Charter Granted.

COTTON CROP GIVEN BY STATES

Reveals That Figures Are Now Complete.

Austin, Texas, Sept. 4.—The secretary of State has issued a charter to Cason, Monk & Co., of Nacogdoches capital stock, \$75,000, in part to buy and sell general hardware; incorporation, D. K. Cason, John Schmitt, R. C. Monk, J. E. Gaston, Lee Gaston.

New Orleans, Sept. 4.—The crop of 1901, by states, according to Secretary Hoar, is as follows:

	1900.	1901.
Arkansas	1,750,000	1,475,000
California	200,000	200,000
Florida	50,000	80,000
Georgia	1,000,000	1,000,000
Idaho	2,000,000	1,975,000
Illinois	2,000,000	1,975,000
Indiana	1,250,000	1,250,000
Iowa	1,000,000	1,000,000
Mississippi	1,000,000	1,000,000
Minnesota	1,000,000	1,000,000
Montana	1,000,000	1,000,000
Nebraska	1,000,000	1,000,000
Nevada	1,000,000	1,000,000
New Mexico	1,000,000	1,000,000
New York	1,000,000	1,000,000
North Carolina	1,000,000	1,000,000
North Dakota	1,000,000	1,000,000
Ohio	1,000,000	1,000,000
Oklahoma	1,000,000	1,000,000
Oregon	1,000,000	1,000,000
South Carolina	1,000,000	1,000,000
South Dakota	1,000,000	1,000,000
Texas	1,000,000	1,000,000
Vermont	1,000,000	1,000,000
Virginia	1,000,000	1,000,000
Washington	1,000,000	1,000,000
West Virginia	1,000,000	1,000,000
Wisconsin	1,000,000	1,000,000
Wyoming	1,000,000	1,000,000

W. B. Barrett of Gatesboro, N. C., is here this morning. His friends are glad to know that he has recovered from his recent and serious illness of which he suffered most of the summer. S. J. Smith, of New H.

A HOBO'S REWARD.

Traveled 15,000 Miles to Be Sent
Back To Hungary.

San Antonio, Texas, Sept. 30.—Traveling across three continents to get away from his humble peasant home in Hungary, Bla. Kovacs just arrived here in a starving condition and is now in the city hospital, where he is under treatment. He will be deported as soon as his condition permits of such proceedings. Believing this a country where money is plentiful, work is light and where there is no conscription and no oppressive taxes, he conceived the idea of making a run away here and to-day after tramping for 10,000 miles only to find his boots rubbed to shreds by the strict immigration laws in effect in this country. He came here from Mexico, crossing the Rio Grande at Laredo in a canoe. From there he walked to San Antonio, reaching here eight days after his departure from Laredo, during which time he tasted no food.

W. D. Lambson of Chicago stopped over last night on his return from St. Louis, and stated that he had purchased a real nice one of our and was so good that he would be shipped it over and that it would be a real good one.

'FRISCO FIGURING ON OIL.

Other Texas Roads Thinking of Going Back to Coal and Why.

While some of the lines in the southwest are continuing the "level" rate of increase in the price of oil, not all are. A recent estimate of the depletion of the Texas oil supply, the Bureau of Reclamation, is the basis of the following figures: In 1914, the estimated supply of oil of good quality of oil and the storage of the same was 100,000,000 barrels. For motive purposes it is believed the oil supply in the Indian Territory, Oklahoma, and Kansas is sufficient to be self-sufficient and economical. Four barrels of oil will furnish fuel equal to a ton of coal, the cost of which will be \$400,000,000 per barrel, while the real cost, the railroad company, not less than \$200,000 per ton. The cost of equipping a locomotive for the use of oil is about \$500, but there is economy in the outlay if the oil system of heating is adopted for the regular operation of railroads. The supply of Texas oil is said to be diminishing at the rate of 100,000 barrels a month, and the Southern Pacific and the Santa Fe will continue to increase their use of the early fuel oil. Oil Democrat.

THE COLORED PEOPLE, TEXAS

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor-in-Chief.
CHAS. E. DAVIS, Editor.

The Bryan boom is now on in good earnest.

The new crop of cotton is coming in rapidly and if the crop is as short as reported the crop will be marketed by the middle of October.

It will be 25 for the republican who faces Mr. Bryan in the next campaign. The democrats have found their lucky star and will "stand pat" on Mr. Bryan.

"UNCLE" JOE CANNON is the man the republicans will put up as the standard bearer of the republican party in 1908. What Mr. Bryan will do to him will be a plenty.

The Nacogdoches farmers are talking of organizing a county tobacco growers association. Here is hoping they will and that the association will plant 100 acres next season.

The fancy prices being paid for chickens and eggs should lend encouragement to the farmers and their wives. A few chickens properly cared for will bring in enough revenue to supply the average table.

In addition to about 2000 feet of room at the Central high school building, the trustees are having a suitable building built for music, physical culture, art and elocution. The Nacogdoches schools are second to none in the south, and the coming term will be one of the most successful in the history of the schools.

Good horses can be raised as cheaply as the scrub and the difference in the market price is sufficient to induce every farmer in the county to begin now and better the grades. Good stock of all kinds command better prices, yet the average farmer is content with raising plugs and scrub stock when the better breeds can be raised just as easily.

Texas needs cotton mills, and about the only shot for one to be built in Nacogdoches is for the Farmers' Union to take hold of the matter and get up a stock among themselves. Other points have had successful experience with cotton mills and as this place is surrounded with everything for the successful operation of cotton mills The Sentinel believes it would be a good and profitable investment.

THE SENTINEL has received the catalogue of the Garrison public schools this year. It is a handsome piece of printing and reflects great credit upon the management of the school in placing a catalogue of this kind before the patrons of the schools. There are several pages of advertising, including a number of Nacogdoches concerns. The Sentinel trusts that the coming term of the Garrison school will be the best in the history of the school.

The days of the ice man are numbered, and the coal man is getting his stock in shape to begin his hold-up. The people are dead easy when they cannot help themselves.

Like the good democrat it has ever been, the Nacogdoches Sentinel accepts the defeat of its choice for congress and state senator in a philosophical manner and announces that it will do battle for the success of the victors in the general election as behooves every one true to the tenets and instincts of the party—Center News.

NACOGDOCHES farmers should be in no rush to put their corn crop on the market. The price at gathering time is usually a little off and if the same corn can be held and placed on the market during March and April it will pay a much better price. Then too it would pay better if it was feed to a bunch of hogs and made into meat. Country meat, hams and lard always bring fancy prices. A country ham well cured will sell in Nacogdoches market any day for better prices than the fancy hams that are shipped in. The lard will also sell for better prices.

The city schools will open Monday, September 10, and it is a duty every parent owes to the boy or girl to see that they begin the first day and that they are kept in school until the close of the term. Many a boy and girl is kept behind with the class on account of the fact that they did not start to school the first day of the term. Let every parent in Nacogdoches get the little one off to school on the first day. Ample room has been provided this year and there will be no complaint on account of the fact that the rooms are crowded. This coming term should be the best in the history of the schools and it will be if the parents will lend the faculty a little encouragement.

The state educational board of the Baptist church is looking for a location for the erection of a Baptist school at some point in Eastern Texas. The matter has been before the board for several years, but as yet the matter of a location has not been decided upon. The claims of Nacogdoches were presented to the board several years ago, and the same was given favorable consideration. The brethren of the church who are in touch with the board should ascertain just what steps are necessary to secure the location of the school and then let every one make a strong pull for Nacogdoches. There is not a place in East Texas better suited for such an institution than Nacogdoches. Aside from the fact that it would increase the population of the town, it would be the means of placing a large amount of money in circulation which would find its way into every business in the city. It would be indeed a big feather in the bonnet of Nacogdoches to secure this college; and she can get it if the right steps are taken.

If the Baptist brethren of this city want to secure the location of the Baptist college here they will have to hurry. It is a good proposition and there are other wide-awake towns in East Texas that will go after the college with a vim.

The shade tobacco grown here this year yielded 1320 pounds per acre and sold on contract price at 40 cents per pound. Some day the Nacogdoches farmers will be growing tobacco the same as cotton, and the cotton crops of East Texas will be little patches. When this condition of affairs, i. e. small cotton patches, are grown all over the cotton producing states, the farmers will then be getting about 25 cents per pound for their cotton.

REPORTS from the sugar cane crop is exceedingly good and the prospects for a good crop of ribbon cane syrup is exceedingly bright. Here's hoping that the crop will be large enough so that the local market will be supplied all next year. The crop run short this summer and many Nacogdoches people had to get "something just as good." After trying the "just as good" article one is satisfied that the manufacturer who informed the merchant of this fact is one of the biggest liars on the face of the earth.

NACOGDOCHES county has many acres of good farming lands that await the man who has a little energy and the will power to take a living. To such a man seeking a location the doors of Nacogdoches county are open, and will find that it is an easy matter to lay by a little for the proverbial rainy day while he is at the same time making an independent living. Nacogdoches county wants a few more good farmers. When you write to the old friends in the old states tell them what a great place Nacogdoches county really is.

