LIGHT ON THE SUBJECT.

A Member of the Railroad Commission Writes The Sentinel.

The following is a letter received a few days since by the Sentinel and the same is published so that the people of Nacogdoches may see what the Railroad Commission of Texas is willing to do for the Nacogdoches & Southeastern:

RAILROAD COMMISSION OF TEXAS.

Austin, Tex., June 24, 1905.
Editor Sentinel:
Nacogdoches, Texas.

Dear Sir:

I note the editorial in The Sentinel of last issue concerning the recognition of the Nacogdoches & Southeastern Railway as a common carrier.

The commission has declined to recognize a number of so-called logging roads as common carriers for reasons stated to the applicants.

My purpose in writing you, however, is to state that a majority of the commission—Story and myself—have voted to recognize the Nacogdoches & Southeastern but conditioned that said company shall build depots and equip itself to do the business of a common carrier.

Yours truly,
O. B. Colquitt.

In reply to the above The Sentinel has written to Mr. Colquitt as follows:

Nacogdoches, Tex., June 27.
Hon. O. B. Colquitt,
Austin, Texas,

Dear Sir:

We have your favor of the 24th and note your remarks relative to recognition of the Nacogdoches & Southeastern Railroad Company along the lines of a "Common Carrier" and in reply beg to state that in so far as we are able to learn plans are now under way by that company for the carrying out of the conditions that you mention as being essential to such recognition.

Personally we can state that this company has secured the greater part of its right-of-way and depot grounds into the city of Nacogdoches from their present terminus at Hayward, Texas, and as soon as the balance is obtained, work will be immediately commenced to enter the town and connect with the Houston, East & West Texas Railway and also build their depot.

On the other end, terminus known as Hampton, the line is graded to a point half a mile beyond the town of Woden and as soon as the rails, which are now on the way, arrive, this stretch will be laid and depot facilities erected at Woden. We are also advised that it is seriously considered, in fact practically settled to build from there to Oil City, a distance of four miles in an effort to develop the oil industry and which we will say

will probably forward the development in that section and ultimately give a large oil field to this section of Texas. A number of capitalists have invested money in the oil fields and are preparing to prosecute the work vigorously as soon as through rates can be established in connection with the Nacogdoches & Southeastern and roads with which it joins.

The citizens of the town of Nacogdoches, will we are sure join us in expressing thanks to both Commissioner Story and yourself for the action you have taken in this matter.

This road, we are prepared to say, from our own observation, is the equal in point of general excellence of any road in East Texas as all the constructional work has been of a first-class nature, new rails, etc., and is far above what is generally termed a "logging road."

In conclusion we desire to thank you for your actions in the premises which you may be assured will be highly appreciated by every citizen in the city and will certainly be a fine thing for this section.

Very truly yours,
Haltom & Haltom,
Pubs. Sentinel.

The Sentinel reporter called on Manager Bay of the Nacogdoches & Southeastern this morning and that gentleman stated that it was the intention to push the work of putting in the required depots and making such other improvements as were required by the Commission.

Mr. Geo. W. Cable is expected to arrive in Nacogdoches today or tomorrow and upon his arrival definite plans for the future of the road will be outlined, and from the information given out at the general offices of the road it is an assured fact that within the next sixty days the Nacogdoches & Southeastern will have complied with all the requirements as set forth in Mr. Colquitt's letter to The Sentinel.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years and it had taken it at the start would have been saved years of suffering. At Hymen's Altar.

Sunday night at 8 o'clock Miss Ettillou Cox and Mr. George Meisenheimer were married at the home of the bride's parents, Mr. and Mrs. John Cox, Rev. George L. Crockett, rector of Christ church, pronouncing the ceremony that made them man and wife.

The wedding was a home affair and only the immediate relatives were present. After the ceremony Mr. and Mrs. Meisenheimer went to the home of Mr. and Mrs. Chas. Hoya where they will stay until after the first of July when they will go to housekeeping in the cottage on Main street formerly occupied by Mr. and Mrs. Lamar Blount.

Miss Ettillou is the only daughter of Mr. and Mrs. John Cox and was born and raised in this city and is a most charming woman and is loved and admired by all who have the pleasure of her acquaintance, and she possesses all the good traits that a man could wish for in a wife and helpmeet.

George Meisenheimer is one of the best of men and is one of the leading citizens of the town, and is at present county surveyor of Nacogdoches county. His word is his bond and his friends are legion, and with these The Sentinel joins in wishing George and his fair bride a long and happy wedded life, and when they have journeyed down the hill of time to old age may they hand in hand look back to the 25th day of June, 1905, as the time when their true happiness began.

Car Service in Texas.

Twenty-three roads were represented at the annual meeting of the Texas Car Service Association at Houston last week. Charles B. Peck, manager, showed in his annual report that there had been handled during the year 895,115 cars, against 836,714 for the preceding year, a gain of 58,401. The manager's report closed as follows: "Neither lawsuits, appeal to the Railroad Commission nor serious contention with our patrons have occurred during the year, due largely to the co-operation of officers and agents and the faithful observance of our rules." Mr. Peck was elected for the thirteenth time manager, and W. G. Van Vleck as chairman of the board. The position of cashier was created and Robert S. Collins appointed to that office.—Railway World.

Henry Birdwell of Chireno, is in the city today on a business trip. TREAT THEM COURTEOUSLY.

"The railroads are doing all they can to persuade immigrants to go South instead of West," says S. H. Hardwick, general traffic manager of the Southern Railway, in the Railway World. "But the people of the different States must do their share." They must show a spirit of welcome and of hospitality to the people that we send them. It will not do to merely sell them a farm on to find for them employment on a farm or in the mills. They must be taken into the community. The railroads, when they land immigrants or Southern farms or in Southern towns, have done all they can. It is for the people of the South to do the rest. If they show an inhospitable spirit by segregating these new arrivals from all interest and participation in the life of the community, the new arrivals will soon tire, and if they do not depart themselves, will write letters home which will surely prevent any more of their people from following them. So it is the utmost necessity that the people take care of the immigrants after we bring them into their midst."

THE Supreme Court of Ohio, (Pennsylvania Company vs. Loftis, 74 Northeastern Rep. 179) holds that while a railroad company selling a coupon ticket for transportation over its own and connecting lines may, by contract express or implied, make itself responsible for safe carriage over the entire route, yet the mere sale of such coupon ticket does not of itself amount to a contract to become responsible for the safety of the passenger beyond its own line.—Railway World.

THE Bowen-Loomis matter has been settled by the president separating Bowen from his commission as minister to Venezuela. "There was nothing dishonorable in the transactions in which Mr. Loomis figured, but that he was not discreet," is the language of Secretary Taft touching upon Mr. Loomis. THE MAN WHO HESITATES.

The following article was a contribution to the Bonham News, and is good reading matter for the people of Nacogdoches. In fact it will do you good to read it:

"The old saying that 'second thoughts are best' is so old and so often quoted that it has been generally accepted as a fact. No doubt, for some individuals, this is the wisest and best philosophy, but for others it is fatal. The latter, if they were not allowed to act upon impulse, could not act at all. Such men, if forced to reconsider and think twice before acting, would find themselves so puzzled they would actually not know what they thought and therefore be wholly unable to act. These impulsive, quick-thinking men act while they think. They never put off until tomorrow that which can be done at once. The majority of successful money-makers are men of impulse; men who think and act quickly, regardless of risk. Some slow-thinking men are pre-eminently successful, but not as money makers. The slow-thinker is necessary, but the demand for him daily grows less. The man who hesitates is not a product of modern America. The world is moving too fast to wait for the man who is undecided. Give us men of decision even if the decision is bad. Much thinking blurs the judgment of many people. Second thoughts are not always best. The soul is often lifted on the wings of a sudden inspiration to heights of truth it could never reach by slow plodding."

THE Chinese boycott on American made goods is said to be spreading in the land of the Mongolian, and it is dollars to doughnuts that at the next session of the national congress that the Chinese exclusion act will be so modified that John Chink will be able to come and go to America at any old time that it suits his convenience. The trusts and combinations are beginning to awaken to the fact that a goodly portion of their trade in China will be cut off unless the United States steps in and makes an apology to the Chinaman for having kept him out of this country as long as we have. When we touch the pocket book of the trust the next thing is a howl, which is then followed by the needed legislation as per the dictation of the trusts.

THE Cotton Seed Crushers had a good meeting at Galveston this week but they did not provide a way for the small stockholders to avoid having to pay extra assessments on their stock in the small mills and at the same time retain their stock. Some how it does appear strange that oil takes a drop within about sixty days after the season opens up, and then continues to drop until the small mill has to unload to take care of the paper that it has floating around through the country in payment for seed.

