A Correction.

A few days ago in reporting the accident of Wade Walters, it was stated that the accident occurred at the Hayward mill. Mr. Walters met the reporter this morning and stated that he was not employed at the Hayward mill but at the Wilson planer south of town. At the time of the accident The Sentinel was informed that it was at the Hayward mill. The correction is made at the request of Mr. Walters.

A Warm Debate.

From a gentleman who was in attendance at the meeting at Hemphill, The Sentinel is informed that the friends of Congressman Broocks are highly pleased with the result of the discussion, and he says that prominent gentlemen there say that Congressman Broocks will carry Sabine county by a vote of four to one. That's going some.

THE STATE NORMAL.

Represeative Haltom's Appointments for Ensuing Year.

Del Rio, July, 20.—I have been overwhelmed with applications for appointment to the State Normal schools. I am sorry I cannot appoint all who want to go. But I only had six, two each, of the white normals, and one to the colored normal at Prairie View. I have filled them, without partiality, as follows:

- Sam Houston: A. D. Rawlinson and Miss Evie Gray.
- Denton: Miss May Bridwell, and Miss Roxie Ivey.
- San Marcos: Gus Stevens and Miss Wanda Simpson.
- Prairie View: M. B. Davis, colored.

I have been unable to answer by letter a large number of applicants that came in late, and trust that this notice will be sufficient.

Died at Goldthwaite.

Miss Eviline Brown died at her home in Goldthwaite a few days ago.

Miss Brown was a grown daughter of B. R. Brown who for a long while made his home in Martinsville, Tex., while his daughter was a young girl. Her death has brought sadness to many hearts who loved her in that innocent childhood and think of her as a young woman whose beautiful influence has been taken from them and whose young life has passed into the hands of the Savior "To rest under the shade of the tree."

Rev. J. L. Dawson of Rusk passed through the city this morning enroute to Martinsville. Rev. Dawson was pastor of the Methodist church of this city a number of years ago and has a number of friends here who were pleased to meet him again.

Politics at Melrose.

Politics at Melrose is warming up and the friends of the various candidates are doing everything to prove their loyalty to the cause of their friends. But there is one gentleman in that community who has set the pace as is evidenced by the following news item:

Born to Mr. Ira and Mrs. Pearl Moore, a boy, christened, King Broocks Moore.

The letter accompanying this announcement says that Mr. King and Congressman Broocks are solid in that community, as they are naming the boys for them.

Judge W. D. Williams, candidate for railroad commissioner was in the city last Saturday mixing with the voters. His opponent is Judge L. J. Storey, who has held the position as railroad commissioner for a number of years.

When I announced as a candidate for the office of sheriff it was my intention to pay a visit to every community in the county and spend several days meeting the voters and old friends and making new ones, but unfortunately I have been forced to abandon this idea, but it was through unavoidable circumstances and through no will of mine. I have had some sickness and a severe attack sore eyes, which has prevented me from attending picnics, etc. throughout the county.

I am candidate for the responsible position of sheriff of this county, and will appreciate any favors shown my candidacy, and if in your wisdom you select me as your sheriff, I will discharge the duties incumbent upon the office in a fair and impartial manner. Ob-diently yours,

SOCIAL EQUALITY.

In speaking of Congressman Brooks and Mr. Cooper on the negro question, the Jacksonville Banner has the following on the subject:

"Mr. Cooper stands charged with retaining in his employ a negro clerk, at a salary of \$1400 per annum. Mr. Cooper pleads guilty to the charge. With such a record as that behind him, how can he have the nerve to censure Brooks for an alleged vote against the separate waiting room bill? As a matter of fact, Brooks' last vote on this bill was in its favor, as the record will show, but the Cooper forces have garbled the record in an attempt to prove that he voted against the bill, in order that white voters may be prejudiced against him. Mr. Cooper's defense of his action in retaining this negro clerk is an insult to the white men of Texas. What does he say about it? He kept Cuney, the negro, so that he could show some white man how to do the work, and he had to make a second trial before he could find a white man with sense and ability enough to do the negro's work. Wouldn't that jar you? Is it possible that in the whole State of Texas, or the United States for that matter, Mr. Cooper couldn't find a white man as smart as this negro? His explanation is even worse than the offense."

THE Beaumont Journal is about to have a fit because the Legislative League of the labor unions placed Congressman Brooks upon the fair list. Now if the Journal will be fair and just, for one time in its existence, it will have to admit that Congressman Brooks is justly entitled to receive this recognition at the hands of organized labor. Suppose it possible for him to have opposed every measure pertaining to organized labor fourteen years ago. His record as the congressman from this district on measures concerning labor would entitle him to be placed upon the fair list of any labor organization on earth. The legislative league has done the square thing, and is to be commended for its action.

If the Cushing Enterprise really doubts that the Rev. Geo. S. Carroll of Beaumont is a member of one of the largest printing corporations in the State of Texas, and really doubts that the reverend gentleman is a member of the board of directors of this printing corporation, The Sentinel has the proof and will take pleasure in showing any representative the Enterprise may select and send him to this office. What more do you want?

It may be possible that the commissioners court will order an election this fall for the purpose of issuing bonds for the erection of a new court house and jail. The Sentinel believes that the voters of the county will favor the issue of bonds to build them.

IT'S HELP! HELP!!

It is really amusing to see the Cooper men paw the air in rage because Brooks years ago espoused the Clark idea as four-fifths of his county people did at that time. Those were great questions that the greatest men in the state divided on. The matter has been settled in the party and all over the state Clark men, as well as Hogg men, are holding responsible official position. Even George Clark himself is now being run by the democrats for the legislature at Waco. John H. Kirby, Cooper's head man, was a leading Clark man and stumped the state for Clark. Since then Kirby has acted as chairman for the democratic state convention.

But the amusing feature of the whole thing presents itself when we see Cooper's approval put on men like Kirby, who went off not only after Clark, but voted for and made speeches for McKinley, even going into joint discussion with Brooks representing Bryan. He has had Martin Dies stumping Shelby, Panola and Cherokee county. This same Dies was once a Democrat—then went off and held office in another party, finally got back in the democratic party, now lives in Hunt county and represents some large oil corporations.

It is even said that one of the deputies under the republican Marshal has been stumping Nacogdoches county telling the people what a great man Cooper is. Then there is the Millionaire Weiss, of Beaumont, an ardent supporter of McKinley, writing letters to parties offering to furnish the money to get them to go to certain counties to work for Cooper. To an outsider it looks like to Cooper its help, help, anybody, any old party, Oh Lord!

