POST OFFICE TO MOVE.

New Quarters Secured on North Fredonia Street.

For some time the building occupied by the postoffice in Nacogdoches has been too small to accommodate the rapidly increasing business. It was desired by all of Mr. Haltom's many friends, he has been in failing health for several years, to have more commodious quarters.

Bids were asked for from several property owners, and today Postmaster Cooper received notice that the bid of Blount & Schmidt had been accepted. The building selected is on North Fredonia street, under the Odd Fellows hall, and when fitted up according to the plans submitted Nacogdoches will have the most roomy and conveniently arranged postoffice in East Texas outside of a city in which the government owns its building.

The Nacogdoches Show Case and Manufacturing Company is preparing a bid for manufacturing the furniture.

Garrison Gleanings.

Garrison, June 18.—Our old time friends, Mr. and Mrs. Crawford, are with us again. We all give them a hearty welcome home.

There is some improvements going on in our little town all the while.

Capt. Ross is having his home remodeled.

We visited Nacogdoches last week and was glad indeed to see the lonely burnt block being rapidly rebuilt with new and some larger buildings; also the rebuilding of the old Stone Fort by the Daughters of the Confederacy. You put the ladies in the lead in any movement and without any exceptions, success is inevitable.

Little Virginia Stalling is on the sick list.

Mr. Guss Simpson and son, Link, have gone to El Paso on a recreation trip, and also to accompany his mother and sister home.

Mrs. Neal is visiting her daughter, Mrs. Commendo.

Lois Simpson came home on a visit from the Nacogdoches normal.

Uncle Zed Garrison is sick. The trustees of the school have employed Prof. Archie Smith as superintendent. We anticipate a fine school this winter. Send your children on under his supervision and we trust all will be satisfied.

Meeting at Cold Springs.

The meeting at Cold Springs Baptist church, in call at Humphreys school house, closed Sunday night, June 16. Bro. T. W. Fowler, Missionary Evangelist of this county, conducted the meeting. It being a very busy time the meeting was only carried on at night.

About 75 conversions; 18 accessions to the church, 14 by baptism. Eleven of this number being young ladies, three were young men, in and around this community. We welcome these dear young people in our midst. We feel safe to say that there are some workers for the Lord in the crowd. This meeting has been a great benefit to the people of this country. Bro. Fowler is a power for God and for humanity.

Another Old Bill.

The Sentinel yesterday contained a statement from the Austin Statesman to the effect that State Treasurer Sam Sparks had received an old and rare specimen of money from a lady at Lampassas.

Today Mr. J. S. Russell of this city brought to The Sentinel office a similar piece of money to the one described by the Statesman, except that it bears date of Sept. 26, 1778, a year earlier than the bill in possession of the Lampassas lady. Mr. Russell's bill is of the denomination of \$60 and bears this inscription:

"Sixty Dollars—This bill entitles the bearer to receive Sixty Spanish Milled Dollars at its value there of in Gold or Silver according to a Resolution passed by congress at Philadelphia, Sept. 26th, 1778."

From Mount Moriah.

June 16.—We had good preaching yesterday and today by our new pastor, Bro. L. R. Heflin. Also preaching this afternoon by Prof. Whitton.

Farmers are about all up with their work and ready to go fishing.

The oil well is sinking rapidly. They have gone about 1500 feet, but the writer don't know much about indications.

ONE day the special correspondents locate Mr. Pierce in Texas, next day they are unable to locate him at all. Really it is doubtful if even Mr. Pierce knows "whereabouts he is at."

THE Houston Post resents the imputation that there is a leak in that city's Sunday lid. The Sentinel is satisfied if there was a leak the Post boys would find it. But then would they tell it?

A VOTE cast against the proposed bond issue for a new court house and jail is a vote against the best interests of Nacogdoches county, and a vote against the best interest of the voter himself.

THE Center News says: "John McLendon has resigned his position with the Tenaha Messenger and returned to Center this morning." It is reported here that John has gone into the oil business. Remember Pierce.

Do not kick too persistently about the hot weather. It is just what the growing crops need.—Palestine Herald

Yes, and it is just what we generally get about this time of year. Only a few weeks ago the same kickers were kicking because the weather was too cool.

THE death of Senator Morgan of Alabama removes from the United States senate the oldest member of that body in point of continuous service, except one—Senator Allison. John H. Bankhead, who was defeated for congress by Hobson, will succeed Senator Morgan.

THERE is going to be a hot fight in the Fourth Congressional district next year for the seat now occupied by Choice B. Randell. There are two candidates in every county in the district except Rains, and the greatest of them all is Editor Jim Lowry of the Honey Grove Signal.

THE Galveston News of Sunday contained an extensively illustrated writeup of Nacogdoches. While the pictures, as well as most of the matter contained in the writeup, were reproduced from The Sentinel, the enterprise of the News is very much appreciated by the citizens of Nacogdoches, and the article will be of much benefit to our town and county. That is the kind of advertising that pays.

THE Garrison Gleaner came out last week reduced to a four column folio and printed on pink paper. The reduction in size is explained by the Gleaner in this way: "Of course we know that the Gleaner is 'shrunk up' this week, but we have no apology to offer. If you do not like this issue, come around to the office, pay up your subscription and renew for another year. We would like you better if you would do this."

