, and in his nervous excitement while dressing had forgotten to put the garment inside his trousers. There was no time to lose. He hurriedly stuffed the supposed shirt inside his trousers. Two minutes later, when the family arose from the table, there was a crash. The dishes lay in a broken mass on the floor. The young man pulled three feet of the tablecloth out of his pants and fled through the door. He is now hiding and the girl is looking for a less bashful lover.—Bowie County Courier.

### Pastor Called.

Some time back Rev. S. F. Baucom resigned as pastor of North church, and yesterday Rev. Allan Gurrard was called to this church, and accepted the call. An invitation has been extended to the Presbytery to convene here on Sunday, June 3, and ordain Mr. Gurrard. He is a young minister, but is spoken of very highly and the church has, no doubt made a wise selection for a pastor to succeed Rev. Baucom.

### MILLION GLASSES OF BEER

The following special appeared in the Galveston News from Pittsburg, Pa: "Constable John Bertegess of Allegheny has just received as a present 1,000,000 glasses of beer from Antonio Lutz, a wealthy brewer. Bertegess did a little act of kindness for the big brewer, and Lutz asked him what the bill would be. Bertegess said, 'Nothing.' 'That was worth more than a million glasses of beer to me, Bertegess,' said Lutz. 'Well, I'll stand for the beer end of it. Give me 1,000,000 glasses of beer and all is square,' said the Constable banteringly. The brewer wrote an order for 1,000,000 glasses of beer to be delivered to the Constable personally." Now honest injun. How would you like to be John?

At a public meeting held at Nacogdoches a few evenings ago for the purpose of subscribing to the capital stock of a big wood-working plant to be located there, the sum of \$45, according to The Sentinel, was raised without much effort. Looks like some fellow with plenty of money would have raised it to \$50.—Lufkin Tribune.

"The Lord moves in a mysterious way his wonders to perform." The Sentinel would not presume for a moment that the writer of the above was serious in thinking that the figures as quoted was other than a typographical error. If the writer was well versed in "stock subscriptions," is certainly aware of the fact that it is a custom prevalent with promoters of enterprises to have all stock calling for shares at \$100.00 each. It was an error that the intelligent "comp" failed to correct in the proof. The figures read the following day in correction \$4,500. Now then dear Tribune, please tell your readers "how it happened" and it will be our set 'em up.

The latest addition to The Sentinel's exchange table is the Daily Standard of San Angelo. It is a bright youngster and bears the popular marks of prosperity. It is a four-column quarto and is well and ably edited.

**THE COTTON CROP.**

The estimate of cotton acreage of the United States, as furnished by Latham, Alexander & Co., of New York, has been received at this office. This firm addressed over four thousand letters of inquiry to as many points in the cotton belt, asking for an estimate on the cotton acreage his year. Thirty-two hundred replies were received showing an estimate of a fraction over eleven per cent decrease of 1904. In 1904 the cotton acreage was 31,730,000, which produced something over 14,000,000 bales of cotton, when a little over 10,000,000 would have supplied the trade at that time and would have brought the farmer a fair price.

The eleven per cent decrease in acreage means that there will be 28,171,130 acres planted in cotton, which, if the season should prove favorable, will produce 11,266,455 commercial bales. This amount augmented with the 4,000,000 bales reputed to be in the hands of the farmers will have a tendency to make the market rather weak in October and November; it will practically mean that there are 15,000,000 bales of cotton in sight against 14,000,000 last season.

There is no cotton grower in the south but what knows that if the same amount of cotton is in sight at gathering time as there was last year that it will mean bankruptcy to many well to do planters. It is not too late yet for the farmers to take this matter under advisement and plant something else besides cotton. Of course many had forethought to see the probable results of a big crop and have planted other crops and will profit thereby, yet there are others. It's the "others" that should see the hand writing on the wall.

There is nothing but the hand of an All Wise Providence that can head off a big crop now, and judging from the actions of the weather in this part of the moral vineyard the cotton crop is practically at the mercy of Providence and the boll weevil.

**Strictly Genuine**

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured." "Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by Perkins; Kleas & Mast. dw

It is stated that R. W. Halton of Nacogdoches will not be a candidate for re-election to the legislature. He is evidently ashamed to be caught in such company.—Livingston Local.

**WARM WEATHER HELPS.**

**Get Rid of Your Catarrh by Using Hyomei Now.**

Everyone who has catarrh should take advantage of the warm weather to get rid of this annoying and distressing disease. The right treatment, faithfully followed, in May or June, will benefit much more quickly than in the winter and early spring.

Do not try to cure catarrh of the head and throat by taking drugs into the stomach. It cannot be cured in this manner. The only way in which this too common disease can be cured is through a direct application of Hyomei that will kill the germs of catarrh and prevent their growth.

The first day's use of Hyomei will show a decided improvement, and in a short time, especially if used at this season of the year, there will be no further trouble from catarrh.

You take no risk in buying Hyomei. The complete outfit costs but one dollar, and if after using you can say that the treatment has not helped you, Stripling, Haselwood & Co. will return your money.

**Why Suffer From Rheumatism?**

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Legget, of Yum Yum, Tennessee, U. S. A. writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Perkins, Kleas & Mast. dw

"A printing office is considered by many persons to be rather a tough place, and the newspaper worker a mighty bad man. Statistics, however, do not bear out that idea," said a police captain to a Philadelphia Bulletin reporter a few days ago. "In looking over a book containing the records of prisoners I find that in the state penitentiary of Texas, out of 3890 convicts, there is not a single newspaper man or printer. There were however, ministers, doctors, bankers, barbers, photographers, cooks, barkeepers, and members of all other professions and callings. The newspaper man gets a bad name because the nature of his business teaches him to detect sham; he scorns the hypocrit, and cannot be bullied by office seekers and cheap politicians.

**A Death. Creeping**

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25 cents at Stripling, Haselwood & Co., drug store. dw

**SOMETHING AT NACOGDOCHES.**

**The Williams Well Stopped at a Depth of 500 Feet.**

Mr. T. J. Williams of Nacogdoches, is in the city on business, and will probably be here several days. To a Journal representative he stated that drilling on his well in the Nacogdoches oil field was discontinued yesterday, and that it would now take a whole lot of money to buy the well. When pressed for something more definite about the matter, Mr. Williams said he had found what he had been looking for and that was enough. The well was capped and it is probable that another well will be put down, as Mr. Williams owns nearly 200 acres of land in the immediate vicinity of the oil springs.

The Williams well is down 500 feet and the first oil was found at the depth of 120 feet.—Beaumont Journal.

The Legislature has adjourned and a suffering and indulgent public can now take a rest. The last session and the special sideshow have been quite an expensive bit of luxury to Texas, especially at this particular time.—Nacogdoches Sentinel.

And the last heard from the work of the session is to the effect that in the hurry the members jumbled the election bill till it reads that the man who gets a majority in a county shall have the whole county, and the section is followed by another which states that each candidate shall be given his pro rata of the vote cast for him. If it should fall out that the last Legislature was wholly unable to pass an intelligible election law, then indeed will the people have cause to groan, and to regret that the time wasted in wild eloquence at the close was devoted to the correction of this costly error.—Dallas News.

**Herbine.**

Will overcome digestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, Editor and Mgr. Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly." 50 cents at Perkins, Kleas & Mast. w

John Chalker, a young farmer of the Shady Grove community, was in the city today on a little shopping trip. It's the same old story about gloomy crop prospects in his section. And all farmers badly behind with their work.

Rev. Geo. L. Crocket left this afternoon for Lufkin to look after some business matters concerning the new Episcopal church now under construction in that city.

The Beaumont Journal says the Nacogdoches (Texas) cigars have been put on sale in that city.

**COMFORTING WORDS.**

**Many a Nacogdoches Household Will Find Them So.**

To have the pains and aches of a bad back removed; to be entirely from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Nacogdoches readers.

H. L. Legg, farmer, living six miles north of Groveton, Texas, says: "I had kidney trouble for nearly twenty years, and until I got Doan's Kidney Pills I never found anything to do me any good. There was at all times a constant aching and soreness across the small of my back and when stooping or lifting it was difficult for me to straighten on account of the pain. At nights my rest was disturbed by too frequent action of the kidney secretions."