A New York newspaper recently printed an editorial entitled "costly insects," which editorial referred to the appropriation by congress of \$100,000 for the distribution of parasitical insects to be used in the war on gypsy moths. B. S. Bowditch, a member of the New York Audubon society writing to the New York paper, says: "In conclusion you say that 'there are two ways to combat these insects,' spraying and the use of parasites. There is another check, equally natural and probably much more effective. If a little more attention were devoted to the adequate protection of our native birds hundreds of thousands of dollars would be saved to agriculture and horticulture. Out of some thousand forms of birds native to North America scarcely a half dozen have proved to be injurious instead of beneficial. The cuckoos, warblers, chickadees and many of our other common birds have been proven to be invaluable as destroyers of gypsy moths. The rose-breasted grosbeak eats great numbers of the potato beetles, and the scales are attacked most earnestly by the various titmice. To protect our native birds costs nothing and it can not fail to give marked results in the country's food production."

THEY LIKE BROOKS.

If Brooks, fails to do any good for the people of this district he has at least forced Cooper during the past two years to get acquainted with the people he was supposed to serve for 12 years. Under the old election law Cooper was in the habit, just before election of swinging round the district—stop over at a few of the leading towns—swap a few jokes with the end men and pull out. The boys did not get to meet him. Now, this has all changed. Brooks got out among the people and knows them. He was raised with them and they like his kind and they elected him. Now lo, and behold after 12 years as their servant Cooper is trying his best to get acquainted with them. In the past 12 months there has hardly been a little town, cross roads, store, school house or hog trail that he has not visited. And the papers—the dear newspapers—he did not pay much attention to them during those long, hungry 12 years. But now, the press association can't have an annual meeting or even a little side meeting without Cooper and his mascot, Kirby, being on hand to tell them how dear they are.

THE "WHY" OF IT.

Some people claim to be very anxious to know "why" Mr. Brooks was placed on the fair list of the Legislative League. The reason is obvious—because a considerable majority of the members of the League were convinced that he belonged there, and so voted. As to what particular fact most influenced the League members, each would probably have to answer for himself. We would, however, respectfully suggest that in view of the record made in the present congress by Mr. Brooks; and the fact that any objection to his fairness was more than barred by the statute of limitation, it would have required a great deal more effort to explain his absence from the fair list than it does to explain his presence there.—Common Sense.

ONE of the newspapers supporting the candidacy of Mr. Cooper declares that "Cooper has made his fight in the open" The deuce and Tom Walker! That certainly is a pipe dream. Is it not a fact that while Congressman Brooks was attending to his duties in Washington as congressman, Mr. Cooper and his friends of the corporations were covering the district with all kinds of literature and is it not also a fact that some one circulated the "unsigned circular?" Months before congress adjourned Mr. Cooper, was conducting a campaign. Are these methods fair? Gosh but your power of distinguishing right from wrong is rather limited, to say the least of it.

THE candidates for office in Nacogdoches county have been living the strenuous life for the past several months but then it will all be over next Saturday and then the defeated boys can go to their homes and settle down for another two years.

COTTON MILLS.

What do the members of the Farmers' Union think of erecting cotton mills on the same plan as they are erecting cotton warehouses?—Nacogdoches Sentinel.

Now you are "striking at the root of the evil," as it were. The warehouse plan may be all right, although we confess that we do not at this time see much advantage in the proposition. Any farmer can now bring his cotton to town and draw as much per bale on it as the warehouse plan will avail him, and the man or corporation who advances the money will take care of the cotton at as little expense to the farmer as the warehouse scheme proposes. But suppose instead of building warehouses, the farmers take stock in cotton mills. It has been demonstrated that the average bale of cotton will make \$500 worth of calico. If this be true, considered in connection with the further fact that a long freight haul—to the eastern factories and back again, would be saved, wouldn't there be much more money in the cotton factory than in the warehouse? And isn't building factories just as feasible as building warehouses? The suggestion is a good one.—Sherman Register.

BROOKS' RECENT RECORD.

In another column of Common Sense Mr. M. L. Brooks presents, over his own signature, his record on the labor measures which were before the fifty ninth congress. He notes five votes in the interest of organized labor in one session. Multiply this by twelve and then compare the record with that of Mr. Cooper. One would think that the Cooper barkers who have made so much noise over the thirteen year old legislative record would hang their heads in shame—but they won't. Shame is no part of their equipment.—Common Sense.

THE Cushing Brooks Club is the latest political organization in this county, and from the list of representative men whose names are signed to the document it appears as if Congressman Brooks will carry the Cushing box without much opposition.

THE candidates for representative are making a round of the county and discussing their respective platforms.

Maritime News.

The good ship "Primary" arrived at the quarantine station last Friday and will remain there the accustomed eight days. She will arrive in the city Saturday and will sail Sunday for "Salt River." The passenger bookings this year will be quite heavy, especially from Nacogdoches county. Strange as it may appear none of the candidates have as yet made application for passage. They had better get their luggage and supplies on next Saturday, because the officers will keep the lid on hard and tight, especially on that particular Sunday.

As soon as the passengers are booked for this excursion The Sentinel will publish the list of same.

TRUIT HAD THE RECORD.

It is said the joint discussion at Rusk, between Martin Dies, representing Cooper and Capt. Truit, representing Brooks, was pretty rich. Dies challenged Truit to produce Cooper's record and called on the audience to ask Truit to show the page and book. Truit was loaded for him having secured Cooper's record at Washington, with the page by which he showed that during Cooper's 12 years in congress he had not introduced, or gotten through, a single measure of national importance; that a great part of the time, even when it was necessary to vote he was either absent or parried with some one. That it seems from the record that the greater part of his time was devoted to trying to get pension bills for a few republican federal soldiers scattered over this district. He seems to have been more of a republican pension agent than any thing else. In the list was a republican ex-office holder now living in Nacogdoches county, who was never near a battle who says himself he wanted no pension—he is now an ardent Cooper man. Capt. Truit is an old confederate soldier who bears the scars and they say what he did to Dies and Cooper along this line was "a plenty". In fact Dies announced when Truit closed that he would not use the time allowed him for rejoinder. Mr. Dies was sick next morning and returned to his home and corporate work in Hunt county.

MANY of the papers supporting the other candidates for governor, have made it appear that Mr. T. M. Campbell of Palestine, candidate for governor, is in favor of exempting the homesteads of Texas from taxation. The papers and candidates making these accusations know that such a thing never entered the mind of Mr. Campbell, and have used the story maliciously. What Mr. Campbell did say concerning this particular measure is here reproduced for the benefit of Mr. Campbell's friends, and that his enemies may set themselves right: "Our entire taxing system should be overhauled and remodeled; new fields of revenue should be explored that property now escaping taxation can be uncovered and placed on the tax rolls and ultimately all funds necessary to meet the state's requirements can be had and at the same time the state ad-valorem tax rate. Can I believe, be reduced materially and in a short while every homestead actually occupied by a family can and should be exempted from all taxation for state purposes. Lay the lightest possible burden upon the homestead that the people may acquire homes and love their country more."

