### TORE ALL CLOTHING OFF

George White, a Negro, Had a  
Close Call Monday.

George White one of the negroes employed at the cotton oil mill thought that his time had come to pass over the dark river Monday night. One of the belts had to be placed and the duty was assigned to George. He had the belt on the wheel and was in the act of climbing down when his clothing caught in the wheel and in a few minutes all the clothing George had on was his shoes and sox—nothing else.

Talking about a scared "nigger" George was one. He was scared so badly that he was granted permission to return to his home to rest. A few slight bruises on the arm is the extent of the injuries received.

### PYTHIANS OFF TO CUSHING.

A Large Crowd of Nacogdoches  
Pythians Go To Cushing.

Another new Pythian Lodge has been added to the roster of the grand lodge of the Grand Domain of Texas. Monday afternoon the following enthusiastic Pythians left for Cushing where they instituted a new lodge of the order:

E. F. Chester, special deputy grand chancellor; Chas. Hoya, B. F. Amonette, H. F. Marr, E. H. Blount, E. M. Roberts, G. L. Richards, D. K. Cason, M. L. Stroud, Dumas Simpson, Hal Tucker.

Garrison lodge K. P. was represented by the following Knights: Dr. W. L. Sheppard, Geo. F. Rainbolt, P. V. Dale, C. M. Barret, and J. G. Ross.

This is the fourth lodge of the order that has been instituted by LaNana lodge, and if the new lodge proves to be what the other three have become, the Nacogdoches brethren can feel congratulated. The lodges instituted by LaNana are: Timpson, San Augustine, Caro, and Cushing lodge, this is not a bad record and will compare favorably with the work of some of the lodges from the cities.

A telephone message from Cushing this morning states that a most excellent time was shown the visiting Knights by the good people of Cushing, and the personnel of the lodge is the pick of the thriving little city of Cushing. The following are the officers of the new lodge:

- Chancellor commander—G. C. Childress.
  - Vice chancellor—J. H. Rice
  - Prelate—B. H. McLendon.
  - Keeper of Records and Seal—D. Belk.
  - Master of finance—D. C. Baines
  - Master of Exchequer—L. H. Henslee.
  - Master at Arms—W. F. Daniels.
  - Master of Work—J. W. Gladden.
  - Inner guard—G. C. Parks.
  - Outer guard—T. J. Plunkett.
  - Past chancellors—E. D. Wintz, H. C. Rudisell, D. Belk, and L. H. Henslee.
- The number of the new lodge is 368.

In San Antonio, the members of the Christian church had a split over some trivial matter, and as a result two churches have been set up. The First church has made a contract with one of the daily papers and a regular advertisement just the same as a mercantile establishment. Press reports are responsible for the statement that the services at this church have been better attended and good results from the liberal use of printer's ink have been made manifest.

### Oak Ridge Notes.

School opened under very favorable auspices at Oak Ridge last week. A good attendance reported.

The hunters are getting ready for their big hunting trip down on the river.

Miss Rosa Yates returned from Wortham, where she has been visiting relatives for the last few months.

Rev. Frank Lucker preached his last sermon at Fairview, before annual conference begins. Quite a large crowd was out to hear him. Everyone expresses a hope that he will be returned to this work.

Iva Gillikin, accompanied by one of her girl friends, Miss Lelia Robers, came to visit her grand parents and remained over Saturday and Sunday.

Mrs. Parks' brother from Smith county, is staying a few days with her.

Miss Gladys Simpson and

Mrs. V. E. Simpson made a short but most enjoyable trip to San Antonio and Austin last week, and returned Sunday.

Thanksgiving turkeys are very much in evidence now, and if everybody is not supplied there are quite a number on hand yet to be disposed of.

POLITICS ON THE RIO GRANDE.

The situation at Rio Grande City is only the bursting of the put-up political volcano that exists along the border, especially in the fifteenth congressional district. The situation at Del Rio and Eagle Pass is almost as bad. The republicans throughout Congressman Garner's district have organized into independent leagues, citizens' clubs and other local political parties, and have made a desperate fight to defeat the democratic ticket. The fight was centered in that district for the reason that the republicans believed that with a strong effort and the lavish expenditure of campaign money the district could be carried in favor of the republican nominee for congress. The party outside of the district did not reckon the mischief that would follow when they sent enough money into that district to burn up a wet mule. They did not know it would be used as a corruption fund in local politics. It was sent to the county republican chairmen to be used toward the defeat of Congressman Garner and certainly was not intended for the purpose to which it was put in Starr, Maverick and Val Verde counties. The republican chairman in Val Verde is also the chairman of the independent party. It was probably the same in the other two counties where trouble exists or is feared. These chairmen had unlimited money and they used it in the fight against the local democratic ticket. The lowest element of the Mexican vote was bought, threats were made, the weak minded were proselyted, and it even got to the point that it was openly talked that if votes could not put the democrats out shot guns could. The bitterest feeling was engendered early in the campaign to be intensified as the election day drew nigh. Thus it was that the present situation was brought about at Rio Grande City, and only for the presence of a large force of rangers it would have been equally as bad at Eagle Pass and Del Rio. It is not yet settled and sensational reports may be listened for at any moment.

It has been proven that onions will grow in Nacogdoches county to perfection. Try an acre this fall and see how well you will come out when the crop is harvested.—Nacogdoches Sentinel.

By the way the home papers are telling things about this famous old county anything will grow there, from tobacco and olives to onions and bananas. There is nothing like it, and the manner in which The Sentinel continually talks about the county should be commended by every citizen over there. Nacogdoches farmers, like all others, are doing some experimenting on the side, and the results are said to be astounding. Most any vegetable or fruit will grow in the soil of East Texas, as recent demonstrations have shown.—Houston Chronicle.

CONFERENCE PROCEEDINGS.

At the appointed hour for the convening of the annual conference of the Free Methodist church, the Methodist church was well filled with delegates and visitors. General Superintendent W. T. Hogue called the conference to order, and read the first lesson from the 115 division of Psalms; also the 4th chapter 2d Corinthians which was followed by a very earnest prayer from the reverend gentleman. Prayer was followed by singing the first song in the Methodist Hymnal. Following the song service a season of prayer was offered by the district elders.

