### COTTON WAREHOUSE.

The Nacogdoches Farmers' Union Take The Initiative.

On Saturday afternoon there was held a meeting in this city by the Farmers' Union that is of more than passing importance to the farmers and business men of this section.

Hon. Dave H. Shapria, president of the Farmers and bankers Cotton Warehouse Company of Houston was present and addressed the meeting, setting forth the plans of the company and elaborating upon the benefits to be derived from such an organization. At the conclusion of his remarks it was the sense of the meeting that there be erected a cotton warehouse in this city. The Union owns a very valuable piece of property near the railroad and upon this property the building will be erected.

The value of the lot and the building to be erected will be \$7,500, and the following gentlemen who are the executive committee of the Farmers' Union will have charge of the affairs of the warehouse proposition until a meeting of the Union in the latter part of the month: A. J. Murphey, H. F. Marr, Ollie Strode, A. C. Meador, W. F. Singleton, August Rusche, and W. F. Butler.

Wanted—To trade a big horse for a pair of ponies.  
w2t B. M. Hall & Son.

## A Word to the Logging Man

We have three car loads of the best Log Wagons you ever saw.

One car of Improved Studebakers.

One car of Ownesboros (both steel and wood axles)

One car of Snyders (both steel and wood axles)

Trade off your old one—buy one of these and save expensive breakdowns. You know from experience it pays to buy the best. If you don't say we have it we treat. Take a good look even if you don't buy.

### TREASURY IS AGAIN EMPTY

State of Texas Goes Back to Credit Basis.

Austin, Texas, June 18.—The State of Texas is again "busted." Funds in the state treasury to the credit of the general revenue account became exhausted today, and from now on the state will have to be conducted on a credit basis.

As soon as it became known that the funds were exhausted, there was a rush on the treasury by persons holding warrants, who wanted to be among the first to register their warrants, and within a few hours

nearly 200 had been registered.

State Treasurer Robbins estimates that it will be next year before the state again goes on a cash basis, as all the taxes for the present year have been turned in by the tax collectors.

It now looks as if the members of the legislature will have to work on credit and take their chances of getting their mileage and per diem during the beginning of next session.

The state went on a cash basis March last and went a period of four months.

E. M. Jacobs of Woden was in the city yesterday.

### COMMITTEE MEETING.

The County Executive Committee Met This Morning.

From Monday's Daily:

This morning at 10 o'clock the Democratic Executive Committee met in the office of Chairman C. D. Mims, with the following members present:

C. D. Mims, Chairman.  
Giles M. Haltom, city.  
Roland White, Shady Grove.  
J. J. Watkins, Douglass.  
Geo. F. Rainbolt, Garrison.  
J. J. Trawick, Lion Flat.  
J. Y. Baugh, Alazan.  
B. F. Nugent, Etoile.  
H. P. Fall, Chireno.  
J. W. Cariker, Cushing.  
The meeting was called to order and Giles M. Haltom elected secretary.

The following resolution was introduced: "Resolved, That no person shall be permitted to vote at any Democratic primary in this county unless he is a white man, possessing the qualifications of a vote, and shall take and assent to the following obligation to be administered to him by an officer of said election at the time of presentation of his ballot, to-wit: 'In voting this ticket I obligate myself to support the nominee of this primary.' No ballot shall be received from any person refusing to take such obligation."

"Resolved by the Democratic Executive committee of Nacogdoches county, that all nominations for county and precinct officers shall be made by a majority vote, and in the case no candidate in the first primaries shall receive a clear majority of all the votes cast for that office, then the two candidates receiving the greatest number of votes for said office shall have their names submitted to the qualified voters at a second primary, which is hereby called, to be held on the second Saturday in August (1906) the same being the 11th day of said month."

A motion was made to amend the text in the above resolution, but upon vote the

amendment was lost, and the original motion was adopted unanimously.

The following assessment, was on motion levied against each candidate: County offices \$7, each; Commissioners \$2.50; Precinct officers \$1.50. A motion prevailed that the chairman request each candidate to pay the assessment on or before, Monday, June 25 1906.

The chairman appointed the following as a primary committee, which must meet the second Monday in July: C. D. Mims ex-officio chairman, G. M. Haltom, J. Y. Carker, G. F. Rainbolt, J. Y. Baugh, and K. C. White.

It was ordered by the executive committee that each precinct chairman call precinct convention to select delegates to the county convention to be held on 1st Saturday in August, same being the 4th day.

Following resolution was submitted by J. J. Watkin and unanimously adopted:

Resolved that we the Democratic Executive Committee of Nacogdoches county, do hereby tender our sincere thanks to our chairman, C. D. Mims, for the very able and faithful manner in which he has filled the office of chairman for the past two years.

### CONFEDERATE PENSIONERS.

Old Soldiers Will Receive \$14 Each for the Present Quarter.

Austin, Texas, June 18.—July 2 will be the beginning of the next pension quarter for the Confederate pensioners, and the warrants are being prepared for mailing on that date. They are for \$14 each, as was made at the apportionment three months ago. The next apportionment will be effective on October 1, it occurring every six months.

At this time there are about 8000 pensioners on the rolls, though every quarter's mail results in from 300 to 500 letters containing pension warrants being returned unclaimed, the pensioner having died or moved away.

If you knew the value of Chamberlain's Salve you would never wish to be without it. Here are some of the diseases for which it is especially valuable: sore nipples, chapped hands, burns, frost bites, chilblains, chronic sore eyes, itching piles, tetter, salt rheum and eczema. Price 25 cents per box. For sale by Perkins, Kleas & Mast dw

## Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

N. W. HALTOM, Editor.

THE republican state convention will be held in El Paso this year.

THE tariff question will be the "paramount" issue in the presidential campaign.

THE gubernatorial campaign is warming up to fever heat—and still heating.

THE peach crop is beginning to move from East Texas, and the quality is very fine.

THE boll weevil is here and there is no denying the fact. In Swift community they are reported quite numerous.

TOM CAMPBELL is in North Texas this week and the black land farmers will have an opportunity of hearing the next governor of Texas.

THE packing house scandals should arouse every state to pass stringent pure food laws, and while passing these laws make provisos for their enforcement.

DELICACIES in canned goods are not as tempting as they were a short while ago. The packing houses will have to make fertilizer out of the stock they have on hand.

THE reason the country papers are for Tom Campbell for governor, is because they are in close touch with the common people and know the wishes of the people as a whole.

IT is a fact that during the twelve years Mr. Cooper was in Congress there was several appropriations made for the second congressional district, but did you ever stop to ask "who received it?"

THE Shreveport Times thinks that the president has been playing the packers with the "muck rake". To the people in this part of Texas it looks like he has been playing with a pitchfork and wheelbarrow.

THOSE who know Mr. Cooper when he was elected twelve years ago, say he was "a very weak sister". Congressman Brooks at his first term convinced his colleagues that the gray matter behind his frontal bone was composed of the proper stuff, and when he has served the district twelve years he will serve the district and not select one county alone for his favors.

"ASHES to ashes and dust to dust, if the buzzards don't get it, the packers must." This poetical gem appeared under a cartoon in the Houston Post. The cartoon shows a baldheaded buzzard sitting on a limb of a tree over the carcass of a dying cow while nearby are two men alleged to be packers arguing the question as to who smelled it first. The buzzard is supposed to say "I used to make a decent living, but I can't make both ends 'meat' with such strong competition in the field.

### WHO RECEIVED IT.

It is rather amusing to notice how the small fry editorial space fillers, on a few of the weekly papers in this district, are tearing their nether garments in twain in a frantic effort to convince their readers that Mr. Cooper is the only man in the district worthy the honor of serving the people in Congress and since a few journals have made a mathematical calculation of the amount of appropriations made for the district during Mr. Cooper's term of twelve years, these little fellows are disning it out to their readers. It is true that a vast amount of Uncle Sam's money has found its way into the second district.

In a spirit of kindly feeling The Sentinel would like to ask, "who received it?" Did Cherokee county receive any of this money? Did Panola county receive it? Did Tyler county receive it? Did Harrison county receive it? Did Nacogdoches county receive it? Did Shelby county receive it? Did San Augustine county receive it? In fact what county outside of Jefferson county received these several appropriations? Is it not almost an insult to the people of the several other counties outside of Jefferson, which compose the second congressional district of Texas, to flaunt the fact that so much money has been appropriated and spent, and nothing done for the other counties? These are questions that Mr. Cooper's newspaper friends, outside of the city of Beaumont, should answer to their subscribers. In future mention of the appropriations it would only be fair to mention in connection there with "who received it?"

