W. A. Eiler's Big Attraction.

More people speak well of a really meritorious attraction than an inferior one. And it is only those of distinctive merit that in time gain recognition and the esteem of the public to which they are justly entitled. Such has been the success of Eiler's Big Show by having brought into his organization actors and musicians of ability and secured a sensational play filled with excitement and comedy. The "King of the Cattle Ring," Eiler's show is becoming too well known to the amusement loving public to require any further introduction. You have heard of it, to be sure. But to have seen it insured your position is a circle of those who appreciate good productions of deserving recommendation. Avail yourself of the opportunity of attending at Nacogdoches on December 24.

Still have a few places for rent. See John Windsor. wtf

A Monster Egg.

Mrs. C. E. Baker of Chireno sends The Sentinel a monster hen egg. It measures seven and one fourth inches in circumference one way, and four and three fourths inches the other. The egg was laid by a common dominecker hen. The egg has two yellows and would hatch two chicks. Some idea may be had of the size of this egg when it is stated that it is as large as an ordinary goose egg.

Painful Accident.

Miss Mary Pressler is confined to her bed as the result of a fall. She fell off of the back porch at her home a few days ago and so injured one of her limbs that she has since been unable to turn herself in bed.

A STRONG LAW FIRM.

Partnership of Geo. S. King and Beeman Strong.

When it was first announced that Hon. Beeman Strong would tender his resignation as district attorney for the second judicial district, there was universal expression of regret heard from every section of the district. But when it was definitely learned that his purpose in resigning was to form a partnership with Hon. George S. King in the practice of law,

those expressions of regret were turned to exclamations of congratulation—congratulation to the two distinguished gentlemen thus concerned, and also to their numerous friends and admirers in East Texas upon the fact that such able and successful lawyers are to consolidate their strength in the practice of their profession.

Both Mr. King and Mr. Strong are young men in years, each being in his 32d year, yet both men are giants in legal ability and intellectual attainments. Both men were born and reared practically in the same community, in Rusk county, and yet until now they have all through their lives been on opposite sides in all undertakings.

As a criminal lawyer Mr. King has a record of which very few old practitioners can boast. Out of 52 criminal cases which he has represented in the courts, he has lost only one. And it is but justice to him to say that he has been phenomenally successful in the conduct of civil cases.

The reputation of Mr. Strong is no less renowned. As county attorney of Nacogdoches county he proved himself to be a vigorous prosecutor and a terror to evil doers. Then later as district attorney for the Second judicial district of Texas, the position that he now voluntarily vacates, no man before him has ever been more successful.

The style of the firm will be King & Strong, and they have fitted up an elegant suite of offices in the Weeks building on the north side of the public square in this city. Being equipped with one of the best and most complete libraries in the state, and well fortified with successful experience, charming popularity and splendid ability, the firm of King & Strong is destined to become at no far distant day one of the most distinguished in all Texas.

Child Burned to Death.

The 5 year old daughter of John Gossip, colored, was burned to death in the east part of town Sunday eve when she was standing by the fire when her clothing caught, every vestige of which was burned from the child's body.

The accident occurred about 10:30 Sunday morning and the child died at 3:30 this morning.

Eiler's Big Show.

W. A. Eiler presents "The King of the Cattle Ring" will be presented at Nacogdoches on Dec. 24, under a big tent. Ralph R. Riedarhson in a new sensational five act western play, written expressly for him by the well known author, Hal Reid, entitled "King of the Cattle Ring." It is a charming story of love and adventure. The scenes are laid in the mining regions of the golden west, the play is rich in pathos and fairly bubbling over in fun, mirth and merriment. The members of the supporting company have been selected from the very best material which the dramatic market affords, and during the action of the play a number of pleasing specialties will be introduced. The scenery and all accessories are appropriate and abundant, and nothing has been neglected which may have a tendency to in-

sure the success of the play. "The King of the Cattle Ring" will be presented at Nacogdoches on Dec. 24, under a big tent.

The next session of the Texas conference will be held at Beaumont.

Who said there is no resurrection? The populist national convention is scheduled to be held in St. Louis April 2.

It is about time our esteemed contemporary, the Congressional Record, was making its appearance on our exchange table.

The Houston Chronicle says eggs are quoted at five cents apiece in New York. They are selling that way here in Nacogdoches—straight up.

"Our Congressman" Cooper has introduced a joint resolution providing for an amendment to the constitution so that federal judges shall be elected by direct vote of the people. That is likely to elicit some discussion.

People in this city who are hoarding money in old socks out of fear that the financial flurry may make banks suspend, are up against the festive burglar. A number of houses and stores have been broken into and sums of money stolen. Since statistics show that in the last forty years, which includes the disastrous panics of '73 and '93, only one-twelfth of one per cent of deposits in national banks have been lost, people will soon see that after all banks are the safest place to put money.

HERE is a cheap yet valuable peanut thrasher, and every farmer ought to have one. Take a box the size of a cracker box or larger, and nail wire across it lengthwise, leaving the wires an inch or so apart at one end and close enough at the other to prevent the nuts pulling through. Pick up the vines and drop the nuts over the wires where widest apart and draw them back to where they narrow. A quick jerk will pull the nuts from the vines and leave them in the box which can be emptied as often as necessary. It is said one person can thus thrash a good many bushels in a day with this thrasher.

Of all the pests which inhabit the earth in the garb of a man, inflicting discomfort and annoyance on society where they exist, the calamity howler is the worst and most to be guarded against by all well-disposed communities. Like a mosquito at night, when one is courting a much-needed repose its spiteful song around the ear brings wakefulness and vigorous slaps in order to secure its speedy extermination. So it is with the calamity howler in any community that is settling down to steady work for its upbuilding, his baneful song brings quick unrest and where there was peace and progress only discontent and demoralization is found instead.

The Garrison Gleaner expresses this optimistic view of the situation: "East Texas will blossom as the rose in 1908. How do we know? It is quite plain to see. The farming industry will open up again. Much interest is already being manifested by those who will open their faith to truck growing. The people will not depend entirely upon one crop or one industry. Diversification will be the motto, and he who diversifies is bound to succeed." So mote it be.