Rev. Hogue then addressed the conference on the work of the past year showing that the church is in a very healthy condition; new churches having been organized throughout the state and the membership growing at a very rapid rate.

At the close of the address the conference was organized by electing Rev. R. A. Thompson secretary, Rev. F. D. Palmer assistant secretary, and Rev. S. H. Owens statistical secretary. The following committees were appointed:

Stationery Committee—R. E. Elkins, L. D. Meyers, and John N. Wilson.

Public Worship—W. T. Hogue, M. L. Lancaster, and A. B. Harrell.

Publication—S. H. Owens, W. M. Adams, and J. O. Penrod.

Reforms—R. A. Thompson, L. A. Miller, and R. E. Elkins.

Education—George McCullough, S. H. Owens, and I. J. Jacks.

Sunday Schools—W. H. Winters, R. E. Fletcher, and Ada Edwards.

Publishing Minutes—R. A. Thompson, F. D. Palmer and S. H. Owens.

Examining Conference Records—F. D. Palmer, R. G. Swanson, M. M. Lowery.

Finance—H. H. Hanson, R. E. Elkins.

State of Work—George McCullough, R. A. Thompson and M. L. Lancaster.

Resolutions—L. P. Morris, C. A. Perkins and B. F. Harris.

Auditing Committee—George McCullough and R. E. Elkins.

Claimants and Claims—W. T. Hogue, R. A. Thompson, George McCullough, L. D. Meyers and R. E. Elkins.

After the appointment of the various committees the presiding elders present addressed the conference and made a report of the work done during the past conference year. Those reporting were: Rev. R. A. Thompson of the Dallas-San Antonio district, Rev. George McCullough of the Greenville district, and Rev. M. L. Lancaster of the Nacogdoches district. This being all the business before the body at this time the meeting adjourned until 8:30 o'clock this (Thursday) morning.

The following delegates arrived yesterday afternoon. Rev. H. A. Hanson, San Antonio; Mrs. Kimbrell, Mrs. Street and Rev. W. H. Lathrop, Ennis; Rev. Chas. Rose, C. A. Perkins, Dallas; Rev. M. W. Burgess, Tyler; Mr.

Cannon and daughter, of Campbell; and Mr. Brigman of Oak.

The committee on public worship assigned the pulpit of the Methodist church to Bishop Hogue. At the appointed hour a good congregation was present.

The text used for the sermon was Romans 1:16. "I am not ashamed of the Gospel of Christ for it is the power of God unto salvation, to every one that believeth."

He said in part: "It meant a great deal more for the Apostle Paul to say this than you or I. The difficulties surrounding the preaching of the gospel at that time was great and Paul and other apostles did not have the pleasure of living in a country where the freedom of speech was an inherited right of the people."

"Gospel means good news. It is good news, first, because it reveals to us the fatherhood of God; the sonship of Christ, for there can be no fatherhood without sonship; it reveals to us the brotherhood of man."

"Second, it reveals to us the resurrection. Not only did he teach us the doctrine of the resurrection by word, but also by raising three persons from the dead. Then he died and descended into the grave and hades from which He arose triumphant of death, hell and the grave and ascended into heaven."

Third, it reveals to us a remedy for bad life; also from the principle which causes bad life.

"Gospel is but the contraction of the word, good spell. The serpent charms the bird and by its influence draws it into its coils. Sin is the same. It draws the soul into its coils—this is a bad spell. God counteracts this by holding up or giving a good spell which draws the soul from sin to God."

The second day's session of the Free Methodist conference was marked as a day where business was transacted with a vim.

The meeting was opened with religious services conducted by Rev. George McCullough, of Greenville.

Following the religious exercises, Bishop Hogue convened the second day's session of the conference. The roll call revealed the secretaries and officers of the conference present.

The name of Rev. W. H. Lathrop, superannuate, was called his character passed, and he made report.

The name of Rev. W. C. Rose was called, but being absent on account of sickness, the report was made by Rev. McCullough presiding elder of that district.

Rev. L. A. Miller was called and made his report.

Rev. W. M. Adams was called, but as he did not have report ready, he was granted further time in which to prepare the same.

Rev. W. H. Winters called and made his report. He was granted a certificate of transfer to the Illinois conference.

Rev. R. E. Eletcher was called and made his report.

Rev. J. L. Wyche was called, but was not present. He was granted a certificate of location.

Rev. T. J. Jacks was called and he made his report.

Rev. F. D. Palmer was called and reported.

Rev. J. O. Hackett was called and was granted certificate of transfer to Illinois.

Rev. H. A. Hanson was called and made his report.

The matter of electing three

elders taken up and discussed. After the question had been put the conference decided to elect the elders and the following were elected to the positions: Rev. R. A. Thompson of Dallas, George McCullough of Greenville, and Rev. M. L. Lancaster Nacogdoches.

Rev. J. F. Hendricks was called and not being present Rev. R. A. Thompson made report for him.

Rev. S. H. Owens was called and reported.

Mr. and Mrs. Malone of Ennis, and Rev. W. A. McLeod of Nacogdoches were present and invited to honorary seats in the conference.

Rev. A. B. Harrell was called and reported.

Rev. R. G. Swanson was called and reported.

The following trustees were elected: Rev. George McCullough, Rev. L. A. Miller and Rev. W. M. Adams.

Rev. W. H. Winters resigned as trustee, and M. R. E. Elkins was elected to fill the vacancy.

The committee on public worship reported that they had selected Rev. L. A. Miller to preach at 2:30 o'clock, and Bishop Hogue at 7:30.

No further business appearing and the hour for adjournment having arrived, the meeting adjourned until 8:30 this (Friday) morning.

A goodly number were present to hear the sermon delivered by Rev. L. A. Miller. He is a splendid talker and his sermon on this occasion was timely and to the point and was evident, that he is a deeper thinker.

