## Mast Bros. & Smith School Begins

Next Monday

Had you not better come get your new books this week than to wait until school begins and the rush and confusion is on.

If you were in the Fourth-Grade last year and passed successfully in your final examination, you know you will require Fifth Grade Books this year, and likewise with any of the other grades, the next grade higher this year.

We have our stock of Books, Tablets, Inks, Composition Books, Copy Books, Pens, Pencils, and all other school appliances and supplies already placed in our large new book case constructed especially for the purpose of handling the school book business with as much ease and convenience as possible, and so as to detain the child the shortest time necessary.

We are just on the corner next to Mayer & Schmidt and most convenient to the school and the public

We are still County School Book Depository, and have already received all the books for the coming term.

**Mast Bros. & Smith**  
School Supplies

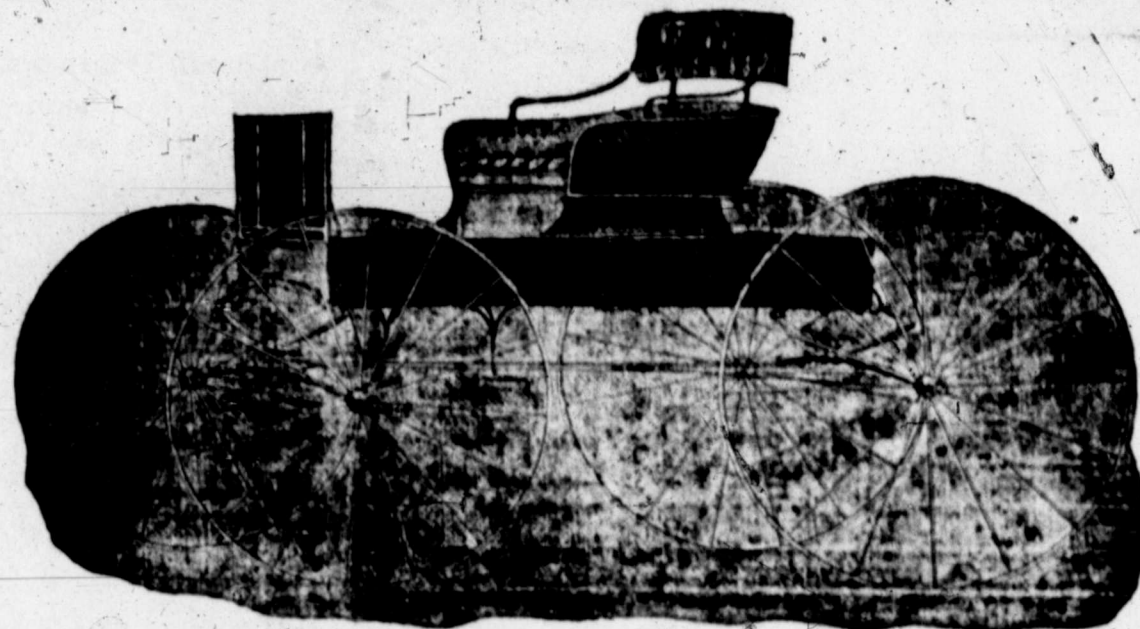

### ENJOYING-SPLENDID BUSINESS.

J. F. Summers & Son Have Had a Most Excellent Year in Furniture Trade and are Reaching for More Territory—Largest Stock Ever Carried.

Just one year in the furniture business, and a most excellent one it has been too. That's the record of J. F. Summers & Son, successors to the P. B. Ligon, and a firm that is doing furniture trade for the biggest part of Nacogdoches county, and adjoining portions of other counties. It has only been a few days more than twelve months since this new firm entered the circles for household and furnishings trade, but progress has marked every day of that period of time, and now instead of having a limited patronage, as when first begun, the business has reached very large proportions. People in this county, the most extreme points, come to this city to purchase goods for their house, and folks in adjoining counties have learned the habit too,—because it pays. The store houses occupied cover nearly four thousand square feet, and when taken in addition to decks and shelving room, makes the establishment an immense one.

## NEVER BEFORE

Have you had an opportunity of buying good Buggies at such low prices. Look at this

Here is a fully guaranteed open job with the new steam bent solid panel seat, genuine leather trimming, long distance dust proof axles, oil tempered springs, full bolt and screwed rim wheels and the best braced and ironed shafts you ever saw **\$50.00** for

We have others cheaper, but this is a world beater. See it. **At \$53.00** We give you a genuine leather trimmed, leather quarter top buggy. Others ask \$65. We sell 'em \$12 less.

We have any kind of Buggy, Surrey or Trap that you want. Let us show you our stock and if you then buy a buggy from anybody else here or elsewhere we will give you a Silver Dollar.

We have all the styles, grades and prices of Harness too.

**CASON MONK & CO.**

The Buggy and Harness Folks

### Death Of Mrs. Muckleroy.

The untimely death of Mrs. Norman Muckleroy at Center, Sunday morning, was one of the greatest shocks to the people of that city. Her demise was unexpected, and only a few hours did the stricken family realize that the Death Angel was about to depart with the good woman's soul. The husband had just put the finishing touches on a handsome and cozy little cottage, which they were to occupy soon. Services were held Monday morning at the Methodist church at Center by Rev. Vance, before one of the largest assemblies in the city. Mrs. Muckleroy was nineteen years and seven months of age, and had been married about two years. She was loved by all who knew her, and the sorrowing friends extend condolence to the stricken husband, parents and other relatives. Norman Muckleroy practically grew to manhood in this city, was well and favorably known, and his many friends join with him in this hour of grief.

### Wedding Invitations Issued.

The following has been received at the Sentinel office: Mr. and Mrs. H. M. Boozer request your presence at the marriage of their daughter Maggie to Mr. Jerome E. Fuller Thursday evening September 16 1909 eight o'clock.

At their residence Nacogdoches, Texas.

Both of the contracting parties are well known in this section, the groom being a prominent young teacher, the bride the accomplished young daughter of Mr. and Mrs. H. M. Boozer,—one of the most prominent families in the county. The many friends of the young couple extend them greetings and well wishes, in advance of the happy event.

### To The People.

I will buy seed for the same concern I have been representing in the past, and solicit the business of the people, promising the very best prices possible. Also handle Fidelity Fertilizer.

8tw J. T. Roquemore.

## JUSTRITE

Front and side supporters. Made in large variety of material and trimmings.

Price only... \$1.00  
Style No 1026 for the average woman, price... \$1.00

**S. Kaplan & Bro.**

and every inch is packed well with some article or articles of usefulness to the man with a home. The stock has been more than doubled in the last twelve months, a fact that bespeaks the success of the firm more emphatic than all others,—and a fact that the seeker of house furnishings of all descriptions and at prices that attract, will certainly appreciate. The stock covers everything, it might be said. From a simple, plain inexpensive window shade to the handsomest piece of furni-

ture, made for the particular and the fastidious. The immense stock is divided into two sections, one for the new stuff and the other for second hand articles. This last department is an attractive place itself for here may be found most anything a person may need or want, and at prices so low that they seem unreasonably so. One of the good features of the business too, is the exchange of new for old furniture. This line of the firm's work has grown so extensively the past twelve months that it now requires almost the exclusive services of one man. The instalment feature is another excellent one, and proves a great help to the family with limited means, and which wants to furnish or re-furnish their home. A bill of house hold goods, everything from a cook stove to the bedroom suite, and accessories, that can be purchased with a small payment down and the other so much per month, helps two—the man who sells and the man who buys. There are now four men to look after the business, a force sufficient to meet the most urgent demands, and yet a force that is oft times taxed to wait on the rapidly increasing trade. J. F. Summers is general manager, Link Summers, cashier, "Hi" Morris, charge of the second hand and instalment departments, and Jake Summers, assistant. The firm has recently gotten in several carloads of new stuff (always buys by the load) and the

force has been very busy of late unloading and putting it in place. Things are about in shape now however, and plans are being made for the largest business in the history of the firm, during the next few months. In speaking of the matter, J. F. Summers, senior member of the firm, said that he had been in business in this city for a quarter of a century and his past year's business had been as gratifying as any previous year. To the people who contributed to his success he extends thanks, appreciating the trade given him greatly. He is too well known for introduction to the readers, being intimately acquainted with a majority of the people of the county. He and Link, his son, and other employees of the firm, compose a team of hustlers, good business men, with a wide acquaintance, a splendid knowledge of the furniture business, and stand to make the coming twelve months far in eclipse of the one just passed.

### For Sale.

On easy terms place at Blackjack known as Bill Fuller place; also 2 1-2 acres of land in Nacogdoches at a bargain. One second hand trap buggy and harness to trade for corn and wood.

Ed Gaston.

### For Sale.

95 acres of land, 45 in cultivation, five room house, good out houses and water, one mile south of Appleby. For prices and terms see Mrs. Frankie Hill, Appleby. 2tw

### Melrose Musings.

Once more we are living at our own dear home and we doubt that money, friends or anything else except death will move us again. So many changes have taken place since three years ago; old friends have moved away, some have died, new ones have taken their places.

Mrs. A. V. Simpson, her daughter Willie Eva, and son Irion of Timpson paid us a pleasant visit.

