THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, SEPTEMBER 13, 1961

BOVINA, TEXAS

VOL. VII, NO. 12

## WHITTLIN'

BY DOLPH MOTEN

There was plenty of loose money at Bovina-Farwell football game here Friday night. As a matter of fact, more than \$300 was loose all night Friday night. At least from right after the game until Saturday morning.

After the game, Walt Verner from Oklahoma Lane called Deputy Henry Minter here and reported loss of his wallet containing more than \$150.

Saturday morning, Minter went to parking area and started looking for the "small, brown billfold" which Verner had lost.

And sure enough, he found one. However, the only identification in it was a receipt made "Chas. Seales" of Farwell.

About the time Minter found the wallet, C. O. Joplin, school custodian, came on the scene. Minter explained what he was looking for.

"I found Walt Verner's billfold early this morning," Jop told Henry.

One Minter found contained \$166.66. It did belong to Charles Seales of Farwell and was returned to him, before he reported it missing.

Verner's wallet, which was also returned, of course, contained \$165.

That, we thought, was a better lost and found money story than average.

It's story enough when lost money is found. It's twice as good a story when two sets of lost money are found while only one is being hunted for.

Both the men should consider themselves real fortunate to get the money back, according to our way of thinking. It would have been almost as easy for dishonest people to find the wallets as for a couple of honest boys like Henry and Jop.

First northerner, which was some 10 days ago you'll remember, set thoughts to moving and tongues to wagging about when season's first killing freeze would be.

Don Sides allows as how first killing freeze is "always" six weeks behind first norther. This would make that aforementioned freeze come in mid-October.

Norvell Strawn, on other hand, says the first freeze doesn't follow that quickly and that 60 days would come nearer to being right that six weeks.

Maybe you have your own pet theory on how to determine when first freeze will come. If it differs from either of those two, let us know.

One thing for sure in this land of shortgrowing season: Farmers are hoping for latest possible date every year.

Otis Huggins, Southwestern Public Service man for Bovina, says street lights are being shot out in Bovina. "And something larger than a BB gun is being used to do the shooting," Huggins says.

That sounds dangerous to us. And, of course, it's expensive. Huggins says the bulbs cost from \$14 up, depending on size. This has a tendency to run into more than a little money. And it's certainly aggravating to people concerned when you consider that the destruction is being done maliciously.

While they'll only get what's coming to them, we feel sorry for whoever is shooting the lights when they get caught. And they will if they keep doing it. Surely it would be better for all concerned if they'd quit now before they destroy any more property and before they get caught.

This department was as pleased as next Bovina fan with Mustangs' showing against highly-ranked Farwell Steers Friday night. Though they didn't win, they did what most people figured was all but the impossible by holding the favored Steers to only a 6-0 win.

It was one of best football team efforts we've seen by a maroon and white team and we're in our seventh year of watching same. Certainly it would have been nicer to win, but that's the nicest loss we ever took.

Southwest Conference football begins next week. Team to watch: Fightin' Texas Aggies.

(Continued on page 8.)

## PLAY WHITHARRAL HERE FRIDAY--

# Mustangs 'Hopeful' For First Win

Inspired, oddly enough, by a defeat, Bovina's Mustangs go after their first win of the '61 football campaign here Friday night at 8.

The inspirational defeat was the 6-0 loss to the highly favored Farwell Steers here last week. The Steers were supposed to beat the Ponies as badly as they wanted to, but such didn't turn out to be the case.

Whitharral's Panthers, who will be first opposition for Mustangs in Class B, invade Mustangs' corral this week. Whitharral is a member of District 3-B while Bovina is in 2-B. While Whitharral has won its first two games this season and the Mustangs haven't even scored a touchdown much less earned a victory, the game will be considered a toss-up.

Bovina's opposition has been stronger than that of the Panthers and the Mustangs fine showing of last week should give the increased confidence. In addition to Farwell game, Bovina has lost to Springlake, 14-0.

The Panthers whipped Lorenzo 12-6 in their first out and New Home, 20-0, last week. Weight of two teams will be

comparable.

Whitharral's long suit will be experience. They have 14 lettermen back from a year ago including 12 men who were starters either on offense or defense.

Whitharral won last year's game 26-20.

When asked about this week's game, Coach Hallie Gee said, "They've scored 32 points this season while we haven't made a touchdown, but we're hopeful." "If our offense picks up a little, we might have a chance," he pointed out.

Panthers will operate from a straight T formation primarily but have a few plays from single wing, according to Coach Doug Beaty, who has scouted them.

Gee expects his starting lineup to be the same as it was last week against Farwell. All players escaped injuries last week which would keep them from action this week.

Gee and Assistant Coach Malcolm Kennedy agreed that it was almost impossible to name any standouts following last week's game. "It was a team effort that held Farwell," Kennedy said, "They all played exceptionally well on defense."

John Sikes, Lowell Boozer, Mac Glasscock, Dickie Clayton, Don Cumpston, and Buddy Turner did outstanding jobs as did rest of squad that saw action, the coaches felt.

Approximately 1000 fans were present for last week's game and another good crowd is expected to attend this week's game.

BROOM SALESMEN--Loading a pickup and preparing for a broom selling trip Friday morning were these Lions. Left to right, they are Carl Rea, Jim Russell, and Tom Bonds. Lions Club netted approximately \$250 from the annual fund raising project.

## Lions Sell \$1000 Worth Of Brooms

Bovina Lions added approximately \$250 to their treasury Friday during their annual broom sale.

"We sold over \$950 worth of merchandise," Lions President Tom Bonds reports. The club operates on 26 per cent commission with balance going to Texas Lighthouse for Blind, where the products which are sold are made.

Members were divided into two teams for the sale with a group captained by Jim Russell winning over one headed by J. E. Sherrill.

The near-\$1,000 gross was a larger sale than either Olton or Dimmitt had recently. Both are larger towns--and Lions Clubs--than Bovina.

"We want to express our appreciation to our fine customers," Bonds says, "Without them certainly our sale couldn't be such a success year after year as it is now."

The sale is held annually in early fall.

## FOR PARMER DISTRICT--

# SCD Banquet Here Sept. 23

Bovina will be site of this year's Parmer County Soil Conservation District Banquet. It will be Saturday, Sept. 23,

## Q'Backs Meet

Time of this week's Quarterback Club meeting has been changed.

This week's session will be today (Wednesday) at 6:30 p.m. Regular meeting time is Thursday at 7:30. Time was changed so the meeting would not conflict with revival services at First Baptist Church and junior high football game with Farwell which will be here Thursday at 6.

In school cafeteria at 7:30 p.m. Guest speaker will be Dr. Gerald Thomas, dean of agriculture at Texas Tech, announces Dean McCallum, supervisor of Bovina Soil Conservation District.

An award will be presented to outstanding soil conservation farmer in county and a plaque will be presented to winner of high school essay contest on soil conservation which was conducted last school year. A. L. Black of Friona is president of the organization and will serve as master of ceremonies.