WITH bumper crops in East Texas this year, many will decide to pay the old home a visit. Those who do take the vacation should begin right now gathering statistics to show the old friends what a grand and glorious part of the dear southland East Texas really is.

MONEY IN TRUCK

Truck growers around Nacogdoches this year have been very successful in placing their truck in the proper markets and they all report that they have received good prices for everything that has been shipped from this point. The Sentinel is pleased to hear the success of the trucker and hopes that next season that they may be more successful than in the past. There is good money in the truck and fruit business provided farmers go at the business in a systematic and business like way. A few acres devoted to truck and berries will make the ordinary man a good living and the average man money to place in the bank. When truck is planted it requires attention, and from that time until the crop is harvested proper care must be given the growing and marketing of same. There is one thing the farmers of this part of the state are overlooking, and that is the culture of strawberries. The soil and the climate are well adapted to the culture of the strawberry and the shipping facilities are here. A few farmers have experimented in a small way with the strawberry, and success has crowned their efforts, but so far no one has ventured to engage in the business to furnish the markets with the Nacogdoches berry. There is a good profit in the berry business and the truckers in this section should be enjoying some of the good things in this particular business.

WISE AND OTHERWISE.

If you can't say a good word about your enemies, make the people believe you are wise by keeping your mouth shut.

Do not add fuel to flames of anger by using hasty language.

The art of cultivating hope and confidence in your neighbors, will bring sunshine and happiness to any community.

Having confidence in yourself and a love for Nacogdoches will soon establish a reputation, if you don't believe this try it one year and note the result.

Extend the glad hand to your optimistic friend. He's a bully good fellow in any community.

Above all things avoid pessimism.

THE Beaumont Journal is using every effort within its power to get the legislative league to rescind the action of the recent convention which declared Congressman Brooks fair to organized labor. What has Mr. Cooper ever done for organized labor? The last session of congress shows what congressman Brooks done. It is not a matter of sentiment.

REMEMBER if you wish to transfer your children to the Nacogdoches schools, that you must attend to the matter before August.

HON. S. B. COOPER'S RECORD

On The Hogg Amendment and Hogg Measures.

As a member of the platform committee of the State Democratic convention held at Waco in August, 1900, Mr. Cooper voted three times against the Hogg amendment, viz.

"That the constitutional amendment to define and prevent insolvent corporations from doing business in the state; to prevent the use of corporate funds in politics, to suppress the free pass system over the railroads, as presented and discussed by J. S. Hogg before the public recently, shall be submitted by the next legislature to the people for their action thereon."

Mr. Cooper voted against the substitute platform offered by Gov. Hogg's supporters at the Waco convention in 1900 containing the following planks, thus voting against them:

PLANK THREE—That corporations now escaping taxation under the ad valorem system shall be made to pay a just tax, annually, on the gross receipts of their business.

PLANK SIX—That the Railway Stock and Bond Law shall be upheld and supported to protect the public against fictitious issues of bonds and stocks by the railway manipulators, as their favorite efforts of maintaining night traffic rates, and of robbing the public.

PLANK SEVEN—That the Alien Land law and the Corporation Land law shall be upheld and supported so that titles to the soil shall not be held in monopoly or perpetuity or by aliens in the United States.

My attention was called to Mr. Cooper's vote on these measures a few days ago, and upon an examination of the Dallas News of August 10, 1900, and the Houston Post of August 9, 1900, I learned that Mr. Cooper voted as above stated. If anyone doubts the correctness of this statement I refer them to the Dallas News and the Houston Post of the above dates. These papers are on file in the respective offices of these papers and can be examined by anyone so desiring. I also refer you to Hon. R. W. Hudson of Pearsall, Texas, who offered the Hogg amendment and the substitute platform; and to the following telegram received by Mr. Geo. C. Greer from him:

"Pearsall, Tex., July 20, '06
"Geo. C. Greer,
"Beaumont, Texas:

"Cooper voted against both substitute and amendment; can give vote from papers in my hands made at the time (Signed) "R. W. Hudson."

You thus see that after the wisdom of the measures advocated by Gov. Hogg had been demonstrated, Mr. Cooper was found opposing them in one of the most memorable struggles of that lamented statesman's life. I ask the voters of this district, in all

good faith, has he dealt fairly with you and me on these measures—or has he attempted to deceive you?

Respectfully submitted,
M. L. BROOCKS.

WILL SUPPORT BROOCKS.

Some time ago, Hon. S. B. Cooper, our former Congressman, sent a circular throughout this county in which reference was made to the fact that he had represented me in a suit against the Texas and New Orleans Railroad Company, and that I was a satisfied client, etc., and the inference may have been left with some that I was supporting Mr. Cooper for Congress this time, and to correct that error and to advise my friends of my position in the matter, I write this letter.

On the 1st day of May, 1905, my son, John, who was a fireman on the Texas and New Orleans Railroad Company, running from Athens to Dallas, was injured in the derailment of his train, from the effects of which he died on the 20th day of the following June. I believed that his death was caused through the negligence of the railroad company, and I employed Mr. Cooper to represent me as counsel in the matter. Mr. Cooper compromised the claim for me without suit, and I paid him \$500.00 in cash for his services. I am satisfied with his a judgment of the claim, and am a satisfied client, as he states, and would not make this statement were it not for the fact that some one has circulated the report that Mr. Cooper represented me free of charge.

I believe that Mr. Cooper is a good man, and has represented his district in Congress well, and I have supported him for many years, but he has held the office for 12 years, and was defeated, and now the office is held by Mr. Brooks, and as a lifelong democrat I believe in the democratic doctrine that a public servant who has done his duty in office, ought to have a second term. This, I believe that Mr. Brooks has done, and I believe that he ought to have a second term. Besides, I am personally acquainted with Mr. Brooks, having known him for many years, and I know him to be an honest man, capable and trustworthy, and I have concluded to give him my support for a second term.

J. L. Hensarling,
Lulkin, Texas, July 20, 1906.

Mr. CAMPBELL made a proposition to the other candidates for governor to accept a blanket vote as to who should receive the nomination of governor, but the other gentlemen could not see it that way. Mr. Campbell is willing to let the people in their sovereign right select the nominee and was willing to abide by their decision.

