## PROPOSED NEW RAILROAD.

Might be Induced to Build by Way of Nacogdoches.

The following special, which appeared in the Dallas News Monday, is of more than ordinary interest to the citizens of Nacogdoches: Marshall, Tex., March 15.—The Sabine Valley Railway company has been organized in this city, but the charter has not been applied for yet, but will in a few days. It is the intention of the Sabine Valley company to construct a standard gage railway from this city to Port Arthur, a distance of 200 miles. The route of the proposed road has been surveyed, and much preliminary work has already been done, and it is more than likely that it will use the dump already built south of this city. The road is being financed by Eastern capitalists.

It requires only a casual inspection of the map to convince one that Nacogdoches is

on a direct line from Marshall to Port Arthur. A line built through the country east of Nacogdoches and connecting the two proposed points, would parallel either the Santa Fe or the Kansas City Southern.

This matter should be looked after, and if there is any possible chance for Nacogdoches to secure the road, our citizens should go after it with a determination that will win.

## STEVEN F. SPARKS.

Death of a Hero of the San Jacinto Battle.

In the death of Steven F. Sparks at Rockport Thursday, the state of Texas suffers the loss of another of its noble defenders on the battlefield of San Jacinto, leaving one survivor. Sparks was among the first to respond to the call to arms when Texas decided to throw off the oppressing yoke of Mexican government, and his chivalrous deeds on the battlefield, coupled with those of his equally noble comrades, resulted in victory. Mr. Sparks was born at Big Springs, in the state of Mississippi, ninety-one years ago this coming 7th day of April, and he came to Texas during the winter of 1833. He was married to Miss Emily Whitaker at Nacogdoches in October, 1836, and to this union eight children were born. Four of these died early in life, while the other four still survive. They are: J. H. Sparks of San Antonio, S. F. Sparks of Waco, N. C. Sparks of Mathis, and Mrs. A. E. Rogers, who is now 70 years of age and who lives near Hamilton, this state. His wife died in McLennan county in January, 1856.—Houston Post.

## DISTRICT COURT.

March Term Convened and Grand Jury Empaneled.

From Monday's Daily:

The March term of the district court convened this morning at 10 o'clock, Judge Jas. I. Perkins presiding.

The following grand jurors were empaneled and sworn in:

W. B. McKnight, foreman; W. U. Perkins, J. W. Millard, T. J. Cariker, Ed M. Weatherly, J. Y. Baugh, K. P. Branch, W. R. Stripling, John Lowery, Jr., John B. Mueckleroy, J. M. McClure, J. W. Sealbach.

Judge Perkins delivered the statutory charge to the grand jury, after which court adjourned to 1:30 this afternoon.

The grand jury at once went to work and organized for business by selecting the following officers:

A. J. Locke, door bailiff; H. C. Rich, D. W. Bruce, R. J. Christian, T. F. Lambert and B. C. Mast, riding bailiffs.

The non-jury civil docket is occupying the time of the district court, and there are several cases on this docket to be disposed of. The case of Roberts against Blount, trespass to try title, was on trial this morning.

All murder cases in which indictments have been returned have been set for trial during the fourth week, as follows:

State vs. Allen Poulan; set for Monday, April 6, and a venire of 60 ordered.

State vs. Sam Burney; set for Monday, April 6, and a venire of 40 ordered.

State vs. Laura Deckard; set for Wednesday, April 8, and a venire of 40 ordered.

State vs. Cal Griffin; set for April 8, and a venire of 60 ordered.

State vs. Mart Griffin; set for April 8, and a venire of 50 ordered.

The criminal docket for the trial of criminal cases other than capital will be taken up on Thursday of the third week and will continue through the fifth week.

## Mr. O'Quinn Announces.

Mr. W. B. O'Quinn of Lufkin is announced as a candidate for district attorney in and for the Second Judicial district. Mr. O'Quinn is now filling this office, and quite efficiently, having been appointed by Governor Campbell to fill the unexpired term of Hon. Beeman Strong, who resigned. Mr. O'Quinn was born in Nacogdoches county, though he has spent most of his life in Angelina county. No man in this district is better or more favorably known than Boley O'Quinn, and his friends delight to honor him with their confidence and positions of trust. Thoroughly qualified for the position,

## Let Us Reason Together

If by planting the **Genuine Mebane's Cotton Seed** raised at Lockhart, Texas, you get a crop that matures earlier and makes a yield of 15 to 25 per cent more per acre is it not good judgment to buy these seed? These seed are not untried by our own farmers but used by many of the best farmers in the county for few years past and they are buying them again. Call and see the list of customers who have bought them for this season.

Again, whether you use **Mebane's Seed** or not, if you can, by the use of **Virginia Fertilizers**, greatly increase your yield, is it not good judgment to use it?

We have a long list of customers who have used our fertilizers and are buying them again. We want to talk both these matters over with you carefully. Please call. Yours truly,

## SENSATIONAL REPORT.

Cherokee Indians Claim 3,200,000 Acres of Texas Land.

A recent report from Austin says that quite a commotion was caused there and doubtless in Rusk, Cherokee, Smith and Angelina counties over the press dispatch from Muskogee, Ok., that several old full-blooded Cherokee Indians had notified Indian Agent Kelly that the Cherokees have claim to 3,200,000 acres of land in the four Texas counties named, and calling upon Mr. Kelly to take up the matter with congress and secure the land from Texas, or its equivalent in money. The land is claimed by virtue of a declaration of Gen. Sam Houston in 1865 in what was known as the Solemn Declaration. The official records show some interesting information in regard to that transaction, and there is no doubt but that the land was made over to the Cherokees to be retained by them in reward of their tranquility during the War of Independence with Mexico; but the Cherokees violated the compact, the records show, and thereby forfeited their claim to the large area in East Texas. The discoveries made will be pleasing to the people in the territory in question and show conclusively that the Indians forfeited their rights to the lands. However, there was no doubt but that Gen. Sam Houston was inclined to let them have the land finally, but it was taken from them after the treaty was made.

Dr. Adams will be at the Banita hotel in Nacogdoches March 30 and 31, and will be glad to meet all who are suffering from diseased or defecated get them in mill. Be sure and bring money. W. B. Pearson. d2w

**EVEN a blind man can see that Nacogdoches is growing.**

THE Nacogdoches county tobacco crop will be a whizzer this year.

SPRING having put on her coat of green, Nacogdoches should don her garment clean.

SPEAKING of the threatened excitement of the approaching state campaign, how do the candidates for county commissioner stand on the question of better roads?

THE Beaumont Enterprise remarks: "The night riders are not troubling the tobacco region around Orange and Nacogdoches and it is probable from present indications that these sections will show a considerable advance over previous years in the finest quality of weed grown in the United States." Speaking for Nacogdoches, the crop will be unusually large and the quality the finest in the land.

THE Bryan Eagle very forcibly and correctly describes the situation as follows: "There is no doubt of the fact that a majority of the people of Texas as a whole favor local option, but it doesn't follow that a majority will vote for statewide prohibition. A good many local optionists believe in local self government." Like a great many other democrats, The Sentinel favors letting well enough alone.

THE announcement comes from Austin that Agricultural-Commissioner Milner has given out a statement in which he advises the farmers to put in a small acreage in cotton, and more in pro- vender. He says "the policy of planting another large crop of cotton is wholly unwise from any standpoint." Col. Milner is correct. Too much cotton and not enough of other crops has been the South's greatest failing. Right now is the time to stop it.