THE president says that Paul Morton is not guilty of rebating shippers when Mr. Morton was with the Santa Fe. President Roosevelt acted as the judge and the jury and handed down his decision, and in doing so expressed himself in positive terms complimentary of the integrity and ability of Mr. Morton. This decision will no doubt in after years be used in the advertising matter of the Equitable Life Assurance society of which Mr. Morton has been made chairman of the board of directors. He is a shrewd business man and if he fails to take advantage of this piece of thunder and use it in telling the good people of the United States that the president thereof has considered him to be a top notcher, then the policy holders had better call for his resignation.

If East Texas people would come to West Texas and see what we really have they would not stay long in that part of the state. West Texas compares most favorably with any part of the Southwest, and is really and truly the Garden of Eden, if there be one in the state.—San Angelo Standard.

Which will make the average East Texan laugh till his sides ache. For he thinks there is but one better place than East Texas, and that is Paradise, and he does not want to go there, particularly at this time, when the trees are loaded with peaches and Japanese plums, and the fields are full of tomatoes and ripening cantaloupes and watermelons.—Galveston News.

EX-MINISTER BOWEN says that Mr. Loomis is dishonest and that his conduct was a disgrace to this country. So there you are. Mr. Taft says that Mr. Loomis is a pretty good sort of a chap, but that Bowen is not all that is claimed for him by his friends.

THE rain this week may possibly make a good crop of corn in many sections of the country, but it matters not how much it may have benefited the cotton plant, that crop is practically a failure now on account of the presence of the boll weevil at this stage of the game.

In the Valley.

A trip through the valley reveals to the reporter that that section of the city is fast becoming the factory and wholesale district of Nacogdoches.

First there is the Nacogdoches Crate & Box Factory that is giving employment to quite a number of people and is shipping its products to all parts of the country where fruit and vegetables are grown for the market.

Next comes the large planing mill of W. T. Wilson which is running full time and puts in a big portion of the time running both day and night in order to take care of the demand for firstclass finishing stuff. The product of this enterprise finds its way to the cities in every part of the United States.

Down the valley a little farther is the Ritchie Ice factory, while this is a new venture, yet it has to run full time to take care of the ice business of this section.

Then comes the compress which, during the cotton season, is about the busiest place in the county and gives employment to a large number of men.

Near the compress is the Banita Manufacturing plant. Here is made most everything that can be made out of wood, and some of the interior finishings of the many handsome residences in the city, and the finest store fronts in Nacogdoches were made at the Banita Manufacturing plant. The plant also has a fine out of town trade.

Then there are the wholesale warehouses of W. T. Wilson wholesale grain and flour, and King & King who do a general jobbing business. Across the track is the cotton warehouse of P. M. Sanders where thousands of bales of cotton are stored during the cotton season. The Alliance warehouse is a little further up the track and it handles a goodly portion of the storage cotton.

Then there is the Merchants & Farmers Cotton Oil Co.'s magnificent plant with its numerous seed houses. During the cotton

son this is one of the busy of busy places, and large sums of money are expended for seed which is paid to the farmers of Nacogdoches and surrounding counties and furnishes a good market for a product that a few years ago was considered practically of no value.

The Nacogdoches Grocery Co. has its general offices and wholesale houses near the oil mill, and is an enterprise that every citizen of Nacogdoches takes especial pleasure in mentioning to the stranger "within our midst." The charter of this corporation was recently amended and the capital stock increased to \$125,000. Their business has increased to such an extent that a branch house has been opened at Timpson.

Then there is the Nacogdoches Light & Power plant which is the equal of any plant to be found in cities several times the size of Nacogdoches.

Near the light plant is the Nacogdoches Foundry & Machine shops. This plant is prepared and amply equipped with modern machinery and appliances to take care of the needs of Eastern Texas for foundry and machine work, and every man engaged in this establishment is a skilled machinist, and in the foundry the pattern maker and the molders are men who have had years of experience in their line of work and can make an entire engine should an order be placed for one.

Then comes the Nacogdoches Show Case & Manufacturing Co.'s plant. While it is not in operation, yet the work erecting the necessary buildings is being rapidly pushed and by the first of August it will be in running order.

The Nacogdoches Steam Laundry, while not in the valley proper, can be placed in the list as it is on Taylor avenue. The laundry is doing a good business and out of town trade is good.

There will be erected the show case works a hardwood mill some time fall or winter.

Just to sit in one's office and never get out, this article may be a bit of news and The Sentinel feels proud of the start the town has made in manufacturing concerns and wholesale houses that are located in the valley. At some future date the other plants and wholesale houses in the city and eastern suburbs will be mentioned.

Doughtie-Murphey.

From Thursday's Daily:

The Doughtie home on Pillar street was the scene of the prettiest home weddings ever consummated, in Nacogdoches, at 11:30, Wednesday morning, when Mary, the only daughter of Capt. and Mrs. Doughtie, and Mr. Coke Murphey were made man and wife, in the presence of a host of relatives and friends.

Loving hands had decorated the home with trailing vines, potted plants and white roses.

Just before the entrance of the bridal party, Mrs. M. J. Dooley whose magnificent voice never sounded to better advantage, sang "Oh Fair! Oh Sweet and Holy," and "Because," then as the low sweet notes of the wedding march under the skillful fingers of Miss Hattie Thomas, filled the rooms, two little fairy like figures, Gertrude, the baby daughter of Mr. and Mrs. Hulen Crain and Master Ralph Doughtie come slowly through the hall into the front parlor, unwinding as they came bands of wide white satin ribbon, making an aisle to the bower of palms at the end of the room. Through this came Mr. Murphey with his best man, Mr. Dick Doughtie, followed by the bride and her maid of honor, Miss Fannie Wade. Miss Doughtie in a beautiful creation of white organdie and valenciennes lace, carrying an arm boquet of white bride's roses, while Miss Wade carried long stemmed American beauty roses, taking their places before Rev. McLeod, of the Presbyterian church, he in a few well chosen words made them one.

While the bride was changing her wedding dress, for the handsome going away one, the guests were refreshed by fruit punch served by Miss Tommie Murph and Miss Jennie Hoya in the back parlors. As they passed out of there they were led into the hall, where Miss Mary Rulfs presided over the register, where each guest was asked to register; in into the sitting room where there were displayed many handsome presents, some coming from different parts of the State, many from Alabama and Georgia, while the greater majority were from friends here.

As the bride left the house she threw her bouquet, which was caught by Miss Addie McKinney of LaGrange.

Mr. Murphey is a young

man of sterling worth who numbers his friends by the extent of his acquaintance, while his bride is not only one of the most beautiful girls of the state, but is truly loved by all those with whom she comes in contact.

After spending several weeks visiting different cities in the north, they will be at home to their friends at the Banita hotel.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I here by certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by Perkins, Kleas & Mast. dw

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

"The time-worn injunction, 'Never put off 'til to-morrow what you can do to-day,' is now generally presented in this form: 'Do it to-day!' That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Bochee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

San Augustine Shooting.

The following is an account of the recent shooting in the Red Land city, as written by the San Augustine correspondent to the Houston Post:

"The trouble arose over a watermelon which Oscar Lynch had bought. The negro cursed Oscar, whereupon Babe Sossaman took it up and hit the negro over the head. The Lynch and Sossaman boys are cousins and belong to the best families in San Augustine county. Henry and Sweet Lynch went to the negro's house to settle the matter with the negro. When they met he threw a gun on them, cursed them and made them back off. Henry went

to get a gun. When he came back he found the negro farther up the railroad track in another negro house. Henry went in the front door, passed through and into the dining room. The negro stepped behind the door—and shot Sossaman in the left side before Sossaman had time to raise a gun. He caught Sossaman with a shot gun loaded with squirrel shot. He then shot at him with his pistol but missed. Henry hollowed to Brown to come and help him as the negro was about to kill him. The negro ran out the back door and chased Brown down the track. The negro handed his gun to his wife, crossed the track in a westerly direction and has not been heard of since."

Later reports from San Augustine say that the physicians amputated Mr. Sossaman's arm and that he is recovering nicely from his wounds. The information also comes that the negro is still at large.

Liver and Kidney Troubles

Are more important than many imagine. After the Negro.

