Bull Town Bulletins

WE HEARD A LOT of favorable comments about Bovina's nifty track, at last weekend's track meet held here, which some 25 area schools attended.

A number of people were seeing the track for the first time, and they were impressed by the quality of the track, and also by the fact that it was a "do it yourself" job by the local citizens.

The meet last weekend was the largest yet held on the facility, so attracted more people than any meet so far.

There also were some good races held, some outstanding times and marks turned in during the meet, such as the final event of the day, where Friona and Muleshoe fought head and head for four laps in the mile relay, before Friona's anchor man was able to nip the Mules' representative at the wire.

The Bovina track and field facility is a testimonial as to how that sport is growing in most schools. Track for many years was just an "incidental" sport, but it's taken seriously these days. We heard that in Hereford there are some 400 youngsters participating in track, from the junior high through high school. It's bound to be good for the young boys and girls, since running is the best exercise known,

We were recalling that while we were attending Texas Tech, the Raiders had a high jumper who jumped 6-7 one year, and that was the second best jump in the nation.

Just to show you how records have improved, the winning height at

Bovina's high school meet last week was 6-6, and a Plainview jumper has cleared 6-10 for the area's best.

+ + + +

MAYBE WE SHOULD be more impressed, but it's hard for us to

impressed, but it's hard for us to view the Mid-East peace treaty, which was signed this week, as more than just a re-election bid by the president.

It seems that of the two countries

It seems that of the two countries involved, only the Israelis are really satisfied with the treaty. The Egyptians who have spoken give their distrust of the matter. And there are thousands of Palestinians who are caught in the middle of the

Most "average Americans" condemn the role played by our president in achieving the treaty. For one thing, they feel that it's "their battle," and America should not get involved. For another, the Jews and Arabs have been fighting as long as there has been recorded history. It's hard to believe this treaty will solve problems which go back for centuries.

We have heard that the cost to U.S. taxpayers (you and I) will be somewhere between \$10 and \$20 billion in securing this treaty. As our friend Nelson Lewis said, "Why should you have to pay people not to fight?"

We are not against peace efforts, but we're not sure that "Peace at any price" is a good motto. Perhaps we're just a little too skeptical of the whole matter, more especially with next year being a presidential election year.

WE HOPE THAT our farmers are attending an important water meeting in Lubbock today at the civic center there. It seems that the U.S. Department of Agriculture has decided that since our area is short of water, no water should be used for irrigation purposes, and has threatened withdrawal of any type of government support for those who use water for irrigation.

This is just one aspect which is to be under discussion in the hearing, which lasts until 4 p.m.

Farmers already knew it was getting too expensive to pump irrigation water. But to have the government threaten your very decision is another matter.

If you have an interest in irrigation, better get on down to Lubbock, and get your two cents worth in.

Phone Customers Get Zero-Plus Service

Bovina telephone customers will be able to dial all of their own long distance calls--even operator assisted calls such as collect, third number billing, credit card and person-to-person--beginning Monday, April 2.

General Telephone Brownfield division manager, O.D. Hearn, said, "Beginning Monday, customers wanting to place a long distance operator assisted call can dial the digit 0 plus the area code of the distant city, if different from 806, plus the seven digit number of the customer being called."

After dialing has been completed, an operator will come on the line to determine and perform the type of special service desired--collect, credit card, third number billing, person-to-person. The equipment will then automatically record the number of one-party customers as well as send the call to its destination.

Customers with more than one-party service, and occasionally one-party customers when there is a number identification failure in the equipment, will be asked for their number after they have completed dialing the call.

Hearn said there would not be any change in the present 1+ dialing service. He reminded customers regardless of the time of day 1'r dialed station-to-station calls are the cheapest way to call long distance.

Operator handled rates where customers dial the operator to dial the number and 0+ rates are the same with an 0+ dialed operator assisted call being faster and more convenient.

Customers will still be able to reach the operator by dialing "0 Operator" and waiting a brief time for the equipment to recognize that an 0+ call is not being dialed.