STATE Senator Robert B. Green, one of the best known men in this state, died suddenly Sunday night of heart disease while in camp with his brother-in-law, George Maverick, San near Antonio. Senator Green was a native Texan, and comes of a distinguished family of lawyers, having won himself an enviable reputation at the bar. He was for six years county judge of Bexar county and won a reputation as an upright judge who fearlessly enforced the laws. His greatest work was in the campaign for good roads which he led. Through his efforts bonds were issued for \$500,000 and 180 miles of splendid roads built. As county judge, too, he was instrumental in breaking up gambling in San Antonio and transformed a "wide-open" town into one of the most law-abiding in Texas. Notwithstanding the bitter enemies he made in this fight, he was one of the most popular men in Southwest Texas, and has been frequently mentioned as a candidate for attorney-general and for governor. As a young man he first came into prominence as captain of the Belknap Rifles, one of the most famous military organizations this state ever had. He was a man of fine physique with a military bearing. As a public speaker he was pleasing and forceful. His integrity and his courage were alike unquestioned. He was cut off in his prime in the midst of useful public service, and his death is widely mourned in Texas.

Peanut Pointers.

The Terrell Transcript publishes quite a lengthy address by Mr. Geo. O. Morgan, of the Terrell peanut plant, to producers in regard to handling the product from which the following points are selected: The inferior quality of the nuts brings low prices. The inferiority of the nuts is due to carelessness in handling them to preparation for market. The nut should be thoroughly dry before packing. He is putting up 1500 bushels daily and is running on half force because he cannot get enough nuts to run his full capacity.

The pay roll of the plant is about \$200 per week. The demand, Mr. Morgan says, is unusually good. He could sell 50 cars if he had them. He has shipped a number of cars this season and has orders away ahead now.

"Our Congressman" Cooper has introduced bills providing for public buildings at Orange and Port Arthur, but no move, has yet been made to secure a public building for Nacogdoches.

TEXANS IN CONGRESS.

They are Outlining a Considerable Amount of Legislation.

Among the bills introduced by Texans thus far during this session of congress are the following:

By Mr. Gregg—To authorize the secretary of the navy to appoint a board to report on the advisability of establishing a naval station at Galveston.

Mr. Gregg also introduced a bill providing for the establishment of a fish hatchery in Houston county.

By Mr. Hardy—To increase the amount for the public building at Corsicana to \$100,000, appropriating \$100,000 for a federal building at Bryan.

By Mr. Sheppard—For a survey to determine the practicability and cost of a canal between Red river and Sulphur river by way of Texarkana; to regulate the issuance of writs from district and circuit courts of the United States; to enlarge the scope on accident reports by railroads; to create committees on levees and improvements of rivers tributary thereto.

By Mr. Cooper—To provide for the establishment of a navy yard and dry dock at or near Sabine Pass; appropriating \$500,000 for the improvement of Sabine pass; granting to the Alabama tribe of Indians, residing in Polk county, 25,000 acres of land to be allotted in severalty if the majority of the male adults elect, and providing that if they elect, the allotted land shall be sold and the proceeds devoted to the purchase of land for them in Texas; a joint resolution proposing to amend the constitution so that all federal judges shall be elected or appointed as congress may direct, and to hold office for terms prescribed by congress.

By Mr. Garner—To give jurisdiction to the court of claims to adjudicate the claim of those who have suffered injury as a result of the "shooting up" of the town of Brownsville by soldiers on August 18, 1906; to repeal the law making the enlistment of negroes mandatory; a resolution directing the secretary of commerce and labor to investigate the causes of the difference in prices of iron and steel products in this country and in foreign markets.

By Mr. Smith—To punish violators of the anti-trust law with imprisonment; to appropriate \$350,000 for the enlargement of the federal building at El Paso.

By Mr. Randell—To give semi-weekly and tri-weekly newspapers the mail privileges now enjoyed by weekly newspapers. As it is, semi-weekly and tri-weekly newspapers are on the basis of daily papers, and can not be distributed through the mails in cities having free delivery except on payment of the commercial rate of postage.

THE PACIFIC CRUISE.

The Tactical and Strategical Value of the Cruise.

The movement of the United States battle fleet from the Atlantic to the Pacific coast is in the highest sense practical, because it is precisely the kind of movement which the fleet of any nation may, and usually will, be required to make in war. It is further practical, because the United States has a Pacific as well as an Atlantic coast, and has not a navy large enough to be divided safely between them. The question is at least debatable, whether for the near future the Pacific is not the greater center of world interest; as it certainly is, with regard to our own military necessities, one of greater exposure than the Atlantic. Like France, with her Mediterranean and Atlantic shores, the United States is in the painful military dilemma of being liable to attack upon one side while the fleet is on the other; but our distance to be covered is so much greater than that of France, that the position is vastly more embarrassing. A fleet of battle-ships leaving Toulon, full coaled and victualled, may reach Brest or Cherbourg without renewing the fuel and stores in its holds; but a fleet leaving New York or Norfolk for San Francisco has upon its hands a most serious administrative problem, and one which no accuracy of gunfire, no skill in tactics, can meet. It is in fact the problem of Rodjestvensky, to use an illustration particularly apt, because recent. Can our navy in such case expect from the weak states of South America the facility for re-coaling, etc., which was liberally extended to the Russian admiral, to the somewhat amazement of the naval profession, and to the just indignation of Japan?—From an article on "The Significance of the Pacific Cruise," by Captain A. T. Mahan in the Navy Number of the Scientific American.

Spanish Land Grants

Editor Sentinel. There has been quite a lot of bother recently caused by persons raising questions as to the validity of certain large surveys of lands in this county, known as old Spanish grants, even to the extent of disputing the ownership or titles of residents and others claiming under regular claim of title for more than a century and applying to the land office to buy these lands as public school lands. Squatters have made the mistake of trying to obtain homes on them, presuming that they can not be dispossessed by other claimants. Dr. J. E. Mayfield and Charles Hoya, being interested as are hundreds of others, have written to the general land office about these grants and have official answers to the effect that they are recognized as valid and sustaining grants, and will always be so respected by the land office authorities, unless a decision of court to the contrary be made, and no application to

Two Crazy Men.

Tyler Courier and Times.

Mr. Madden, of this city, was in Big Sandy a few days ago, and while waiting for a train he observed two sheriffs, each with a prisoner, who were also waiting for a train. Finally one of the prisoners asked the other what offense he was charged with, and the prisoner replied:

"I am charged with being crazy over the country's financial troubles. The situation has disturbed me until they say I am unbalanced, and the doctors say that as I am sane about everything else, I can most likely be cured in a few months in the insane asylum at Terrell. I do hope so, for I have suffered greatly the past 30 days. You see, I am not only going crazy, but I am losing all my flesh."

