SAW MILL BURNED.

La Nana Lumber Company Plant Destroyed This Morning.

Report reached the city this morning that the saw mill of the La Nana Lumber company, located at Lingo, ten miles south of the city on the Angelina river, was totally destroyed by fire last night.

It was not learned where or how the fire originated, but it was discovered about 1 o'clock this morning, and the mill was completely destroyed.

The loss was about \$10,000, and it is said there was no insurance on the plant.

It is reported that the mill was built east of the H. Lingo, and as nearly all the timber west of the road has been cut.

Measles in the Sticks.

Mr. J. H. Lollar, The Sentinel's good friend from Lone Pine Sticks, was in the city today and reported that measles is prevalent in his

community. Mr. Lollar and other members of his family have just recovered from the disease, and the little child of Charley Curtis, an employe at the Whiteman-Decker logging front, died with measles. Mr. Lollar reports that Rural Carrier Hodnett has gone to San Antonio to spend a week's vacation. He also says crops and gardens are burning up for want of rain.

THE OFFICIAL COUNT.

Majority Against Court House Bonds Was 181 Votes.

The commissioners court Monday canvassed the vote cast at the recent election in Nacogdoches county, the total vote on the bond issue was as follows:

For the bonds, 468; against the bonds, 649; majority against, 181.

The total vote of the county on the six amendments to the constitution was as follows:

State care of confederate widows—for, 645; against, 479.

Department of agriculture and labor—for, 258; against, 712.

Increase of salary of representatives—for, 144; against, 824.

To create improvement districts—for, 216; against, 714.

To create state printing office—for, 206; against, 712.

To increase road tax by districts—for, 295; against, 673.

The highest vote cast on any one question was 1117 votes on the bond question. The next highest was 1025 on the constitutional amendment providing for a home for confederate widows, and that was the only one that received a majority.

The majority against bonds reads the same both ways—181, so the question was fast coming and going.

Information Wanted.

A. H. Steagall, formerly of Rusk county, Texas, but now of Deland, Fla., is entitled to a pension under the laws of Florida and any of the members of Company A, 17th Cavalry, which was enlisted in the town of Nacogdoches in Jan., 1862, can confer a favor by writing Mr. Steagall or to Jas. I. Lavender, at Henderson, Texas.

Mr. Steagall is now 80 years old and is an uncle of the writer. He is the man who in connection with a Mr. Gould made turpentine for the government in Rusk county during the war.

If you were the comrad of Mr. Steagall I know it will be a pleasure to assist him to secure his pension.

Very truly yours,
 Jas. I. Lavender.

Residence Burned.

About 6 o'clock Saturday evening the house of Tom M. Hill, situated on Fredonia hill, was totally destroyed by fire. The house was occupied by Mr. Hill's parents, Mr. and Mrs. T. J. Hill, and was insured for \$500. The house was valued at \$1200. Nearly all the household goods were saved, though badly damaged in moving. Mr. Hill had \$300 insurance on his furniture and household goods. The fire originated from a defective flue.

JUDGE SHORT INDICTED.

Charged With Complicity in the Murder of Dr. Paul.

The Center News of Saturday contained this item, which caused great surprise to Judge Short's friends in Nacogdoches. The News says:

"Yesterday afternoon the grand jury returned a bill against Judge H. B. Short, charging him with being an accomplice to the murder of the late Dr. M. M. Paul. Judge Short was placed under arrest and carried before Judge Perkins where he was released on a recognizance bond in the sum of \$10,000, returnable next Monday when a habeas corpus trial will be had.

"News of the arrest spread rapidly and caused quite a sensation. A number of his friends gathered at the court house and made bond for him.

"The habeas corpus trial of Dr. Paul, who is charged with murdering the late Carroll B. Short, will also be heard Monday, and the two trials will doubtless arouse much interest and attract quite a large crowd of spectators."

PAUL HABEAS COPUS.

Defendant Contends He Thought Short Would Kill Him.

The Sentinel has endeavored to secure information from the habeas corpus trials at Center, but no definite information has been obtained except the following from the Timpson Times of yesterday:

"The state closed its testimony in the Dr. Paul habeas corpus case at Center at noon. The defendant went on the stand after noon. He testified in substance that a friend had warned him against Mr. Short; that when he walked down the aisle of the car Mr. Short made a threatening demonstration, and he shot him in self defense. Defendant was still on the stand when this report was received."

Report from Center this morning was that the evidence closed and argument of counsel began yesterday afternoon. The State is confending that Dr. Paul is not entitled to bail.

Geo. S. King and S. W. Blount of Nacogdoches are in Center as counsel for Judge H. B. Short, whose case will come up for hearing on habeas corpus as soon as the Paul case is disposed of.