ALL THAT'S LEFT...Rubble is now all that is left of the building that once stood at the corner of Third and North Streets. (See other picture.)

Services Conducted For Accident Victim

Funeral services for Chris Rosenow, eight years old, were held Friday, March 23, 1979 at 10:30 a.m. in the First Baptist Church of Bovina. Rev. Jerry Rockwell, pastor, officiated. Graveside services were held in the Fairview Cemetery, Pampa, at 4 p.m. with Rev. J.W. Hill officiating. Arrangements were under the direction of Parsons-Ellis Funeral Home.

Born November 13, 1970 in Mineral Wells, Texas, Chris had lived in Bovina for four years.

The youngster was a victim of a car-bicycle accident which happened in Bovina last Saturday afternoon. He passed away late Tuesday in an Amarillo hospital.

Rainfall Locally Is .5

The Bovina area received a half inch of rainfall during the past week, according to Greg Hromas, official weather recorder, which helped somewhat in relieving the pre-plant moisture needs, although more is needed.

The bulk of the rain came last Wednesday, April 21, and was accompanied by some pea-sized hail.

Parts of the area received considerably more rain than was measured in Bovina. Both Friona and Lazbuddie had over an inch of rain during the week.

Farmers, eying the upcoming planting season, would like to see some more moisture, as would the dryland wheat farmers.

Survivors are his parents, Mr. and Mrs. Jim Zehner of Bovina, and Mr. and Mrs. Virgil Rosenow of Elk River, Minnesota.

Grandparents are Mr. and Mrs. Ervin Rosenow of Watertown, Wisconsin; Mrs. Helen Bieniek of Minneapolis, Minnesota; Mrs. Margaret Peavey of Buffalo, Minnesota; Mrs. Alta Willis of Pampa; Mr. and Mrs. Delmer Judson of Garville, Minnesota.

Pallbearers were John Thompson, James Shepherd, Royce Grissom and Adair Rosenow.

Board Sets Thurs. Meet

The Bovina I.S.D. Board of Trustees will hold three special meetings Thursday, March 29, 1979. The agenda for the first meeting,

The agenda for the first meeting, which will begin at 6:30 p.m. will be (1) Call to Order, (2) Previous Minutes (March 13, 1979, special and regular), (3) Old business (appraisal of properties in the school district-L.L. Jacobs, Property Tax Service), (4) Reports of the Superintendent, (5) Adjournment.

The agenda for the 8 p.m. meeting will be: (1) Call to Order, (2) New business (an executive session as authorized by Article 6552-17, Revised Civil Statutes of Texas, Sec. 2g. Closed hearing in compliance with the request of a professional staff member, (3) Adjournment.

The agenda for the 9 p.m. meeting will be: (1) Call to Order, (2) New business (Open public hearing in compliance with the request of Donald Heard, professional staff member), (3) Adjournment.

old building located at the corner of Third Street and North Street until

just recently was a familiar sight in Bovina. Andy Garza did the demolition work

Farmers Hopeful Of Ag Compromise

Members of the American Agriculture Movement are still rooting for the pro-agriculture bill to come out of the House of Representatives' Agriculture Committee, and a spokesman here thinks there is a compromise move afoot which might help the bill along.

Ralph Roming, AAM spokesman, says that Congressman Kent Hance is working on a compromise bill on the parity scale for government loans, to place the figure somewhere around the 70 to 80 per cent of parity

"Hance feels sure the bill will never clear the comittee in the 90 per cent form—the committee leaders just won't allow it," Roming says.

Should an agriculture bill come out of the house committee, it would then go to the Senate Agriculture Committee, and eventually to a joint committee. "So we're still looking at a month, at least, before any action will be taken," Roming says.

