Mt. Moriah Dots.

Well as the Sentinel man says he has a good crop of correspondents in the county. I will try to let Lazy Kid and the other boys know that Sleepy Boy does not sleep all the time for he likes the company of his lady friends too well.

Mr. Farmer says that the recent frosty mornings is causing corn to die and they think some will have to plant over.

Floyd Fears and Miss Word of Appleby attended singing here Sunday.

Mr. E. D. Tillery is putting up the wire on the phone line to Appleby and it will only be a few days until we will be connected with the little city of Appleby. We also hear that there will be a switch board and local telephone system installed at Appleby and when they come forward a few more steps they will want the county seat moved there.

Rev. J. C. Judd preached here Saturday and Sunday.

Willie Murphey of Garie is hauling logs here now.

Mr. Williams is making frequent visits to Mr. Lamberts and we believe he is liking some one besides the man of the house.

Mrs. J. C. Judd returned from an extended visit to Tyler and reports a fine trip.

T. B. Mills is reported on the sick list.

Mrs. Fannie Herrington visited the city shopping last week and judging from the

loaded wagon she must have made a draw on her hubby, or found all the clerks asleep.

In a private letter received from Mills county reports no rain there since September, and prospects for a crop this year are gloomy.

Mr. Roy Morris of Appleby secretary of the Old River Lumber company, came down Saturday and paid all mill hands and scattered money among the farmers and every body is wearing a smile.

Miss Lillian Melton of Mayo is visiting her aunt, Mrs. Laura Melton.

Sleepy Boy.

A High Noon Wedding.

Prof. J. T. Usry, of Dallas, and Miss Elizabeth Perkins, of this city, were married today at high noon, at the home of her mother on North street, the couple leaving on 1 o'clock train for Shreveport thence to New Orleans for a bridal tour. Prof. Usry is well known here, having been Principal of the Nacogdoches High School for several years, and is considered one of the foremost educators in the state, though he is now in the real estate line having one of the most successful businesses in the north Texas city. The bride is the daughter of Mrs. H. Perkin, and is one of the most popular young ladies of this city and section, the Perkins family being one of the oldest and most prominent in this part of Texas. Mr. and Mrs. Usry will be at home on their return from New Orleans, at Dallas.

Drug Talks Worth Heeding

There is no economy in cheap drugs. In fact they are dearest in the end and the end is very uncertain, too.

Ours is not a bargain Drug Store. We sell the best it is possible to obtain and charge a fair price for it.

Phone us your wants, No. 20.

WEEKS & RATCLIFF

A DISTINGUISHED VISITOR.

Prof. Herbert Eugene Bolton, of the University of Texas, was here yesterday from Austin. He is making a tour of East Texas in the interest of the State University, and at the same time is investigating the geography of the very earliest settlements, from a historical point of view. The earliest records and history of Texas, are his hobbies. He has written extensively along these lines and has voluminous data from which to continue his researches and work. He is perfectly at ease with the Spanish language and has spent much time in the city of Mexico, where he brought to light valuable literary material that was stored away among the old archives of that great city. Prof. Bolton's information about Nacogdoches and its mysterious, and fascinating, history, such as placing the dates and locations, is interesting. When, where and how did the name Texas, start; when and by whom

DISTRICT COURT AFFAIRS.

The Nacogdoches Bar this morning elected G. H. Matthews special judge to finish up the business of this term's District Court. Judge James I. Perkins returning yesterday to his home in Rusk. The business to be attended to is very little however, and really embraces but a few divorce suits that were brought forward to this time because of not being ready for trial when called the first week. The five weeks of court have been busy ones, even including the first, though the disposition for that period consisted mostly of continuances and dismissals. As far as criminal cases are concerned, the docket is clear with one exception, that exception being the Will and Lem Dove murder charge, which was carried to next term. This was necessary on account of the other two murder cases

Big Sample Line Of Men's Hats

At About Half Their Regular Value

Laces and Embroideries for less than you ever bought them.

S. Kaplan & Bro.

was the old Stone Fort built; what was the origin of the Angelina, Attoyac, Pilar, etc. are among the points he has traced out. And all of which places Nacogdoches at the most important position in these lines. The gentleman came here overland from Crockett, where he had been investigating, and after spending a day in this city, left for San Augustine on a similar errand. He will return here in a few days for the purpose of looking up some records.

Lost.

Brooch with diamond in center and six diamonds around the center. Liberal reward will be paid the finder. Return to Sentinel or Miss Jonnie Harrel. Telephone office.

Jim Cox has let the contract for a nice cottage to be erected on South Fredonia street, and material has already been hauled to the lot for the building.

consuming all the time allotted to that part of the docket. It is stated that this condition of the docket is the best for a number of years. The civil end of the court has played a conspicuous part too, and for the first time in history two or three \$20,000 personal damage suits have gone to trial. Walter Bybee has confessed, admitting that he is the fellow who appropriated a horse from a citizen here, more than ten years ago. He was very brazen throughout his trial, and stoutly maintained that he was the wrong man, not the Bybee wanted. An examination revealed several scars that Bybee is known to carry, so based on these and the fact that some identified him as the right man, the officers contended this latter too. Saturday afternoon he changed front and admitted to the court that he rode the horse away, and knows now

You Make a Great Mistake

Virginia-Carolina Fertilizer

It is not too late yet to use some on your late cotton. In fact every acre of cotton yet to be planted should be fertilized, thus making a largely increased yield and causing crop to mature early.

Hundreds of good farmers will tell you that it pays to use Virginia-Carolina Fertilizer. They have tried it and know.

Your corn crop yield can be doubled by use of fertilizer just as the stalk bunches for tassel. This is when the stalk needs support to form a good heavy ear.

Try a few acres this way and be convinced. We know that it is for your good.

Place your orders now as our stock is already low.

Cason, Monk & Co.
Sole Agents for Virginia Carolina Fertilizer

where the horse is, and will tell if a certain condition is complied with. That is a small amount of money he wants and claims is due him for work ten or twelve years ago. Mr. Spradley stated that he would give Bybee the \$1.90 and hear his story, whether it proved correct or not. The prisoner has accepted his sentence of four years in the pen as assessed him by the jury.

Wanted—Low priced land from owners only. I advertise extensively, and have many buyers for large or small tracts. Do not ask exclusive right to sell. Send postal for Listing Blank. Retereence, Austin National Band. J. J. Snyder, Austin, Texas.

Ex-County Commissioner, Steve Satterwhite, of Cushing was down on business today.

Little Scrap Takes Place.

A complaint was filed by County Attorney A. T. Russell, this morning, against Peyton Muckleroy, for assault; the fracas alleged having occurred last night. The cause is not exactly placed, but a misunderstanding between Muckleroy and a roomer, an abstractor from Houston, is said to have been some time previous to the fight. The Houston party received an ugly gash across the forehead, at the hands of the other man, with a big stick, and which necessitated the service of a physician. Constable G. W. Stone was at the picture show at the time the disturbance took place, and made a hasty trip to the house, taking charge of the injured man. The wound is not serious, but last night bled profusely before being dressed.

MR. HASKIN'S ERROR.

Frederick J. Haskin, the well known writer, contributed a lengthy article to the state dailies Thursday, on tobacco raising. The piece in question is a most interesting and excellent one, and ought to be read by all connected with the industry in this county. But slight mention is made however of the industry in Texas, and while we infer that Mr. Haskin gets his information by reading, in lots of instances, we can't but anticipate a more complete treatise on the subject, and in which Texas, and especially East Texas, will be given a very conspicuous position. The tobacco crop in this redlands country will be a factor in that immense line of commerce one of these days, and it is just and mete that it receive proper attention at the hands of men who write. That "a prophet is without honor save in his own country," may be true with reference to tobacco growing in East Texas, but the day is not far distant when we folks at home will fully realize the wonderful import of the industry. In the meantime the gentleman way down East, and around the world for that, should be constantly reminded that East Texas tobacco is unexcelled.

EVERY big thing is only a number of little things brought together. Therefore it behooves us to do the little things well, and the big things will take care of themselves.

THERE are no knockers, we venture, in Nacogdoches. If such things ever existed, their presence is now a past tense. Everybody boosts for Nacogdoches,—the choicest place in all these choice lands.

NACOGDOCHES expects every citizen of this city and county to bring a well filled basket to the Aqua Vitae Park celebration. Help take care of the crowds that are coming to visit the choicest place under the sun.

NACOGDOCHES as a health and pleasure resort, is rather a matter of concern to every man, woman and child in this city and section. With the proper co-operation and push work, there is but one alternative,—and that is: the best advertised and most progressive country in the Southwest. Are you in?

THE many pretty yards in the city of Nacogdoches are a source of much genuine pleasure. There is nothing that will add to the beauty of a home; to the attractiveness of a place; or that will catch the eye of a visitor, as much as a nice, well kept yard with flowers and vines and shrubbery. The ladies of this city need no reminder of these things though, and they have been doing a deal of work of late. As a result, the city will bloom and in addition to being a delight to our home folks, will impress the people who come here, as an ideal home locality.

