Edmund Von Steiness.

Houston Post.

The death of Edmund Von Steiness, occurred at 7:30 o'clock yesterday morning at the home of his daughter, Mrs. H. E. McDonald, 835 Cortlandt street, Houston Heights.

The funeral will take place at 3 o'clock this afternoon with Masonic honors, under the auspices of Holland lodge No. 1.

The deceased was born November 16, 1821, in Croatia Austria, and came to America in 1848, landing at Galveston, where he lived for a number of years, and after removing from that city, he located in Nacogdoches, residing there until 1905, when he removed to Houston to make his home with his daughter.

Deceased is survived by two daughters, Mrs. H. E. McDonald and Mrs. Frances E. Hancock, both of Houston, and nine grandchildren and twelve great-grandchildren.

Just received two cars of Pond Lilly flour direct from the factory. G. H. King.

A Dangerous Operation

is the removal of the appendix by a surgeon. No one who takes Dr. King's New Life Pills is ever subjected to this frightful ordeal. They work so quietly you don't feel them. They cure constipation, headache, biliousness and malaria. 25c at our drug store.

Medicine That Is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters: a medicine that is medicine for stomach and liver troubles, and for run down conditions," says W. C. Kiestler, of Halliday, Ark. Electric Bitters purify and enrich the blood, tone up the nerves, and impart vigor and energy to the weak. Your money will be refunded if it fails to help you. 50c at our drug store.

How One Doctor Successfully Treats Pneumonia.

In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by

ASKS US TO PRINT.

Tells How to Prepare a Simple Mixture to Overcome Disease.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription forces the clogged up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt, be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Get this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it you want it, you want it badly.

I. N. Buckner of Chireno was in the city today.

WILL BUILD PACKING HOUSE

George N. McNess Has Entered Nacogdoches Field to Handle Tobacco—Wants 100,000 Pounds.

Nacogdoches is to have a tobacco ware and packing house,—maybe two of them—but one for sure. George N. McNess of Tallahassee, Florida, yesterday made the announcement that he will erect such a building here to handle the crop of 1909, and will make this city headquarters in the future. Mr. McNess has a forty acre tobacco farm in Florida but has a manager to look after his interests there for the next year. To a Sentinel reporter he stated that the building he proposed to erect would be a single story, 75x100 feet, of brick and thoroughly modern in every particular for storing and packing tobacco. The building will be equipped with everything necessary for the handling of this product and for packing and putting it through the curing process.

WANTS 100,000 POUNDS

He proposes that the house be an independent one, taking care of any and every grower's crop, at so much per pound, storing it until the owner sells—or he will buy the tobacco himself. The cost of such a building will be between six and seven thousand dollars and will be sufficiently large and equipped to handle 200,000 pounds of tobacco. Mr. McNess believes that he can get 100,000 pounds from Nacogdoches county growers and expects to also handle a portion of the product from San Augustine, Shelby and Anderson counties. He stated that all he wanted the people to do was plant tobacco—the packing house is assured—and a sale for the product is no question. Just where this building is to be erected has not yet been decided but it will be built during the summer months and in plenty of time to handle the 1909 crop.

HAS 40,000 POUNDS

Mr. McNess has rented the building on Church street and has converted it into a packing house to handle the present year's crop—or the part that has not been placed on the market un cured. This is the same building that the city had taken for the purpose of handling the tobacco for the growers. Mr. McNess just taking the matter off their hands. He has put in a steam stove and some other things necessary for the house and is now busy packing tobacco. He has on hand 10,000 pounds, and has about 20,000 more to be brought in from this county, besides 8,000 or 10,000 pounds that are to be shipped here from Anderson county. The building presents a busy scene, though temporary for that business and

THE BUGGY PEOPLE

small, and has been the object of many visitors the past day or two. About 5,000 pounds were plaited and ricked yesterday and by tonight it is expected that all now on hand will be in place.

A FINE PRODUCT

Mr. McNess is a thorough tobacco man. For a number of years he was at the head of the industry for the government and during that period spent a considerable portion of his time in this section and city. He has all along kept in close touch with the industry here and after going to Florida and engaging in tobacco culture for himself, has kept an eye on Nacogdoches. He has great faith in East Texas tobacco and is showing it by cutting loose from Florida and coming to Nacogdoches. The product he is packing now, he says is extra fine and will compare with any tobacco raised in any part of the world. Mr. McNess also predicts an increased acreage of tobacco in this county the coming year and believes several buyers will be in the market for the product.

Ill Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nineteenth of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For Sale by Stripling, Haselwood & Co. w

There is more miles of American Hog fence in use than all the other makes. It's better that's the reason.

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, Manager.

AN exchange says that some girls are so modest they are ashamed to let Santa Claus see what size they wear.

"No empty stockings in Nacogdoches" is a good slogan and one that would result in many happy children Christmas morn.

Up in Limestone county a fellow had a leg broken by a stump puller. It takes an awful lot of machinery to pull some folks legs.

With eggs at 80 cents per dozen and the officers of that city in charge of the booze, Honey Grove is in a bad way for Christmas eggnog.

If you have any good resolutions to make, there is no excuse for waiting 'till New Year's. Do it now and put them into practice right away.

CHILDREN should be taught that work is honorable, but to loaf is dishonorable. The man who refuses to work beats his way through the world.

Don't forget the "empty stockings." Don't neglect the "empty stockings." By taking a little interest in other folks you will increase your own Christmas joys.

Don't put off paying your taxes till the very last minute. Go down in your jeans and bring forth the required amount now—you won't save money by waiting.

THE turkeys that missed assassination Thanksgiving have no right to do any strutting yet.—there's a double chance against his majesty—Christmas and New Year's.

BUY your Christmas stuff at home. Patronize Nacogdoches merchants. Shop early; don't wait till the last day to do it. Above all things, watch the Sentinel ads and buy from those who want to sell you.

A BEAUMONT Judge comes forward with the assertion that King David wore a sheath gown and therefore the "fad" is not new. When those Beaumont folks fail to make a discovery—there is nothing to it.

THE Nacogdoche county "good road" is all right and in time will prove the pride of every traveller over it. It will require close attention to make it the best and until a proper time has passed, the work should not be condemned.

A GOVERNMENT pack mule couldn't carry a sack of mail across some of the streets in bad weather without bogging to the elbows. The people would not be so bashful about building sidewalks if the city would build street crossings.

TOM COOPER of Tyler has announced that he will soon begin the publication of a morning paper in that city. "There is always room for one more" may be true in this case but Daily Courier is a mighty good paper and one Tyler folks appreciate.

WHERE WE LIVE.