After a few moments silence number two asked his questioner why he was under arrest, and got this response: "I have been held to be insane over this Bailey question. My mind began to weaken several months ago, and now I am regarded as dangerously insane, but the doctors say I am crazy only on this subject. The sheriff is taking me to the Terrell asylum where my friends tell me I can be cured in four months; but my wife tells me to stay there until this Bailey question is settled if it is five years, and I am thinking of acting on her advice, for I am awfully anxious to be cured. I weighed 220 pounds when this Bailey issue was sprung, and you see I am now a skeleton."

The two sheriffs left on a westbound T. & P. train for Terrell that afternoon, and Mr. Madden caught the south-bound Cotton Belt train and came in home. It is the wish of the writer that some of the readers of this paper will profit by the information above given and for which we are indebted to our friend, Mr. Madden.

County Treasurer W. E. Thomason has returned from Waco, where he attended the session of the Masonic Grand lodge.

COMPTROLLER'S CALL.

He Asks for a Statement From the National Banks.

The comptroller of the currency has issued a call for a statement of the condition of national banks at the close of business December 3.

Owing to the fact that only four of the five calls allowed by law each year have been made and in the natural course of events it was anticipated that the fifth and last call could not be much longer delayed.

It is conceded that it will exercise a beneficial effect on the situation, inasmuch as the banks customarily try to prepare for a call by increasing their cash and when a call has been made this cash is automatically released.

The belief also prevails that a statement resulting from this call will show that the cash reserves of the country banks are very large and when this fact becomes known it will tend to rapidly restore confidence among depositors and thus hasten a resumption of currency payments.

A Serious Charge.

Center News.

W. A. T. Samford, a well known citizen living out a few miles from town, was arrested last evening and lodged in jail charged with criminally assaulting his thirteen year old daughter. The complaint was filed by his son, so we have been informed.

Considerable indignation has been aroused by the spread of the news, and if he is in reality guilty, it is righteous, for nothing in the annals of crime could be more damnable and is deserving of a greater punishment, but we should not be too hasty in rendering a verdict. Many believe that there is something malicious in the charge, and until all doubt of his guilt has been removed he should be given the benefit of the doubt.

Mr. Samford is one of the county's best known and most highly respected families. The Samfords were among the pioneers and they have multiplied until they combine one of the largest family circles in our midst, and very few of them have ever had any business with the courts, hence it is hard to believe that any of them should be guilty of so heinous a crime.

Sergeant Lamb left this morning for Lufkin where he will open up a temporary U. S. recruiting station.

LAIID TO REST.

Last Tribute Paid to F. A. Dotson Yesterday.

from Saturday's Daily:

The remains of the late Felix A. Dotson were laid to rest in the City cemetery yesterday afternoon with Masonic honors and in the presence of a large concourse of sorrowing friends and his heartbroken family and relatives.

The remains arrived on the T. & N. O. train at 2:50 p. m. accompanied by the heartbroken wife and children of the deceased, and a committee of Milam lodge, A. F. & A. M., met the party at the train and took charge of the corpse. The lodge had made preparation for the funeral and the body was escorted to the cemetery, where the beautiful and impressive ceremony of the Masonic fraternity was performed, after Rev. A. J. Miller of the Baptist church had read a selection from the Bible and made a few appropriate remarks touching the life and character of the deceased.

Felix A. Dotson was born in Atalla county, Miss., 59 years ago, but he had been a citizen of Texas since 1882, and a greater portion of the time since that year he resided in Nacogdoches county. He had been a Mason for more than thirty years, and he was also a consistent member of the Baptist church. He leaves a wife and two sons—H. A. Dotson of Cushing and C. C. Dotson of Dallas—besides brothers, sisters and other relatives to mourn his death.

To stop that pain in the back, that stiffness of the joints and muscles, take Pineules. They are guaranteed. TO CATARRH SUFFERERS.

Good Advice and Liberal Offer From a Well Known Nacogdoches Druggist.

Stripling, Haselwood & Co. are advising all who suffer from any kind of symptoms of catarrh, such as offensive breath, dryness of the nose, pain across the eyes, stoppage of the nose, discharge and droppings in the throat, coughing spasms and general weakness and debility, to use Hyomei. They go so far as to refund the money to any user of Hyomei who is not perfectly satisfied with the results.

Quick relief follows the use of the Hyomei treatment; the stoppage of the nose is removed, the droppings cease, the breath becomes pure and sweet, and the catarrhal germs are destroyed and their growth prevented.

Go to Stripling, Haselwood & Co.'s today and buy a complete Hyomei outfit for \$1.00 with the understanding that if it does not give satisfaction, your money will be refunded.

Slump in Price of Lumber.
R. V. Watts, sheriff of Angelina county, was here yesterday from his home in Lufkin. He had some business with the comptroller's department. Sheriff Watts said that the lumber mills of East Texas were only working on half time, but that the employes appear to be getting along all right. This condition of affairs he attributes to the slump in the price of lumber. He said the people of his section have also felt the stringency which prevailed in the question.—Austin Statesman.

Bees Laxative Cough syrup for coughs, colds, croup and whooping cough grows in favor daily with young and old. Mothers should keep it on hand for children. It is prompt relief to croup. It is gently laxative, driving the poison and phlegm from the system. It is a simple remedy that gives immediate relief, guaranteed. Sold by Stripling, Haselwood & Co.

J. A. King and family left today for Winfield, La., where they will make their future home.

"I trust this may be read by many sufferers from kidney and bladder trouble," writes Mrs. Joe King, of Woodland, Texas. "I suffered four years and could find nothing to give even temporary relief. Our druggist at last induced me to try your 30 days' treatment of Pineules for \$1. This one bottle has cured me and money could not buy the value it has been to me. Guaranteed. Sold by Stripling, Haselwood & Co."

Married Yesterday.

Mr. W. G. Parker and Mrs. M. J. Gentry were married in the county clerk's office yesterday afternoon. Judge C. D. Mims officiating. The groom is over 60 years of age and a well known and prominent citizen of Nacogdoches county, while the bride is nearly 50 years of age, and a daughter of Mr. C. D. Acery of this city. The Sentinel extends congratulations, and wishes for Mr. and Mrs. Parker long life and prosperity.

NEW CURE FOR STOMACH

Stripling, Haselwood & Co. Give Their Readers a Chance to Try It.

Since nobody knows when, people have suffered from indigestion, sick headache, bloating, dizzy spells, distress after eating, sleeplessness and the many other symptoms of stomach troubles and have found the usual remedies powerless.

Here is a chance for their readers who may suffer with weak stomach to test without risk of loss the new prescription, called Mi-o-no, for indigestion, that has met with great success wherever it has been tried.

