For County Judge.

In the proper column of The Sentinel today appears the name of George F. Fuller as a candidate for the office of county judge of Nacogdoches county subject to the action of the democratic primary elections in July. Mr. Fuller is well qualified in every particular for the office, as he is a successful attorney and a good judge of law. He solicits your support at the ensuing primaries and will appreciate any favor shown his candidacy. If nominated and elected he will make the county a good and faithful official.

Reporter in Jail.

This morning the reporter while in jail interviewing the negro George Hardy, was served with a notice from the officers of The Jail Court that he would have to appear before that tribunal for trial, in-stanter, on charge of being a "Butt in-Sky." G. W. Mitchell was the trial judge and Wash Brewer was the clerk of the court. After hearing all the evidence in the case the reporter was found guilty and the clerk of the court was ordered to make the proper notation on the minutes of the court. The fine was paid and the reporter released from the court.

EARLY PEACH CROP.

It Has Been Curtailed About Ninety Per Cent Around Colmesneil.

Colmesneil, Texas, May 1. —There has been much controversy over the probable outcome of Elberta peach crop, many orchardists claiming that the crop was not injured by the cold snap of March 20 more than 40 or 50 per cent. Now there are several Elberta and Mamie Ross orchards around Colmesneil and vicinity, and it is a well known fact that all early varieties are cut short nearly 90 per cent. Some of the trees that were full of fruit last year have not a peach on them. Even three weeks ago there was a prospect for one-third of a crop, but the fruit is constantly dropping off.

Some varieties of plums are cut short. There will be a fair crop of late varieties of peaches and a good crop of apples.

City Marshal Spradley received a telegram from the officers of Trinity this morning, stating that no such negro as George Hardy was wanted there. Hardy's condition is improving, and he will pull through. When he is released from the Nacogdoches county jail and he leaves this part of the country he will have the satisfaction of knowing that it will not pay to monkey with the officers of Nacogdoches county.

WITH THREE LARGE STORES

Filled with Buggies, Surries, Hacks and Traps, all bought before the advance we are in a better position than ever to serve you. The season for pleasure driving is now here. We will positively save you money on purchases in this line. Have sold more Buggies than any man living in East Texas am doing it yet and giving better values than ever.

D. K. CASON,

THE BUGGY MAN

"HE HAS DONE GOT THERE"

Mr. Spradley Thinks Strong Has a Cinch on the Place

Tyler, April 30. —After days rursling in the sticks, I return to Tyler, seek The Sentinel to hear the news from home. There is no place like home.

I think The Sentinel is wasting time and space with Beeman Strong, as from expression from the people over the district "he has done got there," but Strong is not wasting time in mixing and mingling with people, as he makes friends where ever he goes, which will be beneficial to him when he assumes the duties of district attorney.

The Sentinel misrepresents Tom Campbell to some extent in his opposition to free passes. I have talked to him on the subject and he favors the railroads giving sherrits over the state passes. On the grounds that it would greatly aid the sherrits in capturing criminals. The sherrits would often be on the trains and would be a protection to women and children, as well as the traveling public from rowdyism and prevent the commission of crime. A few passes to the sherrits would be but a drop in the bucket compared to four thousand annual passes, and the trip passes issued by the railroads.

The Staff Correspondent at Austin to the Houston Chronicle under date of April 28, in referring to Campbell's speech, says: "The colonel says mean things about the railroads." Campbell did say that the railroad track, rolling stock and all was rendered to the tax assessors of the various counties in the state at \$7500 per mile, but the same property was rendered to the railroad commission of Texas for more than four times that amount and on that valuation they ask to be allowed to declare a dividend. If that was saying mean things about the railroads they are responsible for it and not Tom Campbell. If it was mean for Campbell to tell the people that the

freight rates from the Arkansas line was more than the freight rates to Texas from St. Louis to common points. If this is saying mean things about the railroads they are responsible for it and they ought to show where Tom Campbell is wrong and they right.

I don't believe that Tom Campbell would do a railroad corporation an injustice, but wants them to deal fair with the people of Texas. The Chronicle article intimates that Campbell is elected governor that the shops would be moved from Palestine and that the weeds would grow up in the streets. That is the same old story that they used against Hogg, and I was one who believed the story for awhile. Hogg was elected and the railroads built on, just as they will when Campbell is elected governor.

Respectfully,

A. J. Spradley

H. W. HALTOM, Editor.

NACOGDOCHES will have a canning factory.

SATURDAY, May 5, is the date for the school trustee election.

THE chattering of the parrot is about as effective as the street loafers advice.

THE horny handed son of toil is now one of the most popular acquaintances of the candidates.

Too many people live for self alone, is one of the reasons that there is so much cussedness in this world.

THE wisdom ground out by the street loafers as regards the affairs of government would make volumes.

WITH the location of a good canning factory here Nacogdoches county will soon become famous as a fruit and trucking center.

WITH a modern tobacco packing house in Nacogdoches there will then be a market for the Nacogdoches tobacco. The packing and warehouse is a certainty.

IF THERE was a law in Texas permitting creditors to take the clothing off of a man's back for debt, there would be a powerful scramble for the fig tree if the law was enforced in this city.

THE man who would not contribute to such a calamity as befell the city of San Francisco, surely has a heart made of marble, and, who knows but what such a bad calamity may befall him some day.

THAT opening speech of Tom Campbell's at Athens meets with the approval of the boys in the "forks." His position on the trust problem and railroad matters is very plain. In fact Tom Campbell is a very plain man and is the candidate of the common people.

THE SENTINEL is informed that the department of agriculture is receiving many inquiries concerning the Nacogdoches tobacco. Leaf dealers have been supplied with samples of the leaf and they are the opinion that it is the finest domestic filler grown outside of Cuba. Many saying that it is equal to the imported article. That's going some for the Nacogdoches tobacco.

THE business men of Nacogdoches are very anxious for the Nacogdoches and Southeastern to extend its line into the oil fields. Many are under the impression that the road is under contract to build to a point beyond the oil fields, if this be true the Business League should take the matter up with the officials of the road and see that the line is extended from the present terminus to the point called for in the articles of agreement between the citizens of Nacogdoches and the Nacogdoches and Southeastern.

AVOID the candidate for office who cannot give you an honest answer upon the question of greatest interest to the common people of Texas. The reader will please observe that Tom Campbell, democratic candidate for governor, is opposed to the railroads regulating the laws of the state, and to this end he has to pay his way while touring the state. He is bitterly opposed to the nuisance of free passes to state and county officials and points out the possible evil this habit may lead to.

THE friends of Capt. A. B. Martindale of Cushing are using their every effort to induce him to become a candidate for representative. Capt. Martindale is a most excellent gentleman and should he be elected would make the county a good and efficient representative. But is hardly probable that Mr. Martindale will become a candidate at this time, at least that was the way he expressed himself several months ago. There are two good men in the race at this time and one of these will of course be defeated. Should Mr. Martindale enter the race two men will be defeated—so there you are in a nut shell. Of course if the gentleman from Cushing enters the race it will be a lively one.

AT the last meeting of the Nacogdoches Business League a proposition was made to the business men of the city to put in an up-to-date canning plant here. The matter was favorably received by the League and a committee was appointed to investigate the proposition. There is no doubt but what the factory will be located here, and now it is up to the farmers and truck growers in this section to begin talking the matter of planting in the future such vegetables and truck as will be used by the factory. There can be no mistake but what it will be a great thing for the fruit and truck man to have a factory here that will use the surplus fruit and vegetables. When the proposition is placed before the farmers to hand out the amount of fruit and vegetables they can furnish the factory they should enter enthusiastically into the scheme to make the enterprise a success from the start.