Last Sunday while attempting to separate two young men who were in a fight, John McKnight who lives near Douglass was accidentally cut in the side with a large knife, and the report comes to the city that Mr. McKnight is in a very critical condition.

In a recent speech at Tyler Judge Bell is quoted by the Dallas News as delivering himself of the following:

"While I was Attorney General I discovered many defects in our laws, and I concluded that if elected Governor I could be of some real service to the people, who have been so kind to me in the past, and bring some distinction to myself."

While he was Attorney General, Judge Bell gave no evidence that he possessed any of those qualifications that are necessary to make a good Chief Executive. For the two first years, at least of Governor Lanham's Administration, according to popular belief, Judge Bell was virtually Governor, and yet no jury in the world would convict the Lanham Administration of doing a single thing that was even akin to greatness. Judge Bell has had much to say about the way he made the trusts come across for violations of the anti-trust laws, and yet it is an indisputable fact that most of this trust money was paid into the State Treasury as a result of the work of County Attorney Henry Faulk of Travis County, who instituted most of the suits and in which Attorney General Bell did not join until several months after the suits had been filed. And even after Attorney General Bell had joined in the suits, a compromise would have been effected with the violators for a much less sum than was paid to the State, if Attorney General Bell's advice had been heeded and which County Attorney Faulk most strenuously opposed. We have Mr. Faulk's own statement for this and we have every reason to believe that Mr. Faulk told us the truth. And yet Judge Bell has been going about over the State claiming credit for work done by Mr. Faulk and boasting in his speeches how he made the brewers come across—those very brewers that are now supporting him for Governor. That the people of Texas have been "kind" to Judge Bell, there is not the least doubt, and Judge Bell should now prove his gratitude to the people by giving them a much-needed rest.—State Topics, Austin, Texas.

Vote For Brooks.

The only time Cooper ever had an opportunity to do a good word for Shelby county, his mind was so absorbed in matters in the lower end of the district, that he let it slip. The "Maud Howell" and other small vessels would have been doing business up to Logansport today, at the same rate of tonnage enjoyed by Shreveport had Mr. Cooper tried to have kept it up. For this one reason you will be justified in "handing him one" July 28.—Tenaha Messenger.

WHILE its not much of our business and some would tell us to shut up our bawoos, we wish to inform our friends in Texas of several other predicaments of like character on Cooper's part. By all means vote for Brooks.—Inter-State News.

THE trusts can feel grateful to the republican administration for the large amount of good advertising which has been given free of cost.

WIESS "PAYS THE FREIGHT."

An amusing letter from Wm. Wiess, the Beaumont millionaire, and director in the Kirby Lumber Company, who headed the Clark fight against Gov. Hogg in Jefferson County in 1892, and rode to Houston from Beaumont to the Clark rally on a train carrying about one thousand people, and a huge boar which had been killed and tied to the cow catcher, emblematic of the political death of J. S. Hogg, and afterwards a strong supporter of McKinley, as is well known in the Beaumont country. (also an amusing reply)

"BEAUMONT, TEXAS, June 11th, 1906.
Mr. V. J. WITHERS,
Buna, Texas.

MY DEAR SIR AND FRIEND:—

As a lifelong democrat, I am writing you in the interest of S. B. Cooper for congress the next term. I know you can do much good in your vicinity. I also know you are in a position to do him much good in Shelby county.

In this connection I want to ask if you are willing to make a week's trip to Shelby county in Cooper's interest? If so, please write me promptly on receipt of this letter. I will personally bear all of your expenses. There cannot be much delay in this matter, as the primaries come off some time about the middle of July.

If you will make the trip in question I will have young Mr. Cooper come up and give you some details as to who are Mr. Cooper's friends in Shelby county and who are not. Cooper's election is of vital importance to this district; in fact I regard it as absolutely necessary that we return him to congress in order that this district may get all that is coming to it. Please don't delay your reply to this letter.

I want to meet you in the near future and want you to come and spend a few days with me at my home at Lakeview.

Yours very truly,

W. WIESS."

W. W.

"BUNA, TEXAS, June 18th, 1906
Mr. W. WIESS,
Beaumont, Texas

DEAR SIR AND FRIEND:—

Your welcome letter received, and as an old friend of yours and Cooper's, I would be glad to help you elect Mr. Cooper, but, in justice to my district first, and to our young congressman, M. L. Broocks, second, and following the old time democratic principle, which is give Mr. Broocks his SECOND TERM, I must honestly refuse to make a trip to Shelby county in the interest of Cooper.

I think Broocks is doing well. He has voted like a true democrat; just gotten the Port Arthur bill through, which will help our timber interests in Eastern Texas and West Louisiana, if the senate agrees.

I have not heard Broocks trail much, but he votes right, showing that he can bark up the tree where the COON is.

When I take a young dog out and he barks at bear sign all the time, and stays till I get the bear, I don't swap him for anything.

I hope all my friends in Shelby county and every county in the district will vote for Broocks.

Would be glad to stay with you a few days at your home below Wiess Bluff and kill you a fat BUCK, then you might HELP ME re-elect San Augustine's noble son.

I came to Shelby county in 1837 from Kentucky, and am now 88 years old and able to plow, and must say from experience, that I have never know it to be the best keep one man in office long. Mr. Cooper was our congressman a long time, and voted for him, but when Broocks is in the office as long as Cooper was, if I am living, I will vote against him, "as a lifelong democrat."

Come up and see me and tell Mr. Fletcher to come. Give my best wishes to all my friends in Beaumont.

Hoping to hear from you again, I am,
Your friend,
V. J. WITHERS."

To the Voters of Nacogdoches County,

In canvassing for the Legislature, it is almost impossible to see each individual voter personally, and I take this method of stating to those not seen by me, that it was not my purpose to overlook them, and to those not visited which constitute the majority of the voters in the county, I want to say that your vote will be as highly appreciated as that of those who I have seen. I will state further that I have no tricks, or schemes to work in the primaries. I am willing to leave the result in the hands of my countrymen, and if you should see fit to honor me with the nomination for representative it will be greatly appreciated. And if this should be your decision the humblest man as well as the most influential man in the county will be treated alike; on the other hand if you think my opponent is the proper man for the place, I will not become offended, but will use all my energies to help you elect him. No literature of any character will be used by me outside of this article before the primaries to take place next Saturday the 28th inst.

I have been specially invited by the North Church and Shady Grove communities to address them on the 25th and 26th inst. On account of previous engagements (and I regret it very much) it will be impossible for me to reach these points; and my appointment to address the citizens of the city of Nacogdoches on the night of the 27th inst is also called off.