This treatment, which strengthens the whole digestive system so that the stomach does its work without any distress is sold by Stripling, Haselwood & Co. under a guarantee to refund the money if the remedy does not do all that is claimed for it.

Mi-o-na costs but 50c a box, and one box will do more real good than a dozen boxes of ordinary digestive tablets.

REMARKABLE CASE.

Cushing Boy Lives Several Days With Bullet in Brain.

Cushing Enterprise.

About noon last Saturday our usually quiet little city was thrown into the wildest excitement when the report was rapidly circulated that Johnnie, the thirteen year old son of Mr. and Mrs. J. M. Williamson, was shot near the home of his parents.

As nearly as we can get at the facts it occurred after this manner: Johnnie, his seven year old brother Lee, and his little three year old nephew, Bruce McMillan, were near the house sawing and splitting wood. They, unknown to Mrs. Williamson, took the 22

caliber rifle along and got to shooting at spots on the stumps near by. The two smaller boys were left at two small sapplings with the gun while Johnnie went apart some thirty feet to put up a spot. He was standing with his right side to the boys and was stooping, and Lee says that he had the gun in his hands ready to shoot when little Bruce pulled the trigger, discharging the gun, the ball striking Johnnie in the head: The skull split the bullet, two-thirds of which went into the brain, and lodging on the inside of the skull just above the left ear. The other one-third plowing its way under the skull and coming out near the top of his hat. Doctors Reeves and Wickware were summoned at once and made an examination. It was thought that the wound would prove fatal in a few hours. Time wore on until Monday, when the father phoned for Dr. Jameason of Palestine, General Surgeon for the International and Great Northern Railroad Co. Dr. Jameason arrived on the 2 o'clock train Tuesday and after making a thorough examination, excluded every one from the room except Drs. Cariker, Wickware, Reeves and John Shepherd. He began his work and in just 47 minutes from the time he closed the door he had completed his work, had the wound dressed and sent the bullet out. He removed a piece of skull about the size of an American dollar. He replaced the piece of skull and says that he can see no reason why the boy will not permanently recover in a reasonable length of time. This case is being watched with unusual interest and it is the earnest hope that the victim of this sad occurrence will come around all right.

Later—Johnnie Williamson died at 1 o'clock Wednesday. Our whole town mourns with those bowed down with sorrow.

What to do in Dyspepsia

Dieting has become a great fad in America, and just as, years ago, we were eating, the one is as bad as the other. Man needs food and plenty of it to sustain life and to give strength to combat in this busy world.

It is not, however, the fact that you may eat too much that hurts you, but that you don't digest what you eat. And if that results in dyspepsia you will not cure the trouble by cutting down your food supply. If your digestive organs were creating the proper amount of gastric and peptic juices you would have no dyspepsia. To cure the disease you must create an abundance of these necessary juices.

This can only be done by a reliable tonic laxative; and as its name indicates, Dr. Caldwell's Syrup Pepsin contains the very ingredients needed to do this. Take it regularly for a while according to the explicit directions on each bottle and you will soon be cured of dyspepsia and any of the accompanying symptoms such as heartburn, sour stomach, bloated stomach, hives, pimples, yellow complexion, wind on the stomach, etc. Every bottle carries with it an absolute guarantee to do what we claim. It is a gentle, pleasant, effective laxative and you will like its taste and be pleased with its action.

One of the great friends of this remedy is Harry F. Rowser, a lieutenant in one of the Chicago companies that fought at the battle of Santiago. While in the wet trenches, and eating the rough food of a soldier, he contracted severe dyspepsia and lost weight rapidly. A friend in the regiment called his attention to Dr. Caldwell's Syrup Pepsin, which he promptly began to use. It not only cured his dyspepsia but increased his weight 42 pounds. Your druggist will sell you a bottle at 50 cents or \$1 and you will find it worth a hundred times that to you.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying a free sample bottle sent to their home by addressing the company. This offer is to prove the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. It is the most effective laxative for children, women and old folk. A guarantee, guaranteed, guaranteed. **PUBLIC VERDICT:** "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears the purity guarantee. If Washington, D. C. **PEPSIN SYRUP CO.**

ROMANTIC MARRIAGE.

Young Couple Comes to Nacogdoches to Get Married.

Mr. C. C. James, a young civil engineer whose home is in Pennsylvania, but now engaged in the construction of the Santa Fe road, between Center and Tenaha, and Miss A. B. Cameron, a young lady from Louisiana, were married at the Methodist parsonage in this city Saturday evening, Rev. J. W. Mills officiating. The couple came in over the T. & N. O., and after going to the Redlands and engaging rooms, Mr. James began negotiations for the marriage.—He first engaged the services of Rev. J. M. Robinson, pastor of the Main Street Presbyterian church, and made an appointment to meet him at the church at 5 o'clock. The bride and groom failed to reach the church at the appointed hour, and Bro. Robinson went home. On reaching the church a few minutes later and not finding the minister, the couple went to Rev. J. W. Mills for relief.

REP talking up the county

Wise sage has truly said: Men and some principles are far greater in defeat than others are in victory.

KENTUCKY has a republican governor again. Fortunately he did not have to assassinate his democratic opponent in order to get the office.

TALK about your possum and potatoes, pumpkin pie, and other provender applicable to the season, but what is better than good old pork sausage?

THE province of a teacher is to teach, not to trick, says the madam editor of the Timpson Times. That is true, but sometimes the people get tricked by employing a teacher that teaches tricks.

EVERY one interested in peanut culture is invited to attend a meeting at the court house in Nacogdoches next Saturday afternoon, December 14. There will be short talks on peanut culture and a lengthy talk by one who has studied the subject.

THE people of the wet end of the Second congressional district, especially those interested in Sabine Pass, ought to be staunch friends to Congressman Cooper. He has introduced no less than half a dozen bills already this session affecting that portion of the district.

CONGRESSMAN COOPER has introduced a bill providing that Shelby county be detached from the Tyler division of the federal court and attaching that county to the Beaumont division. This will be a great convenience to the Shelby county people, and the bill ought to pass.

EDITOR Watterson of the Courier-Journal calls President Roosevelt a political St. Bertilomew, because the president failed to reiterate to the national republican committee his previous declaration that he will not accept another nomination. "It may be the will of God," says Col. Watterson, "that the republican party will be destroyed by third termism, as the democratic party was destroyed by free silverism, recreating out of the wreck of both a new party steering midway between the two. We can not believe it will be the will of God to destroy the republic. All that is required to establish autoeracy and absolutism is the breaking down of the barriers set up by Washington and accepted by his successor and the people and never in the history of the country has any man appeared in public life so equipped for the work as Theodore Roosevelt, in the event that he be once fairly mounted and seated in the saddle. Give him a third term, a fourth and fifth in case he survived these, life tenure would not only come easy but be a matter of course."