AN UNUSUAL OPPORTUNITY

APPROPRIATION MADE RECENTLY BY LEGISLATURE FOR TOBACCO INDUSTRY OPENS CHANNELS FOR RENEWED ENERGIES—NACOGDOCHES MIGHT SECURE BRANCH OF THE A. AND M. COLLEGE.

Nacogdoches County has been the recipient of a splendid cognizance at the hands of the Texas Legislature. The passing of the bill appropriating \$2,000 for two years for the purpose of co-operating with the Federal Government in its schooling along the line of tobacco growing, marks a distinct epoch in the history of this county and section and opens up an avenue for renewed energies on the part of our people and especially the men who have interested themselves in raising tobacco. It means that an interest, never before manifest, will take hold and urge the farmers of the famous redlands countries to expend unusual efforts. It means additional push and progress with the "man with the hoe" and he who earns his livelihood by the "sweat of his brow." The tobacco grower will be the direct beneficiary of the appropriation. The man who contemplates growing the valuable weed next year, or any time thereafter, if he but take notice, will profit as does the fellow who already reaps dollars from tobacco raising. It will, no doubt, mean the relocation of the Federal headquarters in this county, and if it does, Nacogdoches county citizens must not sleep on their rights as they have in the past. Representative Homer A. Dotson, to whom the people of this county extend thanks for getting the much desired money, claims a record for short time in the passage of the measure. Only 23 hours were consumed from the time the little \$2,000 runner was started, until Governor Tom Campbell put the finishing touches by his signature. Concerning this the Austin Statesman said: The governor yesterday afternoon signed the bill by Representative Dotson of Nacogdoches county to provide for the maintenance of an agricultural experimental station for the experimental culture of tobacco, to be located in the Seventeenth representative district. Representative Dotson is proud of the record he has made in the passage of this bill which means so much to his county. He called up the bill and secured its consideration and passage in the house and Senator Kellie had it taken up the senate yesterday and had it passed and enrolled, taken to the executive department and approved all within the short space of twenty-three hours. This beats the record for swift legislation for the regular and special session of the legislature. Not even the general appropriation bills for mileage and per diem had such swift time in being enacted into a law and approved by the governor. The passage of this mea-

sure, according to Representative Dotson, is of vital importance to the people of Nacogdoches county and opens a new era in the development of the culture of tobacco in that county, it having already been demonstrated that as fine tobacco as can be grown anywhere in the country can be produced there. The Federal government decided, should the state lend its assistance to also make an appropriation to push the work along. The Nacogdoches County Tobacco Growers Association was the cause of the passage, or at least it was at this organizations, request that the measure was introduced. George T. McNess, secretary and treasurer of the body, was active from the very beginning and is just as live today

the meeting with the result that I was instructed to draw up a petition to be presented to the Representative at Austin, asking the state to furnish \$2,000 for two years for co-operation with the Bureau of Plant Industry in Nacogdoches county. The understanding gathered from Mr. Hinson's remarks being that the Bureau would furnish the expert and pay his salary if the state would meet all other expenses.

The bill for this money was passed in both houses and signed by the Governor last Saturday. The money is for immediate use and is placed in the hands of the A. and M. College to co-operate with your Bureau.

A copy of the bill I enclose for your information. It is the wish of the Tobacco Growers Association that you allow Mr. Olsen to make headquarters in Nacogdoches county and carry out the lines of work that may be agreeable to your Bureau, the A. and M. College and the Association. Such lines of work to be determined at a meeting of the representatives of all

conducted the tobacco investigations for the Federal Department here and is especially fitted for this work.

It is an understanding that the Federal Department is to pay the salary of the expert and the state money is for the running expenses, (\$2,000, for two years).

There are about two hundred fifty acres of tobacco being grown in the county this year, and two tobacco packing houses will be in operation this fall, besides a cigar factory for manufacturing cigars from Nacogdoches grown tobacco.

The officers of the Nacogdoches Association would like to confer with you regarding the line of work to be carried out, and extend to you an invitation to Nacogdoches so the ground can be gone over together with the Federal expert. I have written Dr. Gal- loway of the Bureau of Plant Industry at Washington as to the passing of the bill and hope he will take with you immediate action.

Yours Truly,
Geo. T. McNess.

The bill authorizing the establishment of branch A. and M. Colleges passed, according to the well laid plans of men and men. The locations for four of these schools were designated, but the number of schools to be established is left entirely with the Board, composed of the Governor, Lieutenant Governor and Secretary of Agriculture. That means that there is a possibility of East Texas getting one, if the people of this section will only band to-

gether and go after the matter as intensely as it a future depended upon the result. As to why a branch should be located in this part of the big state,—well there are too many to enumerate. The advantages to be derived from the location are as many as the reasons above referred to. The thing for Nacogdoches,—not city alone, but the entire county,—is to "band bravely in a bunch" and seek the A. and M. sub school, and do it now.

Little Mill Completed.

News comes from Hayward that the little mill was completed Saturday afternoon, and began operations this morning. Timbers are already on the ground to be sawed for the big mill, and as soon as sufficient material is ready, workmen will begin on its erection. Messrs. Lee Hayward and Ike Futeh returned Saturday from an inspection tour to a number of sawmills for the purpose of investigation the various types of machinery, before placing an order for their mill here.

FREE BOOK

This 90-page book is Dr. Terrill's latest and best treatise on the Syphilis and Pelvic Diseases peculiar to the Male Sex, and it should be in the hands of every man—young or old—in America. This book describes in a brief, simple way Dr. Terrill's original and exclusive methods of treating Syphilis, Venereal, Specific Blood Poison, Nervous Debility, Sexual Weakness, Seminal Emissions, Gonorrheal Discharge or Development, Prostatitis, Piles, Catarrh, Epilepsy, and all Chronic Diseases of the Stomach, Bladder and Prostate Gland. This book will be sent absolutely free to any address, postpaid, in a plain sealed envelope if you mention this paper. All correspondence confidential. Consultation and a 10-A-Day examination is free. Address: TERRILL MEDICAL INSTITUTE, Inc. 285 MAIN STREET DALLAS, TEXAS

The Implement Man

as formerly. If there is any difference, he is more so now than ever, for the fact is well realized that the expenditure of the appropriation is the most important feature. In his good work of endeavoring to have the headquarters located here, Mr. McNess has written two letters as follows. Dr. B. T. Galloway, Bureau of Plant Industry Washington, D. C. Dear Sir:—During Mr. Hinson's recent official visit to Texas, I understood from him that unless the state of Texas co-operated with the Bureau in the tobacco investigations now being conducted in Nacogdoches county that after this seasons work was finished, further help from the Bureau would be stopped. This industry was a surprise to me as the industry still needs the support of the Bureau. At the monthly meeting of the Nacogdoches Tobacco Growers Association, I, as secretary of the organization brought this matter before

parties interested. There are two hundred and fifty acres of tobacco in cultivation in Nacogdoches county this year and two packing houses will be in operation this fall. Yours Truly,
Geo. T. McNess. R. T. Milner, A. and M. College, College Station, Texas. Sir:—At the monthly meeting of the Nacogdoches Tobacco Growers Association a petition was drawn up and sent to Austin, requesting the state to furnish a sum of money for co-operation tobacco work with the Federal Department of Agriculture in Nacogdoches county. Representative Dotson secured the passage of the bill and the Governor signed it last Saturday, placing the use of the money in your hands. The Nacogdoches Tobacco Growers Association has requested the Federal Department to transfer Mr. Otto Olson from Palestine, Anderson county, to this place, as during the past two years he

Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J. — "It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman — and this valuable medicine shall always have my praise." — Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa. — "I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold." — Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice — it is free and always helpful.

LYDIA E. PINKHAM

Bill Minstead plead guilty this morning in the county court, to carrying a pistol and was assessed a \$100 fine and the trimmings.

Best Treatment for Colds

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by Stripling, Haselwood & Co. w

Contractor H. C. Hatchel has just completed the wood work on remodeling the sanitarium. Two new operating rooms, electric call bells and steam heat have been added to make the sanitarium up to date in every particular. The Sentinel will give a complete write up later.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach and expose the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat Make the Stomach Sweet. Bottles only. Regular size, 51¢, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. C. DAWLEY & CO., Chicago, Ill.

Mt. Moriah News.

The much needed rain has come at last. The trees have put forth their richest beds and old mother earth has put on her coat of green which makes everything in nature smile.

Rev. R. W. Floyd filled his regular appointment at Concord Sunday.

Miss Santie and Aslee Strahan of Shady Grove attended church at Concord Sunday.

Mrs. L. W. Dennis and little daughter, Ida May visited relatives and friends at Garrison last week.

Ira Fulmer and Leonard Chalker went down on the river fishing Saturday and also attended singing Martinsville Sunday.

Mr. and Mrs. Harvey Strahan visited relatives in San Augustine Saturday and Sunday.

Mr. and Mrs. Mike Manning went to town Friday shopping.

Mr. and Mrs. D. W. Stripling are the proud parents of a new daughter at their home. Milton Stripling is on the sick list but is better at this writing.

Tom and Hulon Briley are attending school at Nacogdoches. Incognito.

'GOODS ARE MOVED AWAY.

