ENCOURAGING WORDS.

An Old Friend Endorses Course of The Sentinel.

I received the following letter from Mr. R. C. Shindler yesterday, and as I am doing the anti-Bailey editorial work on The Sentinel, I give it space in the paper. Mr. Shindler makes mention of some facts that I greatly appreciate. Giles M. Haltom.

Dalhart, Tex., April 20.
 Giles M. Haltom, Nacogdoches, Texas.

Friend Giles—While 600 miles away from the home of my youth, I am still in Texas. I do not know whether or not you know that I started your brother Will in the newspaper business, and helped him a good deal.

No matter, he was a good boy and a good man, and while in public office for a few short months, there was never a hint that he was mixed up in oil, or ever allowed himself to be tempted while in office.

Your Sentinel being a newspaper I did not blame you for being slow in speech on this Baileyism. However, as you have recently come out on the right side, as I consider it, am dropping a few lines of commendation.

Having been a voter in Nacogdoches county for 35 years, and believing I have many friends there, some of whom would consider my opinion worth listening to, am giving it in as few words as possible:

First. I doubt that any money he borrowed from H. C. Pierce was a real loan.

Second. If it were a real loan, we have only his word that it was paid in money.

Third. If paid in money why does he not produce the vouchers?

Fourth. His speech before the legislature in Austin last year, in which he practically proclaimed himself the master and not the servant of the people, was sufficient to condemn him in the eyes of all true democrats.

Fifth. His recent "hate" speech in Gainesville should condemn him with all moral or Christian people as a man unfit for any office.

Up to the time when his friend Pierce exposed him I was a Bailey man, even against good old Horace Chilton, and have been hating myself ever since.

In my opinion if the Democrats of Texas endorse Joe Bailey on May 2, it will be the greatest blow that the National Democracy has received since reconstruction days.

Your friend,
 R. C. Shindler.

Don't wait till you need that mower and rake but give Cason, Monk & Co your order now and be sure to get it.

SPEAKING AT WODEN.

June C. Harris and Moss Adams Discuss Bailey Issue.

Messrs. June C. Harris and S. M. Adams, accompanied by about twenty friends from Nacogdoches, went out on the Nacogdoches and Southeastern train to Woden at 1 o'clock p. m. Saturday.

About one hundred and fifty people had assembled to meet and hear the speakers. Mr. Rich King presided as chairman.

About 2:30 o'clock the discussion was opened by Mr. Harris, who occupied one hour and ten minutes in his opening address. Mr. Harris announced as the issues which he proposed to discuss were:

First. A representative of the people in our legislative assemblies who, while serving the people as such, represents trusts or places himself under obligation to trusts, trust promoters or the representatives of predatory wealth by accepting from them substantial favors or rewards in the shape of fees, gifts or loans, thereby forfeits his right to the confidence of the people and should be by the people condemned.

Second. That Joseph W. Bailey, while serving the people of Texas as their representative in the United States senate, did serve as the representative and attorney of trusts and did accept from a trust and from a representative of predatory wealth and a trust magnate substantial favors in fees and loans, and did by his direct acts while he was the paid representative of the people leave his post of duty at Washington, D. C., and return to Texas and render service to the Waters-Pierce Oil Company against the people's interests.

Mr. Harris then related the history of the McLennan county suit in 1895, and the suit by the state against the Waters-Pierce Oil Company in 1897, resulting in its final expulsion from the state; the meeting of Bailey and Pierce in St. Louis, the borrowing of \$3,300 from Pierce by Senator Bailey at this first meeting without interest or security and Mr. Bailey's immediate return to Texas and intercession for the Waters-Pierce Oil Company.

He then took up each transaction of the junior senator with Pierce, the Standard Oil Company, and Jno. W. Gates in chronological order, quoting the testimony of each witness before the investigation committee, giving in each instance the page of the record of the testimony. He arraigned Mr. Bailey before the audience as a defendant before a jury; stayed close to the record and in a logical and earnest manner discussed the issue and applied the facts. Mr. Harris had

Cadet to Annapolis.

James F. Davis of Campti, Shelby county, has been appointed by Congressman S. B. Cooper to a cadetship at the United States naval academy at Annapolis, Maryland.

Mr. Davis is a brother of Prof. R. F. Davis of this city, and he left last Sunday for Annapolis to enter the preparatory department of the academy. Prof. Davis accompanied the young man as far as Shreveport.

A GOOD democrat will never leave the party on account of a little row over issues.

WE do not believe that a servant of the public service corporations can faithfully represent the interests of the public.

THE Panola Watchman advises thusly: "Plant plenty of pigs, peanuts, poultry and turn the matter over to God, while you get out and hustle."

THE Belton Gazette offers this suggestion: "Don't worry about your neighbor's back yard. Clean yours and probably he will follow suit—or move."

CAN we afford to say to our children that the principles of the present issue are correct and we want them to grow up and carry these principles out by electing men to congress and the United States senate who will pledge themselves to not only serve the public but to devote their most earnest efforts to the benefit of public service corporations?

PERHAPS when Mr. Bailey put his hand on his breast and turned his eyes heavenward and declared that he had never served a public trust a single day in his life, there was a slight wink in the lower corner of his off eye to satan signifying, "take notice, old boy, I said single day, that don't have any bearing on the months and months that I put in for them."

