The Place Where You get What You Want

### Colonel Thos. H. Ball Speaks to Large Crowd in Aqua Vita Park.

Colonel Thomas H. Ball, candidate for governor, spoke in Aqua Vita park Tuesday afternoon to a crowd of about 2000 men, women and children. The speech which lasted from 3 o'clock until 5 was along the same lines as other speeches appearing in the daily press during the campaign, and elicited liberal applause.

He was introduced by Hon. Eugene H. Blount, who served with him in the Baltimore convention.

Large numbers of people came from the country and surrounding towns. The people of this city, both Ball and Ferguson supporters, constituted a good part of the crowd.

The dense shade of forest trees afforded protection from the sun and barrels at convenient places contained the best liquid that ever refreshed the inner man.

Colonel Ball left at once for Lufkin where he spoke at 8:30 p. m.

### Two Banks Fined

Austin, Texas, July 18.—The commissioner of insurance and banking has fined two state banks \$25 each for failure to file their financial statements within the required period. There are twelve other banks which have failed to file their statements and the commissioner probably will assess fines against them.

### Republican Precinct Convention.

A republican precinct convention for East Nacogdoches voting precinct is called to meet at 7 p. m. in the office of King & Seale of Nacogdoches for the purpose of electing delegates to county convention and for the discharge of such other business as shall properly come before said precinct convention.

Note that said convention is called to meet promptly at 7 p. m. on Saturday July 25, 1914. G. W. Esson.

### Found Dead Upon Beach.

Galveston, July 21.—With a bullet hole through her head, and her form half covered by the sands which had been washed up by the waves the dead body of a young woman was found on Denver Beach this morning shortly before 7 o'clock. The woman had been killed during the night and the lifeless body dumped or dragged on the beach, where it was left to be carried away by the waves or discovered by the workmen engaged in erecting the grandstand for the beach races. That the woman was murdered is not doubted, but who did the deed, why it was done and who the young woman is are things which have not yet been discovered.

Although more than one thousand persons have visited the morgue during the day not one could identify the dead woman. That she lives in Galveston has been practically determined. Further, it is almost certain that she resides in the East End. Persons have viewed the remains who have seen her in Galveston. That she was a frequent worshiper at one of the churches in the city has been determined, and it will be but a matter of a few hours until she is identified.

### Walker County Box for Ferguson.

Dodge, Tex., July 21, 1914. Editor Sentinel:

Show this to the Ball men. Every lawyer, doctor and preacher in Huntsville is making a house to house canvass for Ball, also sending out threatening letters to the Ferguson men, but Ferguson will carry this box 2 to 1. Use this as you see fit.

Yours truly,  
R. T. Weaver.

Ferguson and Colquitt.

Fort Worth, Texas, July 21.—James E. Ferguson and Gov. Oscar Colquitt were in Fort Worth at different times this morning. The former was here to begin his Tarrant county campaign, while the governor was on his way to Gainesville.

### Sad Accident at Caro.

Monroe Dent was accidentally killed by machinery at the Whiteman-Decker Lumber Co. of Caro Monday afternoon about 3:30 o'clock.

Mr. Dent was a sawyer in the mills and was moving a saw to put on another when in some unknown way some parts of the machinery slipped causing the machinery to drive him against the bumper killing him almost instantly.

Mr. Dent leaves a wife and three children. The funeral took place today in Lufkin where Mr. Dent had formerly lived for many years.

Two or three other men were slightly injured by the saws as they were whirled around.

### Ferguson Lands Governor's Prediction

Austin, Tex., July 20.—Returning to Austin last night from Wise, Stephens, Erath, Young, Parker and Eastland counties, where he made speeches in behalf of James E. Ferguson, Gov. Colquitt predicted a landslide for the Bell county candidate.

The Governor declared the fight had been won; that it was only a question of the majority, and he estimated this at anywhere between 50,000 and 100,000.

He left today for Blanco. He will then go to Gainesville and will close his speaking tour Friday night at Terrell.

### J. E. Ferguson Canvassing in Tarrant County.

Fort Worth, Texas, July 21.—James E. Ferguson, candidate for Governor, began his canvass of Tarrant county today, speaking at Springtown and Grapevine this afternoon. He will speak at Mansfield to-morrow afternoon and at Fort Worth to-morrow night. Special efforts will be made to have the gathering here Wednesday night in the form of a demonstration.

Many people from surrounding towns will be present and a large delegation is expected from Dallas. The candidate will hold a reception at the Westbrook Hotel to-morrow evening, prior to the speaking. He went to the country this morning by auto, soon after his arrival from Houston, and will not return until late today.

### Says Kaufman Will Give A 3,000 Ferguson Majority

Mr. Ferguson will carry Kaufman county by 3,000 majority. The best informed Ball men now admit privately that the county will go for Mr. Ferguson by a good majority. More voters heard Senator McGregor speak today than heard Mr. Ball when he spoke here on July 10, and nearly all came from the surrounding country.

### Carbajal is Pushing His Work For Peace.

Washington, July 20.—With developments apparently taking shape for a peaceful solution of the Mexican problem, administration officials today looked forward to the outcome of the meeting soon to take place at Monterey between Carranza and the three commissioners from Francisco Carbajal, Huerta's successors. They are now on the way to Monterey to discuss with the constitutional leader conditions for the transfer of the Mexico City administration.

Washington, officials were confident that the parley soon would result in an agreement for the establishment of a new government.

Apprehension over reports that the followers of Zapata were dangerously near the capital were some what relieved by dispatches from Mexico City declaring recent statements of the activities of the Zapataistas were exaggerated. It was declared that there was a sufficient force of soldiers and volunteers to repulse Zapata if he should attempt to advance on the capital. Envoys of Carranza, now in touch with him seek to turn his sympathy toward the constitutionalists cause.

### A. M. Kennedy Passes Away At Kerrville

Kerrville, Texas, July 20.—A. M. Kennedy 48 years old, of this city representative from this district, former speaker of Texas house of representatives, and a picturesque figure in Texas state politics for a quarter of a century, is dead. Mr. Kennedy died here at 6 o'clock Sunday morning after an illness of long duration, the end of which had been foreseen for many weeks.