Miss Lora Hardeiman has returned from Wharton Co where she secured an eight months school for the coming term.

Two merchants and Dr. Robinson are rebuilding since the burn.

The two months summer school has closed. It was taught by Profs. Hale and Stripling.

Mrs. Beese and Mrs. Mangham, are moving to Appleby, also Prof. Stripling and family.

The farmers are very busy harvesting their crops. The cotton is opening nicely the second time.

The base ball team gave an ice cream supper last night.

Melrose is honored with three preachers living in our midst, by all means they should run a prayer meeting.

Prosperity has come to us, by the giver of all rich gifts and in return willing service is required.

Mrs. H. V. Fall from Chireno returned home this morning after an appreciated visit of several days.

L. W.

## Wanted

We want your drug trade and will treat you right. Come and see us.

## Weekly Sentinel

HALTOM & HALTOM, Proprietors.  
GILES M. HALTOM, Manager.

KEEP a-talking it.—the corn show,—it's a splendid thing.

THE "I-am-it" fellow can at least always give splendid recommendations for self.

A NOISELESS typewriter is the latest invention, and some mean editor intimates that it's cruelty to the ladies.

THE showers of a recent date will make potatoes where no potatoes were before. Score one more for Nacogdoches county.

ORANGE citizens have found out that they cannot have cement sidewalks and allow the cows to run out too. They will probably leave the cement sidewalks alone, in preference to keeping old Bossie in the pen.

THOMAS LAWSON is making an effort to get into the limelight again from the free advertising that is being scattered of late. And the worst part is that lots of papers will bite at the stuff, believing it to be real news.

AND soon the best ribbon cane syrup in the entire land will make an appearance, and then the folks away from here who have to be satisfied with inferior stuff will pine for a visit to old East Texas. It's the choicest land of all,—in all,—after all.

THE Ohio judge who has decided that it's no business of a husband to wash the dishes, is a benefactor and every fellow that is a hubby or expects to be one, ought to return thanks to the lawgiver. My, but it must take nerve to render such a decision as the above.

TALK for the corn show while you are making your rounds. It will be a good thing for the farmers and the section in general. Corn growing in East Texas is not a lost art as will be demonstrated at the exhibit to be held here next month.

THE way the fleecy staple is rolling into town looks powerful good to the man who owns the bales and the folks who sell goods. And the best part of the whole affair is,—it's bringing a good price and farmers are disposing of it. Twelve cent cotton is something worth while.

O. B. COLQUITT, candidate for Governor of Texas, is making every day count, from the way he is picnicing and hobnobbing with the folks of late. Colquitt probably realizes that he has a burden to carry for the next twelve months or more and wants to make it as light as possible.

THE North Pole has been discovered, according to the news dispatches, and Dr. Frederick Cook, and American explorer is the lucky man. Now that this important subject is settled, it's up to somebody to solve the perplexing riddle, "why is Uncle Joe Cannon?"

THERE couldn't be a better organization than a live, active, pulsating, hustling, working, always busy, Commercial Club.

LOTS of people are smarter than they look and others look a blank sight smarter than they really are. At least that is the way one fellow put it,—and we guess he knows.

THE Orange Leader says a fool is a person that expects to get something out of life without putting something into it. Then the world is well stocked with fools.

GOOD road building goes merrily on, and in a few years, if the present lick is kept, Nacogdoches county will have more good highways than any other county in this section.

THE tobacco industry grows year after year, despite the folks who have been, and are still, predicting a fall down. It's a hard matter to convince some people above "an all cotton crop".

A SMALL boy with a bank account will some day be the business man with money at his command. It's the habit of saving that counts after all,—and there are lots of little fellows in this city who are owners of real bank books.

PEANUT hay has proven a profitable crop this year, and lots of farmers will have patches in 1910. The idea of raising feedstuff at home, and quit sending to other portions of the globe for such, will be the making of East Texas.

A FARMER in the city yesterday, selling melons, stated that he only had in about three quarters of an acre this year and had realized already more than fifty dollars. He is not yet through with the melon patch either, and when done will have more than fifty dollars to his credit.

GET that smile on your front and quit looking so all-fired sour. If things are not going to suit you, change them up,—or change yourself. There's no use burdening everybody else and causing lemon feelings because of your own personal affairs.

TYLER leads the gang with hot weather stories when it says a Smith county man bought a dozen eggs, put them on the back porch while he went in the house a few minutes, and returning found sixteen chickens in the paper bag. The man who finds sixteen chickens where only a dozen eggs were before, is a curiosity himself.

THE Home Trade Edition of The Houston Post which was issued September first, is just another evidence of progressive newspapering in the South. The Post is a distinct Democratic Southerner, for Houston in particular and the big state of Texas in general, and never fails to wedge in an act of "building up". The edition will be a fine advertisement for that city and immediate section.

THE longer the pay roll the bigger and better the town,—therefore it behooves the citizens of Nacogdoches to join hands for more factories,—more wage giving plants. A get-together spirit will land them.

NACOGDOCHES has a splendid chance to land one of the sub-agricultural stations, and the belief is that the people will do their part. Nacogdoches should have it by all means,—it's a forward step,—progressiveness. It will be worth while.

A BUTTER factory is one of the really important needs of this city. It may be that an opportunity to get one will present itself soon,—and if it doesn't, the merchants, business men and farmers ought to erect one. Dollars and cents saved mean just that made. Keep Texas money in Texas, and Nacogdoches money at home.

THE initial number of the Velasco Courier, daily edition, is at hand. It's a lively youngster, full of good reading and enough business to make the proprietor smile the prosperous way. Luck to the Velasco Daily Courier.

THE Smith County Improvement Club is doing as it's name indicates. The entire citizenship of Tyler—and many people in the county—have become members and "the scrub must go" contingent is making things worth while. It pays to boost when everybody links hands for a single cause.

NOW that Captain Cook has discovered the North pole and planted the United States flag on the long sought spot, Uncle Sam doesn't want to accept it till aerial navigation makes it more easily accessible. If the flying machine man will get busy the North pole will soon prove an attractive Summer resort location.

THE Sentinel is in receipt of a complimentary ticket to the Great International Fair, at San Antonio, and with the promise that a good time is awaiting the pencil pushers who visit the tamale city. The Fair gives promise of being bigger and better than ever,—and it's already rated as one of the best in the entire country.

"THOSE who don't work and won't work will be made to work," is the slogan the officers of Beaumont are now working under. As a result the trash and vagabond population,—the dive frequenters and vagrants are moving on. It's not healthy to remain in Beaumont unless you work,—and a most commendable thing.

THE terrible uproar made recently by the Fort Worth Record and the "Hell's Half Acre" settlement of that city, has subsided and now but little real talking is being indulged in. Fort Worth is a city just like some other places, and while she may regret the affairs that have been pulled off in the corrupt district, she will never be rid of the Acre,—and knows it too.

THE unexpected happens sometimes, despite all talk to the contrary. The county site of Randall has been chosen for the Northwest Texas Normal, a place ideal for such, but a surprise to some of the other candidates for the location. Canyon City will profit by the deal lots more than it cost in dollars.

THERE are always some people who are skeptical. Eternally looking for something to happen and some opportunity to wedge in the "I told you so." Any person who is so narrow as not to accord another fellow at least an opinion is entirely too small for even a passing thought. What a pity such sour, dyspeptical, distorted folks can't have things to suit them for the simple sake of harmony if nothing else.

IF the people of Nacogdoches will do their individual parts, and their organized part, the Commercial Clubs will be one of the liveliest wires that ever found lodgement in East Texas. One man, nor a dozen men, can't do but little but if the entire citizenship will get together there'll be something doing that will open the eyes of the natives. Show your colors,—pin your faith where it ought to be,—say a good word at every opportunity,—and then note the progress made.

CANYON CITY has been selected as the site for the West Texas Normal, this having been decided yesterday afternoon by the committee which met in Austin. Canyon City offered \$101,000 and seven sites of forty acres each to select from. It is an ideal location, and people who are acquainted with that section of the Plains will agree that the county site of Randall was well chosen. The Amarillo contingent is called on to explain how it happened,—when the "yellow city" is only twenty miles away, has three times as many people, six times as much wealth and a thousand times as much hot air. The committee will go to Canyon City in a few days to sign the contract and select the forty acres for the buildings.

THE industrial edition of the Galveston News, published September 1st, is without doubt the very best that has been issued in many years. While there may have been other editions larger in number of pages, there has never been one that contained more information or that will prove a greater immigration puller. Among the excellent write-ups, a whole page is given to the tobacco in Texas, including views of the growing crops, and detailed information that will prove valuable to the prospective tobacco farmer. The entire edition is a splendid advertisement for this portion of the big state, our people appreciate it, and especially does the feature relative to tobacco growing appeal to the folks of old Nacogdoches county. Here's luck to the "old lady by the sea," the best booster of the Lone Star State in the broad land.

## M. L. STROUD

At Saddle Shop

—and may her future be as profitable in every way as it has been in the past.

