### Killing Near Sacul

Joe Jenkins, aged about 17 years, surrendered to Deputy Sheriff J. O. Applewhite at Sacul last Monday evening, stating that he had accidentally shot and killed John Windom, also aged about 17 years. The killing occurred about four miles southwest of Sacul. Jenkins was brought to Nacogdoches Tuesday afternoon by Deputy Applewhite and lodged in the county jail. A double barrel shot gun was used, loaded with No. 6 shot, both barrels being fired at the same time, almost blowing Windom's head off. Both boys are colored.

The proceeds of 10 per cent of the Texas cotton crop is spent in paying the annual interest on the indebtedness of the Texas farmer.

### Gov. Colquitt Denies any Intended Slip At Looney

Austin, June, 30.—In a letter sent to Attorney General Looney today Governor Colquitt says he did not intend any reflection on the attorney general when he commented on the injunction brought against the Texas Business Men's association. The governor said he was glad the suit had been brought, but admitted having made the statement that the proceeding would be regarded as a political suit.

Attorney General Looney was expected to make a statement today, but up to this time none has come from him. It is believed that the threatened breach between the governor and the attorney general has been amicably settled.

### Rebels Execute 250 Colorados.

El Paso, Texas, June 29.—The constitutionalists have captured 250 "Colorados" at Salinas and wholesale executions have followed. The "Colorados" conduct a guerilla-like warfare and have the bitterest hatred of the rebels.

Asserting they carry on rapine and robbery, the rebels shot them by scores.

### \$130,000 Damaged in Beaumont Fire

Beaumont, Tex., June 30.—Two oil tanks were struck by lightning last night and both tanks and their contents were destroyed. One belonged to the Texas company and was located near Nederland. Its capacity is 55,000 barrels and it was filled with distillates, a mixture of kerosene and gasoline. About one-fourth of the oil was saved by pumping, but the loss on the oil tank will exceed \$12,500. The other was a 37,500 barrel tank belonging to the Gulf Pipe Line company at El-Vista. It was about one-third full of crude oil. This company's loss will be about \$4,000. The Texas company tank was struck at 6:30 and the other at 7:45.

### \$100,000 Hotel Chartered.

Palestine, Texas, June 29.—Charter for Palestine's new \$100,000 hotel, the Redlands, has been approved. Contracts for the building and equipment are being signed up as rapidly as possible and work will be commenced this week.

### Jamesville School Tax Carried.

At an election held at Jamesville last Saturday the school tax was carried by a vote of 15 to 9. The people of this community, by their action of last Saturday, have placed a tax not to exceed 50 cents on the \$100 valuation for the purpose of buying new furniture and to repair and paint the school building there.

### Sacul School Bond Election Carried.

An election was held at Sacul last Saturday for the purpose of determining whether or not the Sacul school district should issue bonds for erection of a new school building. The election resulted in favor of the bond issue by a vote of 29 to 1, almost unanimous.

They will issue \$2,500 in bonds and will begin the erection of the school building just as soon as the bonds are approved. It is proposed to erect a three room school building, with cloak rooms, new apparatus, etc., in fact, make it modern in every respect.

The school will again be under the management of Prof. J. E. Balch and Mrs. A. T. Crawford, who were untiring in their efforts last year to make the school a success. A third teacher is to be selected.

### Speaker Clark Favors Suffrage

Washington, June 29.—Speaker Clark told the suffrage delegation "Woman suffrage is inevitable." The speaker added "I will vote for suffrage when the question arises in Missouri."

Clark said the only question before women is how to get suffrage expeditiously and advised them to get it quicker by states than through Congress. Petitions were also presented to Vice-President Marshall asking for suffrage legislation. The women said they were opposed to militancy.

The St. Louis Post Dispatch rises to remark that Colonel Roosevelt is an asset of value to any party to which he is opposed.

The jingoes who have criticized the Mexican policy of the national administration are pained to know that an early adjustment of belligerent conditions is in sight.

Colonel Ben E. Cabell, supporter of Colonel W. F. Robinson who recently withdrew from the governor's race, is another colonel lined up for Colonel Ball.

Dave Dinks says he heard a teller with a big nose say that a teller with a big nose knows what he knows better than the teller with a little nose knows what he knows.

The most serious objection we know against Jeff Mc Lemore, candidate for congressman at large, is that he persists in putting a colon between his given name and his surname.

About ten teams and twenty-five hands appeared on the scene Thursday morning and before the "dying sun piled the western sky with gold and purple" all the holes on Main Street were holes no more.

Dave Dinks says, ichthyologically speaking as the teller who comes back from the river knows his tale about catching a big fish will not be believed he ought to bring back the tail of the fish to prove it.

Dr. Frank Crane says: For wisdom, in the end, is not tested by the arts of the learned but by the instincts of men. The farmer and the blacksmith are quite as apt to be sound and clear upon the great issues of life and destiny as the college professor.

Colonel Ball proposes to withdraw from the race if Mr. Ferguson can prove what he has been saying; Mr. Ferguson proposes to withdraw from the race if Colonel Ball can prove what he has been saying. Each must produce proof to the absolute satisfaction of the other, which "can't be did."

It was decided at a conference of the Texas Panama Pacific Exposition Commission recently held in San Antonio that the Texas building at the San Francisco exposition next year will be a reproduction of the State Capitol. It will be one fourth the size of the Capitol and will be built exclusively of Texas materials.

We are requested by "a subscriber" to publish the law regarding fishing in lakes. As we have not the statutes and the rulings of the courts, we cannot attempt to give the information. We are publishing the newspaper clipping he sends us, under the heading "Fishing in Lakes."

Buyers of cattle from the dressed beef houses says a temporary beef famine threatens Kansas City and vicinity, its duration depending on the will of the ranch owners in the great grazing sections to the west and southwest.

The capacity of Kansas City slaughter houses is eighteen thousand cattle daily and the plants have had less than one-seventh of this number in the past four days.

