Chireno News.

Chireno, Texas, July 13.—The Methodist annual meeting was begun by Bro. Luker of Center, with several rests given him by Bro. Jim Wilson, and is being continued by Bro. Luker's noble son, Frank, and the young christian minister, Bro. Perritt. These preachers are manifesting great energy and power in their efforts to have a genuine heart-felt revival here and to crush the opposing force which is holding so many young people away from right. Their efforts are crowned with success blended with the holy spirit, and the many good thoughts and ethical lessons which they are giving us will remain in our hearts and haunt the evil spirit. Too, they have brought us to a retrospective attitude which is causing deeper thinking concerning our ways of doing, and is promoting a higher standard of living in our inner being. Sunday at the morning and evening services there was a mingling of joy and happiness that pervaded the audience. Touched by the magic words uttered by the precious mothers in prayer, we were brought in the circumference of our unthoughtful sins committed, and our hearts were tendered by their earnest shouts of praise. At four o'clock Sunday afternoon there was gathered at the church house a host of little children for their service. Many benches were crowded with these little ones who sat with listening ears to the bible stories told to them by Mr. Ralph Menefee. They sang in a pleasing manner their opening song which Miss Winnie Smith so thoroughly taught them, and each one took an interest in responding to the questions that were asked them. We all now see the great need of peace, harmony, and God; and, while staring these momentous needs of mankind

in the face we are going to repel any intruding power except that which fosters peace and prosperity.

Mr. Jack Roberts has been with us during our revival and has taken an active part in the services.

Mr. Ed Grabill of Huntsville has been visiting in our town.

Miss Etta Jones has returned from her several days' visit in Nacogdoches.

Misses Clara Birdwell and Vera Menefee have come home where they may be free from normal work.

Mr. S. S. Moss, a prominent plainer operator of Lufkin, has been visiting friends and relatives.

Miss Audie Patton of Melrose has been the guest of Misses Mary and Etta D. Jones.

With a few exceptions, there are very few sick ones in or near our town. This, we are very glad to see, and hope to see the few who are sick able to enjoy the mid-summer days with us.

Wanted to Buy Lands.

We are in the real estate business. We have the purchasers, but short all class of land and prices. Receiving many inquiries about Nacogdoches lands. We are now negotiating with an Eastern land company to settle a colony in this section. List your property with us if you want to sell. Be quick and do it now.

RESIDENCE BURNED.

Home of W. H. Williams destroyed. Building and Contents a Total Loss.

From Tuesday's Daily:

About one thirty this afternoon the alarm of fire was given, which proved to be the residence of W. H. Williams on Orton Hill. The family were all taking an afternoon nap and were awakened by a negro boy who discovered the fire from the residence of G. M. Haltom.

The household effects were valued at \$2400, and insured for \$1000. The building was owned by Mr. R. O. Ferguson, and valued at about \$1000, insurance \$750.

The origin of the fire is unknown, as the flames were under headway when discovered.

From Simpsons Mill.

It is quite refreshing, leaving the hot dining and cook room for a while and stray off down to the busy commissary and mill where the lumber and log wagons, mill men and all seem so jolly and busy, every thing is alive around you. The hands are well fed, not a hungry man to be seen, no need in this great county of ours for poverty; nor idlers, for there is plenty of work if men will only be dutiful and honest. Last week we made a trip by private conveyance to Nacogdoches. The fine corn and cotton crops were beautiful to see, how thankful we should be every day and hour to the giver of all blessings. He will not withhold any good thing from those that walk upright. Away out here in the pine woods of dear old Nacogdoches county, we are feasting on fine melons, fruit, and all the good things the country affords. The water is fine, so pure and cold. Some find their happiness in gilded palaces while I love the lowly cottage in the woods when all nature shows forth the reality of God. If we are not happy, the fault lies at our door, for we are responsible for our own wretchedness. God wills the happiness of all live creatures. The world delights in sunny people. The old are hungering for love more than bread. A house is not necessarily a home. An elegant edifice, richly furnished, showing a thousand signs of wealth and luxury, may satisfy the sense, but not the heart. What your home is depends not in what you have, but what you are. God help us to shine as a star in our homes, be it ever so humble.

L. W.

News has reached town that the residence of G. W. Falkner, who lives near Appleby, was burned yesterday. Mr. Falkner had one of the best country homes in the county and his loss is about \$2000.00. We understand that he had no insurance and the loss is total.

A-WORTHY INSTITUTION.

Negro Industrial School Now in Progress—May Be Permanent.

The members of the school Board made a visit yesterday to the industrial school conducted by Mrs. A. E. Wilkins (colored) and for the benefit of the colored people of this city and section. They were agreeably surprised, are unanimously in calling it a most worthy institution and predict much good as a result it continued along the lines it is now being conducted. The work is only in its seventh week and was located here through the efforts of William Sanders, principal of the colored school, although he is not now directly interested.

