FERD DAVIS DEAD.

Well Known Farmer Died Suddenly
at Melrose Sunday.

Ferd Davis, aged 65 years, died at his mother's home yesterday in Melrose.

He was up early yesterday morning, enjoyed a hearty breakfast and later lay down to rest. While lying down he asked for some liniment, which was brought to him. Several minutes later as his mother passed where he was lying, she noticed his head in an un-natural position, hanging off the side of the bed, and on going to him discovered he was dead, and his death, it is said was caused from the dose of liniment.

Mr. Davis was well known here and in Center, where he lived several years before moving to Melrose. He was reared in San Augustine county.

L. J. Chisum of Woden was in the city today on business.

Baby Died From Burns.

From Monday's Daily:

Lottie Lou, the baby daughter of Mr. and Mrs. Jim Haltom, who reside six miles east of town, died early this morning.

Burns received about the feet from running through hot embers was the cause of the death.

This occurred several days ago and while doctors were giving the little one every attention the burns were so severe the little constitution could not resist and about 1 o'clock it's suffering was relieved.

Lottie Lou had not reached her second year's birthday. In the month of October she would have been two years old.

The heart broken parents and relatives have the sincerest sympathy of everyone.

Everything in our stock will be offered at ten per cent off for cash until the first of September. E. M. Dotson.

FIRE AT SAN AUGUSTINE.

Oldest Brick Building in Texas
Goes up in Smoke.

Special to The Sentinel.

San Augustine, Tex., Aug. 20.—The most disastrous fire that has occurred in San Augustine in a long time occurred here last night.

About 9:30 o'clock fire was discovered on the second floor of the building occupied by the general merchandise store of J. L. King. As soon as the fire was discovered several young men rushed up the stairway inside the store room leading to the second floor. When they burst the door open the flames rushed out into their faces, seriously burning each of the boys about the face and arms. In making their escape the stairway fell with them, but none were hurt by the fall.

The building occupied by Mr. King was owned by Capt. T. W. Blount, and was the first brick building erected in the state of Texas. This, with King's stock, was a total loss.

The fire then spread to the hardware establishment of Tucker & Sharp, destroying the two buildings and the two warehouses occupied by them.

The drug store of Stipling & Burrows was badly damaged.

J. L. King's loss was \$5000; insurance \$3,200.

Tucker & Sharp's loss was \$20,000; insurance \$12,000.

The buildings and warehouses occupied by Tucker & Sharp were owned by E. A. Blount of Nacogdoches, and Mrs. Jennie B. Holmes.

Mr. Blount's building was insured for \$1500, and Mrs. Holmes had \$1900 on her building and \$400 on the warehouse.

The building of Capt. T. W. Blount was insured for \$2,500.

The origin of the fire is unknown.

Those who were burned in attempting to get to the fire in the T. W. Blount building were R. N. Stripling, Hollis Rankin, E. E. Smith, Leo Bell, Frank Langston, Covey Beard, George Mackechney, Lud Bierhalter and Cabe Downs. Each of these is badly burned, and the condition of Mr. Stripling is serious. His face and hands were burned to a blister and nearly all the hair was singed off his head.

Mr. Williams is now in market buying a complete stock of fall and winter goods, and during the next ten days we will take off ten per cent on everything sold for cash. Come and see what we have and buy what you want.

SENSATIONAL AFFAIR.

State Troops Charged With Taking Government Property.

Austin, Texas, Aug. 14.—A sensation has developed in connection with the recent state encampment, with the allegation that the state troops encamped here took away with them several thousand dollars worth of United States army property, consisting of six-shooters, blankets, etc., for which the state must pay.

The Houston companies are charged up with \$995 worth of this property by the adjutant general's department, while Dallas militiamen are alleged to have \$1100 worth.

Adjutant General Newton leaves for Houston tonight to receive that in possession of the Houston militia, and from Houston he will go to Dallas on a similar mission. All that can not be recovered will be charged up against the companies by the state, and the militiamen dealt with under the state statutes.

SHORT TALKS, by Boothe.

Some of the old things we did in our younger days, we still do. Some of us cling to the same old style in hats, clothes and shoes. Years ago we kept our bed-room windows closed; but now we keep them up. Some people who have suffered for a life time from different maladies, are still taking drugs that they took in their childhood. Mrs. Sarah Reitz, of Juniper, Ga. has the right idea. She writes:

"BROMONIA Co.
Gentlemen: I have not been able to eat any solids with comfort for twenty years. I saw your ad. offering free Bromonia to any sufferer. In pure desperation, I applied to our local druggist and received a free bottle. I feel that I should write to you and tell you that its effect was magical. I ate, for the first time in twenty years, a meal without pain. I have recommended it to many other sufferers who think I am their best friend on earth."

New things are sometimes the best. Try Bromonia. Your local druggist will guarantee, if you follow our directions to cure you or refund money. For sale by Mast Bros. & Smith, Nacogdoches, Texas

LABOR DAY A HOLIDAY.

Executive Order Issued by President Roosevelt.

President Roosevelt has issued an executive order making Labor Day, September 2, holiday for government employes, and laborers who are employed by the day. The order is as follows:

"It is hereby ordered that all per diem employes and other day laborers in federal public service, wherever employed, whose employ extends through and by the first Monday in September, commonly known as Labor Day, and set apart as a national holiday for certain branches of the public service by the act of June 28, A. D., 1894, be excused from work on said day and the said day is declared to be a holiday for all purposes for said per diem employes and laborers."

A Creditable Showing.

The report of County Treasurer W. E. Thomason, just filed with the commissioners court, shows that Nacogdoches county has \$47,791.99 in her treasury, and does not owe a cent. There is over \$10,000 in the road and bridge fund, and all other funds have a good surplus to their credit except the jury fund, which is about \$3,000 in the hole. Yet under the contract with the Commercial National bank, the county depository, all jury scrip, as well as all other county scrip, is worth one hundred cents on the dollar and is cashed at par.

M. B. Lee and W. G. Hand of Martinsville, two prominent farmers of the county, were in town trading today.

A. Hatcher, a farmer, living one and a half miles southwest of Nacogdoches, Texas, says: "About six months ago my wife was complaining a great deal of bearing down pains across her hips, extending down into her limbs. The kidney secretions were very irregular and scant and there was a scalding in passage. I had heard so much about Doan's Kidney pills that I went to Mast Bros. & Smith's drug store and procured a box. Within twenty four hours after taking the first dose she found relief, and before half a box was used the pain had entirely disappeared. There has been no return of the troubles. Seeing the good Doan's Kidney pills did for my wife, I started to use them, and they acted in my case with equally good results. T. J. SMITH
LUFKIN, TEX.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untold Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them, and in the course of this conviction, he holds with pride the almost marvelous cures effected by his "Golden Medical Discovery" which has proven itself to be the most efficient stomach tonic, liver invigorant, blood purifier, and general blood cleanser known to medical science. Dyspepsia, indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other ailments, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weakness, and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of authentic testimonials contributed by grateful patients who have been cured of their troubles. This medicine is especially adapted to the treatment of all ailments of the female system, such as weakness, irregularities, displacements, and all other ailments of the female system, and is a most valuable and effective medicine, and physicians had.

