In Memory of Mrs. F. H. Tucker.

At the regular meeting of the C. C. Club on Thursday, February 27, the undersigned committee was appointed to prepare resolutions expressive of the feeling of the club upon the death of our beloved friend and ex-member, Mrs. Rosa Ingraham Tucker.

Death has entered the home and claimed the beautiful christian spirit of Mrs. Tucker, who departed this life on February 16, 1908. Although she was not a member of the club at the time of her death, she was always interested in the welfare of the club, and foremost in any movement for the betterment of its members. Charity and philanthropy were beautifully exemplified in her life. We, her late associates, desire to express our profound sorrow and regret at her untimely death, and feel that we have sustained an irreparable loss. We extend to her bereaved husband and family our sincere sympathy and share with

them in grief for the death of their loved one.

Resolved, That this testimonial be inscribed on the minutes of our club and that a copy be sent to her family, and furnished the press.

Mrs. J. N. Jackson,
 Mrs. D. K. Cason,
 Mrs. P. C. Meador,

Bishop Duncan Dead.

Bishop W. W. Duncan of the Methodist Episcopal church South, died at his home at Spartansburg, S. C., at an early hour Monday morning, March 2.

Bishop Duncan has been in ill health for some months. He was one of the most eminent men in the southern Methodist church. Bishop Duncan was born at Randolph-Macon college, in Virginia, on Dec. 27, 1839. Mr. Duncan succeeded his brother as president of Randolph-Macon college, and it was from this position he was called to become a bishop in his church.

STATE QUARANTINE.

Yellow Fever in Cuba Arouses Health Officer to Action.

Austin, Texas, March 2.—The state of Texas will establish quarantine against all points south of 25 degrees, north latitude, March 15, about two weeks earlier than customarily. This action is due to the prevalence of sporadic cases of yellow fever in Cuba, and follows the visit of State Health Officer W. M. Brumby to Galveston, where he discussed the situation with Quarantine Officer J. H. Florence. The governor's proclamation will probably issue this week. Dr. Brumby said today that an embargo is necessary owing to the manner of yellow fever that prevails in Cuba. It occurs sporadically, offering therefore no opportunity for the Cuban health authorities to take proper precautions to prevent its spread. Were the disease not of this character an earlier embargo would hardly be deemed necessary, provided the right effort were made to suppress it and prevent its being communicated elsewhere.

This year's quarantine will be but a mild restrictive order. Vessels from territory south of the 25th parallel will be held without Texas ports until the time elapsing since their presence in presumptive infected districts has passed five or six days. Therefore a ship making a voyage from Cuba in four days would be held in quarantine at Galveston one or two days and then be permitted to enter the harbor after proper precautions have been exercised. The 25th parallel takes in Tampico and other points in Mexico, but Dr. Brumby asserts that the impending quarantine will in no wise interfere with traffic between Texas and Mexico. There is no yellow fever in Mexico at present, and if the precautions and sanitary regulations that are now being exercised are persevered in none will develop. Dr. Brumby paid Mexico a high compliment today respecting its sanitary work.

Get His Foot Mashed.

Earnest Owens, conductor on the Nacogdoches and Southeastern railroad, got his left foot badly mashed yesterday afternoon while coupling cars near the compass. Something connected with the coupler got out of plumb, and Mr. Owens attempted to kick it in place when the two cars came together and caught his foot between the draw heads. He was carried to his home at Hayward mill, where Doctors Reagan and Nelson dressed the injured foot, and he is getting along nicely.

M. Holt and W. P. Holt are trading here from Swift today.

DOCTORS MUST REGISTER.

Complete Instructions as to How They Should Proceed.

At the request of District Clerk R. W. Murphey, and for the information of all physicians who have not yet complied with the new law requiring them to register their certificates or diplomas in the office of the district clerk, the following from the Texas State Journal of Medicine is reproduced:

Every physician now legalized to practice medicine in Texas, and expect to continue to practice legally after July 12, 1908, before that date must register a Verification License in the Medical Register in his district clerk's office and make oath as to his age, postoffice address, place of birth and school of practice. The following directions for registration are issued on the authority of the State Board of Medical Examiners:

1. Those legalized by a District Board certificate should send the original certificate, bearing the annotation and seal of registration in the district clerk's office, together with a 50-cent money order, to Dr. G. B. Foscoe, Waco, secretary of the board. If this is not at hand, for 50 cents some clerk exact more one should get a district clerk's certificate proving registration in his office. This, together with a 50-cent money order sent to the secretary, will secure one a Verification License.

