## ANOTHER RAILROAD ON PAPER.

The Kelly Tram Road to be Extended Soon.

Houston Post.

East Texas is to have a new railroad. This line will be built by Dr. Simmons of St. Louis, he of liver-regulator fame, and will extend from Kelly's, a station just north of Lutkin on that branch of the Cotton Belt. Dr. Simmons has purchased rails for twenty miles of track and will begin grading at once.

I. H. Cohn of St. Louis, a director in the Bleck-Pollak Iron company, extensive dealers in railway supplies at St. Louis and Cincinnati, who was in Houston yesterday, sold the rails to Dr. Simmons. Mr. Cohn has just returned from Excelsior Springs, Mo., where he closed the deal.

The steel is of fifty six pound weight, and the delivery is to be made at Kelly's within the next thirty days. Dr. Simmons has not disclosed to what point the road will be built, but it is understood that he owns a large quantity of land in Angelina and neighboring counties, which he wishes to open for settlement.

He intends first to build twenty miles, for which he has the necessary funds. His purposes is said to be to extend the road fifty miles, making it seventy miles in length in all, issuing bonds after the first twenty have been built.

Mr. Cohn is also figuring with J. Frank Keith of Beaumont, who intends to soon lay the rails for the extension of the Beaumont-Saratoga Transportation company. The road now runs from Voth, a station on the Santa Fe and Texas and New Orleans railroads, a distance of fifteen miles. Fifteen miles additional have been under construction, and it is believed the laying of rails will commence soon.

It is the opinion of Mr. Cohn that 1908 will be a quiet year in railroad building, although the situation in Texas looks bright and there are several good sized propositions now being considered.

## Mrs. Power Dead.

The sad news was received here Monday that Mrs. Budie Power, after several days' illness with pneumonia, died Sunday at the family home near Alto. Mrs. Power was a most excellent woman and had many friends and relatives in Nacogdoches county. She leaves a husband and several small children, besides a host of relatives and friends, to mourn her death.

The affliction is especially severe on the devoted husband, since his father, Mr. H. B. Power, near this city, is critically ill with pneumonia and is not expected to recover.

# FARMERS

## Read This Without Fail

You may not think seriously of this matter, but we do. The question of Fertilizer and Seed is the matter we think seriously about, because it means money to you, and whatever is money to you will help us too. This will be so, provided you get the very best of both.

At the request of quite a number of our farmer friends who know the value of these articles, we are putting in the **Celebrated Virginia-Carolina Chemical Co's Fertilizer, and the Genuine No. 1 Mebane Triumph Cotton Seed.**

Please note that we are not going to handle the cheap grades of either fertilizer or seed. It will not pay you to use cheap articles of this kind, as you well know you will not only lose the money you pay for the same, but at the end of the season you will find that you have lost your year's work and, worse still, what you might have made by using the very best.

Remember we have the very highest grades. These are facts to be considered when figuring on your year's crop. In this, as in all things else, it is economy to buy and use the best.

Yours for prosperous times,

**CASON, MONK & CO.**

## For Naval Appointment.

Washington, Jan. 21, 1908. To Applicants for appointment to the United States Naval Academy.

You are hereby notified that an examination for the selection of one principal and three alternates from the Second Congressional District of Texas to the United States Naval Academy of Annapolis, Maryland, will be held at Nacogdoches, Texas, on Friday, the 14th day of February, 1908.

Prof. R. E. Davis is hereby appointed chairman of the board of examiners. Dr. F. R. Tucker, medical examiner and Hon. C. A. Hodges, legal advisor.

For further information respecting the examination and the regulations governing the admission of candidates to the Naval Academy, address me at Beaumont, Texas, and my office there will furnish you with such information.

Very respectfully,  
 S. B. Cooper,  
 M. C. 2nd Dist. Texas.

## Notice.

The young men's Debating Society and the young ladies Cary Club of Douglass are going to celebrate Washington's Birthday in grand style.

The following distinguished speakers will address us on that day.

Messrs. A. T. Russell, Frank P. Marshall, Walton Day, W. E. Feazell and probably Hon. W. B. O'Quinn of Lutkin and Hon. R. O. Watkins of Jacksonville.

The Debators Union will also meet here on the night of the 22.

Everyone respectfully invited.  
 Committee.

## Pierce Denied Appeal.

A dispatch from Washington states that the United States supreme court Monday denied the application of Henry Clay Pierce for a writ of certiorari to bring before the supreme court his appeal in the Texas case against him for alleged false swearing. The appeal is now pending in the United States circuit court in Minnesota, to which Pierce appealed when he was denied a writ of habeas corpus upon his arrest by Sheriff Creevy of St. Louis.

This leaves the case in the hands of the circuit court to dispose of.

NOW BOYS, you know who they are, go after them.

THAT Nacogdoches needs more factories is true. It is also true that Nacogdoches people should patronize the factories we have.

HARRY THAW was acquitted of murder, but was found guilty of insanity. He thus escapes the electric chair, but lands in the mad house. Still he is not satisfied.

THE crave for official pie has attacked the newspaper women. Miss Myrtle Higgins, editor of the San Augustine Vidette, is a candidate for county treasurer of San Augustine county.

THE Cushing Enterprise truthfully says: "Every one is well pleased with the selection of Prof. R. F. Davis of Nacogdoches, as chairman of the Democratic party of Nacogdoches county."

THERE are many citizens of Nacogdoches county who failed to pay their poll tax in time to entitle them to vote, but this should not interfere with their efforts to make this the greatest county in the union.

THE Mineral Wells Daily Index has issued a magnificent illustrated edition, containing much valuable information regarding the mineral water city. That is a class of advertising that always pays the town that invests in it.

THE Cleburne Chronicle offers this consolation to the prospective candidate: "If you want to know all you have ever done, and many things you never thought of doing, just run for office, and you'll get your character aired in good shape."

ALL of that plot of land upon which stands the famous Liberty Elm, should be owned by the city of Nacogdoches. The lot is bounded on the north, south and west by streets, and on the east by Banita bayou, and is large enough to make a handsome park.

EDITOR J. D. Ford of the Timpson Times has announced as a candidate for representative from Shelby county. So far Mr. Ford has no opponent, and we hope he will not have, as the people of our sister county of Shelby can not find better material for the position than Bro. Ford.

EDITOR Clarence Gilmore of the Wills Point Chronicle is a candidate for re-election to the legislature from the electoral district composed of the counties of Van Zandt, Kaufman and Rains. There is not better legislative timber in Texas than Clarence Gilmore, and The Sentinel trusts he will be re-elected without opposition.

