Heard from Vail.

E. M. Weeks received the following telegram from Vail Fall who was in San Francisco at the time of the earthquake:

"Arrived safe at Oakland. Working on the Tribune.

Vail."

This information was received with delight by the friends of Vail Fall in this city where he worked for a number of years in the printing establishment.

The Daughters of the Confederacy have selected Sunday May 6th a 4 o'clock as the day for their decora.

Rural Route at Decoy.

Mr. Ira C. Stonebrook, an inspector of the rural free delivery department was at Decoy yesterday to investigate the proposed route from that post office for free mail delivery.

Nothing will relieve indigestion that is not a thorough digestant. Kodol Dyspepsia Cure digests what you eat, and allows the stomach to rest—recuperate—grow strong again. A few doses of Kodol after each meal will soon restore the stomach and digestive organs to a full performance of their functions naturally. Sold by Perkins, Kleas and Mast.

WITH THE FACTORIES.

The Sentinel Reporter Pays a Visit to The Ice Cream Factory.

Yesterday afternoon The Sentinel reporter had the pleasure of visiting the dairy and ice cream factory of T. J. Lloyd, and had an opportunity of seeing some of the best ice cream ever sold in the city manufactured. To tell all that was seen that was of interest to the reporter would fill columns, but to start with the reporter can state positively that the ice cream factory of Mr. Lloyd's is a place where "cleanliness and purity is paramount." Every vessel used in the manufacture of cream is of white porcelain, and the floors and walls of the factory are absolutely faultless.

The building is screened throughout and is away from the road free from dust.

In the factory building is all the necessary machinery for running a modern plant of this kind. A large gasoline engine is used to furnish power and the capacity of the plant is 100 gallons per day. The building is furnished throughout with a system of water-works with hot and cold water connections. It is also lighted with electricity.

Upon arriving at the factory the reporter found the help in the factory busy making up a lot of cream for Cushing and Caro, to be shipped out this afternoon, besides the regular supply of the ice cream parlors in the city.

The factory is equipped to

WITH THREE LARGE STORES

Filled with Buggies, Surries, Hacks and Traps, all bought before the advance we are in a better position than ever to serve you. The season for pleasure driving is now here. We will positively save you money on purchases in this line. Have sold more Buggies than any man living in East Texas—am doing it yet and giving better values than ever.

D. K. CASON,
THE BUGGY MAN

make brick cream for receptions and also to make any color desired. In fact it is one of the most modern cream factories in the state—it is not the largest but it is right-down-to-date.

While at the factory the reporter was invited to make an inspection of the dairy. Thirty head of the prettiest Jerseys to be found anywhere were in the stalls, which by the way are just as clean as it is possible to keep stalls. These little cows furnish about fifty gallons of milk. From the milk pail to the separating room goes the milk, where it is put into the large separator and the cream separated from the milk.

A large pasture of 130 acres is set aside for the cows to run in during the night.

The milking stalls, as also in the cream factory, are provided with electric lights and placed in different parts of the barns so that the workmen can attend to the work without fear of turning over a lamp and burning the place.

What good does it do you to eat if your stomach fails to digest the food? None. It does you harm—causes belching, sour stomach, flatulence, etc. When the stomach fails a little Kodol Dyspepsia Cure after each meal will digest what you eat and makes the stomach sweet. Sold by Perkins, Kleas and Mast.

Killed on The Track.

The passenger train was quite late this morning in arriving from Houston. This was caused by the fact that the train ran over a man near Moscow and the train was stopped at that place for about an hour and a half.

The man was a stranger there, and he evidently was drunk when the train hit him. When examined by the coroner he had a whiskey bottle in his pocket and the opinion of passengers that he was drunk and down when the train hit him.

The accident occurred at a sharp curve in the track and the train was upon the man before the engineer saw him.

GARRET IN JAIL.

Constable McMillan Returned From Hot Springs Saturday.

Last Saturday afternoon Constable McMillan returned from Hot Springs, Ark., where he went after J. L. Garrett who was arrested by the Arkansas authorities on a charge of murder.

When Garrett was arrested, it is alleged that he had made a complete confession of the killing of Thad Weaver. Garrett says this is a mistake, that he never made such a confession.

When asked why he went to Arkansas, he said that he went there for the purpose of obtaining money for Munroe Maynard who is in jail charged with the murder of Thad Weaver.

Mrs. Garrett has been notified of her husband's arrest and also that he is in jail, and as soon as she arrives an examining trial will be held.

Mr. and Mrs. G. W. Ried returned yesterday from Gary where they have been on a visit to Mrs. Ried's mother, Mrs. Stone of that place.

He left a lot of fine strawberries with the reporter with his compliments, but from the nice manner in which the berries arrived at this office the reporter feels inclined to thank Mrs. Raynor for the gift. The reporter will visit Decoy one day this week and will then hand out the truth about the gift of the strawberries.

R. W. HALTOM, Editor

FROM all over the country comes the good word that crops are looking extra good. Nacogdoches county this year will have good crops of all kinds.

THE legislature of Texas should amend the laws so the public executions should be prohibited. Too many people make a public hanging a picnic day, and as little boys are generally present at public executions The Sentinel believes that it leaves a bad impression upon the young minds. By all means if the execution cannot be held privately, arrange the matter so that the little boys cannot witness the execution.

J. MONTA MOORE has announced that he was making his race for the office of governor by fighting the cotton oil mills of Texas. Mr. Moore is treading on dangerous ground. The cotton oil mills over the state of Texas have made one of the by-products of the cotton crop valuable to the farmers and were it not for these little mills scattered over the state, the farmers would be receiving about five or six dollars per ton for seed. He will have to adopt other tactics to gain the votes of the cotton growers of Texas.

For Representative.

In the proper column of The Sentinel today appears the name of Capt. J. S. Doughtie as a candidate for the office of representative to the legislature from this county. Capt. Doughtie was born in Randolph county, Ga., and was raised in Barbour county, six miles from his birth place. He came to Texas in 1877 to San Augustine county where he lived for seven years, he moved from that county to the town of Nacogdoches and has lived here for the past twenty-two years. He served in the confederate war under Bragg, Johnston, and Hood. He is a life long democrat and has voted the ticket for 38 years. He will appreciate any favors shown his candidacy.