NO MAN LIVETH UNTO HIMSELF.

The above is a quotation from Holy Writ, but there are professed christians who by their lives and actions are proving this statement from the Bible a paradox. This class is graphically described by the Brownwood Banner-Bulletin as follows:

"There are some people who crawl into themselves and refuse to have anything to do with the rest of the world unless they can gain some profit by it. There are men who are never seen at a public gathering unless it be to attend their church on Sunday, and who apparently think of nothing else than how to make more money out of their own business without spending any of it. You seldom see the names of such people on a subscription list for anything that will help the town or community to be a better place in which to live. You never see them attending a public gathering the purpose of which is to boost along some enterprise for the public good. They are as stingy of their time as of their money. Such people are mere barnacles in the community in which they happen to exist and are not missed much when they are gone. A citizen who lives solely to himself and for himself and immediate family is no good whatever to the place in which he lives. A person is useful to every one, to be really helpful to the community, to share with others the blessing of wealth or knowledge with which he has been endowed. The miser is held in general contempt. There are miserly people who do not merely hoard up and count gold in some lonely hut by themselves, but who hold themselves and their desires just as aloof from the world. They exist in every community and are known to all the people. Such living is nothing else but failure and falls far short of how the creator intended that human beings should be. But how to reach such characters and bring them to a realization of their short comings is a problem which appears never to have approached a solution."

ONE of our citizens who occasionally wipes the dishes for his wife, became tired of the job and refused, saying that "it is not a man's work." Not feeling disposed to lose his help she brought the bible out to convince him of his error and read as follows from II Kings 21:13: "And will wipe Jerusalem as a man wipeth a dish, wiping it and turning it upside down." It is needless to say that he is still doing his occasional stunt.—Carthage Register.

That is taking an undue advantage of us married men. Miss Margie; or was that scriptural quotation intended for Editor Gresham of the Pythian Banner-Knight?

SCHOOLS of journalism may catch suckers all right, but they will not make journalists. Men like Prentice, Greely, Grady, Waterson, Scott Bone, W.G. Sterret, R. M. Johnston, Clarence Ousley and Hugh Fitzgerald were born; not made.—Austin Statesman.

Why stop there? Why didn't you go on and include the rest of us—in fact the best of us?

A THORNY PROBLEM.

Grayson county's court square wagon yard is still a thorn in the side of Grayson county newspapers. It will yet become a paramount issue in local politics.—Paris Advocate.

It ought to be a thorn in the side of every tax payer. It is a disgrace that the yard around the court house of as prosperous a county as Grayson should be used as a wagon yard. It is a condition that should be remedied and that at once.—Denison Herald.

In Tyler the public square is the one, popular wagon yard, and hundreds of cases of malarial and slow fever are directly traceable to it; and when people pass halt, on sidewalks with their feet turned up it is safe to say that they are stuck with it. They ain't.—Tyler Courier.

The public square in Nacogdoches has been used as a wagon yard and market place so long it is going to be a hard matter to wean the moss backs from it, but there is a move on foot to change this condition. It is now proposed to build a new court house in the center of the square, build an iron fence around it on the street lines and pave the street on the four sides of the square. When this is done the problem will be solved and the health of the people of the city will no longer be jeopardized. But some folks are ranting cranks about the public square.

In an article published in the Tyler Times, Mr. Charles Herndon makes the assertion that "Smith county, if not Tyler, has fewer people today than it had two years ago." That is an unfortunate state of affairs if true, and does not look encouraging to people in other states who are looking for progressive and prosperous sections of Texas to move to. The condition in Nacogdoches and Nacogdoches county is just the reverse. There are not only more people here than there were two years ago, but more are coming every week, and this immediate section of East Texas never has experienced such rapid increase in population nor more perceptible evidences of prosperity. It is true we too have had to contend with the boll weevil, and the weevils are here now in larger numbers perhaps than ever before, but the boll weevils do not eat our tobacco, they do not molest our ribbon cane nor anything else but cotton, and the people of Nacogdoches county have reached that progressive era when they are no longer dependent upon cotton alone as a market crop.—Time was, and only a few years ago, when Nacogdoches received from 20,000 to 30,000 bales of cotton each season by wagon, but last year fewer than 10,000 bales were produced in this county. Still general conditions are better now than when the market was flooded with cotton. There is a cause for this improved condition, and it can be explained with one word—diversification.

COAL OIL JOHNNY, of Waters-Pierce fame, arrived in Pleasanton last Thursday with his big tank of oil. When

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found in Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to receive the tobacco and there kept in stamps, 12 visiting from the pen of our expert penman.

Hundreds of imitation brands are on sale that look like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco you are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.

asked by the News man if the recent decision of the courts against the Waters-Pierce oil company would put him out of a job, he said: "That won't amount to anything. The company will keep on appealing and appealing until the people forget about the case and then we will be oil right.—Pleasanton News.

The course pursued by the attorneys of the Waters-Pierce company shows conclusively that Coal Oil Johnny had had a tip. But he evidently hadn't heard from Judge Brooks.

Deceit.

