Entered at the Postoffice at Nacogdoches, Texas, as Second Class Mail Matter.

Published Weekly, \$1.00 Per Year.

VOL. IX

NACOGDOCHES, TEXAS, THURSDAY, NOVEMBER 5, 1908

NO. 45

Is it your wish to invest in a piece of  
**Cut Glass, Hand Painted China  
A Fancy Clock, Beautiful Jardinier?**

Or say, we have the Genuine  
**HAVILAND DINNER PLATES AND  
HAVILAND CUPS AND SAUCERS**  
That we can sell you separately in dozens of  
either. They make a beautiful gift for you  
to take home to the wife or for any one else.

### LISTEN

We are not built on the order to offer you  
any one item we sell for less than it is worth  
and we don't try to deceive you by making a  
price on something you don't wish to buy  
and then charge more on the one you want.  
Every item we sell bears its proportionate  
profit which is reasonable.

#### Expression of Thanks.

Melrose, Tex. Oct. 28.—  
Please permit me to express  
through your paper my ap-  
preciation of the treatment I  
received at the Nacogdoches  
Sanitarium. For more than  
two years I suffered inexpress-  
ible pain, anguish and dis-  
tress of body and mind caused  
by a tumor of immense size  
in my abdomen. We, my  
husband, my friends and my-  
self had thought and talked  
about the propriety of taking  
me to Galveston or Shreve-  
port to have the service of  
reputed skillful and experi-  
enced physicians and surgeons  
but we finally determined  
that I should go to the Nacog-  
doches Sanitarium and be  
examined and if necessary to  
have a surgical operation per-  
formed. That advice of my  
friends I adopted and I now  
regard it as providential  
mercy and I, through this  
medium, offer to Dr. Tucker  
and all of the other physicians  
who compose the faculty of  
the Nacogdoches Sanitarium  
my sincere heartfelt thanks  
for the relief that I now en-  
joy from the pain, anguish and  
suspense that existed before  
they so kindly and success-  
fully performed the operation  
that removed the cause of my  
distressed condition and I now  
offer my grateful thanks to  
the ladies (nurses) also who  
attended me and who indul-  
gently and angel like in mer-  
cy, ministered to my wants.

The Nacogdoches Sanitarium  
is certainly a necessary  
and useful institution, it adds  
importance to thoroughly ad-  
vertise that suffering hu-  
manity nearby and far away  
may know of the relief to ob-  
tain at the Nacogdoches Sanitarium.  
Respectfully,  
Mrs. Amanda Mangaham.

#### Mrs. Orton's Condition.

Mrs. J. G. Orton was oper-  
ated on yesterday afternoon at  
6 o'clock at the Sanitarium.  
The operation was a very dif-  
ficult one but was successful.  
She is reported to be resting  
well this afternoon.

#### A Broken Back.

The pain in your back caused  
by lumbago, stiff muscles  
or a strain is an easy thing to  
get rid of. Ballard's Snow  
Liment cures rheumatism,  
lumbago, sore and stiff mus-  
cles, strains and sprains, cuts,  
burns, bruises, scalds, and all  
aches and pains. You need a  
bottle in your house. Sold  
by Mast Bros. & Smith.

The farmers are urged to  
not neglect attending the  
meeting of the Tobacco  
Growers Association Saturday  
afternoon. Some very im-  
portant matters are to be dis-  
cussed and which will prove  
of interest to all. By all  
means come. James D.  
Green, special agricultural  
agent will be present and de-  
sires to meet the farmers who  
are interested in other crops,  
as well as tobacco. On that  
day arrangements will be  
made and time set for a gen-  
eral mass meeting to discuss  
demonstration work. Court  
house 1 o'clock, next Satur-  
day.

#### For Thirty Years.

"Inclosed find money order  
for one dollar for which please  
send me its worth in Sim-  
mons Liver Purifier, put up  
in tin boxes. I have been  
using the medicine for thirty  
years."—Thos. H. Reilly,  
Jonesville, La.

No comment necessary.  
Price 25c per box.

We haven't acknowledged  
defeat yet, but we may as  
well. To all who arose this  
morning from their slumber  
couches, with a "kinder" sou-  
ron colored taste in their  
mouths, we unhesitatingly  
prescribe Nacogdoches pure  
ribbon cane syrup for break-  
fast, home raised, home killed,  
home cured ham for dinner,  
butter and milk and eggs  
from your own barnyard for  
supper—and afterwards a  
genuine redland cigar. Guar-  
anteed to remove all bad  
tastes—no ill effects after-  
wards. Tomorrow is trade's  
day.

#### GOOD HOME RECIPE.

Mix This Simple, Helpful Recipe at  
Home and Try it, Anyway.

Get from any prescription  
pharmacist the following:

Fluid Extract Dandelion,  
one-half ounce; Compound  
Kargon, one ounce; Com-  
pound Syrup Sarsaparilla,  
three ounces.

Shake well in a bottle and  
take a teaspoonful dose  
after each meal and at bed-  
time.

The above is considered as  
the most certain prescription  
ever written to relieve Back  
ache, Kidney Trouble, Weak  
Bladder and all forms of Uri-  
nary difficulties. This mix-  
ture acts promptly on the  
eliminative tissues of the Kid-  
neys, enabling them to filter  
and strain the uric acid and  
other waste matter from the  
blood which causes Rheuma-  
tism.

Some persons who suffer  
with the affections may feel  
inclined to place much confi-  
dence in this simple mixture,  
yet those who have tried it  
say the results are simply sur-  
prising, the relief being ef-  
fected without the slightest  
injury to the stomach or other  
organs.

Mix some and give it a  
trial. It certainly comes  
highly recommended. It is  
the prescription of an emi-  
nent authority, whose entire  
reputation, it is said, was es-  
tablished by it.

A druggist here at home,  
when asked, stated that he  
could either supply the in-  
gredients or mix the prescrip-  
tion for our readers, also rec-  
ommends it as harmless.

Nacogdoches, won, she is  
always right though right  
doesn't win every time.  
There is consolation in that.  
But Nacogdoches, the best  
city in the world for its size,  
in the best section of the best  
state of the union, has the  
best people, the biggest men  
and prettiest women, that ex-  
ist. She is the brightest star  
in the renowned redlands of  
illustrious and historical old  
East Texas, basking in the  
pure and silver sunlight of  
prosperity, clothed in the  
robes of happiness and health,  
reveling in joys of peace and  
plenty. That's Nacogdoches;  
don't forget it; don't neglect  
it; tell it; talk it; boast it;  
invite the good people of a  
less fortunate country to com-  
pagn us and help us develop to  
the fullest extent the garden  
of the Eden of the 20th cen-  
tury world.—Build sidewalks.

If you suffer from consti-  
pation and liver trouble, Foley's  
Orino Laxative will cure you  
permanently by stimulating  
the digestive organs, so they  
will act naturally. Foley's  
Orino Laxative does not  
gripe, is pleasant to take and  
you do not have to take lax-  
atives continually after tak-  
ing Orino. Why continue to  
be the slave of pills and ta-  
blets. Mast Bros. & Smith.

#### TAFT THE WINNER

Returns Indicate Bryan's Defeat  
by a Big Majority—Election  
in County Quiet—School  
Amendment Carries

According to returns, after  
March 4th, it will be Presi-  
dent Taft, the matchless  
statesman and pride of De-  
mocracy having gone down  
in a third defeat. The popu-  
lar vote for Bryan was prob-  
ably larger than former ones,  
and large gains were made by  
him in many sections, but  
not sufficient to offset the  
Republican ballots. New  
York is conceded Republican,  
like wise Illinois, Indiana and  
Ohio. Returns showed that  
Bryan lost his home state by  
10,000 but gained Maryland.  
Nearly all of the doubtful  
states fell into the G. O. P.  
column and even New York  
city is reported to have been  
lost by 5,000. The popular  
vote will not be known for  
several days, but 272 elec-  
toral votes are claimed for  
Taft. The election in Texas  
was a very quiet affair, it  
seems, and while no definite  
returns have been received,  
the outcome is pretty well  
known. The school amend-  
ment, quite likely, got 100  
the other amendments lost.

Nacogdoches county locally  
polled 1,500 votes and no  
place was much more man-  
ifested. Of 11 boxes com-  
plete heard from Campbell is  
given \$46, Simpson 73, Bryan  
\$12, Taft 76, school amend-  
ment 141, against 240 re-  
destructing amendment 206,  
against 200, salary amend-  
ment 103, against 128.

While that report only covers  
but in the more than half the  
county, it is believed the  
other when word comes will  
not change the results. Some  
two hundred people came to  
town last night to hear the  
returns, but a few hours was  
sufficient and by 11 o'clock  
not more than a dozen per-  
sons were on hand. The  
Elks band favored the crowd  
with a few selections, the  
early part of the night, and  
which received more atten-  
tion than the election bulle-  
tins.

#### Consumption Statistics

Prove that a neglected cold  
or cough puts the lungs in a  
bad condition that con-  
sumption germs find it easy  
held for fastening on and  
that the cough just as soon as  
it appears with Ballard's  
Horehound Syrup. Sold by  
Mast Bros. & Smith.

#### Cullen Eough is injured

Captain J. S. Doughtie re-  
ceived a message yesterday  
from Magazine, Ark., to the  
effect that his son, Cullen  
Doughtie, was injured. No  
particulars were given and the  
nature of the injury is not  
known. The message stated  
that it was not serious.

## DO YOU WANT TO LIVE LONGER?

If you do, mix some recreation with your work.  
There is no better way to do this than to buy your

## GUNS AND AMMUNITION

From us, giving you both profit and pleasure.  
WE HAVE SPECIAL PRICES on GUNS. Let  
us show you and you will be convinced that we

#### Notice

I am needing the money  
that's due me, so I can meet  
my contracts with those I  
love and I want to ask every-  
one that is due me an account  
that is past due to please call  
around and settle same. I  
am selling goods on 30 day  
and would appreciate settle-  
ment at least once a month.  
Respectfully,  
G. H. Taylor.

#### Her Best Work

Be sure you get the best  
work and the best material  
noting that the best work  
is done by the best people.  
An excellent example of this  
is the work done by the  
improvement society in  
making Ballard's Horehound  
Syrup. Sold by Mast Bros. & Smith.

The College campus should  
come in for a share of atten-  
tion now, and the ladies of  
Nacogdoches are quite likely  
the persons who will have to  
give it, if it is given. There  
is no question but what a  
beautifying of those grounds  
would meet the approval of  
every man, woman and child  
in the city. True there is a  
city park in name, but for  
various and sundry reasons,  
the college campus would be  
probably as an ideal place  
to do it. It is hoped that the  
ladies of Nacogdoches will  
on all the city will be glad  
to see some thing of a  
new way of beautifying it.

#### Tricks of Weather

Don't permit yourself to  
be a victim to a cold or cough.  
They lead to pneumonia, con-  
sumption and elsewhere. Be  
wise; use Simmons Cough  
Syrup. It cures coughs,  
heals lungs and will keep  
you right here to enjoy the  
beauties of spring.

#### Gone Home Above.

The home of Bro. G. D.  
Chandler was made sad on  
Nov. 1, 1908, the death angel  
having taken away the spirit  
of the sainted wife, Sister Fan-  
nie Chandler, her suffering  
was long but she bore it with  
patience and grace. Her re-  
mains were buried in the Cold  
Springs cemetery on the fol-  
lowing day, where several  
relatives and friends assem-  
bled to pay the last tribute of  
respect. Her husband, Bro.  
W. Y. Chandler, is at home.

