### State Convention.

El Paso, Texas, August 10.—Attendance upon the state democratic convention does not seem to be affected by the distance at which this city lies from the thickly populated centers of the state. The crowd is about as large as usual on such occasions with the difference that there are more delegates from West Texas and fewer from East Texas than is generally the rule.

North Texas is well represented and South Texas is here in goodly numbers. Gov. Colquitt and J. W. Bailey are here. Both arrived last night. Mr. Bailey is accompanied by John H. Kirby of Houston. Bailey remained in the hotel lobby until a late hour this morning conferring with a few friends. He had a brief conference with Governor Colquitt on the subject of the adoption of a resolution condemning nationwide prohibition and nationwide woman suffrage. The governor is opposed to both.

### European War.

(United Press Staff Correspondent.)  
London, Aug. 10.—Alsace and Belgium monopolizes the attention of the world today. In Belgium the lines are being rapidly drawn for the greatest battle of modern times. Although the censorship is rigid, it is known that a great British and French army is mobilizing to aid the Belgians to retain neutrality. Meanwhile there is fighting along the entire frontier of Lorraine and the French are operating in force against the Germans in Southern Alsace, with so far uninterrupted success.

The announcement that the battle ship fleet had sunk a German submarine has definitely located the British fleet. It must be somewhere off the German naval base at Heligoland in as much as the submarine sunk has a very limited steaming area and was designed for coast defense work exclusively. That the British fleet is so close to the German coast that the enemy can utilize their defense submarines means the German war fleet is bottled up and that the British fleet is now constantly subject to attack by torpedo boats, destroyers and submarines.

Not a single word is permitted to leak regarding the movements of the British troops, but it is known that many are now on the continent. Others are en route in transport fleets escorted by the reserve warships. That they will be first heard from when they clash with the Germans in supporting the French and Belgian is believed certain here.

Hon. S. M. King, our state senator to be, is attending the state democratic convention in El Paso.

### Chireno News.

Mrs. Hildreth and Mrs. Lee Crisp left on Friday noon train for Hot Springs, Ark. Mrs. Crisp will visit in Little Rock and other places before returning to her home.

Niss Thelma Gray has returned from a visit in Pike City, Ark., and Hot Springs where she has been for several months.

Mrs. W. H. Gray and family are visiting relatives in Logansport, La.

The Baptist meeting was held by Rev. Osro McKnight, of Beaumont. Large crowds attended the night services.

Chireno lost one of her oldest and most liked citizens on Monday, August 3rd., when Mr. Tom Pack died. He was ever ready to encourage and enliven his associates as he always had a humorous word and a pleasing smile for everybody he met. His life was full of neighborly spirit and he was a member of the M. E. church of this place.

Miss Louise Smith has returned from Georgetown where she has been attending the Southwestern University.

Mrs. Ed. Wolf has returned to her home at Keltz, Tex. Miss Thelma Seale who has been in Broadus for quite a while has returned home.

Our school opened today for a two weeks review and for the benefit of pupils who failed to make their grades.

Miss Bernice Menettee has been visiting in Kautman and Terrell for several weeks.

Mrs. C. E. Gray and her sister, Miss Katherine Tynes, have gone to market to attend the lectures of the New York man milliner. Mrs. Gray will purchase her fall and winter stock of goods while there.

### Card of Thanks.

I want to thank the good people of Nacogdoches for their help to replace my furniture which was lost by fire on July 26th. I also want to thank the W. O. W. for their help. Best wishes to all my friends.  
Yours truly,  
Josh Mills,

### Fairview Items.

How refreshing the air feels after the good rain, which fell here Saturday and Sunday.

The protracted meeting closed at Fairview Friday night with two additions to the church.

Mr. Virgie Burrows and family returned from Bronson last week where they visited relatives.

Mrs. G. B. Engledow of Nacogdoches was the guest of her sister Mrs. Ed Muckleroy last week.

Miss Lela Smith and Barham Spencer made a flying trip to Eden community last week.

The protracted meeting will begin at New Hope next Saturday night by Sisters Perdue and Bartlett.

Several from here attended church at camp ground Sunday.

Mr. Sam P. Smith visited in Rusk county last week.

Miss Cletus Muckleroy is visiting relatives at Chireno.

Mrs. Emma Muckleroy is very sick at present.

### X. Y. Z.

E. M. Weatherly, of Appleby, has a letter from Judge Peyton F. Edwards, a well known old time citizen of Nacogdoches, who, with his wife, is now visiting her relatives at Jackson, Miss., stating that he expects to reach here about the 19th., inst., on his way back to his home in El Paso, and will remain here two or three days. Judge Edwards says he would be pleased to meet his old comrades and friends while here. It is hoped that he may be induced to make us an address on Saturday the 20th.

### To The Public

I most heartily thank every one that aided in my success, and to those who favored my opponent I tender my good will and promise to do my best to make a good officer for each and all.  
J. L. Burrows.

### Progressive Party Ticket

San Antonio, Texas, Aug. 10.—The State Executive Committee of the Progressive party met here at noon today. Colonel Cecil A. Lyon presiding.

It was unanimously decided to put out an entire State ticket and F. M. Etheridge of Dallas was mentioned as the probable choice of the convention for Governor. Colonel Lyon promised that if Etheridge was named he would "get out and shell the woods and Ferguson would know he had an opponent." Twenty-two out of thirty-one executive committeemen were present.

### Card Of Thanks.

We wish to thank our friends for their kindness to us during the late illness and death of our dear one, W. C. Chadwick, and also for the many kindnesses extended to us during the sickness of several other members of the family.  
Mrs. W. C. Chadwick and Children, Miss Ruth Morris.

### Frank Huston Is Grateful

I sincerely thank my supporters and I trust I will make good. At the same time I hope that all who did not support me may feel a confidence and good will. I am theirs to serve as well for one as another.  
Faithfully and Gratefully,  
Frank D. Huston.

### From Rev. T. C. Mahan

Huntsville, Texas, Aug. 8, 1914.

Dear Sentinel:

We are now comfortably located upon our new field and all started off well.

You may say to our many Nacogdoches friends that we miss them and love them and remember them still.

I am glad the election is over even if it did go wrong—the face of the Sentinel will look cleaner to men of my thinking at least.

I enclose check for bill.

With best wishes.