### NO BOLL WEEVIL THERE.

There is one farmer in Nacogdoches county who makes a good cotton crop, despite the fact that his neighbors lose their crop every year on account of the weevil. Six miles south of town, T. K. Raynor decided that he would try an experiment on raising cotton in a district that was infested with the boll weevil. He had a patch of three acres laid off last year and farmed the same intensely—the patch was planted in cotton. As soon as the plants began to put on squares he took a poison spray and covered the three acres well and this he repeated several times while the plants were young. At harvest time he gathered two large bales of cotton from the three acres, while neighbors who had seven acres failed to get a decent bale from the same; one instance is cited where a neighbor had twelve acres and the yield was a light bale from the field. Mr. Raynor says that by spraying the young plants with the poison that the boll weevils drink the dew on the plants and they then die. He has the same patch in cotton this year and he says that the prospects are that he will do better than he did last year. He is giving the plants a liberal application of the poison that he uses and he says that he has failed so far to locate a weevil in his field. This is it demonstrated that a few acres of cotton properly

cared for will produce better results than many acres tilled in a half-hearted fashion.

The Sentinel would like to have Mr. Raynor prepare an article for publication on how he has been able to defeat the weevil, for it may be of great benefit to the readers of The Sentinel as well as the people of Texas and the cotton growing states where the weevil has made its appearance.

THE few enthusiastic friends of Mr. Cooper claim that the people of Center and Shelby county were wild with enthusiasm over John Henry Kirby's speech at Center a few days ago. Several of the larger papers had correspondents on the field, and in their enthusiasm they stretched the matter a little. This Judge H. B. Short has corrected in a recent issue of The Beaumont Enterprise and the following is one of the paragraphs in the article written over the signature of Judge Short: "The statement in the Enterprise report to the effect that the crowd went wild over Mr. Kirby's speech has little foundation in fact. It was well received because it was well delivered; but the enthusiasm was confined principally to a citizen from Panola county, whose neighbors intend to vote solidly for Mr. Brooks."

IN the early Spring Mr. E. A. Blount offered several prizes to tobacco growers for the best crop to be grown under government supervision. The prizes offered by Mr. Blount were supplemented by

other prizes. The judges named at that time were Dr. F. C. Ford, Louis P. DeMouche, and Walter M. Hinson, superintendent of the United States tobacco experimental station. The time for the first inspection of the crop arrived this week, but Mr. Hinson could not be in the city, and Mr. Otto Olson the expert in charge of the work in Nacogdoches county was selected to work with the other members of the committee. This week the inspection of all the growing crops was made. They report that the crop has exceeded their most sanguine expectations and that the outlook is extremely flattering. Their notes on the condition of each crop will from a part of this report when the crop is harvested and weighed in.

REPORTS from Mexico are to the effect that the sugar crop there this year will be very short, and that there will be no sugar exported from that country this year. As soon as the sugar trust gets wise to this fact, the price of sweetness will be advanced.

### The Remedy at Hand.

Public indignation has turned with the force of a destroying avalanche in the direction of the fake reformer. It is a good sign.

When the fake reformer is uncovered, nine times in ten, the slanderous fiend with the muckrake is revealed.

There is great room and

greater demand for the real reformer. To far few such reformers have appeared of recent days in our public life. But there never was a condition of an urgency in our national career without the advent of some man or men great enough to save the country from impending disaster.

The conditions of the hour at which we all complain, are very much exaggerated, and the remedy for them is nearer at hand than many imagine.

This remedy is in the people themselves. It will not come through the enactment of a multitude of new laws, but rather in the enforcement of the laws we already have.

There is not a state government in the country that can not put down graft and reform its public services if it will only enforce its laws.

There is not a municipal government in the country that can not protect its franchises from waste and make public service corporations do their duty, if only the city council is composed of competent and honest men.

And both the nation and the state can protect the people and state from the greed of the trusts and from every combination of avarice and oppression if only the courts are honest and the servants of the people alert.—Fort Worth Star.

PATRICK the condemned lawyer drew another four months lease on life. Here's betting that he will finally escape the electrical chair.

### JOLLY WITH THE GANG.

From all over Texas come reports of good crop prospects. In many sections outside of Grayson, Fannin and Collin there are reports of the best crop prospects ever known. Texas will come to the front this year with her full pro rata to contribute to the wealth of the country.—Sherman Register.

The above is misleading and the stranger would conclude that Texas has not been contributing her pro rata every year to the wealth of the country. Texas has always been very liberal in her contribution of wealth, and this year the prospects are that she will do better than in former years.

The high license law in Ohio has closed thousands of saloons, but no figures are available as to the number of thirsts put out of business.—Galveston Tribune.

High priced booze is not a thirst quencher. It is like eating eggs when the price per dozen is ranging somewhere about thirty cents. The higher the price of eggs the better they are to eat. The same may be applied to the price of booze—the higher the price the greater desire for a "smile."

There does not seem to be any doubt about the Chicago stockyards being the modern Augean stables.—Houston Chronicle.

That's the truth. The Chronicle should have added that the delicious canned meats are but the cleanings from the stable.

## CULBERSON FOR CHAIRMAN.

## May Head National Democratic Executive Committee.

Dallas, Texas, June 14.—Murell Buckner, a close personal friend of Senator Charles A. Culberson, stated that a movement would be started here and spread out over the South for the election of Mr. Culberson as chairman of the national democratic executive committee.

The movement is to be contemporaneous with the Bryan presidential boom, and is to bring forward the support and friendship between Mr. Culberson and Mr. Bryan. Mr. Buckner stated that he believes the movement will be successful.

Prof. S. S. Harris and his family returned to their home in Nacogdoches, this morning, but will return Sunday and be on hand at the opening of the normal Monday morning.—Timpson Times.

## Wanted.

100 tie makers at Huntington and Shawnee, to make red oak and sweet gum ties. Pay 14c. Inspection regular, pay every 30 days. d6 w4 - McNeil Chapman.

## BAD FIRE AT NEGRO ASYLUM.

Main Building Escaped But Two Factories Were Burned.

Austin, Texas, June 13.—Fire at an early hour this morning destroyed the stable, mattress and broom factory, blacksmith shop, 40 cords of wood and about 200 feet of fence at the state deal, dumb and blind asylum for colored youths. It is located a mile outside the city limits, and the local fire department did not respond, but Chief Woodward went out. There is no water supply or fire fighting apparatus at the institution and the fire burned itself out. The main building was not injured. Loss about \$6000. The fire originated in the stable.

## Where Water is Bad

It should not be drunk unless proper precautions are taken. Many diseases arise from drinking impure water, yet in face of warning, people continue to absorb the dangerous fluid. If you are traveling, or move into a new locality take no risks but put a teaspoonful of Brown's Iron Bitters into a glass of water and make it healthy and palatable. Sold by Stripling, Haselwood & Co.

## On a Tour of Inspection.

Dr. F. C. Ford, Louis P. DeMouche and Otto Olson are in the country today inspecting the tobacco crop with the view of selecting the prize winners in the crop contest for this year. Mr. E. A. Blount and others in the early spring offered several prizes for the best crops grown this year, and at that time Dr. Ford, Mr. DeMouche, and the government expert, were selected as the judges of the crops.

In conversation with one of the judges this morning the Sentinel reporter was informed that the crop, as a whole is the finest ever grown in the county—in fact the gentleman said "no finer tobacco can be grown anywhere than the Nacogdoches crop this year."

The crop of shade tobacco of Florida Sumatra Company at the Redfield farm is said to be extra fine.

## An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators. Guaranteed by Stripling, Haselwood & Co. druggist. Price 25c. dw

## Officers Elected.

At a meeting of the directors of the Nacogdoches Show Case and Manufacturing Co. yesterday afternoon the following officers were elected for ensuing year:

W. H. Crouch, president; John Schmidt, vice-president; E. A. Blount, treasurer; Geo. P. Cook, secretary.

At the meeting of the stockholders of the company yesterday morning the following were elected as a board of directors:

W. H. Crouch, E. A. Blount, Jno. Schmidt, Chas. Perkins, T. E. Baker, Geo. P. Cook, J. L. Williams.

## NATURE'S WARNING.

Nacogdoches People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously. But nature always warns you through the urine.

Notice the Kidney secretions.

See it the color is unhealthy—

If there are settlements and sediment,

Passages too frequent, scanty, painful.

It's time then to use Doan's Kidney Pills,

To ward off Bright's disease or diabetes.

Doan's have done great work in Nacogdoches.

Eli Box, farmer, living one and a half miles from Nacogdoches, Texas, says: "I have suffered for years with my back and numb feeling in my legs. At times the flow of the kidney secretions was excessive, and sometimes as clear as spring water. At other periods it was scanty and highly colored and accompanied with a burning pain in the neck of the bladder. Since using Doan's Kidney Pills I have been greatly benefited, and I can recommend them to others similarly afflicted."