Sister Chandler was a  
devoted wife, mother and  
sister. She was a member  
of the Methodist church and  
was very active in its work.  
She was a kind and gentle  
woman, and her death was  
a great loss to her family.  
Her husband and children  
all bear her loss with  
all their hearts. We extend  
the sincerest Christian love  
to the bereaved family and  
their deepest sympathy.

#### A Friend

Allen's Breath Escape  
Do you know that every  
time you have a cough or cold  
and let it run on thinking it  
will just cure itself you are in-  
creasing pneumonia, consump-  
tion or some other pulmonary  
trouble? Don't risk it.  
Put your lung back in per-  
fect health and stop that  
cough at the Ballard's Hore-  
hound Syrup. Sold by Mast  
Bros. & Smith.

Price 25c per box and \$1.00  
per dozen.

It is you so has been  
one of the most conspicuous  
persons abroad today, in fact  
he began last night to make  
known his identity. "I told  
you so," is a phrase that  
always puts in appearance  
sooner or later.

P. M. Sanders is building a  
large cotton shed at his cot-  
ton yard on West Main street.

# Weekly Sentinel

HALTOM & HALTOM, Proprietors.  
GILES M. HALTOM, Manager.

The man who argues that there is no money in raising hogs for the market, usually buys his bacon and lard—and then grumbles about tight times and hard living.

An exchange says that advertising is like a bath. Some merchants take one every day, some once a week, or month, others just a few times a year and some seldom, it ever—and Moses! how they do need one too.

The Farm and Ranch of Dallas, Texas, the best farm paper in the south, has offered prizes aggregating \$1000 for the raising of corn next year. The offer is a most liberal one and ought to bring out the very best in corn, in 1909.

The man who raises his children properly, gives them a good education and teaches them rightly, deserves a great deal of credit and the man who dresses his wife in this time's fashion, also needs much credit—if he hasn't got the cash.

NACOGDOCHES is going to have a tobacco packing-house and it will be ready in time to handle the immense crop that is to be grown in 1909. Such an institution is a needed one and the building of it will mark a very forward step in the progress of this county.

The papers tell us of a Navarro county farmer whose cotton crop was entirely destroyed by floods last spring, after which he re-planted and is now gathering a bale to the acre. Intelligent energy applied to Texas soil always wins out. This fact we have had demonstrated many times this season in our own county.

There is enough tillable—but untilled—land in the good old county of Nacogdoches to accommodate every man, woman and child of the city of Port Arthur with several acres, and yet those people persist in remaining there to see if Jawn W. Gates is actually going to build those million dollar golf links. Aint it awful—the long chances some people do take.

The quail season in Texas is now open and the lovers of the sport of gunning are getting busy. The crop is said to be unusually large and exceptionally fine; the "setters" and "pointers" are in good training; all the rust has been rubbed off the shooting irons, and for the next few months Texas hunters will enjoy the most toothsome dish in all the land. Build sidewalks.

The Dallas News of Wednesday contained a view of the Nacogdoches tobacco exhibit at the Dallas Fair, and in addition to showing the splendid display, also pictured the countenances of the hustlers who were there in charge. Messrs. Lindsay and Hall. The Dallas News has done a great work for the Fair as a whole and has given much space too, to Nacogdoches and her part. We appreciate the good deeds of that paper.

A NEWS item from Terrell states that the peanut crop in that county is good—threshing in full blast and the factory running full time. This is gratifying in more respects than one and leads us to again advise the farmers of Nacogdoches county to plant a few peanuts, if for nothing else than hay. If it is desired as a commercial crop—there is a ready market for the product; if for feed, it's all right and will save for the farmers, many feed bills.

RESOLVED that we are opposed to the mortgage system, as is being practiced by some, and we recommend, that if any of our members have mortgages on their produce, they satisfy same as soon as possible. Get out of debt; economize all down the line; diversify your crops and stop this mortgage system. This is one of the resolutions passed by the Rusk County Farmers Union a few weeks ago and its good, hard, common sense, from start to finish.

The Houston County Herald is doing some excellent missionary work regarding the growing of tobacco in that county. Houston county, no doubt, has some tobacco lands and the farmers who fail to heed the calls of the Herald will live to repent their mistake. Nacogdoches county farmers are waking up to their wealth and in the future will raise lots of the finest tobacco that can be grown. It's a money crop and the Houston county people ought, at least, give it a trial.

NACOGDOCHES county is independent; she is Democratic to the core. Nacogdoches county is safe; she has pork and potatoes; wood and water; bread and milk; the finest syrup in the broad land, tobacco that can't be beat, and money in the banks. Yes, Nacogdoches is perfectly safe, whether Bryan or Taft goes to the White House and whether Roosevelt hunts lions in Africa or (blind) tigers in Arkansas. She is safe and sound and solid; peaceful, prosperous and a place of plenty. She is Democratic from center to circumference and reversed; inside, outside and catwampus across.

RESOLVED that Nacogdoches citizens should build sidewalks in front of their homes, that Nacogdoches may get free mail delivery and that these same homes may be more beautiful, more attractive, more convenient, of more value and that these same citizens may be lifted out of the mud; and in addition to the above.

Resolved that the city council build street crossings in the business portion of Nacogdoches, that shopping by the ladies may be done in muddy weather the same as when it is not muddy and that people may cross from one sidewalk to another without bogging over their shoe tops and wading a miniature mill pond.

Now, take either side; you want to and discuss the double question with your neighbor—and we'll bet the affirmative wins.

## TOBACCO IN EAST TEXAS.

Michigan Man Wanted Cuban Weed But Got Nacogdoches Product Instead—Prefers it Now.

Once upon a time and not so very long ago, either, the idea of raising tobacco in Texas was unheard of, perhaps undreamed of even by the most of optimistic boomer that ever spoke or wrote of the wonders of Texas.

Yesterday the representative of a big tobacco manufacturer in Grand Rapids, Mich., appeared at the Fair Grounds looked up the Nacogdoches tobacco exhibit and made explanation of his appearance.

He said that a short time ago his firm placed an order for \$15,000 worth of Havana leaf with a Cuban concern. As it was a rush order and the tobacco badly needed, it was arranged that the shipment be made from Texas instead of Cuba, and a price of \$3 per pound was paid for the tobacco, which was found up to standard and was used in filling orders.

To the amusement of the manufacturer it came to light by accident that while he had bought Havana leaf, up to contract grade, and suitable in every way it was not grown in Cuba, but about Nacogdoches. The representative of the factory accordingly was sent down to get in touch with the growers, and appeared at the Fair Grounds on this mission.

### MANY ACRES CULTIVATED.

In the Nacogdoches locality some 185,000 acres are suitable for tobacco growing according to the survey made several years ago by the soil survey of the Agricultural Department.

The first tobacco grown in Texas was produced about 1902 or 1903 at the Government experiment station near Nacogdoches, and formal reports submitted in 1904 showed the leaf to be classed as equal to the Cuban grown article. This experiment was made on a patch of one and a half to two acres in extent. Farmers in the locality at once began raising small patches of tobacco, sowing Havana seed in beds and transplanting the plants to the fields, and the first year's crop was a revelation to the outside world, and to the growers themselves.

The yield of sun-grown field tobacco was very heavy, netting something like 900 to 1,000 pounds per acre.

The first tobacco produced by the Government was cut up into samples and sent to over 2,000 factories, variously located. In less than half a dozen cases the tobacco was not highly praised, in the main the criticism being of enthusiastic nature. This tobacco was Havana filler of long, tapering leaf, fine texture and excellent flavor.

Growing on a large scale began, and experiments in shade growing were attempted. It was found that tobacco declared fully equal to Sumatra wrapper could be produced under shade, and that there was a demand for all of it that could be produced.

MANY GROWERS INTERESTED. At the present time prob-

ably 200 growers are raising tobacco in the Nacogdoches country, mostly operating patches of from one to ten acres. Two cigar factories of moderate capacity have been installed in Nacogdoches, and the growing tobacco is in many cases sold under contract. The growers point to the marked reports as indicating that Texas tobacco is equal to Havana or Sumatra grown, as while all tobacco raised is sold, no Texas leaf is quoted at all.

The open field grown tobacco is grown by the farmers like cotton or corn, cured in barns or sheds and boxed for shipment.

Two methods of shade growing were tried, that of cloth and that afforded by slats. The latter is now preferred, as the shade frames last for several seasons, while the cloth used must be frequently renewed. The slats last five or six years.

A frame of posts and plank supports, wires two feet apart, which in turn support slats one-eighth to one-fourth inch thick, one inch wide and one and one-fourth to one and one-half inches apart. A board "wall" surrounds the field seven feet high making the bed humid and affording protection from insects.

Prices of 17c for open grown and 50c per pound for shade grown leaf are secured, and Eastern and Northern demand is so great that acreage next year will be three fold what it now is.

### EXPERIMENT IN ANDERSON

Tobacco is growing on a scale larger than that of experiment is being conducted in Anderson county, where the Government soil survey found suitable land near Palestine, and some years ago tobacco in some quantity was raised near Willis, Tex., but the growing is said to have fallen off, due to attention to other crops.

About San Augustine soil similar to that at Nacogdoches is found, and considerable tobacco growing is being and is to be attempted.

At the State Fair this year a number of samples of experimental tobacco are shown. For two years tobacco has been raised in Wheeler county, and is said to do well. It might be said that in practically all parts of the state farmers or merchants have tried tobacco with some degree of success, but this has been used for home consumption largely, and the present time, if not practically all, comes from the Nacogdoches district.—Dallas News.

Nacogdoches has been distressingly short on eggs the past week. Merchants simply couldn't get many of them and when they did stumble across a case, it frequently came by "express." Just the usual demand—nothing extra—but truth of the matter is, people are not raising the poultry they should. Eggs at 25 cents per dozen is easy money, easy made, and Nacogdoches people shouldn't have to send out of this county for such. Raise 'em at home.

Attorney Ed Carter of Center is a visitor in the city.

## TALKING BACK.

MORNINGS AFTER  
Haltom of the Nacogdoches Sentinel has a new cure for mornings after sensations. He says, "With the bountiful supply of ribbon cane syrup, there is no excuse for any person to have a bad taste in the mouth."—Port Arthur News.

### BUT—SPELL IT

Some folks spell it "cashaw" and some spell it "kershaw." How do you spell it?—Nacogdoches Sentinel. Spell it as we may it tastes when properly cooked a great deal better than the spelling of it sounds. Next to pumpkin (that is sometimes spelled "punkin") it is it.—Austin Statesman.

### WRONG AGAIN

Some folks spell it "cashaw" and some spell it "kershaw." How do you spell it?—Nacogdoches Sentinel. Having decreed that punkin should be spelled pumpkin, these spelling sharps have started a discussion which will probably end in our having to spell cashaw in some other way. There is one thing to be thankful for, however—it tastes just as good spelled either way.—Fort Worth Record.

### GETTING ARISTOCRATIC

The Camden (Ark.) Courier says: "To be an up-to-date leader in society here a young man has only to wear a nobby hat, white vest, low cut shoes and red socks, put a flower in his buttonhole and smoke cigarettes and he's it." Of course, the dress requirements in good society in Texas are more elaborate than in Arkansas. Here a gentleman is expected to wear his shirt and breeches, and cuffs collars, etc. And among the wealthier classes they wear finger garments—through the winter.—Nacogdoches Sentinel.

