Clocks Watches Repairing

Meeting Closes at Melrose.

Yesterday at the 11 o'clock services were closed, one of the most interesting and successful protracted meetings of the Baptist fraternity ever had at this place. Rev. Fuller a native of this vicinity was the minister in charge.

I did not attend the services during the week, feeble condition of my health and the extreme hot weather confined me to my home, but persons capable of judging told me that Rev. Fuller preached a series of sermons equally as good as that which I heard him preach at the 11 o'clock service yesterday. His subject then was "Sacrifice is the law of life." His illustrations were eloquent, descriptive and impressive. He referred to items in the vegetable and animal kingdoms, to trees of the forest in the vigor of life, robed in its beautiful mantle of foliage.

He referred to man vaunting his superior creature and indulging in pleasure in vicious habits. That these all alike had to yield to the demands of natural decay and live again in another state of living. He portrayed in beautiful language the sacrifice made by Christ Jesus in His crucifixion made on the cross. His death, His burial, His Resurrection and His final victory over death, hell and the grave.

In the afternoon a very large concourse of men women and children repaired to a

beautiful body of water, clear as crystal, a miniature lake in the suburbs of Melrose, the people standing and in groups reclining on the banks and the summit of the dam which confines the water to its place. There in the shadow of a beautiful grove of trees after the performance of the usual ceremony twenty-one persons were baptised and confirmed as members of the Baptist church of Melrose. I wish that there had been an artist to take a picture as it was there presented.

No other news of importance here. Some complaint of weather being too dry but the crops that weather effects are still doing well.

Respectfully,
L. T. Barret.

'Twas a Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, coughs and colds, hemorrhages, hay fever, laryngitis, asthma or any bronchial affection it stands unrivaled. Price 50c. and \$1.00. Trial bottle free. Sold and guaranteed by Stripling, Haselwood & Co. w

"WANTED NEGRO" IN JAIL.

Green Price Brought in at Noon and Now Occupies Place in the County Bastile—As Usual, Very Talkative.

The muchly wanted negro, Green Price, alleged boot-legger, known bond jumper, and general scout for some two years, more or less, now occupies a berth in the county bastile, awaiting trial at this term of the county court. The negro has been diligently sought for all the time he has been gone, and several times barely missed being taken in, according to his own story, but just simply out-talked the officers. He has been in Houston nearly all the time too, according to his version, piddling around, doing odd jobs, until of late when he has been at work for John H. Kirby, under an assumed name. He was not turned up as previously believed, but was captured by the descriptions sent out recently by the sheriff's department here. As usual he is very talkative and to the officers and others related a graphic story as to his whereabouts and how he eluded capture time after time. The men who were securities for Price had offered a substantial reward for his arrest, and today several of the Nacogdoches business men feel much better as the result of the negro being safe behind the bars. Sheriff Spradley went to Houston yesterday returning on the noon train with the prisoner. Constable Frank Smith at Houston made the arrest.

Notice.

Everybody interested in the Eden grave yard will please meet there on Thursday August 12 for the purpose of cleaning off and fencing the grave yard. Bring your dinners and tools and come to stay all day.

E. H. Craft.

Negro May Die.

Sheriff A. J. Spradley returned last night from Garrison where he went to investigate the negro shooting. He stated that the negro was still alive, and with a fair chance to recover, if complications do not set in. The bullet that wounded the negro was found, and proved to be from a very heavily-charged 22 calibre cartridge. The bullet entered the negro's chest, cutting its way through bones and flesh to the opposite side. The negro was asleep at the time of the shooting. A clue to the party who did the shooting has been secured.

If you expect to take a course in bookkeeping, typewriting and stenography or telegraphy, see us. We will save you some money on a scholarship.

Halton & Halton.

JUST A COMMON "VAG."

Well Known Young Man, Prominent One Time in His Locality. In Clutches of Law—Beseeching Letters From A Faithful Wife.

In one of the offices of a county official there are filed some letters, covering a period of several weeks—maybe months—addressed to a man in care of that official. Along with those are other missive addressed that official asking aid. Not monetary aid or assistance, for the good woman has that sufficient to provide for self and little children in comfort. She wants her husband and the letters to him were entreaties, the most touching imaginable to come back home to her and the babies. The others were begging for aid in getting the man back to his home. It is a most pathetic story, one of home, of wife or children.

S. Kaplan & Bro.

Rich's Famous Julia Marlowe Shoes going at special prices this week.

one of the tragedies of life as one person put it, and deserving of the sympathy of a people. Some time ago—weeks or months—the husband left home on business to return in a few days. He hasn't returned yet but is spending his time in and around questionable places, dives and localities where a decent man would not dare go. On advice of this court house man, the husband was taken up some time ago, fined for being a common "vag," advised to return to his own fireside, and was finally released with the promise that he would do so. Instead he made way back to the dive where found before. The letters continue to come,—begging, pleading for the man—the head of the house—the husband and father. The pleading and beseeching words of the loving wife were still unheeded. A second

Our Dollar Proposition

to the customer who looks at our BUGGIES and buys elsewhere still holds good. We have not had to pay out a single dollar to any one up to the present. Our sales in this department have been very satisfactory, having sold a nice lot of Buggies, Surries and Traps. The reason for this is excellent, for without a doubt we have the best values for the money that have ever been shown in Nacogdoches, so says every customer whether a purchaser or not.

If you need anything in the line of Buggies, Surries, Traps or Harness you should come at once, for we have in another car and our assortment is complete.

Come while you can get your choice.

Cason, Monk & Co.
Value Givers

time the man was arrested and fined for being a common "vag." A second time he was advised to go home,—fairly begged to return to his faithful wife and innocent little children. A second time he promised and was released,—and again he made his way to the same old putrid, disgraceful hovel, as a culture seeks the carcass of decaying flesh.

This is written not for the purpose of doing other than to point out the negligence of a people. The pecuniary wants—money, food, clothing necessities and luxuries are sought with all the zeal possible, while around us hover the most degraded beings extant. Every dive, hovel, questionable place in Nacogdoches ought to be put out of existence. They are disgraceful and blots on our fair city. Whos fault? It is sentiment's fault. It is the people's fault. They laugh at such or else

pass it by unnoticed. The story of the man is true—it is one, while hundreds of others equally as bad or worse, could be told—if truth was known. Young men and old men—single and married—but what's the use? In the meantime the good wife and darling little babies are pining for the husband and father—ready to again receive him lovingly though he has chosen a place among the vultures.

Scared with a Hot Iron
Or caddled by overturned kettle—cut with a knife—bruised by slammed door— injured by gun—or in any other way—the thing needed at once in Bucklen's Arnica Salve to subdue inflammation and kill the pain. HALTON & HALTOM, PROPRIETORS.
GILES M. HALTOM, MANAGER.

WELL—what about trades day?

It is not what a town has that makes it grow, but what that sametown does.

DISLOYALTY to a city for any thing in that city is mighty bad. Don't practice it.

BELTON has just pulled off a good county fair,—but then Belton people believe in doing things.

CORN and cotton and tobacco promise abundant yields so there is no excuse in the world for non-progressiveness.

THE \$36 suit of clothes that will in the future cost \$42 will cause no worry to the fellow who is use to wearing last year's rainment.

THE butter factory is sleeping just the same as so many other propositions have slept. But along with it, some folks are sleeping on an opportunity.

STREET tax collections are going on with the regularity of clock work,—but to date we have no street crossings,—to say nothing of some other things.

TIMPSON is going to have a fair. Go it Timpson—bully for Timpson—the only East Texas town that has nerve enough and push enough to try to progress.

THE tobacco industry is looking up in San Augustine county as it is in old Nacogdoches. The people are gradually realizing that tobacco growing pays and pays well.

NACOGDOCHES is again without a park—had you thought of it—or really do you care? Somebody, sometime, for some reason ought to take an interest in things and help Nacogdoches improve.

WHAT'S the matter with getting up some more trades days? Are the merchants and business men willing—do they want something to stir up and to stimulate business? If they do—start the trades day feature again.

GIVE Nacogdoches a commission form of government—something modern—a new court house and sanitary jail. \$100,000 in good road bonds, and some hustle here in town, this would be the liveliest proposition in the whole of Texas.

WHOO! up the butter factory—we need it and the farmers, merchants, and consumers need it. Three thousand dollars in a plant and five hundred cows furnishing cream will supply this city in butter and then have lots left to ship.

THE most depraved being in the world is no worse than the egotist who pictures the opinions and doings of self, while ridiculing and respecting not that of others. He who thinks that all are fools but they who believe as he does, is himself the biggest fool of the bunch.

ONE of the greatest needs in this section is a good, up-to-date butter factory. The farmers are clamoring for it and the business men ought to aid them in building one.

THERE is nothing better than good roads unless it is better roads. If the good people of this fertile old county would expend \$100,000 for the purpose of improving and building roadways, the county would increase in value two-fold in ten years.

WEST Texas is very proud of the fact that good rains have fallen there. Well those people have cause to be proud—and lack of rain is the only thing in the world that will cause a Panhandler to be the least discouraged. Give that country moisture and they can out-hustle any people on earth.

THE young men of Nacogdoches are very respectfully reminded that the time is coming when the burden of the governmental affairs will rest on their shoulders. To handle such successfully a knowledge must be had—and the time to acquire that knowledge is now. Let's get together and organize for the good of the town.

SOME fellow in Texas ought to start a school for the purpose of enlightening people regards the ordinances of some of the towns and cities. Of course one man couldn't do justice, for there are so many city laws—nonsensical and otherwise—but a start would get others into the great (?) work. And we certainly need it in Texas.

TODAY'S papers chronicle the fact that William J. Bryan is to move to Texas, and therefore will decline the Senatorship from Nebraska. It's worth even more than that to get to come to Texas to live. Nacogdoches has an opportunity to get one more good citizen and no doubt the esteemed gentleman would come right to this good old town if he were invited.

THE city street commissioner is to be congratulated on weed riddance along the Banita creek in the neighborhood of North Street. If about one week was put in in cutting weeds the appearance of some portions would be much improved—and while the question is up, it might be mentioned that if some of the wealthy folks would have the weeds cut on their rent premises, the entire city would appreciate it.

SAID one: "In a live place the people all go along together and do things; but here in Timpson one hangs back because he thinks the other fellow gets all the credit." A gift loses its significance when the giver expects gratitude or a gift in return. Just so public enterprises lose their staying qualities when their promoters stop to balance personal accounts. When we give what we give and do what we do for the simple pleasure of the giving and doing, then, and not till then, is the act of real value.—Timpson Times.