To the Democracy of Nacogdoches County:

I beg to announce that I will submit my name, for the Democratic nomination, for Representative before the coming primaries. Two years ago I was defeated by about fifty votes, and this decision to make the race has been arrived at partly through the demands of my then earnest supporters, as well as supporters of my then competitor whom I shall always feel have a right to make demands upon me. My former race was made in as clean and honorable manner as I knew how and while defeated I felt proud of the race. I shall try to conduct this campaign upon a high plane such as characterized the former one. I believe in old line democracy and if nominated and elected shall always remember the will of my constituents. In due time I expect to see the people over the county, and will ever be ready to announce my views upon the various questions of government that is likely to come before the next Legislature.

SACUL LOCAL MATTERS.

An Interesting Budget of Local News From a Good Town.

Sacul, Texas, April 20.—The Sacul Minstrel Band gave a delightful free concert last Monday night which was greatly enjoyed by the citizens of Sacul. The boys are working up another program, and will give another concert soon.

Mr. Dunlap is able to be out again after having been laid up with a bruised head on account of an accident which he received a few days ago. It happened this way. He was in the woods with a companion cutting timber for the Carruthers Lumber Co. and one large tree had been cut down and as it fell it struck a large tree near by breaking off one of the large limbs. This limb was released from its lodging place and fell to the ground and as it fell it struck Mr. Dunlap on the side of the face and head. At the time of the accident it was thought that he was seriously hurt, but your correspondent is glad to state that he is now able to be out again.

Dr. Williamson spent yesterday in Nacogdoches.

B. T. Burk made a business trip to Nacogdoches yesterday.

The Woodmen of The World will have an unveiling here Sunday, May 6, the monument of Sovereign Gresham will be unveiled. The local camp is making preparations to take care of a large crowd of Woodmen on that day.

Dr. Smith will leave next week for Fort Worth to attend the meeting of the State Medical Association.

The Fraternal Endowment met last night and organized. Press Erwin and W. T. Sanders are the guests of Mr. and Mrs. J. N. Lucus.

Mr. J. N. Lucus and daughter spent yesterday in Cushing.

Trinity Topics.

Trinity, Texas, April 16—This community was highly entertained last Friday night at the closing exercises of Prof. Willis Brown's school. Something like 450 people had gathered at the new school house to witness the exhibition, which was opened at 8:30 by music on the string band furnished by Mr. Louis Haltom and family. Then came recitations, dialogues, songs and instrumental music until a late hour. The pupils acquitted themselves with much honor and was very gratifying to the teacher and patrons. These entertainments have a good affect on all. These little children represent life in its purity and simplicity and appeal to our better nature and help us to a better life.

Prof. Brown has taught us a good school and don't think the trustees could do better, than to employ him another year. After the exercise closed the candidates were invited to make shorts talks. Profs. Spears and Hargis made a few very appreciated remarks for the occasion.

The candidates for county attorney were present and

spoke. Mr. Layton spoke to the children; said politics was dry. Spoke of the latent power and inherent good in children; their undeveloped mental facilities; that they possessed material out of which such men as Jefferson, Jackson and Roosevelt were made.

Mr. Russell said politics were very interesting to him; that his thoughts had been concentrated on these things day and night for three months and this would be his theme until after the primaries.

Mr. Adams seem to possess that happy faculty of dividing his mind and seems to have a twofold mission in this race; to get married and elected too. Be careful Mr. Adams we have known men to get too many irons in the fire.

Well come again boys we are going to have a picnic after a while and you can have another chance.

The farmers are well up with their work this year; corn planted, cotton coming up, every thing bids fair for an abundant harvest.

Rev. Malone preached to an attentive audience at Trinity Sunday; took collection for foreign missions which amounted to twenty dollars.

Rev. R. Heflin preached two helpful sermons to the people at Canaan church Sunday.

Verdict For Plaintiff.

The jury in the case of Zeno Cox, Jr. vs. the Hayward Lumber Co., wherein the plaintiff was suing for \$2,126.75 for the payment of merchandise, returned a verdict yesterday afternoon granting the plaintiff the amount prayed for.

SHREVEPORT HAD COSTLY FIRE

Simon Building Guttled With Losses Estimated at \$50,000.

Shreveport, La., April 20.—The Simon building, in the heart of the city was practically destroyed by fire early this morning. The origin is unknown. The loss is estimated at \$50,000.

The fire broke out in the third story and was confined to this and the second story. No one was injured, though the loss is heavy.

A skating rink, Draughon's Business College and many offices on those floors were destroyed, and the loss was complete.

Feeling Good.

The reporter met Dr. F. C. Fordon the street this morning and he said "Well I am feeling good this morning." The reporter asked what had been the trouble. "No trouble at all, I have just finished setting out my tobacco plants, and as the season is about thirty days ahead of last year, I am feeling good over the matter."

The Sentinel is glad to hear that the season is so favorable to the culture of the weed this year, and also that the planters are elated over the prospects.

Dr. Ford further stated that he had quite a lot of plants left and that if the farmers would come and get them that he would let them have plants as long as they were in the bed.

Base Ball Prospects.

Prospects are now that there will be a well organized base ball team here this year and that the boys will have a park ready in a short time. Albert Brewer will probably have the management of the team, and the park will be located on North Mound street near Dr. Tucker's residence. A committee has the matter in charge, and The Sentinel is informed that quite a nice sum has been subscribed for the purpose of fitting up the park

SPRING CATARRH.

Stripling, Haselwood & Co. Sells Hyomei Under Guarantee of Cure.

The changeable weather of Spring is directly responsible for the prevalence of catarrhal troubles in Nacogdoches at the present time.

As a result, Stripling, Haselwood & Co. had a larger sale for Hyomei the past week than ever before in the years that they have handled this reliable treatment for the cure of catarrh.

