

The Blunt Edge

By LELAND BOYD

WHAT PRICE GLORY?

Somebody said in Canyon before the Bula-Fillie basketball game last Saturday night, "It sure would be a lot cheaper for Bovina for the Fillies to lose, but I sure do hope they win."

The statement, made in jest, sure does hold a lot of truth. It would have been a lot cheaper for the town, but if the Fillies had lost, the town wouldn't be feeling as "rich" as it is in preparation for a fling in the capitol for the basketball finals.

It would have cost less for the Fillies and Coach Charles Don Smith to have taken a lesser title than Regional Champions. Being a winner costs. But what dividends it pays for the ones who invest the necessary costs!

WAR DANCE

Outside the door of the gymnasium floor in Canyon Saturday night, we observed a ritual that is a standard practice when the Fillies get through playing a basketball game, we understand. The ritual entailed a lot of dancing up and down and squeezes and hugs among the Fillies and their supporters. It is said to be for good luck, and we hope the charm works again and again.

LONG LIST

Pat Kunselman suggests that instead of printing the names of all the Bovina people that are going to Austin with the Fillies that names of those who are having to stay home be used, to save space. A list of that sort would be shorter than a list of those that go, he says. Regrettably, Pat says he'd be one of those who would be published, if the list were printed.

FRIEND INDEED

Understand that George Trimble is lending funds to go to the game on. At least, that is what happened on one occasion. Seems as though before the Fillies beat Bula for the regional championship, a fellow commented that he could not attend the Austin trip, in case the Fillies won. Trimble told him to write out a \$150 check, and that he'd sign it, and did same.

In case you are interested, you might ask the chief U. S. Government official of Bovina, Gene Ezell.

EVERY REASON

If anybody has reason to go to Austin with the Fillies, Ezell does. Fillie forward, Joan Kay Ezell, brings the Fillie cause toward the Texas Championship into the Ezell family, in addition to the others who have the same reason.

But the fact that the Fillies are off to Austin is plenty of reason for anyone from Bovina to follow them, if there's time, and as mentioned before, the "dough-me" can be arranged.

NOT A WORD

Ernest Woelfel warned the Bovina paper boy, "If you have a word in the paper about the Fillies winning the regional tournament, I'll stop my subscription," he announced in Canyon after the game.

I thought he and I were coming to the parting of ways. After the paper boy pleaded quite a while, he did consent to go along with as much as two pages. But this was only after Mrs. Woelfel intervened and said she'd continue being a Blade subscriber, even if he did cancel.

DOUBLE AND QUARTET

"What about giving me a cigar? Or coffee for a month?" These are timely topics in Bovina. And when the interest in the Fillies' Austin trip slips into the background, local politics will swing to the forefront.

It is bound to do it. If you happen to be in the right spot at the right time, you may get some of the stogies and java.

The striking thing about the vote solicitation is that some of the candidates are almost requiring the voter who accepts the favor to sign an affidavit that his vote will go to someone else.

THINK LONG

Regardless of the jesting that accompanies the race, voting is serious business. The American voter has a tremendous responsibility when he steps into the voting booth.

The same is true for all elections, whether it is for dog catcher of a wide spot in the road, for president of the U.S., or for mayor of Bovina, county commissioner, or justice of the peace.

There are lots of little things that accompany the job of being an official of local government, besides the big job of seeing that everything runs along smoothly.

It is good that there is more than one candidate per office on the local political scene. The more candidates, the better chance that the people's choice gets elected, when a plurality vote is used to determine the

(Continued on next page)

FILLIES HEAD FOR STATE MEET

The Fillies won. A sizable regional trophy and Region 1-B title were added to the Fillies' crown Friday and Saturday of last week, days after the district and bi-district titles were cinched.

An extravaganza of basketball playing was the factor that favored the Fillies, along with a spurt of basic basketball playing.

The trek to the championship title of Region 1-B included three games—one a pushover, and two that required an extra big shove.

DIVIDE SUBTRACTED
The first opponent of the regional tournament was the pushover, as is reflected in the score, Bovina 68, Divide 35.

At the end of the first quarter the Fillies led 20-6, and at halftime, 48-9. The other two quarters were left to the Fillie substitutes, who handled the Divide team like veterans.

Janice Richards netted 23 points, Joan Kay Ezell 11, Mildred Young 15, Nancy Cumpton 16, Nita Beth Estes 1, and Kay Hartzog 2, to round out the scoring.

All the guards and forwards saw action in the game.

Figures for the game show that the Fillies scored 25 field goals, and 18 free throws for the winning score.

CAME FROM BEHIND

The second regional game, pitted the Fillies against a fast starting team from Meadow, Friday morning with the Fillies having to come from behind for victory.

Virtually, free throws made good were the trick the Fillies called on to win the game, with the statistics showing that 14 foul line shots and 19 field goals accounted for the Fillie score of 52, while Meadow scored 45. Meadow, however, outshot the Fillies from the floor, with 20 field goals, but only scored five free throws.

A second quarter scoring surge brought the Fillies from behind, with the half time score standing 28-27. Meadow, 21. The Fillies trailed five points at the end of the first quarter. The lead was increased by one point at the third quarter, 37-35.

The Fillies incurred 10 fouls during the game to Meadow's 14, with Nita Beth Estes drawing the quota for fouling out. Lexie Stevenson took over at Estes' guard position.

BULA BARELY BEHIND
Bovina topped Bula 56 to 54 for the finish of the regional tournament to don the title of regional champs.

It was nip and tuck all during the game, with the score never being more than five points different. Scores by quarters were Bovina 16, Bula 15; Bovina 30, Bula 32; Bovina 45, Bula 45, and the final Bovina 56, Bula 54.

The Fillie forwards maintained a steady stream of crisp shots to keep abreast of Bula, whose players depended on a stream of long shots almost as steadily.

Richards accounted for 33 points, Ezell 13, and Cumpton 10. A free throw percentage of 60, or 12 out of 20 tries, again proved to be a big factor.

The game ended in a freeze, with the Fillie guards controlling the ball for nearly a minute at the end of the game.

WATCH 'EM WIN—The Fillies, District Champions, Bi-district Champions, and Regional Champions, are headed for the highest title they can win—Class B State Champions. Pictured with the regional trophy are (back l to r) Virginia Embree, Nickie

Woelfel, Nita Beth Estes, Joy Redden, Kay Hartzog, Kay Leake, Lexie Stevenson, Mildred Young, Janice Richards, and coach, Charles Don Smith. (front) Joan Kay Ezell, Nancy Cumpton, Celia Berry, and Sandy Martin.

The champions of Region 1-B, Bovina's Fillies, are en route to the state basketball tournament in Austin this afternoon after boarding a Bovina school bus today at 7:15 a.m.

Fifteen Fillie squad members, and Coach Charles Don Smith, along with Mrs. Smith, Driver Frank Wilson, and Mrs. A. M. Martin rounded out the cargo of the Austin-bound bus.

The Bovina basketballers were to stop in Brownwood today for a practice session, spend the night at Brownwood and arrive in Austin Thursday.

After a scheduled 30-minute workout in Gregory gymnasium in Austin, the Fillies planned to stay at Austin Motel for the night.

FRIDAY AT 3:10 P. M.