One of the greatest sins of earth is deceit. It has caused many good people to be shamefully wronged. One deceitful person will cause a number of persons to lose confidence in humanity, and in so doing run their lives for a period of time if not eternity. We so often meet people who think they must be, to a certain extent, deceitful in order to gain and maintain the admiration and friendship of those with whom they come in contact. This is indeed a terrible mistake. What is a friend worth gained by such a method? He or she may be all right until they find you out, then they are thoroughly disgusted and ready to look at you suspiciously ever after, and not only you will they suspicion and tear, but others who are in-

nocent and harmless will be suspicioned and envied unjustly. So, you see you have gained nothing; you have weakened your self-confidence, and they have thus far lost confidence in mankind. I may be just and true, loyal to yourself, to your friends and above all to your God. In so doing you lose nothing and gain much. Just this it we could always remember:

"Oh! what a tangled web we weave, When first we practice to deceive."

They say I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years past I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wear them out. They commenced on me last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever and stopped them entirely. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never can say enough for Hall's Chill Cure. Yours truly, H. B. What is Required of Tyler to Secure It.

Speaking of the action of the Education Commission in locating the East Texas Baptist College in that city, the Tyler Courier says:

"The educational commission met Thursday night, and after considering several places which desired the college, among them being Lufkin with an offer of \$30,000 and twenty acres of land, they finally decided on Tyler, provided the original amount, \$50,000, was raised by July 15th.

"This school will mean much for Tyler; the benefits having been over many times in the Courier. It will be strictly a Tyler institution, controlled by a board of trustees living in Tyler, including the selection of teachers, etc."

Do You Feel Worn Out?

Women Inclined to Constipation

Women, owing to their peculiar functions, are prone to constipation, and many of their other ills are due to this congestion in the bowels which fills the blood with impure matter that permeates the entire system. In most cases, foul breath, bad complexion, sick headache and such like ills are primarily caused by constipation or indigestion. Women should be happy to learn of a remedy that cures constipation and indigestion, and that has such other ingredients as purify the blood and tone up all the digestive organs. This remedy is Dr. Caldwell's Syrup Pepsin. It can be bought at any drug store for 25 cents or in a bottle. Women have been curing themselves with this remedy for sixteen years, and the offer of years ago still stands today. That you buy Dr. Caldwell's Syrup Pepsin with the understanding that it will do as claimed or your money will be refunded. This great herb laxative compound is especially suited to the delicate system of women because of its gentle but prompt action. Its pleasant taste and its freedom from griping. It does not weaken like purgatives and cathartics, but builds up and strengthens. It is a guaranteed permanent cure and should be as steadily in your home as in that of thousands of others. Women use it themselves and give it to children in preference to any other laxative because it is guaranteed to do what a good laxative should do, and does it gently. Mrs. Tyler, of 828 McLaren Ave., St. Louis, Mo., is glad to say that she cured her constipation and stomach trouble and recommends it to a American womanhood. She is but one of thousands who are loud in praise of it. You who have never used it should begin today. You will date your freedom from sickness to the day that you start the use of Dr. Caldwell's Syrup Pepsin. Your druggist will sell you a bottle under our absolute guarantee.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by returning the coupon. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. **FOR PUBLIC VERIFICATION** The Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN. CITY OWNS WATERWORKS.

Money Has Been Paid and Transfer Made.

The existing system of water works, which was owned, installed and operated by a company of stockholders, is now the property of the city of Nacogdoches.

The money—\$12,500—was paid over to the retiring company by City Treasurer E. H. Blount yesterday afternoon, and the transfer of the property was made.

The material for the new and enlarged system it is expected will begin to arrive within the next ten or fifteen days, when we will be all of Mr. Halton's many friends, he has been in failing health for several years. He is a first-class system of water works in operation, unless some mishap occurs to delay the work.

WORKING WOMEN, WHAT THEY SHOULD KNOW

MRS. SADIE ABBOTT

MRS. PREE MCKITTRICK

Women for the most part spend their lives at home, and it is these women who are willing and ambitious that their homes shall be kept neat and tidy, who do their own cooking, sweeping, dusting and often washing, ironing and sewing for the entire family, who call for our sympathy.

The work of such a woman is "never done" and is it any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of the abdominal organs, a female weakness is brought on—and the struggle of that wife and mother to continue her duties is painful.

Dear Mrs. Pinkham: "I suffered severely with pain every month and also a pain in my left side. My doctor prescribed for me but did me no good, a friend advised Lydia E. Pinkham's Vegetable Compound, and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pain is all disappeared and I cannot recommend your medicine too highly."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Dear Mrs. Pinkham: "For six years I suffered from female weakness. I was so irregular that I would go from three weeks to six months, so I thought I would give Lydia E. Pinkham's Vegetable Compound a trial. Now I am as well and can do my work without a pain. Any one who wishes, can write to me and I will answer all letters gladly."

Women should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of female ills. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

Mrs. Lizzie Crawford Long.

