Do not fail to attend this sale which will last until Sept. 1st. Sole agents for OMEGA FLOUR, the highest patent made, so do not fail to have your loving husband get a sack next time he comes to Nacogdoches and if you do not think it the "best what is" return at our expense.

Remember the big sale and rest assured we will have some good for you.

Yours to please,

Nacogdoches Mercantile Co

LETTER FROM THE WEST.

Religious Fort Davis—Summer Residents—Death of Mrs. Hackney.

Dear Sentinel:

Fort Davis, Aug. 10.—This is the greatest place for preaching I ever saw. I have been here nearly three months and there has scarcely been three days that there was not a religious meeting going on. In this I mean to include the camp meetings, which are attended by almost everybody. Some two weeks ago the Baptists closed a big camp meeting at Madera Canyon and yesterday the Methodists began a campmeeting at Skillman Grove. The latter is about eighteen miles southeast of Fort Davis. The little town is almost depopulated. Everybody has gone out to the meeting. Eighteen miles is considered quite close in this country. The roads are fine and it is only a nice two hours drive.

Mrs. T. L. Hackney, of Houston, died here Tuesday of consumption. The remains were embalmed and shipped to Houston last night for interment. Her husband, Tom Hackney, is quite well known in East Texas as a saw mill man and lumberman. He had just completed a beautiful summer house here, which he had built to gratify his invalid wife. Before it was completed she seemed to hold up splendidly in the anticipation of occupying her new home, but after she moved into it—about a month ago—and really before its completion—she began to decline and continue to get worse until the sad ending of her precious life came.

There are probably a hundred or more "lungers" here. They are coming and going every day now. Many who are in well developed stages stay here. There is scarcely a citizen—ranchman or what not—who did not come here a "lunger." Many who are not bad sick, but have a "tired feeling" when the weather begins to get warm, have built summer residences here, which they usually occupy from about the first of May until September or October. Judge E. P. Hill, former editor of the Houston Post, now makes this his permanent home. I cannot give the names of all owning summer homes, but among them I can mention the following: G. C. Walker, of Luling; J. E. Wallis, of the firm of Wallis, Landes & Co., of Galveston; Berry Camp, T. L. Hackney and E. P. Hill, of Houston; H. M. Trueheart and J. A. Adriance, of Galveston. Many families come and rent houses during the summer and the desirable residences rent as high as fifty dollars a month. One citizen that I know of rented his dwelling for \$50 a month and is living in tents during the term of lease.

I will have to withdraw my

promise to write a history of the old government post here. I cannot get any more information than what I have already given. I have searched in vain for a source from which to gather data, so I will have to abandon my promised write-up. R. W. H.

The Big September Crowd.

Will soon be coming. Make your arrangements to be one of the number. Enroll in the Tyler Commercial College for a course of bookkeeping, Shorthand, typewriting and telegraphy, and make sure your future success. Continue what you are and remain where you are, and you are what and where you will always be. If you want to lead a life of success and pleasure, you must secure a practical education—one that will place you in demand in the business world. An education of this kind is no lottery; there are no blanks. Any young man or woman can afford to make a sacrifice in order to secure such an education. Those who enrolled with us last September are now holding excellent positions. Don't wait longer. Arrange to come at once and prepare to join the happy host of successful graduates of the Tyler Commercial College of Tyler, Texas, the famous Commercial school of the South. Catalogue free.

Attention! Road Workers.

Nacogdoches, Tex., Aug. 16. To the Road Overseers of Nacogdoches county:

You and each of you are hereby notified that by authority vested in us by law, we shall require each overseer of the public roads in Nacogdoches county, to put in eight (8) days on the public road in his road precinct. Please take notice and govern yourselves accordingly. Your attention is called to the law set out in your "road commission" which fully explains the order.

R. L. Williamson,
J. W. Byrd,
C. B. Patton.

The action of the above named commissioners is something that should meet the approval of every citizen in the county and no doubt will be endorsed by every business man in the county.

The people of Appleby are certainly interested in their school. They put forth every effort for the interest of its pupils.

WANTED—A good sound driving and saddle mare not over 7 years old. Must be good traveler. Apply to D. R. Read, Banita Hotel.

The Appleby school opens September 4th. If you are going to attend, enter, if possible the first day.

For Sale.

30 bushels A. J. fall seed potatoes. W. R. Crammond.

WAGONS

You need a Wagon now. We have them—big stock of five different makes. Two of them, the MITCHELL and STUDEBAKER, the very best made. We have the very largest stock of

Buggies, Surreys and Harness

that you ever saw in this country. We are still selling all of these at low prices, and on some lines that we are closing out, or have too many of a kind in, we will positively sell you at from ten to twenty dollars less than regular price. You will save money by seeing us on the Buggy, Wagon and Cane Mill question. Car of VICTOR and KENTUCKY Cane Mills just in. If it is Hardware, you know we've got it. To us your wants.

D. K. CASON

The Hardware and Vehicle Man

HORRIBLY MANGLED.

A Logger at a Saw Mill Near Sacul Crushed to Death.

Yesterday morning Tom Grissom of Sacul met with a most horrible death. He had the contract to log one of the saw miles at that place and was out in the woods looking after the business and while one of the drivers was loading a wagon, one of the logs went wild and Mr. Grissom was caught and his life was crushed out of him.

He was taken to his home at Sacul and the remains will be buried today.

Ed Burk who returned yesterday tells the following story of the unfortunate accident.

"Early in the morning while loading the logs one of the large chains broke and the driver had it repaired. Mr. Grissom came out to where the men were loading logs and was standing near one of the wagons, when the driver told him to get out of the way as the chain was bad and that there was danger to stand near where he was.

"The wagon was loading logs on the hill side, and Mr. Grissom walked a short distance and which was considered out of danger and sat down on another large log. The driver had pulled one log up on the wagon and when in the act of pulling up another the chain broke and the log took a lightning start down the hill and struck the log on which Mr. Grissom was sitting. As it struck the log it caught Mr. Grissom's feet and threw him on the ground, face down. The log passing entirely over the body and crushing the life out of the unfortunate man.

"Mr. Grissom leave a little son about 11 years old to mourn the loss of a kind and indulgent father. Mrs. Grissom having died several years ago.

Mr. Burk said that it was

one of the most horrible sights he ever beheld; that the log had mashed the body almost flat, and as it had rolled over the body beginning at the feet that all the blood in the man's body had been forced up to the head.

The best recommendation that any school can furnish is the pupils who leave it. The kind of pupil, the kind of school.

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor

The cotton warehouse should be built.

Don't forget the fact that Nacogdoches needs that cotton warehouse.

Give the cotton growers a good warehouse and there will be a number of extra bales bought here just on that account.

Only 179 bills of indictment were returned by the grand jury of Shelby county at the last term of the district court in that county.

There is time for work and there is time for play. The time is now here that the town must be cleaned up and put in good sanitary condition. The time for work is now.

Remember that the home printer should at least have an opportunity to make bids on the work that you have been in the habit of sending out of the city to foreign printing plants.

There is not much danger of the yellow fever getting away from New Orleans. The United States will soon have it under control, and then the business of the country will resume its normal condition.

Help the newspapers of East Texas tell the great story of this wonderful country, by writing to the old friends and tell them that what they see in the newspapers is absolutely true and that the papers have not told all the story.