REMEMBER that the question before you is a principle and not men. The question is, shall we allow our United States senators to serve the trusts or the people? If they shall serve the trusts, vote for J. W. Bailey and his ticket for delegates to the National convention; if they shall serve the people, vote for Cone Johnson and his ticket for delegates to the National convention. Your vote will settle the question.

IN Mr. Bailey's sworn evidence at Austin he admitted having served the Standard Oil company and accepting a fee of \$2,500 therefor. In his speech at Lufkin he placed his hand on his breast and turned his eyes heavenward and said that he had never served a trust a day in his life. Which are we to believe, his sworn evidence or a statement appealing purely to the sympathy of an already partly sympathetic and partly uninformed audience?

OBSERVE the difference in men. Says the Palestine Herald: Attorney General Davidson, who is a candidate for re-election, and who is being assailed in the most bitter fashion, and charged with every detestible thing an official could be guilty of, is pursuing the even tenor of his way, devoting his entire time

to the duties of his office, for which work he is drawing the people's salary, and leaving his record in the hands of the people. On the other hand we have the spectacle of a United States senator and a state judge running around all over the state neglecting their duties, and fighting for the main chance. Which of these two types of public officials do you think it will be safest to tie to? Honest Injun, now?

THE voters of the county should not lose sight of the fact that on Saturday, May 2, the day on which the primary will be held to nominate delegates at large to the National Democratic convention, precinct conventions will be held in every voting precinct in the county for the purpose of selecting delegates to the county convention to be held in Nacogdoches on Tuesday, May 5. Each precinct will be entitled to one delegate for every 25 votes cast for all democratic candidates for governor at the last state primary or one for each majority fraction thereof, each precinct to be entitled to at least one vote. Democrats should not fail to attend these precinct conventions and see that none but true and tried Democrats are sent as delegates to the county convention.

"I APPEAL to my friends to hate and continue to hate my enemies. I appeal to my friends to make it impossible for my enemies to exist in this town or country. I do not know that I shall go so far as to suggest that the juries be packed against them but I do suggest that they should be so handled as not to be accorded a jury. I stated in the skating rink last year that I would drive my enemies into the gulf. I appeal to my friends to subject them to a fire three times hotter than the fire which destroyed the skating rink. I appeal to my friends to register in their memories the names of every man who fails to support me enthusiastically in this contest. If he ever lifts his head for any office, appeal to my friends to defeat him."—Senator Bailey at Gainsville.

When a man gets enough venom in his heart to utter such sentences as the above, isn't it time that the voters should lay him on the shelf for all places of honor? The people have a right to criticize their officials, and if their conduct is such as to merit criticism should such sentences as the above be uttered? Would it be an honor to Texas to send a delegate to the National convention who gave utterance to such anarchistic speech?

THE Sentinel reproduces the following from State Press: "The Monk Gibson case has been pending in the court of Criminal Appeals for several months. Judge Brooks, a member of that court, has left the bench to make speeches in the interest of himself and other Baileyites who are seeking election as delegates at large to the National Democratic convention. Hon. Guy Mitchell, county judge of Jackson county, referring to Judge Brooks

course, calls attention to this fact: 'In the meantime Jackson county continues to pay the bills, while one of the perpetrators of the most diabolical crimes ever committed waxes fat on the bread the law requires to be furnished him by an outraged citizenship.' In such cases as the Monk Gibson case the court of Criminal Appeals should take as early action as possible. The delay in getting such matters through the courts has a tendency to influence public indignation and mob violence will continue so long as justice from the courts drags.

Sentinel Falls In Line.

The Nacogdoches Sentinel, which has until the present time failed to take a hand in the Bailey row, announces that hence forth it feels called upon to take issue with Baileyism, and reasons at length for so doing, saying, among other things:

"The Sentinel has been of the disposition to let the Bailey question rest since the legislature gave him another 'white wash,' and has had absolutely nothing to say about this matter, pro or con, up to this time. But since Mr. Bailey is not satisfied with his 'vindication' by the legislators, who were instructed to cast their vote for him before the voters realized, or knew that he had continued the practice of 'influence' that he had found it necessary to be 'vindicated' for before a previous legislature, we feel that it was time we were showing our colors."

Further down the column The Sentinel adds:

"We have always believed it true that you could not mix oil with water. If this adage is true, we also believe it is true that you cannot mix Baileyism with Bryanism. The principles of the two men will not mix."

The Sentinel gives many other good reasons for not supporting or endorsing Baileyism, and we regret that we haven't space to reproduce the whole article.

And what The Sentinel has done in the premises is being duplicated by many other papers. When it comes to democracy and advocacy of good government, the country press can always be depended upon to line up in the fight, and they invariably win out.

The Good Roads Slogan.

The slogan of 'good roads' carried by so many Texas newspapers for some time is not generally being advanced so strongly as heretofore. While other papers seem to have lost some of their enthusiasm on this vital subject, the Nacogdoches Sentinel is working as hard as ever for this sort of improvement. A recent issue of that excellent Texas publication devotes considerable space to the good roads question, and further, an invitation is extended to candidates for county offices to express their views on the good roads question. Editor Will T. Hawkins is putting in his best lies for the betterment of Nacogdoches town and county.

TO IMPROVE ROADS.

A Proposition That Should Have Careful Consideration.

Editor Sentinel.