T. C. Mahan.

T. J. Cariker, a well known citizen of Cushing and a popular and prominent business man of that place, died at his home there yesterday August 11, 1914, at 4 p. m. after a long illness with Brights disease of the kidneys. He is survived by his sorrowing wife and two children and by his parents and seven brothers and three sisters. His widow is a daughter of John G. Orton of this city. Quite a number of the family relatives were at his bedside, and his funeral was largely attended today at Cushing.

### Notice

The public is warned not to buy two land notes given me, one by Joe Hogg for \$300.00, and one by Arthur Irwin for \$550.00, both of which was taken out of my store at Cushing last Monday night.

From J. F. Ferritte

To the voters of Nacogdoches County.

I want to express my sincere thanks to you for the splendid vote given me in the second primary, which secured to me the nomination to the office of county Judge. I had all along pledged to the people my best efforts and yet say that I shall strive to take care of the county's every interest and to so administer the duties of the office it elected, that no man who supported me can ever have cause to regret it.

## Weekly Sentinel

HALTOM & HALTOM, Proprietors.  
GILES M. HALTOM, MANAGER

An ugly thought will make an evil of any thing.

Don't fail now to plant your fall garden, nor to bring to the Sentinel a big mess of the truck first grown.

The editor of the Sentinel wants to say on the outside in trumpet tones "Hooray for Carranza from start to finish."

When you meet a friend or other person be sure to speak of the weather, and do it on time to beat the other fellow to it.

Vaccination is the order of the day in these parts or rather it is in order, and also it is the disorder that many complain of.

The Port Arthur News says a saucer of beer is the best bait for a flytrap. And a schooner of beer is very effective bait for bums.—Carthage Register.

The Sentinel acknowledges receipt of the 1914 catalogue of the Southwest Texas State Normal School, a teachers college, a most elaborate and extensive institution.

When a candidate gets mashed and then howls like his to: was mashed nobody stops to listen. He is only one of the big gang, and he may be the luckiest.

B. F. McBee, a well known and well to do farmer of the Trinity church vicinity, and an eternal friend of the Sentinel and the editor, came into the office this morning and paralyzed the gang with two of the finest watermelons in the land. Long life and good luck to Dock McBee.

Nacogdoches Sentinel has a new editor. His name is J. E. Mayfield, M. D. and he has returned to that city after five years of wandering in the west. He says he is now content to remain in East Texas the balance of his life and the News trusts that he will find everything "As pleasant as the flowers in May."—Lufkin News.

You need not expect long winded editorials in the Sentinel. The air breaks are not out of order. We would also request our correspondents to avoid verbosity. A little paper like this is in no need of fill ups, but is burdened with cut outs. But we do want news and more news—Let her come.

Dr. J. E. Mayfield has returned to Nacogdoches and again assumed charge of the editorial department of the Sentinel after spending about five years wandering about in the west. Like all others who go from here to that country, he is again glad to get back home and swears by all that is good and bad that he will never leave again. We welcome the doctor back into the field and feel sure that he will do some extensive boosting for East Texas.—Jacksonville Daily Progress.

### Let Us Have Peace.

There is no good in trying to figure out how it happened. Let the dead past bury its dead. There are eddies and counter currents in the river of progress, but the great tide rolls steadily onward. "Truth crushed to earth will rise again; the eternal years of God are hers." The fight for God and humanity will go on. The good men who have been misled will see their error and join forces with us. There are more good people than bad people in Texas.—East Texas Register.

Sentiments like the above constitute one of the real hindrances to the peace of Texas, to the unity of her citizenship, to the march of her citizenship, to the march of progress and the general welfare. In the first place God has nothing to do with Texas politics and takes no stock in it. In the second place we are too prone to assume a "holier-than-thou" attitude and to presume that every man who does not believe and vote like we do, is joined to the world, the flesh and the devil.—Bryan Eagle.

### Superannuated.

So live that when the gray is showing on your brow, the boss won't come and say, "We do not need you now; we have a younger man to take the work you do, and so we tie the can, reluctantly, to you." This tragedy occurs a hundred times a day, and it may hit you, sir, strength and health, don't paint the village red, and you'll be earning wealth, when snowy is your head. The gray haired man is fired because he's all worn out; he got his spirit tired at wassail and at rout. He burned the midnight gin, and seldom hit the pump; and so a youth steps in, and he steps to the dump. Don't swear by ancient things, but innovations praise; a fossil he who clings to prehistoric ways. The good old world moves on, and you, if you would last, must always face the dawn, nor turn back to the past. The gray haired man whose eyes are ever forward turned is seasoned, sane and wise, and he will not be spurned. It is the played out wreck who can't get down to tasks, who gets it in the neck, as chickens get the axe.—Walt Mason.

The Sentinel editor has a long and interesting personal letter from Chas. Hoya who is now at Colorado Springs, Col. with his wife and two daughters. Miss Clara Hoya and Mrs. Blum Mast and her husband L. B. Mast, all spending "the good old summer time" in Cool Colorado. Of course they are a mile high—that's the way it is called up there away up in C? and they have their own auto along. That beats a bureau spelled burro—the saddle donkey that tourists there are stuck on in a straddle saddle, for fun and frolic. He tells of their trips taken and to be taken for sight seeing and pleasure to include Pike's Peak and Denver. He tells of the thermometer being down to 56 and running up to 70—That's a chilly cold day in August but that's nothing there.

### A Shine Desperado.

Al Jennings, who is running for the democratic nomination for governor of Oklahoma, is now engaged in a lawsuit with a moving picture company.

Mr. Jennings appears to have been under contract with one company to pose for moving pictures showing him as the bad, bold train robber of other days. The charge is that another picture film company offered him a better price and he accepted the contract of \$10,000 from the other company to reproduce his part of the train robber days in Oklahoma. The company he jilted wants part of the \$10,000. Mr. Jennings is the only bandit we have ever heard of who has been able to market his crop of wild oats.

He sold the story of his early bandit days in Oklahoma to the Saturday Evening Post for \$3,000. He sells the moving picture rights of the stirring drama for \$10,000. He's really getting more money recounting the escapades of his early days than he ever made as a bandit, because he was a sort of a shine desperado at the best.

He never was ranked in the "A" class. He was a very ordinary robber who got caught easily, but he's a master at living off his record.—Wichita Beacon.

### Farmer's Institutes For East Texas

Under the direction of the State Department of Agriculture, Institutes will be held at the following places.

Carthage, August 18, 1:30 p. m., Lufkin, August 22, 1:30 p. m., Nacogdoches, August 20, 1:30 p. m.

The place of meeting will be announced by the local committee at each point.