If after all that has been said about a possible failure of cotton crop in Nacogdoches county, that crop should turn out otherwise, The Sentinel will arrive at the conclusion that the biggest liars in seven states make their home in this county.

The tobacco growers are invited to send The Sentinel an account of their experiment with the weed this year. The Sentinel would like to have the exact figures as to what it cost to produce the crop, and the amount received for same.

With millions of acres of public lands to be thrown open to the homeseekers in this state next month, there is no reason for the people to say that there is no chance these days for a poor man to get a home as our forefathers did. The purchase price of these lands has been placed at the very bottom, and forty years within which to pay off the debt.

The members of the old board of trustees of the Nacogdoches University are entitled to a vote of thanks for their offer and donation of \$1,225 to the trustees of the Nacogdoches Independent School District for the purpose of putting the old school building in good repair. When this is done this will give the Nacogdoches High school another building.

There is not a man in East Texas but what has some friend who would like to know more of East Texas. Write that friend a letter and tell all you can think about that would interest him in a new country.

The Palestine Herald now reaches this table in a seven column make-up. The Hamilton boys are giving Palestine the best paper ever published in that city and the merchants of the town seem to appreciate the fact, as is evidenced by the liberal patronage the paper receives.

The fact that Cuba has quarantined against New Orleans is like the story that was told of the negro and the white child playing, and the negro child had a piece of corn cake and molasses. The old Mamy said "bettah cum heah chile for that pore white trash will lick all the lasses often yore bread and will then call you nigger." Cuba was once the hot bed of the yellow fever and the United States while the army was on the island cleaned the city of Havana, and the whole island of the fever.

The question now is do the merchants of Nacogdoches desire a cotton warehouse? If they do let some one speak out in meeting and say so, and then get busy, and then see that the same is put up in time for the crop that will be marketed here this year. It is a conceded fact that the merchants and the cotton buyers of this city pay more for cotton than any other point in East Texas, and this fact coupled with the fact that there is a cotton warehouse here would have a tendency to bring quite a lot of extra cotton to this market. This is a matter that all the merchants of the town are interested in and they should take the matter up at an early date, so that the warehouse can be put up in time for the cotton season now so near at hand.

The Center News says that there is a man in that town who proposes to build a warehouse to hold all the cotton that the farmers of Shelby county want to store. Now this is as it should be in every county seat town in East Texas, but it seems that those who are in position to do these things are a little backward in taking the initiative. There is no doubt but that money invested in a cotton warehouse would pay a good dividend on the amount of the capital invested. The matter is respectfully referred to the Business League of Nacogdoches and that body should see what can be done toward getting the business men of the town interested in the matter. What is to be done should be done quickly, for the cotton season will soon open in this county and the house should be built in time to take care of this year's crop.

The first freight train to arrive from Shreveport since the quarantine, came in this morning and it had quite a lot of freight for the Nacogdoches merchants. The Sentinel had a lot in the shipment and it arrived just in time to save the shop a lot of worry.

Exchange Comment.

Those East Texans are getting together. The Nacogdoches Sentinel says "The Waco Times-Herald thinks that after the new election that the state of Texas will have a good governor, it matters not which one of the boys gets there. There is much about it, it Tom Campbell is the successful candidate the state will have the best governor that she has had in many years."—Waco Times-Herald.

The Sentinel sees clearly, and it is to be hoped that the people of Texas will name him for the high office of governor.—Tyler Courier.

In a few years East Texas will ship as much fruit to the markets of the north as the fruit growers of California.—Nacogdoches Sentinel.

And only a few years ago fruit-growing was considered more in the light of experiment than as a profitable undertaking. Two seasons proved the industry a money making one, and if the demand continues to increase all East Texas will be one vast orchard a few years hence. All of which goes to show what thrift and energy will do when applied to Texas soil.—Sherman Register.

S. L. Miller received a letter today from T. M. Cox at Beeville in which the writer says that the farmers in that part of the state will raise as fine crops as they did in 1900, which was the finest cotton year within the history of the country. The acreage was very short says the writer, and had the same number of acres been planted as were in that year that there would be as much cotton raised there this year as there was in 1900.

Walter Windom, Obb. Johnson and J. R. Smith of Aiken, were in the city Friday on a business trip, and the report that the cotton crop in that section of Shelby county to be in good condition, and that a very fair crop will be raised. They say that the boll weevil has not bothered the crop in that section very much, and that there is no more complaint than is usual at this time of year. They say that the crop is quite late, but this condition was brought about by late spring. The farmers in that community have kept up with their work and the fields are all clean. The Sentinel is glad that there are some of the farmers in East Texas that are able to report that they have good crops. The reports that some of the Nacogdoches farmers turn in are very bad.

Edgar Thomason left this afternoon for Dallas where he will spend a few days and from that city he will go to St. Louis where he will visit some of the wagon and buggy factories; from there he will go to Chicago, Racine, Wis., and Springfield, Ill. His mission to these northern markets is to superintend the making of the wagons and buggies that will be handled in this city by the firm of Richardson, Seale & Co., Mr. Thomason is a member of the firm and

he will have charge of that department. He was sent to the manufacturers with specifications for the wagon that is destined to give the farmers of this section all that could be expected for their money. The manufacturers say that they will make just the wagon that is wanted by the farmers of this section and as Mr. Thomason has given the wagon business a great deal of study, he is prepared to give the necessary details for the building of a wagon that will stand the rough usage that the wagons of this country are expected to stand.

Letter to Perkins, Kleas & Mast,

Nacogdoches, Texas.
Dear Sirs: Messrs. Leachman & Edelin, Grafton, W. Va., had been selling a paint which they thought well of; and this had occurred.

They had sold a customer 18 gallons of it to paint his house. A few years later they sold the same man Devoe lead-and-zinc the same number of gallons to paint the same house. He had seven gallons left.

The point of the tale is: 11 gallons Devoe paints an 18 gallon house.

Do you want to sell it? Of course, that isn't all. Why does 11 gallons Devoe go as far as 18 gallons of other paint? Because it is all paint, all true, no sham, and full measure.

Do you want to sell it? But that isn't all. Devoe lasts longer. No, no; you haven't got to wait ten years to find that out. Ten thousand people know it. We've got their names. Our agents know them; they think a heap of Devoe. There's no difficulty in showing your townspeople what to expect of Devoe. \$10 will paint a \$15 house; and the paint'll last twice as long.

Do you want to sell it? Yours truly,
F. W. Devoe & Co.
New York.

E. M. Dotson brought three ears of corn down town this morning that were the finest specimens that has ever been brought to this office. Two ears were presented to Lindsey and Harris and they have them in their collection of the farm product of this county. The specimens that are on exhibition will convince the most skeptical, that this section of the world will produce corn as fine as can be grown anywhere on the earth. The corn crop of the county promises to be very fine this year and the prospects are the farmers will have corn to sell next year instead of having to send north next year for what they have to use.

Tom Meroney of the Trinity community, was in the city yesterday on a business trip. He was a caller at The Sentinel office, and he said that he had done well with his tobacco crop this year and that he would grow more acres next year than he did this year. He also said that he was satisfied with the results.

