FARMERS UNION MEETING.

Delegates at Martinsville Last Thursday Were Enthusiastic.

The first regular quarterly meeting of the Nacogdoches County Farmers Educational and Co-operative Union for the year 1908 was held at Martinsville last Thursday.

Owing to the fact that every farmer in the county was using every available plow, the attendance was not large, but this was made up by the enthusiasm manifested by those who were present. Nearly every Union in the county was represented and the delegates all expressed themselves as determined to make this a great year for the Union cause in Nacogdoches county.

Several matters of vital importance to the membership of the organization were discussed and action taken thereon, and of these the members will learn through their locals.

A resolution declaring in the strongest terms for the strictest secrecy in all the important business of the organization, especially the minimum price set on farm products, was adopted.

H. F. Marr was elected as fraternal representative to the State Federation of Labor, which meets at Fort Worth soon.

It was decided to make a thorough organizing campaign in the county as soon as possible.

Alazan was selected as the place of meeting of the organization on the last Thursday in June, at which place and time a great public meeting will be had and leading men of the organization from different states will be present to address the people.

At night, by special request, H. F. Marr addressed the delegates, and a good size crowd of the Martinsville people, on the necessity of organization by the farmers and laboring classes of the country.

Martinsville is one of the finest communities both as to soil and people in the county and prospects for fine crops and a return of old time prosperity to the community were never brighter. Delegate.

Death of Daniel Turner.

Uncle Daniel Turner, aged about 84 years, died at his home near Martinsville Monday night. Uncle Daniel, as he was familiarly known, was one of the oldest citizens of East Texas, and had contributed a long life of usefulness to the development and improvement of Nacogdoches county.

Miss Lena Justice of this city, who is a grand daughter of the faithful old soldier and citizen who has just passed to his reward, went to Martinsville this morning to attend the funeral.

SHOOTING AT ANGELINA.

Tom Reynolds Said to be Fatally Wounded.

From Monday's Daily:

Tom Reynolds, a young man employed by the Angelina Lumber company at Lingo, was seriously and perhaps fatally shot by Joe Bug Roquemore in a difficulty at Weaver's saloon at Angelina about 1 o'clock this morning.

From parties who were present at the time of the shooting no definite information as to the particulars can be learned, but it is said that Reynolds and Roquemore were both drinking.

Reynolds is said to have been making a rough house when Joe Bug fired five shots in the saloon and in close proximity to Reynolds. Neither of the shots struck Reynolds. Joe Bug stating that he was only shooting for fun, and had no intention of hurting the man.

About an hour later and just as the north bound E. & W. train came up to the station, three shots were heard and Reynolds fell to the ground with a groan. The wounded man was picked up and placed on the gallery in front of the saloon, where he

Let Us Reason Together

It by planting the **Genuine Mebane's Cotton Seed** raised at Lockhart, Texas, you get a crop that matures earlier and makes a yield of 15 to 25 per cent more per acre is it not good judgment to buy these seed? These seed are not tried by our own farmers but used by many of the best farmers in the county for few years past and they are buying them again. Call and see the list of customers who have bought them for this season.

Again, whether you use **Mebane's Seed** or not, if you can, by the use of **Virginia Fertilizers**, greatly increase your yield, is it not good judgment to use it?

We have a long list of customers who have used our fertilizers and are buying them again. We want to talk both these matters over with you carefully. Please call. Yours truly,

Cason, Monk & Co.

HOUSTON WOMAN HELD.

The Immigration Department May Order Her Deported.

The contention has been made that our immigration laws are inadequate, and in some instances the laws we have should be rigidly enforced. In view of these contentions the following will be read with interest:

Galveston, Tex., March 31.—The North German Lloyd steamer Frankfurt, from Bremen, reached port this morning with 190 immigrants and 86 cabin passengers.

Mrs. Mary Grandes, who claims Houston as her home, is held pending further examination before being admitted. She is classed among those detained on account of poor physique.

She claims that her husband, who is dead, was a naturalized American citizen and that she has grown children residing in Houston. Mrs. Grandes says she has spent

several periods in this country within the past 20 years.

The immigration department will detain and deport her on the grounds of poor physique and senility unless her relatives are prepared to give bond that she will not become a public charge.

Reynolds Died of Wounds.

Report from Lutkin states that Tom Reynolds, the man who was shot by Joe Bug Roquemore at Angelina Sunday night, died Tuesday morning about 9:30 o'clock. The statement of those who saw the wounded man is that the shot which no doubt caused his death entered in the back and the ball was cut out just below the navel. One arm was also broken by a shot.

Joe Bug is still in jail, the date of his examining trial having not yet been decided upon. He insists that he shot Reynolds in self defense.

Robert Pate was in the city from Attoyac today.

For making quickly and perfectly, delicious hot biscuits, hot breads, cake and pastry there is no substitute for

DR. PRICE'S
CREAM
BAKING POWDER

The active principle of which is derived from grapes, pure cream of tartar, the most wholesome of all fruit acids

No alum—No lime phosphates

Those caring for health must avoid alum powders. Alum is a sharp, poisonous, mineral acid

Study the label. Buy only where cream of tartar is named.

The New Drug Store ITS POLICIES

We will open for business soon and in this, our opening address, we are, of course, asking for a fair share of your business. And in return for this, you naturally ask, "What do I get for this share?" So we take this opportunity to impress you with our policies, as we have mapped them out and intend to follow:

Honesty will be first and paramount, i. e., honest values for your honest dollars.

Courteous treatment to all alike will be our steady aim.

Strict attention to your wants at all times.

Prompt deliveries.