Other supervisors are Robert Galaway, Farwell; T. O. Lesly, Lazbuddie; and Bruce Parr, Friona. Banquet tickets will be \$1.25 each, McCallum says. Meal will be prepared by

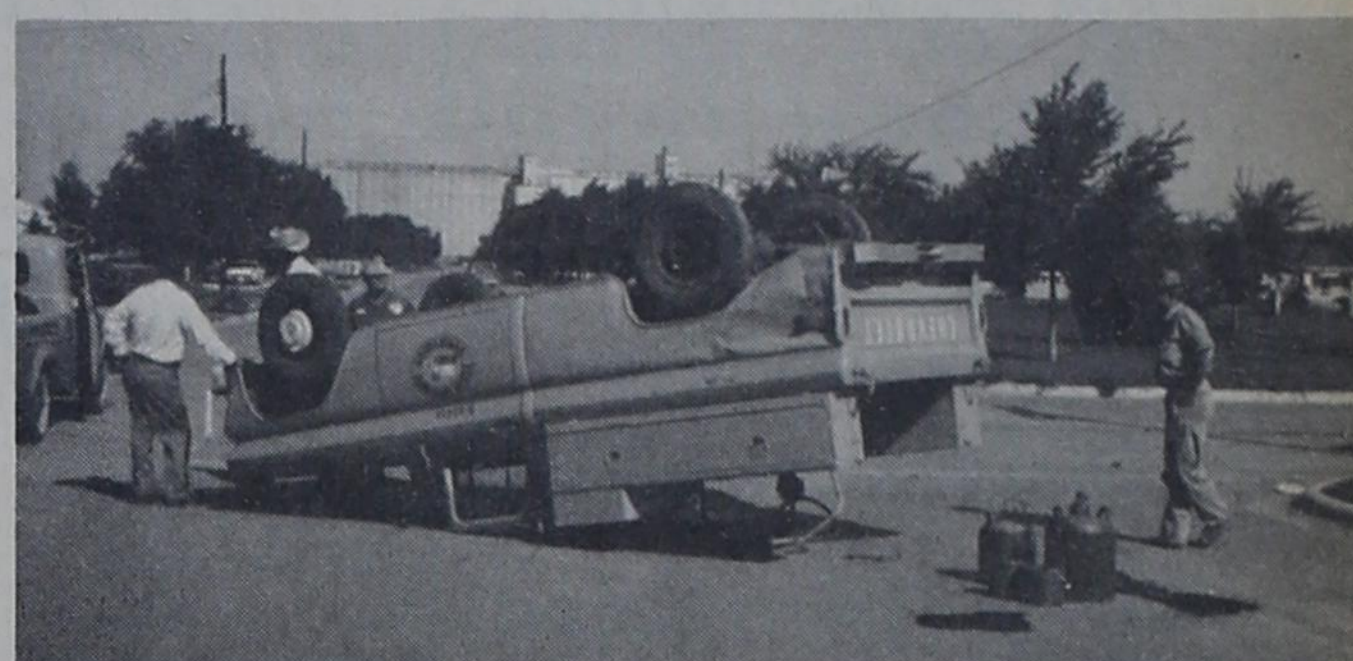

cafeteria staff. Homemaking students will serve.

Last year's banquet was in Friona and attended by 150. "We're hoping to have a large crowd present in Bovina this year," McCallum says.

## Legion Meets Monday Night

A mixed-up schedule caused postponement of a meeting of Bovina American Legion Monday night.

The meeting is scheduled for third Monday night in September, which will be September 18, instead of last week as announced, Otis White, an officer in the organization, says. Officer election will be high- (Continued on page 8.)

UP AND OVER--State Highway Department pickup, a '61 model, is shown in an upside down position where it landed following a collision on Halsell Street Monday morning. Pickup was struck by a car driven by Mrs. U. B. Wheeler at an intersection. J. W. Gooch, who was driving the pickup, said he swerved just before the impact and he believes combination of the two caused the vehicle to flip. Gooch's only injury was a slight scratch on his elbow. Mrs. Wheeler also escaped injury.

## 4 IN 3 DAYS--

# Minor Accident Rash Hits Area

A rash of minor auto accidents occurred in area during past few days.

Most spectacular of the four wrecks was Monday morning on Halsell Street. A state highway department pickup driven by J. W. Gooch flipped over when it was hit by a '50 Chevrolet driven by Mrs. U. B. Wheeler at an intersection.

Both Gooch and Mrs. Wheeler were uninjured.

Saturday morning, a '55 Chevrolet pickup driven by Neil Smith and a '61 Oldsmobile driven by Mrs. Joyce Dyer collided two miles east and a mile south of town.

Deputy Sheriff Henry Minter estimated damage to pickup at \$55 and to the car at \$240.

Also Saturday morning, a '59 Buick driven by Peggy Baxter and a '51 Chevrolet truck operated by Rodolph Hernandez collided just west of town on FM Road. The truck was attempting to turn right into Gateway Produce Co. cantaloupe shed when the accident occurred.

Minter estimated damage to Buick at \$180 and to the truck at \$5.

Sunday afternoon, Auria Marlas, a Mexican National, driving a '55 Dodge pickup col-

lided with a '60 Ford truck driven by Billy Vance and owned (Continued on page 8.)

## HERE THURSDAY AT 6--

# Bovina Colts Meet Farwell

With a new coach and a squad of 24, Bovina Colts, junior high football team, kick lid off 1961 season here Thursday night. They meet Farwell Yearlings at 6 p.m.

New coach is Doug Beaty, who figures he should have a better than average team.

Little is known about Farwell's junior high team and the Colts have never been under fire so no favorite can be established for the Thursday night fray.

Schedule for Colts includes a return game with Farwell and will be about same as the varsity's when district play begins, Beaty says. Most games

will be played on Tuesday, however, instead of Thursday as this one will be.

Admission will be charged at the gate. Head Coach Hallie Gee says.

Probable starters for Bovina: ENDS--James Calaway, Randy Jones or James Roach.

TACKLES--Dean Stanberry and Curtis Griffin.

GUARDS--Billy Marshall and James Burnett.

CENTER--Andy Anceria.

QUARTERBACK--Richard Carson;

HALFBACK--Scotty Rundell and Dean Mayhew;

FULLBACK--Radford Venable.

## 139 ENTER--

# Paul Jones Wins Football Contest

Out of 139 entries in last week's Bovina Businesses

Cotton Bowl Football Contest, one had all 10 correct winners.

It belonged to Paul Jones. He was awarded \$5 first prize money.

Taking second was Warren Embree, who had nine of 10 correct selections as did 17 other entrants but was only 14 points off on guessing score of Bovina-Farwell tiebreaker game. Embree was awarded \$3 for second place money.

Tied for third, with nine of 10 correct selections and being 20 points off on tiebreaker score were H. J. Charles, Tom Caldwell, and Johnnie Horn. They each picked the score to be 20-6 in favor of Farwell.

Actual score was 6-0 making them 20 points off.

Others who had nine right but were out of the money because of tiebreaker score were Ray Carter, Richard Hapke of Farwell, Alfred Moody, Erith Hawkins, Leon Ware, Hylton Moore, Earl Richards, Roy Crawford, Howard Looney, James McLeroy, C. R. Brandon, Ed Hutto, Joe Moore, and Roger Ezell.

After two weeks, Moore is in a one point lead for expense paid trip for two to Cotton Bowl. It will be awarded to contestant who selects most winners over the 13-week contest period.