THE COMMERCIAL NATIONAL.

The statement of the Commercial National bank in this issue of The Sentinel is one of the most flattering reports ever before issued by this institution. The people have been complaining much of late of an alleged financial stringency, but one would not think there is much danger of a financial crisis in Nacogdoches after perusing the report of the Commercial National. With \$129,796.25 cash on hand, and a surplus fund of \$50,000, the total resources being \$435,926.22, there is not the slightest indication of a financial crash here. And the fact that the individual deposits foot up the enormous sum of \$264,557.19 is sufficient proof that the citizens of this community, especially the customers of the Commercial National, are still on easy street and are in no danger of famine.

JUST think of that partisan paragrapher of the El Paso Times endeavoring to compare the hilarious highballs of isolated El Paso with the heavenly-tasting hot Tom and Jerrys of San Antonio. A high ball is not to drink. It's what the umpire dies for when he calls it a strike.—San Antonio Express.

THESE poor benighted creatures have never sniffed the celestial odor of a "Capitol Ricky" or known the delicious taste and hilarious effect of the "Austin Flip."—Austin Statesman.

IT is very evident that neither of these deluded devotees have ever partaken of a Nacogdoches "Pine Top," when pulled off in the amplified form. Until then their "tasters" have never been tested.

Attended Brilliant Functions.

Mrs. R. C. Shindler returned Sunday from Austin, where she attended the convention of the Daughters of the Confederacy. Mrs. Shindler says the daughters were delightfully entertained by the hospitable people of Austin, one notable function being a reception at the Governor's mansion where the Executive Board of the U. D. C. were guests of honor in the receiving line. A brilliant reception at the Elks' room was another pleasant occasion. On President's evening Mrs. Shindler had the honor of presiding as chairman, and her work in the Registrar's office was endorsed by unanimous re-election.

ON Saturday morning the Executive Board of the Texas Woman's Press association were entertained with an elaborate breakfast at 8:30, given by the manager of the Driskill hotel, after which the Board held a business meeting, the president, Miss Daffan, in the chair.

PEANUTS \$80 PER ACRE.

A Crop That Can Always be Depended Upon.

Shreveport Times.

"The Spanish peanut is, to say the very least of it one of the most reliable, most profitable, and altogether most satisfactory crops the farmer of this section can grow," says Henry Hein.

"In saying the Spanish peanut is one of the most profitable crops, I am making a concession," continued Mr. Hein, "for really I believe it to be the most satisfactory crop, all things considered, that the small farmer can grow. The reasons for this are that it is a crop that never fails; that it can be grown on any kind of land. Even when the soil has become so impoverished from long continued repetition of cotton crops that it is deemed almost worthless, it will yet grow a profitable crop of Spanish peanuts, yielding perhaps thirty-five bushels to the acre. The yield in our territory ranges from thirty to ninety-five bushels per acre, the yield depending more upon proper cultivation than anything else. Peanuts are like other crops in this respect—the better attention the crop receives, the larger will be the yield. We have paid, this season, as much as 85 cents per bushel."

"Are the farmers about Marshall growing enough peanuts to supply your candy factory now?"

"Oh, no; only a fractional part of our supply is grown around Marshall. I can say, however, that the acreage will very likely be more than doubled next season. The farmers are just beginning to appreciate the value of this crop."

"Where do your supplies come from, chiefly?"

"There is no chief center of supplies in this industry as yet. We have to search for them over a wide scope of country. We buy a quantity of peanuts in Georgia, and this year we have gotten quite a good lot from the vicinity of Abilene, in West Texas."

"What quantity of peanuts is your factory using, approximately per day?"

"We are making up from one hundred to two hundred bushels per day. Of course, just now we are running lightly, but this is only temporary conditions, and we will be operating at the full capacity of our plant within a short time."

"You say you have paid as much as 85 cents per bushel the past season. What is a good average price for Spanish peanuts?"

"I believe the farmer can depend upon getting as much as 75 cents per bushel for a long time to come. And it should be borne in mind that the peanuts do not represent the whole value of the crop. Peanut hay is valued quite as highly as alfalfa for stock feed and alfalfa is selling as high as \$20 per ton. After the nuts have been threshed out the farmer has from one to four tons of peanut hay per acre. I can't say whether or not there is a market for peanut hay,

but there certainly is for alfalfa, and the farmer may sell his alfalfa and use the peanut hay for feeding his own stock. Two are three crops of peanuts grown on the poorest land will also enrich the land as to put it in good condition for growing other crops."

"Have you secured a sufficient quantity of peanuts to supply the candy factory until the next year's crop is harvested?"

"No. We will need perhaps ten cars more than we have on hand."

A crop of Creole onions and a crop of Spanish peanuts can be grown on the same land in a season. Onion seed should be planted in December or January and later transplanted. The onions will be harvested in early June. Peanuts may be planted as late as the 15th of June, and harvested in September or October, being considered a ninety day crop. Of course, the longer the crop is allowed to grow, the greater will be the yield of hay. An acre of Creole onions can be made to yield as much as 1,000 bushels—at \$1.25 per bushel, \$1,250 an acre of peanuts yielding 95 bushels, at 75 cents per bushel, \$71.35; two tons of peanut hay, at \$18, \$36—total possible gross proceeds from one acre of land, \$1,357.25.

In Memoriam.

"Blessed are the dead that die in the Lord."

T. D. White was born in the state of Tennessee April 6, 1840, came with his father to Texas when quite young, and he has resided in Nacogdoches county all his life.

Brother White accepted Christ as his savior and united with the M. E. church south, in 1857, and in his manhood days lived to exemplify and honor his profession and faith in his God. True to his country, Brother White entered into the civil war between the states, suffered its toils and burdens, and is due all the honors of a true and noble soldier until its close. Returning home he entered the field of labor in providing the needs of life. He lived above reproach as a citizen, a faithful and true husband, kind and loving father until death removed him from our midst on November 19, 1907. Asleep in Jesus, Brother White was consigned to his resting place in the North Church cemetery, surrounded by his family and a number of friends. The Lord bless them. The liberated spirit winged its way to bliss eternal. Funeral by W. F. Carnes.

Speaking Next Saturday.