Last night Bishop Hogue preached another splendid sermon and it is to be regretted that there was not a larger congregation present. His sermons are the kind that does the soul good and gives the mind fresh thought in spiritual matters. The bishop is certainly a deep thinker and should the committee select him for another evening the church building should be packed.

Promptly at 8:30 the conference was called to order the religious exercises were conducted by Rev. W. H. Winters. The sermon being followed by prayer by the reverend gentleman.

The following were elected as a board of examiners: Rev. George McCullough, Rev. R. A. Thompson, Rev. M. L. Lancaster, T. J. Jacks and Rev. S. H. Owens.

The following were elected as a committee to consider the feasibility of establishing a college for the conference: Rev. R. A. Thompson, Rev. Geo McCullough, Rev. W. M. Anderson, R. E. Elkins and John Brigman.

Rev. S. H. Shettles, presiding elder of San Augustine district M. E. Church, and Rev. T. C. Sharp, present and invited to honorary seats in the conference.

Rev. George McCullough was elected ministerial delegate to the general conference which will convene Greenville, Illinois.

R. E. Elkins lay delegate, and Rev. R. A. Thompson reserve lay delegate. Mrs. R. A. Thompson lay delegate. Rev. S. H. Owens was elected to elders orders.

Rev. J. M. Robinson of the Presbyterian church, U. S. A. Rev. Allan Took pastor of the Methodist church of Caro, and Rev. J. L. Watson were present and invited to honorary

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Myrtle Mills possesses information which is of great interest to her young friends. She never imparted or is willing to impart any mysterious and wonderful secrets. Her modesty and bashfulness often withheld their mothers and friends from the physician at this time. She became afflicted with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities. Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass. Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest: Dear Mrs. Pinkham:—(First Letter.) "I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back-ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill. Dear Mrs. Pinkham:—(Second Letter.) "It is with the feeling of utmost gratitude that I write to you to tell you how valuable medicine has done for me. I wrote you in regard to my condition, consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill. Miss Matilda Borman writes to Mrs. Pinkham as follows: Dear Mrs. Pinkham:— "Before taking Lydia E. Pinkham's Vegetable Compound my periods were very irregular and painful, and I was afflicted with dreadful headaches. "But since taking the Compound my periods have entirely left me, my periods are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa. If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood. Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it? Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

seats in the conference. Rev. E. Fletcher was elected to elders orders. B. F. Harris was called and reported, and was elected to deacons orders. Rec. C. A. Perkins reported his work as an evangelist and was elected to deacons orders. Rev. S. L. Crouch was called and reported. He was granted a certificate of transfer to the Tennessee conference. The president delivered an address to the conference upon the subject of Free Methodism, setting forth the aims and purposes, of the church. The hour for adjournment having arrived the conference adjourned until 8:30 this (Saturday) morning. Rev. W. T. Hogue preached another good sermon at the Methodist church last night. While the congregation was not as large as it should have been, yet those who were present have the satisfaction of knowing that they heard an able and masterly sermon from one of the brilliant men of the church. The conference was convened this morning promptly at 8:30 and religious services were conducted by Rev. S. L. Crouch. Ennis was the place selected for the next session of the annual conference. At the close of the business session of the conference, Bishop Hogue read out his conference appointments as follows: Dallas district—L. A. Miller presiding elder; First church—L. A. Miller. Elm street church—C. E. Rose. Colonial Hill church—F. D. Palmer. Ennis and Muirhead station—John Fenner. Fort Worth and Collinsville station—W. F. Gales. Oak circuit—C. A. Perkins. Paradise and Hopewell—B. F. Harris. Midway and Compeer—M. M. Lowery and W. A. Nash. Canon City, Plainview and Floydada station—M. M. Adams. J. C. Nash evangelist. Greenville district M. L. Lancaster presiding elder; Greenville and Campbell station—S. H. Owens. Rockwall and Bear Creek station—R. G. Swanson. Roddy, Mabank and Prairieville to be supplied. Alba and Van—J. C. George. Terrell, Bichelor, Lawrence and Rose hill circuit—R. E. Fletcher. Quinland, Rockwall and Roysse—C. B. Weaver. Forest Hill and Rock Springs to be supplied. DeKalb and Dalby Springs to be supplied. Nacogdoches district R. A. Thompson presiding elder; Nacogdoches, Canaan, Sacul, Caro and Appleby, circuit—A. B. Harrell. Zavalla, Huntington and Homer—T. J. Jacks. Edgar's Chapel, Sabine Town, Sharpville, Chireno and McLendon—L. P. Morris, Tyler, Starville and Big Sandy—J. S. Parnell. San Antonio district.—H. A. Hanson presiding elder. San Antonio station—C. W. Johnson, San Marcos and Pipe Creek—H. A. Hanson. In order that he may have no shadow of a corporation hanging over him, Governor-elect T. M. Campbell has sold all his stock in the Palestine National Bank. The Sentinel has always contended that Col. Campbell was a good man and before the primary election advocated his nomination because he was capable as well as conscientious.

### STRONG PROTEST OVER STATE

By Reason of Commission's Stand on "Side Trips."

Austin, Texas, Nov. 7.—There is a perfect storm of protest going up all over the state on account of the refusal on the part of the railroad commission to grant the request of railroads for a one fare rate for homesteaders to make side trips in the state after they are brought here by the roads.

All of the big lines are hit hard by the commission's action. The matter has been presented at the local League through Mr. Wagner, the Katy's up town man, and there seems to be consternation whenever the commission's action is explained to the citizens of the state.

### DANGERS FROM DYSPEPSIA.

Imperfect Digestion Most Prolific Cause of Serious Disease.

