COTTON AND CORN PATCH.

A Cotton Mill Would Prove a Blessing to Farmers.

Melrose, March 18.—Editor of the Nacogdoches Sentinel: Rain which is very much needed on the red lands here is now falling slowly and by the lowering clouds we are cheered by the hopes that it will continue until there is sufficient season. This cold weather, so much out of season, is discouraging especially to the farmer on whose efforts the prosperity of every business person depends.

The saw mills and other public works have monopolized the use of nearly all of the farm hands of this vicinity, the consequence is that much of the farm lands will not be cultivated this year.

I notice that you said in your paper last week that the acreage in which cotton will be planted this year, in this county will be increased. I think you are mistaken so far as your suggestion relates to this part of our county and I think you do wrong in advising with so much force the farmers, especially those living remote from market, to discontinue the planting of much cotton, for the prosperity of all business done in your town depends upon the cotton crop. The idea of advice to the farmers living convenient to market to diversify their crop is consistent with good judgment but to the other class of farmers circumstances peculiar must prescribe the limits of their diversification of crops.

The farmers of this part of the country are not yet in condition to warrant the return to the old method of farming in cotton patches and corn fields. Custom, fashions and habit of society has increased the demand for and use of more of every line of merchandise of everything that enters into commerce than existed in the happy days of cotton patch and corn field.

I am glad to notice that you advocate the landing of a cotton factory in Nacogdoches. I cannot think of any institution that could be of greater general benefit. A market at home for the cotton staple with its by-products will bring more money into general use than any other enterprise now established in this country, all business men should co-operate with the Farmers' Union in the accomplishment of this enterprise.

I notice that you have a good reporter here who gives you accurately detailed account of all local news, hence I am relieved of that task.

Respectfully,
L. T. Barret.

Arrested and Jailed.

Sheriff Buckner yesterday afternoon arrested Wiley Stuart, a negro man, on an indictment alleging sodomy. Stuart was brought to Nacogdoches and placed in jail.

AN ACTOR'S EPITAPH

He Made His Exit In The Tragedy of Death.

London, March 19.—Collectors of epitaphs will find few more interesting than the following inscription, which appears on the headstone of Thomas Jackson, an actor of considerable prominence on the English stage in his day and who died on this date in 1798 and is buried in a little churchyard not far from London. The epitaph reads:

"Sacred to the memory of Thomas, Jackson, who was engaged the 21st of December, 1741, to play a comic cast of characters in the great theatre, the world, for many of which he was prompted by nature to excel. The season being ended, his benefit over, the charges all paid, his account closed, he made his exit in the tragedy of Death on the 17th of March, 1798, in assurance of being called once more to rehearsal, where he hopes to find his torments all cleared, his cast of parts bettered, and his situation made agreeable by him who paid the great stock debt, for the love of performers in general."

Committee Appointed.

At the meeting of Liberty Elm camp W. O. W. the matter of the meeting to be held in this city on Tuesday April 17, for the purpose of discussing the proposition of organizing the Nacogdoches Log Rollers' Association, was taken up and discussed.

The consul commander was instructed to appoint an invitation committee to invite all camps in the county to send a delegate for each twenty-five members or fractional part of twenty-five. Following is the committee: J. G. DeLamar, chairman, Chas. E. Davis, Josh Henson, John E. Floyd, J. E. Ray, and on motion Consul Commander W. E. Thomason was added to the committee.

This gathering of the Woodmen of the county is being looked forward to by the members of the camp as being one of the best affairs of the kind ever held in the city, and are making preparations to show the visitors a royal good time while they are in the city.

Dr. J. A. Drewry is back from Galveston, where he underwent a serious surgical operation, and was closely confined to the infirmary several weeks. He is now barely able to sit up and move around about the house, but hopes to be in his office and at work very soon in good shape.

To the Farmers.

We have the following seed in stock, Corn, white and Yellow; Sorghum, orange and amber; Millet and Kaffer Corn at B. M. Hall & Son.

W. O. W. HEADQUARTERS.

Action on Removal from Nebraska Has Been Deferred.

Dallas, Texas, March 19.—W. A. Fraser, sovereign adviser of the Woodmen of the World, has returned from Omaha, Neb., where he spent the last week or ten days in an effort to secure the movement of the National headquarters of this organization from Omaha to Dallas. Mr. Fraser was asked as to the prospects for the removal of the headquarters to Dallas, and said: "After investigating the laws of a number of States in regard to their relations to fraternal organizations we found that the Texas laws were not much better than those of Nebraska. There are only two States in the Union, Iowa and Michigan, where the laws are favorable to fraternal organizations, and which exempt the reserve fund from taxation. After a great deal of hard work I succeeded in having a resolution passed deferring final action on this matter until May, and in the meantime I intend to secure a ruling from the attorney general and the insurance commissioner regarding the laws touching on fraternal organizations, and I believe that if any kind of ruling at all favorable to fraternal organizations is given, that the chances for Texas to secure the National headquarters will be very bright."

Fruit Crop Damaged.

The frost and the freeze of last night has damaged the orchards in Nacogdoches quite badly. This morning Mr. J. B. Power, the nurseryman, examined several young orchards, and he stated to The Sentinel reporter that in the orchards that he examined he found the frost and freeze had killed quite a lot of young fruit.

Billy King of Garrison is here on business.

Carload Tennessee
JACKS
FOR SALE

F. N. Anderson, from near Nashville, Tenn., is now in Nacogdoches with a car load of Tennessee Jacks for sale. Has shipped Jacks for just 12 years and can give reference to banks of Arkansas and Texas that we are responsible for the sale of every Jack we sell; also our home bank, First National Bank, Gallatin, Tenn. We claim there are no better breed of Jacks than those raised around Nashville, Tenn., by imported Jacks imported from Spain. Mules were never higher and now is the time for our farmers to raise their own mules at home. Write or call and see me at Ogg's Stable.