The following wait is on one of its periodical tours of the state via., the columns of the country press. While in all probability it has appeared in the columns before, and the picture may be somewhat overdrawn, it comes near enough to truthfully stating actual conditions to stand reproducing once more: "The average Texas citizen imagines that he lives at home, but he doesn't. He gets up in the morning and puts on a pair of socks made in New York, shoes made in Boston, pants made in Ohio, then slips on a pair of Connecticut suspenders over his shoulders. He dips some water from a Missouri bucket with a Chicago dipper and puts it into an Illinois pan and washes his Texas face, using a cake of St. Louis soap in the operation. He dries his face on a Rhode Island towel and reaches his hair with a Vermont comb. He then drinks Cuban coffee from an Indiana cup and saucer, sweetened with Louisiana sugar and stirred with a New York spoon. His knife and fork and plate were made in the north, and his table-cloth ditto. He eats a piece of Chicago ham fried in Kansas lard, sops his St. Louis biscuit seasoned with Boston soda and Michigan salt into Louisiana molasses. He wipes his whiskers on a Vermont napkin, and seats his family in Michigan chairs around the table from the same state. His meal was cooked on a St. Louis stove with wood chopped with a St. Louis axe and hauled in an Indiana wagon. The citizen then puts a Boston bridle and harness on a Missouri mule, gets out his Georgia plow and works in a field encumbered in all probability with a New York mortgage. He returns at night and satisfies his appetite with another imported meal, fills his Indiana lamp with Pennsylvania oil and lights it with a New York match. He then fills his Illinois pipe with North Carolina tobacco and settles down for a comfortable smoke. When bed time comes he takes his family Bible which was printed in Massachusetts, reads a chapter, says a prayer composed in Jerusalem, then retires to his bed, slips under his imported cover and is kept awake for two long hours by the howls of his Texas dog, which is the only home product he has on the farm."

WHEN Nacogdoches County gets to the point that she will issue bonds to the extent of about \$200,000, half for good roads and half for a new court house, a very forward step will have been made. \$100,000 expended in building good roads would mean a \$15,000,000 county in ten years, against a little more than half that now.

GAINSVILLE has adopted the commission form of government; Corsicana is to have an election to decide the matter and Cleburne is clamoring for the new way. The commission way of running cities is becoming popular and is proving the best where now in ef-

fect. There is more in the commission form than merely adopting it, but with the right men at the head, any city will grow and prosper. It's a good way and the large cities would not have it and the sooner some of the smaller ones fall in line the better it will be for them.

A RURALIST in Missouri posted his lands—the notices reading as follows:

"Notis—Trespasser will be persekuted to the full exten of 2 mean mungrel dogs wich ain't never ben overly soshibil with strangers an I dubbel barl shot gun wich ain't loaded with no sofy pillers dam if I ain't tired of this helraisin on my property."

A FEW hundred dollars spent on improving the college campus, leveling the ground, putting out trees and shrubery and laying it out in drive ways and walks, would be a great thing for Nacogdoches. A pretty school ground would not only be an ornament to the entire city but would set the splendid college building off to a much better advantage.

An Indiana editor printed the following warning: "The fellow who is so sweet on a certain married woman in this town had better leave at once and avoid serious trouble as the husband is onto him." The paper had not been out very long before every man in town except the woman's husband, the editor, three old cripples and a man who didn't take the paper had either left or were in hiding.

NACOGDOCHES is just as sure to improve next year as the magical 1909 rolls round. There are lots of folks who have their eyes on this city and may come here to live among us. The thing for Nacogdoches citizens to do is to urge them to come and come at once; the thing for Nacogdoches citizens to do is to make this city improve and do it rapidly. They can if they will.

ONE of the brightest and best edited papers that comes to our exchange table is the Enterprise, published in the capitol city of Johnson county. Bre'r Ransome wields a fascinating pen and pens the truth so forcefully. Not a day passes that something real good doesn't appear and which goes home too. Read this and think about it. It's true: The world is just what you create it in your mind. Mental attitude is very important, for it is you. A smile begets a smile, and if you contemplate pure, sweet things, the world will reflect pure, sweet things. The possibilities of man are unlimited, if he will take charge of himself, and determine that he will not be buffeted about by every wind that blows. Try just for a day to be pleasant to every one, regardless of their mental attitude, and you will be surprised at how quickly their frowns will fade and their grouches disappear. You can have a song in your heart all the time if you only will.

SOME BACK TALK.

The demonstration farm work to be done in this county next year will no doubt open the eyes of some of the people at least. The idea that Nacogdoches county is not fit to raise anything but cotton, corn, long horn cattle scrub horses and razor back hogs, has become imbedded in the minds of a few to that extent, we fear, that it can never be dislodged. Watch the demonstration work of 1900 and you'll see. Watch Nacogdoches come to the front.—Nacogdoche Sentinel.

Smith county farmers have engaged in demonstration farming, and they will hereafter make money on the farm.—Tyler Courier.

Some of the papers of Southeast Texas are apologizing because their sections did not have an exhibit at the Beaumont fair. The only apology the Sentinel offers is we "just didn't send a display," neglected it, and that's all there is to it.—Nacogdoches Sentinel.

Nacogdoches should have been more thoughtful; the displays of fruits, flowers, shrubbery, and vegetables were the finest ever shown in the state and an exhibit of Nacogdoches tobacco would have proved an excellent advertisement for that section.—Austin Statesman.

According to the United States crop report just issued, Texas retains her place as fifth in the list of corn-growing states. The 1908 corn yield is placed at 4,000,000 bushels off an acreage of 205,000, and which, valued at 50c per bushels, makes it worth \$2,000,000. Illinois, Iowa, Nebraska and Missouri rank ahead of Texas.—Nacogdoches Sentinel.

This ought not to be. Our area is almost as large as that of the four great corn states combined. Our lands, for the most part, exceed theirs in natural fertility, and our outlet for surplus grain is not inferior. They have grown rich growing corn, much of which they have sold to us. Even now they are shipping their product right through our great state into our great port and selling it abroad. They are usurping a market which is naturally ours, and seizing profits which we might just as well have.—Dallas News.

Texas is producing a very fine quality of tobacco. If a man must squirt tobacco juice all over public buildings and other peoples floors, let him endeavor to secure the home product.—Cleburne Enterprise.

Some tell us that the tobacco of Southeast Texas is as fine as the Cuban leaf, but that is no reason why a Texas man should squirt tobacco juice around to the disgust of decent people. Anyhow, the Enterprise is right in advising those who chew the weed to use the home product, stand by the home-made stuff in every line and keep Texas money at home. That's the way to make Texas grow.—Fort Worth Star.

The Enterprise is such a

believer in the home patronage theory that it is willing to let tobacco chewers defile the postoffice, the court house and sidewalks, if they will buy the product of the Texas tobacco raisers. That is a big concession, for of all the dirty, nasty habits that filthy men possess, squirting tobacco juice about public buildings and on the floors of business houses, is the most disgusting. It is strange that these men, who will spit on other people's floors never expectorate on their own carpets. The writer has no objection to a man chewing anything he pleases, provided he will spit the juice on his own floor and keep it off our office linoleum.—Cleburne Enterprise.