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health reports do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50-cent box of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long standing weakness of the stomach, two boxes or more are sometimes needed, but Stripling, Haselwood & Co. guarantee Mi-o-na will cure in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

## Heat on Tobacco Improves it Like Roasting Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste found in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and raked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured

tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps chews more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

#### A Point in Hand.

How the raw material which Texas can supply in unlimited quantities is as yet unappreciated by its home people is most forcibly punctuated by the following incident: One of the saw mills operating at Orange recently consigned a car of hardwood to a purchaser in one of the Central States, and some time thereafter had occasion to purchase a wagon for general yard purposes. The paint used only imperfectly covered the body of the wagon, making it possible, without any difficulty to read the grade mark to the shippers. It is evident that the selling price of the wagon was made to include the following unnecessary expenses: Transportation of the raw material from Orange half way to the Canadian frontier, and similar transportation account of finished product; the manufacturer's profit, likewise that of the establishment from whom the purchase was made. Timber suitable for wagon material is to be found throughout Eastern Texas, particularly on the line of the Texas & New Orleans railroad, and line the banks of every river flowing through the Coast country. Cheap wagons would form no considerable item of economy in farming operations, and would doubtless prove a profitable enterprise. We have got the farms and should manufacture our own farm wagons.

#### TIRED OF REPUBLICANS.

The Entire State Democratic Ticket Elected by 20,000 Plurality.

Kansas City, Mo., Nov. 7.—The Missouri democratic state ticket was elected by a majority that may reach more than 20,000 and most of the congressional seats were regained.

The state senate is also conceded by the republican state central committee to be safely democratic. The lower branch of the legislature is still in doubt. The vote on representatives in many of the counties will be close and both parties are claiming control of the lower house.

Letter to Jas. H. Power.  
Nacogdoches Texas.

Dear Sir: The cheekiest fraud in all paint is paste paint. Here's one.

Lawyer Arley B. Magee, Dover, Del. painted his house our years ago with paste paint at a cost of \$44 for paint and \$61 for labor, total \$105. The house got shabby in two years; then he painted Devoe at very different cost: \$18 for paint and \$30 for labor, total \$48. (Paste paint \$105; Devoe \$48.)

It is like fattening hogs on milk 3-4 water. Paste paint is 3-4 white-wash.

Yours truly,  
F. W. Devoe & Co.

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour eructa, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural process of digestion as it exists in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but the famous remedy cures all stomach troubles by cleansing, purifying, strengthening and strengthening the mucous membranes lining the stomach. Mr. S. E. Hart of New Mexico, 3 1/2 years ago cured his sour stomach, indigestion, and Kodol cured me and we are now using it in milk for baby.

Nacogdoches county voted a solid democratic administration.

TEXAS can furnish politics of the real and strenuous kind on the border.

If an "idle mind is the devil's workshop" his satanic majesty has many places of doing business.

THE fourth Saturday, Nov. 24, is regular meeting day of the Nacogdoches county Tobacco Growers Association.

NACOGDOCHES county will just have four votes in the next party conventions. These four were gained by a scratch.

NACOGDOCHES polled 1164 votes in the last election. There are something over 4000 qualified voters in the county.

COUNTY officials are making up their reports and getting ready to turn over the affairs of the county to the newly elected officials.

THE socialists cast a larger vote in Nacogdoches county at the last election than the regular republicans, and the socialists only had 15 votes for governor.

TYLER had a very destructive fire in the residence portion of the city early Monday morning. Ten residences on West Ferguson street were destroyed, representing a loss of \$55,000.

THE year nineteen-six will hold the record for disastrous railroad wrecks. One on the Baltimore and Ohio and one on the Southern Pacific yesterday. In the two wrecks eight people were killed and fifty badly hurt.

THE election of Hughes as governor of New York cannot be claimed a republican victory. On the other hand when it is taken into consideration that the democrats elected the rest of the ticket it looks like a democratic victory.

THE fool killer is needed in Nacogdoches. A few miles from the city is located the powder storage house, where large quantities of dynamite and powder is kept. Boys and men whose brains are located in their heels have made a practice of shooting at signs on the house. A few days ago while taking an inventory of the house it was discovered that several shots had penetrated the thick walls of the building and passed through several kegs of powder, but fortunately did not strike the dynamite. Just stop and consider for a moment what would have been the consequence if a stick of dynamite had been struck by a stray bullet? The chump behind the gun would have been blown into a thousand pieces and the city would have been wrecked. A stop of the foolish practice must be made—and that right now.

## THE VIEWS OF BRYAN.

"Would you, Mr. Bryan, deny to a prominent railroad attorney, for example, the right to serve his country in congress or in a senate?" is the sense of a question recently put to the democratic leader. "This man may be distinguished for his capacity as a lawyer and for his probity as a citizen. Why should he, because of chance that placed him in the legal profession as the respected representative of a great railroad, be deprived of the opportunity of sitting in the United States senate if the people of his state so elected?"

"If the people of the state elected," Mr. Bryan replied "he would, of course, have his seat, but the people of his state should not so elect. My contention is, and I am by no means alone in this, that there does not exist a man who can serve two masters; the man who is employed by a great railroad company to assist in controlling congressional legislation can not serve his state while sitting as a member of the national legislature unless he fail of duty to his railroad corporation."

"But isn't there some exception isn't it possible for a man to preserve a perfectly honest attitude?"

"The man who says that he can thus serve two bosses, the public and the franchise seeking corporation, is one of two things—he is either consumed with vanity or knowingly dishonest. There is no other answer."

This is Bryan's position. It is to be one of his campaign cries for 1908, rivalling the trust and railroad issues for pre-eminence. He is already finding support among the people and the politicians. He feels that the issue is one of great possibilities, and he will urge it in all of his public and private talks for the next two years.—St. Louis Republic.