Hon. S. M. King is in receipt of a letter from Hon. J. M. Alderdice of Waxahachie, stating that he will visit Nacogdoches next Saturday, December 14, and deliver an address on education. Mr. Alderdice is a member of the legislature from Ellis county, and was chairman of the committee on education during the session of the Thirtieth legislature. He is well versed in educational affairs and is also a very interesting and entertaining speaker.

One of the Good Old Kind.

Out of the homelike, intense, picturesque and absorbing old story of the "Hidden Hand," an actor, Eugene Moore, has made a new play. It at once won big success last season and warranted its manager, Fred G. Conrad, in sending it out with special advantages of scenery and a metropolitan company this season. The production will be at the Nacogdoches opera house, Saturday, December 14. There is no cheapness in Mr. Moore's play of the "Hidden Hand" evidently. All the criticisms of last season contain high praise of the author's dignified, skillful and delightful dramatization. He has avoided all false melodrama and put together four acts of romance in old Virginia with all its light and shade of southern comedy sturdy strength, interesting character, dark fun, mystery and backwoods character. There is reason to expect in the "Hidden Hand" as Mr. Moore has written it and Manager Conrad presents it, a drama of the genuinely good old kind that satisfy everyone so well that they actually seem to give nourishment.

New Man Arrives.

It is a boy—and weighs twelve pounds on George Washington scales, according to the statement of H. E. Rawlinson, the happy father, who holds down the job of foreman on the Daily Reporter. The newcomer put in his appearance last night and if he has inherited any of the artistic ability of his type-sticking daddy, he can get a steady job in this print shop.—Abilene Reporter.

Surprise Wedding.

Miss Annie Cook, one of the most popular young ladies in this city, and Mr. J. Bruce Whitten of Texarkana, were married at 11:30 o'clock this morning at the home of the bride's parents, Mr. and Mrs. J. B. Cook, Rev. A. J. Miller officiating.

Arrested For Embezzlement.

Tuesday morning Constable G. W. Stone arrested D. D. Spates, a colored preacher, on a complaint charging him with embezzlement. It is said that the complaint was made by Wm. Sanders, superintendent of the Nacogdoches colored school, and charges Spates with the embezzlement of funds belonging to the Charitable Institution and Burial association, of which Spates is president. Spates made a desperate attempt to escape and was captured by Mr. Stone at the home of a friend in his night clothes. His examining trial is set for tomorrow before Justice Huston.

Don't rush, but send T. J. Smith your order for your Xmas whiskey, Lufkin, Tex.

A Fatal Accident.

Report reached the city this morning of the sad death of Mr. A. P. Trawick, a former well known citizen of this county, as the result of an accident that occurred at his home near Lufkin. It is said that Mr. Trawick was running his horse after a hog when the horse fell with him, crushing his skull. Mr. Trawick was completely paralyzed from the fall and never regained consciousness.

Mr. Trawick is a nephew of the late Captain Mast of Melrose, and served as deputy sheriff of this county under him for some time. He was not only well known in Nacogdoches and Nacogdoches county, but he had hosts of friends here who regret to learn of his death.

Tobacco Growers Meeting.

Dr. J. E. Mayfield, president of the Nacogdoches County Tobacco Growers Association, calls attention again to the special meeting at the court house next Saturday afternoon. Everybody come and bring others.

Appeals to All Classes.

Searching the realm of fiction for material for a great play, Mrs. Southworth's "Hidden Hand," appears to many to offer more fine opportunities than any other story. It appealed so strongly to one of the leading modern actors, Eugene Moore, that he made a new dramatization. The new drama of the "Hidden Hand" was immediately produced by Fred G. Conrad, owner of numerous successful attractions, and will be seen here at the Nacogdoches opera house, Saturday, December 14.

With the madcap Capitola and the arch-villain of stage villains, Black Donald, as the leading strong dramatic characters. Mr. Moore evidently has constructed a drama chock full of American life. Comedy, pathos and romance are constant rivals for the interest of the audience. The picturesque Blue Ridge mountain scenery is cleverly reproduced.

We know of one remedy that will cure Rheumatism. It is called Rheumazone, and is manufactured by O. P. White, Rusk, Texas. All druggists sell it at \$1.50 per bottle, which is very cheap for such a remedy. It is said to be as sure a cure for Rheumatism as White's Head-Ease is for headache. 1md2mw

NEW CURE FOR STOMACH!
Stripling, Haselwood & Co. Give Their Readers a Chance to Try It.

Since nobody knows when, people have suffered from indigestion, sick headache, bloating, dizzy spells, distress after eating, sleeplessness and the many other symptoms of stomach troubles and have found the usual remedies powerless.

Here is a chance for their readers who may suffer with weak stomach to test without risk of loss the new prescription, called Mi-o-no, for indigestion, that has met with great success wherever it has been tried.

This treatment, which strengthens the whole digestive system so that the stomach does its work without any distress is sold by Stripling, Haselwood & Co. under a guarantee to refund the money if the remedy does not do all that is claimed for it.

Mi-o-na costs but 50c a box, and one box will do more real good than a dozen boxes of ordinary digestive tablets. 13

Lockhart Case.
All witnesses in the case of the State of Texas vs. Dr. J. J. Lockhart are hereby notified that the case is set for trial at Rusk next Wednesday Dec. 18, and they must be present in court on that date or they will subject themselves to a fine not exceeding \$500.

THEATRE TALK NO. 2.

MRS. E. D. E. N. SOUTHWORTH, THE AMERICAN NOVELIST WHO WROTE THAT FAMOUS STORY, "THE HIDDEN HAND," was born in Washington D. C., December 26, 1819. She graduated from Henshaw Seminary in 1837, and taught school from 1844 to 1849. She began writing short stories for the Baltimore Saturday Visitor, and in 1849 published her first novel, "Retribution." She became very popular, her writing appealing largely to women. In 1856 her world renowned "The Hidden Hand" appeared as a serial story in a famous story paper of that day called "THE NEW YORK LEDGER," owned by Robert Bonner, the owner of the world known famous horses, Dexter and Maud S., the fastest trotters of their time. It was then published in book form, and other than the Bible, has had wider circulation than any other known book, over fifteen million various copies of the story having been placed in circulation since its first appearance, this including the French, German, Spanish and other translations. The story has been dramatized a number of times, but never in the concise and happy manner which has rewarded EUGENE MOORE'S efforts, the version which will be presented in this city in the near future.