We have associated with us Mr. N. B. Barbee, recognized as one of the very finest prescription men to be had. He will take great care and pride in filling your prescriptions correctly. Our medicines are all fresh and pure. Send us prescriptions.

Mr. E. M. Weeks, Jr., will be our "front" man who will take great pains to see that your every want is attended to carefully and promptly.

We have a brand new and up-to-date soda fountain which Mr. Dave Eason will look after and serve your wants in this line. In this connection we wish to impress the ladies and children, boys and girls that we have a large cream parlor with tables, comfortable chairs and fans complete, where you may eat your cream and have your drink out of the noise and crowd of the rest of the store.

With these appointments, a desire to do right together with the right goods at right prices should bring us a fair share of your patronage.

Call and let us get acquainted.

HALTOM & HALTOM, Proprietors.
WILL T. HAWKINS, Editor.
GILES M. HALTOM, Manager.

A SENSIBLE VIEW.

Dr. Goe. C. Rankin, editor of the Texas Christian Advocate, sets an example in the following article which all fair minded citizens, and especially the Democrats of Texas, would do well to emulate. At any rate Dr. Rankin's view of the situation coincides exactly with that of the Sentinel. He says:

"The controversy now raging between the friends and the opponents of Senator Bailey has resolved itself into one of personal rancor, bitter ill will and serious animosity. Harsh and offensive things are being said and written by the leaders on both sides of this question and personal friendship are being disrupted and permanently alienated. Therefore, as a minister of the gospel and as a citizen, I can not afford to become an active participant in such bitter crimination and recrimination. I enjoy a scrap as heartily as anybody, but not the sort of a scrap now in progress between these two contending forces. I am entitled to my convictions on this and all other political and civil matters, and in the exercise of this right I ask the permission of no man or set men of as to my support of these convictions. But when offensive personality and vituperation take the place of arguments, to the detriment of the peace and order of the community, it is time for the minister to exercise grave prudence and wise discretion. The controversy now in progress has reached such an acute stage that I can not permit myself to be drawn further into its personal bitterness and ill will. Leaders on both sides of it are losing their heads and they are indulging in uncalled for excesses of temper, and they are manifesting a spirit of passion not justified by the interests involved.

"The whole of it, so far as my judgement goes, is to the hurt of the State, the injury of society and the destruction of the brotherhood of men. As a result, I cannot afford to take any active part in this vindictive controversy between the leaders of these two determined factions of the democratic party of Texas."

In any event, the Texas delegation to the Denver convention will go instructed for W. J. Bryan.

The report that a St. Joseph Laundryman is named Dam Li turns out to have been just what the alleged laundryman's name implies.

The fact that congress has decreed that the motto, "In God We Trust," must go back on the country's coin, does not relieve the old man from being trusted for the Easter hat.

The Caldwell News-Chronicle speaks not in parables but in pairs, as follows: "Peanuts and prosperity, potatoes and plenty, diversification and

independence." And "alliterate further, cattle and contentment, hogs and hominy, chickens and cash, horses and happiness."

The new compromise passenger rates were put into effect in North Carolina today by the Seaboard Air Line and other roads. The new rates are 2 1-2 cents per mile for tickets, 2 cents for 2,000-mile commercial books, 2 1-4 cents for family mile books.

The famous order of the Post Office Department, requiring that the second class or pound rate shall not apply to newspapers or periodicals mailed to subscribers who are in arrears, becomes effective today. The order as aimed at the cheap weekly and monthly mail order journals, but it has aroused a storm of protest from publishers of country weeklies and small newspapers in all sections of the country. Subscriptions to daily papers, under this rule, must be paid within three months, to monthlies, within four months, and to weeklies, within a year.

A TEXAS man named Ketchum, who lives out in the Panhandle, is making an offer to anyone who sees fit to take it up providing he lives around Mr. Ketchum's neighborhood. Here it is: Any man who will break up land before the last of July, harrow it, double row it in Kaffir corn and then turn in two pigs per acre will receive from Mr. Ketchum the price of the land and fencing if the pigs don't pay the bill. On the other hand, if they do Mr. Ketchum takes the hogs. If you want to do a little gambling and still keep within the law, here's your chance. But why not try the deal here, in Nacogdoches county, substituting alfalfa or peanuts for Kaffir corn?

Expression of Sympathy.

Dr. Harry B. Stone, son and only child of Mrs. Cornelia Branch Stone of Galveston, Texas, our beloved former president, died in New York March 23. We sympathize deeply with Mrs. Stone in her severe affliction, and whereas, there is little comfort in words, spoken or written, at such a time, it is sweet at all times to be remembered by our friends and co-workers.

Let each of us send to our beloved friend a word of loving remembrance in this, her hour of sorrow.

Katie Daffan.

President Texas Woman's Press Association.

In response to the above announcement The Sentinel is requested to publish the following:

The loving sympathy of the Stone Fort Chapter of U. D. C. goes out to Mrs. Cornelia Branch Stone, the national president, in her sorrow on account of the death of her only child, Dr. Harry B. Stone.

Dr. Ford has recently put in a nice office in the rear of Perkins & Parrish's drug store, and is receiving a new outfit in the way of instruments, etc., today.

THE MOTHER'S CLUB.

Permanent Organization is Perfected and Officers Elected.

In response to previous announcement a meeting of unusual interest took place at the college auditorium yesterday afternoon when the teachers, together with the mothers connected with the schools, and other friends of the movement, met for the purpose of organizing a "Mothers' Club." Mrs. Charles Butt called the meeting to order and was elected chairman of the meeting, with Mrs. F. P. Marshall secretary.

After the object of the meeting was explained, Prof. J. E. Rosser made an encouraging address, setting forth the needs and importance of such a club to the Nacogdoches schools.

