The Place Where You Get What You Want

Boy Accidentally Shot.

Last Saturday evening, the 15 year old son of Mr. W. R. Low who lives near Cushing, happened to the unfortunate accident of getting his hand shot so badly that it was necessary to have it amputated near the wrist.

It was the same old story of fooling with a gun which was in the hands of his

brother when it was accidentally discharged with the above results.

Mr. Low, the father of this boy, served on the jury here last week.

Rev. J. S. Wilson from Rose Wood, Upsher county is in the city today on his return home after visiting his brother, Rev. J. W. Wilson of Melrose for a few days.

Two Nacogdoches County Boys Honored.

At the recent Annual Convention of the Texas Industrial Congress which is doing so much toward improving agricultural methods and conditions in Texas, prizes were awarded to two of our Nacogdoches county boys which distinguishes them as young men who are making a success by the proper application and due admixture of brain and brawn upon the farm.

A prize of \$25.00 was awarded to James Byron Price (son of A. A. Price) for raising 76.87 bushels of corn on one acre of land. Cost of production 26 cents per bushel. Net profit at 80 cents per bushel, \$40.84, equal to 6 per cent interest on an investment of \$680.

A \$25.00 prize was awarded to Wilber Sisco (son of Nat Sisco) for raising 1.58 bales of cotton on one acre of land. Cost of production \$32.27 per bale. Net profit at 12 cents per pound \$48.81, equals six per cent on an investment of \$730.

We are proud of the boys and feel that they are pioneers in the new field of scientific farming in this county and we hope that many others will follow in their wake.

Now is the time to buy your Cultivator, and by the time you need it you will understand how to operate it perfectly. Just a little practice is all that's required.

In making your selection you don't have to go any farther than the old reliable OLIVER and AVERY---that is, if you want the BEST. We have them in Riding and Walking patterns.

The Methodist Revival

The Special Revival Campaign will begin with the services of next Sunday in the First Methodist Church to continue two weeks. The pastor, S. S. McKenney will preach on next Sunday. Dr. Sam R. Hay of Houston will arrive in the city on Monday the 9th inst. and will preach daily at 10 a. m. and 7:30 p. m. He is one of the most eloquent speakers on platform or pulpit in the state, and one of the most brilliant ministers of his church. This city is to be congratulated upon having him for this series of services. Everyone should seek to hear his first sermon and then they will be sure to hear him to the end. Terry W. Wilson of Jacksonville will be present next Sunday and will direct the musical feature of the meeting. He is too well known in this city to need any word of commendation in this notice. Hear him and help him. The public and all strangers are invited to each of the services. Sunday School at 9:45 a. m. next Sunday. Come!

Jas. D. Greer Has New Position

J. D. Greer, agricultural agent of the Sunset-Central, has resigned to accept a position with the United States department of Agriculture. He will be located in Panola County and will give his time to seed breeding and seed selection under the supervision of State Agent Proctor.—Houston Chronicle.

City Election.

The 7th of April was set yesterday by the City Council for a city election to be held to determine whether or not a majority of the qualified voters of the city of Nacogdoches is in favor of selling and conveying to the United States of America, for a consideration of \$45000, the block in the public square heretofore laid off for the purpose of erecting a federal building.

Robt. Blackwell was an appreciated caller at the Sentinel office today.

Liberty Elm Camp 210 W.

O. W. had a rousing meeting Tuesday night, there being 78 members and 10 visitors present. Quite an interest is being aroused on account of an attendance contest of which W. C. Chadwick and A. A. Seale are leaders. Every member is urged to be present when possible as one side is going to have to pay for supper for the entire membership and their families in May.

J. B. Wood of Cushing is spending the week in the city doing jury service.

How do the statewidere in Texas feel as incommunicados?

Why object to criticism? It is just, we deserve it; if it is unjust, it has the weakness of error and harms not.

Dave Dinks says if Jake Wolters fails to eliminate the statewidere, they will not fail to eliminate Jake Wolters one more time.

At a city election in Chicago last Tuesday fifty thousand women cast their votes. Nearly every one had her hat on straight.

Communications reaching the Sentinel later than, early Wednesday morning cannot appear in the Weekly until the next week.

President Wilson, says to send armed forces into Mexico without her consent would be to declare war and to ask permission would be recognition.

The mother gets but little comfort from the fact that the disease of her baby's sore eyes is by scientific physicians called ophthalmia neonatorum.

Mr. Lane will not be in the race for comptroller, but will probably run for congress at large of which Texas will have two and Lane will not be one of them.

Gov. Cruce of Oklahoma says: "The two greatest evils in Oklahoma affecting government are bootlegging and gambling" Oklahoma has constitutional prohibition.

A report just issued by the Federal department of Commerce and Labor at Washington shows that there are 18 light and power plants in Texas operated by municipalities.

The county judge of Harris county says that he officiated at 42 weddings during the first 24 days in February—on several days three weddings and on one occasion nine.

The newspapers of Texas are not saying hard things about Governor Colquitt because they have adopted the Irish rule of not kicking a man when he is down and out.

From many exchanges coming to the Sentinel we infer that another cold wave recently swept over Texas and other parts the last few days. May it continue to be the worst of the year till the harvest days are over, Jessie, dear.

Secretary of the Navy Daniels charges that American ship building plants "are making more money than they know what to do with," and are shamefully overcharged the government. When the administration takes up trust legislation the people will get a flood of information as to many other trusts sapping the life blood of the nation, or words to that effect.

William Allen White, speaking for the progressive party, says, "Victory in 1912 would have been a calamity." In this opinion he is joined by an overwhelming majority of the American people.

R. H. Carraway, son of T. J. Carraway, deceased, who for years was the owner and editor of the Star-News published in this city, owns and edits with G. A. Crosett the Caddo Herald, published at Caddo, Oklahoma.

Last Tuesday San Antonio adopted the commission form of government by a vote of more than three to one. This fine old town will now begin to put on city airs and imagine that it is in same class as Nacogdoches.

To Mr. Colquitt, Mr. Bryan replied that the state department was doing all it could to secure the punishment of those responsible and that for a state to send men would involve a responsibility which only the federal government would assume.

It is charged by Senator Morris that some one has stolen 200 million dollars from the New York, New Haven and Hartford Railroad. There is not a railroad in America whose coterie of owners do not seek to fill their purses at the expense of the public, often under the guise of law, but always to fill their purses.