For sale by all dealers. Price 50 cents. Froster-Milbuan Co., Buffalo, New York, sole agents for United States.

Remember the name—Doan's—and take no other.

Miss Johnnie May Sparks is visiting her cousin Miss Lela Jackson.

Eat one of Ring's Dyspepsia Tablets after each meal and you will not suffer with indigestion. Stripling, Haselwood & Co.

Cut out the guarantee in this ad and take it to your local druggist. He will sell you Yucatan Chill Tonic Improved under a positive guarantee. If it does not cure you, you will get your money back.

Send for your money back. It is a fast-acting, tasteless tonic, and is just the remedy for pursuing mothers. No! No! Your stomach rebels. Yucatan Chill Tonic Improved is acceptable to the most delicate stomach and costs twice as much as any other so-called tasteless tonic. Buy the best, if you want to get well in half the time.

# No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

At Every Drug Store in \$1.00 Bottles.

## WINE OF CARDUI

### FREE ADVICE

Write on a letter describing all your symptoms, and we will send you free a 25-cent pamphlet, sealed envelope. Address: Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

## COTTON MILL IMPROVEMENT.

The Waxahachie Plant Will Double Its Present Capacity.

Waxahachie, Texas, June 13.—Work will soon be commenced on an addition to the cotton mill which will practically double its capacity. The contract for the erection of the annex has been awarded to E. J. Zimmerman of Cleburne. It is planned to have this addition ready for operation by the opening of the next cotton season.

## A Woman's Life.

To be happy must be a healthy one. Thousands of women living today who are broken down either from diseases peculiar to their sex, raising children, overwork, or worn out by household annoyances, were cured by the great strengthening medicine Brown's Iron Bitters. Pleasant to take, and especially recommended for weak suffering women, nursing mothers, weak and puny children. dw

Sold by Stripling, Haselwood & Co.

Report to The Attorney General.

District Clerk R. W. Murphy has sent to the attorney general the following report of the business of the clerks office at Nacogdoches county: Number of cases pending on the docket of the court 69, and are distributed as follows:

- For burglary 4
- For forgery 22
- For murder 11
- For perjury 1
- For robbery 1
- For theft 1

Other felonies which embrace assault by force, assault to murder, swindling.

Misdemeanors.....

Some of these cases have been on the docket for the last 15 year and run from that date down to the present time.

## Deadly Serpent Bites.

Are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy—Electric Bitters; the restorative medicine, of which S. A. Brown, of Bennettsville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Stripling, Haselwood & Co. druggist. Price 50c. dw

## THE LIST OF STATE BANKS.

One Hundred Mark Reached Under the New Law.

Austin, Texas, June 14.—The prediction made by the advocates of the law passed by the 29th legislature providing for the creation of state banks and trust companies when it was being considered, that before the law had been in effect one year there would be 100 state banks and trust companies organized in Texas, has more than come true, as the 100 mark was reached yesterday, according to the records in the state insurance department.

The law went into effect on August 14, 1905, just 10 months ago, and since that time there has been an average of 10 of these state banks and trust companies filed in secretary of state's department a month.

A complete record of the officers, capital stock and other information is kept in the department of insurance and the total capitalization of all of these banking institutions exceed \$10,000,000, the capital stock being from \$10,000 to \$500,000 for each concern. Of the 100 of these corporations chartered during the past 10 months, 16 are savings bank and the remainder are plain state banks. With the number of state banks in operation, State Bank Examiner S. H. Flake will be kept busy all the time inspecting them, and the fees derived from that source will be sufficient to maintain the examination.

## To Beautify Your Complexion

## NADINOLA

THE UNRIVALLED BEAUTIFIER.

A WARM campaign is invited by the people of Texas for every office within the gift of the people, but they do not approve of a campaign where the candidates indulge in personal abuse.

TOM CAMPBELL of Palestine is conducting a clean campaign. He is discussing the issues of great importance to the people, and is not abusing the past character—political or otherwise—of the other candidates for the same high position to which he aspires.

PROSPECTS are exceedingly bright for the democrats of the nation to be united on the next candidate, and from the present indications that candidate will be William Jennings Bryan, of Nebraska. National leaders are predicting his election as a foregone conclusion.

By actual experiment it has been demonstrated by one farmer in Nacogdoches county that there can be a crop of cotton raised even if the boll weevil is abroad in the land. His method of cultivation is the same as that of other East Texas farmers, but he uses Paris green as a poison and sprays the crop the same as the tobacco grower.

THE SENTINEL is in receipt of a vest pocket edition of the "The Terrell Election Law as Construed by the Attorney General's Department." This is a very handy little volume and is furnished free to applicants enclosing a two cent stamp for return postage. Every one wishing to be informed upon the election law of Texas should send to the Attorney General's office, Austin, Texas, for one of these little pamphlets.

PRACTICALLY all farm crops of Nacogdoches county this year are in better condition than for many years past. While some of the farmers are reporting the appearance of the weevil in the cotton crop, yet if they will go the small expense of poisoning the boll weevil there will be a good crop made. The Sentinel reporter recently visited a field of cotton that had been poisoned with Paris green and there was not a weevil to be found.

THERE will be three amendments to be voted upon to the constitution this year, and as these amendments will be published it is the duty of every voter to study the same carefully, in order that when the time comes for the same to be voted upon, they may be able to cast an intelligent vote. These amendments are of great importance to the people of Texas; and they should be adopted by a big majority, or should be defeated the same way.

## FIGHTING THE BOLL WEEVIL.

A few days ago The Sentinel stated that Mr. T. K. Raynor of Decoy had been experimenting with the boll weevil and had raised a crop of cotton last year, notwithstanding the fact that the weevil was destroying the crop of his neighbors and in the publication of this article The Sentinel stated the same ground had been planted this year in cotton. This statement is an error, and other land is being cultivated in cotton this year.

Sunday two representatives of The Sentinel paid Mr. Raynor's farm near Decoy a visit. The four acres he is experimenting with was carefully inspected and there was not a weevil to be found, and there was only one square found that was in any manner diseased, and that was apparently bruised while plowing. After walking over the held, the newspaper men were invited to the home of Mr. and Mrs. Raynor where their stay was made most pleasant. After dinner Mr. Raynor brought out cigars and while sitting on the broad veranda of this beautiful country home he told the reporter how he raised a crop of cotton last year while the weevil was eating the crop of his neighbors, and that he was experimenting along the same lines this year. Mr. Raynor's method of growing cotton is as follows:

"The ground is thoroughly broke in the early winter to get the benefit of the winter rains and freezes, and then in the spring the land is laid off and fertilizer is placed in the furrows; using about four hundred pounds to the acre. The bed is then made on this furrow. When bedded the cotton planter is then run over the land thus prepared and three-quarters of a bushel of seed is used to plant an acre. This part of the proceedings to raise a crop of cotton is what most every successful cotton planter should do.

"As soon as the cotton comes to a good stand a mixture of one tablespoonful of Parisgreen to five gallons of water is prepared and the young cotton carefully sprayed; using about five gallons to three acres. After the first spraying the cotton is then chopped to the required distance and then sprayed again; using the same amount of mixture as for the first time. Every two weeks after the chopping of the crop the spraying machine is carried over the crop and as the plant gets larger more mixture is required—something like five gallons to the acre. In fact when the plant gets knee high care should be exercised while spraying to see that the mixture is placed on every leaf of the plant, and the spraying is continued until about the first of July.

"Spraying should be done after sunset each evening for if the mixture is placed on the plant while the sun is shining it would fire the plant, and the sun would dry the poison and be of no effect on the weevil. Dew is nature's water supply for insect life, and as the weevil is supposed to work on the plant after sunset, it drinks the poisoned dew

on the cotton plant and is thus destroyed.

"While the plant is young one man can spray several acres after sunset, but as the plant gets larger more time is required, and when about knee high one acre in an evening is about the best one man can do.

"Mr. Raynor's total expense in preparing to poison the crop for the first time was \$5 for a spraying machine, and 25 cents per pound for Paris green. Last year he used two pounds of poison on three acres making the total expense for the first year of \$5.50. This year the expense will be only 50 cents for poison, as the spraying machine will last a number of years."

The Sentinel would like for every cotton farmer in the county to visit the experimental crop of Mr. Raynor and see what can be done with a little extra effort. They will see a crop of cotton that is good to behold. Every plant in the field is well loaded with fruit and the plant is in a good healthy condition. It is also a practical demonstration that a few acres intensely cultivated will produce better results than a larger number cultivated in a haphazard manner.