FARMERS AND FRIENDS

We have just received

One car load of the genuine Triumph Seed Potatoes as fine as you ever saw.

One car load of Switts' Blood and Bone Fertilizer for cotton, corn and vegetables—there is none better.

One car load of Oklahoma Big Boll Cotton Seed. This cotton is very prolific and easy to pick. It is very early from the fact that it comes from the extreme northern part of the Territory.

We have the plows, hoes and other implements to work these seed with.

Feed Stuff for your stock and Groceries for yourself—such as the Celebrated Omega Flour, the best in the country, and to this will add shoes, hats, clothing and dry goods of every description, and we sell them at live and let live prices.

We ask a portion, if not all of your trade and will promise you in return the full value of your dollars and fair and square treatment. Come in and make our store your headquarters while in town.

We are at your command. Respectfully

A COMPLAINT FROM THE SOUTH

The Montgomery Advertiser is becoming firmly convinced that something should be done to protect the colored people in the North from ill treatment and mob violence. "They are safe nowhere, it seems," says our Southern cotemporary, "north of Mason and Dixon's line, and are apparently regarded as outlaws who have no civil rights and are entitled to no protection."

This is simply delightful. It reads something like satire, but there is so much truth in it, and, manifestly it is so sincere that it must be taken as the serious expression of a representative Southern newspaper, which has, as all true Southerners have, the kindest regard for the brother in black. The Advertiser speaks particularly of the riot at Springfield, Ohio, which has already been pointed out, is in the district of Congressman Kiefer. And Congressman Keifer is the latest champion of negro rights, and the latest to insist that the representation of the South shall be cut down because the negro vote has been reduced.

But it is not on the score of suffrage that the Advertiser complains. It admits that the North allows the negro to vote, and that the black man is sometimes allowed to sit at the white man's table; but says that these are about the only rights which Northern negroes enjoy. The right to be an industrious citizen; to live at peace among the whites; to work for a living in competition with white labor—these are not looked on as being among the vested rights of a colored individual after he leaves his Southern home.

Has the attention of the Advertiser been called to an article recently appearing in the Chicago Chronicle, in which it was confessed that the negro mechanic had little chance to learn a livelihood in that city? Has its attention been called to recent communications in the Philadelphia Ledger in which it is confessed by one correspondent and confirmed by another that the black man is much more prosperous in the far South than he is in Philadelphia, and that the condition of the black man in the South is altogether better than that of the black man in the North?

We recently produced these extracts and in our comments spoke of the friendly relationship between the whites and blacks of Virginia. The Advertiser says that the same relationship exists in Montgomery; that there is hardly an industry in that city in which negroes are not working; that white man and black man work side by side in peace and harmony, and that when the days work is over each goes his own way; that the negroes have their homes in every quarter of the city, and as long as they conduct themselves even fairly well, they are not molested; that

the negro in Montgomery is safe from molestation or any form of imposition or maltreatment just so long as he is a decent and orderly citizen.

That is the case in Richmond and we believe it is the case in every orderly community in the South. There is race separation, but no race antagonism. The line is drawn, and each race keeps on its side. But that is the way to have peace.—Richmond Times-Dispatch.

For District Attorney.

The Sentinel takes pleasure in referring to the announcement of Hon. Beeman Strong as a candidate for the office of district attorney of this the 2nd Judicial district, which will be found in the proper column of today's Sentinel. He has served Nacogdoches county now nearly four years as county attorney, having been twice elected to that office by vote of the people. So successful has he been in serving the people in that capacity, so fully and ably has he at all times met and discharged its ever duty, has won for him the plaudits of the people of his county and distinction abroad. As county attorney of Nacogdoches county he is the champion of the moral, lawabiding citizen the nightmare of the criminal. With the record he has made as county attorney of Nacogdoches county it is but natural that he should be expected to be called to a higher position, and it is known to The Sentinel that he has for weeks been the recipient of solicitations from every county in the district to enter the race for district attorney. Beeman Strong is a man of high moral character, a good lawyer and in every way qualified to fill the office of district attorney with credit to the office. Nacogdoches county is one of the largest in the district, and has not furnished an office of the district in twenty years. She now presents as her candidate for district attorney Hon Beeman Strong, whom her people recognize as the peer of any man in the district who may offer for the position.

THE Houston Chronicle this morning devotes quite a lot of space to the report that Mrs. Alice Webb Duke will shortly arrive in Texas for the purpose of pushing the tobacco industry in this state. The Sentinel is quite sure that she will not pay this section of the state a visit, and it is rather doubtful whether she enters the state again. She is about the smoothest advertising agent extant, and has worked the Chronicle for a lot of good space.

FROM reading the exchanges and the county correspondence in these papers, one is lead to believe that there will be one of the biggest cotton crops raised in Texas this year ever before raised. There will be something like a three and a half million bale crop raised in Texas this year.

SPRING chickens always command the best of prices in the Nacogdoches market. Take care of the little chickens, and they will bring you dollars later on.

VIEWED FROM AFAR

The Election Reviewed—Will Ride a Free Pass.