The Bovina AAM leader says that it is "very imperative" that the farmer get their commodities

Services Conducted

For Mrs. Lala Brito

indexed to parity. As long as the trend continues for a set figure for the loan rate, the farmer is being

"eaten alive" by inflation, he says.
Roming has spent considerable
time in Washington, D.C. this year,
and he feels that if a bill ever comes
before the full house, the farmers
have rallied enough votes to get the

legislation passed.

Roming praised the work of freshman Congressman Hance, calling him a "real jewel" as far as representing the farming interests of his district. "But most of the members of the House Agriculture Committee are totally irresponsible. Too many people go to Washington with their number one priority that of getting re-elected," he said.

Roming pointed out that the publicized increase in farm income from last year came for the most part from off the farm sources, such as the wife teaching school or working in town, or the farmer holding down a second job. Fifty-three per cent of the increase came from these sources, he said.

"If we get a little 'band aid' type of increase on the loan situation, then inflation will eat it up. Even after the increase in income last year, we still had an 11 per cent net loss," the Bovina farmer said.

Roming was in Elk City, Oklahoma on Saturday when President Carter visited. He said that contrary to the picture portraying a hospitable welcome, it appeared to him that half of the people lining the streets were booing the president.

The AAM was represented by about 100 tractors. There also were scores of people carrying signs, having nothing to do with agriculture, such as Carter's controversial stands on such matters as the Panama Canal, Taiwan, the Mid-East peace treaty, and the ERA.

Bike-A-Thon Rules Told

The Cystic-Fibrosis Bike-A-Thon, will be held Sunday, April 8 from 2-5 p.m. at the Bovina High School Football Field.

Entry blanks will be available at the Dairy Freeze, Don's Medicine Thest, and the Bovina Supermarket. Businesses and individuals are urged to sponsor as many children as possible. (Example: sponsor pledges 20 cents per mile and rider covers 5 miles, total cost would be

Prizes will be awarded to the three riders turning in the most money. In addition to these prizes, anyone turning in \$25 or more will be given a CF T-shirt compliments of the Cystic-Fibrosis Foundation. Also, there will be free drinks furnished to the riders.

Get out and support this worthy cause by sponsoring a rider (the more the better) and coming to watch the event.

Fireboys Officers

The Bovina Volunteer Fire Department recently held their annual elections for new officers.

Those elected were: Weldon Moody, Chief; Dale Gober, Assistant Chief; Radford Venable, Captain No. 1; J.B. Caldwell, Assistant Captain No. 1; Joe Jones, Captain No. 2; Leland Jennings, Assistant Captain No. 2; Greg Hromas, secretary; James Ritchie and Bob Sparks, custodians; and Otis White, cook.

Residents May Sign For Exemption

Funeral services for Lala Brito,

79, who died Saturday, March 24, at

Parmer County Community Hospi-

tal following a brief illness were

conducted Tuesday, March 27 at 10

Bovina residents are reminded that they can come in and sign-up for the Homestead (single family dwelling only) and the Over 65 exemptions. This does not mean that the person will be eligible for the programs, as the Legislature has not yet passed the bills.

The Tax Office would like to have this information on hand should these bills become law.

Also, it is reminded that April 30 is the deadline for rendering school taxes. The Tax Office is located at Ridgelea Elementary School in Boying

a.m. at St. Ann's Catholic Church in Bovina. Rev. Ronald McGovern officiated.

Burial was in the Bovina Cemetery under the direction of Parsons-Ellis Funeral Home. Born August 6, 1899 in New

Mexico, she lived in Bovina for 62 years. She was a member of St. Ann's Catholic Church, and The Lady of Guadalupe Society.

She was preceded in death by her husband, S.A. Brito.
Survivors are seven daughters:

Pearl Cervantez and Elizabeth Aragon, both of Bovina; Marie Cervantez of Clovis, N.M., Donna Higgins of Portales, N.M. Mary Rose Martinez of Lubbock, Matilda Baca of Friona and Lucy Everett of Lazbuddie.

Also, three sons: Joe, Gene and Sonny, all of Bovina. Three sisters survive, Avenicia Gonzales of Palo Pinto, Calif., Leandra Aragen of Friona, and Victoria Molina of Amarillo, also 34 grandchildren and 16 great-grandchildren.

