### DIED AT EL PASO.

Was a Member of Liberty Elm Camp, W. O. W.

W. E. Thomason, clerk of Liberty Elm camp, Woodmen of the World, received a letter this morning from C. C. Keifer, clerk of the Woodmen camp at El Paso, informing him of the death of George VanSickle, a former citizen of Nacogdoches and a member of Liberty Elm camp.

Mr. VanSickle had been in bad health for some time, and the camp here had been contributing to his relief, though his death was quite a surprise, even to his family and friends in El Paso. He died last Friday evening at 8:30 o'clock and was not thought to be dangerously ill up to a few minutes before his death.

Sovereign VanSickle had a Policy for \$2000 in the Woodmen of the World and \$1500 in the New York Life.

### Stood the Test.

Allecock's Plasters have successfully stood the test of sixty years' use by the public; their virtues have never been equalled by the unscrupulous imitators who have sought to trade upon the reputation of Allecock's by making plasters with holes in them, and claiming them to be "just as good as Allecock's."

Allecock's plasters stand today indorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy.

### Strayed or Stolen

A dun horse, 8 or 9 years old, will weigh 850 or 900 pounds, one eye out. Was taken from Appleby church Sunday night, March 31. Had on saddle and bridle. Will pay \$10 for his return to me at Appleby, Texas, or for information leading to his recovery. Walter Williams, Appleby, Texas.

### CLAUD BARRETT'S CONDITION.

His Injuries are Not as Serious as at First Reported

The many friends of Claude Barrett, the young man from Garrison, who was wounded at Athens a few days ago, will be glad to learn that he is not seriously hurt, as the following from the Dallas News of Sunday will attest: "Athens, Tex., March 30.

Claude M. Barrett, who was shot here yesterday evening, is still alive and the chances are good for his recovery. He is perfectly rational this morning and is doing as well as could be expected. He was shot in the breast, right over or near the heart, but the ball deflected and came out under the arm, as was discovered after he had rallied enough to undergo a thorough examination. He was also beaten over the head. The shooting occurred in the western part of town, at a late hour, as he was returning from a country trip. Hubert Baker, who had been with Mr. Barrett as driver, is now in jail charged with the shooting. Mr. Barrett was found in the upper part of the ice factory.

It is reported the wounded man will be brought to Nacogdoches within a day or two—probably this afternoon.

### THE CITY ELECTION.

Close Vote in the City Marshal's Race—Matthews Elected.

There were 242 votes polled in the city election Tuesday, indicating that there was very little interest in the contest. The surprising feature of the result was the close vote for city marshal, A. Y. Matthews, being elected by a majority of one vote. The result is as follows:

For City Marshal  
A. Y. Matthews 121  
H. L. Turner 120  
For Aldermen  
J. F. Floyd 228  
D. Rulis 224  
Ben T. Wilson 230

There were six scattering votes cast for aldermen. W. B. Pearson being complimented with two votes, and Dr. Campbell, June C. Harris, P. M. Sanders, and Ed. Heron with one each.

The city council met Tuesday night to canvass the vote and will install the new officers next Tuesday night.

N. C. Neely and Miss Cleve Neely, Olla Bridwell and Stella Nichols of Neely, San Augustine county, are in the city trading and shopping. They were also pleasant callers at the Sentinel office.

I have again opened my business in a tent on Pida street next to Hox's land office, and am prepared to make as good pictures as ever before. All my work is guaranteed.

### SATURDAY NIGHT KILLING.

Three Men in Jail Charged with the Murder

Nacogdoches had another killing added to her record of murders Saturday night, and as a result George Rhodes, a well known negro, is dead, and Dennis Dixon, Albert Walker and Wash McCoy, three other well known negroes, are in jail charged with murder.

The particulars of the killing, as related to The Sentinel, are about as follows:

Early Saturday night several negro men assembled at the home of George Rhodes, on Jones street, to enjoy themselves in a social game of craps. During the progress of the game some of the boys became involved in a dispute, and the crowd dispersed, leaving Rhodes at home.

About 11 o'clock Dennis Dixon and Wash McCoy returned to Rhodes' house, and McCoy called to him to come out, he wanted to talk to him. Rhodes had gone to bed, but he got up and came the door, and when he did, Dixon fired on him with both barrels of a shot gun, loaded with buck shot. Rhodes fell, but managed to get back inside his house, and securing his gun, fired one shot at Dennis. Dixon fired one shot at Wash McCoy, striking him in the thigh. Rhodes died half an hour after being shot.

Sheriff Blackburn was notified and in a short time he had Dixon in jail charged with murder. He also learned that two other negroes were implicated in the crime, and upon the information given him he placed Wash McCoy and Albert Walker in jail also, and made complaint before Justice Huston, charging all three with murder.

### A FATAL ACCIDENT.

Young Man Crushed to Death by a Log.

Friday evening about 7 o'clock, Samuel Young, a young man 22 years of age, happened to an accident near Pineda, two miles south of the city, that resulted in his death a few hours later.

The young man was employed by the Atwood Lumber Company in getting out timber for their saw mill located at Mayo, and was coming in home from the logging team. He was riding on a log boat with log when one of the logs rolled off the end, striking Mr. Young across the knee, crushing the leg, and he died in a pulp.

A physician was summoned, but in spite of all that medical science and surgery could suggest, he died this morning about 7 o'clock. He will be buried at the cemetery at Emporia, Virginia county, beside his young wife who died only a few months ago.

## The Deere Planters

For ten years there have been planters sold that claimed to be as good as the Deere, but they have all passed away, and the old reliable still stands. It is absolutely the most perfect corn dropper ever sold in Nacogdoches. Our stock of Deere and Oliver combined corn and cotton planters is the best in the country. Don't try to plant a crop without one of these, for they save money in time and seed.

Our stock of all kinds of Farm Implements, American Fence, Barbed Wire, Nails, etc., is very complete. You want the goods, we want your trade, so come and see us.

### Robbery at Tenaha.

Sheriff Blackburn received a phone message from Tenaha this morning informing him that the bank and post office at that place were burglarized last night. Nothing was secured from the bank, but the post office was robbed of \$300. The message stated that the robbers left no clue to their identity, and Sheriff Blackburn was requested to come and bring his blood hounds, but the sheriff was unable to go.