Del Rio, Texas.—The result of the recent local option election is doubtless satisfactory to the pros of Nacogdoches county, since it gave them a safe majority and place it beyond the reach of a contest, yet there must also be some consolation to the antis in the fact that they made a gain of 125 votes over last election against a loss of 69 votes to the pros. There was a gain of 56 votes in the total vote against the vote of two years ago. The net gain to the antis, was 149 votes, that being the amount of reduction in the pro majority under that 1903. This reduction is not due to change of sentiment, but to the fact that the pros were not concerned about the result but remained at home guessing how big the majority was going to be. One gratifying feature of the election was that it was harmonious and there was less friction and harsh feeling than ever before manifested in a prohibition campaign in Old Nacogdoches. Let us hope that good feeling will continue to reign and that everybody will join hands in the enforcement of the local option law.

Bill Towne an old negro and a native of Nacogdoches county, died here a short time ago. He was a good citizen and will to do, and leaves a son-in-law, Hal Patton, col., who is one of the largest real estate owners in Del Rio, and is reputed quite wealthy.

I have been getting on "first class" since I returned from Nacogdoches and am sufficiently recuperated to tackle the special session of the 29th legislature. I am going to ride on a pass, too, for fear I may have to serve free. I am not one of those that pledged free service and I don't believe in working for Texas or anybody else without pay, but there is no telling what this aggregation is going to do. Haltom.

County Commissioner.

The Sentinel is authorized to announce the name of C. B. Patton as a candidate for the office of county commissioner from precinct No. 4, subject to the action of the democratic primary election. Mr. Patton is now serving the county as commissioner from that precinct. The records of the court shows that he has served the county well in that capacity, and has ever been watchful of the county's finances. He will appreciate any favors shown his candidacy.

In Bad Condition.

Parties traveling the road to Clevenger, report that the road is in a most deplorable condition a few miles from the city. It is stated that it is impossible to travel the road at that point and that the people have had to go through a farmers field.

This is one of the bad places that the road overseer should look after at once, before the grand jury makes a thorough investigation.

TEXAS PENSION BILL.

Lone Star State Gets About One Million Dollars Per Year.

Washington, March 16.—Now and then a Texas pension bill or two slips through unscathed on the regular pension bill days in the house and senate. During the last fiscal year the sum of \$1,203,780.39 was distributed in pensions to 9069 pensioners living in the state of Texas. The insignificance of this handsome sum of over one million dollars which goes to Texas can be better guarded when it is remembered that the state of Ohio gobbles up the sum of \$15,102,612 distributed among 100,335 pensioners, and the state of Pennsylvania gets \$13,478,148 for its 100,920 pensioners. In all of the wars of the United States, from the revolutionary war to the insurrection in the Philippines this country has had 3,304,895 men in service while, with the work of the present congress up to date, it carries on its pension rolls an even million pensioners. The Spanish-American war has cost to date, in the way of pensions, nearly \$12,000,000.

TEXAS is a proposition that the homeseeker cannot turn down. Nacogdoches county alone has some warm propositions to offer to the industrious man.

Took Out Naturalization Papers.

Soloman Toplitz of Garrison appeared before Judge Perkins this morning, and was made a full fledged American citizen. Toplitz has been in America twenty-seven years, and has been a resident of Garrison for a number of years. Mr. Toplitz and his family are making preparations to take a trip to Mamel, Germany, where they will spend several months visiting relatives, and before leaving this country Mr. Toplitz wanted to become an American citizen, and while court was in session he had his petition presented, and took upon himself the oath of allegiance.

Surprised His Wife.

A good joke is told on a Georgia farmer who wore his suit until everybody was tired of it and his estimable wife was ashamed of him. But one day while selling produce in town he determined to buy a new suit and a happy thought struck him. He would surprise Eliza. So he bundled a new suit into the wagon, hurried towards home and at the bridge, two miles from town he stood up in the wagon and "peeled off" and threw the despised old suit into the creek. When he reached for his clothes they were gone—had jolted out of the wagon! The night was cold and his teeth chattered as he scurried for home. He surprised Eliza more than he anticipated.

SEVENTIETH BIRTHDAY.

Ex-President Cleveland will Celebrate the Event Tomorrow.

Princeton, N. J., March 17:—Former President Cleveland enters upon his seventieth year tomorrow. The ex-President shows few signs of his age. His fishing and hunting and other forms of out door enjoyment have kept him robust and healthy.

It has now been twenty-one years since Mr. Cleveland was first inaugurated. Other Presidents have survived longer than that after taking the oath of office. John Adams, inaugurated in 1797, lived twenty-nine years afterward, to die on the same day as Thomas Jefferson. Jefferson survived twenty-five years after beginning his first term. Madison's record was two years better. John Quincy Adams made a record of twenty-nine years, Martin Van Buren twenty-five years. It is a significant fact, and one that goes to show how much greater is the strain of office now than in the time of Fillmore, that Mr. Cleveland is the only man who has lived a score of years after becoming President since the Fillmore administration.

Mr. R. R. Kelly and Sam L. Kelly of Douglass are in town trading to day.

Fond of Gray Hair?

Good. So are we. That is, if it's grandfather or grandmother. But gray hair and only 40! Here is a fact: Hall's Vegetable Sicilian Hair Renewer always restores color to gray hair. GUATEMALAN ANTS.

Two Government Experts En Route to Central America.

New Orleans, La., March 15.—Dr. Cook, who experimented in Texas with Guatemalan ants as destroyers of the boll weevil last year, arrived here from Washington, under orders from the department of agriculture, to make another trip to Guatemala and make further experiments in boll weevil destruction. He will sail next Tuesday with several assistants, including E. A. Schwartz, assistant in the bureau of entomology, and W. S. Barber, assistant in the bureau of insects. The expedition will make a thorough study of ants in their native haunts and another colony may be brought to the cotton states.

Ready for Business.