I had just to get out of bed every little while, sometimes as often as six or seven times at night. This affected my general health until I had spells of dizzy headaches and a lightness of swimming in my head came on me at times so that I could not regain my balance for several minutes. Since using two boxes of Doan's Kidney Pills I have not had the slightest return of the above symptoms. The backache entirely disappeared, the secretions became regular and of natural color. I can rest at nights without getting up once and the headaches are a thing of the past. Doan's Kidney Pills are a Godsend to anyone afflicted with kidney trouble or backache."

Plenty more proof like this from Nacogdoches people. Call at Perkins, Kleas & Mast's drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and take no other.

**Exposure.**

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure.

Mrs. A. Barr, Houston, Texas, writes, Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." 25c, 50c, \$1.00 at Perkins, Kleas & Mast. w

The Beaumont Sunday morning Enterprise had a good half tone of Rev. Geo. L. Crocket, rector of the Episcopal church, of this city.

**Not A Pipe Dream.**

Oil—some kinds—are conveyed by a system of pipe lines, but the Oil that makes all other oils insignificant is conveyed in bottles. It's Hunt's Lightning Oil, and its mission is to cure your sprains, cuts, burns, bruises, aches and pains—and it does it. w

**Mrs. Laura L. Stephens.**

News has been received in Nacogdoches announcing the death of Mrs. Laura L. Stephens at Jacksonville, on Wednesday, May 10, 1905. Mrs. Stephens was the wife of the late Capt. A. P. Stephens of Attoyac. She moved from Attoyac to Jacksonville shortly after the death of Mr. Stephens, where she lived up to the time of her death, and was sixty-one years of age.

Mrs. Stephens was a true, conscientious, christian woman. Exemplifying in her daily life the beautiful life of the meek and lowly Nazarine. She always had a smile and a word of good cheer for every one she met; for those in misfortune she always extended a helping hand and by kind words and christian acts of love, gave them courage to make an effort to overcome the obstacles in life. None knew Mrs. Stephens but to love and admire her. In her death the church has lost a devoted member; the people of Eastern Texas a woman whose life is a shining example for all young womanhood to follow; her friends have lost a friend indeed—one whose place in the affections of the people will never be replaced. She was a good and true friend of The Sentinel, and it is with heartfelt regret that the paper is called upon to chronicle her death. Yet the friends and relatives of this noble, christian woman have the consolation of knowing that Mrs. Laura L. Stephens is not dead but "asleep in Jesus." To such characters death is the silent messenger from the realms above sent to escort the spirit to the mansion of the heavenly king; death is only a dream to the Christian.

While Mrs. Stephens has been called away from her friends and loved ones by "Him who doeth all things well," yet the world has been blessed during the short time she has lived on earth. And each and every one who had the pleasure of knowing her feel as though they have been made better, by having known her.

**The Lost Ring.**

Woman lived in Rackinsack had a ringworm on her back. Said she wouldn't care a snatch, but was where she couldn't scratch. Therefore she could not endure, had to have aid quick an sure. One box of Hunt's cure, price 50c, did the work. It always does. Its guaranteed. w

**TO BEAUTIFY YOUR COMPLEXION In 10 Days, use SATINOLA The Unequaled Beautifier**

A few applications will remove tan or sallowness and restore the beauty of youth. SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove freckles, pimples, liver spots, blackheads, tan, discolorations and disfiguring eruptions. Ordinary cases in 10 days, the worst in 20 days. After these defects are removed the skin will be soft, clear, healthy and beautiful. Price 50c at drug stores or by mail. Thousands of ladies testify to the merits of Satinola. Miss Hessie Miller writes: Levy's, S. C., Aug. 9, 1904. I am delighted with the results of Satinola. Of the many preparations I have used Satinola is the only one I have found to positively remove freckles and clear the complexion. One of my friends has used it and is very enthusiastic. NATIONAL TOILET CO. PARIS, France. Sold in Nacogdoches by Perkins, Kleas & Mast

NAN PATTERSON is going to write a book. The man that handles the first edition will no doubt have a good thing.

A KENTUCKY man drank thirty-five cold bottles of beer in four hours. That man better not come to Nacogdoches on a beer hunt—a hint to the wise, etc.

AN Ohio man will go to the penitentiary for the next five years for stealing five hats. Had he stolen five thousand, things might have been entirely different.—Austin Statesman.

Were the hats swiped before or after Easter?

COME to think about it Nacogdoches has all the natural advantages for the locating of manufacturing enterprises, but the main trouble lies in the fact that a large majority of the citizenship are slow to back up such propositions, and seem to be satisfied by letting well enough alone.

If the good citizens of Nacogdoches would stop for a moment in their mad scramble to accumulate wealth and look into the proposition of locating that hardwood manufacturing plant here, The Sentinel is of the opinion that there would be no difficulty in securing subscriptions to the stock of same.

Incidentally speaking, what right have the men who pay the teamsters their wages and own the horses and wagons mixed up in the Chicago strike, to talk about what should be done? Somehow or other they seem to be laboring under that impression and they ought to get over it.—Austin Statesman.

Sure, the sooner they get over it the sooner the strike will be settled.

BULLETINS received in Nacogdoches today announce that the Japs and Russians have met in a naval engagement, and that the Japs were successful in sinking four battle ships for the Russians. It is about high time that the Czar was calling in his dogs of war.

THE Nacogdoches Sentinel of yesterday was double size, making a very creditable Carnival edition. The carnival will begin next Monday, and last a week. It is under the auspices of the local camp Woodman of the World and promises to be an attractive occasion.—Center News.

St. Louis is making a fuss over a rain of fish in that city. That's nothing Chicago is having "showers of brickbats" nearly every hour.—Garrison Gleaner.

And a cloud of despair has been hovering over that city for many days, and the silver lining has not been found there or thereabouts.

### FARMERS UNION MEETING.

A Big Meeting Held at Eagle Mill Last Friday.

Notwithstanding the fact that the farmers are somewhat behind with their farm work yet a goodly number attended the meeting of District Union No. 5 at Eagle Mill, in Shelby county on last Saturday, in fact, taking all things into consideration the meeting was considered an exceptionally good one.

Hardy Dial, one of the Union lecturers, delivered one of his able and interesting talks and there is no doubt but that when he had brought his address to a close that all who heard it had a higher opinion of the Farmers Union than they had previously entertained. While Hardy is not a lecturer of much renown, yet he has a happy way of making his points clear and never fails to get his audience around to his way of thinking.

Mr. Caldwell, another good talker, had the pleasure of addressing the meeting and it was evident that he also had the best of attention and a well pleased audience. He was followed by Mr. Hearst another good talker, and Mr. Cook addressed the meeting with one of his able talks.

Albert Newton was present and was asked to make a little talk. While Mr. Newton is not a member of the Farmers Union, yet he made a talk that was chuck full of good things and it was highly appreciated by every member of the Union present. That is so far as the reporter was able to hear from the favorable comment it is to be taken for granted that the address was considered an able one.

At one o'clock dinner was announced and such a spread of good things could have been found no where on earth (says Mr. Dial) except in Shelby county. The good housewives in that section of Shelby county had prepared the finest country dinner a man ever had the pleasure of eating. All the good things raised in Texas (which are the best on earth) were there in abundance, and the wives, daughters, and sweethearts of the members of the Union at Eagle Mill made it a point to see that each and every visitor was properly entertained.

After dinner and after all had had an opportunity of having a social chat and become better acquainted with each other, and the new found friends, the Union went into a secret session to transact such business as was before it to be disposed of. Five new members were admitted and made full fledged members according to law and usages of the order. These five members were ladies and the most prominent in the community in which they reside.

At the close of the secret session it was decided to hold the next district meeting of the Union at Bermuda school house at Paxton on Tuesday, July 4.

A cordial invitation is extended to the public to attend these meetings. It is at these meetings that the non-Union farmers are informed of the

aims, objects, and principles of the Union. They are informed that it is not the mission of the Union to tear down the industries of the country, but to place its membership upon a higher plane, and assist each other in every case of misfortune.

### MELROSE LOCALS

Melrose, May 29.—Mr. Robert Teutsch was called back to the bed side of his son who was dangerously hurt at the Humble oil field.

Rev. M. I. Brown's wife is quite sick, also Mrs. James Lee.

