Clevenger's mill which has been shut down for the past several weeks on account of having to install some larger machinery, has had all the machinery placed and will start tomorrow morning. The cutting capacity of the mill has been increased in order to take care of the new business.

GRAND CLEARANCE SALE

OF
Nacogdoches
Mercantile
Company

This sale is to clean up our surplus of spring and summer goods to make room for our BIG FALL STOCK which our buyer is now in the eastern markets buying. Now is the time to buy many useful articles every family needs, such as TABLE LINEN, CALICO, LAWN, RIBBON, EMBROIDERY, LACE, LOW CUT SHOES, and all kinds of CLOTHING and a great many things too numerous to mention. Would give prices but you would have to see the goods to appreciate the quality and prices.

Do not fail to attend this sale which will last until Sept. 1st. Sole agents for OMEGA FLOUR, the highest patent made, so do not fail to have your loving husband get a sack next time he comes to Nacogdoches and if you do not think it the "best what is" return at our expense.

Remember the big sale and rest assured we will have some good for you.

Yours to please,

Nacogdoches Mercantile Co

Woodmen Meeting.

Liberty Elm Camp W. O. W. met last night in regular convention and a goodly number of the sovereigns were present. The meeting from every point of view was the best that has been held for some time.

The matter of holding a county log rolling here the second Tuesday in September was discussed and on motion the following committees were appointed to see that the affair was pulled off in good shape:

Invitation committee—W. E. Thomason, A. T. Crawford, and J. E. Ray.

Arrangement committee—J. W. Vineyard, John E. Floyd and Josh Henson.

Entertainment committee—J. W. Vineyard, E. H. Blount, H. T. Mast, T. B. Lewis, W. S. Beeson, C. W. Butt, Roland Jones and Geo. H. Matthews.

The object of the log rolling is to bring the members of the various camps in the county in closer touch with each other and to better understand the principles and workings of "perfected Woodcraft." There will be some fine addresses on the subject and a general all round good time will be had by all who may attend.

The resignation of A. F. Henning was accepted at the meeting last night and Edgar W. Thompson was elected to fill out the unexpired term.

I have a good milk cow to trade for dry cattle.
d3t wt Chas Clark

Letter to R. E. Mims, Nacogdoches, Texas.

Dear Sir: You'd strike it rich, if you could find a way to shave your customers in less time, for less cost, and make the shave last twice or three times as long.

You wouldn't shave the same person so many times, or get so much of his money; but the whole town would be talking about you, and everybody would come to you for a shave.

Devoo lead-and-zinc is exactly that in paints. It takes fewer gallons, and it wears longer. Costs less for the job, and you don't have to do it again for years and years—six years at least.

"Fewer gallons; wears longer." Takes fewer gallons to paint a house with Devoo lead-and-zinc than with mixed paints; and it wears longer than mixed paints or lead-and oil. Yours truly,
F. W. Devoo & Co.,
32 New York.

There is a brown mooley cow about 4 years old, marked crop in right and over half crop in left ear ranging around my place. Been there about 3 years. Who owns here?
J. M. Spurgeon,
w Merose, Texas.

EXHIBITION TOBACCO.

Bruce Adds Fine Specimens for the Southern Pacific Car.

Houston, Tex., Aug. 4—George Bruce, advertising agent of the Southern Pacific, returned last night from Nacogdoches with a very fine line of green and cured tobacco for the Portland exhibit, which leaves tomorrow night for the Portland Exposition.

This will be the finest display ever made of the weed in the United States. Every condition and stage of the plant will be shown, from the seed to the cigar. He has specimens cut from the Redfield near Nacogdoches over 9 feet in length. They were hung up by the baggage room awaiting their transfer to the special car that will have the exhibit. These plants were admired by many persons this morning. Other samples of bales and bundles of filler and wrapper were shown.

The special car will take many other exhibits from this section, including the miniature irrigation farm in full operation. It will confront the patrons of the exposition as a fact and not a theory.

Mr. Bruce spent a couple of days making the choicest selections from the crops about Nacogdoches.

The Southern Pacific exhibit for the International Irrigation Congress, to be held at Portland, is ready for loading, and will be put in the car tomorrow. A special car has been provided for this outfit. Mr. G. C. Roussell, secretary of the land and immigration department, and Ivon Lee, assistant in the advertising department, will go with the car. They will leave tomorrow night, in order to be there in time to arrange the exhibit.

The exhibit will be one of the finest ever attempted for a short-time display. Every product of the State will be shown up in a most attractive manner.

Tons of literature will be distributed, and no doubt the advertising the State will get will be worth a great deal.—Galveston News.

Yellow Jack at Bon Ami.

It is now claimed and is stated upon good authority that the cases that are reported at Bon Ami are genuine yellow fever. Two cases were reported and the news was published that one of the victims had died.

The fever at this point is only about fifteen miles from the Texas state line and is opposite Newton county. This is getting pretty close to home as it is only about a 100 miles from Nacogdoches to the point where they have the fever.

Studebaker and Mitchell wagons have stood the test. Cason sells both and three other makes besides.

WAGONS

You need a Wagon now. We have them—big stock—five different makes. Two of them, the MITCHELL and STUDEBAKER, the very best made. We have the very largest stock of

Buggies, Surreys and Harness

that you ever saw in this country. We are still selling all of these at low prices, and on some lines that we are closing out, or have too many of a kind in, we will positively sell you at from ten to twenty dollars less than regular price. You will save money by seeing us on the Buggy, Wagon and Cane Mill question. Car of VICTOR and KENTUCKY Cane Mills just in. If it is Hardware, you know we've got it. To us your wants.

D. K. CASON

The Hardware and Vehicle Man

Right-of-Way Secured.

The right-of-way for the Nacogdoches and Southeastern railway has been practically secured through the city and there is only one case that has not been settled by the court in the matter of condemning the right-of-way, and that case is now on the docket of the county court and will be adjusted at the next term of the body.

The only piece of property that is now under dispute as to the value of same is that of Mrs. Allie Smith. The committee has made a report on the value of the property, and as it was not what was thought right the matter was appealed to the county court.

The law governing such cases grants the railroad permission to proceed with the building of the line over the property in dispute, provided that a deposit of the purchase price of the property is placed with the court. It is said that the Nacogdoches and Southeastern will put up the deposit and that work will be started on the line within the next few weeks.

There Will be No Encampment.

The Stone Fort Rifles of this city who have been making preparations to attend the state encampment of the state National Guard will be disappointed this year. Yesterday afternoon Capt. King received the following, which is self explanatory:

Austin, Texas, Aug. 8
Capt. S. M. King,
Nacogdoches, Texas.

State health officer having advised encampment be not held as ordered, account of yellow fever. Cease preparations for encampment; letter follows. By order of the governor.

Hulen, Adj. Gen.

J. J. Trawick of Trawick, was in the city this morning and when The Sentinel man made inquiry as to news in that part of the country he said that the corn crop in that section was very good this year and that the farmers would raise a surplus, but that the cotton crop was decidedly on the bum and that not more than a half a crop would be raised in his section this year.

When you think of Hardware think of Cason. w

Weekly Sentinel.

WALTON & HALTOM, Proprietors.

R. W. HALTOM, Editor.

EX-SENATOR MILLS says that he is not a candidate for governor. His friends have asked him to become a candidate, but Roger Q. knows enough to come in out of the rain, and he has decided wisely in arriving at the conclusion not to permit his name to go before the people at this time for gubernatorial honors.

THE ladies of Nacogdoches are invited to inform Mayor Shindler of any violations of the sanitary ordinances, and he will see that the same are enforced. During the period of the presence of yellow fever in the south it is the duty of every citizen to help the authorities in having all sanitary measures properly enforced.

IN some of the cities the merchants and all the citizens are joining forces and cleaning up their respective towns and cities. They are all working the streets and are cutting the weeds and otherwise cleaning up their respective towns in good shape so that in the event of a spread of yellow fever that they will be able to successfully handle the disease.

DON'T send away from home for anything; not even the invitations that you should use for social events. Nacogdoches has two down-to-date print shops and they can do most any kind of printing that can be done in the cities. This may be news to some of the ladies, but if they will give the local printer a chance they will find that in many instances the local printer will do the best job.

THE Southern Farmers' Union is the name of a new paper that has just been launched at Jacksonville. It is a sprightly youngster and from the number that has reached this table it has the appearance of filling a long felt want. It is ably edited and is devoted to the interests of the Farmers Union. The Sentinel wishes the publishers of The Southern Farmers Union much prosperity and believes that it will receive the support of the Farmers Union of East Texas.

NAN PATTERSON the Florodora girl after a few months rest from prison life, has again entered the swift life that she led up to the time that she is alleged to have shot Caesar Young. It was hoped by the good ladies who took such a kindly interest in her while she was confined in prison, that in the event Nan was given her liberty that she would forsake the life that she had been leading. But now their hopes have been knocked into the middle of the dim and distant future by the appearance of the Florodora girl at the race tracks, and frequents the haunts of the days gone by. If ever there was an opportunity for a girl to reform that opportunity was presented to Nan Patterson. Fact of the matter Nan did not want to reform, and the good intentions while in prison, were not sincere, but merely a ruse.