Yours most obediently,
John S. Doughtie.

From Mr. Crim.

Jacksonville, Texas, July 23, 1905.—The Daily Sentinel, Nacogdoches, Texas, Dear Sir: It has been said and is being said, so I am reliably informed, by men in your town and county, that I was the starter and sole "getter up" of the Broocks club in the town of Cushing.

In justice to the parties who were, as I desire placing credit where it belongs, I will say that said statement is a falsehood, maliciously perpetrated; having for its object, the creating of a feeling against Mr. Broocks on account of my being an insurance man, by having the public think that I am supporting Mr. Broocks for congress on account of some service rendered for my company, which is absolutely untrue unsupported by the least of proof.

I supported Mr. Broocks two years ago and have no explanation to make as to why I am doing so now, further than that I believe him to be the better man in race for the place and that he is entitled to it.

As to who were the getters up, of or starters of this club, will say that H. A. Dotson, E. W. Dunn, T. J. Plunkett, R. L. Ransom and Tom J. Carriger were the men to whom the credit belongs, and that I was only called in to take one of the papers around, and gladly did so for one day when I turned same over to the parties before mentioned they completed the list. I am a voter in this district

and proud of the fact that I can do something in Mr. Broocks' interest in Nacogdoches county as well as my home county (Cherokee) and evidently there must be something doing for the good of Mr. Broocks.

"The hit and hurt dog always howls" and sneaks away from the party who hurt him with enmity and hatred in his heart for said party.

When a man makes no enemies, he rarely accomplishes anything, so I take it as a compliment for these fellows to jump on to me.

Do it again boys, if it pleases you, why I am tickled.

With personal regards I am,
Yours Truly,
R. J. Crim

To The Voters.

Gentlemen:—I have been unable to meet a majority of the voters in the interest of my candidacy for tax collector but this was caused by the sickness of myself. As the time is very close, it will be impossible for me to see you personally, so I take this means of asking you to consider my claims on the 28th and I assure you that I will appreciate any favors shown me.

J. B. King,
Candidate for Tax Collector.

REMEMBER that there will be precinct conventions held at every voting precinct next Saturday afternoon to elect delegates to the county convention. This is one election where everything will be conducted in accordance with the provisions of the Terrell election law.

We have just received a car load of Schnapps, Brown's Mule, Our Advertiser R. J. R. Smoking and other of R. J. Reynolds Tobacco Company's popular brands.

Chewers are fast becoming convinced that these brands give genuine satisfaction and show their appreciation of their excellent chewing qualities by making them fast sellers. The demand for these brands is rapidly growing, and dealers will advance their own interest by placing themselves in a position to take care of this increased business. Send us your orders.

Brooks—Cooper and the Record, Editor Sentinel:

As is well known now by almost every voter in this congressional district the principal, and in fact only reasons urged by S. B. Cooper in his literature sent broad cast throughout the district as well as in his numerous personal speeches—is that M. L. Brooks is not the proper man to represent this district in congress because of the record of Mr. Brooks when a member of the State Legislature in 1894.

The particular votes of Mr. Brooks in that body now urged by Mr. Cooper as showing him (Brooks) unfit to represent this district in congress being his alleged vote on the separate waiting room bill and his several votes against certain bills then pending to wit: The stock and bond law, the alien land law and the insolvent corporation law.

As to the separate waiting room bill Mr. Brooks has in many joint debates, recently stood in the personal presence of Mr. Cooper and denounced Coopers act in circulating the charge that he was opposed to this bill as "an infamous falsehood maliciously and knowingly circulated by Mr. Cooper to injure him,"—and Mr. Cooper has sat silently in the presence of thousands of our people and swallowed this denunciation. Does this indicate that Mr. Cooper is the man the people of this district want to represent them in congress? As to the other three measures opposed by Mr.

Brooks. Mr. Brooks candidly and honestly states that he voted against them, that at the time he thought he was right and that subsequent events and development convince him now that he was wrong and he has long regretted his action. This indicates in Mr. Brooks what the people most want and need in this congressman, the quality of honesty, honor, personal and political integrity.

Now a recent investigation of the proceedings of the Democratic State Convention at Waco in 1900, shows that Mr. Cooper, the same Samuel Bronson Cooper, who is now throughout this district denouncing Mr. Brooks for opposing these measures in 1895 when pending as new and untired schemes in the state government, was a member for this senatorial district of the committee on platforms, and when these same measures were before the platform committee for endorsement actually voted against the endorsement of each and every one of them as can be seen in the Houston Post and Dallas News in the report of the proceedings of said convention issues of August 9th and 10th, 1900. And yet in the face of this fact of this record of his own in opposing the endorsement of these self same measures only five years ago. This man—this Vener of Henry Kirby the Lumber King,—trusting that the people had forgotten the Waco convention dares to denounce Mr. Brooks for doing what he himself did five years later—

as the trusted representative of this senatorial district on the platform committee of the Democratic State Convention Is this the conduct of an honest man? Or has Mr Cooper absolutely forgotten his action on that committee?

If not honestly urged who can approve such dishonesty even in politics? If he has in five short years absolutely forgotten his position on these important questions, then can the people trust in congress as their representative a man with such a treacherous memory. S. W. Blount.

Bowel Complaint in Children

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. Catholic Lectures.

Rev. Father Roche will lecture at Appleby Thursday afternoon and night, and Friday afternoon and night. He is a splendid speaker and the good people of Appleby who may attend the lectures will find the reverend gentleman to be all that his friends claim for him, and it will be worth a trip to hear him lecture.

Leon Jones and wife of Houston are visiting Mrs. Jones parents, Mr. and Mrs. J. B. Nix near Melrose.

Melrose Musings.

Our little city has had several visitors the past and present weeks.

Miss Clyde Seale, of Garrison is a guest of her aunts, Mrs. Reese and Mrs. Powers.

Miss Commy Stakes, of Oak Ridge, was visiting Mrs. Taylor Mast and others last week.

Miss Gladys Simpson, of Oak Ridge, was the guest of Miss Lora Hardeman the past two days.

Miss Bess'e Ross, of Garrison is visiting her sister, Mrs. J. B. Stripling.

Mrs. Sada Green and little son, from Beaumont, are spending several weeks with her parents, Mr. and Mrs. Henry Thomas.

Miss Alma Brewer, of Swift, was the guest of the Misses Powers.

Mrs. Trawick of Lutkin has been a guest of Mrs. Ella Swift for several days visiting her little granddaughter, Bernice, and many other relatives, who are always glad when she makes her summer trip to our town.

