UNFORTUNATE AFFAIR.

Jesse Bruton Seriously but Not Fatally Wounded.

To the surprise and sincere regret of his many friends, Mr. Jesse Bruton, proprietor of the Crown Bottling Works, made an effort to take his own life at his place of business yesterday afternoon.

Mr. Bruton first took a quantity of Rough on Rats, while at work in his soda water factory, and in the presence of his wife. He then walked into the restaurant owned by himself and Mr. Julian Barksdale, and going behind the counter, seized his pistol. Mr. Barksdale discerning his intention, caught Mr. Bruton and tried to prevent his harming himself.

Finally Mr. Bruton succeeded in freeing himself from Mr. Barksdale's grasp, and he fired three shots as he thought towards his breast. One shot entered just above the left lung and crashed through his shoulder, the second passed through the left side, inflicting a slight flesh wound, and the third missed entirely.

Mr. Bruton fell to the floor with his clothing on fire. He was attended by Drs. Tucker and Campbell, who pumped the poison from his stomach and dressed his wounds. He was then removed to the residence of Mr. G. D. Boger where he is getting along nicely.

Mr. Bruton regrets his rash act more than any one, and in deference to his wishes, the cause will not be stated.

Fair View Dots.

Feb. 17. — Uncle Dick Robertson is quite sick but some better today. Mr. Will Alders has a sick child. Richard White had to quit school on account of sickness. Miss Ava Stripling is on the sick list, and so on all through the county.

Bro. Jim Wilson preached a fine sermon at Fairview on the 10th inst. I wish every man and woman in the neighborhood had been there. Those who failed to come are the losers. He put in some hot shot and they will do good I think.

We have the best school at Fairview that we ever had taught here. In a talk I gave the school a few days ago I told our teachers if they teach another school they ought to improve on it as every teacher ought to. This is an age of improvement. Our teachers are not for trade.

Farmers are getting along with their plowing better than usual this time of the year. There will be a good deal of feed stuff shipped to this county this year. There is something wrong when feed is shipped to old Nacogdoches county. It's one of

Read This Without Fail

You may not think seriously of this matter, but we do. The question of Fertilizer and Seed is the matter we think seriously about, because it means money to you, and whatever is money to you will help us too. This will be so, provided you get the very best of both.

At the request of quite a number of our farmer friends who know the value of these articles, we are putting in the **Celebrated Virginia-Carolina Chemical Co's Fertilizer, and the Genuine No. 1 Mebane Triumph Cotton Seed.**

Please note that we are not going to handle the cheap grades of either fertilizer or seed. It will not pay you to use cheap articles of this kind, as you well know you will not only lose the money you pay for the same, but at the end of the season you will find that you have lost your year's work and, worse still, what you might have made by using the very best.

Remember we have the very highest grades. These are facts to be considered when figuring on your year's crop. In this, as in all things else, it is economy to buy and use the best.

MUST OBSERVE THE LAW.

Important Letter From the State Health Officer.

The following letter, addressed to the physicians of Texas, has been sent out by Dr. William Brumby, state health officer, and is self explanatory:

To the Physicians of Texas. Gentlemen:

Austin, Feb. 8, 1908. — The purpose of this letter is to call your attention to the law enacted by the Twenty-seventh Legislature requiring physicians to make reports of all births and deaths of which they are cognizant, to the county clerk within thirty days after its occurrence under a penalty for failure to do so of five dollars for each birth and of not less than five or more than fifty dollars for each death. It is not my purpose to antagonize the members of the profession, but your duty in this matter is very clear and if you do not realize it, it will be necessary for me to place the matter in the hands of the county attorney. "A hint to the wise is sufficient."

I have had blank certificates of births and deaths printed at the State's expense and they are now in the hands of the county clerks, and can be obtained by the physicians without cost. They are there for your use and there is absolutely no excuse for non-compliance with this law. There has been a steady increase in the number of physicians that are reporting, but partial reports are far from satisfactory, and I intend to see that the recalcitrant brother is prosecuted for non-compliance with the law.

Trusting that you will realize your duty in this matter without the intervention of the law, I remain, Yours Sincerely and fraternally,

Wm. Brumby,
 State Health Officer.

the best counties in East Texas. We are going to try the hog law this spring — about the 28th of March. We are getting very tired of keeping miles and miles of fencing just for a few razor back hogs. As we are liners we have to keep up both hogs and fence. As the creek is the line I don't blame those people on the other side of the creek for having the hog law, for I think it is a good thing. I believe the entire county will go in favor now. It's coming sooner or later anyway. If we fail I won't paw up the ground and get mad and abuse every one that don't look at it just like a great many others.

Best wishes for the best county paper that I know any thing about in Eastern Texas.

Mr. W. B. McKnight is announced as a candidate for county commissioner of Precinct No. 1 of Nacogdoches county. Mr. McKnight is not only well known to the voters of the precinct, but few men in Nacogdoches county have more friends than he. He is thoroughly qualified for the position, and

it elected will make an ideal commissioner.

STATE COMMITTEE MEETS.

The State Democratic Executive committee met at Fort Worth Saturday and held a very interesting session. The important matters disposed of were in substance as follows:

Selected Fort Worth for the place of the May convention to nominate delegates to the national convention at Denver.

Bailey issue was injected by resolution condemning Chairman Carden for taking initiative and making four appointments to fill vacancies, but the resolution was lost, the anti-Bailey members being

drubbed 16 to 7. Resolution introduced by anti-Bailey men, calling for state Democratic primary to give voters opportunity to express their choice for the four delegates at large to the national convention, defeated, 15 to 13, those voting against the resolution contending that the committee had no authority to order such election.

Acrimonious discussion characterized the consideration of the two above issues. Almost the entire time of the session was consumed in arguments concerning the propositions, and was made an issue by anti-Baileyites, despite efforts of Bailey supporters to exclude the senate from any part in the proceedings.

Indorsed W. J. Bryan, because of his "exalted character and matchless leadership," for the Democratic presidential nomination.

Almost the entire time was consumed in discussions of the resolution condemning Chairman Carden and that regarding the primary on the question of the four delegates at large.

New members of the committee elected: R. A. John, Fourteenth district; D. A. Gregg, Fifteenth district; D. McNeill Turner, Twenty-third district; Will A. Morris, Twenty-fourth district; I. W. Culp, Twenty-seventh district; J. R. Hill, Twenty-eighth district. All are strong Bailey supporters and were elected by the same vote that developed on the Carden resolution.