THE Boston Journal of April 24, contains a nice write up of the appointment of the new sinking fund commissioner of that city. Mr. Jas. T. Wetherald the well known advertising agent of that city being the gentleman of all Boston to be appointed to this position. The sinking fund commissioners have control of, and the distribution of the city's permanent funds, amounting in Boston to over thirty millions of dollars. There are five business men of the city selected to serve on this commission for a term of three years each. It is considered one of the most honorary unsalaried positions within the gift of the city. Mr. Wetherald has had quite a vast business with The Sentinel during the past few years, and every transaction has been very pleasant from

the beginning to the close of the contract. The Sentinel is pleased to note the appointment of Mr. Wetherald to a position on the commission, and believes that in the selection the city of Boston has made a wise selection.

Home Canner.

The farmers of Nacogdoches county are getting in shape to live at home this year. A number of the enterprising farmers have purchased small canning plants and they say that they will can all the vegetables grown on the farm this year for their own needs and will have a few cases left to be sold. The idea of the home canning plant is good and The Sentinel would like to see every community in the county that has plenty of fruit have a small canning plant. When the market is glutted with fruit and vegetables the canning of the surplus fruit and vegetables in every community will be a great help in the way of getting good prices for the fruit later.—Nacogdoches Sentinel.

The above is exactly true of the communities in this section. Quite a number of our farmers have already realized that to make a success of the fruit and truck business they must be prepared to do their own canning, consequently the home canner has found a warm welcome in the fruit belt of East Texas.

Only last week Mr. N. W. Brown of Henderson was in our community representing the "Simplex Canner," a machine designed and put up by Mr. Brown and his sons. And by the way, according to our conception this is by far the most complete, the most serviceable family canner we've ever examined. Too it's cheap, within the reach of almost every family. By reference to his order book we noticed that quite a number of our growers are making themselves a present of this family canner.

The move to can at home

our surplus is the salvation of the fruit business in this belt, there is no doubt of that. Banner hopes to have more to say along this line from time to time.—Troupe Banner.

At North Church.

One of the most successful educational rallies held at North church school, was held last night. The attendance was exceptionally large, and the behaviour of those present was most excellent. Usually at a large gathering of this character can always be found some young man who takes a special delight in raising some kind of disturbance to mar the pleasure of the occasion, but this time the troublesome character was very conspicuous by his absence.

Mr. J. W. Petty was master of ceremonies, and conducted the entertainment in a most charming manner.

The closing exercises of the school consisted of some splendid music and recitations by the pupils.

Prof. J. A. Spears, Prof. R. W. Tillery, Prof. W. B. Hargis, and Mr. A. T. Russell, Esq., each delivered an address on the subject of education; no reference being made to political matters.

At the close of the entertainment, Capt. J. S. Dougherty was called upon to auction off several cakes. One of which was to be given the most popular lady present, and the other to the "ugliest" man. Miss Mattie Humphries was the successful candidate for the first prize, and \$17.60 was the price paid for her cake.

For the "ugliest" man Chas. D. Powers, the popular mail carrier on route No. 2, won the prize like a deer in a walk, his cake bringing the handsome sum of \$2.50.

Several other cakes were then sold at auction and from the sale of votes in the contest, and the auction, the ladies received \$25, this amount added to the sale of refreshments places a neat

sum in the hands of the trustees of the school to be added to the building fund.

Mr. H. Perkins Dead.

From Friday's Daily: Last night Mr. H. Perkins died at his home on North street after an illness of a few weeks. He was 83 years two months and sixteen days of age at the time of his death.

In the death of Mr. Perkins, Nacogdoches has lost one of her best and honored citizens, and the book of life has been closed on a long and useful career. Ever since Mr. Perkins has been a resident of this city he has been identified with every movement that was calculated to be of interest to the town and surrounding country.

It has been said that when a man has passed the three score and ten years, each day that he lives beyond that time is time taken from the life of another. If the lives of all men after they have passed the allotted time of man is as useful to the town and country as has been the life of Mr. Perkins, it would be a blessing for the world at large for the fact that they had passed that period.

To the bereaved family and relatives The Sentinel joins with the many friends in extending condolence.

New Management.

Mr. C. E. Wyman of Crossette, Ark., arrived in the city yesterday and has been checked in as manager of the Hayward mill to succeed Mr. W. W. Smith.

Several months ago Mr. Smith tendered his resignation to the board of directors to take effect the first of March, but the successor to Mr. Smith was not secured until this month. Mr. Smith stated to The Sentinel reporter that he had several propositions in view and was undecided just what he would do in the future. He will remain here several weeks in order to look after some matters for the Hayward company, and assist the new manager to get "the run of affairs" at the mill.

Blount-Hayter.

From Thursday's Daily:

One of the most beautiful weddings ever solemnized in Nacogdoches occurred last night at the residence of the bride's parents when Mr. Guy A. Blount and Miss Fay Hayter were united in matrimony. The wedding was one of unusual importance on account of the social influence and wealth of the families to which the young couple belong.

Miss Hayter is the only daughter of Mr. and Mrs. J. J. Hayter of this city, and while she is one of the petted darlings of fortune she possesses a most lovely disposition that has won for her hosts of friends, and she has held undisputed sway in the social realm for the few short years since her graduation.

Mr. Blount is the youngest son of Mr. and Mrs. E. A. Blount of Nacogdoches, his father is one of the leading capitalists of East Texas but he is a promising young business man on his own account and bids fair to be one of the foremost young men in the business world as well as a leader in society circles; always a favorite he has a legion of friends to wish him joy.

Mr. and Mrs. Guy Blount left on the midnight train in a drawing car for Los Angeles, from there they will make an extended trip through the west, including Salt Lake City and Yellow Stone Park, and will return in about a month when they will be at home to their friends at the residence of the bride's parents, Mr and Mrs. J. J. Hayter.

Smoking Tobacco.

The Nacogdoches Cigar Company is now turning out a brand of smoking tobacco that every lover of the pipe will appreciate. The tobacco is the clipping from the famous "More All Texas," "Sentinel," "Challenge," "Little Jap," "Red Feld," and other brands of cigars manufactured from the Nacogdoches tobacco.

This smoking tobacco will be placed on the market within a few weeks, and will be sold in pound packages.

Prepared by National Toilet Co., Paris, Tenn. Sold by Perkins, Kleas & Mast

A STEADY DRAIN.

Sick Kidneys Weakens the Whole Body—Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment, and the best remedy is Doan's Kidney Pills.

J. A. Haywood, trimmer, employed by the Lufkin Land and Lumber Co., and living one mile east of Lufkin, Texas, says: "It is over two years since I was cured of a bad case of gravel and kidney trouble by the use of Doan's Kidney Pills. I first felt the trouble about six years ago. I have worked in saw mills all my life, and before we got the the new maceinery we had to turn all our logs by physical strength. It was while at this work one day that I wrenched my back, I was laid up for six weeks, and ever since then whenever I have tried to lift or stoop I would suffer from pains in my back. Gradually the kidney secretions became scanty and accompanied by burning pain in the bladder which was very severe. Two years ago a heavy log fell on me and broke my leg in three different places laying me up. While getting well, want of exercise caused the kidneys to become inactive and I suffered the tortures of the damned. A doctor who was called in said it was gravel and treated me but without bringing about a cure. One day I read of a similar case to mine being cured by Doan's Kidney Pills and I sent for a box. After the first two doses I passed a stone like a pea, finding great relief immediately. Before I had finished the box these stones or hard substances passed from me. My back got well right away and from that time until the present I have never had the slightest trouble from either backache or bladder ailments, and it gives me great pleasure to endorse Doan's Kidney Pills as an invaluable remedy for kidney and bladder troubles."