The business men of Nacogdoches desire to hear from farmers concerning the proposed cotton warehouse to cost about eight thousand dollars. It is said by those who are in a position to know that the damage to exposed cotton every year amounts to about as much as the cost of a warehouse.

On Wednesday April 1, 1914, the publishers of the Dallas News will begin the publication in the city of Dallas a newspaper to be known as the Evening Journal. It covers the evening field as well as the Dallas News the morning field, it will have no superior as an evening paper in the great Southwest.

Villa may have been wrong in many of his acts. He may have been entirely right in the Benton affair. Mr. Bryan announces that until all the facts are known no opinion will be expressed by the state department. Fiery resolutions by men who want to see a conflagration have no effect on the cool-headed statesman in charge of affairs at Washington.

It was asserted Thursday by Representative Green in the House that through the manipulations of holding companies \$121,000,000 of water had been poured into the stocks and bonds of the Rock Island railway company and fixed charges of the road increased from 40 to 90 per cent. It is an indirect theft but as plain as recent \$200,000,000 theft from the New Haven and Frisco system. The principal object of private owners of public utilities is to put money in their purses.

The administration at Washington has as much trouble with Colquitt as it has with Huerta. If those splendid statesmen will get rid of the latter as easily as Texans will of the former, brightness will cover the land as "morning spread upon the mountains."

"If Ball gets to be governor, he will owe the same debt of gratitude to Cullen Thomas that Wilson owed Bryan." So says Editor McNealus, of the Dallas Democrat. In other words, according to the Democrat, Governor Ball's first official duty will be to tender Cullen the position of Secretary of State.—Bonham News.

Savoyard says: "Suppose Clark had been elected president. Hearst would have been secretary of state * * * we would have been at war with Mexico. The national debt would have been increased hundreds of millions." It is plain that Savoyard noze as much as the editor of the Lutkin News duz.

In a lengthy article recently printed in many Texas papers railroad managers asking for an increase of rates sufficient to pay a reasonable dividend on their investment declare that the railroads of Texas cost \$80,000 per mile. Under the full rendition law, railroads should be assessed at \$80,000 per mile. How much are they assessed in Nacogdoches county?

The Nacogdoches Sentinel says: "The country sympathizes with Mrs. W. K. Vanderbilt on the recent loss by fire of her million dollar home on Jericho Hills, Long Island. She has only about a hundred million dollars left with which to build a new one." 'Tis a great pity that disasters like this will come about, and expressions of sympathy are in order, however, it is not thought necessary to take up a collection to help replace the "little cottage." Friends nearer home will no doubt look after that.—Lutkin News.

This morning the sorrowful news was communicated to us by the Houston Chronicle that Jake Wolters has read the statewide prohibitionists out of the democratic party. It does not affect us personally but it does sound the trump of doom to many of our friends who to this evil hour supposed that they were safely within the fold. The only scripture recurring to our disturbed brain is the following: "When ye think ye stand take heed lest ye fall." There may not be any chance for the statewidere to remain in the party of Jefferson, Jackson, Wilson, Bryan, Colquitt and Sam Sparks unless Mr. Wolters can be induced to relent.

A West Virginia darkey, a blacksmith, recently announced a change in his business, as follows: "Notice—De co-partnership heretofore resisting between me and Mose Skinner is hereby resolved. Dem what owe de firm will settle wid me, and dem what de firm owes will settle wid Mose."—Ex.

THE FARMER'S FIRST AID IN SICKNESS.

WHEN there is sickness or accident on the farm, haste in calling the doctor is vital. Life may rest on minutes—Don't wait until sickness occurs, and THEN wish you had a telephone. Order it NOW from our nearest manager, or write THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO.

Uncle Sam as Middleman.

The announced plan to utilize the parcel post on a vast scale as a publicity agent between food producer and consumer, collecting data from the farmer as to what he has to sell and distributing the information with the morning's mail to city consumers, will startle the economists. Last year the Bureau of the Markets of the Department of Agriculture was created. And now the appropriation to carry on its work has been raised from \$4000 to \$194,000 per annum. It is this Bureau of Markets which, according to the latest news from Washington, is gradually to take the place of commission men, newspaper advertisements, and all other agencies for the distribution of food products.—Post Dispatch.

Panama Canal and Its Lesson

Five years ago this scheme would have seemed Utopian in the extreme. There has been a tradition in America, long sedulously fostered, that government work is of necessity wasteful, inefficient, scandalously slow. And under the old system of spoils-politics there was no little justification for this view.

This year the veterans of Panama, having won a victory in a new kind of warfare, will be prepared for new conquests. Why not maintain this superb machine as a national asset? Why not turn the power that has conquered Panama to the conquest of Alaska? Why not give Goethals and his men command of this new work for the people?

We must not stop with a single shining object lesson; for the only sound result of doing a great deed is that it commits us to the doing of still greater ones. We have organized, at last, an Army of Peace, we have found "the moral equivalent for war." We are ready as a nation for still more ambitious conquests of the forces of nature. Let us then march our veterans from the tropics to the poles. Let the nation fight the battle.—Exchange

I am an old man and have had many troubles the most of which never happened.

No Liquor Legislation Needed. "I am a state-wide prohibitionist, have always voted against the saloon and do not use liquor in any form, and I will always remain a life-long enemy to the liquor business. The home of the farmer is the hearthstone of morality and the fountain-head of all that is pure and noble in life, and the farmer should never stand for civic righteousness and the reduction of all forms of vice to a minimum. Not more than twenty-five per cent of our population ever tastes liquor, and less than one per cent drink to excess. The delinquents we will always have with us, but the liquor habit affects so small a per cent of our population that I do not think it should be considered to the exclusion of important problems that affect the welfare of all the people. Where liquor sends one man staggering home to his family our system of marketing and of rural credits sends thousands of families reeling down the thoroughfares of poverty. Each year 2,400 farmers become victims of an inadequate and brutal system of credits, cover their hearthstones with the ashes of failure, and as many mothers, drenching the family alter with the tears of despair, cry aloud for help as they close forever the door of the home. Let us turn our attention temporarily from the delinquents and incorrigibles to the worthy and ambitious citizen struggling to feed and clothe his family, educate his children and own his home. Let government assist those who plead for opportunity rather consume all our energies upon those who scorn the privileges of manhood. Experience has proved that when legislatures become involved in prohibition discussions much important legislation is abandoned and the business affairs of government neglected.