N. L. Marwisky, who purchased the Simon Mintz stock of general merchandise, yesterday shipped the goods to Henderson to consolidate with his stock there, and last night he returned home. When seen yesterday afternoon by a Sentinel reporter, Mr. Marwisky stated that his first intention was to let the newly purchased merchandise remain here, and sell it out, but he later decided to remove it to his home town, and put it on the market in conjunction with his other stock. In the disposition of the stock, Nacogdoches loses one of her most up-to-date merchants, a man who had a large list of customers and who was progressive in every way and a firm believer in printers' ink. Simon Mintz has been a citizen of Nacogdoches for nineteen years, coming here direct from across the waters in the year 1890. For three years he worked for a salary, and then engaged in business for himself, at the Stone Fort corner. For four years he was in the confectionery business, building up a splendid trade and forming round him a circle of warm personal and business friends. In April 1901 he entered the list of general merchandise men, in the building on Main street, where he continued until the sale a few days ago. Beginning in a very small way twelve years ago, he has gained prestige and trade, month by month, having a large stock and a big patronage as a result. To a Sentinel reporter Mr. Mintz stated that he felt very kindly toward his many customers and assured them, one and all, that their valuable trade and unstinted patronage was highly appreciated. In disposing of his stock, he is in a position to again enter the field, with a brand new, strictly up-to-date, store of goods, and which he will likely do in the near future. For the present he will enjoy a rest, but later will be apt to acquiesce to the wishes of his many friends, and get right back into the mercantile harness in his home city, Nacogdoches.

For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by Stripling, Haselwood & Co. w

WILLIAMS GETS LIFE SENTENCE.

After being out four hours, the jury in the case of Chestnut Williams, charged with the murder of his wife in this city last November, brought in a verdict assessing his punishment at a term in the state penitentiary for the remainder of his natural life. When the accused was informed of the verdict, no noticeable change was made, the negro accepting the news with a slight motion of the head, but otherwise seemingly unmoved. That he will accept the sentence was made known by him this morning, though he was informed by the attorneys appointed to look after the case, that if he desired, they would appeal his case. He dissented and signified the intention of accepting the life imprisonment sentence, given him by the jury. It is expected that Judge Perkins will formally pronounce the sentence tomorrow, and the negro will begin at once on his term.

Letter to T. Hardeman, Nacogdoches, Texas.

Dear Sir: "Three quarter paint" is a good phrase for the best outside of Devoe.

Devoe is the standard; mark it too.

The next best — there are several not far apart — are three-quarter paints; you may mark them to Devoe's too.

The bulk of the paints in market are 40 or 50 or 60; a few are better than 60; a few are worse than 40.

How do they act? They cover from one to three-quarters as much as Devoe; and they last from one to three quarters as long as Devoe.

What are they worth? The same rule don't hold; it costs more to put on some paints than they are worth; they are not worth anything; the "put-on" costs two or three times as much as the paint.

Yours truly, F. W. Devoe & Co. P. S. Mast Bros. & Smith sell our paint. 24

Fred Harliker has traded his place on Cox avenue to Dr. C. C. Pierce for a tract of land about two and one half miles west from the city, and joining the former's farm. Mr. and Mrs. Harliker will move to their newly acquired place tomorrow.

Object to Strong Medicine.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by Stripling, Haselwood & Co. w

Claude Barrett who has been working as shipping clerk for the V. S. & P. railroad in Shreveport, has resigned his position and is in the city with the view of locating.

Better Not Take Whiskey.

The next time you have a sudden chill — you are any of the folks at home — don't bother with whiskey or waste time. Take quickly a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. Its good record of 70 years proves reliability. At your druggist's. The new size is 35c. or 50c. (larger) bottle. You ought to have it on hand.

FIRST SHIPMENT OF SEASON.

The initial shipment of East Texas tobacco is to be made this week, and will go to a New York cigar manufacturer. The product is this season's crop, of the shade variety, the very choicest quality and for which the extra tempting price of more than one dollar per pound is to be paid. The names of the seller and purchaser are not made public but suffice to say the fortunate party is one of the largest tobacco growers in this state. The deal was made through George T. McNess of this city, and who is not only acquainted with all the men at this end of the line, but the buyers in New York and other northern and Eastern points. The sale is an unusually good one, considering the fact that it is the first, and is to go to such an important center as New York. The exact amount involved in the trade is \$2,664. The belief is readily expressed in connection with this transaction, that East Texas tobacco will in time, find a great demand in the East and the only bad feature will be supplying it.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by Stripling, Haselwood & Co. w

Murph Drewry came in from Dallas yesterday where he has been attending the State Dental College, to spend the summer months at home.

DeWitt's Little Early Risers, the best known pills and the best pills made, are easy to take and act gently and are certain. We sell and recommend them. Mast Bros. & Smith. dw

Confederate Headquarters.

The Daughters of the Confederacy of this city are arranging to take quite a prominent part in the celebration here the 27 of this month. A large tent will be erected at the Aqua Vitae Park, seats will be procured, etc., and headquarters established for the old confederate soldiers. A large flag has been ordered by Mr. Lindsey for that occasion, and which will add much to the Confederate feature of the big picnic. Mrs. P. C. Meador, as president of the U. D. C. Camp requests that all veterans who have not the crosses of honor already, to come that day prepared to fill out the required blanks etc. so that these crosses can be secured for them as soon as possible. Every convenience and comfort possible will be on hand for the pleasure of the old confederate soldiers, and they are all extended a special invitation to come to Nacogdoches April 27 and participate in the festivities of the day.

Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails; it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."

SCOTT & BOWNE, 409 Pearl St., New York

WOMAN GIVEN TWO YEARS.

Laura Dechard, the negro woman charged with the murder of her husband, has been found guilty and her punishment assessed at two years in the penitentiary. Wednesday afternoon it was reported that the jury was tied and it was feared hopelessly so, but late that night the twelve men reached an agreement and gave the negro woman the minimum punishment. This is an old case, having been continued from last term. Whether a new trial will be asked for or not, is not known.

The murder cases of Lem and Will Dove has been continued until the next term of court. This is the only capital case that is now on the docket, all the rest of them having been disposed of in some way. The Grand Jury has been in session all the week, but up to noon had made no report.

Our 6 Hole Steel Ranges with warming closet an Reservoir at \$32.45 is the best range on earth for the money. Call and see them. Cason Monk & Co.

E. Hogan and wife of Mahl, were in the city Saturday and while here paid the Sentinel office an appreciated visit.

It is reported that the pool hall on Church street has been closed by the Mayor levying on the tables for taxes.

Bilious People Try It Free

Do not ignore the "little disorders" of the system. The liver, for example, is a particularly needful little organ, but must be active to be of any use. When it is active it creates gastric juices that help to make digestion perfect, and then you are well. When it is not active it becomes what is known as "torpid," and promptly produces biliousness.

There is no better cure for biliousness or any of the symptoms of liver trouble than Dr. Caldwell's Syrup Pepsin, the wonderful laxative tonic of which so much praise is heard. It is pleasant to take (unlike pills and powders and such things) and acts very gently, moving the bowels without griping, toning the stomach and arousing the liver to activity, thus scientifically curing such conditions as biliousness, torpid liver, foul breath, sallow or sallow complexion, sick headache, constipation, loss of appetite, indigestion, stomach nervousness, etc., all of which are due to a slow liver.

Mike Clark, of Harrison, Ky., suffered for five years from biliousness and cured himself with Dr. Caldwell's Syrup Pepsin. Now he has a healthy, strong, and happy life. It is the best medicine in the world for his biliousness. You can buy a 50-cent or \$1 bottle of any druggist for they all sell it. You can buy it with the understanding that if it fails to cure you the money will be refunded. This remedy is guaranteed. However, if you would rather try it without expense before buying, send your name to the doctor and a free sample bottle will be sent to your home. Use it and if you find the remedy helps you, buy a regular bottle of your druggist. We will meet on the verdict of what this sample does.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 512 Caldwell Bldg., Monticello, Ill.

Weekly Sentinel

Office of Publication—Church and Main Streets
Opposite Opera House.
PUBLISHED EVERY THURSDAY.
RATES OF SUBSCRIPTION:
Daily, per year, \$4.00 Weekly, per year \$1.00
Daily, per month .35 Weekly, six mo. .75

Subscribers of the Sentinel wishing a change of address are urged to give the old as well as the new address. This is important!

WITH the proper co-operation at the hands of the citizens of Nacogdoches, a few years will find this site the home of several thousand more people. Put on your boost clothes and push hard on the wheel.

WITH wheat still soaring, potatoes, too costly to put in the ground, bacon being shipped from Kansas, and the Texas Legislature still in session, the life of the average Texan is coming to an all-fired strenuous point. Have you raked your yards?

THE county fair proposition is no nightmare. It's a cold, naked need that is becoming more and more in the limelight and will be a reality one of these days,—and before some folks get their hammers put away. Friday and Saturday are clean-up days.

SOME Pennsylvania editor is telling the story now, that a hen in his section laid 19 eggs in one day—union hours. That's not near so bad, though, as the Texas editor who laid a wood mallet on a make up stone, and made pi out of seven columns of a high-falutin' wedding account.