ORANGE county—this week voted \$100,000 for the Sabine-Neches canal, the issue carrying by 84 to 1. If that county can spend that sum for improving its waterways, it seems that Nacogdoches county might spend twice that much to build good roads.

THE Weeds are still standing. Not all of them either for there are some people here who are enterprising, and had rather live in a clean hut than a filthy mansion. There are others who don't care a snap just so it doesn't cost anything. Lots of tenant houses belonging to people who are able to progress, are standing in weeds today, growing monuments to their lack of interest.

CLEAN houses and dirty towns is the theme for a long article in a leading magazine this month, and the author truthfully and very convincingly shows where and how the American people are conducting their premises. Clean is clean and the opposite is dirty, whether houses or town and a people ought to be as tidy with one as another. A very sad and sorryful story however when applied to our own prided city.

THERE are some people in this city who seem to pride themselves on cleanliness of their premises. You rarely pass their places that some one is not at work in the yards, cutting grass, looking after the flower beds or picking up trash. There are others in this town who don't give a continental snap whether they live in a house or a hogpen, from the appearances of their places, front yards, back yards, alleys etc. Weeds in some yards are as high as a barn door.

THE Marlin Commercial Club is now a convert. It believes advertising pays, and will therefore continue its campaign and on a much larger scale. There are some people in this big old world that don't believe it pays and never will—because they'll never get the scales off their vision. The man is to be pitied who says that he doesn't need to advertise as he has lived at such and such a place always, knows everybody and everybody knows him. And the duller the season the more and stronger advertising ought to be done. This is not only true of individuals and firms, but of towns and cities. When will the people of Nacogdoches get the habit and help this section grow?

TWO young farmers were talking Saturday. Both fine looking men, seemingly in a prosperous way and above the average in intelligence too. The question of farming of course was under discussion, and both agreed that cotton was the salvation of the country. One thought that 200 acres of cotton with hands to work it was the only way to make money,—the other argued that half that amount was sufficient for any man to look after. Both of them are as far off the track

as Africa is from Arkansas, and as long as they (and all others) swing to a big acreage of cotton, letting other crops go, just so long will East Texas be in a bad way, and just so long will eight cent cotton continue to buy eighteen cent lard, eighty cent corn, sixteen dollar hay and other necessities of life.

TOWNS up around Nacogdoches and Lutkin are indulging in acrimonious debate, as to which of them has supplied the brains of the other. If they get much madder about it, we shall be daiven to the conclusion that the whole buuch was supplied in a job lot from Matteawan.—Port Arthur News.

TUT, tut, Stump—mustn't be so harsh on the "hull uv us," for when something better presents itself, we'll take it. Congratulations too on the News for its a bird and when the folks of that saintly burg find out that the meat is supplied by the pencil pushers of Nacogdoches and Angelina counties they'll be all the more pleased. Push it along—it's a good thing—the butter factory.

THE Nacogdoches Sentinel is standing out behind the tobacco factory and kicking like a gasoline engine because that dear, dull, charming, but dead old town will have no fair this year. We are sorry for Higgins, poor chap, for he is a square peg in a round hold. He wants to enterprise where there is none. The trouble is that all the live people have pulled out of Nacogdoches and the other East Texas towns of fair repute, and come to the Panhandle. That's the reason, Higgins. Get back on that street crossing job.—Dalhart Evening News.

Quite surprised at Drake—and not much either in a way. The fair proposition was a pet, as all other propositions for the progress of this city and section are. And we haven't lost confidence in the fair—going to try it again next year—tobacco ware houses are looming up—three of them—weeds are going down—street crossings are being proposed. Now what do you think of that for real progress? The people of this famous old town are going to wake some of these days and the swathe they cut will be marvelous. The folks of Dalhart who are having such a strenuous life relative to the water affair, ought to come to the best country in the world and drink Aqua Vitae—the water of life. It's great and will do more for the Panhandlers of the big Plains than any thing else. Push it along!

THE young people—young business men—of Nacogdoches ought to get together for the upbuilding of this city. The older folks wont do it—or at least haven't—and so it's up to the other element. Of course they do not control wealth and progress may be an uphill business, but some good could be done by the mere fact of organization.

Buggy Harness

Our stock of Buggy Harness is the most complete and up-to-date we have ever had. When you go buy a set of harness don't fail to let us show you through our stock. I am sure we can please you in a set.

M. L. STROUD

P. S.—Call and get a bottle of Hanford's Bessan Myrrh, a guaranteed remedy for cuts, sprains, etc. Sold only at the Saddle Shop.

"LYING in the sunshine among the dandelions and buttercups of May, scarcely higher than the minute tenants of that mimic wilderness, our earliest recollections are of grass; and "when the fitful fever is ended, and the foolish wrangle of the market and forum is closed, grass heals over the scar which our descent into the bosom of the earth has made, and the carpet of the infant becomes the blanket of the dead. Grass is the forgiveness of nature—her constant benediction. Fields trampled with battle, saturated with blood, torn with the ruts of cannon, grow green again with grass, and carnage is forgotten. Streets abandoned by traffic become grass-grown like rural lanes and obliterated. Forests decay, harvests perish, but grass is immortal. Beleguered by the sullen hosts of winter, it withdraws into the impregnable fortress of its subterranean vitality and emerges upon the first solicitation of spring. Sown by the winds, the wandering birds, propagated by the subtle horticulture of the elements, which are its ministers and servants, it softens the rude outline of the world. Its tenacious fibers hold the earth in its place, and prevent its soluble components from washing into the wasting sea. It invades the solitude of deserts, climbs the inaccessible slopes and forbidding pinnacles of mountains, modifies climates and determines the history, character and destiny of nations."—John J. Ingalls.

THE BUILDING OF CITIES.

There are two cities in Texas that are going to cause the people of this country to open wide their eyes. These places are Beaumont and Marlin. The former has a strong commercial organization with Tom Larkin as its head and the latter is now being pushed to fame and fortune by that "live wire" proposition—Secretary Nicholson. This latter city, though as good a place ten years ago as today, has been sleeping as some of the other Texas cities are now doing. But a progressive element has struck Marlin of late. The people are coming into their senses and are pushing the "hot water city" to the front. With a half dozen men with energy and the people behind them, any city in Texas can do the same thing as Beaumont, Marlin or any other place. But until the progressive spirit takes hold, a town will retrograde instead of climb.—Nacogdoches Sentinel.

Note the fact that in each case the live secretary is backed up by a strong commercial club, and behind the club stand the people. A secretary can not do much alone, now will the efforts of five or six men avail anything unless backed by the people. It takes more than one man's zeal and energy to move things, and the five or six may be too much disposed to limit the benefits to "me and my son John." It takes all the people to do things as things should be done. But the pull all-together spirit is the spirit of individual pullers.—Timpson Times.

THERE is no place under the blue canopy of heaven that offers the opportunities for advancement and prosperity as Nacogdoches city and this section. There are people who are fairly clamoring for just such a country as this, but they know not of its existence. The only way to get them here is to advertise and the best way to do that is organize. An undeveloped gold mine is no more valuable than the roughest hillside in an unknown country, and the richest lands in the world are no more than an ash heap unless they produce.

Nearly a Half Million Dollars

paid in the past decade for fire losses by the Texas National, paid fairly and promptly without a law suit or a contested claim. A man is judged by his acts, an insurance company by its loss settlement. A Texas National never costs more than any reputable company.

Better see John Dorsey and get the best. Three years at the price of two, paid in three annual installments. E. A. Blount, John Schmidt, W. U. Perkins, H. T. Burk, Dr. W. I. M. Smith, Mayer & Schmidt and others have the Texas National.—Ask these business men about it. They know its record and its management.

HEADQUARTERS IN HOUSTON.

Lindsey & Harris Making Arrangements to Open Office in Bayou City September 1st—Aqua Vitae Depository.

Lindsey & Harris, members of the firm of the Nacogdoches Land Company, have announced that they will close their office here September first and open headquarters in Houston. The building now occupied has been leased and on that date the Nacogdoches Land Company will pass out of existence. Messrs. Robert Lindsey and June C. Harris have formed some business connections with prominent Houston parties and will probably occupy a suite of office rooms in the new Carter building, now under construction. The new firm will deal in real estate, while Mr. Harris will also practice law, at the same time taking care of his local attorneyship for the lumber companies and other concerns he now has. Mr. Lindsey will have active charge of the offices in Houston and will look more after the real estate and the Aqua Vitae waters. A depository will be established there and the waters will be shipped from here to Houston in car load lots, that city being the distributing point. A complete bottling plant will be erected here and aside from that and the local sale, no other water business will be done in this city. It is stated that the park will probably be disposed of, all but the wells, as the company will have no use for the extra land. It is stated too that an artesian well will be sunk within the next sixty or ninety days in the hopes of striking a heavy flow of the same mineral waters, but if such is not found, the present supply is almost inexhaustible. It is understood that a party is figuring on the park for a truck farm. If sold the pavillions will likely be moved and all of the grove put in cultivation. The waters continue to find a ready sale, both in and out of town, and with a thorough advertising campaign as the company expects to inaugurate from Houston, the sale is expected to increase ten fold. A big supply of bottles and cases have been purchased and a bottling plant will be erected at an early date at the park. The parties at Houston to be affiliated with the Lindsey & Harris combination, are prominent and have lots of capital at their command. It was stated this morning that the people in the Bayou city were convinced of the opportunities offered in the mineral waters, and had all the money necessary to do any and every thing they desired. Messrs. Lindsey & Harris did not dispose of an interest in the park however, though several opportunities for a sale have been offered. In speaking of the matter this morning, June C. Harris said:

"We will open offices in Houston September first and will make that city the distributing point, at once putting in a depository for the

Aqua Vitae Mineral waters. The company we have formed has unlimited capital and we expect to be put the waters to the four quarters of the globe. We hate to leave Nacogdoches, and still believe that this city and her people have let pass a brilliant opportunity when no effort to push this enterprise was made. Had the people shown a disposition to help us, we intended to lease the Orton pasture, build an artificial lake, boat houses, bath houses, drive ways through the plot to the canyons, and probably stock it with park animals. A natural health resort as Nacogdoches is, with these wonderful attractions for the Summer tourists, and the fact that the railroads had promised to put five hundred people a day here, next season, make it still more regrettable. But it can't be helped and we are compelled to go where we can have co-operation in another way, if not in the way we desired. Mr. Lindsey and myself will go to Houston September 1st, Mrs. Lindsey going also, but my family will not leave Nacogdoches before January 1st."