There institutes will be conducted by Mr. Joe E. Edmondson, who will discuss Diversification; Rotation; Seed Selection and better cultural methods.

Officers of institutes already organized will please assist in getting the farmers out to hear these important questions discussed.

The State Department of Agriculture publishes, from time to time, valuable reports upon topics of vital interest to the farmers of the State. All institutes will receive copies of all bulletins issued by Department free of cost and will be placed on the regular mailing list for future bulletins and reports.

These institutes are farmer's meetings devoted to the upbuilding of the best interests of the farmer. It is urged, therefore that farmers bring their families and devote, at least, one day to a careful study and discussion of the agricultural questions which lie nearest their hearts, Ed. R. Kone, Commissioner.

### Ferguson Spends \$31,424.63

Belfon, Texas Aug. 4.—Two campaign expense statements filed here this afternoon show that the expenses of James E. Ferguson for governor were \$31,424.63. Mr. Ferguson filed a personal

## Does Prohibition Fulfill Its Promises?

Thinking people of every religious creed and political belief should give earnest heed to the expressions of opinion from eminent divines, educators, editors, governors, judges, legislators, and others prominent in every walk of life, who have publicly voiced their sentiments concerning prohibition in words similar to these:

"Prohibition drives underground the mischief which it seeks to cure, making it more difficult to deal with the evil and impossible to regulate the trade." Bishop Hall, Vermont.

"Prohibition has been disastrous to the cause of temperance." Bishop Clark, Rhode Island.

These men are sincere and conscientious. They deplore drunkenness and cry against it as a great evil. Who, indeed, does not? Yet they know from observation and experience, that prohibition does not put a check upon intemperance but that, on the contrary, it gives rise to evils even greater than intemperance itself.

expense account of \$884.20 for railway fare, automobile hire and hotel bills, \$260 being for hotels. A statement filed by Manager John G. McKay of the campaign shows a total of \$30,540.48, all of which, the statement says, was paid by Ferguson not a cent contributed by any one. The amounts are:

Printing literature, newspaper advertisements and paying for poll lists \$14,091.65 stamps, \$3,390.50; automobile hire, hotel bills and railway fare, \$2,729.05; speakers traveling expenses and hotel bills, 4,707.12; telephone, telegraph and express, \$1,802.47; campaign buttons, \$957.38; staff correspondents' \$442.15; salaries of clerks and stenographers and office expenses, \$2,095.63; manager's expenses, including railway fare, hotel bills and all other expenses \$825.

### Plan To Handle Cotton Crop

Galveston, August 4.—At the quarterly meeting of the East Texas Central District Farmer's Union in this city last week several matters of importance were brought up. Among the most vital was the marketing of the Texas cotton crop. A plan to establish offices in New Orleans, Galveston and other ports was discussed, but definite action will be deferred on this matter until the annual meeting of this body in Fort Worth.

### Wets Win Robertson County in Hard Fight.

Hearne, Texas, August 6.—Despite the attempted intimidation of anti-prohibition voters in yesterday's local option election Robertson county remains in the wet column. The anti majority was 179.

The pros adopted extreme measures to keep antis away from the polls. Governor Colquitt was compelled to send state rangers here and also to Calvert to guarantee the enforcement of the election laws.

The Calvert precinct gave the pros a majority of 34.

### Hook Worm Expert Here

Dr. O. H. Judkins, of the Texas State Board of Health, arrived in the city of Nacogdoches Saturday morning, and will begin operation immediately for the eradication of the hook worm disease in this county. Dr. Judkins has several assistants with him and will make a thorough investigation all over the county.

The Texas Board of Health, acting with Nacogdoches county will establish dispensaries for free examination and treatment of people affected with hook worm disease at the following places and on the dates here given:

Garrison, Monday, August 17th, afternoon, Tuesday, August 18th, morning; Monday August 24th, afternoon; Tuesday, August 25th, morning; Monday August 31st, afternoon; Tuesday, September 1st, morning; Monday, September 7th, morning; Tuesday September 8th, morning.

Cushing, Wednesdays, Aug. 19th, 26th, Sept. 2nd, 9th, 16th, 23rd.

Woden, Thursdays, Aug. 18th, 20th, 27th, Sept. 3rd, 10th, 17th.

Chireno, Fridays, Aug. 14th, 21st, and 28th.

Appleby, Fridays, Sept. 4th, 11th, and 18th.

Caro, Tuesdays, Sept. 15th, and 22nd.

Nacogdoches, courthouse, Saturdays, Aug. 15th, 22nd, Sept. 5th, 12th and 19th.

These state and county free dispensaries have been very successful in about 35 counties where they have been conducted. Every body invited to visit them and obtained free literature, see the exhibits and discuss subjects of a sanitary nature.

The test for hook worm disease consists of a microscopic examination of a specimen of the stool, or bowel discharge. Mr. D. A. Huddleston, a trained and experienced microscopist, will make the examinations. Dr. T. J. Blackwell, county health officer, will be on hand to render any assistance in his power.

### Have Relatives In War Zone.

The following is a partial list of the citizens of our town who have relatives in the old countries where the war is now raging:

B. M. Isaacs, Nadel, Germany, one brother and six nephews; Mrs. B. M. Isaacs, Olahauer, Witenburg, Germany, one brother and one brother-in-law; Henry P. Schmidt, Boos, Germany, two brothers and three brother-in-laws; John Schmidt, Boos, Germany, nephews; Isidor Roos, Rhine Province, one brother and two brother-in-laws; J. Forst, Seibersbach, Germany, one brother and one cousin; Julius Eichel, Standenheim, Rhine Province, Germany, one brother and four cousins.

There are also a number of other citizens in the county who have relatives on both sides of the controversy that is now engaging the attention of the world. All the above named are watching the maneuvers at a safe distance.

## WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have paid if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. BOSCAW, 504 E. Howard Street, Creston, Iowa.

Tons of Roots and Herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

### Five Normal Schools in Texas

Denton, Tex. Aug. 5.—Texas has 5 of the 230 public normal schools in the United States and 128 teachers are employed in these institutions, according to a report which has just been issued by the Department of Interior, Bureau of Education at Washington, D. C. Students enrolled in normal courses during the school year 1913 numbered 4508 and 3165 of them were female and 1313 were males.

The public normal schools of Texas are located at Huntsville, Denton, San Marcos, Canyon City and Prairie View. The Prairie View school is a negro institution and the Canyon City school was destroyed by fire a few months ago, but is being rebuilt.