Noting a statement by our Honorable Commissioner Muckleroy, in regard to the road question, I would be glad if you will kindly give my views publication, with the intent that a general interest may be taken by the entire citizenship of the county, but more especially those who do their trading at Nacogdoches.

Having the finest land in the state for cultivation of all classes of agriculture, and as fine market as the state affords at Nacogdoches, the farmers are handicapped in getting their produce to town by the heavy sand surrounding the city for two to three miles.

Other towns and counties I know of have overcome this hardship by hauling red clay, of which we have an abundance, and bedding it on the sandy roads. Three inches of clay spread over the sand will, after one or two rains, become so compact that a team which can now haul only two bales of cotton, can then haul five in half the time; thus saving our stock and economize time. I would suggest, that to accomplish this, the road overseers on all roads entering Nacogdoches permit all road work to be devoted entirely to the hauling and placing of this clay. Even the more distant precincts joining in the work for the reason that the improvement would be as much to their advantage entering the city as those living nearer to town, and more so, as it would shorten their haul and enable them to reach town so much quicker and easier and get back home by dark, which they can now rarely do.

Another feature I would suggest and which I will gladly join in, is that every wagon going to town empty should take a spade and haul a load of clay, unloading it on the sandy road. The commissioner to arrange where the clay can be had and taken when wanted.

These roads will last a long time and occasional breaks can be easily repaired by one or two wagon loads of clay.

I have talked this matter with a number of my neighbors on the South Douglass road and it seems to meet their general approval. It is these heavy roads that are driving many of our good farmers to other sections. The merchants will do doubt assist us to the extent of their interests. If all roads—good roads—don't "lead to Rome," they will lead somewhere else.

In this connection I cordially invite all my neighbors on the South Douglass road to meet at my house—the Jim Stone place 5 miles west of town—next Sunday evening, to talk it over.

Which Statement is Correct?

To the Galveston News.

Senator Bailey at Houston, Monday night: "If these items had been, as they were made to appear, payments to me with reference to these cases, they would not have been charged to profit and loss at all, but to expense account."

Senator Bailey to the Attorney General, Dec. 8, 1906, before the books of the Waters-Pierce Oil company were exposed: "One of the indorsements which, according to your memorandum, appears on the back of the voucher, which you claim that Pierce gave the Waters-Pierce Oil company, shows that voucher to have been 'charged to bills receivable.' Every intelligent business man, of course, will know that where an item is charged to bills receivable it is held and treated as an item that must be paid. If \$3,300 had been considered an expenditure by the Waters-Pierce Oil Company, it would have been charged either to the expense account or to profit and loss account."

When Senator Bailey wrote that letter the public did not know—what it afterward learned—that the \$3,300 note had been carried into the profit and loss account of the Waters-Pierce Oil Company. H. P. Stacey.

LET'S sidetrack politics and put in some of the energy that is being wasted in that way trying to devise ways and means for improving the public roads and bringing trade to the town.—Nacogdoches Sentinel.

All hands and the cook should redily agree to this; we have too much politics and too little business for the material good of this country; and we all the time need good roads, and there is but one way to get good roads and that is to work them and make them good. Enough ready cash will be expended in the present campaign that won't when it is all over be worth a thousand dollars to the state to make a million dollars worth of good roads—to make roads that will be because they are good increase the value of every inch of land adjacent to them and have the effect of putting more than a million dollars in values on the tax rolls of Texas. You bet you; good roads beat politics any old day in the year.—Austin Statesman.

But "all hands and the cook," including the Statesman, refused to take the advice of The Sentinel, and it has been forced to devote some attention to politics. There will be no cessation of its energies in an effort to secure better roads, however, and no amount of politics nor number of politicians can stop it.

Ticket to be Voted at the Primary May 2.

Those who are opposed to the methods which have been pursued by Senator Bailey in representing both public service corporations and the people at the same time, and who think that he should not be sent as a delegate to the National Democratic convention at Denver, will vote for the group of candidates headed by Cone Johnson for delegate at large, and the group headed by Marshall Hicks for alternates at large.

Here is the ticket, gentlemen, are you ready for the question?

ONE thing is certain; the new style hat does not improve the appearance of the merry widows of Nacogdoches. They look good in any old hat.—Nacogdoches Sentinel.

The Sentinel editor has done it. He evidently intended that as a compliment, but there is not a widow in Nacogdoches who will appreciate it, unless she happens not to have a new hat. Every woman thinks a new hat improves her appearance, no matter how pretty she is or how ugly the hat is.—Bonham News.

The Sentinel said it, and we are willing to abide the consequences. No woman is pretty who has not enough pride to appreciate a new hat. But the Nacogdoches widows do not have to buy new hats to make them pretty. And this editor is a married man, too.

THE COME AND SEE SIGN

PUBLIC INSPECTION INVITED
 FROM 8 A. M. TO 4 P. M.
SATURDAYS EXCEPTED
 LYDIA E. PINKHAM MEDICINE CO.

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?
 It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs without drugs?

Come and See.
 Do the women of America continually use as much of it as we are told?

Come and See.
 Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.
 Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.
 Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.
 Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.
 This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

CASE DISMISSED.

Red Richardson Says Thomas Did Not Shoot Him.