This was followed by an eloquent address from Prof. R. F. Davis, who paid a beautiful tribute to the American mother, and who represented the practical side of the question in so convincing a manner that a motion followed that the meeting go into permanent organization. This motion prevailing, it was suggested in order to expedite matters, a nominating committee be appointed. Mrs. Bridwell, Miss Langley, Miss Clark and Mrs. Henry Garrison were appointed, and retiring from the room brought in the following nominations, and the nominees were duly elected to their respective offices:

President, Mrs. G. H. Matthews.

First vice president, Mrs. June C. Harris.

Second vice president, Mrs. Charles D. Mims.

Recording secretary, Mrs. J. M. Robinson.

Corresponding secretary, Mrs. C. W. Butt.

Treasurer, Mrs. D. K. Cason.

Mrs. Matthews took the chair and calling for other business, it was decided to adopt a club motto, a club color and a flower.

Those appointed to select a motto were Mrs. Lee Harde-man, Mrs. Dick Hall, Mrs. John Baker. The committee to select the club colors was composed of Mrs. Gus Nelson, Miss Elkins and Mrs. Prosser. The committee to select the club flower: Mrs. Foye, Miss Wilson and Mrs. Bridwell, while the following were named to draft the club constitution and bylaws: Miss Clark, Miss Langley, Miss Davis and Mrs. Butt.

On motion it was decided to enter the state Federation and send a delegate to the convention of the fourth district Texas Federation of Women's clubs, which meets in Center May 6th and 7th. Mrs. Giles Haltom was elected delegate and Mrs. June C. Harris alternate.

It was decided that the appointment of the committee to arrange the program and the plan of work be deferred until the next meeting, and the members were requested in the mean time to give the subject special thought and come next Tuesday afternoon prepared to discuss the question thoroughly.

The club has an auspicious

beginning. A membership of 54 is enrolled, yet every mother and all interested friends of the school should send in their names for membership and attend the next meeting Tuesday, April 7, at the college auditorium.

Mount Moriah Matters.

Stoker, March 30.—With spring time and all her beauty and birds singing on every bush and tree, makes one feel happy to see everything so lovely and gay. If we would but try for one year to be as happy and work for the enjoyment of others we would be the happiest people after all.

After reading a letter in the paper from Mrs. Shindler, and reading of the nice successful meeting, and of the good the ladies are doing, and how they keep things moving, makes me want to compliment them in their good work.

While traveling over our county I find that most of the people have the stock law and are improving their farms and putting more of their earnings on improvements than ever before; and when every farmer in our county pulls out of the old ruts and begins to improve you will see more young men taking pride in a country home. But as it stands now, they can't see anything on the farm but what papa has already gone through and nothing that he can do will help, so he hunts another occupation.

Every citizen and voter should ask the candidates for commissioner, how he stands on the question of better roads for our county and ask that they begin to devise a plan for the first sign of prosperity.

Mrs. W. B. Mills and daughter, Miss Mattie, went to the city today.

Mrs. Bertie Fulmer is visiting at Swift this week.

R. E. Stoker went to Waterman today.

W. H. Herrington and daughter, Miss Era, attended preaching at Fulmer last Sunday.

M. W. Stoker attended the Workers Institute at Cove Springs Sunday, and reported fine services and nice time.

Mrs. E. D. Stoker and C. P. Stoker will leave in a few days for an extended visit to West Texas.

Martinsville and Swift have two as good debating societies as are to be found in our county; East Texas has furnished some as good statesmen as ever lived, and if our young men will continue to put forth the right efforts they will be useful men in the near future.

What has become of the other correspondents over the county? I would like for Mr. W. H. Martin to write more often.

The Oil Situation.

Lufkin Tribune.

There is nothing new in the oil field for today. The drillers are preparing to bail the well, which work will probably commence Monday.

The city council held an interesting session last night, at which time the agreement between the drillers and the council, in regard to the leasing of the city's real estate,

was carefully gone over. The contract as prepared by the drillers was not signed, and another contract, giving the city better protection in the present water supply, was ordered to be gotten up by Ed Robb, Esq., counsel for the city. Councilman Price held that there should be some limit to the development of the present well, and insisted on the changes in the agreement. The new contract was virtually the same as that previously proposed, and its adoption carried by a majority vote, Councilman Price dissenting. That the work of development will be carried on with "due diligence" is assured.

In the event of damage to the city tank, or the contamination of its water by the operations, the contractors agree to make the loss good and to supply the city at all times with sufficient quantity of water.

In lieu of the franchise the city is to receive one eighth of the net products of the field, to be stored in tanks or delivered to pipe lines without cost.

FROM DALHART.

Mrs. Shindler Longs for Nacogdoches Flowers and Friends.

Editor Sentinel.

Dalhart, Tex., March 29.—It is a beautiful day, and being Sunday, there is not the usual stir in the business thoroughfares, and after a week of constant going and coming one is glad to welcome a little quiet. With the business citizens there have been meetings for business propositions, and the result of one will be a flower mill to be put up in the near future—in time for this year's crop. A manufacturing plant is an assured fact, and other things are receiving consideration.

Two theatrical troupes have held their audiences enthralled every night during the week, and so I say the calm after the storm seems good. The March wind, too, has been rampant, throwing the dust in our eyes, but it is lying low today, and that is good!

I had a letter from Eastern Texas today telling of the evergreens and roses, and a longing for a walk in my own rose garden crept into my heart and refuses to depart. A few violets tell of the springtime here, but the roses are still far away. The peach trees are in full bloom, but much of the young fruit was destroyed by the low thermometer which fell down to 20 degrees about a week ago. The low temperature is not as destructive here as in places where the dampness is felt.