The United States supreme court decided the last of the great rate contests by holding, in the Shreveport case, that rates fixed by a state, even for traffic wholly within the state, must give way to orders of the interstate commerce commission when the local rates effect a real discrimination in interstate commerce.—Bryan Commerce.

Cero's famous Turkey Trot band that helped to entertain Ferguson in that city last Thursday has 32 members. "31 of us are for Ferguson" one of them said, and it is nearly that bad over the county." At Yoakum the Shiner band furnished the music riding in a float that bore this slogan: "Shiner for Ferguson. Only two votes in our precinct for Ball.

Discussing public ownership as a means to reduce industrial strife, John Wanamaker of Philadelphia recently said: "I am an absolute believer in government ownership of public utilities. I believe the government should own the railroads. It would prevent conditions that have existed in the New Haven road and in the Rock Island system. Government ownership would bring one cent postage because the government would own the means for carrying the mails."

"Beeville friends of Jeff Mc Lemore this week formally endorsed his candidacy for Congressman-at-Large. Jeff has a heart in him as big as an ox; he is true blue. He lived in Nueces County for many years and everyone down there is for him. That's a good sign. It is a notable fact that there are few, if any, intimate associates of Mc Lemore's who are not his friends. He stands for everything that is good and right; he's plain and outspoken; there's not a particle of hypocrisy in his make-up."—Beeville Bee.

Of the constables who met in annual convention in Houston a majority were for Ferguson. Of the undertakers who met in annual convention in Galveston more than two thirds were for Ferguson. Of the 124 chiefs of police and city marshals who met in annual convention in San Antonio 118 were for Ferguson. Of the several hundred members of Federated Labor clubs who met in El Paso in annual convention more than 90 per cent were for Ferguson. Of more than 100 hotel men who met in Corpus Christi in annual convention every one was for Ferguson.

If the railroads were not to spend so much money advertising for the purpose of convincing the public that times were hard, would they need the five per cent raise in freight rates to continue to pay dividends on their watered stock?—Bryan's Commoner.

The tenant farmer of Texas, according to Lewis and Radford, cultivates 13 million acres of land, produces \$335,000,000 of wealth per annum, constitutes 58 per cent of our agricultural population and if we add to the tenant farmer the farm laborer, we have 320,000 farmers of voting age.

Rhomo Shields of San Angelo, former sheriff of Tom Green county, who perhaps knows more men than any man west of Brownwood, says: "Ferguson will carry the west. Cattlemen and sheepmen are for him. The business men are for him. The farmers are for him and the tenants are for him. It looks like every body is for him."

A piney wood snore is the real thing. The reason is the people there have clear consciences. There is no snoring where there is an uneasy conscience. A piney woods snore starts way down with a low gurgle like water pouring out of a jug, rises to the full crescendo of a pipe organ and ends with a kind of snort, resembling the quick tearing of a strip of new domestic or ripping a plank off the side of a barn.—Bryan Eagle.

The Cotton Belt News published at San Augustine favors S. M. King for State senator. It says:

Hon. V. A. Collins, up the present time has not deemed it worth while to apprise us of his being in the race for state senator. Perhaps he takes the same view that a majority of the people do up in this end of the district, that Steve M. King measures fully up to the requirements, and is as much as have been consenting for the lower end to furnish the senator in the past, we are going to contend for a fair division of representation.

The Garrison News announces that it is now "Printing With Power" which means that a gasoline engine has been installed in that already well equipped country printing plant. It will be remembered that the Garrison News is Oscar Gibbs' paper and Oscar Gibbs went from The Champion to The News at Garrison. When he takes hold of a paper, no matter what condition it is in, he builds it, and that is what he has done for the Garrison people—built them a dandy good paper; put in a good plant, and it is up to the Garrison people to give it the support that it deserves.—Center Champion.

### Cotton Crop Figures

Washington, June 24.—Final figures on the 1914 cotton crop, announced today by the census bureau, place it as the largest the United States has ever grown with the exception of that of 1911. At the same time estimates of the total value of the crop shows it was the most valuable ever produced, it being worth \$1,043,760,000.

The amount of cotton ginned from the 1913 crop, counting round bales as half bales and excluding linters, was 13,982,811 running bales, or 14,156,486 bales of 500 pounds gross weight. Cotton seed produced amounted to 6,305,000 tons, of which 4,579,508 tons were crushed.

The value of the cotton is estimated at \$887,168,000 and of the seed \$156,600,000.

### Campbell May Take Stump

Dallas, Texas, June 24.—Former Governor Thomas M. Campbell of Palestine may deliver several addresses in the interests of the candidacy of Thomas H. Ball for governor, according to an announcement made today. His first speech will probably be in Galveston Saturday. Nacogdoches and other Texas points are included in his dates, is his health will permit.

### Heavy Tomato Sales Monday

Jacksonville, Tex., June 24.—The East Texas Fruit and Truck Growers' Association handled twenty cars of tomatoes in the sale Monday and the C. D. Jarratt Company handled thirteen, making a total of thirty-three cars sold in the auction. Eighty-five cents was the lowest price that any car brought yesterday and ninety-two and one-half cents was the highest price.

### An Inventive Genius Dies

Paris, Tex., June 26.—Rev. J. W. McCrory, about 50 years old, who had been a resident of Lamar County two years, died at his home near Minter. He was an inventive genius. It is said that he sold a car coupling invention for \$60,000. He evolved several other inventions, but none of them were ever put on the market.

### Why I'm Against Prohibition

First, because satan, the old devil, lied to Eve and caused her and Adam to be prohibited to enjoy the precious fruits of the garden of Eden that they were commanded by God to freely eat.

The devil made the first prohibition speech known to the human family, and it caused death upon all the world.

Prohibition destroys liberty and freedom and places the yoke of bondage upon the neck of the people.

It digs up the good wheat and the tares together, and both of them are destroyed before the time of the harvest.

It puts in the place of lambs and kids wild cats and tigers, and blind ones at that.

The pros tried to prohibit the apostles from preaching the gospel of Christ.

They called our Savior a wine bibber and a drunkard.

Who was it on the day of pentecost that said that these men are full of new wine?