THE Paris Advocate sees a warm time approaching. It says: "The race between Coke and Davis was a hummer; the prohibition campaign of 1887 was a warm proposition; the contest between Clark and Hogg in 1892 was a hot tamale, but in comparison with the fireworks of this year each will stack up as an icicle." And when upon reflection we remember that it required several years for the citizens of Texas to recover from the bitterness and ill feeling engendered by each of the campaigns above, cited, it should impress every one with the importance of conducting all future campaigns upon a more dignified

## By Way of Comparison.

A business man remarked this morning tersely: "The Nacogdoches Cigar Company employs twenty people and operates on a \$5000 capital. If this capital were increased to \$50,000, that is to say, ten times what it now is, there would be two hundred employees, and good profit would be made by the company. But the benefits to the town and the country would be incalculably increased in advertising our tobacco lands and our town and the salaries and expenditures would fall back to the home people. The tobacco is produced here, the work all done here, the cigars made here, the proceeds spent here. All for home."

Constrast all this with the Nacogdoches Speculators company, which has a capital of say five times as much. It employs not half as many people, buys all its goods in other countries and from other markets, does not produce a thing nor advertise the town or country. Its workmen are all in the gang of beneficiaries kept up by the profits made off of our people, who get back nothing, and do not even get to sell supplies to these operators, who get their goods out of the stock at cost. But then, you see how it is, the people are blind and help the speculators. And they even smoke trust cigars when the home goods are better for the same price.

WHEN a man becomes so contaminated with cussedness that the whites of his eyes turn yellow he is in a bad way. Yes, a very bad way. He either needs a course of medicine or the love of a good woman to thaw the chill from around his heart. Meanness don't generally turn the whites of a man's eyes yellow.—Garrison Gleaner.

It is a well known fact that when a man's eyes get off color he is in a bad way. The eyes do not always turn yellow, however. We have heard of men whose eyes turned green with envy, then there is another disease designated as "the green eyed monster." Then again, we have read of men whose eyes were reddened with "the fire of determination." But yellow eyes can not always be attributed to a diseased liver.

WONDER if the people who always find the errors in a paper ever see anything else in it? It appears that a mistake creates more comment than philosophical thought.—Caldwell News-Chronicle.

O yes, the people see every-

thing in the paper, but nothing in it creates so much comment as a little mistake or a failure to mention their names.—Nacogdoches Sentinel.

And by the same token nothing creates so much comment as the little mistakes of the cook, or the things she left out of the broth. What a fault-finding old world it is, with folks always playing "tag" with each other.—Timpson Times.

Texas Railroad Earnings.  
Abilene Reporter.

An Austin dispatch is authority for the statement that figures just compiled by the state railroad commission show that the passenger earnings of the Texas railroads for the six months ending Dec. 31, 1907, increased \$1,182,127.72 and the freight earnings decreased \$1,056,884.86, the net increase as compared with the corresponding six months of the previous year being \$66,293.86. The increase in the cost of operation was \$5,050,744.60. The report shows the railroads' gross earnings for the period to have been \$45,846,299.04, of which \$81,706,299.29 were from freight departments and \$13,992,057.84 from passenger traffic. Other earnings from operation amounted to \$146,952.27. The most surprising thing about this statement is the increased cost of operation. Where this additional cost has come in we are at a loss to understand. If these figures are true it goes far to account for the reluctance of railroads to build more lines and to add to their present mileage. It will probably account for the determination of the Southern Pacific to cut off ten passenger trains in this state. It does not look good to us for the profits of railroads to fall off, for all of the Texas wants more lines and better accommodations.

## Divide the Honors.

It has long been the custom to send congressmen and senators to national conventions to make platforms for their own direction. The procedure has always been illogical, and besides, why should a few favored ones receive all the honors?—Greenville Herald.

Senator Gore of Oklahoma once a despised populist, has set a good example. He has refused to permit the use of his name as a candidate for delegate-at-large, for the reason that "paid servants of the people have no right to hog all the honors." Why should the people permit their servants to pose as their masters?—Dallas Times-Herald.

Up this way some of the worst knockers we have are a few men who have means to invest in any kind of enterprises but are slow to do it.—Bonham News.

## From Gravel Ridge.

Editor Sentinel.  
March 10.—I notice that all business interests of a public nature are more freely discussed than the schools. It seems to me that this should be to the reverse, for there is no one thing that affects so nearly everybody as the public schools.

Giant efforts are being made by those of authority in the school world to get the teachers interested in their school work and qualify them for their business. I have seen an old man cut down the cotton and hill up a cockle-burr. Somebody's eyes are bad and the wrong plant is being cultivated. The teacher should be compelled to qualify himself to be sure, but something ought to be done to qualify the patron.

I made one inglorious attempt to have it done through a paper normal and can't help but wonder why some abler effort than mine has not been made before now.

The trustees need an institute course just as bad as the teacher and should have his way paid through a five days course and be compelled to attend. If the teacher gets an average of \$3 per day, give the trustee the same. Few men there are who do a job well when they know there is nothing coming but censure. I know some one will stop here to figure expenses, but we need effort worse than money. We can get plenty of money if the people can be interested. They will vote tax enough to make it plenty.

The patrons need educating in some cases worse than the children, and he must have it before he knows the effort necessary to put forward. This can be partly brought about by the trustee institute. Right is a catching disease. Get a few cases in each district, no telling the results.

The county superintendent or some other person qualified should edit one page of the county paper and call for teachers or trustees to recite or give evidence on subjects of interest as the chairman does in the institute. Everybody knows that it is a waste of energy for teachers who are poorly paid to talk about visiting their patrons. Teachers have to spend their time at something that will help make a living, and besides all teachers are not influential enough to do justice by their case.

It's not uncommon at all for my patrons to remark that they send their children when they want to go. Of course in a case like this it a child becomes offended he stops or quits. This is not confined to any one community but to the whole county or the whole of Texas

## CONFEDERATE WOMAN'S HOME.

Rules Governing Application for Admission to the Institute.

The Confederate Woman's Home at Austin, Texas, will be opened June 3, 1908. Application for membership will be received by the trustees at that time. Rules governing applications for admission to the Confederate Woman's Home are as follows:

The qualifications for admission to membership in the Confederate Woman's Home, by the mothers, wives, widows, sisters and daughters of Confederate soldiers, shall be the same as laid down in the constitution for the United Daughters of the Confederacy of the Texas Division, article 111, organization and membership, to wit:

"1. Applicants entitled to membership are the mothers, wives, widows, sisters and daughters of such men as served honorably in the Confederate army, navy or civil service, or those persons who can give proof of a personal service and loyal aid to the Southern cause during the war.

"In addition applicant must prove herself to be without adequate means of support, mother, widow, wife, sister or daughter of a Confederate soldier, who was in the service of the Confederacy during the struggle between the states, and is now a resident citizen of the state of Texas, and was a resident citizen of this state January 1, 1899. If wife or widow, that she was married prior to January 1, 1875.

"All applicants must be free from mental derangement, contagious disease, drug or alcoholic habits and epilepsy.

"2. The applications should be made from the county in which the applicant resides through the chapter of the Daughters of Confederacy in that county, or if none in such county, then the nearest chapter; that said chapter shall appoint a committee of competent persons to investigate the character and merits of such applicant, shall be supported by affidavits of at least three credible persons, and such other evidence as may be obtainable; and such committee shall make a report in writing to its chapter and a vote taken, and thereafter the president of said chapter shall forward to the board of trustees of the Confederate Woman's Home at Austin, and enclose all papers per-

taining to said application, including the affidavits and committee reports and the vote of the chapter, if by unanimous vote or divided vote; and if the vote is divided to give a list of those voting against together with any remarks the president of the chapter may see fit to make.