### How To Give Quinine To Children.

FERRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not produce nor cause nervousness nor ringing in the head. Try it today. Write for Quinine for any purpose. Get the Ferriline original package. The name FERRILINE is blown in bottle. Be sure.

New Telephone Office.

The telephone office will make its cut-over to-night to their new quarters in Sanders building up stairs over Tucker, Hayter & Co. They have installed the most modern system, called the Western electric common method.

A. L. Jones of Houston, Geo. G. Fore, S. A. Thermond of Beaumont and Miss Rose Knapp traveling chief operator of Galveston are here and others will arrive this afternoon to assist in the adjustment of this new system.

This is an improvement the people will gladly welcome and with their co-operation we will enjoy one of the best telephone services to be had anywhere.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

Lake Orton went up to Garrison yesterday to bring home his crippled horse that was badly cut by a barbed wire some weeks ago. Lake is employed again in Allan Seale's store.

Remarkable Cure for Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief." writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.

Tom Pradjo of Woden, B. F. Kirkland of Cleveger and Jim Kingham of Shady Grove were in the city Friday.

Costly Treatment

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers.

Ed Locke and Earnest Ransdall returned from Houston last night where they have been attending business college.

How The Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

Our First Bale

The first bale of cotton of this year's crop in this county was auctioned off this morning by John S. Doughtie. It came near the same date as the first bale last year, Aug. 8th.

It was bid in by Thomas & Richardson at 13 1-16 cts. The seed was bought by the oil mill for \$15.00 per ton. Wm. J. Cleveger was the winner. The seed cotton weighed 1146 lbs. The bale weighed 415 lbs, weighed by Mullins & Windham Bros. The premium was \$61.00

Following is the list: We the undersigned, business men and merchants and citizens of the city of Nacogdoches agree to pay the amount opposite our names as a premium for the first bale of cotton for the season 1914-1915.

The bale this season was raised by Guy Stripling, son of W. R. Stripling who lives near Melrose.

Texas Has Two Reform Schools

Gatesville, Texas, Aug. 5.—Forty of the forty-nine States of the Union maintain reform schools for juvenile criminals and Texas has two of these institutions. In the United States there are 111 of these schools. The number of inmates in Texas reformatories is 842, while the total for the United States is 50,812. New York has 13 reform schools which contain 9,467 inmates and leads all other states in these respects. The foregoing facts and other interesting data are contained in a report which has just been issued by the National Department of Education at Washington.

School News.

Superintendent R. F. Davis returned from Austin Saturday. His visit there at this time was to appear before the State Board of Education on behalf of the Nacogdoches Independent School District to secure an appropriation for the introduction of Domestic economy and manual training in the Nacogdoches High School. Twelve hundred and fifty dollars was granted by the State Board of Education for this purpose and this places us in a position to begin another step in the right direction in our schools. The state apportionment was placed at eight dollars for the ensuing scholastic year by this board at this meeting. This is the largest apportionment in the history of this state.

Crop Bulletin By Texas Industrial Congress.

Dallas Tex., Aug. 10.—In view of the fact that the European war news caused the price of cotton to vary in the exchanges by \$4 per bale in two days, the cotton growers will do well to consider storing their cotton and keeping the stored bales in the best possible condition. If the cotton mills of Europe must temporarily close down, they will begin again as soon as possible in order to catch up with the world's need of cloth, and the cotton that may not be marketable at this time at a profit on the cost of production should then command a high price, especially if it be in good condition. Then, too, it should be remembered that ordinary circumstances the European mills would not be ready for this year's crop for some months yet, and the chances are that the present stoppage may be a thing of the past before our cotton can be ready for them in the regular course of events.

War At A Glance

Edgland.—The Admiralty admits that the North Sea German fleet has been driven toward Holland; arrangements being made for sending army to Belgium; cruiser Amphoin sunk by mine.

France.—Invasion of Germany begun; Lorraine towns of Moyenvic and Vic occupied; general fighting reported along frontier.

Belgium.—German attack on Liege resolved itself into artillery duel, with Germans using heavy caliber siege guns and attacking columns of infantry and cavalry; German losses enormous; Belgians using mines in defense of city.

Germany.—Practically no news coming from German centers; Kaiser exhorted Nation to rally against enemies.

Russia.—Fighting in progress in Poland, Prussians not making concerted defense of that section, but devoting all efforts to completion of mobilization.

Italy.—Maintaining strictest neutrality, forced German cruisers to sail from Messina, although British squadron was outside waiting for them.

Austria.—Rushing troops to guard Russian frontier; withdrawals have enabled Servians to gain an advantage.

Servia.—Shelling of Belgrade continues; Austrians defeated in fight.

Seven War Declarations in Nine Days New Record.

Seven declarations of war in nine days.

This is the record of Europe since July 28. Declarations in the general European war have been as follows:

July 28—Austria declared war on Servia.

August 1—Germany declared war on Russia.

August 4—Germany declared war on Belgium.

August 4—Germany declared war on France.

August 4—Germany and England declared war on each other.

August 6—Austria declared war on Russia.

HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness. Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

Suggestions As To Cotton Worm Remedy.

BY JAS. D. GREER, AGT. U. S. DEPT. AGRICULTURE.

Dry arseniate of lead put on in powder from a rate of two and a half to five pounds on an acre according to size of cotton. This is perferable to Paris green or London purple because it does not burn the plant and holds well during the rains.

If the arseniate of lead cannot be obtained use Paris green at the rate of from one half to one pound per acre, mixed with four times as much flour.

# FARMERS OF TEXAS WELL CARED FOR

State Fair Offers Rich Prizes  
in Agricultural Classes.

## A MAMMOTH DISPLAY.

Awards in Individual Farm Exhibit Class Increased to \$300—Uncle Sam Will Judge Cotton.

Dallas.—Farmers of Texas are well cared for this year by the management of the 1914 State Fair of Texas, which begins Saturday, October 17. Thousands of dollars have been set aside for awards for exhibits of farms, orchards and garden products.

The mammoth agricultural building has been equipped with new and modern exhibit booths for the farm and milk, cotton, corn and other divisions. As usual cotton comes in for a rich share of the prizes and will be assessed and judged under the supervision of the United States Department of Agriculture. Cash awards amounting to \$300 and diplomas cover the prize offerings for exhibits of short and long staple cotton.

In the corn division, open to Texas only, prizes aggregating \$500 are offered for all varieties of Dent corn, Laguna or zinc corn, prolific corn and good seed corn.