Plenty more proof like this from Nacogdoches people. Call at Perkin, Kleas & Mast's drug store and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo. Remember the name—Doan's—and take no other.

Making Improvements

Robert Jordan is having his home place on North street remodeled. When completed it will be one of the prettiest homes on North street.

Dan.

I will stand my jack, Dan, at the W. T. Wilson place two miles north of town on the Henderson road. Service \$8. Will not be responsible for accidents. dw

O. C. Hughes.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun- nelson, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

EAST TEXAS is solid for Tom Campbell.

A FOOD shortage now confronts the unfortunate people at San Francisco.

THE Houston Post's relief fund for the Frisco sufferers has reached the \$10,000 mark.

THE Mystic Shriners will hold their annual meeting in Chicago instead of Los Angeles.

THE political sauce pan is beginning to simmer, and mighty things will come about if the old pan boils over.

WHERE is the man that first suggested that a cotton mill should be built in Nacogdoches? He had better get busy and get the movement on foot.

THE Supreme Court of the United States has ruled that the government is responsible for the expense of moving the Cherokee Indians a half century ago.

TALK up the matter of a canning factory and by the next meeting of the Business League be prepared to give the enterprise your support and influence.

FARMERS should begin now to study the best crops to raise for the cannery. Nacogdoches will have one that will take all the fruit and truck grown next year.

THE strike of the coal miners at Mount Carmel, Pennsylvania, is assuming warlike proportions. The striking miners and the brass buttoned constabulary of that place came to a clash Monday afternoon and twenty men were seriously hurt.

NACOGDOCHES has one of the best crate and basket factories in the south and now the prospects are very bright indeed for a first-class canning factory to be put up. The canning factory should meet with equally as good success as the crate and box factory. Here's hoping.

ALL Texas, except the citizens of Nacogdoches, responded quite liberally to the distress cry from Frisco. It can be said of the fraternities of Nacogdoches that each organization responded very liberally from their funds to relieve their brethren in distress.

THERE was only one James Stephen Hogg, and there is but one Tom Campbell. He is the candidate for the common people and for this reason every corporate power is doing everything within their power to turn the tide of public opinion to some other candidate. This is when the country people will turn out to the polls and stack up a vote for Tom Campbell just the same as they did when Governor Hogg was placed in nomination.

COOPER'S BOOKLET.

We have before us a copy of Col. Cooper's twenty page booklet; and have read and compared the same with the modest, short and clean circular letter recently sent out by Mr. John H. Brooks in the interest of his brother's candidacy for re election, and now we simply blush and reflect.

There are three statements in said little booklet which at least every citizen of Nacogdoches county who attended the convention at Lufkin when Mr. Brooks was nominated knows to be absolutely false.

1st The statement on page five of said little booklet, in which Mr. Cooper states that there was no contest in said convention.

2nd On page six, where he denies that there was an agreement entered into between himself and Mr. Brooks by which Mr. Swearingen, Chairman of the Executive Committee, should call a convention to nominate a candidate for Congress.

3rd. On page five, when he states that Mr. Brooks accepted the nomination, knowing that he was not the choice of the people, and was not entitled to the nomination under the law.

And no doubt when the delegates from Nacogdoches county read from said little booklet the letter on page four, they will smile when they remember that said letter was only read to the convention by Mr. Aldridge, after the contest was over and Dr. Swearingen had fled and about all the work of the convention had been finished and the body about ready to adjourn.

A great deal has been said about Mr. Cooper receiving a majority of the popular vote of the district. How on earth could that have been, when neither Jasper, Newton nor Tyler counties held a primary election.

It is thought that Mr. Cooper's fear that he might not get a majority of the popular vote in Tyler county was the moving cause for his proposing to Mr. Brooks to agree to the convention instead of a blanket primary.

It will be remembered that Mr. Cooper's majority over Mr. Brooks in Jefferson county was only 168 votes.

STRONG'S PROSPECTS.

Elsewhere in The Sentinel is a letter from Mr. Spradley, dated at Tyler, in which he states that Beeman Strong is as good as elected. Mr. Spradley is a deputy United States marshal and in the discharge of his duties as such has to travel all over the eastern district of Texas. He has just returned from a trip through the counties composing the second judicial district and has heard the boys in the sticks expressing themselves on the district attorney's race. To quote the language of Mr. Spradley in reference to the race of Beeman Strong "he has done got there" and that he "makes friends where ever he goes which will be beneficial to him when he assumes the office of district attorney." This information is pleasing to the friends of Mr. Strong in Nacogdoches county, and they are as numerous as there are democratic voters in the county. The Sentinel in speaking for the democracy of this county believes that he is

the most popular prosecuting attorney in the district, and also that the law abiding citizens of the district will at the primary election in July exercise their right of suffrage and place the candidate from Nacogdoches county in nomination for the office of district attorney.

THE following is taken from an Associated Press report from Kansas city: "The Brahmin missionary to America, Maryan Krisma, filling the pulpit of All Soul's church (Episcopal), in this city, by invitation last evening, said in the course of his talk: "We are overstocked with Christian missionaries. Ninety per cent of those we have are senseless. Furthermore, we don't want your religion and your holy books. We have more religion of our own than we know what to do with—a surplus we'd like to export. So I pray you Americans keep your so called missionaries at home. If you want to Christianize us, send us some men qualified to teach the philosophies that know their own Scriptures; until then the Vedas, our four books of philosophy, are good enough for us. Show me the country where missionaries have been that is prosperous? It does not exist. There were no famines, no plague in India before the English invasion."

Negro Shot.

Saturday night as the officers were at the train taking a prisoner to Houston for safe keeping a negro, George Hardy, who was wanted in Polk county, was discovered and Constable McMillan went to arrest the negro.

As the officer approached, the negro made preparations to leave and he left. The constable started in the same direction, and they both were in a hurry. The officer commanded the negro to halt but this the negro failed to do, and the officer shot at the fleeing darkey to get him to stop, this caused the negro to take a new start and down the Houston, East and West Texas track they went.

After chasing the man about a mile and a half the officer saw it was necessary to shoot to hit and he fired at the negro, striking him in the back. The negro realizing that he was shot badly stopped. The officer then brought him to town and placed him in jail. The reporter called at the jail this morning to see the negro and found him to be quite badly wounded and was suffering considerable pain. The ball from the pistol entering the lower part of the back.

The negro gave the reporter his name as George Hardy, and stated that he was wanted in Polk county on a charge of having made an attempt to kill his wife; in fact he had cut his wife's throat one night several months ago when they were having a little family row, and he did not know how badly he had wounded her. He said he was on his way to Groveton to give himself up to the authorities when the officers discovered him.

He has been working in Shreveport for several months and said to the reporter that he wanted to get back to Polk county and be tried and get rid of the charge pending there against him.

Own a Piano

The way we sell Pianos it is an easy proposition to own an instrument. We sell only high grade goods, and if you are not acquainted with

Our Easy Terms

call and let us explain our method to you. We take old instruments as part payment and allow a most liberal exchange price.

We keep in stock Phonographs and Records.

We also handle Shulz and Chicago Cottage Organs. If you are interested in a high grade instrument, call and examine them. We can save you money

Brook Mays & Co.

West Side Square

W. W. TROUTMAN, Mgr.

Nacogdoches, Texas

A Complete Backdown.