About Home Folks
Eugene Buckner, ex-sheriff of Nacogdoches county, spent last night in Lufkin attending to various matters of business.

Miss Lula Bentley, of Nacogdoches was a passenger on the north bound E. & W. train this morning. She has been visiting her brother, Warner Bentley, at Humble.

Issac Skillern, representing the Attoyac River Lumber Company of Press, Nacogdoches county, spent yesterday and today in Lufkin on matters of business for the company he represents.

E. B. Lewis and B. F. Ammonette, two lawyers of Nacogdoches, were pirouetting around in Lufkin this morning. They acted rather awkward, being in a sure enough live town for the first time in quite awhile.

E. O. Hill and T. L. Parrish, of Nacogdoches county were in Lufkin a few hours yesterday morning on their way home. They said they had been attending meeting out at Moffet school house and trying to get acquainted with the young ladies out there, but the young ladies would not get acquainted. Of course not. The young ladies of Angelina county are particular with whom they get acquainted, especially when they are from Nacogdoches county.

Charlie Bonner came in from Press, up in Nacogdoches county yesterday and reports everything as moving along all right in the good old county across the river. He had the picture of a big tree that was cut just across the river on the Nacogdoches side. The tree was one of the old time and ancient pines and was five feet or more in diameter. It was cut originally for the mill at Mayo but was too large for the saw up there, so it was dumped off at Nacogdoches and given to the Aqua Vitae Park, where it can be seen by all men. Nacogdoches is noted for big things and the old time tree is only an illustration.—Lufkin Tribune.

GREEN PRICE CAPTURED.

Constable Frank Smith Of Houston Located The Negro In That City—Will Get Reward Of \$100.

Green Price, the negro who forfeited two bail bonds in the county court two years ago, has been captured and is now in jail at Houston Texas. The capture was made yesterday afternoon and Sheriff A. J. Spradley notified, the latter going to Houston today after the prisoner. Price is charged with bootlegging in two cases and has been on the dodge for about two years, all the while officers seeking him in every way and most every where. The negro has made many daring escapes too, and has been shot at a number of times, but was always successful in getting away. It is quite probable that one or both of his cases will come up for trial in the county court here this week. There was a reward of one hundred dollars for his capture and the money will be paid to Constable Frank Smith, at Houston, who effected the capture.

DON'T WAIT.
Take Advantage of A Nacogdoches Citizen's Experience Before It's Too Late.

When the back begins to ache.

Don't wait until backache becomes chronic.

Till serious kidney troubles develop.

Till urinary troubles destroy night's rest.

Profit by a Nacogdoches citizen's experience.

A. G. Gatlin, Cox street, Nacogdoches, Texas, says: "About two years ago when stopping to lift a heavy timber, I was taken with a crick in my back which made it impossible for me to straighten. There was also a pain across my loins for a few days and my kidneys became disordered. Someone finally told me to give Doan's Kidney Pills trial and I procured a box at Mast Bros. & Smith's drug store. As the result my back was straightened and before I could realize it my kidneys were normal. Doan's Kidney Pills lived up to representations in my case and have my most hearty recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Returns From Chicago.

Dr. C. C. Pierce has returned from a business trip to Chicago, where he went to take a short course in some special dentistry work. He reports crops very fine in the Central states and the people in those sections prosperous. Oh but it's hot in the "Windy city."

Miss Ruby Haltom returned home yesterday from a months visit to relatives in Center and Carthage.

The Health of Your Horse.
The proper remedy for all horse strains, sprains or colic is FERRY DAVIS' PAINKILLER. Be prompt and you'll save the horse suffering—spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle is 50 cents; the old larger, 75 cents. Be sure your druggist gives you FERRY DAVIS'.

You May Need It

Ask your doctor about the wisdom of your keeping Ayer's Cherry Pectoral in the house, ready for colds, coughs, croup, bronchitis. If he says it's all right, then get a bottle of it at once. Why not show a little foresight in such matters? Early treatment, early cure.

Many a boy is called dull and stupid, when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills will do such boys a great deal of good. They keep the liver active.

Made by the J. C. Ayer Co., Lowell, Mass.

An Outrage Reported.

For the first time in many years the good name of Angelina county in general, and Lufkin in particular has been outraged and today shame mantles the cheek of every person when they admit that they live in this used to be excellent section of old Nipantuck. Last night some person, with malice aforethought and with a heart long since hardened to crime and criminal deeds sneaked over the court house fence and carried the melon away. Detectives have been placed on the case and the firm belief is that the miscreant came from Nacogdoches county. For many years the rivalry between Angelina and Nacogdoches county has been well known and Sam and Hense Burrows who have been the noted and famous growers of melons in Nacogdoches county have been trying to beat uncle Jeff Wilson and other noted growers in this county. Evidence is at hand that will almost prove that these Nacogdoches melon growers, knowing the immense size of the melon which was being grown by Martin Feagin, in the court house yard, and knowing further, that it would take the prize and absolutely place the Nacogdoches variety in the shade, deliberately sent a man down here to abduct the melon and thus knock Angelina county out of winning the pennant for melon growing on a big scale. The hotel registers show that only three people registered from Nacogdoches at the Lufkin hotels last night and these three were E. B. Lewis, B. F. Ammonette and Ike Skillern. Ammonette and Skillern gave good account of what they were doing last night but Judge Lewis could not be found, and so suspicion lies very strongly in his direction, and as he had business at the court house and was obliged to pass by the melon several times during the day this suspicion becomes still stronger. Martin Feagin declares that he will not stand for such treatment, not that he cares individually, but that the good name of Lufkin and Angelina should not be allowed to suffer in such manner. He is, therefore, considering the idea of offering a reward of \$500 for the man who pulled and ate the water-melon.—Lufkin Tribune.

The building on West Main street, formerly occupied by J. L. Smith & Co., is being arranged for a skating rink.

Some Stoker Sittings.

We have been having some local showers for the past week which have done a great deal of good.

Seems that every body is trying to be sick in this community.

Tom Pleasant has been very sick for the past week but is reported better.

The death angel visited the home of Mr. and Mrs. R. L. Chandler Saturday night at 10:30 o'clock and took from them their 3 year old son.

A. C. McCarty who has been saw filer for Old River Lumber Co. at this place for some time has moved back to his old home in Louisiana.

The Stoker boys crossed bats with the Swift boys last Saturday and a regular county game was pulled off. Melton pitched a good game for Stoker and Judd did some good work on first base but in spite of all when the last inning was play the score stood 21 to 9 in favor of Swift. Hurrah for Swift, guess they will have to go to Black Jack again. They played Swift 21 to 1; don't know what they would do for Stoker.

The protracted meeting is progressing nicely at Mt. Moriah. It has been running for eight days and they are talking of protracting it longer as all the people seem to be in good spirits and have plenty to eat.

Singing school has just closed at Mt. Moriah conducted by T. D. Fulmer.

Little John.

Hot weather saps the vital energy and makes the hardest workers feel lazy. To maintain strength and energy use Prickly Ash Bitters. It is the friend of industry. Stripling, Haselwood & Co. special agents.

Average Rain Fall.

It became a task yesterday to get the average rainfall for Nacogdoches for the past five years. Captain Cooper, always willing to give any and all information at hand, kindly referred to past records and we got what we wanted. It will possibly be surprising to know the abundance of rainfall in this county. The West Texas countries are more than satisfied with three fourths the amount this county gets. Lots of sections are not favored with half. The total number of inches of rainfall for the past five years, from July 1904 to August 1909, was 237.97—while the average for each year was 47.59.

Miss Lizzie Floyd left today to visit relatives in San Augustine.

All Who Would Enjoy

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently the Company's Syrup of Figs and Elixir of Senna gives general satisfaction. To get its beneficial effects buy the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

Mr. Herring Resigns.

Mr. D. B. Herring, who for the past year has been manager of the local telephone system has resigned his position and will engage in the commercial business in the future. Mr. Herring has, by his courtesy and ability made many friends here who will regret to learn that he is no longer connected with the telephone company. He has brought the local service up to the highest standard of efficiency and made many improvements in the plant since being in charge here.

Look out for malaria. It is seasonable now. A few doses of Prickly Ash Bitters is a sure preventive. Stripling Haselwood & Co. special agents.

About The Experiment Station.

Otto Olsen, who was here last week looking after the tobacco situation, has returned to Palestine, but will probably be back here some time this week. In reference to the tobacco demonstration farm he stated that Prof. Harrington was not located in time to consult with Mr. Hinson and himself, so they made a trip to the A. & M. College where they consulted with Prof. McKnight. It was decided to postpone the matter till the latter part of August, and then try to get them together. Nothing can be done on the farm anyway till later this fall, and it is considered that they have plenty of time. Mr. Hinson has returned to Washington.

Keep your vital organs in good condition if you would have health through the malarial season. Prickly Ash Bitters cleanses and strengthens the stomach, liver and bowels and helps the system to resist disease germs. Stripling Haselwood & Co. special agents.

Mrs. Wortham and children left today for a visit to relatives in Cushing.

Weekly Sentinel

Office of Publication—Church and Main Streets
Opposite Opera House.
PUBLISHED EVERY THURSDAY.

RATES OF SUBSCRIPTION:
Daily, per year, \$4.00 Weekly, per year \$1.00
Six months, \$2.00 Weekly, six mo., .50

Subscribers of the Sentinel wishing a change of address are urged to give the old as well as the new address. This is important!

"THIRTY" IS IN.

From Monday's Daily:
Messrs. H. B. Link and S. M. Wood, having leased The Redland Herald plant, announce that with the issue this afternoon, The Evening Herald suspends publication—as a Daily only, the Weekly continuing. Arrangements have been made with the Daily Sentinel to carry out all subscription contracts, both in and out of town. All subscribers of the Evening Herald will receive the Sentinel until the time paid for expires. All parties who are subscribers to both the Herald and Sentinel will be credited the full time on the Sentinel books and will receive the paper until their Herald's date expires. There are some new names on the list and it may be several days before the Sentinel carrier boys find you, and all are requested to notify the office at once if you fail to get the Sentinel after today. To those new ones we extend a welcome, hoping that all will be pleased to the extent that a continuance of subscription will result.

SOME people don't quit chasing dollars long enough to know their neighbors—unless it's to listen for gossip about them.

FEW of the folks are still hammering on the weed crops and indications are that many patches will be laid bare. There are some yet however, who don't care a snap whether the weeds or cut or not.