Rev. Walter W. Armstrong closed a splendid meeting at Smith's Chapel Sunday night, which resulted in six additions to the Methodist church and one to the Baptist church. Bro. Armstrong went out to Prairie Grove this afternoon to assist Rev. F. E. Luker in a meeting there.

The saloon of Jack Allison and Goldman's dry goods store were badly damaged by water.

The fire originated from a can of gasoline catching on fire in the Arcade restaurant. All the losses were practically covered by insurance.

If people criticise your way of living, turn the other side of your character to them.

THE latest fake story is to the effect that Quantrell, the noted guerilla, is still living. If some enterprising space writer were to declare that George Washington is still alive, there are alleged newspapers that would print his stuff.

THE voters of Texas care very little for the constitution; so little for it they will not go to the polls to vote on it. If the legislature were to pass a resolution submitting to vote of the people of Texas the question of abolishing the state constitution entirely, it is doubtful if 10 per cent of the voters would go to the polls and vote on it.

THE ladies of Timpson are progressive—possibly more so than some of their neighbors. They have adopted the style of riding horseback astride, which is the only sensible and comfortable way to ride, and should have been adopted long ago.—Timpson Enterprise.

Whether progressive or not the ladies of Timpson evidently have an appreciation for comfort and convenience, and a high regard for health.

ONE man who voted against the court house bonds remarked yesterday that if the election were to be held over today the question would carry two to one. No doubt, but if Dives could have called back a few days when he lifted up his voice in torment and begged Lazarus to bring him a drop of water, he would have acted differently. But it is too late to talk about what would be done now. The court house bond issue is dead and buried for at least two years.

THE latest bulletin issued by the census bureau at Washington contains this valuable information: "The United States leads the world in the exportation of agricultural implements, with the United Kingdom as its principal competitor. In the fifteen years ending 1905 the extension of trade to foreign countries has been remarkable. The value of exports during the fiscal year 1905 formed 18.5 per cent of the total value of products of the census year 1905 and 15.8 per cent in 1900, whereas in 1890 the proportion was only 4.7 per cent. Russia and Argentina, the two great wheat producing countries, were in 1905 the leading importers of American agricultural machinery. Russia received 18.6 per cent of the total value of exports, nearly four times as much as in 1900, and Argentina 24.3 per cent, an increase of 178.7 per cent."

EIGHT YEARS OLD.
Last Tuesday, August 6, was a memorable day in the history of The Sentinel as well as that of Texas and Nacogdoches county. It will be noted in Texas history as the day on which some important amendments to the State's constitution were rejected by vote of the people, and the tax payers of Nacogdoches county will remember it as the day upon which the proposition of issuing bonds to build a new and much needed court house and jail was voted down. But that day, August 6, was of still greater importance to us. It was the birthday of The Daily Sentinel. For eight long, tedious years this paper has been battling for the best interests of the city of Nacogdoches and its citizens in particular, and for the welfare of Nacogdoches county, the state and all the people in general. That these efforts have been appreciated is attested by the liberal patronage given and the high estimate placed upon The Sentinel's worth and influence as a public journal. That its influence may never grow less, and that the citizens regard for and estimate of it may have cause to increase is the determination of The Sentinel's publishers.

THE Sentinel is in receipt of a proclamation from Gov. Patterson of Tennessee, designating the days from September 23 to 28, inclusive, as the "Tennessee Home Coming Period." All Tennesseans, wherever they may be, are invited by the governor to assemble at Nashville, the capital of the state and spend a week renewing the ties of friendship, to strengthen the bonds of affection and to signify their devotion to their mother state. While the invitation is extended to all Tennesseans, says the governor, it is given particularly to those who have left and elsewhere cast their lots and sought their fortunes. The proclamation concludes: "To those away, the bidding is to come, for the old scenes are still here to smile a welcome, the old hearth-stone still remains to bring back the joys and sorrows of the beautiful past, the old arms which held you once are anxiously reaching out to embrace you again, and the old faces set in your heart, apart from all the world and sacred evermore, will smile and cry again for joy that you are back to Tennessee and Home."

The man whose soul is full of the religion of the Christ lives it in his daily work as well as in the pew on Sunday. He thinks and says no evil of his fellow man it makes no difference what his business.—Floresville Chronicle.

The sort of man whom you write of, brother, is rare in these 20th century days of progress and push. A good many are now intent on knowing some one else's business, what they are doing and what they intend to do; a good many are never satisfied until they are either probing into some one's affairs. Verily the true man is one who attends to his own business and assists his neighbor in times of distress with a helping hand or good counsel.—Beeville Picayune.

HALTOM'S COLUMN

BY R. W.