The first game of the state tournament for the Fillies will be Friday at 3:10 p.m. against Sugarland. Sugarland holds a 33 win-1 loss season record, in comparison to the Fillies' 30-8.

Six other teams round out the Fillies' possible opponents. The teams and their season records are Collingsville 34-2, North Hopkins 31-1, Rankin 20-3, Comfort 23-0, Gorman 23-6, and Skidmore-Tynan 30-1.

LOAD OF STARS

The bus that carries the Fillies to Austin has the potential to garnish a state championship title, although Bovina was rated as the darkhorse after leaving district 3-B competition.

The Fillies have only two seniors on the squad—Kay Leake and Sandra Martin—but the players are veterans at working together.

Coach Smith, tutoring the Fillies for his first year, makes the team all Bovina products, since he is a native of Fillie-land.

Radio Station KMUL of Muleshoe is set to broadcast half-time and final scores for the Bovina games, along with the game scheduled next, according to Gil Lamb, manager. An announcement in this issue of The Bovina Blade lists the station number and the sponsors.

School To Be Dismissed

Classes at Bovina Public Schools will be dismissed Thursday afternoon, at 2:30, and will also be closed all day Friday. It will be for the convenience of those students and parents who wish to attend the state basketball tournament in Austin, says Roy Whisler.

The closing of school Friday is also to allow the local teachers to attend the District Nine teachers' meeting which will be in Amarillo.

Mrs. Fleeta Terry, fifth grade teacher in Bovina Schools is president of the Parmer County teachers' association. She will be assisting at the district meeting.

Senior Play Postponed

Bob Wills, sponsor of the senior class of Bovina High School, announced the postponement of the annual senior play Monday afternoon.

"Due to conflicting dates," says Wills, "the play was rescheduled for Friday, April 4." The presentation was planned for Friday, March 21.

The play, a three act comedy-farce, is the main project of the seniors. Money derived from ticket sales will be used to finance the annual senior trip.

CITY COMMISSION—

Lights, Pays and Chops Car Values

Bovina commissioners voted to install a street light, pay the monthly bills, and to end the assessment on automobiles more than 10 years old Monday night.

Also discussed and informally passed was a go-ahead to a group seeking action on street paving.

The light is to be installed on Highway 60 near Macon Elevator, where one was left out when other lights were installed.

Cars of 1947 and older models will not be assessed for city taxes as a result of action taken by the commission. Discussion of the assessment policy brought out that Bovina was assessing all cars, whereas the county and school do not charge taxes on cars older than 10 years.

Commissioner Paul Jones made the motion to end the assessment of the older cars.

Harry J. Charles, C. R. Brandon and Bedford Caldwell met with the commission requesting a commitment of the commission regarding paving of lots where owners are not cooperating with the paving project.

Nearly all owners on Avenues C and D have signed paving agreements, and the project is being delayed by a few property owners, the group said.

Will the city assess the property of non-signers for the paving if there is only about 560 feet left to complete was the question of the men's appearance before the commission.

Mayor J. E. Sherrill Jr. and Jones informally committed the city to do the assessing so the paving would not be blocked by a few non-signers.

Two letters regarding paving were read to the commission. The letters, from the Bovina Church of Christ and the Baptist Church, informed the city that the two organizations are ready to pay for paving, adjoining their property when paving project starts.

Jones and Sherrill, along with Henry Minter, city clerk, and John Wilson attended the meeting.

Fire Dept. Sees Red Comet Work

Demonstration of a fire extinguisher, the Red Comet, was the program at the Bovina Volunteer Fire Department's regular meeting Monday, according to chief, Otho Hammonds.

Ray Thomas of Muleshoe performed the demonstration. Nineteen members were present. Those present make up the current list of members in good standing, Hammonds says.

They are W. H. Minter, J. L. Wilson, Hammonds, Pat Kunselman, Bill Horton, R. L. Hoppingardner, Herman Estes, Bob Englant, Weldon Moody, Alfred Haney, R. T. Harbour, George Trimble, Dub Mayhew, Bill Denny, Tom Bonds, Charlie Gilbreath, Alfred Moody, Dave Wines, and Bill Whitesides.

A member loses his good standing if he fails to attend two consecutive meetings, Hammonds explains. To return to good standing, the member must attend three consecutive meetings.

Hammonds requests that members who have been issued caps and coveralls who are not in good standing to return the uniforms to the fire department. Several have kept the uniforms, and a round up crew is scheduled to pick up uniforms not returned, Hammonds says.

FOR FARMERS—

Vegetable Parley Monday Night

The meeting was arranged after Warren Embree corresponded with the company with interested farmers the possibility of growing cantaloupes and other vegetables in this area.

The meeting will begin at 7:30 at the American Legion Hall. Questions concerning the growing and marketing of melons and other vegetables will be discussed by the Laredo representative. All farmers are urged to attend the meeting.

Band Plays Well

An estimated 400 people were in rapt attention Sunday afternoon when the bands of Bovina public schools presented a late winter concert. The concert, showing the achievements of the beginner band, the song flutes and the advanced band, was in the school auditorium under the direction of band and music instructor, W. Wayne Stevens.

The program opened with the beginner band playing "America." The flags were presented and Stevens invited the audience to accompany the band in singing the first verse of the song.

The beginner band members are students of the fifth and sixth grades. Other numbers which the beginner band played were "Touchdown March," "Old

WEATHER

by WILLIE

Yes, yes, yes—I missed it last week (a little bit). This week will be an unusually cool week. Chance for more moisture.

—Willie

Here's the One We Promised Last Wk.

FOURTH MAYOR CANDIDATE—Hubert Ellison is the fourth candidate for Bovina Mayor, who was not pictured with three in last week's paper. Ellison is one of two candidates who entered the race by petition.

Lions Postpone Ladies Night

J. W. Wright, Lions Club Boss, announced Tuesday morning that the annual Ladies Night supper of the Bovina Lions Club has been postponed. "Seems like everyone is going to Austin to see the games this week," was the reason Wright gave for the postponement.

The supper, originally scheduled for tomorrow night (Thursday) will be March 27. It will be in Bovina Restaurant and will begin at 7:30 p.m.

Second Polio Shots To Be Wednesday

Roy C. Whisler, principal of Bovina High School, announced Monday afternoon the date for students' second polio shots. The youngsters will be taken to Parmer County Community Hospital in Friona Wednesday of next week, for their second in the series of three shots, Whisler says. They will leave Bovina at 1 p. m. Transportation will be provided.

Whisler suggests that parents of students who are not taking the shots through the school to contact him or Warren Morton, school superintendent. It is possible, says Whisler, for youngsters to begin the shots, or to complete them, whichever is needed by the student.

VICTORY RIOT—A host of Bovina Fillies exchange victory hugs following the victory over Bula in Canyon Saturday night. In the middle of the crowd is the coach, Charles Don Smith.

Favorite Waltz, "That Funny Mouse," "Good Night Ladies" and "Faith of Our Fathers." The latter selection was begun with few instruments, the volume swelling to a crescendo of all instruments at the climax.

A flute solo, "On Wings of Song," by Mendelssohn was played by Elaine Fuller, with piano accompaniment by Verna Marie Estes. Also, short numbers—"March of the Champions," "Yankee Doodle," "Carnival of Venice," "Oh, Susanna," and "Indian Dance," and a clarinet solo, "Aria Cantando"—were played.

