CITY COUNCIL MEETING.

Bids Being Opened for Pipe and Fire Hydrants.

From Tuesday's Daily:

The city council has been in session all day today opening and considering bids for the five miles of pipe for the new water works system, and also bids for 50 fire hydrants.

The contracts will be formally awarded this afternoon for these supplies, as will also the contract for the pumps, boilers and other machinery.

Mr. M. G. O'Neil, the water works engineer of Dallas, who will have charge of the construction of the new plant, is present with the council and giving the members his assistance in tabulating the bids and awarding the contracts.

The council has closed the deal for the purchase of the old water company's plant, for \$12,500, and the transfer of the property to the city will likely be consummated this afternoon. It is safe to say that dirt will be flying from the ditches for the new water

mains by the 15th of this month.

\$150,000.

Douglass, Tex., June 4, 07.

Receipts of the Texas Mutual Live Stock Ins. Ass'n. through its Nacogdoches agent, Wilton P. Ingraham, the sum of One Hundred and Fifty Dollars, payment in full for one bay mare named Daisy, which died on May 11, 1907. W. H. Fenley, w2

Assured.

O. L. Hall goes to San Augustine tonight to take R. H. Hall's place in business while he is away in New York with the following party on business: C. E. Downs, John Burrows, and Dr. Mackehney. They will be gone a month, and Mr. Hall will also be away from here that length of time.

Mr. J. B. Goynes of Pine-land was in the city Saturday, having come over to visit his son, who has the contract for the wood work on the Perkins building. Mr. Goynes is himself a contractor, and a very pleasant affable gentleman.

THE NORMAL OPENED.

Has a Good Attendance and More Coming in.

From Tuesday's Daily:

The Nacogdoches Summer Normal opened in the High School auditorium this morning under most flattering auspices.

There were over forty enrolled, and several more students came in on the noon trains today. There are yet a number of teachers in the county who have notified the faculty of their intention to attend.

The exercises were opened this morning with prayer by Prof. J. B. Ramsey, the conductor, and each member of the faculty made a short talk.

Hon. G. B. Layton was also present and made an interesting talk. Prof. Harris, who had been selected as one of the faculty, tendered his resignation, stating that he having engaged in the grocery business which requires all his time and attention, he could not furnish the students much food for thought, but that he could supply them with all the food the temporal man might crave.

Conductor Ramsey and all members of the faculty are very much pleased with the splendid attendance on opening day. Prof. R. F. Davis was elected secretary of the normal.

Marriage Licenses.

The following marriage licenses have been issued by County Clerk Spears since last report:

R. E. Anderson and Miss Ellie Strong

J. B. Woods and Mrs. Ora Payne.

Ben Tuscona and Miss Carolina Luna.

Reagan Choate and Miss Nora Hancey.

E. Fancher and Miss Bertie Crump.

William Sample and Miss Neenie Holt.

F. N. Muckleroy and Miss Annie Bell Rannels.

E. M. Wallace and Miss Mollie Melton.

Willie Dove, colored, and Jane McCriston, colored.

The Old Stone Fort.

The work of rebuilding the old stone fort is being pushed as rapidly as Mr. Mora, the contractor, can do the work. Too much rain has delayed the work some, but the rocks are being placed in the walls as fast as possible. The door casings have been put in position, and the window casings are on the ground. The walls are now about eight or nine feet high.

Mr. and Mrs. F. P. Marshall went to Appleby yesterday to visit relatives for a few days. Before returning Mr. Marshall will attend justice courts at several points in the county, representing the state as assistant county attorney.

INSTANTLY KILLED.

James Williams Had His Head Severed Beneath the Cars.

A shocking accident occurred near Greene's planer, in the South end of the railroad yards here about 9 o'clock last night.

James Williams and J. W. Hinson, two Texas and New Orleans railroad brakemen, were doing some switching in the yards, with Brakeman Bass and Conductor H. G. Hodnett, when Williams was instantly killed and Hinson was seriously injured.

Williams and Hinson were swinging onto the ladder on a box car that was being drawn by the engine when they were struck by a telegraph post that was standing too close to the siding and both were knocked from the car.

Williams fell beneath the tracks and his head and right arm were almost completely severed from his body. Hinson was knocked several feet from the cars, and was picked up in a badly injured condition.

Physicians were summoned, and after examining Hinson's injuries it was found that they were not necessarily fatal.

Justice F. D. Huston held an inquest on the remains of the dead brakeman, when the facts were learned as above stated. Williams, the man killed, was about 30 years of age and has a wife and three children residing at Jacksonville.

Williams' body and Brakeman Hinson, the injured man, were carried to Jacksonville last night soon after the accident, where the body of Williams was buried today by the Brotherhood of Locomotive Firemen, of which order he was a member.

Obituary.

On May 13, 1907, the death angel visited the home of Mrs. Will Durrett and took her beloved companion, W. A. Durrett, son of Frank Durrett. W. A. Durrett, was born Feb. 8, 1875, was married to Miss Max Petty, Mar. 23, 1905. He leaves a wife, one girl, an aged father and three sisters to mourn his death. Weep not, dear ones, for your loved one; he has paid a debt we all have to pay sooner or later. Your heads are bowed down with grief, your hearts almost broken with sorrow, but God's words are wonderful consolers when they are accepted as yours sent down to you in your great trials. Let us remember he has gone where storm clouds never rise, to join in that grand chorus of the redeemed above. It is hard to part from those that are so dear by the ties of nature, but God sees fit to take this good companion and neighbor and carry his spirit to that land so bright and fair, where with all the redeemed of Him who doeth all things well. If the county roads were only kept in reasonably passable condition it would help some.

The Austin Statesman thinks that pot luck is as good as any other luck, and is sometimes the best luck. Especially when there is something in the pot.

While Judd Mortimer Lewis, the Trifles editor of the Houston Post, is sojourning in Wisconsin and writing poetry on "wintergreens," the Post's paragrapher is kept busy telling about the business of the Texas strawberries.

The story about a car of Texas hens that had been shipped to a northern state laying enough eggs on the journey to pay the freight on the entire shipment is an old story revamped. When first published several years ago, it was a car load of North Texas turkeys that laid the eggs. But then stories can change as well as the times and conditions.

That overland excursion to Canton will be a big advertisement for Tyler. While the trip may look like a foolish one to the knocker, the fact is it was a wise thought of the one who first suggested it. It shows a willingness on the part of the business men of Tyler to do something, and it is the city that does things that accomplishes anything. Let's all be up and doing.

The Meridian, Miss. Dispatch discourses on the best method of child reform. The best and surest method of child reform is to begin on the parents when they are about 6 years old. By doing that about half the trouble with children will be averted. —Fort Worth Record.

Then the Record has no hope of reforming the present generation. A rather pessimistic view, but there may be some philosophy in it.

East Texas need not take the dumps because its peach crop is a failure this year. There never was a crop that was forever immune against failure or shortage. —Fort Worth Star.

Fortunately East Texas is not dependent upon any one crop. This section does not only produce fruit in season, but it grows tomatoes, potatoes, corn and cotton, and in Nacogdoches county we grow big crops of tobacco.

The national editorial association will hold its twenty-second annual convention at the Jamestown exposition June 10 to 14, inclusive. Among the prominent personages on the program for addresses are Gov. Swanson of Virginia, President Roosevelt and Editor Will H. Mayes of the Brownwood Banner-Bulletin. Every door of the exposition will be thrown wide open for the editors during the five days, and every newspaper man who attends will be strictly

AMENDE HONORABLE.

The Sentinel Wednesday editorially gave credit for the rebuilding of the stone fort to a special committee of the Cum Concilio club. Yesterday the members of that committee, in a signed statement, not only disclaimed the honor attributed to them by The Sentinel, but announce that much honor is due to other members and ex-members of the club for the success of the undertaking. The editor of The Sentinel, after investigation, is persuaded that the disclaimer by the committee is not only timely but correct. The editor of The Sentinel would not knowingly do any member of the Cum Concilio club, or any other lady, an injustice, and we hasten to state, after investigation, that to each individual member of Cum Concilio club is due the honor of rebuilding the old stone fort.

The Shreveport Times calls attention to the fact that a truck farmer at Brownsville, Texas, raised \$4000 worth of cabbage on nine acres of ground. That is no crop at all. A tobacco grower at Nacogdoches cleared over \$1000 above all expenses on ten acres of ground.

NACOGDOCHES will open a Summer Normal for teachers June 4.—Garrison Gleaner.

And the indications are the normal will open with a large attendance. Every teacher in Nacogdoches county should attend this normal, and all teachers in other counties who desire to be benefited by the instruction of a first class faculty would do well to come to Nacogdoches.

KISSING Congressman Hobson is one of the "Chautauqua" attractions for sucker towns in Texas this season. He is to be paid \$75 each time he shows himself and delivers a memorized speech. —Tyler Courier.

Is that intended as a slap at Nacogdoches, or Congressman Hobson, or both? Col. Hobson is on the program for a lecture at the High school auditorium during the Summer Normal, and though those of our citizens who secured the gentleman of Merrimac fame as an attraction may be classed as suckers, yet the fact remains that Mr. Hobson will prove a valuable drawing card, and those who hear him will be well paid for their money.