Patrick Cervantez, Paul Aragon, Jr., Dennis Brito, Mike Martinez and Larry Brito.

FIRST STATE BANK PRESENTS:

ASCS Office Gives Program Deadlines

Farmers who planted wheat for 1979 harvest for grain now have another option to consider. They may graze or cut hay on their wheat acreage. Wheat grazed or cut for hay under this special acreage grazing and hay program will qualify for the same deficiency payment rate as wheat harvested for grain. This acreage is not eligible for disaster program benefits.

This is the same grazing and haying program that was offered to farmers in 1978--with, two exceptions: There will be no advance payment and there is no guaranteed payment. The payment rate will be equal to the 1979 wheat deficiency payment rate which could be "zero" if wheat market prices during the months (1979) June thru October equals as much as the target price.

Of course, a farmer must have his farm signed up to participate in the 1979 program in order to be eligible to participate in the grazing and haying portion of the program.

Practically all farms in Parmer County are expected to participate in the 1979 program as producers do want to take advantage of the benefits and price protection features made available under the

Anyone having a question about the farm programs are invited (urged) to call the local office of The Agricultural Stabilization and Conservation Service in Farwell. The phone number is (806) 481-3311.

Farmers are reminded that April 1, is the final date to apply for wheat measurement service and that April 30, is the final date for signing up in the 1979 program.

To The Editor

Dear Mr. Editor:

I need help! I'm so darn dumb that I can't make heads nor tails out of what's going on. When I give somebody something it's always mine to give-even if it's on the "dollar down and a dollar a week" basis. So I can't understand how come it's going to cost us taxpayers several millions to give away the Panama Canal.

Now that is just a drop in the bucket. What I really can't understand is how come the U.S. (one of the world's youngest countries) has got to give billions to keep the Arabs and the Jews from fighting each other. I went to Sunday School onec't and the man told how those fellows had been after each other for a long time before Christ was borned.

Now there ain't no way that makes

How come we've got to pay them to stop fighting?

Fellow I know says it's to keep the Russians from jumping on us. Bull Corn! If the Russians wanted to fight somebody they had a good chance last week when the Chinks were imposing on their buddies in that Melay Peninsular-same place we goofed up after the Frogs had picked up their marbles and gone back to Gay Paree.

Another thing I'm too dumb to figure out: If I had me a grain elevator and a buddy made me a shaky loan to see me thru hard times--well I don't think that's as bad as my brother going overseas somewhere and promising to give

away several billion dollars (that ain't his) and then coming home a

Maybe I could understand it if said brother was figuring on being in an important election next year.

Back when I was a boy I saw a deputy sheriff inflict bodily injury on a fellow who was giving free drinks to men who planned to vote against. his boss. Something was said about it being against the law to buy votes. I reckon that's plumb out of style

Like I said, I'm dumb; will you or some of your readers help me? Thank you much, **Nelson Lewis**

P.S. I ain't going to even mention Taiwan-the wife has supper ready and I don't like to be sick just before

"Filstrup, that suggestion you dropped in the box last month has enabled us to save 3 million. Please accept our heartfelt thanks.

AAM Leader Gives Tractorcade Report

Gerald McCathern of Hereford, one of the leaders in the American Agriculture Movement, issued a statement this week in which he said he wanted "to set the record straight."

"There has been much rhetoric lately about those 'bad radical farmers' who descended on Washington, D.C. with their tractors for the apparent purpose, according to the news media, of making tracks on the mall. I would like to present the other side of the coin," McCathern

The Hereford AAM leader's statement continues:

ng in an r. I saw a

njury on e drinks against d about y votes.

much, n Lewis

ped us to

"I was involved in the National tractorcade from its inception. I am personally acquainted with virtually everyone of the participants, and I can assure you that they are among the finest people in this nation today. Concerned citizens who were willing to sacrifice a portion of their lives and their fortunes to try to save your farms and mine, your community and mine, and your nation and

"They were aware that our rural communities could not long exist in this inflation ridden society with grain producers receiving less for their commodities than they received in 1948! They were aware that the present farm bill has placed a ceiling price on wheat and feed grains at levels which will only equal to 1948 prices!

