THAT FEDERAL BUILDING.

Congress Makes Appropriation for a Building Site Only.

Postmaster H. H. Cooper is in receipt of a copy of the bill, as it passed the lower house of congress, making appropriations for postoffice buildings and sites.

The bill shows that the amount appropriated for the Nacogdoches postoffice was \$5000 for a site only.

The bill as introduced by Congressman Cooper provided for the appropriation of \$50,000 for a postoffice building, but the committee persisted in cutting it down to \$5000 for the purchase of a site.

The bill has not yet passed the senate, but it is certain to pass before congress adjourns this week.

While it was hoped that the full appropriation for the postoffice building would be made at this session of congress, yet it is very gratifying to know that the start has

been made, that will ultimately result in a handsome and commodious postoffice building for Nacogdoches.

Crop Statistics.

According to the department of agriculture, the tax assessors over the state are readily complying with the law of the Thirtieth legislature requiring them to furnish the department with crop statistics. Chief Clerk Winkler of the department said that quite a large number of assessors are sending in the information and as soon as it is received it will be prepared in bulletin or pamphlet form and will prove valuable to those in search of this character of information. Under the law this data and information must be in the department by June 1, therefore the assessor has a little less than two more weeks in which to send in these statistics.—Austin Statesman.

Democratic Executive Committee Meeting.

The several members of the county democratic executive committee of Nacogdoches county will take notice that the election law required a meeting of said committee to be held on Monday, June 15, 1908, for the purpose of arranging the official ballot, assessing candidates whose names appear on same and deciding on plurality or majority nominations.

Such meeting is called to take place at my office in Nacogdoches on dates named.

Respectfully,
S. W. Blount,
Chairman Dem. Ex. Com.
Nacogdoches county.

CHARGED WITH MURDER.

Mother and Daughter Accused of Killing a Baby.

The inquest proceeding at Garrison Saturday, instituted by the officers to ascertain the cause of the death of the infant of Miss Nolar Bailey, resulted in a charge of murder being made against the mother of the baby and its grandmother, Mrs. Nancy Bailey.

The facts developed at the inquest showed that the infant had been murdered by being struck over the left temple with a blunt instrument, and the left eye was also badly bruised.

Miss Nolar Bailey, the daughter of a well to do farmer residing about two miles from Garrison, returned home from Shreveport on May 2, bringing with her a bright and healthy baby boy, which had been born to her while in Shreveport.

Two days later the baby disappeared, and the neighbors of course wanted to know what had become of it. It is said that the first reply to this inquiry was that it had been sent away, but this did not satisfy the suspicions of the neighbors, and they insisted on a more definite explanation.

Finally, it is alleged, on May 12, Mrs. Bailey and her daughter both admitted that the child was dead, but they stated that it had died of starvation.

This still did not pacify the inquiring ones, and they insisted on being shown the grave. This was done and the matter was then reported to the officers. Under the direction of Justice Abernathy the body was exhumed and a postmortem examination made by Dr. Turner of Garrison. The grave was beside an old log in the woods near the Bailey home, and the corpse had been buried in a paste board box.

A careful examination of the baby was made by Dr. Turner, and no evidence of poisoning was discovered. He also found its liver and other organs to be in a healthy condition. In addition to the contusion on the head and in the eye there was a streak of blood down its back, which evidently came from the wound, and showing that the little thing had been buried without its body having been washed by its cruel and heartless murderers.

After hearing the evidence the jury of inquest returned a verdict that the babe came to its death from a blow on the head with some blunt instrument, made by Mrs. Nancy Bailey and Miss Nolar Bailey. County Attorney Russell at once made complaint against both women, charging them with murder, and their examining trial was set for Monday, June 1.

Red Oak School.

The county superintendent reports a school meeting of patrons of Red Oak school Saturday, May 16. There was not a large turnout, but those who were there meant business. A subscription was started to repair the house, and we predict that Red Oak will have a good school house by the time the next session begins. It is to be hoped that every patron in that district will subscribe to that fund and also throw his influence toward having a first class school. This district deserves it.

THE attorney general has
declared that the American
Book company is a trust,
hence Texas school children
will have to learn their les-
sons from books other than
those published by the Ameri-
can Book company, regard-
less of the merit.

THE Schulenberg Sticker
says: "They say the better
the roads are leading to a city
the more people come to
town, and oftener, too." That
is a fact, and the better the
roads, the bigger loads the
farmer can haul to town.

OF special interest is the
May issue of the National
Magazine to Texans. The
dominant spirit of this num-
ber is the breath and breadth
of Texas. All Texans should
read it and become more
familiar with this great state,
its varied interests and com-
mercial problems, its wonder-
ful progress and wealth.

THE most despicable fellow
on earth is the knocker. And
when this trait develops in a
newspaper the effect is often
disastrous to the town, coun-
ty, state or individual knock-
ed. It is the duty of a news-
paper to do what it can to
build up, and if it cannot con-
sistently do lend encourage-
ment to those who are trying
to build up the community,
it might avoid becoming of-
fensive by remaining silent.

ONE Texas flour mill last
week received an order for
3000 barrels of flour to be
shipped to England. The
Texas mills are enjoying a
large export business.—Sher-
man Democrat.

THE Statesman does not
know to what mill the Demo-
crat refers, but it does know
there is no reason why Texas
should not ship its home-made
flour and its home-made ba-
con and its home-made cotton
goods in the four corners of
the earth. We need mills—
more mills and better and
bigger mills of several differ-
ent kinds.—Austin States-
man.

TEXAS cotton mills, Texas
oil mills, Texas lumber mills
and other Texas mills have
been shipping their products
to other countries for many
years. Yet, as the States-
man says, Texas' greatest need
is more mills.

ETHICS OF A CZAR.

It is not often that the
active candidate for presi-
dential honors descends to
slum political methods just
preceding the meeting of the
convention before which he
is to appear for the nomina-
tion, but this we see recently,
as reported in a Washington
dispatch of the 9th inst: "That
ten million dollars of just and
proven war claims held in
Texas and other states of the
late Confederacy are to be
defeated again this session
through partisan reprisal was
admitted today by Speaker
Cannon.

"Mr. Cooper of Texas, through
whose efforts largely the bill
has been favorably reported
with every chance of passage,
sought the speaker in vain
for recognition to call up the
bill.

"The ancient czar from Illinois
has frankly admitted that he
was not in favor of passing
anything except the regular
supply bills and then because
of the time lost through the
Democratic filibuster, he did
not think any of the demo-
cratic bills will be reached.

"Mr. Dalzell and other
Republican leaders have said
as much on the floor. Though
the Williams filibuster has
been mild and has been re-
sorted to just enough to em-
phasize party policies, it has
so embarrassed the Republi-
can leaders that they have
determined to retaliate by
tomahawking every bill of a
Democratic origin. Most
useful local legislation will
thus go by the board."

That the speaker of the
house can descend to such
despicable methods and take
revenge upon his political
opponents by depriving citi-
zens of the United States of
their own, long since past due,
shows to what the ideals of
the public has fallen, at least,
in the estimate of the aspirant
for presidential honors. Even
in the days of Lincoln such
methods would have brought
lasting disgrace and infamy
upon the man who dared
practice them. Are we really
and truly deteriorating and
losing our high ideals of true
statesmanship, or simply lack
in knowledge as to the prac-
tices of the earlier days of
the republic?

To the man at this distance
it seems that the average
republican "statesman" does
not regard the South as hav-
ing any rights that he is
bound to respect. The pay-
ment of that ten millions of
money is not a favor, but a
long delayed act of justice,
and whatever may have been
the culpability of the Demo-
cratic leaders in filibustering,
revenge certainly should not
have been wreaked upon the
southern people. But that is
the size of it, and we would
be very glad indeed, for some
apologist of the republican
majority to justify such a
course.—Abilene Reporter.

THE present term of the
district court is a terror to
those who find themselves in
the prisoner's box. Out of
eight felony cases tried, there
were seven convictions.—
Lufkin News.

The News could have gone
further and said that these

convictions were secured
through the efforts of our
Beeman Strong, who is filling
the box of the district at-
torney.