2. Those legalized by a registered diploma must secure a certificate like the above from a district clerk, showing registration of diploma, and an affidavit from the dean of the college testifying to the issuance of the diploma. This secures the Board against receiving bogus diplomas. The secretary of the board requests that no diplomas be sent him, as they are useless and will immediately be returned by express. Upon submitting to the secretary such clerk's certificate and dean's affidavit, with a 50-cent money order, a Verification License will be issued.

3. Those legalized by years of practice, that is, who were practicing medicine in Texas prior to January 1, 1885, should send to the secretary with a 50-cent money order, affidavits of citizens sufficient to establish that fact, and will then receive Verification Licenses.

4. Those legalized by registered certificates, issued on reciprocity by a previous State board, should send a district clerk's certificate proving registration of such reciprocity license together with a 50-cent money order, to the secretary, and a Verification License will be issued.

1. Those legalized by

From the Mission Field.

The following interesting notes are furnished by the Press Reporter of the Home Mission Society:

The annual meeting of the Woman's Board of Home Missions will be held in Louisville, Ky., April 23-30. Bishop Hendrix, Bishop Vincent and Dr. Josiah Strong have promised to be present.

Collections from Week of Prayer were \$10,589.90, although many of the auxiliaries did not observe it.

The building of the Vashit Home in Thomassville, Ga., has progressed so rapidly that it is now occupied. There remains a large work to be done in equipping this building. The Board of Education of the North Texas Conference at the late session held at Sherman approved and commended the purpose and work of our dormitory at Denton. For young ladies seeking an industrial education preparatory to special family of Appleby visited christian service as home of Mrs. Lambert's parents, Mr. and Mrs. Carnelly, Saturday and Sunday.

Dr. J. P. Wheeler has been attending court at Center and is specially interested in its progress and work.

From Swift

Swift, Tex., March 2. The health of our community is now improving after quite a siege of lagrippe.

Miss Mary Rucker, who has been very sick, we are glad to say is slowly recovering.

The farmers are getting very busy with their crops, some are planting corn.

There was church here last Saturday and Sunday, conducted by Revs. Wheeler and Richards.

Our school is progressing nicely under the management of Prof. R. W. Sullivan and Miss Florence Whitton. The attendance has been very low the past two weeks on account of the prevailing malady, lagrippe.

Mr. Tom Lambert and sister, Miss Ella, of Mt. Moriah, attended church here last Saturday.

Mr. Alex Baker of Mississippi has moved into our midst. He is a brother of Mr. W. W. Baker of this place.

Mr. W. T. Whitton and daughter, Miss Florence, made a flying trip to Nacogdoches Saturday.

Mr. Tom Lambert and family of Appleby visited christian service as home of Mrs. Lambert's parents, Mr. and Mrs. Carnelly, Saturday and Sunday.

Dr. J. P. Wheeler has been attending court at Center and is specially interested in its progress and work.

Rev. J. M. Robinson returned from Jacksonville yesterday afternoon, where he attended the meeting being held there by Evangelist Lockett Adair, the converted policeman. Bro. Robinson states that the evangelist is having wonderful success in his meeting, and it is quite probable that Nacogdoches people will have the pleasure of hearing him soon.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant breastmilk for the child. Expectant mothers too will find it a priceless help to prepare the system for baby's coming and reducing the usual comparatively painful process of labor to a normal, easy and painless condition of the female system.

THAT "fire alarm" in Ohio was a false alarm.

In this race for attorney general are the people to act upon the merits of certain newspapers, or the candidates? Which?

Put in all your spare moments talking and working for Nacogdoches. You will feel more like patronizing Nacogdoches industries.

R. R. ARTHUR of Shady Grove has been favorably mentioned as a probable candidate for representative from Nacogdoches county.