The body was sent to Marlin for the funeral and interment. And was accompanied by Mrs. Kennedy, two brothers and father-in-law of Mr. Kennedy, G. W. Murphy of Little Rock, Ark., a former attorney general of that state.

### Panama Exposition Trip.

The greatest educational trip possible to people of this generation is offered by the Southland Life Insurance Company, free, to such of its agents as [write a specified amount of accepted, paid business before the first day of July, 1915. The July issue of the Southland's little company paper tells how the field force of the company appreciate the offer.

### Villa Starts.

El Paso, Texas, July 21.—It is reported that the southern movement of Villa's eighteen thousand troops has begun to meet other armies for a triumphal entry into Mexico City.

### Clark For Ferguson

Waco, Texas, July 20.—Judge George Clark, one-time candidate for governor, said today:

"I intend to cast my vote for James E. Ferguson and feel warranted in saying from his campaign speeches and utterances, that he appears to me to be a most capable and worthy democrat and will prove equal to any we have had before him."

"If I had any doubt as to what course I should pursue I should not hesitate now, since the president, who is a citizen of New Jersey and the secretary of state who is a citizen of Nebraska have seen fit to take part in the local controversy within the limits of the state of Texas, and apparently to dictate to the democrats of Texas the person whom they should support for their own local office."

### Oklahoma Will Finish Capital In Two Years.

Oklahoma City, Ok., July 21.—It was announced following the breaking of ground by Governor Cruce, in front of a moving picture machine, and in the presence of a large crowd, that the proposed \$1,500,000 capitol building here will be completed and ready for occupancy within two years, barring any unforeseen difficulties.

A silver plated pick and shovel, which was used in the formal ceremonies, was turned over to the State Historical Society.

HALTON & HALTON, Proprietors.  
GLEN M. HALTON, MANAGER

Francisco Carbajal, designated by Huerta for provisional president of Mexico is partly of Jewish descent, and has relatives in San Antonio.

As the campaign draws to a close it becomes clearer every hour that it is a "fight of the people against the politicians"—a fight between the producers of wealth and the consumers thereof.

Dr. Frank Crane says: "Surely the world is mad. Surely of all centuries the twentieth is the maddest. Since it costs more to insure peace than in any other century it cost to make war."

The State automatic tax board fixes the tax rates for the current year as follows: State tax 20 cents on each \$100, an increase of 3 cents over last year; State ad valorem 12 1-2 cents, a reduction of 10 1-2; the pension tax remains at 5 cents.

Texas paid about a million dollars income tax. The editor of the Tyler Courier Times says he is not one who paid the tax, and every other East Texas editor is in the attitude to join him in the supererogative confession.

State Health Officer Dr. Ralph Steiner in the article published in this issue of the Sentinel declares that "flies killed a thousand Texas babies last year." Swat the flies and their breeding places, all ye men in arms anxious for something to kill.

Mr. Ferguson says: "If you divide one million dollars which Colonel Ball says is available each year between the 220,000 tenants in Texas they would get five dollars each with which to make the first payment on a home."

It was claimed by a Houston newspaper that 85 per cent of the drummers of Texas are for Ball. It is claimed by drummers visiting Nacogdoches that while drummers working out of Houston show a large per cent for Ball, drummers working out of Dallas, San Antonio and other centers show a large per cent for Ferguson.

Dr. P. G. Swearingen, chairman of the Democratic Executive Committee of Shelby county, who called on Leopold Morris at Victoria a few days ago is quoted as assuring him of a large majority in Shelby county. There is not a man in East Texas but knows that Morris has no strength in Shelby county or elsewhere in East Texas.

The statement of Dr. Swearingen of Shelby county to Leopold Morris that the latter would carry Shelby county by a large majority is regarded as a joke by the Center Champion. Such jokes, with a purpose, have caused the impressionable candidate of Victoria to believe that he is in the race for governor. In a headline the Champion says, "The Doctor Has His Joke."

The line up in Texas, for the most part, shows the producers of wealth on the one side and consumers thereof on the other.

Dr. Frank says: "According to Dr. Dillon Europe pays 2500 million dollars a year for its arms and navies. Besides this it withdraws about five million men from productive labor and packs them upon the backs of the workers."

For the carrying of a pistol is forbidden. One man was fined one hundred and thirty-three dollars and twenty-five cents on conviction. The one hundred and thirty-three dollars of the fine may be justified by the law but the twenty-five cents is outrageous.—Temple Telegram.

At Crandall, Kautman county, a poll of qualified voters resulted in 141 for Ferguson and 62 for Ball; at Gaston 23 for Ferguson and 7 for Ball; at Talty 42 for Ferguson, 2 for Ball. Captain W. E. Craddock who spoke here Saturday is authority for the above figures. He says Kautman county will give Ferguson about 600 majority.

There is to be a meeting of public spirited men of East Texas at Jacksonville on the 20th of July, at which time they will form a plan by which East Texas can receive more and better publicity, a means of encouraging the people in general of East Texas to better appreciate their section and to talk it to encourage a further exploitation of the advantages East Texas has to offer.

Colonel Ball answers that in a social way he has played poker but quit before he became a candidate, and that he formerly drank liquor but he quit that years ago. He regrets that he ever indulged in either practice and promises he will not again do so. Of course he has the legal right of a free American citizen to change his mind if he wants to, especially as the promise is made under duress of a strenuous campaign.

Lester B. Colby of the Houston Chronicle writes that a poll of the forty Texas delegates to the Baltimore convention which nominated Wilson shows of those expressing themselves 29 for Ball and three for Ferguson. If Mr. Colby will dip into the laboring people in any section of the state he will probably find the same ratio in favor of Ferguson, or he can wait and get the same information by reading the papers on Sunday, July 26.

The oft-repeated complaint of the railroad managers is that the government is constantly interfering with their business, which they assert they are entirely competent to run themselves. In fairness, however, it should be stated that no railroad president has repeated this since the lid Folk tilted in New Haven inquiry showed the strong necessity of somebody interfering to show how its affairs ought to have been conducted.—Bryan's Commoner.