Henry Gage of Tyler, who has been with the Daglish Hardware Co. for several years has accepted a position with D. K. Cason of this city.

THE OLD TRUSTEES.

Give the Trustees of the High School \$1,225.

Yesterday afternoon there was held in this city a very important meeting, and one of great interest to the schools of Nacogdoches Independent District.

The trustees of the Nacogdoches University when they deeded all the University property in this city to the trustees of the independent district they had on hand something like a thousand dollars. Yesterday they met and discussed the matter and decided to donate \$1,225 to the trustees for the purpose of putting the old brick building in the rear of the Nacogdoches High school in good repair, so that it can be used for school purposes. This amount will put the old building in good repair and will add greatly to the high school, for study rooms when the present building becomes crowded.

G. B. Burhans Testifies After Four Years.

G. B. Burhans, of Carlisle Center, N. Y. writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble. Sold by Perkins Kleas & Mast."

Mr. and Mrs. Dick Hall have moved into their handsome new home on Starr avenue.

H. D. Hardeman who has been in Fort Worth for the past four or five years as dress goods man at The Fair has returned to Nacogdoches and will in the future be found at the Mercantile Co. Mr. Hardeman has been away from Nacogdoches for ten years and the changes that have been made during that time have been great and Mr. Hardeman was surprised to find that the old town had grown so much within so short a time.

Dr. DYSART

SPECIALIST

He comes to you recommended by many leading citizens of Texas and has located with you permanently and every person who will go to him shall receive the benefit of a free examination and consultation. In other words, he will treat you as he would have you treat him, and after making a thorough examination of your case, if he can do you any good or a cure effected, he will tell you so, and if he takes your case he will give you a legal contract as to what he will do with your case.

Troubles of Women

Dr. Dysart's treatment for nervous prostration and other nervous troubles, is unequalled. In fact, science has long since proven beyond question, that there is nothing equal to the curative effects of electricity when properly applied, and diseases of this character yield readily to its proper application. In various cases, where medicine has failed, his treatment is safe and pleasant, quieting to the irritated nerves and readily restores the natural forces of nature. All those poor, monthly sufferers are invited to call and consult the doctor and learn of his life-giving remedies. That terrible impending feeling of nervous origins are quickly relieved.

Diseases of Men

Doubtless hundreds of (apparently) strong and healthy men will read these words who are permitting some secret trouble to weaken their vitality and dry up their life blood, because of neglect and procrastination. The man who neglects his health in this way is committing a well nigh unpardonable sin, because nine times in ten you are not the only one who suffers, but those who come after you must often pay the penalty.

Dr. Dysart makes a specialty of private troubles of men. He uses his own exclusive remedies in the cure of Varicocele, Stricture, Blood Poison, Nervous Debility and associate diseases. His remedies are quick and positive, restoring natural strength, vigor and robust health. The afflicted organs are treated directly while the whole system is invigorated by a powerful constitutional treatment. The nervous system is built up and health and strength restored in a natural way.

If you are a sufferer go and see him. It will cost you nothing to consult with

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil add his remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by Perkins, Kleas & Mast.

Charley Kolb died at Tubbe last Monday and was buried Tuesday afternoon. Mr. Kolb was a brother to Mrs. J. P. Popp of this city, and Mrs. A. Tubbe of Tubbe. He had only been sick for a few days and his death was a surprise to all his friends and relatives as he had always been in good health. To the bereaved ones The Sentinel extends condolence.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by Perkins, Kleas & Mast.

For Sale.

Two good old mules, two younger, one 5, other 6 years old. Also two milk cows with young calves.

D. K. Cason,
The Hardware man.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by Perkins, Kleas & Mast.

Bro. S. F. Baucom has been confined to his bed since Sunday with fever. Was better yesterday but is very sick yet. The churches expecting his help in meetings will have to wait with patience his recovery.

What Shall I Take?

Is the question asked by those who are not feeling well, have no appreciation, are out of sorts, have no energy and are all tired out. Many medicines are recommended, doctors consulted, money spent in search of health, yet all can be avoided.

Wise people commence at once taking Brown's Iron Bitters and are speedily themselves again. The prescription the doctor gives you will surely have Iron as the basis and the best and cheapest way to take Iron is in this old reliable remedy. Sold by Stripling, Haselwood & Co. dw

The meeting of Simpson Camp Grounds is reported to be progressing finely. Rev. M. I. Brown is conducting the meeting and is assisted by Rev. Huger.

Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases. DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by Perkins, Kleas & Mast. dw

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothe and heals cuts, burns and scalds. 25c. at Stripling, Haselwood & Co. drug store; guaranteed. dw

Mayer & Schmidt have just received an instrument that will take the shape of the head, and Mr. Isaacs says that he can now fit most any head that is brought to that store for a hard hat. The contrivance takes the exact shape and the shape is then put into another machine which makes the hat the shape of the head.

To Prevent Malaria.

Use one bottle of Brown's Iron Bitters, two or three bottles cures me.

Impure blood, biliousness, female weakness, headache, kidney and liver troubles usually succumb to one bottle of Brown's Iron Tonic Bitters, two rarely required. Buy six bottles and save a dollar. Sold by Stripling, Haselwood & Co. dw

Rev. T. F. Gallaher, of Longview, and for quite a while pastor of the Presbyterian church here, is now entertaining a new preacher that arrived on last Monday. The Sentinel with their many friends, extends congratulations to Rev. and Mrs. Gallaher.

Peculiar Disappearance.

J. D. Runyan, of Butler, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Stripling, Haselwood & Co. drug store, price 25c. dw

Mayer & Schmidt are always up-to-date in everything they do. This week they are installing a telephone system in their department store. Mr. Schmidt can sit in his office and talk to any department without leaving his chair. Any department can also call up Mr. Schmidt.

An Ounce of Prevention.

The body is but a human machine and requires constant care, because the "wearing out" is always going on.

Stop a minute and think what your trouble is now. Brown's Iron Bitters will set you straight and keep the human machinery (the body) in perfect running order. It strengthens the muscles, tones the nerves and enriches the blood. It is wonderful. Sold by Stripling, Haselwood & Co. dw

Mr. and Mrs. Joe Jackson now occupy the residence of Mr. J. G. Smith on the corner of Hospital and Church street.

It Keeps Them Off.

They are pretty bad this year—no mistake—and they bite viciously. We refer to Mosquitoes, but a little Hunt's Lightning Oil applied to the irritated places takes the sting away. It keeps them off if used in time. w

Death Closes the Chapter.

From Friday's Daily:

The last chapter in the life of Mrs. Emma Brock was closed this morning about 6 o'clock when death came and relieved her of her suffering and called the soul to the judgment bar of God.

Her father Tom Pate arrived in the city yesterday from Tyler county to see his daughter, having heard that she was here and in a precarious condition. When he arrived he found that her condition would not permit her to be moved and the attending physician said that it was only a matter of a few hours before death would relieve her of all suffering.

The baby died last Saturday, and today the mother's soul has gone to the great beyond there to join the little one who has gone before.

Several ladies heard of the unfortunate woman's death and called at the court house this morning and prepared the body for burial.

Old Age, Feebleness, Infirmary.