It will soon be time for the mail order houses to send to the people of the rural districts their catalogues telling of the wonderful saving to be made by sending off for supplies. It is right here that The Sentinel wishes to remind its readers that it is a duty they owe their home merchant to first see him and get figures on the proposed purchase. One advantage is that when you buy from the home merchant you have the privilege of seeing what you are buying, but when you send to "Ketchum, Steal & Cheat" you send the money in advance and have to take just what they send. The merchants of Nacogdoches sell dependable merchandise as cheap as it can be bought anywhere on the market, and they should be given an opportunity to figure with you. Only a few days ago there was a farmer in town "raising sand" because a sewing machine purchased from one of these houses did not come up to specifications in the advertisement, and was looking for a man who could put the machine in good repair so that he could use it.

Quality Did It!

The fact that SCHNAPPS is so widely imitated only proves that it is the best chew—the standard flat plug. Other plugs are made to imitate the size and shape and color of SCHNAPPS—other tags are made to look like SCHNAPPS tags—yet there are more pounds of SCHNAPPS chewed annually than all other similar tobaccos.

Schnapps

SCHNAPPS is made of only choice selections of well matured, thoroughly cured leaf, and in factories as clean as the cleanest kitchen, situated in the very heart of the greatest growing tobacco country, by men of long experience in tobacco manufacturing, and who have directed the R. J. Reynolds Tobacco Company since 1875.

SCHNAPPS has the pleasing, appetizing aroma which created and popularized the fondness for chewing. Expert tests prove that it requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Internal revenue statistics show that SCHNAPPS and other of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

Be sure the letters on the tag and under the tag spell S-C-H-N-A-P-P-S, and you will have the genuine.

Winston-Salem, N. C.

With Less
Sweetening
Than Any Other

TOBACCO GROWING IN TEXAS.

About two years ago the greatest interest was aroused in the reports that tobacco grown in the vicinity of Nacogdoches, Texas, has proven upon examination to be equal in quality to the finest of the Cuban grown weeds. Tobacco farms were established in that section of East Texas and it was believed that the industry would soon grow to mammoth proportions. For some unexplained reason interest in the Nacogdoches tobacco fields declined as rapidly as it sprang up until now scarcely anything is heard of what promised to be a profitable industry. We believe the agricultural department of the government conducted a series of experiments at Nacogdoches with the view of discovering what could be done with tobacco on the lands in the vicinity. We are not sure whether the results obtained were satisfactory, but the impression seems to have gone abroad that the Nacogdoches tobacco experiments have been abandoned entirely. This impression is combated by the Nacogdoches Sentinel, which says:

"No other place in the United States has been able to produce the same quality of tobacco as the red fields around Nacogdoches. The farmers in this section will see the day when their old red land farms will rent for more money per acre than the land is reasonably worth on the market today. The trusts may be fighting the Nacogdoches field but this is done because they desire to get rid of their holdings in other places where very fair tobacco has been grown before the discovery of the Nacogdoches tobacco. There is a good thing in the tobacco business here for the farmers if they will take the time to investigate the business. In Ohio farmers are raising tobacco on land worth \$100 per acre and net something like \$18 per acre; in Nacogdoches this year one farmer reports that he has netted \$60

per acre on every acre planted. That's going some as a money making proposition.

Evidently, then, tobacco growing in the vicinity of Nacogdoches is profitable—more profitable than cotton growing, for the man who nets \$30 per acre with cotton accounts himself exceedingly fortunate. In view of the facts given by The Sentinel the wonder is that the farmers around Nacogdoches have not abandoned cotton altogether and devoted their energies to the growing of tobacco. And as the same character of lands prevail throughout East Texas and West Louisiana, it would seem that tobacco, as an experiment at least, offers the best solution yet advanced of the boll weevil problem—Shreveport Times.

Right-of-Way Cleared.

The work of clearing the right-of-way of the Nacogdoches & Southeastern from Woden to a point near Oil City has been completed, and the company has let the grading contract to Murph Peterson.

As soon as the contractor gets the grading under headway the construction train will start out with a crew laying steel. It is the intention of the company to have trains running to near Oil City before Christmas.

Minnesota reports a harvest of 22,000,000 bushels of wheat more than last year; North and South Dakota have respectively 35,000,000 and 1,000,000 more; with this supply and the bumper crop of Texas, Uncle Sam is lean only in the cartoons.—Houston Chronicle.

If the boll weevil keeps cutting up didoes with the cotton crop, the cartoonist will have to put Uncle Sam behind the fig tree. In the language of Happy Hooligan the weevil is "sumpin fierce."

THE republican papers hardly know what to say concerning Mr. Bryan's New York speech.

BRYAN'S RECEPTION.

Never in the history of this country has a private citizen received an ovation to compare with that tendered Hon. William Jennings Bryan at New York yesterday. Countless thousands of representative democrats were present to do honor to the occasion. Every nook and corner of these United States was represented. This demonstration on the part of the people is very evident that Mr. Bryan today is the idol of every democrat; and is also an evidence that the party has decided to unite upon him as the leader and standard bearer of the democracy. During the afternoon yesterday Mr. Bryan said that he had not yet decided to make the race for the presidency. It is not necessary for him to make the race for the nomination, for that has already been tendered him, and ere the convention assembles to nominate a candidate he will have received the support of every state in the Union. Mr. Bryan is a democrat and as such he could hardly refuse the nomination tendered him by the democracy without opposition. The Bryan boom is now on, and there is no doubt but what he will accept the nomination, and if the condition of affairs are existing two years hence as they are today, Mr. Bryan will be the next president of the United States.

HON. GEO. A. CARDEN, chairman of the state executive committee of the democratic party in selecting a member from this senatorial district conferred the honor upon Hon. C. D. Mims of this city. Mr. Mims has been a life long democrat and he followed the banner of democracy when it meant a good hard fight. He has helped fight the battles in the past and proved himself to be a valiant soldier. The Sentinel is pleased with the appointment of Mr. Mims to this very important position and feels confident that he will be of great assistance to the state chairman.

Union Cotton Yard

The Farmers' Union Cotton Yard will do business at the old stand known as the Alliance Yard the present season.

A. J. MURPHEY, Weigher.
Nacogdoches, Texas.

Cedar Cotton Yard

I have opened my cotton yard this year in the old cedar yard on Main street. The lot is high and dry, and my scales have been tested and accurately set.

A share of your patronage is respectfully solicited.

A. J. LOCK, Weigher.

TO ENCOURAGE CUPID.

Packing Firm Offers \$50 to Employees to Get Married.

San Antonio, Texas, Aug. 30.—A matrimonial bureau has been started in this city in which Swift & Co., meat packers, are the promoters. A bulletin has been posted at the office of the company in this city, which reads: "All employees in good standing who have been in the service of Swift & Co. one year or more will be given a wedding present on the occasion of their wedding." Nearly every employe here, from Manager down, is unmarried, and this cheering information has done much to turn the local office metaphorically upside down. The present that the company offers is \$50 in cash.

If you want one thousand first class matches for 5 cents go to C. W. Butt.

It's Fine.

C. M. Johnson, Louisville, Ky., writes:

"I have used your Hunt's Cure and it is fine."

"I have many similar letters. Hunt's Cure is a strictly guaranteed remedy for any variety of skin diseases. It stops Itching Instantaneously."

North Church School.

The school at North Church will open Monday, September 10. The trustees of the school have decided to make the first month of the term "pay school." Patrons of the school will please observe this and be prepared to send tuition on the first day.

Indigestion and Dyspepsia.

Two words meaning two different stages of really the same complaint.

A sufferer from either is usually miserable both in mind as well as in body. The cure is exercise and Brown's Iron Bitters. It has been curing thousands during the last twenty-five years and is curing every day. Grateful people write telling us what seemed to them almost marvelous recovery, and we can honestly recommend it to all poor sufferers. Sold by Stripling, Haselwood & Co.

Do You Itch?

The cup of human misery is never quite full until some form of itching skin disease is added. Then it overflows. Hunt's Cure is a specific for any itching trouble ever known. One application relieves. One box is guaranteed to cure any one case.

Planer For Sale.

A good, almost new planing plant for sale. Two good machines and plenty of saws. Five are six mills to dress for. Dressing will last indefinitely. Address

Morrison & McLendon.
W. H. Gray of Chireno was here yesterday.

A Positive Guarantee to Cure CHILLS and FEVER

Signed by Stripling, Haselwood & Co. who agree to Return Your Money if Yucatan Chill Tonic (Imp.) Fails to Cure You.

GUARANTEE

We hereby agree to refund the money paid for Yucatan Chill Tonic (Imp.) on the return of the empty bottles, the purchaser stating it has failed to cure him of Chills, Fever and Malaria. This guarantee covers the use of 3 bottles taken according to directions.