At last the surviving veterans of the Mexican and Indian wars are to be pensioned. A recent special from Dallas says: "Mrs. Moore Murdock tonight received a telegram from Washington that congress had passed the Sulloway bill, granting pensions to Mexican war veterans and the widows of veterans of the Mexican and Indian wars. Mrs. Murdock states that there are 700 of these widows in Texas, and that they will receive their pension money as soon as the necessary formalities can be gone through with." There are only a few of the veterans of these wars left, but as some of the survivors reside in Nacogdoches county, the report that the bill has passed is of special interest to Sentinel readers.

PASSENGER RATES.

The question of reducing railroad passenger fares in Texas is likely to be an interesting feature of the campaign this year, but under the election law it cannot be made a plank in the state democratic platform without first having been so ordered by a vote of the party in the primary. The New Orleans Times-Democrat in a recent article discussing the passenger rate question, says:

"The action of the Texas Railroad Commission in dismissing, some days ago, its motion to promulgate an order reducing passenger rates in that state from three to two and a half cents, assigning as its reason that the present time is unfavorable to lower fares in Texas, is significant and encouraging. A more reasonable drift of public sentiment in matters affecting the common carriers is indicated, not alone in Texas, but in modified degree in Southern States which have been experimenting with reduced rates. The reaction inevitable, but the recent flurry and the industrial depression that followed have naturally hastened it. But a few months ago commercial demands upon freight equipments had swamped the carriers. Empty freight cars everywhere requisitioned, were not to be had, and the car famine was more acute than that of the previous year. Today thousands of 'empties' are standing upon the sidings, with the millions of money invested in them earning practically no return. Obviously the time is ill-chosen for reduction of railroad rates, and the action of the Texas commission proves that the public is intelligent enough to recognize this fact and reasonable enough to see that justice be done."

The growing popular demand for more reasonable rate regulations, and for enactments that shall be fair alike to the public and the carriers, points the way to better understanding between the conflicting interests and to a satisfactory adjustment of the difference existing; a consummation devoutly to be wished.

THERE has not been a single failure among all the county fairs in Texas this year.—Nacogdoches Sentinel.

This is a very large truth told in very short order. The county fairs held throughout Texas this year have been worth a great deal to the state, and every one of them has been a success. Next year all the Texas counties should have fairs—each county a fair for itself.—Austin Statesman.

Yes, Nacogdoches county especially.

TWO MEN were asphyxiated in Philadelphia while trying to steal money from a gas meter to buy whisky. Those fellows evidently had an irresistible thirst or they would not have attempted to rob a gas meter.

Snow is falling in El Paso, and the peach trees are blooming in Nacogdoches.

THE HANDMADE CANDIDATE.

The latest phrase is a "hand-made president" for which the Omaha World-Herald is responsible. That paper says: "It should be remembered that in a sense Mr. Taft is seeking the presidency by appointment. He would have been heard of, little, if at all, as a candidate for the nomination, were it not that President Roosevelt demand it for him, and has thrown the tremendous power of federal patronage in the scale in his behalf. And, if nominated it will be to President Roosevelt's influence that he must look for whatever hope he may have of election. He has been always an officeholder by appointment, and it he realizes his present ambition he will be a hand-made president." It appears that Secretary Taft has been constantly in office since 1881 and that he was never elected to any office by the vote of the people. The New York Press, a republican paper gives his political history as follows, which shows that he is "hand-made" from the beginning of his public career: '1881—Assistant prosecuting attorney. Cincinnati—Appointed. 1882—Collector of internal revenue, Ohio—Appointed by President Arthur. 1887—Judge of the superior court, Cincinnati—Appointed by Governor Foraker. 1890—Solicitor-general of the United States—Appointed by President Harrison. 1892—United States circuit judge for the sixth circuit—Appointed by President Harrison; (while holding this office he issued that celebrated strike injunction. 1900—President of the Philippine commission—Appointed by President McKinley. 1901—First civil governor of the Philippines—Appointed by President McKinley. 1904—Secretary of war—Appointed by President Roosevelt."

S. B. Cooper, Jr., Here.

From Friday's Daily: Hon. S. B. Cooper, son of Congressman Cooper, came up from Beaumont yesterday afternoon and has been quite busy today greeting his friends and receiving assurances from citizens of their support of his father for reelection. Mr. Cooper came up to look after the competitive examination for the appointment of a naval cadet from Congressman Cooper's district. He returned to Beaumont this afternoon to take part in the city democratic primary to be held in that city tomorrow.

Mitchell Murder Case.

The case of the State against Bill Mitchell charged with the murder of Editor Jim Truitt of the Timpson Times 22 years ago, is set for trial at Center on Monday, March 9, and a venire of 75 men has been ordered by the court. This case was tried at the last term of the Shelby county district court and resulted in a hung jury, the defendant partially establishing an alibi. Evidence has been secured for use at the approaching trial which will destroy Mitchell's alibi, and his principal defense.

A LAY SERMON.

By Hamilton Hamilton, in Palestine Herald.

Even the buzzard has some virtue.

It is universally conceded that the vulture is a nasty bird—an unclean bird—but, beloved, I can show you a bird, with neither beak nor wing, that has the vulture pinned a city block at applying his own trade. Besides this featherless bird I hold up to you, the vulture is a queen among the feathered tribe. As the blue ribbon, or I might say scarlet, wearing prize-winner at the poultry show, I offer you the scandal monger as the winner of all the prizes against the whole tribe of vultures, from the beginning down, and then some.