"I favor the rigid enforcement of all liquor laws now on the statute books, but am opposed to any state-wide legislation of any character on this subject by the next Legislature.—Peter Radford, Ex-President Farmers' Union.

The most amazing statement recently made by a multimillionaire is that attributed to Daniel Guggenheim, president of the American Smelting and Refining Company, who declares that the United States Government should own all railroads and telegraph and telephone lines. Mr. Guggenheim says the success of the parcel post has converted him to the belief that the United States government could operate our railroads, telegraph and telephone lines better than they are operated at present.—Houston Chronicle.

It is amazing to the Sentinel editor that any one would regard such a statement by any one as amazing.

Cherokee County could make a better exhibit than all the rest of East Texas put together.—Alto Herald.

The judgment of the world is based on not what you could do, but what you do do.

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have drawn from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

Bryan's Commoner

Millions of people heard and heeded the wholesome advice of this bold and fearless though cautious, counsellor and the great Commoner and its greater founder enjoy the honors that come to the faithful in the performances of public duty. Not only the newspaper which has been so zealously fighting the battle of the people, but W. J. Bryan, an, himself, who has been constant and faithful always has won and deserves the name of the great commoner, for each, by fidelity to the common people in all the term applies, has earned the right to the name.

Though there will be a time when Mr. Bryan's work must end, his influence will live with the enduring principles he has espoused, and when he shall have passed away, we hope for the welfare of humanity, that his Commoner will live on and be what it is now—the champion of human rights and the promoter and defender of good government.—Nashville Tennessean.

A local option election will be held in Houston county March 10th to "see if saloons shall be returned." The editor of the Houston County Herald in this week's issue of that paper writes as follows:

The Courier believes in local self government and therefore supports prohibition in a local option election. The Courier does not believe in outside votes controlling Houston county or Crockett, nor in Houston county votes controlling outside counties or districts, and therefore is opposed to statewide prohibition. We are trying to make it plain so that there will be confusion.

It's a poor mule that does'nt work both ways.

COLDS & LAGRIFFE

5 or 6 doses GGG will break any case of Chills & Fever, Colds & LaGrippe; it acts on the liver better than Calomel and does not gripe or sicken. Price 25c.

Mrs. L. S. Taylor Dead
From Monday's Daily:

Many hearts have been made sad in our city by the death of Mrs. Lawrence Taylor which occurred yesterday morning about five o'clock after an illness of more than a month.

Mrs. Taylor was a member of one of the oldest and most honored families in Nacogdoches. She leaves a husband two sons and two daughters besides a large number of relatives and friends to mourn her loss.

The funeral services were held at Oak Grove Cemetery this afternoon at 8 o'clock.

Disorderly Kidneys Cause Much Misery.

With pain and misery by day, sleep-disturbing bladder weakness at night, tired, nervous run-down men and women everywhere are glad to know that Foley Kidney Pills restore health and strength, and the regular action of kidneys and bladder.—Swift Bros. & Smith.

Collin county, richest black land county in North Texas, is preparing to lift itself out of the mud. In a recent road bond election there four precincts voted \$490,000 for improving the highways and making living in those communities a greater joy than ever before.—Waco News.

Just Right for Backache and Rheumatism

Foley Kidney Pills are so thoroughly effective for backache, rheumatism, swollen, aching joints, kidney and bladder ailments that they are recommended everywhere. A. A. Jeffords, McGrew, Nebr. says: "My druggist recommended Foley Kidney Pills for pain in my back, and before I finished one bottle, my old trouble entirely disappeared."—Swift Bros., & Smith.

A pound of radium is worth \$8,000,000. There are only 185 grains in use. It takes 7,000 grains to make a pound avoirdupois.

Special "Health Warning" for March

March is a trying month for the very young and for elderly people. Croup, bronchial colds, lagrippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. It is safe, pure, and always reliable. Swift Bros., & Smith.

Joe Balch, who was born and reared away in the eastern part of the county near Attoyac, but who is now Principal of the school at Sacul is in the city today on business connected with his school. Joe is another one of Nacogdoches county boys who has had a long and hard pull but has forged himself to the front and now recognized as one of the best teachers in the county.

Foley Cathartic Tablets are entirely effective, thoroughly cleansing and always pleasant in action. They contain blue flag, are a remedy for constipation and sluggish liver, and a tonic to the bowels, which are improved by their use. Try them. They do not fail to give relief and satisfaction. Swift Bros. & Smith.

District Court Proceedings Next Week

A. W. Eddings vs City of Nacogdoches. Resulted in mistrial.

State of Texas vs Mart Mason. For assault with attempt to murder. Verdict not guilty.

State of Texas vs W. H. Watson. For false swearing. Verdict not guilty.

State of Texas vs Paul Harris. For criminal assault. Verdict not guilty.

State of Texas vs Dock Johnson. Passed for Friday of the 4th week.

State of Texas vs Bud Lee-man. Passed till Thursday of 4th week.

State of Texas vs Dude Butler. Continued [till next term.

State of Texas vs Chas. White. Passed to Thursday of 4th week.

State of Texas vs Dan Ballard. Passed to Thursday of 4th week.

Plain Truth That's Worth Money.

Using Foley's Honey and Tar for a cough or cold may save you both sickness and money. F. F. Monham, Memomonic, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. Swift Bros. & Smith.

Avoid Stuffy Wheezy Breathing.

Take Foley's Honey and Tar Compound for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, lagrippe and pneumonia are dangerous possibilities. Harsh racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates.—Swift Bros., & Smith.

Stubborn, Annoying Coughs Cured.

"My husband had a cough for fifteen years and my son for eight years. Dr. King's New Discovery completely cured them, for which I am most thankful," writes Mrs. David Moor, of Saginaw, Ala. What Dr. King's New Discovery did for these men, it will do for you. Dr. King's New Discovery should be in every home. Stops hacking coughs, relieves la grippe and all throat and lung ailments. Money back if it fails. All druggist. Price 50c. and \$1.00. H. E. Bucklen & Co. Philadelphia or St. Louis.

A Great Scheme.

"That was a great scheme old Shrewdly worked." "I didn't hear of it." "He gave it out that the first one of his eleven daughters to be married should have his entire fortune." "What was the result?" "Eleven elopements in one night. They can't determine which one was the first, so Shrewdly gets rid of the girls and keeps the fortune."

Chronic Stomach Trouble Cured.