The big feature and one in which much interest is manifested is the individual farm exhibit class. The management regards this of great importance that the prize offerings have been increased to \$300. Every farmer in Texas has a chance at this rich prize and by assembling an exhibit of corn, cotton, small grain and other products grown on his farm this year, his chance of winning a rich share of this prize is as good as the next one.

The Texas Land and Mortgage Company offers rich prizes to winners in the Agricultural Department this year.

## ANGORA GOAT DISPLAY.

Record-Breaking Showing Promised For Coming State Fair.

Dallas.—Texas furnishes half the mohair produced annually in the United States, or more than 3,000,000 pounds. The grade is just as fine in texture as the imported article, and there is about 4,000,000 pounds imported into the United States each year.

The management of the 1914 State Fair of Texas is going to impress upon visitors the fact that Texas can produce twice as much mohair if more attention is given to the Angora goat industry.

Hence the rich prizes offered not only by the fair management but by the American Angora Goat Breeders Association and the American Milk and Goat Record Association.

The Angora exhibit last year was conceded to be the best since the St. Louis World's Fair, and this year it is expected to surpass it.

Breeders declare that while the Angora prefers rough pasture, and is particularly happy on the thick brush land, yet after a few years on the very roughest land the owner will be able to double and often quadruple the number of sheep, cattle or horses on the same land, and not in the least interfere with the Angora.

## BABY SHOW AT FAIR.

Five Hundred Youngsters Will Participate in Scientific Test.

Dallas.—Five hundred babies all in a row, going through scientific inspection and a test that is bound to make some of them mad, is a unique exhibit for the coming State Fair of Texas, which begins Saturday, October 17, and continues sixteen days.

It is held for the good of the babies of the state, our most precious asset, and great physicians in attendance will tell the mother what is best for the little ones in the way of proper feeding, clothing, exercise and hygiene.

October 28 is Better Babies' Rally Day and all babies should be there. The contest is limited to 500 babies and will be held in special quarters on the ground floor of the Coliseum.

Miss Rich of the Home Welfare Division of the University of Texas is in charge of the contest, which is held under the auspices of the university. The State Fair management contributes \$200 in prizes.

## BUSY BEE AT FAIR.

Exhibit of Great Educational Importance Is Now Being Assembled.

Dallas.—Down there in Southwest Texas, where the flowers are ever blooming, beekeepers are getting up an exhibit of bees and bee products that will be one of the most instructive features of the 1914 State Fair of Texas, which begins Saturday, October 17. All the various varieties known in Texas will be shown to State Fair visitors in glass observatory hives where the visitor can be studied with the greatest of ease, and while one is doing this, the expert in charge is adding other information that will convince the hearer that Texas is the home of the bee industry.

No department of the Fair is of more interest than this. The various uses that can be made of honey will be exceedingly instructive to the housewife. There will be a miscellaneous display, bees in every conceivable shape, curio hives and beekeepers' supplies.

The motto of this exhibit will be that "every farmer should have a bee hive."

## COUNTIES AFTER CUP.

Silver Trophy Up Again at State Fair For Best Showing.

Dallas.—What county is going to win the much-sought trophy cup awarded at each Fair for the best and most diversified county exhibit? Cooke, Hunt and Hopkins, winners of previous years, are all getting their exhibits ready for the 1914 State Fair of Texas, which begins Saturday, Oct. 17. Each has sent in word that the cup is already won. Meantime thirty or more other counties of the state are making the same preparations, not only to win the cup but to get a look-in on more than \$1200 in cash prizes offered in the county exhibit division.

Saddle horse classes at the 1914 State Fair of Texas, Dallas, Oct. 17-Nov. 1, are exceedingly rich and will comprise the greatest quality exhibit in the annals of the Fair. The American Saddle Horse Breeders' Association \$100 trophy will bring out the cream of the bunch.

## FEATURE BILL SECURED.

Four Bands, 160 Musicians, Will Furnish Music at Coming State Fair.

Dallas.—An all-star bill for the Coliseum program at the 1914 State Fair of Texas, which begins Saturday, October 17, is announced by the management. No effort or expense has been spared to secure the best in the world of music, the real of song and the sphere of sensations for the entertainment of visitors this year.

Four bands, the Don Phillipini Concert Band of fifty musicians, Ewing Zouave Band, the Paul Harris Band and Victor Eslick's organization, an aggregation of 160 musicians and instrumental soloists, will furnish music before.

Among the special attractions are: Madam Susanna Lehman, world famous vocalist; the Wirth Family, acknowledged to be the greatest of all entertainers; Powers' Educated Elephants, for seven years a New York Hippodrome act, including the baby elephant "Baby Mine" handled by Julia Powers; the Four Castors an acrobatic act; the Tasmanian Van Diemens, six young ladies acknowledged to be the greatest dancers in vaudeville; Ramza & Arno, comedy act; the Real Quartet, and a big spectacular dancing act with twenty young ladies participating.

All this will be given in the Coliseum for the entertainment of State Fair visitors.

HON. WILLIAM I. YOPP, President of the State Fair of Texas.

W. I. Yopp, prominent in the cotton seed oil business of the state, and for years director in charge of the livestock department of the State Fair of Texas, is directing the destinies of the 1914 meeting which begins Saturday, October 17. To Mr. Yopp is due largely the change in policy this year which is resulting in a "Different Fair," not only in exhibits but in entertainment and amusement features.

## DISPLAY OF FINE ARTS.

Julian Onderdonk in New York Selecting American Masterpieces.

Dallas.—There is now in New York a prominent artist, Julian Onderdonk, by name, who is visiting the studios of the greatest American artists, selecting the very best of their paintings to be shown at the 1914 State Fair of Texas, which begins Saturday, October 17. A collection of more than one hundred masterpieces, landscapes, portraits, still life subjects, worth a quarter of a million dollars, will be shown in the magnificent fine arts hall, one of the show places of the South.

Visitors of last year will recall the wonderful popularity the loan art collection enjoyed. Visitors from New York, Chicago and Philadelphia declared that they had never seen so noteworthy a collection in their respective cities.

This fine arts exhibit is to give the art students of Texas and the art lovers of Texas an opportunity of seeing the best in American art, without being forced to go thousands of miles to accomplish this purpose. Hence its popularity.

## BOY CORN GROWERS.

Will Exhibit at State Fair For \$800 in Prizes.

Dallas.—To the Texas boy who grows corn the knowledge that he has a chance at a good share of \$800 in prizes offered at the 1914 State Fair of Texas—October 17 to November 1—is an inspiration that makes him work all the harder under the scientific direction of the United States Department of Agriculture and the State Agricultural and Mechanical College.

