Miss Deedie Hoya.

Late yesterday afternoon a wave of sorrow swept over this city when a telegram was received from Galveston announcing the death of Miss Deedie Hoya, which occurred at the St. Mary's hospital in Galveston at 4:40 o'clock, and many were the expressions of regret heard on all sides.

Miss Hoya had been in bad health since December last. She recovered from a severe attack of illness some six weeks ago, but was attacked again and for the past two weeks or more her condition had been regarded as serious. The nature of her illness was such that the only hope of her recovery it was thought lay in an operation, and on last Sunday, in company with Mr. and Mrs. Chas. Hoya and Dr. A. A. Nelson, she was carried to Galveston for the operation. Yesterday morning she underwent the operation, but never rallied after it, and at 4:40 her spirit winged its way to the other world. Her remains were shipped here from Galveston, arriving on the 1:01 train over the H. E. & W. T., and the funeral will be held at the city cemetery this afternoon at 5:50.

Wilhelmina Deedie Hoya was born in this city April 5th, 1851. She spent her entire life here, and it is doubtful if anyone ever lived in this section who was more sincerely loved by all as was Miss Deedie. Her parents died years ago, and since then she had been the mother to the family, taking charge of

the home, looking after the other children, through some were older than she, and devoting her whole life to their happiness. She was of a quite, unassuming disposition, making no display in her charities, but there was never a more generous hand, nor a bigger, truer heart, and she will be sorely missed by many who had learned to look upon her almost as a mother. She is survived by three brothers and one sister, and to these bereaved ones the sincerest sympathy of the entire city goes out.

Boy Scout Encampment.

I want to express my high appreciation for the liberal donations of merchants and citizens to the Boy Scouts for their encampment expense also for the personal efforts of all the gentlemen of the executive committee for the safety and pleasure of the boys.

As a rule the boys were obedient to all rules and orders of their officers and cheerfully did their duty as assignments for each day were made. There was not a single case of real disorder, and all the boys were good. They and the Scout Master had internal evidence of the goodness and goodies sent to camp by friends of the boys upon more than one occasion.

It is my desire to state to parents and scouts that the shipment of uniforms, which left New York on June 3, seems to be lost and we are tracing them. We shall leave no stone unturned in this matter and will notify the boys at once upon their arrival. Thanking each scout for his co-operation and all parents for their help in behalf of the movement. I am.

Sincerely
M. C. Johnson,
Scout Master.

The girls canning clubs of the county are now about ready to begin the canning of fruits, vegetables, etc., and a great lot of these commodities, or you might say delicacies, will be put up for use when the season for such things green has gone. It is expected that a very superior quality will be the output of these girls canning clubs, because they are all working under approved scientific instruction.

The Farmers Short Course at the A. & M. College will open on the morning of July 21st, and will continue through July 26, and it is expected that a large delegation from this county will attend. A special rate has been given by the railroad of 1 cent a mile each way. Immediately after the adjournment of the short course, with one day's rest, the Farmers Congress will convene at College Station and will hold over three days. This event will also be very largely attended.

We are in receipt of an invitation from the Young Men's Progressive League of Timpson to attend their Traveling Men's Banquet, June 28th. We can't say yet that we can get there, but we certainly would enjoy the banquet. Besides the banquet an athletic program extending over the entire afternoon, with horse racing and baseball, has been arranged for the occasion. If we don't go, it will be because we can't. Everybody should go to such an event if they possibly can, it will do you good to mix with people who do things.

In response to a numerously signed petition the citizens of north Louisiana will meet in mass meeting at Ruston on July 4th, to voice a protest against the senators from Louisiana voting against the Underwood tariff bill on its final passage. The call recites that the democratic party rode to victory on a platform pledged to reduction of the tariff, and when congress convened it went about redeeming that pledge, and should the Louisiana senators vote against the bill they not only violate their obligation to their constituency but will vote an overwhelmingly democratic state with the republicans.

Since we published, a few days ago, a receipt for exterminating rats, several of our citizens have determined to give the receipt a trial, to see if it works like it is stated. Others have suggested that a campaign should be inaugurated all over the country with the object of exterminating the rats. It is known that rats on the farms, at private barns, in warehouses and in stores, cost the people a vast amount every year, not so much in what they eat but the amount they destroy. Rats on a farm will cost the farmer no less than the feed of several horses in a year's time; but it would profit but little to exterminate the rats on one farm and let them migrate from the neighboring farms.

WOODROW WILSON AND THE SHORT BALLOT

I. What Professor Wilson Knew About Politics

Woodrow Wilson

This story is told of a conversation which Woodrow Wilson had, some years ago, with a New Jersey legislator, about a new commission which it was proposed to establish:—

"How are the members of the commission to be given their places? By appointment?" asked Mr. Wilson.

"No," said the Legislator, "we thought that should be left to the people."

"You mean that they ought to be elected?"

"Yes."

"Were you elected by the people?" asked Wilson dryly.

At this the office holder colored a little and said, "Professor, I see you know something about politics."

The future President then began to earn the compliment by showing how much he really did know. Said he, "I can name the gentleman who elected you; his name is known to everybody in the State; he lives in — county, but it is not necessary that I should name him. You were elected by him and not by the people of your district. And it is interesting to know why that is true. You were elected on a ticket that contained, at a guess, one hundred and twenty-five names. Now, there is no community in this country that can select for itself one hundred and twenty-five persons to be voted for. It is too elaborate a job; it cannot be done in that way. It can select three or four persons, but outside of that number I doubt if it can select any."

That is the gist of Woodrow Wilson's criticism of American politics, the politics which he taught for twenty-five years, and to which, as the political head of this country he will address himself for the next four years.

Expressed in a more positive way, his remedy for our political ills is literally simplicity itself. It was four years ago that he said in one of his first "political" addresses:—

"Simplification! Simplification! Simplification is the task that awaits us; to reduce the number of persons voted for to the absolute workable minimum, knowing whom you have selected; knowing whom you have trusted, and having so few persons to watch that you can watch them. That is the way we are going to get popular control back in this country, and that is the only way we are going to get political control back. Put in other elected officers to watch those that you have already elected, and you will merely remove your control one step further away. Elaborate your government; place every officer upon his own dear little statute, make it necessary for him to be voted for, and you will not have democratic government."