Yucatan Chill Tonic Improved is a wonderful remedy; perfect from a pharmaceutical standpoint. A medicine to produce result must be made so that the system takes it up and reaches the organs for which it is intended. Yucatan Chill Tonic Improved is so mild in its action and so acceptable to the patient, that after a few hours you feel the good effects. Yucatan Chill Tonic is the best medicine, as you will not experience that awful ringing in the head as when Quinine in capsules, or so-called tasteless tonics, are taken. Just the remedy for nursing mothers.

When sick, do you want anything sweet? No! No! Your stomach repels. Yucatan Chill Tonic Improved is acceptable to the most delicate stomach and costs twice as much to make as the so-called tasteless tonics. Buy the best, if you want to get well in half the time.

Keep it constantly within reach. It has cured many hopeless cases. Thousands of people sing their praises and are recommending it to their friends.

Cut out the guarantee in this ad and take it to your local druggist who will sell you Yucatan Chill Tonic Improved under a positive guarantee. If it does not cure you he will refund you your money.

Did you ever figure your time lost when sick, besides the suffering. Don't wait too long. Nature always warns you when a case of malaria is coming on. Delays are dangerous. Go at once and purchase Yucatan Chill Tonic Improved with our guarantee backed up by your local druggist.

Stripling, Haselwood & Co.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Nacogdoches People Know How to Save It.

Many Nacogdoches people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill-health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Nacogdoches citizen who has reclaimed good health by the use of this remedy:

W. H. Wood, farmer, living in Northern part of Nacogdoches, Tex., says "I first began to be troubled by a constant dull aching across the small of my back. I never thought for a moment that my kidneys were out of order until a short time ago when I noticed the kidney secretions were rather scant at times and were accompanied by a burning pain. I tried several remedies without finding any relief. Hearing about Doan's Kidney Pills and the benefits many of our citizens had derived from their use, I went to Perkins, Kleas & Mast's drug store and got a box. They certainly did me a lot of good. My wife has also used them with excellent results. I therefore take great pleasure in recommending this really valuable kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

F. G. Thomason of Melrose is in the city for a few days assisting his brother, H. L. Thomason in the blacksmith shop. H. L. Thomason had the misfortune to get his right hand bruised a few days ago and an abscess formed under the bruise and he has been compelled to quit work for several days.

A hundred years ago the best physician would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold, clears the head, relieves all coughs, cleanses and strengthens the mucous membranes of throat, chest, lungs and bronchial tubes. Sold by Stripling, Haselwood & Co.

Mrs. John Power and little son, Lawrence, returned home yesterday from a two weeks visit to relatives and friends in San Augustine. She was accompanied home by her sister, Mrs. J. W. Goldsberry, who will remain about ten days.

For Sale.

Poland China pigs, fancy bred, pedigree furnished. Also some graded pigs Berkshire and Poland China, fine individuals. R. S. Jordan at Mercantile Company.

LYON SCORES A LAW POINT.

His Ticket is Designated for the Official Ballot.

Austin, Texas, Aug. 29.—Judge Claude Pollard, office assistant attorney general, today handed down an opinion in which he held that the Cecil Lyon wing of the republican party is the official party. He ruled that the ticket put out at the Houston convention and designated as the "re-organized" republican party can not be placed on the official ballot, because it is not now a political party, but merely a faction of the republican party of Texas.

This opinion was handed down at the request of Secretary of State Shannon, who was in doubt as to which was the official party, and whether or not he should place the names of the nominees of the Lyon faction or the faction headed by Eddie Green on the official ballot.

It is believed that this will result in mandamus proceedings against Secretary of State Shannon, instituted by the "reorganized" part of the republican party, to compel Shannon to place the name of the nominee on the ticket.

The Breath of Life

It's a significant fact that the strongest animal of its size, is the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by Stripling, Haselwood & Co. druggists. Price 50c and \$1.00. Trial bottle free.

Warehouse Abandoned.

At the special meeting of the Farmers' Union held here yesterday afternoon, it was decided to abandon the idea of building the cotton warehouse this season. Mr. Ennis, the president of the Union, has put in a good months hard work in an endeavor to get the members sufficiently interested in the work of building the house, but from some cause the farmers would not take kindly to the proposition.

It was decided at the meeting yesterday to run the Union cotton yard at the same old stand, as there are plenty of sheds on the site of the old yard to care for a reasonable surplus of cotton.

The meeting yesterday was well attended as nearly every Union in the county was represented.

Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed by Stripling, Haselwood & Co's. drug store.

"WHY

do I take Cardui?" writes Mrs. Jellemma Mullins of Oleska, W. Va. "Because, after suffering for several years with female trouble, and trying different doctors and medicines without obtaining relief, I at last found, in Wine of Cardui, a golden medicine for all my ills, and can recommend it above all others for female complaints."

Cardui furnishes safe relief for backache, headache, periodical pains, irregular, painful or unhealthy catamenial flow, and all ailments from which sick women suffer. A perfect tonic for delicate women. A pure vegetable medicine for girls and women who are subject to the complaints peculiar to their sex. Has benefited over a million who used to suffer as you do.

At every drug store, in \$1.00 bottles.

WRITE US A LETTER
We will send you all your questions and we will send you Free Advice by mail. The Cardui Medicine Co., Chattanooga, Tenn.

WINE OF CARDUI

Wesley Shaw Dead.

From Monday's Daily:

A large crowd of sorrowing friends attended the funeral of Wesley Shaw yesterday afternoon who that morning died of appendicitis at his home. He had only been sick a short while when the angel of death came for him and the devoted family of mother, brothers and sister and his numerous friends can not be reconciled to his death.

Wesley was such a promising young man of twenty years having been tested in the employ of the Southwestern Telephone Co. for the past several years in his ability as lineman and he had shown himself to be one of genteel trustworthiness.

Rev. A. J. Miller conducted a beautiful service at his home just before the hour appointed for the funeral. Following were the pall bearers: Ed Burk, Will Sadders, J. D. Sanders, Clyde Matthews, Sam Sutton and Oscar Stratton.

Customers always get the worth of their money when they buy John R. Dickey's Old Reliable Eye Water, or anything else at Stripling, Haselwood & Co's drug store.

J. H. Summers returned yesterday from a trip to St. Louis, Chicago, and Kansas City, where he went on business connected with his lumber office. He reported that lumber in yard stock is very dull—in fact there was nothing doing to amounts to much, but that railroad and heavy timbers were good, and a good market prevailing in every city visited. The corn and the wheat crops in the states visited are reported to be the best in many years and that the farmers in that section of the country are in a prosperous condition this year on account of the good crops.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only curable, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, pushing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair, St. Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die. I was induced to try 'Electric Bitters' with the wonderful result that improvement began at once, and a complete cure followed. 'Best health tonic on earth, 50c. Guaranteed by Stripling, Haselwood & Co."

Mrs. Jno. B. Stripling and Mrs. H. A. Hardeman of Melrose were in the city this morning shopping.

MR. BRYAN'S SPEECH.

The speech of Mr. William Jennings Bryan at Madison Square Garden yesterday is now a matter of history, and upon what he stated will practically be the democratic doctrine during the next national campaign. Beginning his speech, the Great Commoner said: "I returned more deeply impressed than ever before with the responsibility which rests upon our nation as an exemplar among the nations, and more solicitous that we, avoiding the causes which have led other nations to decay, may present a higher ideal than has ever before embodied in a national life and carry human progress to a higher plane than it has before reached."

Thus prefacing his remarks he began with the fact that it is little short of disgrace that our country that, while "it is able to command the lives of its citizens in time of war, it cannot, even in the most extreme emergency, compel wealth to bear its share of the expenses of the government which protects it." He favors arbitration between labor and capital, and believes in a permanent and impartial board of arbitrators. The unprecedented increase in the production of gold has settled the silver question. The trusts are the root of all evil, and that no party can exterminate the trusts so long as that party owes its success to the trusts. Mr. Bryan declares war to the death on the principle of monopoly, and that the present tariff is a monster iniquity. He thinks that the public ownership of railroads is the ultimate remedy for the discriminations and extortion, and that an increasing number of all parties see this.

The proposed amendment to the constitution providing for levying a tax to pay jurors is a measure that every voter in the state should give serious consideration. As it is, jurors are compelled to wait a long time in some counties until there is enough money in the hands of the treasurer before they can get their warrants cashed. The proposed amendment will, if adopted, place the jury fund on a cash basis and jury scrip will be no longer hawked off to the money changers at a big discount.

The special trade edition of the Houston Post of last Saturday was one of the best the Post ever issued. It contains valuable data from all the towns and counties where the Post circulates. Nacogdoches county is well written up, and while there is much more that could have been written about this section yet what the Post did say of Nacogdoches county and East Texas will do this section of the state a great deal of good.

School opens Monday. Start your child with the first day.

BAILEY HAS BEEN INVITED.

The democratic rally which was proposed at the last meeting of the democratic convention will be one of the warmest events ever pulled off in the old "Stone Fort City." County Chairman W. O. Crain has extended an invitation to Senator Bailey, and to Governor-elect T. M. Campbell. As soon as replies to the invitations are received, the executive committee will begin preparations for the event.