CONGRESSMAN COOPER has secured a favorable committee report on his bill to enable the return to the claimants of \$10,943,489 in money realized from the seizure of property in the South during the civil war. This money has been a long time due to the people of the South, and will be distributed among a class who need it most. It was through Mr. Cooper's efforts that a quarter of a million dollars was appropriated by congress to reimburse the Methodist Episcopal Church South for property destroyed by federal troops at Nashville, Tenn., during the war of the sixties.

THE Beaumont Journal truly says: "Congressman Cooper is establishing a name for himself at this session of congress that stamps him as the representative of all Southeast Texas in the national body. He has been unusually successful in securing desired legislation, and a successful democrat in a congress that is heavily republican in aspect, is a man to be honored by his constituents. Cooper is sawing wood all the time for his district." We are looking every day for a favorable report on his bill providing for a federal post-office building in Nacogdoches.

STAMESMEN AND PATRIOTS.

Commenting upon the Madam's declaration that editors would give better satisfaction in the legislature than politicians, the Nacogdoches Sentinel says:

"No one can consistently dispute the Madam's contention, but when a newspaper man condescends to run for the legislature he then becomes a politician. There is no higher calling open to man than the newspaper business, and when an editor offers his services in the halls of the legislature he makes a sacrifice for which he receives poor compensation and little credit."

The Madam is old-fashioned enough to separate politician from statesman by clear-cut lines. To her mind a politician is one seeking place, preferment, power and their most needful accompaniment—money. It is the original significance of the term, and if it does not fit the modern politician, the Madam apologizes to the politician. The statesman is a man with the state's best interests at heart, who is not seeking "compensation" as a first consideration, but would serve without it if necessary. There would be no "condescension" in such service. The Madam thinks editors would make statesmen; if she has set the mark too high, she has no apology to offer.—Timpson Times.

It is an easy matter to distinguish the statesman from the politician, but we often see statesmanship confounded with patriotism. Newspaper men are both statesmen and patriots by profession and practice, and it is not necessary for them to go to the legislature to demonstrate their patriotism or their statesmanship. However, few newspaper men—especially we "country" newspaper men—can afford to serve our state in legislative halls without compensation merely to prove their allegiance to and love for their country and its government.

CARLOS, the King of Portugal recently assassinated, had \$260,000 insurance on his life, which has been paid by the company. It is presumed to have been an accident policy.

If those four democrats in the Kentucky legislature who bolted their instructions and helped to elect a republican United States senator are not tried and convicted of embezzlement of power, they should be forever expelled from the democratic party.