"They were aware that 1948 prices and 1979 costs equal only one thing, disaster for rural America. And so they committed themselves to trying to awaken America before it is too late by taking their tractors from their fields to the Nation's highways heading East, traveling eighteen days through rain, sleet, snow and blizzard to ultimately arrive in the Nation's Capitol to a planned reception which was unbelievable, even to the citizenery of Washington, D.C.

"Thousands of farmers, tractors, trucks and campers traveled eighteen days through cities such as Oklahoma City, Little Rock, Memphis, Nashville, Dallas, Shreveport, Atlanta, Charleston,

Kansas City, St. Louis, Indianapolis, and Cleveland without so much as a traffic ticket. All along the routes people greeted the tractorcade with flags and banners, good luck signs, and applause! It all ended, however, when we crossed the Potomac.

"We had secured our camp sites around the city at Bull Run Campground, Pohic Campground, and Greenbelt Campground, where we intended to return each night with our tractors after lobbying during the day. The police, however, had different plans. Buses, wreckers, garbage trucks, and snow plows had been gathered close to the mall before we entered the city on the morning of February 5th.

"The police were out in force. If a tractor was moving too slow, or if it turned the wrong direction, windows were immediately broken with night-sticks, and farmers were dragged from their cabs and arrested. Tempers flared but at no time did I see a farmer raise a hand against a police officer. I did, however, see several farmers beaten unmercifully before being carried off and arrested. It was apparent that the police were trying to incite a reason for their previously laid plans.

"As we approached the mall area in front of the Capitol thousands of police directed the tractors into the mall area and instructed the tractor drivers to park on the grass and off of the streets! When the farmers objected to driving on the grass they were threatened with arrest if they did not obey the orders!

"After the tractors, trucks, and campers had all been forced into the mall, the buses, wreckers, garbage trucks, and snow plows were lined up bumper to bumper completely surrounding the mall. A stockade of forty acres was formed with only two gates in and out and neavily guarded by police. We were then informed that we would not be allowed to leave to return to our previously rented campgrounds.

"Of course we were very angry and perplexed. We realized that our tractors could, at any time, push through the enclosure but it would

only result in further confrontation with the police and possible bloodshed. I feel the farmers should be commended for their restraint in keeping a bad situation from getting

"To say the situation inside the mall was confused would be putting it mildly. Groups who had traveled together had become separated. Approximately fifteen hundred tractors and as many support vehicles began trying to get regrouped. In the process of backing and turning and parking a few small trees were accidently run over by dual tires, a few trash cans smashed, and park benches busted. But considering the magnitude of the vehicles and the size of the area. I feel the damage was very minimal to what it could have been if the farmers would have wanted to be destructive! As one farmer was heard to remark to a newsman, "You don't force a bull into a china shop without expecting a little china to get broken!"

"Then came the "blizzard of '79." Twenty four inches of snow fell in a twenty four hour period. The city was paralyzed. Nothing could move. Hospitals were without help, fire trucks and ambulances could not run, and police could not patrol. Gangs broke into grocery stores and looted.

"Calls went out to the farmers for help. They responded just as they would have responded at home. The only problem was that the police would not allow all of our tractors out of the compound. For four days, 24 hours a day, we hauled doctors and nurses to the hospitals. We dragged ambulances and firetrucks to emergencies. We delivered medicines, we carried heart patients to hospitals, we pushed snow from parking lots, we opened streets, and we pulled thousands of cars from snow drifts.