Quite an addition to the native attractions was the advent of "Dalhart," a Buffalo calf, and everyone is enthusiastic over the Blair farm, which is determined the Buffalo shall not become extinct in this part of the country.

I enjoyed a ride in the "Nacogdoches Flyer" yesterday, and am just going for another, so au revoir.

Emma B. Shindler.

N. B.—"Nacogdoches Flyer," the Holman automobile, so named by friends of the Flyer.

LARGE GATHERING.

The Fifth Sunday Meeting at Cove Springs.

On Friday night at the appointed time, Rev. A. L. Charlton filled the stand and preached an interesting sermon from John xxiii, 8.

Saturday morning G. E. Hammond conducted the devotional exercises and read the third chapter of First Corinthians, after which the body was organized and L. R. Heflin was elected moderator pro tempore, and A. T. Garrard secretary. The questions on the program were then discussed in their regular order.

The first subject, "The Relationship existing between the Churches and the Associational Board," was ably discussed by N. C. Partin and R. T. Holleman.

On the question of "The mutual relations and duties of Church and Pastors," Joel Blanton made a speech that met with the approbation of all present.

"What the Baptists of Texas are doing in the way of Education and Benevolence," was discussed by A. T. Garrard and Alvin Harris.

N. C. Partin made an earnest appeal for the Buckner Orphan's Home and a collection was taken for that institution.

The body then adjourned for dinner. Benches were carried out of the house and placed beneath the shade of the trees, forming a temporary table. After the contents of the numerous baskets were placed upon it, one could easily perceive that the money panic has not yet affected the good people of that community.

At 1:30 p. m. the congregation reassembled and the afternoon topics were discussed with increasing interest. A move carried that the pastors and deacons be appointed as a committee on Divine service.

A large congregation was present at the Saturday night service, and the secretary preached from the third chapter of First Corinthians, 11th verse, which was followed with an exhortation by G. E. Hammond.

Sunday morning the interest of the meeting was very marked. The Sunday school work was discussed by W. L. Heflin and Brethren James and John Wilson, whose talks added greatly to the interest of the program.

At 10 a. m. Arthur Seale rendered a masterpiece on "The true worth of Christianity." At 11 a. m. Rev. R. T. Holleman, pastor of the church at Cushing, preached a soul-stirring sermon from Isaiah lv, 12-13.

A collection was then taken for associational missions.

We trust that this meeting will be a blessing to the community and church in which it was held. We feel that our brethren who failed to attend missed a great deal. We who live in other communities that were there take this way in expressing our gratitude to the good people of Cove Springs for their kind hospitality to us.

The next meeting of this body will be held with Sacul church.

A. T. Garrard, Sec.

**THOS. CALE, OF ALASKA,
MEMBER OF U. S. CONGRESS.**

Well Known on the Pacific Slope. His Washington Address is 1312 9th St., N. W., Washington, D. C.

CONGRESSMAN THOS. CALE.

Hon. Thos. Cale, who was elected to Congress from Alaska, is well known on the Pacific slope, where he has resided. His Washington address is 1312 9th St., N. W., Washington, D. C.

Washington, D. C. Peruna Drug Co., Columbus, Ohio. Gentlemen: I can cheerfully recommend Peruna as a very efficient remedy for coughs and colds.

Thomas Cale.

Hon. C. Slemm, Congressman from Virginia, writes: "I have used your valuable remedy, Peruna, with beneficial results, and can unhesitatingly recommend your remedy as an invigorating tonic and an effective and permanent cure for catarrh."

Man-a-Lin the Ideal Laxative.

To Start Copper Mines.

El Paso, Tex., April 1.—Advices from Cananea state that the Greene-Cananea Copper Company will resume operations early this month. The new plant has a capacity for treating about 3,000 tons of ore a day.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Mast Bros. & Smith's drug store. 50c and \$1.00. Trial bottle free. dw

Farmers Union Bank.

Ripley, Tenn., April 1.—The Farmers' Union Bank, the stock of which is held exclusively by members of the Farmers' Educational and Co-operative Union, was opened for business here today.

Rheumatic Pain Relieved.

Mr. Thos. Stenton, postmaster of Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." For sale by Mast Bros. & Smith. dw

TEXAS PEACH CROP.

Recent Estimate Places Yield at One-Third Crop.

Prof. E. J. Kyle of the department of horticulture at College Station recently made an extended trip through the famous Elberta peach belt of Texas. Despite the early unfavorable outlook he reports that conditions now point to a peach crop of one-third or one-fourth the usual yield from such of the old orchards as have received proper care and attention. This yield, so Prof. Kyle claims, is even better than a full crop, because the prices received will be higher and the quality of the fruit will be better. Besides, a full crop is always hard on the trees.

The good conditions of the orchards is a great surprise to Prof. Kyle. Last year the crop was almost an entire failure. Then the extraordinary climatic conditions almost killed the trees. The older trees in particular show but little evil effects. New growths are being rapidly put on. Orchards which were pruned heavily last year and cultivated during the spring are going to bring good returns. Those that were neglected will bear but little fruit. The rest has really helped the trees that have been properly cared for.

Wesley Love of Jacksonville and J. P. Twohig of Bullard, two prominent fruit growers, are both delighted with the outlook. Mr. Love has increased his estimate on the 1908 crop 100 per cent in the last two weeks.

There is little further danger of frost or freeze, and lovers of the luscious Elbertas may reasonably expect to eat the usual number this season, though they may come somewhat higher than in former years.