Let me tell you a little story, and draw a conclusion from it. It is about a woman, and then some women, I knew once upon a time in a far off land. The woman was a frail little thing. No better or no worse than the average good woman. Just a woman with her weaknesses and with her strength. She had three little children. One boy with hair of brown, and one with eyes of blue, and a wee bit of a girl, so frail and fair and pure, and so dependent on mother. And mother had no one to lean on; her husband had fought his fight here and passed on to answer the final roll call. And this little family lived quietly, comfortably and day in and out. One day old Mrs. Busytongue saw what she thought was an indiscretion on the part of my little frail woman, and quite confidentially mentioned it to Mrs. Getbusyandtalk with the request, of course, that she was not to mention it for the world, for really you know she might be mistaken after all, and she did think so much of the little frail woman. Of course it would not be repeated. Such things never are repeated. The little frail woman was innocent, absolutely innocent, but that made no difference; the poison was in the cup, and it tasted sweet to all who drank it. Like a pebble in the still water the little rumor broadened. The first intimation my little frail woman had of the slow poison was when a good friend seemed to shun her. At first she doubted her own senses, and thought her nerves were in riot. But, alas, she was soon undeceived, and by and by the cold truth came to her. One day her wee bit of a girl came home and told mother that the little girls would not play with her any more because their mamma's had forbidden. Talk of cold-blooded murder; an assassin's knife would have been the height of mercy in place of this stab at virtue. The little mother held up her head for a time and tried to think that truth would rise to crush falsehood. But she was only a frail little woman, and knowing nothing else to do she pined away and died. Her little white spirit passed out of the body and went to its Creator. When she was dead, and all the harm had been done that

was possible to the living, Mesdames Busytongue and Getbusyandtalk and all the others came and brought flowers and said among themselves she was such a good little thing—until—until they killed her. The angels sighed, the devil laughed, the old world went rocking on.

And so I say even the buzzard has some virtue; it does not attack its prey until it is dead. But the scandal monger feasts on the living. This vulture with neither beak nor wing, is undesirable company even among the most select company of hell.

I am persuaded that more people slide into kingdom come over a slippery tongue than through all other agencies.

And I am further persuaded that if the scandal mongers finally go to hell that hell will be hell with a capital H.

Friendship.

Faith and friendship are seldom truly tried, but in extremes. To find friends when we have no need of them, and to want them when we have, are both alike easy and common. In prosperity, who will not profess to love a man? In adversity, how few will show that they do indeed. When we are happy, in the spring-tide of abundance, and the rising flood of plenty, the world will be our servant; then, all men flock about us, with bare heads and bended bodies and protesting tongues. But when these pleasing waters fail to ebb, when wealth but shifts to another hand, men look upon us at a distance, and stiffen themselves as if they were in armour, lest (if they should come nigh us) the should get a wound in the cloze. Our fortunes and ourselves are things so closely linked that we know not which is the cause of the regard that is shown to us. When these two shall part, we may then discern which of them it was that excited affection. I confess he is happy who finds a true friend in extremity; but he is happier who finds not extremity wherein to try his friends.

Thus the trial of friendship is, by finding what others will do for us.—Owen Feltham.

An Artful Dodge.

N. M. Baldwin of Paris received a circular letter a few days ago from a candidate for State Comptroller soliciting his support. For a joke Mr. Baldwin wrote on the margin of the circular: "How about Bailey?" and mailed it back to him without any expectation of receiving a reply. The candidate, however, promptly answered by return mail as follows:

"Hon. N. M. Baldwin, Paris, Texas. Dear Sir: Below you will find the record of Bailey as near as I can give it. In the first place he is O. K., and I admire him as much as I do any one in the business. His record is straight and clean, his enemies are very few in this part of the State and we are watching him now with a great deal of interest, for we expect great things of him this season.

"I have witnessed him in the most sensational battles that have ever been my pleasure to witness and he has always come out of the battle clothed with glory. His work in Houston was without a parallel in the history of Texas. His record in Austin held his audience spell-bound for over two years. I saw him at Dallas snatch victory from his opponents and walk out the hero of the hour. At San Antonio, my home, he stood in the box for over an hour and delivered body blows to his opponents that put them on the cooling board for a long time to come. I have seen him hand them such 'hot ones' that their think tanks were working like bees in a hive and to the slab for each of them. It is one, two, three and out for them whenever he is in the box. It is my understanding that he will pitch for St. Louis this season and no matter where Bill Bailey pitches he will always have admirers in Austin where he was reared. Trusting to hear from you soon, I am,

Yours truly,
Bob Barker."

TREASURER'S REPORT.

In this issue of The Sentinel will be found a synopsis of the quarterly report of County Treasurer W. E. Thomason. As will be observed, the report shows a deficit in two of the county funds, which fact is due an explanation. When the report of Treasurer Thomason was made up, none of the money collected by Tax Collector Martin for the use of those funds since the last quarterly report was made had been turned over to the county treasurer, hence the apparent deficit. The tax collector has now made his remittance to the treasurer, and in reality there is no deficit in any of the county funds. This explanation is due to the officials interested, and more especially to the tax payers of the county who are more directly concerned in the county's welfare.

SOMEBODY has burglarized the speaker's room, and deliberately spiked the Cannon boom.

O. B. COLQUITT has announced for re-election as railroad commissioner. No doubt he finds it less expensive running for that office than for governor, then it lasts longer.

A RECENT special from Washington says: "Congressman Cooper introduced a bill amending the safety appliance act by requiring railroads to provide safety ladders and sills on freight cars in order to lessen the hazard of railroad employes."

THERE is going to be some railroad news for Rusk pretty soon. Watch the Press-Journal.—Rusk Press-Journal.

All right, we are watching, and may your railroad news be good news to all of East Texas.

ANOTHER presidential boomlet has been punctured good and plenty. The Beaumont Journal says: "Wisconsin leads off with a delegation to the national democratic convention instructed for William Jennings Bryan. This will cause a sudden collapse of the boom for the governor of Minnesota, if such existed other than in the ranks of the Bryan opponents."

WITH so many peanut politicians now running at large, would it not be an excellent time for Nacogdoches to start its peanut factory?—Lutkin News.

Does the esteemed News mean to insinuate that Nacogdoches is the home of the peanut politician?—Center Advocate.

The Sentinel has stated plainly that peanut factories do not manufacture peanut politicians, nor do they offer much inspiration to nutty newspaper men, but the fact that a town possesses both peanut politicians and nutty newspaper men is no argument against a peanut factory.

TEXAS TOBACCO FIELD.

Trouble in Kentucky Driving Trust to New Fields.

The following recently sent out from San Antonio should not only be read with interest, but should serve as an incentive among our Nacogdoches real estate men to more extensively talk up the Nacogdoches tobacco fields: San Antonio, Tex., Feb. 17.—As a result of troubles of the tobacco trust in Kentucky, where the night riders have been making it very uncomfortable for the trust agents, the leading tobaccoists are seeking new fields, and Texas is one of the points on which their attention is centered. J. W. Blackwell, the well known tobacco man of Durham, N. C., is at present making a tour of South Texas with a view to ascertaining the conditions here for the culture of Tobacco. In the event that he finds conditions satisfactory he will establish a colony of experienced tobacco growers in this section. During a brief stay in this city Mr. Blackwell expressed himself well pleased with this section and he believes that tobacco growing in South Texas could be made profitable. Mr. Blackwell will visit various points in South Texas and will then return to North Carolina for the purpose of arranging for the establishment of a colony of tobacco growers in South Texas.