Moore has had nine each week to give him a total of 18 and the lead. Following closely behind him with 17 are Allen Cumpston, who was runner-up to Neil Smith last year, H. J. Charles, Crawford, Hawkins, and John Wilson.

This week's contest, third in the series, appears on an inside page in this issue.

## GREAT TEAM EFFORT--

# Mighty Mustangs Hold Farwell, 6-0

An inspired herd of Bovina Mustangs battled the Farwell Steers on even terms Friday night after they had given the highly-favored team from the county seat a touchdown early in the first period.

The touchdown, which came from the throwing arm of Quarterback Leon Lovelace and was hauled in by End David Lindop, was all Farwell could muster against the determined Bovina team, but it was enough for a 6-0 victory--the seventh in a row for the Steers over their long-time rival.

For both teams, it was the second chapter of a story which

started in the season openers for the two clubs.

The Steers, who opened the season with a 20-0 win over Friona, were effective on defense when the chips were down, but like in the Friona game, could never get their highly-touted offensive machine in gear. It was the second straight week in which Farwell went into a game they were supposed to win with ease and had a tough time of it.

The Mustangs, who opened the season with a 14-0 loss to Class A Springlake, played well, but didn't have the horses to push across a touchdown. The loss to

the Steers was the second straight time they had been shut out by a team from District 3-A.

The lone touchdown of the "rock 'em, sock 'em" contest, came the first time Farwell had the ball. Bovina had taken the opening kickoff, and after marching for one first down, was forced to punt.

The punt went high into the air, came back down, took a backward bounce and rolled dead on Bovina's 32-yard line, only four yards in front of the original line of scrimmage.

The Steers went for six yards in three plays, and then on a

fourth down attempt, Lovelace dropped back and hit Lindop with an aerial in the flat, and the Steers' senior end darted over for the touchdown. The try for extra point was wide.

After that, the game turned into a hard-hitting defensive battle with neither team nearing pay dirt again in the first half.

The Steers punted three times and the Mustangs five times in the first half, but thanks to the toe of Jerry Lovelace, who averaged 37 yards on each kick, Farwell managed to keep the

(Continued on page 8.)

### Attend Guild Seminar At Hart

Several members of Wesleyan Service Guild of Methodist Church attended a seminar Sunday at Hart Methodist Church.

Following a salad luncheon the groups met in various clinics for officers and study

groups during the afternoon. Those from the Bovina attending were Mrs. Harold Morris, Mrs. W. E. Williams, Mrs. H. J. Charles, Miss Rita Caldwell, Mrs. John Dixon and Mrs. Margaret Caldwell.

MR. AND MRS. BILL SMITH

### Afternoon Ceremony Unites Suezy Estes, Bill Smith

Nuptial vows were exchanged between Suezy Estes, daughter of Mr. and Mrs. Herman Estes and Bill Smith, son of Mr. and Mrs. Odom Smith of Farwell, Saturday afternoon at First Baptist Church.

Rev. John Ferguson read the double ring ceremony. Alter decorations consisted of double baskets of white and pink gladioli entwined with emerald greenery.

Miss Verna Marie Estes, cousin of the bride, played traditional wedding selections and accompanied Mrs. Harold Hawkins, vocalist, who sang "Whither Thou Goest" and "Wedding Prayer."

Given in marriage by her father, the bride chose a white wool sheath street dress fashioned with sabrina neckline and elbow length sleeves. She wore a white hat of feathers and carried a bouquet of white rose-huds atop a white Bible. Something old was her Bible and she borrowed a white handkerchief from her mother which was given her in the year of her daughter's birth. Something blue was the traditional blue garter.

For her daughter's wedding Mrs. Estes chose a magenta

colored sheath with elbow length sleeves and wore white accessories. Her corsage was white carnations.

Mrs. Smith, mother of the groom, wore a navy afternoon dress, white accessories and white carnation corsage.

Following a short wedding trip he will return to Wichita Falls where he is stationed with the air force and she will remain in Bovina and resume work at Associated Growers in Friona.

### Mrs. Paul Jones Hosts Coffee

Mrs. Paul Jones hosted a coffee Thursday morning in her home for several friends.

The refreshment table was laid with a beige linen cloth and centered with an arrangement of fall berries in a crystal bowl. Refreshments of Swedish tea ring, coffee and tea were served to guests.

Those calling during the morning were Mrs. Boye Taylor, Mrs. Mable Reynolds of Farwell, Mrs. Rosella Landrum and Mrs. Helen Potts of Friona, Mrs. Elmo Dean and Mrs. Robert Calaway.

### Thrifty Club With Mrs. Dixon

The home of Mrs. P. O. Dixon was meeting place of Thrifty Club Monday afternoon. Following an afternoon of sewing for the hostess refreshments of angel food cake and punch were served to guests.

Those attending were Mrs. Wilbur Charles, Mrs. J. D. Stevens, Mrs. C. R. Brandon, Mrs. L. M. Grissom and the hostess.

Be careful today--Be farming tomorrow.

### Quilting Club Has Luncheon

Mrs. J. E. Owens hosted a covered dish luncheon for members of Quilting Club Thursday in her home.

Following the luncheon the women spent the afternoon quilting for the hostess.

Those present were Mrs. Mel Gunn, Mrs. J. R. Caldwell, Mrs. Levi Johnson, Mrs. Tom Rhodes, Mrs. Frank Turner, Mrs. Lloyd Killough, Mrs. Reagan Looney, Mrs. Tom Griffith, Mrs. C. P. Warren, and visitors, Mrs. John Purvis and Mrs. D. S. Harrell.

### Bridge Club With Mrs. Hemke

Members of Thursday Afternoon Bridge Club were entertained recently in the home of Mrs. Jim Hemke.

Winning prizes for the afternoon were Mrs. R. E. Wilson, high, and Mrs. Johnnie Horn, second high.

Refreshments of chips, dips, cookies, candies, coffee, tea and dessert were served during the afternoon.

Attending were Meses. Jimmy Charles, Durward Bell, Vernon Willard, Johnnie Horn,

A. M. Wilson, Mack Ragsdale, Don Sides, Dean McCallum, Leon Grissom, Bedford Caldwell, R. E. Wilson and the hostess.

### FHA Has Party

Homemaking cottage was scene of a combined slumber party and initiation for freshmen girls Friday evening.

Miss Lana Drager was presented gifts for being the best pledge.

Sponsoring the party were chapter mothers, Mrs. Roy Crawford and Mrs. Jack Patterson and E. H. A. sponsor, Mrs. Charles Thompson.

### Mrs. Bill Read Host Party

Mrs. Billy Don Read hosted a products party Thursday afternoon in her home.

Following the demonstration refreshments of cookies and Cokes were served to guests.

Attending were Mrs. Jerry Rogers, Mrs. Tom Bonds, Mrs. J. C. Stowers, Mrs. Robert Read, Mrs. Buck Ellison, Connie Stanberry and Carolyn Stanberry.

### Guild Has Salad Supper

Wesleyan Service Guild opened its first meeting of season Monday evening with a salad supper at Bovina Methodist Church.