### A TRIPLE MURDER.

Negro Wanted in Polk County Killed Three People.

City Marshal J. M. Spradley received a card this morning from Sheriff S. C. Chapman of Polk county, requesting him to arrest Willis Mack, a dark skin negro man, who is wanted at Livingston for triple murder.

It is alleged that Mack had killed three other negroes near Livingston last Saturday, one of whom was a woman and another a very old man.

A reward of \$500 offered on his arrest.

THE truck growers meeting to be held in Nacogdoches April 10 and 11 should be attended by every fruit and truck grower in the Nacogdoches country.

THERE is room in East Texas for a hundred thousand more people than are now here, and half that number ought to come to Nacogdoches county.

THE Lufkin News is urging the citizens of that town to beautify Cotton Square with flowers. The cotton square is always most beautiful when it blooms.

THE water works bonds will bear date of April 1, 1907, and the first bond will be paid April 1, 1908. This is in answer to an oft repeated question.

A. F. HENNIG has resigned his position as editor of the San Antonio Light and is now telegraph editor of the Houston Post. Gradually getting back closer home.

THE Alto Herald is offered for sale by Editor Tom McClure. The Herald is a splendid piece of newspaper property, and would be a good investment for some experienced newspaper man.

ONE reason Mr. Jerome gives for his belief that Thaw is insane is that the prisoner has not worried his attorneys with advice as to how to manage his case. That is the strongest evidence of the man's sanity that could be presented to the court.

Nor long since an alleged scientist claimed to have made the discovery that the Garden of Eden was located in Yazoo county, Mississippi. Later he announced that the sacred spot was in Kansas. Of course this learned scientist has not yet visited Texas, but when he does he will find that the Eden is still in existence around Nacogdoches, and that some of the people are almost as far behind the times as was the man that God made.

AGAIN The Sentinel will announce that the prospects for the Nacogdoches tobacco crop are as good as could be desired. There are 80 acres in Nacogdoches county under the direct supervision of the government tobacco experts, to say nothing of many acres planted by farmers in different parts of the county that will be cultivated according to their own views. The plants are now being transplanted to the fields as fast as men can do the work. Twenty-two acres of the crop under government supervision are under shade, and the entire output has been sold at 40 cents a pound. Next year the Nacogdoches county tobacco crop will exceed 100 acres under government supervision.

## Talking About Tobacco.

Tobacco raisers in the Nacogdoches country are happy over the success so far of their crops and the lively and healthy condition of the plants. The best of it is that they have a ready market; that is, the crop virtually sold as soon as it is gathered. Experiments in Lavaca county demonstrate that it has fine tobacco lands, and we have had the pleasure of smoking first-class cigars manufactured from the product. Colorado county has similar lands, and all that is required is capital and the ability to cultivate tobacco to prove the statement correct. The cultivation of tobacco will come in time, when the diversification idea has taken a stronger hold upon the producers. We believe the day is not far distant when all the varied resources of Texas will receive development and support a teeming population of enterprising citizens. Then Texas will bloom as the rose and be a great power in the land.—Hallettsville Herald.

It is hardly necessary to repeat that the Agricultural Department at Washington has certified to the fact that Texas has within her borders as fine tobacco lands as are to be found in the world. That is a fact. Having thus announced, under power of such department it offers to demonstrate this fact by a supervision of farms where the crop is made in order to instruct in the processes of raising and curing the weed. This offer has been accepted in Nacogdoches and other counties. But it is apparent from reading the papers in the localities where such tobacco lands exist that the utmost difficulty is met with in trying to get the people owning such lands to depart from the old cotton crop policy. It is true that capital is required to develop these lands and make the crop what it should be, in size, and thus place the industry as it should be placed. And it is true that local capital for this purpose is hard to secure for two reasons. First is that the localities mentioned are not rich localities with much unemployed capital. The next is that what capital there is can find investment more sure of high returns than experimental crops, as many people insist the tobacco crop is, though they do this in the face of the assertions of the Agricultural Department. The way to get capital on a large scale for the development of the tobacco industry is to demonstrate to the people who own the capital that the claims of superiority for tobacco by such localities are well founded. The man who can, from his own means or with a trifling amount of capital raise two acres of tobacco which will compare with the Cuban tobacco, or can show a leaf as fine as other tobacco for fillers, will make an argument to large capital which it can not withstand. For it will naturally conclude that if a man can raise fine tobacco on two acres with a few dollars, fine tobacco on thousands of acres can be raised. Home folks must always start the ball rolling.—Gal-Dal-News.

## BRYAN MAY COME.

Suggests That He May Visit Nacogdoches Next Winter.

When it was learned that Col. Wm. J. Bryan had accepted the invitation of the Texas legislature to speak in Austin March 28, an effort was put in motion to extend the distinguished American an invitation to visit Nacogdoches and address our people.

Prof. R. F. Davis wrote Mr. Bryan notifying him of our people's desire, but owing to the fact that he has been continually on the move, Prof. Davis' letter failed to reach him. Determined that Col. Bryan should be apprised of the fact that he was wanted in Nacogdoches, the editor of The Sentinel prepared an invitation, attached the names of several prominent citizens to it, and wired it to him at Waco.

This morning the following reply was received by mail:

"Waco, March 28.—My Dear Sir—I am in receipt of telegram signed by yourself and others, and regret very much that I cannot accept the invitation so generously extended. But I must leave for Nebraska at once.

"Possibly I may be able to come next winter. Write me about November 1st.

"Appreciating the honor you do me, I am

"Very truly yours,  
"W. J. Bryan."

Letter to W. H. Crouch,  
Nacogdoches, Texas.

Dear Sir: Here's a tale with a point to it. Florida is the hardest state in the Union for paint.

Gilmore & Davis Co., Tallahassee, Florida, think they know what paint can do in their climate; they've been painting for 35 years. Devoc ten years; and they say Devoc wears 10 years—their words are: "Buildings we painted Devoc 40 years ago are in good condition of paint today."

They also say lead-and-oil wears only one year there; Devoc 10 years!

Ten years is a long lifetime for paint in Florida; longer than 20 in Maine. We don't dare say that either is true as a general fact in those States; but there are such instances.

If we should call the cost of Devoc in Florida half of the usual cost of paint, it would be too much; we suppose it's about one-third; there is so much trash there—the costliest point is the worst, and the worst is the costliest everywhere.