## MR. MARTINDALE WITHDAWS.

The Sentinel received a telephone message from Capt. A. B. Martindale announcing that he had withdrawn from the race for representative, and that his letter to the public would follow within the next few days, giving his reasons for withdrawing from the race.

The withdrawal of Capt. Martindale will be a great disappointment to his many friends and admirers over the county, and they believed that in the event of his election, the county would have had a good representative.

This leaves the race between Capt. John S. Doughtie and Steve King, and both are from the town of Nacogdoches. These gentlemen are tried and true democrats and have worked for the interest of the party in Nacogdoches county through every campaign, and besides being strong democrats, are worthy in every respect to represent the county in a creditable manner.

## Barbecue and Picnic.

The Woodmen of the World will give a barbecue and picnic at Melrose on July 4th.

We will have an address on Woodcraft by Hon. Beeman Strong.

All candidates are invited, but no political speaking allowed.

The refreshment stand will be run by the Woodmen.

R. H. Blackwell,  
Chairman.

To whom this may concern: I will assist pastors of churches in revival meetings or hold meetings for churches that have no pastor. Would like to hear from all that may need such assistance.

S. A. Acrey,  
Cushing, Texas, June 16th. w2

## Notice.

The commissioners court will meet on June 28 and 29, as a board of equalizers.

P. M. Sanders,  
Clerk.

## A WEIRD TRAFFIC.

It is Claimed That Fortunes are Made Selling Human Skin.

Del Rio, Texas.—I have been reading about the big traffic in human skins, frog skins and such things until I feel right "creepy." A short time ago I read of an immense traffic being carried on in San Francisco in human skins. It was not explained how the skins were obtained, but it was asserted that they sold for five hundred dollars a pound and that fortunes were being made in this weird industry, the skins being used for the manufacture of ladies' gloves, fancy purses, etc. There seems to be no law prohibiting such traffic in California and a poor fellow in that country, after being "skinned" all his life, is liable to be hauled up from the grave and skinned literally after he dies.

I have just read about a "rucus" between shippers of frog skins and the railroad companies at New Orleans, over a shipment of fifteen hundred pounds of frog skins from New Orleans to New York. These skins are manufactured into ladies' fancy purses. It is stated that it takes two large frog skins to make one purse and that a frog skin is so light that it takes the very finest scales to detect any weight at all. It takes the skins of probably 100,000 frogs to weigh 1500 pounds. The frog industry has become so great in Louisiana that the railroads are being called upon to furnish a classification of freight for the shipment of frogs and frog skins.

What's the matter with the Business League? I see things in The Sentinel that sound like it had lost its usefulness and is no longer a factor in the affairs of Nacogdoches. It would be a calamity for the League to disband entirely. I hope such a thing will not happen. The evidences of its usefulness are too plain for the business men of Nacogdoches to think of letting it disband. They must not do it. The local press must not let them do it. It should be reorganized and reinforced, but never allowed to go out of existence. Them's some more of my sentiments, if I am six hundred miles from home and in "inocuous desuetude."

Haltom.

## Appleby Storm.

Appleby, Texas, June 19.—News comes to town this morning that there was quite a storm a few miles north of here late yesterday evening. Mr. Tom Herrins' gin plant was blown down and torn up pretty badly.

Tom Whites' residence was set by badly torn up, the roof was blown off and several doors and windows blown out.

The Woodmen held a splendid meeting Tuesday night and one candidate was given the protection degree. The matter of the log rolling was discussed, and it was the sense of the meeting that the dinner would be for the Woodmen and their wives, and the lady friends of the young members of the order, and such special invited friends as the camp should see proper to extend an invitation to.

## POLITICAL MATTERS

The Senior Editor Expresses His Views on the Situation.

Del Rio, Texas.—I haven't much patience with those newspapers and pig-pen politicians who are constantly carping about candidates holding one office while running for another. The comments from this source upon Brooks and Colquitt are disgusting. What if they are running for the high and honorable office of governor of Texas while serving in other capacities? This is a right that is conceded to every public servant by custom and the common consent of the people. Has anybody demanded Beeman Strong's resignation as county attorney while running for district attorney. There is just as much sense and reason for demanding the resignation of Dode Sanders, Lum Martin, Bob Berger and all the rest of the candidates for re-election as there is for this fuss about Brooks and Colquitt. If Sanders et al do not attend a good many of the picnics and big meetings held during the campaign the people are liable to "raise sand" with them and accuse them of being puffed up and there will be trouble for them in the election. This is not only a privilege but a right accorded by custom, if not by law, and has obtained from time immemorial. If it is right that Brooks, and Colquitt should resign the nit is right that every candidate, who is running for office should surrender his office while participating in the campaign. "Them's my sentiments" individually and I regret that The Sentinel has ventured so near the verge of that class that disagree with me.

I had the pleasure of meeting my young friend Will F. Martin, of Black Jack, Wednesday, who was passing through en route to Los Angeles, Cal. He is sent there from Cornell University to do some government surveying in connection with the Agricultural Department. He spent a few days at home on the way and was accompanied as far as Uvalde by his father, J. C. Martin, who is prospecting for a home in the great west. I am afraid Nacogdoches county is going to lose him.

Haltom.

## Clyde Parrish Withdraws.

Clyde Parrish, candidate for the office of county treasurer has sent The Sentinel the following communication:

Nacogdoches, June 16.

Gentlemen: Being unable to make a thorough canvass of the county in the interest of my race for County Treasurer, I beg to withdraw my name as a candidate for the above office, and in withdrawing I wish to thank each voter in the county who has promised me their support.

Very truly,  
Clyde Parrish.

The Bryan boom is on and it looks as if the man from Nebraska will receive the nomination two years before the convention is assembled.

## CAMPBELL CLUB.

A Club Organized Yesterday with 200 Signers to Petition.

A goodly number of the friends and admirers of Hon. T. M. Campbell met yesterday afternoon in the court house for the purpose of organizing a Tom Campbell Club.

The meeting was called to order by C. D. Mims, stating the purpose of the meeting. Hon. J. C. Harris was elected president of the organization, and when introduced by Mr. Mims, Mr. Harris stated that it was not his intention to make a speech on this occasion, but that he wished to state that he felt complimented in being selected as the chairman of the Tom Campbell Club. He stated that in his opinion, that with perhaps a few men of Nacogdoches, that Mr. Campbell was the best man in the state for the position and that he would rather see him in the governor's office than any other man. That Mr. Campbell was the best man since the late lamented Governor Hogg left the governor's chair. Mr. Campbell is a man of magnificent executive ability, a first-class financier, an able lawyer, broad minded, and there is no influence can swerve him from the line of duty. The International and Great Northern railroad was referred to as one of the big business undertakings which Mr. Campbell had taken hold of and had made a success of the venture. He resigned the position as general manager of the system in Texas because he would not let others dictate to him what he should do. The election of Tom Campbell as the governor of Texas would be one of the grandest things the voters could do for the state.

Mr. Harris after closing his remarks completed the organization of the Club, and W. O. Crain was elected secretary. The following vice-presidents were then elected: Chas. A. Hodges, J. M. Weeks, R. J. Blackwell, C. D. Mims, Joe P. Clevenger.

On the motion of Beeman Strong the chair appointed the following as a committee on resolutions; S. W. Blount, W. S. Beeson, F. R. Tucker, C. W. Butt, Chas. Hoya.

On motion of C. D. Mims, the meeting was declared at ease and members invited to come forward and sign the list, which a goodly number did, running the membership of the club at this meeting up to 200.

The meeting was called to order, and the chair appointed the following as membership committee, said committee being clothed with power to assist in the organization of clubs in the county, and to appoint organizers; and to provide the organizers with necessary blanks, etc. This committee is composed of the following W. O. Crain, Chas. E. Davis, E. F. Chester, E. M. Roberts, Chas. A. Hodges.

On motion an invitation was extended to Hon. S. W. Blount and Hon. J. C. Harris to address the club at the next regular meeting, Monday afternoon at 4 o'clock, in the county court room.

Oak Ridge Notes.

Every body is ready, will-in and waiting for a rain. The ground had dried up so fast since the rain two weeks ago that some corn and all the gardens are needing rain badly.

Our singing at Oak Ridge Sunday was seeminly a success in the way of a large crowd, good singing and a fine bountiful dinner. A long table was spread and chicken pies, with all the etceteras, were very much in evidence. Notwithstanding the heat which was oppressive for a while there pervaded a feeling of good cheer and harmony that were delightful to see. Only one candidate, Moss Adams, showed up with his genial smiling face. We wonder what the candidates have against Oak Ridge, that they were so shy on such an occasion. Surely they did not doubt their meeting a kind welcome from so hospitable a community as ours.

