ATTENTION

We have received a complete stock of the *new School Books*. We also have lists of the books for the various grades.

Let the little ones *exchange* their books *now* thereby avoiding the rush at the opening of school.

Swift Bros & Smith
County Depository

Woodman Day at the fair October 9th, promises to be the biggest thing in the way of attendance that ever happened in Texas—you notice we say Texas. On that day the district meeting of the Woodmen camps of the East Texas country will be in session here, with visitors and delegates from all the counties of the district, and a class initiation of several hundred candidates is promised.

Bob Anderson is receiving almost every day now applications and requests for reservations for stall room for the race horses which will be here at the Fair October 8, 9, 10 and 11. Last year the Association had stall room for seventy-five race horses, and it looks now that there will have to be additional stalls built to meet the demand.

THE PRESIDENT READS MESSAGE

Armed Intervention Out of Question, Advises Americans to Leave Mexico. Demands Protection for Those who Cannot.

Washington, D. C., Aug. 27.—[Special.]—Wilson read message and announced the position of the United States to be as follows: No armed intervention and strict neutralization; forbidding the exportation of arms or munitions of war of any kind from the United States to any part of the Republic of Mexico; under no circumstances to be the partisan of either party to the contest that now distracts Mexico or constitute ourselves the virtual umpire between them; to urge all Americans to leave Mexico at once, and to assist them to get away in every way possible; to let everyone in Mexico who assumes to exercise authority know that this government "shall vigilantly watch the fortunes of those Americans who cannot get away and shall hold those responsible for their suffering and losses to a definite reckoning." That can and will be made plain beyond the possibility of a

GOOD OLD WAGON FOR MORE THAN 40 YEARS IS OFTEN SAID OF THE STUDEBAKER

There is a reason. STUDEBAKER wagons are built of AIR DRIED timber that has stood the rigid inspection of "men who know." Every drop of paint and every piece of iron that goes into a STUDEBAKER has been chemically tested and found perfect. Air-dried timber and chemically tested iron and paint do not alone make a good wagon. They must be "put together" right, and the right way is STUDEBAKER way.

Studebaker "secret process treated" hubs do not crack and burst open, nor do the spokes warp. As a result we have the well proportioned, strong and perfectly balanced Studebaker wheel—the kind that don't break down. Good wheels are no good without good axles. Studebaker axles made of close grain black hickory will spring but not break.

If you want a wagon you had better investigate before you buy. There are many reasons why the Studebaker runs longer and lighter than other wagons and we want you to know before you buy. Come to us and we will tell you why the Studebaker is "best by test."

Mayer & Schmidt, Inc.

misunderstanding," declared the president.

Negotiations for the friendly mediation of the United States are open to resumption at any time upon either the initiative of this government or of Mexico.

Accompanying the president's address was the reply of the Huerta Government rejecting the American proposition, it was written by Foreign Minister Gamboa, it suggested the following alternative policy of the United States: Reception of a Mexico ambassador in Washington, that the United States send a new ambassador to Mexico without restraints.

Strict observance of the neutrality laws and "See to it that no material or monetary assistance is given to the rebels" the unconditional recognition of the Huerta government. 3 47 p. m.

Post Office Examinations.

The United States Civil Service Commission announces that on Sept. 18 1913, there will be held at Nacogdoches Texas, an examination for clerk in the post office at that place.

Applicants must have reached their eighteenth but not their fortyfifth birthday on the date of the examination.

From the eligibles resulting from this examination it is expected the certification will be made to existing and future vacancies.

For application forms and "instructions to applicants" apply to Local Secretary at the Nacogdoches Post Office, or to the District Sect., at New Orleans, La.,

Race Track in Fine Shape.

The race track committee of the East Texas Fair Association reports that the track now is in better condition than it has ever been since first being built, and is the most scientifically shaped up and fastest track in the state.

A big road grader was put on the track, filling in and leveling up the surface and shaping the grades. This work was completed yesterday and today the surface is undergoing a process which will put a cushion on the track. The outside of the track at the turns has been raised considerably and it is now just what it ought to be.

The committee states that if any of the citizens have race stock they want to work out can try the new track.

Not the Real Depot.

A small house left on the right of way of the Nacogdoches and Southeastern railway Saturday afternoon, by contractors who had the moving of the house in charge, caused considerable comment by passers Sunday, who remarked that the railroad had a new depot. The little building was moved early Monday morning on toward its destination.

The real depot will be an assured fact now in a very few days, and when it is completed will be a very commodious structure, and will at the same time be quite an addition to that part of the city, as it will be a real good looking building.

Dies From Paralysis.

Cushing, Texas, Aug. 25.—J. A. Sharp a resident of the community between this place and Nat, died Thursday of last week at the residence of his brother, J. P. Sharp, from a stroke of paralysis, and was buried Friday in Friendship graveyard.

Mr. Sharp was a bachelor 56 years of age, and born and raised in the community in which he died, and was a very successful farmer. He had for a long time been making his home with his brother.

The Haselwood residence on Mound street, on which work was suspended for several weeks on account of the inability to get the material wanted, is now being rushed as much as good work will admit and the walls are now considerably above the ground and the building is assuming a tangible shape. Two of the best brick masons in the country are at work on the job. When finished this will be the most attractive residence on the street, and one of the most modern and comfortable.

For Sale.

The German Coach Station owned by the Chireno Stock Co. Will be sold at Chireno Thursday Sept 2, to highest bidder. 6d1tw

Wanted—A renter for Fern Lake for 1914. Good proposition. See E. M. Roberts, president, or F. B. Sublett, secretary. d2t w2t

Weekly Sentinel

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, Manager.

There are hundreds of retired cattle men in West Texas who fought development of that section with all their might but were made rich by development increasing the value of their holdings. Just so there are many East Texas mossbacks who oppose development on the ground that it will "make taxes high," who will wake up some fine morning and find themselves on Easy street, but if they have any self-respect they will feel mean.—Carthage Register.

The governor has signed the Allison liquor law, which has to do with interstate shipments of intoxicating liquors from one state into dry territory of another state. The law will become effective ninety days after the adjournment of the Legislature, or about Nov. 19th. This is said to be the most drastic prohibition measure ever enacted and will be far reaching in its effect. It is likely that the law will be tested in the courts almost as soon as it becomes effective.

Tearing another's character to pieces will not help yours no matter how dirty the other man's may be. Pointing out the weeds in your neighbor's yard will not make those in your own yard more beautiful. The white cottage and brown mansion each hide trouble from the world. People talk and know not whereof they speak. They retail slander to show how foul is the dish most palatable to them. Let us walk straight along. Let us each mind our own business and we will never be out of employment.—Ex.

Most any good woman would be stricken with hysterics, or something worse, should you inform them that a rattlesnake was lurking in their back yard; yet you can preach till dooms day, reminding them of the deadly germs of typhoid that are prevalent on the premises, and liable to sink their deadly fangs into the life-blood of that precious little one, the light of the home. Oh, Lord! what are our good women going to do about it. The men will not do, so who will? In desperation we cry! come to Bronson, somebody, and help us clean up.—Bronson Light.

It seems that Gen. Huerta has decided to think it over before discontinuing friendly relations with the United States. The Washington government is in possession of information which points so strongly to this fact that the president will not read his message to congress on Monday as had been expected but will give until Tuesday for the Mexican government to reach a decision. Huerta's financial condition will not admit of his keeping his neck stiff always; he's got to have money, and a break with the United States will put him where no other government will back him, and the money lenders cannot afford to take the risk.

Scenes in the West.

Toyah, Tex., Aug. 20.

Editor Sentinel:

It might be interesting to the readers of the Sentinel to have a bit of news from the west Texas country and a description of the part we are visiting. We left Nacogdoches the 11th of the present month, spent the night in Dallas and left on the Texas & Pacific Tuesday morning for Toyah, Reeves county. There is not much to be seen through the country along this route in the way of crops, as it seemed pretty dry and with the exception of a few irrigated districts the crops are burned up.

We arrived in Toyah Wednesday morning at 3:30 o'clock and were met by Rev. Jerome E. Fuller, an old resident of Nacogdoches county who is at present pastor of the Methodist church of Toyah. Toyah is a pretty little town of about a thousand people, situated on the Texas & Pacific railroad a little more than 400 miles from Dallas and 194 miles from El Paso. This is principally a cattle country and there isn't much attempt made at farming in the immediate vicinity of the town, though there is an abundance of water to be had at from 20 to 100 feet depth and the soil is adapted to most all kinds of farm products and vegetables grow and bear till frost when irrigated. There is an oil field near Toyah where a fine grade of oil is found at a shallow depth and it is believed there is plenty of oil to be had by drilling deep enough. Preparations are being made to resume drilling on some wells and they intend to drill deep enough to prove the field.

On Monday morning the 18th, we started with a party to the ranch, which is situated in the Davis mountains about thirty-five miles west of Toyah. After traveling most all day we arrived at the ranch, camped near the large reservoirs which are fed by springs of the finest water and then all made a bee line for the orchard, which is a novel feature of the ranch and of this arid country. After we had obtained permission of the Spaniard, who has charge of the orchard we were turned loose and proceeded to help ourselves to some of the finest grapes we ever ate. There were several varieties; some were as large as quail eggs and on bunches a foot long. They also have peaches, pears, apples, and in fact most all kinds of fruits. We spent some time climbing over the mountains and hunting jack rabbits. The scenery in the mountains is a treat to those not accustomed to mountainous country, and we enjoyed it to the fullest extent. We did not try to climb to the top of the highest peaks which are something like six thousand feet above sea level and are covered with rocks of all sizes.