The press of East Texas is protesting against an exodus of people from that section to New Mexico and Washington. There is sound logic in this protest against jumping at the shadow and dropping the bone in the creek. No doubt the State of Washington and Territory of New Mexico have mand desirable conditions, and some of the other kind. Both of them have been well advertised, and it is safe to say the best lands and best chances are already pre-empted to a large extent; while some of the most attractive features of East Texas have only begun to come to the front. The first great requisite to farming and production East Texas has—rainfall. With a season almost assured throughout that section, the farmer is left free to experiment in various directions backed by a water company that doesn't sell out to the trusts or shut off its flumes. Much of the farther West has to depend largely or wholly on irrigation. Even with water assured, the man who makes a good crop with the comparatively light work necessary in many parts of Texas, will be surprised and perhaps greatly disappointed by the most strenuous efforts required in irrigation farming. Then the saw of the rolling stone is still orthodox—especially for those who have a reasonable good thing without moving. The best hunting is always over the next ridge; the best fishing just beyond the next big bend; the happiest and most perfect day is always to morrow, which never comes. Why, the cat squirrel stews of East Texas are enough to make a native get up in the middle of the night in Washington and start to walk back. The man who can wallow in East Texas ribbon cane syrup and can hit a cat squirrel's eye with a target gun in the tallest tree, ought to think several times before he gives up such a birthright.—Current Issue.

## Strangers Hands Are Often Cold.

The boy and the girl may have to battle in life alone. Strangers hands are often cold. Without commercial education, they may always be kept at the bottom of society; with it, they may rise. The most precious legacy a man can bestow upon his child is a good commercial education. It serves when the body is disabled, and is a source of income and pleasure; floods cannot sweep it away; droughts cannot blight it; conflagrations cannot consume it; thieves cannot steal it; financial adversities but make it more lustrous and useful; it supports the hand of age; it lightens the burden of life; and when age creeps on, it becomes a perpetual fountain of employment and pleasure.

The demand for young men and women equipped with a thorough practical knowledge of bookkeeping, Business Training, Shorthand, Typewriting, or Telegraphy is far greater than the supply.

New fields of industry are opening rapidly. Every new enterprise from the starting of a village store to the operating of a trans-continental railroad, from the forming of an obscure partnership to the organizing of a gigantic trust, looks for men with practical business college training to conduct it.

Let James A. Garfield advise you: "Business Colleges furnish their graduates with a better education for practical purposes than either Princeton, Harvard, or Yale"—Jas. A. Garfield.

For full particulars of the greatest school of business training in this country, address the Tyler Commercial College, Tyler, Texas.

EVERY "digger" in Nacogdoches has accumulated a fortune doing nothing. You can't hire one for his weight in gold. The working negro is a jewel and is never out of work. There are a number here who should be given to understand that will have to get to work or keep off the streets.—Daily Sentinel.

Same over here. The managers of the stove factory, compress, the saw mill, etc., all say they cannot get laborers at all, and we know they all pay good wages—Timpson Enterprises.

Come in and let us show you what we have to offer. The prices tell their own story, and don't forget that when dealing with us a call will place you under no obligation to buy. A dollar contains one hundred cents. You've got to exchange labor for it. When you get it the next thought that strikes you is: Where and how can I make the dollar go farthest? There are many ways you can do it, but we know of no better way than to put it in stuff that will last. You have the money and we have the stuff. Drop in and we will tell you all about what we can offer and how low it can be offered. We extend you a cordial invitation to visit our store and we will take pleasure in showing you our line whether you buy or not. No matter what it is, if we carry it in stock, you will have no cause to complain of the quality or price.

# S. MINTZ.

THE treasurer-elect of Texas has put an end to the speculation as to his appointment and has made the same known. It would not do for Governor Campbell to do this for the reason that the newspapers are busy making up his appointments, and if the governor should say who is who the paragon would have to pound away on the payment of poll taxes.

MARRIAGES and rumors of marriage in social circles, while the district clerks are busy filling applications for divorce and writing decrees of divorce. Surely there should be a remedy suggested by some wise man to put a stop to this divorce business.

THE Nacogdoches Sentinel last Thursday issued a splendid illustrated edition of sixteen pages, which should be of vast value as an advertisement for Nacogdoches. The illustrations were good, while the mechanical appearance of the paper was all that could be desired.—Lulkin Tribune.

**Galled Him Down.**  
One of the best jokes of the season is being told on a certain traveling man who makes Nacogdoches on regular trips. He walked into the drug store of Perkins, Kleas & Mast one day this week and rapped on the cigar case. Isaac Mintz answered the call, and inquired what was wanted. The traveling man said: "I want a cigar."

What kind of a cigar do you want?"  
The traveling man said: "What kind of a cigar do you think a man like myself would smoke?"  
Quick as a flash of lightning the boy said: "We do not handle cheroots, you will find them at the grocery stores."

The answer had the desired effect and the man then called for his favorite brand of cigars which were handed out to him.  
Dr. and Mrs. W. I. M. Smith returned last night from San Antonio and Houston where they have enjoyed the fair and carnival.

**Break up the Cigar Boxes.**  
Few merchants are aware of a new law which went into effect last July. One merchant in a nearby city is already grieving on account of his ignorance of the law to the extent of a heavy fine imposed upon him. Heretofore it has been customary to scratch the stamp on a cigar box and, if so desired, give it away or do with it as he should see fit, so long as the stamp was destroyed. But this is not the case any longer. The merchant or dealer must at once remove the box from the case and break it up. This law may sound queer, but be sure to heed it or you will be caught before you know it.—Denison Gazetteer.

TALKING of trusts, what's the matter with the sleeping car proposition. The Pullman's build cars and the big roads of the country claim that they cannot purchase cars, but have to let the Pullman people dictate terms for the hire of their property. That's the plea put up to the railroad commission of Texas.

## Mt. Moriah Locals.

Mt. Moriah, Nov. 11—This has been another beautiful day. One of sunshine and good cheer. A blessing we should all appreciate, and in so doing should render praise to His great and holy name.

The health of Mt. Moriah community continues good, and all who have been reported indisposed are able to be out again.

J. W. Stoker and mother, Miss Bettie Stoker, and Miss Ellen Mills have returned from Waco where they attended the meeting of the Baptist convention. They report having had a most pleasant trip and the convention to have been a success in every particular.

The school at this place is progressing nicely now and the daily attendance for the last week averaged 50 pupils.

The debating society has changed the nights of meeting from the Saturday night before the third Sunday to the Saturday night before the fourth Sunday in each month. The society is growing rapidly and much good is accomplished in the matter of giving the members a more extended conception of the great questions concerning the people of this country.