"BEGINNMENT" is a new word coined by the Nacogdoches Sentinel. We intend to lay it away on ice, as it may some day come in handy. Although we don't just see how—Port Arthur News.

With the "beginment" of next season Stump ought to resolve new resolutions in the hopes of bringing that woeful city of Port Arthur out of the kinks. His "beginment" last season was most auspicious but Gates, trip to the East caused a collapse—don'tcherknow. Push it along,—it's a good thing—the butter factory.

INASMUCH as the people of this city were forced to suffer a raise in telephone rates, it seems reasonable that these same people might demand a better telephone service. Some telephones have been out of commission for the past two weeks—others badly crippled—and little effort to right the matter is evident. When a party calls for a number, that same party don't like to be scolded more than three times a day, and don't like to wait fifteen minutes for a connection. Lots of times it's quicker to go to see the fellow at the other end.

ENTIRE SERIES TO LUFKIN.

College Chums Win The Final Game From Missionaries, Making It Four Straight—Same Old Base Running Story.

From Friday's Daily:
That same old time worn story that we've harped on for lo, these many days,—poor base running, was responsible for yesterday's defeat, as it was for at least two of the previous games. The Missionaries out played the College Chums with that one exception,—and that one exception was just enough to beat the locals by the score of six to three. Rube Smith was in good trim and put balls by the Lufkin aggregation that made them look dizzy. Only six hits were allowed by the big fellow but when a Chum got on bases,—there was some thing doing. The Indian twirler from the hill sides of old Oklahoma, or somewhere else, failed to deliver as good an article as on the first occasion, getting but six strikeouts and allowing eleven hits,—but the base running of the Missionaries was more like country town ball than semi-professional base ball. At least four runs were cut off on account of the lack of real base ball. Long chances, no chances and wrong chances were the order of things instead of exception. As individual players the Missionaries are as far ahead of the Chums as Nacogdoches is of Lufkin, but collectively there are not. Fewer errors were made yesterday than the day before—by both teams.

Batteries; Lufkin, Middlebrook and Townsend; Nacogdoches, Smith and J. Rusche. Hits: off Middlebrook 11; off Smith 6. Strikeouts: Middlebrook 6; Smith 10.

Umpire, Woods.

Time, one hour and forty minutes.

By innings:
Lufkin 401 000 100—6
Nacogdoches 002 001 000—3

If you are all run down Foley's Kidney Pills will help you, as they strengthen the kidneys so they will eliminate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which sap the vitality. Do not delay. Take Foley's Kidney Pills at once. Mast Bros., & Smith. eod

Crockett defeated Jacksonville Monday. Holland and Fuller pitching against Peebles for Crockett. That city leaguer must be a goer.

DeWitt's Little Early Risers, the pleasant, safe, sure, easy little liver pills. A salve you may always depend upon in any case where you need salve, is DeWitt's Carbolized Witch Hazel Salve—especially good for Pills. Sold by Mast Bros. & Smith. dw

Complimentary Forty Two.

Mrs. Noel Roberts who has been the popular guest of Mrs. Frank Sharpe left for her home in San Augustine last Thursday, and up to the time of her departure, she was the recipient of social attentions.

Mrs. Matt Tucker contributed to the pleasures of her

visit by a delightful three table Forty Two Party on Wednesday afternoon, the list of guests including Mesdames Jim Thomas, Albert Nelson, George Meisenheimer, E. H. Blount, Beeman Strong, Tom Summers, John Power, Felix Tucker, Frank Sharpe.

Punch served during the game and delicious peach ice cream with lovely cake were the good things served by the hostess for the enjoyment of her guests.

Moonlight Ride.

Mr. Charley Shindler gave pleasure to a bevy of young girls Monday night with a lovely moonlight ride, very sensibly taking advantage of the beautiful nights we have been having. They drove out North street some several miles and came back to enjoy cooling and delicious drinks at Weeks & Ratcliff's popular parlor. The Misses who are indebted to Mr. Shindler for this lovely outing are Mintie and Mary Price, Willie Blount, Jessie Garrison, Maude L. Vinson and Elizabeth Sanford of Georgetown, Laura Blount, Louise Baker, Fannie, Vera Ruth and Mamie Middlebrook, Carrie Pearson and Edna and Mildred McCarter of Commerce, Texas.

The Sewing Circle.

Mrs. G. A. Blount was hostess to the Sewing Circle Thursday afternoon. The Circle is the only Club that thrives in the midsummer season, and no wonder when each hostess contrives to make the meetings so pleasant that one is quite oblivious of the antics of the mercury.

The meeting with Mrs. Blount was particularly enjoyable, for she had extended the courtesies of her lovely home and the club to a number of outside guests, which also included some out of town friends, and besides she was assisted in entertaining by her guest and cousin, Mrs. Earl Douglas of Houston. Her spacious verandas made a delightful sitting room in which to chat and ply the busy needle and later enjoy the refreshments of Fruit Salad, Wafers, Lemon Ice Wine, Cake.

The out of town guests who shared this pleasure were Mrs. Henry Link of Palestine. Mrs. Earl Douglass, Mrs. Walter Ginz, Misses Opal Arnold and Wright of Henderson, Lott of El Paso, Braunig of Shreveport, La. Mesdames E. C. Branch, Marcus Smith, E. H. Blount, J. J. Hayter and Miss Eason also enjoyed the afternoon with Mrs. Blount and the Circle. Miss Lorena Middlebrook will be the next hostess.

BALES of cotton are beginning to roll into some towns already—and the people of those burgs are planning for more and better fall trade. It would be the proper thing if Nacogdoches merchants would offer a nice purse for the first bale brought here—and the farther the distance, the bigger the purse. It takes just a little push and hustle to put a town to the front.

Mrs. John Turney and Mrs. J. H. Reagan and children returned this morning from Corpus Christi.

MISSIONARIES MAKE CONVERTS

College Chums Start On A Toggan Slide And Catch Their Breaths As The Fast Bunch From Nacogdoches Entertain—"Baby" Chase Batted Out.

From Saturday's Daily:

Real base ball,—the kind that makes a fellow take notice,—hitting, fielding and base running,—were features of yesterday's game at Lufkin. The College Chums—full of glee and laughing all to themselves,—were seriously surprised when they awoke to realize just how much faster the Nacogdoches Missionaries are than they had dreamed. "Baby" Chase, the old-time Missionary was elected to defeat the boys again, but in the seventh inning McCormick succeeded him. The Chums were easily out classed and saw the secret of the whole affair, but too late to stop the slaughter. Leveritt had the Lutkinites on his calling list and presented things to them that caused great drops of sure enough agony to fall off and then explode. The field work behind Leveritt was as usual good, batting superb and base running better than for a long time. Chase was batted for seven clean ones in less than that many innings, and McCormick couldn't break the streak allowing four more in the remaining three. Only five were gotten off the Missionary twirler, one of them on failure to cover first. Reports stated that a large crowd was out to see the College Chums kalsomined to the delightful tune of three to something wanting.

Here is the way it looked:
Nacogdoches 010 000 200—3
Lufkin 000 000 000—0

Cured Hay Fever And Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Mast Bros., & Smith. eod

Longview and Tyler cross bats this week, yesterday, today and Wednesday. Both teams are strong and battles are predicted. Francis and Holland of Jacksonville have gone to Longview to play with the Tyler bunch.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. Mast Bros., & Smith. eod

Report says that Lufkin has disbanded. Further that the team is in the hole and

that the object has been accomplished—they beat Nacogdoches. We won't deny it—they have won ten out of nineteen games—but they are going to have to "put up or shut up". The season is not over, exactly. Doesn't look like treating the Lufkin ball players right to disband them because it failed to make a fortune for somebody, after signing the boys for a season.

Take Notice.

All persons are recommended to take Foley's Kidney Pills for backache, rheumatism, and kidney and bladder trouble, as they are healing and antiseptic and correct urinary irregularities which, if neglected, may develop into a serious illness. They restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. Mast Bros., & Smith. eod

No Trouble At Lufkin.

The report became current here this morning that a shooting bee had taken place at Lufkin some time last night, between a traveling man and a Lufkin party. How the thing gained currency could not be learned—but the farther it went the bigger the trouble was (in talk). A telephone message to the Tribune at Lufkin says that there was no trouble of any kind there either yesterday or last night, and the report is nothing more than just a report.

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. Mast Bros., & Smith. eod

Ostrom and Bridges have been released and have gone Mansfield, Louisiana, to finish the season.

Take Kodol at the times when you feel what you have eaten is not digesting. Kodol digests what you eat so you can eat sufficiently of any good, wholesome food, if you will just let Kodol digest it. Sold by Mast Bros. & Smith.

You can not be well, feel well, or look well if your kidneys are deranged. Foley's Kidney Remedy makes healthy kidneys, and cures backache, rheumatism, and all disorders of the urinary organs. Restores health and strength. Mast Bros., & Smith. eod

County Court Busy.

More business has been transacted this county court than for a long time. This includes everything, dismissals, convictions, acquittals and continuances. It is probable that one hundred cases have been dismissed too, as many as all other disposals put together. At the conclusion of court, after this week, a complete list of the doings will be given.

At the beginning of the season the Missionaries were next to Longview in fastness and bid fair to beat that city to it. But lo—and behold. Now where are we? Toward the bottom of the sea!

SERIES GOES TO LUFKIN.

Nacogdoches Contingent Wins First Game But Loses Other Two Just As Easy As Talking—Missionaries Are No More.

From Monday's Daily:

The fellow who said last Thursday, that the worst was yet to come, spake a truth even if he didn't know it at the time. The Nacogdoches contingent, alias basballists, alias Missionaries, alias other things, have gone, have seen and have returned—sadder but wiser though at the expense of fandom's feelings and the management's pocket book. Just how, why, when and where it all happened,—is yet an unsolved mystery, but it's done—not even half baked—and that's all there is to the affair. Nacogdoches fans are a loyal following and like real good base ball and fooled themselves into thinking this old city had a team,—but lo and behold—ye gods and little fishes—mushrooms and French fried—hang up the sign and forget it. The College Chums put it over them in fashion fine—something unexpected by even the pessimists. The first game was good—3 to 0 in favor of Nacogdoches. The next was 8 to 1 and the last 9 to 0 in favor of the Lufkin boys. Go it fellows—play ball while you are at it and it you want to frolic,—knock off a few days to do it. Don't try to mix ball playing and frolic-ing. Rumor has it that Nacogdoches will renovate the ball team and start new—that is get some new starts. Well we need them,—and excuses for this and that don't go. Been full up on excuses for some time,—want ball players now. The boys returned to the city this morning while the moon was shining, via the passenger train. Since their arrival, yesterday's game has been re-played a number of times,—with the same result as yesterday. In the meantime some of the fellows who are not charged with any of the responsibility are good naturedly listening with the others to—hit a rock,—hit a stump,—hit a tree,—hit any thing,—but stop that ball!

