TOBACCO TALK.

Historical, Statistical, Practical and Profitable.

Tyler. Tex , Sept. 29, 1906. Editor Nacogdoches Sentinel, Nacogdoches, Texas. Dear Sir:

I have noticed in the Dallas from your valuable paper in regard to the tobacco industry in Nacogdoches county.

You are perhaps unaware try. About eight years ago, manager of the Southern Pa- it would require volumes to became interested in the subject of tobacco growing. He sent to Washington and pro-200 farmers in this community, ported to Washington city.

ples of this tobacco at home and in my office at Tyler. ment of agriculture Washington City. All of these samples were pronounced by experts to be good tobacco. experiment. He examined He again came to Tyler for duce a tobacco equal to the and in good quantity at small the purpose of locating an ex- best grown in Cuba. Morse cost. perimental tarm, but he did not thereupon proceeded to se and as he had heard much of a quiet methodic manner to that fact and to the experi ment made by my father. I am als deeply intirested New York syndicate, but it in the subject of agriculture finally failed, and left him the and have made quite a few holder of the noted "Red experiments in that line, grow- Field" tobacco farm, which is ing this year, for example, one six miles from Nacogdoches, and one-third bales of cotton to the acre in spite of the boll weevil. Hence I would like very much to know the result and which he had bought and of this tobacco growing at paid a fancy price for. Nacogdoches. I believe that it would be a fine article for your paper to get some competent man, who understands the experiment, made, to write up the tobacco industry went north and secured the from its beginning to the present date, telling how it is United States agricultural auraised, the kind of tobacco thorities to test the merits of raised, the amount raised per acre, the cost of raising the same, and the net profit they are termed Orangeburg of each kind of tobacco per soils, for growing fine quality acre This article written and cigar fillers. published in your paper will secure wide circulation and attract a great deal of attention to your community. Your ington, D. C. came in person tise your section like the peach and tomato crops have advertised Smith county. not see fit to publish it in your experiment farms here and paper, I would be pleased for in other Texas counties, with you to put me in touch with some of the growers who can give me the details desire. tance that you may give me in seed. this matter, I remain,

The Chew that's Sweet and Clean

No wonder SCHNAPPS is popular-it's the chewing tobacco that suits the man who chews to get enjoyment from the tobacco, instead of the mere habit of chewing and expectorating

SCHNAPPS is made from choice selections of the well matured, thoroughly, cured Piedmont leaf, with an aroma so delightful and appetizing that it popularized the chowing of tobacco. There's no other tobacco in the world that requires and takes so little

sweetening.

TOBACCO GROWN IN THE PIEDMONT TOBACCO BELT That's what makes the difference between SCHNAPPS and the many excessively sweetened imitations-and it's such a difference that once a chewer chews SCHNAPPS, he is never deceived with any imitation.

> The sweet, tasty and exhilarating quality of SCHNAPPS tobacco has made the Reynolds factory famous as the manufacturers of the best and most popular brands of chewing tobacco, and as the largest and best equipped flat plug factories in the world. They contain every modern appliance for producing the best chewing tobacco, by clean, sanitary and healthful processes. The R. J. Reynolds Tobacco Company is under the direction of the same men who have managed it since 1875, and who have made the chewing tobacco business a life-study.

The Land Where Men Make Good

It is easy to make good in West Texas-the land that is free from Boll Weevils, Chills and Fevers. Everything is in your favor. Good, rich land costs you no more than where you now live. One man with a good leam and farm machinery can easily work 100 acres. The climate is mild and healthful. Everything is right. Now is the time to sell your farm in East Texas and buy a home in West Texas.

Land values are rapidly increasing. The farm you can buy row fo: so little will double or tripple within a year or two. Come NOW to the famous Concho Country while land can be had at a price you can afford to pay. For prices and descriptions of West Texas lands call on or write

If you suffer with eye diseases or deformities or should you need glasses call on.

DR. ADAMS

An expert occulist of years' experience, who has opened office at

BANITA HOTEL

October 10 and 20

Will be at Nacogdoches

When he makes cures like these people, your neighbors speak of, don't such cures prove him to be an expert? He has thousands of references from prominent people all over Texas. Read and learn that you now have a chance to be cured at home. Save time and money and prevent future suffering.

Mr. T. P. Seay, Jeweler-Merchant Jacksonville, Texas, says: "Dr. Adams proved his skill in my case. I was about blind with granulated lids; had been so 2 or 3 years, yet Dr. Adams had no trouble in curing me and restoring my sight sufficient, to read. He cured several difficult cases here, hence I know him to be an expert."

Mr. Eugene Mettson, Cushing, Texas, says: "Dr. Adams gave me reading vision in 20 days' time. I was led to him blind from granulated lids."

H. A. Wear of Belton, Texas, says: "Dr. Adams restored my sight after I was blind with cataracts. I recommend him to all who need an expert oculist."