Mrs. Margaret Caldwell, president, opened the program with the devotion and a review of the study "Public Affairs and the Churches" was presented by Mrs. Harold Morris.

Those present were Mrs. W. E. Williams, Mrs. Bedford Caldwell, Mrs. Dean Hastings, Mrs. Harold Morris, Mrs. Billie Sudderth, Mrs. Allan Ehersman, Mrs. Belva Lowrance, Mrs. Margaret Caldwell and Miss Rita Caldwell.

### Shower To Fete Mrs. Ronnie Isham

A pink and blue shower at First Baptist Church Thursday, September 28 will honor Mrs. Ronnie Isham.

The affair is scheduled for 9:30 a.m. Everyone is cordially invited.

Mrs. J. W. Moody of Dallas, mother of E. H. Moody, is visiting here with the Moody family. She arrived last week and plans to spend a week or two.

### Hospitalized

Mrs. Jay Harris was hospitalized Wednesday and underwent minor surgery at Parmer County Hospital in Friona. She was released Friday morning and is reported to be in good condition.

### WMU Has Royal Service Program

Royal Service Program titled, "We Bring Out Gifts of Love," was presented to both Dorene Hawkins and Nellie Dean Whitten Circles of W.M.U. Tuesday afternoon at First Baptist Church.

Mrs. Allan Cumpton was in charge of the program. Mrs. R. N. Villiford gave "Our Best Gifts;" Mrs. C. W. Crisp, "The Gift of the Bible;" Mrs. Ovid Lawls, "The Gift of History;" Mrs. J. O. Combs, "The Gift of Money;" Mrs. W. W. Wilcox, "The Gift of Service" and Mrs. Cumpton closed the program with "Our Gifts of Love."

Those present other than the above mentioned were Mrs. Don Murphy, Mrs. John Ferguson, Mrs. J. B. Barrett, Mrs. Joe Moore, Mrs. Bobby Englant, Mrs. Grady Sorley, Mrs. Keith Garner, Mrs. O. W. Rhinehart, and Mrs. Jerry Rogers.

### Club Plans Trip To Girls Town

Mrs. Howard Looney hosted a meeting of Good Neighbor Sewing Club last Thursday in her home.

Handwork was done for the hostess after which refreshments were served to the group. Stamps were brought for the Girls Town project at Whiteface and plans were made to visit Girls Town at their next meeting, September 21.

Those present were Mrs. Henry Spicer, Mrs. Bill Lane, Mrs. Bob McMeans, Mrs. Alfred Mills and Mrs. Bessie Webb.

The club is still accepting stamp donations for the project, anyone desiring to contribute may contact any of the aforementioned.

## Cantaloupe Story In Pictures

### Harvest Almost Complete

Melons are carried to the produce shed and unloaded on a large receiving ramp where conveyor belts . . .

. . . and load them into waiting trucks.

Harvesting crews gather the melons from fields. . .

Cantaloupe harvest, the most disappointing of all during the four years Gateway Produce Company has been operating in Farmer County, is drawing to a close.

Rain has interfered with the harvest since it first started around August 10, and what first appeared to be the best cantaloupe harvest in history, has turned out to be about the worst of the four.

"We had the best growing season we've ever had, and the best market," says Marlo Trevino, office manager for Gateway, "but the rain interfered all the way."

With 800 acres of melons to harvest in the area, Gateway this year doubled its packing facilities in anticipation of a banner year. "We had thought we would pack about 150,000 crates, but we're only going to pack about 50,000," Trevino says.

Last year the shed was packed and shipped 60,000 crates from 400 acres during an ideal harvest season. The days and nights were both warm, and that's what's needed for a good harvest.

This year there were six big rains during the harvest, "and one field received a total of 10 inches," Trevino says, pointing out that the vines have all died and mildew has set in.

The shed this week is operating at about the fastest pace it

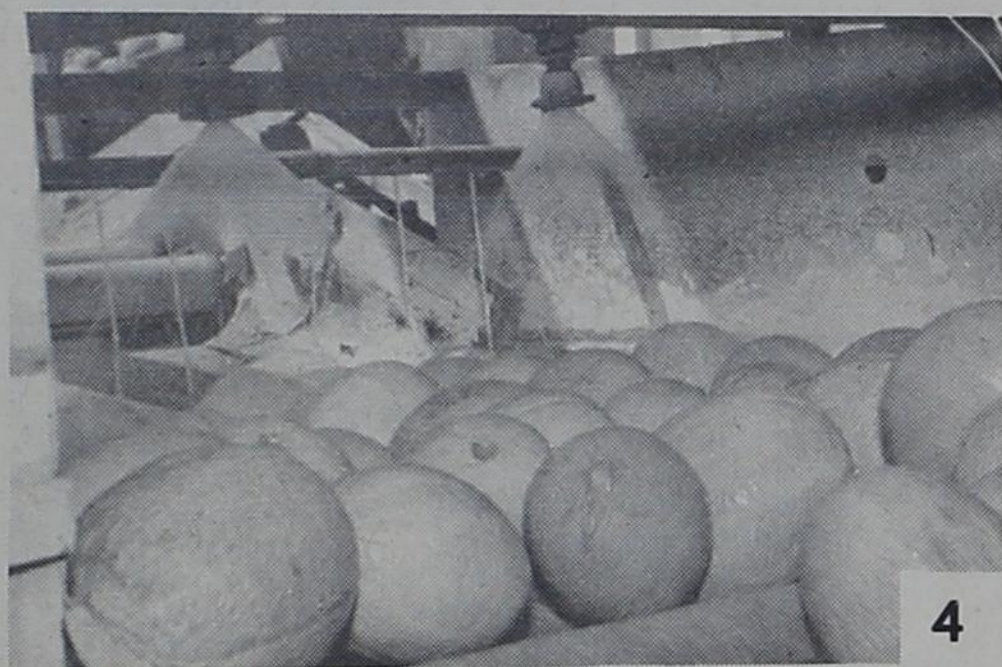

has during the harvest season, bringing in the last of the melons even though they are low in quality. Because they aren't No. 1 melons, they are being shipped only to Texas, Oklahoma and Louisiana markets -- areas where they can be delivered in less than 30 hours.

The cantaloupes early this week were selling at \$3.75 to \$4.00 a crate. No. 1s were selling for \$4.50, a market price which has been fairly stable this year except for a brief period when it dropped to \$2.75. Despite the relatively poor

season, there were still about 60 workers at the packing shed early this week, and 75 pickers in the field. This number was, however, in comparison to 300 packers and 100 pickers who were ready to go when the harvest started.

Under normal conditions, the shed would have operated until frost.

Except for tomatoes and cucumbers, which the shed will be packing in limited quantities, the bulk of the operations will be wound up probably by the middle of next week.

. . . carry the cantaloupes through a cleansing spray of water and . . .

Melons are carried down large ramps to waiting packers who load them into crates for shipment to waiting consumers.

. . . on to the graders where the melons are separated by size and quality.

A man must continually replace empty crates on a winding conveyor which carries them to the speedy packers.

From the packers, the crates are closed and carried to the waiting trucks which deliver the melons to various markets.

# Record Number 4-H Books Turned In

A record number of 81 4-H Club Record Books were turned in to both Extension Service Agents Office. Four-H Club girls completed 37 record books and 44 boys turned in their record books for judging.