Arrested For Theft.

Sheriff Blackburn arrested Jim Higgins, a young colored man, at Garrison yesterday afternoon and placed him in jail this morning on a charge of theft. Higgins is alleged to have stolen \$23 from another colored man at Hampton's front, and was enroute to his home in Louisiana when overtaken at Garrison by Sheriff Blackburn. —Nacogdoches Sentinel.

Our attention was called to the above by Deputy Sheriff Garrison, who with Constable Bruce arrested Higgins themselves, and Constable Bruce accompanied the negro to Nacogdoches. Sheriff Blackburn did not reach Garrison and the arrest was made by the officers mentioned above. —Garrison Gleaner.

CONFLICT WITH CONSTITUTION.

Law Authorizing Governor to Appoint Special Judges no Good.

One of the most important documents that has emanated from the attorney general's department was the opinion addressed to the governor by Judge W. E. Hawkins, first assistant attorney general, a few days ago.

The opinion was relative to the new law passed by the 30th Legislature, authorizing district judges to exchange districts or to hold courts for each other, and giving the governor authority to appoint a special district judge when the regularly elected judge is disqualified.

The opinion is far reaching and briefly is as follows:

Governor T. M. Campbell, Capitol:

Sir—I have carefully considered your questions relative to the rights of district judges to exchange districts or hold courts for each other, and the authority of the governor to appoint a special district judge, and to designate a district judge in an adjoining district to exchange and try cases where the regular district judge is disqualified, and beg to advise as follows:

Section 11, or article 5 of the constitution of Texas, contains the following provisions:

"No judge shall sit in any case wherein he may be interested, or when either of the parties may be connected with him, either by affinity or consanguinity, within such a degree as may be described by law, or where he shall have been counsel in the case."

When a judge or the district court is disqualified by any one of the causes above stated, the parties may, by consent, appoint a proper person to try said case; or upon their failing to do so, a competent person may be appointed to try the same in the county where it is pending, in such matter as may be prescribed by law. And the district judges may exchange districts, or hold courts for each other when they may deem it expedient, and shall do so when required by law."

The following statutory provisions must also be considered in this connection:

Revised Statutes, Article 1069: Whenever any case or cases, civil or criminal, are pending in which the district judge is disqualified from trying the same, no change of venue shall be made necessary thereby; but the judge presiding shall immediately notify that fact to the governor, whereupon the governor shall designate some district judge in an adjoining district to exchange and try such case or cases, and the governor shall also notify both of said judges of such order, and it shall be the duty of said judges to exchange districts for the purpose of disposing of such case or cases, and in case of sickness or other reasons rendering it impossible to exchange, then the parties or their counsel shall have the right to select or agree upon an attorney of the court for the trial thereof.

(Acts 1879, p. 1; 1897 S. S. p. 39).

This statute seems not to

Heat on Tobacco Improves it Like Roasting Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste found in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and racked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured

tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

R. J. REYNOLDS TOBACCO COMPANY, WINSTON-SALEM, N. C.

have been amended since 1897.

Revised Statutes Articles 1108: "Any judge of the district court may hold courts for or with any other district judge, and the judges of the several district courts may exchange districts whenever they may deem it expedient to do so." (Act May 11, 1846 p. 202).

McClure's Summer Reading.

The summer numbers of McClure's will contain an array of entertaining reading that is particularly adapted to the season. From an editorial announcement we find that there are to be several new features presented in early numbers. Among them the most noteworthy in promise, as shown by the first paper in the June number, are Ellen Terry "Memories." This is no formal autobiography. The portions to be published from time to time deal with separate events of Miss Terry's life. Into the fifty years which have elapsed between her entrance on the stage to the wonderful jubilee celebration of last year, that crowned Miss Terry's fiftieth year on the stage, are crowded some of the most fascinating memories; but it is the peculiar merit of Miss Terry's recollections that more than any description, they suggest her own delightful personality, her vivacity and the exquisite feminine quality which is inherent in every part she acts.

The fiction for the summer promises to be a better feast than McClure's have ever before given. There are to be stories by three new writers, Mary S. Watts, Will Adams, and Lucy Pratt. There are also stories by such well known writers as Joseph Conrad, Henry C. Rowland, Willa Sibert Cather, Viola Roseboro. These stories will be illustrated by such artists as F. Walter Taylor, James Montgomery Flagg, Sigismund de Ivanowski, Arthur I. Kellar, F. D. Steele, Blumenschein and other successful illustrators.

Opposed to Lodges.

A report from San Antonio states that the last act of the Texas Lutheran synod prior to adjournment after a week's session in that city was to pass a resolution prohibiting pastors from officiating at the funeral of any person who was a member of a secret society. A resolution was also passed prohibiting pastors belonging to secret societies. In passing these radical measures the ministers did not seem to bring forth very clearly the reason for their great opposition to lodges. The cutting off of religious exercises to members of the church who belong to secret societies is said to be in line with the action of other Lutheran synods.

After Thirty-five Years.

Mr. Joe Baugh of Waco, a former Nacogdoches county boy, was in the city today for the first time since 1872. Mr. Baugh called on The Sentinel and was surprised to see such a well equipped and up to date newspaper plant in this city. When Mr. Baugh left here 35 years ago there was no newspaper published in Nacogdoches, he said, the old Nacogdoches Chronicle having suspended publication some time before that. Mr. Baugh is a cousin of Mr. John Baugh of Alazan. He left for his home in Waco this afternoon.

Working for Five Million.

Houston, May 30.—General Manager George L. Rockwell and Special Representative Homer T. Wilson of the Texas Five Million club are making things lively at the meeting of the Texas Bankers Association at Corpus Christi today. The utmost enthusiasm prevails, and every man present has expressed himself as heartily in accord with the club and the grand work it is doing for Texas.

Dr. Wilson spent part of the week in Waco, where he told large audiences of the aims and objects of the Five Million club and was the means of adding many new recruits to the fold. Next week he will go to El Paso, where matters of importance in connection with the club demand his attention.

Now All Alone.

Mr. Jas. J. Coker has purchased the interest of his partner, Dr. J. M. Lively, in the livery business, and he is now sole proprietor. Mr. Coker has had full charge of the business since it was established some months ago, and being an experienced liveryman and a courteous, obliging gentleman, he has succeeded beyond his most sanguine expectations. Besides, his stable is equipped with first class teams and rigs, and he always gives satisfaction.

COMFORTING WORDS

Many a Nacogdoches Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Nacogdoches readers.

W. D. Price, merchant of Lufkin Ave., Lufkin, Texas, writes: "For the past two or three years I have been troubled considerably off and on with a dull aching in my back, caused, I believe, by a cold or strain. I tried several remedies, but without effect. Hearing of Doan's Kidney Pills I procured a box. Finding great relief after using the first box I purchased a second and since finishing this I have felt no return of the symptoms and have no hesitation in recommending a remedy like Doan's Kidney Pills. They act just as represented."

Plenty more proof like this from Nacogdoches people. Call at Kleas & Mact's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's,—and take no other.

The Fifth Sunday meeting of Nacogdoches County association will be held at Melrose, June 29 and 30. Extensive preparations will be made by the good people of that community for the meeting. A program will be arranged and printed in due time. Everybody get ready to go to Melrose.

How to Cure Constipation

Few people altogether escape a disorder of the bowels. You may catch cold, over-eat, over-drink, worry too much, not exercise enough or do a hundred and one other things that result in constipation or coarseness. When the trouble comes it is well to know what to do for it.

In the opinion of thousands there is no better cure for constipation than Dr. Caldwell's Syrup Pepsin, which anyone can use.

We all have constipation occasionally, and the sensible thing to do is to have a bottle of this remedy always in the house. You take it at night on retiring, for example, and when you wake up in the morning at your usual hour it produces its results.

Your stomach instantly becomes lighter, your head clearer, your eyes brighter, you feel active and spry once again, your appetite has returned and you are ready to work with enthusiasm and vigor. All this may not have taken more than a dose or two, at a cost not to exceed two or three cents. Can you afford to feel bad when you can feel good for so little?

Dr. Wilson Brown, of Metropolis, Ill., has no hesitancy in saying that Dr. Caldwell's Syrup Pepsin is the greatest of all laxatives, and he frankly admits to his patients that if they use it when the stomach, liver or bowels are out of order they would have less acid of him. It is without doubt the best cure for occasional or chronic constipation, dyspepsia, biliousness, jaundice, sour stomach, lazy liver, flatulency, diarrhea, and similar digestive ills in old or young. It is a thousand times better than castor oil or purgative waters, acts gently but surely, is pleasant to the taste, does not gripe, and cures permanently.

Go to your druggist and get a 50 cent or \$1 bottle and see if our claims are not justified.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEP SIN." This product bears every certificate from the U. S. Dispensary, D. C. J. PEP SIN SYRUP CO. 119 Caldwell Bldg., Monticello, N. Y.

Notice.

This is to notify my friends at Woden, Swift and Martinsville that I now have a phone in my house, which is for your convenience as well as mine. Respectfully,
 H. A. Hardeman.
 w2t Melrose, Texas.