My, but those people at Nacogdoches are getting aristocratic. Reckon it's because they are getting so rich raising tobacco.—Orange Leader.

### THEN WHY DON'T YOU?

Yes, it is easily demonstrable: That Cherokee can raise as good tobacco as the Nacogdoches brand, and make as good cigars as those sent the Reformer by the Sentinel.—Jacksonville Reformer.

### Hustle Line in East Texas.

Speaking of fewer and better laws, East Texas is to have an association of commercial clubs. So the movement inaugurated in the little town of Stamford not so very many months ago in finding lodgment in other sections of Texas. That its example is finding followers in East Texas is an indication that that region, as rich as any in the state in undeveloped resources, is at last looking for emancipation from the rule of the petty agitator who has so long held the love of office above that of the best welfare of the people. In recent years East Texas has turned from cotton and corn as the only means of prosperity, to orchards, truck patches, tobacco and other crops that have been brought in by di-

verification. To get these crops to the market and to convert them into manufactured products. East Texas has found that she must have better and more transportation facilities and present a more inviting front to capital. This does not mean that East Texas is to surrender to the money power, any more than a progressive spirit elsewhere means that the community is to bow to the "predatory," but it does mean that East Texas has reached the sensible decision to chain the money power to the car of progress and make it a handmaiden to the development of native resources!

East Texas for a long time has been somewhat overlooked by the homeseeker from outside, because this homeseeker has been accustomed to associate East Texas with sand and politicians, and boll weevil and other pests. East Texas still has her sand and her red clays, but there is a wealth of gold in them for the orchardist, the truck grower and the tobacco farmer and in good time, when her resources are exploited by the right sort of men—and East Texas has a multitude of the right sort—no section of this great state will present a more inviting aspect to the home-builder and capitalist. East Texas has sweet potatoes, ribbon cane molasses, razor-back hogs—whose juicy hams command the best prices going—pumpkins, peaches, figs, tobacco, sweet gum trees and spring water. These are elements of the best and most contented civilization, and with a vigorous and alert association of commercial clubs to sing of them some of the booming, bounding sections in other parts of the state may right now begin to look to their laurels. All hail to grand old East Texas, the erstwhile home of Roberts, Reagan and Hogg. She has at last hit the pace that leads on to fortune and to fame.—Fort Worth Star.

ONE of the greatest needs in Nacogdoches county, and in fact all of East Texas is for better stock—horses, cattle, hogs, poultry, etc. This section of the state, we are prone to admit, is far behind most all other sections, yet it should not be so. Good horses means better work; good cows, better returns; good hogs, a better market and good poultry, a readier sale. The saying that you can judge a man by the stock he has, may not prove true in every instance, but it's a pretty good index to the man. It doesn't cost any more to raise good stock than it does to raise the "scrubby" kind while the difference in worth is so great that even a comparison seems out of place.

## FOR SALE

One good 5-acre tract of land with 6 room house, good barn, 2 acres in orchard, three-quarters of a mile from court house. Price \$900.00  
One good 25-acre tract of land with 5 room house, barn and good orchard, 1-4 miles from court house. Price \$900.00  
**M. W. HALL**

# I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardstow, Ky., writes:

"I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

### Habeas Corpus Hearing.

The Habeas Corpus trial of Ether Allen, the negro under arrest at Muskogee, Okla., and wanted here for disposing of mortgaged property, is set for today, in that city. While the trial will be completed today it is not likely that Mr. Blackburn will arrive here with his prisoner before Monday.

### Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. Mast Bros. & Smith.

### Notice.

I am again practicing medicine in Nacogdoches and take this method in informing my friends. My office is located in the Williams building over Ed Holleman's grocery store.

Dr. E. D. Williams.

Mrs. A. J. Trice of Melrose is visiting friends in the city.

# FOLEY'S HONEY AND TAR

The original LAXATIVE cough remedy.

For coughs, colds, throat and lung troubles. No opiates. Non-alcoholic. Good for everybody. Sold everywhere.

The genuine FOLEY'S HONEY AND TAR is in a yellow package. Refuse substitutes.

Prepared only by Foley & Company, Chicago. For sale by Mast Bros. & Smith

### THE COUNTY'S SYRUP CROP.

Conservative Estimate Puts it at 150,000 Gallons—A Coming Industry.

An increase of 500 per cent in 12 months is little less than marvelous with a single industry, yet that is the history of the cane crop and syrup making in Nacogdoches county, for the year 1908. The figures by which the output is chronicled, are, of course, estimated to an extent, but conservatively so and are based on sales of the tins, jugs, kegs, barrels etc., made in this city to date. By a canvass, it is learned that there have been sold a few more than 50,000 gallons of empties, all new, besides too, the barrels, kegs, etc., that other stuff came in. In addition to this, it is quite likely that almost as many empties, brought over from last year—second hand—are in the hands of the farmers and will be utilized. Nor have we made any attempt to get figures on the sales made in other towns of the county, adjoining towns in other counties and the direct shipments to the farmers. The statement then that this year's syrup crop will reach 150,000 gallons is conservative, considering the the above and too, taking into the estimation the fact that the selling season is not near over. Last year the crop was short, cane was not such a good quality and overflows claimed many fields entirely or damaged them considerably. The syrup output probably did not exceed 30,000 gallons, not more than 20,000 of which were put on the market. Now the amount that will be placed on the market this year, is purely estimation, but it is confidently believed that at least 100,000 gallons will be put at the disposal of the purchasing public. The acreage of cane in the county in 1907 was possibly more than 200 acres, and if an average yield had been made the crop would have been in the neighborhood of 50,000 gallons. This year the acreage is more than three times as much, quite likely more than 700 acres, and besides it is giving an excellent yield. The present year's crop of 150,000 gallons at 50 cents per gallon means \$75,000 added wealth to the farmers of the county, or a per capita, of about \$2—for every man, woman and child; a most wonderful increase and from an industry that is far from being a chief one. The syrup crop not only brings in \$75,000 but saves that much—or keeps that amount in the county, among home people. There are merchants in this county who have not purchased a half dozen cases of syrup in 12 months, outside of home grown, home made stuff—and some say that imported goods cannot be sold excepting they haven't the Nacogdoches article. So really the 1908 syrup crop will be worth about \$150,000 to this county. Now to go into the possibilities a little. The industry in this county is an infant—in its swaddling clothes. There are more than 400,000

acres of land in Nacogdoches county, 80 per cent of which is tillable—320,000 acres. Of those latter figures one can safely say that not more than 40 per cent is now in cultivation—128,000 acres—leaving 182,000 acres tillable but untilled. Cane could be grown on nearly all of it, but it is estimated that only about 50 per cent is "cane land," but to be perfectly safe let's say 25 per cent—48,000 acres. A fair average is 200 gallons of syrup per acre, though some this year will make several times that many. If all of the cane land in the county was utilized and yielded an average of 200 gallons per acre, the output would be nearly 10,000,000 gallons at this year's market price, amounting to more than half the taxable value for 1908, of the entire county. It will be many years before such will be, but the tendency is toward the syrup industry as well as others. And why shouldn't Nacogdoches county raise syrup for export? It is an easy crop—a money crop.

### Raw Lungs.

When the lungs are sore and inflamed, the germs of pneumonia and consumption find lodgement and multiply. Foley's Honey and Tar kills the cough germs, cures the most obstinate racking cough, heals the lungs, and prevents serious results. The genuine is in the yellow package. Mast Bros. & Smith.

### Returns From Dallas.

J. Thomas Hall returned yesterday from Dallas where he has been through the Fair, looking after the Nacogdoches county exhibit. Mr. Hall is very enthusiastic over the showing—or rather the result of that showing—and feels that untold good will come to this county from it. In conversation yesterday with a Sentinel reporter, the gentleman expressed himself about the exhibit—and other matters too, that will be of interest to the business men and farmers and regarding which we will have something to say later.

If you suffer from constipation and liver trouble Foley's Orino Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Orino Laxative does not gripe, is pleasant to take and you do not have to take laxatives continually after taking Orino. Why continue to be the slave of pills and tablets. Mast Bros. & Smith.

Mrs. Ella Smith, arrived in the city today from Carthage and after a few days visit with her sister, Mrs. R. W. Halton, will leave for Jackson, Miss.

### If You Are Over Fifty Read This.

Most people past middle age suffer from kidney and bladder disorders which Foley's Kidney Remedy would cure. Stop the drain on the vitality and restore needed strength and vigor. Commence taking Foley's Kidney Remedy today. Mast Bros. & Smith.

Captain L. T. Barrett of Melrose was in the city today.

### A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own being a valuable diuretic, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stearns' root and Queen's root, contained in "Golden Medical Discoveries" in chronic, chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stearns' root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe chronic and hereditary troubles, and chronic cough with hoarseness. In acute cough it is not so effective. It is in the lingering hang-over coughs, or those of long standing, even when accompanied by bleeding from the lungs, that it has performed its most marvelous cures.

Prof. F. L. Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine: "In dyspepsia it serves an excellent purpose. Holding a food quantity of the periodical hydrogen in solution, it is one of the best manufactured products of the present time. Its action, upon fermented disorders, especially if there is ulceration or larval parasites, catarrhal inflammation of stomach, it is a most efficient preservative. Glycerine will relieve many cases of indigestion, heartburn and excessive gastric fermentation." "Golden Medical Discoveries" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Sent to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the medicinal properties composing this wonderful medicine. There is no alcohol in it.

### Some Fine Stock.

Messrs. Elbert Summers and Fritz Swift of Nacogdoches have been in the city a day or two with some of the finest horses ever seen in this section. In the collection they have a couple of four-year-old and another thirty months of age. They are of the German coach stock and grow very large.—Center News.

### MAKES ASTONISHING CURES.

Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause—or Money Back.

Dyspepsia cannot be cured by taking a digester, such as pepsin, because pepsin simply digests your food artificially, and not all of the food either for it has no effect at all on starchy food, such as potatoes, rice, oatmeal, bread, etc.

There is just one way to cure dyspepsia and stomach disorders, trivial or serious, and that is to tone up or put energy into the stomach walls so that they will be able to properly mix or churn the food.

Mi-o-na tablets cure stomach troubles by putting strength and energy into the stomach. They quickly arouse the stomach from its inaction, and in a short time it is able to do its work properly.

Mi-o-na is successfully used in vomiting of pregnancy, in car and sea sickness.

And bear in mind that when the stomach is in good condition, constipation disappears, also nervousness, drowsiness, night sweats, heartburn, etc.

Stripling, Haselwood & Co., the druggists, sell Mi-o-na tablets at 50 cents a large box, under a rigid guarantee to do all that is claimed for them, or money back.

### Notice to Hunters.

All persons are warned not to hunt on my property as it is posted according to law.

I. B. Parnelly.

### For Sale.

Four, eight wheel log wagons, Linsey, six inch tires, for oxen, or will trade for four wheel mule wagons. d3w3 G. C. Williams.

### DROWNED IN ANGELINA.

Bridge Gives Way Under Wagon and Team—Family Saved—But Mules Lost.

Word was received in this city yesterday afternoon to the effect that a team of mules had been drowned in the Angelina river, below Woden some miles. The particulars were not learned, but the report received is about as follows: Will Olds and family, consisting of wife and two children, and who live in the eastern portion of the county, were supposedly enroute to visit friends in Angelina county. They were crossing a bridge over the Angelina river, when it gave way precipitating the wagon, team and family into the stream.

With the party was another man whose name was not learned, and who, with Mr. Olds, succeeded in getting the lady and children out, though it was a narrow-escape for all, from drowning. The mules could not be gotten out and were drowned without even being loosed from the wagon.

### Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry of Panama, Mo. The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, lagrippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at our drug store. 50c and \$1.00. Trial bottle free.

Stripling, Haselwood & Co., Association Meets Saturday.

The Nacogdoches County Tobacco Growers Association did not hold a meeting Saturday, on account of only a few members being present. A meeting is to be held next Saturday—Nov. 6—at the court house and every farmer in Nacogdoches county is invited to present and those interested in growing tobacco are urged to be on hand. Important questions are to be discussed and Mr. J. T. Hall, who has returned from Dallas, where he talked tobacco to the "fair" visitors will do something to say that will do you good. The Sentinel urges a full meeting, believing that the proper time to strike is when the iron is hot—and it's hot now. Saturday, Nov. 6, 1 o'clock, at the court house.

### Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved us many a doctor's bill," says A. F. Hardy of East Wilton, Maine, 25c at our drug store.

Stripling, Haselwood & Co., W. H. Rahkamp, cable man from Port Arthur, has arrived in the city to put in the new cable for the Telephone company.

## Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all these needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks, people who must necessarily be careful of what they take. It is a liquid laxative tonic and adroitly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Brannan, of Alvarado, Va.; Mrs. R. J. Stout, of Louisville, Ky.; and numerous others. In fact way out in Williams, Cal.; as Mrs. J. E. Blackmore, of that place, writes, "the whole town seems to be using it."

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it from your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 212 Caldwell Bldg., Monticello, Ill.

### Informal "42" Party.

To compliment Mrs. S. J. Dodson of Vernon, Texas, Mrs. W. F. Price had a few ladies to meet her last Wednesday afternoon, with the fascinating game of "42" for the medium of pleasure, at the conclusion of which she served a most tempting luncheon, consisting of, veal loaf, tomatoes with mayonnaise, cheese straws, bread and butter, sandwiches and coffee.

### Save Your Business!

If you don't nobody will. It is your business to keep out of all the trouble you can and you can and will keep out of liver and bowel trouble if you take Dr. King's New Life pills. They keep biliousness, malaria and jaundice out of your system. 25c at our drug store. Stripling, Haselwood & Co., w

### A Midnight Prowler.

Just awaking at the proper time is all that saved a Nacogdoches man from being trouserless, keyless and changeless last night and at least one midnight prowler was disappointed as a result. About midnight, a gentleman who lives close in, was awakened by the raising of a window screen near the head of his bed; peering in that direction a person of "dusky hue" met his vision, and who immediately dropped the screen and fled. The man of the house, as quick as possible laid hands on his pistol, but the miscreant had vanished. A chair was close to the window and on it the gentleman's trousers, containing some change and keys to a place of business.

### How is your Digestion?

Mrs. Mary Bowling of No. 228 8th Ave., San Francisco, recommended a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and troubles Electric Bitters is the best remedy on the market today." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at our drug store. Stripling, Haselwood & Co., w

# CAMPBELL RE-ELECTED GOVERNOR.

Simpson Defeated by Democratic Opponent.  
Bryan Carried State by Big Odds—School Amendment Safe.

T. M. CAMPBELL

Houston, Tex.—The election in Texas Tuesday was devoid of the usual interest in such contests, the successful candidates having practically been determined upon at the July primaries, and it remained only to confirm the judgment of the people as then expressed. The fact that the result was a foregone conclusion seemed to deter voters from going to the polls and prevented a general interest in the result. The failure of the republican candidate to make a threatening showing in any quarter of the state robbed the contest of the little interest.

The vote was much lighter than had been expected.

Bryan carried the state by a large majority. Governor Campbell made a splendid race, Mr. Simpson running but slightly ahead of his ticket. There was a noticeable strength in the running of Charles W. Ogden of San Antonio, his vote being but slightly less than that of Simpson. The other republican candidates ran close together.

The indications are that the school tax amendment is carried, while the vote of the salary and redistricting amendments is so close that a more accurate result will be necessary to determine the result.

The election was devoid of interest throughout the state and the voting was slow.

Owing to the great length of the ticket the count was the slowest that has been had in Texas for many years. It will probably be several days before the returns are nearly complete.

Following is a list of the state and district officials elected in Texas so far as the returns show. For most of the offices there was no contest, and for others the contest was so hopeless it has not been deemed essential to give the figures, inasmuch as the public attention is more largely centered on the result of the national election.

Returns for governor indicate practically the returns for the whole of the state ticket; but owing to the conditions prevailing (the republicans having nominated for governor a former democrat), it was deemed advisable to also publish the returns on the race for attorney general to show more fully the real strength of the republicans in Texas. Mr. Atwell, the republican nominee, is conceded to be one of the strongest republicans in the state, hence the vote cast for him would possibly indicate more fully the strength of the ticket than does the vote for Simpson.

### State Officials.

The following were elected to the various state offices (A\* has been used to designate those who have been re-elected).

Governor—T. M. Campbell\* of Anderson county.  
Lieutenant governor—A. B. Davidson\* of De Witt county.  
Attorney general—R. V. Davidson\* of Galveston county.  
Comptroller—J. W. Stephens\* of Limestone county.  
Land commissioner—J. T. Robison of Travis county.  
Treasurer—Sam Sparks\* of Bell county.  
Railroad commissioner—O. B. Colquitt\* of Kaufman county.  
Superintendent of public instruction—R. B. Cousins\* of Limestone county.  
Commissioner of agriculture—E. R. Kone of Hays county.

### Judicial Officials.

Below are given the members of the judiciary who have been elected. Many of the district judges (who are elected for four years) hold over, hence the blanks in some of the districts. The members of the state courts are given here that the list of the judiciary may be complete.

Supreme court—F. A. Williams.

Court of criminal appeals—W. L. Davidson and W. L. Ramsay.\*  
Courts of civil appeals:  
First district—R. A. Pleasants and S. A. McMeans.\*  
Second district—Irby Dunklin and Ocie Speer.  
Third district—W. M. Key\* and B. H. Rice.  
Fourth district—W. S. Fly.\*  
Fifth district—J. M. Talbot.  
Sixth district—S. T. Wilson,\* R. B. Levy, Jr.\* and W. F. Hodges.\*

### State Senators.

Sixteen members of the state senate were elected, fifteen members having yet to serve out their full term. There is no doubt of the election of any of these save in the Twenty-fourth district, where John F. Onion of San Antonio has had a hard fight and may not have pulled through, owing to the local conditions prevailing. The returns are not yet full enough to indicate certainly that Onion has been defeated by Real, the republican nominee, nor that he has defeated Real, though it is deemed probable that he has. The district is therefore left blank.

The following state senators elected in 1906 hold office until 1910:

- J. M. Terrell, Daingerfield.
- E. G. Senter, Dallas.
- W. J. Greer, Willis Point.
- Charles L. Brachfield, Marshall.
- W. R. Hosley, Powell.
- E. I. Kellie, Jasper.
- Thomas W. Masterson, Galveston.
- David A. Paulus, Hallettsville.
- Q. U. Watson, Giddings.
- W. O. Murray, Floresville.
- John G. Willacy, Portland.
- Claude B. Hudspeth, Ozona.
- Earl B. Mayfield, Meridian.
- John W. Veale, Amarillo.
- D. M. Alexander, Weatherford.

Following are the newly elected senators, by districts:

- H. Bascom Thomas, Sulphur Springs.
- B. B. Sturgeon, Paris.
- R. E. Cafer, Gainesville.
- Tom W. Perkins, McKinney.
- Pierce B. Ward, Cleburna.
- H. B. Terrell, West.
- Alf J. Harper (re-election), Mexia.
- C. C. Stokes (re-election), Crockett.
- McDonald Meachum (re-election), Navasota.
- F. Charles Hume, Jr., Houston.
- John L. Paeler, Austin.
- F. C. Weinert, Seguin.
- W. J. Bryan, Abilene.
- Arch Grinnan (re-election), Brownwood.
- J. P. Hayter, Decatur.

### Latest Returns.

At 2:45 Wednesday morning returns from 517 precincts in Texas, gave the following totals:

For school tax amendment 59,186, against 19,927.  
For redistricting amendment 34,616, against 28,272.  
For salaries amendment 25,475, against 43,468.  
Bryan 102,718, Taft 26,835.  
Campbell 109,691, Simpson 31,495.

### Entire Ticket in Jefferson.

Beaumont, Tex.—The entire democratic ticket is safely elected in Jefferson county and a large vote was polled. Martin Dies, the democratic nominee for congress, has carried Jefferson county by a large majority, as did all the democratic nominees having opposition. Many of the country boxes will not be heard from until tomorrow, but the result is safely assured.

### BRYAN SURE TO VERY LAST.

Landslide for Judge Taft Took Him Completely by Surprise.

Fairview, Lincoln, Neb.—Wm. J. Bryan tonight received at his home at Fairview the returns which early told him for the third time that he had been defeated in the greatest ambition of his life. Confident of victory to the very last, he was not prepared to believe that his cause was lost until the pluralities of his republican opponent piled up in such proportions as to leave no room for doubt. When the early returns came in he made particular inquiries regarding the state of New York and found much encouragement in the gains he was making up state over the democratic vote of 1904, but as the figures continued to be received, he relied on Greater New York to offset the heavy Taft vote above the Harlem river. Even in that he was bitterly disappointed, and he soon realized that the state was hopelessly gone and with it his prospects of being elected.

According to the predictions of his managers, he was led to believe that he would be elected without the aid of the Empire state, and he turned his inquiries toward Ohio and Indiana. The heavy democratic gain in the Thirtieth Ohio district was a source of gratification that to him indicated that the prophecies that Ohio would go democratic would be fulfilled. He also got much comfort out of a telegram from John E. Lamb, member of the advisory committee from Indiana, stating that the indications were that Indiana was probably democratic, and derived a great deal of satisfaction out of the fact that his own precinct had given a handsome majority and in the reports that he again would carry his state.

After nearly three hours spent in his library Mr. Bryan came upstairs and talked to the newspaper men and others who had assembled in the "work room."

He read further returns, but they told the same story of defeat, and he announced that he would not have any statement to give out tonight. A large number of the voters of his precinct came in to congratulate him on his precinct being carried for him, and after chatting with them for a while he went into the house, first stating that he would retire at 10 o'clock.

While a number of democratic leaders from all over the country communicated with the candidate by telegraph, there was no semblance of a word up to a late hour from Chairman Mack, and this was a source of comment.

During the evening the friends of Mr. Bryan's family from the surrounding country and Lincoln dropped in, and after being received by Mrs. Bryan, showed their interest in the election by remaining to hear the returns.

Mrs. Leavitt, Mr. Bryan's oldest daughter, would not concede that her father had lost his fight, and remained up until a late hour, hoping that more favorable news would be forthcoming.

### BRYAN CARRIES HIS STATE.

At Least So Far as National Ticket is Concerned—10,000 to 18,000.

Lincoln, Neb.—Nebraska reversed its political affiliation of the past five years and went from the Republican camp to the Democratic by a plurality variously estimated at from 10,000 to 18,000, and affording its candidate for the presidency about the only comfort to be secured from the election. This result is on the national ticket only. There is still a prospect that Gov. Sheldon and a majority of the Republican representative nominees have won, but if they have it is by so small a plurality as to make a claim of victory for any of them unwise.

### At the White House.

Washington, D. C.—President Roosevelt arrived here from Oyster Bay at 6:15 o'clock aboard his special train. He was accompanied by Secretary Straus. The president was driven at once to the White House.