THE slogan cry now among
the East and South Texas
press should be for the estab-
lishment of factories for the
utilization of the hardwood
timbers at our very doors.
We have the material and
need box and crate factories,
handle factories, chair fac-
tories, wagon factories, etc.
Labor is plentiful and cheap,
and all that is needed is more
enterprise and capital. A
fortune is awaiting the man
who launches one of these
enterprises. It may go slow
at first but ultimately it can
not fail of being a success.—
Carthage Register.

What the esteemed Regis-
ter says in the above is true,
and there is not one bit of
exaggeration in it. Nacogdo-
ches already has one crate
and box factory that has been
a success from the beginning,
and a hardwood factory that
is prepared to make anything
that can be made of wood.
The Nacogdoches Show Case
and Manufacturing company
puts up the finest store
and bank fixtures, show cases
and house finishings that can
be made anywhere, and they
also make lodge and library
furniture. East Texas has
the timber, the capital and
the labor, and all that is
needed to place the hard-
wood manufacturing industry
in this state ahead of that of
any other state is to put these
three essentials together and
go to work.

No Cause for Worry.

Beaumont Enterprise.

San Augustine is another
East Texas county that is out
to give Nacogdoches and
Orange a run for their money
in the tobacco raising line.—
Beaumont Enterprise.

Nacogdoches has no hope
of monopolizing tobacco
growing in East Texas. This
county will be content with
being the leader in this in-
dustry and in growing the
finest cigar tobacco this side
of Cuba.—Nacogdoches Sen-
tinel.

Inasmuch as Orange real
estate men advertise that their
lands in Orange county are
near the Nacogdoches field
the latter city need not
worry.

Speaking of Precedents.

Tyler Courier and Times.

Speaking of sending dele-
gates to state conventions
from outside counties, it
should be kept in mind that
the precedent was first set by
San Augustine county which
elected two distinguished men
living in Tyler to attend the
Galveston state nominating
convention. Those gentle-
men were defeated in the
Smith county convention and
afterwards they were elected
as delegates from San Augus-
tine county, and both gentle-
men were prominent in the
state convention and both
gentlemen made speeches be-
fore it, and opposed the nom-
ination of Ross for governor.
A few years later a Smith
county convention nominated
and elected as delegates to a
convention several prominent
men who had been left off
their home county delegation.

CULBERSON BRYAN'S CHOICE

(Washington Dispatch to New York Herald.)

Senator Charles A. Culber-
son will be the nominee of
the democratic party for pres-
ident in case William J.
Bryan is not nominated, if
Bryan can control it. The
Bryan men have received in-
structions from their chief to
turn over their vote to Cul-
berson at any time when it
becomes plain that Bryan
himself cannot be nominated.

It is perfectly obvious that
Mr. Bryan, whether he can
get the necessary two-thirds
vote or not, will have at least
a majority of the convention
with him, and that therefore
no one can be nominated
without his consent.

Mr. Bryan is unalterably
determined that neither John
A. Johnson, George Gray nor
Judson Harmon shall receive
the nomination. Mr. John-
son has been incautious
enough to criticize Mr. Bryan
in private, and word to this
effect has reached Mr.
Bryan's ears. Mr. Gray is
regarded by Mr. Bryan as a
species of the Cleveland type,
which Bryan thoroughly dis-
likes. Mr. Harmon, though
he has been "regular," be-
longs to the "mossback" wing
in Ohio opposed to Tom L.
Johnson.

Culberson is not a Bryan
man, and no one who is ac-
quainted with him doubts his
distaste for the extreme rad-
icalism now rampant in the
democratic party. Bryan
knows that as well as any-
body else. Nevertheless,
Bryan recognizes in Culber-
son the one man proposed by
the so-called reactionaries who
has never made himself un-
necessarily offensive toward
himself personally.

If Bryan is obliged to yield
the nomination to a "reac-
tionary" he will make the best
of a bad bargain and throw
his vote to Culberson. The
order has already gone forth
and the Bryan men are pre-
pared to take their cue.

This has all been done
without Culberson's knowl-
edge or consent. He stands
where he always has, as an
old line democrat who has
never conceded a thing to
Bryan, or for that matter, to
the other side.

That's the Time.

Says an exchange: The
candidate kissed the baby and
rubbed the heads of Sam,
Bill and Sue and swore the
twins were beautiful and
wished he had two—but that
don't count. He asked about
the cornbread, which he
vainly tried to chew and
forthwith asked for the re-
ceipt, of course that tickled
maw—but that don't count.
But just before he left he
stopped and winked and elos-
ed a jaw and then slipped out
behind the barn and took a
drink with paw—and that's
what counts.

SPLIT LOG DRAG.

Anderson County Road Superin-
tendent Proves What it will do.

Palestine Herald.

It remained for "Uncle"
Billie Pierce, Anderson coun-
ty's efficient county road su-
perintendent, to prove that
the split log drag will do all
that is claimed for it. And
he made good with a drag
built and condemned by the
Palestine city street super-
visor. Uncle Billie borrowed
the drag from the city,
and used it on a portion of
the Bonner's Ferry road, be-
ginning about two miles out
from the city. For a mile or
more that road has been con-
verted into the best county
road in Anderson county, and
as a result the people of that
community have caught the
fever, and say they are going
to continue to drag that
stretch of road as well as oth-
er portions of the road. That
section dragged is now as
smooth as a dancing floor, and
as hard as macadam, and the
drag only went over it twice
just after the last heavy rain.
Before the dragging Mr.
Pierce said it was just as bad
as a clay road could be, all
cut up in ruts and deep in
mud. Wood haulers had
abandoned the road, and no
wagon with a heavy load
could get over it. Even the
road-working machinery
could not be hauled over it.

Judge Erwin escorted a
Herald man out to this bit of
model road this morning, and
Mr. Pierce made the state-
ment that it was the best road
machine he ever used; that it
was the very thing. The
gentleman said it would not
make a road; you have to
have plows and scrapers to do
that; but when once made he
said it would keep the road
made, and will produce a sur-
face over our clay roads both
smooth and hard.

This stretch of road improv-
ed is of soil similar to that
of Sycamore, Ma. It is
other Palestine Hasel-
da on which the drag
doubtedly be-used mark of
fectively.

It is a practical demonstra-
tion of the wonderful efficiency
of the drag.

While out that way the
Herald man had the pleasure
of inspecting the county con-
vict camp, and everything
was a credit to Mr. Pierce.—
Palestine Herald.

Special Term at Lufkin.

present term of the court.
There will be no civil busi-
ness transacted during the

DEMONSTRATION ROAD.

Commissioners Court Makes Ap-
propriation for One Mile.

Some days ago a represen-
tative of the good roads con-
struction work of the United
States Agricultural depart-
ment visited this city, and
submitted a proposition to
build one mile of demonstra-
tion road, provided the coun-
ty commissioners court would
put up the money to bear the
expense of the work.

The mile of road selected is
one of the worst pieces of road
in the county, and it was es-
timated that the cost of build-
ing it according to the gov-
ernment plans would be
about \$2,000.

Thursday the commis-
sioners court accepted the propo-
sition, and the following order
was adopted by the court:

"It is ordered by the court
that the sum of \$2,000, or so
much thereof as may be nec-
essary, be, and the same is,
hereby appropriated out of
the road and bridge fund of
the county for the purpose of
constructing—under the su-
pervision of the United States
government experts, one mile
or more of sand and clay
road, on the lower Nacogdo-
ches and Melrose or Nacogdo-
ches and San Augustine road,
beginning at Eggog branch
and running east to the Lige
Acree place."

The commissioners court
will furnish such tools and
road implements as the coun-
ty now has on hand—such as
wagons, scrapers, harrows,
grader, etc., and it is under-
stood that other machinery
and implements will be sup-
plied by the United States
government.

The plan now is to con-
struct this mile of road dur-
ing the months of June and
July, and while the work is
in progress a county road over-
seers convention will be held
in Nacogdoches, when the
question of better road work
will be discussed. This will
give every road overseer in
the county an opportunity to
discuss the demonstration
work, and thus get the bene-
fit of the knowledge and plans
of experts in road building.