The climate of this country is splendid; the nights are cool and a fellow can enjoy sleeping all he wants to. After all we believe Nacogdoches is a pretty good place to live, and we had rather

Muffins

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine. When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K. C. the double-raise baking powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

One-Egg Muffins

2 cups flour; 2 slightly rounded teaspoonfuls K. C. Baking Powder; 1 teaspoonful salt; 1/2 cup sugar; 1/2 cup melted butter or lard; 1 egg; 1 cup water or milk.

Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin or gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

Graham Muffins

1 cup graham flour; 1 cup pastry flour; 2 level teaspoonfuls K. C. Baking Powder; 1 to 2 level tablespoonfuls sugar; 1/2 teaspoonful salt; 1 egg; 1/2 cup milk or water; 2 to 3 tablespoonfuls melted butter; mix and bake as One-Egg Muffins.

Graham batter should always be quite soft to insure light and moist muffins. To get 33 other recipes as good as these, send us the certificate packed in every 25-cent can of K. C. Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. Jacques Mig. Co., Chicago.

risk it than the west. We start for home tomorrow (Friday.) Respectfully,
Mr. and Mrs. H. M. Boozer.

It seems that this county has its full quota of pessimists, who are complaining all the while and seem very much afraid that the whole population is doomed to starvation before another crop can be planted; but these same fellows will shy when you offer them big odds on a bet that they have under-estimated the crop of the county by thousands of bales. We do not think it wise to boost the cotton crop too highly and give the speculators the idea of an immense crop being thrown on the market, but this pessimism is equally as hurtful. Nacogdoches county has fared better in the way of seasons and crop conditions this year than any of the counties of East Texas or any other part of the state for that matter, and we will have a fairly good crop and lots to eat during the winter and until another crop is grown.

A commercial traveler out of Lufkin called on his customers at Chireno the other day in a car. He says he finally succeeded in getting to the river, but after crossing he found the roads in Nacogdoches county like a pike. This is a sad state of affairs, but it seems there is no remedy for it. However, Angelina county may go in for good roads one of these days and let us hope that when she does, she will make a good job of it so as to make up for as much lost time.—Lufkin News.

Just a week now and the county teachers will meet for a weeks study and review in the county teachers institute, and then another weeks rest and the schools of this city will be opened for the winter term. Nacogdoches has the finest school system of any town its size any where and the patrons are very proud of that fact.

Miss Mamie Caulder, of Hope Ark, and Miss Myrtis Hughes, of Vivian La, are the guests of Mrs. E. H. Hughes at Hayward.

The Alamo Muddle.

From Palestine Evening Record.

Every old pioneer of Texas who has been familiar with the history of the Alamo since 1836 knows that the original Alamo was built and used as a convent with extensive stone walls enclosing a large area of ground.

Gov. Colquitt is right in his purpose and plans for restoring the walls and leaving it as near as possible as it stood on March 6, 1836.

This sacred historic building, founded in 1718, the cradle of Texas liberty, from whose flagstaff has waved six flags of six nations, should and must be preserved with every original feature reproduced as nearly as possible.

No incident in the history of my life was more indelibly impressed on my memory, when a boy of six years, than the sad story of the fall of the Alamo as related by Madame Priscilla, an old Spanish lady who was living in San Antonio at the time, and had moved to Nacogdoches. As she told of seeing Davy Crockett, who had been a guest of our home only a short time before, as he lay dead and blood-stained brought tears to mother's eyes and left on the memory of her boy a scene and story never to be forgotten.

Madame Priscilla's account of the massacre was that the main fighting was within the walls and not on the inside of the church. The dead were in the greatest numbers on the outside.

I am sure I voice the sentiment of every old Texan in a wish to restore the Alamo to its original plan as it was in 1836. C. A. Sterne.

It has been quietly suggested among the inner circles here in Lufkin that a "watch party" be organized at once, or soon as practicable, to the end that this town be properly protected against any assiduous attacks from its sister city, Nacogdoches. Some who have learned that the people over there have just recently constructed a bridge across the Angelina river and are now constructing a good dirt road from that point into town are somewhat superstitious, and are a little bit uneasy. They are fearful lest we wake up some morning and find our court house gone or some of our valuable improvements, even the stand-pipe might not be safe, nor the postoffice. Truly it does seem that the matter should be looked into and that before it is too late. Suggestions are now in order, for who wants to see us treated in any such manner as that right under our very nose? In other words let every able bodied man rise up in the power of his might and protect his home and country.—Lufkin News.

Notice to Patrons.

The board of trustees of Red Oak school district will let the contract for the building of a school house, Wednesday August 27th. Plans and specifications can be seen at the County Superintendent's office.

Marshal Pybus, Trustee.

You Get a Guaranteed Liver Medicine When You Buy CASCARINE

All dealers are instructed that to each purchaser of CASCARINE goes our absolute guarantee to refund the money if the customer is not satisfied.

The liver needs a strengthening agent often, and where CASCARINE is used, results are sure as the day is long.

No use to take calomel as CASCARINE is better and without the bad effects, it being an abso-

lutely harmless vegetable compound.

Not necessary to diet yourself. No restrictions necessary. So when you need a liver stimulant, think of CASCARINE.

On the market for many years, long before other so called liver tonics were thought of.

CASCARINE is sold under a guarantee by Weatherly Bros., Appleby, Tex. 50c a bottle. 4

FOSTER'S WEATHER BULLETIN

Copyrighted 1913 by W. T. Foster

Washington, D. C., Aug 23.—Last bulletin gave forecasts of disturbance to cross continent August 23 to 27, warm wave 22 to 26, cool wave 25 to 29. This disturbance will continue the hot, dry weather in large sections of the great central valleys but not so hot nor so dry in northeastern sections. The drouth will have been broken in some sections and the drouth territory will not be so large as earlier in the month. We have expected the drouth to hold on longer in the middle southwest than elsewhere.

Next disturbance will reach Pacific coast about August 28, cross Pacific slope by close of 29, great central valleys 30 to September 1, eastern sections September 2. Warm wave will cross Pacific slope about August 28, great central valleys 30, eastern sections September 1. Cool wave will cross Pacific slope about August 31, great central valleys September 2, eastern sections September 4.

The dry, hot weather will continue in a decreased section of the south central valleys up to the time the top of the warm wave passes and

then showers, with cooler weather may be expected. A greater amount of rainfall may be expected in northeastern sections.

The showers that come with this disturbance will be the last that can help the corn crop. Later rains would prevent the crop from maturing and be of no benefit. Evidently the corn crop will be largely reduced by the severe drouth that prevailed in large sections of the middle southwest.

September will be a warm, dry month but the extent of the dry sections will decrease and the conditions of pastures will improve. The necessity for early feed will decrease, frosts will come late so that more than usual rough feed will be secured from late corn. Therefore we conclude that market prices of corn and oats will go to the top last part of August and first part of September and following that will slowly decline.

September will not be a great storm month generally but some gullt storms are probable. The most severe storms and the roughest weather are expected during the weeks centering on September 2, 15 and 28.

A Cold Bottle
of our ginger ale, lemon soda or other carbonated beverages will taste fine even if not accompanied by the small hot bird. Call at your dealer for a bottle and you'll have a drink you can enjoy.
Sold by all dealers.

Try a bottle of our Seltner Pure Fruit Concord Grape

The hot rays of the sun come down and fairly frizzle up the town, and you sometimes bemoan your lot because it seems so doggone hot; but you ought not to throw a fit, it might be worse, a little bit. We would point Kansas out to you; the cows are too hot to moo, the chickens are too hot to lay, the children are too hot to play, the the roosters are too hot to crow, the breezes are too hot to blow, bees there are smothered in their hives, too hot for men to kiss their wives, or kiss their

neighbors' wives at all; their babies are too hot to squall. The waters are dried up and gone, the grass is ashes on the lawn, a fat man can not even perspire, the sun-rays set coal cars afire.—We'll bet you it a Chinaman who lived up near Topeka, Kan., would wear his shirt outside his pants he would not have a living chance! The sun's effulgent warming rays would set his shirttail all ablaze. So you ought not to throw a fit; Kansas is worse a little bit.—Jud Lewis in Houston Post.

THE BEST HOT WEATHER TONIC, GROVE'S TASTELESS CHILL TONIC

The Old Standard, General Tonic. Drives out Malaria, Enriches the Blood and Builds up the Whole System.

FOR GROWN PEOPLE AND CHILDREN.

GROVE'S TASTELESS CHILL TONIC has no equal for Malaria, Chills and Fever, Weakness, general debility and loss of appetite. Gives life and vigor to Nursing Mothers and Pale, Sickly Children. Removes Biliousness without purging. Relieves nervous depression and low spirits. Arouses the liver to action and purifies the blood. A True Tonic and Sure Appetizer. A Complete Strengthenner. Guaranteed by your Druggist. We mean it. 50 cents.

THE FARMER'S FIRST AID IN SICKNESS.

WHEN there is sickness or accident on the farm, haste in calling the doctor is vital. Life may rest on minutes—Don't wait until sickness occurs, and THEN wish you had a telephone. Order it NOW from our nearest manager, or write THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO.

A HEAVY BURDEN.

A Bad Back Makes Life Miserable For Many Nacogdoches People.

A bad back is a heavy burden. A burden at night when bedtime comes' Just as bothersome in the morning.