I am going to run this column to myself because I don't want the editor, friend Hawkins, to get credit for the stuff that goes in it. Not that I care for myself, but I don't want to injure Hawkins. Hawkins is an awful nice fellow and I have got but one complaint against him. He went and played marbles with Joe Bailey when they were small boys together back in Mississippi. He did, in real fact, but isn't it remarkable what a facility Joe Bailey had for playing marbles, fishing, hunting, foot racing, etc., with other boys when he was a kid.—I have estimated, from reading the papers, that there are no less than a thousand men in Texas, ranging in age from 25 to 75 years, that in some manner chummed with Joe Bailey "when they were boys together."

If I were in Timpson I would be tempted to pat the madam editor of the Times on the back for her good sense and sound logic in advocacy of the new "fad" of riding astride which is growing popular among the women of her town, in spite of a strong adverse sentiment. The first time I ever saw women riding astride I thought it was simply awful, but after spending nearly three years in a country where riding a side saddle was the exception instead of the rule I am convinced that it is the proper way to ride for both sexes. In many western towns a livery man will not hire a horse out if he knows a side saddle is going to be put on him. I know it is not a popular idea in Nacogdoches, but I will be glad to see the day when it will be.

I have been watching Mrs. Haltom doctor the chickens for the sore head. She has had many patients but has never lost a case. She cures them by the simple application of mentholatum. Very few applications are necessary to effect a complete cure. She wanted to put some of it on me, but I insisted that I was neither a chicken nor a sore head. Mentholatum might be a good thing to use as a hairgrease on the heads of some politicians that I know.

I wasn't much sorry that the court house bond issue lost out. Individually I was not much in sympathy with the move. I couldn't vote and wasn't sorry, for I was like our mutual friend, Zeno Cox, Sr., when once asked how he stood on a similar measure. He was a candidate and didn't want to commit himself, so he simply answered, "Well, if the people want the bond issue I want 'em to have it, and if they don't want it I don't want 'em to have it." When I vote on another court house proposition I want to know first exactly where the house is to be built and I want the bond issue to carry enough money with it to erect a building that will not be a back number and an eyesore within fifteen or twenty years. I would never vote in favor of a proposition to erect a court house in the center of the public square.

The Origin of It.

Timpson women and maidens have braved public ridicule and are riding right. It is said that necessity is the mother of invention;—false modesty played stepmother when the sidesaddle was invented.—Timpson Times.

There is some question as to whether the habit of riding sideways was due to false modesty on the part of females. When that style of riding was adopted, modesty, false or true, was rather scarce. There is a tradition that has some grounds for its existence to the effect that a queen, one of whose legs was longer than it ought to have been, set the fashion of riding sideways. She hung her short leg around the pommel of the saddle and placed the foot of the other in the stirrup. Her female subjects, in order to relieve their queen of embarrassment because of the inequality in length of her nether limbs, all limped when they walked and rode on horseback as she did. It is strange how long women adhered to the foolish way of riding sideways on a horse, and how they stampeded to the proper way to ride when some sensible and bold female took the first step in that direction. There is not a town of any size now in the State where women ride on sidesaddles.—Galveston-Dallas News.

MR. O. H. PFEIL of Cheapside marketed a bale of cotton in Gonzales Monday that brought him, he remembers, exactly the same amount of money received for four bales four years ago. That of Monday tipped the beam at 595 pounds and brought 13 1/2 cents a pound, or \$80.32. Four bales four years ago brought him exactly the same amount. No better illustration of improvement of the farmer's condition is needed.—Gonzales Inquirer.

How many farmers will admit that their condition is improved? A gentleman remarked to The Sentinel man a few days ago, that ten or fifteen years ago he could count on the fingers of one hand the farmers of Nacogdoches county who owned a buggy. Now everybody rides to town in a buggy or surry. The condition of the farmers of Nacogdoches county has improved, whether they will admit it or not.

THE good news comes from Nacogdoches that Editor R. W. Haltom of The Sentinel is improving steadily in health, and is gradually getting able to again take up his work. All of the Texas newspaper boys will rejoice in this good news.—Palestine Herald.

SOMEONE who knew what he was talking about has paid this tribute to the ingrate: "A thief may be honest in some things, a deadbeat may have charity in his soul, but an ingrate has no redeeming traits. Ingratitude steals the nursing bottle from the lisping infant, it tramples mother love under foot and sneaks out in the night and destroys flowers growing on the graves of the departed. Ingratitude knocks at your door on bleak and cold days, comes in and warms by your fireside and grows strong again by partaking of your food and wearing your clothes. It then repays the debt by lifting its head with a hiss and burying poisonous fangs in your back. Ingratitude begs medicine and food of you when it is sick, and when it grows well again it laughs at you because you were so easily fleeced. Ingratitude, trusted with honor, betrays it; trusted with virtue, destroys it. The thief can reform, the sinner repent and the prodigal return, but the soul of the ingrate is dead and the still small voice will not penetrate it."