It is the intention of the executive committee to make the rally one in which not only the democrats of Nacogdoches county can take part, but one for the whole of Eastern Texas. Senator Bailey has never visited this section of the state and as he has many admirers in East Texas the fact that he will visit Nacogdoches will bring many of his friends and admirers here to hear his address upon national issues now before the party.

"INTERESTS WITH A CINCH."

Speaking before the congressional committee, March 4, 1906, Samuel Gompers, president of the American Federation of Labor, said: "I think that all through history you can find that same appeal and play made by everyone who profited by the unjust conditions which obtained at that time. Those who profit by injustice, those who profit by mal-administration, those who profit by unjust laws, those who profited by human slavery, in all ages have urged those in whose power it was to make a change, to 'maintain the existing conditions.' It has been the repudiation of such claims that has made for the progress of the world, and that has established even the republic of our country. Every corrupt politician, every overweening boss, every greedy corporation, every discriminating railroad, every trust, every man who profits from a wrongful condition of affairs will urge the advantage of maintaining existing conditions."

We are told that this is a good description of the "stand pat" doctrine. So it is, but the Commoner insists that the best definition of "stand pat" was given by the Lincoln (Neb.) Journal, a republican paper, when, in a recent issue, it said: "Thus it comes to pass that a 'standpatter' in Iowa and in other states as well is now generally understood to be a man who opposes any radical change in existing institutions. Because of ingrained conservatism, or his personal relations, he is willing to allow interests with a cinch to hold on to their advantage indefinitely."—The Commoner.

About the only thing for the democrats of Texas and the nation to do is to get on the Bryan band wagon while there are plenty of seats. From the present outlook it will be the only wagon to ride in. The Sentinel has taken one of the front seats, and while it may not be able to play all the instruments, will be found one of the best hands in the wagon to give an encore after each selection.

HAVE YOU CONTRIBUTED?

The following letter sent out by the chairman of the democratic congressional committee explains itself:

"To All Democratic Voters: If there ever was a time in the history of the democratic party for the manifestation of loyalty and patriotism on the part of its members it is right now. If we are to win a victory and elect a president two years hence, we must first elect a house of representatives this fall. A democratic house can and will investigate every department of the government. With all of them honeycombed by 'graft,' the edges of which only have been touched by recent exposure and prosecutions there will be a revelation of rottenness that will astound the country and create a demand for a democratic administration to clean the government workshop. To win the house we need money to defray legitimate expenses and get out votes. We have no protected monopolies from which to draw to fill our coffers, as they do those of the republican party. We must therefore, appeal to loyal democrats for contributions. Will you send us \$1.00 at once, and in return for this we will send you copies of our campaign literature issued by the committee. You will have the thanks of the entire democratic party for your favorable response to our request. Address all remittances to

J. M. Griggs, Chairman
"Munsey Building,
"Washington, D. C."

To What Extremes Do We Run!

Yes; u bet ure life! The Cuban revolution has not affected the good cigars that come from Nacogdoches or the other kind that depend on the Corpus Christi cabbage crop.—Houston Chronicle.

Many thanks!

EXCHANGE COMMENT.

No other place in the United States has been able to produce the same quality of tobacco as the red fields around Nacogdoches. The farmers in this section will see the day when their old red land farms will rent for more money per acre than the land is reasonably worth on the market today. The trusts may be fighting the Nacogdoches field, but this is done because they desire to get rid of their holdings in other places where very fair tobacco has been grown before the discovery of the Nacogdoches tobacco. There is a good thing in the tobacco business here for the farmers if they will take the time to investigate the business. In Ohio farmers are raising tobacco on land worth \$100 per acre; and net something like \$18 per acre; in Nacogdoches this year one farmer reports that he has netted \$60 per acre on every acre planted. That's going some as a moneymaking proposition. — Nacogdoches Sentinel.

The Agricultural Department testifies that the lands about Nacogdoches are the best in the United States for filler tobacco. Indeed, the Soils Survey branch of that department declares the Nacogdoches soil to be almost identical with the soil on which the very best tobacco of Cuba is grown. More than this, the tobacco raised on the Nacogdoches land has been tested and found to be all that could be desired. It is not seen how the tobacco trust can interfere with the production of tobacco by the farmers of that locality, for there are thousands of cigarmakers all over the country who purchase their weed from Cuba and who in all things are independent of the trust. The fact that a farmer made as much as \$60 per acre from his tobacco ought to be enough to drive the whole farming population of Nacogdoches county into the tobacco raising business. If State Press is not in error, the farmers there are very slow to take up the industry, since the Agricultural Department offered to superintend the raising of the crops, and an offer was made of a high price for every pound raised under Government supervision. Even with all this Government help and the crop sold before even being planted, the and She Sentinel other papers at Nacogdoches found it difficult to get the farmers fully embarked in this profitable industry. But it is only a matter of times when every foot of land good for the production of tobacco in that locality will be worth more than almost any other kind of land. Fine tobacco for cigars is hard to get, and Nacogdoches has some of the best land for that purpose in the United States.—Gal Dal News

The pessimist and the knocker are two individuals who should be given an invitation to seek headquarters in some other part of the state. — Nacogdoches Sentinel

Brother Haltom, any part of grand old Texas is too good for pessimists and knockers. Send them to Halifax.—Longview Times-Clarion.

A JOLLY WITH THE GANG.

A Shermanite who is possessed with an inquiring turn of mind, bought a can of tomatoes a week or two ago from a local merchant. He paid 25 cents for the can of tomatoes, and noticing that that they were canned in a New York town where he had a number of acquaintances, he wrote to them and asked where they got their tomatoes. The reply came promptly, and stated that this year they were putting up East Texas tomatoes altogether, as they were the best grown. Wonder why East Texas people don't can these tomatoes? — Sherman Register.

The people of Eastern Texas are charitable, and as this section of the state is always prosperous, they let the "hard up Yankee" go to all the expense of sending a buyer here to buy tomatoes, pay the freight on same to some factory in the "down east states," and then buy the canned article back. Its too much trouble now as it is to take care of the money floating around in this section of the state, and as the poor Yankee is in need of funds the East Texas people let him do all the work while they take life easy. That's the reason why.

Nacogdoches is coming to the front as a business and manufacturing center. A few months ago a young man located in the town and commenced the manufacture of compressed chili, selling it to the local trade and to a few outside points. The demand for this chili grew until he was unable to fill the orders with the facilities at his command, and he succeeded in interest ing others in the enterprise, with the result that a company with a capital stock of \$10,000 was organized. This got the business men interested in the corporation idea, and the latest thing for Nacogdoches is a \$75,000 corporation to do a hardware and mill supply business. Thus from a small beginning, which demonstrates what thorough organization will do, the city is to reap quite a business harvest.—Sherman Register.

Sure Nacogdoches is coming to the front, and it is only a matter of a short time until all Texas will recognize the old town as the "best what is." Since the above concerns where incorporated a little furniture company has been organized to do a \$30,000 business. That's going some for an old East Texas town.

The Republicans have nominated Mr. J. H. Kurth of Lufkin as the nominee for congress from this district. Mr. Kurth is a practical business man and has accumulated a nice little "wad" in the saw mill business, and it is hardly probable that he will care to turn loose very much of his hard earnings in making the race against Hon. S. B. Cooper.—Nacogdoches Sentinel.

There has always been one admirable trait about the Republican party. Its members are always ready to sacrifice themselves for the benefit of the party and they always manage to heal their differences and get together by the time election day rolls around. However, we feel sorry for the distinguished gentleman who is going to make the race against Mr. Cooper.—Orange Tribune.

THE UPRISING IN MEXICO.

Three Agitators Arrested and Jailed at Nogales, Arizona.

Tucson, Ariz., Sept. 4.—Collis Humbert, a Frenchman, and Leonardo Villareal and Bruno Trevino, Mexicans, were arrested early today at Mowry and Patagonia, mining camps, where many miners are employed. The arrests were made by Immigration Inspector Murphy and Rangers Olds and Clark.

It is charged that the men are agitators who were attempting to organize a force of Mexican miners to attack Nogales, Sonora, and capture the customs house and the arsenal of the rurales. Letters were found on the prisoners showing that their plans are directed by Mexican revolutionists at St. Louis. Revolutionists have organizations in 40 cities and that they will become active as soon as they can secure arms.

The alleged agitators are in jail at Nogales, Ariz.

Greatest Engines Ever Built.

Five compound locomotives of the Mallet type, and the largest and most powerful ever built, are approaching completion in the Baldwin works, Philadelphia. They are ordered by the Great Northern and will be used in hauling freight trains in Rocky Mountain territory.

They differ from other Mallet engines in that there are two separate groups of driving wheels, three pairs in each group driven by its own sets of cylinders. The front group is flexible, so that curves may be rounded the same as with the ordinary car truck. Another point of difference is application of high pressure steam cylinders 21 1/2 x 32 inches, which drive the rear group. From these the steam is exhausted into those of low pressure, 33 x 32 inches, which drive the front group of driving wheels. In front and behind the drivers is a two-wheeled truck, making 16 wheels in all, the wheel base being 44 feet 10 inches.

