Sheppard for Short Term.

A private message from Austin announces that in the House today on the vote for senator, for the short term, the vote was, Sheppard 87, Johnson 54.

In the Senate the vote is announced, Sheppard 18, and Johnson 13.

On joint ballot Sheppard will have a majority of 38.

Trying out the Steel Drag.

Commissioner Muckleroy is this week having the steel drag tried out on the North street road, and the work that it is doing is wonderful. The drag smooths the surface of the road, dragging the dirt from the side to the middle and packs it hard and smooth. If there is a necessity for cutting the drag can be weighted and it will cut equally as well almost as a big road machine.

Mr. Muckleroy is an enthusiast on the good road question, and is making every effort possible to have the roads in his precinct, No. 1, in as good shape as possible, and whenever he can get his road overseers to cooperate with him the road is put in fine

Mr. Muckleroy says that in a day or two an automobile can go anywhere it pleases over the roads in Precinct No. 1, if it can manage to get out of the corporate limits of the city. The county roads will be put in good shape as soon as the drags can be run over them.

Orders Election for School Bonds.

The Martinsville school district has presented to the county judge a petition asking that an election be ordered in that district to determine whether or not they shall issue \$1500.00 of school bonds for the purpose of erecting a three room school building.

In compliance with the petition County Judge G. F. Ingraham has ordered an election to be held in that district on the 1st day of March, 1913 on the matter.

At present the Martinsville school house is situated on the top of the hill in a pretty grove, but is an old building and has only one room. If the bond election carries it is the purpose of the trustees to see the old building and to build the new one on the same site, but to make it a three room building and of a more modern arrangement.

The interest in school matters in Martinsville has increased within the past two years to such an extent that their school has grown from a one-teacher school to a three-

teacher school, and they have an enrollment of about 130. The scholastics for this district is exceeded by the enrollment, there being a number of overs and unders on the rolls.

Bishop Kinsolving of this Episcopal diocese, was in the city Sunday morning and preached at Christ Church, the service beginning at 10:30. Quite a large attendance was present to hear the bishop, although the weather was extremely bad. Bishop Kinsolving preached at Lutkin Sunday night.

Mrs. Barry Dead.

Word was received in this city this morning announcing the death of Mrs. W. A. Barry, which occurred at her home in Linn Flat yesterday afternoon about 5 o'clock after a lingering illness, she having been in bad health for a long time. She will be buried at Linn Flat tomorrow morning.

Mrs. Barry is the sister of Sam H. and Jim Watkins of the Linn Flat community, two of our most prominent citizens. She leaves a sorrowing husband and other relatives to mourn her loss.

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nerve trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That's just what is done by

HALTON & HALTON, Proprietors,
GILES M. HALTON, Manager.

It will be "dinner" at noon and "supper" at six o'clock at the White House when president Wilson takes charge, and the society folks of Washington are about to throw a fit.

In deference to the wishes of the president there will be no inaugural ball when President Wilson is inaugurated. Quite a howl has gone up from the society circles, but to no avail. How could an orthodox Presbyterian do other wise than object to a ball as the crowning feature of the inauguration?

We are in receipt of a number of bulletins sent out by the Illinois Association Opposed to Woman's Suffrage. Several of the arguments are very strong and discuss the subject quite forcibly, but they are too lengthy for reproduction, besides this proposition is not such a live issue in Texas as yet.

It is claimed by many who have been watching that to drag the dirt to the center of a street without rolling or packing it in some way does practically no good, as when the first rain comes the traffic will push the dirt back to the edges and soon it is washed away. The split log drag is the instrument that drags the dirt to the center and also packs it so that it will stay.

A BILL has been reported favorably by the senate committee making it a fine for any person to purchase liquor from a bootlegger who does not take a bill of sale for same. This bill it is believed will make it possible to locate and prosecute the bootlegger, for if a purchaser, to escape paying a fine, secures a bill of sale this bill of sale will be positive evidence against the vendor.

It is noticeable that the mail order houses of the north and east, and even of our Texas cities are sending out considerable advertising matter over the country and in all of their printed matter they give an outline of the parcels post, and stress the advantage of having packages shipped by it. Their catalogues all quote the price of the goods, and the shipping weight, so that customers can determine the postage necessary to have goods shipped by parcels post. The local merchant might do well to take this matter into consideration, and inaugurate an advertising campaign that will keep the trade at home.

NEXT April will be the election for municipal officers in all the cities of the state. Had you thought about this matter with reticence to paying that poll tax?

THE Garrison News in its last issue takes occasion to compliment our county attorney very highly for his diligence in trying to bring to justice law breakers in the home town of his youth.

THE Municipal election at Houston promised for a time to be quite interesting, but now since Mayor Rice has withdrawn from the race, or would not run, and everything looks like Campbell, there is not so much excitement about the race.

It has been decided that it is not against the law to call a young lady a "chicken." We regret this very much, for it adds one more slang expression that will eternally grate. "Kiddo" some years ago came near running the public distracted.

A BILL has been introduced in the legislature which seeks to make it a felony to carry a pistol. The law against carrying pistols is severe enough now as it stands, if it were possible to enforce it, but there are so many ways in which the law is evaded, and friends of violators help them to beat the law rather than help to enforce it. It also lute enforcement of the law was possible, and violators knew that there was no way to escape punishment, pistol toting would soon become very unpopular.

The Sabine River Special issue of the Orange Leader was published January 10. This special issue was printed on paper manufactured by the Orange paper mill from yellow pine, and is in every respect one of the most unique publications issued in this part of the state. The paper contained ten pages and was replete with interesting facts and figures regarding that section. The mechanical makeup of the issue was splendid.

In spite of opposition and misrepresentation, the Southern State Cotton Corporation is going ahead and perfecting its plans, and is now in the market for cotton at fifteen cents. Intelligent farmers of Panola county who had faith in the corporation have held several thousand bales for it and this cotton is now coming in and the Southern States Cotton Corporation is handling it. It will be in good shape to handle the next crop.—East Texas Register.

"Possum Post" Denounced By Georgia Rural Carrier.

(By John Corrigan, Jr.)