Hundreds of them are busy in every section of the state preparing for this year's club contests. They have all the benefits of last year's contest to start with and some of the heaviest acreage yields in years are reports. The boys have learned that co-operation in securing the best seed, in studying the best methods of selecting seed and in caring for the crop, is a long way towards success.

And the girls of Texas are just as busy canning tomatoes, peaches, jellies and other products, to be entered in the contest for \$600 in prizes.

When they all are here at their day at the coming Fair, which is Saturday, October 24, checks covering all prize winnings of the club contests will be paid them. That's better than waiting until after the Fair is over.

## PARADE AT STATE FAIR.

Daily Panorama of Amusement and Entertainment Features Provided For.

Dallas, Texas.—If Secretary W. H. Statton of the State Fair of Texas carries out his present plan, visitors in attendance at the 1914 meeting, which begins Saturday, October 17, will be given a complete panorama of the amusement and entertainment features at the coming exposition in the form of a big daily parade, which will begin with Press Day, Monday, October 13. Elephants, camels, Arabian horses, rough riders of Asia and of the Far West, a congress of nations never before shown at the State Fair, gives ample material to utilize in this big daily feature.

The opening day of the twenty-ninth annual meeting will be featured by a civic parade in which all the various departments of the city of Dallas, police, fire, health, etc., will be represented. Immediately following this parade Governor Colquhitt, his staff, city, park board and fair officials, will assemble at Fair Park to formally open this greatest of all fairs.

Mayor W. M. Holland of Dallas announces that the parade will begin promptly at 9:30 a. m.

# "WORLD AT HOME" AT COMING FAIR

Splendid Amusement Attractions for Coming State Fair.

## SHOWS ARE HIGH CLASS.

Twenty-Five Cars Necessary to Transport Mammoth Aggregation of Almost Every Amusement Device in Existence.

Dallas.—Can you imagine a miniature World's Fair brought to your very doors? Well, that is what "THE WORLD AT HOME" will do when it arrives in Dallas for its stay of sixteen days at the State Fair of Texas, which begins Saturday, October 17. It requires twenty-five double-length solid steel railway cars to transport this mammoth aggregation. Almost every amusement device in existence is carried by "THE WORLD AT HOME," some of them have never been presented by a traveling organization.

In addition to the amusement features in the way of riding devices, etc., there are many shows of the highest order, included among them are the Garden of Allah (Arabian Village), California Frank's Wild West and Indian Congress, Mazepa, the horse with a human brain; Omar Sami's, the Human Butterfly and the Marvels of the Universe; Willard's Wonders of Melodia; Armstrong's Congress of Oddities; the Diving Horses; Prof. Victor Eslick's Champion Concert Band and sensational exhibitions in the mid-air and on the elevated platforms. The Garden of Allah is a wonderful exhibition, over seventy men, women and children of the desert appear in it. There are camels, elephants, kangaroos, ponies, dogs and goats. Mazepa is the most remarkable equine in the world, and does everything but talk.

Willard's Wonders of Melodia is the greatest musical novelty in the world. California Frank's Wild West and Indian Congress embraces all that is interesting appertaining to the Far West. Omar Sami's East Indian Exhibitions are unrivaled. Armstrong's Congress of Oddities will make you laugh as you never laughed before. The riding devices will afford pleasure and interest to the patrons who seek thrilling sensations. The Band Concerts are a musical treat. The World at Home is conducted along high class lines, perfectly equipped.

If you hear a big splash at the 1914 State Fair of Texas, don't worry. It's merely the elephants taking their daily plunge in the big tank provided for that purpose this year.

## FARM IMPLEMENT DISPLAY.

That at State Fair Will Be Rich in Suggestions of Value.

Dallas.—The implement and farm machinery display will be larger and more varied than ever previous years. By the amount of space already signed up for exhibits of this class at the 1914 State Fair of Texas, which begins Saturday, October 17, farmers will have an idea of the great variety of the latest and best in farm implements. Competent demonstrators will be on hand to display the latest improvements and explain the most effective methods of using the machinery.

Don't forget the big day, Monday, October 19. That's when the newspaper makers of Texas assemble at the State Fair of Texas for their day at the State Fair of Texas, which begins Saturday, October 17. E. J. Kleist, a newspaper man himself, a director of the State Fair, is in charge of the program, and he sends the word broadcast that there is no other enjoyable year than ever before.

## CHILD WELFARE EXHIBIT.

College of Industrial Arts Assembling State Fair Feature.

Dallas.—Larger and more instructive than ever before, the College of Industrial Arts exhibit at the 1914 State Fair of Texas, which begins Saturday, October 17, will not only house the regular class room displays, but will devote 200 feet of wall space to subjects dealing with child welfare. That prevention is wiser than cure will be treated on in two sections dealing with children's diseases. The results of scientific research, the splendid results achieved through a complete physical examination of children attending school will be demonstrated.

The importance of vocational training will be emphasized by facts received from the National Society of Industrial Education.

How bad home surroundings, bad recreation and low wages contribute to the delinquency of children has been dealt with in the section on children's institutions.

In fact the faculty of the College of Industrial Arts has assembled a splendid exhibit on the study of the child welfare phase of the child welfare subject, something that the fathers and mothers of Texas should not overlook.

New shows, new conveniences for the comfort of all, a striking change in exhibits, in other words "A Different Fair"—that's the program for the 1914 State Fair of Texas, which begins Saturday, October 17, and continues sixteen grand and glorious days.

## BRILLIANT AUTO SHOW.

1915 Models Shown First Time in America at Coming State Fair.

Dallas.—Dealers in automobiles are preparing for a marvelous exhibit of 1915 models in their own building at the coming State Fair of Texas, which begins Saturday, October 17. This will be the first showing of 1915 models in America. Every make sold in Texas, every model and kind will be on exhibition.

## Style Show at Fair.

Dallas.—A style show of the latest imported and domestic designs in women's wear and millinery will be one of the features of the 1914 State Fair of Texas, which begins in this city Saturday, October 17, and continues sixteen days. New York and Paris will be represented to bring to Dallas the very latest and most beautiful creations in hats, gowns, frocks and dresses.

In the ladies' textile department of the State Fair of Texas, Dallas, rich premiums are offered for the work of school children of the state in the textile science, manual art, drawing, arts and crafts and culinary. The 1914 meeting starts Saturday, October 17.