A few days ago a negro shot Mr. Sossaman at San Augustine and escaped. Yesterday it was reported here that the negro had been seen in the vicinity of Clevenger's mill a few miles south of the city and the sheriff's department was so notified. Officers left for Clevenger at once. At five o'clock a telephone message from the town of Clevenger stated that the negro had got wind of the fact that the officers were after him and the negro had moved his headquarters, but that the posse were after him and that the prospects were good for a capture.

Local Optionists to Meet.

Denton, June 21.—The following notice has been sent out by H. H. Hasell, president of the Texas Local Option association:

To the local optionists of Texas:

You are urgently invited to attend the annual convention of the Texas Local Option association at the City Hall, Dallas, Texas, July 4th, 1905, beginning at 10 a. m.

Matters of vital importance to the best interests of society and good government in Texas, as will be under consideration. Every friend of the church, of the home and of civic righteousness in Texas, who can do so, ought to attend this meeting. We have selected this date because of the reduced railroad rates that will prevail at that time.

Remember the Texas Local Option association is not a political organization and that its sole purpose is to aid by non-partizan, non-sectarian methods in closing the drunkard factories in Texas and keeping them closed.

If you want to help to accomplish this purpose and no organization sends representatives from your community, consider yourself a delegate and come.

Write our secretary regarding any matters of special interest.

A CUSHING NEGRO IN TROUBLE

George Davis in Jail Charged With Shooting Another Negro Man.

Yesterday Constable Will McMillin received a telephone message from Cushing stating that the city marshal of that town had a negro under arrest on a charge of shooting another negro and to come and get the negro and put him in jail as there was no place in that town where they could keep the negro. The constable left on the first train out of town for Cushing and yesterday he returned with the negro and placed him in the county jail. An examining trial was waived and the bond was placed at \$250.00, and as the negro did not have friends here who had confidence enough in him to go his bond, he was placed in the county jail, there to await the action of the next grand jury.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Galomel and Guinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

To be happy must be a healthy one.

Thousands of women living today who were broken down either from diseases peculiar to their sex, raising children, overwork, or worn out by household annoyances, were cured by the great strengthening medicine, Brown's Iron Bitters. Pleasant to take, and especially recommended for weak suffering women, nursing mothers and weak puny children. Sold by Stripling, Haselwood & Co. dw

It is said that the city of Nacogdoches will pave Main street from the depot to the square with rock. If this be true it will be a step in the way of giving the town better streets. There has been enough money expended in the past five years in dumping old-brick bats and gravel in the mud holes around the town to have paved Main street from one end of the town to the other. When the council undertakes the matter of paving the streets The Sentinel will stand by the city in the undertaking.

Miss Frankie Summers returned home yesterday from Dallas where she has been attending the Ursuline Convent for the past year, and she is wearing a gold medal of this school for having attained the highest grade in instrumental music in her class.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

TO BUCK CUBAN TOBACCO.

Few people realize the wide versatility of southern soil. In a vague sort of fashion we appreciate the fact that the south has, literally, merely, "tapped" its pay vein of resources, but the exact knowledge of the average southerner is not of any great amplitude.

For instance, how many southern people are aware that cigars made from Texas tobacco are being sold in New York hotels in competition with the most fragrant products of Cuban soil and sunshine? Such is the case. There is a considerable area in the Lone Star state which, it is claimed, in every respect duplicates the famed Vuelto Abajo district in Cuba, noted for its yield of tobacco that is worked into the high-grade cigars that have made the words "Cuba" and "Havana" known around the world.—Atlanta Constitution.

The Nacogdoches cigar factory is shipping cigars to the leading dealers and hotels in New York city every week, and the fact that duplicate orders have been filled several times since the products of the Nacogdoches factory have been put on the market is evidence that the cigar smokers of New York city are pleased with cigars made from tobacco raised in Nacogdoches county.

Would you like to live in a country that the Lord smiles upon at frequent intervals and causes the people to be prosperous? If such are your desires come to Nacogdoches and see a town that is "the best what is."

There will be a big shaking up in the price of real estate in Nacogdoches county in the near future and if you are thinking of buying a home in the town that is the "best what is" you will have to hurry.

Texas is the state for the poor man and there is no section of the state that offers him such good inducements to make for himself an independent living as the section commonly called East Texas.

The Democratic Majority Rule League is the latest political organization in the state of Illinois. The democrats of that state propose to overcome in the future, such undemocratic demonstrations as were carried on at the last state convention.

On account of the fourth of July celebrations the Houston East & West Texas railway will make special low rates to all Texas points. Also to Louisiana points located on the Houston, East & West Texas railway.

The farmer who set aside a few acres this year and planted it in truck is the one that is not raising a very big fuss about the boll weevil. In Nacogdoches he finds a very good market for everything in the way of vegetables and truck of all kinds.

It is as hard to edit a newspaper that will suit everyone, as it is to make the ordinary thinking man believe that the moon is made of green cheese. The fact that the paper is not edited to suit everybody is prima facie evidence that the editor has a few ideas of his own. Had you ever thought of that?

It is gall in great big chunks for the aristocratic individual to send off to foreign print shops and have their printing done and then call on the publisher of the local paper and bring him a two column write up of the event and then collect up the papers from neighbors rather than invest a twenty-five cent piece with editor for a few extra copies.

The Current Issue in a cartoon on the front page in the last issue says that the crop pest in Texas is gubernatorial candidates.

There is a probability of the Japanese becoming a greater evil to the interests of labor in this country than the Chinese. They are flocking to this country as fast as they can and the greater part of them are paupers, so say reports from San Antonio.

Russian Poland right at this time is the scene of the worst kind of rioting and it is more than likely that before the matter is finally settled that there will be a general uprising throughout that country and will wind up in a revolution.

Whitecaps are making trouble for the officers in Louisiana and the Federal authorities have been appealed to. The negro help in the northeastern part of Grant parish has been run out and the saw mill interests in that section has been somewhat crippled on account of the trouble.

While The Sentinel is no weather prophet yet it is of the opinion that the weather clerk is giving East Texas just a little too much rain for the general good of the farmer, and when the farmers get too much rain it is a sure sign that the crops will not be just what they ought to be.

Col. Frank Holland will issue on the first of August the initial number of a new magazine to be called Holland Magazine. The publication is to be a home magazine of a high literary character and is designed for general circulation throughout the South and Southwest. The subscription price of the new publication has been placed at only \$1 per year. The Sentinel has received a proof of the August cover of the magazine which is a work of art. It is finely lithographed in several shades of green and in the center is a beautiful summer scene.

A Jolly With The Gang.

A town cannot prosper with only a few people pushing it.—Ratcliff Herald.

But the few can make a noise like a good town until the whole works will join in and push that town's interests until the entire country adjacent thereto will become enthused.

The Herald never could understand how people could be content to live in a land where they are freezing or burning up all the year round, when in Texas outdoor work can be performed the year round. Taken up one side and down the other there is no other country on earth quite so favorable in every way as glorious old Texas.—Palestine Herald.

And especially that section of "glorious old Texas" commonly called "Eastern Texas." In Nacogdoches county, with a few possible exceptions, a man can live out of doors the year round.

There has fallen too much rain in this section this week for the good of crops, as "General Green" will now get ahead of the farmers.—Jefferson Jimplecute.

The weather clerk has a hard time in dishing out weather to suit Texas as a whole. When it's wet we want it dry, and when it's dry we want it wet. Always wanting what is not.

Don't mortgage your crop.—Longview Clarion.

Raise truck and fruit and have something to sell every day. That is the best way to cut off the mortgage.

The man who talks about a "rare" June day is either crazy or a fool. They are all being cooked to a turn this year, and no mistaking that fact.—Austin Statesman.

The Statesman should send its paragrapher to Nacogdoches to spend a week. The month of June has been somewhat of a freak here.

Don't be a croaker. There is nothing in it and you hurt only yourself, and sometimes your neighbor. The best thing to do is to keep mum, if you can't say something laudatory of the town.—San Angelo Standard.

Organize an anti-croaker society and invite the croakers and knockers to move.

The trusts want the scum of the old world because they can control the labor; the politicians, because they can control the vote.—Texas Farm Journal.

And the farm products because they can control the price.

Experts in Washington declare Texas to be the best tobacco-filler growing state in country.—Brenham Banner.

East Texas, and especially Nacogdoches county, is the section that produced the crop of 1903-4 that has caused such a stir in the tobacco world.

It does look like there will be serious trouble between France and Germany. French army reserve men have received notice to hold themselves in readiness to join their colors.