"We established two command centers and instructed radio and T.V. stations how to contact us for emergency help. We received calls from the Pentagon, the National Guard, the C.I.A., the police stations, the hospitals, the fire

stations, and yes, even the U.S.D.A. requesting aid to clear snow. And we did it, with no thought of pay. We did it because we were farmers and our assistance was needed. We also gave several pints of blood when the blood

bank got low. "The people of Washington were grateful. Plaques and certificates of appreciation were presented to us, stating that they would always support the farmers in their efforts! Houses were opened to us for as long as we wished to stay. The attitude of the police changed. Those on duty "guarding" the farmers became more open and friendly.

"One policeman apologized to me for the way we had been treated. He said he had been on the police force for twenty four years and that no protestors had been treated as badly as the farmers. They only followed orders, he said!

"I visited with an employee of the park service responsible for upkeep of the mall. He said that the damage figures being quoted were highly exaggerated. He also said that appropriations had been made last December to reseed the forty acres where the tractors were impounded and that the contracts had already been let. This would indicate why, when we offered to reseed the mall free of charge, we were refused! And now to add insult to injury, Mr. Bob Bergland, the man who is supposed to represent agriculture, the man who by his inaction caused the farmers to take their tractors to Washington, the man who accused farmers of being greedy and poor businessmen, the man who only last week told the Democratic Caucus of the House Agriculture Committee that he did not intend to let agriculture have any increase whatsoever in 1979, not even to cover inflation, and who said we were lucky that he didn't lower the target prices and take away some of our prices; is quoted as advocating that farmers across the nation donate money to repair the mall!

"He has also been quoted as saying that the farmers in Washington have hurt the image of the American farmer. The image that the majority of the people have of the farmer is that he is a bare-footed, over-all wearing, straw chewing yokel with a straw hat on his head and a pitchfork in his hand, a second class citizen who only deserves a second class living. I can't see how that image can be hurt

greatly. In fact, I think we probably opened the eyes of the general public and made them aware that we are capable of standing up for our rights.

"I would leave you with this thought. If the present news media had been around two hundred and six years ago when that small band

of farmers had guts enough to dump some tea in Boston harbor, they would have been branded as radicals, a cry would have gone out across the colonies for donations to repay the King for the tea, and you and I would still be living under the King's dominion," McCathern concluded.

SYLVIA MEZA and RODOLFO RIOS....Mr. and Mrs. Jose Meza, Sr. of Bovina announce the engagement and approaching marriage of their daughter, Sylvia, to Rodolfo Rios, son of Mr. and Mrs. Ambrosio Rios,

Sr. of Friona. Wedding vows will be exchanged on Saturday, April 21 at 1 p.m. at St. Ann's Catholic Church in Bovina. The reception will follow at St. Teresa's Parish Hall in Friona.

PIOATO I IOITOR Gives Program

The Bovina Woman's Study Club met Thursday, March 22. Those attending were: Evon Stevenson, Lee Stevenson, Norman Whitten, Bessie Trimble, Mary Richards, Alma Clayton, Sue Fowler, Bell Willard, Joe Looney, Allene Russell, and the hostess, Lura Hoover.

The program was given by Phill Riser of Reiser Florist of Clovis on plants and their care. He arranged a bouquet of spring flowers while telling interesting things about the floral and greenhouse business.

Reiser stated that countries that

WEEK OF APRIL 2-6 MONDAY-Lasagna, English peas, buttered corn, hot rolls, butter, apricot halves and Borden's milk. TUESDAY--Pizza, tossed

salad, pinto beans, peach halves and Borden's milk. WEDNESDAY- Hamburgers,

lettuce, tomatoes, onions, pickles, mustard, French fries, brownies and Borden's milk. THURSDAY-Meat and vegetable soup, cabbage slaw, peanut butter, cinnamon rolls

and Borden's milk. FRIDAY-Fish, tarter sauce, candied sweet potatoes, green beans, cowboy bread, butter and Borden's milk.

(Menu Sponsored By BORDEN'S MILK)

export fresh flowers are Holland, Colombia, Israel and the state of

He said a must for green plants includes: 1. Light for energy, helps convert fertilizer and water to energy, 2. Water (can cause the most problems) too much or too little can cause same problem, 3. Soil (recommends good potting soil.)