"THE HIDDEN HAND" IS A PLAY WHICH APPEALS TO THE MAJORITY OF PEOPLE ON ACCOUNT OF ITS HEART INTEREST—in fact a combination of both pathos and comedy that makes it delightful. Like "The Old Homestead," "Human Hearts," "Arizona" and "Alabama" a play must be intense to hold the interest of the auditors and at the same time have sufficient pathos to touch the strings of the human heart. "THE HIDDEN HAND" is a plain, sweet, comedy story of the sun-kissed hills and valleys of old Virginia where the latch string is always hanging outside the door, and every man and woman honest until proven otherwise.

Hundreds of the best people in this great and glorious land have visited "THE HIDDEN HAND" during the past two years. There must be a reason for this—if they did not like it they certainly would not spend time and money. The performance is as clean as a hound's tooth, made up of wholesome incidents and comedy.

These are a few of the factors of its success.
"REMEMBER WE EITHER PLEASE YOU OR WE GIVE YOU YOUR MONEY BACK." USUAL PRICES WILL PREVAIL.

Wants The Sentinel.

The Sentinel is in receipt of a card from Mr. R. C. Shindler at Dalhart, in which he says: "Enter my subscription for the Daily for one year at this post office." The card also contains this information about Dalhart: Half of this town is in Dallam and half in Hartley county.

Everybody drinks half half; half whiskey and the other half water.

You can get both halves for a quarter, and two quarters will make you half full.

The county line runs right through the center of the city.

Everybody hangs there washing on the line. In some places they arrest you if you are the least bit out of line. They don't here unless you are all in.

Lots of twins here.

This is Dal-ham and Hartley counties and is therefore named Dalhart.

They have two railroads here, C. R. I. & P. R. R. and F. W. & C. C. Ry., and talk of two more.

Dalhart now has a Government Experimental Farm. Also a herd of buffalo at Blair's Park.

Have found this to be a fine place—Eleven Seventy in Hartley and Five Dollars in Dallam—or 10 days.

Will be here at least ten days.

Many a Nacogdoches Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Nacogdoches readers.

W. D. Price, merchant of Lufkin Ave., Lufkin, Texas, says: "For the past two or three years I have been troubled considerably off and on with a dull aching in my back, caused, I believe, by a cold or strain. I tried several remedies, but without effect. Hearing of Doan's Kidney Pills I procured a box. Finding great relief after using the first box I purchased a second and since finishing this I have felt no return of the symptoms and have no hesitation in recommending a remedy like Doan's Kidney Pills. Making Good.

There is no way of making lasting friends like "Making Good" and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't expect a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy, one to three a dose. Much imitated but never equalled.

Fifth Sunday Meeting.

The following is the program of the Fifth Sunday Meeting of the Landmark Baptist association of Nacogdoches county, to be held with Pleasant Hill church, known as "The Bogg," beginning Friday night before the fifth Sunday in December, A. D. 1907:

1. Introductory sermon by Bro. Lee Frederick at 8 p. m. Alternate, Bro. Ed Stevens.
 2. Does God hear the Prayers of a Penitent Sinner?
 3. If Christ Intended to Save the People Outside of the Church why did He set up His Church?
 4. What should be done with a Baptist Minister or deacon that would give the sacrament to members of other denominations or commune with them?
 5. Has Jesus Christ an invisible kingdom here on earth?
 6. What is the spirit of man?
 7. When was the church of Christ set up and where? Brother C. Wheeler is to preach the missionary sermon at 11 o'clock a. m.; alternate, F. M. Richards.

ANOTHER RECRUIT.

The Nacogdoches Recruiting Station is to be Closed.

James L. Williams, a young lumberman from Rockland, was enlisted on Friday at the Nacogdoches branch of the United States Army Recruiting service in the Davidson building. He chose for his service the infantry branch of the army, and leaves Saturday afternoon for Fort Sam Houston at San Antonio, from where he will be forwarded to the station of the company to which he may be assigned.

Private Williams will be ordered to the next regiment due to sail from San Francisco to Manila, by way of the sandwich-islands, Honolulu and Guam.

Lieutenant J. V. S. Chamberlain, the recruiting officer for this district, was registered yesterday at the Redlands. He left yesterday afternoon for Longview, where he goes to serve a subpoena on Deputy Sheriff A. V. Little, who is required as a witness before a court martial at Fort Sam Houston.

Lieutenant Chamberlain is expecting a telegram from Washington authorizing the closing of the Nacogdoches office, on the receipt of which Sergeant Lamb will go to Lufkin to open an office in that town for two weeks.

Knights of Pythias Officers.

At their meeting last night LaNana Lodge No. 106, Knights of Pythias, elected the following officers for the next term: P. L. Sanders, C. C.; T. J. Kinsey, V. C.; C. D. Mims, P.; M. L. Stroud, M. of W.; Will T. Hawkins, K. of R. and S.; E. M. Roberts, M. of F.; G. B. Engledow, M. of E.; Thad Floyd, M. at A.; A. P. Loden I. G.; F. D. Houston, O. G.; E. A. Blount, trustee.

The officers elect will be installed the first meeting night in January.

Moss Adams and Henry Garrison left today for the forks of the river where they will join Jim Stalling and others in a four days duck hunt. They have great expectation and we sincerely hope they will not be disappointed.

At the Waist

After Lumber, What? When finally the pine has been exhausted we have yet a source of wealth which has not been thought of except by a few.

The stumps left in the ground have an abundance of fat and resin, which will be used in the manufacture of turpentine, and will supply as great, if not greater, revenue than did the timber taken from them. Already a factory is in course of construction to carry out this project, so that the stumps, instead of being unsightly objects and obstacles to advancement, will be converted into a source of immense profit.

When we have bidden goodbye to the timber and stumps, we have then the lasting natural source of wealth—the land itself—which is capable of producing inexhaustible wealth in crops of varied description. The more hardy grains will not be cultivated, but products more certain to yield, of surer profit and greater demand will be grown. So, with the exception of a few cereals, the land surrounding us can be made to teem with all manner of products, not only for our own sustenance, but to supply an ever increasing outside demand as well.

In this brief enumeration no mention has been made of the rice production—a field of industry which, unlike pine, can never be exhausted. That supply we can always rely upon, barring, of course, the inevitable drawbacks caused by the seasons or the elements.—Lake Charles Press.

Death of T. E. Greer.

From Saturday's Daily: The many friends of Mr. T. E. Greer were deeply grieved to learn of his death, which occurred at his home in Appleby Thursday morning, December 6, at 10 o'clock, after a brief illness with heart trouble.

Deceased was 28 years of age and was born and reared in the community in which he died. He was a brother of Mr. Will Greer of this city and was one of the most highly respected young business men in Nacogdoches county, being at the head of the firm of T. E. Greer & Co. of Appleby.