Nothing is so good as Browns Iron Bitters for aged people. It renews the strength and energies. Mrs. Mary A. Edwards, Yoakum, Texas, writes:

"I have been wonderfully benefited by Brown's Iron Bitters, it seems to give me new life. I told my doctors it had prolonged my life, being now eighty-three years of age." Sold by Stripling, Haselwood & Co. dw

J. R. Richardson of Melrose, was in the city today and he stated to The Sentinel reporter that the boll weevil had done more damage to the cotton crop within the last eight days than had been done at any one time during the year. He says that there is not a cotton bloom to be seen on any of the crops in his section of the country and that the farmers are feeling rather blue over the prospects. There will not be enough cotton raised to pay for the cultivation that has been put on the crop this year in the vicinity of Melrose.

Have You Chills?

It cured your Pa and also your Ma of chills in the long ago and it will cure you now. It has been tested by time and its merits have been proven. We guarantee one bottle to cure any one case of Chills. If it fails your money is cheerfully refunded—and its name is Cheatham's Chill Tonic. w

Do You Know

That death may lurk in your walls? In the rotting paste under wall paper; in the decaying glue or other animal matter in hot water kalsomines (bearing fanciful names)? Use nothing but

Alabastine

Destroys disease germs and vermin. A Rock Cement in white and delicate tints. Does not rub or scale. You can brush it on—mix with cold water. Exquisitely beautiful effects produced. Other finishes, mixed with either hot or cold water, do not have the cementing property of Alabastine. They are stuck on with glue, or other animal matter which rots, feeding disease germs, rubbing, scaling, and spalling walls, clothing, etc. By Alabastine only in five pound packages, properly labeled. Tint card, pretty wall and ceiling design, "Hints on Decorating" and our artists' services in making color plans, free.

Public Is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerve were wrecked; I could not sleep and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured. Guaranteed at Perkins, Kleas, and Mast drug store; price 50c dw

The Nacogdoches & Southeastern railroad is completed as far as Woden and trains are now running to that place. Woden is located on what is known as Pea Ridge near Simpson's Camp grounds. Superintendent Smith says the line is now open for freight traffic to that point. Passenger service will be inaugurated within a few days.

The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. Sold by Perkins, Kleas & Mast. dw

J. J. Carter of Dallas, was in the city yesterday looking after some lumber business in this section. He has the contract for furnishing some special timbers for several large buildings in Fort Worth, and the timber will be shipped out from this point.

A little forethought may save you no end of trouble. Any ne who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by Perkins, Kleas & Mast. dw

THE PEOPLE ARE THE LAW.

Again it has been necessary for the good citizens of the state of Texas to take the law in their own hands, because they feared that justice would not be meted out to the brute in human form that had made an unsuccessful attempt to commit one of the most horrible crimes in the annals of criminal history. A few days ago a negro near Sulphur Springs made an attempt to commit criminal assault upon the person of a young white lady near that town, and would have accomplished his purpose, had it not been for the fact that her screams brought assistance. The country around the scene of the attempt was soon in arms and within a few hours the brute in human form was found about five miles from where he met the young lady. He was taken in the presence of the young lady and she identified the negro as the man who had assaulted her. This was enough for the mob, and the marched the wretch to the city of Sulphur Springs where he was executed in accordance with the rules of the court of "Judge Lynch." The Sentinel does not believe in mob violence, but there are times when crimes are committed that try the souls of men, and while they are really guilty of murder when they lynch a human being, yet they are justifiable in taking the law in their own hands and dealing out justice to the brute who would attempt to commit such crimes, be he white or black. These kind of trials are not an expense to the state and county, and locality is that much better off by having ridged the earth of such hellish brutes and despoilers of the homes of this country. The only objection that could be raised to such procedure is that people who do not have to contend with such trying ordeals are lead to believe that this country has not yet reached that high plane in the system of advanced civilization which is one of the high characteristics of the American people, and especially of the South. But to the sober minded, home-loving man—no matter from what clime he hails—will say that the good citizens of the town of Sulphur Springs did what was right when they jerked the soul of the demon, who would have ruined a young girl, into the darkest regions of hades via the hemp route, and then burned the carcass.

The sanitary committee of this city is reminded of the fact that the people of the town are willing to co-operate with the committee, and will do everything that the committee says in order that the town may be put in proper sanitary condition.

FACTS AND FIGURES.

Here Are the Figures on One Tobacco Patch.

Tom Maroney one of our up-to-date all-round good farmers did some experimental tobacco growing this year, and he says that he is well-pleased with the experiment and that he will plant a larger acreage next year.

He was in the city a few days ago and The Sentinel reporter asked him for the figures on his crop this year. He said that he did not have the exact figures with him, but that he had all the items at home as he had kept books on the tobacco crop that he had planted so that he would know just where he was after the crop had been marketed. The following are the figures of the crop which has just been marketed by Mr. Maroney:

Number of acres planted in tobacco	2 1-2
Tobacco marketed, lbs.	1,300
Crop sold at 15 cents	15
Received for crop	\$195.00
Expense account:	
Fertilizer	\$ 22.00
Setting plants	10.00
Cultivating	8.00
Paris Green	2.50
Cutting	10.00
Stripping	7.00
Hauling	2.00

Total Expense \$ 61.50
Leaving a net profit of \$133.50

From the figures as are furnished by Mr. Maroney it will be seen that the growing of tobacco at 15 cents per pound is not such a very bad thing after all. There is also one thing to be taken into consideration in these estimates above and that is that the season this year was hard on all field crops, and had the weather been anything like favorable there is no doubt but what Mr. Maroney would have harvested something like four hundred pounds more than he did.

From all who have planted tobacco this year comes the reports that they will plant a larger acreage next season, and they are also pleased with what they received for their crop this year.

Postmasters Organize.

Yesterday afternoon the postmasters of Nacogdoches county met in this city and organized the Nacogdoches Postmasters league. There was a very fair representation of twenty-four postoffices in the county.

Following are the officers of the association: Ben T. Blades, president; Sacul; M. J. King, vice-president; Woden; R. V. Turney, secretary-treasurer, Caro.

Delegate to the state convention—T. K. Raynor of Decoy.

The delegates to the county meeting were entertained by Capt. H. H. Cooper, and he saw that each and every one who were in attendance had a good time.

No further business appearing the meeting adjourned to meet in this city on Thanksgiving day.

The Sentinel was honored by a visit from the officers of the association.

A more extended write-up of the aims and objects of the postmasters organization will appear in next week's issue of The Sentinel.

Letter to Stripling Haselwood & Co.

Nacogdoches, Texas.

Dear Sirs: We suspect you'd like the tale, how a woman beat two hardware dealers in Girard, Pa.

We tried our best to get those men to sell Devoc lead-and-zinc in that bright town and failed. Reluctantly took Mrs. D. M. Bowman, druggist.

They say that they couldn't sell paint for more than \$1.25 a gallon. Mrs. Bowman can. She has sold about all the paint, that has been sold there since. She knew Devoc; had sold our artists' materials. Had some sense and force, besides; she easily learned that cheap is dear in paint, and told the people.

Mr. Burt Young bought a gallon Devoc for rooms that had always taken a gallon of other paint; had half left.

Mr. E. H. Hilr, jeweler, painted Devoc, and says it goes further—no particulars.

Mr. John Hanna, grocer, thought it expensive before he bought it; brought back nearly half of his paint and said it was the cheapest job he ever had.