It was the same principle of simplification he had in mind last spring when he announced his intention to use the President's room in the Capitol. For, as he says, "We must particularly get rid of this idea that the several parts of government must be shy of each other. The people cannot watch a three-ring circus."—That is another of his aphorisms.

And when all this is summed up and boiled down we have the Short Ballot, which means that when the process is completed the people will have an instrument of so few parts that it will require no professional mechanic to operate it. The expert politician who has been indispensable in the past, and whom we have spurned as the "boss," will find himself without an occupation. He will not be needed because the voters will really elect their representatives instead of just fondly believing they did.

The remaining articles will tell how this principle is already being worked out in our cities, counties and States.

Exhibit at Galveston Cotton Carnival.

Among the many exhibits in the truck farming division at the Galveston Cotton Carnival, will be one owned by Mr. S. S. Linn, of Alta Loma, Texas. Mr. Linn is 85 years old, strong and healthy, with an intellect clear as a bell, and is known far and wide as the man with the hoe.

Mr. Linn is very enthusiastic over Texas and the brilliant prospects for its future. Mr. Linn was in Texas many years ago when a severe storm swept the state. He lost everything he had, yet remained when others were leaving for other sections of the country, then considered safer. Commenting upon his decision to remain in Texas, Mr. Linn says: "As a small boy, I was given the advice to look for anything lost in the exact place I had lost it." Following this advice, I have been very successful and intend to end my days in the state I have long loved."

The truck farming exhibit will prove one of the very best of many exhibits arranged and the Alta Loma people are confident of taking first prize. Exhibits will be entered from all parts of the state.

The Cost Of Inexperience.

There is no form of organized society that suffers quite so much from inexperience of its paid servants as that of government. Unfortunately no previous training is required and the ability of the applicant to perform the service is seldom an issue. Indeed experience is a handicap that causes many good men to succumb at the polls and the result is we get many re-

formers and few builders.

The cost of breaking in officials is one of the heaviest burdens society has to bear and when our pilots of progress cannot feel the great tidal wave of reason, the ship of state is in dangerous hands.—Commercial Secretaries

Lets Exterminate the Rat.

Many devices have been offered for killing rats, but they are here in spite of the cats, dogs, traps, poisons, or the small orbic boys with his target gun, and no one has a word to say in this nefarious pest's defense. The house fly has stimulated people prone to be uncertain and lazy to clean up in self defense, but not this much can be said to the credit of rats.

He taxes the farmer feed for one or two good horses every year, and when feed is scarce he proceeds to levy a severe tax upon the chicken coops. But he does not stop here. Gnawing doors, making the night sleepless by his noises, and it we are to believe the scientists the rat goes into the pest holes and brings up diseases, spreading them among our homes by leaving a germ either in a dish of food, or in the water bucket, or otherwise.

It is impossible to multiply the cussedness of this little animal definitely by words on paper, or on the streets, or around home firesides, but it is an active campaign for his extermination that is needed. Every man has his plan for doing this, but nothing of a telling nature has ever been done. What we need is a general and united effort. This will have to start from some place, and why not from Nacogdoches and vicinity? Other sections of the country may have commenced or may commence a war of extermination upon the rats, but why should we not begin now?

At this season of the year, feed stuff is not plentiful, and during the dry season water is not as accessible and it is easier to tempt the rat through food and drink. Matches soaked in water, or poison in food, if all will act together, are good, but it is useless for one or two to fight alone. The following is recommended on high authority as being effectual and inexpensive:

1 part flour, 1 part sugar, five parts plaster Paris, mixed well dry, (never dampen) and place near their runs.

I move, that every reader of this begins on July 1st, by trying this remedy or some other known to be good, and keep it up through the months of July and August.

Lets hear from others on this move. Who will second it? Respectfully, J. Thos. Hall.

The Onion Growers' Dilemma.

The spectre of over-production has stalked through the onion district of Southwest Texas leaving poverty and desolation in its wake. It usually takes a calamity to teach people important lessons and it seems that an industry must be obliterated before the necessity for a comprehensive marketing system can be understood.

The onion growers dumped carloads of their fancy products on the markets which did not pay freight and yet the price of the onion was not perceptibly decreased to the consumer. The middleman

appeared to spot cars for destruction, refusing to heed the cry of distress from the producer or the pangs of hunger of the consumer.

Among the relatives who were summoned to the bedside of Mrs. W. A. King, was Mrs. James King, a prominent citizen of Nacogdoches, who was full of reminiscences of Center in the spring of 1886 when he then but a lad "rode the mail" from Nacogdoches to Center, some 35 miles distance, and for which his father had this contract in with many others. The boy came one day and returned the next spending the night with Mr. Welch, proprietor of the old Air Line Hotel. At that time Mr. Riggs was post master and the office was kept in Mr. Joe Crawford's store, a small wooden building, which stood about where the brick building of the moving pictures now stands. Mr. King's parents were married by Rev. Hearne of blessed memory, who was a citizen of Center for many years.—Center Champion.

Experiment Station Association.

Last Tuesday a meeting was held at the city hall, by farmers of Nacogdoches county who are cooperating with the experiment station, for the purpose of forming a permanent association.

There was a full attendance of cooperatives. Geo. T. McNess was temporary chairman and called the meeting to order. Mr. Mathews was elected president, Geo. T. McNess secretary and treasurer. J. Thos. Hall was elected delegate to the Farmers Congress at College Station.

The following constitution was adopted:

Article 1. Name. This organization shall be known as The Nacogdoches County Experiment Station Association.

Article 2. Object. The object of this association shall be to promote business farming in the light of scientific knowledge, (1) by cooperating with the State sub-experiment station in Nacogdoches, (2) by the growing and selection of pure seeds for commercial use, (3) to introduce the commercial growing of new crops tested on the experiment station.

Article 3. All persons engaged in any type of farming in Nacogdoches county, are eligible to membership.

Article 4. The officers of this association shall consist of a president and a secretary-treasurer, whose terms of office shall be one year or until their successors are elected. These officers shall be elected by ballot.

Article 5. Time and Place of Meeting. This association shall meet once a month, the time being the first Saturday in each month, at place to be named by president.

Wan, Weary and Worn Out

If You Feel Fagged to a Finish and Utterly Used Up Here is Quick Relief.

Don't Be Chained to the Hitching Post of Wearyland.