If there is a single catarrhal germ in the system, Hyomei will search it out and absolutely destroy it completely eradicating the trouble. The remedy has made so many cures among Stripling, Haselwood & Co.'s customers that they offer to pay for it themselves if it does not benefit even the worst case of catarrh.

The complete outfit costs only \$1., consisting of an inhaler, medicine dropper, and bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There will not be even this small expense if Hyomei does not cure, as Stripling, Haselwood & Co. will return your money.

State Encampment

The Stone Fort Rifles are making preparations now to attend the next meeting of the Texas National Guard. Capt. King states that he will have sixty men in the company for the encampment. The muster roll contains the names of forty-five young men.

A letter recently received from the adjutant general states that the men who attend will receive full army pay while they are attending the encampment. New orders are to the effect that in the future the soldier boys will have two service uniforms and one dress uniform.

Geo. W. Cavin of Kirbyville was in the city this morning on a business trip.

CONVICTED OF GIVING REBATES

Burlington Road and Officials Were Fined Sixty Thousand

Chicago, April 20.—The Chicago, Burlington and Quincy railroad, Darius Miller and Claud G. Burnham of this road were found guilty today in the federal court of granting rebates in violation of the law. The railroad corporation was fined \$40,000 and the two officials \$10,000.

Letter to C. T. Clark.

Nacogdoches, Texas.
Dear Sir: Porterhouse, so much; neck, so much; all the way between.

Just so with paint. Devoe lead-and-zinc is the porterhouse. Nobody wants the neck; the between, some say, is good enough for them.

But Devoe costs less, not more, than between. Lead-and oil is between; it is the old-fashioned paint. But zinc has come in. Zinc toughens white lead. Devoe lead-and-zinc is the paint that wears twice as long as lead-and-oil.

Mr. John Neitel, Fair Haven, N. Y., writes:

"Mr. Charles Hollenbeck, of this place, painted his house three years ago with Devoe lead-and zinc; his father painted at the same time with lead-and-oil. Today the son's house looks as well as the day it was painted, while the father's house has all chalked off and needs painting very badly. The father says he will paint with Devoe next time."

Yours truly
F. W. Devoe & Co.

Order of Commissioners' Court.

Declaring the result of Prohibition Election and forbidding the sale of Intoxicating liquors in Nacogdoches County. Nacogdoches, Tex., March 19, 1906. Whereas, the Commissioner's Court of Nacogdoches County, Texas, at a special session of said court held on the 19th day of March, 1906, opened the polls and counted the votes of an election held throughout Nacogdoches county on the 8th day of March, 1906, for the purpose of determining whether or not the sale of intoxicating liquors should be prohibited in said county of Nacogdoches, and it appearing to the court that said election was held in conformity to the laws of the State of Texas and the court having counted the votes, found that (1599) fifteen hundred and ninety-nine votes were cast "For Prohibition," and (953) nine hundred and fifty-three votes were cast "Against Prohibition," and that a majority of the votes are "For Prohibition."

And, whereas, said court declared and ordered that the sale of intoxicating liquors is absolutely prohibited in Nacogdoches county, Texas, except for the purpose and under the regulations specified in the laws of the State of Texas, until such time as the qualified voters of said county of Nacogdoches, at a legal election held for that purpose, by a majority vote, decide otherwise.

Therefore, I, Robert Berger, in my official capacity as County Judge of Nacogdoches County, Texas, do hereby order that said order of the Commissioner's Court of Nacogdoches County be published as the law requires, in The Nacogdoches Sentinel, a weekly newspaper published in Nacogdoches County, Texas.

Witness my hand and official signature at Nacogdoches, Texas this March 19, 1906. Robert Berger, County Judge of Nacogdoches County, Texas.

Previous Earthquakes. New York, April 19.—The last earthquake that occurred in San Francisco was about the middle of January, 1900. Several distinct shocks were felt early in the morning, causing vibration of the buildings all over the city. The chief building affected was the St. Nicholas hotel, which was severely shaken. The walls collapsed in certain parts of the structure, patrons were thrown out of their beds, and furniture was destroyed. In 1894 there was a severe seismic disturbance in Los Angeles, which was felt throughout the city, and for a radius of several miles around. No actual damage was done, but this was the most severe shock that has ever been felt in Southern California.

Rations Ordered. San Francisco, April 19.—The war department has ordered two hundred thousand rations to be sent to the sufferers at San Francisco from Vancouver barracks. All the available tents have been asked for to give the homeless shelter. General Funston of the U. S. A. is in charge of the army at San Francisco. Santa Rosa, one of the prettiest cities in the state is a total wreck, and ten thousand people are homeless, while the loss of life will run up into the thousands. The destruction includes all the public buildings and the resident portion of the little city was destroyed by flames.

Are You One? Itching troubles appear to be epidemic at this time. Are you so afflicted? It so give Hunt's Cure a trial. It is positively guaranteed to cure any form of itch known. A failure means it costs you nothing.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Nacogdoches People

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down. Overwork, strains, colds and other causes injury the kidneys, and when their activity is lessened the whole suffers from the excess of uric poison circulated in the blood. Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Nacogdoches' cures are the proof.

Geo. Witkron, contractor and builder, living at the South end of Mound street, Nacogdoches, Texas, says: "For over five years I suffered with acute pains in the small of my back and had difficulty from too frequent passage of the kidney secretions. I saw Doan's Kidney Pills recommended and procured a box at Perkins, Kleas & Mast's drug store. After using them I can truthfully state that they cured the pains in my back and I do not have the trouble with my kidneys I had before using Doan's Pills. I know they have cured me and am pleased to recommend them as a good kidney medicine and worthy of a trial by anyone troubled as I was."

I hope other sufferers will avail themselves of this tried and true kidney remedy. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doans—and take no other.

The Woodmen of Decoy are making preparations to have a big time there on Saturday night, April 28. Several of the Nacogdoches Woodmen will attend the meeting and take part in the exercises.

