Black Jack News

We, the Black Jack boys, having augmented our capacity for playing ball and having in mind the reminiscences of past existence, challenged the famous, energetic, notorious ball team of Chireno, who, in the absence of all our team save three, played Saturday before last as your paper readers have perceived; and the game came out 12 to 8 in their favor.

Now, thinking that they could do as before, they came at the first invitation and met us at our ball ground, thinking, "All is well."

They forgot the famous maxim, "know thyself." They overestimated their ability not realizing that the strength and energy put forth in the last game would be inadequate for the winning of this one.

Our boys played a good game, making two errors.

Chireno, we must admit, had a first baseman, but of

course he could not do anything by himself.

At last realizing that they were struggling with mortals and not demons, they gave up with despair.

The game stood 15 to 0 in our favor.

Chireno got to the third base one time, but failed to move any further.

Batteries, Black Jack, Cade and Hargis; Chireno, Smith, Hall and Calhoun.

A Family Reunion

Mrs. J. E. Smelley celebrated her seventy-fourth birthday on Wednesday Aug. 26 with a family reunion.

On account of sickness and long distance to travel only forty were present, fifty-nine being absent. A splendid dinner was served on the lawn. On the table was a dish purchased fifty-nine years ago by Mrs. Smelley's mother, Grandma Risinger.

Rev. S. A. Acery of Cushing was here today.

BIG LAND DEAL

Illinois Man Buys Stave Mill and Land - Texas Future

A large and likewise a most important deal was consummated here today, and the final papers are now in preparation when C. W. Pope of McLeansboro, Illinois, purchased the stave mill and land holdings of Charles Popp, located about 10 miles south of this city. The terms are private though it is understood that the trade represents a large sum. In addition to the mill, included in the deal are 464 acres of land and 416 acres of timber. Mr. Pope will assume charge of the business at once.

Mr. Pope is very enthusiastic over this section of the great state and predicts for it a wonderful industrial advancement in the next 10 or 15 years. Though this is his first trip to Texas he has spent several months in various portions, mostly in and around San Antonio, Brownsville, Laredo etc. He expressed a preference for East Texas over that country and said he never saw any cane or truck there that would compare with the product grown here. "You have a great country," continued Mr. Pope, "and immigration would flock here if given an opportunity to learn of it. The climate is ideal, truck, cane and other crops flourish, soil is adapted to growing most anything, land is exceedingly cheap compared with other and young tobacco advantages makes it a country to be sought after. Let the people know these things is all that is needed." Mr. Pope is a very wealthy citizen of his Illinois town and has been a resident there for nearly forty years.

Shady Grove Gleanings

Cotton picking is the order of the day, but having begun a second growth it does not pick very well.

The revival meeting closed last Thursday night with no additions.

Mr. W. T. Weaver and daughter, Miss Jennie, visited Prospect Saturday and Sunday.

Prof. Walton Day has returned to Panola county.

Miss Annie Barnes is visiting Mr. W. T. Weaver and family.

The singing class met Sunday with good attendance and made plenty of good music.

Miss Ruth Weaver was on the sick list last week.

Misses Lola and Clara Wells returned to Livingston last Friday after paying a weeks visit.

Mr. Bryant Humphreys and family have moved to the saw mill at Stoker.

Mr. J. R. Day is harvesting a fine lot of peanuts this week. Rose Bud.

DELEGATES APPOINTED

Judge C. D. Mims Urges Attendance at Water Ways Convention

Editor Sentinel

On the 18th and 19th days of the coming November a Waterways Convention will be held in the city of Corpus Christi, Texas, for the purpose of promoting the development of waterways of the state. The convention will be addressed by orators and statesmen of national fame, and who are thoroughly informed in reference to the subject to be considered by the convention. It is the desire of those having in charge the assembling of this convention that every county in the state be represented at said convention as the matter to be considered will be of great interest to every section of the state. The people of Corpus Christi are splendidly prepared to entertain a large delegation at this convention, and low railroad rates will obtain from all parts of the state. I have been requested by the Corpus Christi Commercial club as county judge of Nacogdoches county to appoint delegates to the Waterways Convention from Nacogdoches county and have appointed the following named gentlemen as such delegates, and will thank you to publish the same, and would be glad if all, or as many as can, will attend said convention.

Giles M. Haltom, Bezman Strong, Chas. Hova, John Schmidt, R. W. Murphy, Dr. J. H. Baham, Edgar Thomson, Geo. W. Caym, Tom Summers, Luther Swift, W. L. Weatherly, W. T. Whitman, John Odell, G. F. A Charge of Assault

William Keely living on Church street is now occupying a berth in the county jail on the county court's charge of assault, having been indicted for striking a man in the back of the head, cutting quite a good sized wound, which had probably been inflicted by a physician who called and closed the wound.

A very painful one, but not a wound from which anything of a serious nature might result to the lady. In the meantime Keely made a hasty exit and hid himself in Coker's stable. Others were soon on the ground and after some little search found him in a big box in an old corn shed. He was arrested by Constable Stone and locked up. Quite a crowd was attracted by Mr. Keely's screams and many on first sight feared she was badly injured.

KWITCHER growlin.

1000 acres—don't forget it.

DON'T grumble—it don't pay.

All eyes are on Nacogdoches tobacco crop—1000 acres 1909.

If you are inclined to knock—get a hammer and drive nails.

EVERY time you meet some people you think of a lemon squeezer.

THE split log drag will be used in building the mile of model road.

THE split log drag ought to be a much used article in Nacogdoches county.

THAT mile of model road will be worth more to Nacogdoches county than it will cost.

A MAN is judged by the amount of work he does as well as by the company he keeps.

THE big tobacco barn—3 stories and of brick—will mean a forward step for the tobacco industry.

PEOPLE who have been growing tobacco in this county know it is a pay crop. Try it once for yourself.

BARLETT, Bell county, of two thousand population, has already received three thousand bales of cotton.

FEDERAL building, new court house, side walks, free mail delivery, 1000 acres in tobacco, Nacogdoches 1909.

THE model road will be worth the time of a trip to it, and worth a study by all Nacogdoches county citizens.

AUGUSTA, Georgia, is reported to be four feet under water. Prohibition has only been in effect there a short time.

A FEW sates in peanuts, a few in potatoes and from two to five in tobacco should be included in your 1909 farm program.

Good books are the best companions one can have, and never a week should pass without, at least, one good book is read.

If the building of that model road cost even \$1000, it will be one of the wisest expenditures Nacogdoches county ever made.

EVERY town that has inaugurated trades days say they wouldn't be without them now. Nacogdoches should have one also.

WHEN a Chinaman meets a Chinaman he asks: "Have you had your rice?" and when a Nacogdoches man meets a Nacogdoches man he asks: "Have you cut your weeds?" We have you?

HOPE AND ENTHUSIASM.

The Panola Watchman is always saying something good and every issue contains excellent advice of some nature. This week Editor Park gives the business men a few pointers and which are too good to pass up. In fact they are applicable to most any town and might be of worth to Nacogdoches folks.