The press gang will be interested in the announcement that James Hayes Quarles is to be married. He has won the heart of Miss Kennard of Navasota and the happy event will take place next month. Mr. Quarles is well known to newspaper men throughout the State and has occupied positions with the larger publications for a long time, but lately went to College Station to accept the position of librarian of Agricultural and Mechanical College.—Sherman Democrat.

Mr. Quarles is a native Texan and for many years he has been a member of the firm of McLemore, Sullivan & Cook Co., (limited). He scorned the fair sex, posed as an inveterate and incorrigible womanhater and denounced matrimony as a delusion and a snare. Justice is said to travel with a leaden heel. It is also said to strike mighty hard. There is no escape for the wicked or the wary, and now James Hayes will get his. Honor to his memory and peace to his ashes. He was a good fellow, he had many friends, he had performed many clever stunts in his time and the boys will keep a green spot for him in Memory Hall. A handsome reward is offered by the Society for the Elimination of Bachelors to the fair archer who will slay the high-browed McLemore or the musical and mirthful James Hampton Sullivan. These Sons of Mars would make ideal baby carriage chauffeurs.—Dallas Times Herald.

In commenting on the recent article in the Sentinel, in reference to West Texas, and the people who are flocking there, the Brownsville Bulle-

tin has the following to say: It is natural for ambitious young men to want to get into a country where there is progress and growth. The sections of Texas that have quit growing are dying for the young blood is leaving those sections. It is needless to discuss whether this is a mistake or not, but it is a fact that progressive people will not long remain in an unprogressive country. There is much of good in East Texas. It is a country in which one can comfortably exist without very much effort, but ambitious people are anxious to do more than merely live. They want to see, to come in contact with, to touch growth. Until East Texas people, the old citizens of East Texas, awake in their lethargic habits and determine that they too will do things to hood the attention and the efforts of their growing young people, they need not complain that their most energetic citizens hear the call of the progressive west and desert their old homes to assist in the upbuilding of a country in which they can take some pride.

THERE is either a new star in the heavens or an old star doing new stunts. Some have given the twinkler the name of the Star of Bethlehem, but it has any connection with the star that held its radiant torch over the hallowed scene when the wise men of the East found the Savior of men, evidence is lacking. Truthful citizens say the star waves like a lantern in the hand of man, and frequently disappears when not a cloud is in the heavens. It can be seen in the northeast in the early hours of the morning.—Honey Grove Signal.

# AFTER DOCTORS FAILED

## Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."—Mrs. ETNA DONOVAN, Box 299, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, indigestion, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

### Hand-Rambo.

Sunday Sept. 1st. Mr. B. F. Rambo and Miss Dora Hand were married at the residence of Elder H. M. Hudson, Rev. Hudson officiating. The bride and groom are from Grand Parish, La. The groom is an old playmate of Elder Hudson and came from Louisiana to be married by him. The couple will likely locate here.

Read Cason Monk Co's big ad on first page.

### NOW ON STRIKE.

Millions of Stomachs Refuse to do Their Work Properly.

All over this broad land millions of stomach owners are being held in humiliating subjection just because they are so stubborn that they will not accept a fair, square and broad minded offer.

Life is short for all of us; it will be shorter for those who let their stomachs go from bad to worse.

Stripling, Hazelwood & Co., have a famous prescription called Mi-o-na, and they believe so thoroughly in its remarkable curative power that they say to every owner of a distressed stomach that they will guarantee Mi-o-na tablets to cure acute or chronic indigestion and all stomach ailments, or money back, and the price is only 50 cents a box.

And still there are stubborn people right in Nacogdoches who won't accept this offer, but continue to suffer from gas on stomach, belching of sour food, stomach pains, foul breath, dizziness, biliousness and headaches, just because—just because—that's all, there is no other reason.

Mi-o-na tablets stop dyspeptic agony in five minutes; they cure obstinate cases of indigestion, and turn the old stomach into a new one in a few weeks, or money back.

# HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including Hyomei. Extra bottle 50c. Druggists.

### STORM AT DIALVILLE.

Blows Down Awning, Trees and Gable of Store Houses—Lightning Kills Horses.

Tuesday afternoon at 5 o'clock a storm struck Dialville and blew the gable end out of the store house belonging to J. H. Quick and blew down the awning in front of the postoffice. The school house was partially wrecked. The windows in Mrs. Bogg's residence were broken. Several of C. D. Jarratt's out houses were blown down as was the crate house of N. A. Slover.

Lightning struck a mule that Olie Acker, the 18-year-old son of Mrs. Giva Acker, was riding and killed the animal instantly and Olie was so severely shocked that he was rendered unconscious and Wednesday morning there were little hopes entertained for his recovery.

Two horses belonging to H. H. Odom were killed by lightning. The heaviest rain that has fallen this year fell there for about 30 minutes.

The tent being used by the Methodist to conduct a revival in was badly wrecked.

Lightning also struck a tree in front of Acker's drug store. — Jacksonville Reformer.

### Sixshooter Tactics.

According to the records of an official at the court house, a real, genuine shooting bee took place in the city yesterday, and a serious outcome was narrowly averted. The participants were women, each seemingly bent on victory over the other, both neighbors and pulled into a dispute by "gossip". One armed with a hand weapon and the other with a shooter of searing qualities, met and proceeded to demonstrate. A boy interfered and the scene closed.

### Best Meeting Yet.

Quite a crowd from this city attended the Nacogdoches County Debaters Union at Mahl Saturday night. They report a splendid program, and from that stand point, as well as attendance of both visitors and delegates, believe it to have been the best meeting ever held by the body. Congressman Martin Dies came in Saturday and went from here with the crowd, making a very much appreciated address at the Mahl meeting.

Aaron Zeve has returned from a purchasing trip to St. Louis markets. He reports things all right in that section and lots of goods sold.

### The County Crop Outlook.

John S. Doughtie returned yesterday afternoon from a short trip in the country for the purpose of getting in touch with the ginners. He reports the recent showers very scattering, some localities getting pretty good rains and others only "dust laying" sprinkles. The people are figuring on a very short cotton crop, much less than last year, but considerably more than the year before. However it is believed that the yield will prove some more than the people now anticipate.

### OFFICER TOTED SIXSHOOTER.

An East Texas Constable was Doing the Beach, Wearing Heavy Artillery—was Relieved of the Cannon.

Galveston Tribune.

Through a letter from an attorney up state to Mayor Fisher, complaining of the alleged unpleasant treatment of a peace officer who was visiting in Galveston ten days ago, is brought to light the story of an inland constable's experience in Galveston.

According to the letter to Mayor Fisher the upstate constable was relieved of his sixshooter while doing Galveston pleasure resorts on the beach and he appears to have suffered some humiliation by the occurrence, so the author of the letter says.

According to the statement of Chief of Police Perrett and the officers who discovered the constable going about the city armed the visiting officer was treated with due courtesy and appeared to appreciate that the local officers were doing their duty. He was not arrested nor speaking was he disarmed, but a request was made that he lay aside the arsenal while here, and he turned the gun over to police clerk for safe keeping. It was returned to him the following day when he called upon Chief Perrett.

One beautiful summer evening recently the aforesaid constable from an East Texas precinct was taking in the attractions on the beach. He was walking through the park coatless, and sticking out of the right side of his trouser belt band was a huge gun, commonly known as a 45-calibre weapon of long barrel and heavy handle. Police officers on duty at the beach were attracted by the sight of the ordinance and accosted the man and asked him why he was armed. The constable said he was an officer and had a right to carry a gun, but agreed with the policeman that perhaps it was not just the right thing to display the small cannon so conspicuously. He was requested to report to police headquarters, and it appears he called at the police station, surrendered the gun to the police clerk, and in company with a friend returned to his tour of sightseeing and pleasure-hunting on the beach.

The following day he called at police headquarters, and after meeting the chief and other members of the department, his gun was returned to him and he left for home.

The police department members say their relation with the upstate constable were very pleasant and that no complaint was made at the time. The visiting official, it is said, agreed with the local officers that it is the height of indiscretion, to say the least, to parade the streets of Galveston or any other city in Texas with a big sixshooter exposed to view.

### Experience Proves.

Time tells which is best and most reliable. For 70 years Perry Davis' Painkiller has been driving away pain and bringing health—a remedy for sprains, burns, bruises, rheumatism, neuralgia. It cures colds, cramps, bowel complaint. Be sure to take this unequalled remedy promptly. Large bottles 50 cents or larger 50 cents.

# The Cough of Consumption

Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about your taking Ayer's Cherry Pectoral. It controls the tickling, quiets the cough.

**Ayer's**

One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime.

Made by the J. C. Ayer Co., Lowell, Mass.

### Decrease in Cotton Crop.

According to the government report issued today, and which was received here by cotton men, the prospects for cotton are much lower than they were August 1st. On that date the outlook indicated a cotton crop of 71.9 while the report today is less than that by 8.2—making it 63.7. This is for the United States, and while no statistics for Texas were learned, this state will no doubt be less than the above. It is a very light crop, considered by men well versed, and has a tendency to favor the growers very much in the price of fleecy staple.

### Letter to R. C. Monk.

Nacogdoches, Texas.