For Stomach Suffers.

Mi-o-na is the one remedy for stomach troubles that publishes its formula; chemically pure bismuth subgallate, to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bicarbonate, to neutralize the poisonous acids that are present in stomach troubles; and nux vomica, which restores vigor to the digestive organs and tones up the whole nervous system.

This combination of valuable remedies is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system, and cure even the worst form of stomach troubles, that Stripling, Haselwood & Co. sell the remedy under guarantee to refund the money unless it cures.

J. J. Fulmer and family left yesterday for Uvalde, their new home. They have been residents of Swift community many years and their friends regretted very much to see them leave.

A Fortunate Texan.

Mr. E. W. Goodloe, of 107, St. Louis street, Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25c at Stripling, Haselwood & Co's drug store.

A Big Deal.

A deal was consummated a few days ago in which the Waterman Lumber & Supply Co. took over the Victory Lumber Co's mill and holdings at the end of the extension of the Texas & Gulf, and the new company will put in a larger mill with which to work up the various timber holdings.

W. M. Waterman, who was formerly at the head of the retiring management, has purchased the Terkel & Rounds holdings at Carthage, and will turn his attention to that place.—Center News.

Slay and Roquemore Cases.

District Court convenes at Rusk next Monday, June 3. Judge Perkins has announced that the cases against Charley Slay and Joe Bug Roquemore, transferred to that court from Nacogdoches county, have been set for trial June 17. All witnesses and others interested in these cases should bear in mind this announcement.

IN THE OIL FIELDS.

Higgins People are Pulling Out of Oil City.

The Higgins Oil company is pulling up at Oil City, and it is their purpose to do no more drilling at this time. That there is deep oil in vast quantities in this field is the opinion of almost every one. One well is not a test of a field extending over miles of territory. If there is not deep oil at Oil City, the Lawyer field two miles northeast is probably the deep oil fountain head of which the surface oil at Oil City is an outcropping. On the Ellsworth land near Chireno are said to be the best indications in Texas, and this place will likely be tested for deep oil at an early date. It is said that on acres of ground a hole dug three or four feet deep will fill in at the bottom with black oil, and from several very shallow wells gas escapes.

The test at Mt. Moriah is down six or seven hundred feet, and prospects for a rich strike are good. There are other places where indications are the very best, and many oil people believe that Nacogdoches will be the best oil field in the world.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles, by Stripling, Haselwood & Co. druggist, 50c.

It will be with universal regret that the people of Center will learn that Mrs. Marshall, the primary teacher in our school who was so near and dear to the little tots, as well as the grownup folks, has decided not to return to us, and has accepted a similar position in the Nacogdoches school. Truly, our loss of Mr. and Mrs. Marshall is Nacogdoches' gain.—Center News.

He Fired the Stick.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by Stripling, Haselwood & Co. druggists, 25c.

J. P. Mangham of Melrose was here today on business.

Quick as a Wink
 That exactly expresses it. Just as quickly as you can stir the contents of one jar of Jell-O.

Jell-O THE DAINTY DESSERT

Into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cool it will jellify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.
 Peel five large bananas, rub smooth with five teaspoonsful of sugar. Add one cup sweet cream, beaten to a stiff froth, then one package of Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl, and when cool garnish with canned cherries. Serve with whipped cream. Beautifully illustrated recipe-book free.

The General Food Co., Le Roy, N. Y.

KILLED TWO BILLS.

Governor Says There is no Need of Deputy Revenue Agents.

Report comes from Austin that Governor Campbell has vetoed the bill creating two deputies for the state revenue agent's office. He says in explaining his veto that there was a need for the law before the tax laws of the special session were passed. The intangible bill confers additional powers on the state tax board and on the assessors and boards of equalization, and the governor says there is no demand for the law.

The governor also vetoed the delinquent tax law. He says the effect of this law would be to cut down the state's revenue.

Liver and Kidney Troubles

Are more important than many imagine. Lame back, pain in the side, short breath, ringing in the ears, sunken eyes, general ill health accompanied by despondency and gloomy feeling are among the many symptoms. Take warning—Browns' Iron Bitters have cured thousands, they will make you well. Stripling, Haselwood & Co. dw.

Mr. S. V. Grubbs, a farmer

who resides near town, brought in his little crop of tobacco today raised in 1905, and sold it to Dr. J. E. Mayfield. The best part of it brought 10 cents a pound. Dr. Mayfield will buy more tobacco this year for the benefit and use of the cigar factory.

For Sale—House and two lots in Caro. One is corner lot, the other adjoining. Will sell or trade for farm or logging teams. Good location for private boarding house. Apply to A. A. Biggs, Caro, Tex. w4t

Cutting Scrape.

Jack Linthicum, John Signer and Grover Collins, three colored boys, were arrested this morning for cutting Lee Fezell, another colored boy, last night. It is alleged that the three boys mentioned caught Fezell as he was leaving the colored Baptist church about 12 o'clock last night, and while two of the boys held him, one stabbed him in the breast with a knife. The wound is said to be serious.

County Attorney A. T. Russell, accompanied by Mr. Will Cox, left yesterday afternoon for the Jamestown exposition. Mr. Russell will stop off in North Carolina for a few days on business. During Mr. Russell's absence the business of the county Attorney's office will be in charge of Assistant County Attorney F. P. Marshall, who will attend to all matters pertaining to that office.

Mr. and Mrs. Benton Stack of Appleby were in the city today trading. Mrs. Stack was a pleasant caller at The Sentinel office while here.

E. W. Matthews of Melrose, who had been attending the Sam Houston normal at Huntsville, came in this morning.

MISS JULIE FLORENCE WALSH

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 36th St., New York City, writes: "Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women
 Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Anniversary Service.

Rev. J. M. Robinson observed the second anniversary of his pastorate of the Main Street Presbyterian Church Sunday with a special service. A splendidly arranged and a very entertaining program had been prepared by the pastor, Prof. Cruz of Lufkin being present to lead the music. Mrs. Dooley also sang a solo, which was very much enjoyed.

Brother Robinson preached from the text, "Ye are the salt of the earth," found in Matthew v, 15, and it was one of the best sermons of his life. In concluding his discourse, Brother Robinson called attention to the fact that there has not been a ripple of discord between himself or the official board or the membership of the church during the two years he has been pastor. The church has a membership of 53, and they all attend the regular services promptly and are ever ready to contribute of their means to the help of the church and the support of the pastor.

Brother Robinson has endeared himself in the hearts of the people of Nacogdoches during his two years stay in Nacogdoches, and has won many friends by his interest in social and civic affairs. The universal wish is that he may live to celebrate many anniversaries as a pastor and citizen of Nacogdoches.

W. R. Crammond, after establishing himself in business in Houston, is in the city today arranging to move his family to that city. Mr. Crammond has associated himself with T. L. Larkin, under the firm name of Larkin & Crammond, real estate, loans and land and immigration agents.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes Catarrh. The best remedy for Catarrh of the stomach is Kodol Dyspepsia Cure. It restores the stomach to its normal condition, and restores the power of the stomach to secrete mucus instead of the acids of indigestion. This is the only natural cure of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour eructs, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat
 Make the Stomach Sweet.
 Big bottle, Regular size, 50c. 24 times the trial size, which sells for 50 cents.
 Sold by E. O. DeWitt & Co., Chicago, Ill.
 Stripling, Haselwood & Co.

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 36th St., New York City, writes: "Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. Weekly Sentinel.

HALTOM & HALTOM, Proprietors.
R. J. W. HALTOM, Editor-in-Chief.
WILL T. HAWKINS, Editor.

THEY do say that Houston's lid has sprung a leak. The pressure was too great.

THE ladies have decreed and the men have agreed that the city must be cleaned up.

THERE is no copyright on the North Texas cyclone, still East Texas has no desire to reproduce it, even with credit.

A KANSAS man declares that he recently saw an angel fly over that state, and the Clarksville Times suggest that perhaps it was a grasshopper. Maybe it was a comet.

THE Beaumont Enterprise was sold Tuesday under forced sale to B. Deutscher, a wealthy Beaumont furniture dealer, for \$20,000. There were liabilities against the plant amounting to \$75,000.

THE Hawyood trial is about to make the Thaw trial look like 30 cents in a four-dollar-prize contest. While there is no Evelyn to tell his story, it is pregnant with sensational threats and "suspicious socialists."

A WISE man calls attention to the fact that it takes a sharp knock to break an egg from the outside, while a weak chick with its soft bill can break out from the inside. It's the same way with a town. The knocks from the outside have little effect; it is the blows at home that hurt a town.

THE government crop report just issued shows that the average condition of the growing cotton crop May 25 was 70.5 per cent as compared with 84.6 and 77.2 per cent in 1906 and 1905 respectively, or a 10 year average of 83.6. The total acreage of the present crop is given at 32,060,000 acres.

THAT Austin jury put it to the Waters-Pierce Oil company good and strong, and this with similar verdicts in other states may result in disorganizing the Standard Oil Company. The verdict in the Texas case was for \$1,623,900 in penalties, and forfeits the company's permit to do business in the state.