All boys and girls who turned in record books are eligible to receive completion year pins. Special awards medals will be awarded to 46 boys and girls for their outstanding achievements as judged according to their record books.

Entering record books in the Senior Division District Judging were Reba Lesly, Judy Billingsley, Cooper Young, Richard Chitwood, and Gary and Gerald Foster. To be eligible for senior division judging 4-H'ers must be 14 years of age on January 1 of the current year.

Word has been received from the District Extension Agent of the results of district judging. Winning in the district are Cooper Young, --Leadership, Richard Chitwood--Santa Fe, and Judy Billingsley--Dress Revue.

Extension Agents, Miss Ettie Musil and Joe W. Jones wish to express congratulations to the boys and girls for their effort in completing their

record books for this year.

Girls turning in record books were: Janis Billingsley, Judy Billingsley, Reba Lesly, Viane Lesly, Peggy Lesly, Linda Gleason, Katie Blackstone, Judy Koelzer, Carol Miller, Deborah Hargrove, Rayma Lemons, Kandy Meeks, Connie Dennis, La Nelle Christian, Vicky Kaltwasser, Cheryl Ramage, Shirley Putman, Shella Vaughn, Nelda Foster, Marsha Schumann, Carolyn Annear, Linda Ashford, Janice Miller, Carolyn Johnston, Connie Vaughn, Brenda Woodruff, Vicki Vaughn, Breta Mears, Connie Schlenker, Sharon Martensen, Debbie Jarecki, Shirley Schueler, Terri Schueler, Crista Evans, Karen Milner, Patricia Tannahill and Sherri Tannahill.

Boys turning in record books were: Richard Chitwood, Cooper Young, Gary Foster, Gerald Foster, Charles Morton, James Walker, Marvin Wilson, Dale Blackstone, Bruce Billingsley, Mike Smith, Floyd Schlenker, Curtis Drager, Raymond Drager, Danny Schueler, Wayne Schueler, Johnny Broyles, Jimmy Broyles, Lyndon Foster, Daryl Foster, Kirby Burch, Charles Shuk, Mike Riethmayer, Steven Young, Bobby Gleason, Ronald Mayfield, Johnny Guley, Ronald Ashford, Jerry Cass, Danny Miller, Kim Buske, Don Hoover, Bobby Redwine, Rickey Bob Coon, Eddie Wood, Larry Gregory, Terry Parham, Steven Foster, Timmy Foster, Mike Ward, John Ward, Mike Hinkson, Frank Hinkson, and James Schlenker.

THE TEXAS HIGHWAY DEPARTMENT GETS READY FOR SCHOOL.—As school days begin throughout the state, the Texas Highway Department is taking special precautions to insure the safety of school children on the way to and from school. Numerous signs of warning and caution are appearing near school sites (such as this typical sign being stamped in place by a Highway Department maintenance man) and school bus stops. Motorists are urged to carefully observe these signs to guarantee the safety of school children.

## Apply Now For Conservation Cost - Sharing

Prentice Mills, Farmer County ASC office manager, reminds farmers to apply during September for ASC cost-sharing on approved conservation practices they have planned for the months of October, November and December.

These conservation practices would be installation of irrigation tile, land levelling, construction of terraces and water ways.

On tile installations, the ASC will pay one-third of the cost, and on the other practices the government agency will foot

about half of the cost.

Mills also announced that farmers will be notified of the amount of the lay-out payments under the wheat program around September 22.

Farmers will be able to start signing up for the program shortly after September 22 and will have until December 31 to sign agreements.

The ASC manager also announced that his office will start making final payments for lay-out acreage under the feed grains program around October 1.

## GSPA Plans To Enlarge

Harvest of what may be another bumper grain sorghum crop on the Texas High Plains is starting in the southern part of the Plains, Frank Moore, Plainview farmer, who is president of the Grain Sorghum Producers Assn., said this week as he announced expansion of that organization.

In existence since late 1956, the GSPA has worked continuously in behalf of grain sorghum producers and has become recognized as the only sorghum commodity group of the nation.

Work of the GSPA, while representing just about all farmers who produce grain sorghum, has been supported and directed mainly by producers in the area to the north of Lubbock up to the Oklahoma line.

For the first time this year, the organization is attempting to enlarge its representation

and support and extend its boundaries southward over most of the High Plains. County organizations will be set up to give producers in each county a voice in the GSPA and representation on its board.

Elevator operators throughout the south portion of the Plains are now being contacted along with direct contact to producers about support of the grain sorghum research, market development and service program. Funds for the organization are made possible by producers through a deduction of two pounds per thousand from grain sorghum deliveries at local elevators.

Moore said that additional information on the grain sorghum organization will be published later, to show results accomplished thus far and plans for future work.

## 4-H Leader Workshop Set

A special 4-H adult leader development workshop for District 1 is scheduled for September 27 through 29 to be held at Ceta Canyon Camp, south-east of Canyon.

Approximately 200 4-H adult leaders, extension agents, and state specialists are expected to attend the 3-day workshop. District 1 is the fourth district in the state to receive training thus far in the 12 districts of the state.

Farmer County has a quota of ten leaders to attend the training. Five leaders from the boys' club and five leaders from the girls' club will make up the county quota.

The workshop will be financed by the Texas 4-H recognition committee. This committee plays an important part in helping to finance the Texas 4-H Roundup held each year in College Station in June during State Demonstration Contests.

Nine subject-matter-groups will be taught. These subjects include clothing, recreation,

entomology, wildlife, citizenship, field crops, beef cattle, automotive, 4-H money management and two groups for organization leaders.

The Workshop is planned to train organization and subject matter leaders in what their job is, what is involved, and how to do the job. Objectives for the training is a wonderful opportunity to strengthen 4-H Club work in each and every county.

Anyone interested in attending this leader development workshop should notify Miss Ettie Musil, county home demonstration agent.

## HD Agent's Notes

BY MISS ETTIE MUSIL

If you can't afford a new fall hat, give the old one a new look with careful brushing and cleaning. Start by careful brushing. This may show up spots and stains that need special treatment.

Then you'll hear more "oh's and ah's" from your many friends. You know, they may even ask you, "Where did you get that gorgeous hat?" Of course, this would be your secret.

Start by careful brushing. Then try using the sandpaper method first, if you wish. With a piece of No. 0 sandpaper, begin at center top of crown and gently sand in the same direction around the crown. Then the side crown and the brim are next.

If this fails, use naphtha or other cleaning fluid. Don't use gasoline; it's too dangerous. (A new hat would be far safer.) Dip a small brush, as a nail brush, in the cleaning fluid. Shake out excess liquid and brush the hat until the soiled spots disappear. Remember to work outdoors when using cleaning fluids.

You may need to use special treatment with white or light colored felt hats. Saturate corn meal with naphtha or other cleaning fluid. Rub the mixture into the felt with a clean stiff brush. When the fluid has evaporated, brush out the corn meal and air the hat before storing.

Have you ever thought how much your garbage can eats? Is it a heavy eater? How much does it cost to feed it for a year? Could this be the reason for food costs being so high?