Washington, January 13.—While the parcel post is a fine thing for the public, the mail-carrier is finding it adds to his woes. One rural carrier in Georgia, who signs himself F. T. Deason, Irwington, Ga. roundly condemns the "Possum post." His letter follows:

"I seat myself with pen in hand to write you a few lines to let you know that you have played the devil with me. I am the mail carrier from McIntyre to Irwington, and I took the contract to carry the mail three times a day, a distance of three and one-half miles, for \$319 a year. At that time the express company was doing a pretty good business, and I got 10 cents for each express package and 10 cents and a drink for every jug.

"You fixed the law so I couldn't carry the jug; and now you have fixed up a thing called the possum post, and the express company doesn't handle any more small packages, nor do I handle any more dimes. When I made this contract I could carry the mail in a road cart and a Texas pony and haul the express on the side; now the express has shrunk and this post business has swelled so I have to get a mule and wagon.

"Now when I made the trade to carry the mail I didn't know anything about the dam foolishness of sending livestock and farming implements through the mail. I thought that this was just campaign talk, and had no idea that congress would be fool enough to put it into practice."

Compiles Startling Data.

Tyler, Texas, Jan., 22.—Mr. S. A. Lindsey, chairman of the Texas Farm Life Commission, in discussing the danger of peasantry, quotes some startling figures from the Federal Census Report, showing that in the last thirty years the proportion of tenants in Texas has increased from 37 per cent of all farmers in 1880 to 52 per cent in 1910. In commenting upon the statistics Mr. Lindsey said:

"In the past thirty years, farm owners have increased at the rate of a little less than 3,000 a year, while tenants have increased at the rate of a little over 5,000 per year."

To Plant Cane in Lowlands.

Marshall, Texas, Jan. 23.—Government Agent Lee Scott of this section has taken up the agitation of utilizing the bottom lands in Sabine River bottom in this county, by planting them in sugar cane. There is quite a lot of this land that can be used for this purpose. Mr. Scott proposes to plant several acres of this land as an experiment.

In Lufkin it is suggested that the retiring members of "The Sons of Rest" be used at the several street corners with wheel barrows or other push cart apparatus, to transport people from one street across to the other. It is believed that they could soon amass an immense fortune in this way.

He Registers a Kick.

Happy Hollow, halfway to Lufkin, Jan. 19th, 1913. Editor Daily Sentinel, Nacogdoches, Texas.

Mr. Editor:—While I was not born or reared in the good old city of Nacogdoches, I have known it and of it for many years. I like it very much, have numerous friends there and want to see it grow and its enterprising business men prosper but, I have a knock to give. You have the muddiest public square, the muddiest Main street, the vilest crossings in Texas. A mud pony would be disgusted with himself in pulling from Crains corner to the square.

I have been told (being nothing higher than a sand-lapper and turpentine sucker) that the good and progressive business men of Nacogdoches had voted bonds and had even gone so far as to sell and receive money for their promises to pay and, that this money was to be used for the benefit of the city. Just what they proposed to use this money for my informant had rather hazy ideas. Street paving, sewerage and other things of that kind looks to a s. l. and t. s. as a good way to make use of the "longgreen;" if you have it in bank, as my friend says you have. If you are going to hold the splendid trade, that Nacogdoches now enjoys, you must have clean and solid streets. Brass headed people should not stand in the way of progress.

The Price of Killing.

Last Summer while a revival meeting was in progress at Detroit, Red River county, a man shot and killed a 16-year-old boy in the church house. The boy had been singing in the choir and his slayer sat on one of the front pews. The killing took place just after the minister had pronounced the benediction. Everybody said the boy was a splendid young man, and all predicted that his slayer would be punished to the full extent of the law. The case was tried recently and the killer was sentenced to the penitentiary for two years. We understand his defense was that he believed the boy he killed to be another man. We are not saying he didn't believe the boy he killed was another man, neither are we criticising the jury—but, wasn't this a horrible tragedy, and isn't the punishment very light, even for such a horrible mistake? The price of living grows higher all the time, but the price of killing is a way low down, even to rock bottom.—Honey Grove Signal.

To our representatives at Austin: Don't be led off by the lobbyists into voting for a compulsory education law. If you do, you will weaken all the white free schools in Texas, because when you compel the little picaninies to attend school, you must furnish house and teachers for them and the money will come out of the school fund created by the white man's taxes, which will necessarily leave less for expenditure on white schools. The white children of Texas do not need drastic laws to make them go to school. They are doing all right, under our present system.—Center News.

Housewives' Decalog.

Thou shalt not discard thy good dress because it is faded, but bleach to a pure white.

Thou shalt not pay out much money for corn plaster, because a salve of soda and lard will cure the very worst corn on thy toe.

Thou shalt not use damp fruit, or thy cake will be heavy; after washing the currants and raisins, thou shalt be sure they are thoroughly dry.

Thou shalt not throw away sour cream, but use it in place of butter when thou are baking.

Thou shalt not dry white gloves or hose in the sun, lest they turn yellow.

Thou shalt not discard thy rubber bag because of a hole but fill with hot sand or salt and twilt give all the heat thou needest.

Thou shalt not let the juice ooze out from thy pie, because thou can prevent it by binding the edge with a strip of white cloth wrung out of cold water.

Thou shalt not pay large sums for dry cleaning, but shalt use "elbow grease" with cake of magnesia.

Thou shalt not allow cheese to mold, when a cloth wet in vinegar and put over it will prevent.

Thou shalt not use thy new baking dishes until after thou hast put them in a pan of cold water, set where it will boil, and then set away until the water has cooled.—National Magazine.

It is reported that the Railroad Commission will ask the Legislature to appoint a traveling auditor to examine the yearly operating expenses of Texas railroads. This action grew out of Chairman Mayfield's recent statement that the operating expenses of the I. & G. N. for the fiscal year ending June 30th 1912, were abnormal.

The hanging committee of the Senate placed ex-Governor Thomas M. Campbell's portrait in the panel along with other ex-governors Saturday. The portrait was painted by a New York artist and cost the State \$800. It is an excellent likeness of the ex-governor.

Silver Service for Texas.