More towns die for want of confidence on part of business men and lack of public spirit than any other cause. When a man in search of a home or a business location goes into a town and finds everything brim full of hope and enthusiasm of the prospects of the place, and all earnestly at work to build it up, he soon becomes imbued with the same spirit, and as a result he drives down stakes and goes to work with the same interest. When, however, he goes to a town where everyone expresses doubt and apprehension for the future prosperity of the place, moping about and indulging in mournful complaints, he naturally feels that it is no place for him, and he at once shakes the dust off his feet while he pulls out with all possible speed for some other place. Consequently try to make a live, enterprising town out of the town in which you live. When you are working for or saying a good thing for your town you are accomplishing all the more for yourself.

TALK for that trades day. The farmers want one and the merchants and business men need one. A trades day will prove a "mutual benefit."

AND it won't be amiss, while you are planning for next year's crop, to include a generous supply of "America's mortgage lifters"—hens.

TEN cent cotton comes in powerful handy but a few thousand pounds of tobacco would be just as handy—less cost—less work—more profit.

NACOGDOCHES farmers will have the corn next year; now if they will raise a few hogs to feed that corn to, living will be at home instead of in Kansas.

ROADS that a farmer can haul twice as big a load over as he can now would certainly be worth as much again to that farmer as the present roads. Therefore better roads.

THE presidential candidate on the prohibition ticket came near being drowned in just plain water a few days ago. This thing of being on the "waterwagon" has its dangers too.

THE San Augustine Vidette says there is a busy crowd around their court house every day—from 7:30 a. m. till night. The enticing game of "42" causes the business.

THE man who has cotton to sell should not overlook the fact that Nacogdoches is the best cotton market in East Texas. The very top prices are paid for the fleecy staple and the buyers are plentiful. Saturday's receipts

were way up, which goes to prove they are coming here with the product.

A DALLAS man has sued the street car company of that city for \$14,518 for personal injuries. He also alleges that he tore a pair of \$6.50 pants in the mix up.

THE split log drag, or king drag as it is oftentimes called, to be used in building the mile of model road, is a simple affair, easily made, inexpensive and very profitable when correctly used.

A MISSOURI man dropped a bottle of beer in a well seven years ago. When his town went "dry" last month, he remembered the bottle, pumped out the well and rescued the bottle. He says it was worth the trouble.

EVERY citizen of Nacogdoches county will hail with delight the erection of a Federal building and ought to be just as anxious for a new court house. We are sure for the first named—so lets get busy for a handsome court building.

MARSHALL is endeavoring to be the "side walk city of the south." The citizens of that hustling Harrison county town expect to spend \$80,000 putting down side walks. And yet some people will argue that side walks are not needed—don't pay.

It makes no difference what your avocation—whether banker, merchant, clerk or laborer—it is a duty you owe your town to be a worker for that town. Some opportunity presents its self every day for doing good or speaking good for Nacogdoches. Do you take advantage of those opportunities?

THE organization of a Thoroughbred Association will mark the beginning of a new era in stock raising in Nacogdoches county. It will mean the doing away with some of the present day teams and the raising of good horses and good mules; good drivers and fine farm teams are worth something and it costs no more to raise them.

THE city marshal of Ennis, says he will enforce the vagrant law to the letter. This will aid the men who have cotton to pick. The same ought to be done in every town. If a man won't work he should be invited to move on. While some are too trifling to work, none are too good to work.

WHENEVER the country newspapers find foreigners invading the field of the home merchants with goods and merchandise and selling them to farmers, they are asked to arise and whack the intruders and advise the farmers to buy their goods of the home merchants. And when foreign printing houses send their representatives among the business men and merchants, many of these same merchants give them their orders and get inferior work for the money. Of course that's reciprocity.

Child Affection.

The sweetest most beautiful picture in the world; that which no gifted artist with brush and canvass can in a lifetime paint, and that which no orator with the most versatile vocabulary at his command can prostrate. It is a God given, God like love; an instinct, strong and fervent, without the storm beaten effects of a life of vicissitudes. It is complete, whole souled and with the innocence that bespeaks absolute sincerity. Who is it that cannot and who is it that will not learn a lesson from the little tot with its rag baby, disfigured dolls, and broken play things? Watch that little child as it goes from room to room, carrying with it—those things which it prizes so dearly and loves so devotionally. Peep into the play room and we will see a picture worth our attention and from which a lesson in love might be taken. For hour after hour it whiles away the day in a pleasure that is as serious, as earnest and as love filled as our own lives should be. And after all we are just grown up children. The same tragedies are enacted, the same trials hinder our pathways and the same love sweetens our daily journeys as are experienced by the innocent, prattling child. Yet there is a difference, though there should not be. Affection often becomes stagnant and the very best there is in life is lost in the way of living. The love and devotion that by nature is given us and should predominate, does not. Our lives should be filled with true "child affection."

The Split Log Road drag.

A farmers' bulletin has just been issued by the Department of Agriculture which should be read and studied by every man in the country, whether he has a five-acre or a thousand-acre farm. It is a description of the split log drag for use on earth roads. The split log drag is by no means a new institution but this 15-page pamphlet tells why it is sometimes a failure. For one thing, it is often made too heavy. It should be light enough for a man to lift easily. A dry cedar, elm or walnut log is the best material for a drag—far better than oak or hickory. Another mistake is in the use of squared timbers instead of those with sharp edges, whereby the cutting effect of sharp edges is lost, and the drag glides over instead of equalizing the irregularities in the surface of the road.

There are 2,000,000 miles of dirt roads in the United States, and on those which are in any way adequately kept up, the ordinary process of improving by ditch cleaning, scraping, etc., costs annually per mile from \$20 to \$50. On the other hand the annual cost of improvement by the use of the split log drag, and the plank ditch cleaner, also described in the bulletin, ranges from \$1.50 to \$5 per mile and a far better road is the result. The cost of constructing either of these

implements is at the most a few dollars.

The advantage to be gained from the use of a road drag are emphasized in the bulletin thus: First, the maintenance of a smooth, servicable earth road, free from ruts and mud holes. Second, obtaining such a road surface with the expenditure of very little money and labor in comparison with the money and labor required for other methods. Third, the reduction of mud in wet weather and of dust in dry weather. There are also several minor benefits, such as the banishment of weeds and grass from the drag portions of the road. This publication (Farmers' Bulletin 321) can be had free upon application to your member of congress or to the secretary of agriculture, Washington, D. C.

Mills Closed Down.

The mills of the Chicago Coal and Coke company are today closed down on account of labor troubles. It seems that the employees were organizing to strike for a ten hour system, the mill having been run for several months on eleven hour work days, and the operators got onto the scheme and discharged some of the leaders in the movement. When this was done, the others in sympathy with the move for a ten hour day, walked out, leaving the mill short of men and unable to run. The discharged men have left the mill and many of them went north on the E. & W. train this morning, and to points on the Cotton Belt, out of this city.

Kisses and Tears.