Ever try Doan's Kidney Pills for it? Know they are for kidney backache—and for other kidney ills?

If you don't, some Nacogdoches people do.

Read a case of it: Mrs. H. Morris, 221 Taylor Ave., Nacogdoches, Texas, says: "I was bothered greatly by pains across the small of my back. My back ached at night and in the morning, I was stiff and lame. I tired easily and felt languid. Doan's Kidney Pills were so highly recommended that I got a box at Mast Bros. & Smith's Drug Store (now Swift Bros. & Smith's Drug Store) and by using them was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other

P. B. Adams of Missouri, a brother of County Attorney Moss Adams, is in the city on a business visit. This is Mr. Adams first visit here for several years.

Keep the body healthy at this season by using Prickly Ash Bitters. It is a necessary condition to successfully resist malarial germs. Stripling Haselwood & Co., Special Agents.

The boy who has too much pocket money when he is growing up never has quite enough after he reaches man's estate.—Chicago News.

NURSING MOTHERS

particularly need the pre-digested nourishment in SCOTT'S EMULSION. It creates strength and rich, active blood. It insures abundant nourishment and keeps baby growing.

To Sink Artesian Well.

For several days past it has been noticed that teams loaded with machinery and material were going out North street from the depot, but returned in a short time empty which gave the idea that the trip did not extend far from town.

Inquiry developed that J. Thos. Hall was arranging to put down an artesian well on his Rose Lake property; that the derrick would be completed today and as soon as the boilers and engines could be set and lined up the work would be started. The point selected for the well is on the ridge above Rose Lake, and the contract with the driller calls for a stipulated amount of water per minute either flowing or susceptible of pumping. The depth to which the drill will be sunk is not given in our information.

Mr Hall has had this idea in mind for some time, and on one or two occasions has almost decided to have the well sunk. During the winter and spring months the water in Rose Lake has furnished sufficient for irrigating his land, but the dry weather has had a marked effect in the lake and hence the decision to sink the well.

Postmaster Antonie Deloria Gardner, Michigan, speaks for the guidance of those troubled with kidney and bladder irregularities, and says "From my own experience I can recommend Foley Kidney Pills. My father was also cured of kidney disease, and many neighbors were cured by Foley Kidney Pills. Swift Bros. & Smith eod

Notice Patients

You see my method of business in box car letters in my office, and it means what it says. I want to be nice; but I don't want your old "first of the month" business or "I can't pay you now." If you could not pay why did you have the work done, you could have waited until you had the money. Only when you have tooth pain—I would relieve the poorest person on earth if I could if I knew I would never get a cent. But I am not going to run after you for my money, I have something else to do. Please pay up and don't impose on me or try to, it won't go.

Yours to please, d2w1 Chas. C. Pierce.

"Tales of Honey and Tar" From West and East

Wm. Lee, Paskenta, Calif. says: "It gives me universal satisfaction and I use only Foley's Honey and Tar Compound for my children." E. C. Rodes, Middleton, Ga., writes: "I had a racking laryngeal cough and finally got relief from taking Foley's Honey and Tar Compound." Use no other in your family and refuse substitutes. Swift Bros & Smith. eod

Getting Ready for This Year's Run.

The Nacogdoches Compress Company began this week cleaning up and overhauling the plant to get ready for the 1913 and 1914 run. The boilers and other machinery will be thoroughly overhauled and the walks oiled, and in fact the entire plant will be put in first class condition to handle

Don't allow the "Chill Season" to find you with a Torpid Liver, Disordered Stomach or Constipated Bowels. It is just the condition in which the malarial germ thrives.

HERBINE

Puts the Liver, Stomach and Bowels in Fine Vigorous Condition.

It is a liver medicine first of all. Its effect upon a Torpid Liver is truly remarkable. Old chronic cases, of long standing, involving the kidneys and blood, yield promptly to its powerful cleansing and restorative effect. It is a strengthening tonic for the disordered stomach, stimulates digestion and helps the assimilation of food. In the bowels it exercises a helpful influence that is far reaching and effective. Every particle of fermented matter or impurity is expelled, leaving the bowels cool, clean and regulated. If the chills have already commenced, Herbine is the only thing needed; it is a positive anti-periodic medicine that destroys the disease germs and drives them out of the blood. Try it this year.

Price 50c per Bottle.

JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO.

Stephen's Eye Salve is a Safe and Speedy Remedy for Sore Eyes.

SOLD AND RECOMMENDED BY ALL DRUGGISTS

the large run it is expecting.

Geo. H. Davidson, who was with the compress company last year as checking and loading clerk, is again with the company and went to work last Monday.

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says, "She was in terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe dependable and honest medicine. Swift Bros. & Smith. eod

Married at Court House.

In the waiting room for ladies at the court house this morning, Judge J. F. Perritte performed the marriage ceremony for Antonia Arriola and Miss Mary Acosta. Quite a number of friends witnessing the ceremony.

The young couple are members of prominent Mexican families from the southern part of the county, and have many friends who will wish them a long and happy life.

You who require the best and purest medicine see that you get Foley's Honey and Tar Compound in preference to any other for all coughs colds, croup, asthma, hoarseness, tickling throat and other throat and lung troubles. It is a strictly high grade family medicine, and only approved drugs of first quality are used in its manufacture. It gives the best results, and contains no opiates. Swift Bros & Smith. eod

Charged with Violation of White Slave Act.

Deputy Sheriff V. L. Perry of Caro, last night arrested a man giving the name of J. B. Stark, on a charge of violating the white slave act, and brought him to this city and turned him over to Deputy Frank Maples who lodged him in the county jail with the above charge against him. Stark's wife and little seven year old daughter are with him.

Sometimes the symptoms of kidney and bladder trouble are so plain no one can mistake them. Backache, weak and lame back, with soreness over the kidneys, sharp pains, rheumatism, dull headache, and disturbed sleep, are all indications of a trouble that Foley Kidney Pills will relieve quickly and permanently. Try them. Swift Bros & Smith. eod

Institute Dates Changed.

The date for the holding of the County Teachers Institute for white teachers has been changed from the week beginning Sept. 1st until the week beginning on the 8th. This will enable the teachers to attend the institute and then go right ahead with the school term without having to return to their homes for a week.

It is likely that the Colored Institute will be held the week beginning on the 22nd of September.

Kidney Trouble began with a lame Back.

J. L. Hackl, 915 Eight St., Lincoln, Ill., was recently cured of a bad case of kidney trouble that started with a lame back, and says: "I am certainly thankful of getting a cure of my kidney trouble by using Foley Kidney Pills." Try them yourself. Swift Bros & Smith. eod

Mr. and Mrs. Corkel Burk and their son, of Rock Springs community, were in the city Saturday, shopping.

Fortify the body to resist malarial germs by putting the system in perfect order. Prickly Ash Bitters is a wonderful system regulator. Stripling Haselwood & Co., Special Agents.

Mr. and Mrs. J. W. Seal and daughter, of Caro were in the city Saturday shopping.

Don't neglect the warnings of nature. If your appetite is poor, breath bad, tongue coated, you will be sick unless you take steps to put your system in good condition. Prickly Ash Bitters is the remedy you need. It cleanses the entire system. Stripling Haselwood & Co., Special Agents.

Joe Miller of San Augustine was in the city today to get his car that has been in the automobile hospital for repairs.

Suffered Eczema Fifty Years - Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "tetter"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure.

Mrs. D. L. Kenney writes:—"I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail, 50c. Pfeiffer Chemical Co., St. Louis, Mo.; Philadelphia, Pa. Sold by Stripling, Haselwood & Co.

No Flies on Marshall. Marshall, August 23.—There are no flies on Marshall, declare visitors and others who have sojourned in this city recently. The absence of flies was first noticed by Nelson Darling, the celebrated lecturer who recently appeared here on the Chataqua platform. In discussing the matter Mr. Darling said: "I have traveled over many states but never have I noticed the absence of flies before. It betokens of proper sanitary methods in the disposal of garbage, and I say candidly and honestly that Marshall is the cleanest town in America." Mr. Darling's statement is borne out by the fact that while several traps have been placed on the street corners for several weeks, so far they have failed to capture or allure the fly into the interior of the trap where escape is impossible. It is confidently expected that this city will be awarded the Holland Clean Town Contest this year.

Mrs. Lee Wilkerson who is a patient at the Nacogdoches Surgical Hospital, is reported improving rapidly.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Co., Philadelphia, Pa., St. Louis, Mo. Sold by Stripling, Haselwood & Co. dw

Mrs. A. B. Davidson of Racliff, Houston county, was operated on at the Nacogdoches Surgical Hospital, Wednesday and is doing nicely.