Each driving wheel is 55 inches in diameter, and the boilers 84 inches, with 441 tubes 2 feet long. There are 5640 square feet of heating surface and 78 square feet of grate area. The capacity of the tenders is 8000 gallons of water and 14 tons of soft coal.—Railroad Record.

Paris has received her first bale of cotton. It brought 9 1/2 cents, and the raiser, a negro, got a handsome premium.—Sherman Register.

Nacogdoches first bale was grown by a negro and sold for 11 cents. It weighed 540 pounds and the proceeds from the sale and premium brought the raiser an even \$100.

Roy Kabenshue recently kept his air ship afloat for four consecutive hours. But that does not break the record. The beneficiaries of the tariff graft have kept revision in the air for years.

Missouri is getting ready to make ample apology to the national democracy in particular and the country in general for that political mistake two years ago.

A VALUABLE BOOK FREE TO MEN

DR. J. H. TERRILL

Dr. Terrill's latest book No. 10 on the Diseases of Men is conceded to be the very best of its kind ever published and you cannot afford to be without it. In the preparation of this work it has been Dr. Terrill's desire to impart correct and truthful information, the simplest possible way upon subjects of such great importance to afflicted mankind. It will appeal to every man—young or old—whether he be afflicted with any of the Special or Pelvic Diseases peculiar to his sex or not. While this book TODAY, it will be sent to any address in a plain, sealed envelope absolutely free. If you mention this paper and enclose six cents for postage. If you are afflicted with any of the diseases mentioned below make mention of the fact when you ask for the book and Dr. Terrill will give you his expert advice and opinion of your case free of charge. He will you a written, legal guarantee to cure you if you suffer with

STRICTURE, VARICOCELE, CONTAGIOUS BLOOD POISON, LOST MANHOOD, SEMINAL EMISSIONS, NERVOUS DEBILITY, EPILEPSY, HYDROCELE, CATARRH, PILES or any of the CHRONIC DISEASES OF THE STOMACH, KIDNEYS, BLADDER or of the PROSTATE GLAND.

IMPORTANT—Dr. Terrill has a copyright given him by the government on a remedy for Lost Manhood and Seminal Emissions which never fails to cure. He will give a thousand dollars for any case he takes and fails to cure if the patient will follow his instructions.

WHEN IN DALLAS
Do not fail to visit Dr. Terrill's Anatomical Museum. This museum is the finest and most complete collection of anatomical models ever brought to the Southwest. These models are and have been fashioned in wax by the most skilled French artists. Don't fail to see it. OPEN DAILY at 285 Main Street. ADMISSION FREE.

Consultation and a Thorough X-Ray Examination Free

DALLAS, TEXAS

BRYAN AT HOME AGAIN.

The Distinguished Nebraskan Given A Great Ovation.

New York, Aug. 30.—Between crowds of countless thousands that lined both sides of Broadway from the Battery to Central Park, William J. Bryan made his entry into New York today after an absence from the country of nearly a year. Even those whose political faith held them aloof from the popular demonstration were bound to admit that it was a "triumph" entry, the like of which the metropolis has not seen since the return of Dewey after his victory at Manila bay.

The plans as arranged by the several committees were carried out without a hitch. As the distinguished Nebraskan, which Governor Folk of Missouri at his side, rode up Broadway, the crowds cheered, men waved their hats and women waved greetings with their handkerchiefs. From curb to building line, the sidewalks were closely packed with men, women and children, struggling for a place of vantage from which to get a view of the central figure of the days demonstration. Doorways were filled, the roofs of buildings were thronged, and every window held its party of spectators. The hotels and many business houses were decorated for the occasion.

Mr. Bryan was pleased with the warmth of the demonstration in his honor. He bowed cordially both right and left in response to the cheers of the crowd and several times expressed his pleasure to those about him.

All during the afternoon it was one continual reception, and his hand was shook by many thousands who were in the crush to welcome home, as they said the next president of the United States. The delegation from Nebraska were especially enthusiastic and when Mr. Bryan said that he was going home, one of the delegation said, "We will keep you there until March 4, 1909, and then we will take you to Washington." "I will be glad if you let me

stay there until that date," resumed Mr. Bryan, "and I may stay there afterward, though not of my own accord," he added smilingly.

"I had a great deal to say abroad about things in general, as you may know. I think I shall have a great deal more to say when I get home about things abroad, so I won't have much to say here and now.

"I only want to say that I would willingly give a month's wages to the man who can express adequately how good I feel. And I think I express it well myself. But my supply of language is not really adequate."

That was all the formal speaking he did. Afterwards a reporter asked what he meant when he spoke about staying in Nebraska after March, 1909, though not of his own accord. "That simply means," said Mr. Bryan, "that I have not yet made up my mind whether I will be a candidate for the presidency. I have nothing really to say now for the newspapers about that."

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol For Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Perkins, Kleas & Mast.

Pennsylvania papers are telling about a child that stopped growing at the age of eighteen months, and although nine years old now is still a baby in size and mentality. Nothing strange about that. We have "infant industries" in this country over thirty years old that are still nursing the bottle.

When applied and covered with a hot cloth Pinesalves act like a poultice. Best for burns, bruises, boils, eczema, skin diseases, etc. Stripling, Haselwood & Co.

Union Debating Society.

The Nacogdoches County Debating Union met in regular session at Martinsville, August 25, with a large audience present. The clubs over the county were not as well represented as they should have been. The societies present were:

Martinsville, Appleby, and Falkner (Campbell.)

The welcome address was delivered by Alvin Harris, and was responded to by Rev. Armstrong. An inaugural address was delivered by George Adams, after which the debate followed. The question for discussion was:

Resolved, "That the fifteenth amendment to the constitution to the United States should be abolished."

Affirmative—W. E. Feazell and Taylor Parrot.

Negative—George Adams, and Ollie Falkner.

After the speeches were closed the judges rendered their decision in favor of the affirmative.

During the deliberations of the judges, the house considered business before the body. All societies present extended an invitation to the Union to hold the next meeting with them. Appleby was the successful bidder, and the Union will hold the next meeting there, which will be Saturday, Nov. 25.

The meeting then adjourned until the date of the next meeting.

The good people of the Martinsville community entertained the delegates in royal style. The house had hardly adjourned before the good people rushed in upon the delegates and prevailed upon them to spend the remainder of the night in the homes of the people of Martinsville.

A vote of thanks was tendered the good people for the splendid treatment accorded the delegates, and each and every one will remember the many kindnesses shown them while attending the meeting.

An Ounce of Prevention

is worth a pound of cure. There are many poor sufferers, Consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of Consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S. Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs. For sale by Perkins, Kleas and Mast."

The Chicago Record-Herald says that Henry Phipps, the Pittsburgh steel king, pays \$500,000 a year for the exclusive use of a deer park in Scotland. The Record-Herald puts things wrong. The American people pay \$500,000 a year for a deer park in Scotland and give Mr. Phipps the exclusive use thereof.—The Commoner.

Good for cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by Perkins, Kleas & Mast.

OPENED WITH PUNCH.

Flatonis Starts Off Public Schools with Enjoyable Reception.

Flatonis, Texas, Sept. 4.—The school trustees turned over the school to the new teachers with a public entertainment this morning. A nice program was rendered and the band furnished music. Punch was served by the ladies.

"Largest in The History of The Institution."

Tyler Commercial College, Tyler, Texas, is entering into its Fall business with the heaviest enrollment in the history of the college. The Employment Department is over-taxed with calls for bookkeepers, stenographers, and telegraph operators to accept good positions. More than 50 calls have been received during the past 20 days. This is conclusive proof that the business men appreciate the thorough, practical training given the graduates of this famous institution. Its thorough, modern courses have made for it a national reputation. More than 1,000 students have enrolled during the past 12 months from more than 20 different states. The school is now enrolling more than double the students annually of any other southern commercial college and is one of the largest of its kind in the United States.

Just as sure as a student enters this college, applies himself, and finishes his course, just so sure will he be thoroughly competent to hold a first-class position, and if he does not secure it himself, the college will secure it for him free of charge.

Young man, young woman, if you want a position paying from \$50 to \$75 per month within the next six months, make your arrangements to enter the Tyler Commercial College at once and your wants will be gratified. When you reach the city of Tyler, report directly to the college where a nice boarding place will be secured for you and all necessary arrangements made without any embarrassment to you.

You Take No Risk.

Any student not satisfied at the completion of a course in the Tyler Commercial College that the Byrne Simplified Shorthand and Practical Book-keeping or Telegraphy are all that we claim for them, can get every cent of his tuition back simply by presenting to the College a written statement to that effect.

On arriving and seeing our work you doubt our claims, deposit money for the course in any bank, payable only when we do what we claim.

As a dressing for sores, bruises and burns, Chamberlain's Salve is all that can be desired. It is soothing and healing in its effect. Price 25 cents. For sale by Perkins Kleas & Mast's drug store. dw

Term begins Sept. 3rd
VIOLA ELLIOT BLACK.