The person in charge, Mrs. Wilkins, is a graduate of the Shaw Industrial University of North Carolina, and has been actively engaged in teaching her race the past fifteen years in Texas, coming here from Clarksville. The work that is being done in this infant institution is worthy of more than passing notice and gives promise of excellent results for those interested for the race in this particular section and for the people who have to deal with the servant question. The branches taught are dress-making, tailoring and millinery; it being said that some of the garments made by the smaller negro girls are calculated to put even much older ones to shame for the lack of such knowledge. Every phase of the three trades is being taught, cutting by measurement, by pattern, basting, fitting and finishing. In millinery, hat frames are woven as well as trimmed, and in fact every feature is being learned. Prof. Sanders, principal of the colored school, is well pleased with the progress being made and believes it will prove of untold benefit to his race of people. The Board of trustees too, are gratified with the institution and do not hesitate to predict a still greater good as the work becomes more general and the school better patronized. It is quite possible too that other subjects as washing, ironing, cooking etc, will be taken up, a combination with the other things, that will, to a great extent, eliminate what is termed the "servant question" and will tend to advance the negro race, morally and socially. An effort is to be made to get a building, convenient that when the public school begins, the industrial department maybe continued. This, however, has no connection with the public schools, and is entirely self sustaining.

cance.

ocratic party should be read

THE latest out is a "merry
widow" buggy. Of course it

tractive.

IN the crowd that is holler-

great service in starting the

NACOGDOCHES farmers are
rejoicing over good crops and
with the plentitude of fine
melons and jumbo Elbertas,
they have a right to feel
happy.

BLIND Senator Gore of
Oklahoma sounded the key-
note of the Denver conven-
tion, and on mentioning
Bryan's name, caused a dem-
onstrations lasting one hour
and twenty-seven minutes.

WHEN it comes to guber-
national candidates, Democ-
rats of Texas should remem-
ber that Tom Campbell has
done just what he promised
to do and what the party de-
manded that he do.

A TAFT banner prominent-
ly displayed in a main street
of Lincoln, Neb., is causing
much annoyance to Mr.
Bryan's friends in that city.
Taft will be good after Nov-
ember 10.

THE nomination of Wil-
liam J. Bryan, while it has
long been anticipated, comes
to the people with a ringing
welcome and causes high
hopes. If there is a man in
existence who is beloved by
the people and a patriot of
the entire world, it is this
matchless man, W. J. Bryan.
If there is a man in America
who is capable of leading a
people to victory and who is
eminently qualified to guide
the destiny of the greatest
nation on earth, it is this "peer-
less leader" of Democracy, W.
J. Bryan. The richest minds
of a nation, gathering under
a single roof, have willed that
he be the banner carrier and
in so doing have but too, sig-
nified the peoples' will. Twice
before nominated for the
highest office in the land and
twice defeated, has made him
but a greater man, more learn-
ed, broader and has caused the
peoples' love and fidelity for
him to become stronger. The
people have willed that he be
Democracy's standard bearer
and the people will vote that
he be elected to the presi-
dential chair.

WE met a man a few days
ago, neatly and well groomed,
lugging a big yellow tele-
scope. Having inherited, to
some extent, the weakness of
woman, inquisitiveness, we
determined to investigate the
cause of that fellow's travel
from house to house, and if
possible to learn the contents
of that young trunk. We
did not have to go far,
"Yes," said a neighbor lady,

"he's a drummer and he's got
the prettiest line of children's,
ladies and gents hose you ever
saw; and they are so reason-
able too. Most of the things
sold that way are high, but
his line is not; and so many
people bought. I noticed his
order sheet and they showed
the names of some of the best
people in town who had
bought in amounts ranging
from \$10 to \$75." That was
far enough; didn't want to
hear any more. This is no
fiction; it's truth. Investi-
gate and you'll find the same.
Home money ought to be
kept at home, Mr. Merchant.
The money that is paid for
out of town merchandise is
yours—if you get it. You can
get it if you use printers ink.

THE platform of the Dem-
ocratic party should be read
and re-read by every loyal
Democrat.

THERE is never a day but
what money is sent from this
town to some foreign place
for merchandise of some de-
scription. It happened yester-
day, it is happening today
and it will be again tomor-
row. There is a reason for
this. It is not because Nacog-
doches merchants haven't
the goods; you won't find
more complete stocks of mer-
chandise, of every kind, in
any city several times as
large. It is not because the
goods are better or newer;
Nacogdoches can boast of the
very best and latest from a
pair of hose to a steam thresh-
ing machine. It is not be-
cause the prices made by out-
side houses are cheaper; if
there is any difference, the
prices are in favor of the
home merchants. The reason?
The people don't know
what you have got to sell, nor
the selling price. Observe
just a little and see if you
don't find people sending out
of town for the same stuff
that you carry in stock, and
that rightly you ought to sell
these same people. Ask them
why they did not purchase at
home and the chances are
you'll get the reply, "I didn't
know you had it."

Obituary.

Sunday morning at four
o'clock the divine hand wafted
the soul of Mrs. Nancy
Metteuer away from this
earthly abode to that celestial
shore where peace and glory
forever holds full sway. Her
body was quietly interred at
the cemetery Sunday evening
at six o'clock. Bro. Luker,
pastor of the Methodist
Episcopal church of this
place, officiating.

Mrs. Metteuer was born in
Georgia in the year 1827; but
leaving there at an early date
she came to Texas and settled
in Chireno. It was at this
place that she raised a happy
family who trace their an-
cestry back to noble chris-
tian characters. She has ever
been known to be a faithful
woman in her life's duties,
and her sincerity, and stead-
fastness make her life such
as the young women of today
might well follow. She was
bent with the trials and cares
of eighty one years, and the
occasional wrinkles in her
face only affirmed our trust
and highest respect toward
her. There is no one who has
done so much good for man
and God, than has these old
gray haired people who are
gradually passing away.
They are the ones who labor-
ed under great hardships in
the early days in order to
serve their fellowman and
God. Too, they are the ones

in whose hearts reverberated
the "Old Time Religion"
which washed them "Whiter
Than Snow." This, with
their magnanimous char-
acters cause us to bemoan the
greater over their deaths.
Still, with the assurance that
they have an eternal abiding
place with the Saints in
Glory; we can do no more
than rejoice when one leaves
this sinful place to join his
loved ones who have preceded
him in going above.