The first thing the president did when he reached home was to scan the last election returns, which by the time he arrived at the White House were coming in at a rapid rate. He was particularly pleased when he read the report of his home district in Oyster Bay, which gave Taft and Hughes a substantial majority. At the White House executive offices were installed direct wires of the different telegraph companies and of the Associated Press and over these the president had the news at the earliest possible moment. A happy party, consisting of cabinet officers and their wives and a number of other guests, were entertained at the White House during the evening and heard the news of the election.

### Taft's Plurality in Vermont.

White River Junction, Vt.—Complete returns from the state of Vermont give Taft 39,572, Bryan 11,688 and Hisgen 719. Taft's plurality is 27,904. Four years ago Roosevelt had 40,677 and Parker 9800, a republican plurality of 30,677.

### Taft Carries Oregon.

Portland, Ore.—The Oregonian states that Taft has carried Multnomah county by 8000, and this will give Taft a plurality of 35,000 in the state.

### Republicans Sweep Massachusetts.

Boston.—The republican national and state candidates swept the state and all republican congressmen were re-elected. Both branches of the legislature will be republican by heavy majorities. Early returns indicate a plurality for Taft of 120,000. The plurality of Lieutenant Governor Draper, republican, for governor is estimated at 60,000.

### TAFT WINS IN MINNESOTA.

Johnson Has Lead, However, in Gubernatorial Race.

St. Paul, Minn.—While the early returns indicate the election of Governor Johnson by a plurality from 10,000 to 25,000, the later returns from the country districts have been greatly reduced, offsetting the large vote of the cities and towns for Johnson by Jacobson, republican candidate for governor. That Taft carried the state by 30,000 to 100,000 is conceded.

### Big Majority for Taft.

Boston.—One city and 189 towns out of thirty-three cities and 321 towns, comprising 237 election districts, out of 1039 in the state give Bryan 25,267, Taft 63,433, Hisgen 4249. For governor, Draper (Rep.) 55,546, Vahey (Dem.) 28,011. In 1904 same districts gave Parker 26,376, Roosevelt 61,683.

### The Vote Was Large.

Houston, Tex.—The returns from ten of the eleven voting precincts in the city and two in the country give the following totals:

Democratic electors	2,209
Republican electors	687
Governor	
Campbell	2,519
Simpson	1,097
Lieutenant governor	
Davidson	2,663
Ogden	778
Attorney general	
Davidson	2,724
Atwell	606
State senator—	
Hume	2,907
Barden	592
For first amendment	1,639
Against first amendment	376
For second amendment	1,516
Against second amendment	410
For third amendment	1,355
Against third amendment	637

The vote polled in Houston yesterday was the largest in the history of general elections in this city. It was a clear day and the voters turned out in strength for all parties, and it is safe to say that the returns for the democratic and republican electors show the full strength of each party in Houston. Simpson ran ahead of the republican ticket by something over 400.

### Texas Congressmen.

While there was some doubt expressed as to the success of Mr. Garner in the Fifteenth district, most of it came from republican sources, and the returns do not indicate that there is much reason to fear that he has even a reduced majority. The district is scattered over counties which are lacking in telegraphic and telephonic facilities to some extent, hence the returns are still scant. But there is no reason to believe that any of the Texas congressmen have failed to be returned. Most of them have no opposition, hence no effort has been made to collect returns, and the same rule applies in the other districts where there is an alleged opposition. The greater interest centers in the national election, to which the greater space is devoted.

The congressional delegation from Texas will be as follows:

First District—Morris Sheppard, Texarkana (fifth term).  
Second District—Martin Dies, Beaumont (succeeds S. R. Cooper).  
Third District—Gordon Russell, Tyler (fifth term).  
Fourth District—Choice B. Randall (fifth term).  
Sixth District—Rufus Hardy, Corsicana (second term).  
Seventh District—A. W. Gregg, Palestine (fourth term).  
Eighth District—John M. Moore, Richmond (second term).  
Ninth District—George F. Burgess, Gonzales (fifth term).  
Tenth District—A. S. Burleson, Austin (sixth term).  
Eleventh District—Robert L. Henry, Waco (seventh term).  
Twelfth District—Oscar W. Gillespie, Fort Worth (fourth term).  
Thirteenth District—John H. Stephens, Wilbarger (seventh term).  
Fourteenth District—James L. Slayden, San Antonio (seventh term).  
Fifteenth District—John N. Garner, Uvalde (fourth term).  
Sixteenth District—William R. Smith, Colorado (fourth term).

### Onion Is Defeated.

San Antonio, Tex.—Reports received in San Antonio from this senatorial district indicate that John F. Onion, the democratic nominee, has been defeated in every county in the district. Even Bexar county, his home county, has been carried by Judge Julius L. Bell, the republican nominee, who will undoubtedly be the next senator from this district.

Simpson has carried Bexar county by a small majority and is running strong all over Southwest Texas. He has probably carried this senatorial district.

Returns received here from the Garner-Moore congressional district indicate that Garner has won.

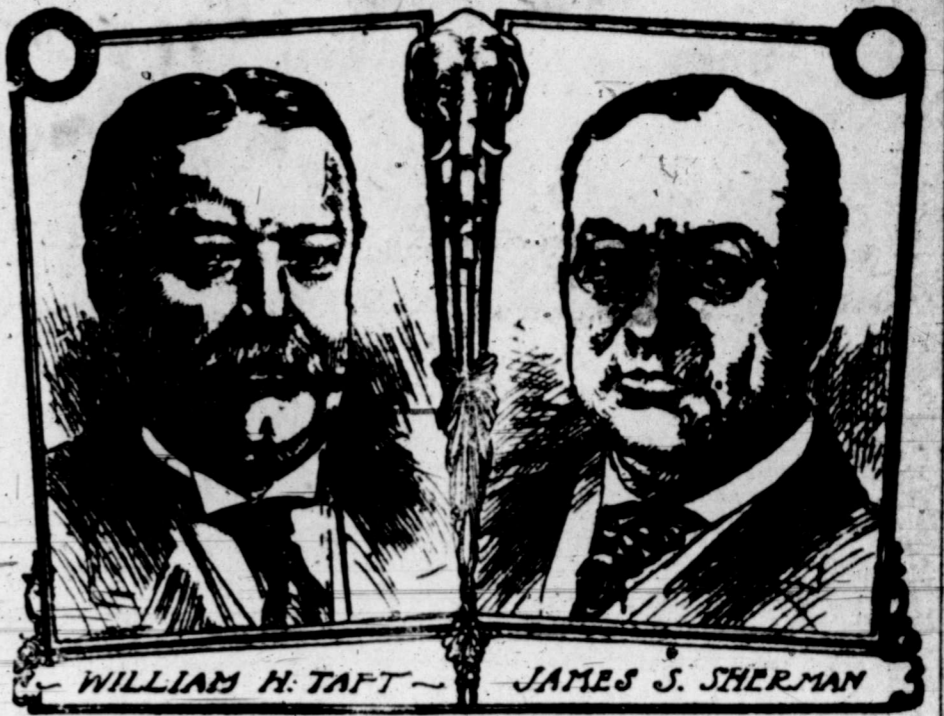

Palestine, Tex.—Governor Campbell, who is still in this city and voted here, expects to return to Austin the latter part of the week, where he will remain long enough to attend to certain important matters. The governor now thinks he will go from Austin to Mineral Wells for a week or ten days before again taking up his duties in earnest.

Parkersburg, W. Va.—Chairman George I. Neal of the democratic state committee said:

"Bennett and the democratic state ticket will carry the state by 18,000 to 20,000 and if the present rate of gain continues on the meager returns Taft will probably carry the state."

# TAFT AND SHERMAN THE TICKET.

Will Have Republican Congress—New York for First Time Went Republican—Ohio, Indiana and Illinois for Taft.

WILLIAM H. TAFT — JAMES S. SHERMAN

New York.—The indications Wednesday morning were that the following votes will be cast in the electoral college for Taft: California 10, Connecticut 7, Delaware 8, Idaho 3, Illinois 27, Indiana 15, Iowa 13, Kansas 10, Maine 6, Massachusetts 16, Michigan 14, Minnesota 11, New Hampshire 4, New Jersey 12, New York 39, North Dakota 4, Ohio 23, Oregon 4, Pennsylvania 34, Rhode Island 4, South Dakota 4, Utah 3, Vermont 4, Washington 5, West Virginia 7, Wisconsin 13, Wyoming 3; total 298.

New York.—General election returns throughout the United States received up to an early hour Wednesday morning show the following results:

William H. Taft of Ohio has been elected president, with 298 electoral votes secure and thirteen doubtful. Practically no change is indicated in the complexion of the national house of representatives.

The United States senate will retain its present republican majority Governor Charles E. Hughes has been re-elected in New York State by about 76,000 plurality.

Indiana has gone for Taft by from 15,000 to 18,000 plurality.

Bryan apparently has carried Nebraska, although the republicans claim the state.

Ohio returns have been seriously delayed, owing to the immense size of the ballot, but Taft has carried the state by a majority ranging from 50,000 to 75,000.

Taft carried New York city by 11,000 plurality, this being the first time the city has given its vote to a presidential republican candidate since 1896, when Mr. McKinley had a small plurality.

Mr. Taft received a greater plurality in New York state than Roosevelt did four years ago, the indications pointing to 292,000 for Taft, as against 175,000 for Roosevelt.

Hugues, the independent party candidate for president, received about 28,000.

The indications are that democratic governors have been elected in several of the Middle Western States that have given their presidential votes to Taft.

Mr. Taft has exceeded Roosevelt's plurality in New Jersey and in Massachusetts, as well as in New York.

The republican plurality fell off heavily in the Middle West, a matter thoroughly surprising to republicans.

Speaker Cannon has been re-elected by his usual majority.

Representative Payne of New York and Representative Dalzell of Pennsylvania have been re-elected and the continuance of their old regime. Mr. Payne will have charge of the new tariff bill in the extra session, which Mr. Taft will call immediately after March 4 next.

Missouri has returned to the "solid South" on the presidential ticket and elected Cowherd as its governor.

The first returns received were from the labor districts in Massachusetts. The heavy pluralities indicated there for Taft seemed at once to dissipate any probability of a landslide for Mr. Bryan, as many democrats had claimed, and the republican managers at once began to put out claims of victory.

### The Erie County Vote.

Returns from the country districts of New York state, where voting machines are largely used, were the next to arrive. It had been predicted for days that Erie county, including the heavy vote of Buffalo, might be taken as an index to the drift throughout the country.

This has proved to be the case so far as the national ticket was concerned, Mr. Taft having a plurality of something more than 4000 votes. Erie county surprisingly, however, gave Chanler a plurality of more than 3000 votes. The opponents of Governor Hughes were quick to claim a sweeping victory, but returns from the other large counties and cities soon changed the complexion of the returns completely. The vote in Greater New York for Mr. Chanler was deeply disappointing to his friends, where the heavy vote for Mr. Taft, especially in the borough of Brooklyn, completely

surprised the most sanguine hopes of the republicans. Governor Hughes was cut heavily up the state, but not so deeply as to imperil his election once the drift in his favor below the Bronx had begun to make itself felt.

Some of the figures relating to the republican slump in certain states regarded as certainly republican are little short of amazing. Pennsylvania's immense plurality of 100,000 four years ago has been cut in two. Illinois, who gave Roosevelt 230,000 in 1904 has gone for Taft by only about 170,000. The highest claim of the republicans for Indiana is 15,000 as against a plurality of 93,000 given Roosevelt.