From time to time we all go on a diet to lose weight. Now let's plan a diet for the garbage

can. First of all, plan for better planning and buying of grocery needs. This could result in eliminating overbuying and having to throw out spoiled foods that were never eaten.

What about better food preparation and serving? Do you spend hours cooking, just to have your family members tell you, "Oh, not again!" Maybe we can help you with new tried and tested recipes in our many bulletins just waiting for you.

If you have leftovers, we have recipes that can help you use these foods in new dishes. Then we could use the food as "planned-overs" rather than leftovers. This could cheat the garbage can out of a full meal rather than just a snack.

Spillage in frozen foods and canned foods improperly stored or preserved could make the garbage can gain more weight than it needs. Follow freezing and canning directions carefully. We have bulletins that have recent research findings.

In a more serious thought plan your buying and preserving so that food can be used or stored promptly before it loses freshness and flavor or spoils. Serve food when it reaches the just-right stage. Food loses texture, flavor and food value if overcooked or if it stands too long before it is served.

Use leftovers promptly in soups, salads, stews or sandwiches. Keep all food clean, cool and covered until you use it. Check food often in your pantry and keep it moving. Food in the freezer should be moved as it cannot stay there forever and be of good quality.

As your garbage can loses weight, your food budget increases. What more could you ask for.

Can you think of an excuse to get back into school after a day of absence or tardiness? Here are some of the excuses given by students from Perryton High: sickness, out of town flat tires, wrecks, buses not running, going home to get a belt, "late Ride," stuck in mud, and "not out of P. E. in time," nosebleed, hay fever, toothache, hurt thumb, went to circus, appendicitis, sprained ankles, eyeache. These are only a few of the many.

### SOIL CONSERVATION DISTRICT NEWS

The third Soil Conservation District tour will be held in the Rhea and Bovina communities Tuesday, September 19. The tour will start from Carl Schlenker's elevator at 2 p.m. Tuesday. Transportation and refreshments will be served. Points of interest that will be visited on this tour are: Carl Schlenker's windbreaks and his water conservation practices; the Gilbert Schueler farm.

At Schueler's farm those making the tour will look at his lake pump and other farming operations. Bindweed control will be observed along the county roads. The final stop will be Herbert Schueler's feeding operation.

The fourth and final tour will be held in the Friona-Black community. This tour will begin at 1:30 p.m. Thursday, September 21. The tour will leave from the SCS office which is located in the American Legion Building in Friona.

Farmers to be visited on this tour are: John Renner, who has a cotton variety demonstration; Bob Riethmayer, who will show his soil and water conservation practices; Bruce Parr, who has sugar beets and soil and water conservation practices.

The final stop will be at the George Warner farm, where several different varieties of grasses are grown for seed production and irrigated pasture. Transportation and refreshments will be furnished for this tour.

### How Can I Tell When My Children's Shoes Are Outgrown?

Those whose children's shoes prove to be a size or a half shorter than their measurement tell the shoeman that they felt the toe and there seemed to be room. There are many reasons why this manner of testing is not reliable. The child may have been sitting down; the shoes may be too narrow to allow his toe to get down into the front etc.

Consider this: the great toe of most babies when they are fitted for their first pair of shoes is about an inch and a half in length. When they reach adult life those great toes will be only two to three inches long. The major growth is behind the toes. We think of the toes growing into the fronts of shoes but actually they are pushed there by the growth of mass of the foot.

It is very important not to allow that pressure to crowd the soft bones of young feet against the ends of shoes, sox or sleeper feet. In fact, almost all of the common foot defects can be avoided if the great toe is allowed to remain straight.

The only reliable way to check the fit of shoes is to remeasure the feet being careful to be guided by length of the longer foot.

# STACKED AGAINST YOU

340 tons of dishes are stacked against you in a lifetime — and that's quite a pile. It takes 728 hours a year to do them by hand — and that's a monthful of 24-hour days. You haven't got a chance of cleaning them by hand as well as an electric dishwasher will do the job — and you'll have nothing but red hands to show for your effort. Why all this drudgery when a penny and a half spent doing the job electrically each day removes all the misery. Dishwashers come in portable models that take no extra plumbing or wiring. So — don't be a dishwasher — buy one.

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

# Volunteer Workers Treat Bindweed On County Highway ROW

Volunteer workers, in cooperation for the state highway department, this week started treating bindweed along all of the state highway right-of-way in Farmer County.

Plans for treating all of the highway for bindweed were made at a meeting of the Farmer County Weed Control committee last week at Bovina. Lloyd Fullough of the state highway department volunteered the services of a highway department representative to assist the volunteer workers with the project. The state highway department is also furnishing the chemicals for treating the bindweed.