This action of the commis-
sioners court is not only wise
and proper, but the money
thus spent could not be put to
a more profitable use. Good
roads will benefit every one
alike, and good roads cannot
be made without the expendi-
ture of money.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty. In order to keep their home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden. It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say: "I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it? Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Mr. Allan Seale has tendered his resignation as manager of the Hayward mill commissary, to take effect June 1.

SPLENDID SHOWING.

The Financial Condition of Nacogdoches County is Flattering.

There is not a county in Texas that is in better condition financially than is Nacogdoches county. Yet the tax payers and their officials are forced to put up with the poorest and most humiliatingly disgraceful court house and jail possessed by any other county in the broad state of Texas.

According to the report of County Treasurer W. E. Thomason for the quarter ending May 11, 1908, and approved by the commissioners court, the financial condition of the county is shown to be as follows:

Road and bridge fund	\$12,988.60
General fund	10,748.79
Road precinct fund	2,161.72
County land fund	8,586.86

Total \$34,425.97 From the above is to be taken enough to make good the following deficits:

Jury fund	\$8,140.51
School fund	334.54
Total	\$8,475.05

Leaving a cash balance on hand in the treasury of \$25,951.92. In addition to the above cash asset, there is in the hands of the treasurer \$25,000 in bonds which have been purchased by the county, and which are bearing from 4 to 6 per cent interest per annum.

And what is more to the credit of the county, it does not owe one cent, and its warrants are worth one hundred cents on the dollar.

Chronic Constipation

One who suffers from chronic constipation is in danger of many serious ailments. Foley's Orino Laxative cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Foley's Orino Laxative does not nauseate or grip and is pleasant to take. Refuse substitutes. Mast Bros. & Smith.

Talking About Us.

While Lufkin has been procrastinating, Nacogdoches has been moving in the matter of an annual county fair with good prospects of carrying the enterprise to a success. The Tribune has persistently advocated a county fair for the past five years, and while it may be said that both business men and farmers have heartily approved the proposition the tendency has been to procrastinate—to wait for the other fellow to start the movement and push it to completion.

Picnic at Appleby.

On May 30, 1908, there will be a free for all picnic at or near Appleby. Everybody invited to come and bring dinner. All candidates have a cordial invitation to be present with ready made speeches and well filled purses.

Some time ago the Baptists of Appleby undertook to build a church. To this cause a number of people subscribed liberally. As the new church was nearing completion it was struck by a violent storm and blown to pieces. Our funds are almost exhausted and we still have no church.

One of the several objects in having a picnic is to give every person in Nacogdoches county an opportunity to spend a day of pleasure in our midst, also to contribute some amount to the rebuilding of our church. So don't forget the day and don't forget your purse. If you live near by bring a basket of dinner.

Church Committee.

Attention Confederate Veterans. By request we call a meeting of all Confederate veterans to assemble at the court house next Saturday, May 23, at 1 p. m., to reorganize Camp Raguet No 620 and to send delegates to the Reunion at Birmingham, Ala. We can send as many delegates as we please. Fare one cent a mile, count both ways. Don't forget—Spread the word. John S. Doughtie, J. E. Mayfield.

Nacogdoches, Tex., May 13. Mr. A. D. Simpson, Agent Houston Live Stock Insurance Co., Nacogdoches, Texas.

Dear Sir: I have this day received \$112.50 from the Houston Live Stock Insurance company of Houston, Texas, in full and satisfactory settlement for my mule which died on May 4, 1908, and desire to express my appreciation of the speedy and entirely satisfactory manner in which this claim was handled, and can fully recommend your company to my friends as being perfectly safe and reliable. Yours truly, T. J. Pack.

DELICIOUS BANANA CREAM.

This recipe is highly recommended by one of our correspondents. Try it for dessert or supper. Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one teacup sweet cream beaten to a stiff froth, then add one 10c package of Lemon JELL-O dissolved in 1 1/2 teacups boiling water. Pour into mold and when cold garnish with candied cherries. Serve with whipped cream or any good pudding sauce. JELL-O is sold by all grocers at 10c per package.

A HOME CANNERY.

Mr. R. T. White Will Put up Ten Thousand Cans.

Mr. R. T. White, a progressive farmer and trucker, who resides six miles east of Nacogdoches, was in town today and carried out two wagon loads of cans for his home cannery.

Mr. White will put up 10,000 cans of fruits and vegetables this season, and he already has a market for his goods at a good profit.

He has 4 acres in sweet potatoes, 2 acres in tomatoes, 1 acre in beans, 3 acres in California peas and 3 acres in peaches, the product of which he will can for market. He will also put up about 300 cans of wild blackberries.

Mr. White says he has one acre in Irish potatoes now ready for harvest, and which he will ship.

A few more enterprising and progressive farmers like Mr. White and the trucking industry in Nacogdoches county will be a paying proposition.

Personal.

If any person suspects that their kidneys are deranged they should take Foley's Honey and Tar at once and not risk having Bright's disease or diabetes. They give the kidneys a stronger foothold and you should not delay taking Foley's Kidney Remedy. Mast Bros. & Smith.

Card of Thanks.

Please allow me to express my sincere thanks to those of my neighbors and friends who have rendered to me assistance and sympathy in my affliction. May the good Lord prosper them and bless them in my prayer. Respectfully, Bill Partin.

Colds That Hang.

Colds that hang on in the spring deplete the system, exhaust the nerve, and open the way for serious ills. Take Foley's Honey and Tar. It quickly stops the cough and expels the cold. It is safe and certain in results. Mast Bros. & Smith.

Money in Creamery.

The following dispatch recently sent out from Gainesville is reproduced not as an advertisement, but to show to the diversities and progressive citizens of this city and county that there is good money in creameries:

"The Acme Creamery Company of this city today shipped 1,000 pounds of butter to Havana, Cuba, for which it received a good price, and tomorrow will ship a half ton to New York. The creamery is turning out over 3,000 pounds of butter per week, and the output is all sold before it is made, and several large orders are now on file to be filled. Many fine milk cows are constantly being bought by farmers in this county, and the Gainesville creamery expects to soon become the biggest institution of the kind in Texas."

Broom Factory.

Garrison Gleaner.

The Gleaner office is being swept with a new broom now. It is the product of the Garrison broom factory, and in behalf of this new enterprise we wish to say that no better broom can be manufactured than are those they are putting on the market.

The management is running the factory on full time and about twelve or fifteen hands are given steady employment. The most modern machinery has been installed in the plant and it is not surprising that with expert workmen a first-class product is the result.

Quite a number of ears of broom corn will be utilized each year and the farmers around Garrison can raise this corn as well as the farmers of other territories can raise it, and thereby keep the money spent for the raw product at home, as well as that used in conducting the plant and received for the brooms.

It is a pity to see a person neglect indications of kidney or bladder trouble that may result in Bright's disease when Foley's Kidney Remedy will correct irregularities and strengthen these organs. Take Foley's Kidney Remedy at the first sign of danger. Mast Bros. & Smith.

Buy Texas Goods.

Texas people can help the movement to advance the development of Texas by insisting that their money must be exchanged for Texas grown and Texas manufactured goods. Keep Texas money in Texas, and as it accumulates, as it certainly will, it can then be used in the further development of the industrial and agricultural interests of the state. The dollar that goes to some other state seldom returns to the channels of Texas trade, says the Denison Herald, and there is a whole sermon in this paragraph. Texas has grown in wealth and prosperity largely through its agricultural products alone. The state is upon the eve of a great manufacturing industrial development which may be hastened and strengthened by the consumption of Texas made products by Texans.

How many people are smoking Texas made cigars, rolled from Texas leaf? Not many, and yet there is a scramble to get Texas tobacco, for it is known as the best raised in this country. Smokers are buying Texas leaf which has been shipped elsewhere for manufacture; just as they are buying Texas cotton which has been sent to the east to be spun and woven and are eating Maryland canned goods while there are potential millions of cans of fruit and vegetables in Texas soil.

Hearburn Comes From the Stomach

The heart is an organ that people are not inclined to trifle with, but a person may have fluttering of the heart, heartburn and similar troubles and yet have a perfectly sound heart. Nine times out of ten the disorder comes from the stomach through dyspepsia, constipation or some other digestive ailment.