### TAFT WINS IN OHIO.

First Estimate of 100,000 Cut in Half—Harmon Wins From Harris.

Cincinnati, O.—Notwithstanding the meagerness of the early returns from Ohio, they seemed to give a fair indication of the result, although positive statement as to the plurality was impossible. All sections of the state, both city and country, were included in the first returns, and the same ratio, if continued, would give a plurality for Taft for presidency in his home state from anywhere from 100,000 up.

Cleveland, Cincinnati, Toledo and Dayton are included in the first reports, and in all the Taft vote was very heavy.

The figures continued to fall as the additional returns came in later in the night, and at 1 o'clock it seemed that Taft would receive slightly more than a normal republican plurality, or close to 50,000, while Harris, republican, for governor was defeated. The figures at that hour were for the election of Harmon, democrat, by over 15,000 votes.

### NEBRASKA NOW IN DOUBT.

Bryan Leading, But Rural-Vote Will Decide.

Omaha, Neb.—On the face of the returns received up to 2:30 o'clock Wednesday morning, the democratic ticket in Nebraska had a slight lead, but the varied elements entering into the vote leaves the state in doubt, both on national and state tickets. Mr. Bryan has been the recipient of a heavily increased vote, but its extent will not be known until further returns have been received. Shallenburger, democratic candidate for governor, will follow the national ticket closely.

The returns received thus far have been from towns which were expected to show a large gain for Bryan and Shallenburger and the final issue will depend upon the farmer vote, which is in doubt.

### USUAL REPUBLICAN VOTE.

Massachusetts Gives Taft Majority of 120,000.

Boston.—William H. Taft and Ben S. Draper, republican candidate for governor, carried Massachusetts, the former by about 120,000 and the latter by about 160,000 in the light of returns from nearly three-quarters of the state. In the same returns it was evident that the Massachusetts congressional delegation remained unchanged, eleven republicans and three democrats.

The republicans also elected their state ticket and the usual majority of members of both branches of the legislature. It was the closest presidential contest in Boston since 1896, when McKinley won the city. James H. Vahey, the democratic candidate for governor, ran well ahead of Bryan in the state and defeated Draper in Boston by over 12,000.

### NATIONAL TICKET REPUBLICAN.

Detroit, Mich.—With Taft and Sherman carrying the state by a large majority, generally estimated at 100,000, the successful candidate for governor is not known at 1:30. Returns from the state are slower than they have been for years.

### Montana Returns Slow.

Helena, Mont.—Returns in Montana outside of Silver Bow, where machines are used, are coming in slowly, but indications point to a complete victory for the democratic state ticket and the election of democratic presidential electors.

# Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."

## KILLED AT PRESS.

**John Rice, Eighteen Years Old, Struck on Head By Falling Tree.**

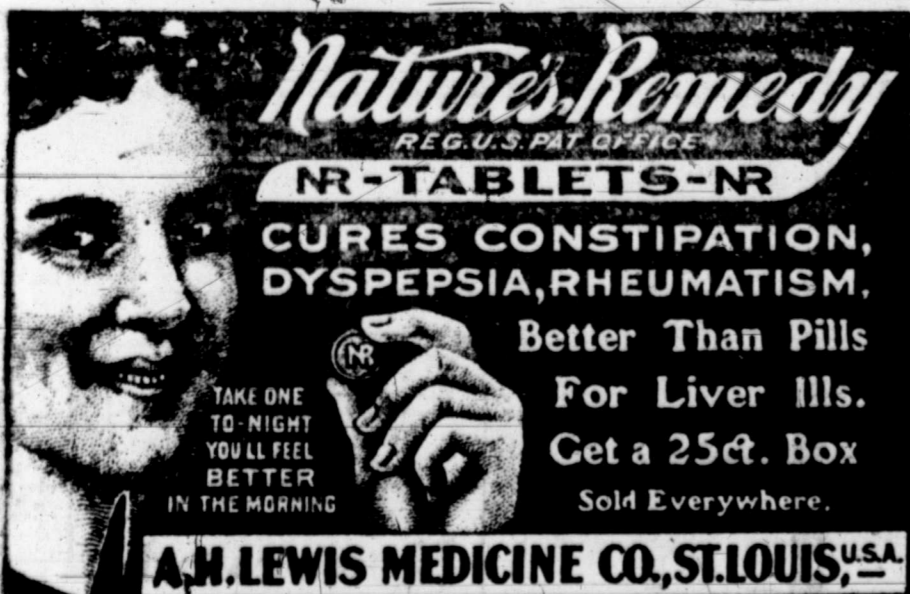

John Rice, a young man about 18 years old, son of Joe Rice, well known here, met with a horrible and instant death Wednesday at Carter's front, a few miles below town. Young Rice was a member of the woods crew and in cutting down a tree it lodged in a sapling which flew back, hitting him on the head killing him instantly.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Retuse any but the genuine in the yellow package. Mast Bros. & Smith.

G. C. Ingraham returned yesterday from Sulphur, Okla. where he has been the past week with L. I. Wade, Coke Murpley, and F. Faroute. They had several nice wolf chases and took advantage of the game season which opened on the 15th.

Winter blasts, causing pneumonia, pleurisy and consumption will soon be here. Cure your cough now, and strengthen your lungs with Foley's Honey Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds, and prevent serious results. Mast Bros. & Smith.

C. W. Pape of Clevenger was in the city yesterday on business. Stated that work was progressing nicely at his mill.

## TALKING BACK.

### HOWLING DOGS.

The Nacogdoches Sentinel objects to the "perambulating" dog. Our grouch is directed more against the hound pup that howls three fourths of the night, and spends the other fourth of the time catching breath.—Port Arthur News.

### ALL OF THEM.

The Nacogdoches Sentinel says that county has grown the "greatest ribbon crop" in its history. What kind of ribbon do you grow down there, Haltom? Are they hair ribbons of the Dainty Dorothy variety, those big rainbow sash ribbons, or just baby ribbons? — Palestine Herald.

### THANK YOU.

The Nacogdoches Sentinel is boasting over the splendid progress the farmers in Nacogdoches county have made this year over the several years past. We attribute some of the improvement made in that county to the untiring help and encouragement given the people by the Sentinel.—Tyler Courier.

### TROT EM OUT.

The Nacogdoches Sentinel is trying to provoke a row. It says that Nacogdoches has more pretty girls in that town to the square inch than any town in Texas. We deny the claim, and enter Mt. Enterprise, and challenge the Sentinel to a contest.—Mt. Enterprise Herald.

### MISSING SOMETHING.

According to the Sentinel the only thing that keeps Nacogdoches from having a free mail delivery is bad streets and crossings, and lack of a pavement. If this is true Nacogdoches is missing a great convenience for the shortness of public enterprise.—Lufkin News.

### IT'S THE TRUTH.

With the biggest ribbon crop ever grown, an excellent corn crop, more hogs than for many years, the finest tobacco in the world and enough cotton to oil the axles of commerce and cause the jingling of many dollars, Nacogdoches county is in position to accept the front seat on the prosperity band wagon.—Nacogdoches Sentinel.

Why shouldn't it occupy the front seat? It can grow just about anything the temperate zone will produce, which is quite a considerable variety of stuff. Besides Nacogdoches is an old county, with schools and churches, teachers and preachers, cheap lands, cheap fuel and fencing, water in abundance and lumber at a

# Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.

Made by the J. C. Ayer Co., Lowell, Mass.

price which makes it possible for the poorest man to own a home of his own. It has always been a mystery to State Press why the people who express such a yearning for the ownership of a shelter do not go to East Texas and get one.

## WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you will do other disgusting things because you can't help yourself.

The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy—its strength, its vigor and vitality.

But there is one remedy that will kill the germs and cure the catarrh, and that is Hyomei, the Australian dry air treatment.

Stripling, Haselwood & Co. the druggists, will guarantee Hyomei to cure catarrh, or money. Don't delay—this pleasant antiseptic treatment. Breathe in Hyomei and kill the germs.

Stripling, Haselwood & Co. will sell you a complete Hyomei outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, colds, hay fever and croup.

To Our Friends and the Trading Public.

We wish to thank you very much for your liberal patronage during the past month, and to say that our friends have been indeed kind to us from our opening day.

Our business has far surpassed our most sanguine expectations and we hope the values we have given you, the correct merchandise at the right price may induce you to give us in the future a larger share of your valued patronage. Thanking you again for your very liberal patronage, we remain, Yours truly,

Tucker, Hayter & Co.

Mrs. C. M. Brown who has been spending the year with her sister, Mrs. Mary Watson, at the Watson hotel, left last Friday for Beaumont, which will be her home for the future. The many friends Mrs. Brown made while in Nacogdoches regret her departure and wish her good luck in her new home.

## Trawick News.

Beautiful weather continues and syrup making is the order of the day; several thousand gallons will be made in the community.

Cotton is most all out and marketed.

L. W. Lyles has sold his home place and will move to Cushing soon and engage in business with his son, L. R. Lyles.

School is progressing nicely under the skillful management of Prof. J. W. McCall.

Uncle Manuel Chancellor is very ill at his home. Chances are very slim for his recovery, it is thought.

Jewel Mitchell, son of M. M. Mitchell, has been quite sick with slow fever.

Everything seems to be an uphill pull in our berg, though quite a lot of people bringing their cotton and cotton seed for market and are shopping.

Miss Lucile Crawford who left a weeks ago for Longbeck, Cal. expressed herself well pleased with her new home. D. E. P.

## KNOW IT WELL.

Familiar Features Well Known to Hundreds of Nacogdoches Citizens.

A familiar burden in every home. The burden of a "bad back."

A lame, a weak or an aching back. Tells you of kidney ills. Doan's Kidney pills will cure you.

Here is Nacogdoches testimony to prove it:

Mrs. Fred W. Harlocher, living on Cox street, Nacogdoches, Texas, says: "Without the least hesitancy I strongly recommend Doan's Kidney Pills. For two or three years I had attacks of kidney complaint. At times I could scarcely get up or down and it was only with great difficulty that I was able to lace my shoes. I suffered so intensely at times from pains in my back that stooping meant misery. By spells I hardly dared to move as the least motion of my body would mean twinges sharp as knife thrusts through my loins. I could not rest at night and upon arising in the morning was more tired than when I went to bed the night before. I first attributed all my misery to rheumatism but later on, believed it was due to the kidneys as the secretions from these organs were too frequent in action, and otherwise unnatural. I doctored and tried remedies of various kinds but never obtained more than slight temporary relief. Finally it was my good fortune to learn of Doan's Kidney Pills, and I procured a box at Mast Bros. & Smith's drug store. Much to my gratification, this remedy removed all pain in my back and corrected the bladder difficulty. I was given new strength and energy and at last was able to lay claim to good health. Three years have elapsed since I had this experience with Doan's Kidney Pills and after that I had no recurrence of my former trouble. Mr. Harlocher has also used Doan's Kidney Pills and recommends them just as highly as I."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

# S.S.S. FOR BAD BLOOD

The most important part of the human system is the blood. Every muscle, nerve, tissue, bone and sinew is dependent on this vital fluid for nourishment and strength necessary to maintain them in health and enable each to perform the different duties nature requires. Even the heart, the very "engine" of life, receives its vigor and motive power from the blood. Since so much is dependent on this vital fluid it can very readily be seen how necessary it is to have it pure and uncontaminated if we would enjoy the blessing of good health. Bad blood is responsible for most of the ailments of mankind; when from any cause it becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Muddy, sallow complexion, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores or ulcers, which break out on the flesh, often from a very insignificant bruise or even scratch or abrasion. If the blood was pure and healthy the place would heal at once, but being loaded with impurities, which are discharged into the wound, irritation and inflammation are set up and the sore continues. Bad blood is also responsible for Anemia, Boils, Malaria, etc.; the weak, polluted circulation cannot furnish the nourishment and strength required to sustain the body, and a general run-down condition of health results. S. S. S. is nature's blood purifier and tonic; made entirely of healing, cleansing roots and herbs. It goes down into the circulation and removes every particle of impurity, humor or poison that may be there, restores lost vitality, and steadily forces up the entire system. It adds to the blood the healthful properties it is in need of, and in every way assists in the cure of disease. S. S. S. neutralizes any excess of acid in the blood, making it fresh and pure, and permanently cures Eczema, Acne, Tetter, and all other skin diseases and eruptions. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, and all other diseases or disorders arising from bad blood. Book on the blood and any medical advice desired free to all who write.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advertised I commenced its use. Today my blood is in fine condition and my general health is of the best. Am filling position as fireman for a large concern here, and if I was not in good physical condition it would be impossible for me to fill the place. Your S. S. S. has been of great service to me and I do not hesitate to give it the credit it deserves. W. F. VADEK. 315 Fifth Street, Beaver Falls, Pa.