Half the people who most complain of weary muscles, stagnant brain, jangled nerves, and a morbid desire to lay down and just quit. Most of these people have been using medicines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel played out go to any drug store and ask for a bottle of S. S. S., Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, but from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. to-day. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble." Swift Bros. & Smith. eod.

Arthur Seale returned at noon today from Jacksonville, Fla., where he has been attending the meeting of the Sovereign Camp Woodman of the World at which meeting he represented this congressional district of Texas.

Katherine L. Norton, New Bedford, Mass., says: "I had a terrible pain across back, with a burning and scalding feeling I took Foley Kidney Pills as advised, with results certain and sure. The pain and burning feeling left me, I felt toned up and invigorated. I recommend Foley Kidney Pills." For backache rheumatism, lumbago, and all kidney and bladder ailments, use Foley Kidney Pills. An Odd Experience.

Thursday of last week Pink Burt of Libby community, was fishing in the Naconiche, when he caught an enormous turtle, probably two feet across the back. In trying to get the turtle out of the water and off the hook he in some way got his finger into its mouth, when it bit off the nail from the thumb on his right hand and the first joint of the index finger.

Mr. Burt says that while tending the turtle, until he could get his gun and kill it, the turtle opened its mouth and he could see his finger, but could not get it and it made him so mad that he could have fought.

While Mr. Burt was gone for his gun the turtle got away. Mr. Burt was in town Monday to have his finger dressed by a physician.

Carl Monk, who has been down with typhoid fever for a month or more, was able to be up town a little while Monday morning. Carl only needs to regain his strength and flesh to be his old self again, and his many friends are glad of his recovery.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by all dealers. dw

Deputy Sheriff Frank Maples, Constable Ollie Stroude, Night Marshall H. M. James and Josh Henson were called by subpoena to Marlin yesterday as witnesses in a murder trial. They were summoned in connection with the trial of the man who was arrested near the city some weeks ago by these gentlemen and who was wanted as one of a party connected with a killing near Marlin in February last.

Sore Nipples

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth. Many trained nurses use this salve with best results. For sale by all dealers. dw

Dies After Lingering Illness.

Michael E. Stack, aged 48, died early Saturday at his residence, 1126 Josephine street, after a lingering illness. The funeral will be held at 5 o'clock Sunday afternoon, from St. Alphonsus Church.

For the last few years Mr. Stack had been engaged in the structural iron business with Robert Pike. He had spent nineteen years with the firm of A. Baldwin & Co., where he was considered a valuable employe. He had been a member of the Young Men's Gymnastic Club since 1888. Miss Annie M. Stack, a sister; Jno. P. Stack, a brother, and two nephews, Edward and Walter Stack, are the only immediate relatives

AILING WOMEN OF MIDDLE AGE

Mrs. Hilbert Tells of Her Distressing Symptoms During Change of Life and How She Found Relief.

Fleetwood, Pa.—"During the Change of Life I was hardly able to be around at all. I always had a headache and I was so dizzy and nervous that I had no rest at night. The flashes of heat were so bad sometimes that I did not know what to do.

"One day a friend advised me to take Lydia E. Pinkham's Vegetable Compound and it made me a strong well woman. I am very thankful that I followed my friend's advice and I shall recommend it as long as I live. Before I took the Compound I was always sickly and now I have not had medicine from a doctor for years. You may publish my letter."—Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis,

Oak Ridge News.

The health around here is very good.

Farmers are getting along nicely with their crops but we would appreciate a good shower.

Ford Simpson returned home last Friday, from old Mexico, where he has been for about twelve months.

Miss Effie Dyle from Part Arthur, is spending the summer with relatives in our neighborhood.

The young folks enjoyed a party at Mr. Joe Gaston's last Saturday night week.

A large crowd from here attended the singing at Switt last Sunday and report a sandy time.

Oak Ridge and Melrose pulled off a ball game last Saturday evening. The score was 5 to 12 Oak Ridge being the winning team. The game was interesting. Douglas Patton pitched for Melrose and managed to strike out four by balls gave seven men bases, and allowed seventeen hits, while Cecil Gaston the Oak Ridge pitcher struck out seventeen men, gave no bases allowed seven hits. Melrose batters, Wilson and Stallings, Oak Ridge batters, Gaston and Sisco. Time of game one hour and forty minutes. Umpire Eugene Thompson.

The S. S. club met at Mrs. Edna Gaston's and after the game was over Miss Edna Gaston invited the winning team to her home. After talking "ball playing and sewing" the hostess assisted by Fannin Lee Gaston, Mr. Barham, Sisco and Lena Shotner served cream and cake to the S. S. C. and Oak Ridge ball boys.

The Melrose boys invited the Oak Ridge boys back June 28th. The boys kindly accepted the invitation.

Ford Parks is back home from a trip to the northeast. Oak Ridge Rooter.

Two Boys Arrested.

Yesterday and today the sheriff's department and the constables placed a couple of boys, or young men, from Switt community under arrest and a charge of burglary has been filed against them. Examining trials will be held before Justice Perrette, we understand, on next Saturday.

It is stated that the boys on one or more occasions broke into the store of Mr. Stripling and secured quite a lot of cigars, tobacco, cigarettes, candy and some money.

We believe that the citizenship of Nacogdoches county are strongly in favor of good schools and higher education, still at the same time we believe they are going to vote down the constitutional amendment which provides for a bond issue for the State University. The last democratic state platform declared for a divorcement of the A. & M. College and the State University, from politics and this proposed amendment will have just the opposite effect if carried.

LOCAL DRUGGIST MAKES STATEMENT

Says Dodson's Liver Tone is the Best Remedy for Constipation and Shaking Liver he has Ever Sold.

Every person who has tried Dodson's Liver Tone and knows how surely and gently it starts the liver to working and relieves biliousness will bear out the Stripling Haselwood & Co drug store in this statement about Dodson's Liver Tone.

"It is a purely vegetable liquid that entirely takes the place of calomel, harmless and pleasant to the taste, that has proven itself the most satisfactory remedy for a slow-working liver that most of our customers have ever tried. A large bottle sells for fifty cents and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result."

In these days of doubtful medicines and dangerous drugs, a statement like the above is a pleasant assurance that Dodson's Liver Tone is a reliable remedy for both children and grownups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tone and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine if you go to Stripling Haselwood & Co.

\$2,500 School Bond Election.