## FOR COUNTY FAIR.

Are you in favor of a county fair? If not, why not?—Sentinel.

But your life we are in favor of a county fair. Why? For many reasons. First, if for no other, it will interest Nacogdoches county citizens in thoroughbred horses, cows, hogs, poultry, etc. Also in the production of finer fruit, better corn, cotton and other agricultural products. Yes, by all means, let's have a county fair. — Garrison Gleaner.

Thanks, Bro. Gleaner. We knew you were in favor of a county fair, because you have always been on the side of progress, and while the Sentinel's query was not addressed to nor intended for such enterprising and progressive citizens as yourself, yet we are glad to have you make the definite and pointed avowal of your sympathy and cooperation in the Sentinel's efforts for a county fair. Let's get real busy and begin now to inaugurate a list of prizes for the encouragement of the farmers.

## JUDGE TELLS A STORY.

The following interesting story comes from Lake Charles, Louisiana:

Somewhat of a sensation was created in the state circuit court here today when the sixth jury in the contest case to remove Sheriff D. J. Reid from office reported that like its five predecessors, it could not agree. The case has now extended over a period of four years. When this report was made to Judge Lee by the jury he declared he was surprised that after 72 hours of deliberation they were unable to bring in a verdict.

"It reminds me," said Judge Lee, "of a story I once heard related by Judge White. He said that if a man throws five sixes in a crap game it is not surprising; if he throws them three times in succession it is rather curious. If he throws them four times it is remarkable. If he throws them five times hand running it is wonderful, but if he throws them six times there is nothing either curious or remarkable or wonderful about it—the dice are loaded."

"Gentlemen, retire to your room. Mr. Sheriff, adjourn court until 9 o'clock Monday morning. I shall expect a verdict by that time."

It is useless to say that the judge's story created a sensation.

SOME people have no sort of patience with a newspaper. The editor can say good things about them for twenty years and they never seem to appreciate it—don't even come around and say that the paper is a dandy or that the editor is doing a great work. But if the editor should happen to make a little error or comb the hair the other way—just a wee tiny bit—a roar goes up that can be heard for miles. Funny ain't it? Forget all at once all of the puffs and think only of a possible wrong, don't they?—Mineral Wells Index.

## A Little Conventions.

Houston Post.

Democratic State conventions in Texas will become small affairs, unless the people regain the habit of going to the polls on election day. Hereafter the basis of representation will be one delegate for every 500 votes cast for governor at the preceding election or major fraction thereof, with the proviso that each county shall have at least one vote. As the vote for Governor Campbell in 1906 was only 149,105, the next state convention will be composed of 366 delegates. This is a considerable drop when we reflect that in times past Texas democratic conventions have contained exceeding 1000 delegates.

The primary election law has, however, greatly reduced the importance of state conventions to nominate candidates for state offices. With but little more amendment, state conventions might be dispensed with entirely. Senatorial conventions could nominate members for the state committee and the committee could attend to the work of canvassing the primary returns and declaring the result.

If a full vote of Texas could be polled, it would be found that the voting strength of the state is fully 900,000, of whom more than 600,000 are democrats. But conditions have reduced the democratic vote in regular elections to less than 150,000, and less than 300,000 participated in primaries of 1906.

There is no doubt as to the cause of this tremendous shrinkage. The poll tax requirement reduces the number of qualified voters to about 500,000, and as the primary system determines in advance of the regular elections who the officials are going to be, tens of thousand do not go to the polls when regular election day comes.

It is a question if these conditions are really good for the state. The theory that "eternal vigilance is the price of liberty," if sound would indicate that the efforts to purify suffrage in Texas have been attended by disastrous results. It is questionable if the suffrage is much purer than it was before. The experience of 1906 showed that even under a most rigid enactment there was considerable manipulation. Primary declarations in some counties were in a sense nullified by the manipulation of the conventions. Some conventions chose delegates who were unfriendly to the candidates favored by a plurality of the people. A most flagrant instance of manipulation was afforded by one of the congressional conventions.

If further experience shows a continued lack of interest in elections, it may become necessary to materially revise the election law and modify the restrictions which serve to crush out popular interest in the selection of officials and the formulation of policies. The old convention system had its drawbacks, but it was never conducive to apathy.

H. W. Birdwell of Chireno was in the city today.

## Dies Doomed for Defeat.

Hon. Martin Dies of Beaumont is "ternist" the improvement of the navigable rivers of Texas. It is as good as a \$1000 to \$1 shot that the Hon. Martin Dies will be classed with the "also rans" after November, 1908.—Dallas Times-Herald.

It does seem queer just now when the two past winters have demonstrated beyond the cavil of a doubt that river navigation is absolutely essential to the business prosperity of the country for the reason that the railroads we have here are not equal to the emergency of moving this country's commerce even when we have a short cotton crop as we had last year, that a candidate would seek an election to congress to stop the improvement of our water ways. If we do not get the water ways of the country improved and made navigable it looks as though business will come to almost a complete standstill for the want of adequate transportation facilities. More than ever before in the history of the south we need men in congress to procure appropriations for river and other water way improvements to the end that we may have water transportation—and water transportation means not alone additional transportation facilities, but cheaper transportation facilities. Altogether it is unfortunate that Mr. Dies has pitched a campaign on such an issue.—Austin Statesman.

## The Right of Contract.

A legislator who, from a feeling of spite, voted to deprive newspaper men of the right of selling space to railroads for transportation certainly exhibits a big degree of cheek in asking these same newspaper men to help retain him in office or to get a higher position. Legislators cannot charge that they have done the same themselves, for while they have been riding on passes the State has been paying them 20c a mile to cover their official travel.—Milford Courier.

To seek revenge against members of the legislature who voted to interfere with the right of the newspapers to make fair and legitimate contracts would be unseemly. State Press prefers to think that some who so voted did so conscientiously, if mistakenly.—Dallas News State Press.

It is not right to seek revenge against a legislator because he voted his conscientious views, but it is right to vote against a legislator who runs over the constitutional right guaranteed to every citizen to make his own contracts. When the legislature passed the law cutting out newspapers from making contracts to pay for transportation in advertisements they passed a law that impaired the right of contracts. The legislature has just as much right to say subscription should not be paid in wood, potatoes, dry goods, groceries, hogs or any other product of the soil. We wish to have legislators who have respect for the constitution and the rights of the people under the constitution.—Bonham News.

## CASE DISMISSED.

Dr. Gordon Adams Wrongfully Accused at Center.