Congressman Brooks, had a large crowd out to hear his speech and impressed us very favorably. We, the ladies, want you voters, to send him back to Congress. He belongs to our part of the district and we think he thoroughly understands his mission there.

Capt. Mast is slowly improving. He has been lingering near death's door many weeks, severely suffering with a strange malady, that doc-

tors or nurses fail to understand. Some times it seemed he could not possibly live another hour, but his patient courage has somewhat overcome the disease and there is some hopes now of his recovery.

Miss Tee Hall and Mr. Frank Adams were married last Sunday, 15th at the home of the brides mother. There were only a few friends and relatives present to witness the pretty and impressive ceremony that made these popular young people one for life. Miss Tee looked very charming in the soft white robe which set off to perfection her sweet noble face. Mr. Adams has only been

here about a year, and has won many friends by his many good traits. We wish them a happy like together. They are at home to their friends at the Adams home on West Main street.

The school picnic that was announced for next Saturday will be put off until Saturday week, August 4th, the moon will shine full then and will be more pleasant in other respects. Every body invited to come and bring some one with you.

LET every democrat attend primary election next Saturday and take part in the nomination of the state and county officials.

Young Men Cannot Vote.

The attorney general several years ago submitted a ruling to the officials of the several Texas counties regarding the voting of minors who will not become twenty one years of age prior to the general election in November, but who at the time of the coming July primaries will not have attained their majority.

This ruling is in substance that the primary election, being held to be a legal one for the purpose really of nominating candidates, no one can vote who is not twenty-one prior to the date of the primary, even if he is to maintain his majority prior to the general election in the fall. It has been the custom heretofore for the election judges to allow a young man to cast his vote before he is twenty-one, where he is to attain that age prior to the general election in November.—Honey Grove Signal.

Best of All.

R. J. Mayher, No. 466 South Clark St., Chicago, writes as follows;

"I have kept and used Hunt's Lightning Oil for the last ten years in my family. It is the only kind to have and the best of all.

It cures Cuts, Burns, Bruises, Sprains, Aches, Pains, Stings and Bites. It kills Chiggers, too.

Capt. A. J. Murphey reports that the farmers are not subscribing to the stock in the Nacogdoches Farmers, Union Warehouse company as liberally as they should. He says that there will be a meeting of the county Union in this city on next Thursday for the purpose of taking final action upon the matter.

It's Fine.

C. M. Johnson, Louisville, Ky., writes;

"I have used your Hunt's Cure and it is fine."

We have many similar letters. Hunt's Cure is a strictly guaranteed remedy for any variety of skin diseases. It stops itching instantaneously.

RUNNING for office appears to be Mr. Cooper's weakness. The people gave him a mild dose two years ago hoping to make the conceit out of him, but he bobbed up as a candidate before the ink was dry on the tally sheet. He will be given a double dose on the 28th that will cure him.

Good Sample.

R. T. Blair brought to the Times office yesterday evening a stalk of cotton pulled up at random in his crop a mile and a half west of town. The boll weevil had left only 150 bolls, blooms and squares on it, and this is a fair sample of the ravages of the weevil in a seven acre patch.

Mr. Blair says he found only two squares on the ground while walking through his field; both of these were punctured, but when they were cut open he could find nothing inside them in the shape of worm, bug, or egg.—Timpson Times.

ABRAHAM LINCOLN

was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place, never equalled by any other like remedy. It is a sure cure for Coughs, Colds, Bronchitis, Influenza and all Pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine. Sold by Perkins, Kleas & Mast.

THE attending physicians have informed Mr. Campbell that his health would not permit him to do any more campaigning. This will be a great disappointment to Mr. Campbell's friends and admirers.

A hundred years ago the best physician would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold, clears the head, relieves all coughs, cleanses and strengthens the mucous membranes of throat, chest, lungs and bronchial tubes. Sold by Stripling, Haselwood & Co.

DON'T be too self important—you may possibly be disappointed in your own self some day.

Every form of distressing ailment known as Piles originates interdaily. The real cause of the trouble is inside. ManZan is put up in collapsible tubes with nozzle, so the medicine can be applied where it will do the most good, and do it quickly. If you are suffering with piles you owe yourself the duty of trying ManZan. Sold by Stripling, Haselwood & Co.

THE readers of The Sentinel are reminded of the fact that there is no corporate power behind the candidacy of Congressman Brooks. He is the candidate of the people, and from present indications he will be nominated by an overwhelming majority.

You can see the poison Pine-ules clears out of the kidneys and bladder. A single dose at bedtime will show you more poison upon rising the next morning than can be expelled from the system in any other way. Pine-ules dissolve the impurities, lubricate the kidneys, cleanse the bladder, relieve pain and do away with back-ache speedily, pleasantly, permanently. Sold by Stripling Haselwood.

For that Dandruff

There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you—healthy hair, no dandruff, no pimples, no eruptions.

Thumb Cut Off.

From Friday's Daily: This morning while operating one of the machines in the planing mill of the Hayward Lumber Company's plant, Wade Walters had the misfortune to get his right thumb cut off in the machine. Mr. Walters came to the city and had the hand dressed.

The machine caught the thumb close up to the hand at the second knuckle joint.

Saw mill men and ginners will be glad to know that all kind of mill supplies, Belting, Pulleys, Lumber Dollies, ect, can be gotten from D. K. Cason at Nacogdoches. Send him your orders.

For Twenty Years.

Other chill remedies have sprung up, flourished for a brief season, then passed away—even from memory—but twenty long years Cheatham's Chill Tonic has been in the field of action. The reason is simple. It has merit. It actually cures Chills and Fevers while the majority of others merely promise to. One bottle guaranteed to cure any one case.

As the date of the primary election draws near the people are more tully convinced that Congressman Brooks is the logical candidate for the second congressional district.

Do You Itch?

The cup of human misery is never quite full until some form of itching skin disease is added. Then it overflows, Hunt's Cure is a specific for any itching trouble ever known. One application relieves. One box is guaranteed to cure any one case.

Work is progressing nicely on the old school building and when completed it will present a creditable appearance and will add quite an addition to the school building at the central school.

Your Liver

is out of order. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for Constipation, Dyspepsia and all liver complaints. Mrs. F.— Ft. Worth, Texas writes:

Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine. Sold by Perkins, Kleas & Mast.

Bootleggers in The Kooler.
Sheriff Buckner landed on Wallis Jones again for "bootlegging whiskey" and has placed Wallis in the county jail. It is alleged that the defendant was caught this time delivering the goods. He will be given an opportunity of explaining why at this term of the court.

Alex Scott, a dark and loud smelling son of Ham was arrested yesterday on a charge alleging the unlawful selling of whiskey in prohibition district, and was placed in the county jail to reflect over the matter.