The best remedy we know of in all cases of Kidney and Bladder trouble and the one we always can recommend, is DeWitt's Kidney and Bladder Pills. They are antiseptic and at once assist the kidneys to perform their important word. But when you ask for these pills be positive that you get DeWitt's Kidney and Bladder Pills. There are imitations placed upon to deceive you. Get DeWitt's. Insist upon them, and if your dealer cannot supply you—refuse anything else in place of them. Sold by Mast Bros. & Smith. dw

Kaufman is strengthening, Bonham is getting a good team together, Paris, Greenville, McKinney, Gainesville, Commerce and Terrell still have some good teams and are playing the game. Doesn't seem much like time to pull down the flag.

Friendship.

"Grief came to me one sunless day,
And with her walk Despair,
My heart's unbidden guests these two,
Who found scant welcome there.
They tarried long nor sought to ease,
The hours of pain and doubt;
They barred the way to white-robed
Faith,
Who weeping stood without.
Then Friendship came and knelt be-
side
The bier with flowers rare,
I turned and lo! my guests had fled—
Dark Grief and sad Despair!
—Maud Hamlett Perkins in New Or-
leans Picayune Sunday Magazine.

Mrs. Noel Roberts Entertained.

One of the prettiest and most pleasant affairs of the week was the two table "42" party with which Mrs. Ben Tucker complimented Mrs. Noel Roberts of San Augustine on last Tuesday afternoon.

Punch was served throughout the games, and bon bons in cut glass nappies were on the tables, and tempting ices in pink and white bricks with delicious cakes followed the interesting games. The guests list included besides the honor guest, Mesdames W. F. Price, Matt Tucker, George Meisenheimer, E. H. Blount, Felix Tucker, Frank Sharpe.

Miss Mary Wallace Complimented.

Miss Lillian Davidson and her brother, George H. Davidson, entertained "The Younger Set" Tuesday evening in compliment to Miss Mary Wallace of Ft. Worth who is the guest of Miss Alice Harrington. There were about thirty couples of young people assembled and while no definite plan of entertainment was arranged, they enjoyed the heavenly moonlight. They danced, and they had music and they particularly enjoyed the contents of the huge punch bowl invitingly placed. The out of town guests were Misses Grace and Johnie Link of Palestine, Ben Hooker of Teneha, Leola Jay of Jacksonville and Minnie Lee Ray of Troupe.

The beautiful moonlight nights of the week now ending are responsible for a great deal of out of doors entertaining and Wednesday evening seems to have been specially favored as there was no less than four out-of-doors-affairs in progress during that heavenly night.

One of these was a very enjoyable party at West End Lake, tendered Miss May Spitzer of Tyler and Miss Corinne Watkins of Livingston by Mr. and Mrs. B. E. Emmons. All kinds of sport was indulged in, the boats on the pretty little lake furnishing ideal pleasure, and a real old fashioned "spelling bee" out of the old blue-back-spelling book, that some of us still recall, afforded a great deal of fun. Refreshments of ice cream, delicious cake and iced melons were served at about 10 o'clock. Those included in this pleasant outing, besides the guests of honor already mentioned were Misses Winnie Thomas, Beatrice Horn, Johnnie Harrel, Lizzie Floyd, Hattie Duncan, Messrs. Jim Floyd, Dave Eason, Sam Sitton, Thad Floyd, Blackshear and Tom Floyd. Little Juianit Vondersmith, Mary Dorsey and Glenn Emmons assisted Mrs. Emmons in serving the refreshments.

Luncheon And Picture Show Party.

Miss Paula Garrison complimented the visiting girls in her set with a lovely four course luncheon on Thursday evening, the honorees being Misses Annie Garrison of Austin, Ben Hooker of Teneha, Grace Link of Palestine and Mary Wallace of Ft. Worth. Other guests favored were Misses Margaret and Elliece Harris, Alice Harrington, Emma Blount.

This dainty little luncheon was followed by a Picture Show Party, which included the following young men who came up later, Messrs. Ross Crawford, Johnson, Mack Cason, G. H. Davidson, Ben Sanders, Matt Monk, Webb Elliott, Sam Perkins, Dave Thomas. Miss Paula is a charming young hostess, her party was well selected and congenial and a very delightful evening was spent, her final feature of which was a visit to the ice cream parlor.

The Ladies Aid Society

Of the Main Street Presbyterian church met with Mrs. W. S. Beeson Monday afternoon at the usual hour. Being the first Monday in the month, there was routine business to transact, after which a social hour with needle and thread was spent, the social nature of which was emphasized by the find iced watermelon served by Mrs. Beeson at the conclusion of the afternoon tasks.

Mrs. E. H. Blount has as her house guests just now Misses Emma Schmidt and Genevieve Jones, and for their entertainment on Monday evening, she arranged a very pleasant, informal bridge party, other guests being Miss Laura Allen, Messrs. Fritz Ingraham, Mack Cason, Phelps and Hall Hayter, making just two tables. A most enjoyable salad course of refreshments was no small part of the evening's pleasure.

Miss Jennie Hoya with the hospitality for which she is noted is entertaining today in honor of the visiting girls, who are adding so much to the social life of Nacogdoches just now. The honorees are Misses Blanche Matthews of Athens, Texas, the guest of Miss Zireta Matthews, Miss Opal Arnold of Henderson who is visiting Miss Lorena Middlebrook, Miss Lone Pegues of Longview, with Misses Dotson, Misses Lott of El Paso, the guests of their sister, Mrs. George Barham, Miss Pauline Braunig of Shreveport, Miss Belle Zere's visitor, Miss Sophia Matthies of Prosper, Texas, who is with Misses Mintie and Mamie L. Blount, and Miss Robinson of El Paso, the guest of Miss Ella Mae Wade.

Forty-Two is the medium of pleasure selected by the young hostess.

Mrs. B. F. Thompson entertained "the younger set" Monday evening in compliment to her niece, Miss Annie Garrison, of Austin, Texas. There were about twenty couples of young people invited to enjoy the hospitality of the Perkins pretty home, their magnificent lawn and spacious verandas, which they did satisfactory the manner peculiar to this set,

and a very delightful evening was spent. Refreshments suited to the occasion and the season were served during the evening.

The following very pretty invitations were posted last night and are being received with pleasure today by the dancing crowd:

"Dave Eason and Earpest Spradley request your presence at the Aqua Vitae Park Thursday evening, August fifth, nineteen hundred and nine, dancing nine to twelve o'clock.

"Honorees—Misses Robinson, Pegues, Brawing, Matthews, Arnold.

"Chaperones—Mr. and Mrs. A. G. Kellogg, Mr. and Mrs. E. H. Blount, Mr. and Mrs. Oscar Matthews, Mr. and Mrs. F. B. Sublett, Mr. and Mrs. J. R. McKinney."

Jabber Party.

Curiosity was rife when dainty cards were received early in the week reading:

Misses Wade
Tuesday August 3rd, 1909
at home
5 to 7 p. m.
"Jabber"

Miss Robinson
Miss Arnold
Miss Blanche Matthews
for of course no one could imagine what "jabber" could be, it certainly must be some foreign word meaning something awfully nice.

It transpired however that instead of being the noun of the verb "to jabber," which is what some folks think girls are only capable of, it was the noun of the verb "to jab," and was the name of a new, and very jolly progressive game.

On tables placed on the lawn, which is so attractive an adjunct of the Wade home were placed bowls of water containing peanuts.

Partners and tables found in the usual manner, the participants were provided with hats, and told to "jab" and the couple who succeeded in spearing or "jabbing" the largest number of the illusive peanuts, progressed. Five tables of players enjoyed this novel mirth provoking contest, among which were the following out of town guests, besides the honorees, Misses Pegues of Longview and Mathies of Prosper.

The score cards were very appropriate little hutch scenes, bearing on one side, the names of the honorees. A delicious salad refreshment course of chicken salad, bread and butter sandwiches, tomato with mayonnaise sandwiches, and iced tea was served, in which the hostesses were assisted by their sisters, Mesdames E. B. Williams and J. R. McKinney.

A. W. Eddings came down from Garrison this morning to prepare for Mrs. Eddings and the family who will come tomorrow. Mr. Eddings' shop has been completed and he will be ready for business in a few days.

McKinney and Longview are the opposing fellows at Longview the latter part of the week. Jacksonville and Lufkin also hitch traces the latter days at Lufkin.

Team Re-organized.

The base ball team, disbanded last night, and this morning re-organized. The boys got together early today and formulated plans etc, and by ten o'clock had nine games matched, three for this week and six for next. They will go to Jacksonville tomorrow for a series and Monday Jacksonville comes here, followed by the Longview Cannibals Thursday for three games. Rumor has it that several additional players are in view, heavy hitters and good baseballists. When the nine games have been finished the College Cubs will be challenged for three, six or nine more games to close the season.

Picnic.

The moonlight picnic which Miss Clytie Harris arranged in compliment to Mrs. Henry Link at Palestine and Mrs. Earl Douglas of Houston last night was a success from every view point.

Quite a number of friends of both hostess and honorees were out. A splendid supper was spread on improvised tables to which the party did ample justice. About 10:30 the crowd was supplemented by the young men thoughtfully providing the music. Dancing was indulged in by the young folks until a very late hour.

Among those from out of town noted were Mrs. Link, Mrs. Douglass, Misses Robinson of El Paso, Pegues of Longview, Arnold of Henderson, Braunig of Shreveport, La., Matthews of Athens, Mr. A. Faeyer of Houston.

Miss Harris is to be congratulated upon the success of her affair and the guests upon the opportunity of having so delightful an evening with Mrs. Link and Douglas.

Card Of Thanks.

We desire to extend our heartfelt thanks to the good people of this city who so generously came to our aid during the sickness and in the death of our little girl, Nina May. The many kindnesses shown us will never be forgotten, and should our assistance in the future be needed it will be forthcoming. Again thanking all and hoping that such grief as is ours may be spared you, we remain,

Faternally,
Mr. and Mrs. Rudolph Goetzman.

Negro is Assassinated.