THE voters of Texas showed Tuesday by their refusal to vote an increase of pay for members of the legislature that they don't like the kind of lawmaker who held sway in the thirtieth legislature.—San Antonio Light.

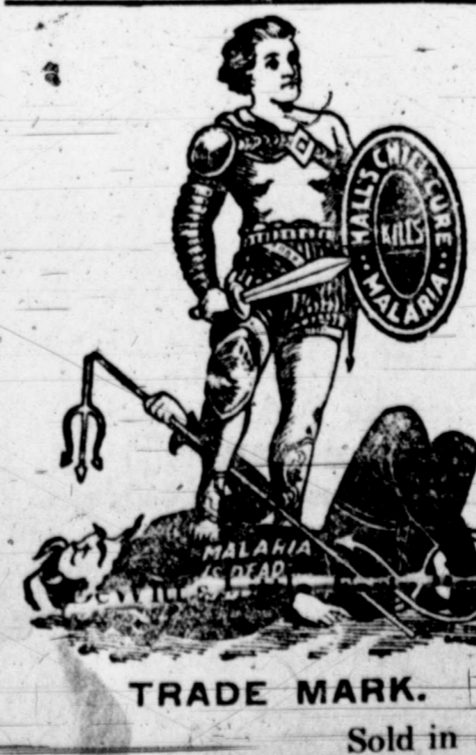

On the contrary the voters of Texas demonstrated their entire satisfaction with the lawmakers of the thirtieth. If they had wanted a change the people would have voted for the argend... increase the pay and thus secure better legislators.

Dear Sirs:—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years past I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wear them out. They commenced on me last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever and stopped them entirely. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never can say enough for Hall's Chill Cure. Yours truly, MRS. WHAT IT MEANS.

Few people realize the enormity of the fine imposed against the Standard Oil company by Judge Landis, of Chicago. The \$29,240,000 fine may be sized up in this way:

It is the income for one year at 4 per cent on \$731,000,000.

It is a trifle more than half the money coined each year by the United States government.

It is about 2 per cent of the national debt in 1906.

It is 35 cents for every man, woman and child in the whole country.

If they contributed all their salary it would take the presidents of the United States 585 years to pay the amount.

It would take 48,730 city street laborers one year to work out the amount.

It would maintain the United States army and navy two months.

It is six times the national budget of Venezuela.

It is the annual revenue of Mexico.

It is the cost of five first class battleships.

It is nearly one-half the capital of the Bank of England.

It is nearly the cost of digging the Chicago drainage canal.

It is nearly one-half the number of silver dollars in circulation.

It is \$3,000,000 more than the "profit" of operating the national government last year.

It is 29 times the capital stock of the Standard Oil Company of Indiana, the corporation fined.

It is 4783 times the annual salary of Judge Landis, who imposed the fine.

It is sufficient to fill with silver 177 flat cars of a capacity of 33,000 pounds.

THE indications are that the telegrapher's strike will become general all over the country. President Small of the Telegrapher's Union has issued a statement in which he guarantees immediate resumption of work if the government will insist upon investigation or arbitration of the matter.

THE metropolitan papers are loaded down these days with grape vine telegraph news, while the smaller ones are patronizing the boiler plate factories.

HOW MANY citizens are familiar with the Nacogdoches county road law? They may all be acquainted with its provisions but few observe them all.

THE split log drag might be given a trial on Nacogdoches county roads. They need something to improve their condition.

PALESTINE received her first bale of cotton August 12. It was sold at auction and brought 18 cents.

SPEAK FOR YOUR SECTION.

Some of the papers continue to make themselves obnoxious in their zeal for East Texas. Of course, people have their preferences; some can do better in the east, some can do better in the west, and still others can prosper anywhere. In her journeyings the Madam has lived north, east, south and west. It is all Texas, it is all good.—Timpson Times.

It is hard to believe that the Madam means just what she has said here. Of course Texas is all good, but who would speak for East Texas if her own papers did not? It would be a repetition of John Alden and Priscilla, and the question might well be asked, "Why don't you speak for yourself, John?" if the East Texas papers did not put in good lies for their section. It is all Texas, but the papers of west, north and south Texas each extol their own fields, and why not? As for the Enterprise it will continue to speak a good word for East Texas and Western Louisiana which is its fields.—Beaumont Enterprise.