Yours truly,

F. W. Devoc & Co.

P.S.—Kleas & Mast sell our paint.

# Every Time You Buy a Cigar

You are paying for a certain amount of enjoyment. If your enjoyment is spoiled by a cigar of poor quality you have good reason to be sore—not so much for the money you wasted, but rather because of the satisfaction you looked for and missed.

Who are you going to blame?

If you simply ask for "any good 5-cent cigar" chances are you'll get one that isn't "any good."

Isn't it plain that you ought to know who makes your cigars—so you can place the blame for the disappointment in the right place and know whose cigars to avoid in future.

And isn't it still more important for you to

*know who makes the good cigars, so that every time you buy you can look for the brands of that manufacturer.*

We have made it easy for you to distinguish the cigars we make by stamping the boxes of our different brands with the Triangle A merit mark.

Whenever you see this Triangle A merit mark on a cigar box you know it marks one of the brands of the manufacturer who is willing to responsibly guarantee quality and value.

Whether our brands are better value and better quality than the irresponsible brands of other manufacturers we leave it for you to judge. We sell our cigars strictly on their merits. We know they are the best cigars made—and for the sake of your own smoking enjoyment you can't discover this fact for yourself any too soon.

*Look for the Triangle A and know what you are getting before you pay out your cash.*

For convincing proof of the better quality for which the "Triangle A" stands try

## YOUR EYES.

When a doctor lays aside the lines of medicine and surgery except one, then study and practice that line for 15 years, when he has taken special training in several of the leading hospitals of the world and studying under the most noted authorities on the eye, when he has enjoyed ten years of successful practice in the State and holds unquestionable references from hundreds of the leading doctors, lawyers, bankers, ranchmen, farmers and ministers of the State testifying that he is an expert fair and liberal in his dealings, when he can give proof of curing many who were led for years that now see to read, give proof of straightening more than 1000 cross eyes in Texas and more than 100 in the past 4 months in this and adjoining counties. When all these facts are before you and easily proven, don't you think it would pay you to consult him about your eyes? He limits his practice to the cure of eye diseases and deformities known and proven by science to be curable. He guarantees to cure you if he accepts your case.

Consult Gordon Adams, M. D., an oculist who deals in facts, if you want to save railroad fare, board bills and be cured at home and the same time get as scientific treatment as you would were you in Eastern cities or hospitals for the cure of eye troubles, hence he saves you from \$5 to \$50 on every case and stands ready to prove all his claims. Investigate. Office at Hotel Banita. Next date April the 15th and 16th.

## Representative King at Home.

Hon. S. M. King came in from Austin yesterday to spend a few hours with his wife and baby. Little Winnie Davis King, returning to Austin this afternoon by the T. & N. O. train.

Mr. King met with a strong protest from lumbermen and other prominent business men here against the proposed gross tax receipts bill, now pending in the legislature. All insist that if the bill becomes a law, requiring a tax of 2 per cent on all gross receipts, they will have to either go out of business or leave the state.

Sam Owens of Shely county is in the city today.

## Shot Near Arcadia.

Bill Mitchell, a white man, was waylaid and shot last night about dark, near his home at Arcadia. A physician from Center dressed his wounds, which are quite serious but not necessarily fatal. The wounded man's small son, who was with him, was shot through the wrist.

Dick Grant and Joe McCary, two young men of the settlement, were arrested, and waiving examination, were released on bonds of \$1000 each. Both young men stoutly maintain their innocence.

Application has been made to have the wounded man cared for by the county.—Timpson Times.

**DEPLORABLE ACCIDENT.**

Son of J. L. Williams Killed This Morning.

From Saturday's Daily:

A sad and deplorable accident occurred at the home of Mr. and Mrs. T. J. Williams on North street this morning about 11 o'clock, when Edgar Williams, the 12 year old son of J. L. Williams, was shot and instantly killed by Norris Williams, son of T. J. Williams, and also 12 years of age.

The little boys were playing in a room up stairs with an old 38 caliber Winchester rifle, when Norris pointed the gun at his little cousin and pulled the trigger. He had snapped the gun several times, and no one had any idea the gun was loaded.

Edgar was lying on his back on the floor when the fatal shot was fired, the ball entering through the upper lip and lodging in the back of his head, killing him instantly.

The parents of the two boys are almost prostrated, and little Norris Williams, who unintentionally fired the deadly shot, is almost heart-broken. The two boys were almost continuously together, and were as much attached to each other as if they had been twin brothers.

The funeral will be conducted from the residence of Mr. T. J. Williams tomorrow afternoon; interment in the City cemetery.

**THE REAGAN PAPERS.**

Proposition to Secure Them for the state Withdrawn.

The state convention last summer adopted a resolution to the effect that the legislature make provisions to get the papers of the late John H. Reagan.

Some time ago Congressman R. L. Henry and Colonel John L. Spurlin visited Austin and called the attention of the legislature to the action of the convention. Bills were introduced in both houses to purchase the books and papers of Judge Reagan.

Now Mrs. Reagan, the widow of the last surviving member of Jefferson Davis's cabinet, has requested that the bill be withdrawn, giving the following reasons, therefore:

To the Honorable Legislature of Texas.

It is with deep mortification that I have learned of the fight now being made on me by my stepchildren and my husband's grandson, Captain Rees Foyler, to prevent the state from buying the private papers left me by my dear husband. These papers are my individual property, given me by my husband, he saying at the time: "Here is a vast amount of interesting material. I may not live to use it, and give it to you; it may be of some value to you some time." And I wish to say that, rather than be made an instrument to force the state into paying out money for the support of able-bodied men and self-sustaining women (whom it was not the purpose of this bill to help), and thereby imposing upon those who have worked so valiantly for me, I respectfully beg that the bill be withdrawn.

Thanking those friends who have so kindly and earnestly worked for my interest, and with most heartfelt gratitude for their efforts, I am, most respectfully and gratefully,

MISS EMMA RUNTZLER

**Lydia E. Pinkham's Vegetable Compound**

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes: "For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine, I decided to try it, and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

**Mrs. Pinkham's Standing Invitation to Women**

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

**The Peach Crop.**

In a conversation with Frank Davis of the Lufkin Fruit & Orchard Co., he stated that most of the Elberta peaches in their orchard were not blooming this year, but that about eleven hundred of the trees would bear. He stated that he had topped and pruned the trees and cultivated them closely to prevent them from dying, and said that in his opinion that was the only way to save them. The company will have about sixteen hundred peach trees, other than Elbertas, that will bear a good crop.