THE PROPER STEPS.

At the last meeting of the Nacogdoches Business League a resolution was introduced, asking that a committee be appointed to confer with the ordinance committee of the City of Nacogdoches, and have an ordinance introduced in the council exempting manufacturing enterprises to be established here in the future from taxation for a period of five years. The resolution was unanimously adopted by the League which is composed of the best business men of Nacogdoches. The Sentinel believes that this is the proper thing for the council to do. Other cities in Texas are exempting manufacturing enterprises from city taxation for a period of years, and it is the means of securing new business for their city. The exempting of manufacturing enterprises from city taxation will in no wise raise the taxation of the property holders of the city, but to the contrary will in a large measure reduce taxation. It will cause people to move here and become citizens of the town and they will buy homes here and become tax payers themselves—they will buy homes here and make good and useful citizens. Nothing will be lost to the city by exempting manufacturing enterprises that may be located here in the future from taxation, and if this will be the means of securing the location of enterprises of this character within the city limits, The Sentinel is heartily in favor of the resolution as was introduced in the Business League.

In the near future the Cotton Belt railroad will have Nacogdoches on its time table

The imperfection of our neighbors are something fierce but had we the gift to see our own, doubtless we would conclude that our neighbors were not so bad after all.

The Sentinel is in receipt of the current issue of the Gulf Coast Line Magazine, Mr. William Doherty, editor and publisher. This issue of the magazine is beyond all question of a doubt one of the most handsome publications of the kind ever issued from a southern press. The magazine is a Texas product, and is of and for Texas. The Gulf Coast Line Magazine has passed the first mile stone and the initial number of volume 2 shows it to be in a very healthy condition.

Raised \$200.

The meeting at the Baptist church last Sunday morning was a splendid one. The day was set apart for raising subscription for mission work. The First Baptist church here raised over \$200.

THE TEN COMMANDMENTS.

Services For Men Only at The Cumberland Church.

From Monday's Daily:

Last night a large crowd attended the services at the Cumberland Presbyterian church, to hear the sermon on the Ten Commandments, by Rev. J. M. Robinson. The services were opened by singing "Work For The Night is Coming," after which Rev. J. W. Stephens led the congregation in prayer.

"What a Friend We Have in Jesus" was sung by the congregation.

Before announcing his text Rev. Robinson stated that the 87th anniversary of the I. O. O. F. would be celebrated in this church building on the evening of Thursday, April 26, and that the public was cordially invited to attend the services.

In announcing his text Rev. Robinson stated that while the service had been advertised for men only that nothing would be said but what could be said in a mixed audience. In fact nothing should be said in the presence of a gentleman but what could be said in the presence of a lady. The Ten Commandments were then read, "In The Sweet By and By" and "America" were sung. The speaker then took the stand. The first illustration thrown upon the canvass represented a beautiful home where the mother and father were teaching their children to be useful men and women. This scene represented "The Sanctity of the Home" and from this subject many good and wholesome thoughts were given to the congregation.

The next picture on the canvass was one showing the Hindoo's worshipping an idol. The speaker stated that while the Americans were not worshippers of graven images yet they were worshippers of the dollar to such an extent that they were neglecting their soul's salvation. That they were idolators, just the same as if they had worshipped graven images as the Hindoos were represented doing.

"Thou Shalt Not Take the Name of The Lord Thy God in Vain." This picture represented several youths in the act of coming to blows, and also a man trying to control a young horse. The speaker stated that there were too many men who made a practice of swearing on the streets in the presence of the young boys. It was a bad habit and was not only a violation of God's law, but was also a violation of the laws of the State of Texas.

The next scene was one showing the observance of the Sabbath, and this was followed by one representing the first killing ever recorded—Cain killing his brother. On this picture the speaker stated that there had been numbers of murders committed in this county since the first of the year and that it was a fact that the people now were holding the life of a man too cheap. This was a very unfortunate condition of affairs, and it was one that the entire state was interested in, and that more value should be placed upon a human life.

"Thou Shalt Not Commit Adultery." "Thou Shalt Not Steal." and "Thou Shalt Not Bear False Witness," were the next pictures on the canvass, and as each was presented the speaker delivered a good sermon on each.

WAS A FRESH SCARE.

Earthquake Shock Felt During Night Caused Some Apprehension.

San Francisco, April 24.—Following the rain which fell Sunday night and yesterday morning, which greatly intensified the misery and suffering of the homeless people of this stricken city, last night was one of comparative comfort and of generally improved conditions.

The night was clear, warm and balmy and there was less suffering among the thousands of refugees camping under the blue sky than at any time since the terrible disaster.

The condition of the people is constantly growing better. Relief work is being organized every day and the distribution of provisions and providing shelter is daily becoming more systematic and methodical.

At 10:40 last night an earthquake shock was felt throughout the city and momentarily created alarm among the people, still unnerved and overwrought from their recent experience. No damage was caused, but in some few instances persons living in houses ran out badly frightened and called upon the sentries and guards to help carry out clothing and other effects. Shortly after the slight trembling an unconscious man was found on the sidewalk in front of a house at Golden Gate avenue and Buchanan street. He had evidently fallen or jumped from a window in his excitement and efforts to get out of the house when it was shaken.

At O'Farrell and Leavenworth streets an unknown man, apparently demented, was found in the street in a dying condition by the police. He died before he could be removed to the hospital.

The weather today was never better. Hundreds of men have been placed to work clearing the streets, dismantling the towering walls which were left standing by the fire.

We Will Elect Him.

Hon. Beeman Strong, the big hearted lawyer that Nacogdoches county has put into the race for district attorney, was here Tuesday and Wednesday renewing his acquaintance. He proposes to come often lest they forget how he looks. He need not fear that, however; he is the kind of a man that the more you are thrown with him the better you like him, and we don't mind having him come among us, in fact, we believe he would make a good Cherokee citizen, and if he falls short in the election, we won't object to his landing his canoe on Cherokee soil. We know Nacogdoches county will oust him if he lets his opponent snow him under. But if he rustles every else like he does in Jacksonville he will make a fine showing.—Jacksonville Reformer.