Center News.

Dr. Gordon Adams, the celebrated eye specialist of Houston, recently established a branch office at Center, where he has been doing a great business in curing and relieving the people suffering with afflicted eyes.

When Dr. Adams first came to Center the county tax collector presented him with a bill for license tax, which the doctor refused to pay, whereupon a suit against him was instituted by the collector. Dr. Adams easily gave bond and on a subsequent visit he employed counsel to protect his rights in the law, as he understood it.

When the case came up for trial Monday of this week it was dismissed and the doctor was complimented by the collector, his attorneys, the court and all others who were acquainted with the full facts in the case. It was simply a matter of misinformation on the part of the collector, else he would not have brought the suit; in fact, he would not have attempted to collect the tax in the first place.

Dr. Adams is engaged in an honorable and very necessary occupation, and he has conducted himself in every way becoming a gentleman and a friend to the afflicted during his residence in Center. We congratulate him upon the dismissal of the suit and congratulate the people of this community in thus being able to have a continuance of his professional services and his occasional personal residence.

## Writing New History.

Hundreds of old college men throughout the South will be interested in the announcement that the history of Sigma Alpha Epsilon, the College Greek Letter Society founded at the University of Alabama in 1856 is to be written. ## Judge Perkins Will Run.

To the surprise of his many friends in this city, the report comes from Judge Jas. I. Perkins that he will again be a candidate for district judge. This information comes direct from the judge himself, he having so informed Hon. Beeman Strong in a conversation over the phone. It had been expected that Judge Perkins would be a candidate for congress against Hon. S. B. Cooper, and his announcement for district judge caused some surprise.

## East Texas Tobacco.

Beaumont Enterprise.

Again has Nacogdoches tobacco been rated as the best cigar filler grown in the United States and second only to the tobacco raised in Cuba.

At a recent meeting in Washington of fifteen tobacco experts in the employ of the government, who came to report the results of their work in all parts of the United States, each had a sample of tobacco from his district and the tobacco from East Texas was awarded the palm over all. Inspector Otto Olsen, who will have charge of the East Texas district for the coming year, predicts that it will be but the matter of a few years when the whole East Texas country from Nacogdoches south, will be a great tobacco raising district. The greatest acreage ever put in that county will be planted this year, and Orange county, too, is calculating upon an increased acreage.

On a recent visit to this city, Mr. Sheffer, the ex-government expert, who is at the head of the Orange tobacco growing industry, urged the farmers of the northern part of this county to give their attention to cigar tobacco cultivation, and promised to aid them with instructions and advice in its culture and to aid them in finding a market.

**PRINTED BY REQUEST.**

Prepared at Small Cost, and Many Swear By It.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained a nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to readers.

Chas. Roberts of Black Jack is shopping in the city today.

The walnuts, figs and JELL-O can be bought at any good grocery. This makes enough dessert for a large family and is very economical.

**Brooks Critically Ill.**

Beaumont, Texas, January 28.—M. L. Brooks, a well-known lawyer and citizen of San Augustine, and who represent the Second congressional district of Texas in the Fifty-ninth congress, is lying critically ill at the Sealy hospital in Galveston, and telegrams stating his critical condition received here sent his brother, John H. Brooks, and sister, Mrs. George C. Greer of this city, to his bedside several days ago.

Telegrams received yesterday stated the condition of the sufferer was practically unchanged, and that while the attending physicians hoped for the best, the condition of the patient is critical and precarious.

Mr. Brooks is suffering from uraemic poisoning, which necessitated his prolonged stay at Hot Springs last year. He returned to his home at San Augustine several months ago apparently much improved in health, but several weeks ago sustained a relapse, which necessitated his becoming an inmate of the Sealy hospital at Galveston, where he has been for several weeks.

Ill-health caused Mr. Brooks to refrain from becoming a candidate for congress before the democratic primaries this year, as had been his intention.

His friends in this city, who have learned of his critical illness are greatly concerned on his account.

**A Big Success in spite of the Financial Panic. The Biggest Business in the History of the Institution.**

During the month just passed, the Tyler Commercial College, of Tyler, Texas, enjoyed the largest enrollment for any one month since the school was established, and their heavy correspondence indicates that this month will also be a record breaker. This big success, with such a financial crisis as this country is just passing over, is conclusive evidence of two things. First, that the Tyler Commercial College is giving the most thorough and practical education possible, one that fully meets the demands of the business world. Second, it proves that the better thinking people were made to realize by the panic, that there was no better way of investing their earnings than in a practical commercial education. May this institution continue to prosper. It is doing a great good for our young people. Parents interested in placing their sons and daughters in a commercial college here they will receive valuable moral training as well as a thorough and practical business training.

would do well to investigate this school. A business training without the proper moral training as a foundation is a failure.

**Gave up the Trip.**

G. W. Conner, a young cow boy, who started on a horse back trip from Oklahoma to Washington November 22, 1907, arrived in the city today. Mr. Conner started on his trip from Osage Indian Reservation in Oklahoma, and had intended to ride through to Washington by a circuitous route through Texas, and making the trip the longest one ever before made on horse back.

"Redskin," the little pony upon which Mr. Conner was making the trip, gave out and he had to give up the trip. He sold his horse to a stock man at Trinity and is now making the trip to Virginia by rail.

He stopped off in Nacogdoches to get his mail.

Mr. Conner says he will attempt the trip again next summer, but on a larger and heavier horse.

**DANGER IN DELAY.**

Kidney Diseases are too Dangerous for Nacogdoches People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

D. H. Goldberg of Lutkin, Texas, says: "For several years I suffered off and on with dull aching pains across my back and I had much trouble with too frequent actions of my kidneys. I tried nearly every kidney cure on the market with no results, until an old traveling man recommended Doan's Kidney pills to me. I bought a box at the Johnson Drug Co., and was helped considerably by its use. I continued taking the pills and since using them I have had only one slight pain. I take pleasure in stating that Doan's Kidney pills is the best remedy of the kind I have ever used."

Plenty more proof like this from Nacogdoches people. Call at Mast Bros. & Smith's drug store and ask what customer's report.

**Guaranteed Cure for Constipation**

After watching results for sixteen years, during which time many millions of bottles were sold and thousands of letters from users were received, the originators of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, feel safe in guaranteeing it in the various diseases of the stomach, liver and bowels, such as chronic constipation, dyspepsia, indigestion, biliousness, flatulency, sour stomach, bloated stomach, heartburn, etc. There is an absolute guarantee to refund the purchase price if Dr. Caldwell's Syrup Pepsin does not do what is claimed for it.