Dear Sir: There are these five ways of badness in paint: (1) stuffed-out with chalk, or something like that; (2) barytes, better than chalk, but no covering to it; nobody know it's there; (3) benzine in the oil, or other such stuffing; (4) too thin—too much liquid, whatever it is, for the solid; (5) short measure; Now will you buy by the price per "gallon"?

We furnish our agents with a state chemist's certificate of analysis that tells what's in Devoc.

Yours truly,

F. W. Devoc & Co.

New York. P. S. Mast Bros. & Smith sell our paint. 46

### Dotson Brings Good News.

Homer A. Dotson returned yesterday afternoon from Fort Worth and Dallas, having gone to the former place to meet the state committee in reference to a sub-agricultural station for this county. Mr. Dotson brings back some very encouraging news. He states that the committee suggested that the people of this city get up a proposition to submit them. This proposition must include land for the site, with house, barn etc. The site however, of these stations will not be made from the "money consideration" standpoint, but more on the central location plan, with reference to sections. Mr. Dotson will take the matter before the Commercial Club.

Hal Tucker has returned from an extensive purchasing trip East, including St. Louis and other points. He reports business in the cities brisk, lots of buyers in the market, and a general air of prosperity among them. He made some large purchases for the firm of Tucker, Hayter & Co.

### A "TRANSGRESSOR" TO GRIEF.

One Party of Ebony Hue, Petticoat Offender of The Vagrancy Law, Is Assessed a Twenty-Five Dollar Fine and Costs—Another on Roll Call and Still Others to Come.

"You'll have to go to work or move on" is the admonishment that is being given the vags, not in so many words but in actual Missouri showing. It's a cold blooded fact handed in a package of no mean dimensions, by the court. Roxie King, a notorious negro woman in her section, and made so by her desistings from such things as actual, bonafide labor, was hauled into court Saturday afternoon on a charge of vagrancy, and when the court had finished the affair, with trimmings attached, Roxie knew she had been in the Temple of Justice. The small, insignificant trimmings, aforesaid amounted to just twenty seven dollars and fifty cents, making a sum total of fifty two wagon wheels and a quarter of an American dollar. The petticoat offender, of a darker hue than white wash, now languishes in the county bastille, being the guest of the county. Unless an appeal of the case is made, or a new hearing granted, Roxie will find employment on the county farm or with the road gang for the term of one hundred and four days and one half of a day. That's the initial case tried, —vagrancy case—but another of the humbre type by the name of John Foya, is on call, and would have gone to trial today if an officer of the court had not been compelled to attend to some legal matters at a nearby town. John is also in jail, a guest of the county, awaiting an appearance for being a common vag. He is a Mexican and is noted for his extreme laziness, according to some who claim to know. This is the beginning and many others, black and white, male and female, are to be called to the mourners bench unless they get busy. The vagrancy law is to be enforced to the letter, the officers say, and the folks who heretofore have been in the habit of laying around and living from hand to mouth, at the expense of some one else's kitchen, will have to get a real, sure enough job, or the county farm will be stocked with hands.

Pitt Hill, of Nacogdoches county, was among the number of visitors in Lutkin today. He had a good report concerning things in his part of the county. Some rain has fallen but not near enough as yet, and everything is about dried up.—Lutkin Tribune.

# Syrup of Figs and Elixir of Senna

acts gently yet promptly on the bowels; cleanses the system effectually; assists one in overcoming habitual constipation permanently. To get its beneficial effects always buy the genuine.

SOLD BY LEADING DRUGGISTS 50¢ A BOTTLE

Gwine to See Her Marster.

An aged negro woman, high into the century mark no doubt, canvassed today for funds to carry her to her sick "marster." She doesn't know how old she is, but is quite sure it's long past the ninety figures and claims to be among the very oldest in this section. She said her "old marster" is sick and she wanted to go to see him—to San Augustine—a tale that always appeals to all alike, and responses were made in nickles and dimes and quarters. She will go to see her sick "marster" and none who gave will feel the weight of giving. The old negro "mammy" will soon be a creature of the past—a distinct remembrance of the bygone days and a fact realized by the people who have grown older. The younger folks are not impressed with the "old slavery" negro as their parents. They can't be,—but the fathers and mothers, and grand parents know what these good old negroes mean, and meant long years ago, and appreciate them to the last. The sick "marster" raised the aged ex-slave and her greatest desire is to get back and nurse him again to health.

### Will Move West.

Judge C. D. Mims returned Friday from an extended visit to several Texas points, among them the far Western portion of the state. He spent several days in Stanton, on the T. & P. from Fort Worth to El Paso, and is so well impressed with that that country, that he has decided to move there. He reports conditions fine there, good crops, general air of hustle and prosperity, and a growing, building, progressing sections—of the big state. Judge Mims and family will probably leave here about October 1st. The many friends of the Judge and his most estimable family regret to learn of his decision to leave here, but wish for them them the very best there is.

All upset—stomach and bowels bad

# Weekly Sentinel

Office of Publication—Church and Main Streets  
Opposite Opera House.

PUBLISHED EVERY THURSDAY.

RATES OF SUBSCRIPTION:  
Daily, per year, \$4.00 Weekly, per year \$1.00  
Daily, per month, .35 Weekly, six mo. 1.75

Subscribers of the Sentinel wishing a change of address are urged to give the old as well as the new address. This is important!

PUT 100,000 pieces of literature about Nacogdoches county, among the Dallas Fair visitors, and you'll see results. Advertising pays in any and every way, shape, form and fashion.

To the skeptic it might be mentioned that the tobacco industry of Nacogdoches county will be the biggest thing in this country some day. Get in the push and boost it, or get out of the way.

The fact that this old world now has two North poles and that both have been discovered, hasn't caused East Texas lands to decrease in price. They are becoming more valuable all the time.

The \$500,000 in bonds to be issued by Ellis county for the building of good roads will mean a wonderful increase in valuation in that county. The people of Ellis believe in progress and practice it. Tonight at 8:30 o'clock.

DALHART is just one of the progressive Western towns. Can't help but mention it occasionally, and especially since they have already raised \$500 to advertise the place, in addition to spending nearly \$300 for a booth and location at the big State Fair. Push it along,—anything is a good thing, if for the progress of a town.

A STATE experimental-demonstration farm, as will be established in some county of this section, will prove a good thing. Already have the Federal tobacco farm, and this in connection with it will be another forward step. A most excellent chance to land such too, if the citizens will exercise that get-together spirit. And the time to act is now.

GET the habit. Give the visitors the glad hand. Learn their business here and aid them in every way possible. Talk for Nacogdoches on all occasions and convince the strangers that we have the best country in the world,—and we have. Start the ball rolling and keep it going,—it's the stuff that makes cities out of towns,—and is worth while.

THE universe pays every man in his own coin; if you smile, it smiles upon you in return; if you frown, you will be frowned at; if you sing, you will be invited into gay company; if you think, you will be entertained by thinkers; and if you love the world—and earnestly seek for the good that is therein,—you will be surrounded by loving friends, and nature will pour into your lap the treasures of the earth. Censure, criticize and hate, and you will be censured, criticised and hated by your fellow men.—N. W. Zimmerman.

## COME TO THE FAIR.

NACOGDOCHES announces that it is getting ready an exhibit for the Beaumont fair, and there should be a movement in every East Texas county and Southwest Louisiana parish to this end. There is no reason why in the Southeast Texas Fair this section should not support an exhibition of farm produce second to none in the country. The agricultural possibilities of the country tributary to Beaumont are second to none in the nation, and they should be developed until an exhibit of them will be an education in the possibilities of agriculture.

While the other counties are preparing their exhibit there should be an awakening in Jefferson county, and there should be exhibits of rice, cotton, fruits, corn, hay, cane, syrups, garden truck, and, in fact, everything that is raised in the county. Truck gardeners especially, should begin preparations now so that there may be exhibits of everything in the way of window vegetables that may be grown here. There will be many northern visitors in Beaumont at that time, and the winter gardens of Jefferson, Orange, Liberty, Chambers, Hardin and Jasper counties will appeal to them.

At the show last year these exhibits of fresh, green vegetables right from the garden attracted much attention from people from the far north where at the season when this Fair is held the gardens and fields are buried beneath a blanket of snow.—Beaumont Enterprise.

You have doubtless noticed that no complaints are coming from the farmer who is not depending on one or two crops. It is true he has suffered loss, but he forestalled that by having a number of different ways in which to look for an income. That is what every Texas farmer should be doing. He should first plan to come as near living at home as it is possible for him to do and then diversify the balance of his acreage. A few dairy cows, a few hens, a pair of mares and some hogs will do their part to keep trouble from brewing at the end of a hard season. These are the things which will make Texas.—Denison Herald.

THERE be men who are very anxious to tell the truth about unfavorable conditions and reports, but it is observable that the information with which they seem to be fairly bursting is generally much more unfavorable to other localities than to their own. Now if you must tell the truth, dear friend, suppose you try to confine your enthusiasm in the veracity line to your own demension and let other people work out their own salvation. One thing is certain—this thing of telling bad stories about neighboring sections, in order to boost one's own section, is sure to prove a boomerang in the end, as it will tend to destroy the confidence of prospectors in the entire valley, and hurt the knocker as well as the man who gets

knocked. Boost your own proposition as much as you please, but there is no need of running down the other fellows.—Brownsville Herald.