Off to Terrell.

Sheriff Buckner left this afternoon for Terrell with T. P. Cole, and Ed Shovan where he will place them in the hospital for the insane. Cap Cole was taken to the barber shop where he was given a hair cut and shave.

Dabney's Bear Story. Mr. J. S. McLamore yesterday returned from Tyler where he has been attending United States court, and he tells quite a story on Dabney White.

A few days ago Dabney White was visiting in Nacogdoches and while here bought a handsome bear skin from Joe Zeve. After coming into possession of the bear skin, Dabney had several "pipe dreams" one of which was that he had been hunting in the big thicket and had a personal encounter with a big black bear. He had another dream and he dreamed of the same bear again, and by the time he reached Tyler he actually believed that he had killed a bear, and told his friends all about the matter, and they would never have been any the wiser had it not been for the fact that Mr. McLamore went to Tyler and while there heard of the bear story. Now as a Nacogdoches man had killed that bear and Mr. McLamore did not care to see the honors "swiped" from the Nacogdoches man, he suggested to some of Mr. White's friends that the next time they heard Dabney telling about the bear, to say that Joe Zeve had another bear skin that he would sell for \$5. This was sprung on Mr. White at the next meeting of the club. Dabney is now looking for the man who gave the bear story away, and it is said that he means business if ever finds the man.

A SPLENDID MEETING.

The Nacogdoches Business League Takes Up Important Matters.

From Tuesday's Daily:

A very enthusiastic meeting of the Nacogdoches Business League was held in the League parlors yesterday afternoon. The meeting was called to order by Mr. E. A. Blount the president. The minutes of the last meeting were read and approved.

The membership committee, through Mr. C. D. Mims, reported that no work had been done by the committee, but that before the next meeting of the League that committee would get busy and show results. Further time was granted this committee, which is composed of C. D. Mims, Hal Tucker and Chas. Perkins.

Mr. Cason, for the hall committee reported progress and on motion the committee was granted further time, and also given plenary power in their work.

Mr. Emmett Smith for the oil well committee reported that the matter of securing subscribers for the test well was progressing nicely and that all the stock had been practically subscribed. Mr. J. T. T. Frasier the oil well expert was present and explained to the business men present just what he intended doing with the well, and the depth he intended drilling same. At the close of his remarks, a motion was carried giving the proposition the endorsement of the League.

Mr. Mims introduced a resolution asking the League to confer with the ordinance committee of the city of Nacogdoches asking that manufacturing enterprises to be located here in the future be exempt from city taxation for a period of five years. The resolution was discussed at some length and was unanimously adopted.

Mr. DeMouche was present and stated that Post W of the T. P. A. desired to hold the next state convention of the drummers in this city, and that it would require some finances to entertain the drummers. The league being in no position to render assistance financially, Mr. DeMouche was thanked for bringing the matter before the league at this time.

A canning factory was proposed to the League and every one present was of the opinion that it would be a good thing. Mr. Byrd of Eagle Lake is the gentleman who made the proposition, and a committee consisting of E. M. Dotson, R. T. Shindler, and S. W. Blount, were appointed to confer with Mr. Byrd and ascertain what would be required of the citizens of Nacogdoches to put up a modern cannery.

A vote of thanks was tendered the daily press of the city for the manner in which the meetings of the League had been handled. The vote on this motion was unanimous.

Mr. Smith introduced a resolution to hold the meetings of the League during the summer months in the afternoon at four o'clock. Stating that the two last meetings were held in the afternoon and that they were well attended. The motion carried unanimously.

No further business appearing the meeting adjourned subject to the call of the president.

An effort will be made to get music for the occasion by the proper committee.

New Saw Mill.

The Texas Lumber Co., has closed a deal for a tract of land north of the Nacogdoches Show Case and Manufacturing Co. and will put in a modern saw mill. The machinery, The Sentinel has been informed, has been purchased and the work of putting up the mill will be started right away.

Trustees Nominated.

From Monday's Daily:

This morning a large and enthusiastic mass meeting was held in the district court room for the purpose of nominating three school trustees to be elected for the Nacogdoches schools.

The meeting was called to order by Mr. T. B. Hardeman and he stated the object of the meeting was to nominate trustees to succeed Dr. J. H. Barham, S. W. Blount and J. M. Weeks.

On motion Mr. Hardeman was elected chairman of the meeting and Chas. E. Davis, secretary.

Mr. D. K. Cason addressed the chair, and in a short speech reviewed the work that had been done within the past few years for the Nacogdoches schools, and of the splendid progress being made at the present. That as the old board had quite a lot of unfinished business on hand, and as the present board was conversant with the affairs of the school, it would place before the meeting the names of Dr. J. H. Barham, Hon. S. W. Blount, and Mr. J. M. Weeks as the candidates of the mass meeting for re-election for trustees of the Nacogdoches district. The nomination received many seconds, and on call of the question it carried unanimously.

Mr. E. M. Dotson stated to the meeting that the trustees should add another grade to the course of study in the Nacogdoches school. Superintendent R. F. Davis was called for and he addressed the meeting on the subject. He stated that ever since he had been connected with the schools here that it had been his sole purpose to place the schools of this city in a position where they could affiliate with the universities of the country. He believed the time had not yet arrived to add another grade to the school course; it would be too expensive. He stated that he had visited other city schools recently, and that he found only the larger cities with work above the tenth year. He stated that the old board of trustees were splendid gentlemen and that there never had been any tittle iron, and glad that the citizens had nominated the retiring member of the board for re-election.

The purpose of the meeting having been transacted a motion to adjourn was entertained.

Do You?