For sixteen years this remedy has been recommended for stomach, liver and bowel complaints and the fact that each year more and more families are using it proves that the merit claimed for it, and the letters we are constantly receiving proves that it is curing these diseases. Hence the guarantee is justified.

Mr. Alston, of Boynton, I. T., considers Dr. Caldwell's Syrup Pepsin the best laxative tonic on the market because, to use his own words, "it does all you claim for it and I do not know of another medicine of its kind that does." Mrs. Williams, of Sidney, Ill., writes that she has used it in her home all her married life and would not keep house without it. Thousands of others have written to the same effect.

If you have any complaint for which Dr. Caldwell's Syrup Pepsin is recommended go to your druggist and get a 50 cent or \$1 bottle. Take it on the basis that we guarantee satisfaction. You will find it gentle in action and pleasant in taste. It works promptly and efficiently, and unlike purgative waters, salts and cathartic powders or pills, does not grip and leave you feeling weak and torn. It is safe to say that you will like it and use it regularly when you have need for a laxative. It is especially suited to children and weak people because of its gentle action.

**FREE TEST** Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Suffered yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEP SIN." This product bears purity guarantee No. 17, Washington, D. C. **PEPSIN SYRUP CO.** 119 Caldwell Bldg., Monticello, Ill.

**FARMERS' MEETING.**

Steps Taken to Improve Crops in Nacogdoches County.

A representative meeting of farmers was held in the opera house Saturday afternoon when definite steps were taken to improve the farming conditions in Nacogdoches county.

Mr. G. W. Orms, who is in the employ of the agricultural department at Washington, was present and addressed the meeting. Mr. Orms is in charge of the demonstration work in this section of the state, and from his explanation of the work it was thoroughly demonstrated that he is perfectly familiar with the work in charge.

He explained in detail the method of cultivating corn, cotton, oats and cow peas, as suggested by the government, and also explained the character of contract each farmer is requested to sign.

In his talk Mr. Orms ventured the prediction that cotton will never be low again, and since the cotton farmers of the south have a monopoly of the cotton industry of the world, they ought to make the most of these natural advantages.

At the conclusion of Mr. Orms' talk, quite a number signed contracts, agreeing to cultivate a certain number of acres in both cotton and corn under the direction of the government's demonstration agents.

In this connection The Sentinel will state that under the direction of the Nacogdoches Commercial Club, Cason, Monk & Co. have ordered a car load of the famous Mebane Triumph cotton seed for the use of the farmers who may desire them, which will be sold at \$1.25 per bushel, actual cost laid down in Nacogdoches.

## A RETROSPECTION.

Interesting Inscriptions Found on the Monuments of Time.

Editor Sentinel.

Melrose, Tex., Jan. 28— I am confined today indoors, too feeble to do anything out of doors, but I must do something in the absence of physical strength to occupy my mind, hence this effort to write an article to be published in The Sentinel.

I can not formulate plans to be executed in the future because I am not justified by hope that they would ever be accomplished, whatever may be the events with their results occurring in the present. I must remain passive and resigned to the decrees of fate. The past only brings comfort when in memory I go back on the path of time and review events with their results in the days of my childhood, youth, my early manhood and mid-life. It is interesting indeed to note the inscriptions on the monuments that time has placed when on his arbitrary wing he was wafted onward to realms of eternity.

Monument No. 1.—Here once was a grand forest the majestic oak with its wide spreading foliage and the towering pine bending gracefully to the pressure of the breeze and radiant on the face of all nature was the bloom of beauty; here too was the fields of the wild beast and home of the Indian whose yell with the howl of the wolf and scream of the panther resounded on the air.

Monument No. 2.—Here was once the sight of a village, a town inhabited by happy people of rustic character, dwelling in rude structures which had never been adorned by the touch of the skilled mechanic.

Further on the road of progressive civilization we find monument No. 3.—Here now is a town, once a rustic village, now disrobed of its mantle it has donned the robe of artistic beauty and vieing in spirit of enterprise with cities of greater magnitude, but where now is the grand forest, the towering pine, and where now are the rural village and town with rustic cottage and humble cabin in which dwelt the pioneer of civilization, the people of genial spirit and noble soul? Let civilization with commercialism answer; in the forest the mill man with saw has been introduced, in the rustic village and town the skilled mechanic has been introduced; in the wake of the mill man there blackened stumps and spires stand as monuments of desolation where the towering pine once stood; the mechanic has plied his tools, removed the rustic cottage and cabin and reared on their sites edifices adorned and embellished with the designs of modern art; but where are the people of genial spirit and noble soul? Nature's decree of fate answers: Most of them sleep their last sleep in unmarked graves, and now comes to my mind the sentiment expressed

by the poets who lived in the long time ago:

"Would that my life could renew its youth,  
Thal I lived in the past again.  
It was there I found the pearl of truth,  
In the heart of the gay world's train.

"Would I were a boy again,  
When life seemed formed of sunny years;  
When all the heart then knew of pain,  
Was wept away in transient tears."

The prospect of better times in the future here is more encouraging than it was a month or two ago. The farmers are returning from public works to their farms and are zealously at work in that enterprise—agriculture—tilling of the earth, on whose products depend the success of every other class of business.

There is considerable sickness of mild type among the people of this community.

Socially, we are all agreeable.

The status of politics is so intricate that we don't know how to discuss the subject and be darned if we believe that anybody else does.

The recent collapse of the financial system and the paralyzation of all business by the force of the prevailing money panic renders the service of a Lycurgus with the aid of a Solon to advise means of relief.

Respectfully,

L. T. Barrett.

W. E. Thomason.

I again offer myself as a candidate for the office of County Treasurer subject to the action of the Democratic primaries. In so doing, I propose to make the race on the same basis of remuneration that has been given the past forty years. However, I submit to the voters of this county the question as to whether the remuneration should be diminished or remain as it is.

I am not making the race merely for the honor there is in it; it is a business proposition with me. Nacogdoches county does not owe me or any other man anything; but I owe her a faithful performance of the duties incumbent upon me as an officer. My official record will show whether or not I have performed these duties. I can only promise a faithful performance of them if I am re-elected.

I am gratefully yours,  
W. E. Thomason.

William J. Bryan's paper, the Commoner, prints the following: "Mr. Bryan's friends will please not hold him responsible for such paragaaphs as that which have been going the rounds of the press recently, to the effect that his daughter would be a delegate from Colorado and put him in nomination. Mr. Bryan's daughter, Mrs. Ruth Bryan Leavitt, lives in Denver, but she will not be a delegate and will not put him in nomination." This story is one of several pure fabrications concerning Mr. Bryan and members of his family which are being circulated by his enemies.—El Paso Times.