If Colonel Ball lived in Nacogdoches county and were a candidate for county office, his poker record would defeat him by a large majority.

Dave Dinks says as he used the word "ichthyologically" and got away with it, he intends to take other orthological excursions into polysyllabism.

In 1912 Colquitt's vote in Bexar county was 9703 and Ramsey's 1843. It 14000 votes are polled in Bexar this year, Ferguson's majority in the county will be over 10,000.

Huerta's fall completely vindicates the diplomacy of Wilson and Bryan. How much better it is than to have plunged this country into a long, bloody and expensive war.—Carthage Register.

J. C. Howard, city Marshall of Longview, says: "Farmers are supporting Ferguson. Longview is a railroad center, and a good many employes live here. There are nearly to a man supporting Ferguson. They believe he is a friend to organized labor and they are loud in his praise."

Colonel Ball resigned his seat in Congress to accept employment as general attorney for the Frisco railway system at a salary of \$20,000 per year and has been in its employ ever since. The reader's attention is called to Bryan's warning published in another column of this paper.

The Brenham Banner Press, published at the county seat of Washington county which Judge John M. Mathis claims will go 7 to 1 for Ferguson, says of Colonel Ball: "Corporations need that sort of a lawyer—one who will lead the pros and gamble with the ants."

Weighed down with a name that most of his fellow citizens can neither spell nor pronounce Sam R. Squyres has withdrawn from the race for public weigher of Angelina county, leaving only one candidate known to every body by the good old name of Dick Walker.

It is admitted by Colonel Ball that he played poker before entering the race for governor and it is known to the people that he has not had time to play during the campaign. The two-fold evidence establishes beyond a peradventure that Colonel Ball is not at this time a poker player.

In one quiet poker game at a private residence in the city of Houston last year Colonel Ball lost five hundred and twenty-five dollars, according to Judge John M. Mathis of Brenham who sat with him in the game. Jonathan Lane avers that he and Colonel Ball often played poker together and drank high balls in the Houston Club. When a man has to look after the interests of a great railway system and also discharge his duties as a member of the "high rollers," how can it be expected that he can find time to think about the small matter of rendering his property for taxes?

**Farmer Jim to Win**  
Fannin, Texas, July 17—The old historic spot of Fannin, where the brave heroes of bygone days fought and died, is still sacred their memory—and sons and grandsons of the heroes often meet and talk about the privations and hardships of their brave ancestors. Yesterday there were fifteen talking of the past and future.

Of course the conversation was about the everyday things of life. We took a little straw vote as to who would be the next governor of this imperial state. There were fifteen in the bunch. Fourteen of them voted for farmer Jim and a lone one for the railroad attorney of Houston. Farmers will stick to farmers. Lawyers will stick to lawyers.—C. S.

**Wanted—A Girl.**  
Backward, turn backward, oh, Time, in your flight;  
Give us a girl whose skirt is not tight;  
Give us a girl whose charms, many or few,  
Are now expressed by not to much peek-a-boo;  
Give us a girl, no matter what age,  
Who won't use the street as a vaudeville stage;  
Give us a girl not to sharply in view;  
Dress her in skirts the sun can't shine through.

Lightning took a ring from a young lady's finger in Armarillo and didn't even hurt her hand. The newspaper telling the story fails to say what became of the ring, which amounts to journalistic negligence of a cruel variety. The public would like to know whether the ring was melted off or pulled off and how far and in what direction it was taken, and if found whether it was in a thicket or an open place or in a dresser drawer. The inquisitive mind propounds numerous interrogatories which would have been obviated had the narrator taken the precaution to indulge in a little more particularity.

**FEWER FLIES AND MORE BABIES.**  
By Dr. Ralph Steiner, State Health Officer, Austin, Texas

Flies killed more than a thousand Texas babies last year. We still have more than a half million babies in Texas, and it is the duty of every citizen to help save their lives. The fly is baby's worst enemy. He is the forerunner of pestilence and the undertaker's traveling salesman. To save the babies means to swat the flies. The most effective way of exterminating the fly is to eradicate his breeding places. Remove all filth and trash from the premises and screen all doors and windows. Flies are a disgrace and a deadly menace. Organize a clean up club in your home and make each one of the family a charter member. Fewer flies means more babies.

John D. Rockefeller  
Mr. Rockefeller has reversed his advice to a school teacher who asked him how to accumulate a fortune. His answer was: "Save your pennies." Mr. Rockefeller, while walking around his estate at Pocantico Hills several days ago, came upon several children of his employes. To each child he gave 6 cents saying: "There is a penny to spend and a nickel to save." When a friend asked him why he changed his wealth accumulating advice Mr. Rockefeller said: "Oh, well, you know children have to have candy now and then."

Senator H. B. Terrell For Comptroller.  
H. B. Terrell is a native of Cherokee county, born at Linwood, near Alto, and was reared among our people. He left this county twenty odd years ago, and settled in McClellan county, where he now resides. He has served his district eight years in the house of representatives, and when he completes his present term as senator he will have served eight years in the senate, making sixteen years in public life.

He stands for clean government and the best interests of the people and is eminently qualified to fill the office to which he aspires.  
It is estimated that there are 500,000,000 rats in the United States, and the different ways in which they are an expense to us is almost unbelievable. According to insurance men 10 per cent of the fires in frame buildings are caused by rats. They spread Asiatic cholera and possibly cancer. They spread germs of typhoid and tuberculosis. They consume about \$10,000,000 worth of food annually, besides destroying many millions more.

**THOUGHT SHE COULD NOT LIVE**

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. "I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The newest scheme for extermination of the malarial pest (the mosquito) is the "Bat-Bungalow." It is an invention of Dr. C. A. R. Campbell of San Antonio, who has built a large roost at Mitchell's Lake, near San Antonio. Colonel W. C. Gargas chief health officer of the Panama Zone, who has thousands of lives in his hands and is an expert on medical and malarial matters praises the efficiency of the bat-roost from his professional viewpoint and declares it a strong safe guard to a community. The scheme is rapidly being recognized by high authority. Several European countries are already in the market for roosts. Dr. Campbell says "a roost will house 500,000 bats, thus sheltering a large army of mosquito-killing vandals of the air."