After the death of her
husband she knew there
would be but a limited length
of time until she would re-
unite with him where their
ties would never be severed.
Now, the few days between
their deaths have been served
out, and with nothing left be-
hind to mar her life among
these people she has gone to
rejoice for ever more.

ficers in their respective work

The office of 1st vice presi-
dent was left vacant with the

ing a humane man in Nacog-
doches interested in this work
sufficiently to serve as in this
capacity, where one is greatly
needed.

The name of this organiza-
tion does not appear often in

ganization each individual

pended.

Concerning the complexities

interest to women, Dr. Woods
Hutchinson in the Saturday
Evening Post of the 11th says:

Women have a kind of

If You Would Keep Young.

The youth seeker worries
not.

She learns neither to borrow
nor to hunt trouble.

She meets it with a laugh
when it does come.

The laugh may come hard,
but even a sickly smile is a
better youth keeper than tears.

She lives moderately, neith-
er working nor playing her-
self to wrinkle making ex-
haustion.

She thinks, feels and lives
youth, though not to the
point of unseemliness, gray
hairs and friskness but accen-
tuate years.

She enjoys the present to
the full, and does not acquire
that age habit of lauding the
good old days.

She keeps a well body,
knowing that ill health is the
surest destroyer of youth.

She keeps a well groomed
body, never permitting her-
self the comfortable slipshod-
ness that too often goes
with added years.

She never gives her mind a
vacation, but keeps it abreast
with the times, however much
effort is required.

She keeps her heart young,
knowing that therein lies the
true secret of successful fight
of age, which can daunt even
wrinkles and youth destroying
cares and sorrows.

Luncheon.

Of the numerous social
courtesies that have been
showered upon the quartette
of visiting girls, quite the
loveliest was the charming
seven course luncheon with
which Miss Louise Perkins
complimented her own house
guest, Miss Bessie Garrison
of Austin, Miss Tassie Polk
of Beaumont who is Mrs. E.
A. Blount's guest, and Misses
Buford and Hall with Mrs.
Hayter.

Covers were laid for twelve,
including the young hostess,
and nothing could have been
more beautiful than the table
with its dainty napery, its
pretty china, its sparkling
crystal, the central decoration
of which was of the delicate
cfepe myrtle, so dainty and
so typically southern that it
is a wonder it is not more fre-
quently used by those desir-
ing refined effects.

Dainty place cards design-
ated the place of the happy
guests, serving also as charm-
ing souvenirs. As far as possi-
ble, the color scheme of pink
and white, with a delicate
background of green was car-
ried out, and on so happy an
occasion, one may be pardon-
ed for the statement that
every thing was "Coeur de
rose." If the table was pleas-
ing to the eye, the menu serv-
ed was equally so, and most
tempting to the palate, con-
sisting of watermelon served
on grape leaves, chicken gum-
bo, home made bread, broiled
chicken, creamed potatoes,
butter beans, fruit salad,
cheese wafers, cream cheese,
bread and butter sandwiches,
olives, peach melba ice cream,
maccaroons with cherries,
grape juice.

Other guests partaking of
Miss Perkins' good cheer were,
Misses Viridian Barham, Laura
Allen, Lorena Middlebrook,
Zirleta Matthews, Janie Wil-
son, Lillian Davidson, Mamie
L. Blount.

Mrs. Josephine Hall, of Bardonia, N. Y., writes: "I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

WORK AT AN END.

Normal Students Finish Examinations—Some Resolutions.

The students of the Nacogdoches county summer normal which closed Friday, today finish the work of examinations. Possibly half of the students of the normal have been hard at work since Monday, endeavoring to make the necessary per for certificates. The students are pleased that the summer's work is at an end, and are well pleased with this year's normal. It has been the most successful in the history of the county, from every view point. The 75 who attended are more than pleased with results and propose to make Nacogdoches the home of a summer normal, as is evidenced by the resolutions passed. The instructors, Profs. R. F. Davis, John B. Stripling, R. W. Tillery, George M. Hale and Miss Ola Menefee, are much gratified with the summer work and predict untold good in the schools as a result.

The resolutions are: We the teachers of Nacogdoches county in normal assembled, realizing the need of well equipped teachers to carry on the great work of education in our county, and realizing further that we have obtained zeal, information and clear ideas of our work by having attended this normal held at Nacogdoches, conducted by R. F. Davis, Jno. B. Stripling, Geo. M. Hale, Miss Ola Menefee and R. W. Tillery, do hereby adopt the following resolutions:

Be it resolved by the teachers of Nacogdoches county that we hold in Nacogdoches county each year a summer normal, and further more we pledge ourselves, as teachers, to attend said normal as far as it is possible to do so.

A Revelation.

It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. Ruggles, Reasnor, Iowa, writes: "The doctors said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet." Mast Bros. & Smith.

The Tobacco Business.

The present year is proving a most successful one in the tobacco business in Nacogdoches county and a number of people are already making plans to get into it on a more extensive scale next season. Lots of people too, are talking of branching out into that line of industry, for the first time, having learned that it is a paying crop and gives great promise for the future. Tom Maroney is one of the enthusiasts for this crop and invites those who want to get into it, to come and see him.