Lufkin Tribune.
 Saturday morning last, before Justice or the Peace John F. Hill, the case of the State of Texas vs. John Thomas, who was charged by complaint filed, upon information and belief, with assault to murder, alleged to have been committed upon Frank Richardson, commonly known as "Red" Richardson, which is said to have occurred some time last February, when Richardson was shot from ambush near his home at Marion. The case was called for examining trial and dismissed by the State for want of testimony to sustain the charge.

It has been stated that Richardson would say that Thomas shot him, but Mr. Richardson has issued a statement which completely exonerates Mr. Thomas. The following is his statement:

"My name is Frank Richardson. I reside in the town of Nacogdoches at the present time. I did reside near Marion, in Angilena county, Texas, about the first of the year. I was shot from ambush in Angilena county some time in the early part of February of this year. At the time I was shot I was returning from Marion to my residence near there. I was on horseback at the time of the shooting. I do not know who shot me from ambush. I did not see the party who shot me before, at the time of the shooting or at any time thereafter. I do not know who shot me at the time mentioned, since I did not see the party. I have not stated to any one any time that John Thomas shot me. We were the best of friends at the time of the shooting and on good terms."

ERRONEOUS REPORT.

Rumor About Dock Watson Entirely Without Foundation.

Editor Sentinel.
 On account of reports circulated, and are being circulated now, that Dock Watson had killed a guard or some one connected with the penitentiary at Huntsville, in justice to his friends as well as his enemies, I have taken the liberty of investigating this from a reliable and official source, and take pleasure in submitting the following from R. H. Underwood, assisting superintendent, Huntsville, Texas, which I trust is self explanatory.

Yours truly,

Dear Sir:—Replying to yours of yesterday, relative to rumors of Dock Watson while in the walls here, I beg to say that such rumors are entirely without foundation. He is still here, and his conduct up to the present has been such as to give us every reason to regard him as an exemplary prisoner.

Yours respectfully,

Death of Robert Moore.

Mr. Robert Moore, aged 78 years, died at his home near Alazan Wednesday night at 3 o'clock, after a long and lingering illness. Mr. Moore had been a citizen of Nacogdoches county for more than half a century, and had resided at the place where he died for over 48 years.

He was a confederate soldier and was honored and respected by all who knew him. His remains were interred in Union cemetery this afternoon at 4 o'clock.

An Invidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Remedy at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Mast Bros. & Smith.

OLD CITIZEN GONE.

R. J. Trawick Passed Away After Long Illness.

R. J. Trawick, the subject of this sketch, was born in Georgia November 25, 1828, and died April 14, 1908, at his home in Nacogdoches county Texas, and was buried on April 15, in the burying ground near the town that bears his name. Funeral services being conducted by Rev. M. I. Brown. The third wife of deceased and one son by his first wife, four sons and two daughters by his second wife—all survive him. He moved from Georgia to Alabama, where he enlisted in the confederate army, in which he served three weary years with General Robert E. Lee's command; was with Lee when the surrender came; moved from Alabama to Texas in 1872, settling in Nacogdoches county where he lived continuously till his death. He was a faithful Baptist church for more than fifty years, always holding to the faith once delivered to the saints.

He laid on the bed of affliction three and a half months suffering the severest pain. He bore it all with patience, often exclaiming, "Bless the Lord, how precious is his name," saying this affliction is nothing compared with the glory that will follow, always speaking cheerful to his companions, children and friends, saying the Lord will provide, put your trust in him.

While we feel so sad and miss his cheerful admonitions, we feel that our loss is his eternal gain, for we feel sure that he has entered that eternal rest. Then it affords the bereaved ones great consolation to think that they too by obedience, faith and the grace of God, may at the appointed time enter into the presence of those who have gone on before and gained that eternal home that shall last forever and ever, time without end.

FROM WEST TEXAS.

Condition of Crops and Talk on Politics.

Editor Sentinel.
 Caddo, Texas, April 10.—We appreciate the weekly visits of your paper so much I will write you another letter. Have been traveling some in the west of late and I find your paper is read by a number of old time Nacogdoches people that have moved west. This is as it should be; we think every lover of Nacogdoches and her people should pay for and read your paper.

The past winter has been the mildest for 28 years, and we have the earliest spring on record.

The range at this writing is fine and all kinds of stock are doing well. Farmers have good stands of corn; some have planted cotton; don't think they will increase their acreage in cotton over last year. There was more wheat sown last fall than in former years and it has been in need of more rain, but it is raining here today and it looks as though all West Texas is having a down pour. This will give inspiration to all kinds of industry here as our rainfall had been very light this spring and many old-timers were looking for a drouth.

The political pot here is at fever heat. We are in the big Jumbo Congressional district. This district has an area as large as the state of Arkansas, and it seems that every inch of ground will be contested. W. R. Smith, our present congressman, has made a good record in congress and he is opposed by Cunningham of Abilene, who has many friends in all parts of the district. Don't know what the outcome will be, and it seems that the Bailey matter has opened up in earnest. Why all this fuss about our delegates to Denver? They will go instructed to vote for Nebraska's great Commoner and the humblest Democrat in Texas could carry these instructions as well as any of this mob. Our leaders say this will settle the Bailey question. This was settled at the July primary 2 years ago. The rank and file of the Democratic party will never give up Bailey till they show them where he has voted wrong, and this Austin gang cannot do that. We think all this fuss is made to detract the minds of the voters from another much more important question, state-wide prohibition.