Stevens termed the last number a double solo. Paula Kay Kerby, clarinet, Linda Estes, bass clarinet, and Verna Marie, piano, were the performers. "The Marine's Hymn," "Melody from the Opera, Martha," "Omaha Boogie," "Mexican Clapping Song," "Lazy Days Waltz," and "The Merry Widow Waltz" completed the presentation by the beginner band.

Following a short intermission, members of the song flute band, fourth grade students, played "Constellation Overture." They were accompanied by selected members of both bands. "The Gypsy Baron" by Strauss was the first selection played by the advanced band. It was followed by "Creole

ELECTRICAL & PLUMBING REPAIRS BOVINA ELECTRIC Odie White, Prop. Phone AD 8-2951

"IF I BE LIFTED UP..." Jn. 12:32 Can a Christian Be Eternally Lost?

"But I keep under my body, and bring it into subjection: lest that by any means, when I have preached to others, I myself should be a castaway" (1 Cor. 9:27). Paul, the apostle, had already proven his apostleship to the Corinthians but was careful in his living and in the curbing of his fleshly body lest he should be a castaway. Surely there can be no one who will dispute that Paul was a Christian and part of the blessed Church of Jesus Christ. Why, my friends, was Paul careful of his habits and speech if a Christian cannot be lost? Do you think Paul would have been so cautious had he eternal life in his possession and nothing could have taken it away from him?

Marzie Lynn Circle Has Tea Monday

Members of the Marzie Lynn Circle of the Methodist Woman's Society of Christian Service were hostesses at a tea Monday afternoon. The social affair was in the parlor of the Methodist Church and guests were members of the Oklahoma Lane W.S.C.

The theme of the afternoon was "Japan," the subject of a recent study held by the local circle. The tea table was overlaid with a cloth of cream silk from Japan. It was lent by Mrs. Jimmie Charles. The centerpiece featured an Oriental bow pulling a rickshaw toward a typical Japanese bridge.

Tea was served in a china tea service from Japan. Oriental cookies containing fortunes were also served. Presiding at the tea service were Mrs. O. H. Jones and Mrs. Warren Morton. They were dressed in authentic Japanese costumes, borrowed from Mrs. Vernon Estes.

In the fellowship hall, adjoining the parlor, an exhibit of worship centers, made by Mrs. John Dixon and used during the recent study, was on display. Each center was along the Japanese theme. Mrs. Sudderth was in charge of the afternoon's program. She spoke on people and places of interest in Japan. Her talk was an introduction to a colored film which showed the people, their industries and the country of Japan.

Local ladies attending were Mrs. Rouel Barron, Mrs. Sudderth, Miss Lola Grissom, Mrs. E. M. Ware, Mrs. Frank Hastings, Mrs. L. H. Pesch, Mrs. L. M. Grissom, Mrs. John Dixon, Mrs. Jimmie Charles, Mrs. Jones and Mrs. Morton.

Guests were Mrs. Truman Kent, Mrs. R. E. Blankenship and Mrs. Sam Billingsley, all of Oklahoma Lane and Mrs. Clarence Christian of Farwell.

Blunt Edge (Continued From Page 1)

official. It would be sort of undemocratic in the midst of American democracy if there were only one candidate for each office. Such is the practice of communist countries, we understand, and will be confined to the Reds if voters will insist on a choice of candidates.

Mike Grissom Has Birthday Party

Mike Grissom, eight-year-old son of Mr. and Mrs. Leon Grissom, was honored with a birthday party Tuesday afternoon in the home of his parents. The youngsters played games and had refreshments of hamburgers, pink lemonade, cake and ice cream. The honoree's father took them to Clovis, where they appeared on KICA TV's Kiddie Carnival. Guests for the afternoon were Bill Caldwell, Alan Dale Carson, Roy Crawford Jr., Galen Hromas, Gary Kirkpatrick, Larry Mitchell, Lynn Murphy and David Stevens.

To Fort Worth

Mrs. Minnie McCutchan, her daughter, Mrs. Bula Pumroy, and Mrs. A. R. McCutchan were in Fort Worth several days last week. Mrs. Pumroy and her mother were guests in the home of her son and family, the Clyde Pumroys. Mrs. A. R. McCutchan visited with her parents, Mr. and Mrs. Oscar Chenault. Upon the return home of the three local women, Gary and Sheryl Pumroy accompanied them for a week's visit.

Congratulations

Mr. and Mrs. E. H. Young received word recently of the birth of a new grandson. The little boy, William Matthew, was born Monday, February 24. His parents are Mr. and Mrs. Arnold Denzil Young of Ocean Gate, N. J. The couple's first child, William Matthew weighed 7 pounds, 5 1/2 ounces.

Young is a former resident of Bovina and a graduate of Bovina High School. He was stationed in New Jersey with the Navy and is now employed in the code department of a telephone company.

Marzie Lynn Circle Concludes Study

The final chapter of the study, "Cross and Crisis in Japan," was completed Tuesday afternoon at the regular weekly meeting of the Marzie Lynn Circle of the Methodist Church. Mrs. Billie Sudderth was in charge of the study and Mrs. O. H. Jones gave a devotional from the Book of John.

The group sang "Our Faith Looks Up to Thee," followed by a prayer by Mrs. Jimmie Charles. Mrs. George Turner spoke on "This is Japan," which dealt with the spiritual awakening of that section of Asia. Mrs. Jones gave a talk on communism and Mrs. Wilbur Charles spoke on "Our Involvement in the Crisis." Mrs. Warren Morton also took part on the program, speaking on the subject, "Into Wider Fellowship," which was followed by the use of maps, by Mrs. Jimmie Charles, on the work being done today by Christians in Asia.

Those attending were Mrs. Sudderth, Mrs. Morton, Mrs. John Dixon, Mrs. Rouel Barron, Mrs. Tursier, Mrs. E. M. Ware, Mrs. Wilbur Charles, Mrs. Jimmie Charles and Mrs. Vernon Estes. The next regular meeting of the circle will be May 6. Mrs. Ware, reporter for the circle, says members will attend the special Bible study each Tuesday night for six weeks instead of the regular meetings. Mrs. W. R. Beard will lead the study. Her talks will be on "The Gospel, According to St. Mark."

Mrs. Gaines Is Party Honoree

A surprise birthday party was given Friday for Mrs. J. Sam Gaines. Mrs. Gaines, called "Grannie Gaines" by her many friends in the area, celebrated her 81st birthday with a group of close friends. The guests came to her home and brought dishes for luncheon. The party, says Mrs. Gaines, made her feel like a "little boy with a new red wagon." The

Dorcas Circle Meets Wednesday

Members of the Dorcas Circle of the Methodist Church met Wednesday of last week in the home of Mrs. Pat Kunselman. The circle is a section of the Woman's Society of Christian Service and meets the first Wednesday of each month.

Following the usual covered dish luncheon, Mrs. Mabel Newberry delivered a devotion. The study for the day was from the book, "Christ, the Church and Race," and is one of a series of studies on the subject. Mrs. L. H. Pesch was in charge of the study, assisted by Mrs. Frank Wilson, who spoke on prejudice and its origin.

Also coming for the noon meal were Troy Armstrong and Carl Rea. Mrs. Gaines was born in Red River County, near Manchester and was raised in Paris. She and her family moved to Bovina from Tullia in 1925.