Governor Colquitt has appointed a committee to raise funds with which to purchase a handsome silver service for the New Battleship "Texas"

It is a big undertaking and must have the assistance and co-operation of every school superintendent, principal and teacher in Texas, if the undertaking is to be successful.

It has been suggested that the Silver Service should be presented to the new "Texas," by the school children of our State, and with this idea in mind, Governor Colquitt has by proclamation, designated Tuesday, March 18th, 1913, as "Texas Battleship Day," on which day the school children will be given an opportunity to make a contribution of not exceeding five or ten cents each to this fund. No more than ten cents will be accepted from any one pupil. The pupils of all educational institutions in Texas, whether public, private or parochial are invited to participate.

To insure the products of the truck farms reaching the northern markets on time, the Chamber of Commerce of Beaumont has joined hands with the Truck Growers Association and will furnish tomato and pepper plants to the growers, who are required to pay for them should the crop prove profitable, otherwise the expense will be borne by the Association. The announcement already has stimulated the growers to greater effort.

It is difficult to state whether the rain of Saturday night, Sunday and Sunday night was a continuous down-pour or not, as none of our citizens were awake all the time. Each one says that it was raining when they went to sleep and raining when they finished their nap, but of course could not tell whether there was a rest during the interval or not. The streets were as full of water when the rain started as they could be, so it is impossible to tell from the condition of the streets; the mud is as deep as it can possibly be.

Many a girl who loves a man for his money is too modest to mention it.

BE SUSPICIOUS OF ANY CHRONIC ULCER

Any sore that is obstinate or slow in healing should cause suspicion and put the sufferer on guard. Many an ulcer which could have been cured if it had been properly treated, in time, has been allowed to remain open until it became infected with some degenerate poison from the outside which made it a malignant, eating sore. Most old sores come from an impure and polluted condition of the blood, and can be healed if the circulation is cleansed and purified of the predisposing cause. To attempt to cure a chronic ulcer with salves, washes, lotions, etc., is trifling with what may become a serious condition. Anyone who depends on external treatment alone, and makes no effort to purify the blood, will never and can not heal the place is liable to grow worse and enlarge. The sore will refuse to heal just as long as the blood remains in an impure state. S. S. S. heals chronic ulcers in a perfectly natural way. It goes down into the blood and removes the impurities and morbid matters which are the means of keeping the place open; then the sore is bound to heal. Not only does S. S. S. cleanse the blood, but it restores its healing powers, and aids in promoting the necessary qualities for good health. S. S. S. builds new flesh tissue from the bottom of the ulcer to the outer skin and makes a permanent cure. If you are troubled with an old sore of any kind, take S. S. S.; its results will please you. Home Economics Week at the University of Texas.

The Department of Domestic Economy of the University of Texas will hold an open School of Home Economics for the Women of Texas, beginning Monday, February 10, and continuing throughout the week. Lectures, demonstrations, and perhaps will constitute the main part of this School. The university course offered by the Department of Domestic Economy bear distinctly on problems of the home. The Department is endeavoring to give to the more than a thousand young women who attend the University each year an education as definitely fitted to their special needs as the course in engineering and law are fitted to the needs of the boys. The work of this one week school in Home Economics is open to all without entrance requirements, age limits, or examination, and will emphasize the economic, hygienic, and aesthetic aspects of food, shelter, and clothing in their connection with the home and institutions directly related to the home.

Special lecturers of national reputation and authority have been engaged and will give daily lectures on various phases of this work.

Epting Not Guilty Of Boyce Killing.

Memphis, Texas, Jan. 23.—Beach B. Epting, charged with complicity in the killing of Al. G. Boyce, Jr., who was shot to death by J. B. Sneed, was found "not guilty" by a jury here today. Sneed killed Boyce in Amarillo September 14, 1912. Epting was charged with having assisted Sneed in his alleged plans for the shooting. In the trial Epting testified that he went to Amarillo with Sneed as his servant and that Sneed "had misled him." Sneed will be tried soon for the killing for Boyce. He has already been acquitted of a charge of murdering Al. G. Boyce, Sr., whom he shot in Fort Worth January 13, 1912. Both shootings were the outgrowth of the elopement of Mrs. Sneed with Al. G. Boyce, Jr.

TWO BUILDINGS COLLAPSE.

Many Are Killed Others Injured. Fire Sweeps Ruins for an Hour.

McKinney, Texas, Jan. 23.—Two of this city's largest brick buildings collapsed about 4 o'clock this afternoon, burying women, children and men shoppers, estimated to number thirty to fifty. Fire swept the ruins for one hour, suffocating and burning living victims as they cried for help. Over six hours after the collapse but eight dead and fifteen injured had been removed from the wreck.

The collapsed structures were the three-story Odd Fellows' building, occupied by the department store of Cheeves Brothers, and the adjoining two story implement store of T. J. Tingle.

The dry goods store stood on the northeast corner of the public square, the other building adjoining. The collapse of a wall in the implement house threw its weight of heavy implements against the corner building and with a noise that jarred the town to its foundations, both sank into ruins.

Farm Life Commission Facts.

The Texas Farm Life Commission is in no sense a back-to-the-soil association—the need is better farmers, rather than more farmers.

All agree that unless we can succeed in making country life as satisfying as city life, ambitious people will not remain in the country and our rural population will surely become a nation of peasants.

The present methods of production and marketing farm productions are wasteful and inefficient.

If we are to save the rural districts of Texas from decadence, we must bring about conditions in the country that will make county life as satisfying as life in the city.

We must give to the people who live on the farm the same educational advantages for their children as those of cities enjoy.

Unless we improve our methods of marketing farm products, whatever surplus the farmers may grow will add little to the luxuries and comforts of the farmers.

The prosperity of every business rests upon the prosperity of the farmers of Texas, hence it should be and is the great concern of the wisest of our business men.

The farmers of Texas will never be prosperous until they adopt co-operative methods in the marketing of their products.

The transportation problem directly affects the farmer and the farmer's family, economically and socially.

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 of 15 years old—How Finally Cured.

Euclid, Ohio.—"Because of total ignorance of how to care for myself, when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

FOR HOW LONG?

Nacogdoches Raises a Pertinent Question.