Mrs. Bowman reports universal satisfaction. So much for a cheap-paint town with a bright woman in it.

Yours truly,
F. W. Devoc & Co.,
New York.

The Last Shipment.

Tomorrow, the last of the tobacco crop that was raised in this county this year will be shipped to the packing house of Taussig & Co., at Palestine. All the farmers who raised tobacco this year under contract are highly pleased with the results of the experiment, and they have all informed The Sentinel that it is their intention to plant next year on a much larger scale. The Sentinel hopes that they will continue the growing of tobacco for it is said to be a sure money crop, and it is usually marketed at a time when the farmers are a little short on the long green.

County Depository.

Yesterday morning the county commissioners, in regular session, opened the bids of the banks of this city for a county depository; in accordance with the last law which was passed by the twenty-ninth legislature governing county depositories.

The bid of the Commercial National Bank appeared to them to be the best and that bank was selected for the county's funds. Either of the banks of this city would have been perfectly safe and there was no choice of the commissioners other than comply with the law. This makes the Commercial National the legal bank of the county until the commissioners accept some other bank, which will be two years hence.

Notice to The School Subscribers.

All who have subscribed to the building fund of the North Church school building will please see the trustees and pay the amount that has been subscribed. You can pay to either of the following: J. W. Petty, J. L. Gill, or M. S. Muckleroy.

FIRST BALE FOR NACOGDOCHES

Received Six Days Later than Last Year. Sold to J. F. Summers.

The first bale of new cotton for the season of 1905-6 was received here late yesterday afternoon. The bale was raised and brought in by N. E. Beavers who lives 10 1/2 miles west of the city. The bale was sold at auction this morning by Capt. J. S. Dough-tie and was bid in by J. F. Summers for the Nacogdoches Mercantile Co. at 11 1-16. The bale weighed 450 pounds and was valued at \$50.22 at the price paid for it. There was a premium of \$11.75 made up by the public subscription for the first bale, and there was also \$11.70 made up in the same manner for the seed from the first bale of cotton.

The seed from the new bale was bought by T. J. Roquemore for the Fidelity Cotton Oil & Fertilizer Co., of Houston and was bid in at \$10 per ton.

With the price paid for the cotton and the premium, and the price paid for the seed and the premium, the bale of cotton brought Mr. Beavers \$77.67.

The new bale was ginned at J. W. Byrd's gin three miles east of town, and was weighed by A. J. Murphey.

For the past twenty years since Capt. J. S. Dough-tie has been a resident of this city he has had the honor of selling seventeen of the first bales that were brought to this market.

In 1900 the first bale was marketed here on August the 16th.

In 1901 the first bale was brought in by W. L. McBride of Melrose on August 13th.

In 1902 the first bale was brought in by James Everett of San Augustine county on August 10th.

In 1903 the first bale was brought in by Robert Axley of Melrose, on August 24th.

1904 the first bale was brought in by Thos. E. Rightmer on August 8th.

This makes the first bale for the season of 1905-6 only eight days later than the first bale of last year.

The Sentinel reporter met Mr. Beavers this morning and made some inquiry as to the condition of his crop. He said: "I have in 45 acres in cotton this year and the bale that you see here was gathered from fifteen acres of the crop I have. I will gather another bale this week. I expect to gather about twelve bales from what I have planted. Yes the boll weevil has done my crop considerable damage, and only the first fruiting will be gathered for the boll weevil has destroyed the rest. The bulk of cotton on my place will be gathered by the middle of September."

Off to Terrell.

Sheriff Buckner left this afternoon for Terrell with John Booker and will place him in the asylum at that place. Booker is a negro school teacher and it is said that he has been very successful with the schools that he has been teaching.

Cures Sciatica.

Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c and \$1. Sold by Perkins, Kleas & Mast.

Notice.

Attoyac, Tex., Aug. 14, 1905. To the patrons of Black Jack school:

School will commence Sept. 4th, 1905. The term will be nine months; six months public. Any child organized in said school community can take out the six months public part any time during the term.

Asking a continuance of your friendship and wishing all a prosperous and pleasant school year I remain, Faithfully and obediently yours
L. A. Whitton,
Principle.

J. L. Williams left yesterday for the oil fields where he will spend several days looking after the interests of the Williams Brothers. All the machinery for the pumping plant to be installed by them at their well in the field has arrived and he will see that the same is started to work on this trip to the field.

You can gat board in the best families at Appleby for \$8.00 per month, tuition for \$1.50 to \$2.50.

If you want to know anything about the Appleby school, inquire of some of the old pupils, they are in every part of the county.

Nacogdoches Mercantile is still on the jump, notwithstanding the dull times.

Oil Company Organized.

Monday the stockholders of the Merchants and Farmers Cotton Oil Co., met in the rooms of the Business League and decided to re-organize the company, and to place the capital stock at \$40,000.

The petition to the secretary of the state asking that a charter be granted, was forwarded by Austin yesterday afternoon, and it will be a week or ten days before the application will be granted.

The following were the directors elected at the meeting: E. A. Blount, E. M. Dotson, D. K. Cason, Chas. Perkins, John Schmidt, P. M. Sanders, Oscar Matthews.

MOSQUITO PROOF.

DISCOVERY WHICH MAKES MAN IMMUNE TO THE DEADLY STING

A South American Secret

The world has always wondered what secret power protected so many natives of South America from the deadly fevers of those tropical countries.

The mosquito theory, accepted at New Orleans, reveals the secret. They keep the mosquitoes off. An agreeable, perfume-like liquid called "Mata Mosquito" (mosquito destroyer) deadly offensive to insects, but pleasant to man, is rubbed on the hands, face arms and exposed places and mosquitoes keep away. No mosquito will touch "Mata Mosquito."

Fortunately this perfume is now offered to the world, and not only opens the door of hope to all exposed to malaria and more deadly fevers, but guarantees comfort to those who suffer from the bites night or day. It is being arranged to have all druggists sell "Mata Mosquito," but in order to put it within reach of all at once, it will be mailed, postage paid, to any address on receipt of the retail price. There are two sizes, 10 and 25 cents. The money can be mailed without fear of loss. Stamps will be accepted.

Address Arthur Peter & Co., Louisville, Ky., who are sole possessors of this secret process for making mankind mosquito-proof.

Be sure to visit the store of C. A. Jones when in town, whether you want to buy or not.

NOT A PATENT MEDICINE.

Hyomei a Scientific Treatment for Catarrh, Prescribed by Physicians.

Hyomei is not a secret remedy and its formula is given to all reputable physicians. Its base is the valuable eucalyptus oil, famous for its germ-killing and antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the pocket inhaler that comes with every outfit, fills the air you breathe with germ-killing and disease destroying powers that banish catarrh from all parts of the throat, nose and lungs. Hyomei is prescribed by physicians generally. Many of them use it themselves, for it is the only natural and rational way of curing catarrh.

Stripling, Haselwood & Co. sell Hyomei under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. The complete outfit costs only \$1, extra bottles 50 cents, and Stripling, Haselwood & Co. take all the risk. What stronger evidence than this can be offered as to the owners of Hyomei to cure catarrh?

Herbine.