He discussed foliar feeding of plants, temperatures below 50 to 55 degrees will retard growth of plants for about a month.

The next meeting will be a trip to the First National Bank of Amarillo for a tour. The group will leave from the Club House at 9:30 a.m. on April

One of our lovely Senior Citizens wants to share this poem.... NOT GROWING OLD....

"They say that I am growing old, I've heard them tell it times untold, In language plain and bold.. But I'm not growing old. This frail old snell in which I dwell Is growing old, I know full well... But I am not the shell.

What if my hair is turning grey? Grey hairs are honorable, they say. What if my eyesight's growing dim? I still can see to follow Him Who sacrificed His life for me Upon the Cross of Calvary.

What should I care if Time's old plough

Has left its furrows on my brow? Another house, not made with hand, Awaits me in the Glory Land. What though I falter in my walk? What though my tongue refuse to talk?

I still can tread the Narrow Way, I still can watch, and praise and pray.

My hearing may not be as keen As in the past it may have been, Still I can hear my Saviour say In whispers soft, "This is the way."

The outward man, do what I can To lengthen out this Life's short

Shall perish, and return to dust, As everything in nature must. The inward man, the scriptures say, Is growing stronger every day.

Then how can I be growing old When safe within my Saviour's fold? E're long my soul shall fly away, And leave this tenement of clay, This robe of flesh I'll drop and rise To seize the "everlasting prize."... I'll meet you on the Streets of Gold, and prove that I'm not growing old! -John E. Roberts

Have a great week...Thank you for calling.....Scooter.

Bill Would Increase City's Tax Revenue

State Representative Ray Keller, Duncanville, has announced his sponsoring of legislation aimed at redistribution of the city sales tax "to allow cities to regain the tax revenue that is rightfully theirs in the first place."

Explaining, Keller said, "The city sales tax is voted on by citizens of a local municipality but it is promulgated, administered and dispersed by the State. My bill calls for redistributing this money on the basis of population rather than where it is collected, under present law. Now, when someone shops outside his home town, the one per cent portion of the tax does not return to the citizen in the form of services. It goes to another city for services, means the shopper is footing the bill for another city and represents blatant taxation without representation."

Continuing, Keller said, "Not only does this create a windfall for cities

who happen to have many businesses arbitrarily situated in their political boundaries, but the recovering cities are under no obligation as to how the revenue should be used. Under my proposal, 91 per cent of the cities in Texas would receive a net gain and we would stop subsidizing those 9 per cent who gain under the present inequity. In fact, the City of Bovina would realize a net gain of \$42,237 under this legislation."

Keller concluded, "The cities with large retail areas gain from increased property taxes. There is no reason to subsidize other cities at the loss of our own when demands for tax relief and ever-increasing expenses are the concern of every local government. The time has come to do away with the inequities of the present law and give each citizen their rightful voice in how that money is spent."

DKG Chapter Met Thursday

Kappa Gamma met Thursday evening, March 8 in the parlor of the Hamlin Memorial Methodist

the business meeting. Lynn Roberts of Farwell and Lora Mae McFarland of Friona were in charge of a

program on "Personal Values."

Michael Boling entertained the

Refreshments were served from a harvest table covered with a yellow cloth appointed with yellow tapers and an arrangement of silk flowers. Assorted nut and fruit breads, fresh fruit cups and punch was served to thirty-three club members.

Hostesses for the evening were

"A short-term loan was all set, till he found out I didn't have any gold fillings!"

Love Nourishes Fait h

Read John 6:30-40

"All that the Father gives me will come to me; and him who comes to me I will not cast out." -John 6:37 (RSV)

AS we grow older we learn that it is easier to talk about Christ than to follow Him. We face continually the danger of losing sight of God by becoming indifferent or by compromising. We cannot profess Christ nor follow Him if we fail to love those among whom we live. Our love to our neighbor nourishes our faith in Christ. Yet how often we have shoved aside the very commitments that would draw us to Him.