## CITY COUNCIL MEETING.

Long Session and Much Business Transacted the Result.

The city council met in regular monthly session at 4.30 o'clock yesterday afternoon with all the aldermen present and Mayor Perkins presiding.

After the minutes of the previous meetings were read and approved, a report of the special committee selected to check over the accounts of the water works construction fund with Engineer O'Neill was read. The report showed total amount to the credit of the construction fund, after all outstanding claims are paid, to be \$2,309.09.

The report of the recorder and city attorney for the month of January showed total fines collected to the amount of \$158 on 25 cases.

Dr. F. C. Ford appeared before the council in behalf of the old water works company and asked that the city refund the tax on the old water works plant from June 30, 1907, when the plant was transferred to the city. No action was taken by the council.

The question of establishing a uniform water rate was discussed by the council, which resulted in the selection of a committee consisting of Mayor Perkins and Alderman Floyd to prepare an ordinance providing for the adjustment of the rates and controlling the operation of the plant. It was unanimously decided by the council that no patron of the city water works system will be connected with the new mains until they have paid all arrearages due for water used.

The street and bridge committee reported that the new iron bridge over Banita bayou on North street had been completed, and that the bridge over LaNana creek on East Main street is now under construction.

A petition from property owners and citizens, asking that a levee be constructed along the south bank of Banita bayou from North street to a point below Fredonia street, was read. The petitioners alleged that this relief had been made necessary by the construction of the Nacogdoches Southeastern railroad along the north bank of the bayou, thus forcing the flow of water onto the property of the citizens on the south side of the creek to the injury of property and endangering the lives of their families.

A committee, composed of the mayor and Aldermen Rults and Floyd, was selected by the council to look into the matter and to confer with the Nacogdoches Southeastern Railroad Company.

A petition, numerously signed, praying for the erection of an electric light at the intersection of Pecan and Pilar streets, on the southwest corner of the square, was read, and a 32 candle power light was ordered put up at that point.

R. W. Fauntleroy was allowed a rebate of \$1.12 on taxes erroneously assessed.

The following accounts were allowed:  
Ice & Cold Storage Co. \$ 2.90

Light & Power Co. . . . 99.25  
Haltom & Haltom . . . 12.28  
Waters Pierce Oil Co. . . 7.95  
South Texas Telephone Co. . . . . . . . . . . 3.00

Jno. N. Gilbert et al, for holding election. 8.00  
Josh Henson, hauling. 8.40  
H. T. Burk. . . . . 9.80  
D. H. Barnett. . . . . 6.50  
Stack & Smith. . . . . 1.30  
Sanders & Buchanan. . . 3.75

The account of the Post Pipe company for \$813.22 for sewer pipe, less the freight, was referred to the mayor for adjustment and settlement.

The council then at 8 o'clock p. m. adjourned to meet again this afternoon at 4 o'clock.

### They are Coming Back.

Fort Worth Telegram.

Here is a paragraph from the Honey Grove Citizen that has been going the rounds of some of the Texas papers:

"They are coming back from the West all right, and are hunting homes in grand old Fannin. We mean those benighted fellows who pulled up and went to West Texas a few years ago, thinking to make their fortune. Not many days pass but that some weary prodigal comes back and wants a place to make a crop this year. They are also coming in from Arkansas, Tennessee and other states north and east of us. A little more advertising of this section would bring some more of them, and we would remind you that this office has a few of the booklets, 'Honey Grove, the City Beautiful,' left, and they may be had for the asking."

To make the item of real value the Citizen ought to give the following information:

1. The name of the most prosperous farmer in the lot. That is, the one who was the most prosperous before leaving East Texas.
2. Where in West Texas he settled and how long he stayed in one place.
3. How many acres he tried to cultivate each year and how much help he had to do the work with.
4. How many times he plowed his different crops.
5. How many different crops he tried to raise during any one year and the acreage.
6. How many hogs he raised, how much poultry, and how many dairy cows he kept.

If the Citizen will answer these questions, it will do a real service.

The situation of the dissatisfied East Texas farmer in West Texas amounts to practically this:

He has sold his small farm and put all the money into the first payment on another four times too big for him. All of his money has gone in that first payment and he has wagered his first year's crop against the second payment. He has tried to cultivate twice or three times as much land as one man can cultivate, hoping to get a big crop the first year and clear off his indebtedness. He has pinned his faith all in one crop, usually cotton, because it is the easiest to cultivate. He had no time for hogs, a dairy or a flock of poultry to

keepup household expenses, but has gone in debt for all his groceries. Then a bad season for his particular crop has happened along and he is cleaned out.

### Jack London Safe.

The special correspondent of the Woman's Home Companion in San Francisco has telegraphed the following message in regard to Jack London:

"San Francisco, Jan. 27.— Jack London and wife arrived on the Mariposa, safe and well. Snark laid up for repairs."

London's bankers in Oakland, despairing of his safety, recently recorded the mortgage against his home at Glen Ellen, which was drawn last April in order that the adventurous writer could obtain funds with which to fit out the Snark. It was understood that the mortgage was to be held without being recorded as long as London's safety seemed assured. The action of the bank was taken as an indication that its officers feared he had met disaster.

Jack London left Hilo, Hawaii, on October 27th for Tahiti of the Society Islands on his voyage around the world for the Woman's Home Companion in his little ketch-rigged boat the Snark. He should have reached Tahiti by the first of December, and it was feared that some serious accident had befallen him. With London in the Snark were his wife, James L. Warren, who is captain, Martin Johnson, the engineer, one sailor and two Japanese servants.

London intends to spend seven years on his voyage around the world, describing for the Woman's Home Companion the life and customs and countries of the strange people he meets. From the Society Islands he expects to touch at Samoa, Tasmania, New Zealand, Australia, New Guinea, then up through the Philippines to Japan, Korea and China, and so on to India. After this is to come Europe, the Atlantic Coast of America, and San Francisco again, via the Horn.

The Snark is forty-five feet on the water line, weighs thirty tons, and has an auxiliary gas engine, which, getting out of repair, caused the delay that has occasioned so much worry. The engines are now being overhauled at Papeiti. The boat, as originally planned, was to cost \$7,000. She actually cost about \$25,000 before she left San Francisco, six months late, the terrible increase in cost being due to the earthquake and fire and to the subsequent scarcity of labor.