Letter From The West.

To The Sentinel.

Millsap, Texas.—Just a few lines again as the other did not find the waste basket.

Health of this community is good. We had two good rains last week which will insure us a good corn crop. Cotton is as fine as I ever saw at this season. As I said in my other letter it is all late here. If nothing happens we will have to have lots of help to gather it this fall. The most of us are in need of a good crop this year. Last year's short crop made it hard on the farmers here as corn cost them about \$1.00 a bushel to make their crop.

Our little town is situated on the T. P. R. about 40 miles west of Fort Worth. It consists of one bank, five dry goods and grocery stores, one boarding house, one furniture store and one hardware store, two cotton gins, two black smith shops and one livery stable and as good people as I every lived among. Some people think renters in the west are treated like negroes but that is a mistake. Here where I live a renter is thought just as much of as a land holder. Since I last wrote to your paper I received a letter from a Nacogdoches county boy by the name of David Greer, now of Hale county, who advises me to come there and buy, but did not say what the price of land was. We haven't any negroes here in our town; the whites wont allow them to even stop here and I think it a good idea as they are doing so much mischief where they are allowed to stay.

We are to have a twenty days singing school to start tomorrow.

Renting land is the order of the day now as people are beginning to lay by their crops. Success to The Sentinel. T. J. Martin.

A Negro Killed.

Word was received here last evening that a negro by the name of Charley Teal had shot and killed another negro, Elisha Harper by name. The killing took place just across the line in Angelina county, where the negroes live. The message stated also that the assailant had been arrested, supposedly by Angelina county authorities.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaints," torpid liver, or biliousness, chronic bowels affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hays, of the Univ. of Pa.; Prof. Finley Cunningham, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, D. of Cincinnati; Prof. Edwin M. Felt, D. of Hahnemann Med. College, Chicago, and scores of other equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine that is for sale through druggists (or like purveyors) that has any more powerful endorsement—worth more than the human and animal testimonial. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concern of good glycerine extract of nature and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

Judge Lattimore Here.

From Thursday's Daily: Judge Oscar S. Lattimore of Fort Worth, candidate for judge of the court of criminal appeals, was in the city yesterday, meeting the people and today went to Carthage, where he will deliver an address on Woodcraft this afternoon. Judge Lattimore is a strong man and an able jurist. While prosecuting attorney of Tarrant county he inaugurated the campaign against gambling and Sunday violations, the result of which is an almost entire riddance of such in Texas. He is a citizen with a moral purpose, a man of ability, a christian gentleman. From the plow share to the position he now occupies is a long road, but he has made it. Oscar Lattimore is the man for the place.

NEGRO'S THROAT CUT.

Affray Took Place Sunday Morning Near Mill—Assailant in Jail.

As the result of a cutting affray which took place Sunday morning, Charley Skillern has his throat cut and Joe Herris is now domiciled in a cell in the county jail. Both parties are negroes. The trouble is said to have occurred two o'clock at a house near the Hayward mill, and was caused by a family row. The instrument used was a pocket knife, the wound inflicted being across one cheek and almost entirely around the throat, severing the wind pipe. The assailant ran, when the deed had been committed, and was followed by the wounded negro about fifty yards before he fell. When found and carried back to the house, he was presumably dead, but physicians were summoned and on arrival fixed his wind pipe, sewed up his throat, and signs of life became evident. At last reports the negro has a chance for recovery. Joe Herris, charged with the cutting, was arrested at his house a short time after the scrape and is now in jail.

Bridge Club.

Mrs. B. F. Thompson was hostess to the Bridge Club on Friday from 5 to 11 p. m. very delightful hours for entertaining.

Three tables of players enjoyed Mrs. Thompson's hospitality, including Mrs. Chas. Abernathy of Denton. The score cards by which tables and partners were found were exceedingly unique, and interest in the game unflagging. At seven a very tempting two course luncheon was served, in which the hostess was assisted by Misses Bessie Perkins and Bessie Garrison, consisting of sandwiches, olives, punch, peach melba, ice cream, macaroons, after which the party re-enforced by some of the husbands, the fascinating game was resumed until quite a late hour.

People's Cure for Stomach Ills

It would be folly to say that a person should always be his own doctor. There are times when one cannot be too quick in consulting a competent and reliable physician, but the fact does remain that there are many ailments that can be cured at home at very little expense. Such remedies can be bought at any first-class drug store for a small sum. Among the diseases that can be effectively treated at home are such as pertussis, the stomach, liver and bowels, like constipation, dyspepsia, biliousness, flatulency, sour stomach, bloated stomach, sick headaches, heartburn, etc. For these troubles there is no better remedy than Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, and among its staunchest friends are the doctors themselves. In such troubles they know they have nothing better to offer than the ingredients contained in this remedy, and hence the liberal ones advise their patients to take it. It often happens that at the commencement of an attack some people hesitate to take such a simple remedy, and run to a doctor. After trying various doctors they finally take Dr. Caldwell's Syrup Pepsin and have their long-continued suffering relieved. A good case in point is that of Mr. Herris, of Lawrenceville, Ill., who suffered from what the doctors called "cancer of the stomach." He was given up by three leading physicians. He had no appetite, couldn't digest what little he did eat, had severe pains in the stomach, and finally, moments when he himself thought he would die. Ultimately he was advised to try Dr. Caldwell's Syrup Pepsin and did so, and now he is entirely cured and has gained 35 pounds. He naturally advises all sufferers from weak stomach to use it. It can be had for 50 cents and its bottles and results are absolutely guaranteed or money refunded. Buy a bottle to-day and wash results.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their homes by the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the most effective medicine for children, women and old folks. For a complete list of ailments cured by this PUBLIC MEDICINE, "The Laxative-Syrup Pepsin" and full particulars, send for a free copy of the "PEPSIN SYRUP BOOK." 119 Caldwell Bldg., Monticello, Ill.