Mrs. Sikes Is HD Club Hostess

The home of Mrs. John Sikes was the site of the regular semi-monthly meeting of the Bovina Good Neighbor Home Demonstration Club Friday afternoon of last week. Mrs. Mabel Newberry was co-hostess. Mrs. Don Benard, vice president, presided at the business meeting. Reports were heard from several committee chairmen, among them one from Mrs. Newberry. Mrs. Newberry has recently completed a workshop on the remodeling of lampshades. This workshop will be brought to the local club by Mrs. Newberry at the next meeting, Friday, March 21.

That meeting will be in the home of Mrs. D. C. Looney and will be an all-day affair. A covered dish luncheon will be served at noon. Miss Jimmie Lou Wainscott, Parmer County home demonstration agent, was in charge of the demonstration Friday. She showed "one dish" meals. Miss Wainscott also handed out recipes for the members to try at home.

Among those attending were Mrs. Earl Dean Boyd, Mrs. Jack Morris, Mrs. D. H. Wilkerson, Mrs. T. J. Hopingardner, Mrs. D. C. Looney, Mrs. Sikes, Mrs. Newberry, Mrs. Howard Looney and Miss Wainscott.

Birthday Club Meets Thursday

Members of the Birthday Club met Thursday evening, March 6, in the home of Mrs. Maude Trimble. Mrs. Loyce Marie Levins was hostess and the honored guest for the evening was Mrs. Jewel Tabor. The group honored Mrs. Tabor with gifts and a covered dish supper. Afterwards, the members spent the evening visiting.

Those attending were Mesdames Nettie Lea Wilson, Ola Lea Jones, Lucille Walling, Pat Read, Pat Sherrill, Jack Berggren, Lillian Barber, Opal Mahan, Lulu White, and Mary Jane Wilson. Also, Mrs. Trimble, Mrs. Tabor and Mrs. Levins.

Richards Slaughter House "We Butcher Anytime"

There are those who deny the greatness of the Bible, but they have not produced a greater book.

Others attending were Mrs. G. A. Bandy, Mrs. Warren Morton, Mrs. Earl Richards and program participants. Mrs. DeLores Hoffer, daughter of Mrs. Wilson, was a dinner guest.

During the business meeting,

Does your heart good!

THINK of the exertion you'd avoid with an additional phone in your bedroom. No stairs to travel down and up again with a phone beside you. And they come in such lovely colors, too! Prospects Best Ever For Wheat Crop

In the memory of many farmers of the Parmer County area, prospects for winter wheat are better at the present time than ever before in history. At this point, they are better than 1949—the last year a "good" wheat crop was produced on the western High Plains, then nearly altogether unirrigated.

It's been so long since wheat looked good that farmers admit that their memory may be playing tricks on them, but most maintain that they can't recall a time when prospects for a bumper crop seemed better.

This may be premature optimism, because the wheat is not even heading out yet and many things could happen before harvest time next summer. However, moisture has been sufficient from the time of planting until now, and enough water is stored in the soil already to almost assure some grain production even if the "finishing" rains do not come.

Dryland fields are hard to distinguish from irrigated ones, except for the rows or borders that are used to direct the water on the irrigated fields. The wheat is a rich, healthy green that so far shows no signs of molestation from insects.

It is growing off so fast, in fact, that many farmers are registering concern about what a sudden cold snap in the spring could do to too much plant. Grazing usually controls this problem with little difficulty, but this year it's different.

There is so much wheat doing so well—both dryland and irrigated—that the limited number of grazing stock can't make a dent in the tremendous growth of wheat pasture. Consequently, quite a bit of wheat is pushing along toward maturity faster than its owners would prefer.

The Parmer County wheat allotment this year is 109,905 acres. That is a slight increase from the previous year. Of this, about 7,000 is set aside for "new growers."

But, officials at the county ASC office estimate that only about 80 percent of the allotment has been sowed. That has been characteristic of county farmers in the past five or six years. They have failed to plant their full allotments.

There are 9,060 potential acres of wheat taken from production by the acreage reserve phase of the soil bank. However, this still means that Parmer County farmers could plant another 19,000 acres of wheat if they just wanted to.

Some farmers have planted their full allotment and would plant more if they could. Others have not used their allotment,

Lush is the word for the Parmer County area wheat this year. This is a closeup of a clump pulled from a dryland field and held up for inspection by the camera. Prospects for wheat are probably the best in history.

and, in failing to reallocate this amount back to the county to be issued to other farmers (even though they could still claim the acres on their farm's history), the total planting for the county has been held down.

Last year improved weather conditions plus a better understanding on the part of farmers about irrigation and fertilizing teamed up for the best wheat crop since 1949. Wheat traditionally has not responded to irrigation as well as grain sorghums, cotton, and other crops.

But intelligent application of fertilizers and better methods of watering have resulted in increased yields for many farmers, and the wheat allotment is coming to be more "thought of" than it was three or four years ago.

Just how much wheat is raised under irrigation is open to debate. It probably is around 40,000 acres—or, about half of the total planted acreage. Many

farmers irrigate wheat in the fall and winter months when they have no other use for their wells, and so the figure is difficult to estimate.

The supply and provisioning of the United Nations Suez force has been a crucial problem from the beginning, due to the emergency nature of the operation and the international character of the Force.

A 60-day reserve of pack and dry rations is maintained in the area, with another 30-day reserve in Naples, Italy.

The nature of the ration poses a challenging problem, due to the different national tastes. A comprehensive ration scale, based on Canadian, British and Indian scales, and supplemented to meet particular dietary demands, seems to cater adequately in the supply of national dishes.

Sesame Producers Schedule Meeting

Farmers contemplating sesame acreage this year are urged to attend a special meeting at the American Legion Hall in Friona Tuesday night, March 18. Robert L. Parker, executive vice-president of the Texas Sesame Growers, Paris, will be the featured speaker. The meeting starts at 7:30.

Indications are that sesame will continue to grow in importance in the Parmer County area. Farmers are seeking more profitable cash crops, since drastic acreage restrictions have curtailed cotton production and price supports for grain sorghums are at a low ebb.

This week, Parker confirmed in a telephone conversation with Farm and Home that Parmer County led the nation in sesame production last year. More than two million of the seven million pound crop in Texas was produced here, and under adverse conditions, at that. Sesame occupied about 2,500 acres in the county last year.

Parker is traditionally conservative in making any predictions about sesame's outlook. However, optimism creeps through his cautiousness, and he states, "There is room for an increase in the Parmer County production."

For five straight years, sesame prices have met or beaten Association predictions. Last year the price was \$10.41 per hundred—highest on record.

"The outstanding performance of sesame in 1957, despite bad weather, and low prices of other crops, has resulted in more farmer interest this year than at any other time," says Parker.

"High Plains farmers averaged \$80 per acre gross for their crop, and some grossed as much as \$120 per acre," he says. "Many Plains farmers cleared more money on sesame last year than on cotton."

Improved machinery and harvest methods developed by farmers have greatly reduced labor costs, and further simplifying the crop, much of the High Plains sesame last year was harvested by custom operators.

Tonnage of sesame produced in Texas jumped to seven million pounds in 1957, more than double the 1956 production, and 17 times bigger than the first commercial crop grown in 1853. The High Plains produced six and one-half million of the total.