His remains will be interred in the North Church cemetery tomorrow at 10 o'clock a. m.

Frank Goyens, the 8 year old son of Mr. and Mrs. J. B. Goyens, was seriously hurt yesterday while playing with some more boys on Irion Hill. He is hurt internally and is suffering severe pain today.

W. W. Mangham, a prosperous farmer from Melrose, is in town today.

Pains at the waist, back, front, or side, are nearly sure proof of female trouble. Some other signs are headache, pressing down pains, irregular functions, restlessness, cold limbs, nervousness, etc. These pains may be allayed, the system braced and the womanly functions regulated by the use of

SMITH'S SANITARIUM.

A Commendable Enterprise Established in Nacogdoches.

One of the most commendable and deserving enterprises that has been established in Nacogdoches for a long while is the sanitarium just opened by Dr. W. I. M. Smith in the Blount Building on the north side of the public square.

This is an institution that The Sentinel has long contended for in Nacogdoches, and now that one has been established, this paper is very much gratified, and we feel that the people of this city and section have just cause for congratulation.

Dr. Smith has associated with him Miss Allie Henderson, a graduate trained nurse, who comes from one of the best charity hospitals in New Orleans, and their institution is equipped for the treatment of all classes of surgical cases. In addition to an elegant suite of offices, wards have been fitted up and furnished for the accommodation of patients. Another commendable feature of the institution is the fact that Dr. Smith's instruments and operating tables will be tendered free to any physician who may desire to bring a patient there for operation. Under this arrangement it will no longer be necessary to carry appendicitis patients to other cities or surgeons for operation.

It's Up to You.

The following printed on a red card was picked up by a Sentinel man in the office of a prominent business man. The three paragraphs are each good and wholesome doctrine:

If the financial situation does not suit you, it is up to you to do your part towards making it better.

If you cannot pay all you owe, pay everybody you owe part of what you owe them and keep business going.

If everybody will do their part towards this end, things will adjust themselves rapidly and it is up to you to do your part.

Carney Resigned.

Prof. W. H. Carney, who has been superintendent of schools of the Lufkin Independent district since September, tendered his resignation to the board last Friday afternoon and the same was promptly accepted.

Prof. A. F. Armstrong of Dallas succeeds Prof. Carney as superintendent and entered upon his duties Monday. He comes highly recommended as an honorable, christian gentleman, a man of ideas, firmness and a high sense of honor, and it is believed he will prove a valuable acquisition to the school.—Lufkin Tribune.

Geo. McMillian of Cushing came down yesterday to attend the funeral of F. A. Dotson.

A National Song.

(As rendered by the average American.)

My country, 'tis of thee,
Sweet land of liberty,
Thou art so true,
Land where my fathers died,
Land of the future,
Thou art so true,
Thou art so true,
Thou art so true.

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect, and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and a slow state of the avenues of bodily waste, leaves the refuse and waste products to form uric and other acids, which are taken up by the blood and travel throughout the circulation. Coming in contact with various organs, they are another cause for the poisoning of the blood; we also find that the microbes of Malaria into our lungs, and when these reach the blood, a sufficient quantity it becomes a carrier of disease. It is so unfortunate as to inherit bad blood, perhaps the most common constitutional disease of ancestors is handed down to their children, who are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is never free to suffer in some way. For blood troubles of any kind, S. S. S. is the remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S.—It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

The Hall Remedy Co., Dallas, Texas. Iowa, Ia., July 9, 1904.

Dear Sir:—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years past I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wear them out. They commenced on me last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever and stopped them entirely. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never ran out of Hall's Chill Cure.

Good Cough Medicine For Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by Mast Bros. & Smith. dw

Juan Montoya, a prominent and well-known Mexican citizen of this city, died Sunday after a lingering illness. "Chile John," as he was familiarly called, and his daily visits plying his trade will be missed.

There is something about Kennedy's Laxative Cough Syrup that makes it different from others, as it causes a free yet gentle action of the bowels through which the cold is forced out of the system. At the same time it heals irritation and allays inflammation of the throat and lungs. It is pleasant to take. Children like it. Contains no opiates nor narcotics. Sold by Stripling, Haselwood & Co. dw

Mr. Arthur Thomas of Chireno and Miss Ida Skillern of Douglass were married at the home of the bride in Douglass Sunday. Both young people are well known and have many friends in this city.

Are you having trouble with your kidneys? There are lots of people today who wonder why they have pains across the back, why they are tired and lacking in energy and ambition. Your kidneys are wrong. They need relief without delay. Take DeWitt's Kidney & Bladder Pills; they are for weak back, inflammation of the bladder backache and weak kidneys. Sold by Stripling, Haselwood & Co. dw

Mr. F. Lawrence Walker, manager of the Charles B. Hantord company, was in the city yesterday and perfected arrangements for the appearance of his company at the Nacogdoches opera house on Friday night, December 20, in Shakespeare's greatest comedy, Taming of the Shrew.

Badly Mixed Up.

Abraham Brown, Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weaknesses and all stomach, liver and kidney complaints, by Mast Bros. & Smith, druggist. 50c. dw

All parties indebted to me at Nacogdoches will please call on Mr. J. O. Ray and pay their bills. I am in need of the money. T. J. Smith. dw

Muscular Pains Cured.

"During the summer of 1908 I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedlar, of Toronto, Ont. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends, all of whom speak highly of it." For sale by Mast Bros. & Smith. dw

Horace Bogar came in from Spokane, Washington, Saturday and will visit his parents, Mr. and Mrs. G. D. Bogar.

About Digestion.

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, increased strength and weight, greater endurance and a clear head. Price, 25 cents. Samples free. For sale by Mast Bros. & Smith. dw

Hans Hanson Last Night.

The Hans Hanson company played to a record breaking house last night, and not one who witnessed this splendid comedy drama was displeased with a single feature of it. It is truly an American play bristling with ridiculous situations and dramatic climaxes, and has enough pathos in it to make the humorous and ludicrous situations the more savory and appreciative. Eddie Delaney as Hans Hanson is a comedian of national repute, and he is supported by an exceptionally strong company. So long as the opera house management can give their patrons attractions like this they will have no cause for complaint of dull business.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended.

Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by Mast Bros. & Smith. dw

Word was received this morning that Mrs. McClure of Woden is considerably improved and that there is chance for immediate recovery.

A Dangerous Deadlock.

That sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy. Guaranteed absolutely satisfactory in every case or money back, at Mast Bros. & Smith's drug store, 25c. dw