The citizens of the North Church, or Oak Grove, school district have petitioned the county judge to order an election in that district for a bond issue of \$2,500 for school purposes. They intend to build a school building adequate to meet the demands of that thriving school district, and to equip the building with suitable furniture, etc.

Superintendent Hargis presented the petition to Judge Ingraham today and requested that he order the election for Saturday, July 19.

Mrs. Hal Tucker entertained delightfully several tables of five hundred Tuesday afternoon in honor of her house guests Miss Day and Miss Frindlater. The out of town guests were Miss Williams of Dallas, Miss Williams of Farmersville, Miss Day of Barkley Cal. and Miss Burleson and Miss Snider of Dublin, guests of Mrs. Mat Tucker. At the close of the afternoon a lovely ice course was served.

D. Brown, who for the past eleven years has been in the employ of Simon Mintz in his dry good store, has resigned his position, effective last Saturday night. Mr. Brown has been taking a rest this week, but says that he expects to go to work again in a short while, and will likely take a position on the road. Mr. Brown wishes to thank his friends over the county for their kindness to him during his connection with Mr. Mintz, and for the trade they gave him.

Lone Star School Notes.

The writer is pleased to state that all indications point to a successful term of school which will begin at Lone Star July 7th.

We have purchased some new supplies and expect to do more in the near future.

W. B. Hargis and Master Alton Thomason have promised to visit us Saturday night July 5th, and in addition we are going to render the following program. Everybody who is interested in the welfare of their children, come.

Recitation, "Let it be Today", Willie Herrington.

Sketches of Texas, Miss Mattie Grigsby.

"In Angel's Steps", Miss Lucy Grigsby.

Quartette.

Dialogue, "Pride Goeth Before a Fall".

Recitation, "Daisies", Clara Davis.

Declamation, Alton Thomason.

Recitation, Miss Beulah Turner.

A Bridge Luncheon.

The guests announce one of the most perfect entertainments ever attended for Wednesday morning given by Mrs. Ben Wilson in her beautiful home "Tanglewood", on Mound street, in honor of Miss Margaret Williams guest of Miss Louise Perkins.

Bridge was enjoyed from ten thirty until one o'clock, when the guests were ushered into the dining room to a beautifully appointed table. The colors were yellow and white and Shasta daisies formed a pretty center piece while beautiful candelabras lighted the table from each corner.

The place cards in white and gold with "Tanglewood" and the monogram of the hostess were artistic. Six delicious courses were served to Misses Williams, Perkins, Blount, Polk, Davidson, Buchanan, Berta, Lewis, Monk, Hall, Mrs. Sweatland and the host and hostess. The rest of the day was spent in music and conversation and then home, with light hearts, from the enjoyment of the day.

Mayer & Schmidt, Inc., who had the East End baseball park engaged for the afternoon of July 4th, at which time their ball team intended to play a game of ball against the Southern Pacific team, have so we are informed released the park to the Elks ball team for that date, so that the Elks could match a game with the Galveston Elks ball boys. Galveston has been trying to get a game with the Nacogdoches Elks ever since the team has been organized, and the last communication received from them asked for a date on July 4th. This communication was held up until it could be seen whether the park could be secured.

Listen at the Dog.

Editor Sentinel:

Law is law and facts are facts and "Pigs is Pigs", and I make no attempt to deny any of these well established propositions. I merely want to call the attention of the suffering public to the fact that they are the suffering public.

Noise at night produces insomnia, which is a latin derivative meaning sleeplessness, which often results in nevasthenia, which means I don't know just what, but it is bad.

The most exasperating noise is the barking of the idle worthless canine—canine means dog—and no meaner thing lives than a barking dog. At any given point in Nacogdoches, the sick and the tired know that they are in sounding distance of a dozen or a dozen dozen dogs, each one of which doesn't hesitate to exercise his vocal organs, moon or no moon.

In Japan where the people are civilized, the owner of the dog that barks at night, has to pay a fine into the city treasury the next morning. Instead of trying to Christianize them we ought to try to civilize us.

One might sleep near a freight train or a saw mill or cyclone or a crying baby or a Niagara or a carpenter making a coffin, or amid the combined noises of them all, but no one can sleep into whose ears are poured the stucco stream from the brazen throat of a near-by dog. How great the strain upon those whose nerves already twinge with disease and pain! The nearness of a sick bed appeals not to him.

The population of the town of Nacogdoches is 5000 and about 1000 of it is dogs, and all of them are not worth the food that each one consumes daily.

If Poe will forgive me, I promise to be guilty of it never again.

Listen to the barking of the dogs, Of the dogs, dogs, dogs, dogs, dogs—

To the harking and the barking of the dog-gone dogs. E. W. S.

Miss Louise Perkins entertained a crowd of her young lady friends, Friday afternoon with a five o'clock tea in honor of her guest, Miss Marguerite Williams of Dallas. Two hours were spent in conversation and fancy work after which a delicious course of pressed chicken with mayonnaise, sandwiches and tea waters with ice, followed by ice cream was served. Besides the honor guest, Miss Cleo Hall, Miss Day, Miss Sandlater and Miss Williams guest of Miss Ruby Miller were charming out of town guests.

Tom Maroney's grain separator together with his gasoline engine which furnishes power to run the big machine, passed through the city early this morning on its way to Red Field, where it will be put to work thrashing oats. Mr. Maroney says that he has about 300 acres of oats to thrash.

FOSTER'S WEATHER BULLETIN

Copyrighted 1918 by W. T. Foster

Washington, D. C. June 26. —Last bulletin gave forecasts of disturbances to cross continent June 29 to July 2 and July 4 to 8; warm waves June 28 and July 1 and July 3 to 7; cool waves June 30 to July 4 and July 6 to 10. These two disturbances will cover one of the most severe storm periods of the year but we cannot now point out the locations where these dangerous storms will strike. We have made good progress in our efforts to work out a method of locating all weather events but we are not quite far enough along to risk a forecast of locations. This is our last warning of this dangerous storm period and all we can do is to advise all to be on the alert from July 2 to 12.

We are expecting a low, or storm center, to cross the continent from the Pacific to the Atlantic, from July 4 to 8 and another from June 28 to July 2, and every one should watch the location of these storm centers. The dangerous parts of the storms will all the time be from one to five hundred miles southeast of the center of the lows.