What are you doing to push the interests of Nacogdoches and this section of East Texas? If you just say something good about this section every time you write a letter to your friends in the old states you will be doing your share. Tell them that the finest fruit, truck and farm products are grown in East Texas and this section of the earth is where the original garden of Eden was located. Make a noise, just like you was enthused over the subject and then your friends will begin to make inquiry about the country in which you live.

Next spring the Italians in the United States will hold an exposition in the city of New York. Look for a sharp advance in the price of macaroni.

The Houston Post says that once a colonel always a colonel in Texas. What's the matter with Kentucky? Has the colonel factory been closed in the Blue Grass state?

The first bale of new cotton this year was raised in Starr county and was sold in Galveston Monday. It weighed 404 pounds and was bought by Inman, Nelms & Co., their bid being 30 cents per pound.

The officers of the Brotherhood of Tailors, have decided not to order a general strike this summer against the open shop. No advance in the price of hand-me-downs this year on account of strikes.

From the Associated Press Reports it appears that the question of war between Germany and France is now in the hands of France. If the game of war is pulled off between these two powerful nations it will not be a one sided affair when victories are counted on the battle field.

Some people would not be satisfied if they had a reserved seat in the New Jerusalem and that is the class of people who are always fussing about the town in which they live and are looking for a better town than Nacogdoches. There is no town on earth that would please them.

An Indiana bank cashier has been found short only \$16,000. The news item states that he has resigned. If the same law prevailed in the United States governing shortage accounts of bank officers as in "heathen Chinese" there would soon be a reform movement among bank officials in the matter of juggling with the funds of the banks. The Chinese chop off the heads of this class of criminals instead of placing them in prison to serve out a short sentence.

The peach season is now in full blast and the Nacogdoches fruit growers are finding a ready market for their fruit and at satisfactory prices. Another season will find this town to be strictly in it in the way of shipping fruit to the markets in the north.

A Safe Proposition.

We will teach any one with an ordinary common school education who will do good average work to write legibly 150 words of shorthand, unfamiliar matter, to the minute in three months, or make no charge for the course. This speed will not only enable them to do office correspondence, but court reporting. We will make any one a present of a scholarship who will find any other school using any other system of shorthand that will do this. Any one not satisfied at the completion of the course that the Byrne Simplified Shorthand is what we claim for it can get every cent of his tuition back by presenting to the office a written statement to that effect.

Our course of bookkeeping and business training, telegraphy and penmanship is just as thorough and practical and as far ahead of the systems used in other schools as is the Byrne Simplified Shorthand. These thorough practical systems and up-to-date method of teaching are responsible for the exceedingly large enrollment we have had during the past month.

Address Tyler Commercial College, Tyler, Texas, for their large illustrated free catalogue, and make your arrangements to enter at the earliest possible date. Our worthy graduates are holding excellent positions. What they are doing, you can do if you will take a course with us.

Just because The Sentinel does not have something in its columns every day about keeping the streets clean don't think that the matter has been forgotten. It's an easy matter to put all trash in a box so that the same can be carted off every morning, and it will help the street commissioner in keeping the town clean.

There is some talk of the Texas & Gulf extending its main line through the town of Chireno in this county, and if it does it is a foregone conclusion that Chireno will have a first-class oil boom of its own. There has been several good shallow wells brought in right near town and it is now said that preparations are being made to send down a deep well, and the prospects are that a deep well can be brought in at but very little expense.

MELROSE LOCALS.

Melrose, Texas, June 27.—Mrs. A. V. Simpson and children of Garrison, will return home tomorrow after spending a couple of weeks here with her parents.

Miss Bessie Wilson has returned from the Garrison school where she has been attending the teachers course for the past three months.

The rain, oh what a blessing to the sun burned crops, they have put on new life and we trust the harvest will be good. Our country has passed through many a crisis and will pass through the present one if all who love God will make their prayer unto Him and rest in faith in His overruling power, to adjust and

direct us out of the present difficulties.

The Woodmen will celebrate the Fourth of July with a nice dinner at Melrose. All come with their baskets filled and have a good time. The meats will be barbecued.

The schools are all closed for the present. Vacation should be pleasant for our children but restriction comes in order. Absalom was the pride of David's heart, he looked upon him as an ideal young man, there was something royal in his appearance, in all Israel he was praised for his beauty, there was no blemish in him, and admired by all admirers, his mind was of superior mold, but he was entirely lacking in moral principle, in bringing him up his father sowed the wind and reaped the whirlwind, a lack of proper domestic authority resulted in the great disaster and brought the gray hairs of David in sorrow to the grave and blasted the life of a gifted and promising boy. God help us to train our boys.

THEY WERE SHOWN THE TOWN

Visitors to the City Yesterday Interested in Tobacco Culture.

Garret A. Dobbins, general colonization agent of the Gulf Colorado & Santa Fe, B. M. Harrison of San Augustine, Sam Fridner of Galveston, and Mike Tack of Galveston. The two last named gentlemen being connected with the Nacogdoches-Havana Cigar Co. of Galveston, were in the city yesterday.

They were the guests of J. H. Poulter & Son while in the city and were shown the city and the tobacco fields and the tobacco lands near the city. They expressed themselves as being highly pleased with the nature of the soils of this country and in all probability the visit of these gentlemen will result in some of the tobacco lands in this county changing hands.

Mr. Dobbins is one of those enthusiastic fellows who believes that Texas is a country for Texans and that Texans should be for Texas first, last and all the time. He wears clothing made in Texas from Texas cloth, eats Texas grown meats, fruits, vegetables and smokes Texas made cigars; in fact he believes in supporting Texas home industries and is a somewhat of a crank on the subject. If the Lone Star state only had a few more missionaries like Mr. Dobbins to travel through the country and talk to the people about the wonderful possibilities of this favored section, it would not be long before everybody would have a severe case of enthusiasm.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system get all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures indigestion, dyspepsia, belching, sour stomach, weak heart, etc. Sold by Perkins, Kleas & Mast.

A SUCCESSFUL TRIP.**R. E. Kleas Returns From a Ten Days Trip.**

Yesterday afternoon R. E. Kleas returned from a ten days trip over Eastern Texas in the interest of the Nacogdoches Cigar factory. He made an extra good record in sales and Manager L. P. DeMouche was more than pleased with the manner in which Mr. Kleas turned in orders for the product of the Nacogdoches cigar factory.

To a Sentinel reporter Mr. DeMouche said that if Mr. Kleas kept up the good work in the future as for the first ten days that there would be no danger of the factory going into bankruptcy soon, but that instead the factory would have to be enlarged.

The Sentinel is proud of the success the factory is having, and hopes to see the tobacco industry developed in this county until the Nacogdoches Cigar company will have to work fifty men in the factory in order to take care of its business.

Woodmen to Celebrate.

The Woodmen of Tubbe are making preparations to celebrate the fourth of July in an appropriate manner and have sent out invitations to the press and to all local camps to join in the festivities on that day. The following in the invitation was received by The Sentinel this morning:

Vim Camp No 1786 Woodmen of the World at Tubbe, Texas, extends a cordial invitation to all sovereigns to attend a barbecue and dance at Tubbe on Tuesday, July 4. Come bring your wives and sweethearts and have a good time.

P. H. Murray
J. W. Arthur.
Chas. Popp.

Invitation committee.

The Sentinel assures all sovereigns that the Woodmen at Tubbe will do the proper thing and that the biggest kind of a time will be pulled off by the Woodmen of Tubbe on that day and if you are looking for a good time make it convenient to take in the Fourth of July barbecue at Tubbe.

With The Union

Hardy Dial has just returned from a trip down in the lower end of the county and while down there he organized at Etoile District Union No. 4, on last Friday afternoon. He says that there was something like 500 people present and that the day was most profitably spent by every Union man who was present. In the afternoon the local Union met and twelve members were admitted to full fellowship.

In the morning there was speaking by Mr. Dial and Hon. Calhoun on the subject of unionism, and it is said that both gentlemen handled their subjects in an able manner.

The District Union was organized at Etoile with J. F. Parrott as President, and J. H. Fuller as secretary. The next meeting of Union No. 4 will be held at Black Jack the fourth Saturday in July.

Mrs. Seal Entertains.

Mrs. Jim Seale entertained with a luncheon Friday evening, complimentary to Mr. Seale's sister, Mrs. Link of Palestine, who's coming each year is marked by a series of social functions.