So instead of taking heart cures or other such things that contain stimulants and narcotics, take a harmless but effective remedy like Dr. Caldwell's Syrup Pepsin which will correct the digestive disorder and in that way cure the supposed heart trouble. The remedy is guaranteed to do this, and you can obtain it of any druggist in 50 cent and \$1 bottles. As there are about 150 doses to the latter the cure will cost you but a few cents. The experience of Mrs. Knight, of Bellview, Tenn., in this regard should be of interest to all who suffer from heartburn, etc. She writes that for five years she suffered from indigestion and constipation from fainting spells, fluttering of the heart and heartburn. She couldn't eat meat or anything seasoned with meat. Dr. Caldwell's Syrup Pepsin was recommended to her and after a few doses the indigestion and constipation was relieved and the fainting spells and heart trouble soon disappeared. She takes a dose of the remedy after eating and now never feels any ill effects. She writes that she would be well for those who suffer in this way to do as she did and be cured. There is no question about Dr. Caldwell's Syrup Pepsin being the best tonic laxative and digestant at the disposal of the American people. It is gentle in action and pleasant in taste. It never grips. It is the ideal remedy for stomach, liver and bowel complaints, and acting on the gastric system is especially recommended to children, women and others who cannot stand the violence and griping of salts, purgatives and cathartic tablets.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin have a free sample sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim and is only open to those who have never before used it. If you have any symptoms of stomach, liver or bowel disease, contact our office for a free trial. Send for it now. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." The product bears every guarantee No. 17, Washington, D. C. **PEPSIN SYRUP CO.** 118 Caldwell Bldg., Monticello, Ill.

Mr. Burrows on Road Question.

Editor Sentinel. Nacogdoches, Texas, May 18.—I have read in your paper some time ago for the candidates for county commissioner giving their view on the road question.

I think that is a serious question. I am in favor of good roads and bridges first, last and all the time.

I am in favor of working the county convicts on the public roads four months in the year; we will say June, July, August and September, then take them off. That will give time for the roads to pack before the winter rains set in.

I am in favor of the county furnishing tools to work the roads, such as plows, scrapers and picks. I favor doing away with those plank culverts and using something that when put in, will last, as lumber will soon rot them. I favor in sections where the overseer and hands cannot fix a section of road, the county helping fix it. I favor the roads being rounded up and ditched where needed, as keeping the water out of the road is the main thing. As for the split log drag, I never have seen one and I never condemn anything until I have seen it tried, as I favor anything that can be used for the betterment of the public roads with economy. These are a part of my views.

That's a fact, they are all talking about it. And by the way they are all invited to the fair.

The Arlington Journal speaks in defense of the Merry Widow hat in this strain: "The 'Merry Widow' hat is the sanest piece of headgear ever effected by woman. It protects the face of the wearer from sun, and leaves it still uncovered for the admiration of all who worship at the shrine of lovely woman. Also, the Merry Widow has served a useful purpose in that it makes it necessary for women to remove their hats at church. Before the fashion has passed, it will have created a custom that has been in demand these many years." The same thing could have been said once upon a time about the old sundown.

The following beautiful tribute by the late Benjamin Hill of Georgia to Robert E. Lee will forever remain a classic and is as true as it is beautiful: "He was a foe without hate; a friend without treachery; a soldier without cruelty; a victor without oppression, and a victim without murmuring. He was a public officer without vices; a private citizen without wrong; a neighbor without reproach; a Christian without guile. He was a Caesar without his ambition; Frederick without his selfishness and Washington without his reward. He was obedient to authority as a servant, and royal in authority as a true king. He was gentle as a woman in life; modest and pure as a virgin in thought; watchful as a Roman vestal in duty; submissive to law as Socrates, and grand in battle as Achilles.—Ex."

The Plan is Feasible.

Beaumont Journal.

A citizen of Nacogdoches is out in a letter to The Sentinel of that city with a plan for the manufacturing of good roads which he claims has them all beaten. His plan is to mix sand with clay in such proportions that the bad qualities of the clay will be removed in both dry and wet weather, the sand thus used becoming an integral part of the clay and thus creating a roadbed unequalled for the rural communities of the county.

The plan of The Nacogdoches men is one that sounds feasible from the start. Clay will make an excellent foundation for a road as can be found anywhere. After it has been toned down, the sand could be worked into it and in that way a sandy but hardened surface would be presented to the traveler regardless of weather conditions.

FOR BETTER ROADS.

Another Candidate for Commissioner on Roads and Bridges.

Editor, Sentinel.

Seeing that others are writing on the road and bridge proposition, will here express my views on the subject.

I want to say, first, there is more to do than is being done.

Second, our citizens must be shown the great necessity of better conditions of roads and bridges before these can be accomplished.

I for one advocate, and did before I was a candidate, better roads. There ought to be a considerable improvement on the roads and can be if the right view is taken. The road overseer in working should mound up and ditch wet or marshy places to give proper drain. This, of course, would be a start.

Then it is the commissioner's duty to see that proper levying and draining is done on all roads under his jurisdiction. Then again, if the road law was enforced as it should be, we could count on better roads, for we have a good road law. We are all compelled to admit this law is not enforced. If the voters of this beat—No. 4—elect me I expect to enforce this law and see that it is enforced; and further, to give such time as is allowed to the betterment of our public roads.

It is common to hear of some special road or hill that is going to be worked. I advocate and have all the time that I expected to see to all the roads, not just one or two, but all alike. I have no favorites but will feed all out of the same spoon.

Again if there is work to be done on roads by the county, give such work to hands where work is to be done instead of some favored few; then each road or precinct gets its prorata of the money.

The bridges must have some time also. It is my intention (if elected) to look after the bridges and keep them in good condition, not just a few but all alike. When there is bridge work to be done, I shall give it to a man or men living near the work, if said man or men will do such work as cheap or cheaper than some one else, as I think it right to scatter such work, as before mentioned, about roads and thereby have no special bridge builder.

Now neighbors and friends, these are some of my thoughts, and being a citizen of this county and beat for fifty years, and living a humble law-abiding citizen all of my life, I appeal to you as voters to give me a liberal share of your votes. I promise you in advance that if I'm elected commissioner of precinct No. 4, I will perform my duties to the very best of my knowledge.

Believing you will be loyal to a friend in need, I beg to remain true to my word. Hoping to see you all as soon as is convenient, I am,

Yours respectfully,
C. H. Walker.

Relief for Linden.

The town of Linden, county seat of Cass county, was

almost entirely swept away by a cyclone a few days ago, and several people were killed and numbers were injured. The survivors are in destitute circumstances and are appealing for help. Rev. J. H. Bates, superintendent of the Linden public schools.

"The Old World and Its Ways."

By William Jennings Bryan.

This remarkable book of 575 pages, voluminously illustrated and elegantly bound, has been issued by "The Thompson Publishing Company" of St. Louis, Mo., and is sold by subscription.

We would advise our young friends who are out of employment to seek the agency and canvass for this book. It is certainly one of the most readable, entertaining and edifying volumes we have read in a long time. It was almost like retracing our first trip around the world, with less than one thousandth of the money and one-hundredth of the time required for our "first trip."

The great problems of civilization, religion, philosophy and government in Japan, China, the Philippines, India, as well as Europe, are presented in a clear light by a great brain.

Mr. Bryan was accompanied on this trip by his wife and two younger children, William J. Jr., and Grace, aged 16 and 14, respectively. They started September 21, 1905, and reached home September 2, 1906, sixteen days less than one year. While most of this trip was in the North Temperate Zone, they were below the equator a few days in Java, and for a while above the arctic circle in Norway.

This book ought to be in every home where there are boys and girls with brains and promise.—Christian Advocate.

Them Words was Latin.

Farmer Wilson, secretary of agriculture, recently called in the architect of the new agricultural building at Washington and a conversation followed, thus: "Goddard, what is the meaning of that word, Fructus which you have carved out there on a pillar?" "Why, Mr. Secretary," said Goddard, "that means fruit." "Oh, does it! And you pay by the letter for that carving?" "Yes, I believe so." "Well, why not carve the word fruit, instead of fructus?" "Oh, but that is not classic!" "But it is understood!" "Certainly." "Well, I now request you to cut out the words Fructus, Cereales, Forestes, Flores, and carve instead the words fruits, grains, woods and flowers in their places. That is all at this time!" and farmer Wilson went out to gather the eggs and drive the ducks to water.—Mail and Breeze.