When a neighbor tells us that he has recovered from a serious illness, the first question that naturally arises is, "How long will he keep well?" Temporary relief is one thing, but a lasting cure is altogether different. There is nothing temporary about the work of Doan's Kidney Pills as the following Nacogdoches evidence proves beyond a doubt.

Mrs. H. M. Reid, 412 S. North St., Nacogdoches, Texas, says: "I suffered for several years from severe pains in the small of my back, so intense at times that I was unable to sleep or rest. I tried nearly every so-called kidney remedy but got no relief until I used Doan's Kidney Pills, procured Mast Bros. & Smith's Drug Store (now Swift Bros. & Smith's Drug Store.) They completely cured me and the cure has been permanent. I can endorse this remedy in the highest terms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

IN THE FIGHT TO WIN.

Sabine River Improvement Association Solicits Co Operation.

To the Public:

At Orange on Jan. 15 was organized the Sabine River Improvement Association, the purpose of which organization is to secure the support of the people as a whole, in Louisiana and Texas and unite on a practical plan of appealing to the U. S. government for an appropriation to improve this stream for navigable purposes up to Logansport or possibly to Longview, Texas, hence the association desires a representative or auxiliary executive committeeman in every town in both states, who, when called on will take up this matter with his people and act in conjunction with the basic executive officers of this association, therefore calls for suggestions and trusts that those interested or who ought to be interested will send to E. W. Anderson, Secretary Sabine River Improvement Association, Orange, Texas the name of someone to act in the capacity stated, or to the undersigned. Geo. K. Constitutional Convention Favored.

Austin, Texas, Jan. 24.—The house committee on constitutional amendment today reported favorably the Humphrey resolution providing for a constitutional convention. The resolution as finally reported by the committee provides that on the fourth Saturday in August of this year there shall be an election in which two propositions shall be submitted, first, shall there be held a constitutional convention in October, and, second, to elect three men to this constitutional convention from each senatorial district in the event that it be found that a majority of the people favor the constitutional con-

Adams to Carry Contest Into State Courts.

Austin, Texas, Jan. 24.—J. T. Adams, whom the senate refused to seat in the place of V. A. Collins, the holdover senator from Beaumont, arrived today with his attorney and announces that he will begin his court test of Senator Collins' seat at once. Mandamus proceedings will be instituted tomorrow. He is not prepared at this time to say who he will name as respondents, though he says there will be several.

The free system of Texas officers will be paid salaries hereafter if the recommendations of Governor Colquitt are followed by the Legislature.

Baking Powder Biscuits

Light as a Feather
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

K C Baking Powder Biscuits
Three cups flour; 1/4 to 1/2 cup shortening; 3 level teaspoons K C Baking Powder; about 1 cup milk or water; 1 teaspoonful salt.
Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans place well apart, not allowing edges to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new K C Cook's Book? Brimful of appetizing recipes that simply must be successful every time if the few simple directions are carefully followed. You would gladly pay 50 cents for this valuable book, yet we send it absolutely free upon receipt of the colored certificate packed in every 25-cent can of K C Baking Powder. JACOBS MFG. CO., Chicago. Small cans do not have Cook's Book certificates.

Throws Missile Through Car Window.

Last night just after the east bound passenger train on the H. E. & W. P. pulled up at the station here, some one threw a piece of oil cake through one of the car windows, breaking the window and hitting a passenger on the head. Sheriff Rich was telephoned and went to the depot to make an investigation. He was unable to locate the party who actually threw the missile, but was informed that it was thrown from a crowd of negroes at the oil mill. They all refused to tell who was the guilty party, so the sheriff arrested the entire crowd and started to jail with them, when the guilty negro was pointed out. The others were released and this one was taken to the jail.

The negro gives his name as Rastus Stedham, and says that the throwing of the piece of oil cake was an accident.

The growth of Sugarland presents a fair example of what manufacturing enterprises will do for a community. The sugar refinery, feed mixing plants, oil mill, mattress factory and other industries have added approximately 2,000 people to this city, during the past year. The freight receipts from this station aggregate \$100,000 per month.

"THE OLD RELIABLE" PLANTEN'S CAPSULES REMEDY FOR MEN AT DRUGGISTS OR TRIAL FOR BY MAIL ON RECEIPT OF FIVE CENTS

HALTOM & HALTOM, Proprietors.

The stock law election in Lutkin was defeated last Saturday. This is about the steenth time this proposition has been decided the same way in Lutkin.

One of the largest land deals consummated in Nueces county for several months has been announced in the sale of the King land at Agua Dulce, near Corpus. The tract consisted of 1,920 acres and brought approximately \$90,000.

We notice in several of our exchanges items calling attention to the ad of Mr. So and So, who have established a "parcels post" department for the accommodation of their out-of-town customers. These city merchants never fail to work a good thing for all it is worth, and it's up to the merchant of the smaller towns to hedge.

In Waco it costs only half a cent to bury a city pauper, which includes grave in one of the local cemeteries, a coffin and transporting the corpse to the place of interment. The undertaking firm who has just renewed this contract for another year, depends upon the probability that relatives or friends of the deceased, in many cases, will put in an appearance and arrange for something better than a pauper burial, and here the profit comes in.

A NUMBER of the "progressive" towns of the state are organizing trade excursions, when their merchants and business men go out over the country and visit the prospective customer, get acquainted with him and make friends. These excursions have been known to invade the territory of Nacogdoches and have even included this city in their itinerary. It would seem that the merchant and business man of Nacogdoches could retaliate by inaugurating such a move, and see to it that these boosters from the big city do not disturb the trade that rightfully belongs to come here.

The boll weevil on the T. & N. O. due at 6:30 Sunday morning did not get in until about 8 o'clock Sunday night. All during the day efforts were made to ascertain the cause, but no one was able to get any information. At first it was reported that the train had gone into the ditch above Jacksonville and rumors of a bad wreck were current. The regular train, due here at 2:14 in the afternoon, came in about on time, and this fact confirmed the report that the trouble was above Jacksonville. The report finally had it that the engine, an oil burner, got out of fix and the fire died out, and as there were no other engines at Jacksonville to be sent to its relief, the train had to stay and wait for the repairs to be made and a new fire started in the engine. This T. & N. O. is a great railroad for the people to put up with.