Miss Clara Wilson has returned from Appleby school.

Rain has ceased enough for the farmers to be plowing

Crops are looking much better and we see prospects of salvation. As we look on the bright side of life we see God's blessings everywhere around us and appreciate them as we sit in our pleasant home this morning, but our hearts are saddened when we call to mind so many homeless in this world and not planning for a home here, or in the world to come. Man's first duty in life is to provide a home for his loved ones if possible. Wife is a sacred trust and so deserving. Miss Frauces Willard the world's uncrowned queen of purity and temperance says that woman has given the costliest hostage to fortune. Out into the battle of life they have sent their best beloved with fearful odds against them; by the incense of ten thousand prayers waited from their gentle lips to heaven, I charge you give them power to protect along life's treacherous highway those whom they have so loved.

### TRAWICK NEWS.

Trawick, Texas, May 29.—Not having had anything from our berg in some time I will give you a few dots.

The weather, after a continuous spell, as has been most everywhere is now real pleasant and most everybody is getting in the harness good. Work of all kind is under full headway.

The farmers have been real blue, owing to the situation of crop prospects.

The truck farmers do not take the interest they should take here. They started on small scale but not sufficient interest is given it.

Bro. Saxon, of Cushing, filled his monthly appointment here yesterday. The congregation was small and too small, every one should turn out better, go to church. If it had been a magic lantern show we would have had a house full of people, as was seen at one here a few weeks past.

We were all glad the ball players refused to accept a game on Sunday. While we are proud of our ball team, we would like to see them play on some other day.

This is a Telegraph station now, the railroad people saw fit to put the wire in last week.

Geo. Long is in on business this morning.

Miss Ora Paine, of Nat, visited her brother here yesterday

# THE JNO. W. DAVIS BANKRUPT SALE

## Extended Ten More Days

Several Thousand Dollars Worth of Goods reaches the homes of the people. We received word from several neighbors that many more would like to come and take advantage of the

## Great Money Saving Sale

but were prevented on account of work on their farms. Now, for the benefit of my former friends, I will extend the sale until JUNE 10. This is your last chance to buy Seasonable, Dependable Merchandise for LESS THAN WHOLESALE COST.

Special Inducements to Merchants in Shoe Fixtures, Show Cases and small lots of Dry Goods, Clothing, Boots, Shoes.

# J. LIPSTATE

S. HIRSCH, Manager

### CHIRENO ITEMS.

Chireno, Texas, May 29.—Mr. and Mrs. T. J. Pack entertained the juvenile crowd with a pound party on Friday night the 26th. The crowd wasn't very large, but those present were entertained with music from Floride Calhoun and Winnie Davis Smith. The supper consisted of every delicacy to tempt the appetite. The crowd adjourned at a late hour, thanking Mr. and Mrs. T. J. Pack and wishing that they would soon give another one.

Miss Gracie Buckner entertain a few of her friends with a croquet party Saturday, the 27th.

Mr. Frank McKnight of Nacogdoches, was a visitor in our town on last Sunday.

Mr. W. H. Gray has just completed a handsome residence here that is quite an ornament to our town.

Quite a crowd is leaving here this morning to attend the Carnival in Nacogdoches.

### JAMESVILLE LOCALS.

Jamesville, Texas, May 30.—Yesterday evening a goodly number of us gathered at the school building and enjoyed listening to our Father's message through His servant, G. W. Jefferson. Come again Bro. Jefferson and remind us, "As an eagle stirreth up her nest, fluttereth over her young, spreadeth abroad her wings, taketh them, beareth them on her wings: So the Lord alone did lead him and there

was no strange God with him."

Bro. J. S. Wilson went down to Clear Springs Sunday to tell the people that "Christ died for our sins according to the scriptures."

Mr. E. B. Fowler has a mule severely cut with barbed wire.

Mrs. Ethel Morgan of Attoyac, is visiting her grandparents, Mr. and Mrs. A. D. Smith, this week.

Mr. Ed Hobbs of Woden, recently visited his sister, Mrs. W. B. Daniel.

Miss Clara Wilson has returned home from school.

Crops are looking better, but hands are wanted to repel the forces of Gen. Green's army.

Sunday school every Sunday at 10 a. m. Come older ones and bring into the fold those tender little lambs.

### Constables Execution Sale.

The State of Texas, County of Nacogdoches.

In the District Court of Nacogdoches, Nacogdoches County, Texas. E. A. Blount vs. J. T. C. Boatman, et al. (No. 2120.)

By virtue of a certain order of sale issued out of the Honorable District Court of Nacogdoches county, Texas, on a judgment rendered in said court on the 1st day of April, A. D. 1905, in favor of E. A. Blount against J. T. C. Boatman and Z. B. Garrison, for the sum of five hundred and fifteen and 45/100 dollars, (\$515.45) dollars, with a foreclosure of a Vendor's Lien on the following described tract of land, belonging to the said J. T. C. Boatman, namely: One hundred (100) acres of land on the J. J. Costa grant, situated about four miles northwest of the town of Garrison, Nacogdoches county, Texas, and being fully described in deed from Z. B. Garrison to J. T. C. Boat-

man, deed dated October 1st, A. D. 1903.

I did, on the 10th day of April, A. D. 1905, at 3 o'clock p. m., levy upon the following described tract and parcel of land as the land of J. T. C. Boatman, situated in Nacogdoches county, Texas, and being the same tract and parcel of land for which a foreclosure of vendor's lien was had in favor of E. A. Blount vs. J. T. C. Boatman, in a certain suit pending in the district court of Nacogdoches county, Texas, wherein E. A. Blount was plaintiff and J. T. C. Boatman and Z. B. Garrison were defendants, being No. 2120 on the docket of the said court, the land being described as follows, namely: One hundred acres of land on the J. J. Costa grant, situated about 4 miles northwest of the town of Garrison, Nacogdoches county, Texas, and being fully described in deed from Z. B. Garrison to J. T. C. Boatman, dated October 1st, A. D. 1903.

And on this day, the first Tuesday in June, A. D. 1905, it being the 6th day of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., at the Court-house door of Nacogdoches County, Texas in the City of Nacogdoches, I will sell at Public Auction for cash to the highest bidder all the right, title, and interest of the said J. T. C. Boatman in and to the said tract and parcel of land. The proceeds of said sale to be applied to the satisfaction of said judgment.

W. E. McMILLIN,  
Constable Precinct No. 1.  
This the 18th day of May, 1905,  
Nacogdoches County, Tex.

In your subscription to stock in the hardwood manufacturing plant, don't take a larger amount than you can pay for—there is a difference in setting a sum opposite your name, and in digging up the cash to pay for your bargain. Most any young man in Nacogdoches, who is not encumbered by debt, can easily afford to take one or two hundred dollars worth of stock and never miss the money. But will they?

**The Judge Laid Up.**

Judge Ratcliff of this city was elected by the bar as a special judge to preside over the spring term of the Sabine county district court which is to convene in Hemphill next week.

A few days ago Judge Ratcliff met with an accident whereby it is thought that a hip bone was fractured, and as a consequence the Judge is confined to his room and will not be able to attend court. Judge Perkins had other engagements made before the accident happened to Judge Ratcliff.

The condition of affairs places the people of Sabine county against the proposition that "where there's a will there's a way."

**Cleared for Action.**

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At Stripling, Hazlewood & Co. drug store, 25 cents.

Nacogdoches will dress up next week in her best clothes. The Woodman Carnival, under the management of Liberty Elm Camp of that city, begins Monday and will continue throughout the week. High diving, wire walking, Italian band concerts, moving picture shows, monkey circus, Ferris wheel exhibitions, the Merry-Go-Round, Dixie Land and numerous other attractions will exhibit daily and nightly, with confetti on the side.—Garrison Gleaner.

**Brains Wanted.**

This sign is out everywhere. Open your eyes and you cannot fail to see it. Does it interest you? Are you "in the market?" You have brains—enough and to spare. Will you use them for your own betterment? Perhaps we shall surprise you when we tell you that we can double your earning capacity in less than five months time, if you will enroll with us for a course in the Famous Byrne Simplified Shorthand and Practical Bookkeeping, or take a course in our up-to-date department of Telegraphy. We can prove this to you. Write for our large illustrated free catalogue telling you exactly how we do it. The large article entitled "The Proof of the Pudding" will be enough to convince you. Address Tyler Commercial College, Tyler, Texas.