Miss Barham Complimented.

We love to give honor to whom honor is due. An ancient warrior has said, "It requires the same genius to draw up an army and to order an entertainment; that the one might be most formidable to the enemy and the other most enjoyable to the company." These things and a perfect night worked together to make one of the most enjoyable occasions in the social life of our town, when last Wednesday night Mr. and Mrs. Giles M. Haltom entertained with warm hearted hospitality in honor of Miss Viridian Barham—who has returned to us a graduate from our State University. Our spirits rose when we came in sight of the moonlit lawn, alive with passing vehicles and were greeted with a welcome so cordial by the host and hostess and young honoree, that the good time anticipated was an assured fact.

Inside, tables were arranged for the game of progressive hearts with heart shaped tally cards tied with the university colors, orange and white. Excitement and fun ran high over the game with its fateful H. H. H. till the last one had been played, when an interruption came, in the form of a tempting ice and cake served with a tiny heart, cut from the heart of a watermelon. The midnight hour had stolen upon us and we returned to our homes with gratitude to host and hostess and rejoicing over the return of Miss Viridian to our midst. Mrs. Haltom was very efficiently assisted by the Misses Loden and Misses Lewis and Thomas.

REFUSES TO DIVIDE TIME.

Judge James I. Perkins has withdrawn his agreement to divide time with Judge C. D. Mims in Shelby county. Judge Perkins is putting in his entire time this week in Shelby county in behalf of his candidacy and it was the desire and expectancy of Judge Mims that he be allowed a division of this time, but not so. Just why the present incumbent of that high office refuses to meet an aspirant for the same office, is unknown. Just why the gentleman from Rusk refuses to have questions relative to the District Judgeship discussed in his presence, is wholly speculative. For a quarter of a century Judge James I. Perkins has been in office, or an aspirant to office, and has always had the unqualified support of Nacogdoches county. In all that time the occasion has never before arisen when he has refused to meet an opponent and discuss for the people any issues that were paramount. In all that time it has been a pleasure for Nacogdoches county citizens to rally to the support of the gentlemen from Rusk and to uphold him in every way possible and which was consistent with their beliefs. But now Judge Perkins balks. There are issues in the present campaign for District Judgeship; issues that are grave and in which the voters are vitally interested. The people of this Judicial District are clamoring for some reforms in connection with that office and on these things the voters of the District are entitled to hear from the aspirants. Judge Perkins in his refusal to meet Judge Mims sets a precedent in this District that is unusual unfair and wholly uncalled for.

ELECT a man to the executive office on a platform carefully made and by conservative men, and then endeavor to defeat that man for re-election because he has carried out the platform demands. Is that Democracy?

ITALIAN twins born in Coney Island, New York Saturday, have been christened Bryan and Taft. Bryan weighs three ounces less than Taft, and they both together weigh a fraction over three pounds. They were put in

an incubator. Wonder if either of them will ever be president of the United States.

THE way to remedy a political evil is to make platform demands and elect men to office who will put the demands into execution.

GOVERNOR TOM CAMPBELL has put into effect more Democratic state platform demands than any other executive that has occupied that position for years.

IF the voters elect a man to office on a platform that he is expected to carry out, is it right to fall out with him and fight him in the next campaign because he has discharged his duty?

To the Voters of Nacogdoches County.

Finding that I will not be able to see you all in person I take this method of soliciting your support in my candidacy for representative.

The following are some of the measures that I favor and will endeavor to enact, or carry into effect, if I should be nominated and elected, viz: I am in favor of submission of the prohibition question. Of simplifying the laws pertaining to practice in justice courts. Of nine jurymen finding a verdict in the district court. Of amending the so-called hog law so as to have a fair election, and so it can be enforced after it is adopted. Of amending the rendition laws so that persons buying land on time will have to pay taxes only on what they have paid for. Of segregating the school fund so that negroes will pay for the education of their own children. Of a law quieting land titles. If we can not get a general law for this purpose, I favor a special law for Nacogdoches county. I am in favor of amending the laws passed by the last legislature so as to strip them of some of their drastic features but not to repeal them. I believe in laws to control corporations, but am not in favor of making them so drastic that corporations cannot do business in the state. I believe that if the farming interests of this county are ever represented as they should be, will have to send farmers to the legislature to represent them.

Respectfully,
G. F. Fuller.

AS SEEN BY MISS ALLEN.

Brilliant Madam Editor Comments on Cumby Picnic.

Commerce, July 11.—(Special)—Miss Maid J. Allen, now of Commerce, and one of the most brilliant "madam editors" who ever molded public opinion or indited a bright thought for a hungering world, describes the picnic at Cumby, when Democratic Bob, candidate for governor, came from his storm cellar and didn't—but let Miss Allen tell her own story.

THE CUMBY PICNIC.