If the hurricane, as is expected, organizes eastward of the Windward islands near July 4 then all who are interested in such storms on the Caribbean sea and Gulf of Mexico will need to watch that hurricane for ten days as it will require that long before it leaves our coasts. In case the hurricane organizes then our middle northwest should expect an unusually low temperature cool wave, possibly going to the frost line in the extreme northwest.

Should tornadoes occur with this disturbance they may be expected in the Mississippi valleys between 40 and 45 of north latitudes. Tornadoes usually come from the southwest and move toward the northeast and they usually occur in the southeast quadrant of the low. To get out of the path of the tornado, one should, as a rule, move northwest or southeast. Excessively

Approves School Bonds.

Prof. Hargis is in receipt of a letter from the attorney general at Austin, advising him that the bonds of the Melrose school district for \$1,500, were in every way regular and that same were approved.

ANOTHER thing, if the bond amendment for the State University carries, what assurance has the people that the legislature will not issue bonds at every sitting, let the higher ups squander the money, and heap up a debt on the tax payer that he will never be able to pay?

The Nacogdoches Elks baseball team have matched a game of ball with Galveston Elks for July 4th, but are temporarily held up on arrangements from the fact that one of the local teams who were to play on that day seem unwilling to release the park to the Elks.

Lazy farmers are just as useless as dead ones and take up more room.

heavy rains, cloud bursts and hail indicate tornado forces. If we had control of these storms we would have them strike some sandy desert.

The last disturbance of this great storm period will reach Pacific coast about July 9, cross Pacific slope by close of 10, great central valleys 11 to 13, eastern sections 14. Warm wave will cross Pacific slope about July 9, great central valleys 11, eastern sections 13. Cool wave will cross Pacific slope about July 12, great central valleys 14, eastern sections 16.

Previous remarks will apply to this disturbance till about the time it crosses meridian 90 on July 12. After that the storm forces are expected to weaken and be less dangerous. The five days centering on that disturbance are expected to average the highest temperatures of the summer.

The week centering on July 16 will probably be the week of least danger from storms but the month of July will probably make a record of extremes for radical weather events. Some very heavy rains are expected and some unusually severe drouths but these are so mixed up that we can not locate them.

Our advice to producers is not to sell oats nor cotton. Corn and wheat are guesses but if we had them in possession we would keep them. The spring wheat crop will determine prices of wheat.

The next dangerous storm period will cover July 20 to 30. It is not reckoned as great compared with the most dangerous storms of the year but no risks should be taken during those eleven days.

Many thanks to generous friends of my weather work who pressed my name for consideration for appointment as Chief of U. S. Weather Bureau. For ample reasons I notified the Secretary of Agriculture that I would not permit further use of my name in that connection.

The soil is like a man's bank account. It can soon be exhausted by withdrawing and never depositing.

Home pride is a mighty valuable asset, and the farmer who has none is carrying a heavy handicap on the road to success.

Agriculture is as old as Methuselah and is just now cutting its wisdom teeth.

Ben Franklin had in mind good roads when he said; "It time be of all things the most precious, wasting time must be the greatest prodigality."

No Substitute Could do This No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Nebr., of his kidney trouble. He says: "I was bothered with backache and the pain would run up to the back of my head, and I had spells of dizziness. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble."

News From Bugtussel.

As I haven't seen any writings from this community, thought I would send in some of the news.

The health is fine. Crops look good. Farmers are getting along well and have their crops clean.

We were visited by a nice rain last week, which was very much appreciated.

We have a good Sunday school with Mr. Johnson as superintendent.

We have a fine baseball team, and the boys will play Fairview boys next Saturday on the Bugtussel diamond.

Henry Paris and daughter, Addie, attended church at Camp Ground last Sunday.

John Scott attended church at Melrose Sunday.

Bro. Jarrell preached a splendid sermon here last Sunday the 4 o'clock service.

Nellie Johnson of Bugtussel, is here visiting her mother, Mrs. Mitchell.

Gie Muckelroy and Hugh Martin have gone to Trawick this week.

Mr. and Mrs. Bob Medford visited at Melrose Saturday and went to the big singing at Swift Sunday.

Mr. and Mrs. Ben Tucker's home was the scene of happy gaiety Tuesday evening for they were delightful guests to the young folks. Games, music, progressive conversation and some dancing were the diversions. A nook on the porch, where a large punch bowl was presided over, was a popular resort. Miss Day of Berkeley, California, and Miss Findlater San Angelo, Texas, guests of Mrs. Hal Tucker, were interesting out of town guests.

A fishing party left town, at the bewitching hour of four, this morning for a few days outing at Shawnee. Mrs. Jo Barham, Misses Ruth Barham, Berta Lewis, Louise Perkins, Margaret Williams and Minnie Lee Humphrey, with Claude Humphrey, Clay Perkins and Judge Lewis to chaperone the crowd.

Woodmen Unveiling at Cold Springs.

Garrison Camp, Woodmen of the World, will hold their unveiling services at Cold Springs, Wednesday, when the monument to the memory of deceased Sovereign Ciscero Fountain will be unveiled.

Hon Beeman Strong of this city had been invited to deliver the address of the occasion, but we understand that business engagements will prevent his begin there. Quite an elaborate program has been arranged for the occasion with a basket picnic as one of the features.

Quite a number from this city will attend the unveiling.

The new orchestra piano for the Crown theater was installed yesterday and last night furnished a concert during the run of the pictures at the theater. Quite a large crowd was out to hear the new musical instrument and everyone declared that it was a dandy and that the music furnished was strictly good. The instrument contains a piano, a reed band, bass and snare drums, etc., and works automatically, rewinding the music as soon as run and repeating. The Crown has twenty-five different selections of music with the instrument.

The following beautiful verse is inspired by information which has just come to hand: "It's shocking that the women should be interested in the garments worn by men that stop a foot above the shin; but flannel-panted men who watch seductive peeka-boo should not stand in the sun's bright glare, or they'll be seen through too." The above classic may be chanted softly to that beautiful aria entitled, "Everybody appears to be engaged in the same occupation."
 —Port Arthur News.

Leo Mintz left yesterday for a visit to Mineral Wells. He accompanied his brother Asha, who goes out there for a weeks visit.

Emancipation Celebration

From Thursday's Daily:

The colored people of this county and friends from adjoining counties, have been enjoying one of the grandest celebrations of Emancipation day ever attempted in this county. All trains coming in last night and today brought large delegations, and when the hour arrived for opening this morning a very large and enthusiastic crowd was in the city and at the fair grounds where arrangement had been made for the celebration.