The Sentinel will at all times and under all conditions speak for Nacogdoches county first, East Texas next, and then whatever time is left will be expended in boost-ind the great state of Texas. Newspapers, as well as men, can get too big for their breeches. The Sentinel does not desire to swell up to that extent, but will be content to know that its influence is felt and appreciated in its own field. However, in extolling the advantages and prospects offered by East Texas, we will never defame the other sections of the state.

NO HELP IN SIGHT.

Country editors are too accommodating to be appreciated. The country editor, as a usual thing, will humiliate himself to get an article which, really, should have been brought to his office and paid for, so much per line.—Atascosa County News.

Drive another through the same plank and then clinch them Brother Mahoney.—Floresville Chronicle.

The above is every word true, but there is no help in sight. If one reporter fails to crawl to get an item the other reporter will, and the first one will be considered too slow.—Wilson County Journal.

It sometimes occurs that reporters in their eagerness to get the news fail to draw the proper distinction between news and advertising. We said reporters, but meant newspaper men.

Prosperous Texans.

Texans are traveling this year. They are seeing Texas, America and Europe. State health and pleasure resorts are being patronized right up to the limit, the tourist registers at eastern, northern and western points of interest are literally sprinkled with Lone Star addresses, while the steamship bookings of Europe have been unusually heavy from Texas. All of which is a tolerably fair argument that prosperity has been declaring first class dividends and that the Texan is willing to go as far as his money will carry him.—Fort Worth Star.

THE weather clerk must have gone on a strike, too.

Striking Comparison.
The Sentinel is in receipt of a picture post-card from its old friend, J. W. Vineyard, on which is a picture of the court house at Oklahoma City, and this comment: "This is the kind of a court house we need in Nacogdoches. This one only cost \$85,000."
Judging from the picture it is an elegant building, three stories, and has no other building near it.

Trans-Mississippi Congress.
The Trans-Mississippi Commercial Congress which convenes at Muskogee, in the new state of Oklahoma, November 19-22, will not only be the guest of the city of Muskogee, but will be the guest of the Creek Nation, in whose ancient territory the city of Muskogee is located. Chief Porter, whom President Roosevelt designated as "the greatest living Indian," will not only be on the platform of the Congress, and an earnest eyewitness of the proceedings, but he, as chief of the Creek Nation, has extended an invitation to the chiefs of the other civilized tribes to be present. These are not the blanket Indians of Colorado and other Western states. They are the products of wise governmental supervision and these Indians contribute to the business and social life of the new state many of her richest, most progressive and highly educated citizens. Hon. Robert L. Owen, the Democratic candidate nominee for the United States senate, who will attend the Commercial Congress and take part in the discussion with regard to the removal of restrictions, is a type of this vigorous phase of Oklahoma life. Senator Owen is a Cherokee and like other prominent citizens is proud of his lineage.

Reported Cutting Scrape.
From parties who came in on the early H. E. & W. T. train this morning it is learned that Melton Mantooh, son of Judge Mantooh of Lutkin, was seriously if not fatally cut, while returning home from Houston last night.
It is stated that young Mantooh and another young man said to be from Nacogdoches, became involved in a difficulty on the train, in which Mantooh was cut across the face and stabbed several times in the body.
The young man who did the cutting jumped off the train

and made his escape and Mantooh was taken off the train at Corrigan for medical attention.
The Sentinel could not learn the name of the young man who did the cutting.
It is learned this afternoon that a man named Dwyer, an ex-freight conductor on the H. E. & W., cut young Mantooh, and that his home is in Lutkin. He had not been arrested at noon today.

State Medical Board.
Gov. Campbell has announced the appointment of the state board of medical examiners as is provided for by the act of the Thirtieth legislature, commonly known as "The One Board Medical Bill." This board, which is a central board, consists of eleven members and each must be a graduate of some recognized medical college. The personnel of the board as named by the governor follows:

MINTZ'S SUMMER CLEARING SALE

13 DAYS = Begins Saturday, August 17th = Closes Saturday, August 31st = 13 DAYS

It has been and will always be our motto to never carry any unseasonable goods, or odds and ends, from one season to another. That has been one of the secrets of our success; always having a new fresh stock at the beginning of each season. Our new fall goods will be coming in in a little over 15 days and we must clear the house of all summer wear, such as 2-piece Suits, low quarter Shoes, Furnishings and odd lots of everything.