"3. The trustees of said home, whose duty is to examine all application papers and promptly decide upon same at the earliest date practicable, and if desired, this board of trustees shall make further investigation, that it may deem necessary, and when satisfied of the meritoriousness of such application, after thorough investigation, the said board will communicate its decision to the chapter sending the application, and also to the applicant, as directed in the application papers, whose address should accompany each application. If the decision be favorable, it should be certified to by the said board of trustees. The certificate shall be signed by all members present and participating, and not less than three shall constitute a quorum for such purposes.

This certificate shall be sufficient authority for admission of the applicant to the home.

## Going to Test the Gun.

Austin Statement.

The old cannon which has barked out Independence Day salutes for about twelve years at the University has probably roared its last, and unless the test on it, which is to be made shortly, shows it to be in better condition than it is believed to be in. The thought of what would the result be should the cannon explode while the salutes at the University are being fired has aroused the officials and a thorough test of the old gun will be made before it is used again by the students. If it is found to be in a safe condition the use of it will continue, but if there is any doubt as to its being perfectly sound, it will be condemned and the students will then have to look elsewhere for their artillery.

**GOOD FOR NEW ORLEANS.**  
Railroads Grant Concessions For Ten Days Stop-Over.

New Orleans, March 12.—One of the biggest concessions ever granted by the railroads to a Southern city is just announced to go into effect May 1, when ten days stop-overs will be allowed by all east and west lines at New Orleans. The concession is due to the total elimination of the ticket scalpers who for many years made New Orleans a mecca of pecuniary profit and whose operations caused the railroads and the city tens of thousands of dollars. The United States supreme court recently confirmed the perpetual injunction granted by the United States circuit court at New Orleans, and the New Orleans Progressive Union at once applied to the railroads for the stop-over privilege which was granted practically without debate. As a result from 75,000 to 100,000 people who pass through annually will now stop over. Tourists will find ample accommodations and the winter of 1908 in New Orleans promises to exceed in brilliancy and gaiety all previous years, especially as the Carnival of Mardi Gras will fall earlier, being on February 23, next.

**Expression of Gratitude.**

To The Sentinel.  
Livingston, Tex., March 12.—It gives me great pleasure to write through your columns to my friends the fact of, to all appearances, a successful termination of my trouble by an operation. Next Sunday week I hope to be in my place with my people.

On my return to Livingston Mrs. Clothier called my attention to the kind notice in The Sentinel. Such sympathetic expressions are invaluable to a fellow shattered to pieces, and I trust I shall be able to merit the kind consideration expressed by my friends. With thanks and the hope of seeing you soon, believe me,  
Sincerely yours,

Mrs. Bell Davis was given an examining trial before Justice F. D. Huston yesterday on the charge of theft of \$50 in currency from the person of Mr. John Crawford. After hearing the testimony and argument of counsel for the accused woman, Justice Huston promptly discharged her, stating that the facts brought out did not justify him in binding her over to the grand jury. Esquire Huston was warmly congratulated upon his decision, which met with universal approval by all who heard the trial. The defendant did not place a single witness on the stand.

**NEW STATE BANK.**  
T. H. Ness and Associates to Establish One Here.

"If Nacogdoches is made a money center, all other things will be added unto you." Thus spoke Mr. T. H. Ness, the well known banker and capitalist, to The Sentinel man today.

Mr. Ness resides in Galveston, but he has considerable financial and business interests in East Texas, being interested at present in ten different banks in as many towns in this portion of the state. He has been in Nacogdoches several days prospecting with the view to establishing a State bank in this city, and he has met with such flattering encouragement that he authorizes The Sentinel to announce that the new enterprise is a certainty.

"I and my associates," said Mr. Ness to the reporter, "will establish a State Bank here with a paid up capital stock of \$25,000, and at the end of the second year we propose to increase the capital stock to \$50,000. I have associated with me a large trust company of St. Louis, which will have an interest in the new bank, but we desire that Nacogdoches citizens take stock in it, and if possible we would be glad if the entire directorate could be composed of local people. But the establishment of the bank does not depend on this contingency. We are going to put in this bank here whether any stock is taken by local capitalists or not. You can say that the enterprise is a certainty."

Mr. Ness has already begun negotiations for a residence with the view to moving his family here from Galveston at once. A building for the location of the bank has not yet been secured.

**School Troubles at Tenaha.**

The news comes from Tenaha that the school at that place has been forced to close down for want of funds, which condition was precipitated in a mysterious and unfortunate manner. As we understand it, the assessment rolls were stolen or lost, which prevented the collection of the school tax, and thus forced a shut down. The condition is a most unfortunate one. Tenaha has one of the best school buildings in this part of the state, and a corps of teachers that for ability and excellence cannot be excelled anywhere, and such an interruption cannot fail to hurt the school.

Prof. Postell, the superintendent, has accepted a position with the Center High School for the remainder of the term, and will be one of the teachers in the normal, giving him employment, but as a matter of fact he would have preferred to have remained with his home school until the proper time to close it out.

**TELLS HOW TO MIX IT.**  
Directions to Prepare Simple Home Mixture.

A well known authority on rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and being of vegetable extraction, are harmless to take.

The pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so called rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will no doubt be greatly appreciated by many here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

**A Good Suggestion.**

We suggest that the next legislature go about the task of encouraging the loaning of money in this state by outside companies, whether those be regular loan companies or insurance companies that are "not writing policies in the state." A state that is being developed must not be too particular about the companies that propose to furnish the money for developing out latent resources. Later when we become a money loaning people, restrictive laws on foreign companies may be very well, but just now we need all the borrowed capital we can get our hands on and at the lowest possible rate interest. But whether interest is to be low or high we must have money or drag along and tail the procession when we should of right be heading it. It is only good old bay horse sense to be liberal with capital that we are trying to get until we become more independent of it. Do you not think so, fellow citizen?

**HABEAS CORPUS HEARING.**  
Evidence Taken in Famous San Augustine Murder Case.

The habeas corpus hearing of Henry Head, Charles Alvis and Lucius Jenkins, three citizens of San Augustine county, who are confined in the Jefferson county jail under a charge of murder alleged to have been committed in San Augustine county last fall, was begun before Judge W. H. Pope of the Fifty-eighth district court this morning, and has been in progress all day.

At the last term of the district court of San Augustine county these three cases were transferred to this county on a change of venue. The men were subsequently brought here and have since been confined in this jail. Last week an application for a writ of habeas corpus was presented to Judge Pope who set it down for hearing today. George S. King, of Nacogdoches; James Stephens, of Center, and E. A. McDowell of this city represented the defendants and County Attorney C. W. Howth conducted the prosecution.

The state's case was contained in the abstract of the testimony of prosecuting witnesses which was taken at the examining trial and inquest. This evidence came from three witnesses and in substance was to the effect that after Louis Head, brother of one of the defendants had been killed, six men including the three witnesses and the three defendants, were searching for the negroes; having found them in the woods told them to come and go to town. The negroes started and after they had gone a few hundred yards, the witnesses stated that Henry Head commanded the posse to halt and ordered the negroes to sit on a log and Head then gave order for the posse to shoot, and the negroes were shot to death.

The defense introduced a number of witnesses. W. J. Garrett, district clerk of San Augustine county, stated that after the shooting of Abbe Davis and Louis Head by negroes, the sheriff gave a blanket commission to all citizens to search for and arrest the negroes. It is the defense offered that these negroes were captured and were shot by a posse of citizens armed with semi-official authority. It is the contention of the defense that the only evidence against the defendants is that furnished by admitted accomplices and which is not sufficient to convict unless supported by additional evidence.