A splendid barbecue was one of the features of the occasion with provisions made to care for all. The speaking program began this morning at 11 o'clock, and was continued in the afternoon. After 4 o'clock the afternoon was given over to sports and a splendid ball game was played between Mayo team and the Silsbee team at the ball park.

Quite a number of prominent colored men were here as speakers, among whom were Prof. E. L. Blackshear, principal of Prairie View Normal and Industrial College, Prof. W. C. Rollins, treasurer of same college, Prof. J. B. Raynor of Calvert, and Hon. J. Vance Lewis, attorney, of Houston.

The time was and is now when men look up and wish for water, but more will be accomplished if they will look down and dig for it. Moral: Irrigation would work wonders by tiding our crops over the drouths. It may cost some thing, so does the farm and improvements thereon. A little water would be a great asset if farmers had a supply to use on their crops between long delaying rains.

Boy Scout Encampment

Camp Branch June 18 Sam Houston Troop, Boy Scouts of America, left Nacogdoches at 4:15 p. m. Monday on their summer hike to have an encampment of several days. They went as far as Tubbe, where a halt for the night was made, and came on to the old Clevenger front and pitched camp. Every boy made the trip in fine shape, and the whole troop was jolly all the way, reaching camp ahead of the supply train.

The boys have up sleeping and dining tents, wood craft kitchens, and a great flag pole. The whole camp is well kept and comfortable. In case of rain or wind they have a tour room house near at hand.

The order of the day is about as follows: Rising horn 4:30 a. m., devotion and physical drill; flag raising and breakfast. The boys are tolled off to do camp work, such as fires, water carriers, and the straightening of camp for the day. From 7 to noon, fishing or sport. Dinner from 12 to 1 o'clock, followed by a period of rest or recreation. From 2:30 to 5:30 fishing and scouting. Supper and devotion 6 to 7. Camp fire 7:30 to 8:30. Retiring horn 9:00.

The one regret of the boy and men in charge of them is that every scout in the troop could not be on this hike. It is hoped even yet that all the rest of the boys will come down before the encampment is over. And those who remain in camp until next Monday wish that parents and interested friends might come down also.

Some idea of what it takes to feed the crowd may be had from last night's menu: 4 gallons of chocolate, 1 gallon of syrup, 15 pounds of bacon, 7 dozen eggs, 20 loaves bread cookies ad libitum as fillers.

The following gentlemen of the executive committee are present: W. S. Beeson, Arthur Marshall, R. F. Davis and Edgar Thomason. Scout master M. C. Johnson is very ably assisted by Assistant Scoutmasters W. S. Beeson, J. B. Burk and Henry Davis.

There are now in camp about 40 persons and further additions are expected.

The officers and members of the troop deeply appreciate the assistance of interested parents and friends, and the merchants, which made this outing possible. This report would not be complete without an effort to perform the impossible part of speaking highly enough of the efforts and services of Scoutmaster Johnson. Without him, with his experience in this work, this great treat for the boys would have been impossible, and its success is largely due to his untiring energy, his excellent judgment, and his firm, but kind and tactful direction and control. His supply of enthusiasm, kindness and good cheer has been inexhaustible.

One or more dead fish are reported lying under the South Fredonia street concrete bridge, and the stench from their decomposing carcasses is something fierce. This should be looked after at once.

Elks Base Ball Game

The first game of ball played by the Elks baseball team since its organization was played yesterday afternoon at the East End park between the Nacogdoches Elks and the Lutkin Elks, and resulted in a victory for the home boys by a score of 7 to 4.

The attendance at the park was large and everyone enjoyed the game to the fullest; it was fast and snappy throughout and abounded in brilliant plays. The two teams were recently organized and neither had received their uniforms and were compelled to play in borrowed uniforms.

Following is the lineup:
 Nacogdoches, Lutkin,
 Muller 3b Edwards
 Montzingo lf Medford
 Stegall 2b McPherson
 Brewer C Eves
 Davidson SS Satterfield
 Thomas 1b Bowers
 Rice cf Harrell
 Eason 1st Pounds

If you have dandruff, falling hair itching scalp or any unpleasant scalp trouble you will find a perfect cure in Mahdeen. Listen to what Nacogdoches people say about it.

Gentlemen: Having been bothered with a case of dandruff for fifteen years or more and having tried without success everything that was recommended to me for its cure, I decided that I would give MAHDEEN a trial. I had little faith in it and expected the same results that had followed the use of other remedies. I used some six or seven applications and the result has been perfectly satisfactory in every way. It is now over a year since my last application. Any one who has dandruff can understand my appreciation. A. T. Russell, Attorney, Nacogdoches, Texas.

Mrs. Robt. Jordan entertained with a neighborhood dance Monday evening. 'Twas one of those delightfully informal affairs that are always so homelike and truly enjoyable. Delicious punch and sandwiches were at the disposal of the guests throughout the evening, and with a good floor and Miss Willie Gramling at the piano "a good time" was an assured fact. Misses Berta Lewis, Cleo Hall, Louise Perkins, Margaret Williams, Mamie Blount, Tassie Polk, Day and Findlater and Messrs. Robert and Frank Jordan, Dumas Simpson, Ford Simpson, Fritz Swift, Sam Perkins, Fritz Ingraham, Baxley and Dr's. Elkhard and Henderson were the guests of this delightful occasion, with Mr. Frost Thorn of Dallas a delightful out of town guest.

John Lowery Sr., Dead.

On the 11th of June at 4:30 p. m. one of the oldest and most prominent of our citizens in Smyrna community, John Lowery Sr., passed from this life.

While his death was not unexpected, yet the sad news cast a gloom over the entire community.

He was born on the 26th day of March, 1833, and was 80 years and 3 months old at his death. He was married to Eliza Jane Norwood, daughter of a prominent citizen of San Augustine county, on the 26th day of June, 1855, and to that union were born eleven children, five now living and six dead. He had 30 grand children and 27 great grand children.

He was a member of the Christin church, enlisted in the Confederate service in March, 1862, in Capt. Mast's company. At the close of the war he returned to his home, where he and his faithful wife have lived continuously until death parted them.