## POULTRY AT STATE FAIR.

Big Organizations of State Will Meet in Dallas.

Dallas.—This city will be the Mecca of poultry fanciers during the 1914 State Fair of Texas, which begins Saturday, October 17. The season will be the greatest in annual poultry display, thousands of the finest blooded fowls in the Southwest entered for rich prizes, and also the annual meetings of the Texas White Wyandotte Club, the Texas Rhode Island Red Club and the Texas Barred Rock Club. Members of the American Poultry Association, residing in Texas, have been invited by the management of the Fair to meet some day during the run of the exposition.

All of the standard breeds of chickens, turkeys, ducks and geese, pigeons and pet stock will be shown as never before.

This promises to be a banner year in the poultry division. Prizes are more liberal than ever before. The three organizations named contributed special prizes for the grand total to higher figures than last year, and fanciers in appreciation of this are showing an interest that makes a big display most promising.

Director F. P. Sliney of this department declares no single department of the State Fair of Texas is of so much value as pertaining to a profit-making industry, and the poultry department, especially if the cost of establishing and the work required to make it a success be taken into consideration. Mr. Sliney said:

"The average farmer regards poultry as entirely too small a proposition to receive his attention. This is due largely to the fact that the average farmer is ignorant both as to the real value of the poultry industry in Texas, and as to its possibilities as a money maker on the farm."

In Texas alone the egg and poultry sales amount to about \$2,000,000 a year. Yet in Texas with less than a bird of the farming area of Texas, the poultry business amounts to more than \$5,000,000 a year, and in Missouri last year it totaled up \$48,000,000. The State Fair of Texas by its liberal premiums and its splendid exhibit arrangements has been a dominating factor in developing the poultry industry of Texas and has increased the poultry in ten years. As the people of the Southwest awaken thoroughly to the importance of this industry, and they are rapidly doing so through the influence of the State Fair of Texas, this will be the great egg and poultry state of the Union.

Walter Burton of Arlington, Tex., is superintendent of the department, and plans are being made to correspond with him relative to the prizes, etc., that feature the department this year.

Here is the schedule for the athletic features at the 1914 State Fair of Texas, which begins at Dallas Saturday, October 17; Saturday, October 17, Trinity University of Washington, Baylor College of Science, Saturday, October 18, A. & M. College of Texas, Louisiana State University, Don't miss em!

## TEXAS vs. OKLAHOMA.

Dallas.—Much interest is manifested locally in the big gridiron contest between the eleven of the University of Texas and the University of Oklahoma, which will be held in this city Saturday, October 17, during the 1914 State Fair of Texas. This promises to be the premiere game of the season.

## LIVESTOCK PROGRAM ARRANGED.

Change Made in Judging at the 1914 State Fair of Texas.

Dallas, Texas.—Judging in the livestock arena at the 1914 State Fair of Texas, which begins Saturday, October 17, and continues sixteen days will be as follows: Monday, October 19, Tamworth hogs and thoroughbred and standardized horses; Tuesday, October 20, Berkshire hogs and saddle horses; Wednesday, October 21, Poland China hogs and carriage and coach horses; Thursday, October 22, Essex and Yorkshire hogs and Standard poodles; Friday, October 23, Duroc-Jersey hogs, jacks, mules and jennets; Saturday, October 24, Hampshire and Chester white hogs and draft horses; Monday, October 26, Hereford and Aberdeen-Angus cattle and Southdown sheep; Tuesday, October 27, Jersey cattle and Cotswold sheep; Wednesday, October 28, Shorthorn cattle and Shropshire sheep; Thursday, October 29, Red Faced cattle and Rambouillet sheep; Friday, October 30, Merino and Hampshire sheep and Angora and Milch goats; Saturday, October 31, grand parade of all prize winners, horses, jacks, mules, jennets and cattle in the arena.

Two big gridiron contests will be held on the grounds of the State Fair of Texas this fall.

From G. I. McGuire REAPING BENEFIT

To The Voters of Precinct No. 8: From the Experience of Nacogdoches People.

Gentlemen: I take this method of thanking you for the very liberal support you gave me in the first primary of July 25th for constable of Precinct No. 8.

Although I was defeated (by a very few votes) I feel just as grateful to you as if I had won the race, and to those that did not support me I have for them the very kindest of feeling, granting them the same privilege that I take. It is a consolation to me to know that I run a clean and honest race, strictly on my own merits. No man can say that I said or did anything to injure my opponent in the race. I believe that those that voted for me did it because they thought I would make for them an honest official, ever looking to the best interest of all concerned, and not so much to their pocket books.

Gratefully yours,  
G. I. McGuire.

## Grand Jurors For Sept. Term.

The following is a list of the Grand Jurors for the September term of the district court which convenes the 7th day of September, 1914.

He will go from there to Michigan returning with his wife and babies who have been visiting Mrs. Lee's home folks some weeks. Mr Lee will purchase his Christmas stock for Lee Variety Store while away.

**Summer Constipation Dangerous**

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomaine Poisoning and other ills are natural results. **Po-Do-Lax** will keep you well, as it increases the Bile, the natural laxative, which rids the bowels of the congested, poisonous waste. **Po-Do-Lax** will make you feel better. Pleasant and effective. Take a dose to-night. 50c. at your Druggist.

**Wyers Sentence Commuted.**

**Farm For Sale.**

142 acres 5/8 miles west of Nacogdoches. About 100 acres in cultivation and balance pasture. 4 sets of houses. W. M. Easley.

**Spur Farm Lands.**

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, of floods, or drought, or weed plagues, or other enemies to successful farming. The end of each year finds time and energy practically wasted on progress made. Spur Farm Lands offer relief from these conditions.

The tenant on the high priced lands further east can make a payment and be master of his own acres here. Any good farmer can pay for them from the products thereof. The Spur Farm Land offer productive, virgin land easily cultivated, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever known here. Altitude 2000 to 2600 feet.

Considering the reliable production of these lands—prices are lowest in Texas—new country, settling fast, splendid climate, no malarial chills or fever; good churches and schools. We offer the homeseeker a wide range of selection and are selling direct—no commission to anyone. The purchaser receives full value in his lands in dealing direct with the owner as opposed to paying a middle man several dollars per acre.