THE Tyler Courier and Times has discovered evidence of the existence of a flour trust in Texas. Why not hand it over to the attorney general?—Nacogdoches Sentinel.

The Tyler Courier and Times got this "discovered evidence" about two years ago through Attorney General Davidson. It had been furnished to him; and he held on to it for about 18 months, and finally last November he filed suit alleging and proposing to prove that there is a flour trust in Texas. Now then, do you believe our attorney general would allege that which is not true? If you do, then the Courier and Times will hereafter place a heavy discount on anything the attorney general says or does, for it has great confidence in The Sentinel.—Tyler Courier and Times.

In order that that confidence may be retained The Sentinel is willing for the attorney general to prove his own allegations. And it is presumed that he will if he has sufficient "discovered evidence." With no intention of passing upon the truth of the allegation in this case, The Sentinel will suggest that no official should allege that which he cannot prove.

THE Editor of the Nacogdoches Sentinel is now living exclusively on peanut butter and Demouche's perfects.—Center Advocate.

Well, not exclusively, but The Sentinel man is using his share of both, and if every other citizen of Nacogdoches would do as much, there would be a peanut factory established in Nacogdoches at once, and the Nacogdoches cigar factory would have to put on a double shift.

Redfield Letter.

Redfield, Texas, Feb. 16.—The time of year has come when nature has begun to awaken from her winter's sleep. The buzz of the busy bee can be heard as he extracts the honey from the fragrant peach blossom. The earth is beginning to put on her robes of green and to bedeck herself with flowers, while the songsters of the air warble their sweet notes and cause the atmosphere to reverberate with songs of harmonious praise.

Let us at the first of this new year have some definite aim in view and strive toward it. No doubt, the mistakes of our past lives have been many, but may we not profit by these? It would do no good for us to sit down and brood over the past or wail on account of our present condition. The harp holds in its wires sweetest strains of music, but if they be not touched will hang dull and useless. A smooth sea never develops a skillful mariner, nor does an uninterrupted life de-

TO OUR SUBSCRIBERS

After April 1st, according to the ruling of the Postoffice Department, we will not be allowed to extend over one year's credit to our Weekly subscribers, and three months' credit to subscribers to The Daily, on penalty of forfeiting our second class mail rate. Therefore we will ask our subscribers who are one year or more behind to come forward and settle up.

It has always been the custom of this paper to extend credit to its subscribers and let them pay as suited their convenience, but this new ruling makes it imperative that we send out bills to all those who are in arrears, so don't feel offended when you receive your subscription account, for we must get all of our subscriptions collected to date by the first of April, or else we will have to cut you off, or put a one cent stamp on every paper we send you, and we can't afford to do that. Uncle Sam says come through, boys, and we guess you'll have to do it.

velop the greatest character. Difficulties develop strength. The happiness of those whom we daily meet is placed largely in our keeping and it depends largely on our being kind to them. "Words fitly spoken are like apples of gold in pitchers of silver." Often times a glad smile, a hearty handshake, or a word of cheer will quicken a drooping spirit and lighten a load of care.

To the gratification of his many friends and relatives, Mr. H. B. Power, one of the pioneers of this community, is convalescent from an attack of pneumonia.

Mr. Tom Maroney is in our burg today, looking after the tobacco interest.

Cupid has been playing an important part in our community recently. On the first Sunday in this month just at the close of services at North Church, Mr. George Hogan and Miss Bertha Petty were happily married. The groom is a successful farmer and sterling citizen who lives in the Lily Grove community, and the bride is the estimable daughter of Mr. John Petty.

We predict for them a bright future.

Another wedding, which was rather romantic, took place last Sunday afternoon. Mr. Willie Loveless, one of the noble young men of our community, succeeded in wooing and winning one of the bells of Appleby, Miss Bamma Simmons.

He and his affianced, accompanied by several couples as attendants, met the preacher on the Appleby and Nacogdoches road near Mr. Dave Burrows' and the nuptial knot was tied hard and fast. Their many friends wish for them a happy voyage over the sea of life.

WHAT IS CHARACTER.

BY MRS. PET L. SMITH.
Is it position, pomp or wealth, Public opinion or strength of health, Highest achievement in College Halls To move in Splendor within Palace Walls? Is it bartered conscience for worse than dress Crush the hope of another and feel no loss Without restitution repenting of sins? Is this true mental—the character that wins? Is it the power to please in Church or State, Usurp authority, while others wait, Political, or social prestige or fame, Arrogance, or pride of family name? Is it what we are? or what others say That shall sparkle on and live for aye? This principle alone I contend Is the blended heart and soul of men. Evolving from the depths of wounded life Character develops in severest strife, Centered in God, self reliant, self controlled Is the ideal to you, I wish to unfold Conscious power focused—any crisis to meet; Lift crushed fallen man, again to his feet; Hands at the "helm," with determined might Dares ever do, the just and right. When the tongues of slander and malice dart Their lance-like thrust deep into the heart; With patience character suffers, but does not time; Seeks not to revenge, or to retaliate, Stoops not to trample her inferiors down; This upon the vitals of character would rebound With singleness of purpose, undaunted, undismayed, This strong individuality can never be swayed. This life in God centered, like some beautiful star, Though clouds intervene, is shining afar Steady and serene, deep in the distance blue For above the tempest, its light ever true. Some day when the clouds have drifted apart We'll then see and know, as heart to heart, For this spark of life will radiate white the ages roll Undimmed by the flight of years, for this is but the soul.