Bassett Haltom of Swift was in the city this morning on a business trip and while here the reporter had the pleasure of chatting for a few minutes with him. He has moved into his new store building, which was erected on the site of the one recently destroyed by fire and is ready now for business. He also stated that his neighborhood wanted a good doctor to locate at that place.

For County Judge.

The Sentinel is authorized to announce the name of Emmett W. Smith as a candidate for the office of county judge subject to the action of the democratic primary election. Emmett W. Smith is too well known to the people of the county to receive an introduction at the hands of The Sentinel, but to those who have not the pleasure of his acquaintance, the following brief remarks are made concerning him:

With the exception of a few short absences, his home has always been in Nacogdoches county, and for several years has been a practicing lawyer at this bar.

Starting early in life without a dollar he educated himself by his own industry in the best schools of Texas and is specially fitted for the duties of the office.

He is one of the few democrats who has always supported the policies and nominees of the party and on many occasions has rendered it valuable service.

Thirty-Eight Divorces.

There are thirty-eight divorce cases on the docket to be disposed of at this term of court. As tomorrow is the date for the hearing of the same there will be a lively scramble on the part of some for the document that will legally separate them. Most of the cases are among the negroes.

Judge Perkins is very strict in his method of granting divorces, and unless the parties have good and sufficient grounds in their petition, the same will be refused, and they will have to wait for further developments before the divorce will be granted.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they will lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys.

Fred Muller, brick mason, of Lutkin, Texas, says: "I had been troubled with pains across the small of my back at times so bad that it was difficult for me to do the bending and stooping necessary in my work I decided that my kidneys were not in good condition, and hearing of Doan's Kidney Pills I procured a box. The results were extraordinary for it was only a short time after beginning their use according to directions that the pains left my back and kidneys and I was able to work as well as ever. When I find a medicine which does what is claimed for it as Doan's Kidney Pills has done for me I take pleasure in recommending it to others."

Plenty more proofs like this from Nacogdoches people. Call at Perkins, Kleas & Mast's drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

THE special session of the legislature will have other work to do besides performing a surgical operation upon "bleeding section 120." The blanket primary election is something that will perhaps occupy the attention of the law makers. If this does bob up, it will have to be handled with care. THE SENTINEL has received an invitation to attend the meeting of the East Texas Press Association of Beaumont on April 5. The invitations to the meeting were issued by the Chamber of Commerce of that city, and are beyond all questions of a doubt the prettiest invitations to an affair of this kind ever received at this office. Beaumont may not have the largest population of any city in the state at this time, but if the Chamber of Commerce of that city continues the campaign in the future as it is conducting the present one, it is only a matter of time when Beaumont will be a city of 100,000.

NOT A CANDIDATE.

Elsewhere in The Sentinel today appears an article from the Beaumont Enterprise, which announces the fact that Hon. W. J. Crawford of that city has decided not to become a candidate for state senator from this senatorial district. In his announcement declining to become a candidate he sets forth his views upon some of the important questions which are foremost in the minds of the people, not only of this district, but the entire commonwealth. These questions now should be given serious thought by the candidates who have so far announced. The manner in which he touches up the matter of taxation, the professional lobbyist, and nepotism, is heartily endorsed by The Sentinel and no doubt will be by every democrat who may read the letter of Mr. Crawford. It is such men as Mr. Crawford that the district, and the state needs in office, and were it not for the fact that Nacogdoches has a candidate for this important office, Judge Geo. F. Ingraham; a man in whom the people of the district can place their every trust, and one whom every one knows stands for everything good and pure in politics, as well as home, The Sentinel would urge Mr. Crawford to reconsider the matter, and let his name go before the people as a candidate for the senate.

CORPORATIONS MUST ANSWER.

Two decisions of much importance to corporations were rendered by the Supreme Court of the United States on Monday last. There were two cases before the court, the defendants in one being the American Tobacco Company and its officers, and in the other the Northwestern Paper Trust. Justice Brown rendered the decision in the first case, and Justice McKenna gave the decision in the latter.

In the Tobacco Trust case witnesses summoned before the Federal grand jury refused to answer questions or produce books and were committed by the United States court in New York for contempt. They sought escape by means of writs of habeas corpus, and on this the matter came up to the Supreme Court.

Justice Brown held that the witnesses were properly committed, and that they must answer the questions put to them by the Federal grand jury and produce the books which are expected to show the existence of a trust or combination in restraint of trade prohibited by the Sherman anti-trust law.

In the case involving the General Paper Company, the questions at issue were substantially the same as in the Tobacco Trust case, although they did not come to the Supreme Court on habeas corpus proceedings. Justice McKenna held the witnesses must answer.—Railway World.

TRADE EXPANSION

Mississippi Valley Conference at New Orleans April 5-7.

New Orleans, March: Governors of 27 different states, mayors and boards of trade of 2000 different towns and cities and editors of 3000 different newspapers in the wide territory bounded by the Rockies, the Alleghenies, the Great Lakes and the Gulf, have been invited to come to New Orleans April 5, 6 and 7, to start in motion a great trade propaganda among the Latin Countries of Central and South America and take time by the forelock in view of the trade expansion to follow the opening of the Panama Canal.