In days gone by editing a paper was a business quite liable to get one into trouble with the authorities, and many a member of the press in those times lost his head, not merely in a metaphorical sense, but literally. In these days an editor is rarely executed, except now and then perhaps in effigy. Speaking of such a case, the Parsons (Kan.) Sun says: "A Lakin editor was hanged in effigy the other day. As long as people confine themselves to hanging editors in effigy we have nothing to say. It is when they start to hanging the editors in person that we will enter our remonstrance."—American Press.

The simple fact is that if the tariff on lumber does not affect its price, as Senator Bailey would have his constituents believe, then the lumber trust would not go to the expense and trouble of keeping the tariff on. Any man capable of reasoning for himself must know that. The few who are not capable of independent thinking will probably go on accepting Senator Bailey's word for what they consider its face value.

Our fatuous senator will have to try again. His fourth annual tour of explanation is all right as regards the bouquets he throws to his enthusiastic auditors and the apostrophes delivered to the ladies. Even more—his elocution is lovely, and the suave gesture that accompanies the reaching of his Hyperion curl is beyond anything on the picnic circuit. But to reasoning people the excuses he offers for violating the pledges of the democratic platform are as sounding brass and tinkling cymbals, with emphasis on the brass.—Galveston News.

The teachers have requested the Sentinel to extend thanks to the Woodmen for the entertainment last night. The crowd was "full of teachers" as a prominent pedagogue expressed, and the time was such an enjoyable one to them, that they could not refrain from telling just how much they appreciated it.

People Camped At Garrison. Several attorneys, and others, who have been to Garrison this week bring back very flattering reports concerning that little city. The mineral waters there seem to have attracted the attention of folks, and many are camped there to partake of the "aqua pura". In reference to this latter it might be added too, that Garrison has some mighty fine mineral waters, and if the matter was pushed thoroughly, would result in great good for that town. Real estate seems to be active there too, of late, many applications for land having been reported.

Golden Cane Mills and Evaporators. Car just in. Get our prices. Cason Monk & Co.

## GENERAL HOUSTON'S GRAVE.

In a quiet nook in the Huntsville cemetery, reposes the remains of General Sam Houston, whose name will ever be linked with the history of Texas because of his patriotic and able service rendered the state, both before and after Texas became a state. It is marked by a cheap marble slab bearing this simple inscription: General Sam Houston. Born March 2, 1793, died July 26, 1863.

The Thirtieth Legislature, through the efforts of Senator McDonald Meachum and Colonel A. T. McKinney, senator and representative from that district, made an appropriation of \$10,000 to erect a suitable monument over General Houston's grave, but unless it has been done very recently no contract has been let for the work, the relatives of General Houston, it is said, being unable to agree upon a suitable design. Unless the contract is let before September 1 the appropriation will lapse. But what does a monument amount to, anyhow? "We live in deeds," not in monuments. General Houston needs no monument to keep his memory fresh in the minds and hearts of Texans. The most imposing monument that could be erected at his grave would crumble into dust before his name and history are forgotten in Texas. But the monument should be there, not for General Houston's sake, but as an evidence of our own appreciation and recognition of patriotic service.—Wills Point Chronicle.

## Newspaper vs. Circular Advertising.

We don't wish to discourage any means of advertising, says J. W. Watkins, editorially, in his paper, the White City (Kan.) Register, but we cannot for the life of us understand why a paper which goes into the majority of the homes tributary to the town where it is published is turned down for bills or circulars. Men of apparent business acumen will sometimes do this. We positively can't understand it. A minute's thought ought to suffice to convince such a person it is a losing proposition.

It is a mistake for a merchant to think that people are dying to read his ad. They are not. Men are not ad readers to any great extent. But women read the ads and you must aim to have your ads reach that class. They can see a bargain at a glance, where a man wouldn't recognize one if he met it in the road. Here is where the newspaper ad scores over bills. Let the average man get an envelope out of the office or box and on opening it finds it a bill and he will wad it up and throw it away. The wisdom of his doing so is apparent. It it does reach the house perhaps not more than one member of the family reads the cumbersome thing until it is destroyed. How about the newspaper? It would be a sorry day for any hubby, on getting it out of the office or box to wad it up

and throw it away. In fact he wouldn't have a disposition to do so. He takes it home, reads the news, and the ads meet his every gaze. He can't get away from them. He reads them purposely or inadvertently. Then the wife, the girls and boys, the hired help in their turn.

But why say more. The newspaper advertising costs less and brings far greater results. It is the dignified way of getting your wants before the people. Any other way is not.—Publishers Auxillary.

## Some Damage Stories.

George Eason, cattle claim agent for the Houston East & West Texas railroad, and Angelina and Nacogdoches counties was in Lufkin this morning on his regular rounds looking into such stock claims that might demand his attention.

To a representative of the Tribune he stated that some funny things sometimes turned up in the course of his business while investigating the claims of various people for damage alleged to have been committed by the train on their stock. In the first place nothing but fine stock are ever hit by a train. It makes no difference if it is really the commonest stock in all the country a claim is nearly always put in for first class blooded stock and unless the company chooses to settle for the amount asked by the claimant a damage suit is generally the result. Mr. Eason says the following claim was recently sent in to the Claim Department of the I. & G. N. Railroad at Palestine: Palestine, Texas,—1900. Mr. I. & G. N. Railroad:

Dear Sir. "One of your freight trains has run over my bull and knocked him flat of his back. In addition it also knocked a piece of hide two feet square and also pined a great hole in his back, to such an extent that the bull is not worth anything to me now. I want you to send me one hundred dollars for this bull or I'll be obliged to go to court."

And down in Polk county, this big story teller, Eason, says two farmers each had a fine bull. One day these two bulls got two pawing up the dirt and trying to fight on the railroad track. One was white and the other was black and white spotted. While they were thus engaged in raising a row a freight train came along, struck one of the bulls and knocked him on the other, then ran over and made sausage meat of both animals. In the general smashup it was impossible to tell whether there was one or two bulls, and so the railroad is waiting for the matter to be decided between the farmers so the right one can be paid.

Eason declares that both these stories are not stories but the Lord's truth and he is willing to vouch for them if necessary.—Lufkin Tribune.

Every lady should read Cason Monk & Co's. ad on 1st page, it's all right for men too.

## CONGRESSMAN DIES SPEAKS.

Large Audience Greet Texas Representative at Opera House, and Enjoys a Talk on Tariff—Woodmen Entertain Afterwards.

A large crowd attended was present last night at the Opera House, to hear Congressman Martin Dies, of Beaumont. The audience was well mixed, being about as many ladies as gentlemen, and all seemed to enjoy and appreciate fully the speech of the Texas representative.

Mr. Dies speech was somewhat along the lines of "tariff", giving his views of the absorbing and rather complex question, along with which his position was clearly defined. From expressions today, Mr. Dies explanation of the question was eminently satisfactory in every way, and his lumber feature elicited much talk, gratifying to the hearers. Mr. Dies is a very forceful speaker, strong convictions, and never fails to entertain an audience. He has many friends in this city and county and when an opportunity presents its self, talks to them and tells them where he stands. The speech last night was well received, and to say the least of it, very instructive, to the person who needed enlightenment along the lines of "tariff", the much discussed topic and one that has been such a nightmare to the people of the South.—After the speaking, on invitation of Arthur Seale, Judge F. P. Marshall, and other prominent Woodmen, the crowd repaired to the Woodmen Hall where a splendid entertainment composed of good things to eat awaited it. Ice cream and cake in quantities and quality that would appeal to crowds instead of a crowd, and lemonade of the ice-cold-sort, was the real nature of the past time, and to say that justice was done, is sufficient. For two hours the Woodmen and their guests made merry, enjoying the refreshments and conversation, desisting from further such indulgence only on account "of the fullness thereof" with reference to appetites. Judge Dies was introduced at the Opera House by Eugene H. Blount, in that happy strain, characteristic of the gentleman,—putting the audience in the very best of spirits and causing the "smile that wont come off" on the countenance of the esteemed gentleman who has the honor to represent the choicest section of Texas, in Congress.

## Pastor is Chosen

Rev. F. J. Sloane has been chosen as pastor of the Episcopal Church here for the next year, and will move here in the near future. He will have only the Nacogdoches station, conducting services here each Sunday. Rev. Sloane comes from Orange, a splendid clergyman and a most estimable gentleman in every way and the people of this city will welcome he and his family as residents.

Melvin Watkins, a young man from Beville, has accepted a position at Weeks & Ratcliff's Drug Store, and came in yesterday to begin his duties.

## Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for generations for nearly a quarter of a century. It cured J. C. Latham, of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 903 Ellis-st., Louisville, Ky., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do all over two million people did last year—go to your druggist and buy a regular bottle at 25 cents or 50c, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 515 Caldwell bldg., Monticello, Ill.