Renders the bile more fluid and thus helps the blood to flow; it affords prominent relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with the enlargement of the spleen and liver. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." Price 50c. Sold by Perkins, Kleas & Mast.

Harry Kampner returned yesterday from Chicago where he has been for the past month taking special lessons in cutting. This puts Zeno Cox's tailoring department right-down-to-date in the way of having a first-class cutter.

The meeting at North church is proving quite successful.

A BANKER'S DAUGHTER

Spent six hundred dollars with specialists, visited a dozen of the world's famous watering places, tried massage, and everything she could hear of, and at last got more relief from a 50c bottle of

Dr. Caldwell's Syrup Pepsin

than from anything she had ever tried. She was suffering from Stomach Trouble and Constipation. She writes us that she has gained 28 pounds and is fully well. Name on application.

Wm. Miller, 128 N. Robey St., Chicago, writes: "I have been troubled with Indigestion and Nervousness for many years, and have taken every kind of medicine, but nothing has done me any good. I was told to try Dr. Caldwell's Syrup Pepsin, and I have taken a bottle of it, and I feel like a new man. I can eat and sleep and I am well. I am glad to hear that you are so successful in your work. Your Sincere Friend, Wm. Miller."

Sold by all Druggists

Married.

On last Wednesday evening at the home of the bride's mother, Mrs. Mat Skillern, was solemnized one of the prettiest country weddings of the season when Mr. James Muckleroy and Miss Ballour Skillern were made man and wife. Rev. Carnes officiating. Quite a large number of friends and relatives of both the bride and groom were present to witness the ceremony, and congratulate them upon starting out in life for themselves.

Both the bride and groom were born and raised in Nacogdoches county and have a large circle of friends and relatives in the county. The Sentinel extends congratulations and wishes them a long, nappy and a prosperous wedded life.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of eleven months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At Perkins, Kleas & Mast, drug store; 50c and \$1. guaranteed. Trial bottle free.

A Heavy Shipment.

This morning there was shipped out of Nacogdoches the heaviest piece of express matter that has ever been handled at this office. The main driving shaft of the planing mill at Hayward broke yesterday and this morning it was brought to the city and shipped to the foundry at Lutkin. It weighed 2100 pounds.

This break down will cause the planer at the big mill to be idle for several days.

Rheumatism.

When pains or irritation exist on any part of the body the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T. writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, and \$1.00. Sold by Perkins, Kleas & Mast.

Tony Schweers has had his residence nicely remodeled and has made it look like a new place altogether.

Was in Poor Health For Years.

Ira W. Kelley, of Mansfield, Pa., writes: I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring health to others." Refuse substitutes. Sold by Perkins, Kleas & Mast.

All local option prisoners have been released from jail.

Was Wasting Away

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Perkins, Kleas & Mast.

Miss Lena Justice, of Nacogdoches, was a visitor in our city Saturday and Sunday the guest of Miss Blanch Sparks. —Cushing Enterprise.

For Sale

Three 50 acre farms 2 3-4 miles East of Nacogdoches on R.F.D. mail route. Five room residence on each. Barns and everlasting water; good pasture, plenty timber, red clay sub soil, suitable for orchard or trucking. Good schools and churches convenient. Will sell all or part on easy terms. For particulars apply to R. O. Ferguson, R. F. D. No. 3, Nacogdoches, Texas.

Oscar Gaston at Melrose has secured a position with D. K. Cason.

Does Not Irritate.

"I have found Simmons' Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver and all kindred troubles, I have ever used. It does not irritate or gripe." Very truly S. P. Cleary, Jackson, Tenn.

Put up in tin boxes only. Price 25c.

W. E. Henderson, of Nacogdoches, was visiting relatives and old friends in our city last Thursday.—Cushing Enterprise.

Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits. They are dangerous. Sold by Perkins, Kleas & Mast.

Mrs. G. B. Layton and family, of Nacogdoches, visited Mrs. B. S. Shirley, here Sunday and Monday.—Cushing Enterprise.

The little cottage of S. Kaplan, on Mound street is nearing completion and when completed will be occupied by Mr. and Mrs. Emmett Mitchell.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles. Kodol Digests What You Eat. Make the Stomach Sweet. Bottles only. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by S. G. BUNNETT & CO., Chicago, Ill. Sold by Perkins, Kleas & Mast.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague," that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. Sold by Perkins, Kleas & Mast.

W. E. Payne formerly traveling salesman for the Smith-Palmore Co., of Tyler, arrived in the city yesterday and accepted a place with D. K. Cason as superintendent in the mill and machinery department in that store. Mr. Payne will move his family here some time within the next thirty days and he will then become a citizen of Nacogdoches. The Sentinel hopes that Mr. Payne and his family will find that Nacogdoches and her people are "the best of what is."

Stop That Cough.

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St. Salt Lake City, Utah, write:

"We think Ballard's Horehound Syrup the best medicine for coughs, and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00. Sold by Perkins, Kleas & Mast.

The Nacogdoches and Southeastern has reached the town of Woden and has the track laid beyond that place for the distance of two miles. The Sentinel was informed this morning that the passenger coaches would arrive within the next few days and that passenger service would be inaugurated right away.

Beyond Expression.

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed remedy for all itching diseases of the skin. Price 25c.

Mrs. C. D. Stinson and two little girls, left yesterday for Tyler to be absent several weeks.

Take Kodol After Eating.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for indigestion, dyspepsia, gas on the stomach, weak heart, sour risings, bad breath, and all stomach troubles. Sold by Perkins, Kleas & Mast.

R. W. Hazlewood left today for Henderson, where he will spend a few days with his wife who is visiting her parents.

W. F. Tucker, fireman on the Southern Pacific, was in the city today on his way to Appleby, where he will spend a few days on a visit to relatives and friends.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS
 Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes: Dear Mrs. Pinkham:— I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day.

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

Richardson, Seal & Co., received their first shipment of buggies today, and they are now busy getting their stock in shape.

Miss Arden Crawford of Paris, is visiting in the city, a guest at the home of Mr. and Mrs. Tom Crawford, on North Fredonia street.

J. C. Faulkner of Attoyac, was in the city today on a business trip. The boll weevil is reported doing quite a lot of damage to the cotton crop.

A. J. Campbell, R. B. Parker, F. H. Blackwell and A. G. Grisby, prosperous farmers of this county are in the city today on a business trip.

Mr. and Mrs. Jack Odel, who have been living out at the Hayward mill, left yesterday for Brooklyn, where they will make their future home.

Miss Estelle Frazier and her mother have returned from Colmesneil, where they have been visiting relatives and friends for the past several weeks.

Col. T. L. Farris of the Morrill Orchard Co., Morrill, Texas, is here on brief visit to his two daughters, Mrs. J. E. Mayfield and Mrs. J. H. Reagan.

Tom Rusk of the Rusk School community was in the city this morning on a business trip and he says that the crops in that section of the county are looking very well but that the boll weevil is doing considerable damage.

Mr. and Mrs. G. L. Muckleroy of Melrose, passed through the city today en route to Baxter, Henderson county where they will spend several weeks visiting relatives. They were accompanied by their grand children, Miss Eva Blacksher and Oscar Blacksher.

SATURDAY'S LOCALS

D. C. Hutcherson and wife of Lufkin, are guests at the Watson House.

Percy Blount of San Augustine is in the city on a visit to home folks.