Not until the Canal is completed will they wait, but stimulated by the activity brought about by the concentration of work on the Isthmus of Panama, it is proposed to form at once a permanent organization for the purpose of developing and magnifying the trade relations between the states of the Vallies of the Mississippi, the Missouri, and the Ohio, and the countries to the south and sell to the Latin American products and manufactures which are now supplied principally by Germany and Great Britain. Those States which have been asked to participate are: Illinois, Indiana, Ohio, Missouri, Pennsylvania, Michigan, Wisconsin, Minnesota, North and South Dakota, Kansas, Nebraska, Iowa, Oklahoma, Colorado, Utah, Montana, Wyoming, Texas, Indian Territory, Arkansas, Tennessee, Kentucky, West Virginia, North and South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana and it is anticipated that an attendance of 2000 delegates will be secured. The program contemplates addresses by men of national and international reputation from all the states—both in business and public life. Mr. James V. Porch, Chairman of the Joint Conference Committee of the New Orleans business exchanges in explaining the objects of convention says: "We realize that it requires a combined effort of the large cities north of us to create that volume of tonnage that will give us as perfect shipping facilities by water as enjoyed by New York. In fact, a careful analysis of the situation clearly establishes the fact that we should have better facilities and that the wonderful tonnage that we will be able to control will speedily require them. One of the results of this convention we hope will be permanent organization with a few trained men in charge whose business it will be to watch over every interest from a Mississippi valley and Southern point of view who will constantly guard us against discriminations, and if they occur, be in a trained position to advise all of the participating exchanges of just what is being done, wherein it hurts, and how to apply the cure. It will also be their duty to gather date of every conceivable kind for the benefit of would-be shippers, to look in-

to all entanglements or difficulties that may occur by people who do ship; in other words, to be the watchdog of the situation and through an intelligent effort well applied build up sentiment to the point of making our natural advantages properly workable. New Orleans realizes that as the greatest gate way of the Gulf much is expected of her, and our exchanges are now alive to the importance of exploiting our facilities, or making it clear to the delegations to be in attendance that we are abundantly able, in fact thoroughly equipped, to take care of any volume of business however large, that is destined to the Latin Americas aside from our already established European business."

Preparations have been made for an elaborate creole banquet and a steamship ride over the magnificent 30 miles of harbor on either side of the Mississippi at New Orleans.

What Will You Do Next? is the question confronting most of those who are now in the public schools or literary colleges. If you are about through with your literary education, you are about ready to step into the business world to fight the battles for financial success. Don't venture out untrained and run the risk of failure, when you can, by spending a few more months time in a first class commercial college, equip yourself with a business training that will enable you to study financial affairs intelligently, to handle all commercial and legal papers successfully, and if you have not the money to invest in a business of your own, it will enable you to go into some first class office as bookkeeper or stenographer at a good salary, receiving the advantage of the experience of the head of the firm and not only securing the money, but the practical knowledge necessary to succeed when entering into business for yourself. Young ladies should secure a commercial training, so that they may be able to make an honorable living for themselves, or be able, in case property is left them, to take care of it in a business like manner. The financial success achieved by one in any profession is due to this business training.

Since at business we must make our living, why not make success more certain by spending a few months in the Tyler Commercial College of Tyler, Texas, the great Com-

mercial school that is preparing and placing annually, hundreds of young men and women in responsible positions paying many times the salary they were previously earning. Write for free catalogue giving full particulars.

The Editor of This Paper

Knowing that we usually change our advertisement every few weeks, has phoned us about "steen" times since Monday morning to bring him the change, but we will just have to ask the editor and our good friends to excuse us again.

The fact is, around our store is the busiest place in the country and we just can't stop to write advertisements. We have a long list of valued customers here in town and in the country near by. Looks like they all want some **HARDWARE, BUGGIES, WAGONS, FARMING IMPLEMENTS, SAW MILL MACHINERY, ENGINES, BOILERS, EDGERS, TRIMMERS,** and **THAT THEY WANT TO BUY FROM US,** and unless you could just stand around our office for a day and see us take in the phone orders from our hundreds of other good friends and customers for 50 miles around, you could not imagine how busy we really are. We are shipping so many items from our big stock every day that the freight men at the depot and our shipping clerks and porters are all about to resign.

Speaking of shipments, the makers of **AMERICAN HOG FENCE** (that is the square mesh, pig, hog, and bull proof kind, the kind that is heavier and better than any other you know) say they ship us more fencing than any other customer they have in East Texas. You ought to see us when you need Hardware. You owe it to your family and ours to do so.

CRAWFORD NOT A CANDIDATE

Well Known Beaumont Declines to Enter Senatorial Race.

Beaumont Enterprise

Mention has been made of the probability of my becoming a candidate for the office of State Senator, and a number of well meaning and good friends of mine over the district have expressed their confidence in my ability to serve the people of this district in that capacity, and have urged that I enter the race. To them I tender my sincere thanks and grateful appreciation.

After mature reflection I have determined not to enter the contest. There are ten counties in this senatorial district and to win the nomination against the able gentlemen who have announced for this office would involve the loss of time required by an active and vigorous campaign of this entire district and the considerable expense attached thereto.

At this time I do not feel that I can afford to make the sacrifice involved in the loss of time to my law practice and private business. Another time I hope to be so situated that I can yield to the whisperings of ambition to serve in a political way the people of my beloved and native state, it be their wish.

Perhaps it is due those good friends who have indulged the hope that I would offer for the office of state senator to give expressions to my views on some of the more important questions at present affecting the public mind.

I believe that taxation is the most important matter that re-

quires legislation, and in order that the glaring inequalities, as shown by the tax renditions of the various counties of the state, may be corrected, to the end that no county contributes more than its just proportion to the expenses of the general state government, I believe that some plan similar to that suggested by the Hon. O. E. Colquitt should be adopted. By this method the land and personal property in each county would be taxed only sufficient to bear the expenses of the county government and be exempt from taxation for state purposes and quasi-public corporations like railroads, telegraph, express companies and insurance companies would be taxed to meet the expenses of the state government and be exempt from local taxation. The figures show that this can be done without increasing the present rate on these corporations, and thus absolute equality and uniformity in the matter of taxation could be had. I also favor the taxation of inheritances.