COTTON WAREHOUSE

It has been suggested that the building of a large cotton warehouse in this city would be a paying investment and The Sentinel is of the opinion that it would pay the promoters of such an enterprise quite handsomely. It would not require a very large amount of capital to put the building up, and after the house is ready for the storage of cotton it would not require a very large pay roll to keep the necessary help to handle the cotton after it was once placed in the warehouse. If it is built it will certainly be a blessing to the farmers of this part of the country who bring cotton to this market. It will enable them to store their cotton if they find that the market is not right and they can take their warehouse receipts to the banks in this city and they will be advanced money on their cotton, yet if they do not care to do that they can store it away in a good safe place where it will not be exposed to the weather. There has been enough cotton lost in the vicinity of Nacogdoches the past winter to have almost built a warehouse. In some instances farmers have lost a tenth of the crop that they held owing to the fact that the cotton had been exposed to all kinds of weather and the stuff had rotted. The holding of cotton was a new thing to many and they were not prepared for it. If the capitalists of this city would give the matter the proper consideration The Sentinel is of the opinion that they will see that it will be a good thing, not only from a financial view point, but that it will be a big thing for the city of Nacogdoches. It will be the cause of cotton being brought here for many miles around. This matter should also interest the merchants of the city.

THERE are so many opportunities for the homeseeker in this section of Texas that it is impossible for the newspapers to tell it all in a single issue, and that is the reason why the papers talk about this country every day in the year, and then they fall short of telling the whole story.—Nacogdoches Sentinel.

Try as the newspapers might three hundred and sixty-five days in the year, to give the outside world an idea of the wonderful advancement and possibilities of Texas, and the half would never be told. Every day some unexpected resource is brought to light and opportunities for the industrious homeseeker spring up so thickly that it is impossible to mention them all.—Sherman Register.

THE presence of yellow fever in Shreveport is enough to cause the whole of Eastern Texas to get a move on itself and clean up as the people never did before.

THE people of Grayson county wanted local option just about like the people of this county. Only 785 majority for prohibition in the election last Saturday.

A GOOD INVESTMENT.

The last meeting of the city council was a good one in more ways than one. Besides taking the necessary steps to put the town in good sanitary condition, which is a matter that every man, woman and child in town is interested in, the city council decided to put several iron bridges over the Banita. One at the crossing of Fredonio street, one at the crossing of West Main street and the other at the crossing of Pillar street. There has been enough money money thrown away by the city within the past few years on the Fredonio street crossing to have paid for several iron bridges. Then there is the wagon bridge on Pillar street. The wreck that now stands there is an example of how money can be thrown away in a short time and in bunches that would in a short time put iron bridges at every crossing in the city. There may be some in the city who will oppose what the council has done but The Sentinel believes that they will in a few years forget the matter and when strangers visit the city that these bridges will be pointed out to them as monuments erected to the wisdom of the city council of Nacogdoches.

THE LIMIT.

The limit has certainly been reached in the graft business, when the report was sent out from Washington stating that a graft has been practiced in the distribution of garden seed. Just think of it—garden seed, and the newspapers have jollied the congressmen on the subject of free garden seed at that. Well from a special to the Houston Post is following story:

"The newest story of graft in the department of agriculture involves Representative Hull of Iowa and Wadsworth of New York, owners of the Highpoint Dairy farm, in Virginia." It is alleged that in the course of their agricultural operations these distinguished horticulturists have secured from the department of agriculture some hundreds of dollars' worth of fine seeds, especially grass, alfalfa and timothy. Highpoint farm is a place of near 4000 acres, about thirty miles down the Potomac.

"At the bureau of plant industry the explanation is made that seed had been sent to Highpoint for experimental purposes because it was a particularly available place for such investigations. Not only the seeds and grasses were furnished, but a lot of shrubbery was sent down to the farm. Otherwise, it was explained, the shrubs would have been wasted. There is always a surplus after the congressional distribution."

IN a few years East Texas will ship as much fruit to the markets of the north as the fruit growers of California.

THE Nacogdoches Sentinel is a constant whooper for its town, yet it finds time to say things with the bark on. The Sentinel is a talker from who laid the rails.—Tyler Courier.

CAMP DISCONTINUED.

The camp at Avondale for the benefit of Texas travel will be discontinued. Dr. Tabor of Texas insists on a six-day detention at Echo on the Texas State line. Today Dr. White got into communication with Dr. Tabor arrangements were effected by which the persons in camp whose five days' limit will expire Thursday morning will be escorted to the Texas border by acting Assistant Surgeon Maylie and admitted into Texas without detention. The other camps are all full.—Houston Post.

Link Summers was tied up at this station and when the camp was discontinued he wired his father as follows: Avondale, La., Aug. 3.—Will leave for home today. All O. K. L. F. Summers.

Link has been in New Orleans where he has been attending business college, and as soon as the fever broke out in that city he started on his way home. He has been held at all the detention camps along the route, and when the special train left Avondale the state health officer stated that it would not be necessary for the refugees to go into the detention camp at Echo; that they had been detained long enough from the infected districts and that there was absolutely no danger for the seventy-five who were at the camp at Avondale to come into Texas.

So the people of Nacogdoches need entertain no fears that Link will bring the fever in with him. It has been rumored that he was directly from New Orleans and some fears were entertained by a few that if he was allowed to come into town that there would be an outbreak here.

THERE is a graft some one is working in the Post Office Department at Washington that is digging a great big hole in the pockets of the printers of the United States, and that is the printing of the envelopes for business concerns. The government furnishes envelopes printed at about what the stock would cost the average printer. There is something wrong somewhere.—Nacogdoches Sentinel.

This same graft is in popular favor in Timpson. In fact we have possibly three business men out of a total of twenty-five who have their envelope printing done at home.—Timpson Enterprise.

G. B. Buhans Testifies After Four Years.

G. B. Buhans, of Carlisle Center, N. Y. writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble. Sold by Perkins Kleas & Mast. eod

DON'T DOSE THE STOMACH.

Hyomei Cures Catarrh by Breathing Aromatic Healing Air.

You cannot afford to risk permanent loss of health by taking strong drugs into the stomach in the vain hope of curing catarrh of the nose and throat. The only true way of curing catarrhal troubles is by the use of Hyomei, which is breathed through a neat pocket inhaler that comes with every outfit.

It kills all catarrhal germs and restores the mucous membrane of the throat and nose to perfect healthy condition.

The complete Hyomei outfit consisting of an inhaler, a medicine dropper, and one bottle of Hyomei, costs but \$1. extra bottles 50 cents. Hyomei possesses such unusual powers to cure catarrh that Stripling, Haselwood & Co. sell it under an absolute guarantee to refund the money if it does not give satisfaction. They take all the risk.

THE boll weevil and the yellow fever is enough to put the gulf coast state on the bum.

PATRONIZE the home enterprises and watch Nacogdoches grow into a city of 15,000 within the next few years.

An Ounce of Prevention.

The body is but a human machine and requires constant care, because the "wearing out" is always going on.

Stop a minute, and think what your trouble is now. Browns' Iron Bitters will set you straight and keep the human machinery (the body) in perfect running order. It strengthens the muscles, tones the nerves and enriches the blood. It is wonderful. Sold by Stripling, Haselwood & Co.

Dr. DYSART SPECIALIST

He comes to you recommended by many leading citizens of Texas and has located with you permanently, and every person who will go to him shall receive the benefit of a free examination and consultation. In other words, he will treat you as he would have you treat him, and after making a thorough examination of your case, if he can do you any good or a cure effected, he will tell you so, and if he takes your case he will give you a legal contract as to what he will do with your case.

Troubles of Women

Dr. Dysart's treatment for nervous prostration and other nervous troubles, is unequalled. In fact, science has long since proven beyond question, that there is nothing equal to the curative effects of electricity when properly applied, and diseases of this character yield readily to its proper application. In various cases, where medicine has failed, his treatment is safe and pleasant, quieting to the irritated nerves and readily restores the natural forces of nature. All those poor, monthly sufferers are invited to call and consult the doctor and learn of his life-giving remedies. That terrible impending feeling of nervous origins are quickly relieved.

Diseases of Men

Doubtless hundreds of (apparently) strong and healthy men will read these words who are permitting some secret trouble to weaken their vitality and dry up their life blood, because of neglect and procrastination. The man who neglects his health in this way is committing a well nigh unpardonable sin, because nine times in ten you are not the only one who suffers, but those who come after you must often pay the penalty. Dr. Dysart makes a specialty of private troubles of men. He uses his own exclusive remedies in the cure of Varicocele, Stricture, Blood Poison, Nervous Debility and associate diseases. His remedies are quick and positive, restoring natural strength, vigor and robust health. The affected organs are treated directly while the whole system is invigorated by a powerful constitutional treatment. The nervous system is built up and health and strength restored in a natural way.

If you are a sufferer go and see him. It will cost you nothing to consult with

Had a Big Time.

Hardy Dial, district lecturer for the Farmers Union in this part of the state has just returned from a trip to Garrison where he says that one of the best meetings that have been held this year was pulled off yesterday. The meeting was held at Humphries school house about two miles from the town of Garrison and the dinner that the good ladies of that neighborhood served to the Union and their friends was all that man could wish for. Everything that is good to eat had been prepared for the occasion and that there was enough left after the feast to have fed as many more as were present.

At the business session of the Union thirteen petitions were presented and the thirteen applicants were elected to membership. He is highly pleased with the way in which the Union is growing and he says that it will not be very long before the entire list of eligibles in the county will be members of the Union.