Map for Texas Corn Club.

A map of Texas six feet square and framed in brass has been hung in the office of the Texas Industrial Congress for the purpose of keeping a record of the number and location of the contestants in the 1913 contest. Red, white, blue, black and green tacks are used to represent the contestants and when an application is received a tack is placed in the county where the contestant lives. A white tack indicates that he has entered the Texas Cotton Club for one acre of cotton; a red tack indicates that he has entered the Texas Corn Club for one acre of corn; a black tack indicates entrance in class A for the four-acre model Demonstration Farm; a blue tack represents class D for two acres of kaffir corn or milo-maize without irrigation, and a green tack indicates class E for two acres of kaffir corn or milo-maize with irrigation.

The first year a small map was used and when the time for entrance had passed the little map had more than seventeen hundred tacks imbedded in it. The second year a map three feet square was used and 4,025 tacks were stuck into it before the close of the year. This year the map is large enough to contain ten thousand tacks and sixty-five counties already have tacks imbedded within their border.

Each boy and girl, as well as the man, should have a tack in this great map.

Parcel Post.

Weight of parcel must not exceed eleven pounds.

Size of package must not exceed seventy-two inches in length and girth combined.

Parcels must be prepared for mailing in such a manner that the contents can be easily examined.

Parcels must be packed for safe shipment.

Parcels must be plainly marked with the name and address of the sender, preceded by the word "From."

Parcels must be stamped with necessary denominations of parcel post stamps. Officials will not consider any other kind of stamp.

Perishable articles cannot be mailed except to destinations in zones which will permit of a reasonable time of delivery of such articles.

Articles of bad odor, explosives intoxicating liquors, or any articles which may injure those handling the same, or the mail, will not be permitted.

Rates per pound vary according to the distance from sending to delivery point. There are eight zones for every postoffice.

Postmaster General Hitchcock, we grant willingly, may have put the zone in the parcel post rate system. But we still contend that Galveston is the resort that put the zone in ozone.—Galveston News.

And the[again] "best surf bathing in the world" is doubtless what keeps the Gal in Galveston.—Waco Morning News.

Few of us who are entitled to the consequences are willing to take them.

The Love of Conquest.

Alexander the Great died sighing for more worlds to conquer but those who rule Texas need have no fear of ever suffering from such a disability. There is our agricultural kingdom with a hundred million acres of idle land that have never felt the hand of a conqueror; and our mountains—the mineral vaults of the universe—are awaiting the advent of men strong enough to open them.

Those who have ventured on the frontier of our latent resources bring back evidence of future greatness as convincing as the grapes which the spies of Joshua brought back from the land of Canaan. The demonstration work of the A. & M. College reveals a new world in agriculture and under its direction new products are being brought into life; and the State University in its mineral exploration has unearthed nuggets of information that sparkle with opportunity for investors.

The desire for conquest is one of the most venerable and commendable virtues of leadership and our agricultural and mineral resources afford a field of unlimited activities for those who thirst for conquest.

Treating Outlawed.

The supreme court of the state of Washington has upheld the right of the city of Tacoma to enforce an anti-treating ordinance. The court holds that the power to regulate saloons means also the power to regulate the conduct of citizens in saloons.

The court did not consider seriously the argument that treating is an act of hospitality, and that it was an individual right which could not be abridged. The court says this argument has no weight whatever in support of a practice which becomes a menace to morality and order.

It holds that the citizen has not inherent right to treat another in a saloon which is under the control of the police power. "Whatever the right of the citizen may be elsewhere, he has no inherent right even to buy liquor in such a place."

It will be interesting to watch the effect of the decision. Whether such an ordinance can be successfully enforced is open to question.

One thing will be generally admitted, and that is that with the treating system abolished the sale of liquor would fall off tremendously. The number of people who drink alone is inconsequential. The great bulk of liquor drinking is done under the guise of "sociability."—St. Paul Pioneer Press.

Prof. H. P. Attwater, industrial agent for the Sunset Central lines, has been advised that a supply of bulbs or tuberous plants are being forwarded from the bureau of plant industry. The plant grows wild in some portions of the southern states and is known by the name of Dahseen. Prof. Attwater says this plant can be easily grown in the south and that it grown in available quantities will find a ready market as it is as easily cooked as a potato.—Lutkin News.

The Kind of Policeman Who Has To Stand Out In The Snow.

In the February American Magazine appears the "Diary of a Cop," which is a plain unvarnished tale, though true, of the gentle art of making a decent man a grafter. Following is a brief extract from what the "Cop" says in his diary:—

"New York is to be tight or loose. When Tammany has mayor at the City Hall, Tammany looks out for that end of the gang."

"In the White Light district it is the Senator who is the Supreme Court, police commissioner, mayor, and Legislature all rolled into one."

Farmers Must Organize Says Lindsey. Tyler, Texas, Jan. 25.—"Science, invention, and discovery are influencing the business and social problems of the world," declared S. A. Lindsey, chairman of the Texas Farm Life Commission, in a recent interview. "The People of the cities," concluded the speaker, "by organized cooperation are redirecting their business methods and social life in ways that gain for themselves excellent profits and the blessings of modern civilization. The rural country must do likewise or suffer decadence."

The Unreasonable Peons.

There are these Mexican peons who "fit and bled" for the successful Madero revolution actually wanting some of the fruits of their success!

They want some of the enormous landed estates cut up into small holdings so that they can get some of the earth. Truly they are an ignorant lot.

Why, some of them even think that it is no better to starve with Madero in office than with Diaz in office.—Brenham Banner.

It is indeed encouraging and refreshing to all lovers of good government on business lines, to see it announced that Lieutenant-Governor Mayes and Attorney General Looney would work in harmony with Governor Colquitt. This will be such a contrast to the political byplays and flim-flam tactics that has emanated from the Attorney-General's department of Texas for the last eight years, aided and abetted by well known demagogue hypocrites, who held high office in Texas, that one can now breathe a sigh of relief and feel as if we can really enjoy "legislative rest, and political peace" for a while.—Arlington Journal.