The crop experts say that the winter wheat yield this year will be one of the largest in the agricultural history of the country. This will add more gray hairs to the heads of those republicans who have religiously held to the belief that good crops were impossible under a democratic administration.—Bryan's Commoner.

**THE SECRET OF SUCCESS**  
Genuine Merit Required to win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitated to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale. According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, correct urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Nacogdoches Weekly Sentinel.

## HOW CHILDREN GROW

Children grow by nourishment—not overloaded stomachs or rich foods but qualities that are readily converted into life-sustaining blood; too often their digestive powers cannot procure these qualities from ordinary foods which results in weakness, dullness and sickness.

If your children are under-size, under-weight, catch cold easily, are languid, backward, pale or frail, give them Scott's Emulsion which is pure medicinal nourishment. It sharpens the appetite, builds healthy flesh, firm muscles and active brains. Scott's is growing-food for children. Refuse alcoholic substitutes.

Mr. Voter, let us ask you just one question before you scratch that ticket. Are you in favor of the state being ruled by the people or the people being ruled by a few bosses?—Anahuac Progress.

They are tonic in action, quick to give good results. They will help you. Swift Bros. & Smith. eod

### Needmore Picnic.

A big crowd from here went to Needmore yesterday to the picnic and every where today you hear the visitors talking of the good dinner at the hands of the ladies of that community and of the speeches made by interested politicians.

Judge Jas. I Perkins of Rusk gave a rousing speech in behalf of Col. T. H. Ball and R. F. Davis of Nacogdoches gave a splendid address on education.

A cheerful, good natured spirit prevailed thruout the day and every body was happy. It is estimated about 1500 were present.

### A Perfect Cathartic.

There is sure and wholesome action in every dose of Foley Cathartic Tablets. They cleanse with never a gripe or pain. Chronic cases of constipation find them invaluable. Stout people are relieved of that bloated, congested feeling, so uncomfortable especially in hot weather. They keep your liver busy. Swift, Bros. & Smith. eod

"Yes, sir!" said Farmer Murphy, "it was funny enough to make a donkey laugh! I laughed till I cried!"

And then, as he saw a smile go round the room, it flashed across him, and he grew red in the face.—The Rural World.

### Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Restores the Blood, and Builds up the Whole System. 50 cents.

## County School Notes

There is a lot of carpenter work being done in the county on the various school buildings this vacation. When school day returns there will be several new buildings and several made more comfortable and attractive by improvements.

J. W. Boatman of Linn Flat was here the other day and while here plans and specifications were drawn for three school houses in that consolidated district.

Two buildings are to be 24x40 and central building 24x52. These buildings will be properly equipped and modern.

There are to be two teachers in the central school and one in each primary school located at Union Springs and Hope Well.

W. D. Nix, trustee of Mt. Moriah school, and B. F. Adams were here this week and while here had plans drawn for a new school building for that neighborhood. This house is to be 24x48, will have to cloak rooms and will be modernly lighted.

This work speaks for progressiveness in the county schools and is under the supervision of County Superintendent Hargis.

### There is Healing in Foley Kidney Pills.

You need a mighty good medicine if once your kidneys are exhausted by neglect and overwork, and you have got it in Foley Kidney Pills. Their action is prompt, healing and tonic. Sound health and sound kidneys follow their use. Try them. Swift Bros. & Smith. eod

### Over Age Limit; Two Escaped Fines

Killeen, Texas, July 18.—Politics is getting hot here. Two confederate veterans had a fight, but neither was hurt. They are both in their 80th year.

The city authorities decided they were not subject to a fine, as they exceeded "the age limit," but admonished them to go and sin no more. One was for Ball and the other for Ferguson.

### Severe Attack of Colic Cured

E. E. Cross, who travels in Virginia and other Southern States, was taken suddenly and severely ill with colic. At the first store he came to the merchant recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses cured him. No one should leave home on a journey without a bottle of this preparation. For sale by all dealers. dw

The largest, sweetest and most delicious watermelon appearing in the city this season was brought Monday morning to the Sentinel office by W. D. Burrows, who had a wagon full of the same variety. Whereas we were hungry and dry and now no longer so, be it resolve that we thank Mr. Burrows for the timely gift which served both as food and drink.

### Twenty-Five Cents is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price 25 cents. For sale by all dealers. dw

## 27 For Ferguson And Nine For Ball Is A Train Vote

A well known Houston real estate man was a passenger on a Santa Fe train running from Longview to Beaumont a few days ago when a preacher brought up a discussion of politics. The preacher addressed the passengers and then took a straw vote.

The vote was 27 for Jim Ferguson and nine for Tom Ball. Seven women were in the coach and they were asked to express their preference. Each of them declared in favor of Mr. Ferguson.

This straw vote was taken while the train was passing through Jasper county.

The real estate dealer said he would verify these statements, if necessary.—Houston Telegram.

### Best Diarrhoea Remedy

If you have ever used Chamberlain's Colic, Cholera and Diarrhoea Remedy you know that it is a success. Sam F. Guin, Whatley, Ala., writes, "I had measles and got caught out in the rain, and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer. But thanks to this remedy, I am now well and strong." For sale by all dealers. dw

John N. Gilbert of the Hoya & Gilbert Abstract company has returned from Dallas where he attended the annual convention of Texas Abstractors' Association the early part of the week. He reports an exceedingly pleasant time, and a smaller attendance than usual. There was no formal poll taken, but it was known that about three fourths of the attendants are for Ferguson.

### Cured of Indigestion.

Mrs. Sadie P. Clawson, Indiana, Pa, was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all dealers. dw

### Thunderbolt Kills Farmer.

Garrison, Texas, July 15.—A young man, the son of T. F. Waller, living in the Concord community, was killed by lightning while plowing in a field. The bolt also killed the horse.