Both the above mentioned medicines are wholly made up from the extracts of native medicinal roots. The processes employed in their manufacture were originally with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances especially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of the ingredients is printed on each bottle wrapper.

FIRST BALE OF COTTGN.

Brought in by Henry W. Birdwell of Chireno.

From Thursday's Daily: The first bale of cotton of the crop of 1907 was brought in this morning by Mr. H. W. Birdwell, a well to do young farmer residing near Chireno.

The cotton classed good middling and the bale weighed 500 pounds.

The cotton and seed were auctioned off in front of Mayer & Schmidt's at 10 o'clock this morning. Mayer & Schmidt buying the cotton at fourteen and one-fourth cents per pound, and the seed were sold to T. J. Roquemore, at the rate of \$15 per ton. In addition to the amount bid on the cotton and the seed, a premium of \$37.25 was made up by the business and professional men of the city, making the bale of cotton and seed net Mr. Birdwell \$115.55.

The first bale of cotton received last year was brought in on August 4, by Louis D. Miles, a colored farmer living near Chireno.

MALARIA A SYSTEMIC BLOOD POISON UNDERMINES THE HEALTH LAYS THE FOUNDATION FOR DISEASE

Malaria comes from the absorption into the blood of germs and microbes which destroy the rich, nutritive qualities of the circulation and reduce it to a weak, watery, disease-spreading stream. The healthy color of the skin is given to it by the millions of little red corpuscles which are in the blood. These are the carriers of nourishment and health to all parts of the body. In other words the very life and vitalizing essence of the circulation. The destruction of these corpuscles by the malarial poison takes the color from the cheek, and in the first stages of Malaria we have pale, sallow faces, poor appetite, a bilious condition is set up, and we feel "out of sorts" generally. But Malaria means more than this; it is a systemic blood poison which undermines the health and gives rise to innumerable and sometimes serious disorders and diseases if the poison is allowed to remain in the blood. As the blood becomes more and more polluted with the malarial poison, the digestion becomes deranged, chills and fever are frequent, skin diseases, boils and carbuncles, and sores and ulcers break out on the flesh, and after awhile the foundation is laid for other diseases which either prove fatal or permanently undermine and wreck the health. Malaria can only be worked out of the system through the blood. Purging the liver and bowels with strong, nauseating cathartics can never remove the trouble because they do not reach the blood where the germs are constantly multiplying. The only hope for a cure is a remedy that can destroy the germs and microbes, and neutralize the bad effects of the poison, and S. S. S. is the medicine to accomplish this, because it is a perfect blood purifier and a general systemic remedy of unequalled value. S. S. S. searches out and removes every trace of the malarial poison and puts the blood in such rich, healthy condition that sallow, anaemic complexions take on the ruddy glow of health, the liver and digestion are righted, the appetite improved, the system vitalized and strengthened, and every symptom of Malaria passes away. Malarial persons will find S. S. S. not only a prompt remedy but a gentle, pleasant acting one, as well as a certain cure for this disease. Besides removing the cause of Malaria S. S. S. builds up every part of the system by its fine tonic effects. Persons living in a malarial section should, at this season, fortify their systems against this insidious disease by purifying their blood with a course of S. S. S. Book on the blood and any medical advice desired sent free of charge.

PAUL REFUSED BAIL.

Judge Short Released on Five Thousand Dollar Bond.

From Saturday's Daily:

A phone message from Center this morning to Attorney Geo. S. King stated that Judge Perkins, on convening court this morning had announced his decision in the Paul and Short habeas corpus trials.

The court decided that Dr. Paul was not entitled to bail, and Judge Short was granted bail in the sum of \$5,000, which he gave.

Judge Perkins also changed the venue of both cases from Shelby county, but it was not learned to what counties the cases were transferred. It is known, however, that the two cases will not be tried in the same county.

This has been the most exciting and interesting case that has ever before come before the courts of Shelby county, and the end is not yet.

The grand jury now in session at Center has also indicted Bill Mitchell for the murder of Editor Jim Truitt of the Timpson Times, committed twenty years ago.

Short and Paul Cases.

In rendering his opinion in the Paul and Short habeas corpus cases at Center last Saturday Judge Perkins changed the venue of both cases. Dr. Paul's case was changed to the district court of Panola county, and Judge Short's was transferred to Tyler, Smith county.

Dr. Paul has been transferred to the jail at Carthage to await his trial.

Oscar Crain returned to Austin yesterday. Mrs. Crain will visit a while longer.

Citation.

The State of Texas To the Sheriff or any Constable of Nacogdoches Co., Greeting:

Affidavit having been made as by law required, you are hereby commanded to summon the unknown heirs of Joseph F. Lewis, deceased, and the unknown heirs of John D. Sennett, deceased, and of his wife, Ellen Sennett, deceased, by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a paper published therein; but if not, then in any newspaper published in the Second Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Second Judicial District, to appear at the next regular term of District Court of Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches, on the 31st day of September, 1907, the same being the 10th day of September, 1907, then and there to answer a petition filed in said Court on the 14th day of August, 1907, in a suit, numbered on the Docket of said Court No. 2431, wherein Ben T. Wilson and W. T. Wilson, are plaintiffs, and the unknown heirs of Joseph F. Lewis, deceased, and the unknown heirs of John D. Sennett, deceased, and the unknown heirs of Ellen Sennett, deceased, are Defendants, and said petition alleging that heretofore on August 1st, 1907, the plaintiffs were lawfully seized and possessed of the following described land and premises situated in Nacogdoches County, Texas, holding and claiming the same in fee simple, to-wit: All that certain tract of land about 14 miles Southwest from the town of Nacogdoches, a part of the T. J. Lambert league grant of land, beginning at the southwest corner of said league on north bank of the Angelina river, from which a S. 6, 20 in. brs. N. 53 E. 13 vrs., and a water oak 14 in. brs. N. 48 W. 10 vrs.; thence north with the west boundary line of said league grant 1924 vrs., to a corner, from which a sweet gum 14 in. brs. S. 75 E. 6 3-10 vrs., and a water oak 14 in. brs. N. 11 W. 5-6-10 vrs.; thence east 1000 vrs. to corner on west bank of the Loco bayou, from which a white oak 24 in. brs. N. 28 1-2 W., and another white oak 8 in. brs. N. 63 1-2 W., and a hickory 14 in. brs. S. 84 W.; thence southwardly down said Loco bayou to where it crosses the east line of said league, thence south with the east line of the original Thos. J. Lambert grant 540 vrs. to its S. E. corner on the north bank of the Angelina river; thence westwardly up said river to the place of beginning, containing 826 1-2 acres of land more or less, excepting 126 acres off of the northern portion of said tract heretofore sold by A. L. Ramsey to A. B. Buchanan.