There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

The selfish days of the independent farmer are rapidly passing and we are beginning to catch the vision and share the profit of organized efforts.—Peter Radford.

The Mothers' Favorite.

A cough medicine for children should be harmless. It should be pleasant to take. It should be effectual. Chamberlain's Cough Remedy is all of this and is the mothers' favorite everywhere. For sale by all dealers.

Oldest Negro in Texas Dead.

Bonham, Tex. Feb. 24.—Uncle Ephraim, said to be the oldest negro in the state of Texas, died at the County Farm in this county Sunday afternoon. He was over 109 years according to a statement made by the son of his old master, who lives in Grayson county at the present time.

For the past few years Uncle Ephraim has been at the county farm. He was an old time darkey, and for many years was a slave. He was born in Maury county, Tenn. about 1805. E. M. Phillips, the manager of the County Farm states that Uncle Ephraim was cutting his third set of teeth. He says that he made the examination himself and knows that this was true. This is so rare that it makes his case stand out as unique.

The Forty Year Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.

Mrs. Geo. F. Rainbolt and children came up from Nacogdoches Friday for a visit with relatives and friends in the city. Mr. Rainbolt joined her Sunday, returning to his work Monday. In conversation with The News man while here, and upon being interrogated about the matter, Mr. Rainbolt said that a better settlement of taxes was made this year than last. This information is a little surprising when we think of the great losses sustained in the fall and winter floods, and consequent financial depression.—Garrison News.

Best Family Laxative

Beware of constipation. Use Dr. King's New Life Pills and keep well. Mrs. Charles E. Smith, of West Franklin, Me., calls them "Our family laxative." Nothing better for adults or aged. Get them today 25c. All Druggist of by mail. H. E. Bucklen & Co. Philadelphia or St. Louis.

On March 2, 1836, the Texas declaration of independence was signed and promulgated. On March 2, 1798 Sam Houston was born in Virginia. Of the signers of this immortal document there are no survivors, the last one being Colonel S. W. Blount of San Augustine who died in 1900.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. For sale by All Dealers.

Gen. Burleson Sustained.

Washington, Feb. 27.—Amendments to the post-office bill to strip the postmaster general of power to lower rates and alter regulations to the parcel post were thrown out by the senate today, 38 to 24.

Shooting Scrape at Mayo.

From Monday's Daily: Early this morning, Henry Ellison, woods foreman, and Will Weatherly who has been running a shay engine for the Attoyac Lumber Co. at Mayo, got into a difficulty which resulted in three shots being fired by Ellison one of which took effect in Weatherly's arm, breaking same between the wrist and elbow.

Ellison phoned at once for Constable Tom Lambert and informed him what he had done. Weatherly received medical attention at once and is getting along real well.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by All Dealers.

Jinkins Bros. Buy Store.

The popular grocery store on West Main street owned by John Jinkins was sold Saturday morning to his brothers, Pat and Farris, who will enlarge and continue the business at the same corner. John Jinkins will enjoy a well earned rest for a few months and the two brothers will have exclusive control and management of the business.

This grocery store has for many years had a wide circle of patrons and under the new management has prospects of not only holding its old trade but of gaining many new customers, for there is nothing so attractive as the enthusiasm and ambition of youth.

Letter From Judge Ingraham.

Editor of Sentinel: On March 2nd 1885, I assisted in laying the Corner Stone of the New Capital at Austin, Texas, then being a member of the legislature from Nacogdoches and Angelina Counties.

In looking over the minutes of the court beginning with the Nov. term 1911 and ending with the November 1912, five terms, I see there were one hundred and seventy eight civil and criminal matters disposed of, and from the January term 1912, and including the January term 1914, five terms, there were two hundred and seventy five civil and criminal matters disposed of, and in addition I've tried 7 lunacy cases. There have been 3 appeals in civil cases, two of them reversed, and one affirmed; two appeals in criminal cases, one affirmed and one reversed, and there are several criminal and civil cases now on appeal and pending. As I am never going to run any more, am going out of politics without a request from those who supported and opposed me, to run. This is a sensation I am never to enjoy, but really I don't know whether not it is better than being the storm center of criticism for doing things that I honestly and sincerely thought was right, and would do again under the same circumstances.

Respectfully
Geo. F. Ingraham.

1000 Rabbits in Big Roundup.

Ballinger, Texas, Feb. 28.—Ending with a round-up of over 1000 rabbits, the rabbit drive, held five miles south of this place, closed just as the set this afternoon. The round-up at noon netted the hunters about 500 rabbits and the second drive did equally as well.

About 400 men participated in the drive, and there was not an accident during the day. The ladies in the neighborhood where the drive was made provided a dinner on the Colorado River and the spread was added to with barbecued calf and mutton.

The rabbits will be dressed and packed on ice and shipped to New York. Besides the revenue derived from the day's drive, the farmers will receive benefit by ridding the country of the crop-destroying pest. Other drives have been arranged for and will be made during the early spring.

Another cause for congratulations is that our belligerent ex-president remains in South America.

Life is a series of compromises between the ideal to which we strive and the actual by which we are surrounded.

The refusal of the anti candidates for governor to be eliminated will not affect Colonel Ball with an abnormal amount of insomnia.

Chas. H. Mills of Corsicana, son of R. Q. Mills, announces that he will not participate further in the contest for the governorship of Texas.

It Colonel Ball were free to express himself about it, he would probably suggest that W. P. Lane refrain from taking the stump for the prohibition designee at the head of the ticket.

New York, New England and other sections are under the third blanket of snow in as many weeks, while Texas and other parts of the Southwest are enjoying early spring in the good old way.

Read the forceful timely editorial of the Gal-Dal News about our gory governor, reprinted in this paper, and rejoice that Texas has at least one big voice that cries aloud and spares not.

As long as the constitutional control all of northern Mexico and the Federals retain all the southern Mexico, a division of the republic is suggested as a solution of the costly and bloody trouble.

We regret that limited space prevents the printing of all the lines entitled "The Last Effort." It has been cut down more than half. It is seldom that space can be given to more than twenty lines of verse.

The socialists of Nacogdoches will hold a county meeting at Libby near Miller's Mill on March 7, convening at 10 a. m. and not in the town of Nacogdoches as previously announced in this paper.

Our erudite governor, on Feb. 28, writes Secretary of State Bryan as follows: "Since our government has dabbled in the local affairs of Mexico, she will never be able to withdraw her hand from the controversy except in blood."