Did you ever kiss and cry? Did you ever cry for joy? Were you ever crying—mad? Did you ever laugh "till the tears came? No, then you are a genuine cold-blooded Northerner. And I pity you. You may remember Jacob kissed Rachel and lifted up his voice and wept. (Gen. 29: 11.) Yes, and he served fourteen years to get her, too. You have never loved nor laughed if you've never cried. You wouldn't serve fourteen weeks Rachel. Under pressure the air we breathe becomes condensed to tears. And what wonderful power is liquid air! For the first time in years, go to your father and put your arms around his neck and say, "Dear old father, how I love you." I'll answer for two pair of wet eyes. When has your mother had a good hug from you, and the whispers, "Dear, old old mother!" Try it today and see if it proves a dry performance. Thousands and thousands of children and parents this day are hungry for kisses and tears. Why neglect it until the undertaker waits in the hall? Read David's beautiful song to Jonathan in 2 Sam. 1: 17-27. —Exchange.

AND now the physicians have prescribed the rest cure" for Evelyn Nesbitt Thaw. The public has been craving a rest from the whole Thaw business for some time.

OUR TOBACCO.

What the tobacco business means to Nacogdoches as well as all of Southeast Texas, is being evidenced by arrangements for the building of a large three story warehouse in that city. It is only a question of time, until large tobacco factories and warehouses are as plentiful in Southeast Texas as they are in Kentucky and Tennessee. —Beaumont Journal.

The farmers of the western part of Nacogdoches county and of other places where the proper soils are to be had should begin to figure on putting in a crop of tobacco next year. The experience of others has proven that it can be grown with profit here and that there is a sure market for it at our very doors. If it is a profitable industry, we should enter into it. —Cushing Enterprise.

The success of Nacogdoches tobacco crop has enthused all East Texas and there is not a town between the Neches and Sabine rivers but what is wondering why it cannot come in on this new product too. They can if they will put up the same brand of enterprise as Nacogdoches and San Augustine. There is no reason why East Texas, should not raise cigar tobacco to supply the country. —Beaumont Enterprise.

A news dispatch from Nacogdoches says the people over there are getting ready to put in something like five hundred acres of tobacco the coming year, and the biggest tobacco barn in the south will be erected. Northern capital is said to be behind the big scheme. Anderson county should have in this much at least. Filler tobacco can be grown without any very great expense and there is said to be a ready market for all that can be grown. The shade crop will certainly be increased in this territory next year. —Palestine Herald.

Five hundred acres of tobacco in 1909 would be a great thing for Nacogdoches. It may be "500." —Nacogdoches Sentinel.

According to all reports Nacogdoches can grow as good tobacco as the best that comes from Cuba. If that is true, it is a matter of but a short time when the tobacco acreage there will be more than 500 acres. But tobacco growing is a high art, requiring skill and experience, and therefore it is not to be expected that such rapid growth will be made with this industry as has been made with some other diversification projects. —Dallas News.

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Shooting Tournament.

Plans are under way for a shooting tournament to be held in Nacogdoches under the auspices of the gun club, some date early in October. As yet nothing definite has been decided on but it is very likely the plans will mature. It is expected that 75 or 100 shooters will attend and take part and purses could easily be raised; several having signified their co-operation for such an occasion.

Killed in Wreck.

A message was received here today stating that I. J. Grokan was killed yesterday in a railroad wreck. Where the accident occurred is not known but possibly somewhere between Fort Worth and Amarillo. J. A. Purtle yesterday shipped a carload of pears to the above named gentleman and now will have to go to Amarillo to look after the pears. Mr. Grokan is quite well known here having been here a number of times.

New Building for Cushing.

Plans are being drawn up for a new building for Cushing to be erected as soon as possible on the corner opposite and facing J. W. Carraker's corner building. It will be built by E. A. Blount of Nacogdoches and will be occupied by B. H. McLendon and J. D. Gage.

Mr. McLendon will move his saddlery and harness business from the Shirley building into it as soon as it is ready for occupancy. A partition will divide the building, one side to be occupied by Mr. McLendon, the other side by Mr. Gage, who will move his restaurant into it from the building now being occupied by him. Both will make additions to suit a growing trade.

This building will be well situated on one of the most prominent corner lots to be had here.—Cushing Enterprise.

The tobacco factory at Nacogdoches is again swarming with labor, says the Nacogdoches Sentinel: Which is supposed to mean that the plant is working full time and with full force. We wish our city sister well, and hope to see the day when its tobacco working population will be numbered by the thousands.—Beaumont Journal.

Letter to E. H. Blount.
Nacogdoches, Texas.

Dear Sir: Again we say: Paint half your job. Devoe, paint the other half whatever you like.

If Devoe doesn't take less gallons, no pay.
103 Yours truly,
F. W. Devoe & Co.

P. S. Mast Bros. & Smith sell our paint.

W. L. Burnaman and wife of Etoile were in the city today and paid The Sentinel office a visit.

Solid car of fresh Pond Lilly flour just received. Merchants out of town can save money by phoning or seeing me as I can save you money.

Big Real Estate Deal.

The family of W. W. Perry has purchased the home place of H. Perkins, and which is also a part of the General Rusch old homestead, located on North street. In the exchange for this property, two residences closer in are included, one known as the Perry home and where that family now resides. The deal represents a consideration of several thousand dollars, the North street place being one of the prettiest and best improved in the city. The Perry family will move into the Perkins home at once.

Dave Greer, formerly a citizen of Nacogdoches but now of Plainview, is here on a business trip.

Nursing Mothers and Overburdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant breast-milk for the child. Expectant mothers too will find it a priceless aid to produce the system for baby's coming, and rendering the ordeal comparatively painless. It can do no harm in any state or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging down of the bowels, irregular monthly periods, gnawing or distressing sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, peevish, catarrhal, prolapsus, auto-version or retro-version or other displacements of parts, will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for women's weakness and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce has the fairest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of women's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of Dr. Pierce's Favorite Prescription, send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition.—Don't do it.

Fair View News.

The farmers are busy picking cotton at present.

Mrs. S. P. Smith and Miss Iva Stribling have been on the sick list the past week.

The protracted meeting, which has been in progress for ten days at the M. E. church, closed Sunday night with eight additions to the church.

Misses Kittie Coon and Mandy Spencer of Douglass have been in our midst for several days.

Mrs. Ella Smith of Jackson, Miss. is the guest of Mr. and Mrs. Charley Chapman at present.

Mr. and Mrs. Doyle Harrell of Lutkin spent Sunday here.

Miss Annie Koonce of Shelby county is visiting friends and relatives here.

After spending several weeks with his parents, Mr. Joe Parks left last week for Iola, Kan.

Mrs. Mattie Sutphen will leave for her home at Merkel, Texas, this week, after spending the summer with her mother, Mrs. Emma Muckleroy.

The good people of this place have seen fit to organize a Sunday school here the second Sunday in September. We think it is badly needed and it will make our country better.

About Home Folks.

DELICIOUS BANANA CREAM.

This recipe is highly recommended by one of our correspondents: try it for dessert to-morrow. Peel down large bananas—wash smooth with five teaspoonsful of sugar. Add one teacup sweet cream beaten to a stiff froth; then add one 10c package of Lemon JELL-O dissolved in 1 1/2 cups boiling water. Pour into mold and when cold garnish with candied cherries. Serve with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c per package.