Lizzie Crawford, daughter of W. H. Crawford, was born June 23, 1825, in Edgefield district, South Carolina. At eight years old her father moved to Union parish, Louisiana, where she was educated at the old town of Farmersville. She was married to Dr. H. G. Long Feb. 11, 1844. Her father next resided near the town of Lindlat, in Nacogdoches county, Texas, where Dr. Long first practiced medicine, as a partner of Dr. T. J. Murph, and from where he removed to their last home in Mt. Enterprise, Rusk County. Mrs. Long died at this home June 7, 1907. Dr. Long resided several years, practicing here. A son, Dr. Horace Long, resides in Galveston, a daughter, Mrs. Ike Lawler, in Garrison, and another, Mrs. Sory, in Jacksonville, Texas, all surviving.

Mrs. Long was a life long devoted Christian, a devoted wife and mother, and a lady who was widely known and universally loved as one of the sweetest of earth's creatures. Many, very many friends and acquaintances can testify to her virtues during a long and useful life. Her heavenly spirit has gone to purer realms, mourned by all who knew her. Her bereaved husband and children who are all most worthy people have the sincere sympathy of a host of friends.

Where Mater is Bad.

It should not be drunk unless proper precautions are taken. Many diseases arise from drinking impure water, but in face of warning, people continue to absorb the dangerous fluid. If you are traveling, or move into a new locality take no risks but put a teaspoonful of Browns' Iron Bitters into a glass of water and make it healthy and palatable. Stripling, Haselwood & Co. dw

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.
R. W. HALTOM, Editor-in-Chief.
WILL T. HAWKINS, Editor.

The success of any county may be measured by the civic pride of its people. And the condition of their public roads and the character of their public buildings is a good index to their civic pride.

An exchange tells of a woman who bought a new fangled coffee pot from a peddler. She showed it to her husband, a hardware dealer, who told her he kept the same thing in his store for half the price that she paid for it. "Well," she said, "why don't you advertise? Nobody ever knows what you

have for sale." That did not occur in Nacogdoches, however, as every merchant in this city who has anything for sale that is worth advertising.

T. P. GORE, one of the Democratic nominees for United States senator in the new state of Oklahoma, is a Mississippian, but for a time lived at Corsicana Texas, and gained considerable fame as an advocate of populism during that party's palmy days. He is blind.

ONE of the most unfortunate conditions of life is that of dissatisfaction. Though in many instances this condition is cultivated to a large extent. As one writer puts it—
"One reason why this life of ours is full of vain regret; We get the things we do not want, And want what we can't get."

The Beaumont Enterprise says: "R. S. Waite, formerly of this city, where for a time he was connected with the Enterprise, has purchased a half interest in the Enid Newspaper company of Enid, Okla., publishers of the Garfield County Democrat. Many Beaumont friends will wish him well in his new field." Mr. Waite, it will be remembered, prepared the matter for The Sentinel's special illustrated edition issued a few months ago, and when he left Nacogdoches he carried with him one of Nacogdoches' most popular young ladies as his wife. Their many friends here are glad to learn that Mr. Waite is prospering.

Mrs. Stephens and Miss Brewer of Swift are here shopping.

Court Adjourned.

The commissioners court completed its labors as a board of equalization today and adjourned to meet Monday, July 1, to hear complaints from property owners whose assessments have been raised.

This has been a busy session of court, and many assessments have been raised and new renditions made where parties failed to render property to the assessor. The indications are that the total assessment will reach close to \$6,000,000, if no changes are made in the rolls as they appear now.

Will Pearson will take Herbert Shindler's place in the Postoffice on the 1st. He is there now getting familiar with the work.

Texas is Growing.

The Nacogdoches Sentinel scores a good point. It says: "There is no better index to the commercial importance of a city than its postoffice receipts. The Postoffice Department has just sent out a list of 184 postoffices in Texas in which changes have been made in the salaries of the postmasters. And of this number only two had their salaries decreased. All others are increased from \$100 to \$300 per annum, the salary of Postmaster Cooper of Nacogdoches having been raised from \$2,200 to \$2,300. Another fact worthy of note is, there are only twenty postoffices in Texas whose postmasters receive a higher salary than does the postmaster at Nacogdoches."

Texas is, in spite of the bad

season, the most prosperous section of the United States. All that is necessary is to let Texas grow.—Dallas News.

MONSTER REDUCTION SALE

Wednesday, June 26th

I will start a 10 days sale, the like of which has never been known in the annals of Nacogdoches retailing. A sale in which I am absolutely wroking values, upsetting tradition and revolutionizing every custom known to the trade. Look at these imposing columns, glistening with the biggest and best bargains you ever saw. Are they not worth comment from almost any distance? I am overstocked on account of the backward spring season, it has left me with too many goods, consequently I am compelled to make these great sacrifices in order to reduce my stock and make room for Hattom's many friends, he ladies every article in the house will be marked in plain figures with a little red tag and sold for Spot Cash.

\$2 .000.00 has been in failing health for several years, but not since all other previous efforts. I will have plenty of experienced men and women to wait on you.

My store will be closed all day Monday and Tuesday, June 24th and 25th to mark down goods and arrange the store for this great bargain event. Remember the time, day and date, Wednesday morning, June 26th, Rain or Shine.

Indicted For Dynamiting.

Sheriff Watts arrived in the city last evening with a couple of parties by the name of Foster who are charged with dynamiting the Angelina river for fish.