Mr. C. L. Chandler is making preparations to move to Garrison.

Rev. J. C. Eondren will preach here next Saturday and Sunday.

Edgar Thomason and Chas. E. Davis of Nacogdoches passed through here Saturday night on their way to Miller's mill where they attended a meeting of the Woodmen of The World Correspondent.

Ed Burk returned at noon from Houston where he has been on a two days visit to the carnival.

## Obituary.

On Oct. 26th, 1906 the death angel visited the home of Mr. and Mrs. Bennett Baker and claimed for its victim little Ellis Alma, she was born July 23rd 1902.

Dear Alma has gone to God to dwell with other loved ones who have preceded her to that better land above. She has paid the debt we all have to pay, beneath the shining sun there is nothing sure but death. Yes, dear Alma is in Heaven where all is peace and love; she has crossed the river we all have to cross before we reach God's throne. She can't come back to us but if we live so as to gain that Heavenly home we will meet her in that fair land where all is joy and love and some bright day, some future day we will meet her there a crown upon her forehead, a harp within her hand. Dear Alma leaves a father, mother, two sisters a host of relatives and friends to mourn her death. It is hard indeed to give her up, but dear parents weep not for your precious darling, she now dwells in that mansion our Savior has prepared. Her remains were laid to rest in North church cemetery beneath a bed of flowers. Rev. McClure conducted the funeral service.

## Cold Tea Proposition.

Editor Sentinel:

I have read with some interest your copy of article from Dal-Gal News entitled "Cold Tea as a Preventive of Typhoid."

Dr. McNaught of the Royal Army Medical corps in his experiments demonstrated that the typhoid bacillus was destroyed by the action of cold tea. Now when Dr. McNaught says so it must be undoubtedly so.

But that does not prove that cold tea destroys the bacillus in the intestines of man, even if the Chinese are more immune from typhoid fever than the other races which they are according to this article.

It is a well known fact that races of people like animals have an idiosyncrasy for certain diseases, that is they are more susceptible to them.

In Sumatra and Java and in all the Dutch East Indies, according to Curtis, malaria is a disease of childhood like measles and scarlatina is with us. And no animal can stand the ravages of the tsetse in South Africa but the donkey.

The people of the British Islands drink tea, hot and cold in large quantities always and at all times and it does not seem to confer the same immunity as it does on the Chinese. I wonder why?

Now cold tea contains theine and tannic acid while cold coffee contains caffeine (an alkaloid similar in its physiological action to theine) and tannic acid. Cold tea contains a large per cent of tannic acid. That is all the difference between the two according to chemical analysis.

It would seem to me judging from this that the large quantities of coffee in winter and cold tea in summer drunk by the American people should render the mucous membrane of their alimentary canals a not very favorable medium for the growth of the typhoid bacillus.

But nevertheless typhoid fever flourishes all over the land. Perhaps it may be well to give the cold tea proposition a trial as a preventive. Though if you get it be sure to send for a physician.

Sometime ago it was stated by the U. S. Dept. of Agriculture that a solution of one to ten thousand, copper sulphate destroyed the typhoid bacillus and it will without fail in so much water if given time enough and possibly it is a better preventive than cold tea.

Taking it for granted that cold tea destroys the typhoid bacillus in the human intestine, would it be well to let the putrefactive remains of this bacillus, its toxins and the medium which made it possible for it to flourish remain in that intestine? I should think not.

There is but one preventive for typhoid fever; pure air, pure wholesome food and sanitary living.

There is but one cure for typhoid fever, clean out the alimentary canal, render it as aseptic as possible, keep it so give nourishing food, not to much, keep the secretory and excretory organs active, keep

everything pure and clean and the activities of the bacillus will be as harmless to human life as they would be to the longevity of a marble slab.

I would advise against the drinking of large quantities of tea, hot or cold, as it creates a habit as bad if not worse than the bromide habit.

I have seen tea fiends in the British Isles too plentiful. Anyone can tell them by their peculiar color and peculiar manner.

There are two many different kinds of medicinal fiends now among the races.

## The Ideal Family Laxative

is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose, always having the same effect, otherwise the quantity will have to be increased and finally lose its effect altogether. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so carefully made.

Brandreth's Pills are the same fine laxative tonic pill grandparents used. They have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

## TROOPS GUARD BORDER CITY.

Further Riots Are Feared Over Starr County Election.

Corsicana, Texas, Nov. 9.—Troop D, Texas national guard, under command of Colonel Townsend and Captain Murphy, left here this morning for Rio Grande City, acting under orders from Governor Lanham.

Citizens in the Brownsville border section asked the governor to send a company of rangers and a company of militia to Rio Grande City for the opening of the commissioners court Monday to avoid bloodshed.

The election in Rio Grande City was dominated by armed men, democratic voters being prevented by physical force and display of arms from entering the court house to vote. As a result the republican majority is about 100.

Judge Welch's assassination became known at 8 o'clock and great demoralization followed. About 50 mounted and armed men rushed through the crowd, demanding that the polls be instantly opened. Deputy sheriffs and special constables were too few to safely cope with the situation without open warfare between the parties.

To save life, Chairman Seabury, representing the democratic party, gathered the best men among the republican leaders about him and made an agreement with them that no armed men should approach the court house; that one man of each party should be appointed by the presiding officer as a special peace officer at the polls, and that a democrat and a republican should vote alternately until all had voted.

This agreement was kept for two hours, after which the republicans took possession of the court house, entered the door, held it in force, backed by armed men on horseback and afoot, some with pistols drawn, and terrorized and kept out most of the democratic voters.

Mr. Seabury and Jose Pina, republican peace officer, several times broke up the gang and got a fair deal so long as they remained at the outer doors. The election was conducted upstairs, where their duties generally kept them. About 125 electors did not vote.

Many outrages and much personal violence were reported by individuals, but there was no loss of life. The governor was wired to send rangers and militia, as further riots are feared when the returns are canvassed next week.—Houston Chronicle.