J. A. SPEARS,
County Clerk—Nacogdoches County.

YOUTH!
"A Rose With all it's Sweetest Leaves Yet Folded"
A Sormonette.
Young Man! With your future before you, what will you make it, success or failure? With youth and health you have the power within you to possess the blessings of knowledge, the joy of achievement, the content of success, but only through intelligent effort. If you have within you the love of higher things and better days; if you have ambition, energy and determination; if you are free from bad habits that dwarf your intellect and unfit you for consideration by business men, we can train you in bookkeeping, penmanship, arithmetic, commercial law, shorthand, typewriting, banking and business practice, and assist you to a position. In our years of experience as teachers, we have had students under our direction unfold and blossom into superior manhood, awakened to the responsibilities of life and crown their labor with success. What we have done for them, we can do for you. The business world is seeking everywhere for young men who are able to do the work the world wants done. Let us impress upon you in the language of Narado, a Hindoo sago: "Study to know, know to comprehend, and comprehend to judge." Young man, use your youth in the pursuit of knowledge; use it in such a way that you may have comfort in remembering it, and we could give you no better advice than to enter the Tyler Commercial College of Tyler, Texas, and acquire a knowledge of the laws and customs of business and thereby become a useful and successful citizen of this, the greatest country on earth.

MAN-A-LIN is An Excellent Remedy for Constipation.

There are many ailments directly dependent upon constipation, such as biliousness, discolored and pimply skin, inactive liver, dyspepsia, overworked kidneys and headache. **MAN-A-LIN** can be relied upon to produce a gentle action of the bowels, making pills and drastic cathartics entirely unnecessary.

A dose or two of **Man-a-lin** is advisable in slight febrile attacks, la grippe, colds and influenza.

Those who prefer can obtain **Man-a-lin** in tablet form.

NATURE'S WARNING. Nacogdoches People Must Recognize and Heed It.

Kidney ills come quietly — mysteriously. But nature always warns you.

Notice the kidney secretions. See if the color is unhealthy — If there are settlings and sediment.

Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills.

To ward off Bright's diseases or diabetes. Doan's have done great work in Nacogdoches.

A. Hache, farmer, living one and one half miles southwest of Nacogdoches, Texas, says: "About six months ago my wife was complaining a great deal of a bearing down pain across her hips, extending down into her limbs. The kidney secretions were very irregular and scant and there was a scalding in passage. I had heard so much about Doan's Kidney Pills that I went to Mast Bros. & Smith's drug store and procured a box. Within twenty-four hours after taking the first dose she found relief, and before half a box was used the pains had entirely disappeared. There has been no return of the troubles. Seeing the good Doan's Kidney Pills did for my wife, I started to use them, and they acted in my case with equally good results. I only hope the use of my name will be the means of other sufferers finding relief through the use of this reliable remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's, — and take no other.

Married Sunday.

Mr. Will Loveless and Miss Bamma Simmons, two popular young people residing near Appleby, were married Sunday a few miles northwest of town. Rev. A. T. Garrard officiating. The minister and the bride and groom met in the road near the home of W. D. Burrows about 4 o'clock Sunday afternoon, where the ceremony was performed while the happy couple sat in their buggy, and Mr. and Mrs. Loveless went their way rejoicing. The Sentinel offers congratulations.

What To Do You When Bilious. The right thing to do when you feel bilious is to take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse the stomach and regulate the liver and bowels. Try it. Price 25 cents. Sample free at Mast Bros. & Smith's drug store.

A Proclamation

To the Public:

On account of the short crops in 1907, followed by the panic at the close of the year, we were unable to close out our stock during our cost sale, we will continue in business indefinitely. Mr. A. Zeve will leave for St. Louis in a few days to purchase a complete stock of **SPRING and SUMMER GOODS**, and in order to make room for this mammoth stock, all goods on hand have been reduced to astonishingly **LOW PRICES**. If in need of any winter goods of any description it will pay you to give us a call.

Thanking one and all for past favors, we ask a continuance of your confidence and patronage.

A. ZEVE

Campbell School House.

Feb. 17. — Editor Sentinel: As some people think Little Joe has been thrashed to death, or is in a brush pile, I will write again.

The health of the community is very good with the exception of more or less cases of lagrippe.

Mrs. W. D. Burrows has been on the sick list but is able to be up now.

Mr. W. B. McKnight is able to be up from a spell of grippe.

Mr. J. G. Strahan and Rev. H. P. Lilly visited the city Saturday.

Mr. Ed Green spent Sunday with the good people of Shady Grove.

Prof. Willie Feazell of Mahl was in our midst Sunday.

The singing at the school house Sunday afternoon was very well attended.

Mr. W. D. Burrows is carrying the mail on Nacogdoches R. R. No. 2 during his brother's illness.

Mr. Willie Loveless and Miss Bamma Simmons were married Sunday in the afternoon at Mr. W. D. Burrows, Rev. Garrard officiating.

As unto the boy the cord is, So unto the man the woman. Though she bends him, she obeys him, Though she draws him, yet she follows, Useless each without the other.

Little Joe.

To Trade.

One and a half sections of Panhandle land, unincumbered, for lumber at mills. Address C. C. Bond, Snyder, Oklahoma.

M. G. Thompson of Tenaha was here today.

For County Treasurer.

Yielding to the urgent solicitation of friends, Mr. Robert W. Murphey has consented to announce his name as a candidate for county treasurer. Mr. Murphey is now serving his second term as district clerk of Nacogdoches county, and is therefore too well known to need any introduction to the voters of the county from The Sentinel. He is not only qualified for the responsible position to which he now aspires, but it elected he promises faithful and efficient service to his constituents.

The stock of merchandise of J. E. Blankenship, bankrupt, of Timpson was sold yesterday, and purchased by Mr. S. B. Hayter of this city, and he contemplates moving the stock of goods here in the near future. This was an excellent stock of merchandise, invoiced at about \$18,000. A large amount of it is high grade goods and is considered one of the best bankrupt stocks ever offered in East Texas.

Failure at Garrison.

J. E. Hartt, dealer in dry goods at Garrison, filed an assignment in the office of County Clerk Spears late yesterday afternoon. The liabilities listed foot up \$1,951.17. George Rambolt is named as trustee.

Buffering and Dollars Saved.

E. S. Loper of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found. Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at Mast Bros. & Smith, druggist."

Fur

If you have some furs on hand bring them in. I am going to St. Louis about March 1st to sell some furs and can pay you a good price for your goods.

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Does not change the color of the hair.

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

New Grocery Store.

Taylor Bros., a new grocery store, was opened today in the building formerly occupied by the Hoo-Hoo cafe. The firm consists of Robt. I. Taylor and Milam Taylor, who are well known in the city and county. Both are deserving good fellows and we wish them all possible success.