We will surpass every previous attempt in the price concessions and BARGAIN-OFFERING yet undertaken in Nacogdoches. The big idea before us in launching this great sale is to close out every piece of summer merchandise, every Shirt Waist and Skirt, every ladies', child's and misses' Hat, and close out clean we will if deep price cutting will accomplish same. Clean, fresh, Summer Wearing Apparel, Hosiery and all accessories to the ladies' line. We have it all and your opportunity is before you to secure the same at very little cost. Every department has been called upon to contribute its part toward making this the biggest clearing sale of the season. Our entire stock of high grade Clothing, Furnishing Goods, Hats, Trunks, Suit Cases, Shoes, etc. to be sold in the next 14 days at the most ridiculous prices the public has ever witnessed in the history of Texas. Unbelievable prices! No mistake! Everything just as advertised. Credit sacrifice ever known! Don't miss it! An event that will blaze a trail through tangled masses of competition and set the people talking for miles around. **Sale positively begins Saturday, August 17th** at 7 a. m. sharp and will continue until Saturday, August 31st only. Come with high expectations and you will be surprised, for more than you possibly anticipated will be realized. We tell you there never was anything like it. "For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckle's Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckle's. No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion. Arbuckle's was the first roasted packaged coffee, and its sales exceed all the others put

together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in ARIOSA than anyone else can give for the price; Being the standard article it is sold at the narrowest margin of profit. Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a

package bearing his name. Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckle's ARIOSA, or what you pay for it, it's the same old uniform Arbuckle's ARIOSA Coffee. If your grocer will not supply, write to ARBUCKLE BROS., New York City.

State Pharmacy Board.

Gov. Campbell has announced the appointment of the state board of pharmacy under the law passed by the Thirtieth legislature. The board is as follows: Tom J. Snell, Cooper, Delta county; W. E. Robertson, Gonzales; John Weeks, Ballinger; Bruce Vredenberg, Beaumont, and W. H. Roberts, Denison.

For sale by Stripling, Haselwood & Co. w

A Big Mortgage.

County Clerk J. A. Spears has received for record a mortgage for \$3,500,000. It was given by the Gulf Pipe Line Company of Chicago to the Union Trust Company of Pittsburg, Pa., to secure one 15 year 7 per cent gold bond. It is by far the largest mortgage County Clerk Spears has ever received for record.

The Plain Plucker.

If a burn or a bruise afflicts you rub it on, rub it on. Then before you scarcely know it all the trouble will be gone.

For an aching joint or muscle do the same.

It extracts all pains and poisons, plucks the stings and heals the lame.

Hunt's Lightning Oil does it.

Marion Burrows has resigned his position at Willard, and came in today to accept a position with Stripling, Haselwood & Co. Marion's many friends gladly welcome him back to Nacogdoches.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and \$1.00. Sold by Kleas & Mast. w

His First Experience.

A young man, recently married, early in the spring secured a suburban place, mainly with the idea of "fresh, homegrown vegetables." Every evening he would hurry through his supper and rush out to his garden, where he displayed more energy than skill. But when many little green things began to break the ground in his neighbor's garden, his own remained as bare as the Sahara. "It certainly has got me beat," he confided to a friend at his office one day. "I can't understand why not a blessed thing has come up. I planted peas, corn and potatoes." "Perhaps the seeds were defective," suggested the friend. "No, I hardly think it was that," replied the gardener, "for I got the very best—paid 15 cents a can for them." Argonaut.

DANGER IN DELAY.

Kidney Diseases are too Dangerous for Nacogdoches People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Back ache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsey, diabetes and bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

D. H. Goldberg, of Lufkin, Texas, says: "For several years I suffered, off and on, with dull aching pains across my back and I had much trouble with too frequent action of my kidneys. I tried nearly every kidney cure on the market with no result, until an old traveling man recommended Doan's Kidney pills to me. I bought a box at the Johnson Drug Co., and was helped considerably by its use. I continued taking the pills and since using them I have had only one slight pain. I take pleasure in stating that Doan's Kidney pills is the best remedy of the kind I have ever used."

Plenty more proof like this from Nacogdoches people. Call at Kleas & Mast's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's,—and take no other.

Harris Zeve has resigned position with Stripling, Haselwood & Co., to take effect within the next few days, and will take up the study of pharmacy.

Beyond Expression

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed remedy for all itching disease of the skin. Price 50c. w

Laid to Rest.

From Thursday's Daily: The remains of the late Isaac M. Shepherd were laid to rest in Cold Springs cemetery, four miles southeast of Garrison, this morning at 10 o'clock. The funeral services were conducted by Rev. T. W. Fowler. At the grave the beautiful and impressive burial service of the Masonic fraternity was performed by Garrison lodge. The funeral was the most largely attended of any ever before conducted at Cold Springs cemetery, every place of business in Garrison closing from 9 to 12 o'clock this morning that all people might attend and pay their last respect to a distinguished and an honored citizen.

Among those who attended the funeral from Nacogdoches were Judge V. E. Middlebrook, D. K. Cason, W. B. Pearson, W. E. Thomason, Elbert Summers and G. W. Stone.

Children in Pain

never cry as do children who suffer from hunger. Such is the cause of all baby's who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by Kleas & Mast. w

Another Saw Mill Burned.