Seeing the overwhelming popularity of the Byrne Simplified Shorthand, a few of our would be competitors using some of the old moss back systems have yelled themselves hoarse about what can't be done with the Byrne; but as silent as the tomb about what can't be done with the old systems they teach. To all of these we have made and still make the following standing offer, which they have absolutely declined to accept. They to select five students from their school who have not studied any system of shorthand more than five months, and we will select an equal number of Byrne writers from our school who have not studied any system more than three months; they to select one judge; we select one; these to select a third; these judges to test the speed and accuracy of their students and ours in new and unfamiliar matter, court reporting, legal briefs, and business letters, five consecutive minutes on each class of matter. If their students make a better record than ours, we pay all the expense of the contest; if our students make a better record than theirs, they pay all expenses of the contest. The fact that their students have two months more preparation than ours is not to be considered in the contest.

Our competitors, one and all, declining to accept the above proposition, clearly admit that we can turn out more proficient stenographers in

three months than they can in five. If this be true, we not only turn out a more proficient stenographer, but we save the student two months time, which would amount to a financial saving of \$25 board and figuring a salary for the two months at the very lowest estimate of \$40. \$80 salary, making a total saving of \$105. This is not all. Our students has had two months actual experience together with his \$105 saved and earned, and is ready for a promotion, while the student in the other school is barely passing from the school room. We also make the above proposition to any competitor on our course of bookkeeping, and business training or telegraphy.

Why attend another school, when the Tyler Commercial College, Tyler, Texas, will absolutely guarantee you a course more thorough than can be given by any other institution and save you at least \$105, and why hesitate to take a course of bookkeeping, shorthand or telegraphy, when we are receiving more calls for our graduates than we can supply? Write at once for catalogue, enroll with us, and prepare for an excellent position during the busy fall season.

Snyder 4 wheel or 8 wheel Log wagons steel or wood axle, and Lindsey 8 wheel wagons—in stock. Car of Ovensborro and car of Studenbaker Log wagons in few days. D. K. Cason's

Sign The Petition.

At the drug store of Strippling, Haselwood & Co., there is a petition that should receive the signature of every citizen of Nacogdoches. "If you favor game protection sign this petition. If you don't favor it, sign it anyhow" is the way the petition is styled on the cover.

It is a petition to the next legislature asking the lawmakers of the state to pass a law creating the office of game warden in the various counties and the compensation to be paid from certain taxes to be collected from hunters. The petition asks that \$1 shall be paid by residents of this state for an annual permit to hunt, and from non-resident hunters a tax of \$15.

The petition has received the signatures of a goodly number and it is thought that it will receive many more before it is closed. A similar petition has been sent to every city in the state and a vigorous campaign will be waged to protect the game of Texas

"DAY" MALARIA CURE

(California Remedy)
Stops Chills At Once

When tired out, with no desire to work or move about, restless in sleep and worn out on awakening, no appetite, aching bones and hot and chilly sensations, take "3 Day" Malaria Cure—it prevents chills; cures worst cases in three days. 75c. Made by Francis S. Ott, Sacramento, Cal.
Perkins, Kleas & Mast

HAD SOME EXPERIENCE.

A Nacogdoches County Boy Writes His Views on Earthquakes.

The following letter was received by Miss Lelah Jackson of this city, and The Sentinel has been granted permission to use it:

1525 Broadway.

"Alameda, Cal., April 22.—It is Sunday morning, and as no one else will probably be up for an hour, I will improve the time this way.

"We (some friends I stuck to myself) finally got out of the stricken city and are across the bay at above address. May not be here long, but a letter directed to me here will reach me O. K. We are stopping temporarily with a friend of one of the friends I stayed by during our awful experience from Wednesday 5:13 a. m. to Friday 2:00 a. m.—the time we boarded a ferry boat. I believe we managed to leave just in time as reports from that side say the remaining population is threatened with small pox. The conditions that would naturally prevail when half a million people were thrown onto a canned meat diet almost exclusively cannot be easily imagined. If a scourge of some kind does not result I shall wonder at it for under the prevailing excitement few people will use what judgment they have in ordinary times. The fortitude generally shown by all under the most trying circumstances possible has been marvelous. The hardest stroke, of course, to bear up under is the loss of some or all of ones' relatives, and one almost as great is the uncertainty where friends and relatives are parted. Even these with very few exceptions hold themselves under control to a marked degree. It tells in their faces, however. That terrible nervous strain lasting for days cannot but leave its trace on the countenance.

Deeds of bravery and sacrifice to relieve suffering were seen on every side, and numbered among the first of these are the firemen standing between a burning building and one across the street attempting to keep the fire from spreading. Working within 75 feet of a heat which we found to blister our faces while standing within 700 feet of the same. I saw some of them Friday morning sitting on the side walk while attendants bathed their feet which were swollen, blistered, and bleeding from being literally cooked by standing on the heated street and fighting the red demon.

The city was declared under martial law at 7 a. m. the morning of the earthquake and soldiers patrolled the streets and maintained order as much as possible. Anyone caught looting ruins or bodies for anything but food was promptly shot and branded "Thief." However, comparatively few met this death, the officers saying they never saw a mob of terrified people so willing to do just what was wanted of them as soon as they learned what that was. Of course, some were contrary. I saw several men do what

was required of them only after the guard had loaded his rifle and prepared to shoot. One place where I came on the scene a moment after was where an Italian refused to allow the guard to use his wagon to carry an injured woman to a hospital. He attempted to drive past or over the guard and was instantly shot to death and his wagon used as he should have used it. I have seen enough death and destruction to last me the rest of my days.

The hospitality of the people here and in all cities along the bay that were more fortunate is touching to behold. It cannot be pictured. No one goes uncared for, and everything is being done to alleviate the suffering. Foodstuff is coming in by the trainload and it is reported that 2 million dollars are on the way to aid us that way. Railroad Companies are giving free transportation to rail within a 100 miles radius and to almost any part of the continent through relief committees. I thought to go home though the aid of the Odd Fellow's relief committee but they offered me my choice of that and going to work here, as they felt sure of placing me in a day or two. I accepted the latter as I have no desire to impose upon good nature.

There will be thousands more needy than I, and I will be O. K. if I can go to work for wages as well as back in mind.

I believe the bay will be built up now and Frisco left flat—it is nearly all burned over at this writing. Still perhaps people will invest money and place themselves in the jaws of death. I will never feel quite safe to go back on the Frisco peninsula again. I rather like to live on ground that stands still. I am glad to have had the experience of such a double calamity but I have no desire for a repetition of it. Am very thankful to have come through it safe and sound. Many lost their lives and many others were crippled for life.

Tobacco Growers.

I want to buy every pound of tobacco grown in this county. I want to pay cash, the very highest market price, according to class. Don't let any one head me off. Bring it to the cigar factory. I will pack and sweat it there. Will have some body there to receive it at any and all times. I have organized a company to carry on the business, and I want the farmers to wake up and get into line.

J. E. Mayfield.

Back in Jail.

A few days ago Munroe Maynard and J. L. Garret were released from the county jail on bond. But it appears that the giving of the bonds were irregular and as soon as discovered Sheriff Buckner re-arrested the men and placed them in jail again. The attorneys will sue out a writ of habeas corpus.

Foreman of The Grand Jury.

Allan Seale is in Tyler this week attending the United States court as a grand juror. At the organization of the jury, Mr. Seale was chosen as the foreman.

HOMESTEAD LAW DECISION.

Money for Homestead Subject to Same Exemptions as Homestead.

San Antonio, Texas, April 26.—A decision that money which can be proved to have been set apart for the purpose of purchasing a homestead is exempt from garnishment just as the homestead itself was given by Judge R. B. Green of the county court Wednesday in the case of L. C. Thompson vs. The International and Great Northern Railway Company, in which G. W. Spangler was the defendant.

The defendant, G. W. Spangler, had obtained a judgment against the International and Great Northern Railway Company for \$455.80, and L. C. Thompson, alleging that the defendant owed him that amount, instituted a suit for garnishment. G. W. Spangler then showed that he had made arrangements with P. H. Swearingen to use the money he would obtain from the judgment against the railroad company for the purchase of a homestead. The question of law was whether the intention to use money in the purchase of a homestead is sufficient for the homestead laws to make it exempt from garnishment.