Do you want a position paying from \$50 to \$75 and some one to secure it for you? If so, take a course in the Byrne Simplified Shorthand and Practical Bookkeeping or Telegraphy at the Tyler Commercial College, Tyler, Texas. Absolutely no risk. 1000 students attended last year from 20 states. Those who finished were placed in first class position thru our College Employment Bureau, which renders it service free of charge to both the students and the firms desiring help. Young men and women who were a year ago drawing salaries of less than \$35 per month are today cashiers of banks, bookkeepers and stenographers of large mercantile firms, R. R. Companies, and official court reporters, earning from \$60 to \$250 per month. What other investment can you make that will pay such dividends?

You may think, "well if I borrow the money to take a course, I will not get a position." If you are honest and industrious, we will see that you secure a position within ten days after your courses are completed. We have received two calls from the U. S. Government within the past three months for as many of our shorthand and bookkeeping graduates as we could supply, at a salary of \$900 a year upward. Young people, this is a business proposition, it is not an advertising scheme merely to secure your patronage. We are responsible for every statement we make. We can furnish reference that will convince the most skeptical.

The cost of a course of Bookkeeping and Business Training, including tuition, book and board, is about \$97; a shorthand course \$80 a telegraphy course \$90; combined bookkeeping and shorthand course \$150. Enroll at once, and be ready for a good position during the busy fall season. Catalogue free for the asking.

To Church 780 Times for \$1,500

By a decree of the circuit court Peter Paulson, a farmer, will have to go to church every Sunday for fifteen years to receive a legacy left him by his mother, who made the church-going a condition. As it meant a journey of ten miles to Cashton every Sabbath regardless of storm or snow he attempted to break that provision of the will as unreasonable. As the legacy is only \$1,500 he figured that \$100 a year or about \$1.92 a Sunday—a little more than nine cents a mile—was inadequate compensation, making him the most poorly paid of the paid church goers, including the parson, sexton, organist and choir.

Probably will appeal to the court, but meantime must continue his Sunday church excursions to Cashton. At least, should the court find against him, he will have complied with the will.

You do Cason an injustice by not returning his wire stretchers.

The Country Boy.

The country boy in Texas is not receiving the educational advantages to which he is entitled. His interest demands:

1. That the State tax for schools be placed at twenty cents on the one hundred dollars.

2. That in every county having two thousand scholastic population or over there be a county superintendent, selected in such a way as to secure the best man for the position—and at such a salary as will procure the service of the best schoolmen in the State—with such office help as will enable the county superintendent to give his whole time to improving the schools.

3. That country schools be graded, grouped and consolidated where necessity demands, and that district or county high schools be maintained in convenient places at the county's expense, with courses of study suitable to the needs of the farmers' boys. The schools should be under the direction of a board of trustees created for the purpose of controlling these schools. A step would thus be taken toward the organization of the county as a school district, after the plan of the cities.

4. The facilities of the A. & M. College should be made adequate to meet the demands.

These improvements should be made by the Thirtieth Legislature.

When these things are accomplished, the farmers' children the country boy and girl, will begin to receive tardy justice at the hands of the people of Texas.—Hon. R. B. Cousins, in address made at San Antonio, 1905.

"A Toast to The Bride."

At the luncheon at the home of Mrs. E. C. Branch, in honor of Miss Fay Hayter, the young ladies present proposed several toasts to the bride elect, among the toasts proposed was the following gem, "A Toast to The Bride" written by Miss Karle Wilson, daughter of Mr. and Mrs. W. T. Wilson of this city:

A toast to the Bride!
Now, if you've ever tried
To cordially rehearse,
In an eloquent verse,
All the joy and delight,
All the Maydays bright,
All the nectar and flowers,
All the radiant hours,
All the paths smooth and sunny,
And morns dripping honey,
All the gray journeyings,
And in short, all the things
That any sane person would
Wish for a bride,
Why, you'll never know what it is
Till you've tried!
The list was so long when I sat
Down to write it
That my lead pencil flatly refused
To indite it!
And though I intended at first to
Recite it,
I saw in due season
'Twas quite out of reason
To suppose that I could
Try as hard as I would,
Keep, with my limited power of
rhyme,
So many good things in my head
At a time!
So I picked out a few,
Which I've just read to you,
And I know as you listen
From the way your eyes glisten
That each one is thinking of myriads
more
Of things, which she hopes that the
bride has in store,
And when the great night
Comes propitious and bright,
Just think what a fortunate group it
will be
For launching a bride on the marital
sea!
There's one to Decker pathway
with flowers bright and gay
One to watch them and see they
don't Wilton the way:
One to see that no troubles shall
Harris her heart,
One to wish her the Gladys of
lives for her part
(Though we humbly request she'll
forgive what we've done
In adding the t for the sake of the pun)
And a brother to wish that her
whole life long
The Halls of her life may re-echo
with song,
And we hope (though not for the
world would we Guy her)
That when her ambitions mount
higher and higher,
She will not allow her new pleasures
in truth
To Blount her regard for the
friends of her youth,
As for him, what more can he
wish for pray,
Who is helped by the fairies
to marry a Fay?

Melrose Locals.

Melrose, April 23.—Born to Mr. and Mrs. Oscar Barret a sweet little brown haired girl. May she be as sunshine in every home she enters through life.

The Methodist Sabbath school is progressing nicely. The teachers are Mr. Alvin Harris, Mr. Johnie Mathews, Mrs. Hale and Mrs. Fannie Hardeman.

Bro. Luker is arranging for a children's day service the 3rd Sunday in May.

Deputy Will Alders has had fever some time and is not doing well at the present.

Mrs. Lee is visiting her niece Mrs. Hale at the Parsonage.

Dr. Hardeman's wife and quite a number of friends were to go to Alder's mill pond Saturday with two boats to spend the day fishing and boat riding, but were sadly disappointed on account of the big rain Friday night.

Rev. Luker from Garrison paid a visit to his son and daughter at this place last week.

The way of the transgressor is hard and some of the men of this county will realize the fact when they get through paying the fines billed by the last grand jury. Oh why can't every one be good and do right and this would be such a grand good world, we would have no earthquake to swallow up 25,000 people at one time, God help us all.

We are especially anxious to have every church in the county represented at the 5th Sunday meeting at Cushing. Be there Friday and stay with us to the finish. We are anxious to make Sunday a great day.