IN the enthusiasm that comes with Christmas, every body bubbling over with good cheer; happiness and pleasure holding full sway, it would not be amiss to forget ourselves a short while and give some attention to other people. It is not everyone that is fortunate to command money for Christmas spending and those who have it should not be so selfish as to deny all else for the simple sake of "ego." You may shower presents on your own family and on your friends but if you fail to contribute toward making others happy, who haven't anything themselves, you have acted wrongly. There will be many empty stockings on Christmas morn, unless precaution is taken. And what is Christmas in a home where there are children, with an empty stocking? It's not Christmas at all. The greatest joy in the world is caused by the little innocent, prattling boy or girl, when that eventful night of Santa Claus' visit rolls round. Next to that, the greatest joy is to the person who gives. It is never too early or too late to do good. Let some of the good ladies enter into this work and with the determination that there shall not be a single empty stocking in Nacogdoches. It's a worthy cause—it's right—it's christian.

It has been said that no office in the world is so honorable as the mother's, no priesthood so holy, no influence so sweet and strong and lasting. But mother love is not the right kind, nor of the highest trend unless it compels obedience. The idea that firmness or chastisement is unnecessary, is common and dangerous.

The children of today are naturally as bad as children were four thousand years ago. In a common way they are self-willed and inclined to evil from their cradle; greedy without a blush, and ready to lie as soon as they discover the use of language.

A good mother will not shut her eyes to these facts but accept her child as imperfect, imploring divine help to train it with never ceasing love and care for its highest duties.—Exchange.

T. M. Harris, M. Peterson and J. N. Craig of Garrison were in this morning.

THERE'S SOMETHING YET.

In our grief over the joys that have been taken from us we are too prone to overlook those that are left, and in our short-sightedness pass over and undervalue the many compensations that are ours for the accepting. I had a sweet reminder of some of mine this morning, when the little son danced up to me and asked for the money to buy a Christmas present for me, and he waited expectantly, his eyes sparkled and his face was aglow with the anticipated pleasure. "Oh," I asked rather absently, "do you reckon it's anything I want?" "Yes, yes," he said, as he clapped his hands. "You'll kiss me and pat me on the back to beat the band!" Yesterday, as a sort of duty I went around looking at the Christmas display, but it was useless. The charm was gone. A face looked out at me from everything; Christmas was but a sweet memory; the gaudy things I saw were but a caricature of the joys of other days, and for the first time in life I was struck with the vanity and emptiness of it all. But the Christmas spirit, the spirit that has dwelt in our home from one year's end to another, abides there yet, though I was about to crush it—there is still somebody to love and take by glad surprise, and there's somebody to love me and squeal with delight when he surprises "Mama."—Timpson Times.

OUR GREATEST NEED.

It is an old hobby with the Herald that the greatest need of Palestine at this time, in the making of it an up-to-date city and business center, is an increased county population, and we are firmly convinced that the town will never progress and prosper as it should until the country around it is filled with progressive and industrious people. And believing this is so, the Herald hopes that following the holidays the Board of Trade, with President Ozment in command, inaugurate a vigorous campaign looking to the locating of new people here.

The Herald knows that this county offers superior advantages to the man who is willing to work for results, and this faith in the county and soil and climate should be imparted to others. The tobacco interests here alone should challenge the attention of tobacco men everywhere, and this county should be able to locate hundreds of men who want to engage in this business. And then there are the orchards and the field crops to challenge attention. We have plenty to offer and should get busy and send the word to the outside world. We need the people and must have them. They are necessary to our growth and prosperity. If seventy or eighty per cent of our farm lands were in cultivation every year it would make a great difference in the volume of business to the credit of this good old county.—Palestine Herald.

Mrs. W. W. Perry is spending a while with her home folks.

FIXTURES HAVE ARRIVED.
Farmers and Merchants Bank Installing New Furniture—Mission Style, Antwerp Finish

The new fixtures for the Farmers and Merchants State Bank came in Thursday and are now being installed, the work probably being completed this afternoon. A force of men have been busy since the arrival of the furniture, working both day and night, arranging it. The fixtures are very pretty, latest design in bank furniture, mission style and antwerp finish. There are about 80 feet of railing, together with check desk, office railing, combinations etc.—the latter for the inside office. The fixtures were made especially for the building and when in place will add much to the interior. The rear of the building is to be divided into two rooms, one to be used as a cotton office and the other for a directors room and for the accommodation of the friends and customers of the institution. In the front, to the right will be the check desk and to the left the president's and cashier's offices. The temporary fixtures will all be removed, no other than new stuff being in the place. The officials of the bank have been the recipients of many compliments for the new bank in its new dress; the furniture not only adding greatly to the appearance but will prove of much more convenience to the officials and the friends and customers of the institution.

Guilty of Counterfeiting
Passing counterfeit money is no worse than substituting some unknown worthless remedy for Foley's Honey and Tar, the great cough and cold remedy that cures the most obstinate coughs and heals the lungs. Mast Bros. & Smith.

John Motyl shipped his household goods this morning to Lutkin and he and his wife left on the noon train and will make that place their future home.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, as it soothes inflamed membrane, heals the lungs, and expels the cold from the system. Mast Bros. & Smith.

W. B. Smith of Melrose left today for Ft. Worth to market some cattle that were shipped there.

Syrup of Figs and Elixir of Senna
Cleanses the System Effectually. Disperses Colds and Headaches due to Constipation. Acts naturally, acts truly as a Laxative.

To get its Beneficial Effects Always buy the Genuine which has the full name of the Company.
CALIFORNIA FIG SYRUP CO.
SOLD BY ALL LEADING DRUGGISTS.
The size only, regular price 50¢ per bottle.

ARRESTED LAST NIGHT.
Man Giving Name as G. H. Beal Has Big Supply of Artillery—A "Mystery Fellow."

From Friday's Daily:
Sheriff A. J. Spradley last night arrested a man for carrying concealed weapons, and placed him in the lock up, to await further developments, as it is believed by many that he is one of a gang of counterfeiters who has been working in the south for the past several months. The man, who gave his name as G. H. Beal, came into town from Center or Timpson, Wednesday at noon, coming direct to the Sentinel office where he placed an order for some cards. He gave his address as "Washington D. C.," refusing to be interviewed further than saying he traveled all of the time. It seems that he stopped at two or three different places since here, not remaining at either place for longer than two meals.

LOOKING FOR A MAN
The story he told several is that he owned a big hotel in Atlanta and had been robbed of \$9,000. He claimed to be looking for the man who did it and described him as being red-headed and cross-eyed. That story coupled with other things, caused him to be regarded with suspicion and Mr. Spradley was notified. In a short time the man was located and placed under arrest, a big, ugly six shooter being taken off him. In his possession, at the house, was also found a Winchester, a rifle and a grip with several chisels in it. When arrested he told the same hotel story but denied telling about his being a single man, as some say he did. He was carried to the court house to the sheriff's office and searched. On him was two fives and one ten dollar bill, two dollars and a quarter in silver, an emory stone, screw driver and several memoranda books.