Mr. Davis will attend the Truck and Fruit Growers' Association at Nacogdoches on the 10th and 11th of April.—Lufkin Tribune.

**Sick, Not Lazy.**

That's probably what ails you if you're drowsy in the day time. If you yawn, stretch and feel too weak to work, and broken up generally, some people may call it "Spring Fever," but you are sick. Brown's Iron Bitters, that famous old tonic, will make you well and strong. It does not constipate or stain the teeth, and is recommended by physicians. Sold by Stripling, Haselwood & Co. dw

J. M. Fuller was here this morning, a representative of Attoyac neighborhood.

**Victims of Malaria**

Are everywhere. The deadly poison in the system changes the whole being. No disease works its dread results as surely and yet so insidiously as Malaria. Take heed in time!

If you have symptoms of Malaria, or live in a Malaria section, and your blood is out of order and your general health failing, take the greatest, the best Malaria Medicine in the world—Brown's Iron Bitters. Sold by Stripling, Haselwood & Co. dw

H. V. Fall of Chireno was in the city yesterday on business.

**The Price of Health.**

"The price of health in a malarious district is just 25 cents, the cost of a box of Dr. King's New Life Pills," writes Ella Slayton, of Noland, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at Stripling, Haselwood & Co., druggist. dw

Mrs. Scoggins and Miss McKnight of Cushing were here shopping yesterday.

Mr. W. A. King, Sr., and son, M. L., and little granddaughter, Evie Reese, left Monday for their home in Nacogdoches, after spending a couple of days in the city, the guests of Mr. J. B. King.—Bronson Bugle.

**Food—But no Appetite**

Is a worse fix than "appetite but no food." Can you eat a meal with relish, or can't you? If you can't, your stomach needs looking after. Take a tablespoonful of Brown's Iron Bitters in a little water three times a day for a week, and you'll be surprised how hungry you'll be.

The medicine for all ages; children like it, and old persons, nearly always need it. Sold by Stripling, Haselwood & Co. dw

**A SERIOUS CHARGE.**

It is rumored that a number of legislators with sporting tendencies have been carrying on a steady poker game at the capitol during the past week or so, within sound of the speaker's gavel. According to the statutes it is stated these lawmaking representatives of the people are immune, while the legislature is in session. The law of common decency and a sense of duty to their constituents should at least restrain them from such a pernicious practice. The people of Texas are in a bad way when tin-horn gamblers are chosen to make their laws.—Austin Tribune.

Almost since the day the present session of the Texas legislature convened there has been printed and circulated rumors and reports reflecting either upon the honor and integrity or the moral character of some or all of its members. This, however, has been the case with nearly every one of the thirty legislatures that have honored Texas. There should be more care exercised among the people and the press—especially the press—in accusing our law makers of crime. This is the view of this writer, and we believe that any fair minded citizen of Texas will concur in it. The Sentinel does not pretend to say that the charges above printed are not true, but they should be true beyond question before any reputable journal of this state should publish it to the world as a fact.

**EELIX POWELL**, the first to be convicted of the murder of the Conditt family, was hung at Victoria Tuesday.

REPORTS of the Texas Five Million Club's progress throughout the state have so far been very encouraging. The campaign has not been confined alone to the larger cities, but every day finds it pushing farther and farther into the smaller communities, and within a month's time there will be no excuse for the display of ignorance concerning the Club, its aims and objects, on the part of anyone.

HERE is a news item from the Reno, Nevada, News, that is suggestive: "George Hensler, a miner, encountered a bear in a mine near Reno Wednesday. The two had a fierce fight." Which won, and what the bear did to George, or what George did to the bear, the reporter does not mention. There are many more reporters just like that one, and The Sentinel rather likes that chap's news sense. He realized, probably, that few of the News' readers knew George or the bear, hence cared nothing about the fate of either. But most any reader would be interested in the fact that a man and a bear had a fight in a mine. One may imagine the rest to suit individual fancy or leave the subject clad in mystery. Can

it be possible that we are coming to the era of the use of suggestion in news telling? What a time saver and an economical use of space it would be. For instance, the Austin correspondent could say—"A senator encountered a newspaper correspondent in the senate chamber today. The two had a fierce fight." Why be superfluous and add that the newspaper man came out on top?

The Houston Post remarks: "George D. Armstead's famous ballad, 'We Dearly Love Our Old Kentucky Still,' is about to go into eclipse. It looks like there will soon be no old Kentucky still." Even though the old still may have to go, still there will be left the fame of old Kentucky that will not be eclipsed by any memory that may emanate from the still.

JUST a few days ago the legislature passed a very rigid and stringent anti-pass law and before the ink is hardly dry on the bill the members accept for themselves free transportation on a junketing tour. That is a poor example of consistency.—Nacogdoches Sentinel.

We are afraid many of the legislators subscribe to the sentiment of that down and out politician, Judge A. W. Terrell, who was wont to exclaim, "consistency is the virtue of fools."—Houston Post.

Another distinguished gentleman named Shakespeare once remarked that consistency is a jewel. In any event consistency is a commendable trait, and one which our law makers, above all others, should cling to.

**Confederate Pensions.**

The new pension quarter began April 1, and from present indications the apportionment of the Confederate veterans will be slightly less than for the past quarter. The past quarter the old soldiers having been receiving \$5.50 a month or \$16.50 for the quarter, and for this quarter it is expected that this sum will be reduced to \$15 or \$5 per month. This decrease is due to the great number of new applications for pensions. It is expected that there will be between 8,000 and 9,000 pensions on the rolls for this new quarter, which is an increase of over 1,000 over the past year. It is predicted that within the next two years there will be 15,000 pensioners on the pension rolls in the state.—Austin Statesman.

**Cleveland is Touched**

Former President Grover Cleveland has furnished the following to the newspapers and requested its publication: "It seems to be impossible for me to acknowledge, except through the press of the country, the generosity and kindly consideration of my countrymen which have been made manifest by congratulatory messages and newspaper comment on the occasion of my seventieth birthday. These have deeply touched me and in the book of grateful recollection they are written with every remaining day of my life and I can turn a page and read them."