His last report that he sent to the headquarters of the Union was quite an interesting document and shows that he has been busy and that he has done quite a lot of hard work.

Herbine.

Renders the bile more fluid and thus helps the blood to flow; it affords prominent relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with the enlargement of the spleen and liver. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." Price 50c. Sold by Perkins, Kleas & Mast.

Ben Hearne of Palestine and J. N. Ryan of Nacogdoches, after a few days visit to friends in the city, made their departure Saturday evening for Keltys to attend a house party at the hospitable home of Mrs. Joe Kerth.—Press Journal.

Pleasantly Effective.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. These famous little pills are a certain guarantee against headaches, biliousness, torpid liver and all the ills resulting from constipation. They tonic and strengthen the liver. Cure jaundice. Sold by Perkins, Kleas & Mast.

Obituary.

Mrs. John A. Marshall was born in Central Georgia, moved with her father's family to Chambers county, Ala., when she was quite young. Attended the schools of Lafayette, Cusseta and Oak Bowery and that about the age of 16 moved with her father's family down into Monroe county. Was united in marriage to John A. Marshall of said state and county, September 30th, 1856. Came to Texas in April 1867 and died July 25th, 1905 and her remains were deposited in Bethel cemetery, Appleby, Texas, in the presence of a large congregation, Rev. Lancaster of Greenville, Texas, officiating. Her husband and four sons survive her, who were present around her bedside.

Endowed by nature with a remarkable degree of energy, selfreliance and will powers, she accomplished marvels of work; gentle, amiable, affectionate, affable, genial in temperament. She was by no means devoid of mettle, but her ambition was the spirit of achievement. Doubtless her kind neighbors will attest her faithfulness "over a few things."

She joined the Methodist church in 1857, but with her own accord united with the Missionary Baptist church in 1870 of which her husband was a member, was a consistent member of Bethel church until her death. She literally gave her life in service for others.

There is a beauty in a life thus rounded up approaching the moral sublime.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of eleven months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At Perkins, Kleas & Mast, drug store; 50c and \$1. guaranteed. Trial bottle free.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Perkins, Kleas and Mast.

Night Train Pulled Off.

The yellow fever situation in this part of the country has caused the Houston East & West Texas railroad to pull off the night trains, and the only mail trains that reach Nacogdoches is the regular day trains. All mail that is of importance should be placed in the postoffice before noon of each day, otherwise it will remain in the postoffice here until the next day.

The news from Shreveport is to the effect that the case of yellow fever that was reported there is not in the city, but is at the detention camp, a distance of some two miles or more from the city and that the patient is in a mosquito proof room in the center of a field and the health authorities state that there is no possible chance for the disease to spread.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerve were wrecked; I could not sleep and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Perkins, Kleas, and Mast drug store; price 50c dw

South Fredonia Hill

S. J. Riley of Livingston is in the city this week on a visit to H. C. Burk.

C. C. Burk of Livingston is in the city this week on a visit to the family of H. C. Burk.

Mrs. Ella Allen who has been quite sick for some time is now reported improving.

Miss Bettie Baxter of Rusk is in the city on a visit, and is the guest of Mr. and Mrs. A. J. Burk.

There is quite a lot of sickness on the hill at this writing, but none of the cases so far have proven serious.

The Wilson planer and the Nacogdoches Crate and Box Factory are both putting in full time now, and both of these enterprises give employment to a large number of people.

A Subscriber.

What Shall I Take?

Is the question asked by those who are not feeling well, have no appreciation, are out of sorts, have no energy and are all tired out. Many medicines are recommended, doctors consulted, money spent in search of health, yet all can be avoided.

Wise people commence at once taking Brown's Iron Bitters and are speedily themselves again. The prescription the doctor gives you will surely have Iron as the basis and the best and cheapest way to take Iron is in this old reliable remedy. Sold by Stripling, Haselwood & Co. dw

To Prevent Malaria.

Use one bottle of Brown's Iron Bitters; two or three bottles cures me.

Impure blood, biliousness, female weakness, headache, kidney and liver troubles usually succumb to one bottle of Brown's Iron Tonic Bitters, two rarely required. Buy six bottles and save a dollar. Sold by Stripling, Haselwood & Co. dw

Short Rules For Home Comfort

Put salt last
Be prompt at every meal.
Take little annoyances out of the way.

When good happens to any one, rejoice.
When any one suffers, drop a word of sympathy.

Tell of your own faults rather than of those of others.
Have a place for everything, and everything in its place.

Hide your troubles, but watch to help others out of theirs.

Never interrupt any conversation, but wait patiently your turn to speak.

Look for beauty in everything; and take a cheerful view of every event.

When inclined to give angry answer, press your lips together and say the alphabet.

When pained by an unkind word or deed, ask yourself, Have I never done as ill and desired forgiveness?—Ex.

The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodo's Dyspepsia Cure. Kodo digests what you eat and strengthens the whole digestive apparatus. Sold by Perkins, Kleas & Mast. dw

A Mean Trick.

It was stated on the streets that some time during Monday night some party or parties tried to poison the stock on the farm of Sam Chumley near Eden. They put a large quantity of paris green in the water trough, but it was discovered before the stock drank the water. Sheriff Buckner went out to Eden and made an investigation, and it is safe to say that he will use every effort to run down the guilty parties. It is also said that the sheriff has a pretty good clue as to who the parties are and that an arrest will be made before long.

Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits. They are dangerous. Sold by Perkins, Kleas & Mast. dw

Peculiar Disappearance.

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Stripling, Haselwood & Co. drug store, price 25c. dw

THE JOY OF LIVING CAN BE FULLY REALIZED WHEN YOU ENJOY GOOD HEALTH

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

TAKE IT NOW!

LARGE BOTTLE, 50c GET THE GENUINE Ballard Snow Liniment Co. ST. LOUIS, U. S. A.

SOLD AND RECOMMENDED BY

Perkins, Kleas & Mast

Tied Up

Yesterday afternoon Mr. E. M. Dotson received the following telegram which is self explanatory:

"Fine Bluff, Ark. E. M. Dotson, Nacogdoches, Tex. Tied up in Pine Bluff; trying to reach you. Will write. A. J. Miller.

This bit of news will be a disappointment to the members of the Baptist church of this city, for they were expecting Mr. Miller yesterday to arrive here and take charge of the church here.

The Sentinel trusts that he will be able to make it through within the next few days and that within another week he will have arrived.

Rheumatism.

When pains or irritation exist on any part of the body the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T. writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, and \$1.00. Sold by Perkins, Kleas & Mast. w

Dissolution Notice.

The co-partnership heretofore existing between F. C. Jones and S. F. Baucom, under the firm name of Jones & Baucom, doing a general merchandise business in the town of Saco has been dissolved, Mr. Baucom continuing the business.

All accounts that are due the firm are to be paid to S. F. Baucom and he will pay all the liabilities against the firm.

F. C. Jones, S. F. Baucom.

For Sale.

Two good old mules, two younger, one 5, other 6 years old. Also two milk cows with young calves.

D. K. Cason, The Hardware man.

Denver Chestnut, of Lufkin, is in the city today.

Perkins, Kleas & Mast, are putting in a system of call bells in their store this week.

It Keeps Them Off.

They are pretty bad this year—no mistake—and they bite viciously. We refer to Mosquitoes, but a little Hunt's Lightning Oil applied to the irritated places takes the sting away. It keeps them off if used in time. w

THE Texas cotton crop is
tull four weeks late this year.

THE days of the big ranches
in this state are numbered.

THE home merchant and
the home enterprises of all
kinds should receive the sup-
port of every loyal citizen.

A small patch of Irish pota-
toes planted now will pay
well. New potatoes in the
fall do not make bad eating.

THE entire world wants to
see Japan and Russia come
to terms and be at peace with
themselves and the rest of
the earth.

THE small farmers are the
people that this section of the
state wants to locate on the
good farm lands that are so
cheap in East Texas.

NACOGDOCHES is prospering,
despite the fact that there are
people in the town who would
will it otherwise. Watch the
town land a big cotton ware-
house.

THE yellow fever has been
kept pretty well under con-
trol in New Orleans and
there is not much danger of
the fever becoming an ep-
idemic this year.

THE motto of the average
Nacogdoches man is "a clean-
er Nacogdoches" and they
are succeeding quite well with
the work of putting the town
in a good sanitary condition.

IT will not be long now un-
til the Nacogdoches South-
eastern will be running into
the city. The up town depot
will probably be built on Fred
onia street near the Banita
creek.

THE way that some people
squeeze the almighty dollar
is enough to make the god-
dess of liberty cry out for
vengeance. They could be
indicted for aggravated as-
sault.

THE tobacco growers of the
Carolinas and Virginia should
come to Texas, and to Nacog-
doches county, if they want
to get in the push and raise
tobacco that will be classed
with the finest that can be
grown.

PRESIDENT ROOSEVELT has
succeeded in getting the
naughty boys who have been
scrapping in the Far East on
his side of the pond, and he
will see that they behave
themselves while they are
over here playing in his back
yard.

THE physicians in charge
of the emergency hospital in
the city of New Orleans have
decided to make some experi-
ments with the stegomyia, the
yellow fever mosquito. The
experiment will be made to
see if the theory is true that
the mosquito transmits the
fever germ. Healthy subjects
will be employed as subjects
for the experiments.

A ROTTEN BRANCH.