### Death of J. W. Bruton.

Mrs. C. G. Bruton received a telegram from her husband at Fort Worth today, stating that his father died there last night. Mr. Bruton had been in feeble health for some time, and only a few months ago was stricken with apoplexy at his home at Mt. Enterprise, but recovered sufficiently to go to his son at Fort Worth, where he died last night. It is understood that his death was caused from a recurrence of the paralytic stroke.

"We shall always praise Pe-ru-na, for it saved our boy's life."

HERMAN HOCHMUTH.

MRS. EARNEST HOCHMUTH, 1701 Maple St., Des Moines, Iowa, writes: "Two years ago our little boy, Herman, was taken down with scarlet fever. He took cold with it, and instead of the eruptions coming to the surface they affected his lungs and stomach. For weeks we watched by his bedside, hardly expecting him to live from one hour to the next.

"Finally he became a little better and was able to sit up. Then he commenced to cough, and in spite of everything we could do he seemed to get worse all the time. His coughing spells would last until he was completely exhausted, and his lungs hurt him a great deal. Everybody thought he had consumption.

"One day, while at the drug store, my husband saw a *Peruna almanac* and brought it home. We read in it a perfect description of his case and we thought we would try *Peruna*. We bought a bottle, quit everything else, and began giving him *Peruna*.

"By the time two-thirds of the bottle was used the cough had almost gone. After he had taken two bottles he was perfectly cured. He has not seen a sick day since and is a hearty, healthy boy.

"We shall always praise *Peruna*, for it saved our boy's life."

Man-a-lin the Ideal Laxative.

A Diary.

To The Sentinel.  
Good language can easily be compared to a stream flowing gracefully along. The gentle ripple as the water passes over obstructions, the rushing voice over the fall—all go to make up the language of the brook.

This simple piece of nature has a charm which no one can resist. Its magic spell holds the gaze of the passer-by. It fascinates the eye and quickens the ear. It causes the weary heart to lay aside the gnawing pain.

Yet this is true of language in its fullest sense. Kind, gentle words are priceless and yet without financial cost. They spring from a generous soul prompted by loving kindness.

How few there be who see the value of a true life. The poetry and beauty of every day affairs, and the endless opportunities for improvement in every standpoint.

May our lives be so that when the last ripple is ended, We may safely reach the great ocean of truth, purity and greatness from whence no traveler ever returns.

CLUB NOTES

The Cum Concilio club met Thursday afternoon, January 30, at the residence of one of its most popular members, Mrs. E. C. Branch.

Roll call was answered by quotations from Schiller. The lesson covered that intensely interesting portion of German history that includes the reigns of the Great Elector and Frederick the Great, and that was made glorious by the genius of Goethe and Schiller. It is needless to remark that the text was perfectly recited.

A paper by Mrs. W. F. Price on "The Relative Importance of Goethe and Schiller in Literature" was carefully prepared and threw valuable light on the friendship of these grand poets.

Mrs. Roland Jones read with telling effect "The Song of the Bell."

At the close of the lesson gelatine fruit with whipped cream and cake was served, and the club dispersed after one of the most delightful meetings of the long series to the credit of this successful club.

The club meets with Mrs. Roland Jones next Thursday, February 6.

February 3.—Well, as this is an election year and the candidates are announcing and telling through your paper how bad they want the office and how well qualified to fill same, your correspondent has forgotten to write from our little hub.

Now to the candidates who ran two years ago, and who run this time and get defeated not to give up, but to take more courage and run the faster, but not to be like I heard a certain lady say, and that was, the candidates visited her husband so often until it kept him from work, and they would come to the house and attend to their babies and help them milk old Pide, or do most anything when they were hungry and wanted you to vote for them, but after election day you may go to town and pass one all day and he will never speak to you, much less ask you to take dinner with him. Now, don't think I am dictating how to run a campaign, for I never had the experience, but if I were I would want a good road to make the race on.

There is quite a lot of sickness in our hub at present. Mr. McClure of Switt has moved to Appleby. Mr. Whit Martin of Martinsville was up in our hub Sunday reminding his friends of old times.

B. F. Adams visited his father Sunday.

R. L. Chandler of Houston was up last week looking after some oil interest for the Producers Oil Company.

The painters have begun work on the residence of M. D. Stoker, which, when completed, will be one of the finest country homes in the county.

Mr. Emery Pleasant is reported very sick with pneumonia.

Mr. Sam Tynes, or best known as Uncle Sam, died last Tuesday and his remains were interred in the Shady Grove cemetery with Masonic honors.

The death angel visited the home of Mr. and Mrs. S. A. Mills on January 24, and claimed their darling little girl, aged about two years. To the bereaved parents we would say:

"Thou art gone to the grave, and thy cradle's forsaken,  
With us thy fond spirit did not tarry long;  
But the sunshine of heaven beamed bright on thy waking,  
And the sound thou didst hear was the seraphim's song."

A SAD DEATH.

Miss May B. Fogg Died This Morning.

From Friday's Daily:

Miss May Barham Fogg, aged nearly 22 years, died at the home of her sister, Mrs. A. G. Gatling, in this city this morning at 10 o'clock after a brief illness with typhoid fever.

Miss May B. was a most loveable young lady and numbered her friends by the score. Her death is a shock to her relatives and friends.

The Sentinel joins their many friends in extending sympathy and condolence to the bereaved family.

Soon to Visit Here.

On next Wednesday or Thursday Mrs. Otto Lang of Detroit Mich., will arrive in the city to visit her parents, Mr. and Mrs. John Durst. Mrs. Lang will be accompanied to Tyler by Mrs. Helen Burr-Brand also of Detroit. In the visit of Mrs. Burr-Brand-Tyler will be honored for she is a harpist of much fame, having given several recitals in New York City and other cities, and attracted universal favorable comment.

While here Mrs. Burr-Brand, if possible, will be induced to give a harp recital in order that Tyler music lovers will have the opportunity of hearing her.—Tyler Courier and Times.

The feature of the above clipping most interesting to Sentinel readers is the fact that Mrs. Brand will soon visit Nacogdoches. In a letter to The Sentinel Mrs. John Durst says:

"Mrs. Brand will visit your city some time this month. Having heard her I can truly recommend her, as she is an artist in her line."

Candy Talk.

We have about three hundred pounds left of our candy ordered for our Christmas trade. We never let candy grow old on us and we do not intend to do so now if we can help it. We are going to sell it for ten cents a pound. None of these candies ever sell for less than 20c and some of them usually sell for 40c. There are about twenty-five different kinds in the lot. You select any kind or have it mixed for ten cents a pound. 1td-1w C. W. Butt.