A lot of pros.

Be ye temperate in all things.

A friend to justice and truth.

J. A. Jones.

### Allison Law is Upheld

Austin, Texas, June 24.—The constitutionality of the Allison liquor law of the last legislature which prohibits intrastate and interstate shipments of intoxicating liquor into prohibition districts was upheld today by the court of criminal appeals when it affirmed the case of ex parte L. D. Muse from Cooke County, which came up on a writ of habeas corpus.

Muse was indicted on a charge of delivering intoxicating liquor into Gainesville, and sued out a writ of habeas corpus to obtain his liberty claiming that the Allison law was unconstitutional.

The writ was granted, but relief was denied, the court today holding that the act being constitutional it has no power to prevent the lower court from trying the case. "In our opinion," says the court, "the act is clearly constitutional and the indictment charges an offense under this act."

### Greek Naval Reserves Gets Call To Colors

Athens, Greece, June 26.—Seven classes of the Greek naval reserves were today called to the colors. The reason of the step is understood to be the determination of the Greek government to be prepared for all eventualities, although there is an apparent slackening of the tension between Turkey and Greece.

## How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

### Fishing in Lakes

Taylor, Texas, June 24.—The ruling of the attorney general, made public by publication in the press here this afternoon, to the effect that there is no private fishing lakes and that anybody can fish in any lake 30 feet wide, whether natural or artificial, or whether privately owned and surrounded by private property, fenced or unfenced, has been the subject of much comment, and many are inclined to believe that this is a wrong interpretation of the law and that if it is the right interpretation that it is unjust and should be changed.

There are many fishing clubs in Texas that have gone to great expense to build and stock these lakes with fish for members only, and they don't think that the public should be allowed the same privilege that members who have spent hundreds of dollars building the lakes have, and that if this is the law there will be no more fishing lakes constructed.

### Father's Death Charged to Son

San Augustine, Texas, June 26.—Amos Lises, 29 years old, was placed in jail here Wednesday night charged with the killing of his father, Jim Lises, aged 64. The killing occurred at the Lises home 16 miles south of here at 9 o'clock Tuesday night, a shotgun being the weapon used. One charge of No. 4 squirrel shot took effect in the back of the left shoulder, passing entirely through the body and coming out in front, causing instant death. The younger Lises spent the night at a neighbor's and was arrested next morning and carried to Broadus, and remanded by the justice of the peace to the county jail to await action of the grand jury. He refuses to make any statement other than that he had to do it.

Give the boys; don't give the girls. The worst case, no matter how long standing, will be cured by our medicine. It is the only medicine that will cure the worst case of the disease. **57 Federalists Shot to Death**

Juarez, Mex., June 26.—Execution of Mexican Federal irregulars which usually follows the victories of General Villa, began at Zacatecas at sunrise today, according to dispatches from the front.

Lined up before a firing squad, fifty-seven officers of the irregulars of "colorados," as they are called were shot.

These are only the first, it is said, of many who are to be slain during the next twenty-four hours.

**A Great Day for Maytown.**

At a point thirteen miles north of Nacogdoches, on the H. E. & W. T. railroad, lies the little town of Maytown which is noted as being the site of the large lumber manufacturing plant of the Attoac Lumber Company which is under the able management of H. M. Carter one of the biggest hearted men in Nacogdoches county.

Though it is a saw mill town, like several others in the county, it is the home of a number of the best citizens and highly cultured people in the county.

Several weeks ago Mr. Carter announced the fact through the papers and otherwise that on Sunday, June 28th there would be an all day singing with plenty of dinner for every body at Mayo and that he would run a free train from his railroad front near Martinsville for every body. Every one knew that he would make good his promise and preparations were made in all sections of the county to take advantage of the occasion.

People came from everywhere and from all directions. They came on trains, in autos, buggies, wagons and on foot and by ten o'clock hundreds of people had arrived and to the throng was added 937 passengers who came on the "Carter's Special" from every where in the eastern part of the county and who were in the personal charge of Eugene Carter who used every effort to make every one pleasant and comfortable.

The large and commodious planer shed had been cleaned out and furnished with seats and for one time in the history of the county there was room for everyone.

At 10 o'clock sharp, Dr. B. M. Harrison who was master of ceremonies announced that singing would begin and for one hour Sacred Harp songs were sung and tears were brought to the eyes of some by hearing the sweet songs that were learned and sung in childhood's happy hour.

At 11 o'clock the old Harp was laid aside and the new books were used and all joined in singing old and new songs and sweeter melody was never heard.

At 12 o'clock, it was announced that under the dry shed in another portion of the plant dinner had been prepared for all and such a dinner as was served cannot be described. Bees, goats, sheep, of all kinds had been barbecued by skillful hands to which all kinds of other eatables had been added and it was an interesting sight to see 2500 people partaking of the sumptuous feast prepared by these good people. Barrels of ice water were on every hand. An ever-living well was centrally located and polite boys were present and ever ready to dispense its cool and refreshing contents.

The afternoon was spent in the old and new books and every one conceded that this was one of the best singings and one of the most enjoyable occasions in many a long day.

It was the regret of every one present that on account

**Asks Increase For Revenue Collectors**

Washington, June 27.—

Democratic Leader Underwood told the house today the tariff law would produce \$292,000,000 for the year \$22,000,000 more than the estimates. The income tax this year, he said, would produce \$85,000,000, \$10,000,000 less than the estimates, because incomes were not taxed for the full year.

He urged that the treasury's million-dollar fund for collecting the tax be increased to \$1,500,000.

**W. M. Cox Residence Burned**

From Monday's Daily:

The residence of W. M. Cox was entirely destroyed by fire about 9:30 o'clock Monday morning.

Only a few of the contents were saved as the fire had gained considerable headway when it was discovered.

The fire company responded at once and did heroic work in an endeavor to save the building but soon realized their work would be in vain and turned their attention to the saving of near by buildings which escaped only by the hard and persistent efforts of the fire boys.

The loss is partially covered by insurance, there being \$2000 on the residence and \$1000 on contents.