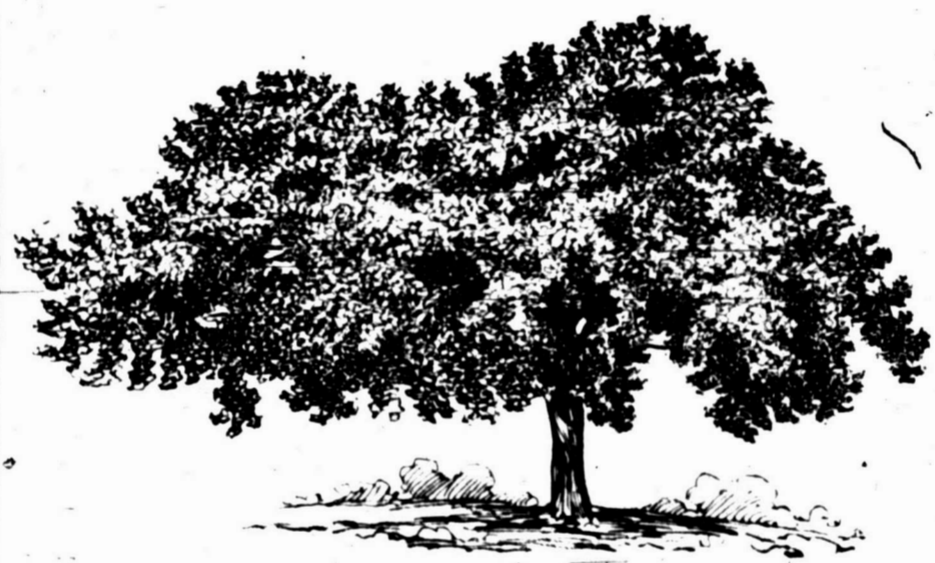

COL. W. G. STERETT in a long address issued to the voters of the Fifth congressional district, makes formal announcement of his candidacy for the democratic nomination for congress. Mr. Sterett declares himself opposed to government ownership of railroads or telegraphs but instead, rigid control of all corporations. He favors liquor local option as against state prohibition, and at much length declared against public officials, particularly members of the national congress, accepting employment, money or favors from corporations, trusts or kindred interests.

In Texas you can ship a bale of cotton a distance of 250 miles for 70 cents to 100 pounds, while over about Memphis, Tennessee, a bale of cotton can be shipped over the railroads a distance of 450 miles for 17 cents a hundred pounds. The Texas people are liberal but the Tennesseans are stingy. In Texas the railroads own the state and they provide for all they want and get it, and our attorney general sees to it that they are not disturbed.—Tyler Courier and Times.

Another strong argument for liberal appropriations for the improvement of our waterways. Memphis has the advantage of being located on a navigable stream, which explains the difference in freight rates from that city and interior Texas points. When all important streams in Texas are made navigable Texas people will reap the benefit of rail and water competition in lower freight rates.

THAT handle factory would make a nice industry for Beaumont. A little more push and energy displayed by leading citizens might cinch the factory, as the owner wants to locate in the city.—Beaumont Journal.

Here is an opportunity for the Commercial Club to do some effective missionary work. Nacogdoches has one handle factory, but there is room and timber for another. Let's go after it.

THE OLD ELM TREE

BY MRS. E. A. FEARS.

Beside the stream "Banita"
The camps in silence lay;
The sun in all his glory,
Came forth to bless the day;
The soldiers, they had mustered,
The blues, 'twas not the grey,
For they had all disbanded,
And come back home to stay.
How well I yet remember,
The spreading Elm wide;
The army tents, the bayonets bright,
All stacked along beside;
There in childhood days I wandered,
With friends so dear to me;
We sat beside the mossy banks,
'Neath the old Elm tree.
'We talked in childish prattle,
Of many great things we'd do;
And vowed within our trusting hearts,
To each other we'd be true;
No matter what betide us,
If fate would but decree;
That together we could spend our lives,
'Neath that old Elm tree.

Without a thought, much less a doubt,
That life was what it seemed,
We little knew, in years to come,
Would wake us from our dream;
Then to our simple trusting hearts,
The world seemed pure and fair;
We knew not then that vice and crime,
Lay snugly hidden there.
Time's wrought many changes,
Around that hallowed spot;
All is changed, and all less sweet,
All things there were are not;
How often since I've wandered,
Beside that rippling stream,
And called to mind the happy time,
When life was one sweet dream.
No other friends make bright my life,
Scatter sunshine on my way;
My heart still longs to be once more
With friends of childhood days;
And still it stands to shelter them,
Those friends so dear to me,
That grand majestic work of God—
That dear old Elm tree.
Nacogdoches, Texas,

Gone to Dalhart.

Mrs. R. C. Shindler left yesterday for Dalhart, where she and Mr. Shindler will make their future home. Mrs. Shindler will be sadly missed from the club and social circles of Nacogdoches, among which she was a leader and very popular. She carries with her the best wishes of this people, and it is especially the hope of The Sentinel that it may be to the interest of Mr. and Mrs. Shindler, to return to Nacogdoches.

Mr. D. H. Barnett has just added a coat of paint to his shop on the south side of the square, which greatly improves its appearance.

For Representative.

Mr. Homer A. Dotson of Cushing is announced as a candidate for representative in the Thirty-first Legislature from Nacogdoches county, subject to the action of the Democratic primary July 25. Mr. Dotson has resided in Nacogdoches county for the past sixteen years, and besides being a prominent and well known attorney, he is one of the most popular and deserving young men in the county. Mr. Dotson made the race for representative six years ago, and came within a few votes of receiving the nomination. He has made a special study of state affairs, and is thoroughly conversant with the duties of a legislator, and if elected he will represent our people with credit to himself and honor to the state.