If the Nacogdoches gentleman who states that The Herald has suspended and the office been abandoned will drop over any day we will show him a live, up-to-now office, and one of the most progressive little towns in East Texas to back it up.—Alto Herald.

The Nacogdoches gentleman should take notice, and whether or not he elects to go to Alto and see the Herald plant in operation, he should immediately correct the false report.

Miss Christine Hammock and her brother returned to their home in Monticello, Ark., today. Miss Hammock will spend vacation there and return next year to teach. Mr. Hammock will go to stay, having given up his position with Miller's Grocery store.

CAUSE OF FRUIT FAILURE.

Some Timely Suggestions That Orchardists Should Heed.

The failure of the peach crop this year differs radically in two respects from the three or four failures which have occurred since peaches first began to be shipped in car-load lots from this state in 1891. First, heretofore it has not been very hard to attribute the failure to some definite cause, but this year every one seems to have a different reason for the disaster. Second, while the other failures resulted in the loss of most of the fruit, the trees seemed to have been weakened very little, if any at all, while this year a number of the trees are already dead and many more will die unless they are given heroic treatment. The object of this bulletin is to recommend to the growers a treatment which will assist greatly in helping the trees to regain their normal vigor and set a crop of fruit buds for next year. This course of treatment has been decided upon after carefully studying the condition of the trees and visiting the Jacksonville section and discussing the situation with a number of the best practical growers in the state.

I regret that the brevity of the bulletin will not allow me to go into a full discussion of the cause or causes of the disaster. I will only say that the records, both at this and at Troupe Station, shows very plainly that it was not associated with any sudden freeze or frost, but was mainly due to two principal causes working together, namely: The exceedingly mild winter and the extremely dry weather. The first caused the trees to remain in a semi-dormant condition, in which state they used up most of their reserve food before the normal period of blossoming; and the second, dried out the already weakened fruit buds causing many of them to die during the latter part of March, and so greatly injured the rest of them that they were unable to set fruit even after they had opened.

There probably never was a time when the orchards of this state demanded as good treatment as they do this season. The trees are now in practically a dormant condition. Unless they start in to growth within a short time they will be unable to set fruit buds and so we may expect another failure this coming year.

Cultivation:—The orchard should be given thorough cultivation throughout the summer, or at least until the trees have started into vigorous growth. In stirring the soil care should be taken to cultivate shallow so as to destroy a few roots as possible. The ground now has a fine season in it and every effort should be made to keep plenty of this moisture in the soil for the use of the trees.

Fertilizing:—The trees should also receive a liberal application of fertilizer. The fertilizer should contain a rather large percentage of

nitrogen so as to force as much wood growth as possible. The following formula should give good results: 1,000 pounds of acid phosphate, 900 pounds of cotton seed meal and 100 pounds of nitrate of soda. About 250 pounds of this mixture should be applied per acre, which will be about two pounds per tree and will cost about \$2.50. In this fertilizer there are two sources of nitrogen. The nitrate of soda will act at once upon the trees, and about the time it is exhausted the effects of the cotton seed meal will begin to be felt. In case it is impossible to secure either acid phosphate or nitrate of soda, cotton seed meal alone should give good results. The application, however, should be made without delay so that the trees will begin to get the benefit of the fertilizer as soon as possible. The fertilizer should be applied by hand around the tree, beginning about 18 inches from the trunk and extending out 4 or 5 feet. As soon as the application is made it should be plowed or harrowed into the soil.

Pruning:—In case the trees were not headed in during the winter, it will probably be advisable to do some cutting on them now. The small, weak limbs should be removed, especially the long, slender branches at the top of the trees. It should hardly be advisable to remove any branches over one inch in diameter.

This is an extremely critical time for the peach grower in this state. This year's crop is now practically a failure. We can hardly afford to lose another crop this coming year and yet this is almost sure to be the result unless the trees are given the very best care and attention throughout the summer. They are now in a very weak condition and are making practically no growth. If they are allowed to stand without cultivation and without any attention many of them will die before the summer is over, and very few will be able to make enough growth to insure a crop this coming season. Next year's crop will undoubtedly be a paying one and the average grower can well afford to spend four or five dollars an acre for cultivation and fertilization in order to insure a crop of peaches for the summer of 1908. E. J. Kyle, Horticulturist.

A Happy Mother

will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at nights, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by Kleas & Mast.

Taken Up.

Nacogdoches, Texas, June 4, 1907.—One black mare mule, medium size, one eyed, about 14 years old. Owner can have same upon identification and payment of charges. C. B. Patton.

Muckleroy-Runnels.

Norman Muckleroy of Nacogdoches was married to Miss Annie Belle Runnels of this city last evening at 7 o'clock, Rev. L. H. McGee officiating. Only a few relatives and intimate friends were present and the wedding was a very quiet affair.

The fair bride is the eldest daughter of Mr. and Mrs. H. M. Runnels and is one of the city's loveliest flowers, esteemed by all who knew her for her lovable traits of character and sunny disposition. She is a young lady of rare beauty, and with the careful training bestowed upon her by the fond parents has developed all the culture, refinement and lovable traits of character that go to make up the most gracious type of young woman and a prize that any young man would be fortunate to capture. The Runnels family is one of the best and most prominent families in East Texas, and this young lady it's fairest flower.

The groom was reared and still resides in Nacogdoches. He is a printer by profession, and holds a position with the Nacogdoches Sentinel. Mr. Muckleroy is reputed to be, by those who know him, an energetic young gentleman of exemplary habits, in every way worthy the fair flower he has won. He, too, is of a good family, being related to the Haltoms, who are well known throughout East Texas, and the alliance thus unites one of the best families of Nacogdoches with one of the best families of Shelby.

Mr. and Mrs. Muckleroy left immediately after the ceremony for Nacogdoches, where they will make their home, and to which place they carry with them the best wishes of a host of friends.—Center Daily News.

Colored Normal.

The opening of the East Texas Summer Normal for colored teachers took place at 11:20 o'clock, Monday, June 3.

Song—"There is a Fountain Filled With Blood," led by Miss Emeline Fears. Prayer by Rev. K. J. Johnson.

A few preliminary remarks by the conductor, Prof. Wm. Sanders.

Then the county superintendent was introduced, who spoke for more teachers of higher morals and mental training, that make active men and women.

Reverends H. H. Hughes, K. J. Johnson, P. M. Rhodes, Jr., E. S. Moore, David Crockett and N. Hamilton put in their presence and appreciation at the opening of the normal. Twenty or thirty teachers were present.

HARNESSES

We have on hand a full line of single and double buggy harness, wagon harness, road wagon and logging harness.

We also have collars, bridles, collar pads, etc.

Call and see us when in need of anything in our line

M. L. Stroud

Sketch of a Federal Prison.

Editor Sentinel.

During the civil war we arrived at Indianapolis August 8, 1863, and remained until March 13, 1865. Our treatment was cruel. As for our grub they gave us about one fourth of a pound of beef and the same of loaf bread every twenty-four hours. When worsted in a fight, that was cut as long as four days and nights. They cooked that in prison and they would throw their bones in the prison. I have seen men gather them up and boil them until they were as white as snow to get a little grease to eat. If a rat showed his tail they got him. If a dog came in there he never went out; they would kill it, skin it quarter it and boil quarters whole and eat it without bread or salt. Men would roll up balls of snow and eat until they would die. Had to stand out in snow some times ankle deep bare footed, in shirt sleeves until the flesh froze off their toes. They would cut the bones loose and throw them down. One blanket to each man was our bedding. Laying down at 9 o'clock and lying until daylight, a man lying with me dying. You had to lie still and let him die by you. If you moved you were shot.

An Old Rebel.

GO TO ANY MEDICINE DEALER

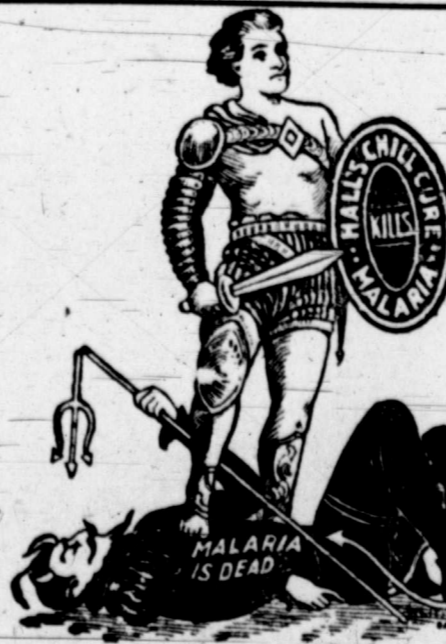

And get a bottle of HALL'S CHILL CURE. Take it according to directions. If it does not prove to be the Quickest, Safest and Best Chill Tonic you ever used in your life, fill out the blank spaces below and give this coupon to your dealer. We authorize him to return your money and charge to us. Your friends,

Name **THE HALL REMEDY CO.,**
P. O. **DALLAS, TEXAS.**

N. B.—HALL'S CHILL CURE is the most economical tonic on the market. One 50 cent bottle equals from \$1.00 to \$2.00 worth of the other kinds. Get Hall's and save money.