The fire originated in the kitchen.

**Three Deaths By Violence in One Day**

Gonzales, Texas, June 23.—Three mysterious and accidental deaths occurred near this city Monday. Early Monday morning the body of an unknown Mexican was found by fishermen in the river near town. A little later, Joe Perez, a Mexican was hanging in a tree ten miles west of the city and the coroner's verdict was suicide.

Later, yesterday evening, Earl Dykes, a young man of prominent family, aged 18 years, was accidentally killed while fishing with some companions, eight miles west of the city, a load from a shotgun penetrating his body from the right side and coming out near the nipple on the left side, killing him instantly.

New York, June 27.—A donation of \$1,550,000 from John D. Rockefeller to the Rockefeller Institute of Medical Research was announced late today by Henry James, manager of the institute. This gift brings the sum total of Mr. Rockefeller's contributions to the institute up to \$12,550,000.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. In the poll at various places Ferguson has been so far in the lead that the Ball papers forget to publish results, and in no case has the name of Leopold Morris been mentioned.

Scores of letters and messages, it is claimed, are being sent from all sections of the state urging Leopold Morris to remain in the race, and it is not hard to guess who are sending them.

At 10:45 Saturday night Dr. Luther E. Wiggins of Joaquin was declared not guilty of the murder of Tap Booth, ending one of the most sensational trials ever held in Phoenix, Ariz. Emotional insanity and the unwritten law were the principal pleas of the defense.

Commenting on the injunction suit brought by the Attorney General against the Texas Business Men's Association, Governor Colquitt said that in his opinion it is clearly a political move for the sole purpose of bringing the Farmer's Union in bad repute in order to hurt the candidacy of Ferguson for governor.

Over 700,000 Texans are qualified to vote, says the Dallas News. The increase in poll tax receipts is 86,072 as compared with last year. **200 Killed in Street Fight**  
Buda Pest, Hungary, June 30.—More than 200 people were killed and wounded in desperate battles between Serbs and Mohammedan Croats as a result of the assassination of Archduke Francis Ferdinand at Sarajevo, according to specials received today.

Mostar is reported burning. Special correspondents of the Budapest Herald, in Mostar, telegraphed that the Moslem Croats attacked the Serb quarter of the city, bearing banners inscribed "Death to the murderous Serbs!"

When the mob arrived at the outskirts of the Serbian quarter bands of young Serbs opposed their progress, and the fight began. In nearly every street, the dispatches says, battles raged.

For a time the Serbs were victorious and the Moslems were driven back, but soon the alarm spread, and from all quarters of the city new hordes of Croats rushed into the battle.

Men fell on every side and for hours the fighting was of fiercest description. In the middle of the battle, which raged from housetop to housetop, along the principal streets of the Serb quarter, fire was set to the Serbian houses.

Dear Sir and friend:

Mr. Charles Richardson of your town has been down to visit us, and tells me that you are a candidate for sheriff of your county. I certainly hope that you will win out in the race. I well remember how prompt you were in discharging your duties as an officer in Rusk county while deputy sheriff during Thad Brewer's administration as sheriff of that county also when you were constable of the Glentawn precinct. I always found you ready at all times and under all conditions to do your duty as an officer, and I would like to see you elected to the office to which you aspire. Your people will not find a man in the county who, in my opinion, would serve them better, and without fear or favor of any faction or influence, and I hope to hear of your election.

New Orleans, June 30.—State and city health authorities were astir here early today preparatory to the inauguration of the first wholesale campaign for the extermination of rats in order to prevent the spread of the first bubonic plague within the history of the south. **South Fredonia Reunion.**

Editor Sentinel:

The annual reunion of the South Fredonia street community took place last night on the beautiful lawn of Mr. Belton Reed. For years these good people have assembled themselves together in the month of June for the purpose of enjoyment and a good supper. There is not a community in any land or country who can beat them in fine cooking. About one hundred and fifty were present last night, and after all present had partaken of the good things, enough was left for as many more. A string band was present, who dispensed both classical and rag time music while the neighbors were refreshing themselves with the the splendid spread before them. General Houston King was the master of ceremonies and is an adept in that line. Games were indulged in by both young and old people, and every one present enjoyed the occasion with great pleasure. Impromptu speeches were delivered by R. V. Mr. Lout, and John N. Gilbert which were both entertaining and helpful. If these occasions were indulged in more by the citizenship of Nacogdoches, it would bring about a better feeling, better neighbors, and better friendship among the inhabitants of the community at large. **From Oak Ridge**

The little folk annual picnic, given at Rose Wild in honor of little Genie Sander's seventh birthday, was a most enjoyable affair to every one present.

They came at an early hour and stayed till almost set of sun, amusing themselves as only children can, with childish clatter, music ball, playing a id various other games.

At high noon a beautiful dinner of all good things was spread in the shade of the trees on the lawn; and that group of lovely, merry hearted juveniles, that gathered round the table, was worth looking at.

Mrs. Simpson gave an appropriate toast to the honoree, Genie, or as he is sometimes "Jack". Miss Nettie Parks followed with a toast of well chosen and touching remarks to the other children present.

A complimentary and highly appreciated toast was given by Mrs. Beulah Sanders, to the host and hostess. But the most affecting toast, delivered with an irresistible pathos, was given by Miss Emma Gaston, to the memory of the "Has Beens" which was as follows:

Here's to the "Has Beens" of some twenty years before, Whose faces at our reunions, we see no more;  
To those that we really and truly do love;  
To those who have gone to reunion above;  
To those who have scattered to homes of their own;  
And like young birds from their nests, from us they have flown;

Here is to our teachers, and all our schoolmates too;  
And the times at Old Oak Ridge, that we all once knew;

From the time we went skating on the ice-covered pond,  
To the receptions given on Mrs. Simpson's lawn.  
The flowers of springtime that are blooming today,  
Petals by petals, will soon fade and pass away.

Here is to ones that are now youthful and glad;  
And to those whose hearts have been made very sad;  
For in each reunion, some faces we don't see;  
In their reunions, they're too, happy as can be.