Revs. A. J. Miller and S. F. Baucom have returned from Waco. They report the greatest convention of all. One hundred thousand two hundred dollars paid out for State missions; five hundred left in treasury to begin with the new year. Forty-eight thousand dollars for Buckners Orphan's Home. Fifty thousand for the Baptist churches was raised during the convention at Waco.

**AWARDED FIRST PREMIUM.**

Nacogdoches County Tobacco Carried off First Honors.

From time to time The Sentinel has been telling the public about the fine tobacco that was grown here this year, but it remained for the judges of the San Antonio fair to settle the matter so that the people of Nacogdoches county would be convinced that what the paper had said was not a lot of hot air. The following which was received in the city this morning should be gratifying to the tobacco growers of the county:

San Antonio, Nov. 9, 1906  
Mr. Robert Lindsey,  
Nacogdoches, Texas.

Dear Sir:

Tobacco raised in Nacogdoches county by Mr. J. L. Gill was awarded First Premium at the San Antonio fair yesterday. Hastily very truly,

# CATARRH BLOOD DISEASED AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous droppings back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarrh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting cease.

I had Catarrh for about fifteen years, and no man could have been worse. I tried everything I could hear of, but no good resulted. I then began to use S. S. S., and after taking it a short while was cured. This was six years ago, and I am now well today as any man. I think Catarrh is a blood disease, and now there is nothing on earth better for the blood than S. S. S. Nobody thinks more of S. S. S. than I do.

### Cold Tea as a Preventive of Typhoid

It has been often asserted that the most effective remedies are the simplest; that the method best calculated to extract from nature her most useful powers have been the simplest methods; that the most eloquent as well as the most logical of language is that which is the most simple and easiest understood. As bearing out the idea in regard to the simplest remedies being the most efficacious, the following extract from a communication in the Washington Post will serve as an example.

That cold tea will destroy the germs of typhoid fever is the very latest discovery of medical science. While carrying out a series of experiments to ascertain whether the micrococcus melitensis, which is supposed to be the cause of Malta fever, would survive in milk when added to tea, Maj. J. G. McNaught of the Royal Army medical corps recently made an investigation into the action of cold tea upon the bacillus typhosus, the germ which causes typhoid fever.

The results of his experiments showed that in five hours the micrococcus melitensis was completely destroyed, and in the case of the bacillus typhosus, contact with the cold tea for hours greatly diminished the number of the bacilli, and at the expiration of twenty hours none of the bacilli could be recovered from the tea.

He considers the experiment of very great interest with reference to the question of the use of cold tea as a substitute for water in the soldier's canteens as a safeguard against typhoid infection. When it is remembered that the Chinese, who habitually use cold tea as a beverage in place water, are almost immune from this dread disease, which destroys so many Americans and Europeans, may we not reasonably suppose, in view of the experiments above mentioned, that the drinking of tea in place of water may have the effect of destroying the germs, thus making them immune to the disease?

The same writer goes on to say that the case of a man is cited who has drunk 135,000 cups of tea during his lifetime without serious injury, thus, as he asserts, the demonstrating the harmlessness of the beverage, and making it useless to feel the least bit apprehensive as to the results flowing from the drinking of tea as a preventive or cure of disease. While it does not appear from the statements of the writer referred to that the medical profession has accepted the theory as to the effectiveness of tea as an antidote for the typhus poison, or as a preventive, it may prove beneficial in leading to investigations along the lines indicated; and too, possibly may itself prove, under proper conditions, to be at least valuable in the treatment of this dreadful scourge.

### You are Coming to Shreveport During "Fair Week."

We have not had the pleasure of meeting a very large number of our customers and we, therefore, hail with delight an opportunity of thanking them personally for the confidence which, with their assistance, we have been able to establish between the Whiskey Buyers and ourselves.

It is very gratifying to know that prejudices so long existing against Shreveport as a shipping-point have been cast aside, and that the territory adjacent to our thriving little city look upon her at the present time as a market second to none for goods in our line.

We wish to shake the hand of every person who has contributed to the wonderful growth of our Louisiana Branch, and we therefore extend you a most cordial invitation to pay our house a visit while in the city. We would be glad if every Whiskey Buyer in our territory could know, beyond question, the honest intention—know exactly how well situated we are to give him the very best values the market offers, both from a standpoint of quality and price. A personal acquaintance with a complete inspection of our stock we believe, will bring about these results.

Owning the EARLY TIMES DISTILLERY (Registered No. 7, 5th District, Nelson County, Kentucky) we stand today pre-eminent in our line. The reasons for our success are very easy to see; we are treating our trade fairly; shipping honest goods; keeping prices down to the lowest price consistent with quality and are making shipments of orders by return express in every instance.

Be sure to come to Shreveport during the "FAIR" and while in the city please remember this: "Our house is one of the points of interest to see."

Trusting we may be given a chance to thank you in person, we remain,

Yours very truly,

### DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Nacogdoches Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. There are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Nacogdoches. Follow the advice of a Nacogdoches citizen and be cured yourself.

Mrs. H. M. Reid, living at the south end of North street, Nacogdoches, Texas, says:

"I suffered for several years, with severe pains in the small of my back, so intense at times that I was unable to sleep or rest. I tried nearly every so called kidney remedy that came to my notice but with no success until after reading about Doan's Kidney Pills I procured them at Perkins, Kleas & Mast's drug store. The first box relieved me to such an extent that I had confidence in their value. After using two more boxes the severe pains in my back ceased to annoy me. To my knowledge I can state that Doan's Kidney Pills are the best remedy of the kind, and it is a genuine pleasure for me to recommend them to anyone."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Trawick Topics.

Trawick, November 11.—The weather continues fine and the health of the community good.

Miss Lula Neel of Overton is visiting relatives here.

Dr. Dunn went to Cushing yesterday on a visit.

Miss Ora Paine is spending a few days at home on a visit to relatives.

The new hotel is nearing completion, and will be ready for occupancy about the 20th of this month. W. A. Bacon will have charge of the house as soon as finished.