Judge Green in his decision said it was. The decision was in favor of P. H. Swearingen and against the plaintiff, L. C. Thompson.

Concert at Attoyac.

There will be a concert given at the school house at Attoyac on the night of May 11, for the purpose of raising money to pay off the indebtedness of the church building which has just recently been completed at this place. We have a nicely arranged program for the occasion which will be carried out to the letter and all who enjoy fun and amusement should not miss this as it will be the treat of the season, an admission of 15c for children and 25c for grown people will be charged.

PROGRAM.

- Song—"Welcome"
- Recitation, by Ima Blackshear.
- Recitation, by Mrs. Bertha Johnson.
- Music by String Band.
- Drama—"Too much of a Good Thing." Time 1 hour.
- Music by band.
- Recitation by Walter Perrette.
- Drill by twelve girls.
- Music by band.
- Recitation by Mrs. Lizzie Perrette.
- Drama—"Jumbo Jum." Time, 45 minutes.
- Music.
- Recitation by Faurine Blankinship.
- Drama—"The Mischievous Nigger." Time 30 minutes.

We will have several good tableaux to put in between pieces, but as we have not yet decided on those I left them off the program. But come and we are sure you will never regret it. For "A little fun now and then is relished by the wisest of men."

Respectfully,
J. E. Balch,
Corresponding Secretary.

ANTI-TRUST SUITS FILED

Against Fort Worth Live Stock Exchange and Members.

Austin, Texas, April 25.—The attorney general's department through Assistant Attorney General Lightfoot filed four very sensational anti-trust suits yesterday afternoon in the 26th district court here. They are against the Fort Worth Stock Exchange and all of its members, the Fort Worth Stock Yards Company Armour & Co. and Swift & Co.

The state seeks to forfeit the charters of these four corporations besides praying for penalties to the amount of \$116,000 in each case.

Each is charged with maintaining a monopoly and conspiracy in restraint of trade, which is the cattle industry. Also by alleged unlawful combinations the cattleman is restricted from the free pursuit of his business both as to market and transportation. There are three intervening corporations between the cattleman and the packer, and each hit the producer hard before he realizes a reasonable profit on his business. This is the first step to rid the cattle industry of entangling alliances that have been forced upon it for the past 20 years.

County Attorney Brady of this county and County Attorney Jeff McLean of Tarrant county join with the attorney general in prosecution of suits.

These are the first anti-trust suits to be filed by the attorney general since the legislature provided that department with "trust busting" facilities.

Visit to Decoy.

Last week the reporter and better half accepted an invitation to spend Saturday evening with Mr. and Mrs. T. K. Raynor at Decoy.

We arrived at Decoy about 6:30 and was met there by Mr. Raynor and was taken to the house and introduced to his good wife and family. A most cordial welcome was extended to the weary travelers, and after a little rest were invited into the dining room where supper was waiting. It was a most excellent spread and it is needless to say that full justice was done to everything on the big table. Mrs. Raynor understands every little detail in preparing good things to eat, and for this occasion she was at her best.

After supper the reporter and Mr. Raynor attended a meeting of Fraser Camp W. O. W., and the writer had the pleasure of presiding over the meeting of the camp. Notwithstanding the fact that the night was quite stormy a goodly number of the brethren were present at the meeting.

The Woodmen at Decoy are an enthusiastic bunch of jolly choppers and are interested in the work of Woodcraft. An appeal from the Sovereign Commander for assistance for the San Francisco sufferers was responded to quite liberally.

The return trip to Nacogdoches was made Sunday morning. During the night a very heavy rain had fallen

and the roads in some places were in bad shape. With exception of the bad road the trip was a most pleasant one, and since the reporter has had a taste of good things in the country other trips to that section of the county is contemplated.

Friends Have Arrived.

Several weeks ago Munroe Maynard was arrested and placed in jail on a charge alleging that he had killed Thad Weaver, and the grand jury returned a bill. A few days ago he was released on bond.

Yestereay Mr. and Mrs. Robert J. Nace of Hot Springs, arrived in the city to render the young man such assistance as they could in his hour of trouble.

In conversation with Mr. Nace this morning concerning the past life of the young man, he said:

"Maynard has worked for me for quite a while before he came to Texas, and I have always found him to be a true and trusted employe, and I have sworn affidavits in my possession which will exonerate the young man from any connection with the crime, except that he was in the neighborhood of the killing on a visit to relatives."

Mr. Nace is president of the Mountain Valley Springs Co., of Hot Springs, with a capital stock of \$2000,000, and is a very pleasant gentleman to meet. He will endeavor to arrange to make a bond so that Maynard can accompany him back to Arkansas, as the parents of the young man are greatly distressed over the fact that their son was in trouble in a strange country.

Little Eagle and Baker Perfect Barb Wire and American Hog fence—we've got it D. K. Cason.

BIG VICTORY FOR PATRICK.

Expert Testimony Introduced Established His Contention.

New York, May 1.—The effects of embalming fluid in concealing evidence of death by inhaling chloroform was the subject of expert testimony today at the hearing of Albert T. Partick's motion for a new trial on the charge of murdering William Marsh Rice of Texas.

Dr. Albert T. Weston, the coroner's physician, a witness called in Patrick's behalf, said that he had injected embalming fluid into the bodies of 12 persons before making an incision into their lungs. Although none of these persons had died of inhaling chloroform, he was satisfied, he said that the embalming fluid made an entry into the lungs and would make it difficult to determine whether death had been caused by breathing any irritant vapor, chloroform included.

One of Patrick's contentions has been that embalming fluid may cause the lungs to appear as if the subject had died of chloroform poisoning.

Deering Mowers and Hay Rakes at Cason's.

Colored School Closed.

The Nacogdoches Colored schools held their closing exercises Thursday and Friday night. A large crowd was present on both evenings, and the manner in which the pupils acquitted themselves was an honor to the teachers and faculty of the colored schools.

The Sentinel is pleased to note that the term of school just brought to a successful close has been one of the best terms of the colored schools, and shows that the negro is becoming more interested in the matter of securing an education.

THE COTTON JOURNAL

HARVIE JORDAN, Editor-in-Chief

FIRST ISSUE WILL APPEAR MAY 17th, 1906

VALUE present crop Cotton, raw, \$650,000,000. Value present crop of Cotton manufactured, \$2,000,000,000. Estimated number of actual producers, 1,500,000. Estimated number actual consumers, 500,000,000. Cotton is the greatest vegetable product of the world. All others can be substituted, Cotton cannot. Such a tremendous factor in the world's comfort and our prosperity demands a great

Representative Newspaper

The Cotton Journal will meet that demand

Broad enough in scope to interest every person in the Cotton belt, while it will stand distinctively as a representative of the Cotton growing interest, it will cover the whole field so thoroughly that it will be a necessity to every Cotton merchant and manufacturer the world over. The statistical department will be in charge of eminent statisticians, and no expense will be spared to make this department the most perfect in the world. Harvie Jordan, Editor-in-Chief, and Richard Cheatham, Business Mgr., have in their work as President and Secretary, respectively of the Southern Cotton Association, won victories in the interest of Cotton producers of more value to the country than any great victories ever won by a conquering army on the battlefield, and their work has added untold wealth to the Cotton States. The Cotton Journal will continue the battle for Southern supremacy and fair play. The public has for many years heard practically only one side of the Cotton story. It will be the mission of The Cotton Journal to tell the other side. We desire several correspondents in every best, district or township of the Cotton belt, and in addition to our present list, every subscriber whose subscription reaches us prior to May 17th, will be placed upon our list of regular correspondents for information concerning condition of crops. Issued weekly. Commence your subscription with first issue. SUBSCRIPTION PRICE, \$1.00 PER YEAR.

Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

Will Make Improvements

The Commercial Telephone
Company will make some
improvements in the property
at this place. Mr. F. C.
Smith of San Antonio, general
manager of company, was
in the city yesterday inspect-
ing the plant a view of making
some improvements in the
property here.

Mr. Smith was well pleased
with the manner in which the
local manager has been look-
ing after the company's inter-
ests, and stated that it was the
intention of the company to
rebuild the long distance
lines into Nacogdoches.

LETTER FROM MR. HALTOM.

Received an Invitation to Attend
an Educational Rally.

Del Rio, Texas.—I have
just received the following in-
vitation, forwarded me from
Nacogdoches:

"As a committee, we re-
quest the pleasure of Prof. R.
W. Haltom's company on Fri-
day night, April 27th, Oak
Grove (North church.) Ida
Petty, Sadie Gill, Nora Don-
ald. Tuesday, April 17th"

I think this must be Giles.
He has made the nearest
approach to the goal of "Pro-
fessor" of any Haltom I know
of. I have never even been
a trustee. But, pleasantly
aside, the invitation is appre-
ciated nevertheless, but owing
to the distance interesting be-
tween Del Rio and North
Church my presence will not
be possible on the occasion.
I return the young ladies my
sincere thanks, as well as re-
grets that I cannot be present,
and wish them the greatest
success with their rally.

Notwithstanding nearly three
weeks have lapsed since the
adjournment of the late special
session of the 29th Legislature,
the papers are still discussing
that "Calamity," some of them
being very intemperate in
their abuse. I offer no defence
nor apology for the acts of this
called session. The best was
done under the circumstances.
If there was any mistake make
it was made by the governor.
I am not among those who
impugn Gov. Lanham's mo-
tives I believe he acted in the
spirit of purest honesty and
good intentions in calling that
memorable special session at
the time he did and in the
manner that he did it. But
it was the mistake of his life
and will go down in history
as one of the greatest blunders
ever committed by a
Chief Executive of the great
State of Texas.

The gums and resins ob-
tained from pine trees have
long been recognized as high-
ly beneficial in the treatment
of backache, kidney and blad-
der troubles. Pine-ules is the
name of a new medicine, the
principle ingredients of which
come from the pine forests of
our own native land. Stripling,
Haselwood & Co dw

Laid to rest.

From Saturday's Daily:

Yesterday afternoon at 4:30
the remains of Mr. H. Perkins
were laid to rest in the City
Cemetery and the attendance
was the largest ever recorded
in the history of the city. Rev.
A. J. Miller of the First Baptist
church conducting the exer-
cises at the grave.

During the funeral services
every store and place of busi-
ness in the city was closed.

Does Your Heart Beat

Yes, 100,000 times each day.
Does it send out good blood
or bad blood? You know, for
good blood is good health;
bad blood, bad health. And
you know precisely what to
take for bad blood—Ayer's
Sarsaparilla. Doctors have
endorsed it for 60 years.

One frequent cause of bad blood is a sluggish
liver. This produces constipation. Poisonous
substances are then absorbed into the blood.
Keep the bowels open with Ayer's Pills.

Made by J. C. Ayer Co., Lowell, Mass.

We have no secrets! We publish
the formulas of all our medicines.

Rounding Up The Boys.

Shreveport, La., April 25.
—I was on the passenger train
just behind a freight train be-
tween Tyler and Micoela last
night, that had the worst
wreck I ever saw. Ten cars
were reduced to kindling wood
and steel rails broken like
pipe stems. A wheel on one
of the freight cars broke just
as the train was passing over
a trestle. The cars fell from
the trestle with such a crash
that the noise was heard a
mile away. It is thought sev-
eral boys who were picking
berries at Tyler were in the
wreck, as they were seen at the
depot just before the train left
and they said that they were
going to beat their way back
home.

I am on my way to Shelby
and Nacogdoches counties
summoning witnesses for the
Federal court at Tyler.

While the crops are some-
what late, I never saw the
land in better condition and
I must say that prospects are
very flattering.

A. J. Spradley.

Salve! Salve! Spread the
Salve but let it be pine salve,
nature's remedy for cuts, burns
sores etc. Sold by Stripling,
Haselwood & Co. dw

Extending Lines.

The Texas Central Tele-
phone Co., has a large force
of men on the road extending
the long distance lines of that
company down the Texas and
New Orleans railroad to a
connection with Beaumont.
W. S. Patton of this city has
the supervision of the work.

The tar that is contained in
Bee's Laxative Honey and
Tar is harmless. It is not
coal tar, is obtained from the
pine trees of our own native
forests. Tar is the best reme-
dy for colds because it acts
on the bowels—thus expelling
all colds from the system.
Bee's is the original Laxative
Honey and Tar, is best for
coughs, colds, croup whooping
cough, lung and bronchial af-
fections. Sold by Stripling,
Haselwood & Co. dw

Do You Itch,

If so, you know the sensa-
tion is not an agreeable one,
and hard to cure unless the
proper remedy is used.

Hunt's Cure is the King of
all Skin remedies. It cures
promptly any itching trouble
known. No matter the name
or place. One application re-
lieves—one box is absolutely
guaranteed to cure. dw

Claud Linthicum has sold
his livery business in this city
to Bud Lewis. Lewis will
move the stable to San Augus-
tine.

LYNCHING AT OAKWOOD.

Negro Paid Penalty for Entering a
White Woman's Room.

Oakwood, Texas, April 25.
A negro boy about 17 years
of age, known as George, was
lynched here last night for
having entered the home of a
widow. Mrs. Harding about
10:30 o'clock.

Mrs. Harding and her 17-
year old daughter were
seated in their bed room,
when the door was suddenly
burst open and a negro rushed
upon the mother, choked her
and tried to throw her to the
floor. The daughter went to
the rescue and the negro leaped
through the window.

A young man passing
heard the commotion. He
gave chase to the intruder,
but lost him in the darkness.
After spreading the alarm the
search was renewed and the
negro was found hiding in a
house near the scene.

He was placed under arrest
identified, and arrangements
were being made to take him
to jail, when masked men
took him away from the of-
ficers and disappeared with
him. Later his dead body
was found hanging to a tree.

The Babe on Your Breast.

Depends on you for nour-
ishment. On what do you
depend? If you want your
child to be healthy and strong,
not weak and puny, you
should insure the health of
your system by taking Brown's
Iron Bitters, a scientific com-
bination of Iron, the great
strength giver and pure vege-
table tonics which makes it so
valuable to mothers and every
one requiring a strength-
ning medicine. dw Sold by
Stripling, Haselwood & Co.

Will Hall of Nashville,
Tenn., grandson of ex-governor
William Hall of that state
arrived yesterday on a visit
to relatives here and is the
guest of his cousin, Dick Hall.
This is Mr. Hall's first visit
to this part of the country
and he says he never visited
a prettier place or never met
a pleasanter lot of people.

A liquid cold cure for chil-
dren that is pleasant, harmless,
and effective is Bee's Laxative
Honey and Tar. Superior
to all other cough syrups
or cold remedy for Coughs,
Colds, Croup, Whooping
Cough and all curable lung
and bronchial affections in
child or adult. Pleasant to
take. Sold by Stripling, Has-
elwood & Co. dw

THE test well to be drilled in
the oil field will demonstrate
to the outside world that the
Nacogdoches oil field is one
of the best in the state. That's
talking some but it is a fact.