I am in favor of abolishing the occupation tax law, believing it to be a most unjust method of taxation to levy tribute upon an effort to pursue a useful calling or profession.

I believe that the professional lobbyist is an enemy to society and a boll weevil to righteous legislation, and, like the boll weevil, he should be exterminated. Legislative committees should give public hearings on pending matters and all interested parties and their attorneys should be afforded ample time and opportunity to be heard, but the public should be excluded from the floor of the House of Representatives and the Senate and professional lobbying

should be defined and punished by law.

I am opposed to the issuance of free passes by the railroad companies. It is done in the majority of cases for the purpose of corrupting the recipient, and, whether this be the result or not, the attempt should be resented. I am also opposed to the abuse because it is a platform demand of the democratic party, and I am a democrat. An office holder who is a "free pass toter" can't be a democrat according to my conception of the faith. Again, the giving of free transportation to the office holder and denying it to the constituent is rank discrimination on the part of the railroad company.

I am opposed to nepotism. I believe that the railroad commission have the right, under the powers delegated to it by the legislature, to regulate freight rates and prevent unjust discrimination by the railroads. Such rates should be maintained as will allow a reasonable profit on the investment, and the great corporations, all of which are created by the grace of the people, should not be permitted to become greater than their creators.

I believe I have touched on the most important of the pending issues, but there are many others of almost equal moment to the public welfare and especially should the candidates for legislative honors let the voters know their views on all these questions.

Respectfully,
Walter J. Crawford.

Appleby Locals

Appleby, Texas, March 19, —Apple Grove No. 362 W. C. gave a box supper and donkey party last Saturday evening to raise funds to carpet the hall floor. There were about 200 persons present and every one seemed to enjoy themselves to the fullest extent.

When it came time to retail the tailless donkey, the entire crowd entered into the sport.

There was a prize for the one who should pin the caudal appendage nearest to the right place.

Miss Georgia Samuels won the first prize and Tom Blacksher won the booby prize.

Fifteen dollars was taken in which was very gratifying to the Grove.

Mr. Arnold who was badly hurt at Person & Donagan's mill last Friday is still a live although the chances for his recovery are slim.

W. H. Ramin, wife and baby, have been sick with pneumonia for the past two weeks. Mr. Ramin and the baby are improving nicely, but Mrs. Ramin is still quite sick.

Order of Commissioners' Court.

Declaring the result of Prohibition Election and forbidding the sale of intoxicating liquors in Nacogdoches County.

Nacogdoches, Tex., March 19, '06
Whereas, the Commissioner's Court of Nacogdoches County, Texas, at a special session of said court held on the 19th day of March, 1906, opened the polls and counted the votes of an election held throughout Nacogdoches county on the 8th day of March, 1906, for the purpose of determining whether or not the sale of intoxicating liquors should be prohibited in said county of Nacogdoches, and it appearing to the court that said election was held in conformity to the laws of the State of Texas and the court having counted the votes, found that (1599) fifteen hundred and ninety-nine votes were cast "For Prohibition," and (953) nine hundred and fifty-three votes were cast "Against Prohibition," and that a majority of the votes are "For Prohibition."

And, whereas, said court declared and ordered that the sale of intoxicating liquors is absolutely prohibited in Nacogdoches county, Texas, except for the purpose and under the regulations specified in the laws of the State of Texas, until such time as the qualified voters of said county of Nacogdoches, at a legal election held for that purpose, by a majority vote, decide otherwise.

Therefore, I, Robert Berger, in my official capacity as County Judge of Nacogdoches County, Texas, do hereby order that said order of the Commissioner's Court of Nacogdoches County, Texas, published as the law requires, in The Nacogdoches Sentinel, a weekly newspaper published in Nacogdoches County, Texas.

Witness my hand and official signature at Nacogdoches, Texas this March 19, 1906.

GALVESTON QUARANTINE.

Against Cuba and Mexican Ports Goes Into Effect Today.

Galveston, Tex., March 15.—Today Galveston put the bars up against Cuba and Mexico, and every vessel coming from those countries must undergo fumigation and be at sea at least five days between ports, or else stay the time out in the roads before coming to the docks. While the governor has not issued his annual proclamation on the subject, it is understood that the regulations will be similar to those in force last year.

HAD A CHICKEN ROAST.

And Three Ellis County Boys Paid \$31.20 Each for It.

Waxahachie, Tex., March 15.—Three boys of the Mountain Peak country visited a neighbor's hennery the other night, selected three nice, plump hens, took them to the woods and had a chicken roast.

By some means the theft of the chickens became known and complaints were filed in the county attorney's office against the boys. Yesterday they came to town and entered pleas of guilty in the county court. Each was fined \$5 and given 30 minutes in jail. The costs in each case amounted to \$26.20, making a total of \$93.60 this little diversion cost the boys.

BROOKS GETS SEAT

Republican From Hawaii Seated—Houston, Has No Case.

Washington, March 16.—The house committee on elections No. 3 settled the Hawaiian election contest favor of the republican candidate, and set the case of A. J. Houston vs. M. L. Brooks of the second Texas district for Friday, March 23, for final settlement.

All the democrats finally signed the report in favor of seating the republican candidate from Hawaii without attesting to the purity of the election.

The republicans are now satisfied that Col. Houston has no case and that Mr. Brooks has the true title to the seat, and will so report.

Save for a question as to whether the committee will report negatively on Houston without affirming the Brooks' right, or make a clear-cut report in favor of Mr. Brooks, as well as against Houston, there is no doubt now of the decision.