A documentary color film showing how the crop is produced, harvested, and marketed will be shown at the meeting. Also to be on hand will be Clyde Black, manager of the High Plains sesame headquarters in Muleshoe.

Some farmers are still putting ammonia-type fertilizer on their grain sorghum stubble. Tractor-mounted rigs such as this one are very popular. Many farmers put on their own fertilizer in this manner, renting the rigs and purchasing the fertilizer from dealers.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Homemakers who do not serve pumpkin pie except at Thanksgiving and Christmas time are depriving their families of a treat that could be enjoyed any time of year. There are so many ways to make pumpkin pies that one should not serve the same kind of pumpkin pie two times in a row.

For creamy pumpkin pie, you need the following ingredients:

- 1 cup brown sugar
1/4 teaspoon cinnamon
1/4 teaspoon nutmeg
1/2 teaspoon salt
2 tablespoons flour
1 cup cooked pumpkin
1 cup sweet cream
1 cup boiling water
2 eggs, slightly beaten
1/4 cup crushed pecans
1/4 cup crushed walnuts
1/2 teaspoon orange rind
Few drops of vanilla

Blend sugar, spices, salt, flour together. Then stir into pumpkin. Mix cream and boiling water and beaten eggs, then add to dry ingredients. Add orange rind, nuts, and vanilla and pour into unbaked pie shell. Bake in medium oven. Serve with whipped cream or ice cream.

Have you sewed one of the new chemise dresses? If not, you really should make at least one. If your figure doesn't happen to be right for one of them, make it for your daughter or some other person who doesn't have bulges where curves are supposed to be.

A cartoon which appeared in a paper years ago has long been one of our favorite jokes. It

pictured a woman who needed a size 40 or larger viewing a pattern which pictured a dress in her size about like a trim 16 or so. She said, "Well, I just cut and sew as nearly as possible according to the instructions, but my dresses never look like the pictures."

- 2 tablespoons dark brown sugar
1/2 cup shredded coconut
1/3 cup pineapple tidbits
1/3 cup water
1/3 cup sugar
3/4 teaspoons salt
1/4 cup shortening
1/4 cup lukewarm water
1 package yeast or 1 yeast cake
1 egg, beaten
1/2 teaspoon vanilla
2 cups flour

Melt butter or margarine in bottom of 8"x8"x2" pan. Spread evenly with brown sugar and coconut; arrange pineapple over this. Scald milk, and stir in sugar, salt, and shortening. Cool to lukewarm. Sprinkle or crumble yeast into water and stir until dissolved. Stir in lukewarm milk mixture. Add egg, vanilla and flour.

Beat until well blended. Turn batter into prepared pan. Let rise in warm place, free from draft, until doubled in bulk, about 1 1/2 hours. Bake at 375 degrees F about 35 minutes. Turn out of pan immediately. Serve warm.

Next week we have one of our favorite holidays and regret that it falls on Monday this year. Think it would be nice if all of us could just take off St. Patrick's Day and listen to the radio. Since we will not be able to spend the day listening to Irish music, maybe we can observe the tradition by serving Irish Stew.

A new recipe that came to our desk from the Texas Beef Council is being printed below. Of course, it should be made with Texas beef.

Irish Stew

Cut into 1/2 inch cubes 2 pounds beef round and brown it in 3 tablespoons fat. Remove beef from pot and brown 1/4 cup sliced onions. Return the pieces; 4 whole cloves; 1/8 teaspoon ground black pepper; 2 teaspoons salt; 1 tablespoon Worcestershire sauce; 6 drops Tabasco sauce and 1/8 teaspoon dry mustard.

Cover the pot closely, reduce the heat and simmer for 1 1/2 to 2 hours. Parboil 12 small, whole new potatoes and 8 to 10 whole small round onions; drain and add them to the stew. Quarter and slice lengthwise 4 medium carrots and add to stew. Simmer for 20 to 25 minutes.

Rather than thickening the

stew with a flour gravy, the potatoes are to be mashed after the stew is cooked. Leave the other vegetables in their original form for texture and appearance.

REALLY HOME

As the troopship, laden with battle-scarred veterans of Korea, pulled into the West Coast harbor the happy sergeant said to Private Smith, "Well, farmer boy, are you glad you are going to hear the roosters crow and the old donkey bray again, eh?"

"It'll be mighty nice to hear the private donkey bray," replied the old donkey, "And not give orders."

Don't neglect a severe sore throat. Your doctor might find it is a "strep" throat. "Strep" infections can lead to rheumatic fever which sometimes is a forerunner of rheumatic heart disease, says the American Heart Association.

THE PARMER COUNTY IMPLEMENT CO. NEWS

"The Place Where Most People Trade" Friona, Texas March 12, 1958

Friday night, Douglas Connelley and Delmer Hayter, who is district parts supervisor for International Harvester, went to the Rhea Parish house to show some films. The mud and fog were extra thick that night and Doug and Delmer got stuck a couple of times and had a flat. Delmer, who is a small fellow and had no boots or overshoes, had to be carried across the ditches. However, they really had a good time and hope the Rhea folks will ask them back sometime.

have the kind of farm machinery you need, try the other implement dealers in Friona. It's the money you spend at home that helps your home town grow. Friona will never prosper on the money made here and spent in the big city.

replied, "Look at the big hole I dugged and mother won't let me take it in the house."

Ralph Smith and Ernest Anthony left here Friday for Springlake, Ohio. They will drive some new International pickups back for the Parmer County Implement Company.

Claude Bradley, one of our mechanics, suffered a heart attack while working Monday afternoon. He was taken to the hospital and is doing very well.

We invite you to come by the Parmer County Implement Company and see the new McCormick No. 151 self-propelled harvester-thresher. It is the answer to the problem of harvesting heavier yields with less manpower. Be sure to see the mighty No. 151.

If a crop is combinable, (that means if a crop can be cut with any combine) the McCormick No. 151 self-propelled can do it quicker and better. Let us show you why the No. 151 is truly the "mighty master of the big yields."

Need a good cheap car? We have some bargains in used cars now, and they can be financed.

Some of our family goes to Amarillo each week for trampoline lessons and little Susan Spring, who is four, usually goes with them. The other day her father and mother, Dr. and Mrs. Paul Spring, went along and were watching. When, Nard, the instructor, asked Lunell to do a difficult back flip, she said, "I can't. I'd break my neck." Susan said loudly, "You'd better try it now while the Doctor is here."

Mother to little Johnny: "Why did you kick David in the stomach?" Johnny: "I didn't mean to do it, he turn-around too quick."

Want to know how to have a perfect lawn at your house this spring? We read that this is the way it is done in England. Plow the land very deep, level perfectly, rake and rake until the soil is pulverized, add fertilizer, and plant food, water well and plant one hundred years ago.

If you need bolts and nuts, spark plugs, air cleaners, paint for your machinery, batteries, irrigation tubes or tubes, tires and traps, grease guns, fan and generator belts you will find them at the Parmer County Implement Company.

Everyone at the Kenyth Cass home is working hard this week and that includes son, Jerry. They have company—their twenty-month-old twin nephews. The father of the boys is a brother to Mrs. Cass and the boys are visiting in the Cass home while their mother is ill. Although the boys keep them busy, Mrs. Cass says they are lots of fun and they will be sorry when they have to go home.