TAXES AND VALUES.

Statement Dates from Year 1846 and Includes School Tax. Which is since 1884.

Galveston News.

Since the assessed values are higher than ever before in Texas and the ad valorem tax rate is lower, there is given below the tax rate and taxable values for every year since 1846, with the school tax beginning in 1884. The rate is on each \$100 of assessed valuation. The school tax rate has been lower for the State than recently fixed by the State Automatic Tax Board, but the ad valorem rate for general purposes is by far the lowest in the history of the State. The figures follow:

Compliments Work.

N. W. Newell of Dallas is in the city in the interest of a road building machinery house. Mr. Newell has traveled extensively in other states in behalf of his concern and has viewed the road building under the supervision of the United States government and speaks in the most flattering terms of the work. The gentleman pays Mr. Dodge, the government man here, a compliment and says when the model road is completed in Nacogdoches county, it will be a good one and there to stay.

How to Cure Constipation

Few people altogether escape a disorder of the bowels. You may catch cold, over-eat, over-drink, worry too much, not exercise enough or do a hundred and one other things that result in constipation or coarsiveness. When the trouble comes it is well to know what to do for it. In the opinion of thousands there is no better cure for constipation than Dr. Caldwell's Syrup Pepsin, which anyone can obtain for 50 cents or \$1 at a drug store. We all have constipation occasionally, and the sensible thing to do is to have a bottle of this remedy always in the house. You take it at night on retiring, for example, and when you wake up in the morning at your usual hour it produces its results. Your stomach instantly becomes lighter, your head clearer, your eyes brighter, you feel active and sure-footed again, your appetite has returned and you are ready to work with enthusiasm and vigor. All this may not have taken more than a dose or two, at a cost not to exceed two or three cents. Can you afford to feel bad when you can feel good for so little?

Dr. Wilson Brown, of Merropolis, Ill., has no hesitancy in saying that Dr. Caldwell's Syrup Pepsin is the greatest of all laxatives, and he frankly admits to his patients that if they used it when the stomach, liver or bowels got out of order they would have less need of him. It is without doubt the best cure for occasional or chronic constipation, dyspepsia, biliousness, jaundice, sour stomach, indigestion, diarrhoea, and similar digestive ills in old or young. It is thousands of times better than saline or purgative waters, acts gently but surely, is pleasant to take, does not grip, and cures permanently.

Go to your druggist and get 50 cents or \$1 bottle and see if our claims are not justified.

FREE TEST

Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by enclosing the coupon. This offer is to prove that the remedy will do as we claim, and if only open to those who have never taken it. Send for it if you have any symptoms of indigestion, liver or bowel disease, biliousness, sour stomach, flatulence, or any other ailment. It is the most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC SERVICE: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears every guarantee No. 17, Washington, D. C.

A Fine Product.

A visit to the Nacogdoches cigar factory this morning discovered the fact that the 5000 pounds of "Nacogdoches fine product" was in stock—undergoing its last sweat. It is cigar filler, Cuban seed, Nacogdoches grown and has been under the direct supervision of the United States government. This scientific sweat will perfect it to be the very finest in the United States. While at the factory, Dr. Mayfield had an "expert" make us a genuine Texas cigar—a good one it was too.

Blackburn-Smith.

Merton B. Blackburn and Miss Lizzie Smith were married Sunday afternoon at 5 o'clock at the Bamta Hotel. Rev. Holleman officiating. Both the bride and groom are well known in this city having lived here practically all of their lives, and have a host of friends and acquaintances to hand together in wishing them a long, prosperous and happy life.

Merton B. is the son of Sheriff George W. Blackburn and the bride is the daughter of Dr. and Mrs. W. I. M. Smith. At present the couple have apartments at the Redlands Hotel.

Singers Reunion.

The Nacogdoches County Singers Reunion convenes at Rock Springs, beginning Friday night before the first Sunday in Sept.

Rock Springs is located ten miles northwest of Nacogdoches in one of the best communities in the county. Get ready for the contest and win a banner. Every one invited.

HUMAN HANDS DO NOT TOUCH IT.

From the time the raw materials reach our factory they are handled entirely by machinery, kept scrupulously clean. No chance for human hands.

WORK and boost—boost and work.

The man with a grievance is of little worth to a community.

NACOGDOCHES as a cotton market can't be excelled—Mr. farmer take notice.

THE mile of model road will not only be such for Nacogdoches county but a model road for East Texas.

THE passing of August ended the "dog days," now quit growling and get down to work for Nacogdoches.

THE Lufkin News announces that their trades day is an assured feature and work on the advertising is under way.

A HOUSTON man is said to have bought a cow. That's encouraging as nothing was ever known to go dry in Houston.

"IN our town of 3500 people," said a visitor today, "the streets are paved and miles and miles of sidewalks exist, and we haven't near as good a country as you folks here."

THE farmers of the county are taking a deal of interest in tobacco culture and prospects for a big acreage next year are very flattering. 1000 acres 1909—3 story brick tobacco barn 1909.

EAST TEXAS PRESS.

"Good cigars" are "Nacogdoches grown."—Nacogdoches Sentinel.

I'm not from Missouri but am perfectly willing to be "shown."—Bonham News.

A man was shot and killed near Wharton, the result of a quarrel over a one cent stamp.—Nacogdoches Sentinel.

We are wondering now if the stamp had been canceled.—San Augustine Vidette.

Champ Clark says Missouri is in line for W. J. Bryan. Here's hoping he knows.—Nacogdoches Sentinel.

There are other than Missourians, however, who desire to be shown in this connection.—San Antonio Express.

The Nacogdoches Sentinel seems to be waging war on the weeds. Leave them alone Brother Haltom and be content with seeming nature have its way; that's "what" we do in Woodville.—Tyler County Messenger.

A man who doesn't push for his own town ought at least to tie a rag around his hands and claim he is crippled.—Nacogdoches Sentinel.

But, after all, isn't it merely a question of a man's putting his shoulder to the wheel anyhow?—San Antonio Express.

You do not have to say anything or do anything to be a "knocker." If you have an opportunity to say something or do something good for the town and don't do it, you are a "knocker."—Shelby County Enterprise.

Right you are; but then we have no knockers in Nacogdoches, they are all "boosters."

The Sentinel is attempting to awake the merchants of Nacogdoches to the importance of having a Sales Day. It was hoped that Nacogdoches would carry out the plans proposed for an annual county fair, and Angelina county would have proven a factor in the success of such an institution, but the next thing to a fair is a monthly sales day.—Lufkin News.

The sentiment for fewer elections and longer terms is growing.—Nacogdoches Sentinel.

Just so; the next legislature will do well to submit a constitutional amendment changing our times for holding elections—putting them four years apart and making all state officials ineligible to re-election.—Austin Statesman.