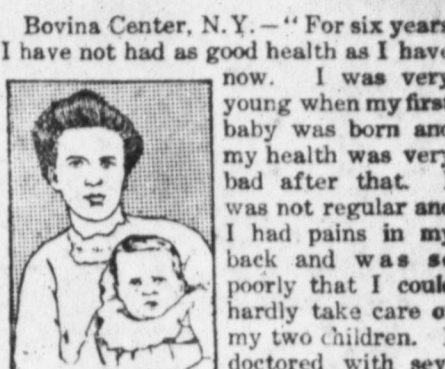

The Best Pain Killer

Bucklen's Arnica Salve when applied to a cut, bruise, sprain, burn or scald, or other injury of the skin will immediately remove all pain. E. E. Chamberlain of Clinton, Me., says:—"It robs cuts and other injuries of their terrors. As a healing remedy its equal don't exist." Will do good for you. Only 25c. at Stripling, Haselwood & Co. dw

A citizen of Angelina county was in the city last Saturday, and in conversation with some of our business men, stated that Lufkin was contemplating filing suit against this county for constructing a bridge across the Angelina river between here and Lufkin. He did not state whether or not the suit would ask damage for the construction of a good dirt road between the bridge and the county seat of this county; but if the county of Angelina and the city of Lufkin are to be damaged at all, the bridge will not have as much to do with it as the good roads on this side. Even with the ferry at the river the farmers could

MOTHER SO POORLY

Could Hardly Care for Children — Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y.—"For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."—Mrs. WILLARD A. GRAHAM, Care of ELSWORTH TUTTLE, Bovina Center, N.Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

cross, and would cross just to enjoy a trip of a few miles on roads that were a pleasure to drive over. About the best thing for the Angelina people to do in our opinion, is to build a better road from the river to Lufkin than can be found on this side of the river.

Minister Praises this Laxative.

Rev. H. Stubenvoll of Allison, Ia., in praising Dr. King's New Lite Pills for constipation writes:—"Dr. King's New Lite Pills are such perfect pills no home should be without them. No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c. at Stripling, Haselwood & Co. dw

Jefferson Jumps Into the Good Roads Questions.

Jefferson, Texas, August 23.—This County will issue good roads bonds to the amount of \$100,000 if the plains of the Progressive League of this city arrive at a successful culmination. The movement for the issue was started at the first of a series of monthly banquets held here the 21st, which was attended by the progressive business men of this city and several visitors. Active work on the campaign will begin immediately.

The only benefit derived from over production is the additional fertilizer it brings through spoiled or unmarketable farm products.

A FRIEND OF THE FAMILY STOPS COUGHS—CURES COLDS Contains No Opiates Sold by Swift Bros & Smith

Weekly Sentinel

MALTON & HALTOM, Proprietors.
GILES M. HALTOM, Manager.

October 8, 9, 10 and 11, 1913. Don't forget these dates, for they are the dates of the great East Texas Fair at Nacogdoches, the biggest and best ever, staged in this section.

A number of railroads in Texas, it is stated, will demand more money for carrying the parcels post mail, as since the increase of the weight allowed on packages from 11 to 20 pounds, the roads are losing money on the job.

Beaumont reports two killings in one day, not more than an hour apart, and both men were shot through the heart with a 38-caliber pistol. It happened that the killings were at opposite ends of the city. Beaumont is too far behind to hope to get into the class with Dallas and Houston.

Two autos going at a high rate of speed on the Galveston seawall crashed into each other, skidded about fifty feet and toppled over the edge of the seawall down to the granite rocks below. One woman was killed outright and quite a number of ladies and children more or less seriously hurt.

The East Texas Fair at the fair grounds in this city will be the real fair of the entire circuit. The premiums offered on agricultural exhibit are the largest ever offered in this section. The Nacogdoches fair is destined to be a factor in the upbuilding of the agricultural industry in this section.

In his address upon the occasion of his inauguration, Woodrow Wilson said: "The man who has not some surplus thought or energy to expend outside the narrow circle of his own task and interest is a dwarfed, uneducated man. Can anybody give a better description of a mossback?—East Texas Register.

England is backing the United States in more ways than in the Mexican trouble, as will be noticed in the assertion that the music hall engagement of the "big smoke," Jack Jackson has been postponed, and the postponement will be made permanent. If all nations will hand the champion just such a deal it will not be long before his wad is gone, and then he will drop his sights just a little.

It is stated that the banks of Houston will not need the deposit from the United States treasury to help in the moving of the crops this fall, as they have sufficient funds to take care of every emergency, and besides it is thought that the portion allotted to the Houston banks will be so small as not to be of value. It is quite likely that the banks all over Texas are in equally as good condition as are the Houston banks. It never has been as to whether the banks had the money to move the crops, but would they furnish it at such a rate that it would be available.

Knocking the Editor.

Of course you knock the editor. It appears to be considered by some as "real smart," others knock on the local paper because it is a custom; still another knocks against the editor because he has spoken in praise of some one they dislike. One of our exchanges covers the situation completely when it says that if the editor knocks your business through the columns of this paper or says anything uncomplimentary about you personally you would nurse a grudge against him to your grave and as time rolled by it would grow in size until you would find it as hard to hold as a baby elephant soaked in grease. Now is such the case with the editor. He hears that you have ridiculed and run down his paper, that you have told the people on the streets that it could not come into your home, and then tell him that your daughter has graduated, he praises her to the skies, says she is the smartest thing on earth, and that her honest parents have just cause to be proud of her. You can mark your paper, "refused" stick it back in the office and then boast of the fact to all your friends, humiliating him as much as you can, but if your son gets into trouble, rather than hurt your feelings he suppresses everything connected with the unfortunate case at the risk of being called numb skull who can never get hold of the news. He hears of your denunciation, feels the sting of it all, and sometimes suffers financial loss as a consequence but never uses the columns of his paper to even up. On the other hand if you have anything to boost he will boost it for you; it honors come to you or yours, he takes real pride in heralding it abroad and if death stalks into your home, he will go to the bottom of his heart for tender expressions of love for the departed one and condolence for those who are left to mourn. You might sometimes think of these things while endeavoring by word or deed to belittle the editor and his usefulness in the community. You might put a brighter plush on your Christianity by following his example.—Tyler Courier-Time.

President Wilson has at the request of Gov. Lind granted the Huerta government a little more time before reading his message. The president's demands are that Huerta resign and pledge himself not to run for the presidency of Mexico, that hostilities cease, an early and free election be held, and an agreement by all parties to abide by the decision of the election.

It is such a pity that the recent dry, hot weather has burned up the grass on the lawns in the city, for these cool mornings are delightful for pushing a lawn mower; but then a fellow can get out and saw up his winter wood. One trouble is that it is so fearfully hard to wake up these mornings.

Governor Lind Coming Home.

President Wilson's personal representative to Mexico, Ex-Gov. Lind, has said good bye to Foreign Minister Gamboa of Mexico, and today is proceeding to Vera Cruz, from which point he will sail at an early date for Washington, probably on a battleship. The mission of Gov. Lind was a failure so far as any effect it has apparently had on the Huerta government.

It is rumored in Mexico City that all the retired army officers, and many of those on detached service had been summoned to report at the capital city at once. It is also stated that Gen. Felix Diaz has been summoned home.

The country newspaper man knows the troubles of everyone; he is a storage battery for people's woes and differences and the wonder is that he does not sometimes explode and ruin everybody. What a great thing is that he is charitable and believes in and practices treating all classes of those whom he comes in contact with alike. He deals with people in all the walks of life, sees them in every different mode, knows who they like and dislike, for all have related their little story to him—not intentionally, but somehow it just oozes out of 'em unconsciously. He knows the depth of every man's character, knows their weaknesses and shortcomings, though can plainer see their good points and is quicker to applaud them for any good thing done. Yes, the newspaper man, the poor unfortunate devil he sometimes is, knows who will be in Heaven, but no one need dodge, for this newspaper man is not going to tell tales out of school and thus inform readers of the Newsboy who all are bound for hell at the rate of a mile a minute—and then some.—Logansport Newsboy.

Each year land is becoming more valuable and, consequently, harder to secure. Every man with the responsibility of a family resting upon him should provide a home and every young man with life's future out before him should purchase a home and pay for it out of whatever his earning might be. The home owner is a community builder, and it gives every man a feeling of independence which he cannot have when he does not own his own home. Every day the citizens of this section postpone the purchase of a home they add just that much to the cost.—Ex.

Ed Kennedy the railroad promoter, who was in this city some months ago in the interest of extending the Orange & Northeastern railroad through here and later to a point to the north and west, was in Shreveport yesterday, still at work on that railroad proposition. He states now that the road will be built to Natchitoches as was originally intended, and then on into Shreveport. This route would cut Nacogdoches and other Texas points off of the line.

At Lowest Prices
East Main Street Nacogdoches, Texas

The Cost of Profit.

It costs money to do business. The average is between 18 and 30 per cent of the gross receipts, except in the rural district, where the cost is materially decreased. The expense must be taken care of before the merchant can declare dividends. There are two ways to do it; by charging high prices for merchandise or by selling at smaller prices and disposing of the goods more rapidly. The latter is the more successful as the increased sales are sufficient to cover the cost of doing business and affords legitimate profit. Merchandise that is susceptible to advertising will yield more turnovers for the reason that the customers have read about them and naturally take them by preference. This class of merchandise needs less persuasion to sell and the customers usually buy in larger quantities.—W. H. Harris, Chairman Mercantile Committee C. S. A.

Attention Tyler Commercial College Students.

The Tyler Commercial College students will hold a reunion at Tyler, Texas, October 17th and 18th. All present and former students, together with their friends, will be cordially invited to take part in the most excellent program which will be a social and intellectual treat, also in the big reception and banquet. Reduced rates will be given on all railroads. T. C. C.'s will be present from many different states and from present indications the attendance will run into the thousands.

The management of the school desires the co-operation of every former and present student of the T. C. C. to make this reunion a grand success, and request all former students who are of the opinion they will be able to attend to write them at once that they may be furnished with program and full particulars. Address Reunion Dept. Commercial College, Tyler, Texas.