**Estray Notice.**

In compliance with laws and upon the return of C. B. Patton, County Commissioner, Precinct No. 4 Nacogdoches County, Tex. I hereby give notice that there has been found at large and estrayed the owner of which is unknown.

One brown mare mule about 12 years old, medium size. Left in care of A. K. Layton, if not legally proven away by the owner thereof within twenty days from the date hereof, the same will be advertised and said Commissioner will proceed to sell the same according to law.

P. M. SANDERS, County Clerk. Dated at Nacogdoches, Texas, this 11th day of May, 1905.

**A FORGER IN TROUBLE.**

**A Young Man Arrested Yesterday Afternoon.**

For the past month or more there has been a young man making Nacogdoches headquarters who seemed to have no particular mission here except it was to loaf. He claimed to be an agent for a portrait house and did some soliciting in that line. This way of getting rich did not pan out as quick as he thought it should, and decided to go into the check writing business. There's where he fell down at the first attempt and is now making headquarters at the Hotel de Buckner—the county jail.

Yesterday afternoon this young man called at the cashier's window of the Commercial National bank and presented a check written on the regular check form of that bank which with the usual heading read: "Pay to the order of W. M. Wilkison, today-seven dollars. W. W. Smith." The cashier saw it was a bunglesome piece of work and asked the young man his name to which he replied "Wilkison," being further queried he said his name was S. H. Clements and had bought the check from Wilkison. His actions not suiting the bank officers the matter was placed in the hands of an officer and at 2 o'clock yesterday afternoon Deputy Sheriff Hiram Morris arrested S. H. Clements and took him before Justice Jones and County Attorney Strong on the charge of forgery. And at 2:30 o'clock Clements was locked up in the county jail pending the arrival of friends to make his bond.

**TOBACCO CROP ALL RIGHT**

**It Can Stand a Spring Deluge Says Mr. Shelfer, the Expert.**

L. H. Shelfer, the Texas tobaccoist, with headquarters in Nacogdoches, spent yesterday in the city. The heavy rains he says, have retarded the crop this year, but it has not been demonstrated that it has seriously injured it. Tobacco as a short crop, maturing in 70 to 80 days, and there is plenty of time after the rainy season passes.

Mr. Shelfer says the best tobacco he ever saw raised in Texas was planted on June 12.

Standing on the hillside of historic Nacogdoches is the beautiful mansion of a great musician, Mrs. Robert Lindsey, and here the Federation guests were brought to meet all that was best, bright and hospitable in a town which is becoming renowned for its kindness. Through that great gathering there came a breath of spring, a sweetness in the atmosphere, and lo! a snow drop and songstress combined in one stood before us. Mrs. Sue Perry, whose lovely voice thrilled the hearts of visitors in St. Louis during Mrs. Session's week there. Both Mrs. Lindsey and Mrs. Perry are neices of our own great hearted citizen, J. F. Willis.—Pan-zie in Center Champion.

**FREAK IDEAS.**

It takes all kinds of people to make a world, and Nacogdoches county possesses some who have freak ideas about money and finance. A few days ago a Sentinel reporter was in the office of T. E. Baker and the subject of "frenzied finance" was mentioned, when Mr. Baker exhibited several envelopes each containing gold coins. "This one," said Mr. Baker, "contains thirty-five dollars; one ten and five five dollar gold pieces. This money was put up to secure a small account and the party to whom it belongs has paid something over five dollars interest on the past due account rather than spend the yellow stuff."

Another party had occasion to use twenty dollars and brought a twenty dollar gold piece and put it up as collateral for a loan, agreeing to pay interest on same, provided he could get his gold back.

**NEW TOBACCO COMPANY.**

**Charles F. Taylor and Associates Are Organizing.**

Although a full statement cannot be obtained at this time, it can be stated authoritatively that Chas. F. Taylor, who has remained in this city since his discharge by Judge Pope under the habeas corpus application several weeks ago, and others, are engaged in the formation of a new company to develop the tobacco resources of East Texas. Just what the scope of the new industry will be, cannot be accurately forecasted at any time. It is stated, however, that the company will be organized with a capitalization commensurate with, and adequate to the execution of the large plans which have been conceived for the exploitation of the Nacogdoches county tobacco lands.

Mr. Taylor will leave the city in a few days for Chicago in the interest of the proposition. As previously stated in this paper, Mrs. Webb-Duke still retains her interest in East Texas tobacco and will probably co-operate in the movement with Taylor and his associates.—Beaumont Journal.

The Sentinel would like for some well informed person to put the people of Nacogdoches "next" as to where Mrs. Webb-Duke's tobacco interests are in Nacogdoches county. From the best information at hand the "interests" here consist principally of "I owe you."

**Your Children's Health**

**IS OF VITAL IMPORTANCE.** A large part of their time is spent in the schoolroom and it becomes the duty of every parent and good citizen to see to it that the schoolrooms are free from disease breeding germs. Disinfect the walls with

**Alabastine**  
THE SANITARY WALL COATING

Cleanly, sanitary, durable, artistic, and safeguards health. Does not rub or scale. Destroys disease germs and vermin. No washing of walls after once applied. Any one can brush it on—mix with cold water. The delicate tints are non-poisonous and are made with special reference to the protection of pupils' eyes. Beware of paper and wall-papering and disease-breding germs bearing fanciful names and mixed with hot water. Buy Alabastine only in five pound packages, properly labeled. Tint card, pretty wall and ceiling design. Hints on Decoration, and our artists' services in making color wash, fresh.

**ALABASTINE CO.**  
Grand Rapids, Mich., or 105 Water St., N. Y. For Sale in Nacogdoches by Perkins, Kloss & Mast.

**THE TENTH INFANTRY.**

**Two Companies of United States Regulars Encamped on Peninsula.**

Portland, May 27.—Companies I and K of the Tenth United States Infantry, under the command of Captain Gowen and Ingram, are quartered in a military camp on the peninsula at the Lewis and Clark Centennial Fair, where they will remain during the Exposition period as guards for the United States Government buildings. The command, which consists of five officers and one hundred and eighteen enlisted men, recently returned from the Philippine Islands, where they were on active duty for a number of years. Previous to their departure for Portland, they were quartered at the Presidio, in San Francisco.

The military camp will give to persons unfamiliar with the United States Army an idea as to what a typical soldier's camp is like. The regulation conical tents are used. A large mess tent has been erected which accommodates all the men at one time. Shower baths and various sanitary appliances have been installed.

Aside from guarding the Government's property and preserving order on the peninsula, the command will give exhibition drills daily.

**A Home Enterprise.**

Among the new enterprises which have been recently established in Nacogdoches, The Sentinel is proud to notice the success which has been attained by the Parish Ice Cream factory. The ladies of Nacogdoches have found it to be so convenient when they have their receptions, to stop to the phone and call up Mr. Parish and place an order for what cream they expect to use, knowing that at the appointed time the cream will be on hand, and such excellent cream, too. Scientifically made from pure rich cream, and from a factory where "cleanliness is paramount."

People from neighboring towns have heard of the Parish Ice Cream factory and a recent large shipment was made to Garrison to be served at a big reception. All social functions in Nacogdoches are now served with delicious cream from this home enterprise.

The Sentinel hopes that the factory will continue to enjoy the patronage and confidence of the ladies of Nacogdoches.

**Card of Thanks.**

I desire to extend my sincere thanks to all who gave a helping hand and spoke words of condolence and sympathy to me and mine, in the greatest bereavement possible to befall mankind.

My appreciation goes to you in prayer and your kindness shall never depart from my memory. With truest regards presented for your disposal I remain truly your friend.

W. A. King, Jr.

**Order Placed For Tanks.**

Williams Bros. have placed an order for twelve tanks each with a capacity of from 6000 to 8000 gallons to be used to store oil in as it flows from their oil wells. This is equivalent to twelve cars.

**K. of P. Decorations.**

From Monday's Daily:

Yesterday LaNans Lodge K. of P. held memorial services and decorated the graves of deceased Knights. Owing to the fact that it was only decided at the meeting on Friday night to have services on Sunday, but very little time was had for preparations, but the committee in charge handled the program in a most credible manner.