W. C. Scott testified that he had a conversation with one of the prosecuting witnesses, Steve Fussell, who told witness that he had shot one of the negroes.

S. J. Wilkerson testified that on the day the negroes were killed Henry Head borrowed his gun and returned it loaded just as it had been when he took it.

T. C. McCleary testified that Dan Fussell, son of Steve Fussell, came to McCleary's res-

**Women Inclined to Constipation**

Women, owing to their peculiar functions, are prone to constipation, and many of their other ills are due to this congestion in the bowels which fills the blood with impure matter that permeates the entire system. In most cases foul breath, bad complexion, sick headache and such like ills are primarily caused by constipation or indigestion.

Women should be happy to learn of a remedy that cures constipation and indigestion, and that has such other ingredients as purify the blood and tone up all the digestive organs. This remedy is Dr. Caldwell's Syrup Pepsin. It can be bought at any drug store for 50 cents or \$1 a bottle. Women have been curing themselves with this remedy for sixteen years, and the offer of years ago still stands to-day, that you buy Dr. Caldwell's Syrup Pepsin with the understanding that it will do as claimed or your money will be refunded.

This great herb laxative compound is especially suited to the delicate system of women because of its gentle but prompt action. Its pleasant taste and its freedom from griping, its loss of strength like purgatives and cathartics, but builds up and strengthens. It is a guaranteed permanent cure and should be as a steady in your home as in that of thousands of others. Women use it themselves and give it to children in preference to any other laxative because it is guaranteed to do what a good laxative should do, and does it gently. Mrs. T. Troner, of 215 E. Laren Ave., St. Louis, Mo., is glad to say that it cured her constipation and stomach trouble and recommended it to American women. She is but one of thousands who are loud in praise of it. You who have never used it should begin today. You will date your freedom from sickness to the day that you start the use of Dr. Caldwell's Syrup Pepsin. Your druggist will sell you a bottle under our absolute guarantee.

**FREE TEST**—Those wishing to try Dr. Caldwell's Syrup Pepsin before buying have a free sample bottle sent by mail by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it now if you suffer from symptoms of stomach, liver or bowel disease. Get most effective laxative for children, women and old folks. A guaranteed permanent cure. THE PUBLIC VERDICT: "No Laxative So Good and Pure as DR. CALDWELL'S SYRUP PEPSIN." Some minor evidence was introduced at the afternoon session after which argument was heard on both sides and Judge Pope then announced that he would take the matter under advisement and give his decision at 9 o'clock Saturday morning, which he did, granting each of the three defendants bail in the sum of \$2000.

**Granted Bail.**

Henry Head and Charley Alvis, indicted by the grand jury at San Augustine for murder, were granted bail by Judge W. H. Pope at Beaumont yesterday afternoon in the sum of \$2000 each. The time to clean up is right now.

Have you been vaccinated? That's the point.

Politics does make strange bedfellows. Between Cyclone Davis and Joe Eagle the orthodox democrat has little inclination to slumber.

Texas is going to be a great tobacco state, but will cut out the night riders if any ever appear.—Sherman Democrat.

And Nacogdoches is in the midst of the great tobacco district of Texas.

This is the time to begin to massacre the mosquitoes, says an exchange. Very true, and the best method to begin the crusade with is to pour oil on the green waters standing in back lots and open sewers.

The Bartlett Tribune contributes this pointer to candidates: "The man who will try to get into office on his demerits of his opponent is a grafter. So be careful, how you talk about graft." Though this is a new species of graft, it is an old custom with candidates, and one that will be hard to eliminate.

The following resolution was adopted by the quarterly conference of the Methodist Episcopal Church South recently held at Henderson:

"Resolved, That the practice, so common among us, of opening the casket and exposing the remains of the dead to the public gaze on funeral occasions is unuseful, unwise and often unseemly, and that it is the sense of this body that the custom should be discouraged."

That is a question that has two sides to it, and one that should be left entirely with the family or relatives of the deceased to decide. And since the dead cannot enter into the discussion of it, the corpse might at least be granted the courtesy of having its near and dear ones who are left behind speak for it. To us it looms up as a rather gruesome subject.

It is evident that the young men of Nacogdoches are not taking the time for sowing many wild oats, for the Sentinel reports that there will be the largest peanut acreage in that county in history.—Beaumont Enterprise.

The young men of Nacogdoches are not given to sowing wild oats, and if they were so inclined too much of their time is consumed in more legitimate pursuits to enable them to put in much of that kind of crop. Not only will the peanut acreage of Nacogdoches county be larger, but there will be a larger increase in the tobacco acreage and all kinds of trucking than heretofore, and there will be more land planted to cotton than in several years. Don't worry about Nacogdoches county young men nor their crops. They set the pace for all other East Texas young men to work to.

WOMAN IN POLITICS.

The following discussion on the propriety of women engaging in politics is interesting, and all the more so because of the views expressed by one of the participants—the Madam Editor of the Timpson Times:

Mrs. Carrie Chapman Catt says there is a great future for women in politics as candidates for office. And yet there are so many of the angels who never seem to sweep their own homes.—Houston Post.

Call the Madam fogy, fossil, or anything else for saying it, but woman is out of her place when she enters the political arena. It is her duty to furnish officers, not to fill the offices. There is a great future for women in the home as mothers of worthy men in office.—Timpson Times.

The claim is made that woman in politics would purify politics, but we have always been inclined to doubt it, and we cannot help but agree with Madam Editor. The mother in the home can wield a greater influence for the welfare of the country by properly training her boys, who may fill offices, than she can by neglecting her home duties and endeavoring to save the country by going into politics.—Orange Daily Leader.

The question of woman suffrage in the United States is an old one, and yet one of the most unpopular. There are only five states altogether that have adopted it, but only Colorado as a state—the others having introduced woman suffrage when they were territories. In none of these states are women entitled to vote for president of the United States or for congressmen. As has been beautifully expressed by the Madam editor of the Times and the Leader man, no higher honor can be placed upon woman than that of mother. Mother! The very word hallows the lips that utter it. The world has not yet grasped its debt to the mothers of mankind. The mother is the luster and the hope of history. From her bosom flow the impulses that fashion governments and alter civilizations. With whisper and caress she organizes parliaments, revolutions, epochs. She is the central figure of all human sacrifice. Life is the flower of her agony, the fruitage of her pain. Humanity is cradled in her tears. That men may be she fronts the grave, yea, at each birth endures a living crucifixion. And the good mothers of the men of this day possess in marvelous measure the qualities that make maternity sacred.

Statement of Mr. Murphey.

Since announcing my name as a candidate for county treasurer, I have had numerous inquiries as to my proposition to the voters concerning the salary I would require of the commissioners court. This grew out of a remark I made last spring, when the commissioners court was considering the advisability of reducing the pay of the treasurer, as the statute gives them power, that I would take the office for \$800 or less. The pay of the treasurer for the past year,

1907, was about \$1,800. At the time I made the above remark there were several persons present, and from that time until I announced I had many voters to ask me to run for the office of county treasurer on that proposition.

Yielding to so many requests of friends, (and to my own inclination), I have placed my name before the voters of the county for the office of county treasurer, upon the proposition of reducing the fees of the office in proportion to the labor performed. If I am fortunate enough to be nominated at the primaries in July, and elected in November following, I will submit to the action and wisdom of the commissioners court as to the amount of salary they may see proper to allow without protest. Respectfully,

R. W. Murphey.

Appointed County Chairman.