HARDENING STEEL PROCESS
When questioned about his business he said that he had a formula for hardening steel and was selling it through the country to saw mills, machine shops etc. The chisels he claimed were samples he carried to show how the formula worked and the emory stone was to test steel. The memoranda books were gone into and one in particular showed up some interesting things in the way of money collected. It contained a list of the places visited with some amount but failed to state how obtained or who from. The man is large, more than six feet tall, very erect weighs possibly two hundred pounds and wears a brown mustache. He is fairly well dressed, with derby hat and is a very fluent talker. He made no attempt to resist the officer in any way but was slow to take up his way to the jail.

A MYSTERY MAN
Last night he failed to tell anything that would clear up the matter nor did he give any names of people any where that could be communicated with regarding him. He did state however that to wire or phone to any of the towns given in the book

would set things right, but still did not give any one's name in those towns. When visited at the jail this morning, he was as talkative as last night but gave little additional information. He retracted what he said about his Atlanta hotel and the \$9,000 theft, claiming that an officer had asked him to look out for such a man wanted for robbery—and that was his excuse for carrying the gun. He admitted too that he is married and that his wife is at Austin.

RAILROAD PASSES AND LETTERS.
He gave his initials this morning as S. T. instead of G. H., claiming that some time ago the railroads he was working for made the mistake and he has never corrected it. To Mr. Spradley, he stated that he was married in St. Charles, Mo., in 1895 to a Miss Elizabeth Gossett and that, with her mother, they had traveled together until a few months ago his mother returned home, his wife went to Austin and he has been working alone. Odd Fellows who talked to him stated that he is a member in good standing of Tidewater Lodge No. 66, Portsmouth, Va., as he vouched. This morning he also gave the Citizens Bank of Austin as a reference, claiming to have done business through that institution. Mr. Spradley believes, and do several others who have watched that a "catch has been made and the man will be held until the matter is thoroughly sifted. The prisoner also this morning produced some letters and railroad passes but they were dated 1904 and 1905, with one exception. It is expected that some developments will take place today.

G. H. BEAL RELEASED.
Pays Pistol Fine of \$121 and Takes His Leave—Wife Came In Sunday From Austin.

From Monday's Daily:
G. H. Beal, the man arrested Thursday night for "pistol toting" was released yesterday, after having swelled the county's funds to the amount of \$121. In answer to a message sent to Sheriff Matthews at Austin, Sheriff Spradley was notified that Mrs. Beal was well known there but G. H. or S. T. Beal was not. Some time later Sheriff Spradley received a telegram from the man's wife stating that she would leave Austin Saturday night for Nacogdoches, and yesterday at noon she arrived. Going directly to the court house she satisfied the charge against her husband by depositing a \$100 fine and some costs and Mr. Beal was released from jail. They two went to a boarding house where they remained till noon to-day, taking their leave southward. The man was as reticent at the last as at the first, acknowledging however, that he created an unpleasant condition by his story of hunting for a man who had stolen \$9,000 and stated that he blamed no one for his misfortune in getting himself in jail. His firearms seem to be his hobby and he claims to be an expert shot. Yesterday at the jail he showed

What Ails You?
Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach agnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from indigestion and liver trouble. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener. The "Golden Medical Discovery" is not a patent medicine or secret nostrum, but a full list of its ingredients being printed on its bottle wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mahdrake root.

The following leading medical authorities, among a host of others, state the following roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholin, M. D., of Philadelphia; Prof. J. C. Wood, M. D., of University of Pa.; Prof. E. M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. J. King, M. D., of American Dispensary; Prof. J. M. Souder, M. D., Author of Specific Medicines; Prof. J. M. Smith, M. D., of New York; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above mentioned authors and many others endorsing the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They are tiny and sugar-coated.

A MOTHER'S GRATITUDE.
Many a Mother in Nacogdoches Will Appreciate the Following:

Many a strong man and many a healthy woman has much for which to thank mother. The care taken during their childhood brought them past the danger point and made them healthy men and women. Children are generally bothered at some period with incontinence of urine, and inability to retain it is oftentimes called a habit. It is not the children's fault—the difficulty lies with the kidneys, and can be readily righted if taken in the proper way. A Nacogdoches mother shows you.

J. F. Floyd, Alderman, living in Nacogdoches, Texas, says: "My daughter, eleven years old, was troubled with a weakness of the kidneys for some time. This was a very annoying complaint and caused her considerable uneasiness. I bought Doan's Kidney Pills at Mast Bros. & Smith's drug store, and they relieved her. I give all the credit for the improvement in her health to this reliable remedy and do not hesitate to advise anyone in need of a kidney remedy to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. H. L. Rusk was in the city this morning from Cushing,

Cum Concilio Club Notes.
The club met with Mrs. R. P. Lockey Thursday afternoon at 2 with a large attendance. Roll call was responded to with quotations from Luther's Hymes. The business of the afternoon was quite voluminous. Among the items was the decision of next year's study, which resulted in the decision to study "Art" the program committee appointed by the president for the year book, is Mrs. C. W. Butt, Mrs. Wilcox, Mrs. Bay, Mrs. McKinney. The annual club reception will be held at the home of Mrs. Sam Stripling on Thursday evening, Dec. 31.

Mrs. Neil Ingraham reported seven dollars received from Prof. Estill her history teacher at Huntsville for the Stone Fort fund. The club gave a most enthusiastic vote of thanks to the City Council for their very kind act of donating the five dollars due them. After the business session was closed Mrs. John Perkins gave a most interesting reading on "Theater in Germany" and Mrs. Allan Seale gave a selection from Schiller which was much enjoyed. The hostess invited the guests into the dining room, where a most tempting salad course was served, followed by cake and ambrosia, food indeed "fit for the gods." Mrs. Lockey was assisted in serving by Miss Holt and Miss Hammock. This brought to a close an altogether delightful afternoon. The next meeting will be with Mrs. G. C. Ingraham. Cor. Sec.

More people are taking Foley's Kidney Remedy every year. It is considered to be the most effective remedy for kidney and bladder troubles that medical science can devise. Foley's Kidney Remedy corrects irregularities, builds up worn out tissues and restores lost vitality. It will make you feel well and look well. Mast Bros. & Smith. Mr. and Mrs. William Hall returned to Nacogdoches Tuesday after having spent a few days in the city. They were accompanied back to Nacogdoches by Miss Lizzie Bruce. —Garrison Gleaner.

A Personal Appeal
If we could talk to you personally about the great merit of Foley's Honey and Tar, for coughs, colds and lung trouble, you never could be induced to experiment with unknown preparations that may contain some harmful drugs. Foley's Honey and Tar costs you no more and has a record of forty years of cures. Mast Bros. & Smith and Court in Session.

The new Commissioners Court convened this morning for the purpose of acquainting themselves with county affairs and transacting such business as may come before them. A number of accounts were allowed today, and several other matters discussed. The court will probably visit the farm and good road tomorrow. Judge and Mrs. Peyton E. Edwards of El Paso, Texas are the guests of Judge and Mrs. G. F. Ingraham on North street.