EVERYBODY is coming to Nacogdoches next Tuesday, April 27, and for the sole and single purpose of investigating the wonderful waters and having the best time possible. The folks of this city are going to do their part and the fellow or fellowess who doesn't enjoy the day, will be the whole and entire blame.

AN exchange says that a Michigan paper recently published an item as follows: "The business man of this town who is in the habit of hugging his typewriter, had better quit or we will publish his name. The next day 37 business men called at the office, paid up their subscriptions and left 37 columns of advertising, and told the editor to pay no attention to foolish stories."

TEXAS people continue to pay the lawmakers at Austin at the rate of about \$1,200 per day, for the charming way in which said solons do entertain. The Sentinel's proposal of a "perpetual" term seems to have been realized, but the salaries haven't been raised as yet. Five dollars per day is four dollars and fifty cents more than lots of the fellows could earn at home though.

VOL. 1 No. 1, of the Evening Herald made its appearance Monday afternoon, from the office of the Redland Herald. Charles Shless, proprietor and editor of the Lufkin Daily News, is founder, with whom is associated Henry Harris, editor and proprietor of the Redland Weekly Herald. Carl F. Drake, formerly editor of the Jacksonville Reformer, and more recently with the News at Lufkin, is the managing editor of the new paper.

THE COMMITTEE MEETING.

Quite a spirited gathering took place last night, the occasion being a meeting of the committees who have in charge the entertainment and other features of the Aqua Vitae celebration, Tuesday, April 27. While the attendance was not as large as possibly should have been, the interest of those on hand made up well the deficiency. The celebration was thoroughly discussed from every conceivable standpoint almost, and all were enthusiastic in the event, which will be the most important that has taken place in this city for many years. Several sub-committees were appointed, and which have already begun their duties, with the hopes of making their end of the affair the greatest success. Messrs. E. A. Blount, I. L. Stardevant and T. H. Nees were named as a finance committee, for the purpose of not only soliciting funds but also looking after the expenditure of such. It will require some money to make the proper success of the occasion, some of which will have to go for prizes, some to expenses of various features and some for advertising purposes. Just how much funds will be necessary can not yet be stated, but no doubt several hundred dollars. Captain I. L. Stardevant was also appointed as a committee of one to look after the street sprinkling matter, that is have all the streets in the business part of the city sprinkled, as well as the main thoroughfare leading to the Park. This will be done the night before the celebration. The committee on comfort is composed of Roland Jones, T. J. Smith and J. R. McKinney. The duties of these gentlemen will be to make arrangements for taking care of all visitors in reference to places to sleep. It will be a comparatively easy matter for people to get plenty to eat at hotels and restaurants, but the hotel and boarding house accommodations for rooms will likely be insufficient, and for this reason private homes will be called on to allow rooms to be used for the occasion. The committee would be glad to have all parties who can spare accommodations, to telephone any member and state the price. This will have to be looked at once too. E. J. Summers, Fritz Swift, Wilton Ingraham and Guy Blount were named to solicit baskets, and will make a personal canvass of the city in quest of dinner. This committee will also appoint sub-committees in the different sections of the city to aid in this work. G. M. Haltom was named to look after the printing of the badges, there being several kinds to be furnished. The entire program of the affair has not been made up, but a meeting of the big committee will likely take place this evening or tomorrow and all features decided on and arranged for. The days festivities will include foot races, ball game, dancing, speaking, band concerts, tennis games, entertainment at the opera house, fiddlers contest, old

soldiers reunion and possibly a number of other things for amusement. From what has been learned, both here at home, and from abroad, Nacogdoches will have the privilege of entertaining the largest crowd in her history, and everything that will add to the day will be done. The people of this county are going to come by the hundreds and will bring well filled baskets. The people in adjacent towns are making their arrangements to spend the 27 here, and the cities of Beaumont, Houston, Shreveport, Dallas and intermediate points will send large delegations. It is expected that some twenty-five editors and their families, will be here as the guests of the city of Nacogdoches. The gentlemen who are at the head of the arrangement and entertainment for the day, expect to spend a deal of time in getting their duties well performed, but will be repaid in the satisfaction of seeing the biggest and best entertained attendance ever recorded in this section. The extremely low rates for the 26 and 27 are going to cause hundreds and hundreds of folks to come to this city, and folks who have never been here before. It is up to Nacogdoches to do her best!

Things Quiet At Waterman.

Shereff A. J. Spradley returned Sunday from Waterman, Shelby County, where he went in answer to a summons to investigate some trouble in that section. The report that two men were killed and six wounded caused a lot of interest here, but this was found to be incorrect. Five men, four negroes and one white, were wounded, but only slightly, and the whole affair has now been satisfactorily settled. Mr Spradley stated that he believed all would return to work this morning and that no further disturbance is likely. The cause of the misunderstanding is said to have been the citizens objections to negro settlers. The lumber company has promised to let all the negro labor out when the tram road is completed.

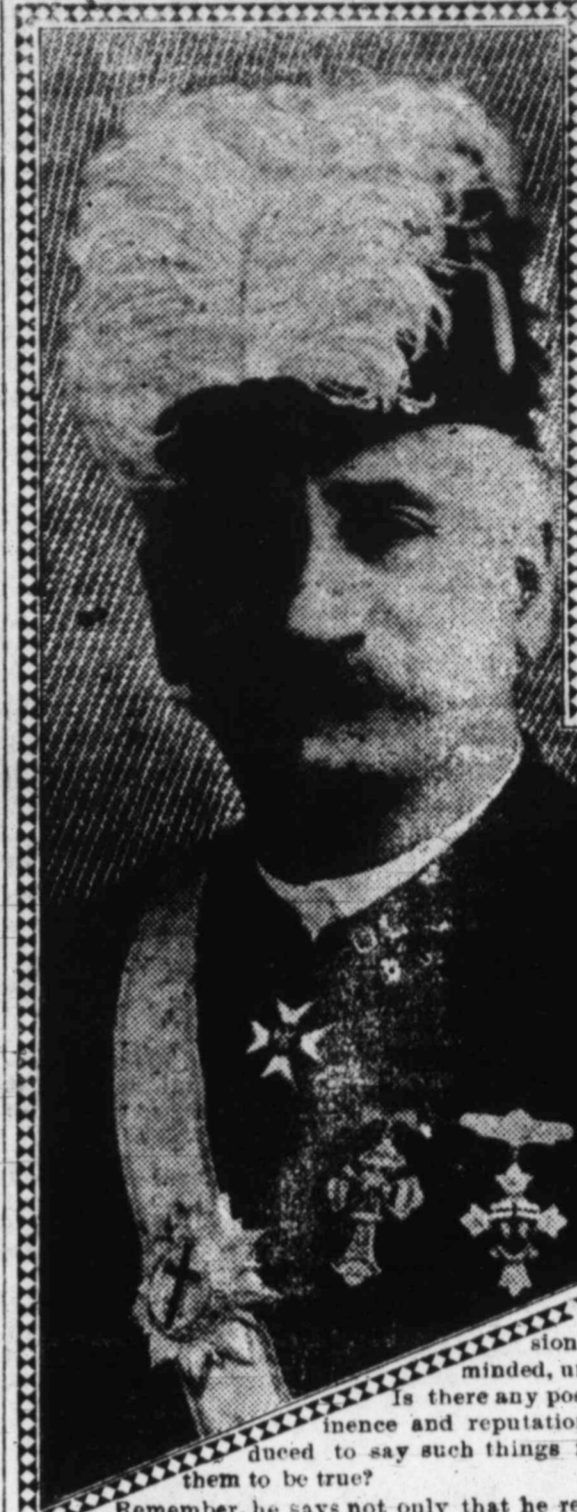

Later:—Shereff A. J. Spradley today received a letter from the manager of the mill at Waterman, stating that a number of the men proceeded to get full Saturday night, and made things in that immediate section hideous for some time. This latter, however, has no connection whatever with the trouble a few days ago. Saturday was pay day at the mill.

THE people are heeding the clean-up proclamation, and are hard at work getting the weeds down and collecting the trash for the city wagons Friday and Saturday. It is a splendid opportunity to rid Nacogdoches of filth and debris and the hope is entertained that every one will take advantage.

A GOOD word for your home town is worth a great deal. It not only aids the place in which you may reside, as a whole, but contributes to every individual who claims that place as a home. He is a benefactor indeed, who boosts and works for "home" instead of knocking, as some folks sometimes do.

TO ORGANIZE COUNTY FAIR.