The Houston Chronicle has a report in Tuesday's issue of the trip of a deputy tax collector of Harris county to New York for the purpose of carrying to Jesse H. Jones a poll tax receipt for both county and city taxes, so as to make Mr. Jones a qualified voter in the city of Houston. The poll tax receipts costs Mr. Jones \$2.50 for both county and city, and the expense of having a deputy go all the way to New York will amount to not less than \$150.00. There is a moral in the story that might be worth looking into—if Jones had paid his poll tax early he would have saved the expense of the trip of the deputy.

MANY FARMERS IN BOTH HOUSES

Pat F. Dunn

A. C. Murray

H. P. Taylor

Jno. M. Raiden

Austin, Texas, Jan. 25.—The present session of the legislature is characterized by the large number of farmers in both branches, and it is believed that as a result much legislation will be enacted which will benefit the farmers and the State generally.

Among the leading farmers representing their districts are

Pat F. Dunn of Corpus Christi, an extensive cattle-raiser, representing the 76th district in the Senate of Representatives; A. C. Murray of Caldwell, representing the 68th district in the Lower House; Jno. M. Raiden of Honey Grove, representing the 38th district, and Henry P. Taylor of May, representing the 110th district.

Life.

We are in receipt of a communication, an essay on Life, sent in by some one for publication; but for some reason the party did not sign their name, only gave initials—"D. P." Now we do not know who D. P. is and it has always been our rule to refuse to publish communications of any character when the writer does not send their name, unless we know who the party is by his having written before, so this communication will go the way of all the rest, into the pigeon-hole for further information. We haven't read the article and do not know whether it is of merit or not.

The narrowest man in your community, Josephus, is usually the man who prides himself on being broad. When you get down under the surface you will generally find that he has a contempt for anybody who holds different views from his own and no patience at all with any sort of methods except the ones he approves. When a man is really broad, Josephus, he is too tactful, tolerant, considerate and kindly disposed toward the rest of mankind to intimate that anybody else is narrow.—Pal estine Record.

LONE REPUBLICAN LAW MAKERS

Austin, Texas, Jan. 28.—Texas has only two Republican representatives in the Legislature, Hon. Julius Real representing the 24th District in the Upper House, and Hon. Wm. Directors Fix Fair Date

The board of the East Texas Fair Association of Nacogdoches, met last night to attend to the business of the association and to arrange for a bigger and better fair this fall than ever before held in East Texas. The fair association have in mind a number of very important improvements and additions that will make to the betterment of their annual entertainment, and these things came up for discussion.

In order to get things in shape and to have a certain date to work to the association directors decided that the very best thing to be done was to fix a date for the fair this fall and to work to that end, to make it the very best ever held in East Texas. October 8th, 10th, and 11th were named as the dates for the fair this fall.

Work will at once be started to make the fair this fall the best and it is the intention of the directors to so manage things that when the date for the opening arrives there will be nothing left undone that should have been done.

Patents Issued To Texas

Spellman, Murray & Carr, Patent Attorneys, 1717 Commerce St., Dallas, Texas, announce the issuance by the United States Patent Office, Washington, D. C., of the following patents to residents of Texas, for the week ending Jan. 7, 1913.

- Samuel Clay, Garwood; automatic wrench.
- John H. Devini, Cleveland; bag holder.
- Horace G. Johnson, Corsicana; thrust bearing.
- John W. Pippin and D. H. Woods, Brownwood; washing machine.
- Fredrick Wessel, Houston; rail fastener.
- William H. Wheeler, Ennis; food tongs.
- Benjamin F. Young; San Antonio; folding feed-box.

When you want a reliable medicine for a cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

Plainview—S. A. Coldren of Kansas City announces that he will at once begin to develop 78,000 acres of land in Bailey and Lamb counties. Twelve complete irrigation plants are being put in, twenty four more plans will be installed in the near future. Water has been found at a depth of twelve to thirty-five feet.

What has become of the good citizen who, when the bond issue for street paving was under discussion, used as an argument that the streets of Nacogdoches were bad only at a time and only a few times during the year, and it was much more pleasant to drive over dirt roads than a pavement after the streets dried up after the rain?

SAFER THAN CALOMEL.

Dodson's Liver Tonic at Night Will Straighten You Out by Morning. Calomel May Knock You Out of a Day's Work.

If you are a calomel user, next time you are tempted to buy it ask your druggist if he can absolutely guarantee the drug not to harm you. He won't do it because he CAN'T do it.

But here is a perfect substitute for calomel, which the druggist does guarantee—the famous Dodson's Liver Tonic. Stripling, Haselwood & Co. will refund your money without question if you are not thoroughly satisfied.

Go to Stripling, Haselwood & Co. whom you are acquainted with—and find out about the great number of people who are taking this remarkable remedy and feeling better, keener, healthier and better able to enjoy life than they ever were when taking calomel.

Why? Because calomel is a poison—one that may stay in the system, and while seeming to benefit you temporarily, may do harm in the end. If you haven't felt these ill-effects so far, it is because you are fortunate enough to have a strong constitution.

Don't take the risk any longer. Get a bottle of Dodson's Liver Tonic (50c) and note how easily and naturally it corrects all bilious conditions, how it clears away that sick headache and coated tongue, how it sets you right without ache or gripe. The most wonderful thing in the world for constipation.

All this without the slightest interference with your regular habits.

Obituary.

On the fourth day of Jan. 1193, Mrs. Lucy Partin passed away. She was born in Madison county Ala. April the 9th 1838. She came to Texas in 1851. She was the only sister of Mrs. John Lily Sr who is well known here but who now lives in Tyler. She became the wife of John Partin in 1853. Four children blessed their union, three of whom are living. Aunt Lucy, as she was commonly called, was converted in her girlhood days and united with the Presbyterian church. She united with the Missionary Baptist congregation at North church in 1904 and was baptized by Rev. S. F. Baucom.

She was loved by all who knew her. She had lived to a ripe old age. She bore her suffering patiently and approached her grave with undaunted faith and trust in her Redeemer. Her remains were laid to rest by the side of her husband in Fairview cemetery. She is gone and sadly missed but not forgotten.