Why Syrup Pepsin is Free

For more years probably than the age of the person reading this, Dr. W. B. Caldwell, of Monticello, Ill., has practiced medicine, and the one thing that forced itself on his mind was the urgent need of the human body for something that would scientifically regulate the digestive organs—the stomach, liver and bowels. These organs or study developed Dr. Caldwell's Syrup Pepsin, now recognized as the national safeguard of health in thousands of good American homes. For twenty years it has been gaining friends, for it is today, as it always has been, the best laxative tonic for women, children and all folk, for those especially need a gentle, safe laxative tonic that is sure in results and does not grip.

It is because the doctor has watched its good work for all these years and knows by the result of his remedy that he offers a free-trial bottle let his own experience to anyone who writes him. You have supply to send your name and address. On the strength of what these free-trial bottles have done, and thousands have been given away—Dr. Caldwell's Syrup Pepsin is today more widely used than any other laxative remedy for constipation, liver trouble, flatulency, indigestion, sour stomach, dyspepsia, heartburn and similar disorders of the stomach, liver and bowels. It can be obtained of any druggist at 25 cents and 50 cents, and a bottle will do you a better service than the amount of good it costs you.

Write like Mrs. M. L. Graves, 512 Oakwood ave. Toledo, O.: "I, H. H. Hamilton, Bossier, Ala. William Redd, Goodman, Miss. once sent for a free trial bottle and have—both entire family using it as medicine."

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 512 Caldwell Bldg., Monticello, Ill.
D. K. Cason left this morning for Hamburg, Tenn., where he went in answer to a telegram stating his brother, Jno. B. Cason was very low.
Notice.

Mrs. Elizabeth H. Martin

BAD FRONTAL HEADACHES

EYES BOTHERED ME

DROPPING IN MY THROAT

MRS. ELIZABETH H. MARTIN, 882 Bowen Avenue, Chicago, Ill., Chaplain Garfield Circle, writes:

"Peruna has been a blessing to our family for a good many years, as we have all used it off and on for colds and catarrh, and I have given it to all of my children with the best of results."

"I found that a cold left me with catarrh of the head in a very bad form. My head was stopped up, I had frontal headaches, my eyes bothered me, and there was a nasty dropping in my throat which nauseated me and made it impossible many times for me to eat my breakfast."

"As soon as I began to use Peruna I found it relieved me, my head soon cleared up and in a remarkably short time I was rid of catarrh."

"I can, therefore, give my personal experience with your valuable medicine, and am pleased to do so."

People who prefer solid to liquid medicines can now secure Peruna tablets, which contain the medicinal ingredients of Peruna.

THE very poorest land in Nacogdoches county will prove good for peanuts, broom corn and several other crops that are not now receiving attention.

PEOPLE don't mind paying taxes when they see results and are beneficiaries—but how they do complain when they can't realize benefits. A few street crossings would help wonderfully.

NACOGDOCHES is doing very little toward getting immigration into this county. On that one thing depends to a great extent, the future development of the country and the growth of this city. Something ought to be done.

ON this bright and balmy sunlit day; peace and prosperity reigning supremely; happiness and good cheer on every hand; people full of joy and gladness, it is fitting that the citizens of this splendid old city forget all else long enough to pay their respects to the "city fathers" and urge them to build street crossings.

THE tobacco industry of East Texas is no longer entitled to guardianship. It is established and needs but the attention of any other staple crop. The man who grows tobacco is as much assured of a market and a fair return as for any other staple product. Five hundred Nacogdoches county farmers with from one to five acres of tobacco next year will mean many dollars for those farmers.

THE fact that the roads of Nacogdoches county have cost the people at least a quarter of a million dollars during the last ten years, is enough to convert these same people to the idea of better roads.

THE report that a T. & N. O. round house and shops are to be located at Huntington ought to be investigated with the view of showing the rail road people the wisdom of making such improvements in this city.

EARLY Christmas buying seems to be the habit this year with Nacogdoches folks, and it's a most excellent one too. Purchase your holiday goods this week—or early next—and thus get the pick, avoid the rush and give the salesmen a chance for breathing.

THE idea that money spent in an effort to improve the highways, is money thrown away, may occupy a secluded corner in some peoples' heads, but that is no evidence that the idea is correct. It is pretty good evidence that there is field for education though.

No empty stockings? Let it be hoped that such will be the case, but to be sure, the churches, the lodges, the club,—some of these, or all—should take the matter up. If there is a single child in this city whose heart is not gladdened Christmas morn by Santa's visit, somebody will have failed to do a duty.

THE man who wants to give a Christmas present, one that will prove really enjoyable to his family, his friends his neighbors and one that will prove a thing of value to the entire neighborhood and be a cause for his own pride, could not possibly do better than to build a nice sidewalk in front of his home.

Policy is Paid.

D. F. Burgess, state organizer for the Columbia Woodmen, is in the city today to make a settlement in the case of Oran Hillin who lost a hand at Lingo three or four weeks ago. Mr. Hillin carried an accident policy in the above organization and today received \$350 for the loss of the hand. D. F. Burgess is a brother of T. E. Burgess of this county.

"Bootleggers" In Toils.

Sheriff A. J. Spradley run in a couple of alleged "bootleggers" yesterday and from all indications has designs on others. One of the apprehended "told things" which implicated some other parties. From accounts a "regular saloon" has been in existence though it was claimed an "agency." It is expected that something else will be doing in the "bootlegging" line.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Sold by all Druggists, 7c.
Take Hall's Family Pills for constipation.

Attorney George King is in Tyler on legal business.

BUILD GOOD ROADS.

Carrier Answers Letter and Adds a Few Don'ts—Urges People to Read More.

Editor Sentinel.

As carrier Coon of Appleby requests other carriers to write and as I have long thought that I would do such a thing, I will now try. I could never rake up courage before.

Brother Coon says he likes the work, I can't say that I do. I am doing this work for a living and not for fun. I had much rather go fishing. But as I have to do something, I am carrying R. No. 1. My patrons are not the best people on earth, they couldn't be and "put up" with me; but we get along fine, they cuss me and I cuss them, and we call ourselves even. My route 19.4 miles long. I have 99 boxes and handle about 6000 pieces of mail a month, including whisky circulars and government seed. Some read the circulars, others plant the seed, and both get fooled with the result. I have 15 miles of public road that is worked very little. Most overseers fail to do their plain duty. My settlement road is so bad that all the preachers have moved away. The patrons should fix it but they don't. One patron threw a few shovels of dirt in the "bad place," helped wonderfully, but he failed to cut the roots. The department idea is that they pay for the service and the patrons keep the road in passable condition.

Most people are through gathering crops and are making preparations for next year and are in better hopes than for years.

There is a general move among tenants.

Mr. W. B. Pearce has sold his place and bought up near Cushing. I don't think all the boys approve of the move, they say it is to far too go.

Mr. N. Q. Mayfield was confined to his bed last week with the grippe.

Ennis Partin is still very sick.

T. Rasberry has purchased the J. A. Dean place and moved to it.

A. C. Mullins with the signal corps stationed at Ft. Omaha spent a few days visiting his sister, Mrs. Woodham after which he went to visit his parents at Ozark, Ala.