The Cushing Enterprise states that the saw mill of Hudson & Spurlin, situated two miles south of Cushing, was burned at 2:30 o'clock Wednesday morning. The mill was valued at about \$2,500. It is not known whether or not there was any insurance.

Indigestion for 23 Years.

Mr. W. G. Manuel, Biloxi, Miss., says: "I suffered for 23 years with a most severe case of indigestion. After I had been treated by three physicians with no benefit, I began to use patent medicines. I used everything I could hear of without results, until I got the wonderful Pa-Nol. It gave me quick relief. My appetite is fine, and I scarcely have any symptoms of my old trouble, although I have used only two bottles up till now. It has done more for me than all I have tried for years put together." Sold by Stripling, Haselwood & Co. w

The good news reaches us through the columns of the Nacogdoches Sentinel, that our old time friend, Lee Harde-man, was able to walk down town Friday for the first time in four months. Lee has been suffering with an attack of sciatic rheumatism, but is rapidly recovering.—Jacksonville Reformer.

What Do They Cure?

A question often asked concerning the two leading medicines, Golden Medical Discovery and Pierce's Prescription, is that the answer is that Golden Medical Discovery is a most potent alterative and purifier, and tonic or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchial tubes, stomach, bowels, bladder, or other pelvic organs. Even in chronic or ulcerative stages of these organs, it is often successful in effecting a cure.

The "Favorite Prescription" is advised for a wide class of diseases, those of a mucous, uranic, and glandular character, acting invigoratingly and restoratively for weak women, no matter what the break-down. "Favorite Prescription" will be found most effective in restoring up the strength, regulating the functions, subduing pain, bringing about a healthy, vigorous condition of the whole system.

Books of particulars wrapped each bottle with the formulae of both medicines and noting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice, are given in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on these several ingredients entering into Pierce's medicines by such writers should be more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

A Bad Sign

Irregularity is bad in every department of life, in meals, in sleeping hours, but especially when it is a question of womanly habit. Not only is it a sign of female disease, but, unless cured, it will cause dangerous troubles, because of the poisons thus allowed to remain in the system.

If you suffer in this way, get a bottle of

Wine of Cardui

Mrs. Lucinda Johnson, of Fish Creek, Wis., writes: "I suffered for fourteen (14) years with irregularity, causing great pain. At last I tried Cardui, and now I am cured." At all drug stores, in \$1 bottles.

The Legal Five-Day Institute for White Teachers will open at 9 a. m. Monday, September 2, and will close at noon Saturday, September 7, 1907. After the first day the Institute will meet at 8:30 a. m. The attendance upon the Institute will be enforced according to law.

It is expected that every teacher prepare upon the question for discussion as well as the part assigned him on the program. Those assigned parts are expected to read up on the question and have something worth while to say.

We can not excuse any one from this meeting, and please do not ask us to do so. A teacher too much hampered to attend the Institute one week is too much hampered to give all his time to his school. The law requires a Teacher to attend and no teacher should be a law-breaker.

County Superintendent.

The statute of three years possession and limitation alleging that the plaintiffs and those under whom they claim have had and held under a color of title from and under the State of Texas peaceable, continuous and adverse possession of said land 13th. The statute of five years possession and limitation, alleging that the plaintiffs and those under whom they claim and whose estate they have, have had peaceable continuous and adverse possession of said lands, cultivating, using and enjoying the same, paying all taxes due thereon for a period of more than five years, claiming same under deeds duly registered.

That upon the said 1st day of August, 1907, and now, the defendants were and are asserting some character of ownership and title to said land, asserting the same as accrued to them by virtue of their relation to and ownership of the said Jos. F. Lewis, deceased, and the said Jno. D. Sennett, deceased, and the said Ellen Sennett, deceased; the said claim so asserted cast a cloud upon the title of these plaintiffs to said land and interferes with their making a sale of same, that if the defendants have any other claim to said land, the same is unknown to the plaintiffs.

Plaintiffs pray that defendants be cited in terms of law to answer this petition and for judgment quieting their possession, removing all cloud cast upon their title by virtue of said claim, and that the title to said land be vested out of the defendants and into the plaintiffs, for costs and for general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

D. 1901, and thereafter lived and cohabited together as such man and wife till the 24th day of December, A. Wherefore, plaintiff prays for citation to defendant as the law prescribes and upon final hearing that she have judgement of this Court dissolving, annulling and holding for naught the bonds of matrimony now existing between plaintiff and defendant, for cost of suit.

Trawick Topics.

Trawick, Aug. 12.—Owing to flourishing business and want of time we do not write so often as we would like to.