During the electrical storm Brown's team was caught by a falling tree and one of the animals was killed. A heavy rain fell.

### Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all dealers. dw

## Youth Dies in Last Arkansas Hanging

Paris Ark., July 15.—Arthur Tillman, aged 22, convicted of the murder of Amanda Stephens, aged 19, shot to death and buried in a well at Delaware, Ark., in March a year ago, was hanged in the jail yard here today. There was no interference nor violence as had been expected and the execution passed without any extraordinary incident. Tillman maintained his innocence the last.

He is the last person to be executed legally on the gallows in the state. Electro-cution has been substituted, but was not effective at the time Tillman is said to have killed the girl.

Tillman had to be carried to the gallows. Upon reaching the trap he asked permission to pray, remaining in prayer about fifteen minutes. Tillman was confident until a few hours before his execution that he would be granted a stay of execution.

Colonel Ball boasts of the large number of speakers he has on his staff. About 100 reporters are to be on the stump in North Texas for him this week, forty of them in Collin county, we understand. Now, Collin county is one of the most pronounced prohibition counties in the State. Hunt, Collin, Denton, Fannin, Johnson, Hill and Ellis are likewise noted for prohibition sentiment. Is it not a convincing sign of weakness on the part of the Ball managers to unlimber their heavy oratorical artillery in that section? If they see danger there, what kind of fix must their candidate be in throughout the State?—Houston Telegram.

### School Girls Must Give up Extravagant Dress and Make-Up.

Dallas, Texas, July 17.—Unanimous endorsement of simple and more hygienic dress among children of the public schools was given today at a meeting of the Mothers' Council here.

Among other things objected to was the wearing by girls of high heel shoes, silk stockings, extremely low neck and short sleeve dresses, excessive jewelry and the use of stage "make up."

"Yank" Collins of Beaumont, who is a candidate for re-election to the state senate from the Beaumont district, challenged his opponent, Steve King of Nacogdoches, to meet him in debate at Liberty. Steve accepted and they met the other night. Steve "eat Yank" up alive, as the saying goes. "Yank" had invited everybody to come to Liberty to hear him make short work of Steve. Eight citizens of Dayton attended the debate expecting to see "Yank" make good. King will get their support.—Houston Telegram.

### Congressman Returns Pay.

Washington, July 18.—Believing that he had received something to which he was not entitled Representative Witherspoon of Mississippi has turned back into the treasury department \$8220. That sum represented the amount of his salary for four days during which he was away from Washington recently on private business. The fact that Mr. Witherspoon had returned the money leaked out today despite his desire to keep the matter a secret.

Somewhere in the statute books there is a law which says a member of congress shall not draw pay for the days he is absent and not attending to his public duties. The law, however, has generally been regarded as a dead letter. But not so with Mr. Witherspoon. He voluntarily surrendered his four days' pay and as a result the government is just that much richer.

Farmer Jim Ferguson seems to be gaining wonderfully in all parts of the State. The voters at a picnic a few miles above old Dobbin were polled Tuesday upon the gubernatorial race with the following result: Farmer Jim Ferguson, 149; Col. Tom Ball, 1.—Dobbin Rustler.

Dobbin is a small town in Montgomery county of which Conroe is county seat.

### Bryan is in favor of Woman Suffrage.

Washington, July 18.—Secretary Bryan, in a formal statement today, came out for woman suffrage. He declared he would ask no political right for himself he was not willing to grant his wife, and announced he would support the proposed state constitutional amendment extending the franchise to women to be voted on in Nebraska next November.

Woman, Mr. Bryan said, had proved herself equal to every responsibility imposed on her and would not fail society in this emergency. Above all other arguments for giving her the ballot, he placed the right of the mother to a voice in the molding of the environment of her children.

The colonel came down to breakfast New Year's morning with a bandaged hand.

"Why, colonel, what's the matter?" they asked.

"Confound it all!" the colonel answered, "we had a little party last night, and one of the younger men got intoxicated and stepped on my hand."

### Texas Company \$300,000 Lost in Oil Fire

Mounds, Okla., July 18.—A bolt of lightning last night struck a 55,000 barrel oil tank of the Texas Company and this morning the tank boiled over, igniting another 55,000-barrel tank.

Later a tank with a capacity of 15,000 barrels caught fire and is boiling over.

The town is in danger of destruction and the residents are moving.

The nearest houses are 400 feet away. The oil company's loss is already \$300,000. All three tanks are still burning.

R. B. Shearer went out to Chireno Tuesday morning. He has been putting up some brick buildings in that town and still has work under construction. It will be remembered that the little town suffered a severe fire loss some months ago, and the business men of that place are now rebuilding more substantially than ever, which spirit of progressiveness is certainly to be commended.—Lutkin News.

### Good Roads in Dollars and Cents.

Washington, D. C., July 18.—Approximately \$206,000,000 was spent last year on public roads in the United States, according to statistics prepared by the U. S. Department of Agriculture. In 1904 the total was only \$79,000,000. In nine years, therefore, the increase has been over 250 per cent.

When the votes are all counted we expect to find that old San Augustine holds the state record in giving Ferguson the greatest percentage of the total vote cast. The lowest estimate is two to one for Farmer Jim.—San Augustine Tribune.

## Weekly Sentinel

W. L. TOM & HALTOM, Proprietors.  
GILLESPIE & HALTOM, Managers.

It has been figured out by a Kansas man that the American people lose four million fish every year by jerking too soon.

Skunk skins bring annually to the trappers of the United States about \$3,000,000. Some sell for as much as \$3.50 apiece.

Chairman John G. McKay of the Ferguson Campaign Committee claims to have completed a poll of the State and found that it 450,000 votes are polled Ferguson's majority will be 72,000.

It is true that anyone who doesn't want to vote for Dies can vote for J. Martin Jones by writing the name on the Ballot. But that is asking a good deal of good nature in warm weather.—Port Arthur News.

Maine and Kansas have had prohibition for over fifty years, and the National Liberty Herald, published at Washington, D. C., states that "it is admitted that there is more liquor sold in those States per capita than in other States of the Union."