The Knights assembled in their castle hall and marched to the Cemetery where the beautiful decoration service was rendered.

Eugene H. Blount, Vice Chancellor, delivered the following address.

Brother Knights of Pythias Ladies and Gentleman: We are met here today in accordance with one of the most beautiful customs of our order, to place a memorial wreath upon the graves of our brothers who have preceded us in the journey of the vast beyond, to show that they can claim from us, not merely the passing tribute of a sigh, but they are still reeoned and remembered as Knights of Pythias.

Not only here does the living Knights honor the dead, but over this entire continent, six hundred thousand men are proclaiming "Once a Knight always a Knight" When the wheel of time shall have made but one more revolution and the members of this order are again assembled as they are today, all of us may not be in the procession which marches here with its tribute to the departed, but how comforting it is to know that should any of us be called away ere then, the rest will be here to remember them all.

Friendship, the strongest bond of union between man and man is the mystic tie which binds our members together, and nothing, not death itself can sever a tie like ours. These brothers who sleep here today are but links which bind our order here to our Castle Hall on high, for "The time is swiftly drawing nigh when we must tread the dim and narrow path and blessed they who groping in the gloom, can feel the clasping hands of them that went before and know the way."

Oh not by graves should tears be shed, Nor there should cypress weave its gloom, Not! Gratulations for the dead And roses for the tomb. Whatever pangs they felt are o're Whatever dark defects are past, What care they now on that still shore For bleak misfortunes blast?

But for the troubled living tears For them the cypress shade Who yet with agonies and fears For battle are arrayed, Then not by graves should tears be shed Nor there should cypress wear its gloom

Not! Gratulations for the dead, And roses for the tomb.

After the address the prelate offered invocation, and then the Knights marched in double ranks to the graves of departed brothers and there placed "the tender flowers of spring to grace their resting place" thus symbolizing their devotion to the brothers who have crossed the river which marks the boundary of the unknown shore.

After the last grave was visited the lodge anthem was sung, then a prayer by the prelate and the services were declared at an end by the Chancellor Commander, and the Knights marched back to their Castle Hall.

**Both Were Scared.**

Saturday night some one made an attempt to enter the home of J. C. Hubbard. Mr. Hubbard woke up and while lying awake thought he had failed to lock the kitchen door; the more he thought about it the more he was convinced that he had not, and to make sure he got up and went to the door and turned the key. Just as he did he heard a "powerful sight or noise on the back porch," and thought it was a dog that jumped off of the back porch and had gotten tangled up in the wires put up for flowers to climb on. He was in no hurry to open the door; but imagine his surprise when he did to see a man entangle himself from the wires and get up and run off.

The night before some one entered the dining room of Mrs. Dansby, a new neighbor to Mr. Hubbard and made off with everything to eat that was left on the table after supper.

**Dividend Declared.**

A dividend of 5 per cent has been declared in the matter of John W. Davis bankrupt. The total liabilities are \$44,710.45. It is thought that the estate will pay 15 per cent.

A brown heifer with white nose and mark hole and split in each ear. Half Jersey, age about fourteen months. Let my place on the 8th of May.

R. C. Gramling.

**SUCCESSFUL TERM CLOSED.**

**Closing Exercises of the Nacogdoches Public Schools**

The most successful term of school work that we have had in Nacogdoches for many years closed last night when Supt. Davis in his own informal way delivered the diplomas to a class of eight bright young graduates.

The closing exercises really opened up last Friday evening by the brilliant reception given by the junior class of the High school to the graduates and the young people are deeply indebted to Mr. and Mrs. W. U. Perkins for throwing open the doors of their beautiful home to them and entertaining them so royally on this occasion, and they wish us to say in this connection that they fully appreciate this courtesy and they invoke many blessings upon them and wish for more pleasant evenings in the Perkins home. We feel that this reception will be a landmark in the history of our school, in this way graduation is coming to mean more to our pupils and a finer school spirit is permeating and forming within the student body of our schools. The reception was a great success in every respect and our juniors have reason to congratulate themselves.

This reception was followed by the commencement sermon which was delivered to as many of our citizens and visitors as could be seated in our spacious auditorium. Dr. Alexander who preached for us was at his best and every one went away well pleased and more thoroughly convinced than ever before "That whatsoever we sow that shall we also reap." This sermon will do our school and our town good and we look for a repetition of this feature in all future commencements.

The school is under many obligations to the Symphony club for furnishing the music for this occasion; those sweet strains will linger long with us. Long may this club, the sirens of Nacogdoches, live and flourish.

The program for the grammar school entertainment,

which was rendered Monday night was well prepared and every number was roundly cheered by a crowded house of appreciative spectators. Every one on the program was well prepared and there was no hitch at any point, in fact they were so well drilled that when one of the electric fuses burned out and all was total darkness for a few minutes the exercises kept going on so nicely that many in the hall did not realize that an accident had happened and thought the "darkness" was a part of the program. The pupils and teachers of the grammar schools did themselves great credit in this entertainment.

The proceeds for the night after all expenses had been paid, was \$72. It will not take us long at that rate to pay for our piano and then we can begin to fit up a library for each of our schools. Verily we are improving in a school way as well as in many others.

Quite an interesting meeting followed this when the whole white student body together with most of the trustees and a number of the patrons and visitors assembled at the Central school building Tuesday morning. A more happy and enthusiastic body of pupils could have been found anywhere than was here assembled. After appropriate opening exercises conducted by Mr. R. W. Persons quite a number of the trustees and patrons responded to an invitation from the superintendent and in a happy vein favored the assembly with short talks in which they reviewed the past history and the present progress and improvement of our schools, many nice things were said about our schools, school authorities, pupils and teachers, all of which were duly appreciated and we believe will be productive of good.

Among those who favored us with speeches were, Messrs. Barham, Blount, Hardeman, Cason, Middlebrook, Ingraham, Monk and Burk.

The promotion cards were then distributed by the teachers and most of the pupils were wild with enthusiasm but some were sad, and sadder if possible were the teachers of those who were not promoted; but we must remember that we cannot always make a success in any walk in life; as is the sowing so will be the reaping.

The graduates were greeted on Tuesday night by an overflowing house. The exercises were beautiful and inspiring. Every part was well prepared and presented. We are all proud of this class of bright young men and women and we are expecting some great things from them. The graduates are: Misses Daisy Bowers, May Bridwell, Sallie T. Summers, and Messrs. Ben Sanders, Clyde King, Herbert Shindler, Homer Haredman and Cecil Hardeman.

The stage was tastefully decorated with ferns and the class colors and before the close of the exercises banks upon banks of bouquets of the most beautiful flowers were piled up in front of the graduates by admiring friends and relatives.

The phenomenal success of our schools this year has been due to many things. It has been due largely to the fact that we have had a fine set of boys and girls for pupils. When you have good pupils you may have good schools and our pupils are among the best; then our board of education has been very painstaking in looking after the schools. Many schools suffer on the account of incompetent trustees. We are fortunate here; ours are among the best in the land. And again our people have co-operated with the school authorities as they have never done before and when this is the case good schools are always the result; and last, but not least, we have had a strong, harmonious, well prepared, professionally trained faculty, who have stood by their guns and taught school through "all kinds of weather" and when you get all of these good things combined fine schools are the invariable result.

Rah! for Nacogdoches schools! Long may they thrive.

**Saved by Dynamite.**

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs, and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and LaGrippe. At Stripling, Hazlewood & Co., drug store. price 50c and \$1.00; guaranteed. Trial bottle free. dw

**Adolph Teutsch Better.**

Yesterday at noon Mr. Robt. Teutsch returned from Houston where he went to see his son, Adolph, who was so badly injured at Humble last Friday.

The Sentinel reporter was informed that the patient was doing quite well and that the doctors and nurses at the infirmary were very hopeful now for Adolph's recovery. That nothing was lacking in the way of science and medicine; and the best of nurses were at his bedside to care for his every want.

James Teutsch accompanied Mr. Teutsch to Houston and will remain there so that he can call and see his brother every day, and let the home-folks know Adolph's condition daily.

**A Good Suggestion.**

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. Sold by Perkins, Kleas & Mast.