A few months ago it seemed that our people were sure to elect a legislature that would submit this important matter to the voters. Now we have been switched off on to something there is nothing in.

However, I will say to my friends that want state wide prohibition that this will only be for a little while. We think we can see a great army of christian workers that will rise up all over this great state of ours and strike a blow to the saloon that will never be forgotten.

A Mild Laxative For Baby's Bowels

The infant or the child should not be given salts, purgative waters or harsh pills or tablets when the bowels are constipated, and neither should any medicine be used that contains a narcotic. It is well for mothers to remember that there is no better, gentler or more effective remedy for children's stomach and bowel troubles than Dr. Caldwell's Syrup Pepsin. Its purity and mildness make it especially adapted to young people's use. It works gently but surely, and containing, as it does, many tonic ingredients, it not only cleans out the congested bowels, but tones the system and makes the child feel better in every way.

Among the thousands who are using Dr. Caldwell's Syrup Pepsin is Mrs. Spalding, of Maryland, Ky., and she writes that she gives it to her baby regularly and that she would not be without it. She has used it herself for a long time and ought to know.

Mothers will find this an invaluable remedy for old and young in constipation, dyspepsia, liver trouble, diarrhoea, colic, worms, and the many other ills that afflict the stomach and bowels. It is guaranteed to do what we claim, and by its use a home cure at very little cost is easily brought about.

Children are often troubled with skin diseases, are backward in school, lose weight and do not care to eat or play, when all that is really the matter with them is stomach trouble that Dr. Caldwell's Syrup Pepsin will correct. Go to your druggist to-day and buy a bottle and see how quickly the child gets well again.

It is a good thing for the whole family to use in stomach, liver and bowel complaints. A 30 cent bottle has often restored an entire family.

FREE-TEST

Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach or bowel disorder. It is the most effective laxative for children, women and old folk. A guaranteed, permanent home cure. THE PUBLIC HEALTH. Dr. Caldwell's Syrup Pepsin. Sold by DR. It is the intention of the ministers who will conduct the meeting to organize a Baptist church at Caro at the conclusion of the meeting. All who can do so are requested to attend these services.

Foley's Orino Laxative is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Cures constipation. Mast Bros. & Smith.

Important Decision.

It is important that you should decide to take only Foley's Honey and Tar when you have a cough or cold as it will cure the most obstinate racking cough and expel the cold from your system. Foley's Honey and Tar contains no harmful drugs. Insist upon having it. Mast Bros. & Smith.

STRAIGHTENING THE RECORD.

The Sentinel of Nacogdoches has come out against Joe Bailey in the contest for delegates at large to the Denver convention. The editor states that he had hoped to keep out of the trouble but that conditions have come to such a pass where it is necessary to get in the game and show his hand.—Beaumont Journal.

In justice to myself and to straighten the record, I desire to rise to a question of personal privilege. So far as the editor of The Sentinel is concerned, he has undergone no change of heart nor of views, but is still a friend and supporter of Senator Bailey. Mr. Giles M. Haltom, the principal owner of The Sentinel and its general manager, and who by right shapes and controls the policy of the paper, is solely responsible for the utterances of The Sentinel in this contest.

Will T. Hawkins.

A UNITED STATES senator is next to the president in power. Would you be willing for the president of the United States to represent trusts, public service corporations, etc., while he is in this high office?

THE representative of predatory wealth can't very well be the representative of the people. If you instruct your United States senators to take care of the trusts and public service corporations, what can you expect for them to do for you? Look well to your ballot and vote for the interest of your children.

THE Bailey issue has absolutely nothing to do with a man's democracy. There are just as good democrats on one side as the other; and right here we want to say that after May 2, The Sentinel will be just as ready to take up a democratic fight for victory to the party as it is now or ever has been.

THE ONE RIGHT WAY.

The address of Hon. George A. Carden, chairman of the state democratic executive committee, published in Sunday morning's papers, was timely and proper. He explains very clearly that the delegates at large to the Denver convention are to be chosen by the direct vote of the people at the primary on May 2, and not through the convention system, and he urges the importance of calling a primary election in every county and of the people voting in same and attending the precinct conventions as well. The two most important paragraphs in Mr. Carden's address are as follows:

"If any county or any precinct in any county fails to hold a primary election in accordance with the rules prescribed it will lose its voice in determining who shall be delegates at large and alternates at large to the National convention. All democrats are earnestly urged to go to the polls on May 2 and vote in the primary election and to present themselves at the proper place and time for participation in the precinct conventions to the end that we may have a full, fair and free expression of the will of the democrats of Texas in the determination of the contest now before us." The people demanded that they be given the privilege of selecting the delegates at large to the Denver convention by their own direct vote in a primary election. The state executive committee responded to that demand, ordering the primary election for that purpose. It is now with the people. They should demand of the party authorities in their respective counties that the primary election be held, and then they should turn out en masse and do able-bodied voting.

It is proper, as Mr. Carden says, that the election of delegates at large to Denver should rest upon and be determined by the vote in the primary election, and that

no county failing to hold a primary election should have any voice whatsoever in the matter. Indeed, it is impossible that the counties failing to hold a primary should be considered in that connection. It is mathematically impossible to blend convention votes with the direct vote, so it is now well and clearly understood that the counties failing to hold a primary election will not be on the map in so far as the selection of delegates at large and alternates at large is concerned.