Whoever said it ought to have a vote of thanks from the people of Texas for saying it so well: "For the first time in the history of Texas the railroads and allied capitalists have been bold enough to try to put one of their general attorneys into the governors chair at Austin."

The Waco News calls attention to the fact that 9 States are now under statewide prohibition, but omits to record in the same connection the more significant fact that 14 states have abandoned statewide prohibition in favor of local option.

The Sentinel force was remembered early Tuesday morning by J. M. Miles, who lives four miles out on the Logansport road. Two large watermelons filled with juicy sweetness were brought from his melon wagon to the front counter on the inside of the office, and an expression of thanks was adopted without a dissenting vote.

The biggest wheat crop in the history of the country has just been harvested, and prices quoted are satisfactory to the producers. As a rainmaker the democratic party has scored a success more than equalling those triumphs that its much more experienced predecessor, the republican party, achieved.—Broan's Commoner.

The progress of the world since the time when blue laws were in operation is the delight of thinking people. Ignorance and superstition are twin monsters that exact a toll of blood and treasure. Without them devastating war and widespread poverty among the masses would cease to be our heritage. The New Haven blue laws are published in another column of this paper.

The number of people who heard Ferguson's speech in Houston Monday night is estimated all the way from 4000 to 7000, and his majority in the primary next Saturday is estimated all the way from 50,000 to 100,000.

Comptroller of the Currency Williams estimates that about \$500,000,000 in national banks throughout the United States is available for farm mortgage loans under the provision of the federal reserve act making it possible for national banking associations to lend money on improved farm lands.

With explosive ecstasy the Waco News says: "Aha! So Jim Ferguson is a poker player, and indulged in the game on the trip to Baltimore." As the last game played was two years ago, it is plain that Ferguson is not a poker player. No harder thing can be said of the tailing of a fellow mortal than "Aha!"

The reply of President Wilson to those critics who have been trying to delay trust legislation that the so-called dullness of business was purely psychological has been followed by a deep, dense silence in some quarters hitherto very noisy. It was so apt a description of real conditions that the public applause that greeted it was the last sound heard.—Bryan's Commoner.

Over the protests of his advisers Colonel Ball admitted that he has played cards for money within the past year and we admire his frankness about the matter.—San Augustine Tribune.

There are so many witnesses to the fact that he could not have denied it and "got away with it." And can his advisers be admired for their "frankness," or his supporters who ask the newspapers to say nothing about it?

It is difficult to see why Mr. Ferguson or any one is criticized for borrowing \$30,000 on a tract of land he owns. The criticism comes with poor grace from Colonel Ball who has failed several successive years to render for taxes his Harris county real estate bought in 1905, and since August 9, 1913, has had a suit pending against him for \$820.14 in delinquent taxes. He still owns the property and to delinquent tax agents gives no reasons why the amount due is not paid.

Indisputable evidence of the complete collapse of the Ball campaign is furnished by the Ball papers which continue to repeat that "the reaction has set in" and that "Ferguson is losing ground every day." A few days ago they were complacently denying that Ferguson had ground to lose. Now they admit that Ferguson had Ball beaten to a frazzle at the very time they were saying that Ferguson was not in it, but endeavor to soften the admission by claiming that Ferguson has slipped. But Ferguson has not lost ground. On the contrary his following is larger than ever, and growing in size every day.—Houston Telegram.

### Slush Fund

The story that a great slush fund has raised for the benefit of Ferguson is not deceiving the boys at the forks of the creek. The Red River County News, published at Clarksville, says:

"Mr. Ball in his speeches over the state claims that a slush fund of a half million dollars is being used by Mr. Ferguson, and furthermore that a large number of men are being paid to go over the state and work for Ferguson."

"Now, let's see what the facts in the case are. The only way we talk here in Red River can judge is by what has taken place in our own county."

"Mr. Ferguson made one speech in the county, and Mr. McDonald has made two. Mr. Ball also has made one speech and other supporters of his have made between fifteen and twenty-five speeches."

"Mr. Ferguson has spent a little money, less than \$100, advertising in the papers of the county and both candidates have sent out considerable literature. Now, if Ferguson's campaign is costing a half million, it must be costing the Ball crowd at least a million. How many men, with the exception of Messrs. Ferguson and McDonald, have come into this county to work for Ferguson? Will someone please name just one."

"Mr. Ferguson is maintaining just one headquarters and that is in his own building at Temple."

"Mr. Ball is maintaining four headquarters, two at Dallas and two at Houston, and it is a safe estimate to say that the cost of maintaining four headquarters in the best hotels in Dallas and Houston is at least \$500 a day. Who is paying the bills?"—Houston Telegram

### Ball Makes Many Speeches along the Road

Colmesneil, Texas, July 21.—En route from Beaumont to Nacogdoches, Col. Thomas H. Ball spoke to an enthusiastic Tyler County crowd as Texas and New Orleans train stopped for lunch here today and along the road this morning he has been greeted by his supporters at the towns passed.

He is in vigorous spirits today and spoke with zeal from a corner of the East Texas Hotel veranda, while his hearers stood several hundred in number facing him in the street, between the depot and hotel, and although he was almost exhausted yesterday, Col. Ball is continuing his East Texas campaign with unabated energy and expresses himself as quite pleased with the outlook.

Mineral Wells, Texas, July 20.—These telegrams which have been sent to President Wilson and Secretary of State Bryan from this place speak for themselves:

Hon. Woodrow Wilson, President, White House, Washington, D. C.:

July 17.—I have been a democrat all my life, and now a progressive democrat, and strong supporter of your administration. I am a candidate for constable of justice precinct No. 5, Palo Pinto county, Texas. Kindly send me immediately a letter endorsing my candidacy.