That upon the said 1st day of August, 1907, and now, the defendants were and are asserting some character of ownership and title to said land, asserting the same as accrued to them by virtue of their relation to and heirship of the said Jos. F. Lewis, deceased, and the said Jno. D. Sennett, deceased, and the said Ellen Sennett, deceased; and the said claim so asserted cast a cloud upon the title of these plaintiffs to said land and interferences with their making a sale of same; that if the defendants have any other claim to said land, the same is unknown to the plaintiffs.

Plaintiffs pray that defendants be cited in terms of law to answer this petition and for judgment quieting their possession, removing all cloud cast upon their title by virtue of said claim, and that the title to said land be vested out of the defendants and into the plaintiffs; for costs and for general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with you return thereon, showing how you have executed the same.

Witness, R. W. Murphey, Clerk of the District Court of Nacogdoches County.

Given under my hand and the seal of said Court, at office in Nacogdoches this 7th day of August, A. D. 1907.

Estray Notice.
 In compliance with law and upon the return of H. V. Timpson, County Commissioner of precinct No. 2, Nacogdoches County, Texas, I hereby give notice that there has been found running at large and estrayed the owner of which is unknown, one mare colored gray horse about 4 years old, 12 hands high, in or near brand, 200 pounds weight, weighing 10 miles northwest from Nacogdoches and left in the care of E. V. Phyllis.

If not legally proven away by the owner within 15 days from date hereof, the Commissioner will proceed to sell the same according to law.

J. A. Speas, County Clerk
 Timpson, Nacogdoches, Texas, this 12th day of August, 1907.

Moved to Timpson.
 Timpson, Aug. 17. Last Monday Mrs. A. V. Simpson's family and mine also boarded

the train at Garrison with one car of household goods and now we are very pleasantly domiciled in our new homes surrounded by kind looking neighbors in a nice clean town dressed in white sand.

Rain is needed badly in this part of the county.

Wednesday night the glad-some sound of four church bells rung for prayer meeting.

Miss Lora Hardeman returned from Houston where she had been visiting her brother and will spend a short time with home folks.

Rev. Tower met some of us and gave us a hearty welcome to his town which makes a stranger feel good away from home.

Several families of our old friends are living here. Especially our dear friend sister John Isabel whose home we visited when quite a youthful bride, on the banks of the Angelina river.

Mr. John Wilson and A. V. Simpson will come in this evening to spend Sunday with their families.

We cannot get along without The Daily Sentinel so please send it right on the next train to my new address. L. Wilson.

E. Hauser of Houston, a former resident here, is visiting his son, Roseco, and also making a business visit. He has taken up the business of traveling again, and will make this place about once a month.

The anti-pass law is keeping the attorney general's department busy handing out opinions.

Gov. VARDAMAN is now listed as a full fledged member of the Improved Order of Executive Backnumbers.

The public schools of Nacogdoches will not open till September 16, which will give nearly a month more of vacation.

DESPITE the threatened attack upon the tobacco trust, the price of Nacogdoches grown tobacco still remains strong.

THERE is an old contention that you can get fire by rubbing two sticks together. Perhaps so, if they are sticks of dynamite.

THE bubonic plague is in San Francisco. It might be well for the Civic League to get busy and clean up this old town some more.

THE love of money is the root of all evil, says holy writ; but the inspired writer might have made it more plain by stating that behind the root is selfishness.

THE ginning season is here, but ginners should remember that they are required to interview the county clerk before they can legally begin ginning the season's crop.

THE following from the Center News will no doubt meet the approval of some of Nacogdoches county officials: "In conversation with a commissioner recently he said that if the people would advise with the commissioners' court more and abuse it less better results would be obtained—and the gentleman is correct on the proposition. Continuing he said that a commissioner could never ascertain what his people wanted in advance, and according to their verdict always happened to do the wrong thing. He was informed that he had congenial company in members of the legislature, town alderman and school trustees."

THIS drouth is one of the most severe in many years, because it extends to all sections of the United States as well as throughout Texas. From everywhere comes the cry of "dry and all vegetation parching." The Abilene Reporter contains this item: "A gentleman of our city who has just returned from Dallas states that from Cisco east the crops are burned up, all along the railroad. Along the interurban between Fort Worth and Dallas the company is burning the standing Johnson grass. This is the first time I ever saw Johnson grass dry enough to burn in the summer time and it shows just how dry that country is," he said. It is pretty dry when that grass will burn, as we all know."

STATE TAX RATE.

State Board Fixes the Lowest Rate on Record.

The Houston Chronicle of Tuesday contained the following special from Austin:

The state tax board, composed of the governor, comptroller and state treasurer, as provided for under the automatic tax law, convened today and fixed the ad valorem tax rate for this year at 12 1-2 cents on the \$100 property valuation. This is the lowest tax rate the state has ever had.

The school tax rate was fixed at 20 cents in compliance with the act of the last legislature and this assures six months operation of public schools in compliance with the constitutional provision.

The total tax rate for this year, including the ad valorem and school tax, will be 32 1-2 cents, a reduction over last year's total rate of 5 1-2 cents.

The total property valuations in the state amounts to \$1,607,615,458. On a 12 1-2 cent rate this will net the general revenue \$1,607,615. Additional amounts necessary to conduct the government will come from other sources, such as franchise taxes, charter fees, liquor tax and gross receipts tax.

The state school board also met today and fixed the per capita apportionment of the available school fund at \$6, which is the highest it has ever been in the history of the state. This means that the 893,441 school children in Texas will be allowed \$6 each by the state for their education during the coming year. This makes a total fund apportionment for this year of \$5,360,646. On the whole, the two boards today have accomplished more for Texas than any single agency has for many years.

Farmers Union Cotton Yard.
Nacogdoches, Tex. Aug. 20.—The Executive Committee of the Farmers Union of Nacogdoches county, met today and arranged for the opening and conducting of the Union cotton yard for the present cotton season, by electing A. J. Murphey manager. The yard will be at the same "Old Stand" and will be conducted under the same regulations as heretofore. We would respectfully ask the co-operation of all Union men and their influence for this, THEIR business.

Also, we solicit and would very much appreciate the patronage of all who will give our yard your patronage. We guarantee that you will be treated right in every respect. Also we have a shed that is free to our patrons. Your business will receive every necessary attention. This is the only "Farmers Union" institution in the county and we think and believe that it should receive the support of every Union man who markets his cotton at Nacogdoches. Give your patronage and influence to your business. Respectfully,
Executive Committee.