You may think with all the rain we've had, you won't be needing your irrigation well much this season. That's not true in West Texas, however, and the time to repair the motor on your well is now before you need it.

A Texan explains it thus—"A fellow can't be fast enough to keep up with the truth about Texas."

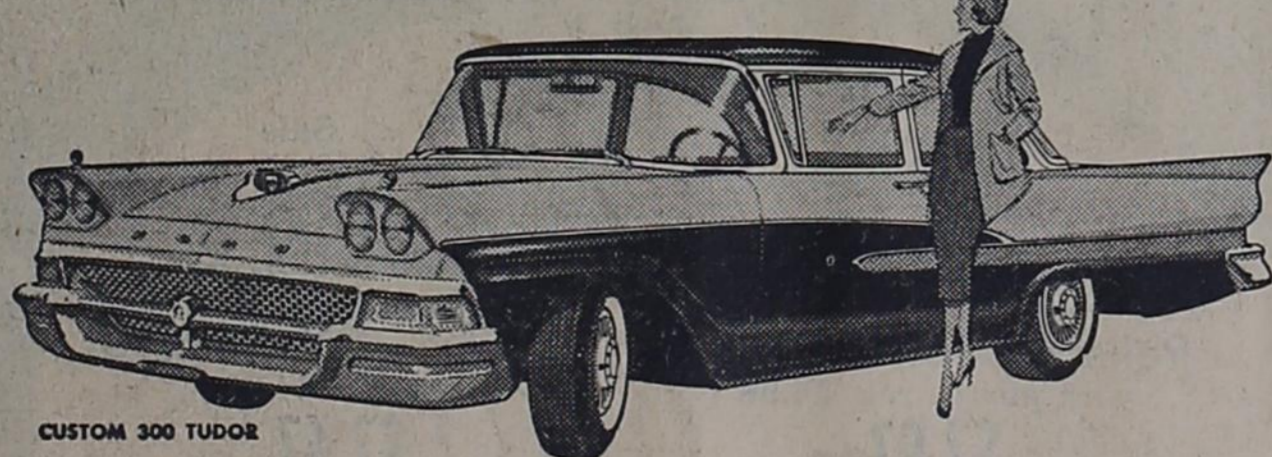

A lady noticed a little boy sitting in the backyard crying and crying. When asked what the trouble was, he

ALEX DICKIE

Dickie Plugs Corn, Sorghum Link

Alex Dickie, state president of the Texas Farmers Union talked to members and guests of the local union in Farwell High School Tuesday night. The business of the evening included a "Pat and Mike" type report from Washington, music and songs by Charlie Phillips and his Sugartimers, and Dickie's speech and appeal for membership.

The Union president presented his talk in three phases: the basis for Farmers Union, the problems it faces, and the solutions to those problems.

Dickie said that the Union stood alone in 1956, being the only representatives of farmers who were against the "Ike-Benson flexible farm price supports."

From the views and interviews made by Dickie and the local members of the Union who went to Washington, it seems that no one today is happy with the way Benson's farm bill worked. Dickie says that "the Farm Bill is the hottest subject on Capitol Hill."

"Corn-grain sorghum tie-up is the key to a workable farm program," says Dickie. He sees a good possibility of getting a workable and suitable farm bill through our law-making bodies this year.

The speaker noted that farmers are the only major industry not practicing price control through product control today. He sees the principal problem of farmers today as not having

any bargaining power in the world's markets.

Using the steel industry as an example, Dickie pointed out that steel plants all over the country are not working at full production capacity, because they prefer to produce only the amount for which they can set their own price.

A basic law of economics is that the supply of a product determines its demand. If a market is glutted, if a surplus is piled up, then the producer cannot set his price; he must take what is offered.

In the case of farmers, this has been true when surpluses did not exist, says the president.

Dickie and the Farmers Union believe that the best chance for farmers to make a living wage is, if necessary, to produce less. In any case the farmer needs more control over the price he receives for his product.

The price of raw materials coming from the farm has a relatively small effect on the price of the finished product. Dickie told the audience that only about 25 cents worth of cotton

goes into a \$4 shirt, for example.

Quoting Department of Agriculture statistics, Dickie told the group that, "For every one percent less we market, there is a gain of eight percent on the price of the products we do sell."

"Only the farmer, of all producers, is required to take a loss when overproduction or underconsumption takes place," said Dickie.

He told the audience that, "Long ago labor and industry figured out that if they controlled the supply, they could control the price for their products."

He added, "No one can truthfully say that either labor or industry got where they are today without favorable federal legislation."

Speaking for Farmers Union, Dickie said that the farmer must have price control. To get the price they ask, said Dickie, they must control the amount they produce.

According to Dickie, a national farm board is the first step toward allowing the farmer to price his own product. He said that the farmer "must nail his price tags on the gate—and don't even try to justify it."

He pointed out that labor received bargaining power (what Farmers Union is asking for the farmer) in 1938, through the Wagner Act.

Dickie said that the Union had no fight with labor or industry, that he merely used them as examples of what farmers could do.

He said that all the farmers want is a fair return on their

investment, all they seek is equality in a decent price for their goods, which reflects a living wage.

"Farmers don't want a party price," he said. "They really want a parity of income."

In closing, Dickie outlined the methods, the legislation, and the way a national farm board could be set up and put into action.

He will return to this area to speak in Bovina March 27. Farmers in that area are forming a local Farmers Union.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Six hundred, fifty-nine was the Parmer County Farm Bureau membership following this year's drive. This includes a few more than 60 new members. By some statistical figures, this represents about 90 percent of the farmers in this county. We think the most correct figures would indicate about 75 percent, though.

Anyway, your president and vice-president, Gilbert Kaltwasser and Jack Patterson, respectively, are well pleased with the response received by the 50 or so workers in the field. They feel that a greater membership will strengthen the future of rural roads and rural electrification and telephones.

The Farm Bureau weed and legislative committees met Monday night in the Friona office. The weed committee reorganized and mapped plans for the season's work. The legisla-

five committee studied the "New Look Farm Bureau Farm Program" proposals.

We would like to suggest that if you do not file for tax exemption on fuels you purchase, you tell your dealer, and he will not fill out exemption invoices. Also, if you think it has been some time since you filed for refund, you should ask about it if your invoices are filed here. There is always the chance that through error you might not be notified. You can file as often as you wish, but should file at least every six months.

Consider this: A righteous man falling down before the wicked is as a troubled fountain, and a corrupt spring. Proverbs 25:26

Over the New Year holiday, traffic fatalities in this country established a postwar record, and the total of 160 was well above predictions. An outstanding exception to the general rule was provided by Connecticut, where there was no traffic death. The state has been waging a tough war against speeders. Licenses are suspended for 30 days on the first conviction, 60 days on the second, and indefinitely on the third.

Proceeds from the meal will go into the fund they have been raising for benefit of the Parmer County Community Hospital. They are expecting a bunch of Friona and Bovina people to eat with them that night. Mark it on your calendar. Walter Schueler is local chairman.

Irrigation May Be Different in 1958

Big scale irrigation came to the western part of the High Plains in 1953 and 1954. Those were the years of the drought of the 1950's. In the years from 1949 through 1956, it was "normal" for fields to be bone-dry at planting time. It is understandable, then, that pre-planting irrigation got to be such a routine matter. The farmer and his new well grew up with it. However, things are considerably different this year. Moisture conditions are much improved, and the supply of water in the soil meets or exceeds what is usually the case for the spring work.