J. C. Way, Candidate for Constable Precinct No. 5, Palo Pinto County, Texas.

Hon. William Jennings Bryan, Secretary of State, Washington, D. C.:

July 17, 1914.—I am a candidate for constable of precinct No. 5, Palo Pinto county, Texas. I have always been a loyal democrat, and am now a strong supporter of the president's administration, and a progressive democrat. Kindly send me a letter of endorsement that I may publish in the local papers. Yours truly,

J. C. Way, Candidate for Constable Precinct No. 5, Palo Pinto County, Texas.

### Ferguson Played Poker, Too, For Small Stake

Houston, Texas, July 19.—James E. Ferguson, candidate for governor has admitted that he also has played poker but said the last time he played was on the train going to the Baltimore convention, and the other players were Wilson, delegates from Texas whose names he did not give. The ante of the game was only 5c and the limit \$1.

This information was contained in a telegram made public today, which he sent in response to a query from a Ball campaign manager at Rosenberg asking if he had ever played cards for money. He answered promptly and frankly and explained with whom he played.

Ferguson also made public a telegram which he sent to J. H. Walker of the North Texas Ball campaign committee agreeing to sell the Jones tract of land as he had offered to do in his challenge and give \$500 boot. He told Walker in the message that he would deliver the deed to the land Monday if the Ball men would put up their money. Ferguson was accused of bluffing when he issued his challenge to Ball men to take the land off his hands and receive a bonus for so doing but he telegraphed his willingness to make good.

"Now, I want you to clean out that gutter. You see it's filled with mud."

"I never use a hoe," he said, "when cleaning out a gutter."

"Never use a hoe?" Then, what do you use? A shovel?" "No," said the tramp, as he moved toward the gate. "My method is to pray for rain?"

### Major Cobb Dies.

Wichita Falls, July 20.—Major Robert Cobb, aged 79 years died at his home in this city this afternoon from a stroke of paralysis about a week ago. Major Cobb was commander of Cobb's battery in the Confederate army. He was made brigade commander of artillery in 1864 of the battalion composing Slocum's company, Washington artillery of New Orleans; Mebane's Tennessee battery and of Cobb's battery. He fought in most of the important engagements of the civil war and his battery was one of the renowned organizations of the Confederacy. He was born in Lyon county, Kentucky, and was a student of the University of Virginia when the war broke out.

He leaves a widow, one son and four daughters. Irving Cobb of New York, the author, is a nephew.

### Morris Closes Headquarters.

Victoria, Tex., July 20.—Leopold Morris' campaign headquarters for governor were closed today after a thorough canvass had been made of the political situation throughout the state. Mr. Morris left his headquarters smiling, and said:

"The professional politicians have counted me out, but I haven't taken the count. The people will decide next Saturday whether I must or not. I have no election forecasts to make."

### "Pen" For Ferguson

Huntsville, Texas, July 20.—Ferguson, men here are happy and gay. Another straw vote has, they claim, clearly shown the superiority of their candidate—and overwhelmingly, too. In fact, the vote was for Temple Jim by a 4-1 margin. Surely, such a representative poll must show which way the wind will blow on July 25.—Did not those partisipating and showing their preference come from every county in the state? They did. Their preference may have been thus expressed, but supporters of Colonel Ball need lose no sleep. The vote was taken Sunday among the inmates of the states penitentiary and will, therefore, make but little difference in the actual count. The prisoners don't vote.

Will Sue Texas Company \$12,000,000 in Penalties

Oklahoma City, Ok., July 18.—Notice was formally served Friday by the office of the attorney general of Oklahoma on C. B. Ames, attorney for the defendant companies, that suit will be filed Monday in the district court of Atoka county, asking for penalties, receivership, forfeiture and ouster against the Texas Company, the Producers Oil Company, the Central Petroleum Company and 22 other corporations. The penalties asked for aggregate \$12,240,000. The property which it is sought to forfeit to the state is worth about \$20,000,000.

### Huerta Drinks Cognac as He Gives Out Interview.

Puerto Mexico, July 18.—Seated in a Pullman car, guarded by 500 soldiers, with a bottle of Cognac at his elbow, General Huerta Saturday issued a statement saying time had proven he was a man of honor.

"When I assumed the presidency of this republic," he said, "I told the foreign powers I would restore peace at any cost. The cost has been my resignation."

"As far as I am personally concerned," he asserted, "I will not treat with Carranza. I have no idea of what Carbajal will do. That is his business."

"I am going aboard the German cruiser Dresden this afternoon and will sail for Europe. I will remain there until my country needs me."

"I have sent messages to the mediation delegates, telling them to give Carbajal all assistance."

General Blanquet and all members of the staff will sail with General Huerta to Europe."

### Bumper Sweet Potato Crop.

Beaumont, July 18.—It is predicted that \$1,000,000 worth of sweet potatoes will be produced this year near Beaumont in Jefferson county. Total product of Jefferson county soil for the year are estimated at \$4,000,000.

Five years ago this county, one of the country's most famous oil centers, raised only about \$2,000,000 in farm products. This year's rice crop is estimated at \$2,000,000. Sorghum, cabbage, chickens, livestock and truck made up the remainder of the money-making crops of this year.

### Dies With Air Victim

New Orleans, La., July 20. Frank Stager, a widower, today shot and fatally wounded Miss Augustine Serpes, to whom he had been paying attention, then turned the weapon on himself. The two rode together in the same ambulance to the hospital, where both died within a half hour.

### Oregon Sends \$400,000 Gold To Carranza

Guadalajara, Mexico July 18.—A commission was dispatched to Monterey today by General Alvarado Obregon, with \$400,000 in gold for General Venustiano Carranza as a contribution from the army of the northwest for the maintenance of the constitutional government. The money was obtained from the Roman Catholic archbishop and clergy of Guadalajara, who it is said, were threatened with death if they did not contribute. It is the first gift to the new national government made by any of the military commanders.

It is reported that Obregon has raised several million dollars by assessing the residents of Guadalajara since he took the city a few weeks ago. This is the richest city in Mexico.

**Judge Sets Aside Verdict in Breach of Promise Suit.**

Chicago, July 17. Judge Lockwood Honore today set aside the \$10,000 verdict given to Miss Georgia Jay by a jury which heard her breach of promise suit against Homer Rodeheaver, choir master for Evangelist "Billy" Sunday. In his decision the judge said the verdict was out of all proportion to the financial situation of the parties.