S. L. Miller leaves in a day or two for west Texas on a visit to his old friends.

John Scott of Oak Ridge community was in the city today.

A. C. Williams is in the city spending a few days with his family.

J. T. Lucas of Sacul, was in the city this morning on a business trip.

H. M. Seale of Melrose, was in the city today on a business trip.

John Yates of Oak Ridge community, was in the city today trading.

Arch Wilson of Melrose, was in the city today on a business trip.

There will be started at Rock Springs tomorrow a protracted meeting.

Miss Beulah Gaston and her brother, Ira, of Melrose, are in the city today on a business trip.

Hunter Hardeman came in yesterday from Fort Worth and has accepted a position with the Nacogdoches Mercantile Co.

The household goods of Rev. A. J. Miller arrived in the city this morning and he is moving today into the Baptist parsonage.

Mrs. R. C. Shindler, and son, Herbert, returned last night from San Augustine, where she has been visiting Mrs. Frank Sharp.

J. J. Carter the lumber man of Dallas is still in the city and is a thorn in the side of wholesale lumber dealers. He wants lumber and wants it bad and the dealers are short.

Mrs. Keely, and two daughters, Miss Lora and Miss Dagmar Kelly, left today for Douglass, where they will remain about two weeks on a visit to relatives and friends.

Prof. O. W. McCall of Martinsville, was in the city today, and while here met Prof. Hargiss of the Garrison school. Prof. McCall will assist Prof. Hargiss during the next term in the Garrison school.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."
 Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy. Two sizes, 50¢ and 75¢. All druggists. Sold by Perkins, Kleas & Mast.

Will Matthews of Melrose, was in the city today on business. Nothing important to report from that section.

Mr. Crawford of Martinsville, was in the city yesterday to see his son, Mr. Tom Crawford. He returned home yesterday afternoon, accompanied by Mrs. Tom Crawford and her children.

Friday afternoon fire destroyed three large lumber kilns at the saw mill of H. H. Kelly & Son at Stoker. There was about 60,000 feet of lumber in the kilns and all was destroyed.

Fred Henning will leave tomorrow afternoon for Beaumont, where he will accept the position as city editor on the Enterprise of that city. Henning is a good newspaper man and will prove to be a valuable acquisition to the staff of that good paper.

John Matthews of Melrose was in the city yesterday on a trading trip. He purchased a large saw for his mill. The mill men and others who have machinery can pretty near always find just what they want in the way of extra parts and machinery supplies from the Nacogdoches dealers.

W. W. Robinson of Kemp, was in the city today looking after some lumber contracts that he had placed with the mills of this city. The reporter found him in the lumber office of J. H. Summers and he was raising all kinds of sand because he had not received his last order. Mr. Summers says that since he has been in the lumber business he never saw such a demand for good stuff. He has something like a hundred cars that have been placed with the mills and his customers are punching him up every day for their lumber. He says that the wholesaler is up against the real thing; likewise the mills.

MALARIA A Poison Breathed into the System

The air arising from low, marshy places, damp cellars, stagnant ponds and pools and from decaying vegetable matter, as well as the gases from sewers, is loaded with germs of malarial poison. The water we drink, that has not been properly filtered and purified, is also full of these germs and microbes, and as we daily breathe and drink millions of these into the system, to be absorbed by the blood, the entire body begins to feel the effects of the poison. The most common form of Malaria is "chills and fever," but when the blood is thoroughly saturated with the poison it becomes so weak and polluted that abscesses, carbuncles, boils, sores, ulcers and other skin diseases result. Malaria also affects the liver, kidneys, bowels and stomach, producing a chronic state of biliousness that often results in jaundice or some malignant fever. In cases of Malaria the blood must be purified before the body can regain its natural health. S. S. S. contains purifying and tonic properties possessed by no other blood medicine, and is the ideal remedy for the treatment of Malaria. It destroys the germs of the disease and builds up the weakened, polluted circulation. It enters into the blood and forces out every particle of poison and waste matter and adds strength and activity to it.

S. S. S. improves the appetite and digestion, tones up the entire system by its alterative and purifying action, and Malaria, with all its bad effects, is permanently driven from the system. Book on the blood and any medical advice, without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

It Looks Worthless

The old pieces of Jewelry you have laying around home look worthless to you, but if you will bring them down to us and have them worked over, you will be surprised at the transformation. The cost will be a mere trifle, and your Jewelry will be made good as new.

If you don't care to have your old jewelry made new, bring it down and sell it to us for old gold. We will take it and make something out of it.

Remember, satisfaction is sure at our place.

Stripling, Haselwood & Co.

Druggists, Jewelers and Newsdealers.

MONDAY'S LOCALS.

G. A. Roquemore is convalescent after several days of fever.

Mr. Martin King of Trinity community is reported as being very sick.

Steve King and family returned from Galveston, Texas yesterday.

C. W. Nelson of Houston, is in the city shaking hands with friends.

W. L. Smith of Stripling, Haselwood & Co. is quite sick with fever.

See the car load of Victor and Kentucky Mills at Cason's. Prices right.

Martin Blackburn and Lloyd Bowers, spent yesterday at Fairview.

Mrs. Chas. Hays and daughter, Miss Clara, returned Saturday from Jefferson.

You will buy a buggy or surrey one if you'll look at Cason's stock.

The Free Methodists begin a camp meeting at Cushing, Wednesday night, August 16.

I have a good milk cow to trade for dry cattle. d3t wtf Chas Clark

C. A. Jones will continue to sell you goods as cheap as ever.

Get your gin belts, pulleys, shaftings, etc., from Cason. Good stock. Low prices. w

J. C. Harris returned yesterday from Houston, where he had been on a business trip.

There is a protracted meeting in progress at Fairview and dinner was spread on the ground yesterday.

Miss Ida Lee has returned to her home at Melrose, after a pleasant visit to relatives and friends in this city.

Mr. and Mrs. Geo. P. Garrison, of Austin, are in the city the guests of Mrs. Garrison's parents, Mr. and Mrs. H. Perkins.

Mr. Jimmie B. King, the genial, assistant postmaster, is confined at home, quite sick.

Mr. and Mrs. George King are moving into their new home they purchased from G. W. Partin.

Dr. Tucker will move tomorrow into his home on Mound street that they recently purchased from George King.

R. L. Charlton came in yesterday from Saratoga, to take charge of the Express office during Austin Roquemore's absence.

Roy Buchanan and John Thomas, leave tomorrow to spend the week with John's sister, Mrs. L. A. Legg, who lives at Durst lake.

J. D. Sanders, Elbert Summers, George and Emmet Barham returned yesterday from Durst lake where they spent the past week fishing.

Miss Jennie Harris left today for Mineral Wells where she goes to recuperate her health. She will be back by Sept. 1st to take charge of her duties.

The county commissioners are in session this week looking after the business end of county's affairs. There will be quite a lot of business to attend to and the court may be in session all the week.

W. C. Fouts returned yesterday from New York where he has been buying dress goods for the firm of Mayer & Schmidt for the past thirty days. Casey is a good all round dress goods man and it is safe to predict that he has bought some of the prettiest things that has ever been shown to the buyers of up-to-date stuff in the Nacogdoches market.