It can be said of all the officers of the county that when the proper information is placed in their hands, the bootlegger is usually placed behind the bars, to seriously think over his sins.

Charter Received.

Hardy Dial received the charter yesterday for the Timpson Cotton Warehouse company, and will go to Timpson next week to deliver the same. The Timpson Union has subscribed for all the stock in the warehouse company, and propose to get their building erected, and be in shape to handle the crop of this year.

Nearly every one has treated themselves to a new buggy or surrey. If you have not, get one from D. K. Cason, quick, the price is right.

When applied and covered with a hot cloth Pinesalves act like a poultice. Best for burns, bruises, boils, eczema, skin diseases, etc. Stripling, Haselwood & Co.

W. D. March of Mt. Enterprise was in the city this morning on a business trip. While here he visited the mill supply department of D. K. Cason, and purchased one of the latest improved edging machines for his saw mill near Mt. Enterprise. The saw mill men of East Texas are fast learning that Nacogdoches can supply their every want in the way of machinery and machinery supplies, and the most important feature is that the prices are no higher than the foreign houses and then they get the goods now.

MR. COMMON SENSE,

EVERYWHERE, U. S. A.

DEAR SIR: If your neighbor sells you a horse, giving you the privilege of a thorough trial, agreeing to take him back if he is not entirely satisfactory in every respect, you are bound to know two things:

- 1st, That he believes the horse is all right.
- 2nd, That his intention is to give you a square deal.

That is exactly the way we are selling our goods.

We don't want your money unless you are pleased.

We believe that we can please you, or we wouldn't make that offer, but the decision rests entirely with you.

LOOKING FOR EXHIBIT SITE

Farmer's Union of Texas Wants Sample Rooms in Houston.

Houston, July 19—For the purpose of arranging for the cotton exhibit and sample room which is to be maintained here by the Farmers' Union of Texas. Mr. J. A. Martin, representing that organization, is now in the city. He arrived this morning and will spend the day in Houston, during which time he will have made the preliminary arrangements toward securing an exhibit hall and other sample room a success. Tonight he returns to his headquarters at Dallas. Whatever other steps are taken in connection with the work will be done by the local branch of the organization at the head of which is Mr. Martin, a brother of the Dallas man.

As is known, the sample rooms and exhibit is to be maintained here for the general benefiting of the crop as well as the better classification and assorting of the staple throughout Texas. Samples of different grades and varieties of cotton will be on exhibition at all times and the more scientific processes for cleansing and caring for the fleece will be experimented with and demonstrated for the satisfaction of cotton growers throughout the state. All the work will be carried on under the auspices of the Farmers' Union which is in a fair way to achieve success along lines which have been attempted for years without success.

Twenty Year Battle.

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve which turned the tide by curing both, till not a trace remains," writes A. M. Mt. Moriah Locals.

The health of our community continues good and there is only one case of sickness in the community, and that is Mrs. Tom Gillis, and she is reported much better at this writing.

A good rain fell here today and the crops have been greatly benefitted. Some farmers are reporting that the boll weevil is doing quite a lot of damage to the cotton crop.

We have school here this summer. The school is under the supervision of Prof. Y. C. Vought.

Mr. A. J. Cooper and wife of Black Jack are here visiting relatives.

A good protracted meeting is in progress and much interest is being manifested. The meeting is being conducted by Rev. G. E. Hammon and Rev. J. S. Judd.

Oil interest here are still on a boom. We will have an oil well soon, as there has been two wagon loads of machinery and paraphernalia for drilling an oil well placed on the ground.

The timber men are frequent visitors in this part of the county and they are a busy set.

LOAD IS TOO HEAVY.

New U. S. Army Pack Overcame Soldiers on Practice March.

Chicago, July 18—Under the strain of carrying a 90-pound pack which is now being a test by the government eight soldiers of the two battalions of the 27th infantry regiment who left Sheridan for Chicago preparatory to marching to Indianapolis for the fall maneuvers, were overcome by fatigue and heat and it was necessary to place them in an ambulance before half of the day's journey had been completed. Two of the eight companies were carrying the Merriam improved pack. This pack is an improvement over the old knapsack and its use will enable a man to carry rations for three days, and ninety rounds of ammunition while marching. The actual weight of one of these packs is ninety pounds.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Sewer Trench Caved in Covering Mexican Laborer

San Antonio, Texas, July 19.—Buried alive, eight feet deep under tons of gravel; Jose Lopez, a Mexican laborer, met his death here, while his 12 fellow laborers worked frantically to rescue him from his living tomb.

Lopez was working in a sewer trench when the side walls for a distance of 15 feet caved in. The sewer was 10 feet deep and Lopez was buried beneath the great mass of gravel. It took the workmen over an hour to remove the gravel, from off his body. He was dead long before that time.

ONE VOTE, ONE DELEGATE.

The Attorney General's Ruling for the State Convention.

Austin, Texas, July 19—The attorney general this afternoon, in response to inquiries from several counties, gave out a written opinion in which he stated that under the Terrell election law the county delegates to the state democratic convention must be limited to one delegate for each vote. This means that the next convention count will not be permitted to exceed 50 or more delegates depending to the county's vote in the convention.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." THE REAGAN MONUMENT.

Pompeo Coppini of San Antonio Has Been Awarded Contract.

San Antonio, Texas, July 18.—Pompeo Coppini has been awarded the contract for the construction of the monument to the late Judge John H. Reagan to be erected in Palestine by the Daughters of the Confederacy. Mr. Coppini, who went to Palestine, submitted his bid at \$8,000, which was immediately accepted by the committee in charge of the work.

The monument is to consist of a life statue of Judge Reagan by the side of which, in an attitude of dejection, will be a smaller model of a man, "The Lost Cause," emblematic of the confederacy, of which Judge Reagan was the postmaster general throughout its existence as a nation.

Judge Reagan, one of the most noted and illustrious men of the South, was the first chairman of the railroad commission. For many years he was the only survivor of Jefferson Davis' cabinet.

Those who attended the picnic at Etoile Friday report a most excellent time and that all that the candidates were there and that all were allowed time to discuss matters concerning their candidacy. The candidates for representative were also there and delivered speeches. The dinner also was a success and also plenty of it.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland, of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life." I have been engaged for ten years in immigration work and conducted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions." A Splendid Record.

More than 1000 students from 20 different states is the record of the Tyler Commercial College for the past year. Hundreds of graduates of Bookkeeping, Shorthand, Telegraphy, and Typewriting were turned out and placed into good positions, in fact we do not know of one of these graduates out of employment. If there are any, we request that they notify us at once.