The beautifully appointed home of Mrs. Seal is an ideal place for entertaining and with such surroundings and a hostess who knows just how to make the time pleasant for each guest, the time flew by on golden winds until the luncheon hour when they were ushered into a perfect little dining room where a seven course luncheon was served; the place cards putting all in high good humor by the quaint, original poetry on each, the work of Mrs. Robert Lindsey, to whose home the merry party winded their way after luncheon, from one lovely home to the other being but a few steps. Here they were greeted by other guests who had preceded them, the whole place, beautiful rooms, wide verandas and lawn, which was lighted with Japanese lanterns, being turned over to them by the hostess, whose reputation for her entertainments and charming hospitality is widely known and has earned for her beautiful home the name of "Liberty Hall," where each can feel at home and enjoy themselves to their utmost.

A May pole, with its many streamers had been set up on the lawn, and here a merry half hour was spent by the young folks, while Mrs. Lindsey, with untiring fingers sent strains of sweetest music, floating out to the revelers, from the piano which had been moved to the front veranda. From the lawn the happy crowd wandered into the dining room where they were refreshed from a very natural looking miniature well with the "old time" gourd hanging at its side.

A voting contest was indulged in, giving the guests an opportunity to express themselves as to the prettiest lady and ugliest man present. It was easily decided. Mrs. Link, in whose honor the guests were assembled was entitled to the lovely picture, while Mr. Zeno Cox, with his usual good humors, carried off the prize for the ugliest man.

Cake and cream was then served by Misses Florence Smith, Magd and Ellese Harris and Grace Link.

During the evening Mr. Teddy Bay and Mrs. M. J. Dooley sang; no comments are necessary, it goes without saying, they were encored again and again.

At a late hour the guests reluctantly departed, casting a last wistful glance back to the two lovely homes where such an enjoyable time had been passed at each.

General Land Office.

Austin, Texas, June 15, 1905.—I have delivered to the State Printer a list of the tracts of land that will be on the market for sale September first. With the list is included all necessary information about how to proceed to buy the land. It amounts to about six million acres and ranges in price per acre from \$1.00 up, one fortieth cash, balance on forty years time with three per cent interest. It is all the land in many of the counties but is only about one third of what the State has remaining unsold. In many of the extreme western counties where much is leased, that only is given which is thought to more probably be first in demand. The Printing Company promises to deliver lists by July first. Then it will be ready for free distribution to every one who will ask for it.

These lands are for those wanting homes on them. The terms of sale are easy. Every homeless person with a few dollars will have an equal chance with those of larger possessions. I am determined that this information shall reach those most desirous of taking advantage of the State's liberal terms. To that end you are asked to kindly give this a place in your paper, and suggest that all your exchanges publish it for the benefit of their readers. In addition to this effort I shall mail copies to every county and precinct officer and postmaster in the State. It has been and is yet my purpose to bring reliable information from the land office as close to the people of the State as is possible through every available means. If any reader wants a list just write me a card or a letter to that effect. As a medium for disseminating reliable information newspapers have no competitor, hence their co-operation is asked in this effort in behalf of their readers. The public ought to know more about our public lands, how they are disposed of and where located. This information being given free by this department there is no necessity for any one to notice any advertisement of agents who propose to sell information concerning the State's lands.

JOHN J. FERRELL,
Commissioner General Land Office.

CHIRENO NEWS.

Chireno Tex., June 26.—Mrs. D. C. Mast, of Melrose, mother of Dr. Taylor and Ellis Mast, returned home yesterday after spending the week.

Miss Charlie Smith celebrated her fourteenth birthday on last Wednesday night by entertaining her friends with a party.

Quite a crowd attended the picnic at Etoile on last Friday.

Miss Annie Lou Matthews will commence a summer school at Bethel, four miles west of Chirens, today. Miss Annie Lou will return to Baylor University at the close of her school.

H. Cohn, a photographer, is located in our midst for several weeks.

It is rumored that the Texas & Gulf will survey a line into our town right soon.

Thompson Bros. have quit drilling for shallow oil for the present and will put down a deep well on some of their leases east of Chireno soon.

APPLEBY LOCALS.**The Rains Have Brought Out Farm Crops of All Kinds.**

Appleby, Tex., June 26.—We are having plenty of rain at present.

The corn crops are improving very much. Cotton is looking fine but can't tell what the boll weevil is going to do for us yet.

Mrs. Tindall and Miss Annie Skillern are visiting at Swift.

Miss Fannie McPhail of Nacogdoches, is visiting friends here this week.

Dr. W. G. Hartt was called this week to Keachie to see Capt. A. W. Hallan's baby.

Dame rumor says we are going to have another doctor in our midst. Dr. Tindall, of Red Oak.

Mr. H. A. Atkinson is at home for a rest for a day or two.

Mrs. Dr. Fears is at home for a short time. She has been doing some very successful work organizing for the Woodman Circle.

The Woodman Circle here had quite a nice time Friday night. Miss Ethel Lanier was initiated into the mysteries of Woodcraft. Refreshments were served and all had a very nice time.

Messrs. J. A. Anderson and H. P. Lilly attended district conference at Center, this week.

Prof. L. B. Tindall has bought Mr. J. R. Lanier's place on South Main street.

Messrs. J. T. and M. Anderson have been on the road this week rustling insurance.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Stripling, Hazlewood and Co., drug store. dw

T. K. Raynor, of Decov, was in town today.

NATURE'S WARNING.**Nacogdoches People Must Recognize and Heed It.**

Kidney ills come quietly—mysteriously, but nature warns you through the urine. Notice the kidney secretions. See if the color is unhealthy—If there are settlings and sediment, passages too frequent, scanty, painful. Its time then to use Doan's Kidney Pills, to ward off Bright's disease or diabetes. Doan's have done great work in Nacogdoches.

Ben Heflin, farmer living seven and a half miles north-east of Nacogdoches, Texas, says "Doan's Kidney Pills acted effectively in my case. I have been a constant sufferer from kidney trouble for six years. During that time I tried my different remedies and doctored until I was tired; but still the dull grinding ache in the small of my back was always present. If I stooped or lifted it seemed as though my back would cave in. The secretions from the kidneys at times were as red as blood and accompanied with a burning sensation. I procured Doan's Kidney Pills at Perkins, Kleas & Mast's drug store and they did me more good in less time than any other preparation I had tried. In fact, after using one box I felt like a different man."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Woodman Log Rolling.

There are enough Woodmen of the World camps in this county to have a county log rolling association. The Sentinel suggests that Liberty Elm camp start the ball to rolling by issuing invitations to all the camps in the county to meet in Nacogdoches some time next month or at such time as may be convenient and organize. Other counties have good associations and there is no reason why Nacogdoches county should be behind in this matter. Liberty Elm Camp should take steps at the convention tonight looking to the organization of a county association.

It is a good thing that the city employed Mr. Ramey as the superintendent of the street work before the wet weather hit Nacogdoches. His work has shown up in first class style and the streets are in good shape.

Notice to Correspondents.

Correspondents to The Sentinel will please get their communications to this office not later than Tuesday of each week if the same is expected to appear in The Weekly Sentinel. The forms for the weekly edition are closed on Wednesday, and the communications received after that day will have to lay over an entire week. Therefore correspondents will please see that their letters are mailed so that they will reach Nacogdoches by Tuesday of each week.

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at Stripling, Hazlewood and Co. drug store, only 25c. SACUL NEWS.

Truck Growers Ship a Car Load of Irish Potatoes.

Sacul, June 21.—W. B. Pearson of Nacogdoches was in Sacul last week winding up the seed business for the past year, of the Nacogdoches Oil Mill.

I. M. Shepherd of Garrison was in the city on business last week.

Miss Eula May Monk and Miss Laura Burk, returned to Nacogdoches Sunday after spending several days with relatives and friends in old Sacul.

Miss Etta Lou Cox came up to visit her father, Mr. Jno. H. Cox, Friday, returning Sunday.

Mrs. J. T. Lucas returned from Nacogdoches Friday, after spending the week with her parents, Mr. and Mrs. J. G. Orton.

Austin Hull made a flying trip to the Metropolis of Nacogdoches last week.

B. T. Burk returned from Nacogdoches last Tuesday.

Sacul and Cushing base ball teams crossed bats on the Sacul diamond again Sunday, and the Cushing boys went home with a heavy heart as the scores stood 22 to 4 in favor of Sacul, and would have beaten them "worse" if they had played their half of the ninth inning.

H. B. Davis of Cushing was in the city on business one day last week.

Jno. W. Cox left for Nacogdoches Sunday with his daughter, Etta Lou, returning to Sacul Tuesday.

Mr. and Mrs. Lee Caruthers left for Dallas last Tuesday. Mrs. Caruthers will visit friends and relatives in Dallas for several days.

