"SOMEDING DIDDING"

Work in the Oil Field for Deep Oil To Be Started at Once.

After so long a time the prospects are now very good for active work to be started in the Nacogdoches oil fields. turning to a rock. This time the work will be carried on by the Higgins Oil Co., which has ample capital to prosecute the work to a successful termination, that is if there is gusher oil in the field, which is something no one doubts.

Yesterday atternoon three car loads oil well machinery belonging to the Higgins Oil Co. of arrived, and the cars were transferred to the cuts and sprains are not cow-no marks or brands -

"Swiped His Booze." A tew days ago several

members of Nacogdoches bar attended a session of a rural as well as a cure. Take ing destination proceeded to confiiscate the bottle of booze,

> and placed a brick in the grip. The loss of the bottle was not discovered until the order to have an excuse for testing the merits of the bit-

ters; no snake being found it was decided to play like one was found and test the bitters. Accordingly the grip was opened when to the astonishwent of the crowd it was found that instead of "booze"

they had a brick. One of the party said that

he had read the story about Lot's wife turning to a pillar of salt, but that was the first damages. time in his life that he ever heard of a bottle of "booze"

Invited to Deliver Speech. Hon.S. M.King, representative elect of this county, has received a letter from State Chairman Carden requesting that he deliver ten speeches in this county before the election.

The state chairman is desirous that the state this election poll a full vote, and there by place Texas in the front ranks where she justly belongs. He wants Nacogdo. ches county to poll her full strength at the general election, and it is a matter that every democat in the county should teel interested in.

In conversation with Mr. King he stated to The Sentinel reporter that it would be impossible for him to deliver ten speeches between now and the general election, but that he would deliver a tew, and would get some other good man to deliver speeches in various parts of the county.

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose restore the family fortune. They maiden name was Estes, was born in argued that the medicine which was Lynn, Mass., February 9th, 1819, com- so good for their woman friends and ing from a good old Quaker family. neighbors was equally good for the For some years she taught school, and women of the whole world. became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married (Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a ago, but not till she had provided daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs. nature's own remediescalling in a physician only in specially By tradition and exurgent cases. perience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvestfields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

(California Remedy)

Stops Chills At Once

Perkins Kleas & Mas

Chief of these was a rare combination of the choicest medicinal roots for years she assisted her in her vast in all her hard-won knowledge, and correspondence. cure of the ills and weaknesses pecu-To her hands naturally fell the liar to the female sex, and Lydia E. Pinkham's friends and neighbors learned direction of the work when its originathat her compound relieved and cured tor passed away. Cason, Monk & Co. office and make settlement of the amount that you are due me. D. K. Cason.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steered on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the mediine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased. In 1877, by combined efforts the fam-

ily had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until today Lydia E. Pinkham and her Vegetable Compound have become house hold words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for adviceand there were thousands-received careful study, and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world With Lydia E. Pinkham worked her

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found in Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process developes in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that look like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco you are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

COME WEST TEXAS

The Land Where Men Make Good

It is easy to make good in West Texas-the land that is free from Boll Weevils, Chills and Fevers. Everything is in your favor. Good, rich land costs you no more than where you now live. One man with a good team and farm machinery can easily work 100 acres. The climate is mild and healthful. Everything is right. Now is the time to sell your farm in East Texas and buy a home in West Texas.

Land values are rapidly increasing. The farm you can buy now for so little will double or tripple within a year or two. Come NOW to the famous Concho Country while land can be had at a price you can afford to pay.

For prices and descriptions of West Texas lands call on or write

When he makes cures like these people, your neighbors speak of, don't such cures prove him to be an expert? He has thousands of references from prominent people all over Texas. Read and learn that you now have a chance to be cured at home. Save time and money and prevent future suffering.

Mr. T. P. Seay, Jeweler-Merchant Jacksonville, Texas, says: "Dr. Adams proved his skill in my case. I was about blind with granulated lids; had been so 2 or 3 years, yet Dr. Adams had no trouble in curing me and restoring my sight sufficient to read. He cured several difficult cases here, hence I know him to be an expert."

Mr. Eugene Mettson, Cushing, Texas, says: "Dr. Adams gave me reading vision in 20 days' time. I was led to him blind from granulated lids."

H. A. Wear of Belton, Texas, says: "Dr. Adams. restored my sight after I was blind with cataracts. I recommend him to all who need an expert oculist."

C. D. Martin, banker and merchant' at Morgan, Texas, says: "Dr. Adams cured me of a severe case of granulated lids and talling of lids. I consider him an expert and also an honest, conscientious operator."

Rev. Pinckney Hawkins, Baptist preacher, Belton Texas, says: "Cataracts, put out both my eyes so that I could not tell letters twelve inches long held twelve inches in front of me. I gladly state that Dr. Adams gave me reading vision by extracting them. I know of many led to him that got reading vision. I tried three years to absorb my cataracts, but failed and he gave me sight to read in a few days."

Y. G. Brisier, Cambellton, Texas, says: "I was led for the past four years. I was blind from cataracts. Dr. Adams guaranted to restore my sight and he did as he agreed to do. I returned home in 20 days with good vision. I certainly know him to be an expert. I have lived in South Texas for the past 40 years and hundreds will testify as I do."

Mr. C. Rydell, Manor, Texas, says: "Dr. Adams operated on my eyes 60 days ago and restored me to reading vision, regardless of the fact that I was led to his office. He also operated on a neighbor of mine. Mrs. Susan Edwards of Manor, Texas, who was 80 years old, had been blind and led about for many months. She was, blind from cataract, yet in 30 days she got reading vision. Any person in Manor will state the same."

L. G. Collins, Lytle Texas. says: "I was led to Dr. Adams' office and he gave me good sight in 30 days."

Dave Brunson, a banker, and cattle dealer of Midland, says: "I tried for eight years to be cured of granlated-lids, spent thousands of dollars on my eyes under treatment-at Ft. Worth five months, Chicago three months, Atlania, Ga., two months, and many other places. I could not tell a cow from a horse 35 steps when Dr. Adams began on my eyes. I now see to read. I am now well and will always refer the blind to him. I know many like myself he cured."-Dave Brunson, Midland, Texas, President Midland National Bank.

A prominent San Antonio merchant says: "It is a fact that my daughter was led to Dr. Adams' office. She was blind with granulated lids. Notwithstanding the fact that I had her treated in Austin several months and at several other places by leading oculists, we had to keep her in a dark room, and led her where she went when Dr. Adams began treating her, but he gave her reading vision in 30 days' time."-R. B. Smith, Furniture Dealer, 225 Commerce Street, San Antonio, Texas.

Any sensible person knows that such results is proof. that the operator keeps up to date and can cure any eye trouble that is curable and lets alone those. found incurable.

Trawick Topics.

Trawick, Oct. 15 .- Farmers have about gathered their crops in this part of the county and are making prepara tions for living at home this winter and the coming spring. Syrup making is now the theme of conversation, and in a few days they will begin grinding cane.

In a few days the E. W. Dunn Lumber Co's mill at this place will be ready to begin sawing lumber.