Prof. Kyle advises all growers to prune their trees now and to cultivate throughout the summer. He suggests that each tree be given two pounds of a fertilizer composed of one part of acid phosphate to one part of cotton seed meal. Conditions are still good for the peach grower to make money if he will only take a wise advantage of them.

Receives Congratulations.

You will soon receive the congratulations of your friends upon your improved appearance if you will take Foley's Kidney Remedy as it tones up the system and imparts new life and vigor. Foley's Kidney Remedy cures backache, nervous exhaustion and all forms of kidney and bladder troubles. Commence taking it today. Mast Bros. & Smith. eod

Swift Siftings.

Swift, Tex., March 31.—We are having beautiful weather now and the farmers are very busy with their crops.

There was a Sunday school organized here last Sunday which will meet every Sunday morning.

Prof. R. W. Sullivan closed his school here last Friday, but Miss Florence Whitton will continue teaching another month.

Mrs. Bertie Fulmer and

sister, Miss Vera, of Appleby are visiting friends and relatives this week at Swift.

Mr. and Mrs. B. B. Haltom attended church at Cove Springs Sunday.

Mr. Collier of Beaumont is visiting his sister, Mrs. Vercher, at Swift.

Miss Mollie Harden and Mr. Jessie Lee visited friends here Sunday.

Sam Young, who was shot last Christmas, had his arm amputated last Wednesday and is reported doing very well.

AT OUR EXPENSE.

Will You Try a Home Study Course of the Byrne Simplified Shorthand and Practical Bookkeeping at Our Expense.

We compiled them; we know just what they are and the results we can produce with them. To prove to you that we have confidence in our products, we ask you to test them at our expense. We are familiar with every other system of bookkeeping and shorthand that is being taught by correspondence; we know where our advantages are over other systems, we know why we are enjoying such a tremendous enrollment in these courses, and we are anxious to show you why it is we want to let our courses speak for themselves, then leave the decision with you. THE TRIAL WILL NOT COST YOU A PENNY.

The Byrne Simplified Shorthand and Practical Bookkeeping are attracting wide attention and favorable comment everywhere our practical and original method of teaching these courses successfully by mail is highly indorsed by all who have given them a trial. Ambitious young people appreciate the opportunity of utilizing to good advantage their spare moments; there is no more profitable way nor pleasant way than in taking a home study course with us. We believe you will try our course at our expense, so please fill out the following blank and mail to the Tyler Commercial College, Tyler, Texas. Remember this trial is not to cost you one cent, and the filling out of this blank places you under no obligations to us whatever.

Please send me trial lesson in your home study course of (Here state whether you want Bookkeeping or Shorthand) without cost to me. State age.....occupation..... Name..... Address.....

Tired mothers, worn out by the peevish, cross baby have found Cascasweet a boon and a blessing. Cascasweet is for babies and children, and especially good for the ills so common in cold weather. Look for the ingredients printed on the bottle. Contains no harmful drugs. Sold by Stripling, Haselwood & Co. dw

MAKE IT YOURSELF.

Says Many Persons Here Can be Made Happy Again.

There is so much rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one half ounce Fluid Extract Dandelion; one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

Harriman Road Dividends.

New York, April 1.—A quarterly dividend of 1 1-2 per cent on Southern Pacific common, a 2 1-2 per cent quarterly dividend on Union Pacific common and a 2 per cent semi-annual dividend on Union Pacific preferred were paid today.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Earthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at Mast Bros. & Smith's drug store. 50c. dw

Mr. W. C. Connally, collector and adjuster for the M. K. & T. system, returned to Dallas today, after a very pleasant visit to his sister, Mrs. W. G. Harrington, on Harris Heights.

Foley's Orino Laxative is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Cures constipation. Mast Bros. & Smith. eod

Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. Mast Bros. & Smith. dw

Mrs. H. C. Bell died at her home a few miles north of town last night and will be buried at the North Church cemetery this afternoon.

A Twenty Years Sentence.

"I have just completed a twenty year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woolver, of LeRaysville, N. Y. Bucklen's Arnica Salve heals the worst sores, boils, burns, wounds and cuts in the shortest time. 25c at Mast Bros. & Smith's drug store. dw

Capt. L. T. Barrett and wife of Melrose are visiting their daughter, Mrs. Benton Wilson, in this city.

A Common Mistake.

Many women mistake kidney and bladder troubles for some irregularity peculiar to the sex. Foley's Kidney Remedy corrects irregularities and makes women well. Miss Carrie Harden, Bowling Green, Ky., writes: "I suffered much pain from kidney and bladder trouble until I started to use Foley's Kidney Remedy. The first bottle gave me great relief, and after taking the second bottle I was entirely well." Mast Bros. & Smith. eod

Chamberlain's Has the Preference.

Mr. Fred C. Hanaham, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedies. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by Mast Bros. & Smith. dw

Marriage Licenses.

The following marriage licenses have been issued by County Clerk Spears since last report:

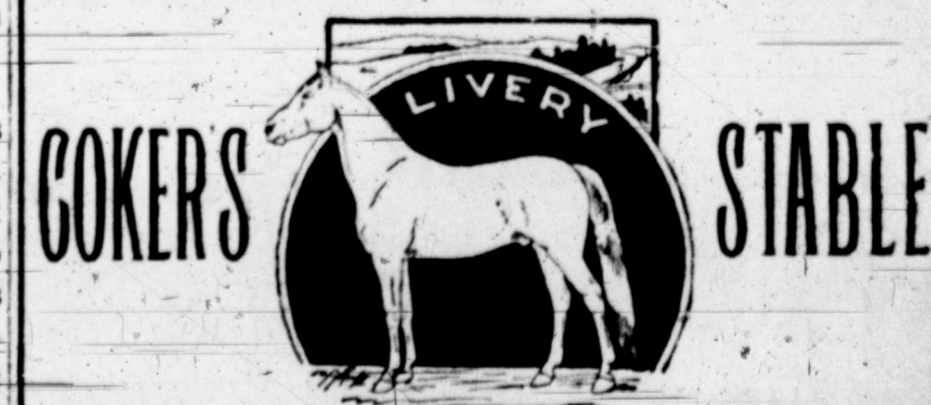

G. D. Faulkner and Miss Lula Carraway.

E. C. Chandler and Miss Adella Parker.

Luther Cordova and Miss Josephine Y Barbo.