The new mill of the E. W. Dunn Lumber Co. is now in running order and the merry hum of the big saw can be heard.

Certainly some of the Trawick "niggers" have drifted over to Nacogdoches. I noticed in a late issue of The Sentinel that quite a number had made a fortune at the "no nothing job." A goodly number here follow the same job. The election is over, but no one is enough interested to say a word in regard to road tax. Would this cause better roads? Let's have an opinion from some of the readers.

### It Purifies The Blood.

Mrs. Ella G. Johnson, Nashville, Tenn., writes: "I commenced taking Brown's Iron Bitters when my baby was only a few weeks old. I could then hardly walk around the room as I was suffering from dyspepsia and Disordered Blood. After using several bottles I was able to do my housework without feeling the least fatigued and now feel better than I have for years." Sold by Stripling, Haselwood & Co. dw

### Jopling-Dent.

### Perfect Complexion

Most women could have good complexions, many women have beauty, the beauty of perfect health, if they kept the blood and whole system free from those impurities which cause disfiguring pimples, blotches etc.

Let all women take Brown's Iron Bitters for the blood and they will marvel at the change in themselves.

It works wonders and thousands of testimonials prove its purifying and strengthening powers. The benefit begins with the very first dose. On sale by Stripling, Haselwood & Co. dw

The court of civil appeals has rendered decisions in two cases appealed from this county. One was the Commercial National Bank vs J. A. Pye. Rev. J. T. McClure has been transferred from Texas Conference to North Texas Conference and leaves today for Brownwood to attend same which is in session there this week. This is unpleasant news to the people in this city who have come to know Bro. McClure and his family, since they have lived here and have learned to value their social influence and Bro. McClure's conscientious efforts as a minister of the Methodist church and they regret to have them leave.

Here is our condensed opinion of the Original Laxative Cough Syrup: "Nearly all other cough syrups are constipating especially those containing opiates. Kennedy's Laxative, (containing) Honey and Tar, is the best. Contains no opiates. Conforms to the National Pure Food and Drug Law. Sold by Stripling, Haselwood & Co. dk

The two late additions to North street and the city in a residence way are the two residences, Jno. Schmidt is having erected near his home. They are nearly completed and show they are built on modern plans and are ornaments to the city because of real artistic genius used in the finishing touches. They are to be occupied by Mr. and Mrs. Henry Schmidt and Mr. and Mrs. Jacob Schmidt.

### Constipation

Is the root of half the troubles which most commonly effect us.

Neglected, it becomes a dangerous menace to life, but promptly treated, it can be cured effectively. Brown's Iron Bitters has been taken with benefit in many cases of long standing, and it is prescribed by physicians, as its qualities are well known to the medical profession. Sold by Stripling, Haselwood & Co. dw

### No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by Perkins, Kleas & Mast. dw

### Woden Locals.

Woden, November 10.—As I see a majority of the small towns in the county represented in The Sentinel columns, and Woden not. I thought I would join the band of correspondents.

Woden is one of the fastest growing towns in the county. You can hear the ring of the hammer and the hum of the saw from early morning until late at night. Carpenters are busy all the time and there is work here for several more.

A large force of men are at work this week making necessary preparations for the new planing mill that is to be put in operation here. The plant is the property of Mr. Caruthers and will be shipped from Cushing.

The hotel at this place is in charge of Mrs. Susan Jacobs and as a first class place to stop it cannot be excelled. The school at this place is under the direction of Prof. James Cox and Prof. F. L. Smith is making fine progress and patrons are pleased with the work these noble men are doing.

The health of the community is extremely good for this season of the year.

Mr. and Mrs. Gus Skullern entertained the young people last Tuesday night and it is the universal opinion that it was one of the most enjoyable events of the season.

The Higgin's Oil & Fuel Co. have a large force of men at work on their oil Lands near here, and the people of this town are looking forward to the time when it can be announced that a well has been brought in.

### Made Happy for Life

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says "My little daughter had St. Vitus Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters and I rejoice to say, three bottles effected a complete cure. "Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed by Stripling, Haselwood & Co. drug store, Price 50c. dw

R. F. Paine, one among the good, substantial mill men and farmers of good old Nacogdoches county was in the city today on a business trip. Mr. Paine has been a resident of the county something like fifty-eight years—in fact is living in the same neighborhood in which he was born. He is numbered among The Sentinel's host of good friends, and has been a subscriber since the first issue of the paper. He squared up accounts this trip and said "keep The Sentinel going to Douglass until otherwise instructed."

### Conference Resolutions.

Before adjournment Saturday afternoon, the committee on resolutions presented the following to the conference which was adopted unanimously:

We, your committee on complimentary resolutions, beg leave to submit the following report:

Resolved, That we extend to our beloved general superintendent Bro. W. T. Hogue our sincere thanks and heartfelt gratitude for the able way in which he has presided over this conference also for his able addresses and words of advice and comfort which he has given us, also to the secretaries who have so faithfully recorded the proceedings of this body. Also our efficient and faithful treasurer Bro. W. H. Winters.

We also wish to extend our thanks to Bro. T. J. McClure pastor of the M. E. Church South and his kind people who have extended to us a hearty welcome and have so kindly opened their doors and have tendered us the use of their church in which to hold this conference which we trust will be a blessing to all.

Also Bro. A. B. Harrell deserves credit for his untiring efforts in procuring homes and doing all in his power to make it comfortable for those in attendance upon the conference. We pray the blessings of God to be continually upon him.

We also desire to take this mode of expressing our thanks to the good people of Nacogdoches for their hospitality and the royal way in which they have entertained us. May they be rewarded a hundred fold in this life and eternal life in the world to come.

By this we also desire to show our appreciation to the different railway systems which have given reduced rates to this conference.

We also desire to thank the proprietors of The Daily Sentinel which has kept the proceedings of the conference before the public in such a business like manner and for the words of kindness and com-

ment given by them in behalf of the conference.

Respectfully,  
L. P. Morris,  
C. A. Perkins,  
B. F. Harris.