HOME MADE SPOON.

One Made From Moulds With Interesting History.

Uncle June Harris brought to The Sentinel office Tuesday a large tea spoon, which was made from old moulds that have an interesting history. With the spoon Mr. Harris left this statement: "Editor Sentinel.

"This specimen spoon is from moulds whose existence can be traced back to the infant days of Gen. Jackson. They were originally in the possession of the elder Partin paternal of the Thomas, John and George branch of that family. They were originally brought by their ancestors from North Carolina to Middle Tennessee, to Georgia, and thence to Texas. These moulds are now in the possession of Mr. John Muckleroy and wife, who moulded five of these spoons at the request of the John M. Partin family. John Muckleroy's wife was a Meeks and a descendant of the original Partin, owner of these moulds, on the maternal side. Politics plays powerful pranks, and peculiar, and in the late "unpleasantness" the paternal part of the Partin prong of the family felt themselves anti-Bailey and the "maternal" side "bewilderingly" Bailey. Two of these specimen spoons are to be presented to the two anti-Bailey papers in the county as reminders of the "rectitude" of old residents, and as a "souvenir" to scribes that stood staunch and straight, as this side suffered in the strenuous struggle. Now let some of the Bailey boys "boom" the other "papers" if they "ain't" satisfied with their "meager majority."

The Sentinel appreciates the gift, even if it did come too late to be used by the anti-Bailey champions in the office in eating their dish of crow.

In Memoriam.

On last Monday, the 11th inst., at 9 a. m., many hearts were made sad when death invaded the home of Mr. Will Partin and claimed as his victim the wife and mother. Miss Annie I. Mosby was born in Levy county, Fla., March 26, 1868. Her parents came to Texas in the year 1875, and since that time she has lived in and around North church community. She was happily converted in 1888 and united with the Bethel Missionary Baptist church near Appleby. On Jan. 22, 1891, she was united in the holy bonds of wedlock to William Partin. She leaves a husband and five children to mourn her loss.

Her remains were laid to rest on last Tuesday afternoon in the North Church cemetery. The large congregation of relatives and sympathizing friends that attended was evidence of the high esteem in which she was held. In her departure our community has sustained a great loss, but with assurance we can say: "Our loss is heaven's gain." She faced death calmly and fearlessly, and passed away in the full triumph of a living faith in God. She possessed many

excellent traits of character. In her domestic affairs, her wise counsel, keen business sense and good management was a source of strength to her children and companion. She was a loyal wife and a devoted mother. If any were sick in the community she was always ready to lend a helping hand.

Bereaved ones, while the burden of life seems harder to bear since mother has gone, but the goal that she has reached, may it be yours to reach. Let the words of assurance spoken by her dying lips cheer you along life's journey. Prepare to meet her and some sweet day the clouds will be rifted, an open gate will be entered, heaven will be yours, mother will be yours again. Written by her request.

A. T. Garrard.

From Fair View.

May 19.—Spring is almost gone and summer will soon be here with its many enjoyments for every one.

A nice rain fell here last week. It was appreciated by all, the crops needed it.

S. P. Smith attended church at the Hayward mill last Sunday night.

Misses Attie Weaver and Maude White spent last Wednesday with Miss Emma Gaston.

Miss Evie Skillern spent the past week at Lutkin, visiting friends and relatives.

Little Miss Thelma Gray of Chireno spent the past two weeks in our midst. We enjoyed her company very much and hope she will come again in the near future.

Mr. Leonard Koonce of Martinsville spent last Saturday and Sunday with Mr. and Mrs. Joe Stribling.

Mrs. Mollie Chapman's health is not improved much at the present.

Miss Lelia Skillern, who has been at work at Lutkin, has come home to stay a while.

Mr. Jewel Smith and Matt Coats attended a party at Mr. John Scott's last Friday night. They reported a good time.

Mr. and Mrs. John Haltom's little daughter, Winnie, is visiting Mr. and Mrs. C. T. Haltom.

Mrs. Frank Hulse's little daughter, A. Hasel, last Saturday and day here.

Our school closed last day and our teacher, Miss Evie Gray, bid us adieu and left for her home at Chireno. It made us feel sadly to part with one whom we have been in contact with for the past eight months, but we hope we will have the opportunity of being her students again, for we feel that we have been greatly benefited by her being with us. We are sorry that only a few held out faithful until the close of school. Parents, all should take better interest in the school, for the success of this community depends upon the girls and boys. So let us all take better interest in school and amount to something in life.

OBSERVATION FROM OVERSEER.

Endorses Suggestion for Overseers Convention and Picnic.

Editor Sentinel.

I am greatly pleased with the action of the the commissioners court as to the experimental mile of work to be done on the lower road leading from here to Melrose, to begin at the Eggnog branch, nearly two miles east of here, and extend eastward, reaching as I understand it beyond Lige Acree's place, which is exactly three miles from town.

Now that's fine, but let us do a little better and have a big picnic on the Eggnog branch just at the right time and place during the work; a road overseers' convention, speaking in the air, basquing in the shade and eating from baskets on the ground.

Mat Muckleroy can handle the whole job. Dock Burrows and Bill McKnight will help of course, and so will Bob Fain, all being candidates for commissioner, and they can work other candidates into it.

That \$2000 price for a mile looks too big. It is more than a dollar a yard—760 yards make a mile—not quite enough to pave a mile with Garrison brick, nor as much as grading a railroad. But we need good roads and they are worth a good price. They pay well.

I invite others to write what they think.

Overseer.

From Campbell Shool House.

May 18.—A heavy rain fell here today, accompanied by hail.

The singing Sunday afternoon was a success in every respect, as we had Prof. W. E. Feazell with us. Mr. Feazell promised to come again. We are always glad to welcome him in our singings. Mr. T. E. Blackshire and wife of Appleby visited the singing also.

There was cream served at Mr. Clayton Blake's Saturday evening, Mr. R. W. West and family being present, and from reports they had a swell time.

Mr. G. W. Falkner went fishing this afternoon. He says it was not his fault because he caught little ones,

large ones would not bite. A writer can hear the shrill of Bird's saw mill.

It makes us think Mr. Bird is doing business in the same good old way.

Mr. Dave Burroughs, our census trustee, is rounding in the children's ages. He says he knows his business and will not work a hardship on our superintendent.

There has been much said here of late about good roads. We understand the commissioners' court has appropriated two thousand dollars to be used in constructing one mile of road on the San Augustine road to demonstrate the building of good roads. We would like to know the cost of the remaining miles of roads that needs to be constructed in the county and whether Mr. McKnight's "split log drag" will be of any value on the roads, and what would be the cost to drag it over the roads after every rain, if the rains come like they are at present! Yours for better roads. Farmer.

PASS BILLION MARK.

Sixtieth Congress Eclipses all Records in Appropriations.

Washington, May 18.—The Sixtieth Congress will earn the title of the "Billion Dollar Congress" at its first session and before adjournment is taken at the end of this week it is estimated that the total appropriations will reach the enormous sum of \$1,026,000,000, which is said to be the largest ever appropriated at a single session. The appropriations are for the fiscal year, which begins July 1, 1908.

It is too early to give anything like an accurate estimate of the revenues of the government during that period of 12 months, but numbers of the appropriation committees think they will run somewhere between \$850,000,000 and \$900,000,000. This would mean a deficit of between \$125,000,000 to \$175,000,000.

Chairman Tawney of the house of representatives committee warned the house that the deficit would reach \$150,000,000, and if this prediction is fulfilled the surplus now in the treasury would be wiped out by June 30, 1909, inasmuch as at the end of this fiscal year there will be a deficit of between \$60,000,000 and \$65,000,000.

Rapid Rise.