There is a little matter at
Washington that is respect-
fully referred to the next con-
gress. And that is the bu-
reau of agriculture. This
branch of the government
could be cut out and about
seven millions of dollars in
salaries and sundry other ex-
penses attached to the depart-
ment, saved to the tax payers.
There has been enough sug-
gestions of graft and leaks in
connections with that depart-
ment to make every decent
man sick. After all, what
good does that department do
the farmers? Is it not a fact
that the gambler in futures
depend almost altogether up-
on the information of the de-
partment to rob the farmers of
their cotton and their wheat?
Can any man point to an in-
stance when the departments
statistical reports have ever
benefitted the farmer? Is it
always the gambler in futures
that receives direct benefit, and
the farmers of the United
States are paying handsomely
in taxes to maintain a depart-
ment that is systematically as-
sisting the sharper to rob them
of their products. The re-
cent leaks in the department
of the cotton crop statistics
show that the department has
been manipulated by the gam-
blers and for them alone, and
had they not been a little pre-
vious in getting out their re-
ports it is more than likely
that they would have been
running that department for
years to come. In view of
these facts is it not only jus-
tice that congress take up
the matter and abolish the bu-
reau of agriculture and there-
by assist in cutting down the
deficit in the treasury to the
tune of \$7,000,000 per an-
num?

THE next session of con-
gress should get the pruning
knife busy and cut off some
of the useless branches of the
government, one of which
should be the bureau of agri-
culture. There may be oth-
ers, but this one seems to be
the cause of spreading the
disease to some of the other
branches.

THERE is one good thing
about the fever scare that
is a blessing to many towns,
and that is that the author-
ities have the towns and
cities put in good sanitary
condition. The old town of
Nacogdoches has undergone a
cleaning process that has put
town in a first-class condition.

THE Waco-Times Herald
thinks that after the next
election that the State of Tex-
as will have a good governor,
it matters not which one of
the boys gets there. There
is this much about it, if Tom
Campbell is the successful
candidate the state will have
the best governor that she
has had in many years.

THERE are too many use-
less departments of the gov-
ernment and they are a drain
upon the tax payers of the
country. One of the depart-
ments that could be cut off
is the bureau of agricul-
ture. It only costs about sev-
en millions to maintain the
bureau; a pretty expensive
piece of furniture.

DON'T loose interest in the
cotton warehouse. Nacog-
doches needs it and needs it
badly. It will be a good
thing for the promoters of
the enterprise and at the same
time be a good thing for the
farmers of this and adjoining
counties.

THE Houston Daily News
has turned its pink toes up to
the daisies. To a man at long
distance it would seem that
the city of Houston is fairly
well represented with daily
papers. It having the best
afternoon and morning papers
of any city in the south.

THE democratic party in
Texas next year should do a
little cleaning up on its own
account. Not that any of the
present force at the state cap-
itol, are not competent to
handle the affairs of the state,
but give them to understand
that they have not got a life
time job.

THERE is a good wave pass-
ing over the country and it is
catching the old and hardened
sinners right and left. Even
some of the best prosecuting
attorneys in the state have
announced that it was their
intention to quit law and take
the pulpit. The district at-
torney of this district has been
conducting several meetings
and it is said he puts up a
fine sermon.

THE peace envoys of Japan
and Russia are now in the
United States and they will
begin their deliberations at
once. It's dollars to dough-
nuts that they do not come to
an understanding, and it is al-
so probable that Mr. Roose-
velt may be asked to appoint
an arbitrating committee to
ascertain just what each coun-
try is entitled to give and re-
ceive.

THE Athens Knocker has
been sold and the paper is
known as the Athens Banner
and G. B. Whitley formerly of
the Troupe Banner is doing
the "heavies" on the Banner.
The Banner is a wonderful
improvement over the old
Knocker, and The Sentinel be-
lieves that Bro. Whitley will
maintain his unbroken record
of giving the people in his
shop in the way of a first-
class newspaper. Here's
hopin'.

THE fall of the year will
soon be here and the mail or-
der houses of the north and
the east will be sending out
their fine catalogues broad-
cast to every man, woman
and child who will turnish
them with their address. If
you are in the market for any-
thing, for goodness sake go
and see your home merchant
and let him figure on your
bill. By the time that you
and your neighbors have paid
the freight on the articles that
you are in the notion of send-
ing for you will find that the
Nacogdoches merchants will
sell you the same goods for
the same money and in some
instances for less money than
you are promised in the cata-
logue. Stand by the home
merchant. He helped you
when you needed help
and he should be given
an opportunity to sell you
your goods.

Yellow Fever Preventative.

Mrs. G. D. Boger has just
received the following letter
from her son, Marvin, who is
at present in New Orleans
and he sent her the prescrip-
tion that is being used in that
city by all who have been ex-
posed to the fever. Mrs. Bog-
er has given The Sentinel
permission to use the letter
and the prescription, which is
as follows:

New Orleans, Aug. 5, 1905.
Dear Mother:

I have some spare moments
and will write you. The lever
situation here is worse. The
Federal Government has been
asked to take charge of the
city. It is admitted that the
fever was here three weeks
prior to the quarantines. Every
one here is glad that the Fed-
eral authorities will have
charge of the city. (With the
exception of a few politicians.)
I am enclosing you a prescrip-
tion that is being used here
quite freely for the prevention
of yellow fever. This has
been used in some of the
tropical climates with won-
derful success. For instance
in Brazil 1000 cases exposed,
20 had the fever, all recover-
ed in 5 or 6 days.

Dr. Leach will be here in a
few days and demonstrate be-
yond a doubt that this is no
dream. After becoming ar-
senizee he will let the stego-
myia mosquito bite him. I
certainly have perfect confi-
dence in the medicine and
have been taking it myself
every day since he gave out
the prescription. They (citi-
zena) are making up a fund
to pay people who are willing
to indulge the experiment
which Dr. Leach advocates.
He is doing it himself gratis.

If this theory proves suc-
cessful here, as it did in other
climates, he will have made
himself an everlasting reputa-
tion. I see no reason why it
should not. Some of the best
physicians in Brazil have
made affidavits to his state-
ment and success and sent
them here. Of course he is the
talked of man of the day.

I will close with love to all.
From your son,
Marvin.

HOW ARSENIZATION IS PRE- FORMED.

Arsenization is preformed
as follows:
Take a tablet or granule or
powder containing one one-
hundredth grain of arsenious
acid three times a day for the
first week of exposure to in-
fection. Twice a day the
second week, and once daily
thereafter until the remainder
of 100 tablets, granules or
powders are taken, or until
the epidemic is closed by vir-
tue of sanitary and hygienic
precautions or weather condi-
tions: A temperature of the
weather below 62 degrees
Fahrenheit destroys the mos-
quito which alone is the in-
fecting medium between a
yellow fever patient and well
persons.
Respectfully submitted,
Reginald B. Leach, M. D.,
Dartmouth, '83.

THE cotton season will soon
open in this county and there
should be some steps taken by
the business men to have a
cotton warehouse erected
here in time to take care of
the new crop. The exper-

ience of the past season should
give them enough courage to
tackle the proposition. One
capitalist stated to The Sen-
tinel reporter the other day
that he would be willing to
help form a company for the
purpose of budding a good
warehouse, and he further
said that he was confident
that it would be a paying in-
vestment from the start.

Crop on the Bum.

Dunk Spradley was in the
city Saturday and he had
about the worst hard luck story
that has yet been told of the
prospects for a cotton crop
this year. He said that a few
days ago while he was out
warning hands to work the
roads that he had occasion to
pass several fields of growing
cotton and that he thought he
never saw prettier cotton in
life, and that all the stories
that had been told about the
boll weevil doing so much
damage to the crop was made
up of the whole cloth and told
to see how badly the people
would be scared over the
prospects of a crop failure.
He stopped his horse and asked
the owner of the crop if he
could have permission to go
through the field. Permission
being granted he made a
thorough inspection of the
field and he gave it as his
opinion that he had never in
his life saw so many boll weevils
in one field. They were
in that field by the millions
and were going after the crop
with a vengeance.

Mr. Spradley said that one
riding by the field and looking
at the growing crop would
think that it was good for at
least three-quarters of a bale
to the acre, but that if the
owner of that crop gathers
seventy-five pounds to the
acre it can be counted as be-
ing a good yield at this time.

FIFTY years ago the price
of Texas land was considered
high, when a farm could be
bought for a bucking broncho.
The lands were then dirt
cheap. Since the advent of
the railroads the country
has been improved and the
lands are a little higher now
in price, but with all the im-
provements that have taken
place the lands comparatively
speaking, are as cheap now as
then. To say the least of it,
land today is cheaper in East
Texas than it will ever be
again. If you are looking for
a home come to Texas, and
when you start see that your
ticket reads to some point in
this section of the state. If
you want the best location
come to Nacogdoches.

WHAT has become of the
Business League? There is
work for that body to do at
once. There is the building
of the cotton warehouse that
some one should look after.

LET the business men for-
get that there is a yellow fev-
er scare on and get busy and
erect a cotton warehouse in
this city.

Frank James of Tyler, rep-
resenting the Walter Connelly
Machinery Co., is in the city
today on business for his
house.

Ras Thrash of Martinsville,
was in the city yesterday on a
business trip.

Stop That Cough.