The Hall Remedy Co., Dallas, Texas. Iowa, Ia., July 9, 1904.

Dear Sirs—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years past I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wear them out. They commenced on me last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever and stopped them entirely. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never can say enough for Hall's Chill Cure. Yours truly, MRS. FRED LIGHTNER.

TRADE MARK.

ENTHUSIASTIC MEETING.

Some Telling Talks Made at the Opera House Last Night.

The mass meeting at the opera house last night was not as largely attended as it should have been, but what the meeting lacked in numbers was made up in interest and enthusiasm.

It was after 9 o'clock when Mayor R. T. Shindler called the meeting to order and briefly stated that its object was to organize a civic league and to formulate some plan for the organization of a fire department. He then nominated Hon. June C. Harris for chairman of the meeting and Mr. Harris was elected unanimously.

Will T. Hawkins was elected secretary of the meeting.

On assuming the chair Mr. Harris stated that the first number on the program was a speech by himself, but he would cut that out were it not he had promised the mayor to do all he could to make the meeting a success. The city dailies, he said, are devoting pages instead of columns to the question of the city beautiful, and everywhere the cry is going up for better and cleaner towns and cities. Mr. Harris graphically pictured "the city beautiful" as described by divine revelation, and remarked that here in Nacogdoches we might with consistency strive to emulate that description as near as possible. We should have better streets, better sidewalks, and a better and cleaner town. Yet he said he would give a new hat to anyone who would state they ever heard him say that any other town is better than Nacogdoches. He eulogized the many public improvements we have now, but deplored the fact that we have not a decent and adequate court house and jail. The public square and Main street should be paved and there should be a nice little park in the center of the square. There should be more bridges built over Banita bayou, especially on Main street leading to the passenger station. The city is entitled to better freight and passenger service from the railroad and a new

and more commodious passenger station should be built. At the conclusion of Mr. Harris' talk the secretary read a letter from Judge C. D. Mims who stated that on account of arrangements previously made he could not be present at the meeting, but that he and Mrs. Mims both desired to be heartily in the work for civic improvement.

Mr. D. K. Cason being called for, said he was deeply interested in the organization of a fire department, and he paid a marked tribute to the boys who have made so many sacrifices in fighting fire in this city, but thought more substantial appreciation of their services should be shown. He considered the old court house and jail a disgrace to the citizens of Nacogdoches county.

Mrs. E. M. Dotson was called on to make a talk, but she said she had no set speech to make, though the men might depend upon the help of the women in any work for the improvement of the city. Rev. J. M. Robinson made a brief but interesting talk on the organization and maintenance of a fire department, and made the significant suggestion that the city should be divided into wards for a more systematic work in all lines. Alderman E. H. Blount made a very commendable talk, assuring the meeting that the city council will stand behind the movement to sustain and maintain a first class fire department, and that the council will pass any ordinance not in conflict with the statutes that will support any organization for civic improvement.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much better agent is used both for preserving and preserving the medicinal ingredients used in them, viz., pure grape-fruit oil. This is the only medicinal preparation of its kind, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its advanced stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is used while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate cases caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be resorted to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs which if neglected or badly treated lead up to consumption, it is the best medicine that can be taken.

TRAWICK TOPICS.

Small Pox Still Spreading But in a Light Form.

Trawick, Texas, June 2.—The day is fine; seems as if we are to have a few days of weather that will do to work in.

The two cases of small pox here are over, and the boys have been out all the week. They show signs yet of the disease, however. No new cases here, but four cases this week at King & Hardeman's mill, about four miles south of here, and there is no telling how many there will be in this section. It is of such a light form that when some take it they expose others before they begin staying in. It may be necessary yet for the county officials to take charge in order to stop the disease from spreading.

Mr. W. A. Brewer of Cushing has been here the past week, in the interest of his photo gallery at that place.

Mrs. Frank Baucom of Cushing is visiting relatives here this week.

Sunday school is still on the drag, but there is some interest.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by Stripling, Haselwood & Co. dw

Dr. W. I. M. Smith received a new X-Ray machine today, and it is being installed in his office. This will be a great convenience to the public.

A prompt, pleasant, good remedy for coughs and colds, is Kennedy's Laxatives Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by Stripling, Haselwood & Co. dw

W. M. Chandler of Nacogdoches is among the visiting teachers to the city. He was a student of Center High school year before last.—Center News.

For scratches, burns, cuts insect bites and the many little hurts common to every family, DeWitt's Carbolized Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by Stripling, Haselwood & Co. dw

Dr. J. P. Wheeler of Swift was in the city today and paid the Sentinel an appreciated visit.

Dr. J. P. Wheeler of Swift was in the city today and paid the Sentinel an appreciated visit.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon blood and mucous surfaces of the system. Thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address: F. J. Chesney & Co., Toledo, O. Sold by all druggists. Take Hall's Family Pills for constipation.

Married at Shelbyville.

One of the prettiest weddings in the history of the town is reported to have occurred at Shelbyville Sunday night, with W. M. Chandler of Nacogdoches and Miss Hassie Windham of that place as the contracting parties. The wedding was had at the church, and it is said that the building was most beautifully and artistically decorated, and a large crowd gathered to witness the event.

The fair bride is the charming daughter of Mr. and Mrs. Rufe Windham, one of the county's best families, and is a highly accomplished young lady, possessed with all the womanly graces and sweet traits of character that go to make up the most gracious type of Southern womanhood.

The groom is from Nacogdoches county and is well known to many Center people, having attended school here. He is a young man of sterling integrity and moral worth, and will make his fair flower of Shelby a devoted husband.—Center News.

No Others.

It is a class to itself. It has no rivals. It cures where others merely relieve. For aches, pains, stiff joints, cuts, burns, bites, etc., it is the quickest and surest remedy ever devised we mean Hunt's Lightning Oil.

Rev. J. W. Mills has returned from Wills Point, where he assisted in conducting memorial service last Sunday for the victims of the recent cyclone.

Where Others Failed.

"Each spring for five or six years I broke out with a kind of Eczema which nothing seemed to relieve permanently. Finally I tried a box of Hunt's Cure, which promptly cured me. Two years have passed by but the trouble has not returned." Mrs. Kate Howard, Little Rock, Ark. w

Misses Kate and Julia Flournoy left last night for Broadus, their home, having closed up all work connected with a third term as teachers in the High school here. They will not teach here next term.

It.

An Itching trouble is not necessarily a dangerous one, but certainly a most disagreeable affliction. No matter the name, if you itch it cures you. Hunt's Cure is "It." Absolutely guaranteed to cure any form of itching known. First application relieves.

Judge C. D. Mims and daughter, Miss Ruth, left yesterday for Beeville to spend a few days, the Judge going on business.

A Prominent Negro Dead.

William M. Richardson, a well known colored man, died in Texarkana a few days ago and was brought to Nacogdoches and buried at North church last Sunday. Will was born and reared in Nacogdoches, and was above the average in intelligence and had the respect of all who knew him as an honest, law abiding negro. He was well educated, and was for a time teacher in the colored school here. He was quite prominent with his race, being a member of several secret orders.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

MRS. JAMES CHESTER

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 32th St., New York says in this letter:—Dear Mrs. Pinkham: "I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly, and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham—at Framingham, Mass. Her advice is free.

Miss Viola E. Black, accompanied by her mother, Mrs. M. A. Black, left this afternoon for Ellsberry, Mo., to spend several weeks recuperating. Miss Black will take a special course in music during her absence, and will return better prepared than ever to resume her duties in the music room at the High school.

Bert Barber, of Elton, Wis., says: "I have only too four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for backache, weak kidney, inflammation of the bladder, and all urinary troubles. A week's treatment for 25c. Sold by Stripling, Haselwood & Co. dw

W. L. Burnaman of Etoile is here today on business.

TREASURER'S QUARTERLY REPORT.

In the Matter of County Finances) Commissioners' Court in the Hands of W. E. Thomason) Nacogdoches County, Texas Treasurer of Nacogdoches Co., Tex.) In Regular Quarterly Session May Term, 1907.

We, the undersigned, as County Commissioners within and for said Nacogdoches County, and the Hon. C. D. Mims, County Judge of said Nacogdoches County, constituting the entire Commissioners' Court of said County, and each one of us, do hereby certify that on this, the 15th day of May, A. D. 1907, at a regular quarterly term of said Court, we have compared and examined the quarterly report of W. E. Thomason, Treasurer of Nacogdoches County, Texas, for the quarter beginning on the 12th day of February, A. D. 1907, and ending on the 13th day of May, A. D. 1907, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of Nacogdoches County, stating the approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and paid out of each fund by said County Treasurer since his last report to this Court, and for and during the time covered by his present report, and the balance of each fund remaining in said Treasurer's hands on the 15th day of May, A. D. 1907, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Article 867, Chapter 1, Title XXV, of the Revised Statutes of Texas, as amended by an Act of the Twenty-fifth Legislature of Texas, at its regular session, approved March 20, 1897.