Cushing, Texas, March 14.—The appointment of Mr. P. M. Wagner of Cushing, as chairman of the Republicans of Nacogdoches county, by Col. Cecil A. Lyon, who is state and national chairman of this party in Texas, seems to have been a very fortunate appointment for the republicans of the county. Mr. Wagner is an old Federal soldier and full of the vim and sincerity of his party principles, and seems to be devoting much of his time in writing his political associates over the county with a desire to secure a more representative body of business men and citizens at the county republican convention that has assembled in this county on a like occasion for many years. Mr. Wagner states that every voting precinct is entitled to one vote in county convention, and he believes and hopes that one representative white citizen of each precinct will be present to cast that vote. The purpose of the county convention, which meets shortly, is to elect delegates to the State and congressional conventions which elect delegates to the national convention. All republicans of the county will be asked to participate in the county convention.

Nacogdoches Tobacco Crop.

Reports favorable to the Nacogdoches county tobacco crop continue to come in. It is now definitely certain that the total crop this year will exceed 150 acres, and less than one half of the crop has been contracted for. Growers have had offers of 17 cents for the sun grown tobacco, and 40 cents for shade tobacco, but many have refused to close at this price.

Mr. D. R. Reed, manager of the Redfield tobacco farm, will have the largest acreage of any other grower in the county, and he is having erected two large barns, each 40x160 feet, in which to store his crop. Mr. Reed is also contemplating erecting a sweating barn for the convenience and accommodation of growers.

A Vain Prophet.

From a town in West Texas as the report was recently telegraphed to the daily press that an evangelist conducting meetings there had created a sensation by launching from the pulpit a prediction that a great calamity would be visited on the town, a horrible death would occur inside of thirty days. He declared it made him sad to spring this prophetic announcement on the people, but felt compelled to do so. The preacher in question may be quite sincere and may have brought himself by some excited mental process to honestly believe he sees behind the veil and knows such a calamity is in store. But even the most ardent religionists are generally agreed that the times of miracles and authoritative prophecies are long past, and practically all intelligent persons will agree that this minister knows nothing about what will happen in thirty days. The only man who could reliably predict a horrible death or other calamity not due to a convulsion of nature would be to forecast the event and then go out and commit a crime to make the calamity fit the prediction. Of course, the minister in question will not do anything of this kind, and it is equally true that whatever may occur will have no connection with his alleged prophetic vision. It is easy to see the purpose behind such a deliverance, and a minister may consider that the good work in which he is engaged justifies such expedients in furthering the cause; yet it appears to be the wrong kind of argument to use on the intelligence of the twentieth century. The great preachers all over the world have long since discarded the sensationalism of voodoo predictions from the pulpit. Special providences in the punishment of men in the flesh for perversity of spirit have also had their day. The preacher who can rise no higher than such expedients to excite fear may attract temporary attention but will leave no lasting impression on the minds of men in this day and age.

Authorized by Law.

The Nacogdoches school board has issued an order that all school children now attending the public schools of the city shall be vaccinated at once, and hereafter all pupils must be vaccinated before they will be permitted to attend any session of the school.

The order was made by the board at the instance of Dr. A. A. Nelson, county and city health officer, and upon instruction of Dr. Brumby, state health officer. In writing to Dr. Nelson, the state health officer cites him to the law which makes it compulsory upon school trustees to compel all school children to be vaccinated, and in case they fail or refuse to comply with this provision of the law, the county or city health officer is authorized to close the school.

Parents and patrons of the schools will understand from this that the school board has no alternative but to comply with the law.

TO OUR SUBSCRIBERS

After April 1st, according to the ruling of the Postoffice Department, we will not be allowed to extend over one year's credit to our Weekly subscribers, and three months' credit to subscribers to The Daily, on penalty of forfeiting our second class mail rate. Therefore we will ask our subscribers who are one year or more behind to come forward and settle up.

It has always been the custom of this paper to extend credit to its subscribers and let them pay as suited their convenience, but this new ruling makes it imperative that we send out bills to all those who are in arrears, so don't feel offended when you receive your subscription account, for we must get all of our subscriptions collected to date by the first of April, or else we will have to cut you off, or put a one cent stamp on every paper we send you, and we can't afford to do that. Uncle Sam says come through, boys, and we guess you'll have to do it.

From Fair View.

March 16.—I am very tired tonight, yet I will drop you a few dots. Some sickness; Mr. R. T. White and wife, Mr. Baker Gillikin and wife and Mr. Foot are on the sick list, yet farmers are moving on fine with their work; corn planting is the order of the day.

The First Quarterly conference for Melrose circuit is on record. It convened at Melrose. Bro. Craven preached a good sermon Saturday at 11 o'clock. After preaching 13 of us went to Dr. Hardeman's for dinner. When we finished eating I think there was plenty to feed that many more. I tell you it was first class. The conference was held at 2:30 in the afternoon and every appointment was represented except one. Bro. Luker made a good report; finance very well up.

The next conference will be at Chireno the first day of May. The district conference will convene at Lufkin on the 21st of May. Taylor Perrett, N. T. Sisco, G. P. Parks and Bro. Thomas were elected delegates to attend. Bro. Ferd Davis said he would give us good homes.

On my way to Melrose I was surprised to see such a change. The old pole and rail fences were gone and a nice wire fence had taken the place of the old ones. I knew then why the farmers were getting along so well with plowing, for it did not take all the time to fix fences.

One man told me he would not have the hog law killed and back like it was for two hundred and fifty dollars. Another one said he was done making rail and plank fences; that a three wire fence was so much cheaper they were well pleased with the stock law. This is an age of improvement. We are going to try to pull out of the old ruts upon good firm ground on the 28th of March, and we are going to do the work fair and square.

G. P. Parks.

Just to be plain about it, this old town needs a cleaning up.

Timpson Topics.

Timpson March 16.—Jno. N. Wilson left on the morning train for Nacogdoches to attend court.

Miss Lucy Bridwell, the high fifth grade teacher, was shut in with measles last week.

The Home Mission ladies spread their lovely wings and flew over Timpson alighting at 11:30 at the Armory Hall Friday, with tickets sold amounting to \$75 for a high noon tea; supper and entertainment at night. They served lunches, and dinner with turkey, chicken, ham, salads, pickles, custard, pies, cakes and everything good that ladies alone can serve. The entertainment was surely a success with a nice program of recitations, with music, both vocal and instrumental. The proceeds amounting to \$125 clear of expenses are to be used for the parsonage.

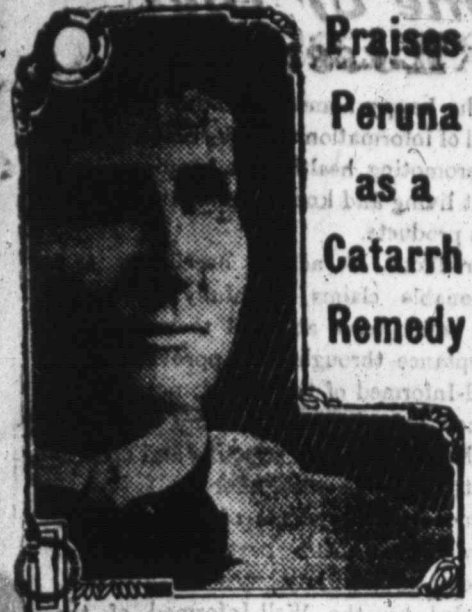

The plague of lagrippe seems to have loosened its hold.

We should imitate our leader, and especially our great General Gordon, as a Christian during one of his long marches. Each morning a white handkerchief was pinned to his tents. The whole camp knew its meaning. No foot dared enter the tent, no message however pressing was delivered until the signal was removed. The army knew that Gordon was alone with God. There the servant and the Master held court and out from thence the brave man came with heart fortified and his strength renewed. Let us pin up our handkerchief for this distressing time. W. L.