All signs point to Nacogdoches county having a fair this fall. James D. Greer, agricultural agent for the Federal Government, has become interested in the matter and is already seeing the business men and farmers in reference to such. He stated Saturday that he had met with a splendid encouragement, and not one single man approached but was enthusiastically in favor of a county fair. The farmers are even more interested than the business men too, and they are the ones to whom the greatest benefits will fall. Several business men to which the subject was mentioned, have signified their willingness to subscribe for stock and will lend all the assistance in other ways possible. The matter of a county fair was taken up last year in a way, but for various and sundry reasons was considered impracticable at that time, and was passed until some future date. This season things are considerably different, conditions are improved and the people are in a much better mood for such an institution. The organization of a county fair is looked upon by some as a very easy proposition, and no fears whatever, are entertained as to the outcome. As a dollars and cents feature, a fair is not always a great success, but there are few in the state but what are paying expenses and gathering in money sufficient to make any needed improvements from year to year. The benefits that accrue from a county fair, or an exhibition of any kind are too numerous for detail, among those things, it promotes a kindlier feeling among the people; brings them together for a mutual exchange of ideas; causes more and closer attention to the various crops, stock raising and the poultry industry. It is an opportunity for instruction as well as pleasure. There is land adjacent to the city that could be utilized for a fair site, and it would be an ideal location too. Close in and entirely convenient to the city and the advantages naturally accorded, and yet of area large enough for the accommodation of any and all attractions, exhibits, race track, and the peoples vehicles etc. The farmers of the county, according to Mr. Greer are especially interested in the proposed enterprise, and are going to give their unqualified support. The railroads could easily be interested in a county fair too, making it a feature assured of success. A meeting of the people of the county has been suggested for Tuesday, April 27,—the day of the celebration,—for the purposes of going into the whole affair fully and possibly coming to some point. The farmers of the county are urged to come out that day, and all who are interested in a fair, are extended a pressing invitation to attend the meeting on the afternoon of the 27 and hear what will be said, as well as take part. The rail road men will be here that day, making a most opportune time to consider the fair proposition.

Col. Patten, a Lieutenant in the Old Guard, an exclusive organization composed of soldiers of distinction who fought in the Civil War, very popular in secret society circles, recommends the famous remedy, Peruna, as a spring tonic.

Remember, he says not only that he recommends Peruna as an invigorating spring tonic, but also as one of the best remedies that he has ever tried for coughs, colds and catarrhal complaints. What are you going to do with such evidence? Are you going to turn away from it and listen only to the talk of people who probably never saw a bottle of Peruna, certainly never tried a bottle of it, who have nothing else to do but to talk about other people's affairs? Are you going to listen to such people as that, instead of accepting the testimony of those who know? There may be a few people so constituted as to be able to perform such a mental feat. But the sensible people, the reliable people, the brawn and brain of the world, who are governed by principles of justice and common sense, are going to accept the clear, pointed and undoubted testimony of a man of national reputation who knows what he is talking about. Peruna is everything he says it is. It is an invigorating spring tonic. It is also a good remedy for coughs. We have many testimonials attesting to this fact. Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio.

Why Men Marry.

An editor sent letters to a large number of married men, and asked them why they married. Here are some of the answers:
Because I did not have the experience I have now.
I married to get even with her mother but never have.
That's what I've been trying for eleven years to find out.
I have yearned for company. Now we have it all the time.
I thought it would be cheaper than a breach of promise suit.
Because Sarah told me five other men had proposed to her.
That's the same question my friends ask me.
I wanted a companion of the opposite sex. She is still opposite.
The old man was going to give me his foot, so I took the daughter's hand.
Because I asked her to have me and she told me she would; I think she's got me.
Because I thought she was one among a thousand. Now I think she is a thousand among one.
I was lonely and melancholy, and wanted some one to make me lively. She works me very lively.—Ex.
Business is Quiet.
Tax collections are unusually slow these days and the amounts that are received by the county are small. J. H. Brantley, county collector stated that this had so far been a very quiet month, and the total would hardly exceed four hundred dollars, based on what had so far been paid into his office.
Miss Lossie Hughes of Dallas arrived yesterday to visit Mr. and Mrs. Eugene Blount.

OFFERS REWARD FOR CAPTURE

Will E. McMillin, superintendent of the county farm, was in the city yesterday for the purpose of getting out some advertising matter in reference to the convicts who escaped from the county farm prison Sunday night. He stated that according to his opinion the negroes received no outside assistance in getting out of the place, but that he believed other parties did assist the convicts in getting away. The discovery was made soon after the escape and dogs were put on the trail, following the track toward this city for quite a distance. The prisoners got hold of a case knife in some way, converting it into a saw. The blade of the knife would be placed against the sharp edge of a stove, and struck a heavy blow, gaping the blade. From the appearance of the hand made saw this is the way it was done, as the knife was roughly gaped, while filing would have made it smooth. No trace has been found of the negroes to date, but it is thought they will be apprehended soon, as a good description of them has been sent broadcast. Mr. McMillin has offered a reward of ten dollars each, for the capture of them anywhere. The descriptions of the negroes are:
Verdie Millard, ginger cake negro, about thirty years old, about five feet ten inches high and weighs about one hundred and sixty pounds. When last seen was wearing corduroy cap, blue overalls, No. 8 shoes without heels. He is also described as a professional thief and an expert at hopping trains and breaking jails.
R. D. White, a young brown skinned negro, medium size, both hands crippled from being burned when a child. Some fingers gone from each hand, poorly dressed and does not work much.

New York Style Show Today's Correct Clothes for Men and Young Men

THIS is the only store in this city where you can see the real New York Styles of today. When you see

STOMACH AGONY.

Abolish the Cause, and Misery and Distress of Indigestion Will Vanish.

Can Indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; biliousness, sour stomach, fullness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of M-o-n-a, the mighty dyspepsia remedy that cures by removing the cause, they would go to Stripling Haselwood & Co. guarantees them to cure indigestion, or money back.

Thin or lean or scrawny people will find in M-o-n-a a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food.

HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

We give free under special-ists a thorough course in writing, grammar, business correspondence, business law, arithmetic, rapid calculation, and typewriting, with our course of Bookkeeping and Shorthand or Telegraphy. We enroll 1500 students annually, employ 20 teachers. Own and occupy two large buildings; these buildings contain over \$19,000.00 worth of equipment and features. We maintain a large and extensive Employment Bureau, through which every graduate of bookkeeping and shorthand or telegraphy is promptly placed in a good position after his course is finished. Write for our 188 page, beautifully illustrated catalogue; it is the largest catalogue ever put out by a commercial school, and is put out by America's largest school of bookkeeping, Shorthand, Typewriting and Telegraphy. Address Tyler Commercial College, Box 5, Tyler, Texas.

"M. & M."

We are expecting our machinery every day. Our draftsman and cutter have been notified to be here on the 15th inst. In the meantime please hold your orders for us

Wedding Sunday Afternoon.

Mr. Elmer W. Weaver and Miss Marion Myatt were married Sunday afternoon, about two miles East from the city, Rev. J. H. Davies officiating. The nuptials were in the nature of a surprise to all except the immediate family. The young people went for a drive yesterday afternoon and by pre-arrangement the officiating minister met them out the North Street road, where the ceremony was performed. Both parties are well and favorably known here, the bride being the daughter of Mrs. M. Myatt, who resides on South Fredonia street, and the groom the son of Mr. and Mrs. G. H. Weaver, one of the pioneer families in this city and section. The happy couple enjoyed a dinner today tendered by the parents of the groom, and which a large number of friends attended. Mr. and Mrs. Weaver will go to housekeeping in a few days, on Irion Hill.

To Sell "Redlander" Cigars.

George T. McNess, manager of the tobacco packing house, has secured the privilege of making and selling the Redlander cigars at the Aqua Vitae celebration next Tuesday. He will occupy a booth in the pavilion—and in addition to the cigar feature, will also have on exhibition a chapter of the tobacco industry; that is from the growing plant to the product, cured, packed and ready for the market. From an advertising standpoint, as well as others, the booth will certainly prove a splendid one, and McNess hopes to impress the visitors with the importance of East Texas tobacco growing.

MISS FLORA MOORE FOUND.

Young Lady, Who Left Winsboro Home, Located Near Appleby by Constable G. W. Stone Tuesday—Happy Meeting of Father and Daughter.