From Saturday's Daily:
Walt Hill, negro boss on the farm of Bob Patterson at Garrison was shot in his home near that place last night, and will probably die from the effects of the wound. The information was telephoned Sheriff A. J. Spradley this morning and who went to Garrison at noon to investigate. No particulars of the affair were learned, but it is supposed that the negro was killed either while asleep or when in the act of getting up from bed. Quite an interest is being shown in the case as Hill was a well known negro, not only respected by his race but by the white people who knew him. At last reports he was not dead, but was not expected to live.

WORTH ITS WEIGHT IN GOLD

To the sick and suffering. To those who have kidney trouble. To anyone who knows what it is to be unable to work

PRICKLY ASH BITTERS

Is a golden remedy. It cures kidney ailments, liver torpidity, indigestion and constipation. Puts the system in perfect order, restores strength, appetite and cheerful spirits.

The Laziest Man In The World

Would not be contented to be kept in the house and doing nothing by rheumatism. Neither are you, who are always busy and active. Then don't neglect the first twinge of an ache or pain that you might think is just a "crick." Rub well with Ballard's Snow Liniment and no matter what the trouble is, it will disappear at once. Sold by Mast Bros. & Smith.

Sixteen Games of Ball.

According to schedule today, Nacogdoches will play sixteen games of ball at least before closing the season. In addition to the nine games mentioned in another place, this team and Lufkin are to hitch up for seven games, three at Lufkin and four here, these games to begin week after next.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Mast Bros. & Smith.

Sheriff A. J. Spradley went to Houston yesterday to get the negro, Green Price, but on account of the train being late getting into that city, the out coming train was missed. The constable had the negro at the depot in waiting for the Nacogdoches officer, but the train coming here had left.

Woman.

By the sorrow in her eyes
That mists her sight,
By the stifled sighs that rise
In the night,
By the quiver of her lips,
Well I know
Life's one joy has been eclipse
In mine.
Yet no sympathy she asks
Nor grieving brings.
Pale she plies her daily tasks,
And she sings
"Missionary Shower."

There will be a Missionary Shower at the First Presbyterian Church, next Friday afternoon, Aug. 6, at 5 o'clock. It is for the purpose of collecting the little gifts for the "Blue Money Bag" that the Mission Study Class has been preparing this summer for Mrs. Morrison of Luebo, Africa. Her husband Dr. W. M. Morrison is one of the missionaries who is being so persecuted by the Belgian Government, he is a first cousin of Mrs. E. J. Davis of Beaumont, who visited our church last May. There will be a choice musical program, notice of which will be given later. All visitors are cordially invited.

DON'T WAIT.

Take Advantage of A Nacogdoches Citizen's Experience Before It's Too Late.

When the back begins to ache,
Don't wait until backache becomes chronic.

Till serious kidney troubles develop.

Till urinary troubles destroy night's rest.

Profit by a Nacogdoches citizen's experience.

A. G. Gatlin, Cox street, Nacogdoches, Texas, says: "About two years ago when stopping to lift a heavy timber, I was taken with a crick in my back which made it impossible for me to straighten. There was also a pain across my loins for a few days and my kidneys became disordered. Someone finally told me to give Doan's Kidney Pills trial and I procured a box at Mast Bros. & Smith's drug store. As the result my back was straightened and before I could realize it my kidneys were normal. Doan's Kidney Pills lived up to representations in my case and have my most hearty recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Miss Emma Gaston spent yesterday with Miss Willie Gramling.

Frail Women Aided Free

The woman who is by nature not robust cannot be too careful of her health. The foundation of all health is in the stomach. Without good digestion the body is not nourished, and then soon becomes feeble and weak. In order to have good digestion regular bowel movement is absolutely necessary, and it is at this point that so many women neglect themselves.

In any of these conditions you cannot do better than to take Dr. Caldwell's Syrup Pepsin, the remedy that thousands of delicate women are using. It is the great family laxative, and in addition to its wonderful power to cure chronic constipation and chronic indigestion, it contains tonic properties that strengthen the stomach muscles so that in time they will work naturally again without the aid of medicine.

Any druggist will sell you a bottle for the small sum of 50 cents, though persons who have used the remedy before and know what it is buy the \$1 size. Mrs. Amanda Brannan, of Alvarado, Va., who is 85 and feeble, uses it regularly and speaks in the highest praise of it. Esther Pine, of Marion, Ind., is also an enthusiast of this wonderful remedy, and she wished she had the fortune to tell the whole world about it. Both these ladies, as well as hundreds of others we could name, first became acquainted with Dr. Caldwell's Syrup Pepsin through the doctor's offer to send any sufferer a free test bottle direct to the home.

He will send you or any other sufferer a sample bottle free of charge on receipt of your name and address. It is a wonderful effect to the stomach troubles of children and babies, girls entering the period of menstruation and old folks, all of whom need a gentle laxative.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 513 Caldwell Bldg., Monticello, Ill.

Meeting Closes.
A. G. Charlton, County Missionary reports closing a protracted meeting at Etoile yesterday. There was a great deal of good manifested in the meeting there being 35 additions to the church. Mr. Charlton was assisted in the meeting by the pastor, L. N. Jones.

Disagreeable at Home.
Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Mast Bros. & Smith.

The protracted meeting for Canaan community four and a half miles East from the town of Nacogdoches will begin at 8:30 p. m. August 5th, 1909.
C. A. Perkins, Pastor.

Does Not Irritate.
"I have found Simmons Liver Purifier the mildest and most pleasant in action, yet the surest remedy for constipation, torpid liver and all kindred troubles. I have ever used. It does not irritate or gripe." Very truly, S. P. Cleary, Jackson, Tenn.—Put up in tin boxes only. Price 25c.

Brick is being placed on the ground for the extension of the Clayton building occupied by J. N. Thomas. The building, it is stated, will be extended about twenty feet, making it the same length of the Cason Monk & Co. houses.

Indigestion Causes Catarrh of the Stomach.
For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure
relieves all inflammation of the mucous membranes lining the stomach, protects the nerves and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat
Make the Stomach Sweet. Bottles only. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DeWitt & Co., Chicago, Ill. For sale by Mast Bros. & Smith

BEGINNING THE NEW EDIFICE

Imposing Ceremonies Held This Morning at Lot on Which Will be Erected The Handsome Methodist Church Building

At 9 o'clock this morning, according to previous appointment there was a most impressive and important assemblage of people on the Methodist church lot on Hospital street at the head of Pecan street. The occasion was the beginning of the new \$15,000 edifice where the old church was burned three years ago. The functions of locating, founding and actual beginning were enacted with solemn ceremony. There were present Rev. Mills, the local pastor, Rev. C. A. Tower, the presiding elder, with numerous members and friends including about fifty ladies.

The ceremonies were opened by singing "All Hail the Power" in which the quartette lead. Then followed a reading of scripture by Rev. Davies, presbyterian minister. Next a prayer by Judge Geo. F. Ingraham.

Next the first shovel of dirt was thrown by Mrs. G. B. Crain, the oldest member present. Then a most entertaining talk by the presiding elder, Tower, followed by singing the doxology and the usual dismissal.

The importance and solemnity of this event are indeed great to this town. What would this town be without a Methodist church? What will be the business value of this up to date edifice? But who can estimate its religious worth, its moral influence, or its breadth of beneficence?

Messrs. Herring & Pipkin are the contractors and started in on the work at once. The material used will be manufactured here, except the face brick, which will be red trimmed with white or cream colored brick.

Attend To Your Liver.
No organ in the human body can give as many different kinds of trouble as the liver when it is not right. Simmons' Liver Purifier makes it right and keeps it so.

Robert Berger Jr. left today for St. Louis, after spending a pleasant visit to his home folks.

Howdy!
How's your liver? If not in first-class condition, doing full duty and giving entire satisfaction Simon's Liver Purifier will fix it so you'll think its gone—its troubles will be gone. Put up in tin boxes only. 25c per box. w

Midway vs Smith Chapel.
Teams representing the above places played a match game of ball Saturday afternoon, the score being 28 to 3 in favor of the former. Report says the Chapel boys are coming slowly but will get there after a while.

Columbus Johnson, one of the oldest residents of San Augustine, is visiting his friend, S. T. Floyd. He went to Shady Grove yesterday, returning this afternoon.

SCOTT'S EMULSION

stops loss of flesh in babies and children and in adults in summer as well as winter. Some people have gained a pound a day while taking it. Take it in a little cold water or milk. Get a small bottle now. All Druggists THE STANDARD OF THE WORLD

Mutobile In Town.
A plain everyday, Southern mule and a real African boy, afforded some amusement this morning in the neighborhood of the Mast Brothers & Smith corner. The cart which was hitched to the mule didn't cut much caper, and Mr. Negro alighted at once. After a few antics, such as mules sometimes perform, the show closed and other things took on their regular routine way.

The Jaziest Moa In The World
Would not be contented to be kept in the house and doing nothing by rheumatism. Neither are you, who are always busy and active. Then don't neglect the first twinge of an ache or pain that you might shink is just a "crick." Rub well with Ballard's Snow Liniment and no matter what the trouble is, it will disappear at once. Sold by Mast Bros. & Smith, w

"Eggs."
If you want eggs, get a start of S. C. Brown Leghorns. I have a few fine young roosters for sale. Ed Rice, Nacogdoches, Texas. 6td3tw

Fifth Sunday Meeting.
The Landmark Baptist Fifth Sunday meeting will convene with the Filmore Baptist church on the Friday before the fifth Sunday in August. A good program has been arranged, and the meeting, it is hoped, will be well attended. The program for the day, reads as follows: (Adjournment for dinner.)

1. "What is the best method of developing the interest of the churches?"—Rev. Murry, and Rev. Edd Stevins.
 2. "The Exergesis of Genesis 8; 7"—Rev. Frank Black.
 3. Was the commission given to the Church, or to individuals?"—Rev. F. M. Richards, and E. Hogan.
 4. "What does the Ark represent?"—A. Twobe, and C. Wheeler.
 5. "What do the 'dry bones' of the valley represent?"—Ezekiel, 37:1 and 2—Rev. John Windser and Rev. Cole.
- This will conclude the program, save for the school lecturing, and the preaching which will be done by speakers appointed by the committee. (Other county papers please copy.) Committee.

Foley's Honey and Tar

Will cure a cough or cold no matter how severe and prevent pneumonia and consumption. A Guarantee. This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. Contains no opiates. The genuine is in a yellow package. REFUSE SUBSTITUTES. Sold by Mast Bros & Smith

Nima May Goetzman.
Little Nima May Goetzman, six year old daughter of Mr. and Mrs. Rudolph Goetzman, died Saturday afternoon at a few minutes past four o'clock at their home corner Pecan and Cox streets. The little girl had been sick but a few days, though quite serious all the time. All that loving hands of friends and relatives and painstaking care of physicians—could do was done, but despite it all the little girl passed away Saturday afternoon. The cause of the death is said to have been a complication of diseases, tonsillitis and typhoid being among them. Relatives of both Mr. and Mrs. Goetzman from Jefferson were here, and will possibly remain several days as Mrs. Goetzman is not very well.