We take this opportunity to thank the Day Brothers, and their friends who came to assist in the singing, for the pleasure their music afforded all present. It was indeed a treat and we trust they will come again, and often.

The Martinsville class, especially, display musical talent, and aided so much in the pleasure of the day. There is nothing so refined so elevating as good music, both vocal and instrumental, and the young people should be encouraged to the fullest extent to join in the practice of it. Why should not the country have the benefit of good music as well as the towns?

Mrs. Mary Blackwell is visiting her son, Robert Blackwell, for a few weeks.

Mr. and Mrs. Walker and little girl are stopping with the home folks for awhile.

Aunt Milly Barron who lives at Mr. Axleys has been "laid up" on account of an affliction that attacks her face, and is especially severe about her eyes, causing much suffering, and almost blindness.

Unce Hayden Arnold, who has returned from visiting his relatives near Trinity, is complaining of some indisposition. The heat seems to be very "trying" to old people.

Mrs. Hector is off on a visit to her grandson, Hugh Pike.

We have quite a number of old people in our neighborhood, who are feeble and way-worn, and deserve our kindest attention.

Unknown Friends

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Perkins, Kleas & Mast.

Mt Moriah Locals.

Mt. Moriah, June 18.—The health of the community continues good.

Crops are looking very good, but are needing rain. Farmers are about up with their work, and are ready to go fishing. Some boll weevils are reported, but if the hot weather continues it is said the weevils will not do much damage.

Visitors are frequent to the oil field every day, and your correspondent will be able to report that there is progress in the way of development soon.

Mack Stoker, wife, mother and sister returned this week from Hot Springs and they report that they had a pleasant time and they are very much improved in health.

The sincerest tribute that can be paid to superiority is imitation. The many imitations of DeWitt's Witch Hazel Salve that are now before the public prove it the best. Ask for DeWitt's. Good for burns, scalds, chafed skin, eczema, tetter, cuts, bruises, boils and piles. Highly recommended and reliable. Sold by Perkins, Kleas & Mast.

Woden Local News.

Woden, June 19.—The corn crop in this part of the county is looking fine, but is beginning to need rain.

Cotton crops look fine, but the farmers say that the boll weevil is at work on the crop and many predict that the crop will be practically destroyed in this part of the county this year.

The saw mills here are running smoothly and are turning out a lot of lumber.

The school building has been completed, and the summer session has started with an enrollment of 64.

Mr. Chas Hoya of Nacogdoches, was here today doing some surveying.

T. F. Bridwell of Nacogdoches was here a few days ago and he says that it is his intention to put in a planing mill here.

J. W. Burnaman and Miss Florence McKinley were married last Sunday. Rev. John Wilson performing the ceremony that made them man and wife.

R. J. King had the misfortune to fall and sprain his knee, one day this week and as a result he is laid up in bed.

Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne a reputation second to none as a laxative and cathartic. They are as staple as bread in millions of homes. Pleasant but effective. Will promptly relieve constipation without griping. Sold by Perkins, Kleas & Mast.

Zannie Ennis of Martinsville was in the city this morning on a business trip.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the Medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. This procedure has so much faith in its curative power that they offer One Hundred Dollars to any case that it fails to cure. Send for testimonials. Address: F. J. CLEGG & Co., Toledo, O. Sold by drug stores, grocers.

Appleby Locals.

A nice rain fell here yesterday evening which has put the farmers in good spirits, as it very nearly insures a good corn crop this year.

Prof. L. B. Tindell opened school here Monday with a goodly number of the rising generation.

Mr. Price, a gentleman from Cherokee county has opened a watch and clock repair shop here, which is of great convenience to the people.

A. H. Greer, has just returned from a trip to Newport, Jack county, where he went to attend the marriage of his brother, Dr. Albert Greer, to Miss Emma Pickens, of Newport. Dr. Greer is one of Nacogdoches county's sons who is doing well in the middle west. Miss Emma is one of Jack county's sweetest girls. The young couple have a host of friends here and in Jack county too, who wish them much joy and happiness through life.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy it almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by Perkins, Kleas & Mast.

Law, Penmanship, Arithmetic, Letter-Writing, Drawing, Cartography, English, Bookkeeping, etc. 27 colleges in 15 states. \$300,000.00 capital. 17 years' success. Indebted to thousands. No patron, unless you are a graduate. POSTAGE GUARANTEED OR MONEY REFUNDED. YOU MUST IN ORDER TO GET THESE STUDY BOOKS, send your name and address to the publishers, published at

Lone Pine Sticks.

Mahl, June 17.—With the exception of a few cases of chills the health of this community is good.

As a general rule the crops in this section are looking fine, but some of the farmers are reporting the appearance of the boll weevils in their cotton crop and it is causing some to look rather down cast. Some however are looking on the bright side and have hopes that the weevil will spare a few bales of fleecy staple. They say that if the weevils did not destroy part of the crop that the price would be so very low that the farmers would practically go into bankruptcy.

This part of the county is needing rain, especially is this so of the young corn.

A. J. Hutchinson returned this morning from a trip to Rusk county and reports that the basket dinner at Isabel chapel was a success in every particular.

Bachelor Button.

How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The symptom of a cold or a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by Perkins, Kleas & Mast.

Melrose News.

June 18.—The health of our community is not very good at present.

'Capt. Mast who has been quite sick is reported some better today.

Mr. Joe Ivey of San Augustine is visiting relatives here. Quite a crowd from here attended the singing at Oak Ridge Sunday. All reported a nice time and plenty of dinner.

Bernice Trawick returned home Friday after a two weeks visit at Lutkin. Three of her little girl friends returned with her.

Miss Coma Richardson is on the sick list.

The young folks enjoyed a social at the home of Mr. and Mrs. Johnny Matthews Saturday night.

Mrs. Reese and daughter, Lucile, returned home Saturday after a visit of about two weeks at Nacogdoches.

Miss Louisa Teutsch visited Melrose Sunday.

Everybody is looking forward to a fine time on the Fourth.

Mr. A. P. Trawick of Lutkin visited here Sunday.

Bro. Sharp of Nacogdoches preached here Sunday.

Miss Norma Forsieth is visiting Miss Audie Patton this week.

Mr. Mack Adams of Louisiana has come to make his home with his brother, Louis. This is the news from East Melrose I suppose we will get news from West Melrose from the regular correspondent, Daisy.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Colorado, Bearer of the Woman's Relief Corps, Sends Thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Col., to Mrs. Pinkham, Lynn, Mass.: Dear Mrs. Pinkham: For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined to my bed, lost my appetite, my courage and all hope. I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass.

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any drug to sell you anything else in its place.

Cutting Tobacco.

Superintendent Otto Olson is having the tobacco crop cut this week. He says that some of the crops are exceptionally fine, and that the leaf has the appearance of being a fine quality, and the yield is good.

### ADOPTED PLANS FOR HOME

#### Knights of Pythias Prepare to Erect Orphans Home at Weatherford.

At the meeting of the grand trustees of Knights of Pythias in this city yesterday, mention of which was made in yesterday's Chronicle, the plans of Architect Page were adopted for the home for widows and orphans which is to be erected immediately at Weatherford. Bids will be invited, and as soon as the contract is awarded work on the single building to be built will be started. The structure is to cost about \$65,000.—Houston Chronicle.

Every form of distressing ailment known as Piles originates interdaily. The real cause of the trouble is inside. Manzan is put up in collapsible tubes with nozzle, so the medicine can be applied where it will do the most good, and do it quickly. If you are suffering with piles you owe yourself the duty of trying Manzan. Sold by Stripling, Haselwood & Co. dw

Lutkin Practical Business College, open one month. Twenty-seven pupils. Increasing daily. Why? Because we have a course that is appreciated by any ambitious and broad minded young man or woman. Do you have any four to six weeks courses? No. We can not give a thorough knowledge in any course we have short of four months other than mercantile bookkeeping. But you will be able to hold a lucrative position, after having completed our courses. We have a Special Preparatory course Day and night session. wtf

The old time method of purging the system with Cathartics that tear, gripe and break down the walls of the stomach and intestines is superseded by Dade's Little Liver Pills. They cleanse the liver, and instead of weakening, build up and strengthen the whole system. Relieve headache, biliousness, constipation, etc. dw

#### Wants The Cans Well Filled.

What has become of the canning factory enthusiasm launched a few weeks ago?—Nacogoches Sentinel.

It doesn't matter so much about the enthusiasm running over, but be sure that the juice of the fruit 'runs over' to the top of the can.—Sherman Register.