He was a good farmer and successful stock raiser, and by good management by himself and his faithful wife, had plenty to carry him to the end, leaving a sufficiency for the comfort of his companion until she crosses over the river of death. He was noted for his generosity in helping the poor, very few he ever turned away empty handed. He had the reputation of having helped more poor people than any one man in this part of the county.

He was stricken with paralysis in June 1909.

Quite a number of friends of Mrs Lindsey and her music class spent a delightful evening in Mrs. Lindsey's music room Tuesday evening, 'twas the annual recital of her music class. A program of twenty numbers of splendidly rendered selections which from first to last were interesting and entertaining, revealed hard work and close attention for both the teacher and the scholar. Refreshing punch was served throughout the evening, and all her guests wished for many happy returns of the occasion.

Dr. M. L. Brown of Goldthwait, was in the city this morning returning from a business visit to Martinsville. Years ago the doctor was a resident of this county and has a host of friends here who were glad to see him again. He left on the afternoon train for a visit to Beaumont.

If warm weather makes you feel weary you may be sure your system needs cleansing. Use Prickly Ash Bitters before that hot weather arrives; it will put the stomach, liver and bowels in order and help you through the heated term. Stripling & Hasewood Special Agents.

A successful farmer must at least possess three virtues honesty, energy and economy.

When you feel "Blue," Half Sick, Out of Sorts, and everything seems to go wrong, you can blame it on the Liver, as that organ is usually at fault.

For a Torpid Liver You Need

HERBINE

The Remedy That Puts New Life in the Liver and Regulates the Bowels.

A liver that is torpid exercises a demoralizing influence all through the body. It hampers the kidneys in their work, clogs up the bowels, throws bilious impurities into the blood and interferes with digestion. A person in this condition is pale, sallow and discouraged, feels bad, looks bad and his general condition is bad. Food digests poorly, bowels mostly constipated, suffers from dizzy spells, occasional headaches and prefers to sit around and do nothing in place of his usual hustling energy and cheerfulness.

Herbine changes all this by starting the internal machinery into activity again. Its reviving effect on the Torpid Liver is prompt and thorough. The stomach and kidneys feel its stimulating influence. The bowels are purged of clogged conditions and regular daily operations re-established. As a result of this general scouring of the interior, functional activity is resumed everywhere and the purified blood goes coursing through veins, carrying new life and energy to every part.

METALS IN TEXAS IN 1912

Silver Production Decreased, Zinc Again Produced, Total Value Increased.

The value of the mine output of gold, silver, copper, lead, and zinc in Texas in 1912, according to Charles W. Henderson, of the United States Geological Survey, showed an increase, compared with the yield in 1911, of \$66,182. The output of silver, which represents 87 per cent of the value of the State yield, was 406,007 ounces, valued at \$249,781, a decrease of 18,823 ounces in quantity but an increase of \$34,802 in value. The yield of lead was 65,308 pounds, compared with 122,800 pounds in 1911. The yield of gold and copper was nominal. The output of zinc was 489,282 pounds. The greater part of the metal output was from the Shafter district, Presidio County, except the zinc, which came from the Sierra Blanca district El Paso County.

Banita Laundry Starts Machinery Monday Morning with Full Force of Experienced Help

The Banita Laundry Co., started its machinery early Monday morning, washed out the several machines, adjusted the machinery and made its first run. The machinery was adjusted by an expert sent here by the machinery company, and when the engine was started, everything moved off nicely, and no trouble is anticipated in the working of the entire plant.

The new Laundry is equipped with Troy Steam Laundry process, which is conceded the best process in laundry machinery, and is identical with the best and most up to date laundries in the largest cities. The only difference is in size, and the size of this laundry is much larger, and the capacity greater than most cities of a larger population than Nacogdoches.

The basement floor is used for the washers, three in number, the wringer and the ironing machine for flat work.

The second floor accommodates the ironing machines, shirt machines collar machines the dry room, the starching machine, and the wrapping department. The upper story is fitted for the offices, marking room, etc. The three floors being connected by an elevator.

Mr. J. E. Ray will be the manager, while the laundry workers will all be experienced people, and it will be the pride of the new company to work that will please the exacting.

You will see the Banita Laundry Co.'s wagon on the streets. Bran new, just like everything else in the laundry.

WILL PAVE TWELVE MILES.

Sherman Citizen Decide to Use Asphalt Instead of Gravel on Streets

Special To The News.

Sherman, Tex., June 20.—At a meeting of the Sherman City Council the matter of paving the twelve miles inside of the city limits of Sherman instead of just making gravel roads as had been agreed to between the city and county in the matter of the good roads work in the Sherman district was taken up and citizens living on the streets, without exception, signed an agreement to pay the pro-rata difference and put down asphalt pavement instead. With the seven miles of street already paved and contracted to be paved, this will give Sherman nineteen miles of paved streets.

The City Secretary was instructed to advertise for bids and the contract will be let at the earliest possible moment.

Married at Dallas.

A surprise message was received in this city yesterday afternoon, announcing the marriage of Miss Jewel Jordan to Mr. Truman Holmes, which occurred in Dallas yesterday morning. This was a runaway match and was a surprise to the friends of both parties.

Miss Jordan is the daughter of Mr. and Mrs. R. S. Jordan of this city, and Mr. Holmes the son of Mr. and Mrs. R. F. Holmes also of this city.

Mr. and Mrs. Holmes arrived in this city on the night train over the T. & N. O.

The drouth situation in several sections of the county is beginning to make the farmers uneasy. No crops are as yet suffering very much, but it is getting pretty dry in some places.

PROUD OF HIS HOME TOWN.

And Wishes to See it Advance along With Other Progressive Cities. More than Willing to Pay His Share.

The letter below from Dr. E. A. Blount of Dallas, to Secretary McKinney is self explanatory, and shows that while making his home in another city the writer is still proud of his home town, and is willing to pay his share toward its advancement.

As soon as the first paving is completed we believe all opposition to paving the streets will be gone and other sections of the city will be like Dallas, anxious to have their street paved:

Mr. J. R. McKinney,
City Secretary,
Nacogdoches, TEXAS.

Dear sir,
I see that there is an assessment against me for the paving of Main street in front of the two stores which I own at the corner of Main and Church streets and which are now occupied by Mr. G. H. King, and I take this opportunity of telling you that I will be more than pleased to pay my assessment of one third of the cost of paving, as I consider that it makes my property much more desirable and valuable. Nacogdoches is showing a spirit of progressiveness which all of her wellwishers are pleased to see and I frequently hear the old town spoken of here in terms of commendation. There is no reason why we should not always have the best town in East Texas. Nature has endowed us bountifully and it now looks as if a progressive citizenship intends to do the rest.