However, it should be remembered that the state convention will be the returning board to canvass the returns of the primary election. This state convention will be composed of delegates chosen by the respective county conventions, which in turn will be composed of delegates chosen by the precinct conventions. It is, therefore, highly important that the leaders in every community should see to it that the voters are duly advised as to the time and place where the precinct conventions will be held, and the voters themselves should make it a point, even if they have to knock off work all day, not only to vote in the primary election, but to attend the precinct convention as well. Let us have a full turnout of the voters, a fair ballot and an honest count.

Chairman Carden has published in pamphlet form the call for the primary election and the rules for holding the same. All who are directly interested in the matter should apply to their respective county chairmen or county secretaries for copies. They will be supplied by Chairman Carden.—Galveston News.

If the people of Texas are not willing for their representatives in the legislature to accept passes and like courtesies from the railroads, would it be right for their United States senators to accept loans, fees and like courtesies from the most oppressive trusts in the country? If the railroads can influence state legislation can't the trusts influence national legislation just about as easy?

OVER here in Nobby Nordheim, you pert paragraphs of the papers of Happy Hooligan Houston, Megalophonous Miles, Nutty Nacogdoches, Saintless San Augustine, Odious Orange and Tempestuous Timpson—we have no mayor, and the editor accordingly has to take all the cussing coming without money and price.—Nordheim News.

As the mayor of St. Louis once said to the mayor of Bonham, where in—Texas is Nordheim?

Call For Funds.

By virtue of my office as chairman of the county Democratic executive committee of Nacogdoches county, I hereby call on each of the two factions in the present campaign for delegates at large to the National Democratic convention to pay to me at once the sum of \$50.00 to cover necessary expense of primary election to be held May 2, 1908. S. W. Blount, Chairman.

MISS DELLA STROEBE, 710 Richmond St., Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors and medicines. I could not enjoy my meals, and could not sleep at night. I had heavy, dark circles about the eyes.
"My friends were much alarmed. I was advised to give Pe-ru-na a trial, and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Pe-ru-na as a medicine for women in a run-down condition."
Pe-ru-na Did Wonders.

Mrs. Judge J. F. Boyer, 1421 Sherman Ave., Evanston, Ill., says that she became run down, could neither eat nor sleep well, and lost flesh and spirit. Pe-ru-na did wonders for her, and she thanks Pe-ru-na for new life and strength.

Tribute of Respect.

Whereas, it has pleased the Grand Master of the Universe to call our Past Master D. C. Turner from labor in the lodge below to refreshment in the Celestial Lodge above, and

Whereas, Bro. Turner has, during his long and eventful life of about 87 years, filled, with honor to himself and credit to his country and the Masouic fraternity, every station to which he was ever called either by his God, his country or his lodge.

And whereas, Bro. Turner was as a husband and father kind, indulgent, and provident; as a citizen honest, patriotic and true; as a Mason acting upon the square, plumb and level and ever ready to use the trowel to spread the cement of brotherly love among the brethren; and as a Confederate soldier faithful and brave, having followed the immortal Lee for four long years with all the fortitude and endurance of an ancient Roman, and though overpowered in that great struggle he was true to "The Lost Cause" to his dying day. Now therefore,

Resolved, That in the death of Bro. Turner Martinsville Lodge has lost a faithful member, Nacogdoches county a good citizen and his family a loving father and husband. But while we deplore his loss, let us ever remember that few of us will remain here as long as he did. And while we mingle our tears of sympathy with those of his bereaved ones, let us determine anew to wear the white apron or lamb skin worthily, ever trusting in the strong grip of the lion of the tribe of Juda and hoping that we may all be reunited in the Celestial Lodge above where the Supreme Architect of the universe forever presides.

THE TWO ROADS.

There are two roads in life;
One leads to paths of brightest light,
The other to darkest night;
One leads to honor and fame,
The other to disgrace and shame.

Though the righteous road, be long and weary,
And thy days be sad and dreary;
If upon our pathway some thorns of care appear,
We shall stand as steadfast as the stars that seemeth near.

And when we have finished our journey,
And the evening sun is bending low,
And what will be our condition when we reach the vale below?
Shall we cross the river and see the city of gold aglow?

But when we cross the river,
We shall from pain and trouble be severed;
Though the storms may howl and clouds may gather,
Though here the tempest will be banished forever.

In the mansions beyond the sky,
Where the jasper walls are gleaming,
There shall be no day as here reminding;
And no sun or moon will be shining.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and cause the glands of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DeWitty & Co., Chicago, Ill. Stripling, Haselwood & Co.

HOW IS YOUR STOMACH?

Easy Way to Strengthen it and Get Well.

A good digestive system, one that acts so that you do not know that you have a stomach, is God's birthright to every man—to every woman.

If digestion is weak, if food turns into gas, if you suffer after eating, if you are sleepless, nervous and out of sorts—then the stomach is diseased and prompt action should be taken.

W. A. Ennis, a well-known builder in Syracuse, tells an easy way to strengthen the stomach and get well when he writes: "Mi-o-na Stomach Tablets have done more for me in one week than all the doctors the two years I was under their care. Thanks to Mi-o-na, I can work once more, the first time in over a year."