THE Nacogdoches Sentinel has been raising a great war on the weeds of its town. This causes us to wonder why it is so that there are so many weeds in Nacogdoches, the city of so much business and industrial importance the Sentinel tells us about in the next paragraphs. The wagons and horses keep them all tramped down over here and we have to sprinkle the streets in dry weather to get rid of the dust. Possibly the esteemed exchange can explain it, and it is now up to it.—Center News.

Why there are so many (?)

weeds in Nacogdoches? They just grow here like they do in any other rich and fertile country. But this nuisance is found only on the back streets alleys and vacant lots and people are too busy to drive their teams round just to tramp down and destroy the weeds. Is it possible that the business section of Center was "weedy," or did you really mean that.

The fellow who falls out with you because all you do and say don't exactly agree with his beliefs, isn't worth cultivating the friendship and patronage of anyway.—Nacogdoches Sentinel.

Right you are, so mentally weak that they cannot tolerate those who differ with them.—Tyler Courier.

We are not a believer in "old time" things over the present, yet there are some exceptions. The "old time" way of cutting down the weeds, burning the trash, keeping the alleys clean was no doubt the best.—Nacogdoches Sentinel.

The Sentinel is evidently complaining at the "stylishness" of some of its people. This is wrong. Like laziness and ugliness, stylishness is sometimes an affliction. They can't help it. No matter how the Nacogdoches people clean up—just so, they do it—the Sentinel should be satisfied and it should compliment its people.—Liberty Vindicator.

J. H. PADON has purchased the Teneha Messenger and in this week's issue says: "It is the intention of the management to make the Messenger a local paper worthy the patronage of the public, and we will need encouragement of the citizenship of Teneha and surrounding vicinities—not mere paltry words but genuine encouragement accompanied with the cash—and believe we will get it. Teneha is plenty able to support a good paper and the business men have assured us of their support."

WHEN the tongue of trade is coated, when the eyes and limbs of the clerk are dull and languid, when the raging fever tackles the empty vitals of till, when the spider roosts in the empty cash box, and bouquets of decay are on the chandeliers, it is conclusive evidence that the advertising doctor has not been consulted.—Panola Watchman.

SEPTEMBER 1st issue of the "old reliable" Galveston News, the annual trade addition of that great paper, has been the cause of much favorable comment. The information covers a great scope, yet concise in form and pays tribute to industrial Texas. Among the very interesting things contained therein is a write up of tobacco culture, contributed by Dr. J. E. Mayfield of this city. Every farmer should have a copy of that edition—to read and preserve.

THE city of Nacogdoches should be doing some advertising, and doing it now. It's a matter the Commercial club should take up without further delay.

How Times do Change.

"How the times have changed," remarked a Cleveland farmer in the Democrat office this week. "When I was young people had bad colds, soaked their feet in hot water and got well. Now they have grip, take quinine and feel sick all summer. Then they had sore throat, wrapped a piece of fat pork in an old sock, tied it around the neck at night and went to work the next morning. Now they have tonsillitis, a surgical operation and two weeks in the house. Then they had stomachache and took castor oil and recovered. Now they have appendicitis, a week in the hospital and six feet due east and west and six feet perpendicular. They worked then, they labor now. In those days they wore underclothes; now they wear lingerie. Then they went to a restaurant; now they go to a cafe. Then they broke a leg; now they fracture a limb. People went crazy then; they have a brain storm now. Politicians then paid good hard cash for support; now they send government garden seeds. Yes, times have changed; and we change with the times."—Morrilton Democrat.

Tobacco Co. Quits Kentucky.

Victory which may cost Kentucky millions of dollars in trade is now conceded to the night riders who for many months have waged war with fire and rifle against the American Tobacco Company. It is now said that the tobacco company has decided to give up the fight and withdraw from the state.

This means that the company will start a price war with the growers in Kentucky, and the far reaching effects of such a battle has caused consternation among the local tobacco men.

According to reports given out this afternoon the American Tobacco Company has withdrawn its 22 country buying agents from Kentucky. Furthermore, it is known that the company intends to open up headquarters in Cincinnati. Officials of the American Tobacco Company decline to discuss the outcome of the move.

Louisville has been for years the largest tobacco market in the world, thousands more hogheads of tobacco being handled on the local "breaks" annually than at any other point. It is generally believed that the numerous night riders troubles and the intense feeling which exists against the American Tobacco Company at many places has caused the officials of the company to withdraw their country agents from the state.

THE annual trade edition of the Houston Post, September 1st, was a most excellent example of newspaper making. Besides, the 64 pages were chock full of matter of a very interesting nature and calculated to do great good not only for the "deepwater city" but whole of south Texas. The Post is doing a splendid work in the upbuilding of the state.

A SPLENDID EXHIBITION.

Yesterday's Best Game of the Season—Locals Shutout.

Despite the fact that yesterday's exhibition was a deuce—blank, with the low card in the locals hands, the game was decidedly the best of the season. And lots of people think it should have stood 0 and 0 at the end, as the decision that gave the visitors a start was rather close—but that's another story and besides the fans have no complaint to register and no fault whatever to find with any feature of the contest.

Nacogdoches folks love good clean ball, play that kind only and when defeated take up no time in telling why or how. Yesterday's battle was a pitchers contest from the word go. Roberts for Jacksonville has some twisters that makes one sit up and take notice and Munsell for the home boys is a twirler that causes even good batters to tremble. Each allowed only a few hits and dangled many "fan outs" from their girdle as a sequel to the battle. Rusche and Francis caught excellent games and both teams gave the finest of support. Errors were powerfully few. Jacksonville to the bat first managed to make two connections—the only two scores made in the game. It was strictly a first class ball game, replete with brilliant plays and carrying with it a number of feature plays that would do credit to leaguers. The fans did their very best and Nacogdoches ball tossers were on the spot but Jacksonville guarded the fences too well to allow a single run.

Weather Conditions.

The past week was marked by generally warm and dry weather, with abundant sunshine. Showers occurred in scattered localities on several days, mostly in the beginning and at the close of the week. The amounts of precipitation exceeded the normal over a few limited areas in the Panhandle, in the extreme western and in the central and southern portions of the State. The heaviest precipitation was 1.82 inches at Kerrville. There was no rain in northern and in a large number of western, southwestern and central counties.

The mean temperature was nearly normal, except over a broad area from the Panhandle to the lower coast, where it was about three degrees above. The days were mostly warm and the nights cool. The lowest temperature reported was 60 degrees at Amarillo and Kerrville, and the highest, 99 degrees at Cuero.

During the corresponding week of the previous year the weather was slightly warmer and drier.

THE matter of street crossings is a most important one. The need of crossings is more apparent every day. The merchants would be greatly benefitted and the people would appreciate it. Above most all other things, Nacogdoches needs street crossings.

ALLAN SEALE OPENS NEW STORE

At the Perkins & Parrish Old Stand—His Platform.

To my Friends, Former Customers and the Public Generally:

After several years spent in other vocations I have decided to again enter the mercantile business.

I beg to say that whatever success I had in my mercantile career of former years was due to your faithful friendship, generous good will and liberal patronage, and for this I feel deeply grateful.

I am now opening up a stock of general Dry Goods, Shoes, Hats, Clothing, etc., in the building occupied heretofore by Perkins & Parrish as a drug store, across the street in front of Cason, Monk & Co. Look for my sign and you can locate the place.