ANOTHER DISASTEROUS FIRE.

Methodist Church, Boger House and Dooley's Residence Burned.

From Friday's Daily:

At 12:20 this afternoon the residence and boarding house of G. D. Boger, on Hospital street, caught on fire, and in less than 30 minutes \$15,000 worth of property had been destroyed.

The fire originated in the roof of the kitchen, but in a very short time the whole building was in flames. From this the Methodist church on the east and the residence of M. J. Dooley on the west caught on fire, and in a very few minutes all three were in ashes.

Mr. Boger saved some of his household goods, but his loss will foot up at least \$8,000 with only about \$3,000 insurance.

Mr. Dooley saved all his household goods, but the house, owned by L. Zeve, was totally destroyed. Loss about \$1,500; insured for \$1,200.

The Methodist church was somewhat aged and not in very good repair, hence its value is hard to estimate. It is a total loss and was not insured.

Immediately east of the church was the Methodist parsonage, and for a time it seemed that it would be burned, but heroic work saved it.

Just north of the Methodist church was the gunsmith and repair shop of Joe Muller, and this burned together with all fences and outhouses surrounding it. Several times Mr. Muller's house caught on fire, as did a number of houses for several blocks away. The roof of the barn of Mr. I. L. Sturdevant, on North street, caught from flying coals, and came near burning.

There were a number of men who were overcome by the heat. For a while the condition of Fire Chief L. P. DeMouche was critical. He was carried to his home and given medical attention, and at 3 o'clock this afternoon he was on the road to recovery.

Everything being so dry, and means with which to fight fire being so meager, it is a wonder that more property was not destroyed before the flames were checked.

EXCITEMENT AT WODEN.

Mad Cow Killed and a Fight on the Square.

Woden, Tex., Aug. 20.—Our little burg was considerably excited yesterday afternoon by a cow going mad.

About three weeks ago a mad dog was killed just out of town. One dog, belonging to Mr. Edwards, was bitten, and on the fourteenth day it showed symptoms of rabies and was killed. Then the cow going violently mad on the twenty-first day has thrown everyone into a state of uneasiness which can be better imagined than written.

The neighbors joined in the chase and the contents of several guns were emptied before the cow was finally killed.

The animal belonged to Mr. Rich King of this place.

On Saturday afternoon there was a free for all fight on the public square, caused, presumably, by the parties indulging too freely in the "juices" sold at Marion, about six miles from here.

Two engines on the Nacogdoches Southeastern, just south of town, collided. Both engineers jumped, but no one was hurt, and very little damage done.

A protracted meeting begins at Simpson's camp ground on Saturday, 24. Dinner on the ground.

Mr. Ben Nugent organized a lodge of the Columbian Woodmen last week. They are occupying the lodge rooms of the W. O. W. for the present.

Mr. M. J. King is building an addition to his residence.

The Christian people are soliciting funds to build a church here. Mr. J. Chisum, Sr., has donated the ground.

The mill and planer are running full hand.

The weather is still dry and hot, although we had one very nice rain. Mr. Lawrence Buckner of Chireno was with friends here on Sunday.

Hunter Seale visited Melrose and Martinsville Saturday and Sunday.

Mr. Jim Burnaman, wife and baby of Louisiana are visiting relatives here.

Prof. Thompson, wife, little son and baby, Katherine, are here for a few weeks.

Miss Marguerite Butler of Denton is with Mrs. Thompson for the summer.

Mrs. Ruby Rader and little daughters, Artie and Helen, are home from a visit to Houston and the seaside.

Mr. Oscar Buckner spent Sunday with his family at Melrose.

Mr. Wm. Thompson is with his wife and babies at Tenaha.

Mr. and Mrs. Louis Teutsch gave a little party to the young folks on Saturday night, which was very much enjoyed.

The health is splendid. Water melons plentiful.

B. M. HALL & SON

In Memoriam-Frank Hanks.

The Rector and Choir of Christ Church would express their deep and unfeigned sorrow at the death of their beloved friends and associate Frank Hanks, and their sincere sympathy with his bereaved family. Frank has been a member of the choir of Christ Church for two years, and during all that time had been prompt and faithful in attendance as well as earnest and sincere in the discharge of his duties. His open sincerity, bright intelligence and many winning qualities of heart and mind had endeared him to all his associates, and our hearts were closely entwined about him. His sudden death in the bud and promise of his boyhood, when many useful happy years seemed opening before him, came as a dreadful shock, and our hearts are bowed with grief. We cannot read the purposes of God, but we believe that our loving Father has in his goodness and wisdom taken him unto himself, and we yield in faith and humble submission to His divine will.

To his grief stricken parents and their family, we respectfully tender our heartiest sympathy in their affliction, and our sincere prayers for God's comfort to them in their sorrow, and offer them this token of our condolence.

Geo. W. Crocket, Rector, E. H. Blount, For the Choir.

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to everyone without exception during this hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season we should eat sparingly and properly. We should also help the stomach as much as possible by the use of a little Kodol for Indigestion and Dyspepsia, which will rest the stomach by digesting the food itself. Lilly Grove Revival.

Editor Sentinel.

A glorious protracted meeting has just closed here, after having continued all of last week. Through the preaching of the pastor, Rev. M. L. Heflin, and the assistance of Rev. A. J. Miller and Rev. A. T. Garrard, old saints have been made happy and sinners have been made to feel that God is near, the eyes of the blind have been made to see and the lost have been found. The result of the meeting was 17 additions to the church, seven by baptism, and \$38.75 cash collections. A. L.

A Chireno House Party.

Editor Sentinel.

As the ruthless hand of time is fast robbing the young people of their summer vacation, they are carrying with them memories of pleasure. A band of seven girls with their musical instruments and roars of laughter arrived at the home of Mrs. Anna Matteauer, four miles south of Chireno, to spend the week in social enjoyment, just as the soft of shades twilight were fast gathering over the country home. Included in the personnel were Misses Mary Stubblefield, Winnie Smith, Mary and Etta Jones, Grace Buckner, Nettie and Evie Gray. The time indoors was spent in pleasant conversation, musical enjoyments and feasting. The participants seemed to eat with a relish and gusto that had the appearance of being natural to people that had a good thing and enjoyed it. Mrs. Matteauer's accustomed hospitality and tact as an entertainer were fully exemplified, and nothing was lacking for the pleasure of her guests. Among the many enjoyments were strolls through the woods for the muscadines and summer fruit. Tete a-tetes, kodaking, hay rides and other pleasures that adopt themselves to out door pastime. The last day was spent in a fitting climax to the rounds of gayeties which accompanied the house party. The time was a season of pleasure such as the hospitable home knows so well how to furnish; and in the coming years we can imagine ourselves in fancy as we are turning back the hand of time and pinning not so much for a "House Party" but "An Old Maids' Reunion." A Member of the Party.