Trinity Locals.

The health of our community is not very good just now.

We are very glad to report that Mrs. Houston and Tom Fuller, who have both been sick, are improving.

The farmers have begun breaking their land preparatory to making another crop. Miss Minnie Westmoreland visited in Rusk last Friday, returning home Monday.

Bob Russell and Jerald Muckelroy went to Redfield Sunday to visit the family of Mr. Hicks.

Mrs. Kate McKnight and children spent a few days with Mr. and Mrs. J. A. J. McKnight last week.

Mrs. Rebecca Jenkins and baby spent last week with Mrs. J. M. Mills.

Lee McKnight and Miss Arlie Brown, young people of this community who were recently married, are receiving the congratulation and best wishes of their many friends.

On account of sickness a large number of the school children have dropped out of school, which we regret very much. Those in attendance are learning rapidly.

Lee Commander and family of Rateliff have moved into this community. We extend them a hearty welcome.

Toss McKnight has returned from Dolen and says he is going to stay with home folks another year.

H. R. Doolittle Dangerously Ill.

A message was received in this city this morning announcing the very serious illness of H. R. Doolittle at Jacksonville, and it was stated that he was barely alive and with very little hopes of his recovery. Mrs. Doolittle and all the family are with him, except his daughter, Mrs. Fred Nelson, who is here taking care of the home.

Mr. Doolittle had been away on business and was returning home when he was attacked and had to stop at Jacksonville not being able to stand the torture of the trip further, and Mrs. Doolittle went at once to him and has remained there since. We understand that Mr. Doolittle is suffering from a kidney trouble.

Organize a Library Association.

Quite a number of citizens met in the county court room last night for the purpose of organizing a library association for this city and try if possible to form an association which will be permanent and will form a nucleus for securing a permanent library building for the city.

The recent visit to this city of an organizer for a library, is responsible to some extent for the meeting last night, though it was decided that the organization should be separate and distinct from the one attempted by the aforesaid organizer and be independent of it.

A committee was appointed to draft resolutions naming the new organization, provide for the officers who should be in control of same and make other recommendations along the line. Upon the report of the committee the name of "The Nacogdoches Library Association" was selected and that a president, vice-president, secretary, treasurer and librarian, should constitute the officers, with an executive committee and a membership committee.

W. B. Hargis was elected president; Mrs. T. E. Baker, vice-president, Mrs. Ben T. Wilson, secretary and treasurer. The librarian will be selected later. Executive committee, W. B. Hargis, Eugene Blount, Mrs. T. E. Baker, R. F. Davis, Louis Muller and Mrs. W. F. Price. The president was to appoint the membership committee later.

HIGH SCHOOL NEWS

It being thought, well for the students to get Mr. Truett's last message, the High School grades were marched in a body to the Baptist church Thursday morning.

The High School visited the grammar grades in their chapel exercises Thursday morning to share in the benefit of Mr. Jolly's directorship in learning some new songs. Mr. Jolly also very kindly aided the High School in its chapel exercises Friday morning.

The Bob Davis Literary Society met Friday afternoon. The following program was rendered:

- Piano solo—Rebecca Clevenger.
- Debate — "Resolved that the Americans had the advantages instead of the English in the Revolutionary war. Affirmative—Eugene Casley, Clarence Thompson. Negative — Leo Mintz, Ralph Lacy.
- Recitation—Geneva Harris.
- Piano solo—Mabel Crawford.

All of the numbers were well prepared and the debate was an interesting one. The decision of the judges favored the negative side of the question.

Enthusiasm has been aroused among the boys in track work. The boys are running and jumping as practice for the field day races in the spring.

Review work was begun this week in all the studies as preparation for the coming mid-term examinations.

Quite a number of the High School students met Mr. Jolly in the auditorium this morning at nine o'clock to practice some songs.

Mr. Huffer went to Houston last night to see "Every woman" played there.

Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world wide reputation by its cures of this disease and can always be depended upon? DISTRICT NORMAL COMMITTEE MEETS

Representatives of the Several Counties in East Texas Hold Important Session.

Last Saturday afternoon the East Texas District Normal Committee, composed of representatives from the counties of Shelby, Panola, Rusk, Nacogdoches and Angelina, met in the office of County Superintendent W. B. Hargis, and went over the business of the district Normal. G. Hart of Timpson; M. Shaw of Panola; G. E. Adams of Chireno; A. E. Meador of Carthage and A. E. Day of Garrison were the visiting committeemen.

This same committee met at Timpson a week ago, at which time A. E. Day was chosen as conductor, and it was agreed to have the Normal at Timpson, for the second series of summer normals. A. E. Day has been appointed to teach history in the Sam Houston Normal, and resigned as conductor to accept the place at Huntsville.

At the meeting Saturday J. B. Stripling was elected conductor and Geo. Adams was elected as a member of the faculty to represent Nacogdoches county. G. Hart of Timpson; M. Shaw of Panola; S. W. Derricson of Lutkin; and P. B. Bittle of Henderson compose the entire faculty except the primary teacher. It was agreed that the conductor and G. Hart be empowered to employ the primary teacher.

The committee also endorsed A. E. Meador of Carthage, as a representative on the Summer Normal State Board of Examiners. The final examinations will be held about the middle of July.

Take the "direct road" to health and strength by using Foley's Kidney Pills for backache rheumatism, weak, sore kidneys and bladder irregularities. Each ingredient is chosen for its positive healing and curative qualities. Foley Kidney Pills are the best medicine you can buy for kidney and bladder troubles. Mrs. J. M. Findley, Lyons, Ga., says: "I took Foley's Kidney Pills and they entirely cured me." Swift Bros & Smith.

Gas has commenced to issue from an abandoned drill hole, in the Koll neighborhood, two miles from Belton. The well was abandoned two year ago, at a depth of 1,170 feet. The force of the explosion blew the casing out of the well and caused much excitement in the neighborhood. The property will be developed.

INDIGESTION

A Disorder that Breeds Disease in the Body, and an Easy Way to Cure it.

Take care of the stomach and you will have little need for the doctor.

When the stomach begins to show signs of disorder; when the food digests slowly and with discomfort; when you have heartburn; feel bloated and uneasy; you are in a condition that needs attention.