For District Judge.

The Sentinel is authorized to announce Judge Hugh B. Short of Center as a candidate for district judge of the Second Judicial District. Judge Short is one of the best known and most eminent lawyers in Texas, and is by experience and practice especially qualified for the office of district judge. While his announcement comes as a surprise to many of his friends, it was not altogether unexpected to some, and already he has received many assurances of support.

Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength. But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it. It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption. Food in concentrated form for sick and well, young and old, rich and poor. And it contains no drugs and no alcohol. ALL DRUGGISTS, 50c. AND \$1.00.

Mr. Shaw Will Remain.

The San Augustine Vidette announces that a modern 22-room hotel will soon be erected in that town, and that Mr. George Shaw, proprietor of Redlands hotel of this city, will move to San Augustine and take charge of the new hotel. This latter statement, Mr. Shaw states, is a mistake. He has no idea of severing his connection with the Redlands, nor will he move to San Augustine.

The Face of a Judge.

Judge C. D. Mims of Nacogdoches, candidate for district judge, spent the forenoon in the city, returning home on the eleven. Presumably he was looking after his "fences;" at least he left a little silver "gate" at the Times office. Judging by his face, a woman's chief estimate, he will make a good officer.

Judge Short Acquitted.

The argument in the case against Judge H. B. Short was closed at Tyler late yesterday afternoon, but Judge Timpson did not read his charge to the jury till this morning, and in just 15 minutes from the time the jury retired a verdict of not guilty was returned.

The report was received with pleasure by Judge Short's many friends in Nacogdoches.

Died at Portland.

Mrs. L. P. DeMouche received a telegram Sunday morning announcing the

death of her father, Mr. Thos. H. Smith, who died at his home at Portland, Texas, Saturday night. Mr. Smith was 92 years of age, and his death was not unexpected. Mrs. DeMouche left for Portland on the noon train Sunday to attend the funeral.

Death of Grandma McKnight. Mrs. Louisa McKnight, aged 87 years, died at the home of her son-in-law, L. C. Brown, at Martinsville, Thursday afternoon at 2 o'clock.

Mrs. McKnight was the widow of the late James McKnight, and leaves a large family of children and grandchildren. She was the mother of Mr. W. B. McKnight of Nacogdoches, and has other children residing in Nacogdoches county, at San Antonio, El Paso and Abilene, Texas, and at Duncan Oklahoma. Her remains were interred at Cove Springs cemetery at 3 o'clock this afternoon. Rev. Frank Luker of Melrose conducting the services. The Sentinel extends sympathy and condolence to the bereaved relatives.

Garrison Will be There.

The Sentinel informs us that the county fair proposition is being manipulated quietly, but on a basis which will result in final success. That's good, when the time comes for exhibits Garrison will be there with her portion of the good things that will be calculated to capture the

S.S.S. CURES RHEUMATISM

Every case of Rheumatism has its origin and its development in the blood. It is not a disease which is contracted like a cold, but it is in the blood and system before a pain is felt, and the changes in the weather or any physical irregularities, such as a spell of indigestion, bowel disturbance, etc., are merely the exciting causes producing the pains and aches, which are the natural symptoms of the disease. Rheumatism is caused by an excess of uric acid and other corrosive, irritating poisons in the blood, which are carried through the circulation to every part of the system. Every muscle, nerve, membrane, tissue and joint becomes saturated with these acid, irritating impurities, or coated with fine, insoluble caustic matter, and the sharp, piercing pains or the dull, constant aches are felt with every physical movement. When the blood is filled with uric acid poison, permanent relief cannot be expected from liniments, plasters, or other external treatment. Such measures give temporary relief, but in order to conquer Rheumatism and bring about a complete cure, the uric acid and other inflammatory matter must be expelled, and this cannot be done with external treatment. S. S. S. cures Rheumatism because it is a perfect and entirely vegetable blood purifier. It goes down into the circulation, neutralizes the acids, and dissolves the irritating deposits which are pressing on the sensitive nerves and tissues and producing pain, enriches the weak, sour blood, and removes every atom of impurity from the circulation. So instead of being a weak, sour stream, distributing uric acid to the different parts of the system, the blood is strong and healthy and therefore able to supply every muscle, nerve, bone and tissue with nourishment and strength. Then the inflammation and swelling subside, the pains and aches cease, and not only is Rheumatism permanently cured, but under the fine tonic effects of S. S. S. the entire general health is benefited and built up. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe and reliable treatment. Special book on Rheumatism and any medical advice you desire will be furnished free.