County Agent Joe Jones observes, "With good subsoil moisture available, the big question confronting most all farmers is whether or not to pre-irrigate cottonland, and when watering of wheat should be done."

Jones has some suggestions to make in helping arrive at decisions on this problem. Cotton can take water from great depths. But, applying water now will cool the soil. If pre-irrigation is decided on, it should be done well in advance of planting in order to allow the soil to warm up again.

"It is a waste of water to underirrigate, just as it is to overirrigate," says the agent.

"With the weather as a variable factor, it will just be up to farmers to use their judgement as to which way to go."

With cotton's deep rooting system, Jones emphasizes that a field watered to capacity at planting time usually means that the first watering can come later than if the field is not at capacity at planting time. Usually, the first watering is called for when cotton begins to bloom.

"Wheat is looking the best in many years and appears to have plenty of moisture," says Jones. "But, this may not necessarily be the case where early planting and a warm winter gives a bush-top growth. It is a good idea to do some digging and plan your farming so you will be able to put water on wheat before it hurts in the least."

The agent adds that plant food and water should be near an ideal level this time of the year because of head formation and filling. "It is not too late for fertilizer applications, but it soon will be," he warns. "In all cases, fertilizers should be applied before head formation for maximum benefits."

Some things that apply in a

general way to irrigating for all crops include:

Over-watering dissolves plant food and leaches it below the root zone. The length of runs and water amounts applied should be designed to put the proper amount of water in the land with a minimum of leaching.

Water-holding capacity of different textured soils must be taken into account. Sandy or course soils will hold from one-half to one inch of available water per foot. Sandy or light loams will hold from one to one and one-half.

Silt and clay loams (medium soil) will hold from one and one-half to two, and heavy clays from two to two and one-half. Most of the soil types in the Parmer County area range from sandy loams to heavy clays. The medium silt and clay loam is the biggest part of these.

Soil moisture can be estimated by the "feel test." In it, a farmer takes a small amount of soil and squeezes it in his hand. By its feel and by its look, he knows how much water the soil contains.

Ideal conditions can be noted when the soil will ball in the hand, but no free water appears on the soil. A wet outline is left in the palm of the hand.

Other conditions including dry, low, fair, excellent, and too wet can be determined, but their measurement is determined in different degrees by soil types.

A chart outlining these can be obtained from the county agent's office.

It's always dangerous to operate a machine that knows more than the operator.

Nature is grand so long as men and women leave her alone.

LET'S MAKE OUR OWN. Jimmie Lou Wainscott, center, demonstrates lamp shade making to home demonstration club women. Others in the picture are Lavon Renner, Mary Roberts, Betty Rector, Jane Stacy, and Nat Martensen.

Club Members Learn Lamp Shade Making

In an all day workshop at the Friona American Legion Hall recently, representatives from each home demonstration club in the county made a lamp shade under the direction of Miss Jimmie Lou Wainscott, county home demonstration agent.

Each representative chose her own design and will give a demonstration to her club at a meeting in the near future. Clubs represented were Bovina, Oklahoma Lane, Midway, Hub, Hi-Point, Northside, Friona, Black, Lakeview, and Rhea.

home or is it pretty much of a drudge? Do you have time to relax during the day—coffee breaks with the neighbors for instance? Do you schedule your housework, or do you just let it happen?

Women who plan their work find it saves time and worry. Try this suggestion from extension home management specialists: schedule all housework and include one extra chore a week—cleaning silver, washing light fixtures, etc. Even if your plans are changed by last minute interruptions, you can go back and pick up where you left off, rather than lose time by feeling lost and frustrated.

Don't take on more in one day than you can accomplish. Set a time for quitting and do no housework after this time. Allow some time to freshen up for your evening with your family. It will do wonders to preserve your strength and morale for another day.

Plan your work and work your plan this year.

of fish or shellfish provides nearly all the animal protein you need each day to help build and repair body tissue. Fish are also valuable sources of iodine, calcium, iron, copper, phosphorus and excellent sources of vitamins A and D. Either lean or fat fish supplies a good share of vitamin B. Since fish is easily digested, it is particularly good for children and elderly people.

Broilers and fryers again rate a place high on the list of good meat buys. Supplies continue to be plentiful and prices attractive. Demand for these young birds has been rather slow recently, so many stores may be featuring them in order to move the large supplies. Change in the beef situation is resulting from adjustments in prices between the various cuts. The cuts that haven't been moving will have come down some, while other cuts have been hiked in price to compensate for the declines. In spite of recent increases in the price of fresh loins and spare ribs, most pork items are still good values considering the price of other meats. Lamb legs, combination and chops have also gone up in price in many markets.

Seniors Lead Games At Junior 4-H Party

Recreation for the junior 4-H members who attended a county-wide party at the Hub Community Center Saturday night was directed by senior 4-H members.

Approximately 30 juniors and 30 adults were present for the party which also featured "42" for the adults. Refreshments of sandwiches, cookies, cold drinks and coffee were served.

Directing games were Cooper Young, Richard Chitwood, Judy Billingsley, Pat Chitwood, and Jimmy Terrell.

Good advice: Losers should never bet.

Most golfers talk a better game than they play.

Appliance Danger Signals
Save yourself personal injuries, fires and damage by learning to recognize signals household appliances give when they're not performing as they should. Extension home management specialists point out some warning signals:

1. Dimming of house lights or slowing of heating appliances when motors start may mean that the circuits are overloaded. This could cause a fire.
2. When a fuse blows the circuit may be overloaded or there may be a short in the appliance. Chances are too many appliances are on the circuit at one time. Be sure the fuse is the right one for size of wiring. If the fuse will let more power through than the wiring can safely carry, it is not a safety device. Overheated wires, damaged motors and fires can result if the wrong fuse is used.
3. "On-off" blinking periods usually mean there's a loose connection somewhere in the appliance. May not be serious, but it should be repaired before a more serious problem develops.
4. "Tingle" or slight shock when handling an appliance or switch is a sign that trouble's brewing. Inspect for loose wires or damaged insulation.
5. Crumbling of rubber insulation on lamp or appliance cords can eventually expose electric wires. This can cause a short-circuit, or make metal lamp bases a serious shock hazard. Replace worn cords with new ones.

Keep these danger signals in mind and act when they occur.

Attention, Parmer County Farmers

If you are considering the planting of sesame this year, you will want to attend a very important meeting

Tuesday, March 18
At the American Legion Hall
In Friona

This meeting, which will begin at 7:30, will be to discuss the 1958 sesame seed program. A documentary film on production, harvesting and marketing will be shown. Robert L. Parker of the Texas Sesame Growers Association at Paris will be present. Refreshments will be served.

High Plains farmers have found that sesame offers a real opportunity for increasing net profits on the farm. Come to this meeting and learn of the possibilities of this crop on your farm.

Wilson Attends Water-Sewer Short Course

John Wilson, manager of Bovina water and sewer works, attended the Texas Water and Sewer Short Course at College Station last week.

Seniors Are Guests At Wayland College

Fourteen members of the Bovina senior class attended the annual High School Senior Day at Wayland Baptist College Friday.

As the morning entertainment, special music was provided by the Wayland International Choir.