**Medical Society Meeting.**

The Nacogdoches County Medical Society held its regular monthly meeting yesterday afternoon in the Business League hall. A goodly number of members were present, and from several different localities.

Among other interesting subjects discussed was that of legislation as applied to the doctor and his function. He claims to hold himself above mere mercenary motives, devoting his life and energies to the good of the public in all questions of health, regardless of personal interest. In hours of danger or destruction he faces the condition. Yet the law hits him hard and gives him no special privilege. For instance, Prof. J. F. Y. Paine of Galveston, a most venerable and worthy veteran of medicine, was dragged all the way here, about 200 miles, away from his sacred duties to his home work, and kept here for days to testify as an expert in a criminal case, too facts which might easily have been elucidated by other more convenient doctors. Then at next term of court because he was absent when the case was called again, though he presented a credible certificate of his being sick, he was fined \$250 for disobeying the subpoena. And any leading physician is in like manner forced to travel any distance and any time, neglect the most dangerous case of life and death and sit and wait in the court house days and days to testify as an expert in a most insignificant negro fight, and if he dares to step out at the wrong moment suffer a penalty fine. The law is wrong in many such ways, and yet the legislature refuses to listen to the doctors when medical advice is offered. The patriotic legislators think they ought to govern the vile doctors by strict laws and protect the poor public from oppressive doctors. What a travesty on philanthropy.

up a cold in a single night, wards off bronchitis, prevents pneumonia. Physicians advise parents to keep it on hand.

**Throat, Lungs**

Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

**THURSDAY'S LOCALS.**

**THURSDAY'S LOCALS.**

John Weatherly of Appleby was in the city yesterday.

Miss Norma Sweet of Melrose is in the city visiting at the home of Judge and Mrs. J. A. Pirtle.

Rev. E. D. Blankenship of Troupe was in the city today and was a pleasant caller at The Sentinel office.

T. B. Lewis left today for Tyler to look after the interest of Jno. W. Davis in the bankruptcy court.

Elbert Heady who has been attending school here the past term returned to his home in Gatesville this afternoon.

Swift school district No. 1 will hold an election at an early date for the purpose of voting a special school tax of 20 cents on the \$100 valuation of property in that community.

Cards are out for the marriage of Miss Marie Hall of this city to Prof. Harvey Andrew Peterson, the morning of Monday, May 29, at 10 o'clock at the home of bride-elect's parents Mr. and Mrs. Richard Alexandra Hall.

W. L. Paine, of Trawick, was in the city this morning on a business trip. Mr. Paine is in the mercantile business in his town and is a progressive young man. Speaking of the prospects on the farm this year he said he had never heard so much complaint in all his life on the part of the farmers about the crop prospects for this year.

There is a condition of affairs in the telephone business here that should be agreeably adjusted by the three long distance companies doing business here. They should get together and agree upon some kind of basis whereby all would connect with the local exchange.

## MALARIA A Poison Breathed into the System

The air arising from low, marshy places, damp cellars, stagnant ponds and pools and from decaying vegetable matter, as well as the gases from sewers, is loaded with germs of malarial poison. The water we drink, that has not been properly filtered and purified, is also full of these germs and microbes, and as we daily breathe and drink millions of these into the system, to be absorbed by the blood, the entire body begins to feel the effects of the poison. The most common form of Malaria is "chills and fever," but when the blood is thoroughly saturated with the poison it becomes so weak and polluted that abscesses, carbuncles, boils, sores, ulcers and other skin diseases result. Malaria also affects the liver, kidneys, bowels and stomach, producing a chronic state of biliousness that often results in jaundice or some malignant fever. In cases of Malaria the blood must be purified before the body can regain its natural health. S. S. S. contains purifying and tonic properties possessed by no other blood medicine, and is the ideal remedy for the treatment of Malaria. It destroys the germs of the disease and builds up the weakened, polluted circulation. It enters into the blood and forces out every particle of poison and waste matter and adds strength and activity to it.

**SSS**

S. S. S. improves the appetite and digestion, tones up the entire system by its alterative and purifying action, and Malaria, with all its bad effects, is permanently driven from the system. Book on the blood and any medical advice, without charge.

**THE SWIFT SPECIFIC CO., ATLANTA, GA.**

**FRIDAY'S LOCALS.**

L. H. Shelter is in Houston on business.

A son was born to Mr. and Mrs. A. J. Campbell, at Mahl, last night.

Mr. and Mrs. W. F. Price left this afternoon on a visit to relatives at Logansport.

Harry Peden the hustling real estate man and general all round good fellow of Timpson was a visitor in the city yesterday.

A goodly number of people from interior towns are daily visitors to Nacogdoches, and are taking advantage of the carnival bargains offered by Nacogdoches merchants.

Mrs. L. I. Wade left yesterday for Dalles to meet Luther on his return trip home. He has been taking in the big "shoots" for several weeks and is on his return trip home.

J. T. Petty of Alazan, was here today on business. He is another of Nacogdoches county's good farmers, who reports crop conditions bad.

Hon. Moss Adams, a prominent legal light of East Texas, came up from Nacogdoches Sunday and spent the afternoon and night with relatives in Timpson—Timpson Enterprise.

N. O. Mayheld, one of Red Oak community's progressive and up-to-date farmers was in the city this morning on a little trading trip. The crops out his way are reported as good as could be expected under the circumstances, but the circumstances are "powerful tough."

The first car of Irish potatoes is being loaded today by the Nacogdoches Truck Growers' Association. The car will contain between four and six hundred bushels, and the St. Louis quotations this morning was 80c, which will net the grower between 50c and 60 cents per bushel.

The Nacogdoches Cigar Factory shipped a nice order by express today to A. G. Newell & Son, of Carthage, Mo. The fame of the Nacogdoches cigars is by no means local. A duplicate order was also shipped to Kemp, Texas, and one to Cushing. The Texas smokers know a good thing when they see it.

The Enterprise man took advantage of an excellent opportunity and visited the Nacogdoches Cigar Factory on last Friday afternoon. We

were shown through every department of the entire plant by the generous boss, Col. Louis P. DeMouche. First of all, however, we were furnished with a long "Senate Chamber," a 20 cent cut, made under our gaze. After lighting up we were shown every room and department from the warehouse rooms at the base to the heating rooms at the roof. The factory employs twenty-two people—18 gentlemen and 4 ladies. Sixteen of these are the rollers. Two traveling salesmen look after foreign orders. H. D. Garrison and J. H. Summers. This factory is a great addition to Texas and especially this half of it and it is needless to state that it is yet in its infancy. As to the quality of the smoke it can never be surpassed if ever equaled.—Cushing Enterprise.

Mrs. Burnam, the youngest daughter of Mr. and Mrs. Melvin Matthews of Oil Springs community died at her home in Angelina county on Tuesday of this week and was buried in the family burying ground. It was necessary to cross the Angelina river on the ferry man said that the ferry boat traveled a distance of six miles to make a landing. Mrs. Burnam was an excellent christian woman and was loved by all who knew her.

**Terrific Race With Death.**

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., "as a result of liver trouble and heart disease, which has robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Stripling, Hazlewood & Co., drug store. dw

**Theory of Theft.**

The theory of theft is beautifully demonstrated by the following which is now going the rounds of the papers.

Stealing of a million—genius.

Stealing \$500,000—sagacity.

Stealing \$100,000—Shrewdness.

Stealing \$50,000—misfortune.

Stealing \$25,000—irregularity.

Stealing \$10,000—misappropriation.

Stealing \$5,000—speculation.

Stealing \$2,500—embezzlement.

Stealing \$1,500—swindling.

Stealing \$100—larceny.

Stealing \$10—thief.

Stealing a ham—war on society.

**Cleared for Action.**

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At Stripling, Hazlewood & Co. drug store, 25 cents. dw

**NEW AD VALOREM TAX.**

**Comptroller Sending Out Instructions to Tax Assessors.**

Austin, Texas, May 20.—The comptroller is sending out the following notice to tax assessors regarding the new ad valorem rate:

House bill No. 3, passed at the first called session of the Twenty-ninth legislature, providing for an annual ad valorem tax for general revenue purposes, fixes the rate for 1905 at 20 cents on the \$100 valuation of all property assessed.