Still God can fulfil His purposes through broken frag-ments. In a rushing mountain stream among the rocks lies discarded segment of reservoir pipe. Even dislocated and dislodged from its original position, it continues to be a conduit for the mountain stream that rushes through it and around it.

God can use us though our pattern of life has broken to bits. If we incline our hearts to Him, He can give us the will and the strength to follow Him.

PRAYER: God, I thank You that when I tire of striving and struggling I can yield the load to You. You can do the impossible for me. Keep me close to You; through Christ, Your Son, my Savior. Amen.

THOUGHT FOR THE DAY

Love for our neighbor nourishes our faith in Jesus.

Savings Is Great-Invest in Real Estate ------- 2 Texas eggs 1/4 tsp. salt 2 T. milk or water 1 T. butter 2 tortillas 2 T. tomato or enchilada sauce 2 T. sour cream 1 T. chopped onion or green pepper

Place tortillas in colander over gently boiling water to steam while preparing eggs. TO SCRAMBLE EGGS: Use a whisk or fork to beat eggs, salt, and liquid. Heat butter in skillet until just hot enough to sizzle a drop of water. Pour in egg mixture. As mixture begins to set, gently draw a pancake turner completely across the bottom, forming large soft curds. Continue until eggs are thickened. Avoid constant stirring. Cook until eggs are thickened throughout, but still moist. Divide the scrambled eggs in half and wrap each in a tortilla, placing them folded side down on the plate. Garnish with sauce, sour cream, and chopped onion or green pepper.

For additional recipes, write: Commissioner Reagan V. Brown, Texas Department of Agriculture, P. O. Box 12847, Austin, Texas 78711.

District-Bye
Regional Playoff-To be set at a later

The Bovina Track was the scene of three days of some of the best track talent in the area last weekend. Although Thursday, during the Junior High Meet, the weather was not the most conducive for a track meet, the weatherman really came through on Friday and Saturday for the Mustang-Filly Relays.

Coach Joel Nelson, who was the Meet Director for both meets, was very happy with the way things went and wanted to make sure that all those who helped were thanked for their participation.

Coach Nelson said, "Without the help of all these people and the whole community, a meet of this size would be impossible. I want to thank everyone for their cooperation in making the Mustang-Filly Relays a huge success. We hope to make this an annual event here in Bovina."

Coach Nelson named these individuals and asked that we publish their names to the public. TIMERS: Gaylon Rhodes, Tom Ware, Keith Garner, Kenneth Cary, Ken Horn, Dickie Clayton, Vernon Willard, Dennis Willard, Gaylon Carson, Mike Spears and Billy Smith.

FIELD EVENTS: Pat Barrett, Monte Barnes, Mike Lebby, Pat Conners, Ann Lees, Tommy DeLeon, David Murphy and R.D. Looney.

OTHER WORKERS: Larry Wilson, Mark Gunnels, Donnie Heard, Lawrence Widner, Jim Noyes, Richard Carson and Bob Sparks. Coach Nelson also wanted to thank all the students who helped in field events and set blocks and hurdles.

"A special thanks to Carol Ware, Pam Rhodes, Sylvia Brito and Joan Carson for all the typing and extra work they did. Also thanks to the Booster Club for the new concession stand and rest rooms," he concluded.

Here are the complete results: JUNIOR HIGH RESULTS

7TH GRADE GIRLS TEAM TOTALS: first, Muleshoe 132; second, Hereford Stanton 69; third, Hereford LaPlata 66; fourth, Dimmitt 64; fifth, Canyon 51; sixth, River Road 51; seventh, Farwell 27; eighth, Friona 26; ninth, Littlefield 21; tenth, Vega 12; eleventh, (tle) Bovina and Lazbuddie 4; twelfth, (tie) Happy, Hart, Nazareth and Portales 0.