**BIG MILL AT CARO.**

**Something About a Nacogdoches County Enterprise.**

*Southern Industrial and Lumber Review.*

An exceptionally fine saw mill is located at Caro, Texas, the plant of the Whiteman-Decker Lumber Company. It is a double band mill with a daily capacity of 100,000 feet. The distances of the various buildings, saw mill, planers, drykiln, sheds and yard stock are gauged to give the best fire protection and permit the lowest possible insurance rate. This company also handles the output of several small mills and has a planer located at Mt. Enterprise where all the stuff is surfaced and shipped over their own standard-gauge railroad, the Caro & Northern, 17 miles in length, to T. & N. O. at Caro. A complete waterworks system is established, while an artesian, well supplies the 1,000 inhabitants of Caro with the finest drinking water. The Whiteman-Decker Lumber Company owns stumpage that will run the mill for at least ten years more. Principally yard stock is cut, although vast quantities of ties are made. Work at the mill was started three years ago, when the present company picked up 20,000 acres of timber land at a cost of less than \$1 per thousand.

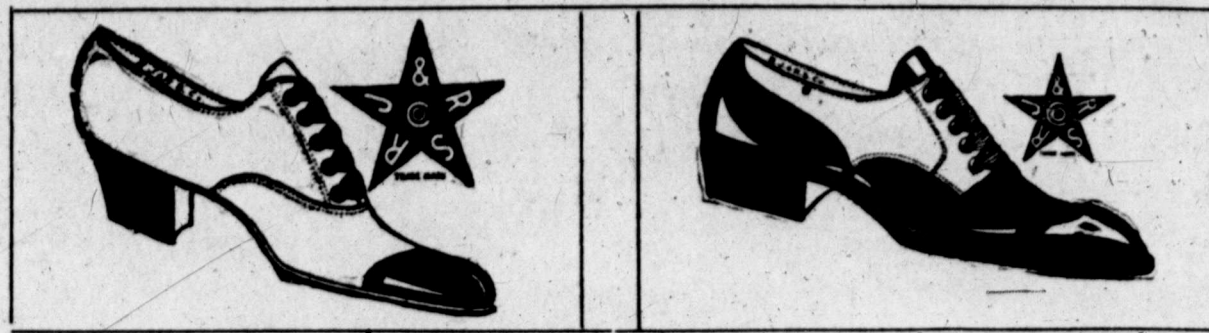

Caro is a happy and exceptionally good community, law-abiding and church-going. A club building will soon be erected, with a library, billiard room, gymnasium, skating rink and entertainment hall. A gun club creates diversion to those who like to shoot.

The stockholders of the Whiteman-Decker Lumber Company and the Caro Northern railroad held their annual meeting at Caro, Nacogdoches county, Texas, on February 13. Those present were M. W. Jones of Winsboro, Texas; J. H. Sauer, Dallas, Texas, and W. T. Whiteman and E. M. Decker, Caro, Texas. The following officers were elected for the new year: W. T. Whiteman, president and general manager; M. W. Jones, vice-president; C. H. Morris, treasurer; and E. M. Decker, secretary. The entire plant and property of the mill including the railroad, was gone over and found to be in a prosperous condition.

Messrs. W. T. Whiteman, the president, and E. M. Decker, the secretary, are the active members of the company. The former started work in a lumber office as stenographer fifteen years ago. Mr. Decker is in Mexico at present looking over some pine lands there. The others interested are M. W. Jones and C. H. Morris, and they operate the First National Bank at Winsboro, Texas. The office force is C. P. Brown, cashier; J. P. House, bookkeeper; and Miss Maude Johnson, stenographer.

Two exceptionally commodious commissaries are operated, one for dry-goods and men's furnishings and one for groceries, etc. The men are paid off every day if they want it and the stores are run on a strictly cash basis, the check system having been recently abandoned.

**VOICE FROM WEST TEXES.**

Interesting Letter From a Friend of The Sentinel.

Editor Sentinel.

Caddo, Tex., March 30.— Inclosed you will find \$2.00. Kindly credit my account on subscription to The Sentinel, the best county paper in the State; can not do without it, it is like a weekly letter from the old home. I admire your interest in building up your city and county, and think every patriotic citizen of your county should subscribe for and read your paper.

We look through every copy to see if there is a letter from Willie Haltom, as we are always glad to hear from him. Hope he will soon gain his health and come back to the old stamping ground.

We are very sorry that he is off on the Bailey question. We think Joe Bailey is the greatest statesman of the age, and Mr. Haltom's idea of electing an anti-Bailey legislature two years hence looks ridiculous to Democrats in this part of Texas, as we think Bailey is nearer the hearts of the Democratic party than any man in Texas since the days of Jim Hogg. However, as Willie is on the right side of so many good things, we will grant that he is honestly mistaken.

This county has had an epidemic of measles in a very bad form—some deaths where they relapsed. Otherwise the health of this county is good.

We have had a very severe

drouth over the greatest part of West Texas for the last six months, and it is still dry. In many places corn will not come up till it rains and grass will not grow but little. However, last year was a record breaker in crops and the farmers are in a very prosperous condition here.

This (Stevens) county made from one to two bales of cotton per acre last year, and as prices were good we have lots of money.

Hoping you a prosperous year and that the good people will join you in working for the East Texas Baptist college, and that the grand old town of Nacogdoches will get this college, I am your friend.

W. B. Richardson.

**Choir Entertained.**

Mr. and Mrs. Eugene Blount were host and hostess for the Episcopal choir boys and their organist, Miss Genevieve Jones, at an evening meal served at their pretty cottage home last evening.

Mr. Blount is leader of this choir of boys, and he, with Mrs. Blount, proved their appreciation for their faithfulness in this delightful way.

The menu was one like many prepared under Mrs. Blount's supervision, which is sufficient to explain the deliciousness of the dishes of which it consisted.

Don't forget the old reliable Diamond Patent Flour, none better sold by E. M. Dotson. Buy a barrel or sack and you will want another.

**Fruit and Truck Growers.**

All members of Nacogdoches County Fruit and Truck Growers Association are here by notified to be in attendance at the next regular meeting, it being next Saturday, April 6, 2:30 p. m. at the court house.