Here's to the ones that are gone from us forever  
To join that heavenly host and be sad, no never!  
But we just cannot help shedding one tear,  
As we wish in vain, that they too, could be here,

Here's to the memory of each happy spring  
That brought us the flowers and every good thing;  
Here's to the good old times we've all spent together;  
And those pleasures that are gone from us forever.

So let us be happy and bring others good cheer,  
For we may be absent from the picnic next year.

# HELP THE TENANT FARMER

The Tenant Farmer is the Backbone of Agriculture.

Vote For Sally and the Babies

Fort Worth, Texas.—Before discussing the tenant farmer, we want to state that we hope in this campaign that the consideration of the principles of state government will not be permanently interrupted by the search of the sewers of the private lives of candidates. We feel sure the farmers of this State would like to have pointed out to them new-found pathways of progress rather than to be shown skeletons in family closets. Good government we believe as contingent upon sound policies as upon clean men. Both are essential and neither should be minimized.

A few newspapers have opened their columns to hate and spite and political preachers have in some instances succumbed to temptations to misrepresent. The Texas Christian Advocate, the official organ of the Methodist Church, recently carried an editorial entitled "The Saloon Under the Masque Of The Farmers' Union" which contained many misrepresentations concerning the writers. We had hoped that the religious press would keep free from the influence of church politicians, but when those whom the Lord anointed to teach us how to pray deliberately lead us into temptation and deliver us unto evil, we can hardly hope for the press and the forum to keep free from iniquity.

## Tenant Farmer Holds Pivotal Position.

The tenant farmer is the most talked of individual in Texas today. All candidates are featuring him in their discussions and when the spell-binders want to make the American eagle scream and soar to giddy heights of fame, they sprinkle star-dust on the tenant farmer. There has been enough printer's ink used in his behalf in this campaign to swim a team of mules and his problems are being discussed from the Red River to the Gulf.

He is the most important factor in agriculture; the most powerful citizen at the polls and from a neglected and unappreciated position in civilization he has become recognized as the bone and sinew of agriculture and well he may, for he cultivates 13,000,000 acres of land, produces \$335,000,000 of wealth per annum, constitutes 53 per cent of our agricultural population and if we add to the tenant farmer the farm laborer, we have 320,000 farmers of voting age.

## Where The Tenant Farmer Lives.

The commanding position which our tenant farmer occupies in our civilization and the pivotal place he holds in this campaign justifies the inquiry of, who is the tenant farmer? Where does he live? Where did he come from? What is the remedy?

The tenant farmers of Texas are in the main free-born white men. There are 170,970 white and 48,605 negro tenant farmers. There are 92 counties in the state that have no negro farmers, and 57 counties that have from one to 25. The white tenant farmer abounds more abundantly in the black land belt and his principle

product is cotton. Collin County, which has more farmers than any other county in the State and is the only county that has every foot of its tillable land under cultivation, has 4475 white and 135 negro tenant farmers. Ellis County, which produces more cotton than any other county in the State or any equal area on the globe, has 4005 white and 563 negro tenant farmers. We have a few Mexican farmers classed as whites but very few of them are in the black land belt of the State. The heavy negro farm population is in East Texas near the border. Harrison County leads with 3306 negro and 1295 white farmers.

The Texas tenant farmer made his first appearance in the Federal Census report in 1880. Prior to that time he was not classified. The record begins with 65,463 tenant farmers or 37 per cent of all farmers and in 30 years—less than a generation—the number has swelled to the alarming total of 219,575 and the per cent of increase to 53 and 2400 farmers per annum are now passing from home owners to tenants.

## The Farm Laborer Has His Problems.

There is yet one strata in agriculture below the tenant farmer and which has become his goal, and that is the farm laborer. We have approximately 100,000 farm laborers in Texas and when they board themselves they receive \$1.35 per day. Then to the shame of Texas manhood, many farm women work in the field with babes clinging to their skirts as they toil side by side with the beasts we plow.

In presenting the claims of the tenant farmer and the farm laborer for consideration of the Legislature, we do not ask for a legislative cure-all that will make a man whole after God Almighty failed or that will punish a man whom the Lord delighteth to honor with wisdom. The poor we will have with us always and without the able and ambitious society would wither and die.

Let us lay aside strife and dissension that so easily beset us and approach the task with a calm and deliberate mind. The situation may suggest pity to the sympathetic and revenge to the impatient but let us apply sound business principles and be guided by wisdom, justice and common sense.

## Let Us All Pull Together.

The tenant farmer is not the black sheep of civilization, the prodigal son of society nor the result of a business accident. He is a capable, honest and progressive citizen. He has become the victim of a social system that has robbed him of the power to either increase his receipts or decrease his expenses and he can not extricate himself without the aid of the government. He can only decrease his expenses by shortening the shirt of his children, raising his family in ignorance and lifting additional burdens. He cannot, unaided, enter the cheap money markets with his securities, nor house and market his crop most economically and advantageously. He has no voice in fixing the price of the things he sells or buys and he never will be able to barter until he acquires power through organization and legislation.

The Farmers' Union is asking the Legislature to throw a lifeline to the tenant farmer and all farmers are invited to join the Union and avail themselves of the advantages of organization. We have adopted a platform declaring the problems of the farmer to be the paramount issue in this campaign and we have made public a list of candidates pledged to give the interests of the tenant farmer first attention. All that is necessary is for the farmers to stand by the Union. Let us give a long pull, a strong pull and a pull all together by voting for Sally and the babies.

In our next article we will invite the city men to come "Back To The Soil" with their votes. W. D. Lewis, President, Peter Radford, Ex-President, Farmers Educational and Co-operative Union of Texas.

## Tried, Convicted and Sentenced to Death in Two-Hours Period

Winnfield, La., June 29.—Seth Jefferson, self-confessed slayer of Sam Chandler and his wife, on April 9, 1914, was tried and convicted of the crime and sentenced to be hanged in one hour and fifteen minutes this morning, the entire proceedings, from the selection of the jury to the passing of sentence being over at 11:55. The verdict was "guilty as charged," but the date of the execution was not set by the court.