A dose of Pineules at bed
time will usually relieve back-
ache, before morning. These
beautiful little globules are
soft gelatine coated and when
moistened and placed in the
mouth you can't keep from
swallowing them. Pineules
contain neither sugar nor al-
cohol—just gums and resins
obtained from our own native
pine forest, combined with
other well known bladder,
kidney, blood and backache
remedies. Sold by Stripling,
Haselwood & Co. dw

FRIDAY'S LOCALS

Ben Brown of Melrose was seen on the street today.

J. J. Cariker of Cushing is in the city on a business trip.

Lum Blankenship of Martinsville is here on business.

Charlie Crouch a resident from Chireno was here this morning.

Tom Cariker of Cushing is in the city today on a business trip.

Mr. Calcote of Denning a prominent merchant there is here on business.

John Rulfs left last night for Houston to enter the Maxay Business College.

Jim Norwood and Pete Harris of San Augustine county are here today on business.

Mrs. W. F. Summers is spending the week in the country with her mother, Mrs. W. B. McKnight.

Mr. and Mrs. A. Y. Donegan are the happy parents of another little girl and Mr. Donegan is wearing a broader smile than ever.

Mrs. Clara Fair of Arp, who has been in the city for several days on a visit to relatives, returned to her home yesterday afternoon.

C. W. Butt, G. B. Engledow, Oscar Crain and E. F. Chester have returned from Galveston where they attended the meeting of the grand lodge Knights of Pythias. A most excellent time is reported to have been spent in the Island City.

SATURDAY'S LOCALS

Jno. Teusch of Melrose is in town today.

J. C. Hull the successful druggist of Saco is in the city on business.

Miss Grace Buckner returned to her home in Chireno today.

Mrs. Henry Fuller and children of Houston arrived in the city this afternoon on a visit to relatives near Wilrose.

Charley Jones a negro boy was arrested and placed in the calaboose yesterday on a charge of stealing soda water.

A pretty little girl arrived at the home of Mr. and Mrs. A. A. Munsell this morning to add pleasure and happiness in their home.

M. J. Dooley left yesterday afternoon for Fort Worth on a business trip and will be absent from the city for several days.

Mrs. Langston and son Charles R. Langston of Garrison arrived in the city yesterday to attend the funeral of Mr. H. Perkins.

Ida Rowen, a negro woman, was arrested by Constable McMillan and brought before Justice J. M. Jones. She was charged with disturbing the peace. The fine was placed at \$10.75 after a plea of guilty had been entered.

A telephone message received from Alto this morning stating that between 7 and 8 o'clock this morning that section was visited by a very hard hail storm, which done considerable damage to the fruit and truck there.

Mixing With The Boys.

Hon. Beaman Strong, the Nacogdoches candidate for district attorney, left yesterday afternoon for Chreokee county on an electioneering trip. Every citizen of this county believes that it is a duty the democracy of the district owes to Nacogdoches county to elect her candidate to this high and responsible position. No one who considers doing the square thing will question the rights of Nacogdoches county in asking the voters of the district to give her candidate their support and influence.

Mr. Strong is in every particular qualified to discharge the duties of the office, for he has had the actual experience—having assisted in conducting some of the most difficult criminal prosecutions before the Nacogdoches district court, and it was largely through his efforts that convictions were secured. His record in the county court during his term as county attorney is one of the best in the history of the county. As a prosecuting attorney he stands without a peer in the second judicial district.

Prof. Geo. P. Garrison of Austin arrived in the city yesterday to attend the funeral of Mr. H. Perkins. While in the city he will investigate the course of study as used in the Nacogdoches High School. Upon his report to the University of Texas will determine whether the school here can affiliate with the University.

HAULING ALL THE REFUGEES.

Southern Pacific and Gould Lines in Charity Work.

The Gould lines are co-operating with the Southern Pacific management in furnishing free transportation for San Francisco's destitute refugees leaving Oakland, Cal., for points East—Vice President C. S. Clarke of the Missouri Pacific and General Traffic Manager Ives of the Wabash yesterday notified the Southern Pacific management that free transportation furnished at Oakland under the personal supervision of C. S. Free, passenger traffic manager of the Southern Pacific, for points east would be honored over the lines of the Missouri Pacific and Wabash. The ticketing of the refugees is carefully handled by Mr. Fee, and the free transportation is only furnished to destitute persons desirous to reach friends or relatives in the East. It is believed that all connecting lines of the coast lines will adopt a similar course.

The movement is very heavy and is taxing all of the equipment to be had on the Pacific coast. Advertisements indicate over 300,000 persons have left San Francisco.—Houston Chronicle.

Oak Ridge Notes.

The farmers work moves on quite smoothly. Cotton chopping has commenced and corn is looking well, still, some over crop themselves and keep behind, "We are never up with our work," is the cry of many.

Cannot farming be reduced to a science, so that the farm laborer may take pleasure in his work and have more time for social pleasures? In his plans, in the midst of his work, he is scheming and hoping to get away from the drudgery of the farm some day and engage in other pursuits. Little do they recognize "The good that God provides for them." The business man amidst the toils and worries of city life, longs for the pleasures of the barefoot boy, with cheeks of tan, and many of them will tell you their hopes are based on a return to country life, to spend a peaceful, happy old age. Ah, well! 'tis all evened up after awhile, and it is better to be in the common place wilds of East Texas just now, than in Japan, San Francisco, or near Vesuvius.

The rats are the greatest pests we have with us now. It is incredible how much grain they destroy, and, at this time while there is such a scarcity of corn, it is greatly deplored. Could not our government offer some inducement, for some one to take the contract of "rat killing." It certainly would be appreciated by all of us that are raising poultry, if some "Pied Piper" would charm, drive or annihilate them in the quickest way possible.

Little Ada Griffith, who has been quite sick, has recovered. Mr. Gillikin is also much improved, since his attack two weeks ago.

Fishing at "odd times" is the order of the day.

Mr. Jim Burrows has the

champion garden of the season, put in your bill for early vegetables.

Dewberries will soon be unusually plentiful.

Brother Luker's second Quarterly meeting will be held at Prairie Grove.

Odd Fellows Anniversary.

Last night Nacogdoches Lodge No. 118, celebrated the 87th anniversary of the order in the United States. The services were held in the Cumberland Presbyterian church.

A goodly number of people were present at the appointed hour, 8:30. When the following program was rendered:

Song—"Bless be the Tie That Binds."

Prayer—Rev. J. W. Stephens.

Address—Rev. J. T. McClure.

Solo—"The Holy City"—Mrs. M. J. Dooley.

The Good Samaritan (illustrated)—Rev. J. M. Robinson.

Song—Jesus Lover of My Soul.

The address of Rev. J. T. McClure on "Fraternalism and Oddfellowship" was one of the finest addresses of the kind ever delivered in the city. Fraternal societies and the churches were working hand in hand. That the churches would pick up the fallen man and then the lodge would take the good man and make a better man of him. But men should not place the lodge above the church and home—such a man was not a good lodge man who would do this. Fraternities bound men close together in the bonds of friendship and made them generous to their obligated brethren. Fraternities were doing a great charity work—the recent disaster at San Francisco, there the members of the various fraternities were receiving millions of dollars from their brethren all over the country. One great evil, however, was apparent and that was the multiplicity of fraternities. It was every man's privilege to become a member of one great fraternal society and man should affiliate with some one of the good orders. The work of Oddfellowship in the United States was something grand. Millions of dollars had been expended for the relief of brethren in distress, and millions were spent annually for the care and protection of the widows of deceased Odd Fellows, and the education of their orphans. The Odd Fellows home at Corsicana was a living monument to the order, there over a hundred inmates were being trained to make useful men and women.