By so doing we can better ascertain the condition of the Fruit and Truck raised at this point for shipment and be better prepared to answer at the district Truck and Fruit meeting, which convenes here on the 10 and 11 of April. It may be possible the outlook is not as gloomy for peaches as now thought. I would suggest that every one engaged in trucking, if possible, be on hand. You will be well paid by hearing different subjects along these lines discussed by men informed. It is arranged to have some good talent here on the above date. Come out on the 6th, 10 and 11.

**Painful Accident.**

Mr. George Partin was the victim of a painful accident Monday afternoon. He was crossing the street in front of the Stone Fort bank, when he was struck by a horse attached to Dr. Blackshear's buggy and knocked down. The buggy passed over Mr. Partin's body before Dr. Blackshear could stop his horse, and though Mr. Partin was not seriously injured, he is barely able to walk today. Dr. Blackshear very much regretted the accident, though he was in no way to blame for it.

## A STEADY DRAIN.

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Nacogdoches cures prove it.

Geo. Witkorn, contractor and builder, living at the South end of Mound street, Nacogdoches, Texas, says: "For over five years I suffered with acute pain in the small of my back and had difficulty from too frequent passage of the kidney secretions. I saw Doan's Kidney Pills recommended and procured a box at Kleas & Mast's drug store. After using them I can truthfully state that they cured the pains in my back and I do not have the trouble with my kidneys I had before using Doan's Kidney Pills. I know they have cured me and am pleased to recommend them as a good kidney medicine and worthy of a trial by anyone troubled as I was. I hope other sufferers will avail themselves of this tried and true kidney remedy.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's,—and take no other.

## Do You Want It?

Young man, young woman, your future lies before you; you go forth to conquer. You are now ready to choose the work of your life. What shall it be? You are the hope of the country; your vigorous minds, the prize most valued. Like the sparkling diamond sought by a thousand miners, you are sought by positions of responsibility and trust.

When you cast your eyes about for the scenes of the brilliant exploits and daring deeds of the future, you must look to the quiet offices where the business of the world is transacted. The Wellingtons and Napoleons of the next fifty years will win their laurels in the fields of business, and the statesman who makes his name a household word will be the man who has mastered the diplomacy of commerce. The man who will set the world on fire will be the one who knows how to touch the

hidden springs of trade activity and to make the wheels of commerce hum with the business of the world. All men who have been great in the world have been thoroughly prepared for the work of their lives, and you, like them, must learn with thoroughness the work which the world has called you to do. Though you be versed in the languages, living and dead, you will not be wanted for the best positions unless you are prepared to do the work demanded. The road to advancement in all the great lines of work in the commercial world today is practically confined to three channels: A knowledge of Bookkeeping and Business Training, Shorthand, or Telegraphy and Station Work. The demand for young men and women equipped with a thorough practical knowledge of these subjects is far greater than the supply.

Write to the Byrne Business College you would prefer to attend, either the Atlanta Commercial College, 24 1-2 Whitehall St., Atlanta, Ga.; Capital City Business College, Guthrie, Okla.; Tyler Commercial College, Tyler, Texas; Memphis Commercial College, 46 N. Second street, Memphis, Tenn., for catalogue and ask about inducements to public school students. One of these colleges enrolled 303 new students during the month of January, an enrollment greater than that of any other American business college during the same period of time. Here are taught the famous Byrne Systems which have made these schools the greatest in the land.

A good position is open for every student who completes a course in Bookkeeping and Shorthand, or Bookkeeping and Telegraphy in one of these institutions. Yours is waiting, do you want it?

## Fifth Sunday Meeting.

The Fifth Sunday meeting of the Nacogdoches Baptist association, held at Mount Horeb last Friday, Saturday and Sunday, was largely attended, despite the rain and the muddy roads.

Sunday was the big day and an immense crowd was present. The forenoon was taken up with Sunday school addresses by G. B. Layton, E. M. Dotson and Rev. T. W. Fowler, and a sermon at 11 o'clock by Rev. A. J. Miller. At noon a sumptuous dinner was spread by the good citizens of the Mount Horeb community, which was very much enjoyed by all in attendance. There was plenty for all and more.

Rev. T. W. Fowler, the county missionary, preached at 3 o'clock, and at 5 o'clock p.m. the meeting adjourned. A very pressing invitation from Lilly Grove church for the next Fifth Sunday meeting—June 30—was presented, and it is probable that the invitation will be accepted.

## BIRTHDAY RECEPTION.

The Two Guilds Entertain Mrs. E. A. Ingraham.

Monday afternoon at the residence of Mrs. Jno. Cox, daughter of the honoree, these two guilds—Christ Church and Young Women—combined their loving efforts and spent them on an entertainment for "Grandma Ingraham," for it was her 90th birthday, and her numerous friends wished that she might enjoy it unusually. Her first privilege was to make out her own list and have those she wanted, from the youngest up.

The invitations included all the relatives, young and old, and her special friends near her own age and many young ones. The appreciated value placed on these invitations received—was most delightfully discovered in the coming of every one.

Besides the many pleasant and dear conversations indulged in, much interest was derived from the antique articles on display which were some tableware, a gilt edged plate and silver bread tray that Grandma used on her wedding day, and a quilt 89 years old on her bed.

Refreshments were served according to ages, Grandma and other elderly ladies being first, then the younger ones, which was the closing enjoyment of an afternoon that generations will discuss as one of pleasure immeasurable.

## When Daniel Boone Was Captured

Dan Beard, the organizer of the "Sons of Daniel Boone," tells his young club members a stirring historical story each month in the Woman's Home Companion. The April number contains this little tale:

"The most notorious of the renegades was 'Katpacomen,' as the Indians called him, or Simon Girty, as he was known to the whites. After serving in the American army for a short time, Girty for some real or imaginary offense, deserted it and joined the savages, fighting against the Americans, and for twenty years thereafter lived the life of an Indian chief among his adopted red-skin brothers, waging constant war upon the whites and decorating his belt with the bloody scalps of his own race. The three renegade brothers—James Girty, George Girty and Simon Girty—and two Frenchmen were with the Indians who captured Daniel Boone in 1776. Girty led the attack upon Bryant Station, and it was Girty who planned to rescue Kentucky from the possession of 'long knives,' as the Indians called the whites, and restore it again to the red men. But he failed in both these under-

takings. He was, however, a man of great courage, fierce and aggressive in war, possessing all the cunning and treachery attributed to the red men; but when his comrade scout, Simon Kenton, was captured by the Indians, he did all in his power to save him from the torture stake.