PROBLEM OF THE POOR.

The divine utterance, "For ye have the poor always with you," is not only the statement of a truth that all history verifies, but in its wider meaning it carries with it the suggestion of duty that lies both upon the individual and society as a whole...

What the Record affirms is only too true in its application to conditions in this country, but the situation is not so bad that there are not just grounds for believing that the time is coming when an enlightened public conscience will take hold of the problem in a courageous way...

PATRONIZE Nacogdoches industries and help the working man to pay his debts.

ONLY 401 poll taxes were paid in the city of Nacogdoches prior to February 1.

THERE are too many citizens who seem to think the new water works system was put in for their special benefit.

THERE is only one way to offset the evil influence of the knocker. That is to talk for your town and back up your talk with your pocket book.

THE Austin Statesman says you get quid pro quo when you patronize home people. Guess you get nunc pro tunc when you patronize the catalogue fellows.

Just so long as those who help to give our public enterprises refuse to help secure new industries, the knockers will have excuse to knock.

It is far better to keep the small factories we have than to spend our energies and waste valuable time trying to get enterprises and then fail to secure them.

DON'T forget there will be an election held in the city of Nacogdoches April 7, and that a mayor, city attorney and two aldermen are to be elected. Announcements are now in order.

NACOGDOCHES is away ahead of many Texas cities in some respects, but slightly behind in others. For instance, we need a canning factory, a creamery, a peanut factory and a cotton mill. Whoop'em up!

AGAIN just at the opening of the planting season is the plaint going up for the planting of more peanuts. Beaumont Enter prise.

And unless farmers plant more peanuts this year than usual, that plaint is going to be changed to a wail. Plant peanuts.

A TEXAS exchange is wondering whether to support one candidate or another on the merits of the individual or what some other newspaper says about it. Ought to be an easy problem.—Galveston Tridune.

It is dead easy for this paper to decide; though according to some papers some candidates have no merits.

A FEW days ago the grocer's bland reply to an inquiry as to the price of bacon was: "Twenty-four cents a pound." At another place a pound of black-eyed peas cost ten cents, a teaspoonful of which contained forty-three rocks, by actual count. The Madam's advice to her farmer friends is to plant plenty of bacon and peas—and rocks! There's money in 'em.—Timpson Times.

There is also a valuable lesson in the incident above related, and ought to cause every farmer in East Texas to think, reflect, and take the Madam's advice.

New Source of Revenue.

The revenue of the state of Texas has been enriched to the amount of approximately \$10,000 by a simple amendment to one of the tax laws passed by the Thirtieth legislature. This is the amendment which provides that every officer, from constable to governor, shall take out his commission before the comptroller is authorized to issue a warrant to such officer for the amount which may be due such officer. There are in the neighborhood of 10,000 of such officers in Texas, and it is learned that practically all of them have obtained their commissions.—Austin Statesman.

Waters Pierce Case.

A special from Washington says that the supreme court Monday set the Waters-Pierce Oil company receiver-ship case for hearing on its merits for April 16. This is the appeal on conditions of Henry Clay Pierce and other stockholders from the decision of the United States circuit court at New Orleans, ousting Receiver Dorchester and recognizing Receiver Eckhardt.

Judge Perkins Announces.