You can see the poison Pine-ules clear out of the kidney's and bladder. A single dose at bedtime will show you more poison upon rising the next morning than can be expelled from the system in any other way. Pine-ules dissolve the impurities, lubricate the kidneys, cleanse the bladder, relieve pain and do away with back-ache speedily, pleasantly, permanently. Sold by Stripling Haselwood & Co. dw

### TO THE CITIZENS OF NACOGDOCHES.

It is now about six weeks until the primaries will be held, and during the time it will be necessary, if I do my full official duty, which I have sworn to do for me to remain with the commissioners court, in going over and adjusting the tax rolls for this year and in preparing the books. Therefore, it will be impossible for me to see but very few of the voters during this time, as you are aware I have held this office but one term, and it has been a universal custom of re-electing the tax assessor for at least the second term. This is especially true where there has been no great cause for complaint arising from his official conduct during his first term. The reason of the above rule is that during his first term the assessor becomes thoroughly familiar with the location of the property and with the tax dodgers, and therefore he is better fixed for his second than for his first term, and for this reason, I feel that it is not asking too much in requesting your support for tax assessor again in July 28.

I understand that a few of my political as well as my personal enemies are endeavoring to create the impression that I have not done my duty during the two years that I have held this office, but in what particular they claim I have been derelict, I am not informed. I feel that I have complied with the law in the performance of my duty and know that the records show that there has been increase in the taxable values as is shown by my rolls during my administration.

With reference to the report of the Grand jury upon the proposition of preparing a record of the town plots and lots of this county, I beg to state that this has not been required by the commissioners court and has not been kept up by my predecessors for the past eight years. Had this been done it would have been but little trouble for me to have had this matter in proper shape. To bring this matter up for all these years past it would require the expenditure of some considerable amount, and I feel it a little unfair for anyone to expect for me to bear the entire expense in correcting matters happening at a time before my administration and over which I had no control. The assessor however, is subject to the order of the commissioners court in this respect, and when that honorable body sees fit to require of me this entire burden, I will cheerfully comply with their order.

Owing to the size of this county and the recent unparalleled development, it is impossible for one man to assess the taxes of the county within the time he has to do the work. Besides the assessed school districts, have been this year added to the assessor's work, and makes for him a great deal more work than heretofore, and whoever is elected to this office will of necessity have to employ help. During my two years administration I have secured the most efficient

## The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair-food; this is the real secret of its wonderful success.

The best kind of a testimonial—

CHERRY PECTORAL.

help obtainable and always endeavored to get men who could do the work equally as well as myself.

But for the fact that it will be impossible for the reason hereinbefore set forth, for me to see you in person, I should not have addressed this communication to you, but feeling that I will serve the public interest to a greater advantage, and knowing that I will be more faithfully complying with my oath and duty in remaining at my post of duty with which you have heretofore entrusted me. I take this method of presenting my claims for reelection. Trusting that you will give my candidacy a fair consideration and hoping that you may see fit to support me again, I am,

Yours to serve,  
Luther Swift.

#### Where Others Failed.

"Each spring for five or six years I broke out with a kind of Eczema which nothing seemed to relieve permanently. Finally I tried a box of Hunt's Cure, which promptly cured me. Two years have passed by but the trouble has not returned."—Mrs. Kate Howard—Little Rock, Ark. w

#### Married.

On last Thursday afternoon, Mr. J. T. Petty and Mrs. Katie Wisner were united in the holy bonds of matrimony at the home of the bride in the Alazan community. They have many friends in that part of the county who join The Sentinel in wishing them a prosperous and happy wedded life.

#### No Others.

It is a class to itself. It has no rivals. It cures where others merely relieve. For aches, pains, stiff joints, cuts, burns, bites, etc., it is the quickest and surest remedy ever devised. We mean Hunt's Lightning Oil. w

L. Trawick was in the city yesterday and while here called on The Sentinel and had quite a pleasant chat with the business manager. He had the dates on his subscription moved up to a point that made the master of the exchequer smile several times.

#### "It"

An itching trouble is not necessarily a dangerous one, but certainly a most disagreeable affliction. No matter the name, if you itch—cure—it cures you. Hunt's Cure is "It." Absolutely guaranteed to cure any form of itching known. First application relieves.

### PACKERS SEND OUT CIRCULARS

#### Urge Cattlemen to Protest Against Passage of the Beveridge Bill.

San Antonio, Texas, June 14.—The packers are flooding Southwest Texas with circulars urging the cattlemen to wire protests to Washington against the clause of the Beveridge bill providing that all cattle shall be inspected at the packers' expense. They urge that this will really be at the raisers' expense, for the packers will pay that much less for all cattle bought.

The circulars state that the packers have no objection to a thorough inspection, but desire that it should be done at the government expense. Many cattlemen are inclined to agree with the circulars, and many protests will be wired in from this section.

A hundred years ago the best physician would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold, clears the head, relieves all coughs, cleanses and strengthens the mucous membranes of throat, chest, lungs and bronchial tubes. Sold by Stripling, Haselwood & Co. dw

#### The Potato Crop.

The Sentinel is informed that the growers of Irish potatoes near Nacogoches are highly elated over the crop and the price received this year.

Mr. Pirtle states that five cars have been shipped so far, and there will probably be another car secured before the season closes. The price received will average a little over eighty cents per bushel. The car was sold for ninety cents, one car for eighty-five cents, and the other three brought eighty cents.

This is not a bad showing, and should be encouraging to the truckers. A car of potatoes will average about 400 hundred bushels, which makes a total of something like 2000 bushels of "spuds" raised for shipment in the territory around Nacogoches this year.

Thus from the small crop planted there has been paid to the truckers about \$1800, and it was paid cash on the track.

When applied and covered with a hot cloth Pinesalves act like a poultice. Best for burns, bruises, boils, eczema, skin diseases, etc. Stripling, Haselwood & Co. dw

## Backache

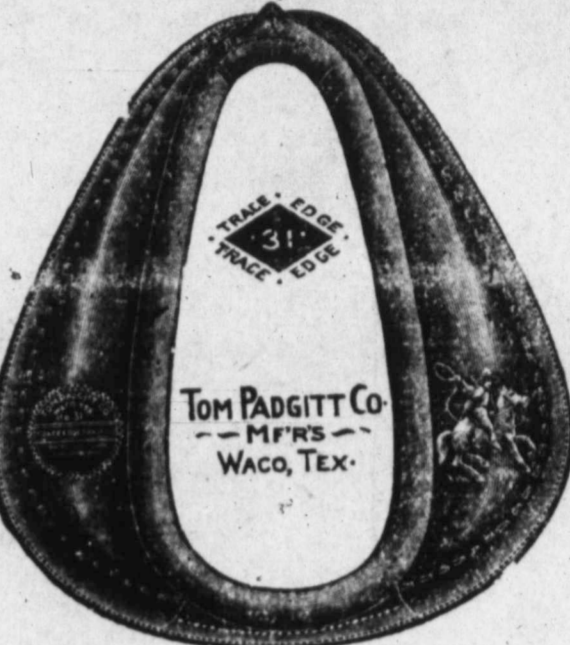

Any person having backache, kidney pains or bladder trouble who will take two or three Pine-ules upon retiring at night shall be relieved before morning.

The medicinal virtues of the crude gums and resins obtained from the Native Pine have been recognized by the medical profession for centuries. In Pine-ules we offer all of the virtues of the Native Pine that are of value in relieving all

**CUTTING AFFRAY**

**Walter McKnight Arrested Charged With Cutting Cliff Garrison.**

From Friday's Daily:

Yesterday afternoon in the little city of Garrison a difficulty arose between Walter McKnight and Cliff Garrison in which it is alleged that McKnight drew a knife and cut Garrison six times.

McKnight surrendered to City Marshal Uzell at Garrison and was brought to Nacogdoches and turned over to Constable McMillan. This morning McKnight gave bond in the sum of \$1000 with F. H. Tucker and T. B. Hardeman as sureties.

For bloating, belching, sour stomach, bad breath, malassimilation of food, and all symptoms of indigestion, Ring's Dyspepsia Tablets are a prompt and efficient corrective. Stripling, Haselwood & Co.

**Married Last Night.**

Last night at the home of the bride's parents, Mr. and Mrs. S. P. Smith, Mr. C. T. Haltom and Miss Minnie Smith were united in the holy bonds of matrimony, Rev. Frank Carnes performing the ceremony which joined these young people together for life.

Both the bride and groom are very popular young people of the Fairview community, and are quite well known in the city. The Sentinel joins with their other friends in wishing them a prosperous and happy wedded life.