## A Ghost Party.

The Hallowe'en entertainment or ghost party to have been last Saturday night, but postponed, was given in due form last night at "Hotel D'Crain" by the jolly guests of that place. The yard and porch was covered with Jack-o-lanterns and had a ghostly appearance from the outside.

The guests were received by a witch who directed them above where they were greeted by ghostly apparitions who furnished them with paper and pencil for guessing the names of each phantom. A most artistically decorated room in the front, seemingly a ghost's retreat, devils, Jack-o-lanterns and black cats everywhere, was next visited, where your present, past and future were told. The present, a large looking glass in a cosy but weird looking corner, the past told by a witch in her palatial abode in the center of the room, and the future a contrast to the present and past was represented by a casket and dead.

After unmasking "The Mystic" spring was visited. A funny feature of the occasion came next, each winding a string which went all around, over and under the house, with your fortune on the other end. At a late hour the chief feature was a delicious spread up stairs, cleverly arranged and appropriate.

privately decorated, comparing with other decorations, mysteries every where, devils, witches, Jack-o-lanterns, owls and black cats.

The program, decorations, etc., were simply grand and hard to describe, but Misses Belle and Bertha Carnahan, Lee Ward and Nora Evans are entitled to praise for furnishing such a delightful evening.

## Notice.

Lost, one large almost white fox hound, about 5 years old. Tail large and heavy. Last seen near Chireno. \$15 reward if returned to Luther Swift, Nacogdoches, Texas. wtf

J. T. Watson of Forney is in the city visiting his daughter, Mrs. Wm. Helenkamp.

# A Simple Remedy

Cardui is a purely vegetable extract, a simple, non-intoxicating remedy, recommended to girls and women, of all ages, for womanly pains, irregularity, falling feelings, nervousness, weakness, and any other form of sickness, peculiar to females.

**TAKE CARDUI**

It Will Help You

Mrs. A. C. Beaver, of Unicoi, Route No. 1, Marbleton, Tenn., writes: "I suffered with bearing-down pains, feet swelled, pain in right side, headache, pains in shoulders, nervous palpitation, and other troubles I cannot mention, but I took Wine of Cardui and have found it the best medicine I ever used, for female troubles." Try Cardui.

AT ALL DRUG STORES

**THE BEAUMONT FAIR.**

The Southeast Texas Fair is beginning to attract much interest in a number of the most prominent counties of this section. Several newspapers are urging exhibits for their home towns and counties and the indications are that the event will be one of interest to all Southeast Texas. One of the most interesting newspapers in this work is the excellent Nacogdoches Sentinel. It says:

Beaumont is to have a fair. It is not to be for Beaumont and Jefferson county alone but for the whole of Southeast Texas. We are proud to see the "Gusher City" strike the gait—it's a lively pace—but that's the kind that makes towns to cities grow and sure enough cities get bigger and better. Nacogdoches will have no fair this year, but she'll be represented at the other big fairs. We hereby give notice to Beaumont that this famous and fertile old country is coming with a big exhibit and one that will capture a prize.

The Sentinel has expressed the situation exactly. The Beaumont Fair is not a Beaumont enterprise, but a Southeast Texas undertaking for all the counties of Southeast Texas including Jefferson, at Beaumont. The officials of the Fair and the citizens of this have no desire to make this great event a local one. They invite the hearty co-operation of every county in the district.

The Southeast Texas Fair should be one of the most important in the state. Than the Dallas and San Antonio exhibitions—both state institutions in many ways—it should be the greatest. The co-operation of the several counties most directly interested and a manifestation of the proper efforts upon the part of Beaumont will bring about this condition. The Journal feels that it can, without hesitancy, vouch for the efforts of the city along this line, and there is every reason for encouragement from the outside. The Sentinel is but one of the papers that have recommended immediate action upon the part of their readers in preparing for the fair by the arrangement of an exhibit.—Beaumont Journal.

**Hallowe'en Dumb Supper.**

The home of Mrs. George Weaver on Irion Hill was a scene of much mirth and many weird experiences too, last Saturday night, it being Hallowe'en, celebrated with a

dumb supper—strictly "femine guests only." To imagine a "dumb" party of young ladies would be rather taxing on a mind, and to know of the actual existence of one, is even more phenomenal—but it happened. Eight young ladies composed the house party, and the fun they failed to have is obsolete, while the ways of torture telling they missed, are equally antiquated. To begin with, each was designated to prepare a dish for the midnight feast, and as no one of them was too skilled in the culinary art, things got busy real early in the cooking department.

By nine o'clock Miss Webb Myatt had 17 kinds of meat (hash) with a liberal supply of three or four kinds of pepper, two kinds of pickles, a gentle mixture of celery, sasparilla and "what not" on the range and was endeavoring to coax it to a boiling point.

In the pantry Miss Dixie Meador was rummaging through the shelves, getting the "credentials" for plain biscuits. Having gotten the flour in readiness (she modestly admits that she did not know it had to be sifted) the next thing was to mix properly. Halt a tea cup of soda—two table spoonful of salt—lard, yes—but how much? no scales to weigh it so, she guessed at it; one cup is a half pound, two cups a pound—a plenty. But to save the heathen Chinese, she couldn't think what went next and couldn't ask. To be sure she was correct, in went a bunch of baking powder (not face powder) another pinch of salt same size as the first one and then butter milk till the world looked sour. Having mixed thoroughly with a pruning knife, the product was put in the oven—and begin to rise, and rise, and rise. Out come the grate—off came the stove lids, but still they rose higher and higher—and had to be carried to the porch for more room.

Miss Nadine Weaver was "fudging," though she prefers Huyler's chocolate drops.

Miss Ura Belcher was pop-corning and always getting right in the way of Miss Joe Weaver, who had troubles of her own in making "salad" and "sandwiches"—and she hasn't told yet what they were made of.

It was pretty close to midnight, the hour for ghosts, and goblins and phantoms, when the supper was finished. It was a hungry bunch—but eat they couldn't; though a portion of Miss Constance Burrow's dish—fried potatoes—did disappear. Not going to tell how she cooked them—she don't want you to know.

A noise in the yard attracted attention and an investigation was agreed on. On the front porch they assembled, bravely depicting the fate of any and everything that would dare show up. Up the hill come a tall, white something, bowing slowly to the right and left, its white garb fluttering and its spectre movements keeping time. That front porch was vacated right now, and led by one of the brave "fairer"—they started a grand march toward the upstairs, making things

more hideous with the "gentle" alarms—like unto a caliope whistle. Into a room they rushed and there, was a man, a real horrid man; that room was vacated suddenly too, but imagine that distressed and disappointed eight when it was discovered that "he" was just a dummy. 'Bout time to wash dishes so Misses Johnnie Harrell and Ora Weaver came in for the awful task.

An hour or so was then given to torture telling, ghost stories etc., bed time not coming till most 2 o'clock and then no sleep. It was a great party though, and 'tis said that six actually did not say a word during the supper arrangement. Rather marvelous!

**The High School Mother's Club.**

Held its regular meeting in the auditorium Tuesday afternoon, Oct. 27th. The president and vice presidents being absent, the secretary, Mrs. Hugh Marr, took charge of the meeting and called the house to order. Roll call was responded to with inspiring quotations after which the minutes were read and approved. Mrs. Butt reported that a letter received from the Elson Art Exhibit Company informed her that the exhibit could not reach Nacogdoches before early in January. The program was limited to one number on account of those on duty being absent on account of illness, but the two selections by Mrs. Foye were rich in thought and full of good advice.

"A Sermon for Mother's," was a sermon indeed teaching that our children will become what we desire that they become. We must place ideals before them and by example and precept moved their characters day by day.

"Patience with Love," a beautiful little poem by George Klinge, brought out the thought that children need our patience to teach them the truths of the wonderful world about them; little feet that have gone such a tiny way; all things new and strange to these little lives who need our patient leading and daily encouragement. The club was pleased to have Prof. Davis as a visitor and by request he gave us a very interesting talk. His remarks were chiefly along the lines of Mother's Club work, and he dwelt particularly on home life and its influences. He deplored the tendency of our day to rush madly though life without stopping to pay attention to the little courtesies and acts of politeness, which trait at one time marked distinctly the chivalrous southern gentleman, and queenly Southern girl. At the conclusion of his remarks Mrs. Chas. Perkins asked permission to thank Prof. Davis on behalf of the club for his excellent talk, and emphasized the ideas he advanced by a decidedly entertaining impromptu talk, giving helpful suggestions and relating experiences which appealed to all. On motion by Mrs. Butt a vote of thanks was tendered all who participated in the open meeting held a few weeks ago.

Sec. pro tem.

**Hallowe'en.**

The night witches and goblins were abroad on their baneful midnight errands and the occasion was celebrated by the society set at Mrs. Clyde Parrish, Miss Jennie Harris as hostess, with appropriate rites, ceremonies and incantations, to which suggestive and weird invitations had been issued.

It was also celebrated by the younger set at Mrs. C. D. Stinson's, with Miss Tannie as the young hostess. The passion for prying into the future is inherent and has full scope on Hallowe'en when all the well known, oft tried methods of "dipping into the future" and learning ones fate is tried. In the words of the immortal Bobby Burns, "Wi' merry songs o' triend-

ly cracks,  
I wat they did not weary."

Program for Debating Society  
Program for Nacogdoches Debaters Union to be held at Swift Saturday night, December 5th, at 7 o'clock.

Welcome address—Bart Shirley.

Response—Lee Langley.

Orchestra.

Address, The possibilities of American Youth—Lee G. Carter.

Orchestra.

Debate.

Resolved, That the Convict Lease System should be abolished in Texas—Affirmative, W. E. Feazell, W. E. Thomason; alternative, Walton Day; negative, A. L. Harris, H. F. Marr; alternative, Claude Thrash.

Orchestra.

Address—The Man of the Hour—Arthur Scale.

Orchestra.

Address, The Future of our Country—F. P. Marshall.

The speakers in the debate shall have 18 minutes each and the affirmative leader a rejoinder of eight minutes.

The welcome address seven minutes, the response seven minutes. The first address 20 minutes, the second 20 are appointed:

Reception; Alford Daniels, Hulen Buley, Mark Stoker.