And we, each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in the hands of said Treasurer belonging to Nacogdoches County at the close of the examination of said Treasurer's Report, on this 15th day of May, A. D. 1907, and find same to be as follows to-wit:

RECAPITULATION

Table with 2 columns: Description and Amount. Rows include Balance to credit of Jury Fund, Balance to credit of Road and Bridge fund, Balance to credit of General Fund, Balance to credit of Road Precinct Fund, Balance to credit of County Land Fund, Balance by Overdraft fund.

Total cash on hand belonging to Nacogdoches County in the hands of said Treasurer as actually counted by us: \$19,990.28

ASSETS.

In addition to the actual cash as above, we find the following assets belonging to said County, and to the credit of the following funds, which is also in the possession and custody of said Treasurer to-wit: Bonds aggregating \$24,400.00 which are owned by Nacogdoches County for the use and benefit of the Permanent County School Fund.

BONDED INDEBTEDNESS.

We find that Nacogdoches County does not owe any bonded indebtedness.

Witness our hands, officially, this 15th day of May, A. D. 1907.

- C. D. Mims, County Judge; M. S. Muckleroy, Commissioner, Pre. No. 1; H. V. Sitton, Commissioner Pre. No. 2; W. S. Satterwhite, Commissioner, Pre. No. 3; C. B. Patton, Commissioner, Pre. No. 4.

Sworn to and subscribed before me, by C. D. Mims, County Judge, and M. S. Muckleroy and H. V. Sitton and W. S. Satterwhite and C. B. Patton, County Commissioners of said Nacogdoches County, each respectively, on this, the 15th day of May, A. D. 1907. J. A. Spears, County Clerk, Nacogdoches County, Texas.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

THE COFFEE MASQUERADE

Advice of the largest coffee dealers in the world is always to buy the old-fashioned Arbuckles' ARIOSA Coffee in the sealed packages. Don't ask for a pound of Mocha and Java, or buy by the price. For Coffee fluctuates and you cannot get the same coffee for the same price all the time unless you pay too much for it. Most of the so-called Mocha and Java Coffee is simply masquerading, and is not nearly as good coffee for you as Arbuckles' ARIOSA, the blend of the Brazilian Coffees most suitable to the taste and health of American people. By the looks there is no difference between roasted Java and Brazilian Coffees; many people drink Brazilian but pay for Java. The principal difference is that Arbuckles' costs you less. It is a mistake to believe that a high price guarantees quality. When you buy Arbuckles' ARIOSA Coffee, you get a full one pound package of the leading Coffee of the world. Its sales for 37 years are greater than the combined sales of all the other packaged coffees. By giving better Coffee for the money, we have built up a business exceeding the combined businesses of the four next largest coffee firms in the whole world. If your dealer will not supply the genuine, write to

ARBUCKLE BROS., New York City.

LETTER FROM PARIS.

No Town or County so Good as Old Nacogdoches.

Editor Sentinel.

Paris, May 29.—It is raining up here most every day.

I always thought that Old Nacogdoches county was the best place in Texas, and now I know it. While there are black land farms that produce more cotton and corn, but that will not take the place of fruit and vegetables and other things too numerous to mention. All that East Texas needs is more industrious farmers, and it will be the thriving portion of Texas.

Paris has fine school buildings and churches, and a business school, (which I am attending.) Nacogdoches has all these and soon to have a first class water works system. With these things and business men in the city, will only be a short time until visitors will not know the Stone Fort City.

I am very grateful when I see the young men oratorically speak in the societies in the county. It will only be a short time until success will crown their efforts, and Nacogdoches county will have men that she will be proud to call her sons. Hoping to join you all in the near future.

M. W. Stoker.

Insure your live stock with Simpson Insurance Agency.

Marion Burrows came in from Galveston this morning, where he had been taking a course in pharmacy in the State Medical University.

Something New

Late Invention

\$5.00 Steel Grist Mill direct from the manufacturer to the consumer for only \$3.50.

Easy to operate as a coffee mill. Grinds half bushel good meal or 2 bushels chops per hour. Saves time and toll.

Also Solid Through and Through Silver Tableware.

Guaranteed by the manufacturers for 30 years. As cheap as Rogers' plated ware, bought from dealers which is never guaranteed by the manufacturer for any length of time.

If interested drop me a card and the goods will be shown you at your home.

JOHN B. DORSEY
Manufacturer's Agent
Nacogdoches, Tex.

Contribution From Terrell.

The Corresponding Secretary of the Cum Concilio club is in receipt of a letter from Miss Martha Griffith of Terrell, enclosing a liberal contribution to the Stone Fort fund. Unsolicited donations like this is one of the encouraging features of the work of rebuilding the Stone Fort undertaken by the club members.

I will buy all the hand shelled peanuts that I can get. M. W. King. wtf

Remarkable Rescue.

That truth is stranger than fiction: has once been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disable with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work."

Guaranteed for coughs and colds, 50c. and \$1.00 at Stripling, Haselwood & Co's. drug store. Trial bottle free. dw

Dallas-Galveston News.

I have secured the agency for the Dallas and Galveston Daily and Weekly News and parties wishing to subscribe or renew their subscription to either will save time and trouble by calling on me at the Sentinel office.

Geo. H. DeLamar, Agt.

C. M. Muckleroy of Shady Grove was in the city today enroute home from Tyler, where he took a course in the Tyler college.

From Hayes County.

Editor Sentinel.
Maxwell, Tex., May 26.—The farmers of this county are certainly in the grass. But crops all look fine if it would quit raining and the people could get hands to work them. We could soon get out of the grass, but it rains all the time.

We had a severe storm last Sunday evening, and the tops of several houses were blown off, but no one is reported killed. Report from Kyle, north of us, is that the river rose 20 feet, and at San Marens 12 feet. I was in the storm myself going home.

I am a boy 14 years old, and ask you for space for these lines.

Harmon Easom.

The Santa Fe Extension.

Judge Davis says that while enroute to Hillsboro last week he met up with an employe of the Santa Fe who permitted him to read a telegram from headquarters of the road instructing him to go to Fort Worth and employ a hundred laborers and report at Center, Texas, for duty. The gentleman also informed the judge that Mr. James, a civil engineer, employed on the DeRidder extension, had also received instructions to report at Center with fifty laborers and grade up the depot grounds, establish switches, etc., preparatory to an extension of the road, and altogether these movements look rather significant to those of us who are so anxious for early operations, still the hands may be put to work on building up the line already established and nothing may come of it in the direction to which we are looking.—Center News.

A Woman's Life

To be happy must be a healthy one. Thousands of women living today who were broken down either from diseases peculiar to their sex, raising children, overwork, or worn out by household annoyances, were cured by the strengthening medicine Browns' Iron Bitters. Pleasant to take, and especially recommended for weak, suffering women, nursing mothers and weak puny children. Sold by Stripling, Haselwood & Co. dw

V. E. Simpson returned this morning from Galveston with his son, Keith, who has been in the hospital there. Keith is much improved and rapidly regaining strength.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

The best kind of a testimonial—
"Sold for over sixty years."

Made by J. C. Ayer & Co., Lowell, Mass.

CHERRY PECTORAL.

Facts From Fitze.

May 28.—Rev. Carnes preached at Brileytown last Sunday to a large congregation. Brother Carnes will preach there again the fourth Sunday in June.

There will be an ice cream supper at Miner Hall's to-night.

J. J. Lawrence's baby is quite sick with remittent fever.

We have had the heaviest rains the past few days we have had this year. Land and crops are being badly damaged.

George Lawrence is putting out a fine lot of ties.

Bob Smith has accepted a position on the Sam H. Dixon fruit farm.

Dr. Blackshear of Attoyac returned home this morning with his daughter, Ima, who has been an attendant in school here.

What is Catarrh.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

The one scientific and commonsense treatment is Hyomei, a combination of healing and germ-killing balsams which is breathed through a special inhaler that comes with every outfit.

A complete Hyomei outfit costs but \$1.00, and Stripling, Haselwood & Co. give their personal guarantee with every package that money will be refunded unless the treatment cures.

Earnest and Elmer Matthews, Miss Vera Stalling, Cecil Gray, Claxton Wilson and Miss Evie Gray, returned yesterday from Huntsville, where they have been attending the normal. Earnest Matthews completed his work. All of this party except Mr. Wilson, live in Chireno and left for their home early this morning.

Where Water is Bad.

It should not be drunk unless proper precautions are taken. Many diseases arise from drinking impure water, but in face of warning, people continue to absorb the dangerous fluid. If you are traveling, or move into a new locality take no risks but put a teaspoonful of Browns' Iron Bitters into a glass of water and make it healthy and palatable. Stripling, Haselwood & Co. dw

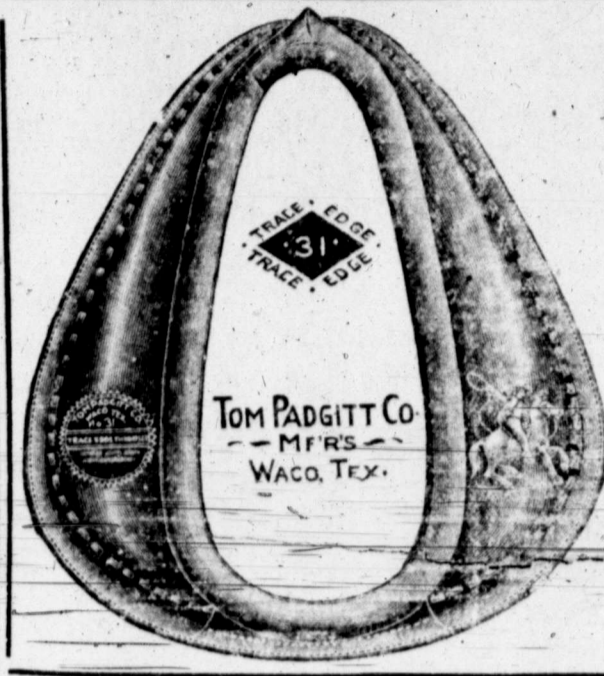

At the regular meeting of the Reagan Literary Society last night it was decided to suspend further meetings until the first Friday night in September. The new officers were installed, and there is money enough in the treasury to pay all bills against the society.