**STOCK FARMS AND SMALL RANCH TRACTS.**

We also offer fine grazing tracts, perfectly adapted to this purpose—one section fifty, at prices from \$5.00 per acre up. Free illustrated booklet, giving all particulars on application to—**Chas. A. Jones, Manager for S. M. Swenson Sons, Spur, Dickens County, Texas.**

**Change of Ownership of Garrison News**

I have sold The News, and all that goes with it, to Mr. R. B. Walthall who will in the future be responsible for its publication.

Mr. Walthall is a well known citizen of our community who is identified with its best interest, and a good business man who should be able to keep the paper up to the standard it has maintained in the past, and carry it forward as the business will justify.

Properly managed, and properly appreciated, the local paper is the greatest asset and the greatest factor in the development and upbuilding of the community, and I hope the people of this section will sustain the new publishers in his effort to serve you in this important capacity.

In parting I want to say that the cordial relations I have enjoyed with the people of the community, and the many tender expressions of esteem extended to me on the eve of my retirement from the business, will ever remain fresh in the most sacred precincts of my memory, and wherever I may go, if I go away, I will continue to sing the praises of this good little town and her noble people. The Supreme Architect of the Universe never made better people, and if I had accomplished nothing else in my sojourn with you I would feel amply repaid in drawing to myself the esteem and friendship of such a noble band.

I have worked faithfully while in your midst, and if my service has been of any value to the community I am proud of it. If I have made any mistakes I know your charity and feel that I have already been forgiven.

Your grateful friend,  
O. M. Gibbs.

**The Mexican War**

Mexico City, August 6.—Hostilities in Mexico were ordered suspended last night following the announcement that an agreement had been reached toward the end of turning the government of the Republic over to the Constitutional faction, of which Carranza is the head. It is expected that a general amnesty will be declared in the immediate future.

It was also explained that the Carranza faction had agreed to grant Provisional President Carbajal's request concerning guarantees and that the peace pact would likely be at a ratified meeting soon.

This official announcement was made following an extended conference and consultation between personal representatives of both the Federal and Constitutionalist factions. A proclamation guaranteeing the peaceful entry into the Mexican capital of the conquering army has been issued by Generals Robles and Dominguez, Carranza advisers.

**Invigorating to the Pale and Sickly**

The Old Standard general strengthening tonic, GROVE'S TARTLESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

**Mediation As a Business Asset.**

Railroad officials and representatives of locomotive engineers and firemen's organizations met in Washington last week and by arbitration averted what threatened to be one of the most serious industrial battles royal ever staged on the American continent. Had the strike been called, transportation in the entire South-west would have been tied up and fifty thousand engineers, six thousand of whom live in Texas, would have been thrown out of employment indefinitely. Under the terms of the agreement, the engineers will continue to work under a former contract and the wage controversy will be arbitrated later according to the Newlands Act.

This significant step is one of the signs of the times pointing to the marvelous growth of tolerance and co-operation among employers and their workmen and serves to illustrate that the railroads believe labor to be worthy of its hire. It also signifies that labor prefers industrial peace to commercial warfare. At any rate the action bears the

**Typoid Fever.**

**Cause**—But one germ can cause typhoid fever, and that is the typhoid bacillus. Before it can produce disease it must be swallowed into the stomach and pass the intestines. Every person who contracts typhoid fever has previously swallowed unwholesome food or water. The typhoid germ is carried by the fly, and unsanitary conditions are its direct cause.

**Prevention**—Do not let sewage mix with surface soil or seep into wells, springs, creeks or rivers. Screen all houses, out-houses and stables. Keep stables and barns free from manure.

Vaccination will absolutely prevent typhoid fever and the practice is safe, simple and sane.

There were two good showers of rain at Cushing Saturday but very little here—Sunday it got here in fine shape.

**OXIDINE**

**Far Hog Raisers**

Sorghum cane is about our surest and most abundant hog pasture during the Texas summer. Animals can either be turned in on it when it is about six inches high and kept on it all summer or it can be cut by hand every day and fed over the fence. Either way it will be found to help the herd wonderfully, and though the chemists tell us that it does not analyze high in food content, still it will maintain the herd in fair condition and what grain is fed will be used for making gains exclusively.

Variety is a great asset to any ration in feeding hogs. It keeps the hogs from getting tired of their food. If two different feeds are used both have approximately the same feeding value, they will make greater gains than if the same quantity of either one of the feeds were given, and if these feeds are used they will generally do more good per pound than two. The way to furnish variety, however is to give all the different feeds as a mixed ration at each meal and not make radical changes from one feed to another. Regularity and uniformity of feeding are of incalculable value in the hog business.

**President Wilson's Wife Dead.**

Mrs. Woodrow Wilson, wife of President Wilson, died Thursday afternoon at 5 o'clock. Mrs. Wilson has been suffering for the past several months with a nervous breakdown, aggravated by a fall on the White House floor, with injury to her spine and then Bright's disease. The statement of Dr. Grayson, the attending physician, gave kidney trouble as the basis for Mrs. Wilson's illness. All the children were present at the bedside of their mother when she died. The funeral will probably be held at Princeton, the former home of President and Mrs. Wilson.

Timpson, Texas, August 7.—The total loss by Thursday's fire is nearly \$50,000. Only the Whiteside building was completely destroyed, notwithstanding the adjoining structures on either side were damaged, and had it not been for the work of bucket brigades the whole of the south row would have been destroyed.

Surveyors have arrived and are making a survey of the town preparatory to the construction of a first-class water-works system and fire protection, for which bonds were issued several months ago.

Estimated losses:

Whiteside office, building owned by Drs. T. F. and M. H. E. Whiteside; loss \$10,000; insurance \$6000.

Drs. Whiteside & Whiteside, office, instruments, books and fixtures, \$2000; insurance \$700.

Timpson Pharmacy, J. D. Hairston, proprietor; loss \$7000; insurance \$5000.

Dr. F. O. Johnson, office, instruments, books, fixtures; \$1500 insurance. Dr. Johnson also lost something over \$15,000 in notes.

Dr. V. E. Wratton, dentist office; loss \$1500; insurance \$750.

S. N. Houston, racket store loss \$2000; insurance \$1500.

Mrs. Ida Keeling, millinery; loss \$1000; no insurance.

T. S. Garrison building, occupied by Guaranty State Bank; damage to wall; have to be rebuilt, \$2000 to cover.

Southwestern Telegraph and Telephone Company, damage to lines, etc., about \$500.

Timpson Light and Power Company minor damages to wiring.

H. R. Fory building, occupied by Mills Bro., A. E. Langhorne, barber shop, and Enterprise Printing Company damage to side wall and roof which was cut up by firemen about \$1000; covered by insurance.