The oldest ex-governor has been discovered. The Shreveport Times says: "Frederick Holbrook, governor of Vermont during the civil war, recently celebrated his 95th birthday. He is the oldest living ex-governor and one of the three surviving war governors. In spite of his advanced age, he still retains an active interest in public affairs."

Mrs. Ellen Nagle, 414 4th street, Green Bay, Wis., writes: "I have often heard Peruna praised and it is more widely known here than any other medicine, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a bad cold which settled all over me. "The doctor wanted to prescribe, but I told him I was going to try Peruna and sent for a bottle and tried it. **INTERESTING MEETING.**

Reagan Literary Society Installed New Officers Last Night.

One of the most interesting meetings to the credit of the Reagan Literary society was held last night in the society's new quarters in the reception room at Woodmen hall.

One distinguishing feature of the meeting was the large number of prominent visitors present, among whom were Judge Martin Dies, candidate for the democratic nomination for congress, Judge Jas. I. Perkins, District Attorney W. B. O'Quinn, Hon. Homer A. Dotson, candidate for representative, Hon. G. W. Gibson, district court stenographer, Ed M. Weatherly of Garrison and others, who participated in the discussion and proceedings of the society.

One especially interesting feature was an address delivered by Judge Dies, which was indeed an oratorical treat.

The following officers-elect were installed for the ensuing term: Will T. Hawkins, president; J. O. Cox, first vice president; J. F. Perrette, second vice president; Isadore Roos, secretary; A. T. Russell, treasurer; W. E. Thomason, librarian; W. F. Summers, assistant librarian; A. A. Seale, sergeant at arms.

The woman suffrage question was discussed, the judges decreeing that according to the argument adduced women should be permitted to vote in Texas.

The society meets every Monday evening.

Dr. Adams will be at the Banita hotel in Nacogdoches March 30 and 31, and will be glad to meet all who are suffering from diseased or defective eyes. wtf

**"Where There's a Will There's a Way"**

Cowardice sits and whines "I can't"; courage forces success. C. A. Ward entered a Byrne Business college last year, with only \$33 to take a bookkeeping and shorthand course. He paid this on tuition and material, did janitor work to pay the rest, worked on Saturdays and at odd times to pay his board. The day he graduated he had paid his tuition, all expenses, had \$20 cash and a \$50 a month position, secured by the college, waiting for him. Such courage and determination as his always win respect, admiration, aid, success.

Another young man enrolled with us with less than \$10. He paid his way, board and tuition by janitor work, milking, cutting wood, etc. Business men admired his pluck and aided him. He completed, did the official reporting of his district for four years, and is today the respected head of a growing college.

Another young man quit work in a saw mill, in debt, borrowed the money to come to our school for a combined course of bookkeeping and shorthand, brought his wife with him, did light house-keeping. The day he finished his course, we placed him

in a good railroad position at \$65 per month, and he has advanced until he is now getting more than \$100. What would weakness, or fear have done for those young men? What did stamina, will-power do?

Write the Tyler Commercial College, Tyler, Texas, today for catalogue and full particulars. Make the start. "Do it now." Get in school during the spring and summer and be holding a good position when the busy fall season rolls around.

**Another Tax Advocated.**

Abilene Reporter. "The News would like to see a tax that would make the calling almost prohibitory, placed upon the street fakirs, who make a practice of going through the country and stopping in the various towns, and there selling on the public squares, medicines, notions, jewelry, etc. As a rule, the medicines are worthless the jewelry snide, and the notions not much better. These fakirs take money out of the county that otherwise would go to the home merchant, who is bound to furnish reliable goods, and in most cases, the fakir has some swindling scheme that he works, that leaves his victim without a reasonable equivalent for the money investment." The above from the Decatur News expresses the sentiments of every thoughtful man. Fakirs are allowed to rob the public at will. If a poor man makes false representations to get money to feed his family he is brought up before the courts and made a felon, while the frisky fakir can travel from one end of the state to the other and obtain money every day under false pretense, and never be even interfered with by the law.

Prof. A. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba.

"On the night of February 3rd our baby was taken sick with a very severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Mast Bros. & Smith. dw

**AN IRISH TEA.**

Presbyterian Ladies Observe St. Patrick's Day in Novel Way.

The hospitable home of Mrs. S. A. Richardson was the scene of a most enjoyable affair Tuesday afternoon. As the guests entered the hall Mrs. Richardson and her daughter, Mrs. Allan Seale, wearing a badge symbolic of the Emerald Isle, extended greetings.

The candy booth, made beautiful by streamers of green and the modest white bells of the dog wood, first drew attention. The candy table had a cover of white with shamrock decoration. Boxes of candy were done in white packages and tied with green ribbons. The presiding spirit here was Miss Adeline DeMouche, dressed in white with hat of green and white. Truly she must have found a four leaf clover. So attractive did she prove that she had disposed of all her sweets before many visiting children had been permitted to invest in this delectable article.

From the hall one entered the dining room decorated in green. Quite refreshing did it look even on that lovely spring day. On the table was a real Irish embroidered lace trimmed linen cover from Belfast. The center piece was a plateau with vase of shamrock. Dishes of green and white bonbons were in evidence. Misses Berta Lewis and Winnie Thomas served a delightful salad course with coffee. The napkins in use were white, bordered with shamrock.

It did one's heart good to see those dearly loved friends, Mesdames Hardy Perkins and E. A. Ingraham, present.

St. Patrick was not only a banisher of snakes but evidently his spirit must be a disperser of unpleasant thoughts, for nothing but cordiality and good will prevailed.

Altogether this Irish Tea, under the auspices of the Presbyterian ladies, was most delightful.

Said, "It wasn't money he wanted, but somebody to scratch his back." There are many with strong arms and willing hands that have that same yearning. Hunt's Cure will make back scratching, or any other old scratching totally unnecessary. It knocks out any sensation that ever happened, and it does it right now. One application relieves. dw

**Small Pox Cases.**

Dr. A. A. Nelson, county physician, reported to County Judge Mims this morning that upon investigation he had found three confluent cases of small pox at Caro, all negroes. Dr. Nelson stated that these cases had been properly isolated, and placed in charge of an immune nurse, and that all persons in the vicinity of the cases have been vaccinated.

The county physician also reported a case in the home of a prominent family on North street in this city, but all precaution had been taken to prevent the disease spreading. In the mean time it is desired that every man, woman and child in the city get vaccinated as a precaution.

**Unequaled as a cure for Croup.**

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For Sale by Mast Bros. & Smith. dw

# Alcohol not needed

Ayer's Sarsaparilla is not a strong drink. As now made, there is not a drop of alcohol in it. It is a non-alcoholic tonic and alterative. Ask your own doctor about your taking this medicine for thin, impure blood. Follow his advice every time. He knows.

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." Then ask him another question, "What do you think of Ayer's Pills for constipation?"

Made by the J. C. Ayer Co., Lowell, Mass.

## Stoker Items.

March 14.—Will Tynes has hired to W. H. Pleasant for three days in each week the year round.

# Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

Kodol Digests What You Eat. Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DeWITT & CO., CHICAGO. Stripling, Haselwood & Co.

O. R. Ellsworth, late of Houston, has located in Nacogdoches as the representative of the Houston Ice and Brewing Company. He will put in a large warehouse here, and will make Nacogdoches his headquarters and principal distributing point.

### "The Armless Man"

Said, "It wasn't money he wanted, but somebody to scratch his back." There are many with strong arms and willing hands that have that same yearning. Hunt's Cure will make back scratching, or any other old scratching totally unnecessary. It knocks out any sensation that ever happened, and it does it right now. One application relieves.