There has been complaints coming in from farmers living near the Angelina and Neches rivers every week about parties dynamiting for fish, but as they did not know who the parties were no indictment could be filed. Sheriff Watts arrested the Fosters just as soon as the complaint was filed and has them in the jail here waiting trial.

The arrest of these parties comes as a relief to the farmers and others who fish in the river and sell their catch to the people of the towns in the county.—Lufkin News.

DEMOLISHED THE JOINT.

Exciting Episode Reported to Have Occurred at Sacul.

From Friday's Daily: Report reached the sheriff's office here last night that an exciting and thrilling episode was enacted at Sacul yesterday afternoon.

As the report goes, a citizen of the community had opened up a frosty joint in Sacul, and though repeatedly requested to desist, from selling his alleged substitute for beer, he ignored the appeals of his neighbors and continued to deal out frosty at so much per bottle.

Patience, like everything else, has a limit, and yesterday afternoon, it is said, a number of the ladies of the community armed themselves with hatchets, ala Carrie Nation, and charged the frosty joint in a body.

The gentleman in charge is said to have vacated the premises when he saw the company of fair soldiers approaching and when he returned a short time after he found his goods destroyed and his shack a wreck.

There will be no more frosty sold at Sacul.

Fine Mules.
There was on exhibit East Main street this morning some of the finest mules ever before seen in Nacogdoches. There were twelve of the animals, and they are the property of Joe Luna, for whom they were bought in Fort Worth by Luther Swift a few days ago. The mules were about 16 hands high and will average over 1200 pounds in weight. Mr. Luna carried them to Stroud's saddle and harness establishment where each one was fitted out with a new set of harness, and then taken to Joe's logging camp where they will be put to work hauling logs for the Attoyac Lumber Company.

WOODMEN MEETING.

Perfecting Plans for the Log Rollers July 10.

The Woodmen of Nacogdoches county, and especially Liberty Elm Camp of this city, are making extensive preparations for their annual log rolling, which will be held in Nacogdoches July 10.

A meeting of the representatives of the camps of the county was held in the hall of Liberty Elm camp Saturday afternoon, when definite plans were outlined for the big log rolling.

The meeting was presided over by W. E. Thomason, president of the Log Rollers Association, and the following representatives of the camps named were present:

Garrison—B. L. Joplin, Appleby—W. L. Eddington and W. B. Melton. Melrose—R. H. Blackwell, Cushing—W. E. Henderson.

Caro—A. A. Biggs. Trawick—Albert Brewer. Martinsville—W. L. Harrell, E. L. Thrash.

Red Oak—J. C. Anderson, L. L. Martin. Shady Grove—R. C. White, Cherry—C. P. Barr, Tubbe—W. J. Caler.

Liberty Elm—H. T. Mast, Will T. Hawkins, G. B. Layton, W. E. Thomason, J. G. DeLaMar.

Every sovereign was full of enthusiasm and expressed determination to make the Log Rollers meeting in Nacogdoches July 10 the largest gathering of Woodmen ever before assembled in East Texas.

All necessary committees were appointed to cooperate with committees selected by Liberty Elm Camp and the program will be ready for publication within a few days.

A Test Case.

Capt J. D. Jennings of the Fory Fusileers was tried in justice court of Friday for failure to work the road, and the court decided that the new road law could not force members of the military company to work the road. Bogard's road law does not exempt the soldiers from road duty, but the general law does, and the court returned a verdict of not guilty.—Timpson Enterprise.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, a rapid liver with indigestion. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholin, M. D., of Jefferson Med. College, Phila.; Prof. W. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Bate, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Lawrence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

SUNDAY MORNING FIRE.

Three More Nacogdoches Homes go up in Smoke.

About 6:30 o'clock Sunday morning the dread fire alarm was sounded by the usual "wayback" method of firing pistols. While a large number of the citizens turned out, most of the people were asleep at that hour and there were many who knew nothing of the fire until it was all over.

The fire originated in the house occupied by E. C. Muckleroy of The Sentinel, and as no one was at home, the house was almost consumed before the flames were discovered.

The residence occupied by R. I. Milner, No. 57, and were also a mass of flames before assistance could reach the scene, and all three of the houses were totally destroyed.

The houses occupied by Messrs. Muckleroy and Seay were owned by R. A. Hall, and were valued at \$1500 each. They were insured for \$1000 each. The house occupied by Mr. White was owned by E. M. Roberts and was valued at \$1250.

Mr. Roberts is out of the city, but it is said that he had \$1000 insurance.

E. C. Muckleroy lost all his household effects, valued at \$1600, on which there is \$1200 insurance.

T. P. Seay lost about \$600 on household goods, covered by insurance.

W. D. White lost about \$400 on household goods, covered by insurance.

The residence occupied by J. G. DeLaMar, and owned by J. H. Cooper, was slightly damaged.

The origin of the fire is unknown.

To Be Married in Austin.