MY PLATFORM.

PREAMBLE.

My store will not be a "big store." "Big stores are not always the best places to buy—? Big stores mean big expense accounts; big expense accounts mean big profit, etc. Do you see?"

PLATFORM PROMISES.

Plank No. 1. I promise to keep a well assorted stock of dependable merchandise on hand.

Plank No. 2. I promise polite, friendly and courteous attention to every one entering my store.

Plank No. 3. I promise that every transaction will be on the square. Your money back if not satisfied.

Plank No. 4. I promise that you can never say, after making a purchase of me, "I could have done better somewhere else."

Plank No. 5. I cannot guarantee your bank deposits, but I will guarantee the difference in my prices and the prices you've been paying will create for you a bank account.

With a feeling of gratitude to you for your friendship and patronage heretofore, I promise to devote whatever ability I have to the one purpose of making this the best place to do your trading in the town of Nacogdoches.

Respectfully,

Allan Seale.

To the Public.

Nacogdoches, Tex., Sept. 1. The "Union Cotton Yard" is still in business at the old stand and will continue to treat you right.

A. J. Murphey, Weigher.

To correct an error that seems to have been circulated either by mistake or otherwise, that the Union Cotton yard had gone out of business is the reason for this notice. We are in business to serve you.

A. J. Murphey.

TUCKER, HAYTER & CO.

GENERAL MERCHANDISE

AND COTTON BUYERS

NACOGDOCHES, TEXAS

Will be open and ready for business and to receive our friends and customers at some very early date in September.

Messrs. Sam Hayter and Casey Fouts have spent the entire month of August in New York, Boston, Chicago and St. Louis buying from manufacturers and jobbers, for spot cash, one of the cleanest stocks of merchandise ever brought to this town.

We expect to buy your cotton and pay the highest market price for same in spot cash.

We will certainly appreciate a share of your trade, and if low prices for clean merchandise and courteous treatment will be any inducement our store will be a popular one.

We expect to make our store attractive headquarters for the farmers of this section. No house can or will give you better values for your money than we.

We shall appreciate an early visit from you.

Letter From Timpson.

Timpson, Texas, September 1, 1908.—We have moved back to Timpson after spending a very pleasant outing in the real good old country, other duties call us away so we should make every change in life a pleasure.

Mrs. Freeman and Mrs. Atkins are both very sick ladies brought in from other points for medical attention and they are improving.

While meeting our old friends they say, we are glad to have you with us again, and of course those cheering woods sound good in our ears.

When leaving the mill we went to our dear old home at Melrose finding there improvements in many things, one especially, the harmony and good will of the people, who are pulling and working together better than most any place we know of at the present; way back as far as memory carries us in our childhood days, some of the associations were so sweet and confiding and today there are ties never to be broken. Oh, I forget myself and can scarcely stop my pen on this subject. The Sentinel is a welcome visitor, in homes far away so a lady subscriber in Arkansas writes me, after reading one of my letters, making inquiry of her long ago friends and relatives in Nacogdoches. Wanted in Nacogdoches.

Houston Chronicle.

"A telegram was received Saturday morning by Chief Police Ellis from George W. Blackburn, sheriff at Nacogdoches, inquiring if he still had in custody, G. M. Price, the colored hoodoo doctor who was arrested in this city Thursday night. A reply was sent that Price is being held, and it is expected that an officer will arrive from Nacogdoches to secure possession of the negro, as it is understood he is badly wanted there.

A charge of vagrancy has been made against Price here, but Chief Ellis stated that if the officers at Nacogdoches wanted the man, he would be turned over to them at once. Price was arrested after he had been chased from a house in the negro settlement in the Third ward where, it is claimed, he had collected \$10 after making representations that he could cure a sick child.

In reference to the above, Sheriff Blackburn stated that he would not go to Houston until it was known for sure that the "hoodoo" doctor was the right negro wanted here. However it is believed that Price is the man wanted in this county.

Tausig Tobacco Co. wants 500 acres of tobacco for next year and any farmer that is interested will please drop me a card at Nacogdoches and I will come to see you at once. Tom Maroney, Agent.

Killed By Train.

News was received here this morning of the death of Sylvester Caldwell at Garrison, the young man being killed by a train last night about 6:30 o'clock. It is said that he caught a freight train to ride to the crossing a short distance and in trying to dodge a pile of cross ties stacked close to the track, he was thrown under the wheels of the moving train. An inquest was held by Justice of the Peace H. G. Abernathy and the remains turned over to relatives for burial. Caldwell was 18 years old and was employed at the Garrison brick yard.

A MATCH SHOOT.

The members of the Gun Club have arranged for a match shoot to take place Thursday afternoon, the defeated to bear the expense of a supper to be spread that night. F. B. Sublett and S. M. Adams as captains have chosen squads and will contest for the feast. Fifty targets will be shot at by each member, or 400 by each squad. Much interest is being manifested in the coming event and some excellent scores and a large crowd of lookers on are expected. The squads are:

Swift Sittings.

Here comes Swift again with a small amount of news. The farmers are very busy at present gathering their cotton. Crops are turning out pretty fair.

Our school begins the first Monday in October with Prof. Shirley as principal and Miss Florence Whitton as assistant teacher.

Mr. Andrew Elliott and family left Monday for Hubbard City, where they will make their future home. We regret very much to lose them from our community.

Mr. Earnest Pleasant left yesterday for Maybank to visit his sister, Mrs. Maryland Smith.

Prof. L. A. Whitton and bride, formerly Miss Mary Ward, have returned from their extended bridal tour visiting several important southern cities, and are spending a few days at the home of Mr. W. T. Whitton. They will be at home to their many friends at Appleby after September 1, where Prof. Whitton will superintend the Appleby school.

Mr. T. H. Carnely and son, Jackson, have returned from a pleasant trip to Louisiana.

Miss Grace McCall visited relatives at Martinsville Monday.

An Unequaled Record.

75 Students placed in good positions during the month of August. The Employment Bureau of the Tyler Commercial College of Tyler, Texas, has placed 75 students in good positions during the month of August. We doubt if there is another school in America that can say as much for this particular month. If there is a former graduate of the Tyler Commercial College out of employment, we would be glad, glad to have them write the Employment Department at once for from present indications, we will not be able to near supply the demand for our graduates of Bookkeeping, Shorthand, and Telegraphy. If you know of anyone needing the services of one of our graduates, write us for we make a specialty of replacing our students in higher salaried positions. Often students who have been out of school holding a position, for two or three years, find that they are working, and desire to get with a firm that will give them more work and pay better wages. Through our employment Bureau, we handle all kinds of positions—at salaries from \$600 to \$3000 per year.