Lunch was served in the cafeteria located in the Slaughter Memorial Center.

During the afternoon, the guests saw exhibition basketball games by the Flying Queens and the Pioneers.

Those attending from Bovina High School were Verna Lee Hall, Dick Horn, Dickie Steelman, James Stevens, Danny Morton, Julius Bradshaw and Marie Draeger.

The students were accompanied by their sponsor, Bob Willis, and Mrs. E. H. Moody.

WANT ADS

NOTICE: There will be an appreciation dinner for Senator Andy Rogers at the Tullia High School Cafeteria Tuesday, March 31 at 7:30 p.m.

Watches, clocks and jewelry repaired. All work guaranteed. Reasonable prices.

first time that the local seniors have attended the annual Senior Day.

Methodist Church Has Family Night

Members of the Methodist Church gathered Monday evening in the fellowship hall of the church for a covered dish supper and social.

J. T. Hammonds acted as master of ceremonies, giving a short talk about work within the church.

Members of the Methodist Church gathered Monday evening in the fellowship hall of the church for a covered dish supper and social.

Hammonds then introduced Verna Marie Estes and her cousin, Sue Estes.

W. Wayne Stevens sang two Irish ballads, "On the Road to Mandalay," and "The Kerry Dancers."

A colored film titled "Japan" was shown as the closing feature of the evening.

Wines, produce, Purina feeds

FOR RENT—One room garage apartment. Can be seen at the corner of Avenue B and Hall Street.

WILL TRADE—600 A. stock ranch and farm located 1 mi. north of Noel, Mo.

FOR RENT—4 room modern house, 4 miles west, 1 mile north and another 1/2 mile west of Bovina.

FOR RENT—Partly furnished house for \$35.00 a month. See E. G. Spring six miles north of Bovina.

WILL DO baking of any sort in my home on Tuesdays and Saturdays.

Den Three Starts Study Wednesday

Members of Den Three of the local Cub Scouts met Wednesday afternoon in the American Legion Hall to begin a study of Alaska.

Den Mothers, Mrs. H. W. Odum and Mrs. Charles Corf, introduced the Scouts to some facts about Alaskans.

The meeting opened with the "Pledge of Allegiance," followed by several games.

Boys attending were Mickie Don Ellison, Billy Marshall, Dean Stanberry, Eddi Corn, Carl Odum, Stephen Blake and Lynn Murphy.

Den II Plans To Go To District Meeting

Den Two of the Cub Scouts met Monday afternoon in the home of Mrs. Pat Kunselman for a regular weekly meeting.

Those attending were Roland Murray, David Anderson, Craton Looney, James Denney, and E. L. McCutchan.

P. A. Adams' Father Dies

Mr. and Mrs. P. A. Adams received word early Tuesday morning of the death of his father, O. W. Adams of Manitou, Oklahoma.

Moves To Fort Worth

Mrs. Bula Purnoy left Tuesday for Fort Worth. There, she will make her home with her son and children, Clyde Purnoy and Sheryl and Gary.

To Amarillo

Mr. and Mrs. A. R. McCutchan visited recently in Andrews. They were weekend guests in the home of her brother-in-law and sister, Mr. and Mrs. Dale Fleming.

To Oklahoma

Mr. and Mrs. A. R. McCutchan visited recently in Andrews. They were weekend guests in the home of her brother-in-law and sister, Mr. and Mrs. Dale Fleming.

Ad Valorem Tax Collection Good

Lee Thompson, Parmer County tax assessor-collector, reports that his office has had an unusually good year in collecting ad valorem taxes.

The total assessed valuation is \$133,317.50, and the amount collected already is \$124,508.53.

Mrs. Ware Is Shower Honoree

Mrs. Leon Ware was honored with a pink and blue shower Thursday afternoon in the home of Mrs. Jimmie Clements.

Hostesses for the event were Mrs. Don Sides, Mrs. Durward Bell and Mrs. Clements.

The honoree was presented a corsage formed of a tiny white bib, trimmed with pink and blue.

Those who presented Mrs. Ware with gifts were Mrs. Norman Taylor, Mrs. George Turner, Mrs. Jimmie Ware, Mrs. E. M. Ware, Mrs. Jimmie Charles, Mrs. Mark Charles, Mrs. Boye Taylor, Mrs. Dean McCallum, Mrs. Bill Moore, Mrs. Alton Wylie, Mrs. Lavon Hukill, Mrs. Warren Morton and Mrs. W. E. Williams.

Study Club Is Postponed

Mrs. Earl Stevenson, member of the social committee of the Bovina Woman's Study Club, announced Tuesday morning the postponement of the regular club meeting.

Quilting Club Has Social

The home of Mr. and Mrs. H. D. Bradshaw was the site of a social Thursday evening.

Ever noticed how many people we have in this area who are really gifted at doing certain things? Noticed, in particular last week, the lovely handmade flowers which Mrs. Amos Steelman makes.

Two others who have that certain "gift" are June Rhodes, third grade teacher and Miss Lillian Fisher, first grade teacher.

THE TROPHY—Kay Leake, a Fillie guard, holds the trophy presented for the championship of regions 15-16 B. The regional trophy is the third one added to the Fillies' laurels on their way to the state girls finals in Austin.

Ketch-all Korner

By Sally Whitesides

The band concert which was presented Sunday afternoon was, in one phrase, a "big success." For those who attended, the concert was a good two hours of wonderful music.

At the concert Sunday, Mother and I sat right in back of Irma Jo Englant and her two children.

Drain juice from one small can of crushed pineapple into a measuring cup and fill to the 2/3 cup level with water.

Remove from heat and add 1 1/2 cups miniature marshmallows (or 16 large marshmallows, chopped). Stir until they are dissolved and add the drained pineapple.

Remove from heat and add 1 1/2 cups miniature marshmallows (or 16 large marshmallows, chopped). Stir until they are dissolved and add the drained pineapple.

Editor Leland mentioned in the Edge last week some of the favorite pastimes of school students in the past.

Back, say ten years ago, to give an earring to a boy was like wearing his FFA ring—not so anymore, evidently.

Paul R. and Paula Lloyd are going to be our new neighbors! They, and their two sons, Richard and Larry, moved into the house across the street recently.

Congratulations

Mr. and Mrs. Leon Ware became the parents of a daughter, Connie Gail, Saturday evening in Clovis Memorial Hospital.

In Nelson Home

Rev. and Mrs. Glen Wilson of Wolforth were Friday dinner guests in the home of Mr. and Mrs. Benard Nelson.

In Lowrie Home

Guests in the home of Mr. and Mrs. Elmer Lowrie Saturday evening of last week included Mr. and Mrs. H. D. Bradshaw, Mr. and Mrs. A. V. Campbell, Mr. and Mrs. Earl Stevenson, Mr. and Mrs. Earl Richards, Mr. and Mrs. George Turner, Mr. and Mrs. E. M. Ware and Mr. and Mrs. A. E. Steelman.

CARD OF THANKS

We want to say "thank you" to our many friends and neighbors for their gifts, cards, flowers and visits to our wife and mother, Mrs. Bud Queen.

Arriving Monday afternoon for a visit in Bovina was Mrs. Sadye Carson of Mendenhall, Miss. She will be a guest in the home of her son and family, Mr. and Mrs. Roy C. Whisler.