Oak Ridge Notes.

Everything is moving along serenely. Cotton picking and ginning are the principal features on the program.

The rain seems to be very shy of this neighborhood, but to judge from the swollen streams there was a heavy downpour north of us Monday.

This is the last week of vacation with some of our boys, girls and teachers. The vista of the next ten months, awakens varied emotions in the minds of different parties. Some are glad and welcome the work ahead of them. The tasks are delightful and the school-room associations pleasing and fascinating. To others the vacation is relinquished with regrets and the burden of teaching and studying presents a gloomy outlook. We are sorry for such, for in the great school of life, failure and disappointments inevitably await them.

Miss Vasta Brown has secured the school at Oak Ridge, and we are pleased to welcome so estimable a young lady in our midst.

The ice cream supper at Mr. J. F. Gaston's Saturday night was most enjoyable by old and young. A most beautiful moonlight night; a table set out doors decorated most artistically and furnished with dainty refreshments was one of the leading features, though, not the least, were games engaged in by young people, as well as the gray and bald-headed ones. All too soon came the gentle, loving words at the parting hour.

Roy Boger and Dean Burk are the guests at Rose Wilde this week. They seem to be taking in the sweets of country life with the greatest zest. They know how to enjoy life and make it pleasant for others. It makes us sigh for the days when we were a bare-foot boy.

The tournament at Woden, next Friday is looked forward to as the crowning event of this week, many are putting themselves on double duty so they may go.

Lone Pine Sticks.

Mahl, Texas, Sept. 3.—This community has enjoyed the best of health all summer, and is in fairly good condition at present, there being only one case of serious sickness in the community. Mr. M. T. Hutchison is reported to be quite sick with typhoid fever.

Mr. Jones Lollar of Rusk county is here on a visit to friends and relatives. He reports that the corn crop in that part of the county where he lives to be the very best, but that the boll weevil has cut down the fine prospects for a cotton crop. He further states that it is the general report from all over that county that the cotton crop will be the shortest in years.

Bachelor Button.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural you can hardly realize that it is produced by a medicine. These tablets also cure indigestion and biliousness. Price 25 cents. Samples free at Perkins Kleas & Mast's drug store. dw

NEW ORLEANS DISTILLERY

It Will Be Devoted to Manufacture of Denatured Alcohol.

New Orleans, Sept. 4.—Z. T. Tinker, a St. Louis capitalist, who is largely interested in several enterprises here, says that an immense distillery will be erected here to manufacture denatured alcohol from waste material obtained from the sugar refineries. He says St. Louis and Chicago capitalists are interested with him in the venture. Negotiations have already been opened with the American Sugar Refining Company for the purchase of its waste.

Commercial alcohol is now made here from molasses, the government having collected over \$6,000,000 in internal revenue from the two distilleries here in the last 12 months.

Mt. Moriah News.

Mt. Moriah, Sept. 5.—The health of our community continues good.

Gathering the fleecy staple and gathering corn is the order of the day.

J. W. Stoker has had two big bales of cotton ginned, and says that he will gather three more bales, notwithstanding the fact that the boll weevil has done a great deal of damage to his crop. He has placed 100 bushels of corn in the barn and estimates that he will gather 200 more.

This community is very dry and dusty now and a good rain would be welcomed by all.

Bob Mills and family have gone to Swift to attend the meeting of the association.

Mrs. E. E. Stoker is visiting her daughter, Mrs. Deltha Crawford near Appleby.

R. E. Stoker is building a new residence and adds materially to the appearance of his neighborhood.

The child of Mr. and Mrs. M. D. Stoker is reported improving.

Mrs. Nevada Adams and little daughter, Maud, is in our community on a visit to relatives.

The oil fever has subsided a little in this part of the county. That there is fine prospects here for oil is conceded by all who have visited our fields. Those who have been in a hurry to dump their land off at first will in the future see their mistake.

I suppose that the Farmers' Union cotton warehouse has felt through. They have let a good opportunity pass. We farmers could have built that warehouse if each one would have done his duty. The amount of money that the farmers of this county spend annually for whiskey, tobacco, snuff, and a lot of other foolishness, if this had all been put into the warehouse fund, the warehouse would have been built in a whoop.

Blue Eyes.

SHINGLES

We have started our shingle mill 4 miles east of Nacogdoches on the Melrose road and have Sawn Heart and Sap Shingles. Will deliver to any part of town. S. P. SMITH & SON

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

WE'LL SEND YOU A SAMPLE FREE.

SCOTT & BOWNE, 409 Pearl Street, New York.

OLDEST OIL FIELD.

Oil Discovered at Oil Springs Fifty Years Ago.

The following story of the early discovery of oil in Texas, was taken from the special edition of the Houston Post, of Saturday, September 1st:

The oldest oil field in Texas is beyond any kind of doubt assigned to the field in Nacogdoches county.

This field was discovered in a peculiar way. Prof. Huntington who was a Northern man, probably from Pennsylvania, was principal of the high school at Melrose, a village ten miles east of the town of Nacogdoches.

Being fond of sport, he would every day after school hours, as well as on Saturdays, take his gun and spend hours and hours in the vast pine woods that lay to the south of Melrose.

On one of these hunting excursions, on a certain Saturday, he stopped at noon to eat his lunch at a beautiful spring in the pine woods, near which ran a small branch. After eating his lunch he went to the spring, knelt down for a drink and while drinking noticed that small globules were continually rising from the depths of the spring, bursting on the surface and spreading in variegated colors. The thought at once suggested itself to his mind that it was oil, and procuring a stick he punched it vigorously into the bottom of the spring and was rewarded by seeing an immense number of such globules come to the surface. Tests made on the spot proved that the globules were no more nor less than pure petroleum oil of a splendid lubricating and fuel capacity.

Prof. Huntington mentioned the circumstance to Captain L. T. Barrett of Melrose, who subsequently went to the spring, collected a lot of the oil and placed it in bottles.

This was in 1858, and Captain Barrett took the samples to Harrisburg, Pa., where he had the same tested by Dr. Karl, State chemist and geologist of Pennsylvania.

Dr. Karl became so interested in the matter that he came to Texas with Captain Barrett and made a thorough examination of all oil indications at "Oil Springs," which

the place was called where Prof. Huntington had first noticed oil indications in the spring.

The result was that a local company was formed, but instead of putting down a well at "Oil Spring" a hole was put down at Melrose. The drill broke and while efforts were in progress to start a new well, the battle of Fort Sumpter and subsequently of Bull Run occurred and all efforts in the direction of oil development were abandoned.

After the war nothing was done to develop the Nacogdoches oil territory, the excuse by the oil men being that the field was so badly isolated that even if oil would be found in great quantities its final delivery in the markets of the world would cost a great deal more than oil was really worth. At that time the nearest railroad point was Houston, so the "Oil Springs" of Nacogdoches county dropped from notice and were known for a long period of years as possessing certain medical qualities, and being situated in a clear and ever-running branch, in the depths of the pine woods, and near a famous hunting and fishing ground, the spring came to be a famous summer resort.

In 1883-84 a gentleman representing the Petroleum Prospecting company of New Orleans came to the spring, took a look at it and subsequently purchased something like 3000 acres of land on which the company lately sunk a well about 100 yards north of the original oil spring, and in a place surrounded by what is known as "bay gall," that is, a wet slush or miry place, making into the running branch from the hills. At the depth of eighty feet a splendid quality of lubricating oil was found in such quantities that the oil spurted several feet above the ground and ran out over the surrounding woods in considerable quantities.

A great deal of excitement followed, thousands of people moved in, a large hotel was built at the springs, and land values around the springs doubled and trebled in value.

The company built a great central tank near the original well, laid a pipe line to Nacogdoches and built a large tank at that place. Quite a number of other wells were sunk and oil was pumped through the pipe line till the tank at Nacogdoches was full.

Then, all of a sudden, operation ceased; the bosses all went away, leaving a man in charge to look after their property. Not a wheel has been turned since and machinery that cost thousands of dollars is now rusting in the pine woods near the place where the first well was put down. With the secretiveness proverbial of oil companies, no body ever knew whether or not oil was struck in the many other wells put down.

It is enough to say that some half dozen or more attempts have been made in the surrounding territory by different companies to bring in a paying well, but with the single exception of a well or

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do the best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla.

Made by J. C. Ayer & Co., Lowell, Mass. Also manufacturers of: **Ayer's** HAIR VIGOR, AGUE CURE, CHERRY PECTORAL.

We have no secret! We publish the formulae of all our medicines.

so put down by the Nacogdoches Oil and Development company in 1905, in which some oil was found, not a drop has been found in any other well. The Nacogdoches oil field is now reached by the Nacogdoches Southern railroad and it is probable other attempts at development will be made sometime in the future. The Nacogdoches oil is a splendid lubricant and has sold for \$5 per barrel.