**The Little Doctor**

**SAYS**  
Nine persons in every ten have Liver Troubles. If you're one of the nine--don't delay, try Ramon's Liver Pills & Tonic Pellets. Better than physics--don't gripe--act quickly and absolutely sure. Full treatment 25 cents. Sold by all druggists.

**SCHOOLS AFFILIATED.**

Prof. Davis received the following letter today.

Prof. Davis, Superintendent of city schools, Nacogdoches, Texas.

My Dear Sir:—  
You will be glad to know that the faculty of the University at its meeting yesterday affiliated the Nacogdoches High School in English, History, Mathematics and Latin. With best wishes, I am,  
Respectfully,  
W. J. Battle  
Acting Visitor of Schools.

**For the Blues.**

If you are blue, dejected, and feel like the world has it "in for you," the chances are your liver is taking a few days off. Put it to work by using Simmon's Liver Purifier (tin boxes); its the best regulator of them all.

**STATE PENITENTIARY BOARD.**

Regular Monthly Meeting Was Held at State Capital.

Austin, Texas, June 11.—The state penitentiary board convened in regular monthly meeting here this morning. The report of Financial Agent Wortham for May was approved as follows:

Balance on hand May 1, \$23,699. Receipts \$79,689, disbursements \$75,312. Balance on hand \$28,076. Receipts were exceptionally large last month.

The report of Superintendent Baker was as follows:

Convicts on hand May 1, 3899; new ones received, 97; recaptured, 1; returned by sheriff, 5 discharged, 60; pardoned 6; escaped 4; died 4; delivered to sheriffs 1; paroled 7; convicts on hand May 31, 3920.

**Do You Feel Worn Out?**

Maybe it's the enervating heat of summer, overwork or study, physical breakdown and exhaustion, may be the effect of disease or mental worry, at any rate the vital qualities are lacking. Brown's Iron Bitters supply these, renews your strength, fills you with new life and vigor. It's a wonderful remedy. dw  
Sold by Stripling, Haselwood & Co.

**Will Buy All the Tobacco.**

The Sentinel is in receipt of the following letter from Dr. Mayfield:

Santa Ana, Cal., June 9.—I may not get back home before July 31, the limit of my ticket, but I want to comply with every promise made to the tobacco growers, viz, the premiums offered by the Cigar Co. and by myself individually, as well as my individual word to buy every pound of tobacco grown under Mr. Oleson's directions, and all the balance, according to value as determined by experts—Wilton Ratcliff and Louis P. DeMouche, at the Cigar Factory, will attend to all this. Please dig up the original proposition of Mr. E. A. Blount, offering reward for best acre on certain conditions to which attention is invited.

These were I think that there should be at least five contestants, and the judges named are W. M. Hinson L. P. DeMouche and Dr. F. C. Ford. Success to the tobacco industry, and to great old Nacogdoches, mother of the glorious Lone Star State. J. E. Mayfield.

**Following The Flag.**

When our soldiers went to Cuba and the Philippines was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H. says: "I was two years in Cuba and two in the Philippines and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at Stripling, Haselwood & Co. druggist. Price 50c and \$1.00 Trial bottle free. dw

**WRIT OF ERROR ALLOWED.**

Must Now Be Passed Upon by the United States Supreme Court.

Carleton, Ohio 13.—Through an order signed yesterday by Justice Day of the United States Supreme Court, Albert T. Patrick will certainly escape the electric chair until next fall, and the greatest fight against execution on record is likely to be indefinitely prolonged.

Justice Day's signature carries the case over until the Supreme Court convenes in Washington in October, and then the full court must pass upon the issues involved, which may require some weeks. Until then at least Patrick may not be put to death for the murder of William Marsh Rice in September, 1900.

William Lindsey, formerly United States Senator from Kentucky, reached here today to present the petition for a writ of error to Justice Day and he had a local attorney to assist him. A Justice of the Supreme Court has it within his power and discretion to sign such a writ, provided that Federal issue have been raised in the State courts—that is, that a defendant's Constitutional rights have been invaded and that the fact has been called to the attention of the State Court.

The mere allegation of mistakes in the trial is not sufficient, there must be sufficient evidence to convince the Justice of a probability to win on appeal. The writ of error is accompanied by a supersedeas or order superseding the State judgment until the decision of the highest tribunal of the United States is given. The effect of the Federal writ is not unlike that of a certificate of reasonable doubt in the New York State practice, merely holding up the judgment pending appeal.

Justice Day did not make public the papers upon which the writ was granted and he made no opinion public, so the case stands that upon the papers presented he held that there was a proper basis for review by the entire court.

**Liver and Kidney Trouble**

Are more important than many imagine. Lame back, pain in the side, short breath, ringing in the ears, sunken eyes, general ill health accompanied by despondency and gloomy feeling are among the many symptoms. Take warning, Brown's Iron Bitters have cured thousands, they will make you well, dw  
Sold by Stripling, Haselwood & Co.

**Tried for Lunacy.**

This morning Watt Eddings, a young white man about twenty-three years of age, was tried before Judge Berger on a charge of lunacy.

A jury was empaneled, and in the absence of the county attorney F. D. Huston, Esq., represented the State in the case. After due examination, the jury were given in charge of Deputy Sheriff G. H. Hall to conduct them to place where they could conduct their deliberations. The jury returned a verdict declaring the young man insane. dw

**IN STRICT CONFIDENCE.**

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Alice Berryhill.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only. Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

Dear Mrs. Pinkham—

Three years ago life looked dark to me. I had absorption and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Five days I felt better but was not entirely cured until I used it for some time.

Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who today are as well and strong as I am from using your Vegetable Compound.

Just as surely as Mrs. Berryhill was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ill.

If you are sick write Mrs. Pinkham for advice. It is free and always helpful.

**List of Jurors.**

The following is the list of jurors for the next term of county court, which convenes July 10:

- FIRST WEEK.
- I. L. McCullom, J. S. Capps, S. C. Baugh, H. L. Austin, Tom Meroney, D. A. Perkins, W. E. Pinkston, Billivar Williams, Tom Crawford, Dock Skilton, Isaac Creel, Arch Jordan, J. D. Martin, Ed Summers, W. B. Pate, Jeff Duckett, Man Parmelly, (Will) Blake Thrsh.

- SECOND WEEK.
- O. P. Hail, Ben. Thomas, W. R. Hodges, Zennie Ennis, J. W. Williams, Cash Linthicum, Oscar Matthews, Geo. McMillan, J. E. Ennis, J. P. Sharp, Billy Hall, W. E. Thomason, J. C. Irwin, D. A. Risinger, R. R. Day, Sharp McNeil, Jno. Shoffer, A. L. Cash.

**Death from Lock Jaw**

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswaty, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Burch of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns, and Sores. 25c at Stripling, Haselwood & Co. dw

**Indigestion Causes Catarrh of the Stomach.**

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete ruin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

**Kodol Dyspepsia Cure** relieves all inflammation of the mucous membranes lining the stomach; protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

**Kodol Digests What You Eat** Make the Stomach Sweet. Bottles only. Regular size, 50c, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DeWitt & Co., Chicago, Ill. Sold by Perkins, Kleas & Mast

**RHEUMATISM**

ALMOST AS COMMON IN SUMMER AS IN WINTER.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a winter disease exclusively. Through the long months of Summer its wandering pains and twitching nerves are felt by those in whose blood the uric acid, which produces the disease, has accumulated.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system the urea, or natural refuse matter. This coming in contact with the different acids of the body forms uric acid which is taken up and absorbed by the blood. This acid causes fermentation of the blood, making it sour and unfit for properly nourishing the body, and as this vital stream goes to every nook and corner of the body, the poison is distributed to all parts. The nervous system weakens from lack of rich, pure blood, the skin becomes feverish and swollen, the stomach and digestion are affected, the appetite fails and a general diseased condition of the entire system is the result.

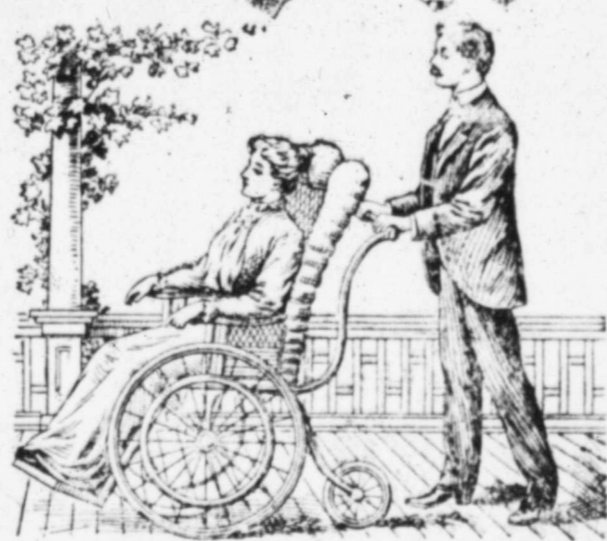

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable and dangerous trouble. If the uric acid is allowed to remain in the blood, and the disease becomes chronic, chalky deposits form at the joints, and they are rendered immovable and stiff, and the patient left a helpless cripple for life. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. With the proper remedy to force the acid out of the blood, and at the same time build up and strengthen the Liver, Kidneys, Bowels and other organs of the body, Rheumatism can be permanently cured. External applications relieve the pain and temporarily reduce the inflammation, and for this reason are desirable, but they cannot have any effect on the disease. The blood is poisoned and the blood must be treated before a cure can be effected.