New York state has an income tax law from which a public fund of \$30,000,000 per year is realized, Jno. D. Rockefeller paying \$6,000,000. The Waco News asks, "why not Texas pass an income tax law and lit herself out of the hole?"

Never before, in its recent history certainly, has the democratic party exercised such control. It is due to the circumstances and to Mr. Wilson's masterful personality and attitude. First he knows what he wishes; and second, he is determined to get it.—
Ex-President Tatt.

The dates of the fifth annual East Texas Fair of Tyler have been set for October 3 to 10 inclusive. The other East Texas fairs in this section of the country may keep the above dates in mind and arrange their dates so as not to conflict.

Colquitt is doing all he can to stir a larger strife. Wilson is doing all he can to hold the war spirit in check. Colquitt is a small man and Wilson is a large one. The outcome is not even doubtful. To engage in a large war to end a small one were as senseless as to cut off a foot to cure the toe itch.

As secretary of state Mr Bryan is more than a great democrat. He is a great American. His loyal service to the progressive policies of the present administration, his readiness to lose himself in his devotion to a common cause, his lofty conception of the duties and obligations of his office in promoting international friendship and the world's peace, have impressed the nation with a new sense of the bigness of the man.—
Kansas City Star.

Judge Cullen, who retired from the office of chief justice of the New York court of appeals because of advancing age, said in a speech at Carnegie hall the other night that the new direct primary law passed in that state was an invasion of the individual rights of the voters. This will be news to the voters who have been demanding direct primary laws because the party bosses had invaded their individual right to choose party candidates.—
Bryan's Commoner.

All that the people of the United States will demand of these gigantic corporations that are suing for peace with the government is that they keep their promises of obeying the law. Disregard of the statutes and of the rights of others, that have been characteristic of those who have been commanding huge apparent successes in the industrial and commercial world, are responsible for the conditions that Mr. Wilson has declared must cease. This is a form of special privilege that has been most obnoxious, and there can be no real peace until it has been absolutely abolished.—
Bryan's Commoner.

The parcel post is everlastingly knocking the goose grease out of the express companies. For years the express companies have laid a heavy unjust and outrageous tribute upon the people of this country, and just why it has been tolerated so long is a mystery. It took our Uncle Samuel to put the gaits into the express pirates, and please remember that even our dear old Uncle never seemed able to do the work until democratic administration backed him up. If the lamented republican party ever did anything but make a few millionaires and millions of paupers. I have yet to find out. It's a long lane that goes no where.—
K. Lamity's Harpoon.

An Excellent Editorial.

Governor Colquitt does the president an injustice, we are sure, when he says there is a disposition in Washington to make Texas and its governor ridiculous. The president has much reason to feel grateful to Texas, and whatever may be his sentiments with respect to its governor, we are sure he is too busily engaged to have time for works of supererogation. Governor Colquitt's latest fulmination takes the form of a query. Whom has the administration recognized "as the constituted authority in Mexico," particularly Northern Mexico? Most men know that it has conferred that distinction on no one, either in Northern or in Southern Mexico, and charity could bring even Governor Colquitt within the pale of that knowledge. Why, then, ask a question whose answer we must suppose that even he knows? His persistent propounding of it through the far-reaching megaphone which the Associated Press unapologetically lends to him has the effect of embarrassing the president and of comforting his opponents at home and abroad, to be sure. It must tend to delude Huerta into the notion, for example, that the policy of the president does not enjoy popular support in this country, and the effect of that delusion must be, of course to obstruct the working of the president's policy. But we at least shall forbear from suspecting that Governor Colquitt is actuated by a motive so malign and disloyal. The motive is probably to be found in the only other effect, that Governor Colquitt's pestiferousness can have, namely, that of winning a place for his name in the headlines to say nothing of an accommodation for his picture in those newspapers who have a penchant for exploiting oddities. It is a perverse satisfaction, to be sure; but megalomania makes its victims content with notoriety since fame is beyond their achievement.—

Memphis Loses 576 Saloons.

Memphis, Tenn., March 1.—Of 700 revenue licenses held in Memphis, 576 were surrendered to County Attorney General Z. N. Estes today when the "nuisance" act, passed at the last session of the state legislature, became operative, ending the day of the open saloon in Tennessee.

A number of the saloons, transformed into soft drink establishments, reopened tonight to serve nonalcoholic and other beverages coming within the requirements of the state prohibition laws—of less than 2 per cent alcohol.

Government licenses still in force, it is stated, are held by wholesale dealers, who will be permitted to continue shipments outside the state, drug stores and river steamers.

Without exception, according to police reports, the saloons closed their doors for the last time promptly at midnight last night and without the buffoonery usually attending such an incident. Up to a late hour tonight no complaints had been made of violation of the prohibition law.

Baptists Combat Loan Sharks.

St. Louis, Mo., March 2.—A benefit and loan fund for working men and women in the neighborhood of the West Park Baptist Church has been subscribed and will be opened within ten days by the deacons and pastor of the church.

The fund will be for the purpose of combating loan sharks. Borrowers need not be members of the church.

The fund will not be a large one at the start, and at the beginning the beneficiaries of the fund will be residents only of the vicinity of the church.

The sum loaned to one person at the beginning will not exceed \$10 or \$15, but as the demand for loans increase the capital will be enlarged.

Letter From Judge Ingraham.
Editor Sentinel:
Please publish this.
There are three things I want my democratic friends to know:

First, I am running for County Judge and going to keep running until the next democratic primary is held.

Second, I am never again after this race going to be a candidate.

Third, if I am not nominated by the democrats in their next primary, I am going to resign just as soon as I can without injury to county affairs and request the commissioners court to appoint the man that gets the nomination, for the simple reason

that I want the democrats to have their desire as quick as possible, more than I want au fice.

"Governor Hogg, Judge James I. Perkins, J. P. Gibson and E. C. Dickinson had been indicted in Nacogdoches county for hunting deer, contrary to the provisions of the game law. These gentlemen thought that that county was exempt from this law, but as 'ignorance is no excuse,' they were amenable just the same, and while the paper does not state what disposition was made of the charges, it is the recollection of the writer that they acknowledged the violation and paid their fines."—Tyler Courier Times.

It is also our recollection that they paid their fines and that Governor Hogg's attorney appealed his case which was affirmed by the court of criminal appeals.

Texas Building Permits.