Sam Byrd of Timpson was in the city yesterday, and while here took advantage of the occasion to take in the town. Mrs. Byrd and little daughter, Helen, passed through the city on the way to Dallas, where they go on a visit to relatives. Mr. Byrd is one of the proprietors of the Timpson Enterprise and which is one of the prettiest country papers that reaches this table.

S. W. Hunt of Appleby, was in the city Saturday and was a caller at The Sentinel office and had his subscription dates advanced on The Sentinel. In speaking of the crop situation Mr. Hunt said in substance as follows: "If ever there was a time that the cotton crop of the country reaches the 15 cent mark that should be this fall, provided the cotton crop over the cotton growing belt is in the same condition as prevails around his farm near Appleby. The boll weevil is reported to have done a great damage to the crop within the past ten days and he gives it as his opinion that there will not be raised in this county a crop exceeding six thousand Bales. The farmers are feeling exceedingly blue over the prospects and many say that the crop this year will ruin them."

G. T. Leake chief clerk of the Texas mail service, with headquarters at Houston, has written Capt. Cooper quite a nice letter congratulating the Nacogdoches post office upon the fact that there has not been any kicks made on the service out of this city on account of yellow fever quarantine. He also stated that there was now through mail into Shreveport out of Houston.

Millard & Harlocher have finished the dam at Fern lake and they left this morning for Woden, where they will load sand for the Nacogdoches and Southeastern. There is about two miles of the track on the Southeastern that needs filling and it will require several weeks to complete the job. The Fern lake dam has been put in good repair and is now as good as the day it was first built.

A letter received from Mr. Haltom says that he is improving, and he thinks that he is the healthiest one at Fort Davis. He also says that Ruby is confined to her bed with a light fever, and that if she is able to travel, that Mrs. Haltom and the children will leave for Nacogdoches the latter part of this month.

TUESDAY'S LOCALS.

Ed Burk spent Sunday in Sacul.

J. E. Mitchell of Linn Flat is in the city.

Tom Hutson is down from Appleby today.

Sam Briley of Chircno, is in town today.

Mrs. J. M. Spradley is visiting in Appleby this week.

George Kimney attended the meeting at Fairview Sunday.

Pearson Hale of Clevenger's mill visited friends here, yesterday.

Mrs. A. M. Barret of Melrose, is visiting her daughter, Mrs. Benton Wilson.

Mrs. Edgar Wade has returned from Houston, where she went to have her eyes treated.

Regular preaching at Bannita church next Sunday at 11 a. m. and at Lyles Chapel at 3 p. m. dwjno. W. Stevens, Pastor.

W. L. Bu. naman of Etoile, is spending today in the city among the merchants.

W. W. Hayes of Henderson, who has been visiting Dr. Terrel, left yesterday for Carthage.

Mrs. Boyington of Lutkin, is visiting her mother, Mrs. Mrs. Hyde, on Fredonia street.

Mrs. Z. B. Garrison of Garrison, is in the city visiting her daughter, Mrs. J. H. Barham.

Misses Lottie and Mary Bell Wallace, of Lutkin are in the city the guests of Miss Bessie Mounce.

Mrs. P. A. Lilly of Nacogdoches, is visiting her daughter, Mrs. R. C. Bryarly this city.—Tyler Democrat.

Mr. and Mrs. Tom Hamilton of Houston, are in the city the guests of Mr. and Mrs. J. J. Ogg.

Mrs. Edgar Thomason and children are spending the week with W. B. Pearson's family on Irion Hill.

"Uncle Tom" Turner of Mt. Enterprise, was in the city yesterday to see his daughter, Mrs. Chas. Bruton.

The Sentinel is pleased to report that Mrs. J. L. Williams who has been very sick for the past several weeks is now convalescent.

Mrs. M. C. Lee died at the home of her son-in-law, M. G. Brandon near Appleby yesterday morning and was buried in Bethel cemetery near that town today. She had only been sick a few weeks with typhoid fever. The Sentinel extends condolence to the bereaved family in their sad hour of affliction.

J. M. Blacksher of Appleby was in the city yesterday on a business trip. Mr. Blacksher told The Sentinel reporter that he would close out his drug business in that place and that he was going out west for the benefit of his health. The Sentinel regrets to see Mr. Blacksher leave the county for he is a good business man and a friend to the paper, but it wishes him all kinds of success in whatever place he may locate.

WATCH

Halls Racket Store

For the next two weeks

THIS IS ALL WE ASK

Mr. N. E. Beavers of Nat, brought in the first bale of cotton yesterday. Particulars of the sale will be found in another column of this paper.

Mrs. Harry Kampner left yesterday afternoon for Atkins, Ark., where she will visit relatives. From that place she will go to Oklahoma City where she will visit her sister.

Ernest "Boots" Shoemaker of Jacksonville, is in the city, with the ball players. Earnest used to be a Nacogdoches boy and made many friends while here, that are pleased to see him.

The moon was in partial eclipse last night, and it was viewed by many of the young by many of the young people who were out for a stroll. The moon fixers have made a forecast for an eclipse of the sun on the 30 of this month.

There has been a change in the management of one of the good mills of the county. Adam Carraway and P. H. Murray have purchased the mill of T. W. Duncan. The mill will be under the management of Paul Murray one of the best mill men in the country.

G. W. Cavin of Trawick, was in the city yesterday on business. He says that all The Sentinel has said about the wholesale lumber dealers can also be said about the mill man being up against a hard proposition in filling orders for the wholesale man. He never in all his experience as a mill man saw such conditions prevailing in the lumber market as at the present time. He also predicts that these conditions will continue for some time to come.

A big lot of staple goods just received that was ordered before my sale began. Buy now for they are advancing.

C. A. Jones.

Shudebaker and Mitchell wagons have stood the test. Cason sells both and three other makes besides.

Miss Weaver who has been visiting Miss Jennie Sanders left for her home at Beaumont, yesterday afternoon. Miss Weaver made many friends while in the city who regretted very much to see her leave but hope she will return again soon.

B. V. Tucker returned yesterday from a trip to Cushing where he spent Sunday. Mr. Tucker says that Cushing is a fine town and that all the people there seem to be busy and that they are pushing their little town for all it is worth. He reports that the big saw mill of J. W. Cariker is virtually swamped with orders and that the mill is running full time.

STRAYED—From Stoker, Texas, Friday night, one medium sized, dark colored, mule, branded $\frac{A}{K}$ on left shoulder. Liberal reward offered for information leading to recovery of same. H. H. Kelley & Son, Stoker, Texas. 2td 1w

Just as soon as soon as the meeting at North Church closes the trustees of the school district there will let the contract for the building of the new school building at that place. They say that it is their intention to have one of the best schools in the county at North Church and that it will be known all over the county as a country school that is up to date.

W. W. Golsberry of Chircno, is in town today business. He says there is nothing going out his way. Even the crops are not very promising.

If you are going to school this year, try the Appleby school. This is the best equipped school in the county —Nacogdoches excepted. w

We have sold the buggy part of our business to Richardson, Seale & Co., and we will devote our entire time to saddle and harness making. We have nothing to study but the leather business, and will at times endeavor to give you your money's worth. We now have a large line of shop made buggy and wagon harness and it will be to your interest to see us before you buy.