When a newspaper gives you a lot of free advertising in order to boom some concert or church entertainment which you are interested in, keep track of the number of lines that are printed week by week, and multiply that number by the regular advertising rates of the paper. Compare the results with the actual money value of any favor that you can get from any other business concern. Then take into consideration the fact that advertising and circulation are the only two things that a newspaper has to sell, and in these days of higher prices, how much do you think they ought to give away for nothing?—Longview Time-Clarion.

ACTS ON THE LIVER.

Dodson's Liver Tonic Livers Up the Liver Is More Than a Mere Laxative.

Calomel was for years the only known medicine that would stimulate the liver. But calomel is often dangerous and people are not to be blamed for being afraid of it. Within the last few years many medicines have been put out to be used instead of calomel, but their effect is on the—not on the liver. Stripling, Haselwood & Co. drug store says that the only real liver medicine to actually take the place of calomel is Dodson's Liver Tonic, a mild, harmless, vegetable liquid that Stripling, Haselwood & Co. recommended to take the place of calomel and which gives prompt relief in cases of constipation, biliousness and sluggish liver.

So confident are Stripling, Haselwood & Co. that they give their personal guarantee with every 50 cent bottle of Dodson's Liver Tonic. You can be sure that you are getting Dodson's by asking at this store if they are giving you the medicine they personally guarantee to refund money on it unsatisfactory.

Completed New Gin Plant.

Messrs. Jim Christian and Joe Clevenger are this week completing a splendidly equipped new gin plant on the lots just to the west of the H. E. & W. T. railway right of way, south of West Main street, in this city, and will be ready to serve the public by early on the morning of Sept. 1st, 1913.

The new plant is what is known as a ground floor arrangement, that is all the gins are on the ground floor, while the cotton is handled above into the gins and to the presses.

The gin house is built of heavy timber in the framing and covered on the sidewalls and roof with corrugated iron making it as near fire proof as possible.

The equipment is of the Murray Pneumatic Elevator system for the handling of the cotton, four Murray 80 saw gin stands, Murray twin hydraulic press with steam tramp. The cotton is unloaded from the scale platform by means of the suction elevators, passes along to the gins and on out to the press, while the seed drop to the trough below the gins, is conveyed along this trough by means of a continuous screw and are blown to the seed house next the railroad side of the gin. The motive power is furnished by an 85 horse power boiler and a 60 horse engine, and the capacity of the plant will be 50 bales in ten hours.

Parties who have looked over the plant say that it will be the largest and most up to date in the county.

Help Help Help.

Never in our history have we been in just such trouble and no one can help us but an unemployed graduate, if there be one, of the Tyler Commercial College, or an employed graduate that is worthy of promotion to a better salaried position. If we have a single graduate unemployed we don't know it. We have had to let a number of good positions go by in the last few days for lack of any one to fill them. Our employment department is so thoroughly organized and perfected that we believe we are getting 90 per cent of all the calls through this part of the country that are being made for stenographers, bookkeepers and operators. We have a positive guarantee of the placing of every graduate we can turn out from now until March 1st so we ask the reader of this article to kindly communicate to us the name of any one that we can find that we may meet the demands of our customers who have been calling on us from year to year for thoroughly competent and efficient office help. If you know of a graduate that can help us, don't wait to write, phone us at our expense, or if you know of some bright young man or woman, that would enter our school at any early date and care to fill some of the many positions that are offered, phone us.

We had 999 new enrollments during the first six months of the year, and from present indications we will easily make an enrollment of 2000 for the year but we could place 3000 if we could get them. Phone 293, Tyler Commercial College, Tyler, Texas.

J. J. Baker and F. C. Fouts have returned from Chicago, where they went to buy stocks for the firm of Tucker & Hayter. Mr Fouts informed us this morning that the goods were shipped by fast freight, and that some of them got here before they did, and that the rest was rolling. He states that he thinks that Nacogdoches county is about the best section between here and Chicago, and that our crop conditions were much more favorable. All through Missouri and other states north of us their crops were literally burned up and the farmers were cutting the corn stalks for feed for their stock, and that there were no ears of corn on the stalks.

Quite a lot of cotton is coming into town now. On the several cotton yards can be seen a number of bales of this year's crop lined up. The gins are beginning to run pretty steadily.

Weekly Weather Record.

The following is the record for week ending August 25, 1913, at Nacogdoches, Texas:

Day and Date	Temp. maximum	Temp. minimum	Humidity	Wind	Wind Vol. miles hour	Character of Day	Rainfall inches
Tuesday 19	95	69	88	E	1	Clear	0.30
Wednesday 20	95	69	87	N	1-2	Clear	0.30
Thursday 21	95	71	83	S	1-2	Clear	0.30
Friday 22	95	71	85	N	2	Clear	0.30
Saturday 23	95	69	72	S	2	Clear	0.01
Sunday 24	85	73	74	S	1-2	Clear	0.01
Monday 25	92	66	80	N	1-2	Clear	0.01

Observation taken at the local Texas Agricultural Experimental Station by Geo. T. McNess, Superintendent.

RULES, GENERAL INFORMATION, CLASSIFICATIONS and PREMIUMS of the **Nacogdoches County Poultry Association**

Held in connection with East Texas Fair Assn.
October 8, 9, 10, 11, Nacogdoches, Texas

Announcement

The Nacogdoches County Poultry Association was not organized for the purpose of merely satisfying a few persons infected with the "chicken fever," but with a view of giving solid encouragement to the breeding of thoroughbred poultry as a profitable business.

The promoters of the organization expect no profit from it, except insofar as they may profit from the general development of all useful industries. In fact, we have made some outlay of expense in order to cultivate a more lively and general interest in the raising of fine poultry.

We trust this, our 3rd annual exhibit, which will be held in connection with the Fair, will meet with the favor and patronage it deserves, and that it may serve to demonstrate that East Texas may lead in this, as well as other agricultural and stock raising enterprises.

We take this occasion to thank the Fair Association for their cooperation with us and the liberal inducement they have offered towards making our poultry exhibits a success.

We invite your attention to our premium list, which, though not as large as we would like to offer, should bring not less than 1000 birds to our exhibit hall.

Your chickens will be passed upon by a competent and experienced judge, which is a guaranty that the best will receive the prize and all will be satisfied.

Yours for the best there is,

NACOGDOCHES CO. POULTRY ASSOCIATION.

Rules

Rule 1. All awards will be made by comparison. The American standard of perfection will be the guide of the judge.

Rule 2. The premiums of this exhibit will be open to the world except where otherwise noted. Entries must be made on blanks furnished by the Secretary, and all fees must be paid in full at the time entry is made otherwise no attention will be paid to application.

Remittances must be made to Edwin I. Rice, Secretary, Nacogdoches, Texas.

Rule 3. All entries of specimens for competition must be made by October 7, 1913, as entries will positively close on that date. All specimens must be in the show room not later than 9.00 a. m. October 8, 1913.

Rule 4. The entry fee for cock, hen, cockrel, pullet, each single bird will be 50 cents in competition; for exhibition pens (one male and four females, any age), \$1. This includes coop, feed, drayage from station and attendance. Turkeys, ducks and geese, entry fee 50 cents for each specimen. Parties wishing to enter their birds for display or sale purposes and not compete for prizes can do so, fee being 50 cents each bird.

Rule 5. The Association will not be responsible for losses or accidents. All stock will be placed in the care of a reliable and competent superintendent, who will use best of care that no damage will happen to any exhibit.

Rule 6. Any stock showing symptoms of disease when received will be debarred and immediately returned to owner.

Rule 7. All entries must be made in the name of the owner. Any attempt to evade this rule, such as borrowing, etc., will exclude the specimens of the offering party from competition.

Rule 8. Each class, cock, hen, cockrel, pullet and pens will have first, second, third and fourth prizes. The premiums will be designated by silk ribbon: First premium, blue; second premium, red; third premium, yellow; fourth premium, white; special premium, purple.

Rule 9. There must be five or more entries of each variety in each class to receive first prize money; and three or more in each class to get second money, or first prize winner will take honors and second prize money only. If less than three entries winner will take honors and ribbon only.

Rule 10. No birds will be allowed to compete in breeding pens unless also entered singly at 50 cents each.

Rule 11. No exhibits shall be removed from the hall until the close of the show.

Rule 12. Each specimen must be leg banded and band number shown on entry blank. No specimen allowed to compete that has name of exhibitors on leg band. If any received, leg band will be removed and another one substituted.

Rule 13. No name, distinctive marks or decorations will be allowed on coops until after the prizes have been awarded. No person shall interfere or attempt to influence the judge in his decision by letter, or otherwise. If such attempt is made their exhibits will be excluded from competition and exhibition.

Rule 14. All protests must be made in writing and delivered to the Secretary before 10.00 o'clock a. m. October 11, 1913, and must be accompanied by a deposit of \$5 and if, after the matter has been investigated by the Executive Committee, it should prove to be without foundation, the deposit will be forfeited.

Rule 15. No entry money will be returned except through the instruction of the Executive Committee.

Rule 16. The terms cock and hen, birds hatched prior to October 1 1912. Cockerel and pullet, birds hatched since October 1, 1912.

Don't forget that entries close Tuesday, October 7th, 1913, and all specimens must be in the show room not later than 9 a. m. Wednesday, October 8th, 1913.

General Information

The awarding of prizes will begin promptly at 9 o'clock a. m. October 8th, 1913.

Specimens will be exhibited in standard exhibition coops provided by the Association without extra charge.

Feed, water, attendance and drayage from express office will be furnished without extra charge. Exhibitors who do not attend in person can ship direct to the Association, where their birds will receive every care and attention that they would receive if owners were present, and will be returned promptly at close of show.