"The Good Samaritan" was the anniversary sermon and was illustrated. The sermon was preached by Rev. J. M. Robinson. To the members of the order present this was one of the grandest sermons they ever heard, for a great deal of the ritualistic work of Odd Fellowship was illustrated on the canvass. The lecture accompanying the illustrations was simply a grand talk, and one that would have been interesting to an audience composed of people in every walk of life. "The green trees along

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructer ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties. My oldest daughter found it very beneficial for a female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulency), weakness of organs, displacements, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

the mountain side" showing the journey from Jerusalem to Jericho, and also the traveler on his way to the distant city, was of especial interest to the brethren; and when the robbers were shown and the poor man left by the wayside "wounded and bleeding" and the arrival of the good Samaritan after others had passed by without noticing the wounded man. All this was of special interest to the Odd Fellow and especially the new members who have attained the scarlet degree.

Letter to D. Rulfs.

Nacogdoches, Texas.

Dear Sir: You want a cheap job of paint for a cheap house, don't you?

It's Devoe, It's the regular thing in Devoe; there's nothing, in all paint, so cheap as Devoe.

Oh, yes you can paint with mud; but that isn't paint; you want it to look about right for a month or two.

Paint Devoe; can't do it for less; there's nothing so cheap; say nothing of wear, there's nothing so cheap as Devoe.

It goes so far; save gallons; no matter about price, save gallons. A gallon of paint, put-on, costs \$4 or \$5; save gallons.

Devoe is your paint; save gallons; Devoe is your paint.

Yours truly

F. W. Devoe & Co.
P. S. Perkins, Kleas & Mast sell our paint. 56

A dose of Pineules at bed time will usually relieve backache, before morning. These beautiful little globules are soft gelatine coated and when moistened and placed in the mouth you can't keep from swallowing them. Pineules contain neither sugar nor alcohol—just gums and resins obtained from our own native pine forests, combined with other well known bladder, kidney, blood and backache remedies. THE KING OF BLOOD PURIFIERS

No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because "IT CURES DISEASE." It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run-down, weakened or disordered condition of the system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures and concoctions offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison remains.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected.

In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anaemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin

Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

S.S.S. PURELY VEGETABLE

Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

- For Justice of the Peace, Prec. No. 3, W. D. (Doke) CRAWFORD
- For County Commissioner Prec. No. 3, JAMES A. STRODE, C. G. (George) HANEY
- For Commissioner Prec. No. 4, C. PATTON, D. A. LEE

MONDAY'S LOCALS.

L. G. Howard of Swift is here.

Joe Fuller of Blackjack is here today.

Callie Brown of Libby is here on business.

Claud Crouch of Chireno came in this morning on business.

L. Smith of Cushing was in the city on a business trip today.

Miss Agnes Fears of Appleby was in the city yesterday and today.

Dude Stalling of Melrose came in this morning with a bale of cotton.

Mrs. J. T. Booth is spending the week with her sister Mrs. A. H. Conkrite.

W. U. Coats the merchant at Plainville is in town today buying supplies.

WEDNESDAY'S LOCALS

You do Cason an injustice by not returning his wire stretchers.

P. L. Tucker is able to be up after a severe case of pneumonia which confined him to his bed for five weeks.

J. B. Goyens of Cleveland came in last night to visit his daughter who is quite sick with measles.

J. P. House with the Bowden-Meador Lumber Co., of Appleby was in the city today and while here paid The Sentinel a pleasant visit.

The candidates who attended the picnic at Chireno yesterday report that they all had a splendid time and that the Chireno people entertained them quite loyally.

GUARANTEED BY STRIPLING, HASELWOOD & CO.

Simple Way to Cure Catarrh by Hyomei Without Stomach Dosing

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrh. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

The soothing air of Hyomei heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomei outfit consists of a hard rubber inhaler which can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei, and costs only one dollar, while extra bottles can be obtained for 50 cents.

Stripling, Haselwood & Co. positively guarantee a cure when Hyomei is used in accordance with the simple directions on the package, or they will refund the money. This certainly shows their faith and belief in the virtues of Hyomei.

A. J. Spradley, deputy United States marshal, returned last night from Tyler. He stated to The Sentinel man this morning that in his travels over the eastern district of the state that he saw some of the finest crop prospects he ever saw. He predicts that Texas farmers will have plenty this season, provided no calamity befalls the crop.

Dentists Formed Partners.

C. M. Ballenger late of Henderson who for years enjoyed a liberal practice there as an excellent dentist has formed a copartnership with Dr. J. A. Drewery and this firm under name of Drewery & Ballenger dentist will appreciate any favors extended them and give in return the practice of the best teachings of that department from Vanderbilt University at Nashville, Tenn., from which Dr. Ballenger is a graduate. Dr. Drewery needs no introduction here for every one knows he has been one of the leading dentists here for many years past and are so familiar with his good work their confidence in him is established.

Mahl Local.

Mahl, April 30.—Being a reader of The Sentinel and having never seen anything in the paper from this section, thought I would write the paper a few lines from Lone Pine Stick.

At this writing the health of the community is good and the people apparently enjoying life. The farmers are well up with their work and the crops are looking fine.

The Whiteman-Decker railroad has built through this section and it has opened up a market for the farmers here and has given them a chance to sell their garden truck which is quite a help to them.

Candidates are as scarce as the proverbial hen's teeth. They must think that all the people in this part of the county are dead.

We have preaching here every second Saturday and Sunday.

Bachelor Button.

To The Public.

After a successful business career in this city extending over a period of eight years, I have decided to retire from business. During the greater part of this time I was in business alone, but a few months ago associated with me Mr. S. L. Miller in order that the business could be enlarged. During the co-partnership our business succeeded beyond our most sanguine expectations. Thinking it best to take a rest and also change of work I decided to sell my interest in the firm of Miller & Irion, and this I have done, Mr. J. B. Power of this city being the purchaser.

In retiring from the firm it is with the kindest feelings toward my associates in business and my best wishes for their continued success. I desire to return thanks to my friends and customers for the very liberal patronage in the past and solicit a continuance of the same for the new firm.

R. H. Irion.

In referring to the above, we desire to thank Mr. Irion for his kind words and assure him that the same is appreciated to a very high degree. We also take this means of thanking the public for their liberal support and good will, and we also assure the buying public that it shall ever be our sole purpose to extend them every courtesy possible consistent with good business methods. Again thanking the public, and soliciting a share of the grocery and feed business, we are,

Very truly,
Miller & Power.

Your neighbor is pleased with the Buggy he got from D. K. Cason.

If It Fails, the Money's Yours.

Thousands of boxes of Hunt's Cure are being sold by the Southern druggist daily, for the simple reason that people are rapidly finding out that it is the best cure for any itching disease ever discovered. The first application relieves, and one box positively guaranteed to cure any one case. w

Mitchell, Studebaker, Lindsey and Racine wagons at Cason's.

cream

BAKING POWDER

Good health depends mostly upon the food we eat.

We can't be healthy if we take alum or other poison daily in our food.

Dr. Price's Baking Powder is absolutely free from alum. It is made from pure cream of tartar and adds to the healthfulness of the food.

PRICE BAKING POWDER CO.
CHICAGO.

NOTE.—Baking powders that are sold at ten to thirty cents a pound, or a cent an ounce are made from alum. Avoid them.

Out On Bond.

Frank Kirkland was released on bond last night. He was placed in the jail Sunday night on a charge alleging disturbance. Friends from Clevenger as soon as they heard that he was in trouble came to Nacogdoches and arranged his bond.

Remember.

It's not how you live, but how's your liver. If not in perfect order, make it so by using Simmons' Liver Purifier, -tin boxes only. Its the surest, safest and most agreeable aid to that organ ever put up.