Frank Cadenhead spent Sunday on R. No. 1, returned to Garrison Sunday night.

Well I will state a few don'ts, Mr. Coon didn't quite cover them.

Don't leave one or more cards in the box with a coin in the seam of the box for the carrier to "dig out" and call it fun. Perhaps if you could be out and hear what the carrier said you would be ashamed of both.

Don't put your box on the other side of the ditch. Also don't put it up on that bluff or on top of a straight post, but extend it out on arms, 18 or more inches.

Don't think the carrier knows everything. They are about the smartest set you will find though they are paid to carry the papers and not messages. Subscribe for a paper, quit borrowing your

neighbors. Papers tell you news too.

Don't forget to buy a supply of stamps and envelopes.

Don't think that the carrier can bring any kind of a package from town, he hates to refuse you. There are several things he can't handle while on duty.

Don't forget to move that log away from your box or fix that bad place. You will sleep better.

Now a couple of don'ts for the carrier.

Don't forget that you are in the public service and supposed to earn your pay. Get all the legitimate business you can, make your route pay every cent possible. Recently while in a conversation with a post master, he told me that one of his carriers had less than 60 boxes. He should have more; build up the service or get out of it and give some one a chance that will. Don't let your postmaster say you are not the man for the place.

Don't think that you are entitled to the whole country because you are a carrier, you are no bigger than any one else. Never fail to talk good road at ever opportunity. Also try to impress upon the minds of your patrons that they should read more and better papers and magazines. And now, in fear of the blue pencil and waste basket, I will close.

Chas. D. Power.

Carrier R. F. D. No. 1, Nacogdoches, Texas.

An Old Timer.

W. D. Baxter, who lives five miles out from Cushing, was in the city last evening and paid the Sentinel an appreciated call. Mr. Baxter has been a subscriber to the Sentinel since it's beginning, and of course can't do without it. He reports every thing in tip top condition in his section, crops better than for several years, lots of corn, a good supply of hogs for meat and all in all, the people prosperous. Mr. Baxter reports too, considerable land being put into cultivation and preparations being made for another crop. But the roads are no better than they have been for many years.

Frank D. Houston has opened a law office in the Perkins building, over Mast Bros. & Smith. Mr. Houston expects to make a specialty of notary work and collecting but will also practice in all of the courts.

More Harness Talk

Why should not our best four-footed friend have the best of treatment?

Think of this when you need a new set of single or double Harness. I am here to supply your needs—anything from a hame strap to a complete set of harness.

Is any part of your harness worn out? If so, let me replace it with new parts.

A new saddle would make a very suitable Xmas present.

Let us show you through our line when in town.

M. L. STROUD

The Saddle and Harness Man

Moral Surroundings.

Parents when selecting a school for their son or daughter to attend, or young men and women depending upon their own judgment, should take into careful consideration the moral surroundings in which they will be placed when attending school. Our large cities are full of saloons and their accompanying evils. The business college located in these cities cannot control their students when out of school, therefore they are left to roam the streets at will and get into all kinds of company. The Tyler Commercial College is located in the beautiful and healthy city of Tyler, Texas, a town of 10,000 inhabitants, with no saloons or the accompanying evils. Our large crowd of 1500 students are controlled with perfect ease, both while in out of school. The school is opened each morning with exercises that strengthen the moral character of every student within its walls. Lectures by prominent business men upon the necessity of truthfulness and honesty in a true business education; lectures by some of America's greatest Temperance workers; lectures by some of the greatest platform orators this country affords. Those morning exercises are made interesting and encouraging. They cause our student body to determine to be honest, to be upright, to be industrious, to be ladies and gentlemen who will make desirable citizens. A business education without the proper moral training is a failure, yet there is not

another business college in the state that spends five minutes on the moral training of its students. The moral training given by the Tyler Commercial College has been indorsed by various religious bodies, by prominent business men and presidents of railroads; it is the aim of this institution to see that every student leaves morally strengthened as well as leaving it with a practical knowledge of bookkeeping, business training, shorthand, typewriting and telegraphy.

Our references are the ministers of the various churches of this city, or any of the leading business men. Read our 168 page beautifully illustrated catalog through carefully and obtain full particulars. It costs no more to place your son or daughter in America's largest and most successful business college than it does in some small inferior institution, with all the temptations of the larger cities.

Constable Wants to Resign.

County Judge F. P. Marshall this morning received a telephone message from justice of the Peace G. W. Carter of Cushing, stating that John Shepherd, recently elected constable for that precinct, desired to resign, and wanted to know if the commissioners court was in session to accept such. He was informed that the court had adjourned, and which will likely necessitate him continuing an officer until the convening of the "county god fathers."

Miss Maggie Munsell has accepted a position with Stripling, Haselwood & Co. through the holidays.

ONLY A FEW MORE DAYS

and Christmas is here. We want to again ask you to remember us with your **Christmas order**, promising you quick and satisfactory service. We also want to again remind you to place your order early.

We wish all our friends and customers a **HAPPY CHRISTMAS** and a **PROSPEROUS NEW YEAR** and extend them our thanks for their patronage.

Doctors

say take Cod Liver Oil—they undoubtedly mean Scott's Emulsion. It would be just as sensible for them to prescribe Quinine in its crude form as to prescribe Cod Liver Oil in its natural state. In

Scott's Emulsion

the oil is emulsified and made easy to take—easy to digest and easy to be absorbed in to the body—and is the most natural and useful fatty food to feed and nourish the wasted body that is known in medicine today.

Nothing can be found to take its place. If you are run-down you should take it.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World." SCOTT & BOWNE, 409 Pearl St., New York

A Big Turkey.

Nat Sisco brought in an extra large turkey gobbler yesterday which created considerable comment. The bird weighed 85 pounds and was of the Bronze family. G. H. King purchased the turkey and afterwards sold it to the representative of the Southern Bay Flour Co. of Shreveport, who shipped it to Southern Missouri and received a reward of \$25.00 for the enormous bird.

The Correct Time.

To stop a cough or cold is soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure. Sold by Mast Bros. & Smith.

Burglary at Caro.

Sheriff A. J. Spradley was yesterday afternoon notified that a person's house had been entered at Caro and several articles taken, including a pair of gloves, cuff buttons etc. Deputy Sheriff Lambert at Caro is at work on the case.

Certainly Fair.

Of all troubles humanity is subject to none perhaps cause more acute distress and more frantic efforts for relief than many forms of itching skin troubles. We will tell you a remedy that rarely ever fails—Hunt's Cure. One box is absolutely guaranteed to cure any one case of itching troubles—no matter what the name. If it fails, your money is cheerfully refunded.

E. M. Weeks is up from his farm at Chireno looking after business matters.

Twilight For the Headsman.

Kansas City Star.