The following from the Daily Oklahoman of Oklahoma City, Okla., will be read with interest by Sentinel readers:

"Mr. J. R. McKnight, a prominent cotton man, who has been located in Oklahoma City the past eight years and buying cotton in the two territories, left yesterday for Austin, Texas, where he will be married to Miss Gayle Evans, daughter of Judge William J. Evans of the land office. The wedding will take place at the home of the bride the eve of June 18, after which Mr. and Mrs. McKnight will leave for Galveston to sail the following day for New York via the Mallory line. After a visit of six weeks in the Eastern cities and Canada they will return to Oklahoma City where they will be at home to friends at the Lec hotel after August 1."

John McKnight is the son of Captain and Mrs. F. L. McKnight of this city, and is known to almost every citizen of Nacogdoches county. He was born and reared to manhood at Douglass, and until of late years resided in Nacogdoches. He has the congratulations and best wishes of not only The Sentinel, but of every other friend in Nacogdoches county; and they are legion.

APPOINTMENTS MADE.

R. I. Milner is Given New Office by Governor.

Colonel R. T. Milner, state insurance commissioner, who was appointed Friday by all of Mr. Haltom's many friends, he has been in failing health for several years, but not until now since. Under the law passed by the Thirtieth legislature creating the office he is allowed to appoint a chief clerk and a stenographer and clerk. Colonel Milner announced the appointment of E. W. Winkler, present state librarian, to the position of chief clerk in the agricultural department and Miss Mary Thompson to the position of stenographer and clerk. Miss Thompson is now stenographer to Colonel Milner in the state insurance department.

It is understood that Speaker T. B. Love of Dallas who was appointed commissioner of insurance, will not disturb the present force in the insurance department, although he will have two vacancies to fill, that of state librarian and stenographer.

Prices of Cotton.

To the generation that has come on since 1875, and who are old enough to remember that far back, or a few years subsequent, there is a new experience this year in seeing cotton go to 15 cents. It has been much higher, but those were in war times and right after.

The following table gives the average price of middling cotton in New York for each of the fifty years ending with 1902:

Table with 4 columns: Year, Price, Year, Price. Rows include years from 1853 to 1902 and corresponding prices.

IMPORTANT DECISION.

Case of Woodmen of the World Against Mrs. Terrence.

The court of civil appeals has affirmed the case of the Woodmen of the World against Mrs. J. E. S. Terrence. Quite an unusual point was raised in this case. The appellee, Mrs. J. E. S. Terrence, filed this suit in 1904 against the appellant on a certificate of insurance, alleging that the same was issued by the appellant for \$1000 on the life of R. B. Terrence, Sr., payable to herself at his death for \$1000, and providing that there should also be paid the further sum of \$100 for the placing of a monument at the grave of said R. B. Terrence. There was a provision in the certificate that if said Terrence should die in consequence of the violation or attempted violation of the laws of the state or of the United States, said certificate should be absolutely forfeited. The statement of facts shows that said Terrence became involved in a difficulty with B. F. Holton at the town of Elk, McLennan county, and as a result received gunshot wounds which resulted in his death. The appellant refused to pay the amount due on the certificate, and suit was brought in the district court and Mrs. Terrence recovered \$1100. The court of civil appeals in affirming the case, held that there was no conspiracy on the part of Terrence in entering into the combat with the Holtons. The court says: "Under the issues as submitted there is evidence in the record which justified the jury in reaching the conclusion that there was no conspiracy and that the deceased was not guilty of a violation of the law at the time he was killed."

The appellant also contended that it was not bound to pay the \$100 for placing a monument at the grave of the deceased. The court says on this point: "We think it is within the spirit and intention of the contract that the \$100 should be payable to the wife. In the nature of things, there is no one that has more interest than she in providing a monument to be placed over the grave of her husband. The society was clearly responsible to some one for the \$100, and we know of no one more entitled to receive it, and who would be expected to use it in the way provided than the wife."

Mr. J. R. Hobbs, a prominent farmer from Woden, was trading in the city today and galled on The Sentinel. He reports crops very backward and boll weevils plentiful.

Nepotism Law Applies to Trustees.

County Superintendent Tillery is in receipt of the following letter from the attorney general with reference to the matter of relationship of the trustees to the teacher in contracting for schools which is self explanatory:

Replying to your favor of June 3rd, I beg to say that if any of the trustees of your public schools are related by affinity or consanguinity within the third degree to a teacher, they cannot vote for such teacher or in any manner participate in the election, nor can they make any contract, directly or indirectly, with such teacher. If, however, the majority of the board of trustees are not so related, such majority acting as a board is not disqualified from electing such teacher or making contract with him in behalf of the board. Signed, R. V. Davidson, Attorney General.

As will be seen from the

above, relatives to the third cousin are barred from participation in the election of a teacher, and a strict adherence to the policy will save much trouble.

After Forty-Four Days.

The remains of Mrs. Chesholm, who died at Lauralia, May 1, and was brought to the undertaking establishment of W. M. Glenn & Co. of this city, were yesterday shipped to Detroit, Mich., accompanied by Mrs. L. P. DeSole, daughter of deceased, and her husband. The Tribune reporter has often viewed the body during the process of embalming, and the features, color and general appearance were as perfect yesterday when the metallic burial case was sealed as when the lady died six weeks ago.—Lutkin Tribune.