### Good Negro Institute.

County Superintendent R. W. Tillery reports the best negro institute that has ever been held in this city. There are about thirty in attendance, practically all that will teach in the county. The work has been excellent and all seem pleased. The institute will close this afternoon.

### They Should

"My honest conviction, based upon my own experience and that of my friends, is that 'Hunt's Cure' will cure a larger per cent of skin troubles, especially of an itching variety, than any other remedy. Certainly those afflicted with any form of itch should try it."—J. O. Monroe, Atchison, Kas.

Other people ask \$65.00 for a leather trimmed top buggy. Cason Monk & sell them for \$53.00. You save \$12.00.

Oscar Mangham has returned from his vacation and is again at his position in the post office. While away he visited New Orleans and other points.

### A Burglar in Town

His name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup, it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1.00 per bottle. Sold by Mast Bros. & Smith.

Miss Clara Turner of Center has accepted a position with S. Kaplan & Bro. and began work there this morning.

## FOR Indigestion AND Dyspepsia USE Kodol

When your stomach cannot properly digest food, of itself, it needs a little assistance—and this assistance is readily supplied by Kodol. Kodol assists the stomach, by temporarily digesting all of the food in the stomach, so that the stomach may rest and recuperate.

**Our Guarantee.** Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate any druggist will sell you Kodol on these terms. The dollar bottle contains 25 times as much as the 50c bottle. Kodol is prepared at the laboratories of Dr. C. C. Dewitt & Co., Chicago.

For sale by Mast Bros. & Smith

### United Charity Association.

At the regular meeting of the United Charity Association yesterday afternoon Rev. J. W. Bates was by unanimous vote, chosen President for the coming year. Bro. Bates will bring new life and interest into the Association and the selection is eminently wise.

This organization helps every worthy case of need in our city and because of its work among the poor and distressed, deserves the support of every good man among us. Only last week a poor fellow suddenly taken with fever, refused aid by the county officer and the city was taken up by the Charity Association provided with all necessary attention and medicine put upon his feet again.

When a call is made for money for the support of an institution like this, no self respecting man can afford to refuse to help in accordance with his ability.

### Best in Existence

"I sincerely believe, all things considered, Hunt's Lightning Oil is the most useful and valuable household remedy in existence. For cuts, burns, sprains and insect bites it has no equal so far as my experience goes."—G. E. Huntington, Eufala, Ala.

Miss Beatrice Stack has gone to New Orleans to enter the Holy Angels Academy there for the coming term.

### Hoppy Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—it your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00 Sold by Mast Bros. & Smith.

The smiling countenance of Burt Tucker looks quite natural this week behind the counters at Tucker Hayter & Co's store.

### Attend to Your Liver

No organ in the human body can give as many different kinds of trouble as the liver when it is not right. Simmons' Liver Purifier makes it right and keeps it so.

### Texas Prosperity Club.

Ft. Worth, Tex., Sep., 3.—The Tax Assessors of the state were given a complimentary membership in the Texas prosperity Club by Capt. B. B. Paddock president of the club, today as a reward for their kindness in furnishing the Texas Commercial Secretaries Association with statistics concerning their counties. The association has frequently called upon the assessors for information which has always been furnished promptly and the secretaries feel that the assessors' cooperation merits recognizing them as empire builders. The membership certificates carries with it seven pieces of literature containing valuable information on Texas and the tax assessors will receive copies of all future literature issued by the association.

## TEETHING

makes baby nervous and fretful, and stops gain in weight.

## SCOTT'S EMULSION

is the best food-medicine for teething babies. It strengthens the nerves, supplies lime for the teeth, keeps the baby growing.

THE STANDARD OF THE WORLD

### Arrested For Theft.

Sheriff A. J. Spradley this morning placed under arrest a negro, Arch Polk, charged with the theft of twelve dollars, alleged to have been stolen a few nights ago from the negro's mother. Polk was lodged in jail, as a guest of the county.

### For Sale.

One Fairbank cotton beam and frame. See T. J. Roquemore.

### To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and act as a tonic for the entire system. Sold by Mast Bros. & Smith.

Cason Monk & Co. want to see you—and show you best hardware store in East Texas.

### Work On The Taussig House.

Work is being pushed on the Taussig tobacco ware and packing house, located on Pecan street, and which is being erected by J. H. Cox. Henry Weinberg will have charge of the packing house and expects to get into it about the 15 of this month. That company will pack something like 100,000 pounds of this year's product.

Read Cason Monk & Co's ad on first page.

### Gambling

your life against 25 cents is just exactly what you are doing if you neglect a cough or on the chest instead of treating it with Ballard's Horehound Syrup. A 25 cent bottle of this splendid remedy will cure an ordinary cough, heal the lungs and act as a tonic for your entire system. Mast Bros. & Smith.

### First Load Of Tobacco.

The initial load of new crop of tobacco was brought in today by J. Thomas Hall. The tobacco has been gathered for some time and in the barns, but the extremely dry weather prevented people from moving the crop. It is expected now that the farmers will haul their tobacco to the ware and packing houses, as the rain and damp weather will permit them handling it.

## Foley's ORINO Laxative

Is Pleasant and Effective CURES

Constipation, Stomach and Liver Trouble.

by stimulating these organs and restoring their natural action.

Is best for women and children as ORINO does not grip or nauseate.

Sold by Mast Bros. & Smith

### ALICE DUKE IS INSANE.

Former Wife of Tobacco King Arraigned Before Judge—Noted Woman Sings Snatches From Grand Operas.

Chicago, Sept. 1.—An unkempt, illusion haunted woman, whose feverish lips answered to the name of Alice Webb Duke, in Judge Gimmell's court here to-day, there was little to remind the spectators of the former wife of Brodie Duke, the millionaire tobacco man.

Mrs. Duke was arrested last night charged with having failed to pay a forty dollar automobile bill. In her cell last night she sang snatches from grand operas for hours.

To-day Judge Gimmell, on the statement of a physician that the defendant was insane, held her for examination to the county court as to her mental state.

### Not "Just as Good"—It's the Best.

One box of Hunt's Cure is unfailingly, unqualifiedly and absolutely guaranteed to cure any form of skin disease. It is particularly active in promptly relieving and permanently curing all forms of itching known. Eczema, tetter, ringworm and all similar troubles are relieved by one application; cured by one box.

An old negro, who lives in the country, came into town one day and saw an electric fan for the first time in his life. The whirling object at once attracted his attention and after intently gazing at it for several minutes, with the greatest astonishment and curiosity he turned to the proprietor of the shop and said, "Say, boss, dat suttenly is a lively squirrel you got in dis yeah cage, but he's sho'ly goin' to bus' his heart, if he keeps on makin' dem resolutions so fas!"—The House-keeper.

### Cotton Yard.

I wish to thank my many friends and customers for the liberal patronage the past season and ask a share of same this season. Weights guaranteed to be correct. My yard is at the same stand, the big old cedar yard on East Main street, lots of room. Will take care of your cotton it left with me. Yours to please. A. J. Locke.

### Nacogdoches Good Roads.

The building of better highways in this county the past twelve months, has been and is still, attracting the attention of outsiders. The good work goes merrily on too, and the folks at home are gradually realizing the importance of the good roads movement. Will McMillin, road superintendent, has been making a study of the road building department of his labors, and believes as he practices. A departure has been made by him too, and that is advertising good roads in this county, as well as urging them. He is having printed on his stationery now, "Nacogdoches wants more good roads," in red ink, bold type. It's a good thing, and more of such publicity ought to be indulged in, in all lines.

## Get Well

If you are sick, you wish to get well, don't you? Of course you do. You wish to be rid of the pain and misery, and be happy again.

If your illness is caused by female trouble, you can quickly get the right remedy to get well. It's Cardui. This great medicine, for women, has relieved or cured thousands of ladies, suffering like you from some female trouble.

## TAKE CARDUI

For Women's Ills

Mrs. Fannie Ellis, of Foster, Ark., suffered agony for seven years. Read her letter about Cardui. She writes: "I was sick for seven years with female trouble. Every month I would very nearly die with my head and back. I took 12 bottles of Cardui and was cured. Cardui is a God-send to suffering women." Try it.

AT ALL DRUG STORES

Alice Webb Duke, the woman who played a strange part in a tangle of high finance and was well known in Texas for her tobacco schemes, is said to be a mental wreck in a Chicago sanitarium. It would surprise no one who has followed the story of her life in the last five years. It is a strange record of vaulting ambition that believed it saw a straight path to success and followed it with intrepid and unquestioning zeal until brought up short by the superior fighting power of the relatives of the old man she married. From the day this woman sought to complete her chain of life she seemed to be toppling downward in finance and standing, and the end is a total breakdown. It is a pitiful, but at the same time an instructive story.—Austin Statesman.

### Notice.

All persons interested and holding claims against the estate of Mrs. C. A. Boles, deceased, are hereby notified that I was appointed administratrix of said estate by the Hon. County Court of Nacogdoches County, Texas on the 22nd day of July A. D. 1909 at a regular term of said court, and all persons holding claims against said estate are requested to present their claims to me within the time prescribed by law for my approval. Address me at Nacogdoches, Texas, care of June C. Harris.