PLOW HARNESS

We now have a full stock of Plow Gear, such as Collars, Hames, Traces, Backbands, Lines, Bridles, Curry Combs, Bushes, etc. We also have heavier collars and what you need for your wagon harness. We will appreciate a liberal share of your trade in this line. Call at the Saddle Shop.

Trawick Topics.

Trawick, Tex. Feb. 5.—The weather is favorable for the farmers at this season and they are making everyday count.

D. E. Paine and wife visited his father Sunday.

Prof. Wilson is not able to be at school this week and Prof. McCall of Caro is taking his part in the school for a few days.

Mumps and measles are again in the community, in fact they have been since last summer.

The grippe is taking its course in the country about now. Uncle Richard Trawick, whom our town is named after, is very low. He is feeble with age and a short time since was stricken with paralysis and is not expected to live but a few days.

Sheriff G. W. Blackburn is up investigating the whereabouts of the beltings, wrenches, etc., which were missing from J. H. Summers & Son's mill here a few days ago.

Dangerous Crossing.

While the bridge over LaNana creek, at the foot of East Main street, is being rebuilt, the public is forced to ford the stream. The heavy rain last night caused the creek to rise until it is almost past fording. About noon today one of the colored drivers for Cason, Monk & Co's. delivery wagon came near being drowned while attempting to cross at the ford, and the water is still rising. The water is very swift at this point, and the crossing is quite dangerous.

# Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

Mr. and Mrs. T. J. Smith came up today from Lufkin and will spend several days with relatives and friends here.

## TO SAVE THE UNION.

Secret Conference is Being Conducted at Dallas.

Dallas, Texas, Jan. 30.—The secret conference of Farmers Union leaders, called by ex-President Murray, for the stated purpose of harmonizing discordant elements and saving the state union from factional disruption, went into session at noon in the Auditorium of the Dallas Commercial Club.

About 40 men were present. Among the conferees were the following: N. Murray of Kingston, J. W. Baird of Paris, Wayne Lyle of Bowie county, E. O. Meitzen of Lavaca county, John Frey of Hunt county, J. M. Young, president of Dallas County Union; W. S. Miller of Rains county and A. P. Landers of Hopkins county.

None of the delegates would talk to new paper men for publication.

### Tired Women.

What numbers of women drag their way in pain through the endless duties that crowd brain and hand and heart. But life's work must still go on. Panol is a priceless boon and blessing to suffering women. It gives strength and quiet to tired nerves, tones the digestion, improves the appetite, brings restful, refreshing sleep, regulates every function, rids the system of malaria, puts roses on the cheeks, and joy in the heart. And it does it in a way so different from that of ordinary medicines that it calls forth the loudest praises. Pleasant to take as lemonade. Try it now. 50c, six for \$2.50. For sale by Stripling, Haselwood & Co.

## GREAT DEMAND.

For Hyomei, the Catarrh Cure that Stripling, Haselwood & Co. Guarantee.

The sales record of all medicines by Stripling, Haselwood & Co. has been broken by the recent remarkable demand for Hyomei. This is not alone due to the peculiar weather conditions that have increased catarrhal troubles, but the way in which Stripling, Haselwood & Co. sell Hyomei is undoubtedly responsible for many sales.

With every dollar outfit they give their personal guarantee to refund the money if Hyomei does not give absolute satisfaction. Ask Stripling, Haselwood & Co. to explain to you about this guarantee.

There is no stomach dosing with Hyomei. It is a medicated air treatment that kills all catarrhal germs, preventing their growth and making catarrh impossible. It has cured many right here in Nacogdoches, and you should try it now and get relief from catarrh.

### Notice to Creditors.

The State of Texas, County of Nacogdoches.

To the Creditors of G. W. Morris:

You are hereby notified that G. W. Morris, of Nacogdoches, Nacogdoches county, Texas, on the 18th day of January, A. D. 1908, executed a deed of assignment, conveying to the undersigned (R. H. Irion), all his property for the benefit of such of his creditors as will consent to accept their proportional share of his estate, and discharge his from their respective claims, and that the undersigned accepted said trust and has duly qualified as required, by law.

All creditors consenting to said assignment must, within four months after the publication of this notice, make known to the undersigned assignee their consent in writing, and within six months from the date of this notice file their claim, as prescribed by law; with the undersigned, who resides at Nacogdoches, Texas, which also is his post office address.

Witness my hand this the 21st day of January, A. D. 1908.

## RULES FOR GOOD DIGESTION

A Simple Way to Prevent and Cure Stomach Trouble.

The sufferer from indigestion and stomach weakness should eat slowly and chew the food thoroughly.

But as the majority of people have already so abused the delicate stomach that they suffer with distress after eating, flatulence, headaches, coated tongue, spots before the eyes and the many other symptoms of indigestion, it is necessary for them to use Mi-o-na, the only remedy that will strengthen the muscular walls of the stomach and increase the flow of gastric juices so that indigestion will be cured.

Mi-o-na puts the whole digestive system in such shape that it can cure for all the food that is eaten without pain or distress.

Stripling, Haselwood & Co. give an absolute guarantee with every 50-cent box to refund the money unless Mi-o-na does all that is claimed for it. A guarantee like this must inspire your confidence in the remedy.

## Cases Affirmed.

There were two cases affirmed by the court of criminal appeals at Dallas yesterday that settles the question of the validity of the local option law in Nacogdoches county.

The cases were appealed from the county court of Nacogdoches county, and were both upon conviction for violating the local option law, the appellants being Tom Hardy and R. D. Wilson.

On the trial of the cases the contention was raised that the notices ordering the election were not legally posted and that the order for publishing the result of the election was not properly made.

Judge Mims before whom the cases were tried held that the contentions above cited were not well founded, and also held that under the act of the 30th Legislature, the right to contest the last local option election was barred by limitation. In these rulings Judge Mims has been upheld by the appellate court.

**Cures Woman's Weaknesses.**

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe, one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Hemionus Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorant, & makes for normal activity of the entire reproductive system. No constituent in Helonias has a medicinal value which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; stonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive system of women; constant sensation of heat in the region of the kidneys; menorrhagic (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs; and aemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions, and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, gonorrhoea, leucorrhoea and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

**Severe on the Knocker.**

Abilene Reporter.