Kodol For Dyspepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. I could not digest anything I ate and in the spring of 1902 I bought a bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly C. N. Cornell, Rodding, Ga., Aug. 27, 1906. Sold by Stripling, Haselwood & Co. dw

Non-alcoholic Sarsaparilla

If you think you need a tonic, ask your doctor. If you think you need something for your blood, ask your doctor. If you think you would like to try Ayer's non-alcoholic Sarsaparilla, ask your doctor. Consult him often. Keep in close touch with him.

Ask your doctor to name some of the results of constipation. His long list will begin with sick-headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills.

Made by the J. C. Ayer Co., Lowell, Mass.

Picnic at Lufkin.

Lufkin is advertising the fact that Senator Bailey will speak in that town next Saturday, April 4, at 2 p. m., and that a monster picnic and basket dinner will be provided for the visitors. It is said that a special train will be run from Timpson for the occasion.

Don't Delay.

Save a possible serious spell of fever later on by cleansing your system now of its accumulation of impurities. **Simmon's Sarsaparilla** will do it. It makes fine blood, fine appetite, great strength and grand ambition.

Dies to Speak.

Judge Martin Dies, candidate for the Democratic nomination for congress, requests **The Sentinel** to announce that he will speak at the courthouse in Nacogdoches, at 1 o'clock April 8. All citizens of the county are invited to hear him.

Actual Facts.

For upwards of fifteen years **Hunt's Cure** has been sold under a strict guarantee to cure any form of itching skin troubles known. No matter the name—less than one per cent of the purchasers have requested their money back. Why? It simply does the work.

Died of His Injuries.

Dr. C. C. Pierce is in receipt of a telegram from Mississippi stating that his brother, who was shot a few days ago, had died of his injuries. The telegram also stated that his mother had arrived from Nacogdoches, but her boy was dead when she got there. The bereaved ones have the sincere sympathy of their hosts of friends.

Insure your live stock with **Simpson Insurance Agency.**

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Bell, of Brownwood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me, and we are now using it in milk for baby."

Kodol Digests What You Eat. Sells only 31.00 Size holding 24 times the trial dose, which sells for 50 cents. Prepared by **K. C. DOWITT & CO., CHICAGO.** Stripling, Haselwood & Co.

Devoted Diversificationists.

The resourcefulness of the country editor is aptly illustrated in the following from Garrison Gleaner:

"Pushing a pencil on a newspaper and pulling the plow lines over old Beck are two different propositions, but it takes the combined to make both ends meet sometimes." In which there is a lesson that will prove beneficial to every class and profession if heeded. Here is exemplified the doctrine of diversification in the amplified form.—Nacogdoches Sentinel.

The Gleaner editor is not the only professional man in Garrison who practices "diversification in amplified form." Our popular and hustling Methodist minister has a corn crop "on the side," and our banker, W. Y. Garrison, who has "money to burn"—or better, to lend the farmers and merchants at a very low interest, has a bean crop. The same can be said of our learned jurist, H. G. Abernathy, justice of the supreme court of Garrison, (except the money part) is planting beans; and one of our hustling general merchants, W. M. Tinkle, of the firm of Young & Tinkle, never fails to make a good corn and cotton crop. Many others here are performing like stunts. Fact is, Garrison is a diversification center.—Garrison Gleaner.

Hog-Feeding Experiment.

In a recent hog-feeding experiment at the State Agricultural and Mechanical College, Professor John C. Burns found that black strap molasses, as a large part of the ration in combination with corn, is not a profitable hog-feed, as the hogs fed black strap molasses and corn in varying proportions did not gain as many pounds or gain them as cheaply, as did the hogs that were fed straight corn. Professor Burns also verified in this experiment the fact that an addition of skim-milk in varying proportions by weight to a corn ration appreciably increases the rate of gain in pounds and also cheapens the cost of that gain. The hogs fed skim-milk in addition to this corn ration, not only gained more pounds live weight at a lower cost per pound of gain than those fed on equal amount of corn without the addition of the skim-milk, but also looked better and more thrifty and sold for several cents higher per hundred weight on the Fort Worth market. The actual cash feeding value of the skim-milk was found to be forty cents per hundred weight on the hoof; and forty-seven cents per hundred pounds when hogs are worth as much as five dollars per hundred weight on the hoof.

When a man writes as follows don't you think he means it? Mr. S. G. Williams, Powderly, Texas, says: "I have suffered for years with kidney and bladder trouble, using every preparation I came across and taking my prescriptions all without relief until my attention was called to Pineules. After 30 days' trial (\$100), I am feeling fine." Money refunded if not satisfied. Stripling, Haselwood & Co.

A. S. Hogan, who has been in the employ of Ed Holleman, has resigned his position and accepted one as edger for Hayward Lumber Company.

Thirty days' trial \$1.00 is the offer on Pineules. Relieves back-ache, weak back, lame back, rheumatic pains. Best on sale for Kidneys, bladder and blood. Good for young and old. Satisfaction guaranteed or money refunded. Sold by Stripling, Haselwood & Co.