Young people who are contemplating entering our school but have perhaps hesitated fearing they could not get a position, should abandon such thoughts and arrange to enter at once, for just as sure as they complete our course of Bookkeeping,

Business Training, Shorthand and Typewriting, or Telegraphy.

just that sure will we place them in a position. The more students we can graduate and place in good positions, the more loyal workers we have to aid us in the upbuilding of our school. When we take a young man or woman who has been earning practically nothing and in from three to five months time prepare them and place them in an excellent position, it is a forceful demonstration to their friends that it would pay them to enter our school and take a course with us, so it is a business proposition to us to first thoroughly and practically qualify every student who enrolls with us, and then to see that he is placed in a good position.

If you wish to learn more of the systems taught in this school—now having the largest annual day enrollment of the entire U. S., with 1,500 enrollments yearly and employing 20 teachers write for our 168 page beautifully illustrated catalogue, filled with statements upon which you can depend, as every one of them is backed by a cash guaranty of \$100. Address Tyler Commercial College, Tyler, Texas.

To Be Happy
You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. **Ballard's Herbine** makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by Mast Bros & Smith.

Dennis Brought Back.
Sheriff George W. Blackburn returned yesterday from Eagle Lake with Obbie Dennis, wanted in this county on a felony charge about two years old. When the indictment was returned some two years ago, Dennis was released on bond, later skipping out leaving his bondsmen to make good. By a little "maneuvering" Mr. Blackburn located him on a rice plantation near Eagle Lake and went down Tuesday and arrested him.

Gambling
your life against 25c is just exactly what you are doing if you neglect a cough or colds on the chest instead of treating it with **Ballard's Horehound Syrup**. A 25c bottle of this splendid remedy will cure an ordinary cough, heal the lungs and act as a tonic for your entire system. Sold by Mast Bros & Smith.

Walling & Gatlin have moved their grocery business into the building next door to their former location. It is understood that J. P. Jenkins will open a grocery business in the Walling & Gatlin stand.

One pale blue steer, white back, brad horns, bored in each horn with small bit, with bush of tail pulled out, will weigh about one thousand pounds. Raised at Oil Springs by Tom Knox. One small steer, blue speckled, crumpley horns, from knees to hoofs are black. Raised in San Augustine county. Left Poe switch on May 20th. Will pay anyone \$5.00 who will pen them and notify me at Clevenger by mail or phone. 8-13-4t W. D. McCoy.

Hands cracked and bruised from husking, skin diseases, tan, freckles, cuts relieved at once with **Pinesalve Carbolyzed** (acts like a poultice). Draws out inflammation. Price 25c. Sold by Stripling, Haselwood & Co.

T. J. Kounce of Ennon, Shelby county, was in the city yesterday on business. Mr. Kounce is in the general merchandise business and will buy seed for the Nacogdoches Oil mill this season. He reports crops good in his section, though cotton was damaged some by the rains a few weeks ago, followed by several real hot days, causing the plant to shed considerably.

A Burglar in Town
his name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with **Ballard's Horehound Syrup**, it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1.00 per bottle. Sold by Mast Bros & Smith.

Cigar Factory to Resume.
It is learned that the Nacogdoches cigar factory is to resume business next week. This institution has been idle since the "panic" began but trade is fast getting back to its old gaits and the demand for the product gradually growing too, makes things inviting for the factory to get back to work. The reserve stock has been very materially reduced the past few weeks also, though enough is on hand to supply any immediate demand. A large amount of the very finest filler and wrapper goods is in the storage room to be worked up, only that kind being used in any and all of the cigars that are put out.

From the State Veterinarian.
This paper has received the following communication from Dr. Langley, the state veterinarian who was here a day or two ago, examining stock that were reported to have glanders, and he has addressed the following open letter to the people which is worthy their consideration:

On account of the existence of glanders among the horses and mules of Shelby county, I will appreciate very much if you will give space to a short notice in regard to the disease. If the people are up on the alert for symptoms of glanders, it does not require much effort to eradicate the disease. The symptoms usually seen are a yellow, sticky discharge from one or both nostrils, ulcers upon the nasal mucosa, especially upon the septum of the nasal openings, often ulcers upon the body, which generally are seen in chains, and a nodular condition of the glands between the lower jaw bones. It is the rule for glanders to follow a chronic course in horses, and an acute course in mules. It is not uncommon for a horse to have the chronic form two or three years, and in this time may infect several others. Mules die very quickly after being infected. It is well to investigate any case that has a chronic discharge from the nostrils, and to isolate the animal until certain of the trouble. There is a very reliable test, known as the Mallein test, which can be applied in cases where the symptoms are not sufficiently developed to condemn. As long as the animal is isolated from other stock, there is no danger of other animals becoming infected. On this account there is no reason for destroying an animal until certain that it has glanders. In disinfecting places where glandered animals have been kept, it is well to remove all loose material and burn, and to white-wash the inside of stable, using about four ounces of creolin to one gallon of water in making the white-wash. One drachm of mercuric chloride to one gallon of water is also very good to use in the white-wash. Harness etc., can be washed with the creolin solution.

It is well to leave the barn open, thus allowing the sunshine to enter as much as possible. Thanking you for the space, I remain,
Very respectfully,
W. G. Langley,
State Veterinarian.

Instantaneous Action.
"I was almost distracted by a terrible itching which defied all treatment until I obtained a box of **Hunt's Cure**. The first application afforded instant and absolute relief. The one box effected a complete cure. It is simply wonderful in its instantaneous action."—Geo. Gilliland, Manitou, O. T.

Mr. and Mrs. W. H. Williams left this afternoon for Lumpkin, Georgia, to be away several months. It is possible that they will make that place their future home, but Nacogdoches folks are in hopes they will return here to live.

It Was Ever Thus.
Nacogdoches can boast of her beautiful homes, her modern stores, her well kept lawns and her handsome men and lovely women—but there is no boast coming on the sidewalk business.—Nacogdoches Sentinel.

Waiving the "handsome men" part of the comment made by the esteemed Sentinel all it says is true, and not only true of Nacogdoches but of most other pretty towns and cities.

And there is a very commonplace reason for it, a reason that obtains everywhere and with reference to most things of the kind that are encountered in this life.

To make a long story short that reason briefly stated is that what's everybody's business is nobody's business.

The matter of providing pretty lawns, building handsome homes and constructing modern stores is one that pertains to the individual whose home, or store, or lawn it is; but the thing of sidewalks is not a matter that solely concerns an individual, hence like other towns Nacogdoches can not boast of its sidewalks.

The sidewalks is the concern of no one person in particular but is a kind of everybody's business is not usually given the attention it requires and the sidewalks are allowed to go to rack and ruin.

Pretty homes, smooth lawns and good store houses are the immediate concern of their respective owners, and they are therefore in evidence.

Sidewalks are the business of everybody and are not therefore in evidence.

It was ever thus the old world over.—Austin Statesman.

Hopity Hop.
Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature use **Ballard's Snow Liniment** and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00. Sold by Mast Bros & Smith.

A Thoroughbred Association.
It is quite probably that Nacogdoches will have a Thoroughbred Association and its contingencies, including a half mile track, this year, yet, despite all talk to the contrary. A well defined movement is now on foot to organize a racing association and build a half mile track. It is thought that a splendid track can be built for \$500 to \$1000, a sum much smaller than the usual cost. Just at present no definite plans can be given out but in a few days things will likely take on a permanent shape. It is argued to, that the organization of such an association means the real beginning of a Nacogdoches fair, a much needed institution.