You can see the poison Pine-ules clears out of the kidneys and bladder. A single dose at bedtime will show you more poison upon rising the next morning than can be expelled from the system in any other way. Pine-ules dissolve the impurities, lubricate the kidneys, cleanse the bladder, relieve pain and do away with back-ache speedily, pleasantly, permanently. Sold by Stripling, Haselwood & Co.

Mr. and Mrs. R. T. Shindler have broken up house-keeping and are now with Mrs. Konkrite on corner of East Main and Mound streets.

Every form of distressing ailment known as Piles originates internally. The real cause of the trouble is inside. Manzan is put up in collapsible tubes with nozzle, so the medicine can be applied where it will do the most good, and do it quickly. If you are suffering with piles you owe yourself the duty of trying Manzan. Sold by Stripling, Haselwood & Co.

Mr. and Mrs. Bryant have taken rooms at Mrs. Konkrites and are moving in today. Mr. Bryant is manager of the Telephone Exchange here.

For bloating, belching, sour stomach, bad breath, malassimilation of food, and all symptoms of indigestion, King's Dyspepsia Tablets are a prompt and efficient corrective. Stripling, Haselwood & Co.

Jim Craig one of the young business men of Garrison was here on business this morning.

Best of All. R. J. Mayher, No. 406 South Clark St., Chicago, writes as follows:

"I have kept and used your Hunt's Lightning Oil for the last ten years in my family. It is the only kind to have and the best of all.

It cures Cuts, Burns, Bruises, Sprains, Aches, Pains, Stings and Bites. It kills Chiggers, too.

Rates For San Antonio Fair.

San Antonio, Texas, August 30.—Railroad passenger agents met here yesterday and fixed rates for the fair next fall. They will be the same as last year, a fare and one-fifth for the round trip, except on certain special days, when the railroads will grant much lower rates. Every railroad in the state will unite in giving a popular low rate excursion into San Antonio on the last Sunday during which the fair is in progress, and the greatest crowd ever brought into San Antonio is expected.

General Robert E. Lee, was the greatest General the world has ever known. Ballard's Snow Liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it. Sold by Perkins, Kleas & Mast."

S. B. Hand and family are moving today to Appleby and J. F. Vondersmith and family are moving into the house vacated by them on Irion Hill.

She Found Relief. If you are troubled with liver complaints and have not received help read this. Mrs. Mory E. Hammond, Moody, Texas. I was in poor health with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish. For sale by, Perkins, Kleas & Mast."

Miss Lois Simpson left for Nacogdoches yesterday to attend a teachers meeting at that place. She will be joined there Monday by her mother and Miss Bessie Garrison, enroute to Jacksonville where Miss Lois and Miss Bessie will attend school the coming season.—Garrison Gleaner.

For Twenty Years. "Other chill remedies" have sprung up flourished for a brief season, then passed away—even from memory—but for twenty long years Cheatham's Chill Tonic has been in the field of action. The reason is simple. It has merit. It actually cures Chills and Fevers while the majority of others merely promise to. One bottle guaranteed to cure any one case.

Miss Laura V. Baxter of Looneyville is the guest of Miss Laura Bark.

Backache

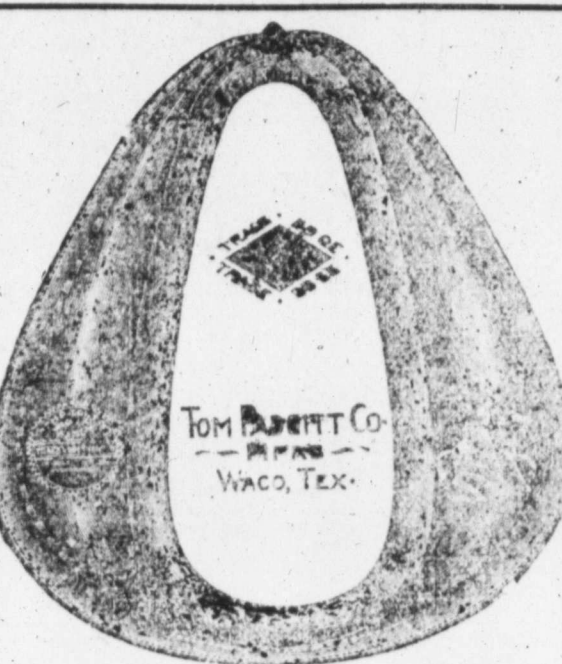

Any person having backache, kidney pains or bladder trouble who will take two or three Pine-ules upon retiring at night shall be relieved before morning.

The medicinal virtues of the crude gum and resins obtained from the Native Pine have been recognized by the medical profession for centuries. In Pine-ules we offer all of the virtues of the Native Pine that are of value in relieving all

To Beautify Your Complexion

IN TEN DAYS, USE

NADINOLA
THE UNEQUALLED BEAUTIFIER.
(Formerly advertised and sold as Satinola.)

NADINOLA is guaranteed to remove freckles, pimples, tan, sallowness, liver-spots, collar discoloration, black-heads, disfiguring eruptions, etc., in twenty days. Leaves the skin clear, soft, healthy, and restores the beauty of youth. Endorsed by thousands. Price 50 cents and \$1.00 at all leading drug stores, or by mail. Prepared by National Toilet Co., Paris, Tenn. Sold by Perkins, Kleas & Mast, Stripling, Haselwood & Co., and all druggists.

A Fine Record.

From time to time the Sentinel has had something to say concerning the tobacco crops in this county, and the results the farmers have received from their crops. This morning the records have been broken, so far as net results have been reported.

In the spring Mr. B. C. Meroney planted three-quarters of an acre in tobacco and cultivated the same under the supervision of the government expert, Mr. Otto Olson, and this morning he brought in his cut and sold 696 pounds and says that he saved for his own use 50 pounds. From the sale of the 696 pounds he netted \$80.

Mr. Meroney is highly elated with the results of his labors this year, and says that it is his intention to plant quite extensively next year.

Nacogdoches Tobacco.

The report from the tobacco growing district of Nacogdoches, Texas, is to the effect that the quantity and quality of the crop is superior to any raised since the establishment of the experiment station by the government. The farmers in the district seem slow to take hold of the tobacco raising question, but it will continue to grow and in a few years will be one of the principal crops in the country. Tobacco growers from other States have their eyes on the region, and will invest largely in tobacco lands this fall and winter. The ordinary farmer is not financially able to engage in the industry on account of not being able to build barns to take care of the crop after harvest, but this will be overcome by stock companies among themselves, and barns and warehouse will be erected centrally in each community in order to properly house and cure the crop. Tobacco lands can now be purchased cheaper than by waiting for future progress and development.—Rice Journal.

"To Cure a Felon"

says Sam Kendall, of Phillipsburg, Can., "Just cover it over with Bucklen's Arnica Salve and the Salve will do the rest." Quickest cure for Burns, Boils, Sores, Scalds, Wounds, Piles, Eczema, Salt Rheum, Chapped Hands, Sore Feet and Sore Eyes. Only 25c at Stripling, Haselwood & Co's drug store. Guaranteed.

A Good Cotton Crop.

Notwithstanding the fact that the boll weevil is reported in many sections of the county, and also that the wet weather has been very damaging to the crop, yet there is one farmer in the Douglass community who has demonstrated to the farmers of East Texas that by systematic farming and hard work that a good crop can be raised.

Mr. Jesse Bruton was in the city yesterday and in conversation with some friends here said that he had gathered six good bales of cotton from a twenty acre patch and that he would gather four more bales from the patch. Thus making one-half bale to the acre in the face of all kinds of difficulties.

Mr. Bruton has been experimenting with and grading up a special seed, and this year he has gathered one bale of cotton from an acre from this seed.

The cleansing, antiseptic and healing properties of Pine-salve make it superior to family salves. Stripling, Haselwood & Co. dw

Mr. and Mrs. Greer Orton are quite happy over a fine, big boy which arrived at their home Sunday morning, September the 2nd. Greer looks happier than it he had become a millionaire, or a president.

Stripling, Haselwood & Co's drug store and John R. Dickey's Old Reliable Eye Water stand at the head of their class. None better. w

Letter to Simon Mintz, Nacogdoches, Texas.

Dear Sir: How did you get your business? We'll tell you how we got ours. You sell shoes, we make paint; perhaps we can do a good turn to ourselves, you and we by swapping experiences.

We began 152 years ago in a little shop a few minutes walk from where we are now; a great many things have happened, we don't remember them all. We made as good paint as we could and learned to make better. We are the oldest now; we don't know whether we had any teacher or not; it's so long ago; if we had, he's gone and forgotten. We should have been forgotten, if we hadn't made good paint and friends.

You buy your shoes; you have an advantage in that; if you make a mistake, you can stop it quick; if you make a hit, you can push it quick. We've had to go slow; it's hard to pick-out one's own mistakes, and nothing but fun to correct the mistakes of others.

You know where to go for leather that keeps its shape, feel good, looks new and wears a long time. What a comfort it is to be comfortable from making one's customers comfortable!