MINTZ'S SUMMER CLEARING SALE

13 DAYS = Begins Saturday, August 17th = Closes Saturday, August 31st = 13 DAYS

It has been and will always be our motto to never carry any unseasonable goods, or odds and ends, from one season to another. That has been one of the secrets of our success; always having a new fresh stock at the beginning of each season. Our new fall goods will be coming in in a little over 15 days and we must clear the house of all summer wear, such as 2-piece Suits, low quarter Shoes, Furnishings and odd lots of everything.

We will surpass every previous attempt in the price concessions and real BARGAIN OFFERING yet undertaken in Nacogdoches. The one idea before us in launching this great sale is to close out every piece of summer merchandise, every Shirt Waist and Skirt, every ladies', child's and misses' Hat, and close out clean we will if deep price cutting will accomplish same. Clean, fresh, Summer Wearing Apparel, Hosiery and all accessories to the ladies' toilet. We have it all and your opportunity is before you to secure the same at very little cost. Every department has been called upon to contribute its part toward making this the biggest clearing sale of the season. Our entire stock of high grade Clothing, Furnishing Goods, Hats, Trunks, Suit Cases, Shoes, etc. to be sold in the next 13 days at the most ridiculous prices the public has ever witnessed in the history of Texas. Unbelievable prices! No mistake! Everything just as advertised! Greatest sacrifice ever known! Don't miss it! An event that will blaze a trail through tangled masses of competition and set the people talking for miles around. **Sale positively begins Saturday, August 17th** at 7 a. m. sharp and will continue until Saturday, August 31st only. Come with high expectations, and even then you will be surprised, for more than you possibly anticipated will be realized. We tell you there never was anything like it. Where on earth can you match these mute but crushing prices. Remember the date: Saturday, August 17th. Come the first day. Come every day. Note the tremendous sacrifices quoted below.

PLANT chickens.

It is true that Nacogdoches is growing very rapidly, but she has no houses to spare.

The Herald says all the croakers have left Palestine. Very fortunate is Palestine.

There ought to be big money in sweet potatoes. They retail in the market at 3c a pound and are hard to get at that.

If the crops throughout the county were as fine as the weeds on the vacant lots in Nacogdoches, what a harvest there would be.

It seems that union labor is some trust itself. Between the trust robberies and the labor strikes the people are made to suffer severely.

The farmer who can sit down to his dish of chicken at pleasure seldom thinks that he is enjoying a luxury that none but the rich can afford.

BONHAM, a town no larger than Nacogdoches, has a large cotton mill in successful operation and is talking of building the second one. Cotton mills pay.

The fire fiend will please be kind enough to leave a few houses for the fire department to practice on when our new water works system is finished.

The weather is dry and crops are sorry and are going to be short, but you never fail to get a good square meal when you visit a farm house in East Texas.

The first bale was a little slow getting in this year, but considering the tardiness of spring and the late planting the first bale is really earlier than was expected.

The Texas Five Million club is carrying out the purposes of the organization by increasing the population of El Paso. The club several hundred strong is holding an important meeting there.

The farmer who has corn in his crib, has made a good crop of potatoes and peanuts, plenty of ribbon cane syrup in the barrel and meat and lard in the smokehouse, has no fear of the boll weevil.

If the tax rate of Nacogdoches county were allowed to remain the same as at present there will be no need of a bond issue to build a new court house and jail, with taxable property increasing in value at the rate it has the past year.

Since the court house bond issue failed there has been a good deal of talk about the disposition of the public square. Much of it sounds like hat talk. If the public square is to be obstructed at all, by all means let's use it for a site for a court house.

The doctors say there is less fever of a malignant type this summer than has been known in this section for years. This is probably due to the continued dry weather so far as the country generally is concerned, and the enforcement of a rigid sanitary ordinance in the towns. It pays to clean up, wet or dry.

AUSTIN CALLAN, the "K. Lamity Bonner" of West Texas, has taken editorial charge of the Vel Verde County Herald at Del Rio. His connection with The Herald does not effect its proprietorship. It is the property of Huffman & Nanney and is one of the best newspaper plants in that section of Texas.

The negroes around Arlington, Texas, must be of an obnoxious character generally. All the money necessary to establish an industrial school for negroes at that place had been raised and the scheme would have been carried to success but the white people raised such a roar, that the project was abandoned. There are some pretty bad niggers around Nacogdoches, but if they want to establish an industrial or any other kind of a reputable school the white folks will not make a kick.

SOME of the saw mills of East Texas now refuse to employ minors unless they have the consent of their parents. It is a good rule and will be a saving to life and limb of many a kid that foolishly runs away from home and seeks employment at the mills where heretofore they have been gladly put to work at good wages. This course on the part of the mills has been brought about by the annoyance of suits brought by parents for injuries sustained by minor boys.

BAILEY has a great penchant for making himself the center of incidents. Even the distress of a mother or the joy of a father can not, seemingly, divert Bailey's attention from himself. An illustration: While speaking at the Garland barbecue last week some one interrupted him to announce that a little child was lost, and Bailey is reported as having said: "A little child is lost, but it is in the hands of a good Democrat and the mother will get it. If one of my enemies is the father of that child he is off telling lies about me."—Texas Farmer.

The democratic primaries in Mississippi elected John Sharp Williams over Gov. Vardaman for U. S. Senate by only 648 votes majority out of 118,144 votes cast in the entire state. The race was close and Williams got there, by the "skin of his teeth." The result was fortunate. Williams is a statesman and a deep thinker, while Vardaman is emotional, erratic and in some things shallow. Williams has proved the truth of his pretensions while Vardaman has rode to popularity solely on his anti-nigger sentiment, which is good, but not everything. It would not cut much ice in the U. S. Senate.

The lumber business is a God's send to the farmers of East Texas during these years of crop calamities. All over East Texas farmers are making up the difference in short crops by taking their teams to the saw mills where they can make from three to five dollars a day hauling lumber to the railroad stations or to the planing mills. It will be many years in the future before anybody ever starves to death in East Texas.

The Celeste Courier has discovered a young man in that town who, if report be true, is most tearfully and wonderfully made. His physician said he had an iron constitution; his friends said he had nerves of steel; his uncle said he had a wooden head; the girls said he had a heart of stone; his enemies said there was more brass than anything else in his make-up; others declared he had lots of sand, while his admirers declare he is all wool and a yard wide.

The Waco Times-Herald offers this pertinent and pointed advice: "If your neighbor's business is helping to build up the town where you live and have interests, why not give him the preference in all your purchases? Is there a pickle concern in your town? Then tell your grocer to send you some home made pickles. Don't send abroad for your butter; the home dairyman is helping to build up the town. As there a print shop in your town? Place your order for printing right there."