The Association will be pleased to undertake the sale of specimens for exhibitors free of charge. The selling price must be on entry blank.

The Association will take pleasure in placing all advertising matter, signs, etc., and will answer all inquiries promptly.

Classifications.

I.—**AMERICAN.** Plymouth Rocks, all varieties; Wyandottes, all varieties; Javas, all varieties; Rhode Island Reds, all varieties.

II.—**ASIATIC.** Brahmas, all varieties; Cochins, all varieties; Langshans, all varieties.

III.—**MEDITERRANEAN.** Leghorns, all varieties; Spanish, all varieties; Anconas, all varieties; Minorcas, all varieties; Andalusians, all varieties.

	First	Second	Third	Fourth
For best pair	\$2.00	\$1.00	Ribbon	Ribbon

Coops must be furnished by exhibitors

For any further information regarding Poultry Exhibits, write or call on Secretary, Nacogdoches, Texas,

F. P. TOMEK, President. DR. R. P. LOCKEY, Vice President. EDWIN I. RICE, Secretary

East Texas Fair, October 8, 9, 10, 11, 1913

HAVE YOU READ THE AGRICULTURE PREMIUM LIST? * * * * * If not, read it. It is the best and largest Agricultural Premium List ever made up for a County Fair in the State of Texas. Be sure and have an exhibit this year. Don't forget the dates: OCTOBER 8th, 9th, 10th and 11th, 1913, at Nacogdoches, Texas.

Woodmen's Day, Thursday, October 9th

The great East Texas Woodmen's Day is Thursday, October 9th, 1913. This is going to be one of the greatest "Fraternal Days" ever witnessed in all Texas. The races this year will be better than ever and the prospects are that the fastest horses in the south will be here. For further information regarding premiums, etc., write or call on

GILES M. HALTOM, President, or W. B. HARGIS, Secretary,
East Texas Fair Association, Nacogdoches, Texas

USE LIV-VER-LAX

For Lazy Liver and the Troubles of Constipation.

Feel right all the time. Don't lay off from work for days by taking calomel when pleasant *Liv-Ver-Lax* keeps you on your feet, while relieving your trouble. Safer too, and easy to take. Don't take anything else. You can't afford it. Eliminates poisons, cleanses system and relieves constipation. A natural remedy, natural in its actions, sure in its effect and certain in results. It won't be long before *Liv-Ver-Lax* will completely displace calomel in every home. Children can take it freely and with perfect safety. Every bottle guaranteed. 50c and \$1 in bottles. None genuine without the likeness and signature of L. K. Grigsby. For sale by Stripling, Haselwood & Co.

For Sale.

Seven registered Jersey heifers, 3 to 15 months old. Golden Leg, Tormentor, Due Belle and St. Lambert blood. All from heavy milking dams, solid colors and extra good individuals and in fine condition.

W. S. Jordan.

Calomel is Bad.

But Simmons' Liver Purifier is delightfully pleasant, and its action is thorough, Constipation yields, biliousness goes. A trial convinces. In yellow tin boxes only. Tried once, used always.

Insect pests sometimes cause damages that are fatal to production and in some cases overshadow drought and other climatic conditions. The greatest protection against this agent of destruction is the bird which should always be protected.—Peter Bradford.

Scratching For Fun.

We would have great sympathy for those who have to scratch continually, if there wasn't a remedy for the trouble, but as Hunt's Cure is Guaranteed to cure or money refunded, it would seem that those who scratch do so just for the fun of it. It's a special remedy for Itch, Eczema, tetter, ringworm, etc.

The intelligent farmer is in favor of the good road, silo and better cultural methods but he lacks the finance with which to purchase these necessities.

Agriculture is the world's greatest industry and less system is used in its development than in any other business.

Mexican Situation

The trouble in Mexico has developed one fact of importance in the U. S. and that is that both the Federal and Constitutional are firm believers in Hunt's Lightning Oil the great American remedy for neuralgia, rheumatism, cuts burns and other aches and pains. No wonder since it makes the pain go away almost at once. All druggists sell it in 25c and 50c bottles.

Will Power sustained yesterday from a visit to San Antonio and other cities. At San Antonio he visited his mother, and she accompanied him on a visit to Kerrville.

PARISIAN SAGE FOR THE HAIR

If your hair is too dry—brittle—colorless—thin—stringy—or falling out—use Parisian Sage—now—at once. It stops itching scalp, cleanses the hair of dust and excessive oils, removes dandruff with one application, and makes the hair doubly beautiful—soft—fluffy—abundant. Try a 50c bottle to-day. It will not only save your hair and make it grow, but give it the beauty you desire. Stripling, Haselwood & Co.

BOBBIE GOOD LOWERS RECORD

Shave: Half Second Off Half-Mile Pacing Mark

Greenville, Tex., Aug. 20—It developed here tonight from a comparison of the world's half-mile pacing record with the record made by Bobbie Good this afternoon, that the latter had lowered the time half a second. Bobbie Good, owned by T. E. Dewprew of Crockett, made the half mile this afternoon in 1:01.

The race was very close, three horses being tied at the beginning of the last lap. The former record of 1:01½ was also made in Greenville, and on the same track when George Stockton, belonging to Henry Exall of Dallas, defeated Red Man about four years ago.

So Many People Die of Blood Poison

A little scratch on the hand, a splinter, or small abrasion of the skin is often fatal because the poisonous germs start the infection. That's where Hunt's Lightning Oil comes in handy as an application on the abrasion, kills all germs which may have lodged there, thereby preventing infection and death. It pays to keep this remedy in the home, especially where there are children. All drug stores in 25c and 50c bottle.

Mr. and Mrs. E. C. Muckelroy will leave tonight for a visit to North Texas points and will be away from the city three or four weeks. They will visit in Dallas, Ft. Worth, and will go on to Childress in the Panhandle country before returning home.

Stripling, Haselwood & Co's is headquarters for LIV-VER-LAX.

Sacul's First Bale.

Sacul has received its first bale of this year's cotton.

The bale weighed 556 pounds, and sold to B. F. Moore at 11.50 a pound, or \$63.94.

The seed weighed 1056 pounds, and were sold to Pye & Williams at \$20 per ton, or \$10.56.

The citizens made up a premium of \$14.10, making the bale bring the producer \$88.60.

Sacul promises a good cotton market this season.

You will always find LIV-VER-LAX in the best drug stores, ask Stripling Haselwood & Co.

We have Rice Bran fresh from the mill. The cheapest feed on the market. For sale by all dealers.

W. T. Wilson Grain Co., Distributors.

Chreno's First Bale.

The first bale of the 1918 crop of cotton received at Chreno, was brought in by G. L. Green on August 18th. The bale was ginned by the Mattauer-Curl Co., and weighed 546 pounds. It was weighted at the Birdwell yard.

The bale was sold to Lamber & Curl for 12c a pound. The seed were sold to H. W. Birdwell at \$21.25 per ton, and the citizens of Chreno made up a premium of \$20.25.

The bale netted the grower \$95.98.

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a sallow, faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to "shake well and follow directions," and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season. A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again.—W. H. McWilliams, Hickering, La.

Sold by druggists. Price \$1.00.

For Sale—Good homes in the Garrison country, good land, reasonable prices, good terms. I have farms in other parts of the county and in Shelby.

J. J. Frederick, Garrison, Texas.

J. A. Edwards of Lufkin, who has been a patient at the Nacogdoches Surgical Hospital for the past two weeks, is reported improving nicely.

LIV-VER-LAX, the Liver regulator ask Stripling, Haselwood & Co.

Has Applied for Position.

Since it became known that Jas. D. Greer, who has been the agricultural agent in this county of the government and the county jointly, had resigned the position, Carter Boozer, we understand, has made application to the government department for the position. Mr. Boozer was for a long time connected with the government experimental station, when the government had Mr. Olsen here, and was a splendid student under this expert and could have secured a position with the department had he been willing to leave this county and goes to any point the department had sent him, but on this account did not make application. He is the son of one of the county's best and most progressive farmers, is a splendid worker, knows everybody in the county and we believe he would be a good man for the position.

Paint Put on

Think of paint put on and not by the gallon.

A gallon of paint in the can is of no account to anybody. Put it on. Now reckon its cost and value.

The secret is: one paint goes twice as far as another. A good one goes twice as far as a bad one.

You have a job, say an average job. It'll take 10 gallons Devoe and 12 or 15 or 20 of middling poor very poor and trash. You know painter's wages in your town. Put the price of a gallon of paint and the painter's day-wage together. You can, we can't.

Devoe costs less than any inferior paint; there are hundreds of them.

One paint is as good as another, so long as it lasts good; one lasts months another years; and the one that goes furthest lasts longest.

DEVOE

Swift Bros. & Smith sells it.

Harvesting Tobacco.

J. Thos. Hall, three miles east of the city, has finished harvesting his tobacco crop and reports that he thinks he will get a fairly good sucker crop which will be ready to cut by the last of September.

Mr. Hall had three acres under irrigation, and ten acres not irrigated. In estimating the yield from the two patches he believes that the irrigated three acres will yield 1800 pounds or more to the acre, and that the ten unirrigated acres will produce 700 pounds to the acre. He also thinks that he will get a sucker crop from the irrigated section, but is a little doubtful as to the other unirrigated.

OH YOU CALOMEL get out of the way, and let LIV-VER-LAX do the work, purely vegetable ask Stripling, Haselwood & Co.