You are, therefore, advised that the rates for 1905 are as follows:

State ad valorem, 20 cents on the \$100 valuation.

State school, 18 cents on the \$100 valuation.

In view of the fact that this act is a ninety day law and will not become operative until August 13, 1905, I call your attention to sections 2, 3 and 4 of the act.

Under the provisions of section 2, all tax rolls for the year 1905, on which the state ad valorem tax for general revenue purposes for 1905 is extended at the rate of 20 cents on the \$100, will be valid tax rolls whether made up before or after August 1, 1905, and whether approved before or after that date.

Section 3 of the act requires the correction of any tax roll upon which the state ad valorem tax for general revenue purposes for 1905 is calculated at a rate other than that fixed by the act, namely, 20 cents on the \$100.

Section 4 makes it unlawful for the comptroller to give any assessor an order for the amount due him for assessing the state taxes, until the comptroller shall have received one copy of each of the assessor's rolls, duly calculated in conformity with the provisions of the act. Section 4 expressly provides that no tax assessor shall be paid any compensation whatever for making the correction required by section 2.

Assessors are urged to push the work of compiling their rolls to as speedy conclusion as possible. Tax collections begin October 1, and we should like to have all rolls in the office and audited by that time if possible.

Very respectfully,  
J. W. Stephens,  
Comptroller.

**Does Not Irritate.**

"I have found Simmon's Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver and all kindred troubles, I have ever used. It does not irritate the gripe." Very truly,  
S. P. Cleary, Jackson, Tenn.  
Put in tin boxes only. Price 25c.

**SACUL NEWS ITEMS.**

**Personals and Local News From a Live Little Town.**

Sacul, Texas, May 24.—Jno. H. Cox came up last week to take charge of the Jno. W. Davis bankrupt stock of goods. He was accompanied by his wife. Mr. Cox is a good man, and Sacul people are delighted to have him in business here, and he is so well pleased that he has decided to remain here in business.

Jno. T. Lucas spent a few days in Nacogdoches last week on business, returning Monday.

Mrs. Chas. Fondrep arrived in Sacul Friday from Nacogdoches. Mr. and Mrs. Fondrep will make Sacul their home.

Luke Lucas returned home with his father Monday after having entirely recovered from the operation that was performed on his leg several weeks ago.

Miss Fanny Clampitt, of Troupe, is visiting her cousin, Miss Belle Roberts, of Sacul.

The Cushing band and baseball team honored us with a visit Sunday and the Sacul people enjoyed quite a treat in the way of music. In the forenoon and afternoon a big game of baseball was played and the Cushing boys carried away the honors of the day by doing the Sacul team up brown, but after the Sacul boys get in practice they are going to give them an other chance. The game Sunday was the first one of the season for Sacul. Every one was highly pleased with everything and Cushing has a standing invitation to return again.

Mr. Hunch of Houston, the lumber man, is in our city on business.

Sacul will be a good little town yet for we are going to have a local telephone system here in a few days. Mr. Tom Crawford, of Cushing, is operating the enterprise and he feels sure that he can have everything in operation by July 1st.

There is some talk of a canning factory being put in here; do not know the facts, but such enterprises as these should be encouraged by the good people of our little town as they bring more people and more money, and adds a great deal to our town away from home as well as at home for it proves that we are all enterprising citizens.

The saw mills are able to put in full time once more and if the rain holds up for a while everything will soon be making rapid progress.

Randolph Cox, of Nacogdoches, came up Monday to look at our city and returned home yesterday. Mr. Cox is a member of the firm of Stroud & Cox and a son of Jno. H. Cox, of this city.

Bob Mitchell, of Moody, Texas, formerly of Douglass, is in town on business.

When ever you feel impending ill,  
And need a magic little pill,  
No other one will fill the bill  
Like DeWitt's Little Early  
Risars.

The Famous Little Pills Early Risars cure constipation, sick headache, biliousness, etc. They never gripe or sicken, but impart early rising energy. Good for children or adults. Sold by Perkins, Kleas & Mast.

**LIVING TOO HASTILY**

**AMERICAN WOMEN BREAKDOWN**

Irregularities and Female Derangements Result—Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

*Mrs. Chester Curry*

one woman in twenty-five but what suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with headache, nervousness, sleeplessness, bearing-down pains, displacement of the womb, spinal weakness or ovarian troubles.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—womb trouble.

Read this letter:

Dear Mrs. Pinkham—

I was troubled for eight years with irregularities which broke down my health and brought on extreme nervousness and helplessness. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. Day by day I improved in health while taking it until I was entirely cured. I can attend to my social and household duties and thoroughly enjoy life once more, as Lydia E. Pinkham's Vegetable Compound has made me a well woman, without an ache or a pain.

Mrs. Chester Curry, 43 Saratoga Street, East Boston, Mass.

At the first indication of ill health, painful or irregular menstruation, pain in the side, headache, backache, bearing-down pains, nervousness or "the blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

**Farmers Union Meeting**

There will be a big meeting of the Farmers Union at Eagle Mill, Shelby county, next Saturday. Invitations have been issued by H. I. Childress, president, and David Sholar, secretary of the union at that place to sister unions to join in the district meeting and have a good time generally. District Lecturer Hardy Dial will deliver an address on "What Constitutes True Unionism."

**Hot Weather Piles.**

Persons afflicted with piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which makes piles more painful and dangerous. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of E. C. DeWitt & Co. Sold by Perkins, Kleas & Mast. dw

**For Sale**

240 acres of land, situated 1 1/2 miles south of Nacogdoches, Texas, Arroyola Head right; 150 acres in cultivation, fair improvements, now occupied by J. F. Franks. The soil is largely a red loam and very productive. It is especially adapted to diversified farming and would make an ideal fruit farm. Terms 1/4 cash and balance to suit purchaser. Apply to Haywood Land Company, 254 Texarkana, Texas.

**A Positive Necessity.**

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. P. Byrnes, Merchant Dowville, Texas 25c. 50c. \$1.00. Sold by Perkins, Kleas & Mast.

### We Apply Experience

and skill to the preparation of pure drugs, chemicals and physicians' prescriptions for the betterment or preservation of your health, the increasing of your comfort and pleasure—the latter in the way of toilet, and bath articles, soaps, perfumes, waters, hair and tooth brushes, tooth pastes and powders, talcum powders, etc. In every department of our store great care is exercised to secure purity. Prices as low as they ought to be. We want your patronage

Stripling, Haselwood & Co.

#### MONDAY'S LOCALS.

Chas. Fondren is in the city from Sacul.

B. B. Haltom, of Swift, is in the city today.

Tom Barron from Griffin, Ga., is in the city on a visit to relatives.

Beeman Strong went to Livingston this morning on legal business.

H. T. Crain returned last night from a business trip to Beaumont and other points.

Dr. W. H. Faulkner, of Lawsonville, is visiting his sister, Mrs. Beeman Strong.

Miss Pearl Leak of Center, is in the city to attend the marriage of Miss Marie Hall.

Miss Addie Hanley of Lufkin, attended the marriage of Miss Marie Hall to Prof. Peterson.

Mr. Jno. Cox came down from Cushing yesterday on business. He returned this afternoon.

John Burford, of Marshall, is in the city to attend the wedding of Miss Marie Hall to Prof. Peterson.

Mr. and Mrs. Albert Cronkite of Lufkin, are in the city to be present at the marriage of Miss Marie Hall to Prof. Peterson.

Mr. and Mrs. J. E. Sharp, of Lufkin arrived in the city yesterday to be present at the marriage of Miss Marie Hall to Prof. Peterson.

J. B. Power has started to budding his half million peach trees which will be on the market for next season.

T. K. Raynor, the merchant and postmaster at Decoy, was in the city this morning on a business trip.

Robert Kleas says that Sam H. Dixon will ship a car load of blackberries this week from his fruit farm near Fitze.

Mrs. J. T. Goodwin and grandson, Cladeus Kennedy, of Moscow, are in the city on a visit to Mr. and Mrs. J. B. King.

From our very lowest cash prices we will allow ten per cent discount, upon any buggy or surrey bought of us during May or June whether bought for cash or on time.

D. K. Cason.

A. A. Meador, of Libby, was here yesterday.

Mrs. I. L. Sturdevant is up from Nacogdoches visiting her sister, Mrs. E. M. Weatnerly.—Garrison Gleaner.