Mr. Randell, the Texas member of the committee, believes the report will be affirmative for Mr. Brooks.

Fined Hundred Dollars.

James O'Harrel, one of the young men who were held in this city yesterday by City Marshal Spradley on suspicion in connection with robbery at Huntington, was tried before Judge Berger yesterday afternoon on a charge of carrying concealed weapons.

He plead guilty to the charge and the Judge assessed the fine at \$100, and as O'Harrel was short of funds he was sent to the county poor farm to work out the fine.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES CONSUMPTION, COUGHS, COLDS, BRONCHITIS, ASTHMA, SORE THROAT, HOARSENESS, WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A GOLD is considered of no importance, yet if it was known by its proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it. WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

CATARRH THEN CATARRH THEN CONSUMPTION

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hawking and spitting," ringing noises in the ears, headache, poor appetite, mucus dropping back into the throat, and a feeling of general debility. Every day the blood becomes more heavily loaded with these poisonous secretions, and if the trouble is allowed to run on, the lungs become diseased from the constant passage of poisoned blood through them, and then Catarrh terminates in the most dreaded and fatal of all diseases, Consumption. The only way to get rid of Catarrh permanently is to cleanse the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. Book with information about Catarrh and medical advice free.

Nacogdoches Iron Works.

There was started up this morning an enterprise which is destined to become one of the leading industries of East Texas, and has added another smokestack with a factory behind it, in the valley. It is the Nacogdoches Iron Works, J. V. C. T. Christensen, proprietor.

The reporter paid the plant a visit this morning and found the shop to be one of the modern plants of Nacogdoches. Mr. Christensen has the very latest machines for doing all kinds of work in iron and steel and is fully equipped to do anything in that line.

He has two mammoth lathes one of which is one of the most modern machines made, and with the many little labor saving devices on this machine it will enable the operator to do the work of four men on ordinary machines.

Then there is a shaping machine that from the view point of a mechanic is one of the finest things ever invented for the up-to-date machine shop. It is supplied with devices, which when in the hands of the skilled operator is almost human, so wonderful is its construction and the different classes of work it is capable of handling.

The same can be said of the drilling devices and thread cutting machines. In fact there is nothing in the shop but what is modern—being right down to now.

As soon as the Houston East and West Texas railroad gets the siding in by the shop, Mr. Christensen says that he will put in an iron foundry.

The plant has opened up under very bright prospects, and already there is enough work on hand to keep the force busy some time.

Torture By Savages.

Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of intense suffering I endured for three months from inflammation of the Kidneys, "says W. Henry Atkinson of Appleby has secured the position as checking clerk at the freight depot.

Is Good as Insurance.

Brown's Iron Bitters are composed of iron, Nature's greatest tonic and of the best strengthening medicine, forms an invaluable household necessity. An occasional dose given to the children keeps them bright and healthy and wards off insidious attacks of disease. Weak and puny children gain strength and energy by its regular use, and parents need have no fear of giving it with impunity to a child. Sold by Stripling Haselwood & Co.

At The County Farm.

J. M. Wisener, superintendent of the county farm was in the city this morning and reported to the court, that the farm was short a cook, and that it was absolutely necessary that one be secured at once.

He stated to the reporter that he would plant 40 acres in corn, twelve acres in oats, 10 acres in peanuts, 3 acres in sweet potatoes, 1 acre in truck of various kinds. He also says that the county has 25 head of the prettiest Poland China hogs in the county.

The county has four head of good mules and one good milk cow.

The prospects are exceedingly bright for this year to be one of the best since the farm was established.

Letter to C. H. Casley.

Nacogdoches, Texas. Dear Sir: "Three-quarter paint" is a good phrase for the best outside of Devoc.

Devoc is the standard; mark it 100. The next best—there are several not far apart—are three-quarter paints; you may mark them 75 to Devoc's 100.

The bulk of the paints in market are 40 or 50 or 60; a few are worse than 40.

How do they act? They cover from one to three-quarters as much as Devoc; and they last from one to three-quarters as long as Devoc.

What are they worth? The same rule don't hold; it costs more to put on some paints than they are worth; they are not worth anything; the "put-on" costs two or three times as much as the paint.

Yours truly F. W. Devoc & Co. Perkins Kleas and Mast sells our paint.

Church Organized.

Last night at the O. S. Presbyterian church.

Elder Strode organized and set in motion the Christian church of Nacogdoches.

There were about 30 charter members on the roll.

This is the first church of the kind ever instituted in this city and the members are very enthusiastic.

They will meet each Lord's day at 2 p. m. and worship at the church in which they were organized last night.

Elder Strode appointed two Elders and to Deacons as officers.

DANGER OF OVER-PLANTING.

A Critical Time for the Cotton Interests of the South.

Houston Chronicle.

The following letter from Mr. Wm. V. King, superintendent of the New York Cotton Exchange, received by Richard Cheatham, secretary of the Southern Cotton Association, has been sent to The Chronicle for publication:

Mr. Richard Cheatham, Secretary of the Southern Cotton Association, Atlanta, Ga.,—Dear Sir: Your favor of the 19th inst is received. I thank for President Jourdan's cotton statistics, etc., which give the facts clearly and intelligently.

In my opinion the coming planting season will prove to be the most trying if not the most critical in the experience of the cotton growers of the South. Trying because there are many who believe 10 or 10½ cents will prove so serious a temptation to the planter that he will put every available acre in cotton. This opinion is not confined to this section of the country alone, but is indorsed by many of the good people of the South not planters of cotton. I am glad to say.