A Household Necessity.

I would almost as soon think of running my farm without implements as without Hunt's Lightning Oil. Of all the liniments I have ever used, both for man and beast, it is the quickest in action and richest in results. For burns and fresh cuts it is absolutely wonderful. I regard it a household necessity. Yours truly, S. Harrison, Kosciusko, Miss.

Mr. B. F. McBee, a prominent farmer and tobacco grower of the Trinity community, spent last night in the city. Mr. McBee has just recovered from a four weeks' siege of lagrippe.

A Stitch in Time

will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for Coughs, Colds, Bronchitis and Whooping Cough. Mrs. S., Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest, and thank my forethought many times. It has prevented many severe spells of sickness." Sold by Mast Bros. & Smith.

Father Rich But Good.

Austin Statesman.

The Nacogdoches-Sentinel declares it is living high these days on peanut butter. Pretty rich food that for most people, but of course a well kept newspaper like The Sentinel finds it wholesome, nutritious and palatable.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodal cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodal Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Bell, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodal cured me, and we are now using it in milk for baby."

Kodal Digests What You Eat.

Looking at the Country.

Mr. Ira C. Weelbaum of Brookville, Ohio, was in the city a few days this week looking at the country and viewing the city with a prospective eye. Mr. Weelbaum is an extensive real estate dealer, with headquarters at Dayton, Ohio, and he owns valuable property in Panola county. Mr. Weelbaum is prospecting for fruit and tobacco lands, and he was very much pleased with the lands of Nacogdoches county. He left this afternoon for his home by the way of Houston, but contemplates returning to Texas in a few months, when he will probably close a deal for valuable holdings near Nacogdoches.

Don't Wait Until Tomorrow.

Until tomorrow what you can do today. If you are suffering from a torpid liver, or constipation, don't wait until tomorrow to get help. Buy a bottle of Herbine and get that liver working right. Promptness about health saves many sick spells. "Mrs. Ida Gresham, Point, Tex., writes: I used Herbine in my family six years, and find it does all it claims to do." Sold by Mast Bros. & Smith.

J. H. Gunning came in from Broadus, San Augustine county, last night, where he and Mrs. Gunning have been for several days in attendance at the bedside of Mr. Hammond Scott, Mrs. Gunning's father, who died a few days ago.

It Knocks the Itch.

It may not cure all your ills, but it does cure one of the worst. It cures any form of itch ever known—no matter what it's called, where the sensation is "itch," it knocks it. Eczema, ringworms, are cured by one box. Its guaranteed, and its name is Hunt's Cure.

Mr. and Mrs. Hooks of Clevenger were in the city today on their way to Davisville, where they will make their future home.

Rest and Sleep.

Few escape those miseries of winter—a bad cold, a distressing cough. Many remedies recommended, but the one quickest and best of all is Simmons Cough Syrup.

Soothing and healing to the lungs and bronchial passages, it stops the cough at once and gives you welcome rest and peaceful sleep.

Miss Bessie Brown returned to her home in Cushing yesterday after a few days' visit to friends. While here she was the guest of Miss Constance Burrows.

A Baby

should be sunshine in the house, and will be if you give it White's Cream Vermifuge the best worm medicine offered to suffering humanity. This remedy is becoming the permanent fixture of all households. A mother with children can't get along without a bottle of White's Cream Vermifuge in the house. Sold by Mast Bros. & Smith.

J. E. Ray arrived in the city yesterday from Louisiana and intends making Nacogdoches his home in the future.

TO PROLONG LIFE.

Prevention of Disease Much More Important Than Cure.

"An ounce of prevention is better than a pound of cure" is especially true in stomach troubles. A few doses of Mi-o-na stomach tablets taken at the first warning of coated tongue, flatulence, heartburn, headaches, distress after eating and other symptoms of indigestion, will prevent a chronic case of stomach suffering that may last for years.

These little tablets give strength and tone to the muscular walls of the stomach and intestines, and promote the secretion of gastric juices so that whatever food is taken is naturally digested without pain or distress.

Stripling, Haselwood & Co. have seen so many cures made by Mi-o-na that they call the remedy in 50-cent boxes under a guarantee to refund the money in case it does not cure.

Brown Denied Bail.

Will Brown, the negro charged with the murder of Jeans Wade, a negro boy about 17 years old, at Trawick a week ago, was given an examining trial before Justice F. D. Huston Friday and remanded to jail without bail. Brown stoutly denied his guilt under oath at the examining trial, but after being carried back to jail he is alleged to have made a complete confession to Sheriff Blackburn, in which he is said to have admitted that he killed the boy as he stood in the home of his father.

Even For a Month.

Ballard's Snow Liniment is praised for the good it does. A sure cure for Rheumatism and all pains. W. W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment, last winter, for Rheumatism and can recommend it as the best Liniment on the market. I thought, at the time I was taken down with this trouble, that it would be a week before I could get about, but on applying your Liniment several times during the night, I was about in 48 hours, and well in three days." Mast Bros. & Smith.

"Don't be Led by..."

"An irritated skin makes an irritable person, and an irritable person gathers much trouble unto himself or herself, as the case may be. Moral: Use Hunt's Cure, one box of which is absolute and unqualifiedly guaranteed to cure any form of skin trouble. Any kind of itching known is relieved at once and one box cures."

Dr. T. A. Mast of Melrose was here today on his way to New Orleans, where he will take a post graduate course in the medical department of Tulane University.

It will be a relief for you to get a painless, expulsive solution for piles if you use Mast's. Put up in collapsible tube with nozzle, ready to apply to soreness and inflammation. For any form of Piles, price 25c, guaranteed. Sold by Stripling, Haselwood & Co.

WHAT IS WRONG?

Many People in Nacogdoches are Asking That Question of Late.

Within the last few weeks more people in Nacogdoches than usual have been complaining of sneezing fits, tickling in the throat, stoppage of the nose, coughing spasms, raising of mucous, droppings in the throat, and offensive breath, and have asked themselves: "What is the matter?"

The trouble comes from catarrh, and unless they take immediate steps to remedy their condition, the disease will increase and spread through the delicate mucous membrane that lines the air passages, resulting in chronic disease.

At the first symptom of catarrh, Hyomei should be used. Stripling, Haselwood & Co. sell it under a guarantee to refund the purchase price of \$1.00 for the complete outfit to anyone who is not satisfied with the results. You certainly can afford to use Hyomei under an offer like this. Get it now and be cured of catarrh.