Judge James I. Perkins of Cherokee county is announced in this issue of The Sentinel as a candidate for reelection to the office of district judge of the Second Judicial district. Judge Perkins was elected to this position four years ago, and according to precedent and democratic usage, his friends claim that he is entitled to re-election to a second term. In mentioning Judge Perkins' announcement in that paper, the Jacksonville Banner says:

"Judge Perkins believes in dispatching the business of the litigants, and thinks that the terms should be made as short as possible, in order that the least expense may be incurred. On the bench he knows neither friend nor foe, but is absolutely impartial in each and every case. Outside the court house he is of course loyal to his friends, as every man should be, but on the bench he has never been charged with favoritism. The question of a man's social, political or financial standing is never considered—the rich and poor alike before him get a fair hearing, and nothing more."

"Judge Perkins was strongly solicited by his friends throughout the second district to enter the race for congress, but he decided to ask the people for a second term as judge, feeling conscious of the fact that he has discharged the duties of that high office in a manner that will meet with the approval of the voters of the district."

From Mt. Moriah.

J. W. Stoker went to the city today.

John Arthur has moved to the city and will work at the carpenter trade.

Mrs. Eva Chandler was married to Mr. Ed Wheeler of Aken, Shelby county. She has the best wishes of the writer and her many friends.

Miss Nannie Vaught of Libby died last Saturday. Her remains were laid to rest in the Bethel cemetery Sunday. She leaves two sisters and a father and many friends to mourn her death.

F. L. Judd has moved to Jacksonville.

Mrs. Lizzie Koonce is reported on the sick list today.

Mr. and Mrs. M. D. Stoker are the proud parents of a baby girl at their home.

Elmont Fulmer, who has been in school at Keithville, La., returned home and will scrap the boll weevil or raise cotton.

There was singing at W. H. Herrington's Saturday night, which was enjoyed by all present.

CITY COUNCIL MEETING.

Several Important Measures Considered Before the City Fathers.

The city council met in regular monthly session Tuesday afternoon at 4:30 o'clock with all the aldermen present except Alderman Blount, who was absent from the city, and with Mayor W. U. Perkins presiding.

After the minutes of the previous meeting had been read by Secretary Wilson and approved by the council, Mr. F. E. Hess of Dallas, representing the Missouri Valley Bridge company, appeared before the council and submitted propositions to build a steel wagon bridge across Banita bayou on Fredonia street.

The matter was referred to a committee composed of Mayor Perkins and Alderman Rulfs, with full power to contract for the bridge if terms and conditions can be agreed upon.

The city marshal's report showed total collections for the month of January and February as follows:

Table with 2 columns: Item, Amount. Advalorem tax \$3877.11, Special tax 3877.11, Water works tax 3877.11, Poll tax 378.00, Street tax 196.00, Occupation tax 8.00, Fines 213.00.

Total \$12,426.33

The street and bridge committee reported the two new iron bridges—one across Banita bayou on North street, and the other across LaNana bayou on Main street—had been completed, except the approach at the south end of the bridge on North street, which is held up awaiting the grading of the Nacogdoches and Southeastern railroad at that point.

The mayor reported on the matter of building a levee on the south side of Banita bayou, that a private subscription is being raised by the citizens, but they are expecting assistance from the city council and the Nacogdoches and Southeastern railroad. It was also reported that the railroad company is now at work on the grade at the crossing of Fredonia and Pecan streets.

The following accounts were allowed:

Table with 2 columns: Company, Amount. Missouri Valley Bridge Co. 1560.00, South Texas Telephone Co. 6.00, H. T. Burk 18.00, D. H. Barnett 1.75, Haltom & Haltom 5.45, Perkins & Parrish .65, Post Pipe Co. 646.33, Nacogdoches Show Case Co. 51.40.

The account of the Eureka Hose company for \$1177.50, for fire apparatus, was settled by note due February 1, 1909, and bearing six per cent interest.

An ordinance abolishing the office of city recorder was unanimously adopted, and the council recessed to 7:30 o'clock.

NIGHT SESSION.

Council reconvened at 8 o'clock, when a committee from the fire company, consisting of Capt. I. L. Sturdevant, Josh Henson, Geo. P.

After April 1st, according to the ruling of the Postoffice Department, we will not be allowed to extend over one year's credit to our Weekly subscribers, and three months' credit to subscribers to The Daily, on penalty of forfeiting our second class mail rate. Therefore we will ask our subscribers who are one year or more behind to come forward and settle up.