The rapid rise of the Tyler Commercial College of Tyler, Texas, in public favor is shown by tremendous number of students enrolling from over half the states in the Union. Graduates of this famous institution holding good salaried positions are receiving enormous dividends on the money they paid out only a few months ago for their practical education. Buy a scholarship for a course of Bookkeeping, Business Training, Shorthand, Typewriting or Telegraphy in this institution; it will prove the best investment of your life. There is absolutely no speculation in buying a scholarship for one or more of these courses, they are worth over 100 per cent on the dollar. The valuable knowledge obtained while in this practical school will be a benefit throughout life. Shrewd, farsighted business men, before signing any contract, should take advantage of the opportunity of buying a scholarship for one of the courses of the Tyler Commercial College graduates for their offices; they realize their training is modern and thorough.

The famous Byrne Simplified Shorthand which we teach is as simple as A, B, C, and complete from A to Z. It meets the needs for rapid work with speed to spare; it fits into any business as though it were made to order; there is nothing but what can be written readily and read with ease with the Byrne Simplified. It has overturned all shorthand traditions and precedents, broken all records in the shorthand world—set up a new standard of results.

The Byrne Practical Bookkeeping and Business Training is equally superior to other systems as is the shorthand. Keep your eye on

the Famous Byrne Simplified Shorthand and Practical Bookkeeping until you master a thorough course. It does not cost as much to get these modern, practical systems in a school with a world wide reputation as it does inferior systems in other schools. Write for beautifully illustrated catalogue containing convincing facts of the superiority, of the systems and methods used in qualifying our students for the best positions and of placing our graduates in them. Our telegraphy department is the only one in this state that teaches Station work by means of train wire of a trunk line railroad and the use of every blank used in their freight and passenger work. Address Tyler Commercial College, Tyler, Texas, for catalogue stating which of the courses you are interested in.

Candidates Take Notice.

For the benefit of all candidates who expect to submit their names in the July primary election, I wish to say that Section III of the election law requires that each candidate for a county or precinct office shall file with the county chairman of the county, not later than the Saturday before the third Monday in June, (June 13) a written request for his name to be printed on such official ballot as a candidate for the office named therein, giving his occupation and postoffice address. And each request to be signed and acknowledged before some officer to take acknowledgment. Bear in mind that this must be done on or before June 13, and in writing and duly acknowledged, otherwise your name will be left off of ticket.

Very Respectfully,

S. W. Blount.

Speaking at Etoile.

At 1:30 Saturday evening, May 23, there will be a lecture delivered at Etoile by H. F. Marr, on the necessity of the workers of the world organizing, especially the farmers. We want everybody to hear this lecture. Be sure and come out. Mr. Marr is an eloquent and forceful speaker, and will certainly entertain and interest you.

A. A. Burnaman,

Sec. Etoile Union.

REV. FOWLER IN TOWN.

Well Known Nacogdoches Minister Talks of the City.

Beaumont Enterprise.

Rev. T. W. Fowler of Nacogdoches, one of the best orators of Texas and one of the most successful ministers on the platform today, passed through the city last night on his way to Louisiana.

It was Rev. Fowler who led in the religious campaign at Merryville a few days ago, which meeting resulted in 114 accessions to the church and a general uplifting of forces and setting of morals.

When seen by a reporter at the Crosby, Rev. Fowler said: "I am glad to be in Beaumont—if its only to pass through. This is a charming city and in the distant countries where I have been Beaumont ranks as a city clean, clear, open, wide-awake, thorough-going, full of business and populated with as good people as are to be found on this earth.

Her magnificent buildings, streets, large mercantile establishments, strong banks, together with its great manufacturing interests calls for the stopping of capitalists, while its modern homes, large churches of architectural beauty, and great schools attracts the home-seeker.

"I consider Beaumont one of the great cities of the south."

For Constable.

E. L. (Ed) Hobbs of Woden is announced as a candidate for constable of Precinct No. 3 of Nacogdoches county, subject to the action of the Democratic primary. Mr. Hobbs is well qualified for the position, and promises if elected to perform his official duty as the law directs.

Valued Same as Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight if afflicted with constipation, malaria or biliousness." Sold under guarantee at Mast Bros. & Smith.

Fats and Leans.

Everybody is resting up for the sensational game between the Fats and Leans at the new ball park Friday afternoon. The game will be played for the benefit of the Cemetery Association, and the attendance promises to be a record breaker.

Trains Delayed.

Report reached the city yesterday afternoon that the water was running over the H. E. & W. T. railroad bridge on the Angilena river, and that the T. & N. O. Angilena river bridge had been washed away. Both reports proved to be untrue, but considerable damage was done to both roads by washing and caving of the road-bed by the high water.

Angilena river is said to have been higher than in years, even surpassing the historic June flood of 1903.

Trains are passing over the dangerous points today, but are still somewhat delayed by reason of having to run on slow time.

FARMERS & MERCHANTS STATE BANK

OF NACOGDOCHES, TEXAS

Now Open for Business.

OFFICERS:

W. B. McKnight	P. C. Meador	Dr. A. A. Nelson
Joe P. Clevenger	Kempners of Galveston	

These are the people who own this bank and they are its managers. Their standing assures the bank's integrity and safety.

Our bank is under direct supervision of the State of Texas. The State is our boss and gives us rules to go by. The State sends examiners to our bank several times a year and they make a thorough inspection of it and make their sworn report. Besides that our directors have to publish a report of our business at different times during the year, under oath, consequently they have to keep posted on what the bank is doing. Look at the list of our stockholders. They are a safe crowd to handle your money, and they solicit your business.

Come in and get acquainted.

Great Names Getting Scarce.

"I understand Mr. Sogback, that you have bestowed some rather peculiar names on your children?" said the inquisitively inclined tourist from the North. "I believe you have the family a William, a Jilliam and a Brilliam?" "Eh-yah?" replied a prominent citizen of the Polkville, Ark., neighborhood. "You see, it's sorter been our custom, wife's and mine, to name our children after great men—give 'em something to grow up to, as you might say."

"Cordingly, of several of the later ones, one is William J. Bryan Sogback, the next Bryan J. Williams, then Brenning J. Ryan, and since then we have complicated 'em as well as we could by adding a Jilliam W. Billings, and a Brilliam J. Wennings, and if things don't sorter let up, pretty soon there's no telling whur we'll be eventually driven for names. Since we got through using Thomas Jefferson, John C. Calhoun, Andrew Jackson, Henry Clay, and so on, and such of the Confederate generals as we specially liked, there ain't been any great men in the Democratic party that we could turn to, outside of William Jennin's Bryan. Commonly, you know, the great men come and go sorter; but in these days Bryan, he pears to be always with us, and there ain't no others."—Puck.

Shady Grove Siftings.

May 18.—The health of the community is very good with the exception of S. S. Arthur, who is on the sick list. General Green seems to be getting the upperhand of the farmers, owing to so much rain. We had a heavy rain and a shower of hail today. But so far we haven't heard of any damage caused by the hail.

Rev. Craven failed to fill his appointment yesterday. We suppose owing to the rain.

The young people enjoyed an ice cream supper at the hospitable home of Mr. and Mrs. M. Day Friday night.

Miss Ella Blacksher of Pisgah is visiting the family of Mr. W. T. Weaver this week.

Mr. James Cox, has purchased himself a new organ and says he needs some one to play it. Look out girls!

The society was well attended Saturday night. The subject discussed was, Resolved, That the thief is to be more dreaded than the liar. The judges decided in favor of the affirmative.

Mr. Ed Greer of Campbell community was in our midst Saturday night.

Mr. R. C. White is taking subscriptions to build our new schoolhouse.

BAND CONCERT.

New Band's First Appearance Next Friday Night.

About four months ago the Nacogdoches boys being able to secure Prof. Cruz to instruct them, organized a band, and something like \$3,000 worth of instruments were ordered. The boys went to work with the determination to learn and they are surprising themselves by giving a concert after four months instruction and practice.

The band consists of 30 pieces, all of the highest class Conn instruments.

All citizens should come out next Friday night and help the boys as they are giving this concert and others, which will follow later to secure money to buy uniforms.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and excite the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

THE CIGAR FACTORY.

Nacogdoches Cigar Company Has Turned a New Leaf.

There has been a reorganization of the Nacogdoches Cigar Company, and a new leaf is turned. Dr. J. E. Mayfield has taken full control of the business, being president and general manager.