Entertainment; T. G. Fulmer, B. B. Haltom, Isom Chandier.

House; W. T. Whitton, Wiley Baker, Jeff Hargis.

Hunting in Oklahoma.

After taking in the Dallas fair, Coke Murphey, who met a few sportsmen in Dallas and with them arranged a hunt, is now in the wilds of Oklahoma hunting all kinds of wild game. With the party are Luther Wade, Neil Ingraham and Frank Fourate all well known in Latkin, where they attended the gun club shoot this summer. Nothing has been heard from the party but judging from the personnel they are having a fine old time. Their nearest railroad town is Sulphur.—Latkin News.

How's This?  
We offer One Hundred Dollars Reward for any case of "catarrh" that cannot be cured by Hall's Catarrh Cure.  
P. J. Cheney & Co., Toledo, Ohio.  
We, the undersigned, have known F. J. Cheney for the last 15 years and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by him.

Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50c per bottle. Sold to all druggists.  
Take Hall's Family Pills for constipation.

The Ladies Aid Society of the First Presbyterian church had an excellent meeting at the home of Mrs. D. H. Barnett on last Monday, with practically every member present, and all enthusiastic over the year's work. Three new members were enrolled, Mesdames A. L. Cash, Chesler and Miss Fowler. The Society individually and collectively expressed their appreciation of the new pastor, Mr. Davies, late of Oklahoma City, and bespeak for him a warm welcome and have tacitly promised their warm support and encouragement in his work. The customary bible study will be resumed and the meeting during the winter will be held with Mrs. D. H. Barnett.

## TEXAS AT THE 1909 EXPOSITION.

BY LEIGH D. BRUCKART

The report that Texas is certain to be well represented at the Alaska-Yukon-Pacific Exposition next summer has been received with much gratification by the directors of the fair and the people of the Northwest. Texas like the three North Pacific states, is an empire in its self and has as much to interest the people of this section as any state in the Union. Likewise there is much in this country that will interest the Texan.

There are thousands of Texans in this country, and throughout Alaska and the Yukon. The early gold discoveries attracted many, while the lumbering and grazing resources have seen many Texan engaged. But it is to the future that Texas can look with anticipation. When the Panama canal is completed, great ocean-going vessels will load with Texas products and carry them without transshipping directly to the wharves on Puget Sound. The incalculable water power that will be in time developed from the streams flowing down the west side of the Cascade mountains will result in the establishment of great manufacturing plants where the cotton of Texas will be made into sheetings, shirtings and other goods for the use of the people of this country as well as for the millions that live beyond the Pacific. It is this future development which attracts the interest of the Northwest to Texas. It is felt that there is a bond of interest that has marvelous possibilities and that both are indispensable to the other.

The Alaska-Yukon-Pacific Exposition was conceived by its originators for the purpose of showing to the people of distant parts of the United States the manifold opportunities and possibilities of this section, to touch the people that Alaska and the Northland are not the icebound, uninhabitable places that the early school books taught, that there is something tangible and definite about the Pacific Northwest, which will in time make it one of the busiest and happiest sections of the United States. The men of the Pacific Northwest believe as firmly as they believe anything that the time will come not so far distant when this part of the United States will be the most favored in the entire nation. They believe now that it has other

sections beaten in many respects and they feel that it will win in a lot more. But in order to realize the hope, other parts of the United States will be called upon to contribute, in people, materials and products. Thus it will be a mutual benefit and where the Pacific Northwest gains so, also, will the other sections gain. And no part of the country has as much to gain as has Texas.

The slogan of the exposition directors is "Ready-on-the-Opening-Day." All exposition records will be broken in this respect. The permanent and larger and more extensive temporary work is 70 per cent advanced towards completion. That work which yet remains to be done, is largely in the construction of temporary buildings which can be run up in two to four months, and in the final work of the landscape gardeners. When it is stated that ten of the exposition buildings are ready to receive their exhibits and equipment and that three others will be finished within two months, it can be realized that the slogan is no dream.

The Government Board which handles the \$600,000 appropriation made at the last session of Congress is now on the ground and the constructors are submitting their bids for the numerous buildings. The collection of government exhibits from Alaska, Hawaii and Philippines has been under way for months, so that no delay will be experienced in getting the displays in place. The various states that are to have buildings are actively at work. Oregon has her building finished. California will be under roof in two months and the exhibits will begin to arrive in February. Missouri, Utah and New York are ready to start work. The Chicago building is planned. Other states, especially Montana, Utah, Nebraska, Michigan, Pennsylvania and North Carolina are awaiting legislative action and can start work the day after the bills are signed as the climatic conditions permit work all the year round. The three buildings to be erected by Washington are under way and the various concessionaries on the Bay Streak, the amusement boulevard, are at work.

### Never Disappoints.

"Many, extensively advertised remedies are failures when put to the test. Hunt's Lightning Oil is an exception. Confidence in it is never misplaced, disappointment never follows its use. It is surely the greatest emergency remedy now obtainable. For cuts, burns, sprains, aches and pains, I know no equal." —Geo. E. Padilock, Doniphan, Mo.

The Ladies Aid Society of the First Presbyterian church will give another of their delightful teas Wednesday Nov. 11, at the home of Mrs. A. B. Ireson.

### Saved Him.

"It did not kill me but I think it would if it had not been for Hunt's Cure. I was tired, miserable and well nigh used up when I commenced using it for an old and severe case of eczema. One application relieved and one box cured me. I believe Hunt's Cure will cure any form of itching known to mankind." —Clifton Lawrence, Helena, O. T.

Be sure to attend the ten cent tea at Mrs. A. B. Ireson's. A lovely salad course, bountifully served all for the small sum of ten cents.

### TALKING BACK.

NEEDS A TAX.

Several days ago the Nacogdoches Sentinel published an edition about the "dog nuisance," that will compare favorably with more towns in East Texas, than Nacogdoches. The Sentinel says that there were more dogs in that city, of various kinds (but mostly common curs or suck egg hounds) than men, women and children. The number of alleged bird dogs in this country is doubtless nearly as great as that of the birds, but if the actual value of the dogs were figured down to dollars and cents, 99 per cent, would come far below 0. As a pet they are filthy and dangerous, being general distributors of fleas, and doubtless disease, and as a protection or benefit we fail to see where they come in, for they always bite their master's friend instead of the intruder, and consume more in a day than their whole life is worth to the proud owner. It is any one's privilege to keep as many dogs as they choose, and to bestow their affection on them if such is their taste, but if the Sentinel's advice was heeded to collect the tax all dogs many of the worthless ones would be killed and we all would be the better off. —Bonham News.

### ABOUT SIDEWALKS.

Just a problem: If Nacogdoches people continue to build sidewalks as they have the last few months, how long will it be before the city gets free mail delivery? Don't all answer at once. —Nacogdoches Sentinel.

Sidewalks alone will not secure Nacogdoches free mail delivery. But it cannot secure free mail delivery without sidewalks. Having accomplished much, let the Nacogdocheans accomplish a little more, and then they will get their letters at home instead of at the post-office. —San Antonio Express.

### A GOOD RECORD.

What is the matter with old Nacogdoches county? The recent grand jury of that county, after a session of several weeks, returned only eight indictments—four for felony and four misdemeanors. This is certainly a good record, assuming of course

that the grand jury did its whole duty. —Mt. Enterprise Herald.

### SOME GOOD ADVICE.

We hope all parents will read the following from Nacogdoches Sentinel: Quite a deal is being said these days about compulsory education. The time will surely be, and a forward step it will prove, but one of the best compulsory school laws that now exists is made at "home sweet home" with the soft end of a barrel stave or hitch rein. —Wills Point Chronicle.

### GETTING ACQUAINTED.

The big towns over in East Texas are organizing and having what they call "get acquainted" days. They have just had one at Tyler and another at Nacogdoches. The people round about come to town and trade and form each others acquaintance. Strikes us it is a good idea. Too much familiarity may, and in some instances doubtless does, breed contempt, but a passing acquaintance is a good thing to have with everybody. —Palestine Herald.

## A TALENTED WRITER

Praises Peruna as a Catarrh Remedy

MRS. E. M. TINNEY.

Mrs. E. M. Tinney, story writer, 325 E. Nueva St., San Antonio, Tex., writes: "During 1901 I suffered from nasal catarrh, which various other remedies failed to relieve. "Six bottles of Peruna, which I took, entirely cured me, the catarrh disappearing and never returning. "I therefore cheerfully recommend Peruna to all similarly afflicted."

Mrs. Ellen Nagle, 414 4th street, Green Bay, Wis., writes:

"I have often heard Peruna praised and it is more widely known here than any other medicine, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a bad cold which settled all over me.

"The doctor wanted to prescribe, but I told him I was going to try Peruna and sent for a bottle and tried it.

"I felt much better the next morning and within five days I had not a trace of any lameness or any cough.

"I consider it the finest cough remedy."

PERUNA TABLETS:—Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the solid medicinal ingredients of Peruna.

Capt. Ross of Garrison was a visitor in the city today.

C. J. Jones of Garrison was in the city today.

5 or 6 doses of "666" will cure any case of Chills and Fever. 25c

Kelly Williams has returned from a weeks business trip to Fordyce, Ark.

M. M. Moehechney from San Augustine was here today.

5 or 6 doses of "666" will cure any case of Chills and Fever. 25c

Miss Virgie Sanders has returned from a pleasant visit to Dallas where she visited relatives and saw the fair.

Winter blasts, causing pneumonia, pleurisy and consumption will soon be here. Cure your cough now, and strengthen your lungs with Foley's Honey Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds, and prevent serious results. Mast Bros. & Smith, eod

Miss Floy Duncan returned today from Shreveport where she has been for several days attending the Louisiana State Fair.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Mast Bros. & Smith, eod

Carpenters are finishing a little building adjoining Ed Holleman's grocery store where Mr. Wyzonsky will open a fruit and confectionary store.

### Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. Mast Bros. & Smith, eod

### KNOW IT WELL.

Familiar Features Well Known to Hundreds of Nacogdoches Citizens.

A familiar burden in every home.

The burden of a "bad back."

A lame, a weak or an aching back.

Tells you of kidney ills.

Doan's Kidney pills will cure you.

Here is Nacogdoches testimony to prove it:

Mrs. Fred W. Harlocher, living on Cox street, Nacogdoches, Texas, says: "Without the least hesitancy I strongly recommend Doan's Kidney Pills. For two or three years I had attacks of kidney complaint. At times I could scarcely get up or down and it was only with great difficulty that I was able to lace my shoes. I suffered so intensely at times from pains in my back that stooping meant misery. By spells I hardly dared to move as the least motion of my body would mean twinges sharp as knife thrusts through my loins. I could not rest at night and upon arising in the morning was more tired than when I went to bed the night before. I first attributed all my misery to rheumatism but later on, believed it was due to the kidneys as the secretions from these organs were too frequent in action, and otherwise unnatural. I doctored and tried remedies of various kinds but never obtained more than slight temporary relief. Finally it was my good fortune to learn of Doan's Kidney Pills, and I procured a box at Mast Bros. & Smith's drug store. Much to my gratification, this remedy removed all pain in my back and corrected the bladder difficulty. I was given new strength and energy and at last was able to lay claim to good health. Three years have elapsed since I had this experience with Doan's Kidney Pills and after that I had no recurrence of my former trouble. Mr. Harlocher has also used Doan's Kidney Pills and recommends them just as highly as I."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