Fort Worth, Texas, March 2.—Building permits in the nine principal cities of Texas (1910 population basis) during the month of February, aggregated \$2,229,858. The amount of building permits issued in February shows an increase of \$632,941 over the same month of last year and is also a gain over permits of last month of \$293,330. Building permits issued in these cities for the two months of this year aggregate \$4,166,386. Compared with the same two months of last year, this is an increase of \$244,275.

San Antonio led all other cities with permits amounting to \$575,550. Dallas took second rank with construction licenses totaling \$564,220, while Houston came third with \$348,691 in permits. The other cities reporting permits are as follows: Waco \$245,257; Fort Worth \$243,068; Galveston \$126,000; Beaumont \$53,256; El Paso \$39,182 and Austin \$34,639.

Wireless Lighting at 6-Mile Range

London, Feb. 19.—William Marconi has furnished another illustration of the facility with which modern science can perform feats surpassing those of the legendary magicians of Middle Ages.

He announces that he can light a lamp by wireless power at a distance of six miles. The bulb of the lamp is attached to a wireless receiver, which is connected in its turn with a receiving aerial wire. In the experiment in question a transmitter was linked up with a 100 horse power dynamo. As soon as the power was applied the bulb six miles away was lighted and remained alight as long as the power was kept on.

This experiment, Mr. Marconi hopes, may be the forerunner of the use of wireless power for lighting and heating houses.

"At present," he said, "the first call is to push on with wireless telephony. I am now aiming particularly at obtaining a distinctly audibly message, which is really more valuable than 'spectacular' calls over long distances. I have been able to communicate quite easily and clearly at 100 miles distance, using ordinary receiver and apparatus very much like the usual telephone. The difficulty lies with the transmitter, which is very heavy and needs two men to carry it."

Retired Georgia Planter's Advice To Kidney Sufferers.

Regarding the wonderful curative merits of your Swamp-Root, I cannot say too much. After suffering severely for three years or more with severe pains caused by weak kidneys, I was finally induced to try Swamp-Root through a testimonial. I read in one of the newspapers. I was in such a condition that I was obliged to arise from my bed six or eight times every night. I purchased a fifty-cent bottle and before it was used I felt so much relief that I purchased a one-dollar bottle and by the time this was taken the old pains had left my back and I could sleep the whole night through. I am a retired planter, 70 years of age, and owing to Dr. Kilmer's Swamp-Root, I am in the best of health and feel like a boy. I am always glad to recommend Swamp-Root to those who are in need of it.

WHAT NEXT?

To Teachers and those Contemplating Teaching.

Public schools will soon close. Teachers have had an average of about six months on the pay roll at perhaps an average salary of \$60 per month, netting them \$360 for the year or an equivalent of \$20 per month for the year. In other words, the educated teachers' salary for the year is less than that of the uneducated day laborer.

The President of the Texas State Teachers Association made the statement, a couple of years ago, before the State Convention, that 6000 teachers quit the profession in Texas annually. Can you blame them, when you compare their annual earning capacity with that of any other class of educated men and women, The bookkeeper, or stenographer or operator gets, as a beginner from \$60 to \$100 per month twelve months in the year, and soon receives an advance in salary and it isn't long before they are promoted to assistant managers or managers of large business concerns where they draw a salary of from \$2000 to \$5000 per year.

The teaching profession is a noble charitable one, but are you content to work in the charity department of your state when they allow you no pension or protection in old age, or will you go into the great broad field of business where you can lay up something for a rainy day and provide your own protection for old age.

Make a comparison of the teacher who has graduated from the high school, spent two to three years in a state normal and hundreds of dollars preparing himself, then had from three to six months in obtaining his education and from \$100 to \$200 and has had from three to five years experience in the business world, and you will find that the one who has spent only a few months in obtaining his education and couple of hundred dollars, is drawing twice the salary of the teacher who spent some three or four years preparing for his profession, and spent from \$500 to \$1000.

More evidence on this subject can be had by writing the Tyler Commercial College of Tyler, Texas, for their large illustrated catalog, giving full particulars regarding America's largest commercial training school, the school that 2060 enrollments last year, and read what teachers have to say who have attended this institution, of the advantages it offers to those entering the business world where they can greatly increase their earning capacity, enabling them to own homes of their own, and enjoy the comforts that should rightly be theirs.

Highest Price This Year For Hogs

Fort Worth, Tex., Feb. 25—Monday was banner day on the local hog market and a precedent was established in the way of prices, when \$8.90 per cwt. was paid for the best hogs. Several hundred head sold at this price, which is the highest amount offered for porkers this year. Hog receipts for the entire day reached 3 000 head and this was far short of the demand. Cattle sales were also brisk on the Fort Worth markets, averaging a little more than \$5 per cwt.

Shackelford County Now Wet. Albany, Shackelford Co., Tex., Feb. 26.—Shackelford county returned a majority of twenty-three against prohibition in a county election held today. The county heretofore has been in the dry column.

Bryan Warns Colquitt. Washington, Feb. 26.—Secretary Bryan tonight telegraphed Governor Colquitt of Texas that the sending of the state militia into Mexico to apprehend those responsible for the hanging of Clemente Vergara, an American citizen would involve a responsibility which the federal government alone was in a position to assume.

The governor had inquired whether the federal government had any objections to the sending by the state of a force to arrest the slayers of Vergara. Secretary Bryan replied that the Washington government was doing all that it could do to obtain the arrest and punishment of the offenders.

A similar situation arose in Texas in February, 1912, and Feb. 24, 1913, when border troubles caused Governor Colquitt to declare he might send Texas rangers into Mexico either to prevent firing into American territory or to protect Americans.

When, on Feb. 24, 1913, Governor Colquitt ordered four companies of militia to Brownsville the war department telegraphed General Steever, then in command of the department of Texas, "under no circumstances to permit their crossing the river except under specific orders of the secretary of war."

Hyomei Relives in Five Minutes

You Breathe It
If your head is all stuffed up from a cold or catarrh, you suffer with dull headaches and seem lacking in vitality, or are constantly sniffing and coughing, you need a remedy that will give the quickest, most effective and lasting relief possible—something that will go right to the spot, clear the head and throat and end your misery.

Surely use Hyomei—all druggists sell it. It is just such a remedy, and is entirely harmless and pleasant to use—you breathe it—no stomach dosing.

The antiseptic oils of Hyomei mix with the air you breathe—its health-giving medication immediately reaches the sore and inflamed mucous membrane—you feel better in five minutes. It is practically impossible to use Hyomei and not only be relieved but permanently benefited. Stripling, Haselwood & Co., will refund your money if you are not satisfied. Ask for the complete outfit—\$1.00 size.