When a cough, a tickling or
an irritation in the throat
makes you feel uncomfortable
take Ballard's Horehound Sy-
rup. Don't wait until the dis-
ease has gone beyond control.
Mr. and Mrs. J. A. Anderson,
354 West 5th St. Salt Lake
City, Utah, write:
"We think Ballard's Hore-
hound Syrup the best medi-
cine for coughs, and colds.
We have used it for several
years; it always gives imme-
diate relief, is very pleasant
and gives perfect satisfaction."
25c, 50c, \$1.00. Sold by Per-
kins, Kleas & Mast.

Some Fine Cigars.

A Herald man was present-
ed some very fine cigars to-
day, by Mr. S. Friedman,
representative of Tausig &
Co., who have bought and
will pack here the tobacco
crop raised in this section.
These cigars were made at
Nacogdoches of Texas tobac-
co, and they are fine as split
silk, and smoke like a 25 cen-
ter. Mr. Friedman is here to
receive the first consignment
of 500 pounds of the Nacog-
doches crop shipped here for
packing. Other shipments will
follow rapidly now, and the
work of sweating and packing
will begin in earnest in a few
days.—Palestine Herald.

Jacksonville and Nacogdo-
ches base ball boys will cross
hickory on the Nacogdoches
diamond Monday, Tuesday and
Wednesday. The Jackson-
ville boys are a pretty swift
bunch and will probably enter-
tain the boys here in an inter-
esting manner. The Nacog-
doches aggregation will show
the boys from Peachtown that
they can play a little ball
themselves. The Nacogdo-
ches diamond has been put in
good condition for the games
and the fans of Nacogdoches
will see some of the swiftest
ball playing that has been pul-
led off here for several years.

Garrison Cleanings.

Mis Bertha Brister is in Nacogdoches this week on a visit to relatives.

Prof. W. B. Hargis went to Nacogdoches Monday in the interest of the school.

Misses Louise and Marian Dotson, of Nacogdoches, are here on a visit to their Aunt, Mrs. O. C. Dotson.

Mr. and Mrs. A. C. Ireson of Nacogdoches were up to see the family of W. Y. Garrison Sunday.

Jim Cox of Nacogdoches, was in the city Wednesday. He will teach at Shady Grove this year and those people may expect a good school.

Mrs. W. S. Tinkle returned from Cushing Monday, after having spent several weeks there with her daughters, Mrs. S. S. Tinkle and Mrs. H. A. Morrison. She was accompanied home by little Lucile Bridwell of Nacogdoches.—The Gleaner.

A crack was reported in the Fern Lake dam yesterday and this morning Henry Millard went out there with a force of workmen to put the dam in good repair. It is not known just to what extent the dam is damaged, but the directors believe in the motto that an "ounce of prevention is worth a pound of cure" and they have turned the matter over to Henry Millard with instructions to put the dam in good repair.

Be sure to visit the store of C. A. Jones when in town, whether you want to buy or not.

To Tobacco Growers.

I want to request a report from every person that has grown as much as a half acre or more of tobacco in this county this year, stating acres, soil, expense, yield, value or proceeds. Billy Kirg, Tom Meroney, John Petty, Kit Patton, El Cordova, Jim McKnight (Townsend) Dr. Ford & Co., Friedman at Redfield and all others, please respond, and state opinions.

And I would like to know what you and others think of asking the government to continue experimental and instructive work another year in East Texas. The directors of the Nacogdoches Cigar Co. are decidedly in favor of it.

Please answer by the 15th inst.

Tobacco culture in East Texas may become our main stay.

J. E. Mayfield.

WANTED!

Millions

to know the great merits of Alabastine, the Sanitary Wall Coating—Not a hot or cold water disease-breeding kalsomine, bearing a fanciful name.

LET US HELP YOU.

Write for our artist free color plans—different effects for different rooms—in white, delicate grays, greens, pinks, blues, and yellows, using

Alabastine

A Rock Cement Destroys disease germs and vermin; does not rub or scale. No washing of walls after once applied. Feet can brush it on—mix with cold water. Other finishes, mixed with either hot or cold water, do not have the cementing property of Alabastine. They are stuck on with glue, or other animal matter which rots, feeding disease germs, rubbing, scaling, and spoiling walls, clothing, etc. Such finishes must be washed off every year—costly, filthy work. Buy Alabastine only in 5 lb. or 25 lb. packages. Alabastine, Free trial and color cards. Write on Alabastine and this card, free.

ALABASTINE CO.

Grand Rapids, Mich., or 100 Water St., N. Y. For Sale in Nacogdoches by Perkins, Kleas & Mast. Springfield Hazardwood & Co. R. T. Shindler Drug Co.

Truck and Fruit Growers.

Nacogdoches Association:

On next Saturday, August 12th, 1905, please meet at the court house at 3 o'clock p. m. The Executive Committee will have their report ready and it is the duty of every one interested. And it is further requested that any one holding claims against the association will present them on the above date, so they can be passed upon.

The sales have not been satisfactory in every respect. But couldn't expect fancy prices on all stuff this season on account of so much rain. The average on peaches per bushel the association shipments nearly 35c. So we are on top. No freight charges. But the trimmings north are too heavy for the producer to feel good—after so much hard work.

So I hope next season the rates may be better divided between all parties concerned. So you see we are not kicking now, but will if this thing continues.

So truck people come out and close this year's business Saturday as stated, and talk the matter over.

Yours truly,

J. A. Pirtle, President.

Opera House Changes Hands.

Mayer & Schmidt have rented the Nacogdoches opera house to R. W. Morgan and he will have charge of the same for the next twelve months. Mr. Morgan was in the city yesterday closing up the deal, and while here paid The Sentinel a pleasant visit.

He says that the theatregoers of Nacogdoches will have the pleasure of seeing some of the best shows on the road during the next season as he is in the circuit of Culhane, Chase & Wesson, and also the United States Amusement Co. Exchange.

Some of the attractions that will be here are the following:

Chas. B. Hanford, in a new cast.

John Griffith, in McBeth.

Murray & Mack, Irish comedians.

Helton Grantley, in Lord and Master.

Albert Taylor, in repetoir.

Joseph DeGrasse, in Richard the Third.

Pearl Gilmore, in a new cast.

North Bros., in repetoir.

Spooner Dramatic Co., in repetoir.

Mr. Morgan will furnish The Sentinel with his complete bookings within the next few days and will also furnish same from time to time. From the above list it will be seen that some of the best attractions on the road will be here during the season of 1905-6.

Cures Sciatica.

Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c and \$1. Sold by Perkins, Kleas & Mast.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Nacogdoches People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Nacogdoches cures are the proof.

Geo. Witkorn, contractor and builder, living at the south end of Mound street, Nacogdoches, Texas, says: "For over five years I suffered with acute pains in the small of my back and had difficulty from too frequent passage of the kidney secretions. I saw Doan's Kidney Pills recommended and procured a box at Perkins Kleas & Mast's drug store. After using them I can truthfully state that they cured the pains in my back and I do not have the trouble with my kidneys I had before using Doan's Kidney Pills. I know they cured me and am pleased to recommend them as a good kidney medicine and worthy of a trial by any one troubled as I was. I hope other sufferers will avail themselves of this tried and true kidney remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

D. K. Raynor, first vice-president of the Texas Post masters Association was in the city this morning from Decoy, and was here making arrangements for the holding of a meeting of the postmasters of this county in Nacogdoches on Wednesday August 16. The object of the meeting will be to bring the postmasters in the county in closer touch with each other and also to look to the betterment of their office. Capt. H. H. Cooper proposes to see that all the postmasters who will be in attendance will be properly cared for and that they all have a good time. All who are acquainted with Capt. Cooper know him to be one of the best of entertainers and they will certainly have one of the best times that a bunch of Texas postmasters ever had and if they fail to attend this meeting they will miss one of the finest things that was ever pulled off in an East Texas city.

Nacogdoches Mercantile is still on the jump; notwithstanding the dull times.

The armless wonder has made his appearance in this city and will give exhibitions as to what a man can do who has no arms.

ON A PAYING BASIS.

The Cotton Mill at Brenham May Have to be Enlarged.

President F. W. Wood of the Brenham cotton mill made a canvass of the city Saturday and found that many of the merchants of Brenham that are stockholders in the mill are not handling the home product. He thinks that the merchants ought to all be patriotic enough to push the goods of the home mill, and that the people who need white cloth should call for the Brenham mill's goods.

Mr. Woods says that stock was taken not long since and that the mill is now on a paying basis; that the spindles are insufficient to furnish the yarn to keep all the looms busy, but that this will be obviated in a short time, as \$10,000 worth of new spindles have been ordered and will be shipped this week, and that when these additional spindles have been put in and the looms all kept busy the output will be much greater and the profits increased.

The mill is turning out 40,000 yards of cloth per week now, and another condition has been changed that reduces to its good. The mill is fast working in local help, about forty Brenham people being employed at the mill at this time, and that he wants to get all the Brenham help he can. "There seems to be some prejudice against working in a cotton mill," said Mr. Wood, "but just why, I can't understand, I will guarantee any young lady \$20 per month to start on at the mill, and some who are quick to learn are making \$8 and \$9 per week there now, which is more than many of these young lady clerks with just as long hours are getting."

There is some talk of doubling the capacity of the mill, as it has been demonstrated that the fixed charges against a small mill are proportionately so much greater than against the larger mill that the small ones are not making money, while the larger one are declaring handsome dividends.—Houston Post.