The placing of the fourth class postmasters under civil service rules is merely following out the policy of developing an advanced public service. The fact that the order made by President Roosevelt, with the knowledge and consent of Mr. Taft, indicates the determination of the incoming administration to eliminate the spoils system. Only the politicians of the old school, who have long regarded political patronage as the chief end of statesmanship, and the post office as the legitimate asset of the party organization, will "view with alarm" the executive order relative to fourth class postmasters.

Nothing could be more absurd than to expect that an administration such as the people anticipate from Mr. Taft would need or even tolerate an "official headsman" for the postoffice department. The official was once regarded in the American scheme of government as an essential, and an important factor in "shaking the policies" of national administrations. He was even looked upon as the really forceful figure in national politics—the brightest star in the political firmament to a vast army of place hunters.

But twilight has come for the official patronage dispenser. He is not to be reckoned with in the new order of things. His elimination is not the least accomplishment, by any means, that history will accredit to the splendid Roosevelt movement in American politics.

It's a Crime.

To neglect your health. The worst neglect that you can be guilty of is to allow constipation, biliousness or any liver or bowel trouble to continue. It is poisoning your entire system and may lead to a serious chronic disease. Take Ballard's Horebine and get absolutely well. The cure for any and all troubles of the stomach, liver and bowels. Sold by Mast Bros. & Smith.

District Clerk Arthur Seale has just completed a renovation of his office, causing it to be much more attractive.

Stop That Cough.

If you have a cough, cold sore throat or chest, don't delay a moment—cure it. Simmons' Cough Syrup is a sure remedy. It makes you well.

H. V. Turney and Frank Kirkland left today for Orange where they have accepted positions with the Western Lumber Co.

Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.

Made by the J. C. Ayer Co., Lowell, Mass.

Ayer's

Nearly Five Feet Around.

A waist measure of 57 inches, a thigh measure of 33 inches and a leg length of 34 inches doesn't indicate a very small fellow. Charley White, colored, tipping the beam at 340, and only six feet and a few tall, had his measure taken for a suit, it came and it fits. The coat is size 52—pants as given above. Kaplan took the measure and he says "he always fits."

Choked to Death.

Is commonly said of babies who have died of croup. How unnecessary this is. No child ever had the croup without having a cold or cough at the start. If you will stop the first symptom of the cough with Ballard's Horehound Syrup there is no danger whatever of croup. Sold by Mast Bros. & Smith.

The remains of Mrs. R. H. Wisener who died some days ago at Dumont, Okla, were received yesterday afternoon and were buried at the Union cemetery west of town. Mrs. Wisener was a sister of George Pool, Mrs. Jim McCurtion and Mrs. Will Grigsby and has many friends in the county who mourn her death.

Never Disappoints.

"Many extensively advertised remedies are failures when put to the test. Hunt's Lightning Oil is an exception. Confidence in it is never misplaced—disappointment never follows its use. It is surely the grandest emergency remedy now obtainable. For cuts, burns, sprains, aches and pains, I know no equal.—George E. Paddock, Doniphan, Mo.

Charged With Assault.

Sheriff J. W. Woods of Henderson was in the city Saturday between trains, en route from Carthage to his home. He had in custody a negro charged with assault with intent to murder, having captured him in Carthage.

Might Have Been.

When Shakespeare said: "Aye, there's the rub," we do not know for certain he was thinking of the itch. But one thing we do know—and know it twenty years worth—Hunt's Cure will absolutely infallibly and immediately cure any itching trouble that ever happened to the human cuticle. It's guaranteed.

Murph Drewry returned yesterday from Dallas, where he has been attending the State Medical College, to spend the holidays.

A Social Evening.

The first of the social evenings that have been inaugurated by the Ladies of the Baptist church with a view to cementing good fellowship in the community, and which was held in the Sunday school room of the Baptist church last Friday evening, was quite a social success, in spite of several conflicting affairs on the same date. Quite a number attended, and those who did were well repaid by the pleasant time spent, the warm welcome accorded them and the delightful music furnished by Mrs. Perry and Mr. Lindsey in a vocal duet, and Mrs. Chas. Perkins, Mrs. Perry and Miss Zirlita Matthews in vocal solo numbers, a couple of fine violin numbers having also been furnished by our young virtuosos, Miss Helena Matthews and Mr. Sam Perkins respectively. To emphasize the social feature refreshments of the best coffee, with delicious bread and butter sandwiches, were deftly and daintily served. It is pleasant to know that these ladies intend to have these social evenings throughout the season every month or two when their friends will be heartily welcomed.

Don't be Hopeless.

About yourself when you're crippled with rheumatism or stiff joints—of course you've tried lots of things and they failed. Try Ballard's Snow Liniment—it will drive away all aches, pains and stiffness and leave you as well as you ever were. Sold by Mast Bros. & Smith.

Rev. T. W. Fowler came in on noon train today from Louisiana where he has just closed a meeting. When seen by the Sentinelman Rev. Fowler said: "I never enjoyed my stay with any people more. Conversions and accessions to the church characterized every service. This he said to be one of the greatest meetings of the year."

Mrs. McRaney's Experience

Mrs. M. McRaney, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief. No human tongue can tell how I suffered and I had given up hope of ever getting well until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." Mast Bros. & Smith.

Invitation are Issued.

The following invitation has been issued: Mrs. M. L. Cronkite requests the pleasure of your presence at the marriage of her daughter Clara to Mr. Angus T. Russell on Monday evening, the twenty-third of December at half after eight o'clock Old School Presbyterian Church Nacogdoches, Texas J. W. Carrier of Cushing was here today.

S.S.S. HEALS OLD SORES

No old sore exists merely because the flesh is diseased at that particular spot; if this were true simple cleanliness and local applications would heal them. Whenever a sore or ulcer refuses to heal readily, the blood is at fault; this vital fluid is filled with impurities and poisons which are being constantly discharged into the place, feeding it with noxious matter and irritating and inflaming the nerves and tissues so the sore cannot heal.

These impurities in the blood may be the remains of some constitutional trouble, the effect of a debilitating spell of sickness, leaving disease germs in the system, or the absorption by the blood of the fermented refuse matter which the bodily channels of waste have failed to remove. Again the cause may be hereditary, the diseased blood of ancestry being handed down to posterity; but whatever the cause, the fact that the sore will not heal shows the necessity for the very best constitutional treatment. There is nothing that causes more worry and anxiety than an old sore which resists treatment.

Every symptom suggests pollution and disease—the discharge, the red, angry looking flesh, the pain and inflammation, and the discoloration of surrounding parts, all show that deep down in the blood there are morbid and dangerous forces at work, constantly creating poisons which may in the end lead to Cancer. Local applications are valuable only for their cleansing and antiseptic effects; they do not reach the blood, where the real cause is located, and can therefore have no real curative worth. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the poison-producing germs and morbid matters which are keeping the ulcer open. It removes every particle of impurity from the circulation and makes this life-stream pure, fresh and health-sustaining. Then as new, rich blood is carried to the place the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the sore or ulcer is well. S. S. S. is the greatest of all blood purifiers and finest of tonics, just what is needed in the treatment, and in addition to curing the sore will build up and strengthen every part of the system.