T. K. Raynor was up from Decoy today and reports everybody in good spirits in his community.

SKIN DISEASES HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh healthy blood. External applications of natives, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

No. 498. W. M. Stilwell vs. Houston, East & West Texas Railway Company. In Justice Court, Precinct No. 1, Nacogdoches County, Texas. To Whom it may Concern: Whereas, in the above entitled and numbered cause, an execution was issued on the 7th day of May, A. D. 1907, by F. D. Huston, Justice of the Peace, Precinct No. 1, Nacogdoches County, Texas, and directed to the Sheriff or any Constable of Nacogdoches County, Texas, commanding me as a Constable of Nacogdoches County, Texas, of the goods and chattels, lands and tenements of the defendant, Houston-East & West Texas Railway Company, to cause to be made the sum of Fifty (\$50.00) Dollars with interest thereon from the 28th day of January, 1907, at the rate of 6 per cent per annum together with the sum of Ninety (90c) cents cost and the further cost of executing this writ: And whereas, on the 12th day of June, A. D. 1907, I have, by virtue of said writ of execution seized and levied upon, as the property of the defendant, the following described real estate, situated in Nacogdoches County, Texas, in the town of Nacogdoches, and lying between the depot of the defendant and the Banita creek and more particularly described as follows, to-wit:

Beginning at a point on the Banita creek where the same is crossed by the Main street of the town of Nacogdoches, thence west with the south margin of said Main street to the right-of-way of the defendant, H. E. & W. T. Railway Company; thence south with the east margin of the said right-of-way to Pillar street; thence east with the north margin of said Pillar street to the Banita bayou, thence upon the Banita bayou, with its meanderings, to the place of beginning.

These are therefore to notify you that I will offer for sale the above described tract of land, at the Court House door of Nacogdoches County, in the town of Nacogdoches, on Tuesday, the 8th day of August, A. D. 1907, between the hours of 10 o'clock a. m. and 4 o'clock p. m. to the highest bidder for cash by virtue of said writ and said seizure for the purpose of satisfying the command of said writ.

In testimony whereof, witness my official signature at my office in the town of Nacogdoches, on this 12th day of June, A. D. 1907.

THE FRUIT CROP.

An Experienced Orchardist Gives the Result of His Inspection.

Mr. J. Fred Haas of Greenville, Texas, an orchardist and horticulturalist of note, recently made an inspection of the orchards in the Jacksonville, Tyler and Longview fruit belt, and he thus gives the result of his inspection in the Tyler Times:

"At Jacksonville we went through some of the largest orchards there, and talked with quite a number of the representative growers. The crop estimate of the Elberta is from five to ten cars, and not likely that many of them will go out as solid as part being in express shipments.

"The 'death rate' in some of the orchards is very heavy, seventy to eighty-five per cent—this takes in the Elberta, Alexander, Mamie-Ross, Old Mixon Cling and a few others of minor importance commercially. The peaches of later ripening—September and October, have not had such a death rate, and the crop of peaches on these will be a good crop for this year.

"There are also several 'local sorts' which have good crops this year—Dr. J. M. Brittain having one of the largest of this sort, some six hundred trees. "Among these newer sorts of peaches, and especially so this year, will be a grand field to select a number of 'hardy stocks' for our standard list of peaches for our state.

"What to do with my trees" is one of the first questions asked by most of the growers, as it seems that the trees are not putting out the usual amount of foliage, and the new growth for this time of year is very short, and in some instances no growth has been made. A good 'cutting back' and an application of fertilizer is the best treatment now, and as it is getting late this 'cutting back' should be done at once. The new growth we obtained on our trees this year will be one of the greatest factors in the estimate of next year's crop of fruit—no growth no fruit. Right along this line it will be well not to expect more than a small crop next year.

"We found the condition at Longview some better than at other points south—the trees are in better condition, not so many dead, and the fruit crop better. "Here at Greenville, while we are not raising fruit commercially, our trees have a fair crop of fruit, and are putting on a nice growth for the season."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known. The Catarrh Cure is a constitutional treatment. It is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. DEATH OF A TEAR.

Was for Years a Citizen of Nacogdoches.

Palestine, Tex., June 17.—At 3 o'clock Sunday afternoon the last rites were performed over the body of one of Palestine's oldest and most estimable citizens, Mr. A. Teah.

With the passing of Mr. Teah this community has lost one of those rare spirits of gentleness and good, who by the uprightness of their living exert a beneficent influence which is hardly appreciated until they have gone.

After Appomattox he returned to Nacogdoches, some time thereafter removing to Shreveport, where he entered business with his two brothers. Thence during the yellow fever epidemic he removed to Denison in 1876, and three years later came to Palestine to make his permanent home as manager of the Micheal Ash business. This business later became A. Teah & Co., a firm well known in Palestine for many years.

Mr. Teah has been closely identified with the life of Palestine; more than twenty years as a member of the school board, eighteen as president, and two as treasurer; a member of the City Council, president of the Board of Trade, director in local banks; first president of the Beth Israel Jewish congregation; past master of the Palestine Masonic lodge; past grand high priest of the Royal Arch Chapter.

The funeral was conducted under the auspices of the Masonic lodge. Mr. Teah is survived by a wife and three children.