Dr. E. S. Adams attended the Nacogdoches County medical association at Nacogdoches Tuesday.—Garrison Gleaner.

Bruton Bros. have moved their restaurant into the building next to Stripling, Haselwood & Co., and have an extra pleasant location.

Geo. C. Ingraham went to Sour Lake where he went with Mrs. Ingraham and the baby. Mrs. Ingraham will remain in Sour Lake several months for the benefit of the baby's health.

During May and June you can buy a buggy or surrey just ten per cent cheaper from Cason than he has ever sold the same grade for. This is no "catch." Simply enables you to buy a \$50 buggy for \$45, a \$65 buggy for \$58.50, or \$100 surrey or buggy for \$90. All others in same proportion.

F. O. Smith has moved to Nacogdoches from Kennard and has opened up a first-class livery, feed and sales stable. He has rented the Spradley barn on Main street. Mr. Smith says that he has moved here to make Nacogdoches his home because the schools of this city have the reputation of being the best in East Texas.

Yesterday afternoon the colored base ball tossers of Lufkin, crossed willows with the Nacogdoches aggregation. What the Nacogdoches negroes did to that Lufkin bunch was a plenty. When the game was closed the score stood 27 to 2 in favor of Nacogdoches. One of the catchers had two fingers broken by a pass ball.

The season for driving is now here. We have a larger stock of buggies and surries than ever before. Our trade is very large on them—to make it greater still we will during May and June allow a special discount of ten per cent from our very lowest cash prices whether you pay all cash or not.

D. K. Cason.

#### TUESDAY'S LOCALS.

H. N. Nelson, Esq., of Carthage, was in the city today on professional business.

Mrs. Lena Borders of Los Angeles, Cal., arrived in the city this morning and will make her home with her grandparents, Mr. and Mrs. Carter Baker.

Geo. Barham has returned from Galveston to spend vacation with the home folks. George has one more term to attend college when he will return with his sheep skin and will be a full fledged doctor.

Alton G. Smith who lives about four miles east of town brought The Sentinel an onion this morning, which for size, weight and smell, is about the biggest thing in town. It's of the white pearl variety, measures 5 1/2 inches in diameter and weighs 1 3/4 pounds. This was grown in an ordinary garden patch, but it is proof that Nacogdoches can grow onions as well as other sections.

Simon Zeve has severed his connection with Tucker, Zeve & Dotson, and will leave about the 15th for Shreveport, La., where he will be connected with Reubenstein Bros., one of the leading firms of that city, as assistant buyer and manager.

Willian.s Bros. have on display at H. T. & W. O. Crain's office a barrel of oil which is from well No. 3. The oil is said to be of an extra high grade and requires but very little refining.

The cigar makers have purchased 50 acres of land three miles west of town and have named it the Blue Lable Tobacco farm. It was a cash transaction and the land was bought from Dr. J. E. Mayfield. The organization of the Blue Lable company was mentioned several days ago in these columns.

W. A. Barry, of Linn Flat, was in the city yesterday Mr. Barry in conversation with a Sentinel reporter said that if the farmers could get 10 days of sunshine and would work during that time, that a fair corn crop would be raised; cotton was a very sorry proposition out in his community.

J. M. Cornelius of Sacul was in the city yesterday on a business trip and shaking hands with his numerous Nacogdoches friends. The Sentinel reporter was after the news, but Mr. Cornelius had nothing of interest to tell about his section, but "you might state" he said "that the prospects for the farmer in my section is indeed rather gloomy."

H. H. Wade of Cushing, was in town yesterday and while here a Sentinel reporter buttonholed him for the news. "Will you can say this, I have been in Nacogdoches county for 50 years and I never saw such a general all round bad spring of crops before. There are but very few patches of corn in my section that could be called fair, and in many places what corn has been planted will be plowed under and June corn planted. Quite a lot of land which has been planted in cotton will be done in a like manner."

B. B. Haltom of Swift, in speaking of the cotton acreage yesterday said that the farmers in his section at the beginning of the year decided to cut the acreage 25 per cent, then the good Lord cut the 75 per cent planted to about 50 per cent. Just about half of what was produced will be raised in his section this year.

### As Your Complexion Appears After Using GRANDMA'S TEA

NATURE'S BLOOD PURIFIER

"The Tea That Made Mother Well"

At All Druggists 25 cents.

None genuine without the picture of Grandma Park

Dr. W. G. Hartt of Appleby is in the city today.

John Tucker of Chireno is in the city today on a business trip.

Henry Bridwell of Chireno is looking after some business interests in the city today.

Mrs. Greer of Chireno is in the city on a visit to relatives.

Miss Daisy Teutsch of Chireno, is in the city visiting her sister Mrs. T. J. Kinsey.

#### Hall-Peterson.

The marriage of Mr. Harvey Andrew Peterson of Nashville, Tenn., and Miss Marie Hall of Nacogdoches, Texas, was one of the most attractive home weddings ever given in our city.

The marriage took place at the historic and interesting home of the bride's parents, Mr. and Mrs. Richard A. Hall. Rev. McClure officiating.

The bride's costume was a beautiful white silk trimmed with valenciennes lace. The parlors were artistically decorated with southern smilax fragrant jasmine and magnolias.

The attendants were Miss Irene Crain and Mr. John Cronkite.

A musical program was given by Mrs. W. W. Perry and Mrs. Steve King, after which the bridal party entered the parlors to the strains of Mendelsohn's wedding march.

The groom is a prominent member of the faculty of the University of Nashville, Tenn.

The bride is a great grand daughter of Gen. William Hall who was Governor of Tenn., in 1829. Her commendable traits of character and varied accomplishments have made her loved and admired by all who knew her.

The bridal presents were numerous and handsome. The young couple left for Asheville, N. C. to spend their honeymoon. After two weeks they will return to Nashville, Tenn., and there they will make their future home.

A GUEST.

B. B. Haltom of Swift, in speaking of the cotton acreage yesterday said that the farmers in his section at the beginning of the year decided to cut the acreage 25 per cent, then the good Lord cut the 75 per cent planted to about 50 per cent. Just about half of what was produced will be raised in his section this year.

#### WEDNESDAY'S LOCALS

Mrs. L. C. Jopling and children, of Garrison, are in the city visiting Mrs. Jopling's parents, Mr. and Mrs. J. J. Liley.

John Gallant, city marshal of Cushing, was in the city today on business.

Bob Martindale, of Cushing, was in town today.

C. E. Oleson, of Cushing, passed through the city today enroute to Houston.

Gabe Lucas, of Sacul, is here taking in the Carnival.

Harrison Wade, of Sacul, is here today.

Dr. W. G. Hartt and Prof. W. B. Melton of Appleby, and Mr. Jas. Skillern of Melrose, all took advantage of the ten per cent special discount on Buggies and Surreys advertised by D. K. Cason, and each one bought a vehicle from him. These gentlemen know a good thing when they see it. Cason has lots of good things for you. rdtw

J. B. Power leaves tomorrow for the Northern markets, where he will represent the East Texas Fruit and Truck Growers Union and the Texas Fruit and Truck Producer's Exchange. He goes to Indianapolis, but when peaches come on the market will go to Buffalo for the remainder of the season. Mrs. Powers will accompany him and spend the summer in the North. Frank Cadenhead will have charge of Mr. Power's business in his absence.

### TO BEAUTIFY YOUR COMPLEXION In 10 Days, use SATINOLA

The Unequaled Beautifier

A few applications will remove tan or sallowness and restore the beauty of youth. SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove freckles, pimples, liver spots, blackheads, tan, discolorations and disfiguring eruptions. Ordinary cases in 10 days, the worst in 20 days. After these defects are removed the skin will be soft, clear, healthy and beautiful. Price 50c at drug stores or by mail. Thousands of ladies testify to the merits of Satinola. Miss Bessie Miller writes: Levy's, S. C., Aug. 9, 1904. I am delighted with the results of Satinola. Of the many preparations I have used Satinola is the only one I have found to positively remove freckles and clear the complexion. One of my friends has used it and is very enthusiastic. NATIONAL TOILET CO. PARIS, Tenn. Sold in Nacogdoches by Perkins, Kleas & Mast