It will indeed prove a critical season for the planter and for the entire South should the temptation to over plant in cotton be carried out. The years of splendid work of your association, together with that of others who have cooperated, will be swept away, and will be re-enacted with its consequent 5 or 7 cents for cotton.

This is not an extreme picture. It is certain to occur unless the planters stand solidly together and for their own protection diversify the planting putting in a moderate acreage only in cotton. If the planters will not protect themselves in a matter of such vital interest, to whom they can look for help? Certainly not to the buyer and the consumer.

To sum up the matter, the situation for weal or for woe, for 7 cents or for 12 cents, is entirely in the hands of the planter. In a brief interval of time the world will know whether he has proven false to himself or has had the courage and manliness to resist the temptation which now threatens to wrest from him the control of the situation.

Yours truly, Wm. V. King.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From This Sad and Costly Experience.

It is a sad but certain fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow-white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the small of the back, pelvic catarrh, dizziness, flatulency, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

Miss Luella Adams, of Seattle, Wash., writes: "Dear Mrs. Pinkham:—About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an agent in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability or nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

KILLS CATARRHAL GERMS.

Breathe Hyomei a Few times Daily and be Cured—Goes Right to the Spot.

In treating catarrhal trouble the first thing necessary is to kill all catarrhal germs that may be present in the nose, throat and lungs, thus freeing the system from the poison that they produce.

Stomach dosing cannot kill these germs. A direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomei.

Breathed through the neat pocket inhaler that comes with outfit Hyomei reaches every tissue of nose, throat and lungs giving immediate relief, and effecting a permanent cure in the worst cases of catarrh.

The complete outfit, consisting of an inhaler, medicine dropper, and one bottle of Hyomei, costs only \$1. Extra bottles can be obtained for 50 cents. Stripling, Haselwood & Co. gives a guarantee with every Hyomei outfit that the treatment will cost nothing unless it cures.

San Augustine Dry.

From Monday's Daily:

A Telephone message over Texas Central Telephone to The Sentinel this afternoon from Frank Tucker at San Augustine says that San Augustine county went prohibitive Saturday by 217 majority. Four boxes Chiquapin, Henry Hill, Odom school house and Attoyac have made no returns, but it is concluded that they went pro.

In the sale of the Crouch home place on North street, is one of the largest considerations ever paid in Nacogdoches for residence property. On account of the failing of Mrs. Crouch it was deemed best that she go to San Antonio and it is at that place that Mr. and Mrs. Crouch will make their home. Mr. Crouch will continue to hold his business interests here. In addition to his insurance business, he is interested in the Crown Bottling Co. and owns stock in the Nacogdoches Show Case and Manufacturing Co. While his home will be in San Antonio, yet he will spend a good portion of his time here.

The Herald received a call today from Mr. Louis P. DeMouche, general manager of the Nacogdoches Cigar Company, manufacturers of Nacogdoches tobacco. Mr. DeMouche is here selling his goods to Palestine merchants, who are meeting good sales with this cigar. He is a very pleasant gentleman, and reports that the East Texas tobacco is growing more popular every day.—Palestine Herald.

One would think the Laxative idea in a cough syrup should have been advanced long before it was. It seems the only rational remedy for Coughs and Colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and tar does this. It is the Original Laxative Cough Syrup, the best known remedy for Coughs, Colds, Croup, whooping Cough, etc. Tastes good and harmless. Sold by Perkins, Kleas & Mast.

This morning the reporter was making his rounds as usual, and was invited into the restaurant of Murry & Co. and had a set 'em up at the expense of the house. This restaurant is opened and ready for business, and it all the good things served in the future will compare with the lunch served the reporter the success of the new enterprise is assured.

The best way to rid the system of a cold is to evacuate the bowels. Kennedy's Laxative Honey and Tar acts as a pleasantly, yet effectual cathartic on the bowels. It clears the head, cuts the phlegm out of the throat, strengthens the bronchial tubes, relieves coughs, colds, croup, whooping coughs, etc. Sold by Perkins, Kleas and Mast.

T. K. Raynor of Decoy was in the city this morning on a business trip. He reports everything lovely in his section of the county.

Indigestion is much of a habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, puffing, palvating and frowning. Kodol Digests what you eat and makes the stomach sweet. Sold by Perkins, Kleas and Mast.

Married.

W. B. Smith and Miss Emma Thomason were happily wedded Sunday at Melrose.

They have scores of friends whom The Sentinel joins in hearty congratulations for for them.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach, take Kodol Dyspepsia Cure. Hon. Jake Moore, of Atlanta, Ga., says: "I suffered more than 20 years with indigestion. A friend recommended Kodol. It relieved me in one day and I now enjoy better health than for many years." Kodol digests what you eat, relieves sour stomach, gas on stomach, belching, etc. Sold by Perkins, Kleas & Mast.

Geo. W. Blackburn left yesterday afternoon for Dallas where he will attend the meeting of the Texas Cattle men's Association. The convention will hold a three days session, and from there he will go to Fort Worth to attend the meeting of the Texas Fat Stock Show.

If you are troubled with Piles and can't find a cure try Witch Hazel Salve, but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the Original. If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve. sold by Perkins, Kleas & Mast.

Verdict for Dependant.

Yesterday the jury in the cases of J. W. Broadhagan vs. A. Currie et al, returned a verdict in favor of dependants.

The best safeguard against headache, constipation and liver troubles is De Witt's Little Early Risers. Keep a vial of these famous little pills in the house and take a dose at bed time when you feel that the stomach and bowels need cleansing. They don't gripe. Sold by Perkins, Kleas and Mast.