Mr. and Mrs. G. R. Reese, residing a few miles east of town, are the proud parents of a fine baby boy, born Wednesday night.

The Entire Family

Grand pop used it for Rheumatism. Dad for Cuts, Sprains and Bruises. Mammy for Burns, Scalds and Aches. Sis for Catarrh and Chilblains. I use it for everything, and it never disappoints any of us. It surely yanks any old pain out by the roots.

Advertisement.) For District Judge.

Tenaha Messenger.

In this issue of the Messenger appears the announcement of Hon. H. B. Short, of Center, as a candidate for district judge of this judicial district, subject to the action of the democratic primary, to be held next July.

Judge Short is a native son of Shelby county and his life and life work is especially well known to the people of Shelby county. His father, Hon. D. M. Short, became a citizen of Shelby county in 1842, and more than fifty years of his life were passed here. He was an officer in the army of the United States in the war with Mexico, an officer in the Confederate States army in the great war of secession, and won distinction in both wars by his gallant and efficient conduct. Several times he was a member, and an active and distinguished member, of the Texas legislature; was a lawyer of distinction for many years, and was honored and respected through life by a large circle of acquaintances and friends.

Following in the footsteps of his honored father, Hugh Short became a lawyer in the dawn of his young manhood, and to its study and practice he has devoted himself with such close and constant application and attention that he stands out today as the peer of any lawyer in all this region of country, and his career in the courts has been a very successful one.

That he's strong in the confidence of the people of Shelby county was evidenced four years ago when he carried this county by a majority of votes over such distinguished competitors for the office of district judge as Hon. Tom C. Davis and Hon. James I. Perkins, and today he has a host of friends in old Shelby who are loyal to him and will give him their earnest support because of his well known ability, their confidence in his integrity, and their firm belief in his fearless devotion to the public interests.

As an honored man, a public spirited citizen, an able and well equipped lawyer, the Messenger commends H. B. Short to the voters of this judicial district with all confidence, as one who is eminently worthy of their support for the place he seeks, as one who will make them a faithful and efficient officer should they elect him to the office of district judge, as one who is gifted in large degree with the decision of character, respect for law, love of justice and judicial mind which are the essential attributes of an ideal judge.

Mr. Wm. H. Anderson, M. D., of Soda Springs, Ida., says that Bees Laxative Cough Syrup has relieved coughs and colds where all other remedies failed. Its gentle laxative effect especially recommended it for children. It is pleasant to take. For coughs, colds, hoarseness, whooping cough. Money refunded if not satisfied. Sold by Stripling, Haselwood, & Co.

Man Zan Pile remedy, price 50c, is guaranteed. Put up ready to use. One application prompt relief to any form of piles. Soothes and heals. Sold by Stripling, Haselwood & Co.

Judge H. B. Short came over from Center yesterday afternoon on business with the district court, and also to meet his friends and urge his claims for the office of district judge.

North street is coming into prominence again. Four new houses are under construction, which will add materially to the looks of that already popular street.

We Reiterate

That for more than fifteen years Hunt's Cure has been working on the afflicted. Its mission is to cure skin troubles, particularly those of an itching character. Its success is not on account of advertising, but because it surely does the work. One box is guaranteed to cure any case.

J. E. Harrell, a prominent and well to do farmer from Chireno, is here shaking hands with friends and on business.

Death of J. L. McBride.

On March 16, J. L. McBride, an old and much respected citizen of this community, died at the home of his son, N. L. McBride, of Melrose. Mr. McBride was born in Holmes county, Mississippi, July 19, 1829. At the age of 20, he was married to Miss Lizzie Searls of Holmes county Mississippi. In 1856 he moved to Carroll Parish, Louisiana. From the state of Louisiana he joined the Southern army and served until its close.

In 1861 his wife died, leaving eight children, three of whom, J. L. McBride, Jr., of Woden; N. L. McBride of Melrose, and Mrs. Wm. Showers of Louisiana still survive. In 1861 he was again married to Miss Detie Bunch. In the year 1881 he moved from Louisiana to Nacogdoches county, Texas, where he lived a true and honored citizen.

He joined the Missionary Baptist church in 1888, and lived a consistent member. Since the death of his wife in 1897, he has made his home with his son, N. L. McBride, of Melrose, Texas.

Mr. McBride was troubled with cancer about fifteen years. His remains were interred at Melrose cemetery, Rev. J. S. Wilson conducting the services. His many friends extend their sympathy and condolence to the bereaved relatives. A Friend.

Manzan Pile remedy comes ready to use, put up in a collapsible tube with nozzle attached. One application proves its merit. Soothes and heals, reduces inflammation and relieves soreness and itching. For all forms of piles. Price 50c. Guaranteed. Sold by Stripling, Haselwood & Co.

Mrs. M. C. Templeton arrived in the city last night from Fort Worth and joined Mr. Templeton who is here attending court. Mrs. Templeton is a sister of A. D. and D. E. Simpson, of this city.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. She has had the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription directed to the cause would have entirely removed the disease, thereby eliminating all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless. Its effects in the treatment of the female system are as follows:

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and dependency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

CLUB NOTES

The C. C. Club met Thursday March 26, with Mrs. Robert Lindsey. Almost the entire membership of the club assembled in the beautiful music room of Mrs. Lindsey's well appointed home, and answered roll call with quotations from Goethe.

In the absence of the president, Mrs. C. W. Butt, the meeting was called to order by the vice president, Mrs. Sam Stripling.

Mrs. E. C. Branch read a delightful selection taken from "Aunt Jane of Kentucky," entitled "Aunt Sally's Experience," and Mrs. Geo. C. Ingraham read a ballad by Southey, illustrating a legend of the Rhine.