It is an easy thing to strengthen the stomach and cure indigestion by using Mi-o-na. Get a 50-cent box from Stripling, Haselwood & Co. with their guarantee to refund the money unless the remedy does all that is claimed for it.

HIDDEN DANGERS.

Nature Gives Timely Warnings That no Nacogdoches Citizen can Afford to Ignore.

Danger signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red illsmelling urine, full of sediment and irregular of passage.

Danger Signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney pills cure them permanently. Here's Nacogdoches proof:

Eli Box, farmer, living one and a half miles from Nacogdoches, Texas, says: "I have suffered for years with my back and numb feeling in my legs. At times the flow of the kidney secretions was excessive, and sometimes as clear as spring water. At other periods it was scanty and highly colored and accompanied with a burning pain in the neck of the bladder. Since using Doan's Kidney pills I have been greatly benefited and can recommend them to others similarly afflicted."

Damages Asked of Secret Order as Result of Initiation.

Dallas, April 15.—A peculiar suit has been filed in the Fourteenth district court by Mrs. Ethel Bomar, L. L. and E. B. Bomar, wife and parents, respectively of A. H. Bomar, who died in Dallas last January. The suit is styled Ethel Bomar et al, vs. Woodmen of the World, Sovereign camp, Woodmen of the World and other camps, damages. The petition alleges that the initiatory exercises of the organization were directly responsible for the death of A. H. Bomar, setting forth that paper sacks were exploded near the head of the deceased; that he was struck violent blows with the fists of those who took part in the initiation; that several of his ribs were broken and subsequently pressing upon his lungs caused pulmonary trouble, from which he died. It is stated that the initiation took place April 23, 1906. Damages in the sum of \$1,995 are asked by plaintiffs.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience have proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

"The Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing by applying to them Dr. Pierce's All-Healing Salve. If your drug-gist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the All-Healing Salve will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Decline Joint Discussion.

Nacogdoches, Tex., April 18.

Dr. F. R. Tucker, Chairman of the Bailey Committee.

Dear Sir: Answering your letter of recent date, asking for a division of time by Hon. Cone Johnson with Hon. S. W. Blount on the 24 instant, I desire to inform you that I am just informed that the candidates for the office of delegates to the Denver convention had decided at the beginning of the campaign to only enter into joint discussions with the opposing candidates, and I am informed that the state chairman of both committees had approved of this rule. However, I am instructed by our local committee to say that they will be pleased to get some gentleman of state wide reputation to meet Mr. S. W. Blount in joint debate at a future date, should this meet your approval.

Very respectfully,
E. A. Blount,
Chairman of anti-Bailey Executive Committee.

While Mr. Rockefeller is reported as having advised the people to be content with what they have, he still continues trying to get what they've got to swell Standard Oil dividends.

CHALLENGE ACCEPTED.

Anti-Bailey Committee Agrees to Joint Discussions.

Nacogdoches, April 16.

Dr. F. R. Tucker, Chairman Bailey Committee, Nacogdoches, Texas.

Dear Sir:—Your letter addressed to Mr. E. A. Blount, Chairman Anti-Bailey Club, comes to us as an unexpected pleasure since we had observed that your State Chairman had advised that the supporters of Senator Bailey declined to enter into joint discussions anywhere in the state. We beg to assure you that it will afford great pleasure both to the committee and the gentlemen who will represent the anti-Bailey forces in this county to accept your invitation for a division of time at your appointments and to grant to your representatives a division of time at our appointments. In this connection we desire to say that the gentlemen who will go out as the representatives of the candidacy of those gentlemen opposed to Senator Bailey shall go before the people to discuss issues and not men. To indulge in argument and not billingsgate. They will discuss Senator Bailey's transactions as a representative of the people and not as an individual. In short they will conduct the campaign upon what we conceive to be that high and dignified claim which should be occupied by gentlemen in discussing great political questions before the people, eschewing personalities and according the highest degree of respect to their opponents in every instance.

You are advised that Judge V. E. Middlebrook will meet your Mr. S. W. Blount at Garrison on Saturday, the 25th instant. That Mr. June C. Harris will meet your Mr. Geo. S. King at Cushing on Saturday, the 25th instant. That Mr. G. B. Layton will meet your Mr. S. M. Adams at Sacul on the same day. June C. Harris will meet your Mr. Geo. S. King at Chireno the 30th.

Our committee has arranged the following additional appointments which we now publish, to-wit:

Mr. Beeman Strong will

public speakers for him. However, the fact should be borne in mind that two years ago this same Mr. Johnson was esteemed worthy by Mr. Bailey to be attorney general of Texas, and there will be no one to argue the fact that had Mr. Johnson not taken the stand he has he would have been considered by Senator Bailey and his friends as one of the leading and most able men in the state.

Value of Blue Bonnet.

Dr. O. M. Ball, professor of botany in the State Agricultural and Mechanical College, calls attention to the probable great value of the blue bonnet to the soil of Texas. This flower is more widely and popularly known as buffalo clover. It belongs to the class of leguminous plants which have the power of fixing the nitrogen for the air, nitrogen being the most important as a fertilizer for all forms of crops. Dr. Ball thinks that there is no other native Texas plant that will fix a larger quantity of nitrogen by means of its nodules than the blue-bonnet. He proposes by a series of experiments to determine the exact amount fixed per acre by an average growth of this plant.