Do You Feel Worn Out?

Maybe it's the enervating heat of summer, over work or study, physical breakdown and exhaustion, may be the effects of disease or mental worry, at any rate the vital qualities are lacking. Browns' Iron Bitters supply these, renews your strength, fills you with new life and vigor. It's a wonderful remedy. Stripling, Haselwood & Co. dw

Farmers Attention

We have established a bureau for the purpose of assisting those engaged in the raising of hogs, and those anticipating the raising of hogs, and we are in a position to give you reliable information at all times as to where you can obtain registered boars and sows; the price, kind, ages and pedigrees of same. We will be glad to correspond with you and assist you in getting in touch with the breeders and obtain for you any information you desire, without any cost to you. For further particulars write

SPLENDID SUCCESS.

A Large Crowd Witnessed Woodmen Memorial Service.

If the weather clerk had made the day to order, he could not have furnished more auspicious weather nor a more beautiful day than was Sunday, June 2.

This day had been set apart by Liberty Elm Camp for their annual memorial and decoration service, and it was observed to the letter. At 3:30 o'clock the sovereigns assembled in their forest in Odd Fellows hall, and at 4:15 p. m. the camp emerged from the hall more than 100 strong, and headed by the Nacogdoches silver band, the sovereigns marched with slow and solemn tread to the city cemetery, where the beautiful and elaborate ceremonies of the day were conducted.

Each Woodman wore on his breast a small bouquet of flowers, and in his hand carried three bouquets, one for each of the three deceased members of the camp whose graves were to be decorated.

After the ritualistic ceremony had been conducted by the proper officers of the camp, Sovereign C. B. Emanuel of Rusk was introduced by Sovereign Hollis T. Mast, the master of ceremonies, and delivered an eloquent oration on Woodcraft. At the conclusion of Sovereign Emanuel's address the members of the camp marched to each of the graves of Sovereigns C. D. Thomasan, N. G. Wade and C. D. Stinson, and deposited a bouquet of flowers as a token of love, honor and remembrance of the departed Woodmen.

This concluded the exercises, and the Woodmen marched back to their hall, preceded by the band, when they dispersed, each one congratulating the other upon the success of the exercises.

Storm at Beaumont.

Report reached here from Beaumont today that a severe wind and rain storm struck that city this morning a little after midnight. Considerable damage was done to the Southern Pacific freight depot, and the boiler room of the Beaumont Ice and Light company was almost demolished. The Hamilton and the Fields hotels were also badly damaged by having sky lights and windows blown out.

The storm is reported to have been the worst in the city's history. No one was injured so far as learned.

Misses May and Myrtle Bridwell have returned from the Denton Normal where they have been the past term.

TOTAL PROHIBITION.

New Liquor Law Will Close All Saloons in Texas.

Unless an opinion of the attorney general, given through Hon. Claude Pollard, assistant, is overturned by some court of competent jurisdiction, says the Galveston Tribune, Texas will be without the liquor traffic for a period of about 20 days, commencing July 12.

The situation is brought about by the passage of the new liquor regulation law. This law was enacted at the regular session of the thirtieth legislature, and becomes effective July 11. For several days the attorney general has had the matter under discussion. He intimated recently that he would hold that the new law immediately would revoke all license now in effect, and that all liquor dealers would have to take out new licenses under the regulation law. Hon. J. F. Wolters, of Galveston, general attorney for the wholesale liquor dealers of Texas, went to Austin several days ago to see the attorney general on the subject and the attorney general gave it as his opinion that no present license would be good after July 12 and that no liquor could be sold except under a license as provided by the new law. Since under that law a specified notice must be given and there must be allowed time in which to issue, approve bonds, etc., it will be seen that if the attorney general's opinion holds, the saloons must all close. It will be an enforced prohibition condition.

Just how the law can be tested or will be tested is not known. The retail liquor dealers will get together and try and find some way of legally avoiding the "calamity" which would make Texas dry for a couple of weeks.

Another point that may interfere with the reissue of some of the license is that the new law provides that before a license can issue a saloon man must have been a resident of the locality in which he proposes to conduct a saloon for two years preceding his application. This may affect those saloon men who have but recently moved to new homes and have established saloons, but have not yet resided there the required length of time.

The opinion of the attorney general holds as to all licenses being revoked, the new law will at once, July 12, close all the saloons in residence districts, and the provision of the law which requires the consent of neighboring residents to secure a license will result in many of these outlying saloons being put out of business, as the people will not agree to the petition.

Mr. and Mrs. W. H. Johnson and two children, accompanied by Mrs. W. D. Peevey, left yesterday afternoon for Abilene where they go to visit relatives and attend the wedding of Mr. Johnson's sister, Miss Ollie, whom many know here.

For Malarial Poison

JJ-6

Everybody knows that malaria, chills and fever, ague and such disorders, are caused by poison. Do you know how to prevent the poison from getting into your blood; how to drive it away, when there? Take Theford's Black-Draught, the great vegetable liver regulator, so successful for over 70 years, throughout the Southern States. No other like it, except its imitations, and those only in outward appearance. Appearances, and imitations, are deceitful. So be sure you insist on the genuine—

Theford's BLACK-DRAUGHT

Edna Rutherford, of Atlanta, Tex., writes: "Theford's Black-Draught has done me so much good that I wish to publicly acknowledge it. I suffered for five years with dumb chills and fever, more than I can tell. I tried all the medicines I could think of, but they did me no good. At last I took Theford's Black-Draught and am wonderfully improved. I am better now than I have been for many months, thanks to your wonderful medicine." Sold everywhere, in 25c and \$1.00 packages.

CLUB NOTES

The Cum Concilio Club met Thursday afternoon in called session at the home of Mrs. E. C. Branch, on Church street. The president, Mrs. John Garrison, presiding, Mrs. Mrs. E. M. Dotson acting as secretary.

The object of the meeting was to hear the report of the committee composed of Mrs. Henry Garrison, Mrs. Joe Jackson, Mrs. Charles Butt, with Mrs. E. C. Branch chairman, who were appointed to arrange a suitable inscription for the corner stone of the Stone Fort, which is now being re-erected by the Cum Concilio club. The report of the committee was presented through their chairman, Mrs. E. C. Branch, who explained the difficulty the committee had in deciding upon an authentic date for the original erection of this historic structure. Tradition placing the date in 1619, while several historians agree upon the year 1778. However, the committee having written to Prof. George Garrison, secretary of the State Historical Association, for an opinion on this question, it was decided to await his reply before inserting this date in the inscription, as it is believed that Prof. Garrison's recent researches have made it possible for him to decide, beyond all controversy, the date of the original building of this venerable stone house.

This precipitated an interesting discussion, which brought to light valuable information relative to the history of the Stone Fort. Mrs. E. M. Dotson reading an excellent article from the pen of Judge Peyton Edwards.

On motion of Mrs. George Matthews, seconded by Mrs. Roland Jones, the work of the committee was adopted by a rising vote.

Mrs. George Matthews made an encouraging report for the committee appointed to devise means of raising funds during the summer months for furthering the work begun by the club. Her effort having been successful, she was warmly applauded.

Mrs. W. F. Price suggested that the club have insured the valuable wood in her possession, which was taken from the Stone Fort when it was moved from the original site.

Mrs. Roland Jones also advised that the same step be taken in regard to the club library.

On motion of Mrs. Henry Garrison, it was decided to use the walnut wood in finishing the Stone Fort after its completion. Mrs. Garrison suggesting that the mission

style of furniture be adopted. There being no further business, the meeting adjourned.

Cor. Secy. C. C. Club,

Married at Center.

Mr. F. N. (Norman) Muckleroy of this city was married Sunday evening at 8:15 o'clock to Miss Annie Bell Rannels, daughter of Mr. and Mrs. H. N. Rannels of Center. The marriage was consummated at the home of the bride, Rev. L. H. McGee officiating.

Immediately after the ceremony the happy couple left for Nacogdoches, arriving here on the early train this morning, and they are at home to their friends at the residence of Mr. and Mrs. E. C. Muckleroy, on North Fredonia street.

The bride was one of Center's most popular and cultured young belles, and is connected with one of the oldest and most prominent families in Shelby county. The groom was born and reared in Nacogdoches county and comes from a family who were the pioneer settlers of East Texas. He is an attaché of The Sentinel, and counts every one who knows him as his friend.