Estray Notice.

Taken up by Henry Lazrine, 10 miles down the Spanish Bluff road, one black mare, "hart mire" marked on fore parts.

For Sale

I have a few Scotch Collie pups for sale. Thoroughbred and are beauties.

R. C. Menefee, Chreno, Texas. w2t

Obituary.

A cloud of gloom was cast over the home of Mr. and Mrs. J. B. Moore on the morning of July 16th, when the death angel entered their home and took their little baby, Reggie, aged one year and 21 days. All that loving hands could do was done, but to no avail; he was only loaned to us for a short while. He leaves a father and mother and one little brother. He was laid to rest in the Black-jack cemetery to await the resurrection.

Weep not, fond parents, for he is not dead but asleep in Jesus, where no one awakes to weep. He has gone up to that home so fair. How sweet it is to know that some day, some time we will meet little Reggy there. It is sad to give him up, but it was God's will, and though it seems cruel at present, it is all for the best for there he will some day again be with his loved ones.

We loved him, we loved him, but Jesus loved him more, and sweetly called him to yonder shining shore. The golden gates were opened and a gentle voice said come, and with farewells unspoken, he calmly entered home.

A Friend,

Cow Hides Wanted

Nacogdoches county farmers and butchers, we are again open for the hide business. The demand and prices are good. Until further notice we will pay 11 cents per pound for green hides, which means from three to five dollars for an ordinary hide. Please follow our directions how to handle them: 1st, try not to cut the hide; 2nd, spread it out flesh side up, give it a good shower of salt and fold the hide up and put it in a sack; 3rd, write your name and postoffice on shipping tag so we will know to whom to remit and ship by express to A. Golenternek & Co., Tyler, Texas.

Rheumatism Affects Lungs

Pneumonia, Bronchitis, Phthisis, Asthma and Anemia Often Directly the Result of Rheumatic Blood.

If you have a persistent, nagging bronchial cough beware of cough remedies. They are merely local in action, and if they do relieve it is the narcotics that do it. What you require is a blood purifier, a searching antidote that removes from the circulation the acid poisons that by their reflexes attack all weakened, susceptible spots and thus create local symptoms. The very best remedy known is Swift's Sure Specific. You will find it on sale in any drug store at \$1.00 per bottle. It goes straight into the blood, becomes an internal blood bath, wonderfully increases the red corpuscles, cures all the local fever spots and irritations, increases appetite, your tone on flesh and feel a wonderful sense of renewed strength. Hundreds of people worried beyond control at cough, pains in the chest, sore throat and constant expectoration of thick mucous have experienced the most wonderful change after using S. S. S. All doubt and apprehension is gone, those peculiar pains and aches vanish, there follows a period of most intense rejoicing to find that worst fears were based entirely upon a mistaken notion that cough and chest pains come from the lungs. These are rheumatic conditions, and you will quickly realize it after using S. S. S. for a few days. Get a bottle of S. S. S. to-day at the drug store and then say good-by to all those pains that have worried you. Write to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga., for medical advice and wonderful facts concerning the greatest blood remedy ever known.

For Sale.

143 acres land 1 1-2 miles northeast of Melrose, 70 acres in cultivation, plenty of running water, residence and tenant houses.

"All is Well That Ends Well"

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip-bronchitis-consumption. Fortify the body now with

DR. PIERCE'S Golden Medical Discovery

an alternative extract from native medicinal plants, prescribed in both liquid and tablet form by Dr. R. V. Pierce, over 40 years ago. More than 40 years of experience has proven its superior worth as an invigorating stomach tonic and blood purifier. It invigorates and regulates the stomach, liver and bowels, and through them the whole system. It can now also be had in sugar-coated tablet form of most dealers in medicine. If not, send 50 cents in six-cent stamps for trial box to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Results From Eight Inch Mains.

The following letter from the State Fire Insurance Commission, explains the advantage derived from the installation of the 8 inch water main on Hospital and Mound streets

Messrs. G. C. & F. H. Ingraham, Agents,

Gentlemen:—The Commission is in receipt of your valued favor of the 16th instant with enclosures as stated, relative to the installation of standard cast iron 8 inch mains in the city of Nacogdoches and wish to thank you for the information furnished.

In order that we may have the required data for revising the Key Rate in accordance with this information we will arrange to have our Chief Engineer make an inspection of this improvement within the near future.

Such credit as is found to be due the City of Nacogdoches on account of installation of water mains, or other improvements, will be shown by means of an insert to the Specific Schedules of Rates and will show a flat reduction for the risks rated in the Schedules

As the change in Key Rate will not remove the City of Nacogdoches into another lead under the Exposure Table, this credit will be handled by means of an insert, as stated above, and we do not deem it advisable to rerate the entire city on this account. Any individual risk affected by Amendments 24 to 44 inclusive, to the General Basis Schedules, will be revised upon request of local agents, stating that policies have been written since September 20, 1912, or that policies will ex-

pire within three weeks.

Trusting that this information will be of interest to you and thanking you for having called the matter to our attention, we remain,

Yours truly,
S. W. English
State Fire Marshal.

To Prevent Blood Poisoning

Via Water to New York.

On Board Mallory Line
Steamer, Denver,
August 16, 1913.

Editor Sentinel:

Believing that a few words would be interesting to your many readers who have never been on board a ship going to New York, I thought to give you a short sketch of our trip.

Mrs. Isaacs and myself boarded the steamer Denver, Wednesday, August 14th, at 3 p. m., anchor was raised at 4:45, and after getting her nose to the east, Capt. Staples ordered the ship to move at half speed. After moving along for several miles I heard him give the signal for full speed.

We saw on our way five United States transports, and after passing the jetties we came in full view of the great Gulf of Mexico, which looked smooth and gave assurance of a pleasant trip. In this we have so far not been disappointed and we feel sure that this will prevail until we reach New York.

The Denver has her full quota of passengers; there is not a room to be had. We found the passengers mostly ladies, a good natured, jolly crowd, and most all from the Lone Star state.

We are now three days out, the sea is smooth, but the temperature so far has been oppressive. We are promised a cool rain which I can assure you will be very acceptable to all.

The Denver is one of the largest boats in the coast's service, her length is 450 feet, width 59 feet, she makes 15 miles an hour and as steady as any ship afloat. She is equipped with a wireless station and the operator issues a paper almost every day giving the news that transpires throughout the world.

On Saturday at about three o'clock we ran into a rather heavy sea, the ship moved in an awkward position and we soon noticed the disappearance of many passengers, and upon inquiry we were informed that they were in their cabins trying to keep from feeding the porpoises that are quite numerous in rough weather. In this I believe they succeeded fairly well. This rough sea lasted until Sunday, the 17th, at about 10 p. m. After passing Cape Hatteras at 1 p. m. Monday the sea got perfectly quiet. During all this Mrs. Isaacs and myself did not miss a meal. We aided those who were less fortunate, and this morning they are all well and able to be at the table.

We are now about 250 miles from New York, the sea is smooth, the sky clear, it is very comfortable now. We expect to arrive at Pier No. 18, New York side, at 8 a. m. Tuesday. During our entire voyage there has nothing of interest transpired; all we have done is to eat, read and sleep. Monday night we had a heavy storm on the sea, but the ship plowed through the heavy sea in good shape.

We arrived at dock at 6:30 a. m. this Tuesday morning in the best of health and spirits. Respectfully yours,
B. M. Isaacs.

TALKING ABOUT HIS TRIP.

Uncle Cal Writes Second Letter at Request of Friends.

Nacogdoches, Tex., Aug. 21.
Editor Sentinel:

As I have been requested to write my second letter by so many I have concluded to write it. I left Pueblo at 11:59 a. m. behind two large locomotives pulling express and baggage car with nine passenger cars full to the brim, two Pullmans and a dining car and one observation car, altitude 4816, passing several stations, right up the Arkansas river with its meanderings at the rate of 20 miles an hour. Came near meeting the locomotive several times, thinking every minute the whole business would go over in the river; could not turn over the other way, as on that side there was mountain, solid rock or rocks from 1000 to 2000 feet high. Arriving at Canon City at 2:27 p. m. I got to rest here 18 minutes. This is the prettiest town I saw, so far; some nice irrigated farms and truck gardens, altitude 5388. Left here at 2:45 with the same meanderings I was looking and holding on for my life, and all at once every thing was as dark as night. I was sure my time had come, expecting every minute to get wet or hot and maybe meet Peter at the gate, I did not know which, when all at once I saw light and the conductor. I surely felt good and knew I was still on earth, for every body knows there is no conductors and few railroad men where Peter keeps the gate.

My next stop was Salida, a nice little town with some fine irrigated farms, all in grain, oats and wheat and some barley, some hay, mostly alfalfa, and it looked fine; altitude 7038. I could see plenty of snow on the mountains eight miles distant. I got cold right now and put on my overcoat. Left Salida at 4:00 p. m., still meandering the river for a few miles coming into the valleys from two to eight miles wide. There was some nice farms here all irrigated from the Arkansas river and Cottonwood creek, passing through Jake Switzer's farm of five or six hundred acres where my grandchildren live, but could not get off until I got to Buena Vista, four miles further, where I was met by my daughter in law who soon landed me at her home. Altitude here 7958 and 1000 miles from Nacogdoches.

Will write again next week my trip back.

John C. Fall.

For Weakness and Loss of Appetite
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

The county fair should be encouraged in every way and especially should the agricultural resources be exhibited for it is through the development of the country that every community must look for future prosperity.