The anti-pass law is a jim-dandy. Railroads and other forms of combined capital used to be very liberal to poor people, especially if appealed to by fraternal orders, by the good women organized for good work, and by officials, especially of cities. Thousands of dollars in transportation were thus given away, in addition to transportation to preachers; and other workers in the religious and moral fields. Now all this is forbidden. People may take up a collection and pay a poor fellow's fare, but this fool law permits no concession by the "corporations"—Texas Farmer.

The newspaper men are not worrying over the anti-pass law, seemingly much to the disappointment of those pot house politicians who sought, in its support, to get even with the Texas press, for advocating a law that would prohibit lawmakers and law enforcers from receiving favors at the hands of the railroads. Newspapers are getting cash for their railroad advertisements now, and when Dec. 31st rolls around the year's work will not be represented in a batch of unused mileage books chucked away in some drawer. And the newspapers and railroads will continue to maintain the same attitude toward each other. If necessary the papers will jump on the railroad people for wrong doing any time, and if they think the railroads are being wrongfully treated they will defend them, just as heretofore.

HALTOM'S COLUMN

BY R. W.

I "fell down" on this column right at the start, but I couldn't very well help it. I unexpectedly had my attention diverted to a more serious matter—an attack of bilious colic that laid me up several days and took all the energy out of me. It isn't convenient to write for a paper when a fellow is engaged with a spell of cramp colic. Dr. Nelson wanted to lay the blame on Doc and Hense Burrows, George Muckleroy, Bill and Jack Boozes, Sam Smith and old man Rightner and I don't know how many other melon growers I have not mentioned, who had been slipping watermelons into my buggy when I drove up town. But they are no more to blame than these up to date grocery merchants in Nacogdoches, who, in spite of the dry summer and the scarcity of garden truck, manage to keep a pretty good variety of nice fresh vegetables always on hand, nearly all of them grown at home. Nothing tastes better to me than East Texas vegetables and I have been fattening on them ever since I came from that arid section where nothing is grown except under irrigation and nothing tastes natural like that grown in East Texas by natural seasons. I just simply took on too much cabbage and beans and peas and potatoes, etc., etc.

I thought I would run this column every day or two if I could think of something to put in it, but Giles wanted to charge me for the space if I inflict this stuff upon the readers oftener than once a week. As I am short of cash and naturally lazy I guess I will have to be satisfied if I am allowed to get it off in weekly installments.

If I wasn't afraid some of my near neighbors would get after me with a sharp stick I would suggest that the city council pass an ordinance against the open gate nuisance. I am not firing this at my neighbors especially. They are not the only folks that have gates that stand wide open. They are all over town, and the gates hang out and sometimes completely blockade the sidewalks, much to the annoyance of passers by. It is particularly provoking to bump up against a gate in the dark and get all the breath and religion both knocked out of a fellow at the same time.

ALL DRUGGISTS; 50c. AND \$1.00.

Neighbor do you—always make a business of your personal affairs? If not call a meeting of your family at once and organize the household in a systematic way. Let the board of directors be yourself and wife, and all the children that are old enough to appreciate such affairs. Tell the board just what the family earnings are, and by unanimous vote apportion this amount out, setting apart some for the wife, each child, yourself, household expenses, and charity, and set aside as much as possible for net earnings. If you are working on a salary balance books every month and let the board of directors audit the whole proceedings. Such a method will insure system which is so much needed among our citizens today. Such a plan will foster sound businesslike principles in the home. It will create an interest on the part of the children to become practical and economical financiers. Such a scheme will beget confidence to manage business. Try it my friends, and make the home a business unit.—Lindale Reporter.

The Chronicle is glad to note that R. W. Haltom of The Nacogdoches Sentinel, whose health has been very bad for several years, is again able to be at his office some of each day. Mr. Haltom has done much good in the world as a newspaper man and we trust that many more years of usefulness will be his.—Wills Point Chronicle.

Letter to Treasurer E. H. Blount, Nacogdoches, Texas.

Dear Sir: Paint goes by gallons. There are useful and useless gallons. Useful paint is lead-zinc-and oil with dryer and color; useless paint is whitening, china-clay, ground stone, barytes, benzine, or water.

This stuff is put-in, because it is cheap, to stuff-out the paint, to make more gallons to sell; of course, the buyer doesn't suspect, or he wouldn't buy it.

It costs as much to brush-on this useless stuff as lead-zinc-and-oil; but it looks like that and feels like that in the brush; the painter doesn't suspect it. Besides, it the owner is willing, why should the painter object to painting two gallons for one? He is paid by the day; more gallons, more days, more money.

Average paint at full price is about one-third this useless stuff; and average paint at \$1.25 or \$1.50 or \$1.75 a gallon is two-thirds trash. Fool paint is the proper name for all but pure paint; it is made to fool people with. Knave paint is another good name; it is made, of course, by knaves. Sick paint is a name for an honest weak paint. They are all weak and all extravagant; too many gallons to buy and too many gallons to brush on. Devoe is the standard.

Yours truly,
F. W. Devoe & Co.

Dear Sir:—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few days past I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wear them out. They commenced on the last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever, and stopped them entirely. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never can say enough for Hall's Chill Cure. Yours truly,
MRS. FRANK LIGHTBURN.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound
For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham, in advising. This she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

FATAL ACCIDENT.

Frank Hanks Killed by His Horse Falling on Him.

From Thursday's Daily:

While out on Mound street, making a delivery of medicine for the Weeks Drug Co., Frank Hyde Hanks, 16-year-old son of Mr. and Mrs. J. V. Hanks, met his death last night.

Frank had been sent out about 7 o'clock with a package of medicine for Mr. Fletcher, who resides at the C. E. Davis place on Mound street, but through mistake carried it to another house farther up the street. When he returned to the drug store his mistake was discovered, and he was sent back to correct it.

He had gotten the package of medicine and was returning to Mr. Fletcher's with it. He was riding quite fast, and at a point just opposite the residence of G. C. Choate his horse, a splendid little animal, stumbled and fell.

Frank was picked up in a dying condition and carried into the residence of Mr. Choate and physicians were hastily summoned, who on examination found that the back of the skull was crushed at the base of the brain, and he was internally injured about the chest. The ball of the left eye was burst from its socket. The physicians saw at once that the injuries were fatal, and nothing could be done but await the end, which came about 12:30 this morning.

The body was removed to the home of the parents on Taylor avenue this morning. This afternoon it was placed on the south bound T. & N. O. train and shipped to Woodville, where the funeral will take place tomorrow.