He says there is already on hand a large stock of their manufactured cigars, every variety except shoddy, and so there is no need to rush the factory just now, but manufacturing is proceeding in a steady, sure way, and will be increased as rapidly as is consistent with business principles.

The tobacco crop in this county is reported as in good shape. Too much rain has fallen but the prospect in general is fine and the farmers are gaining confidence in the industry.

Boys Will be Boys

Apply Ballard's Snow Liniment according to directions right away and it will relieve the pain and heal the trouble. Price 25c, 50c and \$1.00. Sold by Mast Bros. & Smith.

Parties interested should not forget the special term of the district court, which convenes May 25, Judge E. A. McDowell of Beaumont presiding.

When a man writes as follows don't you think he means it? Mr. S. G. Williams, Powderly, Texas, says: "I have suffered for years with kidney and bladder trouble, using every preparation I came across and taking my prescriptions all without relief until my attention was called to Pineules. After 30 days' trial (\$1.00), I am feeling fine." Money refunded if not satisfied. Stripling, Haselwood & Co.

Louisiana Fair.

The general assembly of Louisiana will be called upon to set aside several thousand dollars to promote parish fairs throughout the state, and there is every reason to believe that the request for these funds will be granted. At a conference of Parish fair officials held at Minden a few months ago resolutions were adopted to the effect that each parish association start a petition addressed to the legislature asking for \$10,000 for an educational and machinery building at the State fair, \$5,000 for annual premiums at the State fair and \$10,000 for premiums for the parish fairs. Since that meeting petitions of this character have been completed practically every parish in the state and there seems to be no objection to the movement.

Do You Itch?

If so, you know the sensation is not an agreeable one, and hard to cure unless the proper remedy is used. Hunt's Cure is the king of all skin remedies. It cures promptly any itching trouble known. No matter the name or place. One application relieves—one box is absolutely guaranteed to cure.

COMFORTING WORDS.

Many a Nacogdoches Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Nacogdoches readers.

W. D. Price, merchant of Lufkin avenue, Lufkin, Tex., says: "For the past two or three years I have been troubled considerably off and on with a dull aching in my back, caused, I believe, by a cold or strain. I tried several remedies, but without effect. Hearing of Doan's Kidney Pills I procured a box. Finding great relief after using the first box I purchased a second and since finishing this I have felt no return of the symptoms and have no hesitation in recommending a remedy like Doan's Kidney Pills. They act just as represented."

Wanted on Two Counts.

Sometime ago Buford Cleland and his wife arrived near Cleverger to visit relatives. Mr. Cleland acted in such manner as to excite suspicion on the part of Ex-Sheriff T. E. Buckner. Mr. Buckner instituted inquiry, and he learned that Mr. Cleland had come from Gilmer, Upshur county. He wrote the sheriff and told him of the man's whereabouts. By return mail Mr. Buckner received two warrants for Cleland and Thursday he arrested the man and turned him over to Sheriff Blackburn, who placed him in jail. The officers at Gilmer were notified and they are expected to come for him tomorrow.

Mr. Wm. H. Anderson, M. D., of Soda Springs, Ida., says that Bees Laxative Cough Syrup has relieved coughs and colds where all other remedies failed. A Treatise on Horse Collars

BOTH men and horses wear Collars. The difference is not only in size and character, but a man can select a fit—a horse can't. Therefore the necessity for good judgment in buying the equine kind. A cheap, badly stuffed collar of inferior leather will not only harm a horse's skin, but break in important parts before it has been in use, maybe, a couple months.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and state its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce, being desirous of having the search light of investigation turned fully upon his formula, being confident that the better the composition of his medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-over coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" on time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

REPUBLICAN CONVENTION.

Delegates Selected to National Convention at Chicago.

From Thursday's Daily:

The republican convention of the second congressional district met here today in the opera house.

Prior to the convening of the convention the executive committee met to consider contests. There were contests filed from Jefferson and Harrison counties, and it is said that a vigorous fight was made by each before the committee and both were rejected.

When Chairman E. G. Christian of Batson called the convention to order at 11 o'clock, Postmaster Jas. P. Sargent of Orange was elected secretary, and the usual committees on credentials and resolutions were appointed.

After some deliberation the committee on credentials reported, endorsing the action of the executive committee on the contests, and the report was adopted.

The committee on resolutions submitted a voluminous report, endorsing Roosevelt's administration and the Dingley tariff bill, as well as the policies of Col. Cecil A. Lyon, and instructed the delegates

to the National convention to vote for his re-election, as national committeeman for Texas. The report also instructed the delegates to vote for the nomination of Wm. H. Taft for president.

The following delegates were selected to the national convention: E. G. Christian of Hardin county, and D. H. Morris of Shelby. Alternates, J. H. Howard, colored, of Cherokee, and Joe Williams of Jefferson.

J. H. Kurth of Angelina was selected presidential elector, with J. C. Reynolds of Jefferson as alternate.

The convention then adjourned.

After the convention adjourned, the delegates were called to order by Hon. R. H. Dunn, collector of customs at Port Arthur, and the following was adopted:

Whereas, The Republican party of the 2nd congressional district of Texas being desirous of more numerical strength and the further education of the people in the soundness and wisdom of the great principles of our party, therefore, be it

Resolved, That we the Republicans of the 2nd congressional district of Texas in convention assembled do hereby organize the Second Congressional District Republican club and hereby elect Mr. E. G. Christian of Hardin county and Mr. H. M. Smith of Jefferson county to act as president and secretary respectively of said club for a period of two years or until their successors shall be elected by said club. Resolved, further, That the object and purposes of the organization of said club is to promote the interests of the republican party, and to work at all times in harmony with the party. That the membership of said club shall consist of men who are qualified voters and who will support the republican ticket in the general and state elections. That there shall be a county president in each county in the district, to be appointed by the district president, to serve until his successor is elected by said county club. That the district president

and one county president from each county shall constitute the executive committee or legislative body for said club, and that each county club is authorized to promulgate rules for the government of said county club subject to the approval of the president of the district.

That it shall, among other things, be the duty of precinct clubs to distribute literature treating upon the principles of our party, and use all honorable means to promote the success of the republican party.

METHODIST MISSIONS.

Interesting Notes From the Home Mission Field.

The Church Extension Board reports 5660 pastoral charges and 4673 parsonages, making 987 charges without a home. Yet there is an increase of 82 parsonages over the preceding year.

The week of prayer offerings for this year will be given the Home Mission and Training School at Dallas. Last year it was given to the Vashti Home for Friendless Girls at Thomasville, Ga.

The Woman's Board of Home Missions met last month in Louisville, Ky. Miss Belle Bennett, the president, gave quite an encouraging report. There was a steady gain in all departments. Our schools are prosperous and many of the buildings will have to be enlarged to accommodate the increasing number of pupils.

The most gratifying feature of the entire work is the number of students that have entered the training schools this year. Twice, perhaps three times as many young women will complete the required course next year.

The Board voted to establish a bureau of immigration work, to be called the "Sam Jones Immigrant Bureau," at Galveston, where the largest number of immigrants are received into the South. An immigration station of the size of the one at Ellis Island is now in process of construction.

The Nacogdoches Auxiliary is furnishing reading matter to the prisoners in our jail. Mrs. George Eason has charge of the work.

WADE TO TOUR TEXAS.

Will Preach Gospel of "Fewer Laws, Better Laws."

Fort Worth, Tex., May 13. —Homer D. Wade, secretary of the Stamford Commercial Club, has been granted a leave of absence for thirty days by the directors of the Stamford Commercial Club and will tour the state of Texas preaching a commercial gospel of "Fewer Laws and Better Laws."

Mr. Wade was elected State organizer of the Texas Commercial Secretaries' Association at the meeting of the advisory committee in this city last Wednesday and has opened his headquarters in the offices of the Association in the Wheat building in this city. Mr. Wade's itinerary has not yet been completed but he will make most of the larger cities of Texas organiz-

ing the agricultural and commercial interests and encouraging activity in commercial club work throughout the state. This work initiates a forward movement which will be carried on persistently until "Fewer, Better Laws" becomes a household word in Texas and finds its way into our statutes.