Funeral announcement at first stated that interment would take place at Jefferson, but later it was decided to bury here, and interment took place Sunday afternoon at four o'clock in the City Cemetery. Nima May was an exceptionally bright little girl, was the oldest grand child of either side, and had a long list of little playmates who loved her dearly. The many friends of the family are joined by the Sentinel in extending heart felt sympathy to bereaved ones.

Letter to F. J. Lloyd.
Nacogdoches, Texas.

Dear Sir: There are several ways of cheating in milk. An old-fashioned way is to water it. Nobody waters it now. A better way is to take out the cream—rich milk with the cream taken out is as good as poor milk with its cream all in.

But we needn't go into particulars. You don't rob your milk and your customers. Paint is as easy as milk to cheat with. Good paint is as rare as good milk; for human nature is much the same in milk-men and paint men.

You are just and true with your milk; so are we with our paint. Devoe lead-and-zinc is twice as good as mixed paints: There's twice as much butter in it.

Mr. J. T. Ladd, Cheraw, S. C. writes: "When Dr. Evans painted his house with Devoe, he figured how other paints covered and had enough left to paint three large rooms. He was so pleased that he has used Devoe on two other houses."

Yours truly,
F. W. Devoe & Co.
New York.
P. S: Mast Bros. & Smith sell our paint. 36

Stock is Arriving.
Simon Mintz and Dee Brown are on the busy list this week, opening up the goods that are daily arriving for the Mintz business. The stock will be located at the same stand as was formerly occupied and extra efforts are being made to throw the doors open Saturday. Mr. Mintz expects to go to the Eastern markets this month to buy more stuff, and by September 1st will have his stock complete and on display.

Why Suffer?

Are you one of the thousands of women who suffer from female ailments? If so, don't be discouraged, go to your druggist and get a bottle of Wine of Cardui. On the wrapper are full directions for use. During the last half century, Cardui has been established in thousands of homes, as a safe remedy for pain which only women endure. It is reliable, contains no harmful ingredients and can be depended on in almost any case.

Take CARDUI

It Will Help You

Mrs. Charles Bragg, of Sweetser, Ind., tried Cardui. She writes: "Tongue cannot tell how much Cardui has done for me. Before I began taking Cardui I could not do a day's work. I would work awhile and lie down. I shall always give-praise to your medicine." Try Cardui.

AT ALL DRUG STORES

Baby Morphine Fiends.

S.S.S.

OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

Having used S. S. S. extensively I can testify to its merits as a blood purifier and tonic. It enriches, purifies and cleanses the blood of all impurities, and at the same time is a wonderful invigorator, tonic and system builder. It is also a fine remedy for Rheumatism. It is master of this very painful disease, and as a tonic to give appetite, strength to the nerves and build up the system it has no equal. It is a very fine medicine indeed, and I have every confidence in it. **MRS. F. L. BAILEY, 702 Linden St., Clearfield, Pa.**

Progressive Dinner.

One of the loveliest affairs of the very full social week just ending was the progressive dinner with which Miss Louise Perkins complimented her house guest and cousin Miss Annie Garrison of Austin, Texas, Miss Opal Arnold of Henderson, Miss Pegues of Longview. Including the honorees and the young hostesses, there were eleven couples, and the dinner was served on small tables placed in the dining room, the reception room and the parlor table had a color note of its own, one was crimson, one lavender, one blue, one pink and one of bridelike purity. The color note was evidenced in the center piece of each table, in the flowers at each place and in the many dainty accessories that go to make up the perfectly appointed table.

Places were found by exquisite bow knot card, place cards daintily tinted in the colors of the respective tables,

and these bore on one side the names of the honorees. The changes were made by the use of slips, so giving every one an opportunity to enjoy the honor guests.

A delectable menu had been prepared and most perfectly served, appealed to the palate through the eye. It consisted of,

iced Watermelon served on Grape Leaves
Devised Crabs with Tartar Sauce
Peas, Potatoes, Iced Tea
Chicken Croquettes,
Pimento and Olive Sandwiches
Bread and Butter Sandwiches
Lemon Ice Fruit Salad
Brick Ice Cream Angel Cake.

Those favored in this exquisite function were Misses Zirleta and Blanche Matthews, Lorena Middlebrook, Opal Arnold, Mintie and Mamie L. Blount, Marian Dotson, Viridian Barham, Pegues, Annie Garrison, Messrs. J. H. Williams, Fritz Swift, Ford Simpson, French Murphy, Joe Dooley, Herbert Schmidt, Arthur Seale, John Thomas, Link, Ben Wilson, Mack Cason.

TREAT HIM RIGHT.

Be good to the newspaper reporter. Tote fair with him on all occasions. Give him a square deal by placing confidence in him, and fear no danger of a betrayal of such trust. You can depend upon him to treat you fairly when you are on the square with him. To discharge his duty as a reporter he is compelled at various and sundry times to call upon the high as well as the low; the rich as well as the poor; the judge, colonel, captain, financier and hobo. There are many instances where he dreads to call upon people just as much as such people would have it appear they dread to see him come, but if he is a finished reporter he is a persistent cuss and will follow his duty's call no matter where it may lead.

When the reporter's duty leads him into your presence don't give him a frigid reception, it makes no difference how rich and important you feel, or how bad you have the outside world toiled. He is always ready to assume the role of the most humble and pretend to believe you the most important and faultless piece of humanity on the globe, if you will but treat him with the courtesy due. The ordinary reporter is a pretty good human nature judge, and when you swell up and assume the unapproachable air, he can size you up about as low as you should be sized, and while he fails to speak out the things he thinks and knows, he nevertheless, thinks and knows. There is no man who has a deeper appreciation of the value of time to a busy man than the newspaper reporter, and he is the last on earth to intrude to the point of becoming a bore.

When he calls upon you seeking information for a story he is following a pursuit that is legitimate, one made necessary through your patronage, and criticism of the newspaper he represents. When he scents a story and the trail leads to you, don't frown upon him as though he were an unwelcome canine.

If there is any reason why the story the reporter is after should not go into print, in a way becoming to a gentleman, tell him about it. If it is shown to him that it is best for the moral, religious, political or commercial interests of the city that it be not published, you will find him ready to drop the trail and take up another assignment. If it should happen to be a story that might in some way reflect upon you should it be given to the world it is all the more to your interest to treat the pencil pusher with at least a small amount of the consideration he deserves. Be friendly to him and he will resume enough innocence to fit out a Sunday school class, and gulp down your lies as freely as a Dutchman does away with the fluid product of a brewery. You will find him possessed of ability enough to fix the matter up for print in a way that will satisfy the news craving world, and at the same time in a way that will do no injustice to you.

In short, all the reporter

asks is that you show him the same courtesy and consideration when he calls upon you that you show him when you call upon him for a favor.—Abilene Reporter.

VERY FLATTERING.

All Previous Records Will Be Broken. 3,400 Square Feet of Floor Space Being Added.

The Tyler Commercial College of Tyler, Texas, has now the largest Summer attendance in its history, and from present indications, its Fall attendance will far surpass that of any previous year. The large building, 3,400 square feet of floor space, to accommodate the great crowd of new students that will soon begin coming in. Some ask why we have more students in daily attendance than any other four schools in the state combined. The answer is simple; in the first place, we have the exclusive control of the famous Byrne Simplified Shorthand and Practical Bookkeeping, and these systems alone entitle us to a patronage far beyond that of any other commercial school. With these systems we can turn out a better bookkeeper or stenographer in half the time and at half the cost required by other schools teaching other systems. This is a great saving of time and expense to any student. In our Telegraphy department, we have the Cotton Belt Train Wire, all station blanks and record books, all Western Union Supplies, something not found in any other school of telegraphy. In the second place, this institution is managed by successful business men; we own our buildings, have them equipped with over \$19,000.00 worth of furniture and supplies. We employ the best teaching talent to be had; our school is so large that we can classify and systematize our work far beyond the possibilities of a small school. We have won a reputation for placing our graduates with responsible firms, at good salaries, with good promotion ahead. We long ago learned that the success of our institution depended upon the success of our graduates, so it is our first aim to see that he has the very best position that we can obtain for him. His excellent work, his financial success, recommends our school to his friends. Write for 188 page catalogue, giving full particulars of America's largest school of Bookkeeping, Shorthand, and Telegraphy. Tyler Commercial College, Tyler, Texas.

D. K. Cason and family returned yesterday at noon from an extended visit to relatives and friends in Mississippi and Tennessee. Mr. Cason looks in much better health on account of his outing, and returns to old Nacogdoches refreshed and ready for a big fall trade and business prosperity all 'round.

FRAMES

Received a nice line of Oval Frames, in gilt and black, all sizes. Bring your pictures to me and I will frame them on short notice.

Ten Good Business Rules.

A Chicago man who has a large number of employees under him, has posted up in the various departments of his establishment, cards which bear the above caption and the following terse rules. They make it very plain what he expects and what he does not expect of those who draw salaries from him, and it will pay every young man to read and profit by a close study of them.

Rule 1. Don't lie—it will waste my time and yours. I am sure to catch you in the end, and that's the wrong end.

Rule 2. Watch your word, not the clock. A long day's work makes a long day short, and a short day's work makes my face long.

Rule 3. Give me more than I expect and I'll give you more than you expect. I can increase your pay if you can increase my profit.

Rule 4. You owe so much to yourself you can't afford to owe anybody else. Keep out of debt or keep out of my office.

Rule 5. Dishonesty is never an accident. Good men and good women can't see temptation when they meet it.

Rule 6. Mind your own business and in time you'll have a business of your own to mind.

Rule 7. Don't do anything here which hurts your self respect. The employee who is willing to steal for me is willing to steal from me.

Rule 8. It's none of my business what you do at night. But it dissipation effects what you do next day and you do half as much as I demand, you'll last half as long as you hoped.

Rule 9. Don't tell me what I'd like to hear, but I ought to hear. I don't want a valet to my vanity, but I need one for my dollars.

Rule 10. Don't kick if I kick. If you're worth correcting you're worth keeping. I don't waste time cutting specks out of rotten apples.—Ex.