Frank was employed by the Weeks Drug Co. as messenger and delivery boy, and as evidence of the esteem in which he was held by his employers, the drug store has been closed all day today, and Mr. and Mrs. Weeks and their son, Mat, accompanied the bereaved family to Woodville to attend the funeral.

A pathetic feature of the accident was the fact that the unfortunate boy was in great haste to make the last delivery in order to get ready to attend the party with his young friends at the residence of Judge C. D. Mims, near the place where he lost his life.

All of the brothers and sisters of the dead boy came in today from different points in the state in time to accompany the remains to Woodville for burial, except his brother, Cooper Hanks, who was so badly injured in a saw mill yesterday at Noble, La., that he was unable to come.

The bereaved ones have the sympathy of the entire community.

THE TOBACCO CROP.

Has Again Demonstrated its Superiority as a Money Crop.

Editor Sentinel.

Not having seen anything in the esteemed Sentinel lately about our "infant tobacco industry", I take herewith the liberty of imposing on your good nature with this epistle, and hope you will publish it.

In spite of the heavy rains and cold snags of spring, and the sudden change to extremely dry weather during summer, the tobacco crop has again demonstrated its superiority as a money crop. It is true that the dry spell hurt some of the crops, rather badly, but the majority of the farmers who raised tobacco, made good money out of it.

But, alas, the tobacco growers in this county are few and far between!

It seems to me that the farmers should be more interested in this industry than they are. A fraternal government has kept an expert here for three years, who has the scientific aid of the whole department of agriculture behind him, and whose sole duty is to instruct and advise the farmers in the cultivation and handling of tobacco, and still there were only 38 acres of Cuban and 22 acres of Sumatra tobacco raised here this year, when there should have been at least 200 acres in tobacco in this county, which possesses so many natural advantages for the production of a high grade cigar leaf.

Good tobacco is getting scarce in the markets of the world, and the Texas tobacco is surely, but slowly, coming in favor with the manufacturers, who resemble the East Texas farmers in this respect. They are slow to take up a new thing, however good.

Beyond Expression

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed remedy for all itching disease of the skin. Price 50c.

The rubbish is being rapidly cleared away in front of the new brick block and it will not be long until everything will be looking natural again along the north side of the public square. The only change will be the general improvement in the taste of construction. The new block has a decided improved appearance over the old one.

FRUIT AND TRUCK GROWERS.

A Large Attendance Desired at the Marshall Meeting.

Secretary J. B. Power of the State Fruit and Truck Growers association, gave out the following statement to the press today:

"The meeting of the State Fruit and Truck Growers association, which will be held in Marshall August 27 and 28, promises to be the most interesting and beneficial meeting of growers yet held in the state. President Dixon, who is also state nursery and orchard inspector, is doing much in the way of creating interest among the fruit and truck men of Texas, and showing why he should meet and keep well organized, not only for the purpose of exchanging ideas but of obtaining facts from such authorities as Prof. Conrade, KVL and Hotchkiss, and the practical experiences of Messrs. Morel, Verhden and others of national note. The indications are that fruit will bring a fancy price for the next few years, and it is to the growers interest to do the right thing by the trees that have lived through the present season. These conditions will be discussed by authorities who have made it a special study. Hon. R. T. Milner has been asked to be with us and we also hope to have an address by Senator Bailey.

"Vice President McWilliams, who lives at Marshall, writes me that his town will do the right thing in the way of entertaining us, and that a plan for a free excursion to the big Standard Orchard at Scottsville, eight miles from Marshall, is being perfected. This orchard is the largest in actual planting in Texas, and it will be worth the trip to be carried over these grounds. General Passenger Agent Turner of the T. & P. railroad has asked the Texas railroad commission for rates from all points in Texas, which insures cheap rates."

Heartburn Comes From the Stomach

The heart is an organ that people are not inclined to trifle with, but a person may have fluttering of the heart, heartburn and similar troubles, and yet have a perfectly sound heart. Nine times out of ten the disorder comes from the stomach through dyspepsia, constipation or some other digestive ailment.

So instead of taking "heart cures" or other such things that create stimulation and narcotics, take a harmless but effective remedy like Dr. Caldwell's Syrup Pepsin which will correct the digestive disorder and in that way cure the so-called heart trouble. The remedy is guaranteed to do this, and you can obtain it in any drug store in 50 cent and \$1 bottles. As there are about 100 doses to the latter the cure will cost you but a few cents.

The experience of Mrs. Knight, of Bellevue, Tenn., in this regard should be of interest to all who suffer from heartburn, etc. She writes that for five years she suffered from indigestion and constipation from fainting spells, fluttering of the heart and heartburn. She could eat meat or anything seasoned with meat. Dr. Caldwell's Syrup Pepsin was recommended to her and after a few doses the indigestion and constipation were removed and the fluttering spells and heart trouble" was completely cured. She took a dose of the Syrup Pepsin and now she is able to eat meat and she is well and happy.

There is no question that the Syrup Pepsin is the best heart remedy and that it is in the disposal of the American people. It is a purely vegetable product and is guaranteed to be safe and effective. It is sold in 50 cent and \$1 bottles. Write for a free copy of the Syrup Pepsin and its uses.

FREE TEST
To women suffering from heartburn, indigestion, constipation, etc., write for a free copy of the Syrup Pepsin and its uses. Write to Dr. Caldwell's Syrup Pepsin Co., P.O. Box 249, Chattanooga, Tenn.

Rev. A. J. Miller has returned from Lily Grove and reports an excellent meeting in progress there. There had been eight additions up to yesterday noon, six for baptism and two by letter. The Plain Plucker.
Heartburn or a bruise afflicts you rub it on, rub it on. Then before you scarcely know it all the trouble will be gone. For an aching joint or muscle do the same. It extracts all pains and poisons, plucks the stings and heals the lame. Hunt's Lightning Oil does it.

Indigestion for 23 Years.

Mr. W. G. Manuel, Biloxi, Miss., says: "I suffered for 23 years with a most severe case of indigestion. After I had been treated by three physicians with no benefit, I began to use patent medicines. I used everything I could hear of without results, until I got the wonderful Pa-Nol. It gave me quick relief. My appetite is fine, and I scarcely have any symptoms of my old trouble, although I have used only two bottles up till now. It has done more for me than all I have tried for years put together." Sold by Stripling, Haselwood & Co.

School Board Meeting.

The school board held an important business meeting Saturday afternoon.

The object of this meeting was to decide on a date for opening school. The date of September 16th, or third Monday in September, was decided on and school will open on that date.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general weakness, sour risings, and heartburn—the stomach ailments—all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Pepsin Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. B. Hall, of Ravenswood, W. Va., says: "I was troubled with sour stomach for thirty years. Kodol cured me and we are now using it in this family."