Mr. Wade was the first president of the Texas Commercial Secretaries' Association and was largely instrumental in building up the organization to its present state of efficiency. He has been associated with the movement for conservative legislation from its inception, and is thoroughly familiar with every phase of its development. It was the Stamford Commercial Club which gave to the State Association the slogan, "Fewer Laws, Better Laws." Mr. Wade is especially qualified for the work assigned him.

TO BUILD A MONUMENT.

Daughters of Confederacy to Erect Shaft in Nacogdoches.

Mrs. Bolivar Williams was hostess to the Stone Eort Chapter of the U. D. C.'s Friday afternoon. A great number of ladies responded to roll call.

A talk or quotation on "Adversity" was given.

The Chapter voted to send \$25.00 to "the Old Woman's Home." No better way could be found in which to invest this money than to add to the comforts of these dear old widows of "Our Soldiers in Gray."

Then after an enthusiastic discussion, it was decided to erect a monument to the confederate dead. Other towns with no more ability than Nacogdoches have monuments that show how the present people venerate the memory of those men who gave such valiant service to the Southland and to remind the children of the future that we were overpowered but not conquered. There are many beautiful lots in Nacogdoches that would be made more beautiful by such a marble shaft. How very attractive the plaza could be made by this and other adornments.

An interesting program was carried out. A talk by the president, Mrs. P. C. Meador on "The Elevating Influence of Memorial Day;" "A Tribute to Lee" by Mrs. R. K. Smith; one of Lee's earlier poems read by Mrs. Bolivar Williams; a poem, (original), "Why We Should Build a Monument," by Mrs. Dotson.

The hostess served her guests with fruit nectar and cake that was delicious.

No more pleasant meeting has ever been enjoyed by this organization.

Mrs. C. W. Butt's friends will be gratified to hear that her report as chairman of club extension work was pronounced one of the best made and also that she was highly complimented on her successful work in the promotion of Mother's clubs, and because of this good work the motion was carried to add to the list of standing committees a Mothers club committee.

Suffering Ladies

are urged to follow the example of thousands of their sisters and take Cardui. Cardui is a non-mineral, non-intoxicating medicine for women. It is for sick, weak ladies, with sick female organs.

TAKE CARDUI
It Will Help You

It is a genuine, curative medicine, that builds up the female system and relieves female pain. Mrs. M. A. St. Clair, of Eskdale, W. Va., writes: "Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."

S.S.S. HEALS SORES

No old sore exists merely because it is diseased at that particular spot; if this were true simple local applications would heal them. Whenever a sore or ulcer refuses to heal readily, the blood is at fault; this vital fluid is filled with impurities and poisons which are being constantly discharged into the place, feeding it with noxious matter and irritating and inflaming the nerves and tissues so the sore cannot heal. These impurities in the blood may be the remains of some constitutional trouble, the effect of a debilitating spell of sickness, leaving disease germs in the system, or the absorption by the blood of the fermented refuse matter which the bodily channels of waste have failed to remove. Again the cause may be hereditary, the diseased blood of ancestry being handed down to posterity; but whatever the cause, the fact that the sore will not heal shows the necessity for the very best constitutional treatment. There is nothing that causes more worry and anxiety than an old sore which resists treatment.

Every symptom suggests pollution and disease—the discharge, the red, angry looking flesh, the pain and inflammation, and the discoloration of surrounding parts, all show that deep down in the blood there are morbid and dangerous forces at work, constantly creating poisons which may in the end lead to Cancer. Local applications are valuable only for their cleansing and antiseptic effects; they do not reach the blood, where the real cause is located, and can therefore have no real curative worth. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the poison-producing germs and morbid matters which are keeping the ulcer open. It removes every particle of impurity from the circulation and makes this life-stream pure, fresh and health-sustaining. Then as new, rich blood is carried to the place the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the sore or ulcer is well. S. S. S. is the greatest of all blood purifiers and finest of tonics, just what is needed in the treatment, and in addition to curing the sore will build up and strengthen every part of the system. Special hook on Sores and Ulcers and any medical advice desired furnished free to all who write. THE SWIFT SPRING CO., ATLANTA, GA.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel, and having on a blue woolen stocking the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of, but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore. JNO. We are pleased to inform the numerous friends of Mrs. T. J. Roquemore that she is greatly improved from her serious illness.

Dr. Adams Coming.
On account of sickness Dr. Adams; the eye specialist, was unable to make his dates in Nacogdoches last month, but he will be sure to meet his next engagement. Watch for his dates.

John Schmidt returned yesterday from a business trip to Tyler.

Miss Clara Cronkrite returned to Lufkin today, after a few days visit to her mother.

Miss Evie Skillern returned yesterday from a several weeks visit to Lufkin.

Hall Hayter returned yesterday from a two weeks stay in Marlin and Mingral Wells.

J. J. Ogg and family left Sunday for Houston, where they will make their future home.

John Grimes left today for points in New Mexico after a weeks' visit to relatives and friends here.

Mrs. W. M. Young and little daughter, Lucile, returned yesterday from a visit at Cushing.

The best bargains in Nacogdoches are to be obtained at A. Zeve's during his mid-season discount sale.

Mrs. W. C. Lay, who has been visiting her mother, Mrs. J. V. Hanks, left this morning for her home at Noble, La.

"Start Young"

To train a child into good habit. There is no habit that will add so much to the good character, the general happiness and thorough contentment of a life is the good habit of "saving." The best way to start this habit is by opening an account "at this bank" for the child. The child will become as interested in watching this account grow as it would be with a toy. This interest will harden into a habit, and the habit into character. You can open an account at this bank for your child with as small an amount as One Dollar if you like. Better come in today and do this.

The Nacogdoches County Normal
We wish to say a few words to the teachers of the county in regard to the normal. There are a great many reasons why the teachers of this county should attend the Nacogdoches summer normal, but will only call attention to two or three.

First, every teacher owes the children he teaches a thorough preparation. No teacher should be satisfied to go into the school room and take of a human soul to teach, train and prepare for life's battles without special preparation himself. Teacher, you deal with human souls, and the Creator will hold you responsible for your work. You can't afford not to make progress in this work. Come to the normal and better prepare for this responsibility.

Again, if Nacogdoches county schools are ever built up, the teachers must help. The place to help do this is at the normal. Before the schools can be built up, the teacher must build himself up. The normal is the place to do this.

I shall expect the teachers of this county to help me to make the schools of old Nacogdoches county second to none in the state. In this expectation do not disappoint me, but come to the normal, and prepare yourself to raise the county educationally to a higher plane.

Yours truly,
R. W. Tillery.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs, and chest. Sold under guarantee at Mast Bros. & Smith's drug store. 50c and \$1.00. Trial bottle free.

Rev. J. M. Robinson left today for Kansas City to attend the general assembly of the Presbyterian church, U. S. A.

Mrs. R. W. Haltom and Miss Mary Hoya returned last night from a few days visit to Carthage. Miss Ruby will remain till some time next week.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price 25 cents. Sample free. For sale by Mast Bros. & Smith.

The Joe Bug Roquemore case, set for trial at Lufkin Tuesday, was continued to next Monday.

DeWitt's Little Early Risers are small, safe, sure and gentle little pills. Sold by Stripling, Haselwood & Co.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Mast Bros. & Smith

Rev. G. L. Crocket, Mesdames J. C. Anderson, Lamar Blount and Miss Eelix Dixon attended the meeting of the grand Council of the Episcopal church at Houston last week. Rev. Crocket was one of the victims that was poisoned by eating lobsters and ice cream. — San Augustine Vidette.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Stripling, Haselwood & Co.

B. E. Emmons, the laundryman who has been so sick with appendicitis for several days, had an operation performed for the trouble this morning. The operation was performed by Drs. Carroll and O'Banion of this city and Dr. Johnson of Timpson, and was quite successful, a large quantity of pus coming with the appendix. The patient is resting very well, and hopes are entertained that he will now soon recover. — Center News.

When the baby is cross and has you worried and worn out you will find that a little Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by Stripling, Haselwood & Co.

Mrs. W. A. King of Center is visiting in the city, the guest of G. H. King and family.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's salve as soon as the child is through nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by Mast Bros. & Smith.

Prof. R. F. Davis, superintendent of the city schools, is in Austin attending the session of the State Textbook Board.