Mrs. Murphy was getting the supper for the children on Saturday night when a young woman came to her door.

"I'm a collector for the Drunkards Home," she said. "Could you help us?" "Come around tonight and I'll give you Murphy," said the housewife as she went about her work.

STATE OF OREGON, CITY OF TOLSON (In Local Court)
Francis J. Cheney makes oath that he is a citizen of the State of Oregon, County and State of Washington, and that he is qualified to be a juror in the County of Washington, State of Oregon, and that he is not disqualified by any law of the State of Oregon, or of the United States, or of any State or Territory, or of the District of Columbia, or of any foreign country, from acting as a juror in the County of Washington, State of Oregon, and that he is not under any legal disability from acting as a juror in the County of Washington, State of Oregon.
Francis J. Cheney, Juror.
Filed for record this 26th day of February, 1914.
J. J. Cheney & Co., Clerk.

The High Calling of Motherhood demands the utmost precaution in maintaining health at high efficiency. It is doubly important and nothing in the world is so needful as Scott's Emulsion, good cheer and sunshine. Scott's Emulsion makes the blood rich and pure. It contains the vital flesh-building and bone-building properties and insures abundant nourishment. It strengthens the nerves and creates energy and vitality during this period. Expectant and nursing mothers always need Scott's Emulsion. YOUR DRUGGIST HAS IT 12-81

No Danger of Breed Famine. Washington, D. C. Feb. 25.—The worlds wheat crop of 1913 was the largest ever produced and amounted to 4,125,658,000 bushels, according to a report just issued by the Federal Department of Agriculture. Its nearest rival was the crop of 1912, which aggregated 3,877,087,000 bushels.

The yield of the United States was also the heaviest in history, totaling 768,880,000 bushels, which sold for \$610,122,000.

Have Pretty Hair

Think Soft, Fluffy, and no Dandruff—Use Parisian Sage.
If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage—all dandruff disappears, falling hair and itching head cease. your hair is doubly beautiful.

Parisian Sage, sold by Stripling, Haselwood & Co., and at all drug counters, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.

Motorcycle For Sale. One 1913 twin cylinder Indian, practically new at a bargain, see or write W. M. McCuiston, Mahl, Texas.

L. L. Munsel, who has been with his family in Port Arthur and Houston for the past eleven months, has returned to Nacogdoches. He says that his family will be here in a few days and that they expect to make this their future home.

For Sale. Several good gentle work mares. Home raised. Cash or good note. T. S. Crossland, Appleby, Texas.

"Now is the best time of the year to plant fruit trees, flowers and shrubs. Write for the 1914 Tree Book of Griffing Brothers, Port Arthur, Texas." wtf

Read Bonds Curry at Folks. Marshall, Texas, Feb. 25.—The good roads boosters of Harrison County are happy. They put through the bond issue for \$800,000 yesterday by the vote of 710 for to 216 against, the first time it was voted on to build 100 miles of macadam roads.

Tax of One Woman Nearly \$50,000. Chicago, Feb. 28.—Mrs. Mollie Netcher Neuberger, said to be Chicago's richest business woman, told the revenue officers yesterday that she will pay an income tax on an estimated yearly income of \$800,000. The tax will amount to nearly \$50,000.

For Sale. Good graded Jersey milk cows, fresh in milk. T. S. Crossland, Appleby, Texas.

"You should write at once or 'Griffings 1914 Tree Book' they will furnish the trees you intend to plant and tell you how to plant them. Address Griffing Brothers, Port Arthur, Texas." wtf

Will Smith, a colored man, who formerly lived in Nacogdoches was killed in Houston yesterday and his body was shipped here last night for burial.

A negro woman who is reported to have been shot out on the Frost Johnson front by a white man by the name of McKenney was brought to the sanitarium Wednesday for medical attention.

For the past five years the supply of swine has been slowly dwindling, but the 1914 figures show an increase over the previous year of 125,000 head and a million and a half dollars in value. We are required to spend \$24,000,000 annually outside the state for pork and products, and it appears that the campaign for more hogs which has been waged in all parts of the state has begun to bear fruit.—Nacogdoches Sentinel.

If we could keep that \$24,000,000 in Texas by raising hogs and products, and spend it on good roads we could have a pike road in every county in the state.—Polk County Enterprise.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

Big Chief Sam Has No Land.
London, Feb. 26. — The
British government having
been informed of the claim
made by Alfred Charles Sam,
reputed chief of the Akim
tribe of western Africa, that
he had secured land conces-
sions in the gold coast colony,
which he contemplated colon-
izing with American negroes,
is making inquiries of the
Washington government con-
cerning the scheme. Officials
at the colonial office today
said that no land in the gold
coast colony had been conced-
ed to Sam.

The gold coast authorities
say the American negroes are
not likely to prosper in the
African colony, there being
nothing in that region for
them to do.

I'm a patriotic American,
I believe, but some of this pa-
triotism is false pride. I
think we could stand a little
humiliation and the expense
of remaining away from war.
We don't want it, and Presi-
dent Wilson has shown him-
self a diplomat by avoiding
it by every possible means.—

Nacogdoches County Educational Survey

Mr. E. E. Davis who has in
connection with Mr. White
been making an Educational
Survey of Nacogdoches
county under the direction of
the University, was an appre-
ciated caller at the Sentinel
office this morning.

Mr. Davis says that in their
investigation they find Nac-
ogdoches county, educationally
speaking, not so good as
the best, but by far not so
bad as the worst. He says,
however that Nacogdoches
county has a brighter pros-
pect for the future than any
county he knows of unless it
is Harris county.

He says that in point of
good substantial up to date
school buildings we stand sec-
ond or third in the state. A
great deal of this improve-
ment he lays to the efforts of
our efficient county superin-
tendent.

One fact that he said he
wanted to make special men-
tion of was that he had found
fewer knockers among the ru-
ral schools of our county than
any section he had visited.

He also stated that they
are going to use in the bul-
letin that would be issued
soon the work that had been
done by the Nacogdoches
county Fair Association and
endeavor to get others to do
similar work.

We are certainly glad to
have had the excellent gentle-
men in our county for the
past week and we feel that
great benefit will be derived
from their having been among
the people of our county doing
this very important work.