## Hair Made Beautiful

Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is not so much a gift of nature as a matter of care and proper nourishment. Hair is like a plant—it will not grow healthy and beautiful unless it has attention and proper nutriment.

Parisian Sage, faintly perfumed and easily applied, tones up and invigorates the roots of the hair, and furnishes the necessary nourishment to not only save and beautify the hair, but also stimulate it to grow long, heavy, soft, fluffy and radiant with life.

When used frequently and rubbed into the scalp, it will simply work wonders. Just one application stops itching head, removes dandruff and cleanses the hair of all dust and excessive oil.

Since Parisian Sage, which can be obtained from Stripling, Haselwood & Co., or at any drug store, never disappoints, it is no longer necessary for any woman to be humiliated because of thin, streaky, faded, lifeless or unattractive hair.

## Voluntary Offering.

The soliciting committee of United Charities would greatly appreciate voluntary monthly pledges from the people. We will call upon you in the near future, but voluntarily offerings would save time and be a splendid starter for this most worthy organization.

If you will do this, place your name and amount with Mr. Sublett, the treasurer, and if not, be ready to greet the committee with smiles and money whenever they come.

Remember we do not come in our own name, or on our own account, but in the name and merit of that Friend to the sick and suffering poor.

Remember that one turn of the wheel of Providence might place you in the ranks of the very poor where you would need help.

Remember the golden rule. Remember to be cheerful and generous.

Remember the soliciting committee with your smiles and your money.

## Notice to Masons.

Saturday night, July 4th is the next regular meeting night for Milam Lodge No. 2. All members of the Masonic Fraternity are cordially invited to be present. Brother C. A. Hotchkiss of Dallas has consented to deliver us a Masonic lecture at this time. Brother Hotchkiss is a native of this county and is here visiting his old home, relatives and friends. His grandfather, Capt. Archibald Hotchkiss, assisted in organizing Milam Lodge in 1837, afterwards serving as its Master. His son, Rinaldo Hotchkiss was made a Mason in Milam Lodge and also served as its Master. After their death, Brother C. A. Hotchkiss was elected an honorary member of Milam Lodge. Brother Hotchkiss is a distinguished Mason and well known to the Masonic fraternity throughout Texas. He is a member of all the York Rite bodies, also all of the Scottish Rite bodies, and (Masonically speaking) the oldest thirty third degree Mason in Texas. He also has the distinction of being the first native Texan to receive this degree. The thirty third degree was conferred upon him October 22nd, 1890, in Washington, D. C., by the Supreme Council of the Southern Jurisdiction, the Mother Council of the World.

As Master of Milam Lodge No. 2, I wish to request every member that can consistently do so to come out and hear this address.

Opening ceremonies will begin promptly at 8:15 o'clock. W. F. Wilson, W. M.

## FRECKLES

Don't Hide Them With a Veil; Remove Them With The Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

## The Methodist Church.

"The Indelibility of Life's Record" will be the theme of the morning sermon on next Sunday at 11 o'clock, by the pastor S. S. McKenney.

"The Young Man Going to his Father" will be the subject of the mid-summer series of sermons to young men, same to be delivered by the pastor at 8:15 in the evening. There will be special music at each of the services, and the public is invited as well as all strangers.

Sunday School at 9:45 a. m. There will be some special features in the program and a full attendance is desired. Come and bring your friends.

## JEFF: McLEMORE'S CANDIDACY

### TO THE VOTERS OF TEXAS:

We, the undersigned, beg to recommend to your consideration the Hon. Jeff: McLemore of Houston, who is a candidate before the Democratic primaries for Congressman-at-Large.

Mr. McLemore came to Texas in 1878 and has ever been a worker in the ranks of the Democratic Party. He represented the Corpus Christi District in the Lower House of the Twenty-third and Twenty-fourth Legislature and the Journals of those bodies show that he made a good Legislative record.

For four years he was secretary of the State Democratic Executive Committee of Texas (a position purely honorary and without emolument), and as such he did his full duty and in a manner creditable alike to himself and his Party.

Two years ago he was a candidate for the position to which he now aspires, and without a campaign fund; without leaving Houston so much as a day to make a canvass of the State; without writing more than a half dozen letters to friends asking their support, and doing nothing more than submit his name to the Democratic voters of Texas, he came very near of election.

As a newspaper man, Mr. McLemore has spent the best years of his life working for the upbuilding of his adopted State and for the success of the Democratic party and its nominees.

We regard him as qualified to perform the duties of the office he seeks and take pleasure in recommending him to the Democratic voters of Texas.

## Social Meeting.

The weekly social meeting of the Baptist Ladies Aid Society was held at the lovely home of its hospitable president, Mrs. Marcus Smith, on Monday afternoon at four o'clock. Eight ladies answered to roll call with current events and Bible verses and the name of Mrs. Dorsey was gladly added to the rank of workers. There was a Bible reading on Light and many beautiful lessons were brought out under the guidance of the Holy Spirit.

At the close the hostess served cream and cake. On invitation the next meeting will be with Mrs. Josh Ivey.

## Word has been received

from Mrs. Edgar Wade, who together with her two children are visiting relatives at Nacogdoches, that her son, N. G., has been suffering severely with rheumatism and has been confined to his bed for several days. The many friends of Mr. and Mrs. Wade and the little fellow trust at an early date he will thoroughly recover.—Abilene Reporter.

## Iowa Corn Crop.

Des Moines, Iowa, June 30.—Prospects for Iowa's corn crop never were better at this season of the year, according to a bulletin issued today by the Iowa agricultural department. Throughout the state the small grain crop is good. Hay is not quite up to the average.

## Gets Big Dallas Job.

Dallas, Texas, June 29.—The J. W. Thompson Company of St. Louis was awarded the contract for the construction of the Union Terminal station of Dallas Monday afternoon. The bid was \$2,000,000. Work will start early in July and will be completed within twenty months.

## A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

Weiss Estate \$750,000.