RUB-MY-TISM

Will cure your Rheumatism, Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts and Burns, Old Sores, Stings of Insects Etc. Antiseptic Anodyne, used internally and externally. Price 25c.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

GARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"

"From Waco, Texas, made by Tom Padgett Co.—Forty-six years in business—they don't hurt your horse."

HARNESS TALK

It matters not how good a team you have, it is impossible to get good service without good equipment.

Good wagon harness is as necessary as good buggy harness, good looks are not as necessary as good service. If the harness fits properly and has no weak parts the team works in comfort.

This is the kind of harness we sell every bit of it good even to the smallest strap or buckle. Bring your team and let us fit it to them.

Wagon harness Saddles, Horse Blankets any thing for the horse.

M. L. STROUD The HARNESS MAN

To Cotton Growers

Now is the proper time to begin to save what you have made on your cotton crop this year, by using the best cotton worm preventative on the market—PARIS GREEN.

The cotton worm has been known to completely destroy a field of cotton within twenty four hours time. Why should you set idle, and let the worms destroy your cotton when you can get Paris Green at our store at any time, and in any quantity. It is best to get some and have it on hand if you are not bothered with the worm at present for it will keep until the next year, and still be as good as ever.

Now the proper thing for you to do at present is to give this matter your prompt attention and do not let the worm destroy what you have made this year. Just remember that Paris Green kills them all and you won't lose.

Come, phone or write us, and we will get it to you as quick as possible.

Stripling, Haselwood & Co.
The Rexall Store

M. J. Cook of Woden was a visitor in the city Tuesday.

G. C. Daniels of Chireno, was in the city Thursday on business.

Born—To Mr. and Mrs. A. S. Brewer, Monday morning, Aug. 25th, a boy.

J. E. Honeycut of Etoile, was among the visitors in the city today.

T. S. Crossland of Appleby, was a business visitor in the city today.

Elmer Matthews of Meizee, was a business visitor in the city Monday.

Ed Tipton druggist of Mt. Enterprise, was in the city today on business.

Dr. Y. P. Barton and Edel Parker of Cushing were in the city today on business.

H. J. Daniels of Martinsville, was in the city this morning with a load of sweet potatoes.

Miss Ida Murphy has returned from a two month visit to friends at Montgomery, Ala.

T. B. Moore, representing Jones-Clark of Greenville has, arrived in the city and will buy cotton here this season.

I have three good horses for sale right. If you need a horse see me before you buy. Ben Wilson at W. T. Wilson Grain Co's. Office. dltwt

J. C. Jacobs, of the firm of Jacobs & Partin of Etoile, was in the city yesterday on business and was arranging to buy all the cotton produced in the forks of the river this year.

Mr. and Mrs. H. M. Boozer returned Sunday from a visit to their daughter, Mrs. J. E. Fuller at Toyah, Texas. Mr. Boozer says that Toyah is a nice place to visit and that they enjoyed their trip immensely, but that he thinks he likes Nacogdoches county to live in much better.

J. P. Bruton a former Nacogdoches boy and one who is widely known among a host of friends, has returned to Nacogdoches county from Oklahoma, and is now settled near Cushing, where it is likely that he will engage in farming. We are always glad to chronicle the fact that some erring boy has returned. Stay in Nacogdoches county, its the best ever.

Reports from the oil well being drilled just across the Angelina river in Angelina county, are to the effect that the drill is now down 2200 feet, and is now working in a rock almost as hard as flint. Workmen about the well will give out nothing to visitors, but from bits of conversation heard it is stated that everyone on the job seems to think that indications are very favorable. The original contract it is stated was for the drill to go down 2500 feet, but since other wells over the country have been brought in at as great or a greater depth, the drill will be sent down much deeper if necessary.

Will Move to New Quarters.

John S. Jenkins is having the building on the corner across from the Express office and the one formerly occupied by the restaurant, repaired and fixed up in nice shape, installing his big refrigerator and other accessories that go with his meat market and grocery and feed business, and when the work is finished he will move into the building. Pat Jenkins, who is now on East Main street near the King corner will occupy the building which John S. Jenkins now occupies.

Revival Meeting at Garrison.

Rev. S. S. McKenney will preach on next Sunday and during the following week in a Revival in the Methodist Church at Garrison. The pulpit here will be filled by Rev. J. W. Mills.

The Nacogdoches & South-eastern railroad has a force of men at work now at the crossing of their road over Fredonia street, in this city, putting in the new tracks to accommodate their freight business. These tracks will be lined up so as to fit the new depot which will be under construction in a few days.

First Bale Over New Bridge

J. C. Allen of Angelina county, brought in the first bale of cotton over the new bridge between Nacogdoches and Angelina counties today and sold it on this market, Mayer & Schmidt Inc., purchasing same.

Old Settler Gone

At his home in Rusk county, four miles north of Garrison, last Monday morning G. H. Garrison died after an illness of only a few days, and was buried in the Caledonia grave yard Tuesday, a large concourse of friend and relatives attending the funeral, at which Rev. J. W. Mills officiated.

Mr. Garrison was one of the old pioneers of the East Texas country and was a man who was honored and esteemed by everyone who knew him. He was born in Georgia sixty-six years ago and came to Texas in the early days. He was a prominent business man in several lines, as a merchant, saw mill and timber man, and was prominently connected with every enterprise which was for the up-building of his section.

Mr. Garrison is survived by a wife and ten children, and a host of other relatives.

Labor Day Sermon.

Rev. S. S. McKenney will preach a Special Sermon in the First Methodist Church of this city on "The Dignity of Labor", Sunday, September 7th, at 11 a. m. The object of the sermon will be to bring about a more harmonious relationship between Capital and Labor, as well as to inspire in all who toil with hand or brain or heart a higher sense of the dignity of their high calling. A general invitation is therefore extended to all whose sphere of activity is in the home or school, field or market-place, store or office.

Through the efforts of Superintendent Geo. T. McNess of the State Experimental station here, and Secretary J. A. Spear of the Young Men's Commercial Club, the Nacogdoches station secured from the government the appropriations asked for the station. Not a single cent was cut off by the appropriation committee and the amounts went through the legislature. Nacogdoches will get \$7500 as year for two years and \$1000 deficiency. Mr. McNess states that what changes that are to be made and improvements contemplated have not been determined finally as yet, but that as soon as these matters are worked out and he is furnished with the information, he will let it be known through the paper. For a long time the farmers of this section seemed not to understand the work the government was engaged in, and did not visit the station to learn of it; but of late they are beginning to see and to appreciate the efforts of the station to demonstrate by experiment the modes of cultivating different crops that are best adapted to the several sections and soils of the county.

J. M. McClure of Woden was in the city today on business. Mr. McClure brought in several heads of maize and affir corn which he grew on his place this year and the heads are all large and heavily fruited. He says that this kind of feed stuff grows better in dry weather than Indian corn, produces more to the acre and is a splendid feed for all kinds of stock. He only planted a small acreage this year mostly as an experiment.

Let's Contract for New Depot

The Nacogdoches & South-eastern Railway company yesterday awarded the contract for the new depot on Fredonia street just one block off of the public square. Contractor H. C. Hatchell was the lucky bidder and we understand that the work will be started just as soon as the material can be placed on the ground; the railroad company is having a lot of grading done now at the site and getting the grounds in readiness.

When completed this will be a very neat and comfortable depot, and will be arranged with waiting rooms for both whites and colored passenger, ticket and freight office, freight warehouse, covered sheds and open shed, with main line and house tracks. In fact it will be a thoroughly modern depot building.

We understand that the railroad is now completing their connection with the Angelina & Naches River railroad near Chireno and pretty soon to Chireno so people can visit the county seat over the N. & S. E. instead of going all the way to Lutkin.

Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers. dw

Trustees of the Faulkner school district, Dave Burrows and Claytor Blake, were in the city this morning and in the office of the County Superintendent opened bids for the new school house to be erected for that district on the site of the old building. The contract was awarded to Bob Parrish, and the new building is to be completed by Sept. 25th.

How the Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers. dw

For Sale:—\$40 buys my registered 3 year old jersey bull, at once. Write Claude Lloyd, Cushing Texas. wlt

The marriage of Mr. C. G. Freeman and Mrs. Willie Rogers was unique for its brevity, when on last Sunday morning between Sunday School and church services Rev. S. S. McKenney was beckoned aside and the couple were married immediately in front of the church as the congregation was gathering. Yet it was so quick and quiet that all was over before any one realized what had happened.

How's This?

What is Best for Indigestion?

Mr. A. Robinson of Drum-quin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Tablets as "the best medicine I ever used." It troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price 25c. For sale by all dealers.

The Methodist Church.

Presiding Elder, J. W. Mills will preach on next Sunday at 11 a. m. and 8 p. m. in the First Methodist Church. Sunday School at 9:45 a. m. The public is cordially invited to each of the services.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially in this case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers. dw

Will pay 10c per pound net for corn fed pork delivered at market. R. F. Holmes. 1td2tw

Remarkable Cure for Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B.W. Hill of Snow Hill, N. C. For sale by all dealers.

Third Quarterly Conference Tonight.

Rev. J. W. Mills will conduct the prayer service at the Methodist church tonight at 8 o'clock, immediately following which will be held the third quarterly conference for the year. Everybody is invited.

Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes, says M. Boyd, of Henrietta, Ky. "In February, 1908, a gentleman asked me to try Chamberlain's Salve I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is or sale by all dealers. dw