The lesson for the day—the present German Emperor's reign, was perfectly recited, and songs by Mrs. Will Perry, and duets by Mrs. Lindsey and Miss Margaret Harris, added the final touch of charm to an exceptionally interesting program.

The hostess served refreshments of maple parfait and cake, after which the club adjourned to meet Thursday, April 2, with Mrs. Geo. H. Matthews.

Cor. Sec.

NACOGDOCHES NEXT.

Agricultural and Commercial Conference Meets Here April 24.

Mr. Robert Lindsey, president of the Southeast Texas District association of Agricultural and Commercial Clubs has issued a call for a conference of the clubs in this district to be held at Nacogdoches, April 24-25. This conference is in line with the policy adopted by the Commercial Secretaries at Fort Worth March 13, to district the state and place the movement within reach of the masses of the people in order that all may understand just what is needed to make the state attractive to the investor who for reasons either imaginary, distorted, or correct, may be shy of placing his money in this state.

The slogan adopted by the Fort Worth conference, "Fewer laws and better laws for Texas," comes pretty nearly disclosing the identity of the target at which the Commercial Secretaries are aiming. Any exception taken to this feature must surely be illogical, for such would imply that there is a point at which progress must stop, and that no further effort should be made in perfecting the Texas code until it is one hundred points fine, as the chicken fancier says, which means a perfect bird.

Texas is comparatively a young state. The very fact that older states in the Union are still patching, tearing down, building up, and half-soling their codes is certification of the statement that like Rome, a puncture-proof set of state laws can not be built in one day no more in the Lone Star state than in any of the older commonwealths which pulled a colony out of the hands of King George and converted it into a republic. After more than one hundred years, ever since 1776, those thirteen New England states have been hammering their codes out and into shape on the anvil of progress. He must needs be easily satisfied indeed who can claim that Texas has attained perfection of the code in the few short years which

It Builds Force

JJ-7

have intervened since San Jacinto. These agricultural and commercial conferences wish to release the brake which has been set on the wheel of progress, hence the slogan adopted at the Fort Worth conference, "Fewer laws and better laws for Texas."

There were five hundred delegates at the Fort Worth meeting, and there wasn't a man among them who had brought a private ax along which he wished ground. They were the commoners of Texas, men who, with feet in the furrow, turn the moist soil to be kissed by the Southern sun, men who dig and delve; men who sign checks for the dinner bucket brigade, whose bread is coupled with the cream of steam whistles and the whirring of wheels. That is the kind of people who met at Galveston, later at Fort Worth, and who will meet at Nacogdoches on April 24 and 25. There will be pine splinters in the hands of some of them, and the stain of the soil on the palms of others, but they are the motive force which is propelling Texas forward—and they don't want any brake set on the wheel of it.

The matter of good roads and demonstration farms are two of the most important features which are considered at these meetings, and which will be considered at Nacogdoches, and at all other district conferences which will follow.

From the tenor of the Fort Worth resolutions, which will be submitted to the Nacogdoches conference, it is plain that the tax payers of Texas intend to have something to say concerning the character of the Texas code. They want taxation based on equity rather than politics and the whims of men who do not understand. They want a just division of the load so that some industries may not be galled to lameness by the greater burden. They want the square deal, and lots of it, square, neither less nor more. They are after equity—and they will get it. Sooner or later, but it will come. This is a popular uprising of the common people, and it is foolish to attempt to stay the tide of it. The right to govern rests in the consent of the governed. The people who pay the taxes should be consulted as to how the money is to be raised, and how it is to be spent. That is all there is to it—and that is simon-pure democracy. Any other contention is Caesarism.

BLACK HAND LETTER.

Louisiana Banker Received a Threatening Letter From Band.

S.S.S. FOR BAD BLOOD

The most important part of the human system is the blood. Every muscle, nerve, tissue, bone and sinew is dependent on this vital fluid for nourishment and strength necessary to maintain them in health and enable each to perform the different duties nature requires. Even the heart, the very "engine" of life, receives its vigor and motive power from the blood. Since so much is dependent on this vital fluid it can very readily be seen how necessary it is to have it pure and uncontaminated if we would enjoy the blessing of good health. Bad blood is responsible for most of the ailments of mankind; when from any cause it becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores or ulcers, which break out on the flesh, often from a very insignificant bruise or even scratch or abrasion. If the blood was pure and healthy the place would heal at once, but being loaded with impurities, which are discharged into the wound, irritation and inflammation are set up and the sore continues. Bad blood is also responsible for Anemia, Boils, Malaria, etc.; the weak, polluted circulation cannot furnish the nourishment and strength required to sustain the body, and a general run-down condition of health results. S. S. S. is nature's blood purifier and tonic; made entirely of healing, cleansing roots and herbs. It goes down into the circulation and removes every particle of impurity, humor or poison that may be there, restores lost vitality, and steadily tones up the entire system. It adds to the blood the healthful properties it is in need of, and in every way assists in the cure of disease. S. S. S. neutralizes any excess of acid in the blood, making it fresh and pure, and permanently cures Eczema, Acne, Tetter, and all other skin diseases and eruptions. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, and all other diseases or disorders arising from bad blood. Book on the blood and any medical advice desired free to all who write.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advertised I commenced its use. Today my blood is in fine condition and my general health is the best. An Sling position as a woman for a large concern here, and if I was not in good physical condition, it would be impossible for me to fill the place. Your S. S. S. has been of great service to me and I do not hesitate to give it the credit it deserves. WM. F. VARDYER. 816 Fifth Street, Beaver Falls, Penn.