John Meador of Shreveport is visiting his parents, Mr. and Mrs. A. B. Meador. He is accompanied by his cousin, Mack Boring, also of Shreveport.

A. J. Carriker of Cushing was in the city yesterday.

## STOP THE STRENUOUS LIFE.

Weakens the Tissues and Lessens Organic Vitality.

The stress and strain of the strenuous life in both city and country tends towards stomach troubles. Five people suffer today where one did ten years ago with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of three in Nacogdoches and other towns, should use Mi-o-na stomach tablets. Nothing else is as safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.

So reliable is Mi-o-na in its curative action that Stripling, Haselwood & Co., with every 50-cent box they sell, give a guarantee to refund the money unless the remedy cures.

### A Great Meeting at Center.

We have had a great preachers' conference at Center. The meeting began March 9 and lasted until March 13. There were seventeen preachers in attendance and we had fine discussions and lectures.

Rev. George Truett and Dr. J. B. Gambrell from Dallas were there and they preached some soul stirring sermons.

We as preachers who were there were made to take new courage and energy. Oh, if all of our Nacogdoches preachers could have been there! We think lasting impression would have been made on their minds.

Center will ever be remembered for its kindness and for its hospitality. We will also mention Bro. Carl McKnight and wife for their kindness in taking care of the Nacogdoches preachers.

It is hoped Nacogdoches will get the next preachers conference; it will be helpful to all that will attend.

Sold by all Druggists and Shoe Stores. Don't accept any substitutes. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

## MUCH CONCERN FELT.

Ordinary Methods of Treating Catarrh Prove Unsuccessful.

Written statistics that show an increase in catarrh have shaken confidence in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing was proven ineffective, it was natural to look for some other treatment, and it is believed that in Hyomei an absolute cure for all catarrhal troubles has at last been found. Inhaled with the air you breathe its healing medication reaches every part of the nose and throat, and soothes the irritated mucous membrane so that relief is almost instant, while lasting cure is practically sure to follow.

The complete Hyomei outfit costs but \$1.00, and is sold by Stripling, Haselwood & Co. under an absolute agreement to refund the money if it does not give satisfaction.

A new time card went into effect on the T. & N. O. road Sunday, and the south bound passenger train arrives at 2:32 p. m., and north bound is due at 2:57 p. m.

### This is So.

We wish to state in a plain and vigorous way as words can express it, that Hunt's Cure will positively, quickly and permanently cure any form of Itching Skin disease known. One box is guaranteed to cure. One application affords relief.

### For Constable.

The Sentinel is authorized to announce W. E. McMillin as a candidate for constable in precinct No. 1. Mr. McMillin served one term in this office, and he made a most efficient officer. He had intended not to run for the office again, but so many had urged him to run that he has yielded to these solicitations and will make an active canvass of the precinct. If elected Mr. McMillin promises to do his utmost to enforce the law.

## MACKLIN MUST HANG.

Court of Criminal Appeals Affirms the Death Sentence.

The state court of criminal appeals at Dallas Wednesday, affirmed the death sentence against Willis Macklin, the noted Polk county negro desperado.

It will be remembered that Macklin killed two colored people and wounded others near Corrigan about a year ago. Macklin then armed himself and went in hiding in the forest of the Neches river bottom.

While thus evading arrest he killed a prominent white citizen of Polk county who was riding through the woods hunting stock.

Sheriff Watts of Angelina county and Ex-Sheriff A. J. Spradley of Nacogdoches county were appealed to by the sheriff of Polk county for assistance in capturing the desperate fugitive. They went with their dogs, and after an exciting chase and a desperate battle Macklin was caught, but not until he had been severely wounded.

He was tried at Livingston for the murder of the white man and the death penalty assessed by the jury, and now this verdict has been affirmed by the court of last resort.

### It's a Hustler.

Hunt's Lightning Oil is up and doing all the time. It cures your aches, pains, cuts, burns and bruises while you sleep. Rub a little on your misery and feel it disappear.

### Estray Notice.

In compliance with law and upon the return of W. S. Satterwhite, County Commissioner of Precinct No. 3, Nacogdoches County, Texas, I hereby give notice that there has been found running at large and estrayed, the owner of which is unknown, one brown mare mule colt about 2 years old, no marks or brands. Said animal now ranging 1 1/2 miles northwest from the town of Garrison and left in the care of the Henderson Brick Construction Co. If not legally proven away by the owner thereof within 12 months from date hereof, the Commissioner will proceed to sell the same according to law. J. A. Spears, County Clerk. Nacogdoches, Texas, this 11th day of February, 1908.

**Do You Think For Yourself?**

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

Intelligent thinking woman, in need of help from weakness, nervousness, pain and suffering, then it means much to you that there is a tried and true home remedy for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of medicine, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

**PROHIBITION PETITION.**

Request for Submission of a Constitutional Amendment.

At a meeting of the prohibition submission committee in Dallas recently, a petition was formally prepared to be submitted to the Democratic voters of the state for a vote on the question of a prohibition amendment to the constitution. This petition when duly signed will be presented to the State Democratic Executive committee.

The petition blanks are now being printed and will soon be circulated. This petition blank is arranged for the name of the voter, his postoffice address, and his voting box, and an affidavit of the county clerk that he is a qualified voter.

The petition is as follows. To the Honorable State Democratic Executive Committee.

We, the undersigned Democrats who are legally qualified voters in the State of Texas, constituting ten per cent of the voters of the Democratic party in said state as shown by the last primary election vote, respectfully petition your honorable body to submit the following question of specific legislation to the voters of the Democratic party at the general primary to be held on the 25th day of July, A. D. 1908, next preceding the State Democratic convention:

Whether the voters favor the submission by the Thirty-first Legislature of this State of a constitutional amendment to the people for their adoption or rejection, prohibiting within the State of Texas the manufacture, sale, gift, exchange and interstate shipment of spirituous, vinous and malt liquors and medicated bitters capable of producing intoxication except for medicinal and sacramental purposes.

To this end that you cause apt and appropriate language to be printed up on the tickets to be used by the voters in said primary election, whereby the voters favoring the submission of said amendment to the State Constitution may so vote in opposition thereto.

**CLUB NOTES**

The following report of the last meeting of the Cum Concilio club appeared in the Houston Chronicle of Sunday:

Mrs. Joe Jackson entertained the Cum Concilio club Thursday afternoon with a good attendance, Mrs. Charles Butt [presiding, Mrs. M. C. Bay, secretary. Quotations from Korner were given at roll call.

Mrs. Henry Garrison, chairman of the board of trustees, gave a full and highly interesting report of the condition of the Stone Fort, which was supplemented by remarks and suggestions from the other two members of the board, Mesdames G. H. Matthews and Roland Jones. On motion of Mrs. Sam Stripling it was decided to allow the trustees permission to have the outer door painted. A rising vote of thanks was tendered Mrs. P. C. Meador, who generously advanced the balance due on the furniture of the fort, which was made by the Messrs. Cooke brothers from the walnut door of the original building. This lovely courtesy carries with it a splendid generosity, the sum being advanced free of interest, and on open account with the club. Mrs. Meador was the club's first president, and the entire 14 years of its existence she has remained loyal to its highest interests.

Mesdames G. H. Matthews, Henry Garrison and Robert Lindsey were appointed to get up the play, "Female Masonry," which is scheduled for next month for the Stone Fort benefit.

Mesdames P. C. Meador, Roland Jones and Allan Seale were appointed to compile a brief history of the membership of the club.

Mrs. D. K. Cason read the charming selection, "Prayer During Battle," translated from the German by Korner.