KIND WORDS.

"A kindly word in friendship spoken will often soothe the heart that's broken."

The above quotation is found to be as true today as when it was written. Speaking words the following from the Pleasanton Monitor is worthy of a place in the scrap book of those who are in the habit of making a collection of the good things that are written in modern times:

"Soft words soften the soul. Angry words are fuel to the flame of wrath, and make it blaze more freely. Kind words make other people good natured, cold words freeze people, and hot words scorch them, and bitter words make them bitter, and wrathful words make them wrathful. There is such a rush of all other kinds of words in our days, that it seems desirable to give kind words a chance among them. There are vain words and idle words and hasty words and spiteful words and silly words and empty

Say Plainly to Your Grocer

That you want LION COFFEE always, and he, being a square man, will not try to sell you anything else. You may not care for our opinion, but

What About the United Judgment of Millions of housekeepers who have used LION COFFEE for over a quarter of a century?

Is there any stronger proof of merit, than the

Confidence of the People

and ever increasing popularity? LION COFFEE is carefully selected at the plantation, shipped direct to our various factories, where it is skillfully roasted and carefully packed in sealed packages—unlike loose coffee, which is exposed to germs, dust, insects, etc. LION COFFEE reaches you as pure and clean as when it left the factory. Sold only in 1 lb. packages.

Lion-head on every package.

Save these Lion-heads for valuable premiums.

SOLD BY GROCERS EVERYWHERE

WOOLSON SPICE CO., Toledo, Ohio.

words and profane words and boisterous words and warlike words. Kind words also produce their own image on men's souls, and a beautiful image it is. They soothe and quiet and comfort the hearer. They shame him out of his sour, and morose and unkind feelings. We have not yet begun to use kind words in such abundance as they ought to be used."

Rheumatism.

When pains or irritation exist on any part of the body the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T. writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, and \$1.00. Sold by Perkins, Kleas & Mast.

For Sale

Three 50 acre farms 2 3-4 miles East of Nacogdoches on R.F.D. mail route. Five room residence on each. Barns and everlasting water; good pasture, plenty timber, red clay sub soil, suitable for orchard or trucking. Good schools and churches convenient. Will sell all or part on easy terms. For particulars apply to R. O. Ferguson, R. F. D. No. 3, Nacogdoches, Texas.

Does Not Irritate.

"I have found Simons' Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver and all kindred troubles, I have ever used. It does not irritate or gripe." Very truly S. P. Cleary, Jackson, Tenn.

Put up in tin boxes only. Price 25c.

Miss Hester Buchanan left this morning for Lufkin, on a visit to relatives.

House Party
Misses Mary Rults, Jessie Ratcliff, Hattie Thomas, Berta Lewis and Winnie Thomas were the grateful and delighted honorees of a "house party," given at the beautiful new home of Mr. and Mrs. L. A. Legg of Eden, whose hospitality is as generous as their home is beautiful.

Four days were spent in most delightful and unalloyed pleasures.

The greatest event of their visit was the trip to Durst Lake, the place known to so many as a popular resort.

These young ladies returned yesterday and they say there is no pleasure like a "house party," with Mr. and Mrs. Legg as host and hostess.

Was Wasting Away

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Perkins, Kleas & Nast.

Daily Fever Bulletin.

Fred Henning received a telegram from the Beaumont Enterprise this morning stating that there were 43 new cases of yellow fever in New Orleans. That the case at Shreveport was convalescent and that he would be discharged within the next few days. There was no case in Beaumont and furthermore was not a case in the state of Texas. Dr. Tabor and Dr. Florence were in Beaumont and that they had stated that the city was in a most excellent sanitary condition. The Enterprise will probably continue the bulletin service during the epidemic. The bulletin is made up from Associated Press information. As the Enterprise fever service covers every point possible to be infected the bulletins can be relied on.

DON'T GET BLUE

You may feel out of sorts, all run down, cross, irritable, headache, back ache, nervous, discouraged, blue—but you need not. Eat what you want, keep regular hours, get plenty of sleep and take a small dose of

Dr. Caldwell's Syrup Pepsin

after each meal. If constipated, take a tablespoonful before going to bed.

Mrs. Sarah A. McCracken, of Corning, Ohio, writes as follows: "While visiting in Taylorville, Ill., I came across your Dr. Caldwell's Syrup Pepsin. I have used two and one-half bottles, and it has done me more good than all the medicine I have used for two years. Please let me know if you will send me three or four bottles and what it will cost to send it to Corning, Perry County, Ohio, and oblige."

Your druggist sells this remedy if he is a good druggist. 50c and \$1.00 bottles.

PEPSIN SYRUP CO., Monticello, Ill.
Sold by all Druggists

A Nice Exhibit.
George S. Bruce of the Southern Pacific Co., one of the best industrial agents in the country, has been in the city for the past several days working up an exhibit of the products of Nacogdoches county to be taken to the Lewis and Clark exposition at Portland. He stated to The Sentinel reporter that he had the following in his collection:

A lot of the finest pears that was ever grown in the South.

Tobacco in the caret and a lot of the weed growing in pots that he had transplanted several weeks ago; also one plant that had been grown under shade that was nine feet tall.

A lot of corn that would "stack up well" with the corn that is grown in the states that make the growing of corn a specialty.

He has some fine Elberta peaches but they were put up in jars. This does not show up the fruit as well as it the exhibit was the fresh fruit, but it will give the visitors to the horticultural exhibit at the Lewis and Clark exhibition an idea what Texas can do in the way of raising fruits and vegetables.

Mr. Bruce is in love with Texas and he takes a special delight in telling the visitors to Texas what a great and glorious country this is and what the country will produce: He thinks that Eastern Texas has a bright future and that the day is not far distant when this entire section will be called the garden spot of the United States.

Mr. Bruce left this afternoon for Houston and from there he will go to Portland and will arrive there in time to see that the exhibit from Texas is properly displayed, and also see that it is displayed to a good advantage.

Beyond Expression.

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed remedy for all itching diseases of the skin. Price 25c.

By the way of emphasizing the value of advertising an enthusiast asks: "Did you ever stop to think what would happen if every form of advertising in the United States should be prohibited for ninety days?" Inside of half that time the mills and manufactories would stop for lack of orders; the almost empty stores would close their doors; millions of people and millions of capital would be thrown out of employment, and this country would be overwhelmed by the greatest financial and industrial panic it has ever known. It is the tremendous power of publicity that turns the wheels of progress.

Letter to R. T. Shindler.
Nacogdoches, Texas.
Dear Sir: Do you want to sell Devoe lead-and-zinc for your town and country?

The whole doctrine of it turns on these three points:

- (1) It is all paint and true paint;
- (2) It is the strongest paint;
- (3) It is full measure.

Because it is all paint, true paint, proportioned for strength and full measure,

- (1) It takes least for a job;
- (2) Looks best all the time;
- (3) Lasts longest;
- (4) Gathers the trade, and holds customers.

There is no such argument for any other paint; there is no other such paint; there is nothing but talk for any other paint. Devoe is the paint, if you want the facts on your side.

The country is full of experiences; we bring these experiences to bear on your trade, if you sell Devoe.

Yours truly,
F. W. Devoe & Co.
New York.

When the average citizen says that he never made a greater mistake in his life. Of course there are some who can do more than others, who take greater pride in the work of upbuilding than others, but no man is without his influence and there is not a man who cannot help out wonderfully. For that reason every genuine citizen of every town should make of himself a committee of one to see that the town in which he lives gets all the advertising and pushing that is coming to it even if he has to do it all. So help to build. You can do it if you want to.—Lockhart Post.

Letter to F. W. Devoe & Co.,
New York City.

Dear Sirs:
In answer to your letter which I saw for the first time in The Sentinel and which has not been received by mail (at this writing) will say that we do not want to handle Devoe paints because we are handling the Sherwin Williams paints which we believe superior to any paint sold in the markets of the world today and from the way we are selling this paint we know that we can meet every point of your arguments and show that we have you "Bested" in each and every point claimed.

Yours truly,
R. T. Shindler Drug Co.

Have You Chills?

It cured your Pa and also your Ma of chills in the long ago and it will cure you now. It has been tested by time and its merits have been proven. We guarantee one bottle to cure any one case of Chills. If it fails your money is cheerfully refunded—and its name is Cheatham's Chill Tonic. w

Does Not Irritate.

"I have found Simmons' Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver and all kindred troubles, I have ever used. It does not irritate or gripe." Very truly
S. P. Cleary, Jackson, Tenn.
Put up in tin boxes only.
Price 25c.

The tobacco crop that was raised by J. W. Petty this year was turned over to the representative of Tausig & Co. yesterday and Mr. Petty received the money for what he had raised. While the crop was light, yet Mr. Petty was highly pleased with the experiment this year, and The Sentinel is informed that he will engage in the growing of the weed next year upon a much larger scale. He made good money out of his crop, so it is stated and it is presumed that all the other farmers who planted tobacco under the supervision of the government will do equally as well.

Fleish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothe and heals cuts, burns and scalds: 25c, at Stripling, Haselwood & Co. drug store; guaranteed. dw

THURSDAY'S LOCALS.

Hudson Prince of Garrison, is in the city today on a business trip.

Mrs. F. D. Huston returned yesterday from a visit to Lufkin.

J. T. Crawford of Etoile was in the city yesterday on a business trip.

Miss Mamie Harrington is reported very sick this morning.