Miss Flora Moore, the pretty and accomplished sixteen year old girl, is now speeding homeward, in company with her father and uncle, S. S. Moore and C. C. Mansell. The young lady was found yesterday about noon at M. D. Stoker's, who resides about twelve miles from the city, and near Appleby, having been located by the party who left here, composed of Constable G. W. Stone, and the kinspeople of the missing girl. The meeting of father and daughter is described as a happy one indeed, and the scene really heart touching. The party of three left Nacogdoches early Tuesday morning for the country, having already information which led to the belief that Miss Moore was near Appleby. Arriving within a short distance of Mr. Stoker's, Constable Stone proceeded to the house, leaving the other two gentlemen in the surrey. It required but a few minutes to learn the fact that she was there, the officer having a letter to deliver. The missive was not addressed to the young lady, but was concerning her disappearance, and written by Mrs. Mansell to her husband, while the latter was away from home. Miss Moore immediately showed her surprise, and at the same time her delight at the thought of seeing her parents. Mr. Mansell was then advised of the young lady's location and also went to the house, where they met and conversed, though she would hardly believe Mr. Moore was anywhere near. The parent was too, carried to the home and upon the daughter coming into the room, they embraced each other and broke down, crying as if their hearts would break. It was with some difficulty that the two were induced to separate, while the joy of the young girl seemed even greater when she was informed that her parent had come to carry her back home. The party remained at Mr. Stoker's for the noon day meal, but the young lady was too excited and happy at the opportunity of again seeing her people to partake, and busied herself packing and getting things in readiness for the return trip. The party arrived in Nacogdoches in the afternoon about four o'clock, where they remained until last night, boarding the H. E. & W. T. train for Shreveport, thence to their home near Winsboro, where they will possibly arrive late this evening. Mr. Stone started to a Sentinel reported this morning that Miss Moore was an extremely pretty girl, accomplished and has a splendid education, in addition to having mastered the art of millinery. Mr. Moore is said to be a well to do man and has spent a deal of money in giving his daughter every advantage. The daughter, as stated yesterday, is deaf and dumb, but seemed to be

above the average in intelligence, is well read, and is an expert with a pen. She has always been a pet, according to her father, not only with the members of the direct family, but all others who knew her. Her leaving home caused quite an excitement in the neighborhood where they resided, and the family and friends were almost prostrated. She admitted to her father and Constable Stone that she answered a "want ad." got in correspondence, and finally wrote that she would come to Appleby if a ticket was sent. This request was complied with, and three weeks ago she arrived here, remaining in the city two or three days before proceeding on her journey. Her parents, of course, knew nothing whatever about her leaving, until they inquired about her at the milliner store in Winsboro where she had a few days previous gone to accept a position. She had with her quite an array of pretty, newly made clothes, which her mother had given her, and on account of her going to Winsboro to take a place. Mr. Moore, when seen yesterday afternoon, seemed to be full of rejoicing to talk very much, and merely expressed himself as being very happy indeed that he had found his daughter.

Kansas Boy on Hens.

A little Kansas boy wrote this composition on hens: Hens is curious animals. They dont have no nose, nor no teeth, nor no ears. The outside of hens is generally put into pillars and feather dusters. The inside of a hen is sometimes filled up with marbles and shirt buttons and sich. A hen is very much smaller than a good many other animals but they will dig up more tomato plants than anything that aint a hen. Hens is very useful to lay eggs for plum pudding. I like plum pudding. Skinny Bates eat so much plum pudding once that it set him into the colic. Hens has got two wings con fly when they are scart. I cut my Uncle William's hens neck off with a hatchet and it scart her to death. Hens sometimes make very fine chickens.—Ex.

First Meeting in 32 Years.

J. M. Cole of this city and Henry C. Cole of Brownwood, were two happy brothers yesterday, when they met here, for the first time in 32 years. The two aged men were delighted beyond words almost, and are enjoying the time together, as only white haired, loyal confederates can. On January 2, 1877 they separated in Louisiana, J. M. Cole coming to Nacogdoches, where he has since resided. The brother tarried in the Pelican State a few years and then moved to Brown county, Texas, where he has since resided. The meeting yesterday was entirely a surprise, but a pleasant one indeed, and the many friends of the Nacogdoches gentleman are glad of this coming together and rejoicing. The brother will remain here several days.

CURES INDIGESTION.

Ill Distress From Stomach and Indigestion Vanishes in Five Minutes.

Take your sour stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangule and see it within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice, your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness, and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

John E. McAnally Dead.

The remains of John E. McAnally, who died in Ft. Worth Saturday arrived here this afternoon and were carried to Chireno, where interment will take place tomorrow. A brother, R. T. McAnally went to Ft. Worth Sunday afternoon to accompany the remains here, and this morning wired from Kaufman to C. E. Richardson to meet the train this afternoon. Mr. McAnally has been living at Stamford for the past seven or eight months, working for a railroad company, and as nothing had been heard from him in several weeks, his brother came in Saturday for the purpose of telegraphing to find out the cause. When he received a telegram was awaiting him, bringing the news that Mr. McAnally was dead at the St. Joseph's Hospital, Ft. Worth. Deceased was well known in the county, a young man of exceptional promise, and his death will be quite an unpleasant surprise. Death was caused by typhoid.

Remains Interred Here.

The body of Mrs. Warren Fussell were brought here yesterday afternoon for interment. The lady died at Teneha, and the remains were carried to Fairview for burial.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Sold to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalide Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Wanted in Jasper County.

L. Mallory and C. Tindell, negroes, are in jail on a charge of obtaining money under false pretenses, at Aldredge, Jasper county. The former negro was arrested Saturday night and the latter was taken in custody today.

Screen doors, screen windows—screen wire cloth at Cason Monk & Co's.

This is no Joke.

Hunt's Cure has saved more people from the "Old Scratch" than any other known agent, simply because it makes scratching entirely unnecessary. One application relieves any form of itching skin disease that ever afflicted mankind. One box guaranteed to cure any one case. w

A permit to wed has been issued to H. L. Hurt of Grigsby, Shelby county, and Miss Era Martin of Martinsville. The nuptials took place Wednesday night at Martinsville, the young couple going to reside at Grigsby.

A Circus

Acrobat finds it necessary at all times to keep his muscles and joints supple. That is the reason that hundreds of them keep a bottle of Ballard's Snow Liniment always on hand. A sure cure for rheumatism, cuts, sprains, sore throat lame back, contracted muscles, corns, burnions and all pains. Price 25c, 50c and \$1.00 per bottle. Sold by Mast Bros. & Smith w

AWARDED \$3,500 DAMAGES.

W. A. Thrash was awarded damages to the amount of thirty-five hundred dollars, by a jury Saturday night, the defendant concern being the Texas and New Orleans Railroad company. This is the case in which Mr. Thrash asked for twenty thousand dollars for personal injuries alleged to have been received on account of negligence on the part of the rail road company. The accident occurred about the first of December 1908, at a saw mill located on the defendant road. The jury in the matter was out several hours, returning a verdict for the plaintiff about 9:30 o'clock Saturday. The case brought the District court to a finale for this term, with the exception of a few minor features, and which are being looked after today by the special judge. The T. & N. O. gave notice of appeal.

It's Strenuous.

There is no true superiority except that created by true merit. The reason Hunt's Lightning Oil outclasses all other liniments—it has the merit—it does something. See what it will do for cuts, burns, bruises, sprains, sore and stiff muscles and joints. Your surprise will only be exceeded by your gratification. w

Markets His Cotton Crop.

W. J. Shepherd of Appleby was in the city yesterday having come in to dispose of the remainder of his cotton crop. He sold twenty five bales at eight and one half cents per pound. He had previously sold some eight or ten bales.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but, how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go; leaving you as spry as a coit. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains. Sold by Mast Bros. & Smith. w

C. E. Marshall, a prosperous farmer from Appleby, was in the city today.

Save Your Lungs.

Don't neglect that cough. One pair of lungs is all you'll ever have—treat them well. Simmons' Cough Syrup will soothe and strengthen them, stop the cough and give you a chance to sleep in peace. w

Alton Smith returned Saturday from a ten days business visit to Atlanta, Georgia. J. S. Hunt of that city came back with him to look after some business here.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Ayer's Pills. Made by the J. C. Ayer Co., Lowell, Mass.

OVERTAXED.

Hundreds of Nacogdoches Readers Know What it Means.

The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—

Backache, sideache, headache, Early symptoms of kidney ills.

Urinary troubles, diabetes, Bright's disease follow.

A Nacogdoches citizen tells here a certain cure.

Mrs. W. T. Hawkins, living on Rathoff St., Nacogdoches, Texas, says: "The prompt relief I obtained through the use of Doan's Kidney-Pills proved them to be worthy of the strongest endorsement. When this remedy first came to my notice, I was suffering from a dull, heavy aching which was now and then accompanied by sharp twinges in my back. Regardless of the fact that I did not take Doan's Kidney Pills regularly, they nevertheless removed this distress and there has not been a return since. I procured this remedy at Mast Bros. & Smith's drug store, and it gives me pleasure at all times to recommend it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Ice cream freezers — all sizes, low prices. Cason Monk & Co.

A Word of Thanks.

We are unwilling to withhold an expression of our thanks and appreciation for the kind assistance, honest efforts, and the comforting words and presence rendered us by our friends during the short but earnest and anxious struggle that we had at the time of the illness and departure of our chosen bud of nature, our babe.

We feel that you could not have granted us a greater favor — one that would have been more appreciated than the service given us during those trying hours. It is useless for us to try to express our gratitude; But we are indeed grateful to you and would be glad if we had the words to express our real sentiment, as we have not we can only say that we do indeed thank you for your assistance and comforting influence. Your friend, Mr. and Mrs. George Muckleroy.

DR. J. M. SPARKS DEAD.

Dr. John M. Sparks died at his home East of this city Saturday, and was buried yesterday at the Old North Church cemetery. Dr. Sparks was considered one of the pioneers of this city and section, and was well known to most every one, and especially the older folks. His acquaintance with the trials and hardships of the earlier days gave him a fund of information that was both interesting and instructive to listeners. He delighted to talk of the days of yore, and reveled in the folk lore and tradition, having a deal of such at tongue's end always, and with a vocabulary of exception to describe. In some respects he was considered a most unusual character, in that he loved research and would undergo tribulations of all kinds, to investigate and accomplish. The Dr. has not been in the best of health for the past several years, but was not considered serious until recently. A large concourse of friends and acquaintances followed the remains to the Old North Church cemetery, where they were interred yesterday afternoon.