Dallas is being paved on the same plan and the residents of the various districts are falling over each other in their anxiety to be assessed and have their streets paved first, so that the board of commissioners are actually embarrassed by the number of petitions that they are forced to turn down. The last bond issue carried by an overwhelming majority and we are going to vote another soon.

Wishing you all success,
Sincerely
E. A. Blount, Jr.

Fourth Class Postmaster Examinations
We are advised by the U. S. Civil Service Commission, that on Saturday, July 12, a civil service examination, will be held in Nacogdoches, from the result of which it is expected to make certification to fill contemplated vacancy in the postmastership at Mahl unless the vacancy be filled by reinstatement. This office paid last year \$225.

There will be held at Lufkin the same day an examination similar to the above to fill and expected vacancy at Etoile. This post office paid last year \$206.

Applications should be properly executed and filed with the U. S. Civil Service Commission at Washington, at least seven days before the date of the examinations.

Doughtie-Ormond Nuptials

Central Methodist church was the scene of a beautiful wedding yesterday morning at 9:30 o'clock when, in the presence of Meridian's most prominent men and women, there was solemnized the nuptials which united Miss Bessie Ormond, the lovely daughter of Mrs. E. J. Ormond of this city, to Mr. Eugene Simpson Doughtie, also of Meridian, which ceremony, also, united two prominent and popular families. Rev. J. R. Jones, pastor of Central church, was assisted by Rev. O.P. Thomas of Terrell, Texas, and Rev. W. H. Van Hook of Biloxi.

A pretty sentiment expressed here was the desire of the bride to have Rev. Thomas as one of the officiating ministers, as he, an uncle, married her parents years ago. This sweet thought was also extended to Rev. Van Hook, her brother-in-law. The service was impressive and beautiful. Mrs. M. J. L. Hoyer and Mrs. W. A. Bledsoe furnished the nuptial music Mrs. Hoyer's lovely voice was heard to advantage as she sang D'Harlot's "All For You." Mrs. Bledsoe presided in her splendid manner at the organ.

The bride, an unusually beautiful brunette, tall and graceful, was an exquisite picture of young womanhood in her bridal robes.

The matron and maids of honor wore beautiful short-length dresses of voile, lace trimmed or lace robes over shimmering satin.

After the ceremony the bridal party repaired to the home of the bride to wait the hour for the departure of the happy pair.

They were followed to the station by nearly the entire bridal party and many other friends, who showered them with rice and sent them away in joyous fashion. Mr. and Mrs. Doughtie left for Nacogdoches, Texas, to visit the grooms parents.

The affectionate interest of many fond relatives and devoted friends has been centered in this lovely June wedding, and this fact was beautifully evidenced in the numerous handsome presents sent them. As popular Bessie Bell Ormond, the bride's reign as a belle in Meridian has been steadily recognized by the many who have admired her for not only her beauty but winsomeness and fine characteristics. Mr. Doughtie is one of the city's prominent business men, and is liked by all, not only for his business ability, but his genial disposition and sterling qualities.—Meridian Dispatch June 18.

Court House Contract Let.

Athens, Texas, June 18.—The Commissioners' Court has awarded the contract for the new court house to R. L. Wright & Co. Dallas. The structure is to cost \$118,500. It is to be completed in 260 working days after the contract is signed.

The contract for the new high school building has been let to W. O. England of Athens. The building is to be completed in five months and will cost complete \$30,350.

Studebaker's

"The LIFE of a wagon is what counts — that's why I buy a Studebaker"

"That's reasonable, isn't it?"
"A wagon that doesn't last is expensive no matter what price you pay for it."
"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?"
"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction."
"A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's right, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality."
"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business."
"A Studebaker promise is always made good."

Special to the News.

Washington, June 15—And now comes the "Eleanor mint" to supplant the long list of fancy, though harmless drinks of this Administration. With its debut at Washington soda fountains came the first evidence of the slow departure of the "grape rickev," which came into existence along with Secretary Bryan's "grape juice diplomacy."

The youngest daughter of the President is said to be responsible for the latest drink, the "Eleanor mint."

Mavor Matthews returned at noon today from Timpson, where he had been on business. When asked about the suits filed against him and the city council with reference to the street paving, he stated that he was served with citation by several of the "progressive" citizens yesterday in the suits but that notwithstanding preparation for beginning the work was progressing. He said that he was just in receipt of a letter from the contractors advising that they were making preparations to begin on the storm sewer work as soon as the pipe and material is delivered, all of which has been ordered and is now rolling, and is expected to show up within the next week. The engineer has been ordered to report and work will begin.

Died.

The death angel came to the home of Mr. Willie Hamby and claimed for its victim his wife, Mrs. Maggie Hamby, who was a kind and loving companion and mother. She leaves her husband and four children to mourn her. But loved ones, weep not for her; for what has been your loss has been heaven's gain.

She was twenty-seven years old, and was a member of the Baptist church.

May the Lord lead the dear husband and four children on higher ground to where she has gone to live with the redeemer.

Motion for Rehearing Overruled.

In the Court of Criminal Appeals at Austin this morning the motion for a rehearing in the case of Sam Burnaman was overruled.

Burnaman was tried on a charge of murder in the district court of this county, on account of the killing of Mike Manning in May of last year, and was convicted of second degree murder and given a sentence of five years in the penitentiary. The case went up on appeal to the Criminal Court of Appeals and was affirmed about a month ago. A motion for a rehearing was made, and it was this motion that was refused.

This is the last of the court proceedings in this case.

Tom Hooks of Manton, was in the city Sunday visiting with friends.

CALOMEL OUT OF DATE

No Longer Necessary to Take This Disagreeable Dose.

Everybody should be thankful that a remedy has been found that will take the place of Calomel.

This remedy is MORRIS' CASCARINE, the liquid Liver Tonic, which stimulates the liver, cleanses and regulates the bowels, but its action is much more gentle and

pleasant than Calomel and leaves the stomach in normal condition. Not necessary to diet yourself. No restrictions necessary.

CASCARINE is sold under a guarantee by Weatherly Bros. Appleby, Texas, who will gladly refund your money if not satisfied. 50c per bottle.