Ida Boles, Administratrix of the estate of Mrs. C. A. Boles, dec'd.

### Get a new Studebaker wagon from Cason Monk & Co. and be happier.

A Dallas man was fined \$10 Friday for throwing rocks at his wife. It is getting so a man has no rights in this country that are respected by the courts. If a fellow can't throw rocks at his wife, whom can he throw at?—Grand Prairie Texan.

## ICE CREAM 1c. a Dish

is made in this way: Stir a package of JELL-O ICE CREAM Powder into a quart of milk and freeze it. That can be done in about ten minutes. There is nothing to add, for the powder supplies everything, and there is no cooking or anything else to do. You will have two quarts of delicious ice cream for the usual cost of two dishes. 2 packages for 25 cents. Illustrated Recipe Book Free. The Genesee Pure Food Co., Le Roy, N. Y.

### THE UNIVERSITY OF TEXAS

Co-Educational. Tuition Free. ANNUAL EXPENSES \$180 AND UPWARDS. MAIN UNIVERSITY, AUSTIN. Session Opens Wednesday, September 22, 1909. # S.S.S.

## OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

Having used S. S. S. extensively I can testify to its merits as a blood purifier and tonic. It enriches, purifies and cleanses the blood of all impurities, and at the same time is a wonderful invigorator, tonic and system builder. It is also a fine remedy for Rheumatism; it is master of this very painful disease, and as a tonic to give appetite, strength to the nerves and build up the system it has no equal. It is a very fine medicine indeed, and I have every confidence in it.

**MRS. F. L. BAILEY,**  
702 Linden St., Clearfield, Pa.

### FIFTH ANNUAL CONVENTION.

Corpus Christi. Making Preparations to Entertain Delegates at Waterway Gathering—Program to be Issued Soon.

As President of the Interstate Inland Waterway and by virtue of authority vested in me by the Executive Committee, I hereby call the Fifth Annual Convention of the said Organization to convene at Corpus Christi, Texas, October 21, 22 and 23rd and urge upon all citizens of Texas, and Louisiana who are interested in the early and successful consummation of the important project to which the organization is dedicated, to assist and co-operate in making it the most successful and largely attended waterways Convention ever held in the Southwest.

Preliminary plans have progressed far enough to justify the assertion that with the aid of those interested in the project, the Convention will be a memorable one in the annals of waterways promotion. For the second time in the history of our country, a President of the United States will address a Waterways Convention when the Hon. William Howard Taft will appear at the Corpus Christi meeting. The President has positively accepted an invitation to attend and address this Convention. He will speak at the morning session on October 22nd. It will be the first waterways Convention that Mr. Taft has addressed since his election and it is safe to assume that his speech will be a notable one. The Secretary of War who will be a member of the Presidential party is also expected to address the Convention.

Hon. T. M. Campbell, Governor of Texas, has also given his definite promise to attend and speak to the convention. The chief executive of the State of Louisiana has likewise been invited to be present at the convention and assurance has been had that he will accept. A similar invitation has been despatched by special messenger to the Hon. Joseph G. Cannon, Speaker of the National House of Representatives. Invitations have also been extended to the United States Senators and Congressmen of Texas and Louisiana and numerous other distinguished persons and many acceptances have been received, so that it goes without saying that so far as the program is concerned, the Convention will go down in history as one of the most interesting and important ever held in this country. It now only remains for those interested in the great project which this convention will be held to further promote to use their utmost endeavors to make the Convention just as successful from the standpoint of attendance.

The citizens of Corpus Christi are now busily engaged in arranging the program of entertainment for the Convention and I am sure that they will not permit this to be an exception to the gen-

eral rule of generous hospitality for which that beautiful city by the sea is far-famed.

I am particularly anxious for the success of this convention because I believe the prospects for the early consummation of our great project were never brighter than they are at the present time. Largely as a result of the splendid Convention held at New Orleans last year, a re-survey of the entire Intercoastal Canal on the basis of a nine foot depth and a hundred foot width was secured from the last Congress. The report of this survey will no doubt be ready when Congress next convenes and with the proper co-operation of all interested we ought to be able to secure extensive appropriations for the larger and deeper canal in the next Rivers & Harbors Bill.

I am glad to say that the project was never in better shape than it is now. During the year, conspicuous progress has been made, but it is the duty of this organization to see to it that even better progress is made in the future. With the President of the United States, the Secretary of War, the Governors, United States Senators and many Congressmen of Texas and Louisiana in attendance, the Interstate Inland Waterway will be afforded the golden opportunity of its existence to further the purpose for which it is intended.

I, therefore, call upon the County Judge of counties, the Mayors of all cities and towns and the officers of all commercial bodies in the sections of Texas and Louisiana interested in the Intercoastal Canal to appoint delegates to the Convention and forward a list of some to Mr. Roy Miller, Secretary of the Commercial Club at Corpus Christi, Texas, as early as possible in order that they may be furnished with proper credentials. I urge that this be done at once in order that our plans may be finally perfected as expeditiously as possible.

The program of the Convention will be issued shortly. C. S. E. Holland, President, Interstate Inland Waterway.

Miss Bertha Tynes of Chireno left this afternoon for Sherman to take the Literary course in Carr Burdette College.

Interesting Booklet Free.

The second edition of Booth's Famous People, a 32-page booklet, has just been published and will be sent free to any reader of this postal card will do.

The book contains portraits and concise autobiographies of some famous people, including Conan Doyle, Maude Adams, Madam Currie, the discoverer of Radium, and Sir Thomas Lipton, the merchant prince of the world.

There are four pages of valuable information, such as "Help in Case of Accidents," "Antidotes for Poison," "Stamp Flirtation," "How to Tell a Person's Age," Bible facts and figures, and other interesting features. Mention this paper when writing, and address Booth's Hyomei Co., Buffalo, N. Y.

John W. Gates, the well known financier, says that the greatest period of prosperity this country has ever known is approaching. "I said more than two years ago," said he, "that Americans would wear their old clothes for a couple of years and they have been doing it, and the savings in the old family stockings when they dip into it to count up will be surprising. The way in which the prodigality of expenditures of a few years ago has been curbed is shown by the increase in bank deposits. Economy, when it is practiced in this country means a world of money. This is only held waiting for the proper moment of release. In the next two or three years this country is going to experience the greatest period of industrial development and prosperity it has ever known."—Tyler Courier Times.

Remember the name—Doan's—and take no other.

### Nearly a Half Million Dollars

paid in the past decade for fire losses by the Texas National, paid fairly and promptly without a law suit or a contested claim. A man is judged by his acts, an insurance company by its loss settlement. A Texas National never costs more than any reputable company.

Better see John Dorsey and get the best. Three years at the price of two, paid in three annual installments. E. A. Blount, John Schmidt, W. U. Perkins, H. T. Burk, Dr. W. L. M. Smith, Mayer & Schmidt and others have the Texas National. Ask these business men about it. They know its record and its management.

AGE NO BAR.

Everybody in Nacogdoches is Eligible.

Old people stopped with suffering.

Middle age courageously fighting.

Youth protesting impatiently.

Children unable to explain. All in misery from their kidneys.

Only a little backache first. Comes when you catch a cold.

Or when you strain the back.

Many complications follow. Urinary disorders, diabetes, Bright's disease.

Doan's Kidney pills cure backache.

Cure every form of kidney ills.

J. F. Floyd, alderman, of Nacogdoches, Texas, says: "My daughter, eleven years old, was troubled by a weakness of the kidneys for some time. This was very annoying and caused her considerable uneasiness. At length procured Doan's Kidney Pills at Mast Bros & Smith's drug store and they promptly relieved her. I give all the credit for the improvement in her health to Doan's Kidney Pills and do not hesitate to advise anyone in need of a kidney remedy to give them a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. Mrs. J. R. Wilkerson is in the city the guest of Miss Lou Peterson.

### COL. OSLEY SPEAKS.

The political bees are working overtime these days, and a good hatching will probably result. There are already a baker's dozen in the field for gubernatorial honors, as well as a nice, healthy size bunch for other fat places. This thing of office-seeking in Texas is a terrible disease, indeed.—Nacogdoches Sentinel.

That is what it is, and it has been an expensive proposition for the state.—Denison Herald.

Wonder if the editors who write paragraphs like these ever stop to consider what kind of government we would have if we had no candidates for office and if these candidates did not go out on the hustlings and discuss public questions? It has come to be a fad to ridicule and denounce candidates, and yet our forefathers fought and died for a system of government under which candidates could appeal to the voters. Equally

illogical is the demand to take the administration of our government "out of politics." Politics is the very science of government. The man who "keeps out politics" enjoys the benefits of government without contributing anything. He is a political deadhead, so to speak. And did it ever occur to these critics to stop and think where our government would be taken if it were taken out of politics? The interests that seek the aid of the government to serve their own ends never cease in their endeavors, and if they are to be headed off the people must be alert and alert all the time. Give the candidates and the officeholders a square deal. Not all of them are as good or as wise as they would be, but when they get out on the hustlings the people have a chance to size them up.—Fort Worth Record.

Born to Mr. and Mrs. Jim Cox, a daughter.