S. S. S., a remedy made from roots, herbs and barks, is the best treatment for Rheumatism. It goes into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the sour blood so it can supply nourishment and strength to every part of the body, it cures Rheumatism permanently. S. S. S. is the only safe cure for the disease; being purely vegetable, it will not injure the system in the least, as do those medicines which contain Potash or some other mineral ingredient. S. S. S. tones up every part of the body by its fine tonic properties. While cleansing the blood of all poisons it builds up the appetite and digestion, soothes the excited nerves, reduces all inflammation, relieves pain and completely cures Rheumatism in every form—Muscular, Inflammatory, Articular or Sciatic. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. and purge the blood of every particle of the poison. Write for our book on Rheumatism, and ask our physicians for any advice you wish. We make no charge for either.

**SSS**

Write for our book on Rheumatism, and ask our physicians for any advice you wish. We make no charge for either.

**THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**

Last Summer I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I continued to take it regularly until I was entirely cured. I now feel better than I have for years.

CHAS. E. GILDERLEEVE,  
613 32nd Street, Newport News, Va.

## Uncle Sam Our Messenger To Farmers

Farmers along R. F. D. routes need not come to town for their drug store needs. Send us your order by the mail carries. We can fill it as conscientiously as if you was here in person--- which is saying that you will receive the very best drug store articles that it is possible to get and at the very lowest prices. Try this good service.

Justice Precinct 8—J. M. Marshall, W. D. Crawford, R. E. Lowe.  
Constable Precinct 1—W. E. McMILLAN, G. W. Stone.  
Constable Precinct 2—W. B. Stricklan, I. J. Rogers.  
Constable Precinct 3—R. L. Bentley, Delton Blanton.  
Constable Precinct 5—A. Huston, Joe Ross, R. W. Townly, H. K. Bussey, A. A. Biggs.  
Constable Precinct 6—Sandy Thacker, D. W. Bruce, Will Uzell.  
Constable Precinct 8—J. H. Copeland, Carl S. Means, W. C. Strode.

There is no need worrying along in discomfort because of a disordered digestion. Get a bottle of Kodol for Dyspepsia, and see what it will do for you. Kodol not only digests what you eat and gives that tired stomach a needed rest, but is a corrective of the greatest efficiency. Kodol relieves indigestion, dyspepsia, palpitation of the heart, flatulence, and sour stomach. Kodol will make your stomach young and healthy again. You will worry just in the proportion that your stomach worries you. Worry means the loss of ability to do your best. Worry is to be avoided at all times. Kodol will take the worry out of your stomach. Sold by Perkins, Kleas & Mast.

**Gun Toter Pulled.**  
Saturday afternoon Constable Will McMillan arrested Tom Herrin, a young white man, and took him before Judge Berger. The young man was charged with unlawfully carrying a pistol. A plea of guilty was entered, and Judge Berger marked the fine against the young man at \$125.  
You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves herself and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. Kodol for Dyspepsia takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by Perkins, Kleas & Mast.  
Reports from the North church community state that there was a fine rain in that section last night, and that the crops and truck was greatly benefitted thereby.  
If your stomach troubles you do not conclude that there is no cure, for a great many have been permanently cured by Chamberlain's Stomach and Liver Tablets. Get a free sample at Perkins, Kleas & Mast's drug store and give them a trial. They also cure constipation and biliousness.  
Constipation makes the cold drag along. Get it out of you. Take Kennedy's Laxative Honey and Tar cough syrup. Contains no opiates. Sold by Perkins, Kleas & Mast.

### Morris Sheppard Coming.

The Woodmen Log Rollers Association are quite sure that Congressman Morris Sheppard, sovereign banker of the Woodmen of the World will be here on the 10th of July and address the log rollers and their friends.

The committee having in charge the matter of securing speakers for the occasion, wired an invitation to Congressman Sheppard, to which the tolling telegram was received:

Washington, June 15.  
Log Rolling Association, W. O. W.  
Nacogdoches, Texas.  
Can I reach Milano morning July 11, if I speak at Nacogdoches on morning of July 10  
Morris Sheppard.

To this message the Nacogdoches Log Rollers' Association sent the following: Morris Sheppard,  
Washington, D. C.  
Can leave Nacogdoches at 3 o'clock and arrive Milano during night of July 10.  
Nacogdoches Log Rollers' Association.

Court Reporters Earn From \$1500 To \$3000 a Year.

Don't read this unless you want to be convinced of the wonderful superiority of the Byrnes Simplified Shorthand over all other systems.

There has been more official court reporters appointed in Texas during the past eighteen months who learned the Byrnes Simplified Shorthand in the Tyler Commercial College of Tyler, Texas, than there was official writers of all other systems in the state combined up to this time, as shown by the Directory of Official Court Reporters of the U. S. published and copyrighted by the Andrew J. Graham & Co. This proves conclusively the wonderful superiority of the Byrnes Simplified over all other systems. So far as we have been able to learn, we have never had a single student to go into the competitive examination for official appointment against writers of other systems and fail to win, and in many cases they were in competition with writers of other systems with ten and twelve years experience. Practically all the Tyler Com'l. College students received said appointments within two months after leaving school, and none of them had had as much as a year's experience.

With such overwhelming advantages in our system of shorthand and method of teaching, it is no wonder that the Tyler Commercial College enrolled more than 1000 students from 20 states during the past year. Its courses of Book-keeping and Telegraphy are as much superior to other systems as is its shorthand. Write for catalogue and see what hundreds of those who know say.

**Notice.**  
Meeting of Stone Fort Rifles Saturday night June 23rd. Important business.  
Carl H. Rulls,  
Captain Commander.

The sworn statement of the manufacturers protects you from opiates in Kennedy's Laxative Honey and Tar—the cough syrup that drives the cold out of your system. Sold by Perkins, Kleas & Mast.

## Heal the Wounds

The horse and cow when they receive cuts and bruises should receive proper attention. If not cared for the fles may cause a sore that may ultimately kill the animal. For every kind of sore use  
**Balsam Myrrh**  
one of the best antiseptics and healing lotions for the stock man. Free sample at the  
**SADDLE STORE**

Don't!!!  
Let your child suffer with that cough when you can cure it with Ballard's Horehound Syrup, a sure cure for Coughs, Bronchitis, Influenza, Croup and Pulmonary Diseases. Buy a bottle and try it.

B. B. Laughter, Byhalia, Miss., writes: "I have two children who had croup. I tried many different remedies, but I must say your Horehound Syrup is the best Croup and Cough medicine I ever used. Sold by Perkins, Kleas & Mast."

Nacogdoches farmers who planted tobacco this year will find the crop to be quite profitable, as there will be several buyers in the field at the time it is placed upon the market. The Nacogdoches cigar factory will purchase every pound of the crop at the market value on date of sale. It is also the intention of the management of the factory to have every leaf of the tobacco cured and packed in this city.

Ancient Rome is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc., Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by Perkins, Kleas & Mast.

Lumber Haulers Wanted.  
We want several wagons and teams to haul lumber. Apply to J. F. Summers at Nacogdoches Mercantile Co. Carraway Lumber Co. dr w

### Convict Captured.

Charley Jones, colored, who was arrested here several months ago on a charge of bootlegging whiskey, and was given a heavy fine and was put on the farm, jumped his job on the county farm and skipped out. Last night Constable McMillan captured Jones as he was in act of boarding a train at the water tank, and placed him in the jail, where he will have ample time to reflect over the chances he had to make good his escape.

If he is sent back to the farm he will have the pleasure of wearing a ball and chain during the day and at night he will be secured so that he cannot leave unless with the permission of the superintendent of the farm.

Wash Brewer and Arkin Kinney are still in hiding and if they are brought back to Nacogdoches they will have to share the same fate as their companions, Charley Jones and C. A. Cunningham.

There Are Few people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by Perkins, Kleas & Mast.