They have the congratulations of their hosts of friends, and the best wishes of The Sentinel.

Woodmen Picnic

From Saturday's Daily: This is a big day at Martinsville; the people of that community are entertaining their friends with a picnic.

Though the picnic is being given under the auspices of the Woodmen camp, the citizens of the entire community are joining in as one person in making the occasion a success. A number of speakers are on the program, among them being Judge V. E. Middlebrook, W. E. Thomason, Hon. Beeman Strong, and others. Several citizens of Nacogdoches are in attendance, and though the roads are reported to be in bad condition, The Sentinel will guarantee that all who attended will be more than repaid for their trip.

Woodmen Unveiling

Appley camp Woodmen of the World will unveil the monument of Sovereign F. F. Skeeters, deceased, next Sunday, June 9, at 3 o'clock p. m. The camp will also decorate the graves of deceased Woodmen at Bethel cemetery at the same time. All Woodmen are invited to be present and participate in these impressive exercises.

Mrs. W. H. Campbell of Douglass is in the city, the guest of Mrs. Marcus Smith for a few days.

1902. THE OLD STONE FORT. 1907.

Sombre, hilled, port thy grim brown flag
Whence the spirits of the long ago years
When turbulent days whose legend enthralled,
Brought death and dismay and grief-stricken tears.
Alas, and alas, when I think of the scene
Of forefathers' fall in the days that were wild,
Whose history is full of the treacherous foe,
Who spared neither man nor woman nor child
The heart thrills with love, and laughter tears
Of sympathy spring from the fountain of grief,
We stand with awe of the traitor and foe,
That brood our fathomless and they found
erelief.
Could the STONES speak in words what tales
they'd unfold,
What tragedies, what valor, what glorious acts
Of history which we have never been told,
Would enlighten us, now couldst thou tell us
the facts.
Encompassed with doubt, enshrouded in gloom,
The STONES still protect through the CENTURY
gone.
So much we would know of each tenanted room
That now is repeated by legends alone.
Did HUNTON stop here? was his cot over there?
And CHICKETT the brave, did he gaze on
the wall?
Others there were, too, of fame that is rare,
Who fell with the MARTYRS of the ALAMO'S
fall.
So we reverence the STONES and when it is told
On History's page how they fell from their
height,
The record will tell of the work of the CLUB
Who saved it and raised it again in their night.
Emma B. Shindler,
Member Cum Concilio Club.

An Electric Theater.

Mr. T. J. Williams is in Dallas purchasing a machine and films for a moving picture show, or an electric theater, which will be placed in the opera house. Mr. John Schmidt will be interested with Mr. Williams in the enterprise. This will no doubt prove a success, as it will afford the people of the city some recreation and amusement during the summer months.

Won First Honors.

Mr. E. A. Blount received a telegram from Dr. E. A. Blount at Dallas yesterday afternoon, informing him that Miss Mamie, who had been attending St. Mary's College, had won first honors in the freshmen class. This was not only very gratifying to Miss Mamie's parents, but quite an agreeable surprise to them, since there were a large number in her class.

A WORTHY APPEAL.

Victims of Wills Point Cyclone Ask for Help.

Dr. J. E. Mayfield requests The Sentinel to publish the following letter which he received this morning. He wants to make up a small contribution to send up next Saturday, and requests everybody to think what a hard fate can befall a helpless old patriot, and what a God send it is to be helped only a little in dire distress. The first man he named it to handed

him a dollar. Many others should do so; or do more or less. Even a quarter will count big to a destitute sufferer.

Wills Point, Texas, May 28:
To Comander Camp U. C. V.,
Nacogdoches, Texas.

Comrades—In the path of the cyclone which passed through our town on last Saturday evening, there were the homes of four of our comrades. These homes with all their contents were wiped from the face of the earth as though they had never been. These old comrades are left as destitute as it is possible to conceive. We are doing what we can to relieve their present wants, but we are unable to supply them with means to rebuild their little homes.

Whatever assistance you and your good people can render us in giving aid and assistance to these old comrades will be gratefully and thankfully received.
Jas. A. Harris, Com.
A. W. Meredith, Adjutant.

Miss May Clark and Miss Brice Vinson left Wednesday for Corsicana and Sherman respectively. Miss Vinson will spend her vacation in Sherman but Miss Clark will only visit a short time in Corsicana.

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold, dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood, which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, nitrate, or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.

Cures Old Sores.

Westmoreland, Kans., May 5, 1902: Ballard Snow Liniment Co., your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin Co., Pa., has a sore and mistrusts that it is a cancer. Send her a 50c bottle. Sold by Kleas & Mast.

Attorneys W. T. Davis and T. L. Foster of San Augustine, members of the law firm of Davis, Foster & Short, were in the city yesterday visiting Judge H. B. Short.

Will Bridwell has been suffering with an intensely painful wound in his hand the past week. The wound seemed only slight at first, it was not noticed but after inflammation set up it resulted quite seriously, but is better now.

For the Blues.

If you are blue, dejected, and feel like the world has it "in for you," the chances are your liver is taking a few days off. Put it to work by using Simmon's liver Purifier (tin boxes); its the best regulator of them all.

Dr. and Mrs. R. P. Lockey and baby left this afternoon for Chipley, Florida, where they will visit Dr. Lockey's parents for a couple of weeks, when Mrs. Lockey will go on to Knoxville, Tenn., to spend the summer with her parents.

There are Few

people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grownup people, and I recommend it. It is fine for Lagrippe." Sold by Kleas & Mast.

Miss Gladys Langham and Miss Kate Johns of Timpson, Miss Bessie Ross and Miss Bessie Latimer of Garrison are here attending the normal. They are stopping with Mrs. Ed Gaston.

Ancient Rome

is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for rheumatism, burns, cuts, sprains, Neuralgia, etc. Mr. C. H. Runyon, Stranberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by Kleas & Mast.

Death of Mrs. Holt.

Mrs. S. L. Miller received a telegram from Monticello, Ark., this afternoon announcing the death of her mother, Mrs. M. A. Holt, which occurred there today. Mrs. Miller will leave for Monticello tonight to attend the funeral. The bereaved have the sympathy of The Sentinel.

CITY COUNCIL MEETING.

Contract Let for Water Pipe and Fire Apparatus.

As indicated in yesterday's report of the city council meeting, the contract has been let for all the material and machinery for installing the new system of water works.

Several bids were submitted for furnishing the water pipe, but the contract for all the 4, 6, 8, and a portion of the 10 inch pipe was awarded to the Central Foundry Company of New York. The pipe to be shipped from Bessamer, Ala., and delivered within 60 days.

The National Tube Company of St. Louis was awarded the contract for sufficient 10 inch steel pipe to extend from the pump station to the storage tank and from the storage tank to North street.

The contract for furnishing fifty fire hydrants and all valves was awarded to the Fairbanks company of New Orleans.

The pumps, boiler and all necessary machinery were purchased from the Briggs-Weaver Machinery Company of Dallas.

The steel reservoir tank, with a capacity of 250,000 gallons, was bought from the Chicago Bridge and Iron Works.

The council also made an order for 1000 feet of fire hose and two two-wheel hose carts for use of the fire department when organized.

The council then took up routine business and approved the report of the city marshal, which showed collections to the amount of \$427.25 which had been collected from all sources during the month of May, \$79.50 of which was for fines.

The mayor reported that property owners on North street desired a sewer put in on that street, extending from Main to Hospital streets. The mayor was authorized to confer with the property owners interested and see to what extent they will assist in bearing the expenses of the sewer.

The street and bridge committee reported that the railroad company has so far failed to repair the culvert near

MRS. O. D. ROBINSON.

Every Woman in America Is Interested in This Woman's Experience.

HER HEALTH DESTROYED BY PELVIC CATARRH.

"Pe-ru-na has saved my life and made a new woman of me."—Mrs. O. D. Robinson.

Mrs. O. D. Robinson, 48 St. Felix St., Brooklyn, N. Y., writes:

"I have taken Peruna and it did me more good than all my two years' treatment by special physicians. I can really say that I feel like another person. No more swollen feet and limbs. No more bloating of the abdomen. No more shortness of breath. No more stiff and sore joints. You have no idea what your treatment has done for me. It has prolonged my life and made a new woman of me.

"O, such a blessing I have received through your kindness, Doctor, and the assistance of the medicine which you so kindly prescribed. I am able to work since I began your treatment, but before I was not able to help myself, much less do any work. All praise is due to Dr. Hartman and his treatment."

the oil mill. No action was taken.

The salary of the street commissioner was increased from \$80 to \$85.

An account in favor of the San Antonio Sewer Pipe Company, amounting to \$570, less freights paid, was allowed. This was for sewer pipe used in laying main on Church street from Main street to Banita bayou.

Local accounts, amounting to \$157.70, were allowed and ordered paid.

The mayor was instructed to insure the furniture in the city council chamber.

The mayor was also instructed to confer with attorneys with the view to bringing suit for the collection of back taxes.

Rev. John Wilson of Garrison is in the city today enroute to Cherokee county to estimate a lot of timber.