Beaumont, Tex., June 24.—The will of the late William Weiss was filed for probate here yesterday afternoon. It places the value of the estate at \$750,000 and provides for its distribution among the widow and the four children. No other bequests are made.

Speaking At Tenaha

Tenaha, Texas, June 27.—Judge E. A. McDowell of Beaumont and W. B. O'Quinn of Lutkin, speakers in behalf of Jim Ferguson and Col. T. H. Ball, respectively participated in a spirited debate here this afternoon before a crowd of about 500 people, quite a number of women being present. There was a large number of farmers and other country folks in town to attend the speaking which was strictly political.

Mr. O'Quinn opened debate speaking one hour. His remarks were liberally applauded. Judge McDowell then spoke an hour and fifteen minutes also winning applause, and Mr. O'Quinn closed with a fifteen minute rejoinder. At the conclusion Mr. O'Quinn was given an ovation and was presented with two bouquets of flowers by the women in the audience.

Stops Neuralgia—Kills Pain.

Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—Soothes the Nerves and stops the pain. It is also good for Rheumatism, sore Throat, chest pains and sprains. You don't need to rub—it penetrates. Mr. J. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgic Headache for four months without any relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle to day. Keep it all the time for pains and all hurts. 25c, 50c, and \$1.00 at your Druggist. Bucklen's Arnica Salve for all Sores.

Camps for Consumptives

Washington, June 27.—Government hospitals and camps for pulmonary tuberculosis patients were urged today upon the house interstate commerce committee by a delegation of Texas and Colorado physicians who recommended a \$300,000 appropriation.

You're Bilious and Costive!

McDonald Talks Ferguson To 800 Lutkin Citizens.

Lutkin, Texas, June 27.—Standing under the afternoon sun, 800 persons heard C. C. McDonald of El Paso discuss the issues in the gubernatorial campaign in a speech of an hour and a half Saturday afternoon. Mr. McDonald was introduced by Sam H. Townsend.

There is no doubt that Ferguson will carry this county by at least 250 votes. Ferguson still is winning, and his majority will be much larger. So certain is Ferguson's success that many citizens here freely predict Ball's early retirement from the race.

This has been a great day for Ferguson in Angelina county. Mr. McDonald's speech was a masterpiece of argument and logic.

Has Your Child Worms?

Most children do. A Coated, Furred Tongue; Strong Breath; Stomach Pains; Cries under eyes; Pale, Sallow Complexion; Nervous, Fretful; Grinding of Teeth; Tossing in sleep; Peculiar Dreams—any one of these indicate Child has Worms. Get a box Lickapoo Worm Killer at once. It kills the Worms—the cause of your child's condition. Is Laxative and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c. at your Druggist.

East Texas Fair Dates.

The Fair Association met last week and set the dates for the East Texas Fair, for Sept. 30, October 1, 2, and 3, at which time the sixth annual fair will be held. As now arranged an East Texas circuit will be formed with Longview, Timpson, Lutkin, Nacogdoches and Tyler, and in the order named.—Timpson Times.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all dealers.

Ferguson 262, Ball 65.

Temple, Texas, June 27.—A straw vote was taken among the members of the trades excursion of the Taylor Board of Trade that paid this city a visit Thursday with the result that 262 votes were cast for Ferguson for governor and 65 for Ball. The percentage against Ball was four to one, and this is said to illustrate the standing of the two candidates for governor in Taylor and surrounding country.

How To Give Quinine To Children. FERRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Ferriline original package. The name FERRILINE is blown in bottle. 25 cents.

Notice.

The home-coming committee appointed some time ago by E. A. Blount, must have a meeting at once. It will take some time to make up a list of all the old timers that we expect to invite to our Fair, and again some of these people will have to be located.

I want to ask John S. Doughtie to call this meeting. Please remember that it we have a successful fair, you will have to do your part. The outlook now is very encouraging, but this is not my fair, it belongs to every citizen of Nacogdoches county.

We begin this week to distribute our premium list and advertising matter, the grounds will soon be placed in order and the various committees must get busy with their work.

Now just a word to the directors. You are a splendid bunch, and with your help I can pull off the best fair ever held in East Texas, but by myself I can do nothing. I therefore give notice to each of you now, that it will be necessary to have a few meetings in order to take care of the business end of this matter; notice of these meetings will be made through the daily paper, and every member of the board is expected to be present at each meeting. If you fail me and lay down, it will be easy for me to do the same thing, which I will certainly do.

Robt. Lindsey, president.

Minden, Louisiana, June 22, 1914.

Mr. G. H. Walters, Nacogdoches, Texas.

Dear Sir and friend:

Mr. Charles Richardson of your town has been down to visit us, and tells me that you are a candidate for sheriff of your county. I certainly hope that you will win out in the race. I well remember how prompt you were in discharging your duties as an officer in Rusk county while deputy sheriff during Thad Brewers administration as sheriff of that county also when you were constable of the Glentawn precinct. I always found you ready at all times and under all conditions to do your duty as an officer, and I would like to see you elected to the office to which you aspire. Your people will not find a man in the county who, in my opinion, would serve them better, and without fear or favor of any faction or influence, and I hope to hear of your election.

Your friend, Adv. W. P. Devereaux.

The Duchess of Marlborough is Militant Also

New York, June 26.—The Duchess of Marlborough, formerly Consuelo Vanderbilt, announced that she was a militant suffragette on her arrival today on the Aquatania.

"I do not think that a brick thrown through a glass window will gain votes for women," she said "but it most certainly will bring about a condition which will ultimately result in universal suffrage. There is nothing left for British women now but militancy."

## TO THE GINNERS OF EASTERN TEXAS:

From the Original Gin Repair Man

My thirty-five years of practical experience in gin repair and saw filing entitles me to your consideration when you need work.

This year am equipped with modern automatic machines and can gum and file your saws equal to factory work and your gin will do as good as new. Send me your work and give me plenty of time and same consideration you do the factory and I will deliver the goods.