J. R. Gooch of Waco, formerly with the Home Telephone Company of that place, arrived in the city yesterday to assume his new duties as manager of the local affairs of the South Texas Telephone company. He will move his family here during the month.

from Lufkin Tribune.

Tom Roberts of Nacogdoches was among the number who came down to see the ball game yesterday.

N. J. Hester and J. T. Kane, two railroad men of Nacogdoches, are moving to Lufkin, having secured good places on the Cotton Belt railroad.

Miss Mae Spitzer of Tyler, passed through the city yesterday on her way to Tyler from an extended visit to Nacogdoches.

Miss Rannie Day, who has been visiting relatives and friends at Nacogdoches, for several days returned home this afternoon.

Paul Murray of Nacogdoches came down yesterday, spent the night here and left for Galveston this afternoon.

Wallace Adams of Nacogdoches was a Lufkin visitor this morning.

Geo. S. King, Eugene Blount and Charlie Richardson were passengers on the south bound train of E. & W. yesterday. They are from Nacogdoches.

Eugene Blount of Nacogdoches, spent yesterday in Lufkin and went up the Cotton Belt this morning. R. B. Herring and D. Rulf of Nacogdoches, came down yesterday and left this morning on the Cotton Belt for Henderson.

Hon. E. B. Lewis of Nacogdoches, was among the number of lawyers who visited Lufkin this morning. He returned home on the afternoon train.

The base ball page of The Nacogdoches Sentinel of last Tuesday gave way to a thirst-raising account of Postmaster Cooper's 50th birthday party, which was a gem of its kind (both party and account.) We recall receiving an invitation from Captain Cooper to attend the opening of the Aqua Vitae Park of Nacogdoches several weeks ago, which we could not accept, but had we been able to substitute that invitation for one to attend his own celebration we certainly would have walked over. There are some things we like better than this Aqua Vitae.—San Augustine Tribune.

Mr. and Mrs. G. W. Reid returned today at noon from a two week's visit to relatives at Timpson and Gary.

Your Jeweler Knows a Good Watch

He knows how to properly adjust one to your individual requirements—so it will be accurate under all conditions. That's the only way to buy a watch—never by mail.

A South Bend Watch

Frozen in Solid Ice Keeps Perfect Time
A watch, no matter how good, cannot be accurate unless adjusted to the person who is to carry it. A South Bend Watch—acknowledged superior in every grade—couldn't keep perfect time unless individually adjusted.
Ask your jeweler to show you a South Bend Watch. Write us for our free book—showing how a South Bend Watch keeps accurate time in any temperature.

Jewelers and Opticians

Mt. Moriah News.

Well I guess the dear old Sentinel thinks I am dead, but I have just been so busy going to church and talking to the pretty girls.

The many friends of Geo. McCarty welcome him and his children back to the mill, but all are made to feel sad and sympathize with him in the loss of his wife. She was a loving mother and a charming wife and had a host of friends and relatives. To the bereaved ones we would say, your loss is only heaven's gain and you will soon meet again.

Rev. J. C. Judd has just closed a good meeting with five additions to the church. He begins a 10-day meeting at Pine Hill church Sunday.

The Mt. Moriah class sang at Libbie Sunday. We appreciate the kindness of these people and they can look for some of our boys to come again.

M. D. and R. E. Stoker left Monday for a pleasure trip to Galveston.

B. F. Adams leaves Tuesday for Kirbyville to begin work again.

Prof. F. D. Fulmer will begin a singing school at Libbie August 9.

C. H. Crawford attended church at Pine Hill Sunday and reported a good time and splendid morning.

Mrs. Mary Whitton of Sansom is visiting relatives here.

Let us hear from Lazy Kid and the other writers.
Sleepy Boy.

Cholera Infantum Cured.

"Something like two years ago my baby, which was then about a year old, was taken seriously ill with cholera infantum, vomiting and purging profusely, writes J. F. Dempsey of Dempsey, Ala. I did what I could to relieve her but did her no good, and being very much alarmed about her went for a physician but failed to find one, so I came back by Elder Bros. & Carter's store and Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely. Stripling, Haselwood & Co. w

Miss Era Birdwell came in this morning from Nacogdoches to visit the family of her aunt, Mrs. M. C. Thomason. Miss Birdwell has visited here before and has many friends in the city who will be glad to see her again.—Center News.

Intense Colicky Pains Relieved.

"For some years I suffered from intense colicky pains which would come on at times and from which I could find no relief," says I. S. Mason, of Beaver Dam, Ky. "Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by Stripling, Haselwood & Co. w

Greeting

WE are pleased to announce to our friends and former customers that we have decided to resume business in Nacogdoches and will open at the old stand with a brand new stock of goods SATURDAY MORNING, AUGUST 7, 1909.

It will be remembered that previous to April of the present year, we were engaged in business in Nacogdoches for a number of years, during which time we endeavored by fair and square treatment and straightforward methods to build up a patronage, and we are glad to say that we did this successfully. It is therefore with a degree of unusual satisfaction that we say to those who have heretofore dealt with us that we will again cater to their wants.

We appreciate the confidence we have heretofore enjoyed from the people who have traded with us; we shall endeavor to conduct our new business along the same progressive line as heretofore. It will be our purpose to operate on a very close margin. By this we mean that we shall at all times buy our goods in the best markets and at the lowest prices and will offer them at as small a profit as is possible and consistent with good business principles. On this basis we come before you at this time soliciting a share of your business.

We have opened with a full and complete line of MEN'S FURNISHING GOODS, including MEN'S WORK and DRESS SHIRTS, COLLARS, TIES, SUSPENDERS, HOSIERY, NECKWEAR, ETC. We have in stock now also a nice line of ladies', men's and children's SHOES, representing the very best product in these goods. In addition to the foregoing lines, we will handle a full assortment of TRUNKS, BAGS and SUIT CASES.

We shall be very glad to have all of our former customers visit us and those who have not dealt with us heretofore will be cordially welcomed to our store.

To all who may trade with us, we promise the very best of treatment. We feel that our record in the past is a sufficient guarantee of our ability to do this.

Simon Mintz

P. S.—I will go to the Eastern markets in a few days, and on my return will have something of interest to tell the people. Watch the Sentinel.

Inez Caldwell is quite sick today.

Hubert Blount returned to Alto today after a short visit here.

Miss Bell Carnahan left yesterday for a week's visit in Center.

I. L. Sturdevant left at noon to attend the Cotton Carnival at Galveston.

Mrs. Simon Mintz is reported quite sick, and has been for several days.

Mr. and Mrs. R. F. Davis are visiting at their old home in Shelbyville, Tex.

Miss Avie Blacksher left yesterday for a few weeks' visit to home folks at Appleby.

The handsome new home of F. B. Kiley will be completed this week, and will be ready for occupancy.

The Misses Middlebrook Jr. are entertaining their friends Edna and Mildred McCarter, of Commerce, Texas.

Miss Anna Cox has returned from Appleby where she has been visiting relatives for the past two weeks.

Edwin Tillery left at noon for Galveston to attend the Cotton Carnival, and he predicts having a hot old time.

Mrs. H. C. Fulgham returned last Sunday morning from Crystal Springs, Miss. where she has been spending a month.

Misses Mintie and Mamie L. Blount are entertaining Miss Sophia Matthies of Prosper, Texas, who arrived yesterday.

Miss Jennie Harris returned Thursday morning from a pleasant trip to Corpus Christi, much rested by her pleasant vacation.

Mr. and Mrs. Geo. W. Cavin and their daughter, May, left today for Oklahoma, Missouri and other points north on a pleasure trip.

Mrs. Louis Bergman and children of Shreveport are visiting Mrs. W. H. Harris in this city. Mrs. Bergman lived in Nacogdoches some years ago and has many friends who welcome her in our midst.

Miss Ida Burk of Dallas arrived in the city yesterday and while here will visit Miss Laura Burk and Virgie Sanders.

Prof. R. F. Davis has returned from Center having accompanied Mrs. Davis that far, on her trip to Shelby county.

Mrs. J. J. Hayter, Mrs. G. A. Blount, little daughter and Maid left today for Corpus Christi, where they expect to remain a month.

Miss Bernice Garrett returned to her home in San Augustine Friday morning after a pleasant visit to her sister Mrs. Ben Tucker.

Mrs. B. F. Thompson has returned from Austin, and with her Miss Annie Garrison her niece, the latter to visit her grandmother, Mrs. H. Perkins.

Mr. and Mrs. W. U. Perkins and family, together with Mrs. J. H. Barham, Misses Viridiam and Ruth Barham will leave early next week for Palacios, where they will spend the month of August.

Mrs. John Brannon and Mrs. Sydney Allen who spent a week with Mr. and Mrs. M. J. Dooley returned on this afternoon's train to their homes in Ft. Worth.

Miss Emma Power has returned home for a short visit to her parents from Tecumseh, Okla., where she has been employed for the past eight months as stenographer.

Mrs. C. E. Santord and Miss Annie Sanford of Georgetown, Texas have been the guests of Mrs. John Garrison this week. They left today for Timpson, where they will spend some time before returning to Georgetown.

Miss Nora Evans left this morning for New York, where she goes to purchase the fall Millinery for Mayer & Schmidt. She will also visit St. Louis and Chicago, before returning home.

Miss Bertha Carnahan, who has been visiting her parents and other relatives and friends in the city several days, left last evening for Nacogdoches where she goes to resume her position.—Center News.

Jacksonville is to re-organize today, rumer says. Before the season is gone, you'll find the tomatoe town with a winning bunch.

What is Best for Indigestion?

Mr. A. Robinson of Drum- quin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." It troubled with indigestion or constipation give them a trial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at our drug store.
Stripling, Haselwood & Co. w

W. O. W. At Midway.

J. A. Lewis has returned from Midway where he organized a camp of the W. O. W. last Friday night, twenty one members being in the charter list. The following officers were elected: T. S. McMillan, P. C. C.; J. F. Powers, P. C.; N. T. Sisci, clerk; J. N. Grimes, banker; Elmer Shoftner, advisor; E. C. Crisp, escort; Ben Haltom, watchman; Claude Muckle-roy sentinel; Jesse Muckle-roy, J. N. Robinson and G. J. Grimes, managers.

Miss Stella Holbrook has returned from Cushing where she visited her aunt for a week.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

Washington's Plague Spots.

Lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and aue, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by

Arthur W. Geissler of Oklahoma City, president of the Reliable Insurance Company of that city and also vice president of the State Bank at Carmen, was in the city today on business in connection with the county clerks office.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Never Known To Fail.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. For sale by