The Secret of A BEAUTIFUL COMPLEXION Now Revealed FREE

What beauty is more desirable than an exquisite complexion and elegant jewels. An opportunity for every woman to obtain both for a limited time only.

The directions and recipe for obtaining a faultless complexion is the secret long guarded by the master minds of the ORIENTALS and GREEKS.

This we obtained after years of work and at great expense. It is the method used by the fairest and most beautiful women of Europe.

Hundreds of American women who now use it have expressed their delight and satisfaction.

This secret is easily understood and simple to follow and it will save you the expense of creams, cosmetics, bleaches and forever give you a beautiful complexion and free your skin from pimples, bad color, blackheads, etc. It alone is worth to you many times the price we ask you to send for the genuine diamond ring of latest design.

We sell you this ring at one small profit above manufacturers' cost. The price is less than one half what others charge. The recipe is free with every ring.

It is a genuine rose cut diamond ring of sparkling brilliancy absolutely guaranteed, very dainty, shaped like a Belcher with Tiffany settings of 12Kt. gold shell, and at your local jeweler it would cost considerably more than \$2.00.

We mail you this beautiful complexion recipe free when your order is received for ring and \$2.00 in money order, stamps or bills. Get your order in before our supply is exhausted.

This offer is made for a limited time only as a means of advertising and introducing our goods.

Send today before this opportunity is forgotten.

A Faithful Friend.
"I have used Chamberlain's Colic, Cholera and Diarrhoea remedy since it was first introduced to the public in 1872 and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years and never start out on a trip without this my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by Kleas & Mast.

Wilton F. Ratcliff today closed the deal for all Nacogdoches county tobacco not heretofore contracted for—about 5000 pounds.

The Limit of Life.
The most eminent medical scientists and unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Kleas & Mast, Druggists. 50c.

Letter Carriers to Meet.

The Nacogdoches County Rural Letter Carriers association is requested to meet in Nacogdoches Saturday night, August 24, to re-organize and to elect a delegate to the state R. L. C. A., which convenes at Austin, Sept. 2 and 3. All carriers and subs are invited to attend and take part in our county meeting. Wm. T. Pettet, President.

John McBride of Melrose was transacting business in the city today.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by Druggists, 7c. Take Hall's Family Pills for constipation.

Diarrhoea Cured.
"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by Kleas & Mast. dw

D. H. Goldberg, late of Lufkin, has accepted a position at Bruton's restaurant. Mr. Goldberg formerly lived in Nacogdoches and has many friends here who are glad of his return. His family will remain in Lufkin until he can dispose of his property there.

Chronic Diarrhoea Relieved.
Mr. Edward E. Henry, with the United States Express Co., Chicago, writes, "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy some time ago to check an attack of old chronic diarrhoea. I have used it since that time and cured many on our train who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once. For sale by Kleas & Mast. dw

Second Bale of Cotton.
Mr. J. C. Perry, who resides three miles east of town, brought in the second bale of cotton of this year's crop Wednesday. It weighed 455 pounds and was bought by E. M. Dotson at 13 cents a pound.

Endorsed by the County
"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by Kleas & Mast's Drug store. Price 50c and \$1.00. Trial bottle free. dw

David Greer of San Angelo, after two weeks visit to relatives here and at Appleby, left this afternoon for Plainview, where he will make his future home.

Those who have stomach trouble, no matter how slight, should give every possible help to the digestive organs, so that the food may be digested with the least effort. This may be done by taking something that contains natural digestive properties—something like Kodol For Indigestion and Dyspepsia. Kodol is a preparation of vegetable acids and contains the very same juices found in a healthy stomach. It digests what you eat. Sold by Stripling, Haselwood & Co. dw

Mr. J. H. Thomas is visiting her daughter, Mrs. L. A. Legg, near Douglass.

Employment Question Absolutely Settled.

Any well informed man will admit the demand for honest, energetic young men and women, well-trained with a thorough, practical and extensive course of bookkeeping, business training, shorthand, typewriting, telegraphy, station work, business arithmetic, rapid calculation, commercial grammar and business correspondence, business law, spelling and writing, is far greater than the supply. If this be true, what have we to do to place every graduate in a good position? First, we must give the course of training the business world demands. Second, we must convince the business public that we are giving such a course. Third, we must have a thoroughly organized Employment Bureau, through which we can keep in touch with the demands of all the large business offices throughout our various towns and cities. We have all these requirements and can place the right man in the right place when his course is finished.

A young man 18 years of age, a few days ago finished his course, was immediately placed in a good position at \$70 per month. He had not been earning \$25 per month before taking his course. His brother, who is much older, also completed our course of bookkeeping and shorthand, and was placed through our Employment Bureau in an \$80 position. We could give hundreds of similar instances. A young lady who was clerking in her brother's store at \$6 per week was told by her people that she would make a mistake to quit her position to take a course with us. She did not see it that way, her ambition was above \$6 a week. She took our course and in a few months was drawing \$85 per month, working shorter hours and at easier work.

Young man, young woman, if you are honest and industrious and will take a course with us, we can place you in a good position just as soon as your course is finished. There is no doubt about it. If you were here, where we could show you our employment files and records, we could convince you in less than a minute's time. Make your arrangements to enroll with us at once. If you have not seen our 162 page catalogue, write for it. Address Tyler Commercial College, Tyler, Texas. This catalogue is full of facts regarding the success of our graduates, or practical and unequalled department of telegraphy, the famous Byrne Simplified Shorthand and Practical Bookkeeping.

Read the guarantee made on page two.

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by Kleas & Mast. dw

Ladies' Hats

Our Milliner, Miss Ora Mai Haun, is now in St. Louis looking after the styles and buying a stock of Millinery goods, Ladies' Hats, Flowers, Ribbon, Veilings and everything that it takes to fit up a first-class millinery department. We can say there is not a better trimmer in the land. She certainly appreciates all the trade and courtesies extended her last season, and we ask for her a still larger patronage for the coming fall season.

She will be here in about two weeks, and would like to see her friends and the ladies generally as soon as possible to exchange ideas on the styles.

Everybody loves our baby, rosy, sweet and warm. With kissy places on her neck and dimples on her arms. Once she was so thin and cross, used to cry with pain—Mother gave her Cascasweet now she's well again. Sold by Stripling, Haselwood & Co. dw

Nacogdoches grocers have been selling new sweet potatoes, raised in Nacogdoches county, for the past two weeks.

John Rhia, a prominent dealer of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by Stripling, Haselwood & Co. dw

"Every Body Should Know," says C. G. Hays, a prominent business man of Bluff, Mo., "that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by Kleas & Mast, Druggists 25c. dw

John Chappa and Mrs. Lou Malandes were married in the county clerk's office just before noon today, Justice F. D. Huston officiating.

For an Impaired Appetite

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite, when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price 25 cents. Sample free. Kleas & Mast. dw