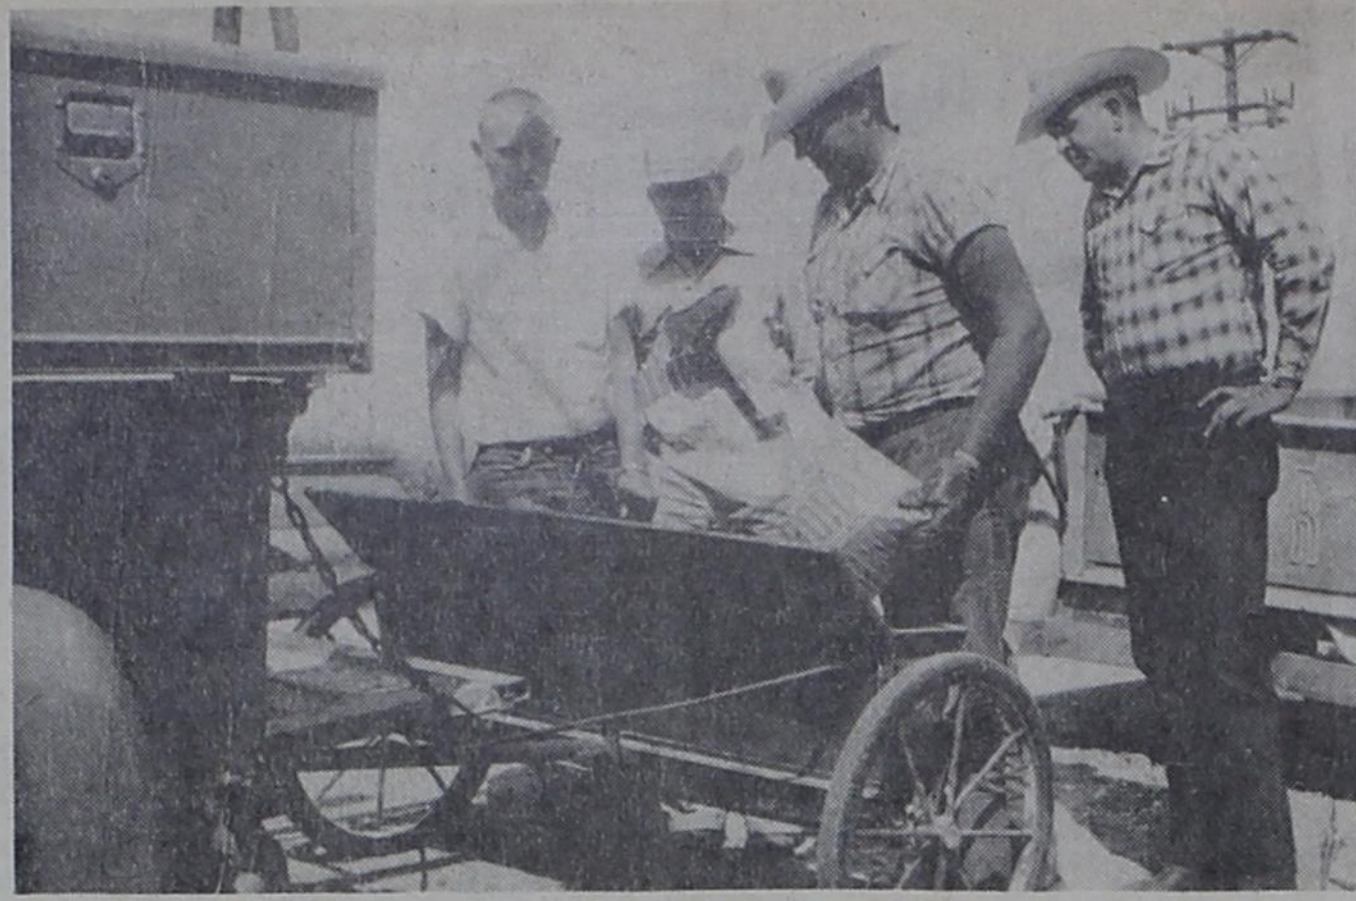

This project is part of an extensive county-wide program which has been in effect for several years. Governmental agencies, including the county ASC office, the county agent, and the commissioners court, have been cooperating with the weed committee in administering the program.

The county furnishes chemicals to farmers who volunteer to treat bindweed along county roads and the ASC shares the cost of treating bindweed on land of individual farmers.

Also, besides the state highway department, Santa Fe Railroad and the cities of Bovina, Farwell and Friona have assisted in treating infested areas.

The latest volunteer project got underway Monday morning. The volunteer workers, the highway areas they are treating, and the schedule of operation is as follows:

Monday, September 11--Lester Norton, Jess Coburn and Bill Fullerton, Highway 60 from Farwell to Bovina; and Ike

OPERATION BINDWEED continues in Farmer County through a cooperative program involving the state highway department and farmers who have volunteered to assist with the project. Treating bindweed along the highway right-of-way from Friona to Rhea Tuesday afternoon were these four fellows, Doyle Wasson, T. E. Lovett, Weldon Moody and Jack Patterson. Wasson and Moody are representatives of the highway department from Bovina, and Lovett and Patterson are farmers who volunteered to assist along this particular route.

Quickel, Travis Dyer and Keith Brock, Highway 60 from Bovina to Friona.

Tuesday, September 12--Edward Schilling and Gus Schlabbs, Highway 60 from Friona to Deaf Smith County Line.

Wednesday, September 13--Jack Patterson, Albert Rolen, Marlon Carson and Art Mast, Highway 1731, Bovina to 10 mile corrier and east to Friona.

Monday, September 18--Calvin Meissner, Vernon Symcox, John Aldridge and Vernon Jamison, Highway 70-84, from Farwell to Bailey County Line. Tuesday, September 19--Dee

Chitwood and R. D. Dale, Highway 690, from Oklahoma Lane to Castro County Line; and Joe Jesko and others, Highway 214, from Hub to Bailey County Line.

Wednesday, September 20--Coon Tannahill, P. L. London, J. L. Stowers, Raymond Euler and Elmer Euler, Highway 2398, from Friona east of end of pavement--Lakeview road; and Bill Buchanan, Homer Linder-

man and Vernon White, Highway 86 from Hub to Castro County Line.

Monday, September 25--Walter Kaltwasser and John West, from underpass east of Farwell to Oklahoma Lane.

Individuals who know of patches of bindweed anywhere along the highway right-of-way are asked to contact the volunteer workers and point out where the infested areas are.

BINDWEED PATCHES ARE COVERED in a hurry with this spreader which belongs to the Texas Highway Department. The highway department is cooperating with the county in its efforts to control bindweed.

## Hiway Commission States Position On FM Program

The Texas Highway Commission, in its meeting on Tuesday, August 29, expressed a belief and hope that the Texas Legislature would see fit to reinstate the 1962 Farm to Market (Golson-Briscoe Bill) appropriation, together with the urgently needed flexibility in the use of Farm to Market Road funds to cope with the increasing problem of maintenance as recommended by Governor Price Daniel.

The commission expressed the hope that this action would be taken at the forthcoming special session of the legislature, and stated that it is vital that this appropriation be reinstated and that adequate maintenance be authorized in the second half of this biennium if the Texas Highway Department is to continue the Farm to Market Road Program at the current pace.

The commission was of the opinion that both the Legislature and the governor are correct in their desire to continue the Farm to Market Road Program.

The legislature has expressed a vital concern in the over-all program by vetoing the 1962-63 second-year appropriation on the grounds that there should be more flexibility in the use of the funds in order to provide proper maintenance of the Farm to Market Road System.

The commission is of the opinion that legislation will be introduced at the next special session which will be acceptable to the governor and the legislature, along with the Farm Bureau Federation, the County Judges and Commissioners Association, the Texas Good Roads Association, and other interested groups, and toward this end the commission accepts its challenge and pledges its efforts to support such legislation.

The commission plans to study and discuss all possible solutions with officials and groups such as heretofore mentioned. The commission pointed out that maintenance of the vast Farm to Market Road System had been paid for out of trunk highway funds since 1949, and that this was advisable during this period due to the necessity

for construction of many new miles of Farm to Market Roads. However, the commission pointed out that the problem now is the adequate maintenance, improvement, and reconstruction of the 34,000 miles of Farm to Market Roads that have already been built, and that the department has now reached the point where a portion of the total Farm to Market Road earmarked funds must be spent for maintenance.

## Halfway Field Day Set September 27

The 5th Annual Field Day of the High Plains Research Foundation will be held the afternoon of Wednesday, September 27. Tours will start at 1:30 p.m. and continue until the barbecue at 5:00 p.m. Research projects will be explained by farmers and scientists at stops on the tours. The evening program will begin at 6:00 p.m. with the introduction of the Trustees of the Foundation. Addresses by Congressman, James Wright and Texas Agricultural Commissioner, John White, will conclude the program.

Exhibits by agricultural services will be explained by various agencies as a part of the afternoon's activities.

Frank Moore, President, in announcing the Field Day program stated that soil and water conservation research will be featured at the Field Day this year. The attendance is expected to exceed that of close to 3,000 in 1960.

Harold Hinn, Chairman, announced today that the Board of Trustees of the Foundation will hold their semi-annual meeting at McGrath's at 10:00 a.m. the morning of Field Day. The board will establish the research program and budget of 1962 and decide policy matters for the Foundation. Steve Taylor, Vice-President of Dimmitt, is chairman of the Field Day Host Committee, which is composed of board members.