## DISTRICT COURT.

Sylvester Rigsby on Trial for Burglary and Theft.

Judge Perkins was too unwell to hold court this morning, and the bar met and elected S. W. Blount, Esq., to act as special judge until Judge Perkins recovers. Judge Perkins is confined to his room at the residence of Thos. H. Summers.

The criminal docket was taken up, and after several cases had been called and passed, the case of the State against Sylvester Rigsby, charged with burglary and theft was placed on trial. Rigsby is charged with breaking into the office of Superintendent R. F. Davis in the High school building and taking some money belonging to Prof. Davis. The case will go to the jury this afternoon.

Before adjournment of court Monday—afternoon Judge Perkins issued an order reconvening the grand jury Wednesday morning to investigate the murder of George Rhodes Saturday night.

One improvement in the appearance of the court house that has attracted attention is the fact that the halls and district court room have been thoroughly renovated and neatly cleaned up. Sheriff Blackburn and his efficient jailer, Frank Robbins, are entitled to credit for this improvement, and every one about the court house has remarked upon it.

## District Court.

Judge Perkins is still confined to his room and Judge S. W. Blount is presiding as special judge.

The jury in the case of Sylvester Rigsby, colored, charged with burglary and theft, returned a verdict of guilty with two years in the penitentiary.

Simon Blackburn, colored, was tried this morning for forgery, and the case was given to the jury at noon.

## WOODMEN EXCURSION.

Will Secure Special Train to Jacksonville Sunday.

Next Sunday afternoon the Woodmen camp of Jacksonville will unveil two monuments erected by the Woodmen of the World over the graves of two deceased sovereigns.

Congressman Morris Shepard, the Sovereign Banker of the order, and J. A. Frazier, Sovereign Advisor, will be the orators of the occasion, and all Woodmen camps in East Texas have been extended a general invitation to attend.

At the meeting of Liberty Elm camp Tuesday night it was unanimously voted that the Camp secure a special train from Nacogdoches to Jacksonville on that occasion, and that all Woodmen camps in Nacogdoches county be invited to join Liberty Elm camp on this trip. A cheap rate will be made—one that will be within reach of all, and every one who attends the impressive ceremonies will be more than repaid for their trip.

The train will leave Nacogdoches in ample time for all to participate in the unveiling ceremonies, and the train will return at an early hour Sunday evening.

A committee composed of W. F. Summers, H. T. Mast, W. E. Thomason and Will T. Hawkins, was appointed to make all arrangements for the excursion, and all who desire to go are requested to make the fact known to either one of this committee at once.

## Picnic at Sacul.

There will be a basket picnic at Sacul, Texas, on May 1, 1907. Everybody is invited to come and bring a well filled basket with something good to eat. We will have public speaking and fine music by the Sacul band; also croquet, swinging and various kinds of amusements. All are guaranteed a royal good time. Come everybody, and have a good time. L. A. Bagley, Pastor.

## Texas Five Million Club.

When the battle call of the Texas Five Million Club is sounded in San Antonio on the 9th of April, John H. Kirby, and his able associates will decide the best means by which the interests of the state may be promoted through their Texas Five Million Club, and the active campaign now under way will be pushed all the harder to its successful conclusion.

It has always been the public policy of the state to encourage immigration, even from the earliest days, when this was accomplished by the giving of land grants, and later, when Texas became a power in itself, these inducements were continued, and settlers were given homes within its domain.

The San Antonio meeting will be an enthusiastic one, for already responses to the requests to be present are coming in in a gratifying way. The steps to promote the welfare of the state will be taken systematically and effectively. The campaign now being waged being a forerunner of the largest industrial movement in the History of the state.

One of the most important topics to be discussed at the meeting will be that of the Diamond Jubilee for 1911, on the seventy-fifth anniversary of Texas Independence. This will be commemorative of the men who, with their swords, achieved the Independence of Texas. But not only will it celebrate the deeds of our forefathers, but those of the magnificent present—the veritable, prosperous, happy now!

On the evening of the San Antonio meeting a joint banquet will be held with the newspaper men of the state, when the project will be toasted and talked about, and suggestions offered for its general betterment.

What Texan could fail to contribute to a jubilee of this character.

# CATARRH BLOOD AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous dropping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the excess of uric acid from the body, leave it to sour and form uric acid in the system. These impurities in the blood irritate and inflame the different membranes and tissues of the blood distributed to all parts of the body, and through its circulation distributed to all parts of the system. As the blood goes to all parts of the body, and the contractile parts of the system, the stomach is upset and pains above it. Such treatment had Catarrh for about fifteen years, and no man could have time for more than temporarily relieve his symptoms. I then began S. S. S. and after a few days I felt a little improvement. ### BOUGHT FINE HORSE.

Thoroughbred German Coach Stallion for Nacogdoches.

A few days ago The Sentinel mentioned the fact that there was on exhibition in this city a thoroughbred German coach stallion, valued at \$3,000. It was also stated that there was a probability of a company being organized for the purchase of this horse with the view to improving the grade of stock in Nacogdoches county.

Last Saturday the company owning this horse sent another fine animal from Fort Worth to this place, that the parties might have choice between the two. They were not long in deciding, and they bought a horse that took the first prize at the recent fat stock show at Fort Worth. The price paid for the animal was \$3,000, and the horse is worth every cent of the money. He was imported from Germany, is not quite 3 years old and has an authentically registered pedigree.

Mr. Robert Ross, the agent of J. C. Crouch & Son of LaFayette, Ind., the owners of the horse, made many friends while in Nacogdoches, and every one with whom he had dealings while in this city, found every statement made by him with reference to his stock to be absolutely correct. The gentlemen who bought this fine horse are highly pleased with the frank, open manner in which Mr. Ross dealt with them, and they say that The Sentinel in this article cannot praise him too highly.

Mr. and Mrs. Ross left this afternoon for Lufkin, where Mr. Ross will place one of his fine coach horses on exhibition.