Improved Diverse Cultivator.

The only practical timberland cultivator. For rough or smooth land. Cultivates the entire middle between rows, or straddle the row and cultivate both sides at one passage. Remove a thumbscrew and instantly change to right or left side harrow, A or V shape cultivator, or rake, or spread to width desired. No wrench needed. When a thumbscrew is tightened, it's as firm as a solid piece of steel. Used and recommended for cotton, corn, orchard and truck farming by government experts, agricultural colleges in 12 states, and twenty thousand best farmers in the south.

"We consider the Diverse Cultivator one of the best tools in our collection. Have used it in the cultivation of all crops grown here, and in every instance it has given complete satisfaction. It is, indeed, a valuable Cultivator for general farm crops or trucking. Yours very truly, W. B. HORTON, Troupe, Texas, Supt. Demonstration Farm of Texas Agricultural and Mechanical College."

Something Doing.

Capt. Steve King of the Stone Fort Rifles said this morning that he had received a letter from the chief of the commissary department at San Antonio, asking for information as to whether Nacogdoches could provide for the mobilization of troops here for thirty days, and also as to what hotel facilities this city had.

Mr. King would not give out what the object of the gathering of troops in this section of the state or the date of the meeting. He intimated however, that there would be something doing soon.

A dose of Pineules at bed time will usually relieve backache, before morning. These beautiful little globules are soft gelatine coated and when moistened and placed in the mouth you can't keep from swallowing them. Pineules contain neither sugar nor alcohol—just gums and resins obtained from our own native pine forests, combined with other well known bladder, kidney, blood and backache remedies. A Large Crowd Present at The Execution This Afternoon.

From Friday's Daily:

Shortly after the arrival of the Texas and New Orleans south bound passenger train this afternoon, Simon Spencer was legally executed for the murder of Isaiah Mayfield.

A large crowd from all parts of the county.

The crime for which Simon Spencer paid the death penalty was committed in the fall of 1903. He and Isaiah Mayfield were gambling in the woods and Mayfield had won all Spencer's money. This angered Spencer and he seized a large club and beat his victim's brains out. After making sure that Mayfield was dead he took the body and buried it in one of the deep ravines.

Spencer then left the county and was gone for several months. During this time a search was made for the whereabouts of Isaiah Mayfield. He had mysteriously disappeared from his home and the officers were searching for him, but could find no clew as to what had become of the missing negro.

Upon Simon Spencer's return to the county he went back to the neighborhood where the crime was committed and his frequent inquiry concerning the whereabouts of the missing Isaiah Mayfield aroused the suspicion of the officers and they began watching Spencer, but the secret was guarded so well that he would not let the officers lead him into a trap. One day one of the officers had another negro to meet Spencer and talk over certain things. In this conversation Spencer told the negro all about the crime and why he had killed Mayfield. The officers having overheard the conversation placed Spencer under arrest and brought him to Nacogdoches and placed him behind the bars.

The grand jury returned a bill of indictment charging Spencer with the murder of Isaiah Mayfield. The case went to trial on March 29, 1905, and after the charge of the court had been read to the jury, that body of twelve good citizens repaired to the jury room to carefully weigh the evidence and return a verdict in accordance with the evidence and the law. Following is the verdict of the jury:

Nacogdoches, March 31, 1905.
"We, the jury, find the defendant, Simon Spencer, guilty of murder in the first degree and assess his punishment at death."
"A. Y. Donegan, Foreman."

As Simon Spencer had no funds with which to employ counsel the court appointed Judge V. E. Middlebrook and Moss Adams, Esq., to represent the defendant. Never did two able lawyers of the Nacogdoches bar appear before the district court of this county and fight harder for their client than did Judge Middlebrook and Mr. Adams. When the verdict was rendered they promptly made a motion for a new trial but the motion was overruled; they

then took the case on appeal to the Criminal Court of Appeals at Tyler, Texas, and on the 25th day of October, last, the verdict was affirmed. On the 14th day of March, 1906, Simon Spencer was brought into open court and the death sentence was read to him by Judge Jas. I. Perkins.

As a last effort to save the neck of Simon Spencer, Mr. Adams went to Austin Monday of this week and presented to the governor of Texas, the case of Simon Spencer and asked that the sentence be commuted to life imprisonment. The governor refused to intercede and directed the officer of the county to let the law take its course, and to proceed with the execution as the law directs in such cases.

"Makes It Go Away."

We simply can't do without it. We are not going to try. When Boby stubs his toe, it's "Ma, where's the Lightning Oil?" When Lizzie burns her hand or arm, it's "Where's the Lightning Oil?" When little Dick's been playing with a bumble bee, it's "Where's the Lightning Oil?" The echo of all our afflictions is "Where's the Lightning Oil?" It's the balm that makes the pain go away. HAS MADE PEACE WITH GOD.

Simon Spencer Says That He Has Made Ample Preparation.

From Friday's Daily:

As the time for the execution of Simon Spencer drew near, he began to realize that he had been a very bad negro and when the ministers of the churches called on him yesterday he was ready to hear their words of comfort.

This morning he stated that the Lord had forgiven him of his sins and that he was fully prepared to die, and the sooner the execution took place just that soon would he be ready.

I. A. Moore, the colored barber, this morning was sent for and cut Spencer's hair and shaved him. He stated to Moore that if the officers had only let him have the shaving outfit that he could have saved all that trouble, but the officers feared that he would commit suicide. He further stated that he had no intention of committing suicide, because the Bible stated that there was no hope for the future of the person who would take his own life, and that as he had now made peace with his God that he would not do a thing that would in anywise compromise his feelings along religious lines.

Simon appeared to be happy and really glad that the time for the execution was so near.

FIGHT FOR INSURANCE.