Rev. S. F. Baucom is still confined to his room with his foot which was hurt several days ago at his saw mill near Sacul.

Frank Averett made a visit to Nacogdoches Monday, returning yesterday.

J. W. Vineyard and family, spent last week in Sacul. Mr. Vineyard is doing a good insurance business here and says he is delighted with his prospects here. We hope he will do so well that he will remain in our little berg.

Sacul was visited by a nice fair Tuesday night, and all the farmers and merchants have smiles on their faces as long as their arm, and if we get another of the same size, we will have a full season.

Sacul is drawing considerable attention in the fruit line. Lots of peaches, tomatoes and potatoes are being shipped from here every day. One solid car of potatoes has already been shipped and if the farmers will pay a little more attention to truck growing and enlarge the acreage this coming year they can ship in car lots and always have a ready market to ship to which will always lead the farmer to an independent way of doing business.

TRAWICK TOPICS.

A Real Nice Rain Makes Everybody Feel Better.

Trawick, Texas, June 21.—We had a real nice shower

last night but not enough rain to make a season, however, indications are favorable for another shower this evening.

We failed to report the ball game that was pulled off between our team and Nacogdoches Saturday a week ago, and it was not reported, but she stood 6 to 21 in favor of Trawick nine. Trawick will play a match game with Cushing boys Wednesday of next week. This promises to be a good game for the boys.

Mrs. Eula Burk and sister, Ora Paine, was here visiting yesterday.

H. M. Crawford has begun shipping his peaches. They are of the choicest variety.

Hon. Jefferson Johnson of Austin and C. E. Oleson, of Cushing, both with the Union Central Life Co., were pleasant visitors here yesterday.

There will be but little corn made here even though the season is favorable.

Health of the community is good.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Stripling Hazlewood & Co. drug store, price 50c and \$1.00 a bottle. Trial bottle free. dw

Miss Blanch Matthews and her little brother, Mason, after spending several weeks in the city visiting relatives, left this afternoon for their home in Athens. They were accompanied home by Misses Zireta and Helena Matthews.

THE average citizen of Nacogdoches has no idea how good the town is until they take a trip away and see what other towns are doing.

TRAVELERS BECOME COSTIVE!

The change in diet and drinking water, the motion of the cars, the irregular habits of travelers, no matter whether they travel on business all the time or for pleasure occasionally, usually result in a constipated condition of the bowels or some stomach or bowel trouble. Travelers should always have a bottle of

Dr. Caldwell's Syrup Pepsin

with them. It is a pleasant liquid laxative and a certain cure for sick headache, train sickness and all stomach trouble. Your druggist sells it in 50 Cent and One Dollar bottles.

W.P. Galena of Little Rock, Ark., Traveling Salesman for the Smith-Premier Typewriter Co., writes: "While traveling through western Arkansas, in February last, I had a severe attack of acute indigestion. There was no doctor at hand, and I was suffering terribly. Your agent handed me a bottle of Dr. Caldwell's Syrup Pepsin (which at that time was unknown to me). I took two doses and was relieved at once, and I want to say now that when I am on the road I am never without a bottle of Syrup Pepsin in my grip. I consider it as essential as my order book, and can find nothing equal to it for Stomach Trouble and Constipation."

Johnnie Hensarling Dead.

Nacogdoches, Tex., June 23. Editor Sentinel:

I returned from Rockland yesterday, where I had been called to assist in the funeral services of Johnnie Hensarling, who died in Dallas a few days ago from injuries received in wreck near Mabank on the Texas & New Orleans three or four weeks ago.

The corpse came down Wednesday evening in charge of the "Brotherhood of Locomotive Firemen" of Beaumont, who showed every interest in the care of their dead comrade. The history of this organization is an interesting one and was perfected in 1873. Its financial and moral advantages commends itself to every thoughtful mind. Mr. Wm. M. Hicks was in charge or command and showed every mark of kindness and sympathy to all interested.

Young Hensarling was 28 years old and of sterling worth as an engineer and was held in high esteem by his fellow train men as well as by all who knew him. This was forcibly emphasized when the train bearing the remains, pulled into Rockland. Though raining, the place was thronged with men, women and children, all eager to express their appreciation of the dead and sympathize with the heart stricken parents and relatives.

The remains were carried to a sister's residence where it lay until Thursday morning, when the funeral was held by the writer and then carried to the cemetery where the last sad rights were held by the Brotherhood of Locomotive Firemen.

Though the young man's suffering was long and painful he had every care that kind hands could bestow. Before he entered the dark valley he professed having faith in Jesus Christ and made that peace with his God that saves men's souls.

Comrades, you will miss Johnnie in your councils; parents and relatives, don't weep for him. He was the stay and staff of his old mother and father. He has crossed over the river and awaits you on the other shore. His hands will no more germinate the steam or handle the throttle here on earth but will do service for the superintendent of heaven. Respectfully, J. C. FONDREN.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of Kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by toem was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Stripling, Hazlewood and Co. druggist; price 50c. dw

J. W. Vineyard returned yesterday from a trip to Sacul, where he has been writing insurance for the past several weeks, and in speaking of the crop conditions he says that everything in that section of the county looks good to him since the rain and that it is his opinion that very fair crops will be harvested.

IN THE JUSTICE COURT.

The Way of the Transgressor is Hard in Precinct One.

From Friday's Daily:

There was something doing in the justice court this morning when that part of the hall of justice opened up for business. The constable and his deputies had made a raid on the transgressors and had five arraigned before Justice Jones on charges that were against the peace and dignity of the state.

The first proposition that was to be disposed of was a case wherein the language used would not appear well in print, and when the defendant entered a plea of guilty, the judge's heart was touched and the defendant's pocket book was also touched for \$17.45.

The next two cases were for an affray and both being of the same value they were chalked up \$13.45 each.

A disturbance case was then called, but it was of very little importance and rather than fool with it, the defendant entered a plea of guilty and \$13.45 was the amount that the state charged for the matter of getting the case adjusted.

Another affray was then called and the defendant was told that if guilty to say so and if not the state would see if he was. This sort of a proposition did not look well to the defendant and he entered a plea of guilty and the judge put the figures at \$12.35.

No other business appearing on the docket the court took a recess until something else should turn up.

Found a Cure For Dyspepsia.

Mrs. S. Lindsey, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they done me a great deal of good. I have never had any suffering since I began using them." If troubled with indigestion or dyspepsia why dot take these Tablets, get well and stay well? For sale by Perkins, Kleas & Mast. dw

Married Last Night.

Last night at 8 o'clock Mr. T. G. Power and Miss Lena Dooley were united in the holy bonds of wedlock. Rev. J. L. Watson officiating. The young people will make Nacogdoches their home.

Just What Every One Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by Perkins, Kleas and Mast. dw

Ben Frankfurt has returned from a business trip to Houston.

Harvey Hodges of Tyler, is in the city on a business trip.

Mr. and Mrs. Lamar Blount of San Augustine are in the city on a visit.

Geo. W. Eason of Tyler was in the city yesterday on a business trip.

Mrs. C. H. Young and daughter, will spend the summer in the north.

Mrs. Graham, mother of Geo. W. Graham, is reported quite sick this afternoon.

J. J. Carter, a prominent lumber dealer of Dallas, is in the city on a business trip.

Leander Liles and Willie Hughes left yesterday to attend district conference at Center.

Eugene Doughtie of Jackson, Miss., was here yesterday to attend the marriage of his sister, Miss Mary, to Coke Murphy.

H. P. Geisendorff who is putting in a saw mill near Bragg for D. J. Williams, was in the city this morning on a business trip.

There is a movement on foot to organize a company of local capitalists to engage in the growing, curing, packing and marketing Nacogdoches and East Texas tobacco.

A telephone message from Trawick this morning says that that section of the county was visited by a good rain and that the farmers are feeling in better spirits than they were a week ago.

W. A. Wetcott of Houston is in the city attending a meeting of the county board of equalizers. He is representing the Texas & New Orleans railroad before the board.

A. L. Borders brought The Sentinel a cluster of tomatoes that weighed a little over three pounds. There were three tomatoes in the bunch and each was a perfect specimen.

N. T. Sisco of the Trinity community was in the city today with a fine load of peaches. He found a ready market for every crate he had. The peaches were of the "Gov. Hogg" variety.

Rev. J. T. McClure came up from Nacogdoches yesterday afternoon to spend a day with Timpson friends before going to the district conference at Center.—Timpson Times.

Harris & Engledow have rented the building, formerly occupied by Will Pressler and will move their printery as soon as the carpenters do some repairing on the building.