Friends and Customers.

All my friends and customers are hereby notified that I have moved from Church street to the Smith house, corner Pillar and South Church, where I will be pleased to have you call when in need of Watkins Remedies. A full supply always on hand. Yours truly, W. G. Davis

A Knocker

is a man who can't see good in any person or thing. It's a habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles treat your liver to a good cleaning out process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, sick headache, biliousness, all liver, stomach and bowel trouble. Sold by Mast Bros. & Smith. w

A large crowd of farmers was in the city Saturday, trading and looking after business in other lines. All report excellent prospects in their respective localities, and land conditions good. Corn is up and growing nicely, with about all of the cotton planted and some fields up. Quite a deal of diversification is reported too, nearly all of the people making special efforts to raise more feed stuff than has been the usual custom.

Did You Ever Notice?

When you have Rheumatism your friends will recommend various remedies, many of which you have already tried without success. Next time you have it get a bottle of Rheumazone and you will not need the other remedies. Rheumazone is just as sure a cure for Rheumatism as White's Head-Ease is for Headache and Neuralgia. Sold by Stripling, Haselwood & Co., at 50 cents and \$1.00 per bottle. 3mw

Don't forget that we will save you money on cook stoves—we have the Garland, The Bucks and the P & B lines. Cason Monk & Co.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

AT ALL DRUG STORES

Test Its Value.

Simmons' Liver Purifier is the most valuable remedy I ever tried for constipation and disordered liver. It does its work thoroughly, but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs. M. M. Tomlinson, Oswege, Kansas. Price 25 cents. w

Blanton-Cronkrite.

J. F. Blanton and Miss Leita Cronkrite, both of this city, were married Saturday night about nine o'clock at Chireno. Mr. Blanton is the manager of the Wells-Frago Express company at this point and Miss Leita Cronkrite is the daughter of Mrs. Cronkrite, who resides on East Main. Both parties are popular young people and have a host of friends and acquaintances who extend a volume of best wishes. Mr. and Mrs. Blanton are at present at home at Mrs. Cronkrite's.

Screen your houses—keep out the deadly mosquitos and flies. We have the material. Cason Monk & Co.

AN INVITATION ADDRESSED TO THE SCHOOL CHILDREN

Cotton Seed Crushers of State Offer \$225.00 in Prizes to Pupils For Essays-- Rules of Contest.

The following circular has been sent out by the committee from the Conference of Education in Texas, and is a direct appeal to the school children, as well as it affords them an opportunity to become better acquainted with certain subjects and at the same time possibly earn a nice prize. The Sentinel would be glad to know that at least a dozen essays are submitted and most earnestly urges the pupils of Nacogdoches County to take the matter in hand at once. Superintendent R. W. Tillery stated that he will try to create an interest among the pupils, in the hopes that a number of prize essays be sent in. All contestants are requested to send their articles to him here, and he will forward to Austin. The circular is:

The Texas Cotton Seed Crushers' Association offers two hundred twenty-five dollars (\$225) in prizes to the school children and schools of Texas, for essays on the merits of cotton seed products, the following being the conditions:

The schools are divided into three groups. The first group consists of all the schools having each more than 500 white children; the second group consists of all the schools having each between 300 and 500 white children; and the third group consists of all the schools having each fewer than 300 white children.

Nine prizes will be awarded. The pupil of each group of schools who writes the best essay shall receive the first prize which is twenty-five dollars in gold; the pupil of each group of schools who writes the second best essay shall receive the second prize which is fifteen dollars in gold; the pupil who writes the third best essay shall receive ten dollars in gold; and the school that furnishes the successful contestant shall receive

in cash one-half the value of the prize won. The money that goes to the school will be paid to the teacher of the successful contestant to be invested in books for the school library.

SUBJECTS.
One of the following subjects must be used in writing each essay:

(a) The Merits of Cotton Seed Oil and Cotton Seed Oil Compounds as Food for Man.

(b) The Advantages of Cattle Raising in the South and the Importance to this Industry of Cotton Seed Meal and Cotton Seed Hulls.

(c) The value of Cotton Seed Meal as Feed for Horses and Mules.

(d) The Value of Cotton Seed Meal as Feed for Poultry.

(e) The Value of Cotton Seed Meal as Plant Food.

With the assistance of teachers or other public spirited citizens, or in person, the County Superintendent shall select not more than twelve of the best essays submitted to him and forward same to the State Superintendent, Austin, Texas.

On the first day of June, 1909, or as soon thereafter as practicable, a committee will grade all the essays sent to Austin and award prizes.

RULES FOR THE CONTEST.

1. Each contestant should read all he can find on the subject, should talk with cotton-oil mill men, feeders and farmers, and should then write what he has learned. The work submitted must be his own.

2. The essay should be written on one side of the paper only, and in ink.

3. Essays from the first and the second group of schools should contain not fewer than 750 nor more than 1200 words, and from the third group not fewer than 500 and not more than 1200 words.

4. Local committees or teachers may adopt their own methods of selecting the essays to be sent to Austin. The Committee at Austin

County Superintendent R. W. Tillery Urges an Interest in the Matter--Splendid, Practical Subjects

will use the following scale of points in grading the essays: Subject matter 60; from, such as heading, paragraphing, etc., 10; punctuation 10; spelling and capitalization 10; English 10.

5. The essays sent to Austin must be read before the school to which the contestant belongs, and it is desirable that copies of them be printed in the local newspapers, for the encouragement of the students, and for the information of the public.

6. The sheets of paper of each essay must be fastened together securely with pins or brads. It is safest to write the name of the pupil on every page, so that a leaf accidentally detached may be put in its proper place by the committee. On the back of each essay with the name and address of the author should be written the group to which his school belongs.

Any contestant can obtain, free of charge, bulletins or pamphlets of information on the subjects selected for essays, by writing the Department of Agriculture at Washington, D. C., to the A. & M. College, College Station, Texas, or to Col. Jo W. Allison, Chairman Bureau of Publicity, Ennis, Texas, and stating clearly the subject upon which information is desired.

A study of this part of our great southern product ought to be both interesting and profitable to all our people. The committee begs leave to say that it is trying to help educate the children of Texas in a most practical and useful way. Although it is late in the season, there is sufficient time to successfully prosecute this work.

Take up this matter with your teachers at once and it will add interest and enthusiasm to the closing days of school.

GRAND JURY ADJOURNS.

Makes Report to Judge Perkins, In Which Citizens Are Petitioned for New Jail--Returns Fourteen Bills, Including one Felony.

The Grand Jury, after being in session since Monday morning, adjourned yesterday afternoon. The body returned fourteen bills, only one of which is a felony, the remainder being misdemeanors. The former session of the Grand Jury resulted in eighteen bills, together with this last batch makes a total of thirty two. The following report was made by the body, and in which an appeal is made to the citizens of the county to erect a new and more adequate jail house. The report is: Nacogdoches, Tex., April 16.

Honorable James I. Perkins, District Judge of Nacogdoches County.

Greeting: We your Grand Jury beg to hand you herewith full report of work done by said body, with such recommendations and remarks as seem to us wise and just under the conditions of our county at this time.

First: We have examined the county jail and find confined therein one negro woman and four men. We find that this jail is inadequate for the proper confinement of the prisoners of the county and in law, damp, dark and unhealthy position and condition. We find that said jail is kept in as good condition as such jail could be well cared for. We appeal to the citizens of our county to take the proper and necessary steps to have a modern jail erected.

Second: We have examined and carefully considered the report of the Finance committee appointed by your Honor and we find that said report is incomplete and while their findings represent the conditions of the books of the various officers of the county as they appear from the incomplete and incorrect manner in which they are kept, yet said report does not represent the true conditions of the accounts of said officers as they really exist. We have the assurance of the County Judge and Commissioners court that they have appointed a Finance Committee in compliance with the instructions, of your Honor and that all the officers of the county mentioned in said Finance report have been summoned to appear before them and make the proper reports and showing of their official record, we feel that such action will meet with all the requirements of the situation and have therefore taken no action further in the matter. We however recommend that a Finance committee shall be appointed for said county at the next regular term of your Honors court to see that said duties have been properly carried out and perfected.

Third: We have carefully examined into all violations of the law of which we could receive any knowledge or information and have returned into court bills of indictment, the most of which are for minor offenses and we feel sure from the great number

S.S.S. OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S.S.S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S.S.S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited, but whatever the cause the blood must be purified before the body can be healthy.

S.S.S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S.S.S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S.S.S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S.S.S. is the most reliable and certain of good results. Book on the blood and medical advice free. S.S.S. is for sale at all drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

of witnesses we have examined from all parts of this county that there exists less violations of the law in this county at this time than has been true for the past twenty years, and we congratulate your Honor and the officers of the county who are responsible for this condition of affairs, and we feel sure that the good citizens of Nacogdoches county will lend their sincere and best efforts at all times to the advancement and the improvement of these conditions until Nacogdoches county shall truly become a model county of law abiding citizenship and a community of peaceful homes.