Mrs. Neil Ingraham read a beautiful selection from "Her Man and Dorothea," which furnished a delightful character study. Mrs. C. W. Butt followed by reading Schiller's "Hymn to Joy," which was used by Beethoven, in his magnificent choral symphony in D-minor, as the most fitting expression of his thought.

One of the most charming numbers on the program was the impromptu talk given by Mrs. M. C. Bay on Browning's poem, "The Pied Piper of Hamelin," which illustrates the power of music and which forms one of the most interesting legends in German folk lore.

Mrs. Price read a selection depicting scenes which took place at the battle of Leipsig. A splendid lesson on Ger-

man history was recited, after which the hostess served excellent strawberry cream and cake.

Prof. A. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba.

"On the night of February 3rd our baby was taken sick with a very severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Mast Bros. & Smith. dw

**S.S.S. CURES SKIN DISEASES**

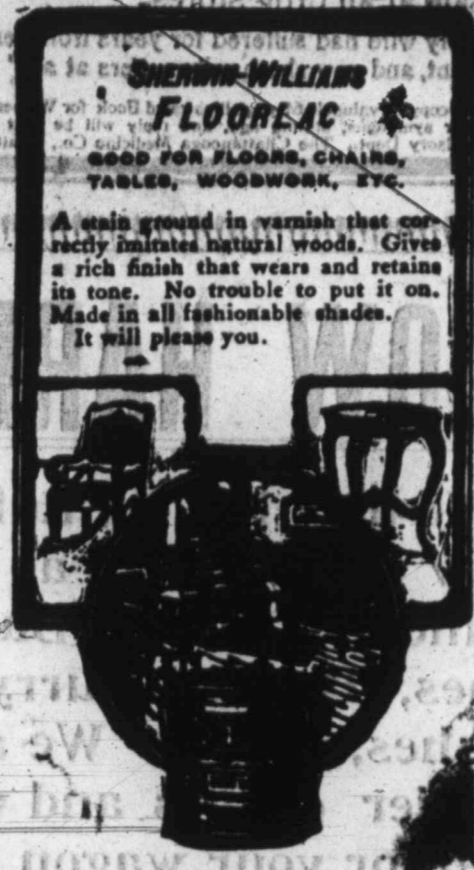

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our systems and preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When, however, the blood from any cause becomes infected with humors and acids, these too must be expelled, and coming in contact with the delicate fibres and tissues with which the skin is so abundantly supplied they produce irritation and inflammation, and the effect is shown by Eczema, Acne, Tetter, and skin affections of various kinds. These impurities and humors get into the blood through a deranged or inactive condition of the system; the members whose duty it is to carry off the waste and refuse matter of the body fail to properly perform their work, and this impure, fermenting matter is left in the system to be absorbed by the blood. The skin is not only affected by poisons generated within the system, but poisons from without, such as Poison Oak, Poison Ivy, Nettle Rash, etc., enter through the open pores and glands, and so thoroughly do they become rooted in the blood that they are ever present, or return at certain seasons of each year to torment the sufferer. Salves, washes, lotions, etc., cannot cure skin diseases. True, such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause, and at best can be only palliating and soothing. A thorough cleansing of the blood is the only certain cure for skin diseases. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients of the forest and field, is the proper treatment. S. S. S. goes down into the circulation, and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, Poison Oak and Ivy, Nettle Rash, and all other skin troubles, and cures them permanently by removing every trace of the cause from the blood. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

I have used your S. S. S., spring and fall, for the past two years, with the result that it entirely relieved me of a form of Eczema which my doctor was unable to cure. My arms, lower limbs, and, in fact, the biggest portion of my whole body was affected, and when I first began S. S. S. the itching, etc., was worse, but I continued the remedy with the result that the dry, itching eruption entirely disappeared. I think a great deal of your medicine, and have recommended it to others with good results. It is the best blood medicine made, and I can conscientiously recommend it for the cure of all blood and skin affections. CHAS. NORSTMAN, Wheeling, W. Va.

### A STEADY DRAIN.

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney remedy, and the best remedy is Doan's Kidney Pills. Great Nacogdoches cures prove it.

George Witkorn, contractor and builder, living at the South end of Mound street, Nacogdoches, Texas, says:

"For over five years I suffered with acute pains in the small of my back and had difficulty from too frequent passage of the kidney secretions. I saw Doan's Kidney Pills recommended and procured a box at Mast Bros. & Smith's drug store. After using them I can truthfully state that they cured the pains in my back and I do not have the trouble with my kidneys I had before using Doan's Kidney Pills. I know they have cured me and am pleased to recommend them as a good kidney medicine and worthy of a trial by anyone troubled as I was. I hope other sufferers will avail themselves of this tried and true kidney remedy."

No Use to Die. "I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless. This most reliable remedy for coughs and colds, lagrippe, asthma, bronchitis and hoarseness, is sold under guarantee at Mast Bros. & Smith's drug store. 50c. and \$1.00. Trial bottle free. dw

Clinton Murphey is in the city today from Livingston, attending court. He has recently purchased a cork foot to take place of his crutches and is learning rapidly to use his new foot.

### The Lucky Quarter.

Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at Mast Bros. & Smith's drug store. dw

Dr. J. M. Sparks and family have returned from Marlin, where they spent the winter.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol For Dyspepsia: "E. C. DeWitt & Co. Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs., in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore. Atlanta, Aug. 10, 1904." Sold by Stripling, Haselwood & Co. dw

Grandpa William McBride, a well known citizen of Melrose, died last night from a cancer on his face. He has many friends throughout the county who grieve to hear of his death. He leaves two sons, W. L. McBride of Melrose and J. L. McBride of Woden. The Sentinel extends its sympathy to the family.

The familiar face of "Uncle Call" Fall is again to be seen at the wagon yard on East Main street. He has just returned from Oklahoma where he was an important witness in a railroad case.

Be careful about that little cough. Get something right away; some good, reliable remedy that will move the bowels. Kenney's Laxative Cough Syrup acts gently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take and it is especially recommended for children, as it tastes nearly as good as maple sugar. Sold by Mast Bros. & Smith. dw

Good For Everybody. Mr. Norman R. Coulter, a prominent architect, in the Dalbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at Mast Bros. & Smith. dw

Farmers and Stock Raisers. Do not neglect your opportunity. See the registered French coach stallion, Tom; registered trotting stallion, Don Carson, and registered Kentucky saddle stallion, Elmont Chief. These horses are worthy your patronage. Season A. Lovers. Of good health should prevent sickness instead of letting themselves get sick, and then try to cure it. So long as you keep your liver, bowels and stomach in a healthy and active condition you won't get sick. Ballard's Herbine relieves constipation, inactive liver and all stomach and bowel troubles. Mast Bros. & Smith.

Mr. J. J. Coker has rented the barn occupied by Mr. Eli Napier and will move his livery stable to that place.

A Neighbor of Yours. As well as yourself is liable at any time to have rheumatism. We're all liable to have cuts or burns, bruises or scalds, cricks in the back, neck or side—some kind of an ache or pain. Then heed this advice and tell your neighbors—Ballard's Snow Liniment relieves all aches and pains, and heals all wounds. Sold by Mast Bros. & Smith. dw

J. M. McClure and wife of Woden are guests of Mr. and Mrs. G. H. King.

Kodol is today the best known and most reliable remedy for all disorders of the stomach, such as dyspepsia, heart burn, sour stomach and belching of gas. Kodol contains the same juices found in a healthy stomach. Kodol is pleasant to take. It is guaranteed to give relief and is sold by Stripling, Haselwood & Co.