Farm equipment will be displayed and demonstrated during the afternoon. Included will be farm machinery, irrigation and fertilizer equipment, air spray and transportation equipment. Carl Hill, Jr. of Amarillo is chairman of the machinery ex-

## WITH THE COUNTY AGENT JOE JONES

The brucellosis testing work got underway Monday and should last for about three weeks if everything goes well. There are several volunteer crews helping line herds up ahead of the breeder. If everyone will cooperate by being ready with good holding pens that will handle their cattle, some kind of strong chute, and plenty of help, the job here in the county will be finished much sooner. The sooner the job is done and out of the way the better, is the feeling of all concerned. To help speed the program up, get everything ready so the job will be smooth.

Wheat seeding is here, so don't be in such a hurry you don't take time to treat your seed for smut and soil insects. Every year we have spots of wheat destroyed from soil insects that could be avoided with proper seed treatment. If you make it a practice of following these two seed treatments year after year it will pay you in wheat production and save a lot of time and worry.

When thinking of wheat production, we should always think of producing wheat the market wants. This means producing a wheat of good milling quality and keeping it free of foreign material. Too much of our wheat

has been having a few grains of barley or some similar grain other than wheat. Plans should be made to avoid this by selecting the land to be used for wheat and cleaning it of all plants such as barley, oats, rye, vetch, etc.

I have discussed fall seeded legumes with several people lately and many indicated they were planning to seed some of their diverted acres this fall. These people are on a program that will build their soil and pay dividends in years ahead. If you haven't given a winter legume much consideration, why don't you think it over, you may see how they could fit your program. Vetch, clover, alfalfa, and winter peas are all good, but the time is just about past for seeding clover and alfalfa.

After eleven and one-half years as county agent, it is rather hard to say good-by as your county agent. It is not quite like it would be if I were leaving the country, but I know there are a lot of you I will not get to see and visit with like I have in the past. It has been a real pleasure serving as county agent the past years and I have hopes of being around several more years serving in another capacity, so come by and see me when you can and I'll be seeing you from time to time at various places.

## CCC Milo Being Sold

Farmers and cattlemen wanting to purchase milo may now do so by calling the Dallas ASCS commodity office, says Prentice Mills, Farmer County ASC office manager.

Commodity Credit Corporation milo is now being sold at the market price, and may be purchased at any time, provided the buyer wants at least 60,000 pounds.

In phoning in their orders, buyers may stipulate where they want to take delivery.

The market price has been ranging from \$1.58 to \$1.70, Mills says.

## Contest Rules

1. There are 10 high school and college football games listed in ad. on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and traveling expenses to Dallas and the January 2, 1961 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

"We Serve to Serve Again"

Jim Russell, Mgr. 238-2691

**To Oregon**

Mr. and Mrs. G. A. Bandy and Mr. and Mrs. Lloyd Killough and Sid are visiting in Medford, Ore. They are visiting with Mr. and Mrs. Norman Killough and son.

Killough, who has recently been discharged from the army, will return to Bovina with his family to make his home here.

**Whittlin'--**

This is going to be their year. While Texas and Rice are enjoying favorites' roles now, the Aggies are the sleepers in the race.

You don't have to believe this now if you don't want to, but when you sit down to eat Thanksgiving supper, remember to see if we didn't tell you straight back in September.

And you're getting that information at no extra charge. We're just throwing it in so you can have that inside information to help you enjoy the season.

In Bovina Business Cotton Bowl Football Contest, Joe Moore has established himself as early season favorite. Joe is leading the pack all by himself at present.

Several are only a step away, however, and there are several just two or three paces behind him.

We note that some of the contestants talk like they don't want to be out front this early in the race. "You have to play the favorites if you're out front and can't afford to take a chance on upsets," they say.

Could be. But if we were in the race, we'd rather get out in front early, enjoy the publicity, and stay there throughout the bitter end.

As we said last week, we think a correct percentage in neighborhood of 75 will win the contest. Law of averages will get you 50 per cent. Therefore, you only have to pick half the remaining half to be in a position to enjoy an expense-paid trip to Dallas come end of this year. That doesn't sound too hard.

Number of entries in contest increased to 139 last week. A total of 111 participated first week. We expect that number to continue to grow until last few weeks of the contest. Then a few of the faint-hearted entrants will drop out.

But the best contestants will stay in contest throughout, though, so it won't be easy on any given week. Try your luck. If your luck's good, it can be worth five American dollars to you come Saturday morning.

**Accidents--**

by Jim Charles. This accident occurred on Third Street. Truck damage was \$110. Damage to pickup was estimated at \$85, Minter reports.

**Kirkpatrick Has First Load Milo**

J. D. Kirkpatrick delivered 1961's first load of milo to Bovina Monday afternoon.

The load was taken to Sherley Grain Co. It tested about 15 per cent moisture, Joe Moore of the elevator says.

The grain was cut from a field two miles east of town that is making an estimated 7000 pounds per acre. Variety was Texas 660.

Moore said the milo weighed 56 pounds per bushel. The load weighed approximately 15,000 pounds.

Sherley Grain presented Kirkpatrick with a \$25 premium for delivering the season's first load.

**Hold Farwell--**

ball in Bovina territory most of the time.

Statistics after the first half were about even, with the Steers having picked up 64 yards on the ground and the Mustangs 59.

It was about the same story in the second half, but the Steers did surpass the Mustangs in yardage, and they twice moved inside the five-yard line before the Mustang defense tightened up and held.

Once in the fourth quarter the Steers were stopped on the one-foot line, and later in the period were knocking on the door again.

This time they called on Fullback Jerry Lovelace, who had been sitting out most of the game because of an injured hand, but the Steer ace was stopped and the Mustangs took over, this time on the four-yard line.

Despite losing their second straight game, it was a moral victory for the Mustangs who went into the game as four touchdown underdogs.

For the Steers, it was the straight game in which they kept the opponent from scoring, but offensively, it was another disappointing contest.

Starting quarterback Leon Lovelace dislocated his hip when he kicked off following Farwell's first touchdown and had to join his brother on the sidelines for most of the game.

Max Field, starting end and third string quarterback, handled most of the signal calling for the Steers.

**FACT AND FIGURES**

Farwell	Bovina
12 First downs	5
144 Yards rushing	96
6 Passes attempted	7
2 Passes completed	0
34 Yds gained passing	0
173 Total offense	96
1 Passes intercepted by	0

40 Punt average	25
0 Fumbles	1
1 Opp. fumbles recovered	0
4 Number of penalties	6
60 Yards penalized	60

Darrel Read underwent surgery Thursday afternoon at Memorial Hospital in Clovis. He is reported to be improving rapidly.

**Legion--**

light of the meeting. Tom Hartwell has served as commander of post for past year.

Meeting time will be 8 p. m. and it will be in American Legion building.

All members of the post as well as other veterans in area are invited to attend, White says.

Refreshments will be served and general business, in addition to officer election, will be conducted.

**Woman's Club Slates Luncheon**

Bovina Woman's Study Club will open fall session with a luncheon Thursday, September 14, according to Mrs. Ovid Lawlis, president.

The luncheon meeting is scheduled at 1 p.m. at Bovina Restaurant.

A short business session and a preview of the year's events is on the program.

**David Dixon Celebrates**

David Dixon, son of Mr. and Mrs. John Dixon, celebrated his ninth birthday recently with a party at his home.

Following a hamburger cook out, the boys slept out in a tent in the yard.

Those present were Grieg Bell, Roy Sisk, Roger Shook and the honoree.