Cumby, located in the northwest corner of Hopkins county, about eight miles from Commerce and fifteen miles from Greenville, erstwhile a peaceful and unpretentious village numbering its inhabitants within the limit of 1,500, and occupying a small place on the map of the vast expanse of the Lone Star domain, has within the past few weeks become a central point of attraction, a sort of Mecca, to the mind of "dissatisfied Democracy," for Cumby is also located within the bounds of an East Texas area prolific in the production of politicians, among which, from apparently authentic report, the mightiest of the mighty has arisen in the person of the village blacksmith, and Honest Bob Williams, the seer of the tax problem, has been the man of the hour in the gubernatorial contest. In recognition of the great honor bestowed upon her citizens, by the same "dissatisfied Democracy," calling him forth from his honest toil, to be the standard bearer of that wing of the party, to say nothing of what part the corporations may have played in this farcical production of a political drama. Cumby gave a picnic, and Thursday, July 9, it was expected that formal announcement of the platform upon which Democratic Bob proposed to defeat Governor Thomas M. Campbell, would be made by that gentleman in a public speech to the hosts assembled which it was thought would come in large delegations from the four corners of the commonwealth. A small number from Greenville, including the brass band, arrived on the early train, a few visitors from other towns and communities surrounding Cumby, were in evidence. The citizenship of Commerce was represented with a mixed delegation of Campbell and Williams men in the majority, upon leaving this city. A small contingent from Kaufman carried a banner which bore this motto: "Kaufman County for Democratic Bob," and Hopkins county—home folks—local candidates and district politicians swelled the number to about 4,000 when the crowd was assembled. In the forenoon Democratic Bob stayed by his bellows and his anvil, receiving callers at his blacksmith shop, where upon the ground the bottom and bed of a wagon were laid and a small table constituting a temporary desk was placed. Here the pilgrims presented themselves to propound questions to the heretofore, figura-

tively, speechless candidate; and were received with reticent cordiality. Mr. Williams only answering when directly questioned. Upon the suggestion that he could compete oratorically with Cyclone Davis, Mr. Davis denied the report that he had met Cyclone Davis in debate. He disclaimed any qualifications as an orator and said he could only state facts.

THE HERO APPEARS.

At 4 o'clock Mr. Williams made his appearance, and much to the disappointment of his supporters, the effect of his presentation fell flat—scarcely a hand clap or a cheer was heard, the candidate appeared embarrassed and ill at ease. After being introduced, without preliminaries he launched into the tax question and floundered for a few minutes; pronouncing a typewritten document he attempted to read his speech, opportunely a small shower came up, lasting only about two minutes, but giving excuse for discontinuing his discourse, and declaring that the undelivered speech could be read in the dailies, Democratic Bob dismounted the platform and refused to return, although vigorous cries for "Williams" continued to resound for some minutes. His supporters were evidently chagrined and disappointed, the whole effort falling flat, as stated above, and not a cheer being heard until the band played "Dixie."

The afternoon was then turned over to other candi-

dates, and several speeches followed.

Cumby citizens were not lacking in hospitality and ample provisions had been made for their guests, and the picnic features, barring the gubernatorial candidate's failure to make good at speech making, were laudable and reflected great credit upon Cumby.

CONVERTED TO CAMPBELL.

The Commerce delegation returned home in the main converted to Campbell, and the party has undergone a revival here, a mass meeting has been called, a Campbell club has been organized, participated in by the citizens in general and all labor organizations. Campbell will carry Commerce.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat Make the Stomach Sweet. Excises only. Regular size, \$1.00, holding 2 1/2 times the quantity, which sells for 50 cents. Prepared by E. O. DeWitt & Co., Chicago, Ill. Stripling, Haselwood & Co.

A Nacogdoches Boy in New York.

New York City has justly commemorated "Our National 4th," if noise be termed as memorial. It would have occurred to me as being Xmas had the temperature been some what down the scale. This day seems to be the "day of days" among northern cities. The "Kids" of this place alone have spent \$5,000,000 for fire works. Just think of it, the mighty throb of commercialism from "Hurdy Gurdy" to "Wall Street" is "peace be still" for one whole day. Watch the endless stream of humanity, like so many thousands of ants rush "pell mell" though the various ways of transportation to the hundreds of parks, beach resorts, etc., to get a breath of fresh air, and you'll be impressed with the immensity of New York's population. Being put wise, I spent the day taking in the financial part of the city. This is certainly an ideal day to see sights, as you may "rubber" all you want to and there's nobody to be "buttin" into you. I have seen most of the prominent parks and beach resorts and I must say they are wonderful places for natural scenery. When I visited Sheepshead, I might say I had the pleasure of seeing a number of prominent personages among whom were Andrew Carnegie, J. P. Morgan, John D. Rockefeller, and Gov. Hughes of N. Y. As I passed Oyster Bay on L. I. I saw the "Illustrious Teddy" and "Billy Taft" entering the president's home.

There's no more "400" Society it's the 20 century 1100. A suit or costume is never worn but on one occasion. Society is agitated over the latest Paris model—the "Noted Sheath gown." The more conservative are trying to keep the mode out of my society. It's amusing to read the paper's comments on this wonderful costume.

I don't think I'm going to feel very much at home until I get back to "old Nacogdoches" where everybody knows you—and everything most you do. Nobody notices you here except the policeman, and he doesn't as long as you behave yourself. Wishing Nacogdoches people the best old East Texas can afford, and The Sentinel continued success, I'll take another dream. "Guess Who."

13 INNING GAME.

Visitors Win After Long, Hard Fought Battle—Score 9 to 8.