Death of Gertie Watkins.

Mrs. Sarah Watkins, aged 82 years, died at the family home at Linn Flat Sunday. Grandma Watkins was one of the oldest residents of Nacogdoches county, and her death is mourned by a large number of relatives and friends. Her remains were laid to rest in the family burying ground at Linn Flat today.

"I trust this may be read by many sufferers from kidney and bladder trouble," writes Mrs. Joe King, of Woodland, Texas. "I suffered four years and could find nothing to give even temporary relief. Our druggist at last induced me to try your 30 days' treatment of Pineules for \$1. This one bottle has cured me and money could not buy the value it has been to me." Guaranteed Sold by Stripling, Haselwood & Co. W

For County Commissioner.

The Sentinel is authorized to announce John (Dock) Burrows as a candidate for commissioner of precinct No. 1 of Nacogdoches county. Mr. Burrows has lived in Nacogdoches county all of his life, and is too well known to need any introduction from this source. Having before served the people faithfully and efficiently as a member of the commissioners court, his qualification and fitness for the office cannot be disputed.

To stop that pain in the back, that stiffness of the joints and muscles, take Pineules. They are guaranteed. Don't suffer from rheumatism because of kidney trouble, when you get 30 days' treatment for \$1.00. Don't let the doctor's medicine rob their merit. Get them today. Sold by Stripling, Haselwood & Co.

Mrs. J. L. Elliott received a letter from her home in Rutherfordton, N. C., today stating that the snow was six inches deep and still snowing. Mrs. Elliott can contrast the report from this place to the North Carolina folks.

Endowment Park Dividend.

Official notice has just been received from headquarters of the insurance department Knights of Pythias, that all members of the Endowment Rank holding certificates in the new fifth class will immediately receive, at the expiration of twelve months from date of certificate, an annual dividend sufficient to pay two monthly payments, which cuts the payments down to ten per annum instead of twelve.

The new fifth class was put in effect January 1, 1907, and on January 1, 1908, there had been placed in the new fifth class \$83,212,500 of insurance, and after laying aside a reserve of \$170,415.04, and paying all losses, there remained enough to declare the above mentioned dividend.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Fig and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untold Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we could properly investigate them and make full use of this conviction, we would, with pride, see the almost marvellous cures effected by his "Golden Medical Discovery," which has proven itself to be the most perfect stomach, liver, lung, kidney, heart, tonic and regulator, and blood purifier known to medical science. Dyspepsia, indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address. Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous in the unparalleled cures it is constantly making of women's many peculiar affections, weakness and depressing derangements is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of published testimonials contributed by grateful patients who have been cured by its use. It is a perfect and powerful remedy for irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, heat-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

Newspapers for Judge Mims.

It is gratifying to the Gleaner to note the many favorable expressions from the press of the second judicial district in behalf of Judge Chas. D. Mims, candidate for the district judgeship. When the newspapers of East Texas line up for a candidate it is a recommendation that the voters are satisfied with and cast their ballots accordingly. But so far Judge Mims has no opposition, but if he does Nacogdoches county is entitled to the district judge and will go in to win.—Garrison Gleaner.

The Timpson Times says: "Arthur Ireson started to drive to Garrison Wednesday, but met the Attoyac three miles this side of the creek and decided to come back and wait a few days." Arthur has our sympathy.

Syrup Labe's.

Under the new pure food law, farmers are required to put labels on all ribbon cane syrup manufactured by them before they can offer it for sale. The Sentinel office has printed a number of these labels and will sell them to farmers or others at 50 cents per hundred.

REVIVAL IN FARMING.

Valuable Work Being Done by Uncle Sam's Agents.

Timpson Times.

The work that is being done in East Texas by the agents of the bureau of plant industry of the United States Department of Agriculture is bearing much fruit. Last year was the first effort that bureau has made in this section of the state, but results are plainly in evidence. Jas. A. Wade was the agent in charge last year. Although the work was entirely new to our people and the agent a stranger, coming into the territory late, much good work was done and every farmer who worked his cotton under the direction and according to the advice of the department made cotton.

Often times a neighbor with just a cross fence between the two farms made nothing under old methods while the demonstrator or co-operator made a good crop.

In the fall the district was readjusted and G. W. Orms took charge of the work in Shelby, Panola, Rusk and Nacogdoches counties on November 1. Since that time he has held about two dozen farmers meetings and enlisted a large number of demonstrators and co-operators. Arrangements have been made for three cars of Mebane Triumph cotton seed and about fifty bushels of improved prolific seed corn.

All over the district more land was broken before Christmas than ever before in the history of this section and there is a steady improvement along all lines of farm industry.

Farmers are buying better farm implements and better farm animals are in evidence. Several cars of high grade commercial fertilizers have been bought.

There has been a great revival of farm enthusiasm since the department began its work here. Prior to that time the activity of the boll weevil had discouraged farmers until they had begun to believe they could never raise cotton again, but the work of the department has

shown them that they can raise cotton in spite of the weevil and they are going to work with a new courage.

At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol

for dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Shiping, Haselwood & Co. dw

Uncle Dick Robinson is reported to be in a dying condition today, at the home of his son-in-law, Ernest Simpson.

The Poor Newspaper Man.

Abilene Reporter.

"The man who edits the average country newspaper can not well avoid treading on somebody's toes continually; must expect to be censured often for unintentional failures; must expect hard work and little thanks; must expect to be called a coward because he does not 'pitch in' everything that somebody thinks is wrong, and a fool if he speaks out too plainly on public evils; he must expect to grind other people's axes—and turn the grindstone himself. Still we think it is one of the noblest professions on earth; the one in which an honorable man can wield much power for good" says the Mount Pleasant Times-Review. This is the truth, and we are often impressed with the proneness of good citizens to call upon the local newspaper to perform some unpleasant task that he refuses to do. Often we are asked to peel some individual or call attention to some local matter with the strict injunction to not use the name of the one making the request. He does not want to make any of his fellow townsmen angry, but forgets that the editor may be equally reluctant to make a personal or my out of possibly a friend. But the average newspaper man does make such enemies because he feels it to be his duty to represent the best interests of the community and then he often gets credit for being a scold instead of being credited with performing an unpleasant duty.

A SAD DEATH.