## To the Teachers' Institute

We extend to each of you a hearty invitation to make our store your headquarters while attending the Institute and offer every courtesy at our command. We are very busy and cannot get out and hunt you up, but come in and make your yourself at home, knowing that you are always welcome here.

Yours truly,

**Stripling, Haselwood & Co.**

DEALERS IN EVERYTHING USED IN SCHOOL

Miss Clyde Stallings of Melrose was in town Monday stopping.

Robt. Stripling and son were in town Tuesday marketing cotton.

Mr. Kilpatrick of Melrose left Tuesday for Mississippi, his old home, on business.

The Misses Clifton have returned to this home in San Antonio after a visit to relatives here.

M. W. Layton of Attoyac was in the city today on business and was a pleasant caller at the Sentinel office.

Miss Winnie Davis Smith left this afternoon for Sherman, to finish her course of vocal and instrumental in the Kidd Key conservatory.

Mrs. Lymas Smith was in the city today on her return from Center where she attended the funeral of Mrs. Muckelroy yesterday.

Miss Roxey Ivy of Melrose left Tuesday for Heretford, Deat county where she will teach this coming session in the high school there.

Mr. and Mrs. Henry Wood of Henderson, spent Saturday night with Miss Gerrard, en route to Nacogdoches, where they will visit friends.—Lutkin News.

Maury and Miss Ruby Hatom returned last night from Center where they went to attend the funeral of their cousin, Mrs. Norman Muckelroy.

Profs. W. B. Hargis, L. B. Tindell, and J. B. Stripling left Tuesday for Rusk and Lutkin on business in regard to the next Summer normal which is to be held at Rusk next year.

Misses Bessie and Louise Brewer returned today to their home in Center after a two weeks visit to relatives here. They returned yesterday from Linn Flat where they have been for several days.

Sol Kaplan has returned from a trip to St. Louis where he went to buy his fall and winter stock. Mrs. Kaplan and children, who accompanied him, continued their journey to New York to visit relatives some weeks.

Miss Jackson a trained nurse from Shreveport arrived last night to nurse Mrs. A. H. Smith, whose condition is some better today.

Simon Mintz returned yesterday from St. Louis where he has been on a buying trip. He decided to add some piece goods to his stock and bought a good size bill of such.

Prof. J. K. McIntosh, principal for the High School for the coming term, has returned from a Summer trip to relatives in Tennessee, and is attending the Institute this week. He will take up his duties next week, the Nacogdoches Public Schools opening Monday-morning.

### Card of Thanks.

We are very grateful to our friends and neighbors for their sincere kindness and help through the sickness and death of our husband and father, Mr. E. A. Harrell. Mrs. Harrell and Miss Bettie Harrell.

### A Hurry Up Call.

Quickly! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from Piles—Billie has boils—and my corns ache. She got it and soon cured all the family. Its the greatest healer on earth. Sold by Stripling, Haselwood & Co. w

John Baker has returned from St. Louis where he has been on a purchasing tour for the Mayer & Schmidt firm. He made some splendid "buys" in the shoe line, and will have new stuff on the shelves in a few days. Mr. Baker reports things rather brisk in the markets, indicating prosperity in large doses in every section.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### E. A. Harrell Dead.

From Monday's Daily:

E. A. Harrell died this morning at his home seven miles East from this city. Mr. Harrell was seventy six years old, and had been a resident of this county for many years, being rated as one of the pioneers. He was an ex-confederate soldier and member of the Camp here. He leaves a wife and six children, four girls and two boys. Internment will take place tomorrow.

You don't pick up a dollar every day. Cason Monk & Co. will give you one if you meet the conditions. See first page.

### Go With a Rush.

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astounding. Druggists say they never saw the like. Its because they never fail to cure Sour Stomach, Constipation, Indigestion, Biliousness, Jaundice, Sick Headache, Chills and Malaria. Only 25c. Stripling, Haselwood & Co. w

### Rev. Elbert Stack Here.

Rev. Elbert Stack, son of Mr. and Mrs. H. C. Stack of Shady Grove, is visiting parents and other relatives in the county. The gentleman has been residing in McLennan county for some years, having attended school at Waco till his graduation. He is a native son of Nacogdoches county and his many friends rejoice with him in his success.

### A Sprained Ankle.

As usually treated a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may, in most cases, be effected in less than one week's time. This liniment is a most remarkable preparation; try it for a sprain or a bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by Stripling, Haselwood & Co. w

Prof. R. W. Tillery is filing the teachers contracts for the coming terms, but in some districts the matter is hard to settle. Superintendent Cousins has not yet notified the county authorities as to the amount, of school money and making a correct contract based on the apportionment, is a riddle to solve.

### Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by Stripling, Haselwood & Co. w

### The Compress Pine Top.

One of the most enjoyable hours' entertainment for some time, was pulled off Saturday afternoon at five o'clock, when Roland Jones, manager of the Compress gave the boys their "pine top". The first course, or introduction, took place a week or more ago when the press crew indulged in a cooperative "dutch" evening dinner, the climax being reached in the affair Saturday. A large crowd was present, including many visitors, and a royal good time was had. The only trouble is that a big "pine top" is not pulled off every time a bale of cotton is dumped on the platform. The new plant will be completed in a few more days now, and ready for business, already some cotton being delivered on the platforms.

### The Road to Success.

Has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidney, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by Stripling, Haselwood & Co. w

### A Sunday Wedding.

L. J. Greer of Hale Center, Hale county, and Miss Flora Ammons of this county were married yesterday afternoon at one o'clock, while out for a drive. The ceremony was performed by Justice Perritte, the affair taking place on Pecan street in front of the Hardy house. The couple left on the afternoon train for Hale Center where they will reside.

### Why?

From a small beginning the sale and use of Chamberlain's Cough Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by Stripling, Haselwood & Co. w

The business changes in the city are about completed and ready for business. Allan Seale has moved in the building that was occupied by Blackburns Market and Sanders & James Restaurant. The market is located in the building formerly occupied by Allan Seale, and the restaurant in the building adjoining Thomas's grocery store. Sanners & James have also added a table service to their restaurant, for ladies and gentlemen trade, and will screen the dining room from the lunch counter. Miss Lena Justice will occupy one half the building occupied by the Nacogdoches Land Company, the partition having already been built, and the land company office moved.

### USE

## PRICKLY ASH BITTERS

FOR  
INDIGESTION, CONSTIPATION,  
KIDNEY TROUBLE.  
IT CLEANSES AND INVIGORATES.

Sold by Druggists.  
Price \$1.00 per bottle.

Stripling, Haselwood & Co., Special Agents

### Institute Begins Work.

From Monday's Daily:

The institute for white teachers began its sessions this morning in the High School building, and as a result there are lots of teachers in the city. Practically all who will teach in the county this year are in attendance. A splendid week's work is anticipated.

### Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks, says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." Samples free. For Sale by Stripling, Haselwood & Co. w

Saturday was a record breaker for this season for cotton receipts. All of the yards were busy most all day looking after the product, and the farmers and merchants alike were pleased. The market price was above twelve cents per pound.

### Best Treatment for a Burn.

It for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by Stripling, Haselwood & Co. w

Jim Gladen of Cushing formally of this city, is now with the Opera Barber Shop. Many of Jim's friends are delighted to have him among them again as he is one of the finest violinists in Texas as a first class barber.

### Night on Ball Mountain

On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe its the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00. Trial bottle free. Guaranteed by Stripling, Haselwood & Co. w

### Foot Crushed By Train.

Melvin Watkins, who came in yesterday from Beeville, brings the news that Robert Baucum, son of Rev. S. F. Baucum, formerly of this city, was the victim of a serious accident yesterday. He was on an excursion from San Antonio to Corpus Christi and attempted to alight from the train while it was in motion, being thrown under it in some way. One leg was broken near the ankle, several of the bones being fractured and one of them protruding through the flesh. Whether or not the limb will have to be amputated is not known.

Hot days followed by cool nights will breed malaria in the body that is bilious or costive. Prickly Ash Bitters is very valuable at this time for keeping the stomach, liver and bowels well regulated. Stripling Haselwood & Co., special agents.

If the court proceedings may be taken as a criterion, the vagrants must go. The tribunals of Justice have begun to grind and the fellow without some means of a livelihood, such as work etc, must move on or suffer the consequences. A vagrancy case is on trial this afternoon, and a "colored gem'an" is principal. The negroes and whites alike will have to vacate, or get busy, from now on.

If you eat without appetite you need Prickly Ash Bitters. It promptly removes impurities that clog and impede the action of the digestive organs, creates good appetite and digestion, strength of body and activity of brain. Stripling Haselwood & Co., special agents.

### New Gin at Mahl.

S. J. Treadaway and John McChristian have just completed a new gin outfit at Mahl, and are now ready for cotton business. The entire plant is new, and is one of the best in this section, costing about four thousand dollars. The plant was erected by E. C. Chapman.

Take a dose of Prickly Ash Bitters at night when you go to bed and you will feel bright and vigorous next morning. It will insure you a copious and healthy passage of the bowels, improved appetite and digestion and increased energy of body and brain. Stripling Haselwood & Co., special agent.