From Friday's Daily:

"A long, interesting game, replete with brilliant plays and almost errorless," was the verdict rendered by the hundreds of fans who witnessed the contest yesterday afternoon between the Coca Colas and the Blues. The game was the longest that was ever played on the local diamond, while too, as hard fought and as exciting as one cares to see at one sitting. A first class exhibition was expected and no one was disappointed—unless it was in the outcome. From the time "play ball" was announced until the final—and fatal—run was made, things were lively on the diamond. Nor was that the only lively place, for the "rooters" bench resembled miniature windmills in a west Texas hurricane and the grand stand—well it went wild too. And while the 13 innings on both sides were not altogether errorless, the mishaps were few, yet those few were costly. The three first innings on both sides were shut outs, the infields getting everything.

Nacogdoches to the bat in the fourth scored two, followed by Shreveport with three. Fifth, the Blues made one go round, the visitors again taking three. In the sixth the locals took one more and the visitors two, the score remaining 8 to 7 until ninth when the home boys tied the game. Then for four more innings of a first-class article of baseball, the kind that makes the children happy, ladies shout and sane men delirious, the opposing teams waged battle. It looked like the game was going to be prolonged till darkness forced a draw but not so—in the last half of the 13th a Coca Cola went to the initial bag on a single, a second Louisiana soft drink walked up with a 34 inch wagon tongue and swatted the horse hide over in the big oak—and the circle was made. Both teams played excellent ball; no one will deny that. The teams are equally matched and the game this afternoon and tomorrow promises to be just as interesting. The only change in the lineups today is in the batteries: locals, Ingraham and Hargis; visitors, Lunchford and Holt.

Yesterday's game—score, Nacogdoches 8, Coca Colas 9; hits, Nacogdoches 11, Coca Colas 17; errors, Nacogdoches 2, Coca Colas 5; Strike outs, Smith 1, Eason 4, Parker 5. Umpire Ingraham; time 2 hours.

BLUES TAKE SECOND.

Coca Colas Lose Their Rabbit's Foot—Also Lose the Game.

From Saturday's Daily:

Hargis won his own game yesterday, and Hargis was rewarded for it too. Ingraham pitched a good game, Hargis received to perfection, fielding was excellent and all batted above the average. The Coca Colas were in the ball playing notion strong and did their best to win game No. two, but a few seri-

ous fumbles bursted the bubbles. Lunchford however, is a box artist and with Wadley makes a strong battery. The entire game was a breezy affair and several times the visitors had the odds; the Blues would get real busy though and check operations just as often. The crowd was very large and as enthusiastic as it was possible to be. Yesterday's game had more errors than the first, but they were not so costly except in the last inning when the Coca Colas got themselves tangled. Several predicted a ten inning game, and it looked favorable for such, until the inning when things began to happen. The teams have one game each now, making great interest centered on the last of the series, this afternoon.

Locals Win Last.

From Monday's Daily:

The Coca Colas were no match for the Blues in Saturday's game, the last of the series, the score being 9 to 1 in favor of the home boys. At no stage of the game was there a shadow of a chance for the visitors. Their battery did good work however, but the support given was poor. Birch pitched a great game, Hargis caught well and the support was excellent.

Score by innings:

Batteries: Blues, Birch and Hargis; Coca Colas, Lunchford, Parker and Wadley; hits, Blues 8, Coca Colas 8; errors, Blues; 7, Coca Colas, 13; strike outs, Birch 14, Lunchford 2, Parker 2; umpire, Ingraham.

Mrs. Lindsey Entertains.

About fifty ladies responded Thursday afternoon to the pretty invitations posted by Mrs. Robt Lindsey a few days before to meet Mrs. Henry Link of Palestine, the guest of Mrs. J. C. Harris and Mrs. Charles Abernathy of Denton, her own house guest.

In deference to the season, the spacious verandas were equipped with tables, comfortable chairs, adorned with palms and ferns and so converted into charming and delightful summer parlors and here the genial hostess and her sweet guests received, bestowing upon each arrival a cordial greeting and presenting each with a pretty souvenir card, bearing photos of the honorees on one corner, a decidedly unique memento of the occasion.

These also served as place and score cards for the popular game of "42," several games of which were played, the markers being tiny gilt hearts.

"42" pleasant and popular as it is, did not engross the attention the entire afternoon, for the magnificent music room, the pride of the home, as well it may be, very soon proved a counter attraction, the hostess and Miss Margaret Harris furnishing several fine instrumental numbers, while Miss Zirleta Matthews graciously responded to urgent requests for one of her sweet songs.

The hostess was assisted in serving a delicious punch and lovely cake by Misses Grace and Johnnie Link and Misses Margaret and Ellece Harris. Out of town guests attending this function were Mesdames Lewis of Burnett, C. C. Rhein of Belleville, Ill., Boyd Moore of Beaumont, Misses Wright and Buford of Henderson, Hall of Vernon, Garrison of Austin.

A few of the young people remained after the stipulated hour and were joined by some of the young men, who were favored with telephone invitations.

There was no meeting of the Ladies Aid Society of the Presbyterian church U. S. A. last week. This society however served a splendid dinner at the shooting grounds on the 4th inst., thereby netting a neat little sum to add to their funds, and incidentally supplying the gun club with a most excellent dinner.

AN ACTIVE CAMPAIGN.

Prohibition Central Committee Decides to Put Speakers in Field.