Prickly Ash Bitters corrects the disordered stomach by strengthening and toning up the digestive organs, driving the badly digested food into the bowels and thence out of the system.

Constipation is nearly always present when the stomach becomes sour or disordered. Prickly Ash Bitters contains the medicinal qualities which act as a restorative and regulator for the stomach and bowels. It strengthens the digestive organs, cures constipation and prevents the return of bilious conditions.

Thousands of people who have received lasting benefit from this great remedy willingly testify to its power in curing indigestion, constipation and kidney trouble.

"I suffered from constipation for years, and tried many remedies, but Prickly Ash Bitters is the only medicine that has ever done me any good. Through its use I am now in good health and entirely free from all traces of my former trouble."—B. P. STIGALL, Winnsboro, Louisiana

School is progressing along nicely.

The entertainment given by the "Shelbyville choir" last Friday night was the best seen in our little town in some time.

The troupe was composed of four school boys, and girls of that school. There was a large crowd, and all seem to enjoy themselves exceedingly well, especially Prof Stripling.

Miss Lede Modessett, of Shepard Texas is visiting Mr and Mrs. C. C. Graves.

The young men gave a magnificent supper last Saturday night at the K. of P. Hall. The brass band furnished music for the occasion. While the ladies were fixing supper, the crowd was entertained by Prof. R. W. Tillery with a very interesting speech and music by the band.

Supper was called about 9 o'clock. The band boys. Mrs. L. K. Marris, Mr and Mrs W. P. Fears, Mr and Mrs K. C. White, Dr. and Mrs J. W. Weeks, Mr. and Mrs. T. L. Blacksher, and several other visitors were invited to the first table, as honorary guests. Three tables were set at which the younger visitors were invited to the last two. Everybody seemed to enjoy themselves fine.

The deep well of Hunt and Troutman was finished last week.

Mrs. Charles Thomason of Nacogdoches visited Mrs. Tillery last week.

Mr. Leroy Thomason visited J. B. Tillery last Sunday. F. J.

Thirteen out of Eighteen Texas Farmers are Tenants.

Tyler, Texas, Jan., 25.—There have been 18 new farms opened up in Texas, every day in the year, during the past decade. Of this number 13 have been rented to tenants, while only five were occupied by owners, according to a recent statement of Mr. S. A. Lindsey, chairman of the Texas Farm Life Commission. Mr. Lindsey, in his report, quotes Federal Census figures, which show that tenant farmers in Texas have increased at the rate of 5,000 per year during the past thirty years, while farm owners have increased only 3,000 per annum during this period.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., says: "After suffering many months with kidney trouble, after trying other remedies and prescriptions, I purchased a box of Foley's Kidney Pills which not only did me more good than any other remedies I ever used, but have positively set my kidneys right. Other members of my family have used them with similar results." Take at the first sign of kidney trouble. Swift Bros. & Smith. eod

The Commissioners Court of Nacogdoches County at its February term 1913 will receive proposals from any of you desiring to be appointed County Depository. Your sealed bids must be delivered to the County Judge on or before the first day of said term, of said court, stating the rate of interest you will pay on the funds of the County from the time of your appointment until your successor is appointed and goes into office, and be accompanied by a certified check of one half of one percent of the County revenue estimated \$120,000 as a guarantee of good faith that it appointed the proper bonds will be given as required by law. If a bid is accepted and the bond not given as required by law such certified check to be the property of Nacogdoches county as liquidated damages, but in the event a bid is rejected said check to be returned.

The interest on county funds is to be calculated on the daily balances in the hands of the depository, and paid to the County Treasurer at the end of each month.

When such depository has been appointed it shall execute a bond with at least five solvent sureties of unincumbered Real Estate not exempt from execution in a sum equal to the revenues of the county for two years or such other securities as the law allows and within twenty days give a bond for the school funds in the amount of the permanent and available school fund.

The money of the County shall be paid out only upon the check of the county treasurer.

The depository shall make out under oath a detailed statement to the commissioners court at each regular term of said court showing the daily balances of the county funds of the preceding quarter.

The depository upon receiving notice from the State Superintendent of education of the amount apportioned to the county, shall at once report the same to the county superintendent, who shall immediately apportion the same to the several school districts and shall immediately notify the depository of the amount apportioned to each district.

The depository shall keep a separate account with each of said districts showing the amount apportioned to each district according to the apportionment of the county superintendent and the amount paid out to each district.

The depository will pay out school funds on the approval of the county superintendent and in no other way.

All bonds are to be conditioned as the law requires.

When a depository has been appointed and qualified the time of office extends until sixty days after the time fixed

for the next selection of a depository.

The depository shall make to the commissioners court of the county at each regular term thereof a full and complete statement under oath of the school fund with vouchers for all payments made by it since its last report and make the proper report to the state superintendent of public education as required by law. The commissioners court has the right to reject all bids.

A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Stripling Haselwood & Co. dw

Preparing for Athletic Meet.

At the County Athletic meet last year it was determined that the best teams of the several athletic organizations of the county should meet at Nacogdoches on the 11th and 12th of April next and contend for the county honors.

We understand that all the schools of the county are working hard and are getting their teams in readiness for the general meet. The best in every class is being selected and it is certain that there will be some interesting contests pulled off when the general county meet is had.

Aside from the athletics, which will consume the time during the day, there are a number of very interesting events to be given at night, with a grand event on the last night of the meet.

County Court.

Criminal week in the county court began yesterday morning and there was quite a crowd of witnesses in the city to attend court and also those who were to act as jurors or were otherwise interested in the court.

Judge Ingraham gave the bar a good straight talk, not complaining, but admonishing them to be on time, this talk was also directed to jurors and witnesses, and when the mill began to grind it wasn't as slow as one might have expected. Eight criminal cases were disposed of yesterday up to adjournment.

Last week W. G. Reid planted two very fine magnolia trees in his front yard, and considering the fact that the trees were only out of the ground a few hours before they were replanted and that since they were planted the rains have been falling continuously, there is every reason to believe that they will grow off nicely. There is nothing that adds more to a yard than pretty trees.