C. D. Martin, banker and merchant at Morgan, Texas, says: "Dr. Adams cured me of a severe case of granulated lids and talling of lids. I consider him an expert and also an honest, conscientious operator.":

Rev. Pinckney Hawkins, Baptist preacher, Belton Texas, says: "Cataracts, put out both my eyes so that I could not tell letters twelve inches long held twelve inches in front of me. I gladly state that Dr. Adams gave me reading vision by extracting them. I know of many led to him that got reading vision. I tried three years to absorb my cataracts, but failed and he gave me sight to read in a few days.".

Y. G. Brisier, Cambellton, Texas, says: "I was led for the past four years. I was blind from cataracts. Dr. Adams guaranted to restore my sight and he did as he agreed to do. I returned home in 20 days with good vision. I certainly know him to be an expert. I have lived in South Texas for the past 40 years and hundreds will testify as I do."

Mr. C. Rydell, Manor, Texas, says: "Dr. Adams operated on my eyes 60 days ago and restored me to reading vision, regardless of the fact that I was led to his office. He also operated on a neighbor of mine, Mrs. Susan Edwards of Manor, Texas, who was 80 years old, had been blind and led about for many months. She was blind from cataract, yet in 30 days she got reading vision. Any person in Manor will state the same."

L. G. Collins, Lytle Texas. says: "I was led to Dr. Adams' office and he gave me good sight in 30 days."

Dave Brunson, a banker, and cattle dealer of Midland, says: "I tried for eight years to be cured of granlated lids, spent thousands of dollars on my eyes under treatment-at Ft. Worth five months, Chicago three months, Atlanta, Ga., two months, and many other places. I could not tell a cow from a horse 35 steps when Dr. Adams began on my eyes. I now see to read. I am now we'l and will always refer the blind to him. I know many like myself he cured."-Dave Brunson, Midland, Texas, President Midland National Bank,

A prominent San Antonio merchant says: "It is a fact that my daughter was led to Dr. Adams' office, She was blind with granulated lids/ Notwithstanding-the fact that I had her treated in Austin several months and at several other places, by leading oculists, we had to keep her in a dark room, and led her where she went when Dr. Adams began treating her but he gave her reading vision in 30 days' time."-R. B. Smith, Furniture Dealer, 225 Commerce Street, San Antonio, Texas.

Any sensible person knows that such results is proof that the operator keeps up to date and can cure any eye trouble that is curable and lets alone those found incurable.

Dr. Adams will straighten two cases cross eyes freeon this visit. He has straightened over 1000 cases in Texas, No pain; no cloroform. You get straight, eves in ten minutes time.

Call at Banita Hotel October 10 and 20.

and learn facts about your eye troubles. An expert of 15 years' experience will truthfully answer all your questions and tell you what you may expect from treatment, surfiery or glasses.

That **PEFUSE** KLD TO HEAL

There is no surer evidence of a poisonous, polluted condition of the blood than that manifested by a sore that refuses to heal. Every symptom suggests pollution; the discharge, the red, angry flesh, the inflammation and discoloration of surrounding parts all show that the ulcer is kept open by a constant drainage through it, of impurities from the blood.

When the blood is pure and healthy any cut, bruise or wound will heal readily; when from any cause, however, the blood has become infected with germs or poisons the place becomes a sore or ulcer, sometimes scabbing over, but never fully healing, because it is kept irritated and inflamed by the impurities in this vital fluid. Often the rough handling of a wart, mole or pimple which has never shown any sign of trouble, a slight scratch or abrasion of

I became very much disgry sore on my leg. A short while ago I commenced to use S. S. S. and hich have not been properly proving. I continued the use of it excelled through the channels of bodily waste. But whatever the cause the vitality and pur-Gary, Fla. until my log was entirely healed and ity of the blood is so weakened

and polluted that it cannot properly nourish the system, and the sore or ulcer is kept up.

) Those most usually afflicted with chronic sores and ulcers are persons who have reached or passed middle life; the vitality of the blood and strength of the system have naturally begun to weaken and the poisons in the blood which perhaps have been inherited and lain dormant in the system for years cannot be as effectually held in check as in early life when the system was strong and vigorous. While the old or middle-aged are the usual sufferers, the yrang are not exempt if the blood becomes infected with the germs.

Salves, plasters, lotions, etc., cannot cure old sores and ulcers because they do not reach the seat of the trouble. Such treatment keeps the place clean, relieves pain and perhaps reduces the inflammation, and in this way is beneficial, but can never permanently heal them. The only treatment that can do any permanent good is a competent blood purifier, one that goes to the very root of the trouble and re-

barks possessing cleansing, healing properties, and is not only the King of blood purifiers, but the greatest of all tonics. If you have a sore that is slow in healing do not waste time with external treatment nor experiment with unknown medicines, but begin the use of S. S. S. and by removing every vestige of the cause, cure the trouble permanently. Special book on is permanent. Avoid all subsores and sicers and any medical advice desired furnished without charge to all who write.