Boss Kinnebrew has gone to Henderson and will be absent several days.

M. R. Whitehead of Etoile was in the city this morning and was a caller at The Sentinel office.

Mrs. R. W. Murphy is visiting at Lion Flst, and while there she will be the guest of her father, F. S. Weatherly.

Mr. and Mrs. E. M. Wseks left this afternoon for a visit at Gasetville, where they will spend several weeks before returning home.

Dr. C. C. Pierce was out on the streets yesterday for the first time in several weeks. He was laid up with a case of typhoid.

Mrs. Countryman and daughter, Miss Countryman, of Houston, mother and sister of the ticket agent, Mr. J. E. Countryman, are here.

Young man, get a business education. We have a complete scholarship in the Tyler Business College that we will trade for a gentle buggy horse. tfw HALTOM & HALTOM.

Mrs. H. T. Burk returned yesterday from a visit to Friendship. She was accompanied home by her mother, Mrs. Eliza Baxter.

Hardy Dial left this morning for Stubblefield where he will lecture the Farmers Union tonight, and tomorrow night he will deliver a lecture at Mt. Moriah.

Miss Bernice Mims returned home yesterday after spending several weeks in Beaumont on a visit to her sister, Mrs. daPonte.

The little baby of Mr. and Mrs. J. E. Countryman died this morning and will be entered in the city cemetery. The little one has been in poor health for a long time, but hopes were entertained for its recovery. Death however came and relieved the little sufferer. The Sentinel sympathizes with the parents in the loss of their little darling.

Austin Roquemore went into the fruit shipping business this year on his own account. He shipped from this place 975 crates of the prettiest peaches that he could get, and he paid all the way from 35 to 60 cents per crate. When The Sentinel reporter asked Austin what success he has with his shipments he said that he had received quite a lot of experience which would be of much benefit to him in alter years.

The sachem of Alabama tribe of Red Men wants to meet all members of the degree team in the wigwam tonight at the eighth run and thirtieth breath, for the purpose of practice. There will be work in the adoption degree on Monday night and the sachem wants the degree put on in a way that will keep up the reputation of the tribe in doing first-class work. All members who can conveniently do so will find it profitable to attend these special meetings for here it is that the real working of the tribe is brought out.

J. A. Connor of Ponta was in the city this morning with cotton. He found the cotton market to be in a healthy tone and received the top of the market for what he had. The farmers from that part of Cherokee county always find that the cotton market of Nacogdoches to be good at all times. Another nice thing about those Cherokee county farmers who bring cotton to this market is that they always make it convenient to buy quite a nice bill of goods when they come to Nacogdoches.

Take Kodol After Eating.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for indigestion, dyspepsia, gas on the stomach, weak heart, sour risings, bad breath, and all stomach troubles. Sold by Perkins, Kleas & Mast, dw

RHEUMATISM ROBS LIFE OF PLEASURE

Rheumatism does more than any other disease to rob life of pleasure and comfort. It is so painful and far-reaching in its effects on the system that those afflicted with it find themselves utterly unable to enjoy bodily comfort or any of the pleasures of life. Some are bound hand and foot and suffer constantly with excruciating pains, swollen, stiff joints and muscles, and often distorted, crooked limbs, while others have intervals of freedom, during which they live in constant fear and dread of the next attack, when, at the least exposure to damp weather, or slight irregularity of any kind, the disease will return. The cause of Rheumatism is a sour, acid condition of the blood, produced by food lying undigested in the stomach, poor bowel action, weak kidneys and a general sluggish condition of the system. External applications, such as liniments, oils, plasters, etc., do not reach the cause and can only give temporary relief. The blood must be cleansed and purified before a cure can be had. S. S. S. attacks the disease in the right way—it neutralizes the poison and filters out every particle of it from the blood, stimulates the sluggish organs and clears the system of all foreign matter. It cures the disease permanently and safely because it contains no harmful minerals to damage the stomach and digestion. Book on Rheumatism and any advice you wish, without charge.

SSS

THE SWIFT SPECIFIC CO., ATLANTA, GA.

FRIDAY'S LOCALS.

Dr. Tucker is reported on the sick list this morning.

Marion Hall went to Garrison yesterday on a business trip.

Prof. W. B. Hargiss of Garrison, is in the city this afternoon.

Zeno Cox went to Dallas yesterday on a business trip and will return tomorrow.

J. J. Bowden is reported on the sick list today. It is said that he has typhoid fever.

E. J. Summers returned this morning from a trip over his territory in the interest of the J. H. Summers lumber company.

J. J. Popp who has been sick for quite awhile, was out on the streets yesterday.

E. J. Mantooh, one of Lufkin's most enterprising citizens, is in the city today on a business trip.

Mrs. A. J. Price of Melrose, is visiting in the city, the guest of her daughter, Mrs. C. D. Mims.

Miss Minnie Ryan of Lawsonville, is in the city and while here is the guest of Mrs. Beeman Strong.

Ladies do not fail to call up Mercantile Co. for quick delivery and fresh vegetable and groceries.

Mrs. M. N. Terrell who has been ailing some, for several days, is able to leave her room now.

Dr. C. C. Pierce is able to be at his office after having been confined to his room with a case of typhoid fever.

Mrs. F. O. Fuller, of Cold Springs is in the city on a visit to her sister, Mrs. Chas. T. Richardson.

Miss Gladys Butler, of Jacksonville, is in the city, and is the guest at the home of Mrs. E. Hauser.

Mrs. L. C. Faulkner of Lawsonville, is in the city on a visit to her daughter, Mrs. Beeman Strong.

Rev. P. H. Reese of Buford, Ga., arrived in the city yesterday on a visit to his son, G. R. Reese. Rev. Reese had a string of health certificates showing that he had not been in the yellow fever district in order that he might cross the state line.

This morning the horse of Dr. Nelson furnished a little excitement on the streets. The horse became frightened and started to run away. He turned the buggy over and made a dash for liberty, but was caught before there was any damage done. For a while it looked as if the buggy would be torn to pieces, but when it was righted it was found that only a shaft was sprung.

Old Age, Feebleness, Infirmary.

Nothing is so good as Browns Iron Bitters for aged people. It renews the strength and energies. Mrs. Mary A. Edwards, Yoakum, Texas, writes:

"I have been wonderfully benefited by Brown's Iron Bitters; it seems to give me new life. I told my doctors it had prolonged my life, being now eighty-three years of age." Sold by Stripling, Haselwood & Co. dw

Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the uterine system, positively curing disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

Yesterday it was reported here that there was several cases of yellow fever in Longview, Marshall and Texarkana. This morning Mr. John Schmidt was talking over the long distance telephone with parties at Longview and they assured Mr. Schmidt all such rumors were without foundation, and that there was not even a suspicious case nearer than Shreveport. That the Shreveport case was now convalescent and that there were no other suspicious cases in that city.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by Perkins, Kleas & Mast. dw

The Nacogdoches Grocery Co. Timpson house is doing a fine business since the quarantine has cut Shreveport out of this territory. The local railroad offices will have to increase their forces in order to handle the business if it continues to increase as it has in the last few days.—Timpson Times.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by Perkins, Kleas, & Mast. dw

SATURDAY'S LOCALS

W. H. McBride of Melrose was in the city today.

Henry Atkinson of Appleby was in the city today.

Joe Covington of Martinsville was in the city this morning.

Bee Blanton of Swift was in the city today on a business trip.

Jno. Thrash of Melrose, was in the city this morning on a business trip.

W. J. Grimes of Melrose was in the city this morning, on a business trip.

Willie Wade and Denver Chesnut were with the excursionist who went to Beaumont this morning.

John Ruffs returned this morning from a weeks vacation and is at his old place at Mayer & Schmidts.

Mr. and Mrs. Eugene A. Wilson of Beaumont, are the guests of Judge and Mrs. Ingraham of this city.

D. K. Cason left yesterday afternoon for Dallas where he went to meet Mrs. Cason. They are expected to return this afternoon.

Mrs. Henry Garrison returned yesterday from Houston, where she has been visiting her sister, Mrs. Judge Vasmarr, for the past month.

T. B. Lewis left this afternoon for Dallas where he has some business in the United States court. He will be absent from the city several days.

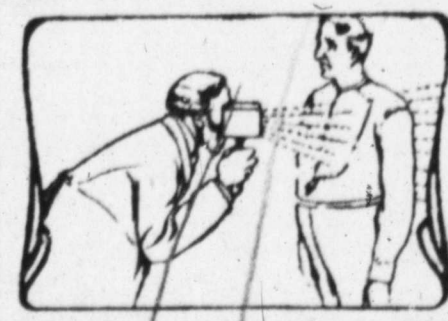

A. T. Russell and S. M. King, returned last night from Cushing, Nat and Douglass, where they have been attending justice court at those places.

A fine meeting at Smiths chapple has just been closed. There were some twenty-five or thirty conversions during the meeting and there were fifteen additions the church.

J. S. Atkinson of Appleby was in the city yesterday on a business trip. He had nothing in the way of news to give the reporter, but said that the people there were talking yellow fever and cleaning up the town.