Agents at San Antonio Up in Arms Against County Officials.
 San Antonio, Tex., April 20.—The insurance men of the city are making a strenuous fight against the county commissioners awarding the contract for insurance on the county buildings to R. W. Lay & Co., a local firm. The commissioners entered into a contract with Mr. Lay after two other local firms rejected the contract. The cause for refusing these contracts was that the county insisted on giving the insurance to one firm instead of dividing it among the various firms of the city. To prevent the county commissioners from paying the warrant for the insurance contract Julius M. Oppenheimer, a local insurance agent, has filed suit for injunction, which will be heard in the district court next Saturday.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.
 All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.
 They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.
 How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.
 Miss F. Orser, of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:
 Dear Mrs. Pinkham—
 "I suffered misery for several years with female irregularities. My back ached, I had bearing-down pains, and frequent headaches."

I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health, and I no longer fear my monthly periods."
 Miss Pearl Ackers, of 327 North Sumner Street, Nashville, Tenn., writes:
 Dear Mrs. Pinkham—
 "I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."
 Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.
 Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

RHEUMATISM

ALMOST AS COMMON IN SUMMER AS IN WINTER.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a winter disease exclusively. Through the long months of Summer its wandering pains and twitching nerves are felt by those in whose blood the uric acid, which produces the disease, has accumulated.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system the urea, or natural refuse matter. This coming in contact with the different acids of the body forms uric acid which is taken up and absorbed by the blood. This acid causes fermentation of the blood, making it sour and unfit for properly nourishing the body, and as this vital stream goes to every nook and corner of the body, the poison is distributed to all parts. The nervous system weakens from lack of rich, pure blood, the skin becomes feverish and swollen, the stomach and digestion are affected, the appetite fails and a general diseased condition of the entire system is the result.

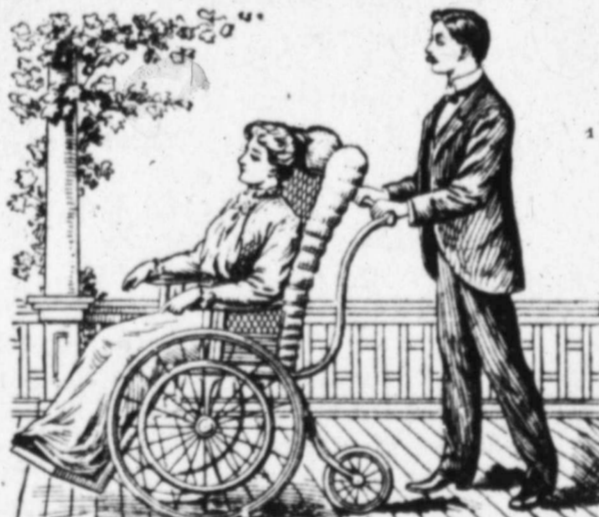

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable and dangerous trouble. If the uric acid is allowed to remain in the blood, and the disease becomes chronic, chalky deposits form at the joints, and they are rendered immovable and stiff, and the patient left a helpless cripple for life. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. With the proper remedy to force the acid out of the blood, and at the same time build up and strengthen the Liver, Kidneys, Bowels and other organs of the body, Rheumatism can be permanently cured. External applications relieve the pain and temporarily reduce the inflammation, and for this reason are desirable, but they cannot have any effect on the disease. The blood is poisoned and the blood must be treated before a cure can be effected.

S. S. S., a remedy made from roots, herbs and barks, is the best treatment for Rheumatism. It goes into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the sour blood so it can supply nourishment and strength to every part of the body, it cures Rheumatism permanently. S. S. S. is the only safe cure for the disease; being purely vegetable, it will not injure the system in the least, as do those medicines which contain Potash or some other mineral ingredient. S. S. S. tones up every part of the body by its fine tonic properties.

While cleansing the blood of all poisons it builds up the appetite and digestion, soothes the excited nerves, reduces all inflammation, relieves pain and completely cures Rheumatism in every form—Muscular, Inflammatory, Articular or Sciatic. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. and purge the blood of every particle of the poison. Write for our book on Rheumatism, and ask our physicians for any advice you wish. We make no charge for either.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Last Summer I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I continued to take it regularly until I was entirely cured. I now feel better than I have for years. CHAS. E. by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Nacogdoches Honored.

At the last meeting of the Daughters of 1812, Nacogdoches was highly honored in the selection of officers. Mrs. R. C. Shindler of this city was unanimously chosen as the first-vice president of the organization. The following is the letter of notification, which the Sentinel was granted permission to use:

Austin, Texas, April 19, 06.
My Dear Mrs. Shindler:

It is my official duty to announce to you that you were duly elected first-vice president of the Daughters of 1812 of the state at the last convention.

Perhaps I ought to congratulate you; but really I think the society should be congratulated.

Sincerely yours,
Mary Lee Horton

White Cap Notice.

Whether it was the prank of some mischievous boys or whether it was the act of some man, some one will get into trouble right away soon, if they continue posting white-cap notices around the county. The authorities have the matter in hand and it will be the United States marshal this time and not a local officer.

Several nights ago some one posted a white cap notice on the gate of John Wheeler a negro living on the place of Josh Henson two miles south of the city. This was the second notice and the matter has now become one wherein the United States authorities will be probably asked to bring the guilty ones before the bar of justice.

In conversation with The Sentinel reporter this morning Mr. Henson said that the matter was now a personal one with him and that he was the injured party instead of the negro. And he further stated that he had \$50 for the officer that would arrest the party or parties who had posted the notices.

Wheeler is said to be one of the really good negroes of the county and that he attends strictly to his own business and further that he pays for what he gets and does not have to beg the people in his neighborhood for stuff. He has been provided with all kinds of shooting irons and if the white cap people make their appearance again there may be something doing the undertaker.

Tobacco Packing House.

Dr. Mayfield informs the reporter that a movement is now well under way for the establishment in this city of an up-to-date tobacco packing house; one that will have a capacity of packing all the first class tobacco grown in Texas at the present time. The parties who are behind the movement do not care to have their names made public at this time, and therefore The Sentinel will refrain from giving publication to their names at this time, but as there will be a meeting of the parties interested in the movement one day this week, it is presumed that the company will make all details known.