COOK, W. G. REID, J. R. Mc-KINNEY, appeared before the council and made their wants and wishes known in regard to additional apparatus and necessary equipment.

It was ordered by the council that the committee, together with the mayor, purchase such wrenches, spanners, etc., as the firemen now need, and to ascertain cost, etc., of better apparatus and report to council at the next meeting. The committee was also authorized to make arrangements for a place to keep the apparatus and make provision for getting apparatus to and from fires.

Mr. M. C. Bay, general manager of the Nacogdoches and Southeastern railroad, appeared before the council in regard to the matter of building the proposed levee on the south side of the Banita and the erection of a bridge on Fredonia street, but he could not promise any material assistance on the part of his company.

An ordinance was adopted creating the office of city engineer, and Guy A. Blount was elected by the council to fill the position.

An ordinance creating the office of city attorney was also adopted, and another authorizing the mayor to issue a proclamation ordering an election to be held in the city hall on Tuesday, April 7, for the election of a mayor, city attorney and two aldermen, designating John N. Gilbert as manager of the election.

The council then adjourned.

Everybody else's fertilizer is "No Count" and ours "perfection" is the way some dealers put it. We don't make any such claims. We believe all fertilizers have real merits, and that different lands require different mixtures. We have given the matter some thought, have different mixtures in stock and ask you to call on us. See the state chemist's analysis of the different kinds we offer. Compare with others offered and if we merit your trade—on quality and prices—would be glad to have it. Call on us any way we want to talk with you about other matters too.

ODD FELLOWS MEET.

Report Shows Order Has Enjoyed Year of Progress.

Fort Worth, Texas, March 2.—Mayor W. D. Harris turned the keys of the city over to the 2000 Odd Fellows today, who are here attending the Texas Grand Lodge meeting of the order. Four hundred Rebekahs also are present. Opening exercises were held at the city hall. After invocation by A. Supler, grand chaplain, responses to Mayor Harris' address of welcome were delivered by John A. Martin, Mrs. John A. McKee, H. Schwartz, grand master of the order, and Mrs. N. L. Koesey, president of the Rebekah's assembly.

Late this afternoon the the Rebekahs will elect officers and tonight the Grand Lodge will elect its officers. Reports submitted show the order experienced a successful year, 80 new lodges having been organized and the membership increased 5000. The total Texas enrollment is now 31,000. Sixty-four new Rebekah lodges were reported and with a membership of 4000.

Grand Master Schwartz of Baird will be succeeded by C. B. Lewis of Ennis, elected last year. The financial condition is shown to be excellent, and much money was spent on the different lodge homes over the state. The real business of the meeting will be transacted tomorrow.

Beaumont will likely be chosen for the next convention.

Baseball Team Organized.

There was a baseball meeting at P. L. Sanders' store last night. About 20 were present and a permanent organization was perfected. W. P. Ingraham was elected captain and P. L. Sanders manager. They will begin practice at once and will soon be in first class shape.

Mrs. Helen Burr-Brand and Mrs. Otto Lang left last night for Tyler.

GOOD WORK

Done Daily in Nacogdoches—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Nacogdoches still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Ben Helflin, farmer, living seven miles northeast of Nacogdoches, Tex., says: "Doan's Kidney Pills acted effectively for six years. During that time I tried many different remedies and doctored until I was tired, but still the dull grinding ache in the small of my back was always present. If I stooped or lifted it seemed as though my back would cave in. The secretions from the kidneys at times were as red as blood and accompanied with a burning sensation. I procured Doan's Kidney Pills at Mast Bros. & Smith's drug store and they did me more good and in less time than any other preparation I had tried. In fact, after using one-box I felt like a different man."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's,—and take no other.

Arthur Seale has severed his connection with Mayer & Schmidt and is putting in good time for the coming primary.

Good For Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Dalbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at Mast Bros. & Smith. dw

J. L. McBride, a prominent and well to do farmer who resides near Woden, was in the city today and he paid The Sentinel a visit.

Best Healer in the World.

Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c. at Mast Bros. & Smith's drug store. dw

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol For Dyspepsia: "E. C. DeWitt & Co. Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs., in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited.