He suggests that the farmers secure the seed of the blue-bonnet in quantities, and that they sow them broadcast on land they are willing to lie fallow for a year. Dr. Ball believes that such a course will result in lasting benefit to land that has been overcropped.

A Treatise on Horse Collars

BOTH men and horses wear Collars. The difference is not only in size and character, but a man can select a fit—a horse can't. Therefore the necessity for good judgment in buying the equine kind. A cheap, badly stuffed collar of inferior leather will not only harm a horse's skin, but break in important parts before it has been in use, maybe, a couple months.

Our No. 64 and 66 have never failed to give comfort to the horse and double the money's worth to the people. We are always particular about the fit, that's why we have so many sizes.

Bring around your horse, large or small, and let us take care of their Collar and Harness wants.

S.S.S. CURES SKIN DISEASES

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our systems and preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When, however, the blood from any cause becomes infected with humors and acids, these too must be expelled, and coming in contact with the delicate fibres and tissues with which the skin is so abundantly supplied they produce irritation and inflammation, and the effect is shown by Eczema, Acne, Tetter, and skin affections of various kinds. These impurities and humors get into the blood through a deranged or inactive condition of the system; the members whose duty it is to carry off the waste and refuse matter of the body fail to properly perform their work, and this impure, fermenting matter is left in the system to be absorbed by the blood. The skin is not only affected by poisons generated within the system, but poisons from without, such as Poison Oak, Poison Ivy, Nettle Rash, etc., enter through the open pores and glands, and so thoroughly do they become rooted in the blood that they are ever present, or return at certain seasons of each year to torment the sufferer. Salves, washes, lotions, etc., cannot cure skin diseases. True, such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause; and at best can be only palliating and soothing. A thorough cleansing of the blood is the only certain cure for skin diseases. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients of the forest and field, is the proper treatment. S. S. S. goes down into the circulation, and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, Poison Oak and Ivy, Nettle Rash, and all other skin troubles, and cures them permanently by removing every trace of the cause from the blood. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

Cone Johnson's Fine Work.

Willis Point Chronicle.

Hon. Cone Johnson of Tyler is making magnificent addresses in Texas, teaching the doctrine of purity in public officials. Mr Johnson's addresses are free from bitterness and confine themselves strictly to the principles involved, of whether public officials may serve two masters. That he is regarded as formidable may be understood by the denunciation of him by Senator Bailey and other

A Vital Principle.

Willis Point Chronicle.

In the primary to be held May 2 the people of Texas are to pass upon a vital principle—whether or not a man may serve two masters. No oratorical display, no abuse or bitterness, no sophistry should lead the people from settling the question on this principle. Senator Bailey admits having taken a fee of \$2500 for rendering an opinion to the Standard Oil Co. (Investigation Report, page 944.) He admits having borrowed \$3300 and various other sums from H. Clay Pierce and having had various transactions with the said Pierce, the Kirby Lumber Co., Jno. W. Gates, and others. Question: Can the Democracy of Texas endorse this conduct in its highest official? If it can endorse such in Mr. Bailey's case, then officials of less prominence and holding public positions of less magnitude have the right to do the same. Put aside all bitterness or strife and discuss the question on the principle involved, according to every man, whatever side he may take, honesty of purpose and keeping always in mind the fact that when this is over we will still be neighbors and friends.

Trawick Topics.

Trawick, Tex., April 20.—After a week of protracted rain, and indications are that we are to have more before it stops, puzzles the farmer. Some say "when it rains it's too wet and when it don't it is too dry," but this don't help the good roads question. Glad to see some interest, but I believe we will have to get the farmers interested as some of the rest over the county to have a complete success.

After a protracted illness of 106 days Uncle Richard Trawick passed away and was buried in the family burying ground south of town.

Mr. W. A. Baucom is moving today to Libbert.

All the little folks had a nice time at Easter egg-hiding at Mr. J. J. Trawick's yesterday evening. The weather was unfavorable for the occasion, but a good crowd was present.

Very good interest is being taken in our Sunday school. Health of community good.

Geo. S. King and Beeman Strong returned this afternoon from Beaumont where they have been tending court.

Miss Paula Garrison returned to her home in Houston today after a several days' visit to relatives and friends in this city.

"One Touch of Nature Would Make the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm-yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters a warm hearted wish of the writer to be of use to some one else. This remedy is for sale by Mast Bros. & Smith.

Chamberlain's Has the Preference.

Mr. Fred C. Hanaham, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedies. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." Kodol For Dyspepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "E. C. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly C. N. Cornell, Rodling, Ga., Aug. 27, 1906. County Court.

The April term of county court convened Monday, but owing to the fact that the jurors for the term have been discharged by Judge Mims, there is so far very little doing. This step was taken by Judge Mims to accommodate the farmers, this being a very busy time with them, and in view of the further fact that there will be a special term of the district court in May.

The county court will be in session during this week and next, and during which time only pleas of guilty, non-jury civil cases and probate matters will be heard.

"Start Young"

To train a child into good habit. There is no habit that will add so much to the good character, the general happiness and thorough contentment of a life is the good habit of "saving." The best way to start this habit is by opening an account, "at this bank" for the child. The child will become as interested in watching this account grow as it would be with a toy. This interest will harden into a habit, and the habit into character.

You can open an account at this bank for your child with as small an amount as One Dollar if you like. Better come in today and do this.