For Weakness and Loss of Appetite
The Old Standard general strengthening tonic,

Here's a puzzle that pu-
zles everybody: Take the
number of your living broth-
ers, double that amount, add
to it 3, multiply by 5, add to
it the number of your living
sisters, multiply by 10, add
the number of deaths of
brothers and subtract 150
from the result. The right
figure will be the number of
deaths of brothers, the middle
figure will be the number of
living sisters and the left fig-
ure will show the number of
living brothers. Try it and
see. Who can supply an ex-
planation?

We are glad to report that Frank Adams who was operated on for appendicitis a few days ago at the Tucker Sanitarium is getting along nicely.

Rusk School Community.

Bro. Alton Smith preached for us Saturday night and Sunday morning two very able sermons, which we enjoyed very much. Bro. Smith will preach for us the first Saturday night and Sunday morning of each month. Come out and give him a good audience.

Sunday School was organized, with Bro. Ben Dale as Superintendent. The rest of the necessary officers will be elected next Sunday.

Don't forget the Old School House

Love it more and more Think of it as days go by, as in days of yore,

Think of it when new and bright,

Rusty now and old, When the children there were taught

And the gospel story told. Now together let us meet, And with earnest care, With our money and our work,

This oldhouse repair. The farmers have most of their land broken and are ready to plant, when spring opens.

Mrs. D. Parish visited her parents, Mr. and Mrs. H. P. Lilly Sunday week.

Mrs. Josh Mills is recovering from a severe attack of pneumonia.

Miss Myrtie Reed gave a dinner, celebrating the birthdays of her father and two brothers Sunday week ago.

We are sorry to hear that our Methodist pastor Bro. Kirkpatrick is in such a bad state of health and not able to fill his appointments.

Our phone line has been repaired and our switch board in the care of J. M. Miles, is giving good satisfaction.

A few days ago, we visited the Nacogdoches Creamery and were very much pleased with what we saw. The nice clean way Captain Cooper has of caring for the butter. Think it a fine thing for the farmers and that he deserves the our patronage.

Mr. J. McKnight is making preparations for raising garden truck this year.

Mr. H. P. Lilly is now fully settled on the farm he bought from Mr. John Coats and is preparing the ground for a cotton and corn crop.

Mr. Oscar Slay will operate his cotton gin again this year, also farm.

Mr. Ed Rusk is patronizing the Nacogdoches Creamery, and thinks it more paying than to churn one's own cream.

We are all enjoying very good health and living as friends and neighbors.

We think that the road officials should look after our road. There could be lots of improvement made on it just now.

A Farmers Wife.

Messrs A. Grauer, division superintendent of plant, and A. L. Jones, superintendent of equipment, of Houston were in Nacogdoches Tuesday and Wednesday making an inspection of the work done so far on the new plant the Southwestern Telegraph and Telephone Co. is installing in this city. They report that it will be when completed, one of the best systems in the state.

A TALK WITH A NACOGDOCHES MAN.

Dr. Drewry of S. Fredonia Street Tells of an Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Nacogdoches man:

Dr. J. A. Drewry, the well-known dentist, Nacogdoches, Texas, says: "Doan's Kidney Pills brought me relief from symptoms which gave evidence of an inflamed condition of the bladder. One of my children has also had marked benefit from Doan's Kidney Pills, procured at Mast Bros. & Smith's Drug Store, (now Swift Bros & Smith's Drug Store). The results obtained in her case bear out the reports made for this remedy in regard to its value for kidney ailments."

For sale by all dealers Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Out Last Effort

BY C. C. DENMAN

On February, twenty first nineteen fourteen Cushing's grand ball team

Went to gnaw lost honors to redeem;

But eulogy showed her usual weight

By placing man's confidence In too high a state;

We ran the race and won the tame

But oh how sad to lose one lonely game!

Hurrah! The ball went up; The center of gravity downward did side

And fell on Cushing's side; The slights of art and feats of strength went around

Each player sought to win renown.

How long that twenty minutes did seem

For Cushing her last honors to redeem

Then came ten minutes of sweet rest

Muscles of players were blessed.

O you covetors of victory and players of ball, Low, heavysset, slendera and tall,

Eaters of ram, ham, goat spleens and navy beans Whose flavors are pepper sauce, catsup and spice,

we thank, you though beating us, for treating us so nice.

Fair View News.

All the people are very busy nowadays getting ready for another crop.

Mrs. Mat White, G. P. Parks and Little Juanita Alders are the sick among us this week.

Mrs. Conda Muckelroy of Jacksonville was the guest of Mrs. R. L. Thrash last week.

Gene Smith and wife from Cushing spend several days with their parents this week.

Miss Emma Skillern spent last week with friends at Appleby.

Our Sunday School has come to life again and we are proud to say that there is a great deal of interest taken in this work. We hope to have a school that the community will soon see the good that is trying to be accomplished here. We extend a hearty welcome to all who will come and be with us.

Miss Lou Ella Lacy returned yesterday afternoon to her home in San Antonio after a two weeks visit to her sisters, Mrs. T. J. Roquemore and Mrs. W. H. Wood of this city.

Mrs. S. M. Carter of Timpson and Mrs. Dr. E. S. Adams of Garrison are visiting Mr. and Mrs. S. M. Adams of this city. Mrs. Carter is the mother of Senator E. H. Carter of Center. She is 83 years old, but is strong and active and one would think she was many years younger than she really is.

HAD CATARRH FIVE YEARS.

Mr. Johnson of St. Elmo, Illinois, was troubled five years with catarrh. The catarrh was so severe in his case that his life seemed threatened. As he expressed it himself, he had "one foot in the grave."

Of course he tried to get relief. Many practitioners were consulted and a catarrh specialist in St. Louis was tried. He got so weak and thoroughly run down that he declares he could not walk more than a hundred yards without resting.

Few people understand that catarrh is a constant drain on the system. The discharge of mucus, which is going on in such cases is largely composed of blood serum, and is a great waste. sooner or later it will weaken the strongest man.

According to reports received from Mr. Johnson, he was in a desperate condition, but he found relief from his trouble. We will let him say how he found it. His own words say:

"My friends told me to take Peruna, and I did so. I now feel that Peruna has saved my life. It is the best medicine on earth, and I would not be without it."

This seems almost too good to be true. No doubt there are some readers that will think so. The above statements, however, can be verified by writing Mr. Johnson.

Every home should be provided with the last edition of "The Ills of Life," sent free by the Peruna Co., Columbus, Ohio.