The lumber business in Nacogdoches is a big thing now, and J. H. Summers is doing his share of it. Mr. Summers is one of those enthusiastic business men who thinks Nacogdoches is "the best what is," and when on the road he never fails to put in a good word for Nacogdoches and Nacogdoches county.

T. J. Williams returned last night from a business trip to Houston. He says that the oil operators in the Humble field are fighting the proposition of developing the Nacogdoches oil field at this time. The prevailing low prices are discouraging and that if the Nacogdoches oil is as fine as what has been found, that the bottom would drop out in the oil market.

Beyond Expression.

G. W. Farlowe, East Florence, Ala., writes:

"For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and although a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed cure for all itching diseases of the skin. Price 50c. w

FRIDAY'S LOCALS.

Mr. and Mrs. John D. Reagan, of Rusk, are in the city on a visit to Dr. and Mrs. John H. Reagan.

Mrs. J. W. Vineyard, who has been very sick at her home on Mound street, is reported better today.

Don, a little son of Mr. and Mrs. Munsell, while playing yesterday, fell from a box, breaking his arm just above the wrist.

W. S. Bridwell, of Nacogdoches, spent the night in Timpson recently the guest of Frank Bridwell. He was en route to Joaquin.—Timpson Times.

Capt. S. M. King has received order to recommend a number of the Stone Fort Rifles to go to Sea Gert, N. J., to attend the National Target Range.

Mr. and Mrs. S. M. King have returned from their wedding trip and are for the present at home at the residence of Mr. and Mrs. T. J. Lloyd on North street.

Rev. C. G. Christian, of Livingston, is in the city on a visit to Rev. McLeod. He will remain several weeks.

The court of civil appeals at Galveston has made the following order in the case of Walker et al vs. Texas & New Orleans railroad: A motion to dismiss refused.

The streets of the city of Nacogdoches since the recent rains show that Street Commissioner Ramey understands the best methods of building good and substantial streets.

Mrs. H. R. Doughtie and little son Ralph, left yesterday afternoon for her home at Ennis, where she was called on account of the serious illness of her mother.

Dr. Henry Rulfs returned from a trip to Galveston where he went to appear before the state medical examining board, which recently met in that city.

W. D. Stone of the Alazan community, was in the city this morning and says that the farmers in his section of the county are doing as well as could be expected under the circumstances and that a fairly good crop will be raised. The rain came in time to help all the farm crops out considerably.

Bert Foreman came in from Nacogdoches last Wednesday after having finished putting up the posts for his line from Nat to that city. Geo. McIlvane has charge of the line work and that work is being pushed. This line will connect the local system of this city with that of that city and will be the means of bringing two places nearer to each other.—Cushing Enterprise.

Mr. S. G. Cook and family of Lufkin, arrived in the city yesterday and will make Nacogdoches their future home. Mr. and Mrs. Cook have rented the Blount cottage on Taylor avenue where they will reside until a suitable resident lot can be purchased when they will build. Mr. Cook will have the supervision of the Nacogdoches Show Case & Manufacturing Co.'s plant in this city.

SATURDAY'S LOCALS

J. O. Martin of Martinsville was in the city yesterday.

H. L. Austin of Cushing was in the city today and purchased a handsome surrey from Cason.

Miss Geneveive Jones, has returned home from an extended visit at Houston and Beaumont.

D. K. Cason has purchased a residence lot on Mound street and will build soon.

Mrs. T. J. Williams of Nacogdoches came up to Garrison Friday with her son, Master Brown, who is in delicate health and who will remain in Garrison some time to drink our mineral water. Mrs. Williams returned home after securing a boarding place for her son.—Garrison Gleaner.

We regret to chronicle the serious illness of Mr. Earnest Eddings, who was attacked Monday last with congestion of the brain as a result of becoming over-heated while at work. He was reported better at this writing and we hope to be able soon to announce his entire recovery.—Garrison Gleaner.

Rev. M. L. Fuller who had the misfortune to get bit by a spider several weeks ago and who was at the home of his mother at Swift, was in the city this morning en-route to his home in Palestine, having fully recovered from the effects of the spider bite.

T. J. Williams is having some of the large cedar trees in front of his residence on Main street cut down, and Dr. Mayfield has had some of the trees cut on his home place on the same street. The removal of the trees adds greatly to the appearance of these pretty homes.

Rev. G. W. C. Selt announces that he will begin a protracted meeting embracing the fourth Sunday in July, at Friendship church, and that Rev. J. M. Cooke, at one time pastor of the C. P. church in this city will assist him in the work at that church and will also help in a meeting at Nat.

H. A. Dotson of Cushing, was in the city yesterday on legal business. Mr. Dotson reports that the price of real estate in his town is steadily increasing. It does one good to hear the Cushing people brag on their town.

Rev. Christian of Livingston, left for his home today after a short visit to Rev. W. A. McLeod.

The Caruthers planing mill located at Sacul came very near being destroyed a few days ago by fire. Sparks from the smoke stack set the shaving room on fire and but for the timely arrival of help the entire plant would have been destroyed. The only loss was the shaving room and engine room.

At the Hayward Mill.

The work of grading the foundation for the big commissary building at the Hayward mill is being pushed. The building when completed will be \$41000 and will be one of the most complete mercantile establishments in the city. The commissary is in charge of W. R. Futch and he has for his assistants J. H. Summers and Clifford Jackson.

The cold storage building will be completed within the next few days and when it is completed the commissary department of the mill will handle ice in carload lots, and will retail it out to their customers. This will prove very convenient to the people in that part of the city as it has been rather a difficult problem to get ice over at the mill at times when it was wanted.

Does Not Irritate.

"I have found Simmon's Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver and all kindred troubles, I have ever used. It does not irritate or gripe." Very truly,

S. J. Cowart of Huntington, was in the city yesterday and purchased quite a lot of saw mill and planing mill machinery from one of the mill supply houses in this city and had the same shipped yesterday. Nacogdoches is fast becoming one of the best machinery towns in Eastern Texas and the beauty of the matter is that the machinery is carried in stock and the purchaser does not have to wait several weeks for the machinery to be shipped in from the factory which in many instances is located in some eastern city.

In The Spring.

Some maiden's fancies doubtless turn to thoughts of love, but the majority of them, as well as humanity in general, have a want to lay down and stay down feeling. Simmon's Sarsaparilla is the bitter. It not only takes hold, it lifts up. That way back, weary feeling vanishes like a dream.

Miss Eva Rowe and Miss Winnie Goodwin, of Moscow, who have been in the city on a visit to their friend, Mrs. J. B. King, returned to their home this afternoon.

The Masonic Review published at Chicago in the last issue contains an excellent hall tone of Hon. V. E. Middlebrook of this city. The engraving covers an entire page in the magazine and is a good likeness of Mr. Middlebrook. He is the District Deputy Grand Master of this district.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders. Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly," or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes: "I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me.

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be so easily cured as other women.

Another good man has been summoned to the great beyond from "whose bourne no traveler returns." Francis Richard Lubbock one of the old land marks of Texas, died at Austin Thursday night. It is said that he was the oldest Mason in Texas, having been raised to the sublime degree of Master Mason in Holland lodge No. 1 in the year 1837. A number of years ago he was made a life member of Holland lodge. He was the war governor of Texas and was the personal friend of President Jefferson Davis of the confederacy, and at the time President Davis was made a prisoner of war, he was also taken captive. He was about 90 years of age at the time of his death and it can be truly said that a good man has gone. In his memoirs is found the following: "My bark has a long time breathed the sea of life, and now that it is approaching the port I feel that my voyage has not been profitless. While I may have accomplished but little for the general good in proportion to my desires, I have been an active worker, endeavoring to serve my country faithfully. I may even venture to say that, according to my means and ability, I have contributed liberally to the comfort and well-being of my fellow-men. I might have done the work more wisely, more as the Judge of all the world would approve, but not more zealously, if I had only put as much thought on the Christian religion as I have recently."

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation, becomes loaded with fiery acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

A Long Felt Want Satisfied

The creation of a durable, practical, extra flat,

"Verithin Watch"

There is the thick Watch for every day use; then there is the new full-dress Watch, made very thin. Why should a gentleman use as bulky a watch in his pocket, looking like an unsightly growth bulging out upon his side where the watch is carried. A neat

"Verithin Watch"

will avoid this. This is not a fad, but a positive, practical advantage. A strong Verithin watch that can be used for all kinds of wear, because we can give the same positive guarantee as go with the thicker watches. Come and let us show you the advantages in the Verithin Watch.