Speaking of some local knocker in Artesia, N. M., the News of that town says: "Artesia will watch his career with interest, and when he passes from this place to a better one, whether they bury him or just pour him back in the jug, Artesia will sing his requiem and be big hearted enough to buy him an asbestos winding sheet." The Knocker will get scant sympathy from his neighbors in this case if the people of Artesia can see what it takes to make a town. We would not consign him to the lower world upon that fact alone, but unless we knew something else about him we would not be too hard on the News for its verdict.

**Syrup Labels.**

Under the new pure food law, farmers are required to put labels on all ribbon cane syrups manufactured by them before they can offer it for sale. The Sentinel office has printed a number of these labels and will sell them to farmers or others at 50 cents per hundred.

**WAY OF THE TRUST.**

**Manufactures Shoddy Goods and Sells at Big Profit.**

Mr. L. P. DeMouche, manager of the Nacogdoches Cigar factory, hands in the following interesting document for publication. Every smoker of trust made cigars should read it, especially:

Mansfield, Ohio, Dec. 7, 1907.—The trust cigar factory of this city is having their share of trouble, the same as they are having in many of their factories in other sections of the country. About the middle of November there were nearly 200 laid off or discharged. A few days later there were again about 25 laid off or discharged, including about 12 foremen. Some of this bunch were their old hands, male bunch breakers, who have been with this trust factory since they first started in this city some years ago. Then about one week later the factory shut down entirely. A few weeks ago a big lot of cigars came back to this concern from somewhere. Some say there were 250,000 cigars. Others said there was a car load with this lot being returned. A lot of trouble came with it. The management of this concern received instructions from their New York headquarters to do away with their bunching by hand and use machine-made bunches only (they were using machines) while the management here say that the machine-made bunches are far from being a success, yet they must comply with the instructions from their main office. As some persons put it that are employed there say they make all kinds of cigars, some thick, some thin, some hard as a rock and some soft, all go into one box, and it people would see what they put into their cigars they would not smoke them, and since starting up again a few days ago they are using machine-made bunches only, with a much less number of hands, and also made a cut in prices, and in order to make the hands believe they are making a different cigar from what they

**At the Waist**

have been making, which necessitated a cut, they have the ends of the moulds painted green. Heretofore they were painted blue. The prices paid now are 34 cents for fancy shapes and 30 cents for straight work. These are for rolling up—undoubtedly. These prices would not be paid if it were not for the other two cheap factories being here, which makes labor, especially female labor, scarce, which they mostly employ, and they shift about from one place to the other if it does not suit them or something goes wrong, and since starting up again the factory has substituted Connecticut second for wrappers in place of Sumatra, and it is also rumored about that one trust will close up this factory entirely if the business does not turn out better in the future than it has in the past.

It is the request of this union that this matter be written up properly and published in next issue of Journal, as I have given the main points only as I received them.

**NEW BAND ORGANIZED.**

Nacogdoches to Have Best Band in East Texas.

Nacogdoches is to have a first class band.

Through the efforts of a few zealous musicians this fact has been assured.

Some two or three preliminary meetings had previously been held, and temporary organization effected, but at a meeting held last night final and permanent organization was perfected, and with a membership of 27.

Prof. Tony Cruz has been secured to instruct the boys, and already a full set of gold mounted quadruple plated silver instruments has been ordered. Prof. Cruz will begin at once a course of instruction, and as most of the members of the band are experienced musicians, it will be but a short time until Nacogdoches will have a band second to none in the state.

It has long been the desire of the progressive citizens of Nacogdoches that this city could boast of a first class band, and now that this hope is to be realized it is hoped that every citizen will give this new organization his hearty cooperation and encouragement.

That is all the boys ask of the people, but at least this much is due those who are to give their time, money and talent to the success of the enterprise.

S. H. Dorsey returned from Tyler last night, where he has been serving as a federal juror.

Pains at the waist, back, front, or side, are nearly sure proof of female trouble. Some other signs are headache, pressing down pains, irregular functions; restlessness, cold limbs, nervousness, etc. These pains may be allayed, the system braced and the womanly functions regulated by the use of

The Hall Remedy Co., Dallas, Texas. I was in La. July 9, 1904.

Dear Sirs—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years past I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wait them out. They commenced on me last year—the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever and stopped them entirely. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never can say enough for Hall's Chill Cure. Yours truly, MRS. **S.S.S. HEALS OLD SORES**

No old sore exists merely because the flesh is diseased at that particular spot; if this were true simple cleanliness and local applications would heal them. Whenever a sore or ulcer refuses to heal readily, the blood is at fault; this vital fluid is filled with impurities and poisons which are being constantly discharged into the place, feeding it with noxious matter and irritating and inflaming the nerves and tissues so the sore cannot heal. These impurities in the blood may be the remains of some constitutional trouble, the effect of a debilitating spell of sickness, leaving disease germs in the system, or the absorption by the blood of the fermented refuse matter which the bodily channels of waste have failed to remove. Again the cause may be hereditary, the diseased blood of ancestry being handed down to posterity; but whatever the cause, the fact that the sore will not heal shows the necessity for the very best constitutional treatment. There is nothing that causes more worry and anxiety than an old sore which resists treatment.

Every symptom suggests pollution and disease—the discharge, the red, angry looking flesh, the pain and inflammation, and the discoloration of surrounding parts, all show that deep down in the blood there are morbid and dangerous forces at work, constantly creating poisons which may in the end lead to Cancer. Local applications are valuable only for their cleansing and antiseptic effects; they do not reach the blood, where the real cause is located, and can therefore have no real curative worth. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the poison-producing germs and morbid matters which are keeping the ulcer open. It removes every particle of impurity from the circulation and makes this life-stream pure, fresh and health-sustaining. Then as new, rich blood is carried to the place the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the sore or ulcer is well. S. S. S. is the greatest of all blood purifiers and finest of tonics, just what is needed in the treatment, and in addition to curing the sore will build up and strengthen every part of the system. Special book on Sores and Ulcers and any medical advice desired furnished free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel, and having on a blue woolen stocking the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of, but got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore. JNO. Many Sleepless Nights, Owing to a Persistent Cough. Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the Burley, Colo., Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by Mast Bros. & Smith. dw

Mr. J. E. Elliott left on the T. & N. O. yesterday for his home in North Carolina, where he will spend the summer.

Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as spring medicine. This grand alternative tonic is sold under guarantee at Mast Bros. & Smith's drug store. 50c dw

At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol for dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Stripling, Haselwood & Co. dw

Report from the home of Uncle Holloway Power this afternoon states that he is much better, and strong hopes are now entertained that he will recover. His condition took a turn for the better last night since when he has continued to improve.