Special book on Sores and Ulcers and any medical advice desired furnished free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA

For Sale.

An ideal truck farm one mile from public square, half mile from North street, 25 acres land, 20 acres in cultivation, half of the 20 acres in bearing fruit trees, an unlimited quantity of water, will sell cheap and make reasonable terms to suit purchaser. dt-w2 J. F. Summers.

ABOUT OUR GOOD ROADS

Judge C. D. Mims Makes Trip for Purpose of Investigating—Attention Is all That Is Necessary.

Editor Sentinel:
As there had reached me recently much complaint as to the condition of the demonstration road, built some months since under the supervision of the Government experts Messrs. Dodge and Dowdell, I went out yesterday afternoon and made a careful inspection of the road in all places. In quite a number of places I found that not enough sand had been used by the experts, and as a result during the recent wet weather these places had become "worked up", heavily rutted and boggy by the heavy traffic which at this season of the year necessarily passed over this road. In some places on the road where not a sufficient amount of sand had been used, the clay had become so boggy and sticky and badly rutted as to render travel over it exceedingly heavy and disagreeable, it not quite impossible for heavily loaded wagons. These places should have had attention as soon as developed and more sand put upon the clay so that it would have been mixed in thoroughly with the clay by the traffic over the road while in a wet condition. This would have prevented the road from becoming so mirey and sticky, and after thoroughly settled and packed never boggy again. This can yet be done with but small labor and should be done as soon as possible. Of course, much drying out of the road had occurred at the time I inspected it. But I saw no evidences of a condition having prevailed on any part of the road that would, in my opinion, justify the belief that the road is a failure. With the expenditure of only a small amount of money and labor in putting more sand on where needed as shown by conditions following this wet weather. With an occasional retouching of the road generally and the road will be a splendid success. Of course, this road, as a whole will not for the next few months, be altogether lovely to travel over, but it will be after the rainy season of this winter has passed.

The fact that during the time I was County Judge of the county I took a special and deep interest in road building in the county which interest has not in the least ceased by my retirement from that office, as well as the general interest I have in the upbuilding of the county, is my apology for this article.

Respectfully,
C. D. Mims.

THERE is a faint suspicion that a man to look over the "proposed post office sites" is in the city—and has been for a couple of days. Let's see; a federal building, a new court house, street crossings, a city hall, sidewalks, a tobacco warehouse—1909. That's going some.

Mrs. C. Evans of Lanana was the guest last week of J. R. McKinney.

F. B. SUBLETT, Cashier.

we take great pleasure in calling your attention to the substantial condition of this bank as shown by the above statement made to the government at the close of business November 27, 1908. Get in line with our customers and deposit your savings where they will always be unquestionably safe.

CHAS. HOYA, D. K. CASON, W. U. PERKINS, S. B. HAYTER, L. STURDEVANT, F. B. SUBLETT, S. H. WATKINS, Directors.

The Bazaar of the ladies of Christ Church Guild last Friday was quite a success, netting them as it did a neat little sum for their exchequer, and affording the public the opportunity of laying in a supply of pretty things for Christmas presents at the fancy work booth, which was in charge of Mrs. E. C. Ford, and indulging in excellent home made candy and delicious cake, which booths were in charge of Mrs. E. A. Blount and Pratt Matthews respectively, while the lunch booth was in the capable hands of Mrs. Geo. H. Matthews and the fish pond presided over by Mrs. I. A. Foye. The ladies of the Guild are very grateful to the public for their kindly patronage.

Miss Essie Bice, daughter of Hon. J. J. Bice of Oxford, La. is visiting Miss Clare, daughter of Rev. T. W. Fowler of this city.

Mr. and Mrs. C. M. Parrish have recently purchased the Perry home on Mound street, which is being thoroughly renovated and put into excellent shape, and into which they will move as soon as completed.

The informal hop at the rooms of the Elks Club Saturday night was very much enjoyed by the dancing element of the club and their lady friends and was chaperoned by Mrs. J. R. McKinney.

Buy your Christmas goods of us and we will both make money...

**Stripling, Haselwood & Co
Holiday People**

Any amount from a quart up, good Christmas whiskeys. See Chancey's price list, this paper.

W. H. Wheeler of Aikin, San Augustine county was here today buying Christmas goods.

A gallon of Old Forrester for Christmas will go mighty fine. Chancey at Lufkin, Texas, has it.

Miss Alice Harrington came home from Dallas yesterday where she has been attending school to spend the holidays at home.

Mumm's, the whiskey that is good. Chancey at Lufkin, Texas, has it. See price list.

John Deere Stalk cutters. Best by test. That's all. Cason Monk & Co.

Eugene Dotson has returned from Mart where he has been attending school.

Mumm's, the whiskey that is good. Chancey at Lufkin, Texas, has it. See price list.

Miss Ella Perkins returned to her home in Rusk yesterday after a pleasant visit to friends and relatives here.

The Columbian Woodmen.

I am a member of the House Hoid No. 19, Texas and had the misfortune to lose my right arm; having a covenant in the Columbian Woodmen for \$1000, worth at the time of the accident \$700, today I received full settlement from the order through the state organizer, Worthy D. F. Burgess. To anyone that wants or needs good, safe protection, I urge you to join the Columbian Woodmen. It is cheap and settles all claims promptly. I am well satisfied with the settlement of \$850.00, half the value of my covenant. You won't have to wait in time of need or when misfortune comes, if a member of the Columbian Woodmen. There is also an old age benefit that pays the same as at death or total disability. Partial disability pays one half of covenant, also \$200 for broken arm or leg; \$100 is paid by wire to bury. I deem it the best order before the American People; as Judge Tysen of the Supreme Bench of Alabama, said that he felt sure that no order can compare actual facts and actual results with the Columbian Woodmen. Orin Hillin, Beneficiary.

Mumm's, the whiskey that is good. Chancey at Lufkin, Texas, has it. See price list.

Don't put off your Christmas shopping 'till the last hour. Do it early, today, tomorrow, or this week at the latest.

Claude Linthicum Hurt.

Claude Linthicum happened to a very painful accident just before noon today and one that is likely to cause him to remain indoors for several days, if not even more serious than that. He had driven a steer in the lot and alighted from his horse, when the latter ran into a stall, breaking the rope; one end of which was on the horn of the saddle, the other on the steers horns. The horse came out and Mr. Linthicum threw an end of the broken rope across the saddle and it caught, throwing him violently against a post. His face was bruised and his arm and shoulder painfully hurt, but it is thought no bones are broken. Physicians were summoned and examined the hurt. He is reported resting very well, but has no use of his arm.

Marked For Death.

"Three years ago I was marked for death. A graveyard cough was tearing my lungs to pieces. Doctors failed to help me, and hope had fled, when my husband got Dr. King's New Discovery," says Mrs. A. C. Williams, of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 58 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at our drug store: 50c and \$1.00. Trial bottle free. Stripling, Haselwood & Co. w

Holiday Gift Goods