A little forethought may save you no end of trouble. Any one who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by Perkins, Kleas & Mast. dw

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. Gaxner.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boscher's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dead consumption has already attached your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

Try trial bottles, 25c. Regular size, 75c. At all druggists.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. It does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil add his remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by Perkins, Kleas & Mast. dw

Rev. John Judd of Stoker was in the city this morning on his way to Red Land church near Lufkin where he will fill his regular appointment tomorrow. He says that the crops in his part of the county have come out wonderfully within the past few weeks and that there will be a very fair crop raised. He also said that the prettiest corn crop that he had seen in a long time was near Melrose.

Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases. DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by Perkins, Kleas & Mast. dw

WHICH FLAVOR, PLEASE

We're fairly good guessers, but in no sense mind readers, and we have so many fruit and other flavors in soda water that will make you remark: "Did you ever taste anything as good?" that we must know your choice. We don't care what you like best—you'll get it here. Come in and cool off.

Stripling, Haselwood & Co.

Drinks That are Cold

MONDAY'S LOCALS.

H. B. Fall of Chireno, is in the city today, on a business.

Miss Gladys Butler returned to her home at Jacksonville yesterday.

Mrs. E. A. Blount left yesterday on a visit at Dallas, where she will spend several weeks.

See the car load of Victor and Kentucky Mills at Casons. Prices right.

Roy Ramey left this afternoon for Joaquin where he goes to look after some telephone troubles.

Jack Durst left Saturday for his home at Tyler. He has been visiting in this city for the past several weeks, the guest of his aunt, Mrs. P. C. Meador.

You will buy a buggy or surrey if you'll look at Cason's stock.

Miss Laura, and Louise and Lucile Hughes who have been in the city for past several weeks on a visit to Mrs. Eugene H. Blount, returned to their home at Dallas Saturday.

There is a protracted meeting in progress at the North church and it is reported as being a fine one. Rev. Malone is assisting the pastor, Rev. Gerrard, in the meeting.

Henry Randolph and Tan McKinney of Houston, arrived in the city yesterday and they left today for Sulphur Springs, where they will spend a few weeks on a fishing trip.

P. C. Meador left this morning for Melrose and other points in the eastern part of the county on a business trip. He will be gone all the week.

Paul Durst, left Saturday afternoon for his home at Tyler. He was accompanied as far as Jacksonville, by Vincent Davidson.

J. W. Byrd is putting in a new gin at the Rusk school house this week. The machinery was shipped out this morning.

Misses Feagin who have been in the city on a visit to Miss Annie Watson left today for their home at at Houston.

Bart T. Burk of Sacul, is in the city today on a business trip.

T. B. Hardeman and Hal Tucker leave tomorrow for New York to buy their fall and winter stocks of goods.

Judge V. E. Middlebrook is about the happiest man in Nacogdoches today. This morning Mrs. Middlebrook presented the Judge with a fine boy. The Judge is receiving the congratulations of his friends. The Sentinel extends congratulations and hopes that the young man may live to be a useful man and a source of joy and comfort to his parents.

Mrs. Jones, where did you get that Omega I hear so much talk about? Why at the Mercantile Co. It is simply fine Mrs. Brown.

The little baby that Mr. and Mrs. Mims had in their charge died Saturday afternoon. The little one's mother was adjudged insane a few days ago, and the little one was sick at the time and as there was no one to take care of it Mr. Mims said that he would take and care for it until such time as the county could find a home for it.

H. F. Marr of Corsicana, arrived in the city yesterday and in the future he will be with The Plaindealer. He has purchased a half interest in the Plaindealer office and will have editorial charge of the paper. Mr. Marr is a very able newspaper writer as well as a printer, and The Sentinel extends a cordial welcome to Mr. Marr and his family and hopes that they will find that this town is the "best what is."

Mrs. Margaret Lloyd died yesterday at the home of her granddaughter, Mrs. Bessie Burrows, about six miles from the city. She was eighty years of age at the time of her death and during her life she lived a true christian life and was always ready to respond to the cry of distress. Mrs. Lloyd was the mother of T. J. and John Lloyd of this city. In her death the community in which she resided has lost one of the sweetest and purest characters and she will be missed by all. The funeral will be held at the Linn Flat cemetery this afternoon at 2 o'clock. To the bereaved The Sentinel extends condolence in this their darkest hour of sorrow.

TUESDAY'S LOCALS.

Frank McGee left Saturday on an extended pleasure trip.

M. Hill of Appleby was in the city yesterday on a business trip.

Hon. J. C. Harris and daughter are in Palestine on a visit to relatives.

Mrs. D. K. Cason returned yesterday from Mississippi, where she has been for the past two months.

Miss Norma Swift and her brother Fritz, of Melrose, spent several days in the city the later part of last week.

Mrs. Otto Munsell returned home yesterday after a two week's visit to her parents at Lufkin.

Wilton Ratchiff left Sunday South via H. E. & W. T. railroad in the interest of the Cigar Factory.

Miss Lillian Washburn of Houston is in the city visiting friends and relatives and is the guest of Mrs. Dr. Campbell.

Miss Ada Algood of Timpson, is in the city the guest of Mrs. A. C. Ireson on North street.

The rains of this morning seems to have been general all over the eastern part of the state. The Texas Telephone Co. reports that the rain was heavy at Center, Douglass, Appleby, San Augustine, Tenaha, while at Cushing, Chireno, Garrison and Abo, the rain fall was light.

The rain fall in Nacogdoches last night was 2.07 inches. The creeks are all up this morning as a result of the rain and the fishing parties that were arranged a few days ago will have to be postponed for several days on account of high waters.

Mr. and Mrs. J. B. Power returned yesterday from a trip to San Augustine. Mr. Power says that the crops in that county are all good this year and that the farmers are all in good spirits over the prospects for good yields.

T. K. Raynor of Decoy was in the city today on a business trip. He had a photograph showing the last convention of the Texas postmasters, and when some of his friends suggested that it "a bunch of fourth-class postmasters" Mr. Raynor said that that was a mistake. That it was a body of first-class postmasters representing fourth-class post offices. That the meeting represented the best post masters in the state and they all had a splendid time.

WEDNESDAY'S LOCALS

Dr. H. A. Hardeman of Melrose, was in the city today.

Horace Wilson of Melrose, was in the city today on a business trip.

R. C. Shindler and son, Herbert left today for San Augustine on a visit.

Miss Vera Gillespie of Jacksonville is in the city the guest of Miss Irene Hardeman.

Prof. Hall of South Dakota, is in the city on a visit to his sister, Mrs. Edgar Mooror.

Ralte Stripling of San Augustine, is in the city, on a business and pleasure trip combined.

Joe Harris of Melrose was in the city yesterday on a business trip. That community is reported as being in good shape.

Ike Harris was in the city today, and he says that he will stay at Black Jack for some weeks yet and that he is having the time of his life in the country.

Mr. and Mrs. Victor Garber of Jackson, Miss., arrived in the city yesterday and will be here several weeks. Mrs. Garber will be the guest of her mother, Mrs. Ella Smith, while here.

J. J. Haltom has purchased a saw mill outfit and will in the future run a saw mill in connection with his shingle mill. The new machinery was carried out to the mill site this morning.

Jim Adams of Martinsville was in the city yesterday on a business trip. He reports the farmers in the section of the country in very fair shape, considering all that they have had to contend with the past spring.

Edgar Wade returned yesterday from a pleasure trip to Arkansas and he says that he had quite a time in dodging the quarantine along the route home, and that he had to travel two-thirds of the way to St. Louis to make it home from the point where he was.

Moves By Electricity.

The famous Commercial school of the South is located at Tyler, Texas, the highest point between The Gulf and Red River, a most healthful and beautiful city of 10,000 inhabitants. There is not a saloon or gambling house in the city or in the county, and there is also a conspicuous absence of their accompanying evils.

The healthful and moral conditions surrounding are to be considered when selecting a school to attend. No other Commercial school building in the South is as well lighted and ventilated as the Tyler Commercial College. The building is scientifically ventilated and lighted. We have no weak eyes caused by students reciting one recitation in a dark room and the next in a light room; we have none of those troubles caused by a student reciting in a warm, close room and next in a cool, open room. Everything is uniform throughout the building. Classes are all called and dismissed by electric bells in each room. Every recitation room is connected with every other and the private office by telephone. Although our building is large and contains 15 rooms, a student can be given prompt attention, if out of place, in any part of the building without a teacher being called away from his class.

Free catalogue giving further particulars of this famous school and its practical, thorough courses of bookkeeping, business training, shorthand, typewriting and penmanship, address Tyler Commercial College, Tyler, Texas.

C. A. Jones will continue to sell you goods as cheap as ever.

Get your gin belts, pulleys, shaftings, etc., from Cason. Good stock. Low prices.

Will Start Tomorrow.

The Nacogdoches Show Case and Manufacturing Co., will start their machinery tomorrow morning, that is a trial run will be made to see that all the machinery is in good working order. It was intended to start on the first, but owing to the fact that some of the machinery was delayed in arriving, a start could not be made.

While all the machinery has not been placed, yet enough is in position to finish up material that will be used in the completion of the plant.

The Sentinel reporter met Mr. Cook this morning and he stated that it was the intention of the directors of the plant to have a big blow out when the plant was started up proper and that The Sentinel force would be notified of the event in time for them to be present and that they would expect the printer boys to be prepared to make some speeches, and otherwise enjoy themselves.

Catarh Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall Catarrh Cure. Send for circulars, free.

A big lot of staple goods just received that was ordered before my sale began. Buy now for they are advancing.

C. A. Jones.