A. B. IRESON

The Methodist Church

Last night another large and responsive audience was present at the Methodist Church when the pastor delivered third of the mid-summer series of sermons to young men, his subject being "The Young Man Coming to Himself." He spoke of the two possible courses open to men: Self-Alienation and Self-realization. Every man must either advance or retrograde. Sin always alienates; it is a species of insanity; the sinner "is not at himself." The question is: "Will he ever come to himself?" The unfolding life of a child or man is one of the most instructive and inspiring lessons of life. Call it adolescence or the dawn of self-consciousness, or what you will; it marks a distinct epoch in every life, and gives the steps by which we rise to highest selfhood: "I am;" "I can't;" "I ought;" "I will!" Herein is the philosophy of every real life.

I would have the young men of today come to themselves intellectually, Socially, Politically, and Religiously. In each of these spheres, realize yourselves and come to the highest possible attainment. To live for the world's trinity: Pleasure, Treasure Leisure is only to "feed upon the husks which the swine do eat while in our Father's house there is enough and to spare." What can bring a man to himself? Service and suffering, or responsibility and discipline have often done it. Thus do we often "rise on stepping stones of our dead selves to higher things." As the broken chords of the instrument may again respond to the musician's touch so may our broken and contribute spirits yet give forth a music which shall be "the gladness of the world." As among the ruined grandeur of fallen Rome we see the broken capitals and fallen columns that tell of a magnificence of former times as well as a pattern for time to come, so among the ruins of our fallen nature may be seen the glory of what we were and may yet be.

The fourth of the series will be on next next Sunday night: "The Young Man Going To His Father." Last

night the choir rendered two beautiful numbers.

Calling of the roll of the dead will be one of the solemn features of the afternoon session today.

Officers of the brigade are: Captain J. H. Watts, Palestine, president; H. C. Ivy Calvert, vice president; C. H. Gray, Corsicana, vice president, Miss Katie Daffin, Austin, secretary, and Rev. J. N. Stevens, Houston, chaplain.

**President Pardons Four Convicted Iron Workers.**

Washington, June 24.—Penitentiary sentences of four of the convicted dynamiters of Indianapolis have been commuted by President Wilson. Sentences hanging over the others have been affirmed.

After they had been withheld from newspaper reporters for four hours, President Wilson's secretary at noon gave the names. They are Michael Hannan, Scranton; Frank Painter, Omaha; Fred Monnet, Duluth, and William Shupe, Chicago.

**Salem Swept By Fire**

Salem, Mass., June 26.—Nearly half of the historic city of Salem, rich in buildings and tradition, is in utter ruin today as the result of a terrible conflagration which has already cost seven lives, destroyed nearly the whole manufacturing section, hundreds of houses, including several dating back to Colonial times, rendered 15,000 homeless, and the losses will total \$10,000,000, according to revised estimates given out today by the Assessor's office.

**29 Years Ago Wilson Became A Benedict**

Washington, June 24.—The President and Mrs. Wilson today informally celebrated their twenty-ninth wedding anniversary. Many telegrams of congratulations were received at the White House.

The marriage took place at the home of Mrs. Wilson's grandfather, Rev. I. S. K. Axson, pastor of the Independent Presbyterian Church at Savannah, Ga., June 24, 1885.

Little James, while at a neighbor's was given a piece of bread and butter, and politely said "Thank you."

**Villa Takes Zacatecas**

Zacatecas, June 25.—After four days of preliminary fighting the final assault on Zacatecas took place Tuesday resulting in the capture of the city by the constitutionalists at 7:30 p. m. The dead on the federal side, according to official figures, numbered 2,000 and 4,000 wounded, and today General Villa estimated his casualties a 500 dead and 800 wounded.

The battle was the most hotly contested during the present revolution in the belief of leaders here. Fourteen thousand federal were entrenched in seemingly impregnable positions. Five thousand and prisoners were captured by General Villa's troops. Twelve cannon, nine military trains, six thousand rifles and three carloads of cannon and rifle ammunition were captured. The federal were reported to have dynamited many buildings of the city before evacuating, slaying those of Villa's troops who had occupied the buildings in the street fighting.

## STOMACH TROUBLE FOR FIVE YEARS

**Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.**

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter.

**Chief Sam is Clever Money Finder**

Galveston, Tex., June 24.—Chief Sam, the negro who is to lead a number of his race-mates in the exodus to the African coast, is making money hand over fist every day his steamer lies anchored at one of the west-end piers, it is claimed.

The black charges all visitors a quarter to come on his boat, and his countrymen who desire to confer with him are rated in the same manner, it is said.

The "chief" has constructed booths on the vessel, where delicacies are sold at healthy prices. "West African Sandwiches" increase the revenue. "Tenderloin of African Lion" has been announced as the part of a special menu.

**Radium Relieves Case of Blindness**

Reading, Pa., June 24.—Radium proved a success in treating the almost total blindness of Mrs. Emma Epler of Mohnton, near here, according to announcement which has been made by Dr. John Ege of this city.

Dr. Ege says applications of radium were made for six to eight hours at a time and at the end of three weeks she was able to distinguish houses at a distance, and a week later was able to distinguish the faces of her children. After several weeks she is now able to read a newspaper without glasses, the physician states.

## IT HAPPENED IN NACOGDOCHES

And is Happening to People Every Week

The case told below is not an uncommon thing. The same occurs frequently and will continue to happen as long as folks have kidneys and overtax the kidneys.

B. L. Hetlin, farmer, Nacogdoches, Texas, says: "I was a constant sufferer from kidney trouble for over six years. I tried many remedies and doctored but to no avail. If I attempted to stoop or lift, it seemed as if my back would break. The kidney secretions were at times highly colored and painful in passage and caused me much distress. I got Doan's Kidney Pills at Mast Bros. & Smith's Drug Store, (now Swift Bros. & Smith's Drug Store) and after taking half a box, I felt like a different man. I am now able to stoop or lift without any trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## To the Voters.

On account of the condition of my health I am forced to withdraw from the race for sheriff. I most heartily thank my friends and supporters for their kind words of encouragement. Very respectfully, dlwl A. Y. Matthews.