Fourth: We are proud to report to your Honor that the violations of the local option law in our county have become less and are confined mostly to the ignorant and floating population of our county. These violations of law have been traced almost exclusively to a very few characters and while the Express office of Nacogdoches has been conducted in a manner calculated to aid and assist in the distribution of intoxicating liquors, it has been admitted that such conduct was due to ignorance and that such customs, as have existed shall cease. We find that many of our best young men have abandoned their customs of having negroes to hold their intoxicating liquors in trust for them and many of the fictitious names which have been operating through the express office have been

Having used S.S.S. extensively I can testify to its merits as a blood purifier and tonic. It enriches, purifies and cleanses the blood of all impurities, and at the same time is a wonderful laxative, tonic and system builder. It is also a remedy for Rheumatism. It is master of this very painful disease, and as a tonic to give appetite, strength to the nerves and build up the system it has no equal. It is a very fine medicine indeed, and I have ever had confidence in it. MRS. F. L. BAILEY, 702 Linden St., Clearfield, Pa.

disappearing from day to day and a general disgust is manifested for boot leggers.

We extend our sincere appreciation to your Honor for all courtesies extended to us as a body and for all the assistance received from the County and District Attorney and the uniform kindness and politeness exhibited by the county officers and having no further business before us for consideration we beg to be discharged.

Geo. W. Eason, Foreman, J. M. Tubbe, J. C. Morrison, W. A. Parrott, Wm. Cadell, W. J. Campbell, M. G. Holland, Ruffus King, T. E. Fall, W. U. Perkins, W. E. Thomason.

COLONEL FAIRIS
Beautiful mahogany bay stallion, large of size, elegantly proportioned, one of the best bred colts in the State and of the very best trotting strain of the Wilkes family.
Colonel Fairis was sired by Silverline 34290, by King Nutwood 10291, by Nutwood 600. First dam was Iva Hanks, by Balzan 6296, by Tennessee Wilkes 2735, by George Wilkes 513, by Hamilton 10. He also has four other strong crosses into Hamilton 10, through Enfield, register No. 128, and Sweepstakes 298 and several other horses of light class.
Terms: Guarantee, \$20.00.
Colonel Fairis can be found at Swift barn on East Main street. Owner, E. J. SUMMERS, Nacogdoches.

Waterspout at Decoy.
E. R. Ashley, of Decoy, was in the city today and reported an unusually hard rain in his section last Monday. The downpour was almost equal to a waterspout and a deal of damage was done. Lots of land was badly washed and many farmers will have to re-plant stuff. Fences were blown down and roads washed out too, but as far as was learned no houses were damaged. Mr. Ashley's wagon was blown about one hundred feet, lodging against a wire fence, and but for that it might have gone much farther. Two deaths are reported in his section too. One, a son-in-law, W. X. Turner, who died March 4th. He was a son of John Turner of Martinsville. The other, Frank Price, well known in that community, and who died in a hospital in Shreveport last Saturday. The remains were interred at Decoy Monday, the day of the heavy rain.

If your watch or clock is not running as it should bring it in to us and we will overhaul it and time it to run with our cronometer which never varies. The price may not be as cheap as you can get it fixed but it will be a little cheaper than you can get it thoroughly repaired anywhere. We are also fitted up for testing and fitting your eyes with glasses.

Come to see us, you know where we are.

Stripling, Haselwood & Co
Jewelers and Opticians

W. M. Oden was a visitor from Timpson today.

Prof. H. P. Attewater, industrial agent for the Sunset Central lines of Texas, assures in a communication, that he will be here April 27 and will deliver an address to the people.

Let the old Confederate veterans get a move on themselves and put in a full appearance here next Tuesday, the big day. Fall in again, old boys.

The latest report from Col. John B. Reagan, Supt. of the Confederate Home at Austin is not very encouraging. His condition is still serious though slightly improved.

Mrs. J. C. Council has returned from Dallas where she visited her son, Louis Council.

Born to Mr. and Mrs. Charley Richardson, a boy, last night.

Passed Away.

In memory of Lola Brown Adams, daughter of Mr. and Mrs. L. C. Brown of Martinsville and wife of George Adams.

In Bandera county, near Center Point on the 4th of April 1909, at 6 o'clock in the morning, the sweet spirit of Lola took its flight to realms unknown.

She was born Dec. 17, 1882, at Martinsville, and that was her home until she married Geo. E. Adams September 26, 1907.

She had been failing in health since March 1908 and had gone to Bandera hoping to regain health and strength. While her husband was teaching in Wharton, he received the sad message that she was dead, though only the day before she had written a hopeful letter to him that in a short time they would rejoin friends and relatives in East Texas. A violent fit of coughing caused her sudden death, or rather hastened it.

Owing to the distance from the railroad station, and lack of convenient connection, it was impossible to bring her remains home for interment which was the sincere regret of her husband and friends. And loving thoughts from the grief-stricken ones will often wing their flight to that grove in the lonely hills of Bandera.

Though only a few short years were allotted her, she

Fifth Sunday Meeting at New Bethel Church.

There will be a meeting of the Land Mark Baptist Association of Nacogdoches county with New Bethel church Friday the 28th of May, continuing three days. An excellent program has been arranged:

FRIDAY

11 a. m.—Introductory by Eld. R. F. Black.

2 p. m.—The origin of the church of Christ—Elds. C. Wheeler and M. T. Mussay.

8 p. m.—Preaching by appointment.

SATURDAY

9 a. m.—What are the scriptural qualifications for membership in the church of Christ?—Elds. Lee Frederick and Case.

2 p. m.—What are the ordinances of the church and their designs?—Elds. Cole and Black.

Was the commission to preach the gospel given to the church as a body or to individuals?—Elds. L. N. Jones and F. M. Richards.

Questions.

8 p. m.—Preaching.

SUNDAY

9 a. m.—Sunday school discussion.

11 p. m.—Preaching.

2 p. m.—Singing.

3 p. m.—Sunday school.

7 p. m.—Prayer service.

8 p. m.—Preaching.

The following jurors have been drawn for next week, county court: Bob Smith, M. F. Bates, Duke, Crawford, N. T. Sisco, John Thomas, C. D. Clark, Bernard Rusche, Belton Reid, L. E. Harrel, J. D. Thrash, J. B. Rushing, Anderson West, H. P. Lilly, Charles Richardson, George Alders, John Parker, Joel Blanton and N. E. Beavers.

"I'd Rather Die Doctor than have my teeth cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Arnica Salve till wholly cured. Its cures of eczema, fever sores, boils, burns and piles astound the world. 25c at our drug store. Stripling, Haselwood & Co. w

District Court Still Open.

Several divorce cases were disposed of yesterday in District court, some were granted and others dismissed. Outside of that, no business was transacted. Judge Matthews stated this morning that there was nothing to be attended to today, but the court is still open and would possible continue so all the week, to wind up some little affairs.

Children especially like Kenedy's Laxative Cough Syrup, as it tastes nearly as good as maple sugar. It not only heals irritation and allays inflammation, thereby stopping the cough, but it also moves the bowels gently and in that way drives the cold from the system. It contains no opiates. House Burned

"Yes, Jones lost all he had, and I am taking up a collection for him." "Had any luck?" "Not much. Smith said we should have had insurance; that people did not feel paying to pay for their own insurance and Jones' too, now there are lots of Smiths." Better see John and have him write your insurance and not be caught to have to call on the Smiths.

Up Before the bar.

N. H. Brown, an attorney of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For chills, constipation, biliousness or sick headache they work wonders, 25c. Stripling, Haselwood & Co. w

The Daughters of the Confederacy are arranging a nice program for next Sunday afternoon at the cemetery, account of Decorating old soldiers graves. All children in the city are requested to be present and assist in the exercises.

You should not delay under any circumstances in cases of Kidney and Bladder trouble. You should take something promptly that you know is reliable, something like DeWitt's Kidney and Bladder Pills. They are unequalled for weak back, backache, inflammation of the bladder, rheumatic pains, etc. When you ask for DeWitt's Kidney and Bladder Pills, be sure you get them. They are antiseptic. Accept no substitute; insist upon getting the right kind. Sold by Mast Bros. & Smith. dw

had proved herself an exemplary daughter, a faithful christian and a devoted wife.

She is a happy angel now, far above us all. And with Jesus she shall ever be, free from pain and sorrow. "Leaves have their time to fall and flowers their time to fade, but thine, O Death, all seasons are!"

One who loved her.

Words to Freeze the Soul. "Your son has consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blevens, a leading merchant of Springfield, N. C. by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks use," writes Mr. Blevens, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Intalible for coughs and colds, its the safest, surest cure of desperate lung diseases on earth. 50c and \$1.00. Guarantee satisfaction. Trial bottle free. Stripling, Haselwood & Co. w

To The People

Every farmer in Nacogdoches county is invited to spend Tuesday, April 27th, in this city, aiding in the celebration of the formal opening of the Aqua Vitae park, and is also requested to bring a well filled basket, and thus assist the people of this city in accomodating the large crowds that will be here on that occasion. The program will be interesting and a good time awaits all.

Come, be with us.