The Nacogdoches county central committee of the Prohibition club at a meeting held yesterday afternoon in the office of Lindsey and Harris, decided definitely to put speakers in the county at once and to urge an active campaign for "Submission" from now until the day of the primaries, July 25. Those of the local committee who attended the meeting are: W. U. Perkins, vice chairman of the county, J. W. Mills, F. R. Tucker, W. S. Beeson, B. M. Hall, Hollis Mast, and June C. Harris; precinct chairmen present: W. J. Campbell, Douglass; L. A. Bagley, Sacul; J. M. McClure, Woden; J. B. Rushing, Shady Grove; and Holloway Lilly of Appleby.

It was decided too, by the committee, that at every picnic and barbecue in the county, until the election, a speech on "Submission" be made and in addition to this every community will be visited by a speaker and possibly a series of speeches made. A Pleasant Affair.

Miss Mattie B. Wade entertained her many friends at her home on Pillar street last night. The occasion was a lawn party. The lawn was covered with the many young folks, some conversing and others engaging in various games. The feature of the occasion was the water melon feast just before the departing hour. Every one enjoyed the party and left hoping for many such similar occasions.

Little Baby Dead.

From Thursday's Daily:

Smith Parsley, the nine months old son of Mrs. Ida Parsley, died this morning at eight o'clock at the home of Mrs. Parsley's mother, Mrs. A. D. Smith on Taylor avenue. Mrs. Parsley has been visiting her mother here for a week or more, and for several days the baby has not been feeling well but was not taken seriously sick until 2 o'clock this morning.

Efforts have been made to communicate with Mr. Parsley at Lufkin, where the family lives, but so far have not located him. The remains of the little son will be shipped to Lufkin tonight and will be interred in the Glendale cemetery tomorrow morning.

Arrested for Rape.

A. J. Spradley, early this morning, arrested Mansfield Jordan a negro wanted on a charge of rape in Angelina County. This negro has been dodging the officers for some time. Sheriff R. V. Watts, at Lufkin, has been notified and is expected here to day after the prisenor.

Suffering Ladies

are urged to follow the example of thousands of their sisters and take Cardui. Cardui is a non-mineral, non-intoxicating medicine for women. It is for sick, weak ladies, with sick female organs.

TAKE CARDUI

It Will Help You

It is a genuine, curative medicine, that builds up the female system and relieves female pain. Mrs. M. A. St. Clair, of Eskdale, W. Va., writes: "Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."

A Treatise on Horse Collars

BOTH men and horses wear Collars. The difference is not only in size and character, but a man can select a fit—a horse can't. Therefore the necessity for good judgment in buying the equine kind. A cheap, badly stuffed collar of inferior leather will not only harm a horse's skin, but break in important parts before it has been in use, maybe, a couple months.

Our No. 64 and 66 have never failed to give comfort to the horse and double the money's worth to the people. We are always particular about the fit, that's why we have so many sizes.

Bring around your horses, large or small, and let us take care of their Collar and Harness wants.

Nacogdoches Leads.

Mr. J. H. Thrash, of this city, returned last night from a visit to Galveston and Houston. Mr. Thrash is an employee of the Nacogdoches Show Case and Mfg. Co., here and while away took advantage of inspecting the Houston Show Case Factory. He was surprised to find that the Houston factory was in no way a comparison to the local factory, as its force is not as large, capacity not so great and not as large. He states that the Nacogdoches factory is fixed for better work and can turn out much nicer products than Houston.

"Start Young"

To train a child into good habits. There is no habit that will add so much to the good character, the general happiness and thorough contentment of a life as the good habit of saving. The best way to start this habit is by opening an account "at this bank" for the child. The child will become as interested in watching this account grow as it would be with a toy. This interest will harden into a habit, and the habit into character.

You can open an account at this bank for your child with as small an amount as One Dollar if you like. Better come in today and do this.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by Mast Bros. & Smith.

Best the World Affords.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c at our drug store. Stripling, Haselwood & Co. w

The 10 months old child of Mr. and Mrs. M. C. Robinson, which died Saturday evening, was buried at Decoy at 4 o'clock.

This is what Hon. Jake Moore, State Warden of Georgia says of Kodol for Dyspepsia: "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs; in fact I made up my mind that I could not live but a short time, when a friend recommended Kodol. I consented to try it to please him and was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity may be benefitted. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by Stripling, Haselwood & Co dw

P. G. Loney and J. M. Windham, two prominent citizens of Aiken, Shelby county, were in the city today buying goods.

Over Thirty Five Years,

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Mast Bros. & Smith. dw

DANGER IN DELAY.

Kidney Diseases are Too Dangerous for Nacogdoches People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

D. H. Goldberg, of Lutkin, Texas, says: "For several years I suffered, off and on, with dull aching pains across my back and I had much trouble with too frequent action of my kidneys. I tried nearly every kidney cure on the market with no results, until an old traveling man recommended Doan's Kidney Pills to me. I bought a box at the Johnson Drug Co., and was helped considerably by its use. I continued taking the pills and since using them I have had only one slight pain. I take pleasure in stating that Doan's Kidney Pills is the best remedy of the kind I have ever used."

Plenty more proof like this from Nacogdoches people. Call at Mast, Bros. & Smith's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The new buildings on the corner are fast nearing completion and makes Nacogdoches look almost natural again. The brick work is finished and a large force is busy putting in steam heating apparatus, wiring the buildings, etc., and they will soon be in readiness for those intending to occupy them.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at our drug store. 50c. Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe saved his life.—William H. Stroling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain.