We also have a unique advantage—unique, you know, means that nobody else has anything like it. We make a strong paint that takes less gallons, saves half the cost of painting your house, and it's like that leather of yours for wear. It is all paint and the strongest of paint. Paint is usually adulterated and weak.

We're very old, but we make young paint! one gallon is better than two, if it has the stuff in it.

Yours truly,
F. W. Devoe & Co.
New York.

P. S. Perkins, Kleas & Mast sell our paint.

Why it is Successful

As a general strengthener and family medicine Browns' Iron Bitters is renowned the world over, because it is an honest reliable remedy that has stood the test of a quarter of a century. Browns' Iron Bitters are invaluable in the household and will cure the worst cases of Dyspepsia, Malaria, Constipation, Nervous Complaints and all Blood Troubles. Sold by Stripling, Haselwood & Co. dw

Little Doctor
Brings back health by arousing the Liver. The liver is the cause of most illness—it gets lazy. Ramon's Liver Pills and Tonic Pellets restore the natural functions. Don't use purgatives—try Ramon's Complete Treatment. 25 cents. Sold by all druggists.

SHIPMENTS OF GOLD.

Alaska Output This Year Ahead of Last.

Since the season opened there has been brought into Seattle from Alaska gold to the value of \$10,562,870, or almost as much as came out during the entire season of 1905. The season is not over and much of the gold remains on the dumps, besides which the summer camps have but fairly started on their season's work.

Taking the amount of gold which has already come out, as compared with previous seasons, there is every reason to believe that the preliminary estimate of the product of the northern camps, large as they looked when made, will fall considerably short of the fact. Indeed, there is prospect that the largest estimates will prove too small.

This is the present outlook despite the fact that the camps of the Klondike are suffering and have suffered all the season from a serious water shortage, preventing the cleaning up of many dumps, and that there is a shortage of labor there as well. The Tanana and other camps on the American side have drawn so heavily from the Klondike that there is not enough to begin to supply the demand, even with the shortage of work caused by the absence of water.

The Klondike alone will apparently fall below preliminary estimates in its output. The American camps are quite certain to make records beyond the expectation of the most sanguine.—Seattle Post-Intelligencer.

Headache And Neuralgia.

Brown's Iron Iron Bitters has for the last twenty-five years been used by thousands who have been cured and generally benefitted in health. Take this medicine regularly for a month or two and those racking headaches which leave you weak and almost deranged yield to its gentle yet sure action. Neuralgia which perhaps has tortured you for years is often cured by one or two bottles of Brown's Iron Bitters. Sold by Stripling, Haselwood & Co. dw

To The Ladies of the Baptist Churches in Nacogdoches Association.

My Dear Sisters: Our Association will meet in annual session at Appleby on Saturday before the 4th Sunday in September, 1906.

As it is very desirable to have a more thorough organization of the ladies in connection with our general work and to lend encouragement to them in their local church work as members of their aid societies you will please insist that two or three ladies of your church attend the association at Appleby for the purpose of more thorough organization through a special mass meeting of the sisters to be held at one of the churches on Saturday afternoon at 3 o'clock. A program will be arranged and all who honor the occasion with their presence are promised a pleasant and profitable time. By complying with above

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor. The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from the early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs. If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:— I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation. Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well. —Fannie D. Fox, 7 Chestnut Street, Bradford, Pa.

request you will doubtless prove helpers to the Master's cause.

Very kindly yours,
A. J. Miller.
Pastor First Baptist church,
Nacogdoches, Texas. 2w

During Convalescence.

It is necessary that the strength and energies be recruited as quickly as possible. The feeling extreme weakness and languor which characterizes this period is unusually hard to overcome. Brown's Iron Bitters will revive your flagging spirits, enrich the blood and rosy cheeks will soon take the place of the pale ones and you will soon be restored to perfect health. Sold by Stripling, Haselwood & Co. dw

Mr. and Mrs. E. C. Muckleroy arrived in the city Saturday from Ardmore, I. T., and will make this city their future home. Mr. Muckleroy has secured his old position in The Sentinel press room; a position which he filled with credit for six years before going to the territory. Eph's old friends will be pleased to know that he has returned home to stay this time.

Eat one of Ring's Dyspepsia Tablets after each meal and you will not suffer with indigestion. Stripling, Haselwood & Co. dw

"DAY"
MALARIA
CURE

(California Remedy)

Stops Chills At Once

When tried out, with no desire to work or move about, restless in sleep and weary, not so common, loss of appetite, aching bones and aches and shivers, take "Day" Malaria Cure—it prevents chills, drives worst cases in three days. 75c. Made by Perkins, Kleas & Mast.

SKIN DISEASES

ACNE, TETTER, ECZEMA, PSORIASIS, SALT RHEUM.

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

ECZEMA appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS**, a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM**. It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

SSS

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

If It's a Reputation.

you are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by Perkins, Kleas & Mast.

The people of Mt. Horeb community are repairing the school house and adding other modern improvements thus distinguishing themselves as a hustling, ambitious crowd and giving the place the appearance that becomes these people.

A bath cleanses the skin and rids the pores of refuse. A bath makes far better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of a laxative or cathartic opens the bowels and clears the system of effete matter. Best for this are DeWitt's Little Early Risers. Pleasant little pills that do not gripe or sicken. Sold by Perkins, Kleas & Mast.

S. Mintz has returned from the markets and says that he has purchased one of the prettiest lines he ever carried, and says that when they begin to arrive that he will let The Sentinel readers know, so that they can come and see the pretty things of this season's fashions.

No one would buy a sailboat with sails that could not be reeled. There is always that possibility of a little too much wind that makes a cautious man afraid to go unprovided. The thinking man, whose stomach sometimes goes back on him, provides for his stomach by keeping a bottle of Kodol For Dyspepsia within reach. Kodol digests what you eat and restores the stomach to the condition to properly perform its functions. Sold by Perkins, Kleas & Mast.

Mrs. Konkrite has recovered from the measles and is able to be up again.

Fifth Sunday Program.

The following is the program for the Fifth Sunday meeting of the Land Mark Association to be held with the church at Black Jack, Friday before the fifth Sunday in September.

The opening sermon will be preached by Rev. M. T. Murray.

PROGRAM.

1. What is the discipling of a Gospel Church, as in Matthew 18: 15-21.—J. J. Fulmer, and J. W. Lambert.
 2. The Mission or purpose of the Church, of Christ.—Rev. J. H. Case.
 3. Is Foot Washing a Church Ordinance?—E. Hogan.
 4. Why do Baptists Hold to a Close Communion, or Close Baptism?—W. H. Green and W. P. Pate.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will allay the cough, relieve the lungs, and expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price, 25 cents. Large size, 50 cents. For sale by Perkins Kleas & Mast.

Death In North Church Community.

Bailey Barrett son, of W. T. Barrett died yesterday of congestion at his home north of town near North church. He was at the tender age of eight when he was taken from duties on earth to answer the beautiful call from his Maker. Taken from his loved ones here just when they had begun to watch for the results of fondest hopes cherished in him, but isn't it sweet consolation, bereaved ones to know he is in the powerful hands of the Almighty before he lives the life of temptation and suffering?

He was laid peacefully to rest in North Church cemetery before a large audience of sad relatives and friends who went lovingly to pay a last tribute to their friend and school mate.

When you have a cold it is well to be very careful about using anything that will cause constipation. Be particularly careful about preparations containing opiates. Use Kennedy's Laxative Honey and Tar, which stops the cough and moves the bowels. Sold by Perkins, Kleas & Mast.

School Opening.

The Nacogdoches Public Schools will open Monday, September 10, and since our tax rate is not great enough to supply sufficient funds to make it possible to have free school for the entire term of nine months, the first month of this term will be "pay school," as it has been for the past four or five years, and the following rates of tuition will be charges, viz: for the 1st, 2nd, and 3rd. Grades the tuition will be \$1.50 per month, for the 4th. and 5th. Grades \$2.00, for the 6th. and 7th Grades \$2.50, for the 8th. and 9th Grades \$3.00, and for the 10 Grade \$3.50. per month.

It is important that we remember that this tuition is "Payable in Advance" and it will be necessary for this to be sent to the Superintendent of schools the first day of school.

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use Dewitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get Dewitt's. Good for everything a salve is used for, including piles. Sold by Perkins, Kleas & Mast.

Miss Annie Jordan a bright young lady from Martinsville left yesterday to enter Baylor Female college located in Belton, Texas.

State of Ohio, City of Toledo, Lucas County.
Frank J. Cheney declares that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.
Signed and sworn to before me and subscribed in my presence, this 10th day of December, A.D. 1898.
A. W. Gleason, Notary Public.

P. O. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Perkins Kleas & Mast.

Tom Crawford has given up his position with H. T. Burk in the hardware business and is now with Miller & Power.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by Perkins Kleas & Mast.

Saturday the Old River Lumber Co. of Appleby had the misfortune to get part of the plant damaged by fire. The timely arrival of the mill hands and a good supply of fire extinguishers soon had the fire under control. The damage is very slight.

Wagon Harness