Mrs. F. H. Tucker Died at Lutkin Last Night.

From Monday's Daily.

The entire citizenship of Nacogdoches was saddened Sunday by the sad news from Lutkin that Mrs. Rosa Ingraham Tucker, wife of Mr. F. H. Tucker, was dying. And when the further announcement was made this morning that she had died at midnight last night, the sadness was changed to grief and gloom. Mrs. Tucker was born in Nacogdoches Nov. 22, 1874, and was therefore in her thirty-fourth year.

She was of an affectionate disposition, bright and winning in her ways, so that friendship's circle was to her a large one. Indeed, it may be said of her that none knew her but to love her.

Only a few years ago she was happily married to Mr. F. H. Tucker, and as the result of this union she leaves four little children to the tender care of a devoted husband and father. She also leaves an aged and heart-broken father and grief-stricken brothers and sisters, besides hosts of friends among whom she has grown to womanhood. Here she played as a child, developed into beautiful girlhood; here she married and helped to establish a home of her own; here her busy life was spent, her battles fought, her faithful service rendered to the world. In this dearest of all places to her she lies down at length to sleep and rest. Beautifully appropriate such a resting place, where her kindred sleep and where her life-long friends remain to gather about the dear form with honest tears of bereavement, to lay her away tenderly in the narrow house with its curtains of tadeloss green.

The remains were brought here on the noon train today, and from the train were conveyed to the home of her father, Judge George F. Ingraham, where they will remain until the arrival of a sister of deceased, Mrs. H. Staber, from Brooklyn, New York.

S.S.S. CURES MALARIA

Malaria is due to impurities and poisons in the blood. Instead of being rich, strong and healthy, the circulation has become infected with germs of disease which destroy the rich, red corpuscles that furnish nourishment and strength to the body, and reduced this vital fluid to such a weak, watery condition that it is no longer able to keep the system in health, or ward off the countless diseases and disorders that assail it. The loss of these red corpuscles takes the color and glow of health from the cheek, and we see pale, sallow faces and washed-out, chalky complexions among the first symptoms of Malaria. But Malaria is a general systemic disease, and as the blood becomes more heavily loaded with its germs we have more serious and complicated symptoms; the impure blood having its effect on all parts of the body. The appetite fails, digestion is weakened, chills and slight fever are frequent, and the sufferer loses energy and ambition because of a constant tired-out and "no account" feeling. The lack of necessary nourishment and healthful qualities in the blood causes boils and abscesses, skin affections, and in some cases sores and ulcers to break out, and sometimes the patient is prostrated with a spell of malarial fever which may leave his health permanently impaired. To cure Malaria both a blood purifier and tonic are necessary, in order to remove the cause and at the same time build up the system from its weakened and run-down condition. S. S. S. is the medicine best fitted for this work. It is the most perfect of all blood purifiers, and the purely vegetable ingredients of which it is composed make it the greatest and safest of all tonics. S. S. S. goes down into the circulation and removes every trace of impurity or poison, and at the same time gives to the blood the health-sustaining qualities it needs. It cures Malaria thoroughly and permanently because it removes the germs and poisons which produce the disease, and while doing this tones up and strengthens every part of the system. When S. S. S. has cleansed the blood the symptoms pass away, the healthy color returns to the complexion, the old tired, depressed feeling is gone, and the entire health is renewed. Ask with information about Malaria and any medical advice free.

During 1906 I was running a farm on the Mississippi river and became so impregnated with Malaria that for a year I was almost a physical wreck. I tried a number of medicines recommended as blood purifiers, chill cures, and Malaria eradicators, but nothing did me any good until I began to use S. S. S. The result was that after taking it for awhile I was as well and strong as I ever was. I have never had a chill since nor the slightest symptom of Malaria. I hope others will be benefited by my experience, and with that end in view I give this testimonial, knowing that S. S. S. is the best remedy for Malaria. Amory, Miss. B. R. CROWLEY

Laid to Rest.

Owing to the failure of Mr. and Mrs. Staber to make railroad connections, the funeral of Mrs. F. H. Tucker was postponed till 3 o'clock this afternoon, when her remains were laid to rest in the City cemetery.

Notwithstanding the chilling winds, a large number of sorrowing friends and relatives assembled at the grave to pay the last tribute to one who was held so dear in the hearts of all who knew her.

FEW HERE KNOW THIS.

Home-Made Treatment to Overcome Rheumatism.

When an eminent authority announced in the Scranton (P.) Times that he had found a new way to treat that dead American disease, Rheumatism, with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism, as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which, if not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys and gives almost immediate relief in all forms of bladder and urinary troubles and backache. He also warns people in a leading New York paper against the discriminate use of many patent medicines.

Phone Girls Quit.

The trouble between the operators and the South Texas Telephone Company is still in an unsettled condition.

Mr. J. B. Earl, president and general manager of the company, came in from Waco yesterday afternoon, and after conferring with Manager L. G. Small, it was decided to grant a \$5.00 per month raise to each of the operators, increase the number of hours and dispense with the services of one operator.

This arrangement was not satisfactory to the girls, and two of them walked out to stay. Their places have been filled, however, for the present at least. Still the differences have not been definitely settled, so the girls say.

Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as spring medicine. This grand alternative tonic is sold under guarantee at Mast Bros. & Smith's drug store, 50c dw

Richardson Not Killed.

Frank Richardson, who was reported to have been assassinated near Marion Ferry, in Angelina county, a few days ago, came in from Lufkin yesterday and is now at the home of his mother on East Main street. Mr. Richardson was shot and painfully wounded, but he lacks a whole lot of being a dead man.

His wounds were dressed yesterday afternoon for the first time since he was shot.

The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at Mast Bros. & Smith, druggist. Trial bottle free. dw

Mr. J. A. Flores, one of the oldest native citizens of Nacogdoches county, called on The Sentinel Monday. Mr. Flores is 73 years of age and was born within two miles of where he now resides. He is sending The Weekly Sentinel to his nephew, M. V. Flores, at Commerce, La.

Bert Barber of Elton, Wis., says: "I have only taken four doses of your Kidney and Bladder pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder pills. They are sold by Stripling, Haselwood & Co. dw

Claude Linthicum, who left Nacogdoches a few months ago and bought a ranch at Dickerson, Texas, has sold out there and will return to make Nacogdoches county his future home. They always come back to Nacogdoches county.