TUESDAY'S LOCALS.

The infant of Mr. and Mrs. A. D. Wall, is reported quite sick.

Mr. and Mrs. John B. Nelson are visiting in Burnet, and will remain there a month or more.

G. R. Reese, of Trinity community, was in town today and was a caller at The Sentinel office.

Mr. and Mrs. Steve M. King are now at home to their friends, at the residence of Mr. and Mrs. Geo. King, on Mound Street.

Capt. Steve King has sent a letter to the Adjutant General, recommending that Sargent Frank P. Adams, represent the Stone Fort Rifles at the target practice at Sea Girt.

Judge Middlebrook, Judge Ingraham, Prof. Spears and Beeman Strong, will each be on the program at the Fourth of July picnic at North church and some good addresses will be delivered.

A. B. McBride of Jacksonville was in the city yesterday on business. Mr. McBride is the manager of the large mercantile establishment of L. E. Frank of that city.

Saturday night Hardy Dial addressed a large audience at Simpson's camp grounds in the interest of the Farmers Union and reports that all were much pleased with the lecture.

Rev. J. C. Fondren left this morning for the Stoker neighborhood, where he will make the people a talk on education. These people have just recently realized that a good school is a necessity in a live neighborhood and are making a strong effort to secure one.

F. M. McPhail has just returned from a trip to Beaumont, where he has been the past several days representing the interests of the fruit and truck growers of Nacogdoches. He reports that the market in that city was somewhat flooded with fruit and truck, but that he was quite successful in placing what stuff that was consigned to him. He said it looked to him like that all the chickens that were raised in Texas this year had been shipped to that market.

There was a transfer driver and a drummer's sample case that had quite a lot of fun yesterday morning in the cold waters of the Banita. It might not have been much fun for the driver of the transfer wagon but to the onlooker it was quite funny. The wagon was loaded with trunks and grips and in crossing the Banita one of the top cases fell off the wagon and into the creek it went. The driver's attention was called to the loss of the grip, and off into the creek he went after his freight, and after chasing it some distance it was captured, but not until the driver had had several duckings.

Rev. J. T. McClure and family, returned yesterday from Timpson and Center, where they have been on a visit, and to attend district conference.

Geo. S. King is in Greenville this week on professional business. He will return about Wednesday.

WEDNESDAY'S LOCALS

R. N. Burrows left this afternoon for Lutkin.

James Smelley of Appleby was in the city today.

J. W. Cariker of Cushing, was in the city today, on business.

Mr. and Mrs. Bruce Feazell of Monroe, La., are in the city on a visit to relatives.

W. C. Buschardt of St. Louis, is in the city today representing the Boland Stationary Co.

J. P. Jinkins returned last night from a pleasant trip to Brownsville, and various other points in Texas.

E. B. Williams and children, Earl and Mary, are spending a few days at Port Arthur.

L. T. Borders returned yesterday from a trip to Los Angeles, where he has been the past six months.

From a personal in the Beaumont Enterprise The Sentinel notices that A. Fred Henning, of Nacogdoches, was in the city Monday, "looking at the town."

Capt. S. M. King today forwarded the pay roll of the Stone Fort Rifles to the Adjutant General's office. This is for doing guard duty at the jail when it was rumored that the negro, Bob Davis would be lynched.

It has been decided by committees having in charge the Fourth of July picnic at North church not to make any charge for dinner that day but instead the dinner will be free to all who attend. The stand privileges, however have been reserved by the committee and the stands will be run in the interest of the school house fund. All are invited to attend the picnic and to bring along a well filled basket, spend a day in the fresh air and have a good time.

On last Saturday night Mrs. W. A. King celebrated her 67th birthday, but she was not aware of anything out of the ordinary until her children had stormed her and caused her to have a good time. An elegant supper had been prepared for the occasion without her knowledge and when supper was announced she was led into the dining room. A large number of valuable and serviceable presents were presented to Mrs. King by her children who had planned to surprise her.

The Sentinel is pleased to note the fact that Adolph Teutsch is improving so well that the doctors state that he will be able to be moved to the home of his father at Melrose, within another week. At the time that Adolph was hurt, it was the opinion of the attending physicians that he would never get well and that it was only a matter of a short time before death would relieve him of his suffering, but since he was removed to Nacogdoches his condition has been on the improve every day, and this morning The Sentinel was informed that another week would find the patient doing so well that he could be removed to Melrose.

J. R. Richardson of Melrose, was in the city yesterday and was a pleasant caller at The Sentinel office. Mr. Richardson said the rains of the past week had made the corn crop an assured success and that the cotton crop had been greatly improved, but that the boll weevil had already made its appearance and that the matter of making an estimate on that crop was out of the question, but that it was his opinion that that the crop would have been cut very short by the pest.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use **LION COFFEE**, because to get best results you must use the best coffee. Grind your **LION COFFEE** rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add while of an egg (if egg is to be used as a settler), then follow one of the following rules:
1st. **WITH BOILING WATER.** Add boiling water, and let it boil **THREE MINUTES ONLY.** Add a little cold water and set aside five minutes to settle. Serve promptly.
2d. **WITH COLD WATER.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3. Don't boil it too long.
4. Don't let it stand more than ten minutes before serving.
5. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.
1st. With Eggs. Use part of the white of an egg, mixing it with the ground **LION COFFEE** before boiling.
2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine **LION COFFEE**, prepare it according to this recipe and you will only use **LION COFFEE** in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

John Turney spent Sunday in Lutkin.

J. B. McConico of Lutkin, was in the city yesterday.

L. M. Smith of Sacul, is in the city today on a business trip.

Miss Ruby Coffee of Prairie Grove, Ark. is in the city on a visit to relatives.

Charley Oaks, the engineer at the ice factory, is reported on the sick list today.

Judge Perkins, of Rusk, was in the city yesterday on a visit to his daughter, Mrs. Summers.

Mr. and Mrs. Harry Kampner are the proud parents of a big baby boy which was born yesterday.

Miss Patsy Blount Smith, came in yesterday from Shelbyville, and will remain several months with her aunt and uncle, Dr. and Mrs. Williams, of this city.

Miss Bertha Pressler left on the noon train for Terrel, where she will remain about three months, visiting her friend, Mrs. R. P. Smith, (nee Miss May Houston,) formerly of this city.

Stack & Smith have rented the new building which has just been completed at the corner of Main and North street and will move their sheet metal works there next week.

The repairs on the Catholic church are about finished and the building now looks like a new one. It will probably be finished so that services can be held there on next Sunday.

Prof. W. B. Hargiss of Garrison is in the city today attending to some matters connected with the Garrison school. Prof. Hargiss stated to The Sentinel reporter that he had just completed the scholastic census for the Garrison district and that there were 317 children within the free school age.

Mrs. L. F. Grissom has rented the Boger house, and will open a first-class boarding house on the first of the month.

Saturday will be a big day in Nacogdoches with the Farmers Union. On that day Mr. Calvin, vice-president of the State Union will be here and will deliver an address which will be public. The public general is extended a cordial invitation to be present.

There is some talk among the Nacogdoches Red Men that the Red Men of Timpson will have a big pow wow on the Fourth of July and that the Nacogdoches boys will be expected to be on hand in full war paint and feathers and take part in the deliberations.

The Sentinel sent "a hand" to Cushing on last Saturday to attend the celebration of the Cushing Brass Band and see what was going on there. The "hired man" reports that he had the time of his life and that the celebration was one of the nicest affairs that he has attended in a long time and that the band boys realized quite a nice sum from the entertainment which they will use for the purpose of buying uniforms. A number of the small boys from Nacogdoches were present and a game of base ball was played in the afternoon with the Cushing nine and what that Cushing aggregation done to the Nacogdoches kids was a plenty.

Friday Miss Miriam and Miss Louise Dotson entertained a number of their friends at the home of their parents, Mr. and Mrs. E. M. Dotson. The young people who were in attendance report the affair as being one of the most pleasant social events of the summer, and that Mrs. Dotson saw that they all had a good time, and are in hopes that the time is not far distant when the affair will be repeated.

Three Physicians Treated Him Without Success.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy." Sold by Perkins, Kleas & Mast, eod

Maxwell's stay on earth was unlike that of the advanced in life—but brief, his age being ten months. His life was short but a joy to it's home, for he never knew the sufferings of sickness until at his death; and his infant virtues made every one who met him his truest friend. But weep not and distrust not Providence for it is said of Him, "Suffer little children to come unto me." Friend