Everything shows to be in a prosperous condition at present. The new planer is putting in full time with all the saw mills in reach pushing out their output.

A new grocery store has just opened up, by T. J. Plunkett & Co., and another Blacksmith shop will go up next week.

Watermelons are the order of the day, some being the finest of previous years.

The new warehouse of Paine Bros. is complete. It is 40x80 feet and is ready for use.

The Southern Mills Co. have bought the saw mill of the B. M. Lbr. Co., north of here and will take hold of same immediately.

With all prospects and opportunities afforded, we yet have no practicing physician to move among us.

We had some real good preaching last week by Rev. Parker of Jacksonville.

The protracted meeting is expected to begin here the 4th Sunday in August.

We need rain very bad. Health of our community is good.

Chronic Diarrhoea Relieved.

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes, "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy some time ago to check an attack of old chronic diarrhoea. I have used it since that time and cured many on our train who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by Kleas & Mast. dw

Rev. A. J. Miller went to Lilly Grove this afternoon to spend a few days assisting Rev. M. L. Heflin in a meeting, and he requests The Sentinel to announce that there will be no prayer meeting at the Baptist church Wednesday evening.

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by Kleas & Mast. dw

Mrs. Cordelia Kellum of Van Zandt county is visiting friends and relatives in Trinity community, and is the guest of her cousin, Mrs. W. A. King. Mrs. Kellum is the oldest grand child of Gen. Thomas J. Rusk, and was raised in Nacogdoches county.

Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price 25 cents. Sample free. The Limit of Life.

The most eminent medical scientists and unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Kleas & Mast, Druggists. 50c. dw

Baby Burned.

The little child of Jim Haltom was unfortunately burned about the feet yesterday afternoon. Mrs. Haltom had set some trash afire, and the little one walked through the hot embers badly burning the little one's feet.

Diarrhoea Cured.

My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle of Philippi, W. Va. "He says Chamberlain's Colic, Cholera and Diarrhoea remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by Kleas & Mast. dw

Rev. C. A. Tower, presiding elder of this district, passed through the city today en route home to Timpson. He had been to Prairie Grove church where he held quarterly conference, and intended assisting Rev. F. E. Luker in a meeting this week but was taken sick and had to return home.

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea remedy since it was first introduced to the public in 1872 and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by Kleas & Mast. dw

E. Hogan, Sr., his son, George Hogan, and niece, Miss Levia Hogan, all of Mahl, left here today for Danville, Yell county, Arkansas, to visit their old home and attend an old soldiers' reunion.

Rev. Ellis Smith of Jacksonville came down yesterday to meet his wife and children here from Chireno to return home with them this afternoon.

DEAFNESS CANNOT BE CURED
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ear are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.
We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

From Chireno.

Chireno, Aug. 12.—This is indeed an ideal Southern summer. Notwithstanding the warm weather it is very enjoyable to our people. The long afternoons afford interesting opportunities for business, social pleasure, recreation, and for thought and study. While each season has its unique charm and mission, it is always with sadness we say "good bye" to the "Good old Summer Time."

Chireno is a pleasant place to live; no "ice trust" here. Our wells and our everlasting springs supply our every demand—the coldest, pure free-stone water. As a result we have fewer cases of pernicious fever than other places of its size.

For the past ten days the Baptists have been holding their annual protracted meeting at this place, conducted by the pastor, Bro. Spivy, ably assisted by Bro. Pearce.

We are glad to have these consecrated men in our midst. May the good seed sown spring up and in years to come bear fruit in the hearts of our now heedless boys and girls.

Mr. Morgan, living two miles west of town, was buried Wednesday in Rocky Hill cemetery. He leaves a wife and three little boys. He was a Woodman, was kindly cared for and laid to rest by that fraternity.

Mrs. W. B. Pullen of Jacksonville made us a flying visit Thursday, too brief to be realized till she was gone. For years Dr. and Mrs. Pullen were residents of this place. The latter was one of our teachers in both music and literature. They were both much loved and honored by their friends.

Miss Willie May McKnight is visiting her aunt, Mrs. I. J. Hall.

Many visitors are in town today, too numerous to mention.

Crops are much more promising than was anticipated by many of the farmers.

The announcement of Mr. R. W. Haltom's returning health is gratifying to his many friends. As Atlanta prized the great Henry W. Grady, so should all Nacogdoches prize our Hon. R. W. Haltom. He has done more for our county than any other man. His place can never be filled.

Says Mrs. Huffaker.**

Mrs. Mittie Huffaker, R. R. No. 6, Columbia, Tenn., writes: "I was afflicted with dyspepsia for several years and at last was confined to my bed, unable to sit up."

"It is to Pe-ru-na I owe my life today."
"I cheerfully recommend it to all sufferers."