### Suffered for Five Years With Kidney and Liver Trouble.

"I have suffered for five years with kidney and liver trouble, which caused severe pains across the back and a blinding headache. I had dyspepsia and was so constipated that I could not move my bowels without a cathartic. I was cured by Chamberlain's Stomach and Liver Tablets and have been well now for six months," says Mr. Arthur S. Strickland, of Chattanooga, Tenn. For sale by Kleas & Mast. dw

### Ninety Years Old Today.

Mrs. E. A. Ingraham, lovingly known by a great number in this city as "Grandma Ingraham," is celebrating her 90th birthday today, and a happy one too, for she is not helplessly feeble yet and appreciates this independence most soulfully. The Sentinel extends congratulations to "Grandma," for it loves her too.

### Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial Constable at Chapleau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Kleas & Mast. dw

## Chew Where the Crows—in the famous Nacogdoches Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more

"Have you a floor paint that will last two weeks?" Yes we have Devco's; it has a beautiful gloss and will wear two years if properly applied. Kleas & Mast.

### A Worthy Contest.

Miss Rowena Bentley of Nacogdoches is one of the candidates for the vacation trip offered by the Post, who is calculated to make all competitors hustle. She is a newspaper girl and a country girl, and is not ashamed of either fact. A number of newspapers, especially the farm journals, have received proofs of Miss Bentley's ability. We want the readers of the Post who live on farms or in small towns, who are interested in seeing a trip of this kind go to the one who is most capable of appreciating it and who would get most from it, to aid Miss Rowena Bentley in her candidacy. On the 10th day of the contest she had more than 33,000 votes.

## Renewing

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

### HE IS A FRAUD.

A Smooth Scoundrel Deceiving Old Soldiers and Widows.

The following statement has been given out by the State Comptroller's department at Austin: "A letter has been received in the comptroller's office from Hon. C. M. Henderson, county judge of Morris county saying that a man is traveling through Morris and other counties representing himself to be in the employment of this office, and telling the old soldiers and widows of soldiers that they are entitled to a pension under a new law and that he will take their names and furnish them with blank application for \$2.25. "I desire to say that no such person is connected with this office and no person has any authority whatever from this office to do such work, and this is to advise the public that such representations are fraudulent, and any person engaged in such work, claiming to be an employe of this office, should be prosecuted to the fullest extent of the law, for obtaining money under false pretenses. There is no new law with reference to pensioning soldiers or widows of soldiers. "I trust the newspapers will give this publicity, in order that such frauds may not flourish."

### TOBACCO GROWERS.

Everything Favorable for a Good Crop This Season.

The Nacogdoches County Tobacco Growers Association held its regular monthly meeting at the court house last Saturday, but had no business of special importance to transact.

The tobacco growers report everything favorable for a good crop. The rain will help in the setting out of plants, which is now to begin. Some seed beds had to be sown a second time, on account of failure to grow plants or destruction by insects, but all can get plants that so desire, by going to beds of those who have a surplus. There will be about one hundred acres cultivated. There ought to be at least one hundred times that much in this county alone, and the same proportion throughout the red land section of east Texas. Just think of it. In Florida one farmer has 800 acres under shade, and he is not the biggest planter. But we are coming across.

**The Volunteer Cultivator**

We originated this type of Walking Cultivator. It is the practical farmer, treating such an enormous demand, that nearly every county in the farming-impoverished in the United States attempted to duplicate it. It is the original exclusive feature, and is sold by us as no other. You will therefore get the best results by buying the Original Volunteer. The Volunteer Cultivator is also a world beater. If you desire to see it, write for a price list and a special price. We are headquarters for everything that is best in implements, wagons and vehicles. If it's a standard implement of machine we are sure to have it. Write us.

**MITCHELL BROUGHT BACK.**  
Murderer of Jim Truitt in Shelby County Jail.

The following from the Ratcliff Herald will be read with interest in Nacogdoches. Mr. Lacy, the man injured, mill-wright of Mrs. D. H. the Louisiana & Texas lumber company, at this place, but for the past month working in the same capacity at Diboll, was shot at that place about 9 o'clock Wednesday night, March 20, while on duty, by R. E. Austin, foreman of the mill.

The accused sued out a writ of habeas corpus in Hood county Saturday and was released on a \$6,000 bond, the charge there being the murder of two other members of the Truitt family in 1874.

As soon as bond was made in these cases he was re-arrested on the warrant from this county and brought here to be arraigned.

The party drove from here to Center last night.

Sheriff Swofford learned the whereabouts of the prisoner through the Indian agency and worked for eight days and nights before he affected his capture. Getting the man located in New Mexico, the sheriff and a deputy approached him as prospective buyers for ranch property. Mitchell was armed and very watchful. Having camped for lunch the officers watched for an opportunity and when Mitchell raised a cup of coffee to his mouth the sheriff seized him and his deputy assisted in putting the shackles on him. It required the entire strength of both men to shackle the prisoner, for he struggled desperately and came very near getting hold of his pistol before they could disarm him.

Bill Mitchell, the man accused of the murder of J. M. Truitt in Timpson in 1886, waived examination at Center yesterday and he was granted bail in the sum of \$10,000. His bond was approved and Mitchell was released from custody.

**PICK LACY SHOT.**  
Particulars of a Recent Difficulty at Diboll.

The following from the Ratcliff Herald will be read with interest in Nacogdoches. Mr. Lacy, the man injured, mill-wright of Mrs. D. H. the Louisiana & Texas lumber company, at this place, but for the past month working in the same capacity at Diboll, was shot at that place about 9 o'clock Wednesday night, March 20, while on duty, by R. E. Austin, foreman of the mill.

It seems that Austin was drinking and Lacy asked him for some help about his work and Austin gave him some short answer and drew a revolver, when Lacy hit him with a plank. Austin then shot Lacy, one ball hitting him in the rib and glanced off, another in the shoulder, hitting the collar bone, glancing off, and the third shot hit him on the end of one of his fingers. The weapon used was a 22 calibre. Both parties were placed under bond to await trial.

Mr. Lacy was carried to his home in Crockett, where he is resting well and will be able to return to his position in a few weeks.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. Kodol is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. Kodol is sold here by Stripling, Haselwood & Co. dw

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a ringing sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