Fine Potato Yield.
Mr. W. L. Eddington of Appleby brought to The Sentinel Tuesday some of the finest Irish potatoes we have seen this season. Mr. Eddington produced this season 126 bushels on one and a fourth acres, by actual weight, and he says he will plant a larger crop next year. Mr. Eddington is one of those farmers who are not dependent upon cotton for a money crop and as a consequence he is happy and contented. He says he would not trade his Nacogdoches county red land farm for land anywhere in Texas.

Mrs. E. L. Stubblefield is moving back to Chireno, her old home. She has sold the old homestead and has purchased a new place and is moving this week.

Don't forget the Woodmen picnic at Attoyac, or Black Jack, on Friday, June 28. Everybody invited and a good dinner and plenty of entertainment and amusement is assured for all.

OLD BILL APPEARS.

Was Issued During the Revolutionary War in 1779.

Austin Statesman.

State Treasurer Sam Sparks yesterday received a letter from Mrs. A. J. Mackey of Lampassas enclosing a rare specimen of money which was in use during the revolutionary war. The money is specie and is a \$50 bill and bears the date of 1779. It is about half the size of an ordinary piece of paper money. The bill says: "The bearer is entitled to recover fifty Spanish milled dollars or an equal sum in gold or silver, according to a resolution of the Continental Congress, passed the 14th January, 1779." The bill was printed by Paul Waco, Tex.

Shows that Hall & Sellers. Mrs. Mackey does not say in her letter how she came in possession of this bill, and asks the treasurer to advise her as to its probable value and if she can get anything for it. Treasurer Sparks is making an investigation of the matter. It is possible that the bill is worth not only its face value but a premium. Mrs. Mackey wants to dispose of the bill if it is worth anything.

Wonderful Cures.
Dr. Adams, the eye specialist, is making some wonderful cures in East Texas. Several of our citizens have been led to him in past few months who now enjoy good sight, and we are glad to learn that Mrs. J. M. Turner is now going about without a guide. She has been blind and led about four years, but she can now see to do her house work. She says that Dr. Adams restored her sight last month by extracting cataracts from her eyes and she claims to have experienced no pain or discomfort.

The Doctor has restored vision to 22 people recently led to him in East Texas. He has devoted his entire time and study to the cure of eye troubles for past 15 years and limits his practice to the cure of difficult cases, chronic and surgical cases, those blind and led about, blind from cataract, chronic granulated lids, ingrowing lashes, etc., and difficult cases of cross eyes. He allows you to place fee in bank and when he gives you vision they pay him. He has references from hundreds of the leading citizens of Texas.

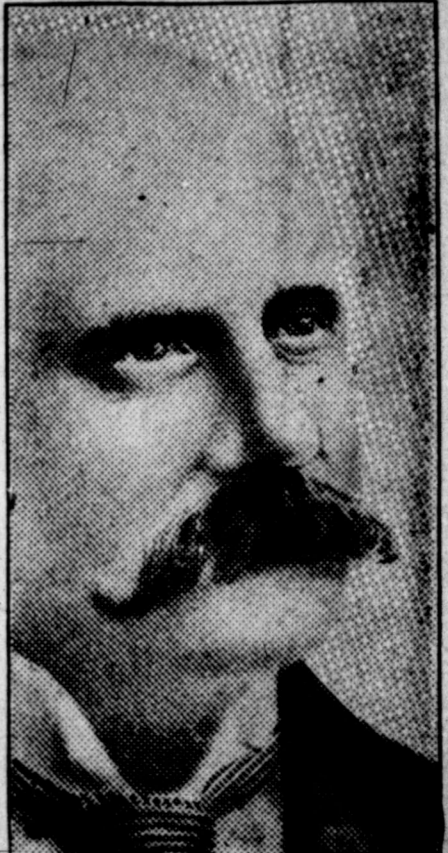

If you have eye troubles, consult him at Banita Hotel, Nacogdoches, Texas.

July 15th and 16th
Dr. Adams has six branch offices in East Texas, where he meets the people who need the assistance of an expert oculist. Once a month he is at each branch office, hence can save you railroad fare, board bill, etc., and cure you at your home town.

Justice F. D. Huston performed the marriage ceremony for a couple of colored people at the court house yesterday afternoon and they went away rejoicing.

Mitch Rambin of Appleby was in in the city today and called on The Sentinel.

CHAS. L. SAUER, GRAND SCRIBE

PE-RU-NA STRENGTHENS THE ENTIRE SYSTEM

Mr. Chas. L. Sauer, Grand Scribe, Grand Encampment I. O. O. F. of Texas, and Assistant City Auditor, writes from the City Hall, San Antonio, Tex.:

"Nearly two years ago I accepted a position as secretary and treasurer with one of the leading dry goods establishments of Galveston, Tex.

"The sudden change from a high and dry altitude to sea level proved too much for me and I became afflicted with catarrh and cold in the head, and general debility to such an extent as to almost incapacitate me for attending to my duties.

"I was induced to try Peruna, and after taking several bottles in small doses I am pleased to say that I was entirely restored to my normal condition and have ever since recommended the use of Peruna to my friends."