**Plague Cure Found.**

New Orleans, La., July 21. —An absolute and complete cure for the bubonic plague has been discovered here.

Official announcement will be made some time today by assistant surgeon General Rucker and Dr. Oscar Dowling, president of the state board of health.

Four plague victims are reported recovering and one been cured.

Steve M. King, candidate for senator of the Fourteenth District, addressed the people of orange Wednesday night. Mr. King will close his campaign with an address on the public square in this city Friday night, and it is due this able, brilliant and ambitious young man that his home people give him a rousing reception and on the following day their hearty support.

**Judge Ingraham's Economy.**

I noticed in the "Redland Herald" of June 4th, the following from Judge Ingraham: "About the first thing we struck was paying for the Court House; out of this grew a law suit which resulted in saving the County \$1,400.00."

Judge Ingraham should have continued his letter and told you how and at whose expense and by what means he accomplished this great feat.

The Court House was inspected and accepted by the Architect, and he recommended that the Commissioners' Court pay to me, R. B. Shearer, the amount of the contract price which was in round numbers, including extras, about \$13,000.00. Judge Ingraham also accepted the building and moved in, refusing to pay out the money, claiming that the county was due from me as demurrage for non-compliance, about \$1,300.00. My attorney asked him to waive service and let us settle in the District Court, which was about to convene, and he refused to do so. It was too late to serve papers and I had to go over six months, and I asked him to hold enough money to cover what he claimed for demurrage and pay to me the balance, about \$11,500.00, which he refused to do, saying he would hold it for leverage. I understood him to mean coercion, as I needed all the money for material used in the building and he was aware I was being pressed for settlement of accounts. The contract provided that I should have credit for circumstances over which I had no control, such as rain, frost strikes and non-delivery of material caused by car shortage, railroad accidents, etc. The Architect allowed me an extension of time which Judge Ingraham credited, if he credited it at all, to Mr. Whitney, deceased, and charged me with the full time.

My contract with the Bonding Company was made in May, and on June 11, 1912, the contract was let for the Jail. The building was let to me and the steel work to the Vandorn Iron Works. The contract for the steel work complete, in round numbers, was five thousand dollars (\$5,000.00) The contract provided that the Vandorn Iron Works take the steel cells and outside door that was in the old Jail and repair all defective parts and install them in the new Jail for the first contract price of \$5,000.00. On January 4th, Judge Ingraham made a new contract with the Vandorn Iron Works giving them the old cells and giving them \$7,650.00 to install new cells. Now I am here to say he made this change without any competitive bids, and the new cells are not worth as much as the old cells by considerable. I can duplicate the new cells for \$1,200.00. I have been informed that the Iron Works sold the old cells for \$600.00

Now, in summing up Judge Ingraham wantonly spent \$2,650.00 of the County's money that was not necessary and robbed me out of \$1,500.00 to help reimburse the

County; he held my money and forced me to pay interest, and by letting new contract compelled me to wait from Jan. 4, 1913, to April 23rd, before I could finish the job, and I only had about six days work to finish. He also kept my money on the Jail and would not allow me anything for the lost time, he unnecessarily delayed me in. He gave the keys to the Iron Works and I was knocked out for over three months, and I could not finish the contract until the Iron Works had all their work installed in the building. The Iron Works delayed me about sixty days at the beginning waiting on their steel and he never said demurrage once to them, but paid them in full.

In conclusion: If Judge Ingraham had paid me my money when the Court House was received, I would have been about even and not lost any money,—only my time. As it is, it sums up as follows:

- Money held by Judge Ingraham, \$1,500.00.
- Interest paid on \$13,000.00 he held, \$850.00.
- Attorney fees and Court expenses, \$675.00.
- Secured notes given for money to pay material bills, \$2,000.00.
- Interest on notes, \$200.00.
- What the Court House cost me \$5,625.00.
- And over one year's time. Adv. R. B. Shearer.

Vote for Joe Vondersmith for tax assessor and you will never be sorry. Adv.

**Public Speaking Friday Night**

Hon. S. M. King, candidate for State Senator from this district, will address the citizens of this county on the public square Friday night at 8:30 o'clock. He will also address the citizens of Appleby Friday afternoon at 8:00 o'clock. The public generally is invited to hear this speaker on the issues of the campaign pertaining to this race.

The candidates for the various county offices are also invited to be present and explain to the voters their qualifications for the offices to which they aspire. It is planned to make this gathering one of the biggest ever held in Nacogdoches County in the interest of the local candidates. Everybody come and hear some good speeches.

**FRECKLES**

Don't Hide Them With a Veil; Remove Them With The othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee

Elect Joe Vondersmith for tax assessor; he will make you a good officer. Adv.

**Editor Sentinel:**  
I will endeavor to explain more fully the first part of the short letter I had published in the Sentinel a few days ago.

You say we differ as to the first pro sermon being preached by the Devil. Now brother, I want you to tote fair with me.

We all know the Devil can't preach, and when he tries he lies full half the time.

I said the Devil made the first prohibition speech. I now say that God is all wise and all powerful, from whom all blessings flow. He gave Adam the law. [Then steps in the Devil and causes them to violate the law. Then prohibition takes place. You have the cart before the horse. You try to prohibit before any law is violated.

You say your next Bible stand which says the pros tried to prohibit the apostles from preaching the gospel of Christ. Then you say there were but about five hundred disciples there at the time and all the balance of the world were pros I think your statement on that point is about correct, because the world was very corrupt at that time and there could not have been many antis.

You then say who is it that says that Tom Ball is a wine bibber. Now brother don't fudge on me. All of us antis believe that our Savior was a better man than Tom Ball.

Then you tell me to read the Scripture which says "Woe unto him that giveth his neighbor drink." Now brother, I am not going to plead the Devil's cause. Our Savior says it is not that that goeth into a man's mouth that defileth a man, but that that cometh out from the heart.

The people need freedom and liberty instead of prohibition.

Yours for Christianity indeed,  
J. A. Jones, Cushing, Tex.