It Knocks Malaria Out.
The old reliable **Cheatham's Chill Tonic** cures quicker and more permanently than any other remedy. One bottle is guaranteed to cure any one case. You can't lose. Try it.

At Work on Road.
Work on the model road began yesterday and it is expected to be completed in three weeks at the outside, with favorable conditions. Messrs. Dodge and Dowell are on the ground and will supervise the work and instruct as to how it is to be done. W. E. McMillan went out yesterday with 12 county hands, in the addition to which there are about that many more teamsters and laborers. The road will be one and one half miles in length, having every kind of dirt in the county to deal with in that distance. The clay is said to be very fine for road building though and a "model road" it is said will result.

Pineules for the kidneys, 30 days' trial \$1.00. Hundreds of people testify to the merit of this preparation in the relief of kidney trouble, rheumatism, lumbago, backache. Pineules act directly on the kidneys, purify the blood and make you feel like a new person. They tone the system. Sold by Stripling, Haselwood & Co.

Allen Seale returned this morning from the Eastern markets and will open for business possibly the latter part of next week or as soon as he can get his goods in and arranged.

Bee's Laxative Cough Syrup always brings quick relief to coughs, colds, hoarseness, whooping cough and all bronchial and throat trouble. Mothers especially recommend it for children, as it is pleasant to take. It is gently laxative. Should be in every home. Guaranteed. Sold by Stripling, Haselwood & Co.

Mrs. W. T. Davis returned yesterday from Rhome and Corsicana where she has been visiting the past two weeks. She was accompanied home by Miss Ruth Davis of Rusk, Miss Lucy Spray of Corsicana and Mr. Frazier Bagley of Rusk.

Ring's Little Liver Pills for biliousness, sick headache, muddy complexion. They tone the liver; do not gripe. They keep you well. 25c. Sold by Stripling, Haselwood & Co.

A woman by the name of Mrs. Bettie Menefee was tried this afternoon in Judge C. D. Mim's court on a charge of lunacy.

It Does It.
The remedy that cured your mother and father of chills twenty years ago is sure good enough to cure you and your kids at the present time. **Cheatham's Chill Tonic** did it and will still do it. It's guaranteed.

Suffering Ladies
are urged to follow the example of thousands of their sisters and take Cardui. Cardui is a non-mineral, non-intoxicating medicine for women. It is for sick, weak ladies, with sick female organs.

TAKE CARDUI
It Will Help You

It is a genuine, curative medicine, that builds up the female system and relieves female pain.
Mrs. M. A. St. Clair, of Eskdale, W. Va., writes: "Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."

Cotton Yard

I have again opened my cotton yard on East Main Street, better known as the Cedar Yard. Weights guaranteed to be perfect. Weighing, 5c per bale. I will be better prepared to take care of your cotton this season than ever, as I am building a shed to store cotton under and I expect to stay with it from season to season, which I have not been able to do heretofore on account of not having any way to care for cotton through the summer season. Thanking you for past favors, and asking a share of your patronage this season, I am,

Yours to please,

JUGS

It's Just a Little Early To Advertise Syrup Jugs, Cans, Barrels and Kegs

But we desire to assure you that we will sell the best jugs in Nacogdoches, the best that has ever been here, and probably at a little cheaper price than heretofore.

We have just placed an order for three car loads, a total of 17,000 Jugs; also a car load of barrels, kegs and cans. Buying in such quantities gives us advantage in price over the smaller dealers, and we can also give you better assortment.

You will use better judgment if you see us before buying.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well Earned Reputation.

For months Nacogdoches readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

George Whitkorn, living on Mound street, Nacogdoches, Texas, says: "I hold the same high opinion of Doan's Kidney Pills at present as when I testified to their merits in the Spring of 1905.—I then stated that I had been a sufferer of kidney trouble and had been cured through the use of this remedy. Doan's Kidney Pills absolutely freed me from all pains across my loins which by spells had caused me a great deal of misery and annoyance. They also corrected the too frequent action of the kidney secretions. I am now able to state that the cure has proven a permanent one and this gives me a higher opinion of this grand old remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Sheriff George W. Blackburn left this morning for Terrell with Mr. Pickett who was adjudged insane last week.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. Mast Bros. & Smith. eod

Mrs. W. G. Hillenkamp and children have returned after an absence of two months visiting relatives at Forney and other points in North Texas.

A Sure-Enough Knocker.

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns etc. 25c. at our drug store. Stripling, Haselwood & Co. w

Mr. and Mrs. W. C. Fouts are moving today to the house just vacated by Ed Rice at the corner of Mound and Hospital street.

They Take the Kinks Out.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without tuss or friction," says M. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at our drug store. Price 25c. Stripling, Haselwood & Co. w

SOME BUSINESS CHANGES.

Today is moving day, though very little of it is yet being done. However, a number of business changes are scheduled to take place today, and ere the week is gone, many places of business will have been moved.

The new bank expects to move into its own quarters the next day or two, and the repairing to be done will be attended to with the house occupied. A vault will be built, new floor put down and handsome, modern fixtures and furniture installed. The latter will not be until the building is put in good shape.

The Crain Furniture Co. will move into the building to be vacated by the bank, just as soon as possible, and which is on the program for tomorrow or Thursday.

Ed Blount and Darwin Buchanan will open a grocery business in one of the buildings now occupied by the Crain Furniture Co. They expect to carry a full and complete stock and both being hustlers and well acquainted with the grocery business, a splendid trade is expected for them. The corner part of the building may also have an occupant—a general merchandise business—but it is not known yet.

Perkins & Parrish will move into their new building tomorrow—one of the "swellest" in the city.

Allen Seale will open his dry goods business in the building to be vacated, right away.

The P. L. Sanders' stock of groceries is being moved out and Tucker, Hayter & Co. will begin opening their stock and expect to be ready for business in a few days.

J. P. Jenkins is putting the corner building, on West Main, in shape for his grocery business.

J. L. Hand of Swift has accepted a position with Richardson & Thomas.

H. Kampner has returned to Nacogdoches and accepted a position in the tailoring department of Zeno Cox's "haberdashery."

The magnificent Mayer & Schmidt building is fast assuming the air of completion in some parts. The big windows are being put in today and lots of the furniture and fixtures are in the building for arrangement.

Bruton's restaurant is now domiciled next door to C. W. Butts' store.

Walling & Gatlin have completed their move and are "straight" once more.

All of the businesses, all lines, are daily receiving new goods and putting things in tip top order for a bumper fall and winter trade.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. Mast Bros. & Smith. eod

A Paying Investment.

Mr. John White, of 38 Highly Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at our drug store. 50c and \$1.00. Trial bottle free. Stripling, Haselwood & Co. w

The Commissioners court met yesterday in call session. They will probably finish the business to be attended to by the middle of the week.

How to Get Strong.

P. L. Daly, of 1247 W. Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at our drug store. 50c. Stripling, Haselwood & Co. w

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. Mast Bros. & Smith. eod