We have no vacation. Now is the best time to enroll. The large fall business is coming, and many bookkeepers, stenographers and operators will be needed. We have received 40 calls this month from banks, railroads, and mercantile firms for our graduates. 39 of these offered a salary of from \$50 to \$75 for the first month.

Young man, young woman, do you want such positions with promotion ahead? If you do, a few months time with us, and from one to two hundred dollars invested will insure you one. If you haven't the money, borrow it, even if you have to pay 20 per cent interest. It will prove the best investment of your life.

Write for catalogue, state when you think you can enter. Ask any questions you like; it will be our pleasure to reply promptly.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Perkins, Kleas & Mast.

W. Colwell of Chireno was in the city this morning. Mr. Colwell says that there are some boll weevils in his part of the county, but that the farmers will make a very fair crop.

Letter From P. M. Sanders.

To the voters of Nacogdoches county:

My opponent, Mr. J. A. Spears, has seen fit in his candidacy and campaign to tell the people that I am supporting certain candidates for other offices of the county and district. He saw fit in a talk in the Eastern part of the county last week to tell the audience that I was supporting Mr. T. J. Roquemore for treasurer, and said that I was advocating two terms for myself, and pointed to it as an inconsistency, and he says that Mr. Austin Roquemore, son of Mr. T. J. Roquemore, told him that I was supporting his father for treasurer, and such like expressions.

I believe every citizen has a right to vote for whom he pleases to hold office. I believe all the candidates for the various offices of the state and county are citizens of Texas and qualified to vote for whom they please. I do not think I have lost my suffrage because I am a candidate, and believing as I do, I expect to exercise the right guaranteed to me under the constitution, and perform the duty that I believe is incumbent upon every citizen who desires good government, and is loyal to his country, and vote for the man who I believe to be best fitted for the office to which he aspires. I shall vote for some one of the candidates from constable to governor, further than this I have taken no interest in any candidate's campaign and shall not do so.

I believe those who know me best will give me credit for having common campaign sense, therefore it is unnecessary for me to go into detailed denial of my position on the above mentioned accusation; but in this connection I wish to state that I have not told any one that I am supporting Mr. Roquemore for treasurer, nor have I even said whom I would vote for in that race, nor am I trying to elect any man to any office in the county in any other manner than by my own vote. I do not believe that it would be right for me to do so from a political standpoint, and from a personal standpoint it would be very unwise for me to do so, which is a full answer to Mr. Spears' accusation.

I was born in Nacogdoches county. All my interests of every kind are in Nacogdoches county. Those who have been and are my friends are, principally, in Nacogdoches county, and those whom I have had the privilege and pleasure to be friends are Nacogdoches county people. I have been honored with your suffrage in former years for treasurer, and you saw fit to honor me with your suffrage for county clerk two years ago, for all of which I am profoundly grateful, and I believe it is not presumptuous in me to ask you to support me for a second term for county clerk. I have done my best to make you a satisfactory, good and efficient officer, and will do the best in my power to make you an efficient officer for the next two years if you see fit to elect me.

Mr. Spears was my opponent two years ago. The race was close between us. He demanded a recount of the returns of the primary election in our race to which I heartily assented. It did not change the result and I was declared your nominee. Six years ago Mr. Spears was running for representative, two years ago he was running for county clerk, last spring was a year ago he accepted an appointment at the hands of the Commissioners' Court as county superintendent of public in-

struction, and now in less than two years time he is asking the voters to elect him county clerk, which is his privilege; but if he was sincere in accepting the appointment of county superintendent, believing that he could best serve the people's interest in that office, it does look as if he might have devoted his energies to that office, at least for one elective term.

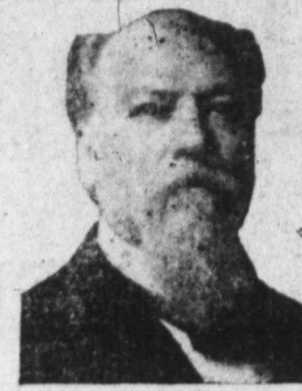

I should not have written this letter but for the fact that I believed Mr. Spears was deliberately trying to put me in an incorrect attitude before the voters, as I have set out in the beginning hereof. I have no personal attack to make against him, and it is my sincere desire that on the 28th instant the voters of this county will choose to fill the different offices, in each instance, with the man who is best suited for the place. Sincerely,
P. M. Sanders.

Parties who attended the speaking at Douglass last night report that it was well attended and that the candidates acquitted themselves with much credit.

RHEUMATISM

ALMOST AS COMMON IN SUMMER AS IN WINTER.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a winter disease exclusively. Through the long months of Summer its wandering pains and twitching nerves are felt by those in whose blood the uric acid, which produces the disease, has accumulated.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system the urea, or natural refuse matter. This coming in contact with the different acids of the body forms uric acid which is taken up and absorbed by the blood. This acid causes fermentation of the blood, making it sour and unfit for properly nourishing the body, and as this vital stream goes to every nook and corner of the body, the poison is distributed to all parts. The nervous system weakens from lack of rich, pure blood, the skin becomes feverish and swollen, the stomach and digestion are affected, the appetite fails and a general diseased condition of the entire system is the result.

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable and dangerous trouble. If the uric acid is allowed to remain in the blood, and the disease becomes chronic, chalky deposits form at the joints, and they are rendered immovable and stiff, and the patient left a helpless cripple for life. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. With the proper remedy to force the acid out of the blood, and at the same time build up and strengthen the Liver, Kidneys, Bowels and other organs of the body, Rheumatism can be permanently cured. External applications relieve the pain and temporarily reduce the inflammation, and for this reason are desirable, but they cannot have any effect on the disease. The blood is poisoned and the blood must be treated before a cure can be effected.

S. S. S., a remedy made from roots, herbs and barks, is the best treatment for Rheumatism. It goes into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the sour blood so it can supply nourishment and strength to every part of the body, it cures Rheumatism permanently. S. S. S. is the only safe cure for the disease; being purely vegetable, it will not injure the system in the least, as do those medicines which contain Potash or some other mineral ingredient. S. S. S. tones up every part of the body by its fine tonic properties.

While cleansing the blood of all poisons it builds up the appetite and digestion, soothes the excited nerves, reduces all inflammation, relieves pain and completely cures Rheumatism in every form—Muscular, Inflammatory, Articular or Sciatic. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. and purge the blood of every particle of the poison. Write for our book on Rheumatism, and ask our physicians for any advice you wish. We make no charge for either.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Last Summer I had a severe attack of inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I continued to take it regularly until I was entirely cured. I now feel better than I have for years.
